

Planning Group Eyes Zoning Request

The Harrington Planning & Zoning Commission last week took a look at a second request for rezoning of land on Delaware 14.

The commission agreed to the request providing it approved a site plan to be sent from the promoter, the Harrington Development Company of Jenkintown, Pa.

The commission is merely an advisory group and any positive action must be taken by the City Council.

The first request for rezoning was approved by the PZC in January of 1973 and by the Council the following month.

This called for apartments and a small commercial section on the land which is across from Hollywood Cemetery.

PZC regulations call for action to be taken on a property within a year after its zoning; otherwise, it reverts to its original status.

Since more than a year has elapsed, the land will have to be rezoned. Recently, the promoters appeared before the City Council with a request for rezoning. This called for 805 apartments and a commercial area on Delaware 14 in front of the apartments which would be reached by a 100-foot roadway at the eastern boundary of the land.

The initial segment of the project calls for 161 apartments. PZC now awaits the site plan from Continental Resources Inc., the parent company of Harrington Development Company.

Local talent hits Broadway!

by Mrs. Tillie Kukulka
The talented cast of the Lake Forest High School play "Bye Bye Birdie" arrived on Broadway last Saturday. The vivacious group honored New York City with its presence for two days. This outstanding trip was perfectly organized by William Comer, director and producer of "Bye Bye Birdie". He was ably assisted by Mrs. Sharyn Lewis.

While in New York the group attended performances of "Grease", and "Lorel" with Carol Channing. They also enjoyed a visit to Radio City Music Hall where they saw the Easter stage performance and the movie "Mame".

The sight-seeing portion of the trip included the Empire State Building, Central Park, China town, the Staten Island ferry, and the unforgettable subway rides.

Misses Pam Comer and Fran Wiles, Scott Lewis and John De Vincents also most graciously aided the inexperienced in enjoying the sights. In addition were Mrs. D. Miller, Mrs. F. Mason and Mrs. T. Kukulka.

It was a most enjoyable experience and will long be remembered.

Week of May 6 Spring Clean Up Week

Mayor Minner has declared the week of May 6, 1974 as Spring Clean Up Week. Trash will be picked up on Monday, Tuesday and Wednesday in addition to the regular Thursday and Friday pickups during the week of May 6.

Season's record set for 2 year old pacers at Harrington Raceway

Pacing Stuff, a petite two year old filly owned jointly by James W. Kincaid, Jr. and Harvey W. McClenny of Suffolk, Va., showed her heels to a field of older horses at Harrington Raceway Saturday night en route to a season's record 2:08 mile for driver-trainer Richard Putz. Racing Staff is by True J.D., a son of Harold J., and she was making her first lifetime start after qualifying handily in 2:10 flat. The remarkable feat was not accomplished in easy fashion as she was forced to the outside just past the quarter mile mark and then went three wide at the half which was paced in 1:04.2. Nearing the three quarter pole she moved alongside the early leader, Roy-

Chester Weisinger, president of Continental Resources, told the City Council recently \$1,950,000 was available to "get the show on the road."

Though the land is in the city limits, no public hearing will be necessary because no citizens live within 200 feet of the land. When and if the Council approves the zoning request, the next business on the agenda is getting sewer and water to the development.

Directors and members of Kent County Board of Realtors kick off National Realtors' Week.

Kent County Realtors Meet

The above scene was the monthly directors' meeting of the Kent County Board of Realtors held in the Liberty Room of the Blue Coat Inn, Dover.

Members of the board are invited to the directors' meetings where a great deal of business related to the real estate field is conducted monthly.

Seated at the head table is President Nate Cohen, the current president of the Kent County Board of Realtors. President Cohen was also last year's Realtor of the Year.

Youth Choir festival in Wyoming

Five choir members from Asbury United Methodist Church will take part in a choir festival being held this Saturday afternoon in Wyoming United Methodist Church, Wyoming, Del. Mark and Elaine Homewood, Doug and Dale Jarrell and Eugene Butler have all been registered to take part in the afternoon and evening activities.

Highlight of the festival will be a jazz cantata entitled "100 Percent Chance of Rain" based on the story of Noah and the flood in which the cast of singers will actually build an ark on the stage.

Miss Anne Pruitt, Youth Choir director of the host church, has arranged for the day. As leaders, a team of students from Winchester Choir College, Princeton, N.J., will be presenting techniques and methods for youth choirs.

Stephen Russell, a native of Connecticut and student at Westminster, will be guest conductor for the day. He is organist-choir director at the Lutheran Church of the Redeemer, Maywood, N.J. He has a special interest in youth choirs and has studied extensively in this field.

Miss Janet Prust of Dover, a senior at Westminster, will be assisting Mr. Russell. She is a graduate of Caesar Rodney High School and has had experience as a church organist both in the Dover area and in New Jersey.

Attending with the choir members will be Mrs. Gary Homewood, Mrs. Donald Jarrell and Mrs. William A. Minner.

Three vacancies are still to be filled by interested students at Asbury in the 4th to 8th grade level.

The Choir Mother's Auxilliary have underwritten the cost of the registration fees for the youth.

Local girl wins home ec. award

Judith Wyatt, of Harrington, a senior home economics major at Madison College in Harrisonburg, Va., has won the college's Home Economics Award.

The award is presented annually to a senior home economics major based on outstanding ability indicated by scholastic average in home economics and related courses and on nomination by a faculty member.

Judith received the ward at Madison College's recent Honors Day ceremonies. She is the daughter of Mr. and Mrs. Melvin R. Wyatt of 201 Simmons St., Harrington.

Kent Clerk of Peace files for re-election

Kent County Clerk of the Peace Gail Cullen has filed with the Democratic Party for re-election.

Mrs. Cullen paid her two percent filing fee to become the second Democrat to officially file to date. Earlier, Carl Wright of near Harrington, had filed for sheriff.

Mrs. Cullen won the county post previously held by her late husband, Thomas P. Cullen. This November she will be running for a full four-year term.

No candidates have filed so far with the Kent Republican Party, although County Chairman Frank diMondi and several potential candidates have expressed interest in running.

One of these is Gene Jarrell, owner of Jarrell's Mobile Homes on U.S. 13 south of Dover, who is rumored to be running for sheriff.

Another is Gary Ward of Dover, who says he's a candidate for the 32nd District House seat now held by Rep. James D. McGinnis (D-Dover).

The deadline for candidate filings is not until August 3. The deadline for filing for delegate posts to the party nominating conventions, however, is June 4.

AFS Walkathon this Saturday

Get out the comfortable walking shoes and join the AFS Walkathon. More than 100 students of Lake Forest High School and William T. Chipman Junior School will be joining in the fun of the 15 mile walk to raise money for the American Field Service Foreign Exchange Student program.

Beginning at 9 o'clock on Saturday morning from Chipman parking lot, the walkers, plus members of the L.F. Track team who will run the entire distance, and several bike riders, will take a pleasant tour of the back roads north and west of Harrington, returning through Masten's Corner and back to Harrington by way of Weiner Avenue, extended.

Mayor William A. Minner and the 1974 foreign exchange student, Marieta Bernardo, will cut the ribbon to signal the start of the walk.

Three Cub Scout packs will be participating with their leaders, to satisfy their Community Participation Badges. They will walk a shortened route, but will have sponsors for 10 cents per mile also.

Many people will be giving their time and energy for the event. The participants will each be checked at 5 different locations on the route. Each of these checkpoints will also be providing any first aid that might be necessary: water, light refreshment, a comfortable chair to rest in, or a blanket under a shady tree. Mrs. Leon Kukulka, AFS Chapter president, and Mrs. William Smith, school AFS club advisor have made all the necessary arrangements for the entire day.

Hot dogs and sodas from the refreshment stand at the Chipman football field will climax the end of the journey. Prizes will be awarded in several categories for those finishing first. Rain date will be Sat., May 4, same time and place.

Little League Auxiliary to hold annual bake

Harrington Little League Ladies Auxiliary will hold its annual Bake, Fri., May 3, starting at 2 p.m. in front of Peoples Bank. Fresh chicken salad and home baked items will be on sale.

Cycles have new home

New home of Harrington Motor Company Suzuki.

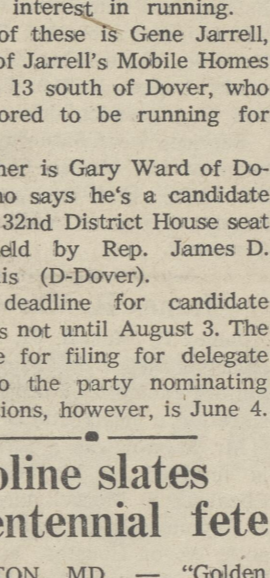

The Harrington Motor Company has a new home on U.S. #13 about one mile north of Harrington. It is now called The Harrington Motor Company Suzuki and for the most part deals in cycles.

The Harrington Motor Company was founded by F. Brown Smith and Lorenzo Jones, both of Harrington. The present owner, Gayle B. Smith, purchased the company from his father, F. Brown Smith, in 1957, and sold Chevrolet cars until 1970. In 1971 he was awarded a Suzuki franchise and continued to operate at the original plant on Clark Street until March of this year.

Constructed by the Simpson Lumber Company of Camden, the building contains approxi-

Tragedy Strikes Bros. Near Harrington

Monday morning was marred by tragedy as one man was electrocuted and another injured while working on a well on the grounds of Kirby & Holloway food division plant northeast of Harrington on the Jackson Ditch Road.

Two men were electrocuted here while attempting to drill a well at the grounds of Kirby & Holloway located on Jackson Ditch Rd. The right front tire of the truck-rig was blown out as a result of the electrical shock. The electrical pole to the left in the picture shows the high tension components.

Harrington resident electrocuted

Travis Cole, 43, of Stone's Hotel, Harrington, was killed while working on power lines on Delaware 273 near the Forrest Hills Apartments, Wilmington, Monday.

Cole was rushed to the Newark Emergency Center and was pronounced dead on arrival shortly after 1 p.m.

A spokesman for Delmarva Power & Light Company said Cole was working in a bucket lift near a 12,000-volt-line when his left shoulder brushed against it.

Cole was employed by Day & Zimmerman, a contracting firm for D.P.&L.

Planning to get a summer job?

Students and other people planning to get summer jobs should apply soon for a social security number if they do not have one, according to social security officials.

"Applications from people who don't recall having had a social security number before generally are screened against central files in Baltimore to make sure a second number isn't issued to the same person," a spokesman said.

"Screening takes time," he said, "so you should apply for your number several weeks before you need it for a job covered by social security."

People can get information about applying for a social security number by calling, writing, or visiting any social security office. More than nine out of ten jobs are covered by social security.

"Your social security number is yours alone and remains the same for life," the spokesman said. "A worker builds retirement, disability, survivors, and Medicare protection by work and earnings credited to his social security number. So when you get a job covered by social security, be sure your employer copies your name and number correctly from your social security card to his records."

People applying for a social security number for the first time may be asked to prove their age, identity, and citizenship, according to the spokesman.

"If you've lost your social security card, you can get a duplicate by contacting any social security office," he said. "You can get a duplicate faster if you have kept the stub that came with your social security card."

Electric rate increase delayed until June 1st

Delmarva Power & Light Company advised the Public Service Commission of Delaware that the company will delay until June 1, the date for putting increased electric rates into effect and, on that date, the company will put into effect only 75 percent of the requested 19.8 percent increase.

In a letter to the chairman of the Public Service Commission, Delmarva President Robert D. Weimer, said that the company's decision was reached after giving careful consideration to the request of the Public Service Commission. Weimer said that the company's decision also reflects the concern of members of the State Legislature.

A stitch in time...

A chain of events brought the Harrington Fire Company to the Aetna Shirt factory on Clark Street Tuesday at 11:06 a.m. There was no fire, however, it appeared the city temporarily stopped service to repair a water break. When service was restored, the rush of water through the sensitive sprinkling system triggered the activity that followed.

School bus safety week

April 22 through April 26 is School Bus Safety Week and in compliance with state and federal regulations, Delaware school bus students are in the process of taking part in emergency evacuation drills. Regulations state that schools shall have two such drills each year.

Pamphlets are being distributed to students with assembly programs and drills on school grounds to follow. Drivers are also being instructed in proper procedures.

Vietnam era vets using current GI Bill

More than half of all Vietnam Era veterans and eligible servicemen have used the current GI Bill, pushing the participation rate to 50.9 percent, which surpasses the 50.4 percent rate recorded by World War II veterans.

Administrator of Veterans Affairs Donald E. Johnson noted less than eight years were required for Vietnam Era trainees to exceed the rate recorded under 12 years of the original GI Bill.

Johnson commented that "the impending May 31 deadline for veterans discharged before June 1, 1966, to use their education benefits should contribute to an anticipated enrollment of 2.45 million during fiscal year 1974, compared with 2.1 million last fiscal year."

"Other contributing factors include VA's intensified "out-reach" efforts encouraging veterans to enter training, increased education allowances and other improvements in the GI Bill program," he said.

The VA chief also reported 4.6 million post Korean veterans and servicemen (separated since Jan. 31, 1955) had trained under the current GI Bill by the end of January. He pointed out that "more have already studied at college level than World War II veterans during the entire

(Continued on Page 4)

Band Boosters solicit support

The Lake Forest Band Boosters met Monday evening to continue their plans for supporting the Lake Forest Spartan Band.

First and foremost is the trip of the band to the Niagara Falls, N.Y., Blossom Festival, May 8th thru 12th. Arrangements have been completed for transportation and accommodations for the band and chaperons at Niagara. Jean Rawding, chairman of arrangements, announced at the meeting that there are still eight seats available for any interested adults who might like to join the tour. Cost of the trip would be \$60 per person for transportation and first class accommodations in a motel in the resort city. Anyone wishing to go may call Mrs. Rawding at 284-4266 before Thursday morning.

Donald Claycomb spoke briefly of the practices that the band will be having before the trip. He mentioned that the students are really becoming excited about the trip and parade.

A number of projects have been undertaken by the Boosters to raise funds for the trip. The cost of any undertaking such as this is very expensive. The students and their parents have contributed to the costs, but some money is still to be raised.

Any organization or individual who might like to support this project may call Donald McKnatt, president. Support would be greatly appreciated.

Election of officers for the 1974-75 year will be held at the May meeting. All interested parents are invited to attend on the fourth Monday evening of each month, 7:30 in the Band room.

New Century Club Notes

The Harrington New Century Club Easter Luncheon was held Tues., April 16 at 12:30 p.m. with a large attendance.

Mrs. Joseph L. Brinster, president, welcomed the guests and friends, and read the "Collect". Miss Lynn Parker gave a patriotic recitation and accompanied herself at the piano.

Mrs. John E. Jones gave the blessing and everyone enjoyed a delicious luncheon.

After lunch Mrs. Brinster introduced the guests. State officers attending were: Mrs. Raymond B. Wallace, president, Odessa; Mrs. John Gray, vice president, Milford; Mrs. Pauline Pepper, recording secretary, Selbyville; Miss Anne L. Evans, treasurer, Camden, and Mrs. Leslie M. Dobson, custodian of Student Loan Fund, Milford.

There were ten Century Club presidents attending from Kent, Sussex, and New Castle County.

The introduction to the program was given by Mrs. James D. Moore, chairman, which was the play "Bye, Bye, Birdie", directed and produced by Bill Comes. Although this was the first year of conducting the orchestra for a high school play, Donald Claycomb did a tremendous job. Everyone in the play gave a fine performance and it was greatly enjoyed by everyone.

Those on Mrs. Moore's committee were: Mrs. Fred B. Green, Sr., Mrs. William Griffin, Mrs. Terry Johnson, Mrs. William T. Sneath, Mrs. James Cahall, and Mrs. Preston E. Trice.

Program booklets were by Mrs. H. Terry Johnson.

Hospitality committee: Mrs. Charles L. Peck Jr., chairman, Mrs. William A. Taylor, Mrs. John S. Harrington and Mrs. Abner Hickman.

Decorating committee: Mrs. Francis J. Winkler, chairman,

Delaware Food Market Report

by Anne W. Holberton

A plant that grows six to ten inches in one day?

Sounds like a Jack-in-the-beanstalk tale, yet it isn't. It's the story about a plant that is a true "aristocrat" and even the "king" of all vegetables—the asparagus. It is this fast growth that makes fresh asparagus so tender. And why is this vegetable called an aristocrat? It comes from the royal family of the orchid and the lily—and there can be no denying that it has been held in very high esteem for a very long time. The cradling place for this vegetable is considered to have been in Asia Minor and the Mediterranean, where it has been cultured for over 2,000 years.

Fresh asparagus has only a single season each year for it is not raised in hot houses or the like. That season is April, May and a week or so in June. It is available year round in the canned or frozen form but only for a short time in the spring in its best form—fresh. So often we think of frozen vegetables as a very modern invention yet quick frozen asparagus dates back to the first century when the Feast of Epicurus was a very important event in Rome. Fast chariots and runners were dispatched from the Tiber River to the snow line of the Alps with asparagus where it was preserved for the feast to be held six months later.

What about buying fresh asparagus today? Be sure to check to see that the stalks are firm, brittle and bright green. The tops should be tightly closed and rather purplish green in color. The tips will turn to a brighter green as they age. Usually, at this time, the asparagus has lost some of its tenderness and food value. If the tops have turned to a yellowish green, the asparagus is too mature and of poor quality.

Most asparagus found in the store will have a white portion at the bottom of the stalk. This portion is fibrous and is tough therefore break the spear just above this area to make sure

from under the scales in the tips of the stalk is removed when washed in salt water. Now you are ready to cook.

You can cut asparagus into pieces and cook in a sauce pan containing a small amount of water. But the whole stalk is so good, so tie a bunch together and stand them up-right in a tall saucepan. You don't have one? Then what about a coffee pot, it serves the purpose well. Fill the pot with fresh water just to cover the lower half of the stalks. Cook uncovered eight to ten minutes to have them beautifully green. Then cover and continue cooking until tender.

From the Frying Pan...??

As the dust starts to settle and the many good wishes have been given, reality begins. It isn't every day that one becomes part owner and editor of a newspaper in the same breath, and it's a drastic leap from domestic duties.

The field of writing and journalism isn't an entirely unfamiliar one, however. Beginning as an editor of a high school newspaper, then an English major in college, and most recently a teacher, homemaker and mother hopefully will be of use in this most recent step.

Since this past Thursday, many questions have been raised about the future direction of the Journal. There are many good features of this publication that will be kept, and are in this issue. Gradual additions will also become apparent in the weeks ahead. We plan to give perspective where necessary and to provide an analysis of issues in our complex life. In general it is the goal that the Journal will mirror the life of the community and surrounding areas, and that it truly will be a representative voice in the area.

We feel fortunate in assuming a newspaper that has continued to be successful with a competent and reliable staff at its core. They have excelled already. With the firm foundation that exists, and with the help of the community, we look forward to the future of a better paper in an area that is already a good place to call home and promises much in the future.

MARGO FARROW, Managing Editor

Publisher's Choice

HARRY G. FARROW, JR.

With the coming of the new owners of The Harrington Journal, there is implied a change in the nature of the publication. The Journal has been published continuously since 1913 when Frank Fleming brought it into being. So for the past 60 years, the City of Harrington has had a newspaper. The name of the newspaper has always been the same, but the publisher(s) may have changed from time to time. In the case of Mr. Carrington H. Burgess, it was known as The Harrington Journal Publishing Co., Inc., but with me it will be known as The Harrington Journal Newspaper, Inc. So there appears to be very little change. However, I shall strive to continue to publish a better weekly newspaper as my predecessor in title has done. You... the public, will notice a gradual change and hopefully be a constructive judge of these matters.

As for politics, the newspaper will be rated as an Independent, and will embrace the Democrats as well as the Republicans. The newspaper will not be used as an avenue to advance any political ambitions on my part... for I have no desire to run for an elected office on any ticket... period... paragraph and underscored.

I would like the paper to report the good news even though it is said that other news sells newspapers. V-E Day was good news, V-J Day was good news, end of the war in Vietnam, return of our POW's, peace in more than a decade were items one might classify as good news. The paper will not attack individuals, municipalities or their officials... unless the situation is such that a criticism is justified. It is hoped that the paper will serve to foster better relations between fellow citizens. I hope to make the paper appeal on a county wide publication and circulation basis with a Dover, as well as a Harrington Bureau.

As for Carrington Harvey Burgess who has relinquished his ownership of the paper, one could say a great deal. He is primarily my friend, and I enjoy his company. We play golf together frequently... a game which he took up late in life, for you must remember the Burgesses were baseball players of some distinction. He learned to appreciate the game through his late wife Betsy, who was well liked by my family. Both were members of St. Stephen's Episcopal Church in Harrington where my family attends, and we are members also. Although Mr. Burgess has sold the paper to me, he is remaining as a consultant and will contribute feature articles. He sold the paper to me because of our friendship, our mutual love for the community and its inhabitants. It is because of this bond of friendship that I was given the first opportunity to purchase the paper, with the understanding that I would strive to produce a better newspaper through the offset process.

My wife, Margaret, known to all as Margo will occupy the Editor's chair. I only ask that if you have deep criticism of how the paper appears, please come to me with your opinions.

You have read my thoughts, decisions and MY CHOICE... what's your choice?

VIETNAM VETS (Continued from Page 1)

life of the original GI Bill. Of 1.4 million trainees in January, 829,000 attended college, increasing that category to 2.3 million since the current GI Bill was enacted in June 1966. By comparison, 2.2 million World War II veterans used their benefits for college study.

In addition to those who studied in college in January, another 450,000 veterans trained at other schools, and 126,000 took on-job training.

Armed Forces News

PFC Thomas R. Stanton, son of Mr. and Mrs. Wilson T. Stanton, of Felton, has recently graduated from Parris Island, S.C. PFC Stanton was honor man of his platoon, received the Dress Blue Award, and also the leatherneck award. He is currently stationed in California undergoing school in the Electronic / Communications field. PFC Stanton is a graduate from Caesar Rodney High School.

Poems from Paradise Pastures

By W. Cliff Miller

REST

Rest is not quitting
The busy career
Rest is the fitting
Of self to its sphere.

It's loving and serving
The highest and best!
'Tis onwards, unswerving
And that is true rest.

I would like to feel that I may have portrayed some of the virtues outlined by G. W. Curtis in "Leaves of Gold";

(Better than Sermons)

"I think that to have known one good, old man who, through the chances and mischances of a good long life, has carried his heart in his hand, like a palm-branch, waving all discords into peace—helps our faith in God, in ourselves, and in each other more than many sermons."

G.W.C.

Days of Our Years

Ten Years Ago

How to buy meat

It takes an expert to look at a piece of meat and tell just how tender, juicy and flavorful it will be, says Gwen Colvin, extension home economist at the University of Delaware. For best quality, the lean portion should be fine-grained, firm-looking and bright in color without dark streaks. The fat should be clear and white. The amount of marbling—the flecks of fat through the lean—affects juiciness and flavor. Well-marbled meat should also be more tender.

All meat that is shipped between states must be inspected for wholesomeness, notes Miss Colvin. The proof of inspection is a round purple stamp that appears on the carcass and reads U.S. Inspected and Passed. At the time of inspection, meat is also graded. The shield-shaped grade label may appear on larger cuts of meat you purchase, since the stamp is applied repeatedly along the entire length of the carcass.

There are five grades of meat. Most of the meat you buy in the supermarket will be graded Choice or Good. There's a limited supply of Prime grade meats. These are used primarily in restaurants. The two lowest grades of meat are Standard and Commercial. These have a thin fat covering over the meat. They also have very little marbling. Because they tend to be tougher, these grades are best cooked in liquids for stews or braised dishes.

In all cuts of meat the most tender part is taken from that part of the animal where the muscles have been used the least—the rib loin and sirloin cuts. These are frequently more expensive because they are most in demand, explains the economist.

When you buy a piece of meat, make sure you use all of it—not just the meat part. The fat or drippings can be used for braising; the bone can be simmered to make stock for soup or gravy.

One final piece of advice—purchase meat in terms of planned meals. Leftovers that aren't enough for another meal can be expensive.

Del. River And Bay Authority News

Three marine engineers of the Cape May-Lewes Ferry Service are at the Todd Shipyards in Houston, Tex., for indoctrination and dockside trials of the first of three new bayliners nearing completion.

Authority Director William J. Miller Jr. reported that he, together with Facilities Manager Theodore C. Bright and Ferry Supt. Capt. William G. Evans will join their marine engineers at the shipyard this week to be aboard the M.V. Delaware, flagship for the new three-vessel fleet, when it undergoes sea trials this Thursday and Friday in Galveston Bay and the Gulf of Mexico.

Authority Chairman Clarence B. McCormick, who joined the director and facilities manager for a shipyard inspection early last month, advised his fellow commissioners that "sea trials will also be made in the Delaware Bay and the flagship will undergo a complete inspection by the U.S. Coast Guard Service prior to formal acceptance of the craft by our agency." Miller reviewed current-year

traffic on the Delaware Memorial Twin Bridges with members of the bi-state agency which operates the bridges, in addition to the ferry service. He reported that bridge traffic during the past four months was 23 percent less than during corresponding period last year, with revenues decreasing 18 percent during the December to March period from the same period a year ago.

Citing the recently severe gasoline shortages, and resulting lessened use of vehicles by the motoring public as the reason for the sharp drop-off in bridge traffic, Miller said the easing of fuel availability should reverse the trend of the past few months. He pointed out that Easter holiday traffic was off about nine percent from the corresponding holiday traffic a year ago.

"Through the end of March," reported Miller, "we have had a loss of about \$650,000 (Dec. - March) compared with the corresponding four-month period a year ago. While we are watching traffic closely, we do not think this is sufficient to give us serious concern as yet, in our ability to meet our bonded indebtedness," he advised Authority members. He added there is enough leeway in the financing

of the bridge to take care of a decrease in traffic and revenue for the time being.

The next regularly scheduled meeting of the Authority will be held May 21 at the Cape May terminal, where commissioners will have an opportunity to inspect modifications to existing terminal facilities to accommodate the three new bayliners under construction.

Houston

By Mrs. Margaret Thistlewood

Sun., April 28 Harry J. Dill, Jr. will be guest speaker at the Houston Methodist Church. He will speak on "the Gideons."

The community extends sympathy to the wife and family of James R. Marvel who passed away last week. Mr. Marvel had lived all his life in Houston and will be sadly missed by all.

Benjamin Wilson and his his niece, Miss Holly Wilson, spent the weekend with Mr. and Mrs. Richard Bennet and family, of Morris Plains, N.J.

Mrs. Elizabeth Slaughter and Mrs. Mary Johnson, of Frederica, were Sunday callers of Mr. and Mrs. Emory Webb.

Mr. and Mrs. Jamie Dator and daughters, Michelle and Erin, of Mahwah, N.J., were Sunday guests of Mr. and Mrs. Charles Kane. Weekend guests of the Kanes were Mrs. Dorothy Sadowski and daughter, Nancy, of Ridley Park, Va., and Mr. and Mrs. Walter Kane and sons, of Magnolia.

Mr. and Mrs. Thomas Surdukouski spent from Friday to Monday visiting the former's parents, Mr. and Mrs. Casimir Surdukouski, of Rosedale, N.Y.

Sunday dinner guests of Mr. and Mrs. Josiah Parvis were Mr. and Mrs. Clayton Ellis of Lewis, and Mr. and Mrs. Tom Parvis, of Montclair, N.J.

Mr. and Mrs. Emmett Harrington have returned home after spending the winter in St. Petersburg, Fla.

Easter Sunday dinner guests of Mrs. Franklin Morgan and Miss Connie Morgan were Mr. and Mrs. Clifford Bergstrom and daughter, of Wilmington, Mr. and Mrs. Lawrence Minner, Miss Helen Houston, Miss Dorothy Minner and Carl Prettyman.

Sunday Mrs. Edna Sapp entertained at dinner Mr. and Mrs. Maurice Blessing and children, Mr. and Mrs. John Lemmon and family, and Mr. and Mrs. Francis Simpson.

Mr. and Mrs. Kenneth Brown spent the Easter vacation week visiting the former's parents in Pittsburg, Pa., and the latter's parents in New York.

Miss Ann Clifton and Miss Dorothy Wooters entertained Mrs. Edward Rankin and children, Chris and Robin, from Moorestown, N.J., Wednesday for lunch and dinner, and Mr. and Mrs. Dallas Clifton, of Wilmington.

Stella Sapp was a dinner guest Sunday of Mr. and Mrs. Jack Sapp and son, David.

Mr. and Mrs. Emory Webb entertained at a birthday dinner Sunday in honor of their daughter, Mrs. John Clark, of near Smyrna. Guests were Mr. and

Pictured above are the operators of the new Food Rite store in the Quillen Shopping Center. Standing left to right are Sterling Mock formerly of Pocahontas, Ark., and his brother-in-law, Donald Dadds of Centreville, Md. Prior to their acquisition, Mock was employed by Queen Anne's High School as teacher of Ag. Mech. Dadds has had extensive experience in the grocery business having worked with Acme Mkts since he was 16 yrs. old. The store hires 14 employees all from the Harrington area. Owners report that they have had good relations with the Harrington residents and wish to deliver better service to the community. Store hours are as follows: Mon., Tues., Wed., 9:00 to 6:00; Thurs. & Fri.: 9:00 to 9:00; Sat. 9:00 to 8:00.

Senior Center News

The Open House held Friday evening, April 19, was quite a success. Approximately 70 members and their friends were present.

A covered dish supper was held at 6 p.m. The entertainment of the evening was a demonstration of square dancing by J. Irvin Bowman and his group of dancers. Mr. Bowman hails from Milford.

Armed Forces News

Army Pvt. William F. Phillips, 19, son of Mr. and Mrs. Resse E. Phillips, 10 Salevan Place, Milford, received a parachutist badge upon completion of the three-week airborne course at the U.S. Army Infantry School, Ft. Benning, Ga.

Floyd K. Blessing Jr., whose parents live in Houston, was promoted to Army Spec. 4 while serving in Augsburg, Germany. Spec Blessing is a teletype operator in Headquarters Battery, 1st Battalion, 36th Field Artillery.

GREENWOOD

By Pat Hatfield

Mrs. Kenneth Green and son, Jason, of Mardela, Md., were overnight guests of the Gary Bollingers. Saturday evening Mr. Green and daughter, Debbie, joined them for dinner.

Saturday evening Mrs. Richard Allen was the guest of Mr. and Mrs. Alvin Mills at the Gold Key in honor of her birthday. Sunday, after church, she was the guest of her sister, Mrs. Lena Barwick, at the Blue Coat Inn.

Mrs. Robert George Clarke of Mt. Holly, N.J., was a Sunday dinner guest of her parents, Mr. and Mrs. Albin P. Ottey. Her daughters, Mary Ann, Kathy, and Dawn, who have been spending the Easter vacation here, returned home with their mother.

Callers on Sunday at the Ottey residence were Mr. and Mrs. Jacob Hatfield, and Mr. and Mrs. Gary Bollinger and children.

Miss Hilary Keith was a Sunday afternoon guest of Miss Lori Hamstead.

Mr. and Mrs. Gordon Warner, Sr., entertained at a family dinner Easter. The guests were Mr. and Mrs. William Nichols, Mr. and Mrs. Wayne Lloyd, Mr. and Mrs. Marvin Warner, Mr. and Mrs. Gordon Warner, Jr., Mrs. Margaret Homewood, Mr. and Mrs. Wesley Schafer and children of Seaford, and Mrs. Schafer's mother, Mrs. Ivy Richardson of Montreal, Canada.

Mr. and Mrs. Lawrence Meredith and Mr. and Mrs. Nelson Meredith were recent dinner guests of Mrs. Violet Bringhurst in Viola. There they joined Mr. and Mrs. Ward Meredith of Wyoming.

Mrs. Norman Cannon attended the Region Two National P.T.A. Conference entitled "Accountability Is A Shared Responsibility", held at the National 4-H Center in Chevy Chase, Md., from Friday even-

ing through Sunday.

The County 4-H Dress Revue was held in Sussex Central High School in Georgetown Saturday evening. The theme for the evening was "Pieces of April." One of the highlights of the evening was the appearance of Representative "Pete" duPont. Three girls from Greenwood won awards, Kap Pratt exhibited her dress and won a red ribbon; Carol Cox modeled her skirt and vest and won a red ribbon; and Connie Eskridge modeled her three-piece outfit and won a blue ribbon and was also a member of the Junior Court.

Others attending were Mrs. Raymond Vincent, Mrs. Bobbie Eskridge, Mrs. Pratt, Mrs. Carl Tucker, Mrs. Lee Reed and Miss Nora Kay Cannon.

The regular monthly meeting of the Ladies Auxiliary of the Greenwood Volunteer Fire Company will be held in the Fire Hall at 8 p.m. April 26.

Veterans Administration News Questions and Answers

Q - I was attending college under the GI Bill but was suspended for one semester because of low grades. What would I have to do before the Veterans Administration will pay me further benefits?

A - If the school will not readmit you in the same program, you should receive VA counseling in order to select an appropriate program in which you would be accepted.

Hickman

By Mrs. Isaac Noble

NOTICE OF SCHOOL ELECTION IN AND FOR SUSSEX COUNTY

Notice is hereby given that Board of Education of School Districts in and for Sussex County shall be nominated under the provisions of the School Laws of the State of Delaware

VACANCY EXISTING WILL BE SHOWN AFTER EACH SCHOOL DISTRICT

Candidates for Boards of Education in each of the School Districts in Sussex County must file nominations, said nominations shall be in writing signed by at least fifteen citizens and residents of said School Districts on or before three o'clock P.M., Eastern Standard Time (four o'clock P.M., Daylight Saving Time), with the Clerk of the Peace of Sussex County, at Georgetown

WEDNESDAY, MAY 1, 1974

The Election for each School District in the County will be held on

SATURDAY, MAY 11, 1974

BETWEEN THE HOURS OF

2:00 o'clock and 9:00 o'clock P.M., Daylight Saving Time, (1:00 o'clock and 8:00 o'clock P.M., Eastern Standard Time), at the following polling places

WOODBIDGE SCHOOL DISTRICT

WOODBIDGE HIGH SCHOOL in Bridgeville

WOODBIDGE JR. HIGH SCHOOL in Greenwood

ONE VACANCY, 5 YEARS

WILLIAM H. PRETTYMAN, JR.
Clerk of the Peace for Sussex County

It Seems To Me

Janet Reed

Hopefully you will never need to be concerned about this problem, but if your sewing machine has ever skipped stitches you know how exasperating it can be. What causes skipped stitches? Skipped stitches normally can be traced to one or more of four basic causes: the needle, the thread, the presser foot, or the fabric.

The needle must be the exact length so the thread forms a loop with the bobbin thread. Even a dull or bent needle is enough to cause skipping. A dull needle can develop before you realize it if you sew a great deal on fabrics of man-made fibers.

The needle could be placed incorrectly in the needle clamp. It may be inserted backwards, or the height of the needle may be wrong. When you replace a sewing machine needle, be sure it is the correct one for your brand of machine. Use a ball point needle for knits and a wedge point needle for leathers and vinyls. Use the correct size needle and a fine thread. Heavy fabric can be stitched best with a heavier thread and a larger needle.

Check the threading of the machine to be certain it is threaded correctly.

Some types of thread are too stiff and coarse, thus making loop formations difficult or impossible.

The fabric must have a certain tautness to stitch smoothly. The presser foot on some machines may not hold the fabric taut enough over the needle plate hole. In such cases the fabric is pulled up and down while you stitch. Use the foot which gives the most control. Also use the needle plate which has the smallest needle hole.

You may need to increase the pressure on the presser foot so the fabric is held firmly. Holding the fabric taut as you stitch also may help.

Some fabrics are treated with a heavy finish when they leave the mill. This finish may deter stitch formation. Wash the fabric thoroughly before sewing to solve this problem.

Try to maintain a slow, even speed as you sew. Fast stitching on some of the man-made materials can generate enough static electricity to interfere with even stitching.

If your machine skips on only some fabrics, try all of these remedies before you call a re-

TOWN AND COUNTRY TOPICS

KENT COUNTY AGENT

How does your lawn look this year? If you have not already done so, clear your lawn of rocks, sticks, glass and pieces of metal before you mow. A rotary mower can be a dangerous tool especially if it strikes objects lying in the grass. When you mow make sure no one is in the area. They could be hit by flying objects.

There are many factors that may cause your lawn grass to appear unhealthy. Unfavorable weather conditions, improper fertilization, diseases, insect infestations or a combination of these or other factors may be involved. Before starting any type of disease control program, the cause(s) of the problem must be established. Then the most effective control measures can be determined.

Early diagnosis is important: the cause of lawn grass damage is often difficult or impossible to determine if considerable time has elapsed between time of damage and diagnosis. Check the problem out as soon as it is first noticed.

Samples for Diagnosis: samples for diagnosis should be taken from the edge of the affected area. Remove a plug of sod about three or four inches in diameter along with about two inches of topsoil. Place the plug in a plastic bag (intact), seal and deliver or mail to your county extension office.

Fungicides for Control: preventive maintenance, carefully followed, will help you avoid disease problems in your lawn. However, you may still desire to follow a preventive schedule with fungicides, especially if certain diseases are troublesome year after year. This means applying the fungicide(s) at regular intervals beginning early until late in the season. This is expensive and time consuming but will provide insurance against disease problems.

If diseases have not been a problem in your lawn, you may want to apply fungicides only when a disease is expected to appear or when it first appears. Most turf fungicides are protectants and will be most effective if used before the disease appears or has a chance to build up.

Preventive Maintenance: one of the best ways to control or minimize lawn grass diseases is to follow good cultural practices:

1. When establishing the lawn, select grass that will be best adapted for the conditions under which it will be grown (sunny or shady location, etc.)
2. Plant mixtures of recommended grasses since some of the species in a mix will usually survive a disease attack.
3. Fertilize properly based on a soil test. Keep the grass vigorous but avoid over-stimulation with nitrogen which will encourage brown patch disease. Or on the other hand, a deficiency of nitrogen is conducive to dollar spot disease.
4. Mow properly. This means not cutting the grass too close or waiting until it gets too tall. Both practices may weaken the grass and make it more susceptible to disease.
5. Water early enough in the day to allow grass blades time to dry before night and avoid over-watering. Constant moisture and high humidity are ideal conditions for development of many diseases.
6. Prevent excessive thatch build-up since it provides an excellent place for disease-causing fungi to live and remain protected.

4-H Public Speaking winners named

By Brenda Clark

Two New Castle 4-H members have been named winners in the Delaware State 4-H Public Speaking Contest. They are Tricia Williams, 17, daughter of Mr. and Mrs. Edward Williams of Hockessin, in the girl's division and Nels Pederson, 16, son of Mr. and Mrs. Louis Pederson of Middletown, in the boys division. The event was held recently in Dover.

Participants included the top girl and boy contestant from county events held previously. Other participants were Abigail Omann and Jeff Johnson, Dover, Dawn Ralph, Seaford, and Kevin Bell, Greenwood.

Miss Williams, who has been a 4-H member for eight years, spoke about "The Good Old Days." She is a junior at A.I. duPont High School, president of the Hill 'n Dale 4-H Club and the 1973 state winner in the 4-H dairy awards program.

Pederson, who is a sophomore at Friends School, talked about the importance of photography. He has served as vice-president of the Ever-Ready 4-H Club and has won county medals in the 4-H awards program in photography, field crops and horticulture.

Jerry Webb, agricultural editor at the University of Delaware, judged the contest.

Peach Blossom 4-H Club

By Brenda Clark

The April 10th meeting began with the fun of an Easter Egg Hunt. Members answered roll call with the number of eggs they had found. Devotions were given by Lisa Clark.

Joyce Hinzman was named Cancer Crusade chairman and appointed the following workers: Mark Langford, Leslie Smith, David Mesibov, Terry Tarr, Debbie Hopkins, Karen Jerread, and Linda Newnom.

Kathi Hopkins was named chairman of the game booth at Milford Memorial Hospital Fair on May 18.

It was reported we will have 12 entries in the coming County Dress Revue on April 27 at Caesar Rodney High School.

Donald Hopkins and Joyce Hinzman will be our representatives at the AIC Conference April 15.

Work is being done on restoring the Sharp family cemetery near Farmington. Donald Hopkins is heading this committee.

Terry Tarr reported on our recent visit to Delmarva Power & Light where Mrs. Thompson, home economist, gave a demonstration on various electrical appliances.

Jeff Garey told of his fun at Kidz Kamp recently.

Delaware's agriculture has grown

Delaware agriculture is not fading from the scene, according to a report just released by the co-operative extension service at the University of Delaware.

Although there are about 200,000 fewer acres in farms today than in 1940, farmers are actually harvesting 40,000 more acres of crops. According to the report, "Trends and Adjustments in Delaware's Agriculture 1940-1972," those acres are producing a greater abundance with a much larger value.

There were more harvested acres of almost every crop grown in 1972 than there were three decades earlier. For example, there were 25,000 acres of soybeans in 1940 valued at \$270,000. In 1972 there were 161,000 acres of soybeans valued at \$12.7 million.

Corn went from a pre-war crop of 141,000 acres valued at \$2 1/2 million to a high of 185,000 acres valued at over \$20 million in 1970. Production slipped to 178,000 acres in 1972.

The only farm enterprises to suffer statistical losses were tomatoes and dairy cows. Delaware's tomato production peaked in 1945 with 10,500 acres valued at \$1 1/2 million. By 1960, there were less than 2,000 acres of tomatoes valued at \$420,000. Dairy cow numbers have been on a gradual decline since 1945 when there were 38,000 cows in production. Their output was worth \$3 1/3 million. In 1972, the milk from only 13,700 cows was worth over \$9 million. During this 27-year period, production per cow more than doubled and price per pound for milk sold tripled.

The big dollar maker in Delaware agriculture over the past three decades has been broilers,

accounting for more than one-half of the state's farm income almost every year. In 1940, farmers grew 35 million birds. Output increased almost every year to a high of 134 million in 1970. In 1972, production had slipped to 131.8 million birds. Delaware broiler production in 1940 averaged 16 cents a pound live weight. In 1970, broilers sold for less than 15 cents a pound.

YOUR PEACE OF MIND AND HEART IS OUR FIRST CONSIDERATION

ARMY GIVES CREDIT FOR CIVILIAN SKILLS

The U.S. Army is now offering skilled workers what any other employer can offer — good starting pay and a chance to get ahead.

Under a new enlistment program called Stripes for Skills, applicants with at least two years of civilian training and experience in one of the program's 150 specified job categories can enlist at an advanced rank and pay grade and will be considered for possible promotion after only eight weeks on the job.

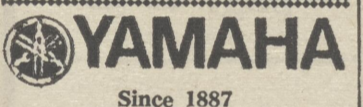

Men and women who qualify can enter the Army at pay grade E-3, Private First Class, at a starting salary of \$377.70 a month, less deductions. Meals, housing, medical care, a month's paid vacation and other Army benefits are also provided.

Upon successful completion of the eight-week basic training course, an applicant in this program is assigned to the selected job category. Eight weeks after work assignment, an individual's demonstrated skills and job performance are evaluated and he or she can at that time be promoted up to an E-5, Specialist, at \$408.30 a month.

X-ray technician, surveyor, dental assistant, teletypewriter equipment repairman and occupational therapist are only a few of the job categories included in the Stripes for Skills Program. A complete listing of all the jobs and additional information about the program are available from Sergeant Burnier by calling 736-6937 or by visiting him at the Blue Hen Mall, Room 213.

We have openings in over 150 good, steady jobs.

Dunlap, Mosley lead Spartans in Wilmington Relays

Lake Forest has less than 30 track candidates, at this writing, when 70 or 80 could be accommodated. However, some of them are quality athletes. Two, fleet Spartans ran to new, personal low marks Saturday afternoon at the Wilmington High Relay Carnival.

This thin-clad extravaganza featured all of Delaware's leading track schools as several hundred runners, jumpers, and throwers competed at Baynard Stadium.

The fast, all-weather, Tartan surface, with alternately painted blue and gold lanes, has been the scene of many record-breaking efforts.

Ron Mosely, Lake Forest's senior ace, led off with a fine, 2.04.3 half-mile leg, in the distance medley. Juniors Kit Tilghman and Ron Dunlap handled the 440 and 220 stints. Sophomore Harry Benson, running the mile leg, turned in a good 4.56 effort, but he was overhauled in the late stages by a trio of powerful, older runners. Tonneson, of McKean, broke the tape, followed by seniors Rick McCabe of Tower Hill, and Bob Baca of Dover Air. McCabe is cross-country state champion, while Baca holds the two-mile run state title. Lake Forest clocked a fine 8.20.4 in fourth place. The public address system was strangely silent as Lake Forest held the lead for most of the race, only coming to life when

Benson was passed by the McKean runner.

Mosley led off the mile relay and again put the Spartans in the lead with a 53.7 quarter mile, his fastest ever. Tilghman and Benson remained in first place and Dunlap, running the anchor leg, turned in a sparkling 52.6 lap. He needed a terrific effort to hold off a host of on-rushing speedsters, including Middletown's Gary Collins, who is state champion in the half mile.

Dunlap's previous best was 55.2. He should break Fred White's Lake Forest record of 52 flat before he graduates next year.

Lake Forest's 3.39.8 clocking was the best done here in some time. The school record of 3.36 may fall this campaign.

The second heat of the mile relay was won by Cape Henlopen, the overall race winner. Second-place McKean was four seconds faster than Lake Forest while Milford edged the Spartans by two seconds.

Jos Voshell, Craig Washner, aid Paul McClellan ran well in recording new personal bests in the 880 yard run.

Sophomores Voshell and Kashner turned in clockings of 2.18 and 2.22, respectively. McClellan, a freshman newcomer, had a previous best in the low 2.40's, but had a 2.35 in the two mile relay, then a 2.37 in the sprint medley, after a short rest.

Harrington Bowling League News

Leah Wheeler

People's Restaurant ended the regular season play by crushing Brothers Five's hopes of capturing the last third title by defeating them in two games to collect three of four points. People's prepared for the battle of champions to be bowled this week, as Bill Manship rolled a 207 game and 528 series, with Jim Fitzhugh bowling above average, and Frank Collins adding a 223 game. Brothers Five's Larry Horseman rolled a fine 559 series, while Ron Keily contributed a 200 game and a 553 set.

While Brothers Five were losing Fry's American was winning three points from Robbin's Hardware, to emerge the title holders of the final third.

Since People's Restaurant had already won a third this season, the second place finisher automatically became the winner.

John Forbes led Fry's with a 547 series, with Donald Jester adding a 540 set, and Jerry Hayman also assisting. Jeff Robbins rolled a 557 series and Harry Brown's efforts aided Robbins'.

Taylor & Messick must have been gearing themselves up for the 1975 season as the team rolled a high team series of 2720 to clinch the trophy in that category. All team members surpassed their averages with George Collins collecting a 210 game and a 573 series, Snooky Collins rolled a 209 game and 571 set, and Bobby Collins hit a 234 game and 560 series. Harry Jack rolled above average for McKnatt Funeral Home, at the team gained one point for their efforts, and Don Garey rolled a 530 set, with Donald McKnatt adding a 547 series.

Ron Wright helped as he paced Butler's Fuel taking four points from the T & M Rejects. Sam Lyons added a 202 game, with Ralph Butler contributing.

Bob Wilson bowled well for the Rejects.

Penn Central finished with three points from Wally's Wrecker Service. Paul Baker with a 530 series, Norman Woodall and Bernie Coffman helped Wally's capture one point.

Jack Sapp led the Spoilers on a three point victory over Quillen's Market as he hit a 204 game and 543 series, with Leonard Outten adding a 530 set, and John Shaffer helping. Donald Wilson added a 201 game and 532 series, and Bill Petty and Eddie Kemp helped Quillen's salvage one point.

Jarrell Fuel and Big John's Son split four points with Harold Melvin collecting a 204 game and 525 series, and Sheldon Hayman and Robert Jarrell adding above average efforts. Countering Jarrell's was Big John's John Powell, Mannon Robinson and Bill Kohel, who contributed well.

The championship contests will be bowled at 7 p.m. at the Milford Lanes. The schedule follows: Wednesday - Spoilers vs People's Restaurant. Thursday - People's Restaurant vs Fry's American. Friday - Spoilers vs Fry's American.

NORED HAS 1-HITTER

Lake Forest took advantage of three key Sussex Central errors to win its third straight Henlopen baseball game, 4-0, as Billy Nored one-hit the Knights at Georgetown.

Central miscued on fifth-inning grounders by Russ Dill and Wayne Erne, with Dill scoring the game's first run.

In the seventh inning, Jerry Steerman and Bobby Jacobs both bunted safely, advanced when Dill was hit by reliever Tom Marvel, then scored when Neal Smith reached on an error and Erne walked.

Dill scored the game's final run on a squeeze bunt by Wayne Voshell.

Only Terry Megee hit safely against winner Nored, who walked just two other batters. Joe Shockley, working the first six innings for Central, picked up the loss.
