

## City Council Allots Funds For Tax Ditch

The first Monday of the month calls for the City Council of Harrington to meet, and this October meeting drew one of the largest crowds of the year to City Hall. Chief among the topics of discussion was the Brown's Branch tax ditch as it relates to the three crossings in the city at Benjamin Street, Second Avenue and Harrington Avenue.

With creeping inflation everywhere, it is also affecting the Brown's Branch tax ditch program where road crossings are concerned. Last year the estimated cost for the three crossings in the neighborhood of \$30,000. When the bids were left about a week ago, five contractors (Melvin Joseph Construction Co., Warren Bros., Cecil Construction, All Seasons Construction, Inc., and W. B. Mitten & Sons) pronounced the estimates. Melvin L. Joseph Construction Co. was awarded the contract based on the lowest bid submitted which was \$40,266.59.

Due to federal, state and county subsidies, the city will be expected to pay half the total costs for the crossings, which would be \$20,133, relating solely to the piping needed at the crossings. An additional \$41,163 would be necessary for the total excavation, which includes grading and clearing. The total cost for the project would be \$81,429.59. Of the balance remaining on the cost of the project, the federal government will subsidize 75 per cent, state and county 25 per cent. The federal funds are raised from the U. S. Soil Conservation Service through the First State Rescue Conservation and Development Project. The remaining 25 per cent comes from the Kent Conservation District. Melvin Koster of the State Division of Soil and Water Conservation was present at Monday's meeting, as was Fred Nott of the Kent Conservation Service.

For the record, the cost of each crossover is as follows: Benjamin Street, \$18,257.90; Second Avenue, \$12,026.09; and Harrington Street, \$9,982.60. The vote on approving or disapproving the letting of this contract carried by a narrow vote. The three for passage were Griffith, Tharp, Harrington and Satterfield. Those against were Wyatt and Shaw. Dr. Lobo was an abstaining voter. Councilman Shaw later stated he would not permit a vote on an issue as important as Brown's Branch tax ditch without advance notice and discussion with fellow councilmen.

This was the second so-called contract in the Harrington area. The first contract was in the Jackson Ditch, across U. S. 13

to Wheeler's Park, up North Street to the west side of the city. This span of excavation is approximately a mile of ditching. The total cost for this project was \$78,270, in which the city was not involved.

In other business before Council it was decided that Halloween would be celebrated on Oct. 31. This has developed into a very important issue over the past few years. It was decided that the one night would be sufficient and to be on a night other than the Milford parade which will be held on Oct. 29.

Dr. Lobo again asked Mayor and Council for consideration of the flooding on Short Street. Some engineering has been completed in that area in an effort to show how the water could be taken away from this particular area. Councilman Harrington pointed out that in order to accomplish this the project of this area should be carried out and extended into Dorman Street in order to effectively remove the water resulting from heavy rains. City Manager Jack Harrington was given permission by Mayor and Council to approach Jack working on Reese Avenue, to Warren Bros., who are currently seeing about the cost of the Short Street project which calls for catch basins to drain the water off. Water has been known to stand in this area for a week at a time. Lobo strongly urged the Council to take measures to correct the flooding section in this area as well as elsewhere in the city.

Jack Harrington announced that the HUD project was supposed to start construction in the near future. This brought a bright note to the otherwise long and tedious meeting. Citizens protesting to have Sam Powell of "Big ohn's Son" remove his sewage truck from the city limits were again present. Complaints have been filtering in to the city manager that Powell should be requested to cease and desist from parking his sewage truck at the Powell property on Grant Street. The alleged odor from the truck appears to be the root of the complaints.

Earlier in the meeting, citizens from Reese Avenue protested the fact that Burris Foods was still continuing to use Reese Avenue as a truck route. Their fervent and continuous cry for the three meetings of City Council has been to forbid the use of Reese Avenue for truck traffic. The resurfacing of that avenue might tend to relax the air of discontentment in that area.

In closing remarks before Council Mayor Minner asked that Council approve a \$700 donation to the JC's for Christmas decorations.

## State Baptist To Meet Here

The Delaware Baptist Association will have its annual associational meeting Monday, Oct. 14, at the Harrington Baptist Church on Liberty Street. The afternoon session will begin at 2 o'clock. Messengers, elected by the local churches, will be served dinner at 5. The evening session will begin at 7.

Dr. Harold H. Morgan, Dallas, Texas, will represent the Annual Board of the Southern Baptist Convention. He will report on the work he does in the program. Benefits paid to retired and disabled pastors and widows totaled over \$15,500,000 in 1973 alone.

Dr. W. J. Isbell, Jr., Memphis, Tenn., will represent the Brotherhood Commission of the Southern Baptist Convention. He will report on the work of the commission in missionary education for 204,000 men and 208,000 boys across the United States.

Dr. Porter Routh, Nashville, will report on the work of the Executive Committee of the Southern Baptist Convention. This committee acts on matters not handled by the boards and agencies of the nearly 13,000,000 members of the churches affiliated with the Southern Baptist Convention.

The Rev. Sam Pittman, Richmond, Va., will represent the Foreign Mission Board of the Convention. He will tell of the work being attempted by some 2,538 foreign missionaries supported through the Foreign Mission Board.

Dr. Arthur B. Rutledge, Atlanta, Ga., will represent 2,177 home missionaries supported through the Home Mission Board. He will deliver the closing address scheduled for 8:30 p. m.

## Editor Gives Birth To Boy

Margaret (Margo) R. Farrow, editor of The Harrington Journal, gave birth Tuesday night at Milford Memorial Hospital to an 8-pound, 7-ounce boy.

## Power Company Raises Charge

Delmarva Power & Light Company today announced an increase in the electrical fuel adjustment charge which will appear on customer's bills in Delaware and Maryland during the month of October. The October fuel charge is 1.509¢ per kilowatt hour as compared to 1.49¢ for the month of September.

A company spokesman said the increase in the October fuel charge reflects fluctuations in the mixture and cost of various generating stations.

## Local Cub Pack Wins Trophy

Harrington's Cub Pack 76 were on target with a booth that captured the trophy for the best booth at the annual Cub Scout Fun Day held last Saturday at Killen's Ponds State Park. Not only were they on target, but many of the Cubs themselves provided the target for the wet sponges thrown at the booth's human bull's-eye center. The prize winning booth was constructed by Cub leaders and manned by the boys. Local Cub Scouts and leaders participated in the day's events which were sponsored by the Mid-Del District.

## Stayton Elected To State Office

John Stayton was elected second vice president of the Delaware State Fire Police Association at the Delaware State Firemen's Convention in September. Stayton is a member of the Harrington Fire Company and is also active in the Kent County Association of Fire Police. It is the third highest office held in the association.

## Governor Makes Appointments

Margaretta Eliason of Harrington was recently appointed by Governor Sherman Tribbitt to be a member of the Advisory Committee on the Needs of Exceptional Children. Mrs. Eliason succeeds Mrs. Hattie Mae Biddle, who resigned.

Also appointed was Mrs. Lola O'Day of Felton to be a member of the Council on State Buildings, filling the unexpired term ending Jan. 17, 1975, succeeding Thomas W. Murray, Jr., who resigned.

Earl C. Willey of Bridgeville was reappointed to the State Board of Examiners of Barbers for a three-year term from Jan. 23, 1974, to Jan. 23, 1977.

## Here and There

If you missed seeing the film "Cross and the Switchblade" a few years ago, please don't miss it again! The United Methodist Youth Fellowship groups from all over Kent County are sponsoring the showing on Oct. 25-26-27 at Dover Middle School. The film stars Pat Boone and deals with youth drug problems. Regular admission is 75 cents. In order to make it possible for all teens to attend, patron tickets are being offered to interested adults. Through such donations, tickets will be distributed to many young people who wish to see the film. For further information phone Mrs. Pat Preisen at 335-3133.

## Fire Prevention Week Launched Here Sunday

Many children, parents and families turned out Sunday to celebrate the opening of Fire Prevention Week here in Harrington. Trucks from nearby Houston and Milford (Carlsyle) with Harrington Fire Co. as host participated in the affair. Milford sent its "snorkel" (extension ladder) to demonstrate the way of reaching tall buildings and heights.

The children of Harrington and nearby communities were able to take rides on the fire-trucks, watch equipment being demonstrate, and meet Smokey the Bear. The Hurst tool, which is a prying tool, was demonstrated to the gathering by showing how the doors of a crushed vehicle or caved-in front windshield could be pried loose in a very short time in order to rescue people trapped inside a vehicle.

It was hoped that in addition to having a good time the importance of Fire Prevention Week be recognized by the children. According to statistics, the two chief causes of fires are children playing with matches in various ways and people carelessly smoking in bed. The program lasted approximately three hours.

This is the famous Hurst tool which was displayed by firemen on Sunday. The piece of equipment in center is the tool itself. It works by inserting the sharpest point in an object to be pried. Then by gripping the handle pry open the object. A compressor is at right. The equipment cost \$4500.

## Reasons Given For Soaring Sugar Cost

Food shoppers these days are gazing in disbelief at the prices on bags of sugar at the grocery store. A five-pound bag of refined sugar that sold for 81c in August of 1973 now sells for about \$2.09—and prices are still going up.

Last year prices soared for raw sugar, so it was inevitable that consumers should be feeling the pinch at the retail level now. With the present limited supplies of both cane and sugar beets, the expectation is that retail prices will continue to be high. Also affected will be prices for candy, baked goods, soft drinks and dessert foods such as gelatins and puddings.

The high sugar prices are hailed by nutritionists, who believe the annual per capita consumption is 102 pounds of sugar is too much. But the increased cost is bad news for homemakers who are still canning and freezing fall produce.

Anne Holberton, extension marketing specialist at the University of Delaware, explains what is behind this great demand for sugar. First of all, sugar was involved in many speculative deals on the world market early this spring. Trading was particularly heavy in the Middle East, where oil-rich buyers were investing in sugar.

Another important factor is that the world demand for sugar is steadily increasing as standards of living improve in developing countries. In the U. S. the large segment of the population under 35 provides a very strong market for soft drinks and candies. Also, the government food stamp program now makes it possible for many families to buy sugar-coated cereals and candies which were formerly considered luxury items, and were not offered through welfare programs.

The restricted use of artificial sweeteners, especially in soft drinks, has restored much of the demand for natural sugar, Mr. Holberton points out. The soft drink industry consumers about one-third of all the industrial sugar we have.

The Federal Sugar Act has been an artificial stabilizer for the sugar industry during the past 40 years. But it will expire this coming Dec. 31. The acreage allotments provided for by the sugar act assured farmers minimum prices for their beets, even before the beets were planted. However, starting in 1975, growers will be free to in-

## One Injured In Labor Scuffle

As work nears completion on the new section at the Burris plant in Harrington, the company released several employees Monday afternoon. The extreme heat of the day, coupled with the heat from tempers, caused a scuffle between those employees who had been released and those who remained on the job.

A rapid exchange of words over an extended period of time caused the ones who had been released to rush the building and those employees inside. One party allegedly began swinging a crowbar, hitting Kerry Dale of Harrington around the head. He was rushed to Milford Memorial Hospital and was released after treatment of his injuries. No charges were placed by either side.

## Democrats Plan Chicken Bar-B-Q

The Democratic Club of the Lower 35th Representative District will hold a chicken barbecue at Wheeler's Park Saturday, Oct. 19, 2 p. m. to 7 p. m. announced Monday night at a meeting of the group in the New Century Club Building.

Present were the following candidates for the November election: William Paskey, Jr., incumbent, for Levy Court Commissioner from the 35th Representative District; Carl Wright for sheriff, and Donald C. Vaughn, incumbent, of Dover, for receiver of taxes.

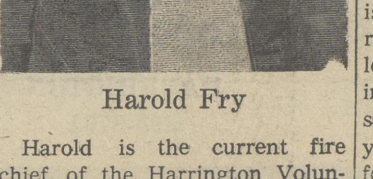

Paskey told the financial status of the county, with a healthy surplus, while Vaughn told of a more efficient handling of school taxes.

## Gun Control Film At Legion Home

The general public is invited to view a film on gun control at 7:30 p. m., today at the post home of C.K.R.T. Post No. 7, American Legion on U.S. 13. Admission is free.

William Wharton, of Greenwood, a member of the National Rifle Association and of C.K.R.T., will provide the film.

## Know Your Volunteer Fireman

Harold Fry is the current fire chief of the Harrington Volunteer Fire Co.

## Know Your Volunteer Fireman

Harold Fry has been a member of the company for over 25 years and during that time has served in many different capacities, both administrative and as an active firefighter. At the present time in addition to his duties as fire chief he is also a member of the board of directors for the fire company.

As fire chief he is responsible for the company's apparatus, its maintenance and supervising the training of its personnel. Harold is fully aware that in order for Harrington to have a well trained, well equipped fire service a considerable amount of funds is needed. He asks that upon receipt of the 1974 Fund Appeal letter each family and business in the community favorably consider the appeal and he solicits your support of the fire company for the ensuing year.

# A Visit to Fifer Farms

Young lad at the Fifer Fruit Farm enjoying the fruit of nature — and slightly afraid of the cameraman.

Last week Parker Fifer and his father, Harvey Fifer, of near Rising Sun extended to Mrs. Drain's Lake Forest kindergarten groups an invitation to visit their fruit farm. The students in the morning and afternoons classes were bussed at different times and days to the farm.

Young Fifer took each group methodically on a tour through the orchards where each student was permitted to pick his or her own apple. Fifer explained to the children how bees are used to transfer pollen from tree to tree and thereby cause the production of the apples.

From the orchards the children were taken inside the warehouse and shown how the apples are cleaned and further processed to the point where the apples are bagged. The Fifer farms produce several varieties of apples and each fall are shipped to many different areas of the country.

The Fifer family has seen their apple orchard operation grow from a small orchard and dairy farm to the massive production and shipping of apples. As the pictures indicate, the children got a real treat not only from the "free apples" but from the story as told by Parker Fifer.

### Air Show Feature Of 3-Day Milford Harvest Festival

The three-day harvest festival at Milford this past Thursday, Friday and Saturday were capped Saturday by a thrill-filled air show at the Milford Airpark. It was almost like the movies with planes of all sizes and descriptions displaying their maneuverability on the ground and in the air.

One of the planes doing aerobatic was the "Pitts Special," an American home built model costing approximately \$22,000 for the "kit" and another \$5,000 to assemble. This plane recently took world flying aerobatic honors at the Paris Air Show. The amazed crowd watched its maneuverability on the ground by making quick tight turns, fast, short take-offs, and then rising abruptly straight up in the sky. It climbed very quickly to several thousand feet. The plane was also flown upside down very easily and gracefully. At other times, it would climb straight up in the air turning and twisting in spectacular fashion. From that height, it would turn and start in a dive with motor off, and then suddenly without warning as the crowd stood motionless, the motor would cut on again.

Most aircraft were from the air club at New Garden Airport, Kennett Square, Pa., owned by Alexi DuPont, who is a collector of old airplanes. Many of the planes on display at the air show were formerly "trainers" for the old Army Air Corps and Navy. (For more details, see photos). Knowledgeable observers commented that "that one there... is a tail dragger, and that one over there taxing in is the tri-cycle type." This all related to the fact that the wheel was under the tail section or an extra wheel was under the nose of the plane.

Following the "Pitts Special", another home built model, the "Smith Mini Plane" performed. It made several low passes at the spectators leaving a smoke screen behind. This was brought about by dumping oil on the manifold thereby causing the burning of the oil and the smoke. The kids loved and understood this. Some were overheard saying "just like in the movies".

Earlier in the performance members of the "skydiving

team" of the 82nd Airborne from Ft. Bragg, N. C., made a free fall dive from 10,000 feet. They dropped 8,000 ft. to 2,000 ft. performing various acts such as: baton-pass by two jumpers, the cut-away (one jumper intentionally streaming one chute), the diamond track which is designed to show lateral or horizontal movement on the ground, and display of the new experimental chute the "pari-plane" with the American Flag flying from it as an ending to the performance. Of the six parachutists making the jump toward the intended drop-zone, all six made direct hits. This sky diving team is on special duty with the Army, having performed in 28 states this year alone. This was jump number 1399 by the team since its inception three and one half years ago, which during that time has taken them to some 45 states.

HARRY G. FARROW, JR., Publisher

"... the real problem with this country is the garage is where the smokehouse ought to be..."

It was recently brought to my attention that my friend, State Senator William J. Murphy, is recommending that a council be created at the state level to supervise the spending in the educational field—and more particularly regulate the spending of the Department of Public Instruction. The true intent of this recommendation is designed to eliminate duplicate spending among the various and sundry offices within the department.

I think this is wise thinking on Senator Murphy's part and surely suggests that someone is concerned about "reckless government spending." I do not have the particular facts before me which Senator Murphy obviously has to justify this recommendation. I do feel, however, that government—both at the state and federal levels—has been growing each year to such an extent that with "the bureaucracy and large departments" you will get overlapping in the various facets of that department.

For years it has been charged by laymen and officials that the salaries of those at the D.P.I. in regard to the work production was not commensurate with the amount of salary earned. Any of the many departments at the state level... particularly the large ones... will have this problem as a natural turn of events. The employees... to be sure contribute to this problem... but not in a premeditated manner. They, like us, are caught up in the infamous spiral. The attitude of our people across the face of this great country... despite what this President asks and suggests... "is why should I abstain or give up something... when the others around me are not doing so." Therefore... the spending goes on—and on.

I am very much impressed with Senator Murphy's plan and idea, for if duplicate spending is eliminated, money would therefore be saved. True... only to be used somewhere else, but the fact we are saving in one area is a tribute. If the amount of money which can be saved would rate in the millions... then it would be worthwhile to pursue. If the "saved money" could be directed toward "teachers' salaries, strengthen school programs and perhaps eliminate the concept of sub-marginal students in the school system, which in turn will offer these sub-students new hope, horizons, and new recognition in the classroom, the project or plan would be worthwhile. The effect is a double-barreled situation, for on the one hand it sounds like a strong "lobby" for the teachers, which is obvious they certainly need, as well as being placed on more boards as members... like school boards as well as other commissions, etc., nearer to the Governor's office. It also appears that Senator Murphy is offering the single most patent support the teachers have ever received.

It is a good proposal and I would like to see a strong plan of implementation. Good luck, Senator.

A few weeks ago President Ford formally pardoned former President Richard Nixon from any crimes, etc. It was an unpopular decision by the new President mainly because it was judged on its moral merits rather than its legal merits. Subsequent to the pardon, I conducted a survey to obtain the feelings of the person in the street regarding the pardon. It was practically unanimous that the person in the "street" felt it was a wrong decision. It was my opinion, although stated at the time to be in the minority, that from a strict legal standpoint it was the right decision. This was based on the concept that Mr. Nixon would be free to testify in open court, and to some understanding souls it would also imply... "that if you would testify freely, we won't prosecute."

Although it was not a conditional pardon, I believe the magnitude of the decision implied as much, dictated as much, etc. I also pointed out in the survey that Mr. Nixon should not be pardoned for health reasons. Why? Well... he could always go to a hospital and be cured, which apparently he has done. Still the health defense is continuously raised, and means that even though he has been released from the hospital, he is unable to sit for long periods, stand, travel, etc., for long periods of time. This is unacceptable to my senses, for No. 1, it is not necessary for Mr. Nixon to travel long distance or sit for long periods of time, etc., for he could have interrogatories taken at his San Clemente home, provided of course the defendants who are on trial in Washington now could be afforded the right of cross examination through their attorneys at the time the interrogatories were being taken. The interrogatories could be taken at intervals, taking rest periods and thereby not subject the former President to the ordeal of the courtroom. I firmly believe that his testimony should be and ought to be given.

This week is National Fire Prevention Week across the country. From the title, it is obvious what "this week" is all about. The idea behind this particular week is to make people aware of the need to help prevent fires. The need to practice ordinary safety rules is probably the basic, most important rule to follow. When in doubt, however, you can always contact your local firemen for further advice. Before going to bed some night, instruct your children what route they should take in the event the house catches on fire during the night.

Don't always suggest the most obvious route. Then... once you are outside, inform them where to assemble. This way all children and other members of the family can be accounted for. Remember that three elements are prevalent with fires—"heat, air and fuel." Take these away from the fire and you extinguish the fire. Eliminate these and you will eliminate the fire. With fuel, the ordinary vapors will ignite. Therefore, it is necessary to seal off the vapors thereby extinguishing the fire. With air situation, remember a fire needs ventilation in order to keep burning. So... close this off. If a fire is burning in the oven, don't do what most people do, either throw water or flour on it. Try simply shutting the door. This seals it off. With heat, keep it away from the source of the fire. Here again the vapors will burn.

**MY DAILY CREED**

Let me be a little kinder,  
Let me be a little blinder,  
To the faults of those about me,  
Let me praise a little more.

Let me be, when I am weary,  
Just a little bit more cheery;  
Let me serve a little better  
Those that I am striving for.

Let me be a little braver  
When temptation bids me waiver;  
Let me strive a little harder  
To be all that I should be.

Let me be a little meeker  
With the brother that is weaker;  
Let me think more of my neighbor  
And a little less of me.

**CONFUSION**

"Would you pick up another checkbook from the bank, Dear?" she asked.

"I just gave you one last week. Did you write that many checks?"

"No. I lost that checkbook, but there's no need to fret. I signed every check, so nobody can use them except me."

**Letter To The Editor**

Gentlemen:  
During the last three weeks of August I carried a petition to the doors of many Harrington people. The petition read:

We, the undersigned property owners, taxpayers and/or residents of Harrington, ask the City Council (1) to repair Reese Avenue for normal traffic, (2) to stop truck traffic on Reese Avenue, (3) to use the difference in the sum of money needed for fixing Reese Avenue for truck traffic to purchase the Hutson property and have a road built on said property, running from the Harrington-Farmington Road to the "Burriss" Warehouse Inc. property, suitable for truck traffic. This would give "Burriss Warehouse Inc." access to their property.

On Sept. 9, 1974, I presented this petition to the Mayor and Council. They had already had a special meeting and decided to fix Reese Avenue for truck traffic. There was no action taken on the petition.

On Monday, Oct. 7, 1974, I returned to Council. When

Council was asked, after a month's study, what they planned to do in as far as stopping truck traffic on Reese Avenue, which was part (2) of the petition, Mayor William A. Minner replied that since there were so many rural signers, and he had received letters from many other signers to remove their names from the petition because they didn't know what they were signing, there would be no action taken.

I now call on the signers of the petition to contact their local Councilmen and Mayor William A. Minner and express their feelings on the Reese Avenue project.

On the petition there were 272 signers. There were 27 rural signers at the most. This leaves at least 245 signers from the City of Harrington.

For those who don't know who their Councilmen are, the following are Councilmen:  
Tharp Harrington, Dr. Vincent Lobo, William Shaw, Jr., Jack Wyatt, John Satterfield and William Griffin.

Thank you,  
EARL W. McCALLEY, Jr.  
Reese Avenue  
Harrington, Del.

ville, N. J., is visiting her daughter and son-in-law, Lawrence Kates, of Felton for several weeks while recuperating from recent surgery at Kent General Hospital.

Mr. Leroy Swain of Felton was installed as Noble grand on Monday evening at the meeting of the Independent Order of Odd Fellows, Felton Lodge No. 30. Other officers are Herbert Hussy, vice grand; David W. Lack, recording secretary; William A. Robinson, financial secretary; Charles Roland, treasurer. Officiating for the installation was District Deputy Grand Master Reese Donaway, Georgetown.

It will soon be Hallowe'en costume time. Boys and girls in the Central Kent area are invited to participate in a parade to be held on Oct. 26, sponsored by the Kiwanis Club of Dover. Prizes include a bicycle, money and gift bags. Mr. George Nemeth is parade chairman. So kids—6 to 14—start planning if you are to be a spooky character or a funny one. Your registration form must be signed by a parent and mailed by Oct. 21 to Dover Kiwanis, P.O. Box 23, Dover.

K-Mart and Kent County Business Machines have an additional supply of forms.

Another opportunity to don a Hallowe'en costume — both young and older folks — will be at the covered dish supper on Oct. 19 at Magnolia United Methodist Church at 6:30 p. m., sponsored by the Church School teachers.

Ron Reed of Rising Sun and his able assistant, Cliff Jones, enjoyed cooking breakfast Sunday morning at Magnolia United Methodist Church for men of the area. This was a new venture in fellowship and will be continued the first Sunday of each month at 7:30 a. m. with a cordial welcome to both men and women. The menu last Sunday was pancakes, eggs and sausage, juice, rolls and coffee.

#### Asbury U.M. Women Meet

Mrs. Gary Homewood presented a program entitled "Fal" at the meeting of United Methodist Women at Asbury on Tuesday, Oct. 1. Mrs. Howard Wagner shared with the audience some slides taken during the autumn months in New England.

Devotions were given by Mrs. Mark Willey, with Mrs. Guy Winebrenner offering the prayer and serving as accompanist.

Mrs. J. Edward Taylor presided over the business meeting. On Friday, Oct. 4, a meeting of the W.C.T.U. was held at Asbury. A luncheon was served by the United Methodist Women.

On Oct. 17 the Dover district fall meeting will be held from 10 a. m. to 3 p. m. at Asbury. Lunch will be provided by the U.M.W. and Mrs. Francis Winkler, chairman, has asked for help from circle leaders. Four ushers, two people to keep the nursery and a pianist are needed. Call Mrs. Taylor.

The annual fall bazaar at Seaford Manor House will be held Wednesday and Thursday, Nov. 6-7. Donations are needed for the bake shop, arts and crafts, flea market, flower shop, children's shop, and apron booth. Mrs. Jack Harrington will take any donations to the bazaar.

The annual UNICEF fund drive has been tentatively scheduled for Oct. 24 immediately after school. Children will be asked to meet at the Harrington New Century Clubhouse to get their official identifications and drivers. Mrs. Kenneth Outten is serving as chairman from Asbury. Trinity Society will also share in the planning of this most worthwhile activity.

The November meeting will be planned by Mrs. Charles L. Peck, Jr. Her guest for the evening will be the Rev. Olin Shockley, district superintendent.

Oysters may be lused in combination with other seafoods and meats such as fish, crabmeat, shrimp, ham, turkey or chicken.

The oyster industry in Maryland includes more than 9,000 watermen.

The Milford Socialization group displayed many of their arts and crafts on the sidewalk spanning the Mispillion River. June Drzymanski, who teaches the art of "hand painting china" at her home outside Milford, also had many of her works on display. Many of the exhibits by Mrs. Drzymanski displayed intricate workings and designs resulting in a beautiful product once finished. Pat Barrows exhibited her craft of "hand made doll clothing" for her dolls. She claims to have made some 400 during the course of pursuing this hobby. Jan Ujvarosy had his exhibit photo-reproductions, which proved to be very interesting. The price of the dolls once finished ranged from \$8.00 to \$15.00. In addition to the arts and crafts, there was a display of animals for the children... "the petting zoo", and some new 1975 model automobiles on display. The Carlis'e Fire Co. was also on hand with several pieces of their fire-fighting apparatus.

## TOWN AND COUNTRY TOPICS

Fall is a good time to build a compost pile if you want good, rich synthetic manure for just the price of your yard and garden refuse. Pretty soon the leaves will be falling, the garden will need cleaning up, and the grass will need to be cut once or twice more. All materials make excellent compost along with kitchen scraps and other organic matter.

Depending upon your resources, a number of frames can be constructed rather easily. Chicken wire supported by stakes, a wooden slatted bin, cinder blocks, or just a simple pit will give support for your compost pile. A good size heap should be about 4-6 feet high, four feet wide, and long enough for the material to be composted.

Plant material for composting is used on the first layer. The organic matter layer should be approximately 6-12 inches deep, then the top may be sprinkled with a complete fertilizer to help in the breakdown. Lime can also be added to counteract any acid buildup which might slow down microbial action. The organic level is then covered with from 1 to 3 inches of soil. This layer is repeated until the pile reaches the desired height. The top of the pile should be depressed so it will hold some rainwater. The organic matter should be watered as the layers are built.

After a month the pile should be turned to facilitate even decomposition. The edges will dry out and tend to decompose more slowly than the center, thus necessitating the turning to aid even decomposition.

There are many variations on this topic, and this brief description is not meant to be the last word on compost piles, but a guideline. Variations will suit different needs, and budgets. In the end, however, you will have an excellent synthetic manure for home garden and flower bed use. Two to four bushels of well-rotted compost per 100 square feet would be considered a moderate application in the home garden.

## Senior Center Activities

By Sam Short

At the recent membership meeting it was voted to hold the membership meeting and birthday party the third Tuesday of each month. Twenty-seven members voted for this change.

On Oct. 17 the Center will be going by bus to Lancaster, Pa. Cost to members will be \$6.75 and non-members \$10.25. Lunch will be furnished free.

On Oct. 18 a covered dish luncheon will be held, followed by a Halloween party. Every member is requested to mask and wear something wrong side out and bring a covered dish for refreshments. Charlotte Welch, with the help of Mrs. Ann P. Tucker of Greenwood, will have charge of decorations.

Oct. 31 an all-Center Halloween party will be held at St. Joseph's in Smyrna. Every one is expected to be masked and dress as funny as you can. The bus will leave at 10 a. m. and return at 3 p. m. Lunch will be served and a donation for the meal will be expected. Our Center is to have charge of the "spook house." Any member who can think of something spooky should inform the committee.

We cleared close to \$80 at the last porch sale, but still have a lot of children's, women's and men's wear left over. Come in and get your needs before we dispose of them.

Members with birthdays in

October were entertained by the Center on Oct. 1. The following were present: Anna P. Tucker, Leah Coleman and Herbert Husel. Others observing birthdays this month but not present are Grace Bonniwell, Elma Thorpe, Florence Layton, Franz Hansen, Gracey Dennis, Emma Passwaters, Ruth Sipple, Anna Mae Short, Mildred P. Minner and Elsie Pitlick.

Albert Stevens still leads the group in bowling rolling two games totaling 338 pins. Andy Anderson followed with 244.

Did someone say when you grow old your life is through and all there is to do is sit around and grieve about your age? Not so! If you want to enjoy the later years of life, come and join the Center.

The kitchen band, known as the Harrington Senior Jolly Timers, motored to Millsboro Center on Oct. 2 and entertained 198 of its members. We now have 12 in the band and if you have any musical talent and would like to join in the fun and are 65 years or older, come on in; we have a place for you.

On Monday, Sept. 30, we entertained the patients at the Messick Nursing Home on Center Street.

Ernest Gleason and Lelia Hopkins are still on the sick list.

Following is a menu of meals to be served at the Center and will be advertised each week:

Oct. 10 — Savory beef stew, buttered peas, southern cornbread, sliced peaches.  
 Oct. 11 — Chicken croquettes with creamy gravy, buttered

cha-ped broccoli, pimento corn, peanut butter surprise cake.

Oct. 14 — Closed, Columbus Day.

Oct. 15—Italian lasagna, tossed salad w/Italian dressing, Italian bread, whole plums.

Oct. 16—Breaded pork steak with gravy, mashed potatoes, zucchini and tomatoes, fruit cobbler.

There are bus seats available for anyone interested in the "Fall Foliage Tour" of Lancaster County, Pa., Oct. 17. Call 398-3908 for further information. Cost of the trip is \$10.25 including dinner.

## Spartans Win One

By Ray Blanchette  
As the cliché says, football is a game of inches, and this was never truer when Lake Forest met Dover Air Saturday, defeating them, 13-8.

In gaining the first win of the season the Spartans combined a defense that bent but didn't break and an offense that relied almost exclusively on John Pickett's (29 carries, 159 yards) and Zack Taylor's (8 carries, 42 yards and 2 touchdowns) rushing.

Following a scoreless first quarter Lake Forest capitalized on the Falcons' first big mistake of the game. After a standout defensive series for the Spartans, Dover was forced to punt but the kicker fumbled the snap and was tackled on his own 18-yard line.

Three rushing attempts by Pickett netted 12 yards and a first down on the six-yard line. Pickett then carried to the four, but on the next play quarterback Lester Blades was trapped for a three-yard loss, leaving the Spartans with a third and seven situation. Taylor carried it in from there for the touchdown, a Russell Dick kick was blocked, and the Spartans led, 6-0.

Following an unsuccessful Dover Air drive, the Spartans had possession, only to have Taylor fumble, thus giving the ball back to the Falcons on the 17. Four plays later Willie Eaton scored on a seven-yard run and also ran in for a two-point conversion, making it 8-6.

After a scoreless third quarter featuring great defense by both sides, the Falcons punted and Lake Forest was pinned back on its own 15-yard line. It was from here the Spartan quarterback Blades engineered an 18-play, 85-yard drive which was capped by another seven-yard touchdown run by Taylor with the extra point kick by Dill.

The turning point in the drive came early as on a fourth-down play from the 30, Coach Al Wood talked over the situation with Blades and decided to gamble. It succeeded as Pickett broke through for a seven-yard gain.

The Falcons were not about to

give up, however, as following a superb tackle by Bruce Benson on the ensuing kickoff Dover Air began its drive. With time running out, the Falcons, aided by an offside penalty against the Spartans, were only one and a half yards away from the winning touchdown. On the final play of the game the Spartan defensive line stacked up the Falcon attempt inches short of the goal line, sealing the victory.

The game was very evenly matched, with the Spartans' one big drive spelling the difference. Dover Air ran off 53 plays to the Spartans' 51. The victory was the winners' first of the season.

Friday Lake Forest takes on Cape Henlopen at W. T. Chipman field. The Viking are coached by Former Spartan mentor Bill Meulheisen and should be a tough foe, despite the untimely death of team captain Kevin Kennedy in an automobile accident. Last season the Cape romped over the Spartans 51-6 as super-back Henry White ran wild.

### WHO IS IT?

If this student will identify herself by noon Friday, the 11th of Oct., 1974, she will win \$2.50 cash.

Paul McClellan, George Gibbs, John Moffett and Steve Salsbury beat Laurel's No. 2, Ward, across. Charlie Scott, improving freshman Kelly Woodward, Herb Jarrell, Eugene Butler, Rick Woodward and John Nickle gave Lake Forest 20 of the first 22 finishers.

Terry Phelps, Jeff Kashner and Billy Mitchell, three hot junior school prospects, led W. T. Chipman runners, followed by Sylvester Jones, John Gilmour, Mark Homewood, Rosaria, McDougall, Hendricks, O'Toole, May, Rager, McCombs, and 10-year-old Laurie Gibbs.

Lake Forest with a record of 3-0 leads the Henlopen Conference.

The Spoilers moved up into first place defeating Penn Central in all games Tuesday night. John Shoffer rolled a 538 series and Leonard Outten hit a 521 set for the Spoilers.

Big John's Son continues to bowl well as they collected four big points by squeezing past Taylor & Messick as Bill Kohel rolled a 211 game and 540 series, combined with a 527 series effort by Mike Kohel. Kenny P. Outten hit a 545 series.

Buck Thompson paced the Brothers Five team to a three-point victory over Butler's Fuel as he hit a 532 series.

Fry's American, paced by Leroy Wheeler with a 595 series, which included a 236 game, took three points from the T. & M. Rejects. David Reiff also had a good night for Fry's.

McKnat Funeral Home went into their contest with three bowlers but managed to take three points from Quillen's Market as Ken Carey same through with a 200 game.

## LFHS Harriers Swamp Laurel

Coach Jim Blades' Lake Forest Spartan harriers were perfect Monday afternoon against Laurel High School here.

Joe Voshell moved back into the No. 1 Spartan ranking by winning the race (2.4 miles) in 13:05. Harry Benson was second at 13:09. Teammates Terry Pettyjohn, Dan Parker, Kit Tilghman, Bob Mullane and Bob Kashner were next to give the winners a 15-50 triumph, equivalent to a baseball shutout.

Craig Kashner, one of four brothers on this team, was eighth in personal record time (13:57). Dave Richter broke 14 minutes for the first time. Ed Thompson completed the top 10. Evans, No. 1 Laurel harrier, was 11th.

## Lake Forest Cross-Country Team Competes In Salesianum Invitational

Lake Forest's cross-country Spartans stepped up a notch or two in caliber of competition and did a fine job in the Salesianum Cross-Country Invitational held at Brandywine Creek State Park last Saturday.

Sixteen schools with 112 runners answered the starting gun. Lake Forest was one of the three small schools entered, but finished seventh despite losing No. 1 Spartan, Harry Benson, to leg miseries early in the grueling test.

The 2.9-mile Brandywine Creek course is the toughest we have seen, and we've seen a few. It has three long, steep hills, plus a series of lesser slopes.

Salesianum, a school with more boys than Lake Forest has students, was the team winner, with Monsignor Bonner of Philadelphia runnerup. Conestoga High and Devon Prep of Pennsylvania captured the last two team trophies by finishing third and fourth.

Joe Voshell, 23rd of 112 runners, was the first Spartan to finish. If Harry Benson had not had leg problems he would have been near his teammate and Lake Forest would have been fifth, probably a more true indication of the Spartans' ability.

Freshman Dan Parker, in 32nd spot, did exceptionally well for a 14-year-old.

Other schools finishing below the Spartans were Dover and St. Marks, of Delaware, plus Pennsylvania teams from Episcopal Academy, Wyomissing, Bishop McDevitt, Great Valley, Bishop Kenrich, Father Judge St. James of Chester tied the locals and Cardinal Daugherty of Philadelphia was slightly ahead.

In a nine-team jayvee race, Lake Forest was third, led by the outstanding running of freshman Craig Kashner and junior Craig Dasher, both of Canterbury. Richter's 17:05 clocking would have won the freshman race if he had been in it and was good for a medal-winning fifth place. Kashner (12th), Gibbs (20th), Paul McClellan (22nd), and Herbert Hoover Jarrell (40th) were other Spartan scorers.

This was the highest level of competition ever entered in 18 years of cross-country competition here.

## Member-Guest Golf Tourney Held At Shawnee Country Club

Sixteen teams participated in the two-day golfing event last weekend at the Shawnee Country Club. The turnout for the tournament was off somewhat from what was expected.

The closest to the pin contest on Saturday was won by Don Sinclair of Newark on the 145-yard third hole when his drive landed three and a half inches from the hole. Sinclair was the guest of Bob Slattery. On Sunday it was won by Wally Moore, non-resident member of Ridley Park, Pa. The other contests were as follows:

Low net—1st, Jim Carnright of Milford and guest Bob We-waldt (White Marsh), 59-60 for 119 total; 2nd—Roy Arnold and Harry Coar, 61-61, for 122.

Low gross—1st, Jim Carnright (Shawnee) and M. L. Bradford (Maple Dale), 72-72 for 144; 2nd, regular play finished tie between Jerry Medd (Shawnee) and Dr. Joe Morgan (Rehoboth

C. C.) with Cookie Lucas (Shawnee) and Charlie Birch (Maple Dale) at 146, with Medd-Morgan winners on first extra hole.

Low score Saturday — Bob Slattery (Shawnee) and Don Sinclair (Newark), at 60.

Low score Sunday—Harry Jarman and Lee Elton with 60.

Harrington area participants were Tom Kremiski of Harrington-Milford Road and Bill Gregg (Garrison's Lake) at 139, and Carrington Burgess and Leon Kukulka at 129.

Tom Clendenen (Caroline C.C.) and Bill Talyor (Shawnee) participated in a better ball tournament at Caroline Country Club over the weekend. The Clending and Taylor team took second honors in the event. They each won \$25 worth of pro shop prizes.
