

Local Medical Habits Surveyed

About one of every four households in the Harrington area report that there were times in the past year when a member of the household should have seen a doctor but stayed away.

For adults, the major reasons given were reluctance to bother the doctor with a minor ailment, and cost. "Cost too much," was the principal reason cited for not taking the children.

The information is included in a preliminary report issued by the Delaware Health Services Authority and entitled "A Survey On Access to Primary Medical Care in the Areas of Middletown-Odessa, Smyrna West and Smyrna East, Harrington North and Harrington South."

The survey involved personal interviews in 2096 households in the five areas—including 302 in Harrington North and 413 in Harrington South in an attempt to identify barriers to access to medical care. The areas were selected as having a high potential for barriers.

Rhoslyn J. Bishoff, M.D., DHSA president, stressed that the study is being released in draft form because the DHSA, which ends operations Sept. 30 has neither the staff nor time to refine and complete the report. "However, we feel the draft contains valuable information that would be helpful to any other organization that may wish to pursue this effort to improve the delivery of health care to the people of Delaware."

Approximately 86 per cent of the households in Harrington North and South said the fee never keeps them from going to the doctor, but about 12 per cent in North and nine per cent in South said the fee does sometimes keep them away.

How much do they usually pay when members of the household 15 or older go to the doctor?

In Harrington North, 53 per cent said \$6 to \$9; 19 per cent said \$10 to \$12; nearly 12 per cent said \$13 or more; and 12 per cent said \$5 or less. In Harrington South, it was 63 per cent at \$6 to \$9; 18.4 per cent at \$10 to \$12; about nine per cent at \$5 or less; and slightly more than five per cent at \$13 or more.

In Harrington North, 71 per cent said they were paying "about the right amount" while 14 per cent said "too much." In South, it was 74 per cent paying the "right amount" and 15 per cent said too much.

Some other results from the Harrington households:

—When household members 15 and over are sick, between 87 and 90 per cent go to the doctor's office. In Harrington North, nearly seven per cent go to hospital emergency rooms, and about three per cent to public health clinics and military clinics. In South, about four per cent go to hospital emergency rooms and three per cent to public or military clinics.

—Transportation to the doctor was not a problem for 89 per cent of Harrington house-

holds. —About half of the Harrington North households reported it takes up to 15 minutes to get to their doctor, and the other half said 16 to 30. In Harrington South, nearly 65 per cent said up to 15 minutes and 31 per cent reported 16 to 30 minutes. Trips of more than 30 minutes were cited in two to five per cent of the households.

—Roughly one in three Harrington households said their physicians for adult care are located in Harrington, but 42 per cent of North households cited Dover, compared to 10 per cent in South. About 44 per cent of the South households said their physicians are in Milford, while 17 per cent of North households cited Milford.

—For the children's doctors, 48 per cent of North go to Dover, 30 per cent to Harrington, 18 per cent to Milford. Harrington South, 49 per cent cite Milford, 29 per cent Harrington, and 15 per cent Dover.

—Asked how many adults went to the dentist for routine care in the past year, 35 per cent in North and 38 per cent in South said none; 20 to 30 per cent said one or two. About one in five households said the reasons for not going were lack of need and "costs too much."

—The same question asked about children in the households resulted in 36 per cent of North and 35 per cent of South respondents reporting no children saw the dentist; 31 to 43 per cent reported one child went to the dentist; 13 to 23 per cent reported two children saw the dentist.

Major reasons for not taking children to the dentist were: no need because only first teeth, 60 per cent in North and 57 per cent in South; "didn't need to go," 23 per cent in North and 36 in South, and "costs too much," from 11 to 15 per cent.

Friday night's feature pace was won by Garney Lobell in 2:05.4. This was the fifth win for V. L. Dixon's seven-year-old and his second straight win here at Harrington.

Saturday night featured the three-year-old colts and fillies in the Delaware Standardbred Development Stakes. Five races were contested, three fillies and two colts races. The first filly race for a purse of \$3,950 went to Delight Lady in 2:05.3. This filly is owned by Mr. and Mrs.

Harlan Wilson of Delmar, Del., and was driven to victory by Allen Myer. The second division went to Sweetie Brook in the time of 2:08.4. In the third filly race C. B. Marsh's Sarah's Mushroom was the winner in 2:06.2 for driver Bob Baumann.

In the colt races, Ripping Charlie, under the guidance of Walt Callahan, won in the good time of 2:05.2 in the first division. Second division went to Lucky B. K. and driver Ross Hayer. The colts went for a purse of \$5,520 in each division.

Sunday night nine of the 12 races were timed in 2:08 and under. In the 11th race Time Is Right lowered the meet's record in the time of 2:04.3 for Dave Buckson, however, 25 minutes later this mark was lowered to 2:03 by E. K. Adios for driver John Spino.

This Saturday night will feature the three-year-old trotters in the Delaware Standardbred Stakes. Sunday night will feature the same class races of last week and should lower the 2:03 mark.

Jobs Program At Dover YMCA To Be Continued

Ted Ressler, executive director of the YMCA of Dover and Kent County, announced this week that the summer "JOBS" program sponsored by the Y and funded through the City of Dover and the Levy Court will be continued throughout the school year. The funding for the program was for the summer months of July and August. However, it is felt that the program does have (Continued on Page 4)

Parade Marchers Felled By Heat

Delaware volunteer firemen's parade was the scene of many cases of heat prostration Saturday. This reporter observed seven ambulances at the emergency room of Kent General Hospital, Dover. Less serious victims were being led from the out-patient clinic area. In all 40 to 50 people were involved.

The vast number of patients hitting the Kent General at one time filled the corridors and waiting room of the emergency ward.

The large majority of those overcome were members of the Cardinal Dougherty High School marching band from Philadelphia, Pa. Father Francis Menei, spokesman for the group, told this reporter, "The band had left Philadelphia in the morning and had not stopped for lunch, arriving in Smyrna for the parade, were kept standing in the sun with out either rest or water facilities for around two hours. The parade route was 3 miles long and upon completion of the march between Clayton and Smyrna band members started passing out in great numbers."

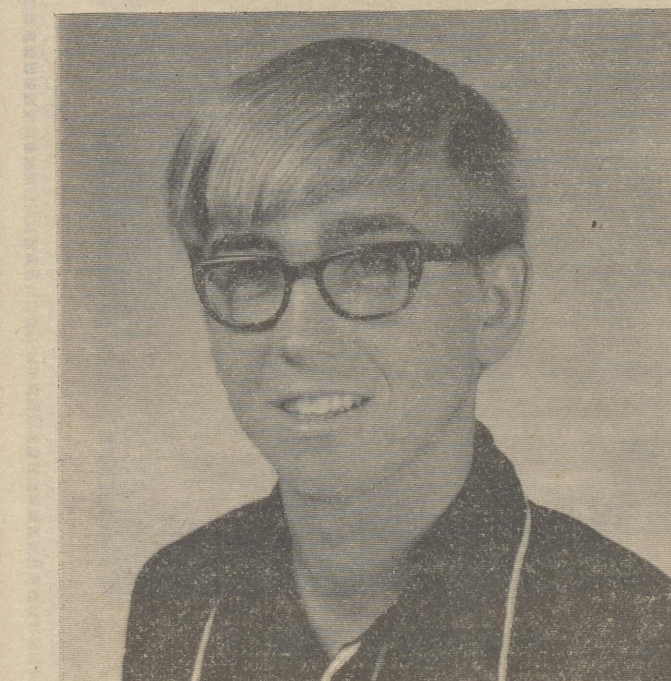

Ambulances from the parade took the more seriously affected children immediately to the hospital. The rest following in Cardinal Dougherty band buses, filling the waiting room of the hospital with pale, shivering children, huddling under blankets, sipping down liquids supplied by the hospital.

No serious injuries occurred to the first place winning band members and all were able to leave for Philadelphia around 9 Saturday night.

No formal admissions were made.

During the parade, John Bonk 65, of the Smyrna Hose Co. collapsed just after passing the reviewing stand. He was dead on arrival at Kent General of a heart attack. Whether the immediate cause of the attack was his marching and the heat, has not been learned at this time.

David Hrupsa is Delaware Crop Production Winner

David Hrupsa

David Hrupso, 17-year-old high school senior from Harrington, has been named state champion in the 1974 FFA Crop Production Proficiency Award program.

As the Delaware champion,

brids in cooperation with the National FFA Foundation, Inc.

The award applicants are judged on their crop production during the previous year. In addition to production, other criteria includes leadership development, overall achievements in FFA work, the scope of the individual's supervised crop program, his inventory, skills and competencies developed. Also considered by the judges are a complete financial statement, experience in marketing, activities related to the crop program, full supporting evidence, school and community activities.

Hrupsa's crop production program in 1973 consisted of 80 acres of corn and soybeans. His 40 acres of corn averaged 109 bushels per acre. He gained a 30-bushel average from 40 acres of soybeans. Hrupsa markets half of his grain crop through local buyers and stores the other half on the home farm until such time as he feels the price has reached its highest level.

In 1974 Hrupsa has added 40 acres of barley to bring his total crop program to 120 acres. He has already harvested the barley

and gained a 61-bushel per acre average.

Work in the crop production program has shown Hrupsa the value of a good set of farm records. "Recordkeeping determines the difference between a good farmer and a poor farmer. You must have records to refer back to, to determine the money made on each crop and expenses incurred," he said.

As to his future in agriculture, the young winner says, "Our population is increasing rapidly and there will be greater need for food in the future. I also find the expanding grain export program to be most encouraging."

Hrupsa and other FFA Crop Production Proficiency Award winners from states throughout the nation will be judged for regional or national honors. Announcement of the top four individuals in the country will be made at the 47th National FFA convention in Kansas City in October.

Hrupsa lives on R. D. 2, Harrington. He is a member of the Lake Forest FFA Chapter. His advisor is Mr. Neal Brasure.

Veterans Administration

Questions & Answers

Q--What is VA's attitude toward charges that the Vietnam veteran is not getting a fair shake?

A--Vietnam era veterans make up 24.2 per cent of the U. S. veteran population, and 30.3 per cent of VA's \$13 billion plus annual budget is spent in their behalf. While small bands of

veterans claim wholesale alienation for the young veteran population, nearly five million of these veterans are now at work in the civilian labor force and millions more are in training. In fact, 2.6 million Vietnam veterans have trained at college level under the GI Bill - topping the 12 year record of the World War II program.

Q--As a veteran's widow, I was drawing Veterans Administration pension until my remarriage. Can I get back on the pension roll, since my second husband died recently?

A--Yes. Current law allows a formerly eligible widow to regain her pension if the subsequent remarriage ends in death or divorce--provided her income and net worth do not exceed limitations.

LAKE FOREST SCHOOL DISTRICT

ARE YOU CONCERNED ABOUT EDUCATION FOR OUR CHILDREN?

During the past two years the cost of living has increased 18.7%. It is projected that during the next year the cost of living will rise another 10%. This will make a total increase of 28.7% in three years.

Since July 1, 1972, educational employees have received a salary increase of only 5.5%. The General Assembly has not proposed any increase for the next year.

HOW FAR BEHIND THE SPIRALING COST OF LIVING CAN YOUR EDUCATIONAL EMPLOYEES LIVE?

A salary adjustment is necessary. The salary adjustment teachers are fighting for is not just for teachers. Education employees include teachers, principals and other administrators, secretaries and clerks, school nurses, cafeteria workers, custodians and aides.

A popular misconception is that teachers work only 9½ months with extensive holidays, 2½ months vacation, and a 5-hour work day. Studies indicate that the average teacher works approximately 50 hours per week. Teachers in Delaware work 37 full weeks with no paid holidays—about 1850 hours per year.

The average state employee works, excluding weekends, 2 weeks paid vacation and 13 paid holidays, 37½ hours per week—about 1785 hours per year.

Teachers have at least 4 years college preparation in order to teach children. Hundreds have or are continuing their education through advanced study institutes, conferences and workshops.

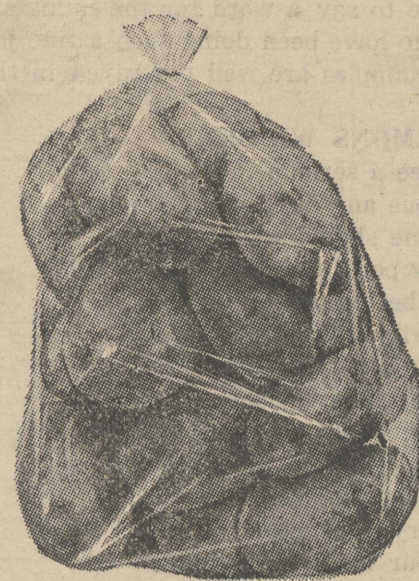

Ask a teacher of your acquaintance about this.

"... they touched both ends but they have overlooked the middle ..."

When I was a boy growing up in Harrington, one of the extra treats was attending the movies at the Reese Theatre. The popcorn was always fresh and the stars in those days were Roy Rogers and the Sons of the Pioneers, Gene Autry, Charlie Chan (detective pictures) and animal stories like National Velvet with Liz Taylor or Lon McAllister in Back Home in Indiana. No matter what picture, they all had the same conclusion ... and that was a happy ending. Yes ... the Saturday night show, rather than the matinee, was the real thing, but I never was one for a matinee.

It has been many years since we have had a movie or a matinee in Harrington, but we had one last Wednesday ... not at the Reese Theatre, for it has since gone and has been converted into a parking lot. No ... this was one made up of live actors and was held in the board room of the First National Bank building. It was the saga of Mildred Messick. The meeting was chaired by Bill Outten and Bill Paskey. Outten's mother is a patient of Mildred Messick. Also in attendance were friends of Mrs. Messick and representatives of the Department of Public Health.

The matter in issue was why can't Mildred Messick operate the house on Center Street, Harrington as a nursing home. The health office had ordered the Center Street location closed and the patients removed. Outten, among others, had no where to transfer his mother. The health, safety and welfare of the citizens of a state are the responsibilities of the state ... to be sure. It appeared to me after the first 15 minutes of debate that the health, safety and welfare were not the central points in issue.

The problem exists in the area of the regulations. The legislature makes the laws, but the regulatory agencies set up the guide lines to be followed. As was explained in this meeting, there are rules governing (1) an existing nursing home and (2) rules governing a new nursing home under construction—but no rules governing an existing structure to be converted into a nursing home. Under the latter situation, which is Mildred Messick's situation, she would not be able to get approval of the Center Street property for a nursing home either before or with the second coming of the Lord. Why? ... because the regulations are too inflexible to apply to this middle ground situation. It is the regulations which are too arbitrary and capricious to have any application to the middle ground situation.

The regulations, as they apparently stand, call for making a "completely new home" out of "an old home." Such requirements as hallways or corridors of eight feet in width—or a water sprinkling system in a structure that is intended to be one story and no wider than 30 feet seems a little too strict ... as well as absurd. With no more patients than one could house in a small operation such as that, would appear to be a little out of the ordinary—"arbitrary and capricious."

The saga of Mildred Messick goes on, however, but regardless of the outcome here—it is obvious the regulations should be rewritten so as to have broad flexible guide lines and have on the other hand as well in each case, especially of a conversion type, treated separately as it appears before the board.

Mildred Messick has been close to nursing home work a good many years, and she knows the problems existing in nursing homes. She deserves credit for standing up and fighting for what she feels was right. Many times she has been hard to understand, for the point she was trying to make was not easily expressed by her. She appeared to appeal to the sympathy of the listener and at the same time exhausted her listeners. But the real point ... and the real issue is that the middle ground (the conversion type situation) would

never apply under the present regulations ... but it should, and that is why the regulations should be rewritten to fit this situation. Whether we accept it or not, it is a landmark situation.

Poems from Paradise Pastures

By W. Cliff Miller

Actions speak louder than words. That's one big reason why I chose "Down Home Harrington" to retire in and would like to say a word for the ministers of our community who have been doing such a fine job for us. Their good examples are well portrayed in the following poem:

SERMONS WE SEE

I'd rather see a sermon
Than hear one any day,
I'd rather one should walk with me
Than merely point the way.
The eye's a better pupil
And more willing than the ear;
Fine counsel is confusing,
But examples always clear.
And the best of all the preachers
Are the men who live their creeds,
For to see the good in action
Is what everybody needs.
I can see your hands in action,
But your tongue too fast may run;
I can soon learn how to do it,
If you'll let me see it done.
I know the lectures you deliver
Are sincere and very true,
But I'd rather get my lesson
From observing what you do.
For I may misunderstand you,
And the high advice you give,
But there's no misunderstanding
How you act and how you live.
—Edgar A. Guest

Defensive lineman Glen Hart on three point stance and linebacker Wayne Voshell both of Lake Forest anticipate the play coming their way in game at Smyrna Friday night which Smyrna won 28-0.

Smyrna Downs Spartans, 28-0

Defending Henlopen Conference Champion Smyrna had too many horses for Lake Forest's Spartans and recorded a 28-0 victory last Friday night in Smyrna.

The Eagles have a pair of super backs in elusive speedster Bruce Guy and powerhouse full-back Don Dickerson.

Guy amassed 214 yards and three TD's, while the rampaging Dickerson had one score and 133 yards.

Smyrna recovered an early Spartan fumble and sent Guy around his right side for 25 yards and a six-pointer.

Lake Forest fought back with a good drive that reached the Smyrna 10 before stalling. John Pickett, Zach Taylor, Russell Dill and Leon Shockley picked up the yardage.

Soon after, John Prichett saved a touchdown by halting a breakaway back at the 41, but Dickerson shed Spartan tacklers like water, and he racked up 39 yards on two carrier. Guy received a pass, faked a Spartan defender who fell down, then raced 26 yards to the end zone. A run for the two points was good.

A bruising, twisting run by Dickerson reached the end zone, but was called back. Rick Tolson was shaken up on the play but returned later to cut Guy down for a loss on a beautiful tackle.

Guy ran 31 yards for Smyrna's final first-half tally. Dickerson notched his TD in the

fourth period.

Despite the loss, Lake Forest played well in spots on both offense and defense, and could hit the win column against schools like Laurel, Indian River and Dover Air.

Caesar Rodney, here Friday night, appears to be too strong for the locals. The Raiders lost to a strong Milford unit 24-20 with only three seconds left on the clock.

Lake Forest Wins Own Invitational

Jim Blades' defending state champion cross-country team hosted its 17th annual Lake Forest Invitational and proved rude hosts by easily annexing both the varsity and junior varsity races.

Two schools did not appear and five others withdrew last week. 84 runners from 12 schools in Delaware, Maryland and Pennsylvania answered the starting gun for the 2.4 miles grind around the rolling, Killen Pond State Park layout.

Early favorites were Gary Ridgway of Dover Air and Victor Newman of Howard, but Steve Dunham of Caesar Rodney, a transfer student from Connecticut, pulled away in the final yards to win in a course record time of 12:45.

A quintet of runners came across in a two second span, led by Ridgway (12:51), Lake Forest's Harry Benson (12:52), Newman (12:52), James M. Bennett, Md.'s Bob Abresh (12:52) and Dover's Rob McKim (12:53).

Lake Forest's sensational 14-year-old freshman Dan "J.J." Parker was seventh in 13 minutes flat. Jim Brown of P. S. du Pont, Joe Stillwell of Dover Air and Joe Voshell of Lake Forest completed the trophy-winning top ten.

Terry Pettyjohn in 13th and Kit Tilghman in 16th sealed the victory for the Spartans. This pair and Bob Mullane in 20th position were medal winners and gave the champions six of the 20 individual awards.

Team scoring: Lake Forest 49, Dover Air 73, Caesar Rodney 110, Dover 115, James M. Bennett 121, P. S. du Pont 151, St. Andrews 192 Oxford, Pa. 215, Cape Henlopen 223, Howard 241, Indian River 307, and Queen Anne 313.

Lake Forest was paced in the Jayvee test by Craig Kashner and Steve Saulsbury, who won medals for fourth and fifth place finishes in a field of more than 125 starters.

An ailing Bob Kashner (6th), Paul McClellan (9th), George Gibbs (10th) and John Moffett (11th) put the Spartans in the win column. McClellan was running around 16:05 in 1973. He did 13:29 this time. Charles Scott in 16th completed the top Spartan seven.

Team scoring: Lake Forest 34, P. S. du Pont 48, Dover Air 90, James M. Bennett 167, Caesar Rodney 196, Howard 235, Queen Anne 300.

Harrington Bowling League

By Leah S. Wheeler

Taylor and Messick clobbered the Spoilers Tuesday night and walked away with all four points to take command of the league lead. Tom Brown paced the fired up T&M squad with his 212 game and 510 set, with Kenny P. Outten collecting a 208 game and 532 series, aided by George Langford. Bruce Harrington rolled a 232 and 558 series for the Spoilers.

Big John's Son is showing considerable strength this season and Tuesday night saw them trounce Fry's American to the tune of four points, which moved them up the ladder into second place just a half point out of first. Jim Carroll set the pace with a 201 game and five above average set and was aided by Sam Powell to give Big John's Son the extra power needed. LeRoy Wheeler rolled a good 573 series and Don Jester aided Fry's.

Chris Moore led Brother's Five on a three point victory over McKnatt Funeral Home as he hit a 556 series, helped by Richard Dennis 536, and Buck Thompson 203. Don Garey rolled a 210 game and 548 series for McKnatt's.

Larry Larimore amassed a 544 series, which included a 222 game as Butler's Fuel took three points from Robbin's Hardware. After collecting a point in the first game, Robbin's Hardware seem to run out of power and saw the remaining points go to their opponents.

Lionel Wirick paved the way for Quillen's Market as he hit a 204 game and 556 series to lead the team to a clean sweep over T&M & Rejects. Donald Wilson and Dennis Pose also bowled very well for Quillen's. Robert Wilson rolled a 213 game and 535 series and Ricky Welch hit a 209 game for the Rejects.

Penn Central finally got rolling and took three big points from Wally's Garage as all members of the squad bowled well with Paul Boder and Ray Baker setting the pace. Norman Woodall, Larry Breeding and Dave Ryan rolled well for Wally's.

The Harrington Moose squad went into Tuesday night's action with just four bowlers as did their opponents, but still managed to take three points from Jarrell's Fuel as all team members surpassed their averages. Richard Portee led the way for the Moose, with Alan Baker also adding a fine effort, along with Dick Clegg and Lee Dill contributing. Dallas Hayman rolled a 225 game and 556 series, and Harold Melvin added a good effort for the Fuelers.

Norman Clough led People's Restaurant on a four point win over Dur-A-Clean with Bill Man Manship also contributing. Mark Murray rolled well for the losing Dur-A-Clean squad.
