## City Employees Get Pay Raise

Please, Doc Ricker, anything but that shot!

Following an executive session Monday night, Harrington City Council voted a unanimous 6 per cent pay raise to all city employees, although most of the employees felt it was inadequate, particularly the police department.

All members of the police department were present and voiced objections to the 'token raise' and which, according to them, would not be enough to raise them out of living 'in the red'.

Prior to the meeting Councilman John Satterfield objected to the presence of a

tape recorder brought to council by Dr. Vincent Lobo. As Satterfield rose to leave the meeting, a letter from N. Maxon Terry, Jr., City Solicitor, was read by Mayor Minner which indicated tape recorders were legal during meetings. Terry also indicated a vote could be taken to keep or not allow such recorders. Councilman William Griffin, who questioned the "purpose of it all", moved to do away with the tape recorder. Unable to get a second to the motion, the motion was killed.

In other actions, the Mayor

announced that 4 applications had been received for the City Manager's position, and two others had picked up applications. George Robert (Bobby) Quillen was the only local to file for the position. The Mayor appointed Councilmen Griffin, McCole, and Shaw as a committee to interview and screen the applicants for the job.

In separate actions, the Mayor heard motions to give the W.T. Chipman Band Boosters \$100 toward purchase of their new uniforms.

With Council's approval, the Mayor named Arthur (Buck) Cahall to the Planning and Zoning Commission to fill the vacancy created by the death of Clarence (Duke) Rash.

Earlier in the meeting, Clark Carbaugh, an engineer for Richardson & Associates, gave a long and technical explanation regarding the need for expenditures to meet the standards set by the state on waste disposal, and in particular the waste disposal

system for Harrington. The cost will be over \$50,000 with the City required to pay \$15,000. The difference will be Federally and State funded.

Pay scale as of February 10, 1975: City Clerk, Joan B. Wilson, \$116.60 per wk.; Part-time Clerk, Norma J. Short, 2,385 per hour; Police Chief, Edward Layton, \$159.00 per wk.; Corporal, Royce Purcell, \$148.40 per wk.; Patrolman, Wm. Jopp, \$143.10 per wk.; Patrolman, Stephen Dellinger, \$132.50 per wk.;

Part-time Policeman, Alfred Holt, 2,915 per hour; Street Supervisor, D. Dale Phillippi, \$174.90 per wk.; Street Men, Thomas Hopkins, J. Wesley Fisher, Deweese Fisher, Reynolds Bright, Charles Fisher, 2.65 per hour; Sup. Sewer Plant, Robert Hassett, \$159.00 per wk.; Treasurer, Howard Wagner, \$318.00 per year; Alderwoman, Anna R. Hampton, \$53.00 per month plus all court costs plus 10 per cent of all delinquencies she collects.

## Board Agrees To Help Finance Purchase

## Chipman Will Get Uniforms

Monday night during the regular monthly meeting, the Lake Forest School Board band booster representative Mrs. E. B. Warrington, that money would be made available to the group to help finance the purchase of 100 new uniforms for the W.T. Chipman band. At the cost of approximately \$13,000, the uniforms have been the subject of a door-to-door campaign in the school district over the past two weeks, with one week left to canvass in the Frederica area. Mrs. Warrington stated the solicitations would be about \$7,000 which is what had been

expected. The School Board agreed to make up the difference with bank loans, thereby making possible the replacement of uniforms that have been used from 12 to 22 years in some instances.

Even though there was no meeting in January due to several postponements, the agenda was light for the regular monthly meeting. Principal William Griffin submitted ten applicants for the new head football coaching job. Griffin said that his committee to select five of the ten as the best prospects would be done at the March meeting. Griffin also got the approval for the L.F.H.S. Band to participate in the

Virginia Poultry Parade in Harrisonburg, Va., on May 14th. There will be 30 other bands competing in this event.

The Vocational Fair, always a highlight of the school year, was announced as being held this year on the 13th of February.

Bill Comer, who heads the drama department at the school, got approval for an additional \$500 for lighting which he had requested in an earlier meeting.

Two replacements were named: Mrs. Kathleen Outten to replace Denise Coates and Thomas R. Mackey to replace Connie Duane as Special Education teacher.

Student Council

Representative Lynne Parker reported a special request from a special group being the smokers among the students. This group wanted to be able to smoke between classes, study halls and lunches. Essentially they wished to smoke in the school buildings. They agreed to monitor the bathrooms and all areas assigned for smoking. Currently a student can receive six hours for detention if caught smoking. This group agreed to receive 10 hours of detention if the rules are not obeyed. The Board turned down this request, feeling that if such practice is adopted in the future, it should be in areas away from the school buildings.

Over 1,000 dogs were given rabies immunizations Saturday at the clinic held at the Foxhunters Association west of Harrington. As seen in the photo, owners and pets came in all types and sizes. Reportedly, the clinic went well, even if the participants may have been somewhat reluctant. The clinic was part of an effort to help institute the newly passed law requiring inoculation against rabies.

## THANKS!

On behalf of the Harrington Vol. Fire Co. I would like to thank the citizens and merchants of Harrington for the financial support received during our 1974 Fund Appeal.

We are very fortunate in that 90 percent of our goal was reached, and considering the present economic situation, we are very thankful. We will try to use the funds donated as wisely as possible in the continuance of providing prompt, efficient, emergency and fire fighting service.

Thank you!

BILL MANSHIP  
1974 Fund Appeal Chairman  
Harrington Vol. Fire Co., Inc.

## Miss Dill Receives Award

Nancy Dill, daughter of Mr. and Mrs. Jack Dill of Harrington, has received the Betty Crocker Award for Leadership in Family Living, given at Lake Forest High School. She is also one of the fifteen finalists in the state competition.

The winner was determined by an extensive test administered at the school on December 3. Sponsored by General Mills, Inc., the test covered ten major areas including health and safety, family relationships, home care and beautification, and money management.

To qualify for the test, a student must be a senior or graduate, and must be certified by the school principal. This is only the second time Lake Forest has sent a student to the state finals.

Miss Dill plans to major in special education. She is

Nancy Dill

currently working two hours a day at Lake Forest North, teaching and counseling children with learning disabilities. At the high school she is active in National Honor Society, Student Council, and the Conservation Club. She is president of the Future Homemakers of America. In her spare time, Nancy is a piano teacher and an organist for two area churches.

## Woodbridge Board Meets

by Rita Cannon

Dr. Rudolph Beckert, president, called the January meeting of the Woodbridge Board of Education to order.

Minutes of the previous meeting, as well as the claims and financial statement were approved.

The hearing with the State Board of Education for Clifton Tatro has been set for February 20.

At the request of the Board, the State Hazards Committee reviewed an area on routes 574 and 575A. There has been no answer on their findings.

The School Calendar for the 1975-76 year was approved.

Minor capital improvements to each of the three school buildings was presented to the Board. These include replacing lavatories, doors and lowering ceilings. The Board decided to get estimates before taking any action.

Mr. James Lynch, principal, gave a report on the enrollment at Bridgeville Elementary and North Bridgeville Elementary.

A quote from Delmarva Paving Co. on the construction of a shoulder adjacent to the bus parking area was read at \$933.00 or \$435.40 depending upon the type of material chosen.

## DuPont Holds Grassroots First

In what he termed an experiment, Pierre duPont, (R), the lone congressman from Delaware, spent an hour and a half Monday night answering questions put to him by area residents. A turn out of approximately 40, representative of various ages, were on hand as he opened the evening by remarking on the fact that the teacher pay raise veto, which was acted upon by Governor Sherman Tribbitt was not his department and that he had no comment to make regarding the act.

A chunk of the evening was devoted to the existing energy problem. The present economic situation is, in part, he said, due to the previous energy crisis and subsequent hike in oil prices instituted by the Arabs. He continued it is "very important that we not be vulnerable" at this time, in regard to reliance on foreign powers for energy supplies.

In light of the existing energy problem he said the "worst solution is to do nothing". Gas rationing, in his view, would also be a disaster, in that it would "do nothing to develop our energy" sources here, and it would cause the government to make all the

decisions we are presently making.

DuPont remarked two possible solutions might either be a broad tax, possibly like President Ford's, or a straight gasoline tax, which he remarked might be as high as 30 or 40 cents a gallon.

In comments about the recent controversy regarding the passage of the tax on Getty which was vetoed also by the governor, duPont remarked it was a "revolutionary tax bill" and remarked he felt "Delaware has suffered an enormous black eye" in regard to the future for prospective industry in Delaware.

Questions concerning the possibility of an off-shore refinery or possibly a superport were parried with his remark that "A superport would indelibly change southern Delaware forever".

Although several questions regarding gun control laws and prison reform surfaced, most other questions asked dealt with the economy. There was a prevailing atmosphere that government was frittering away money in a wasteful manner. Such questions covered social security reform in an effort to

give benefits to the worker who has to pay for the benefits. When asked about the possibility of a national health plan, duPont said considering the economic situation this year, nothing would be forthcoming in his opinion. It was a future possibility in his view, however.

The question of his future political aspirations was raised, in particular, his possible interest in the governorship of Delaware. He replied to date he was "very cool" about the situation, but would be forthcoming with a statement this summer. When asked why he had aspired to be a representative, he remarked that "by and large the federal government has made a mess of things" and he hoped to help correct problems.

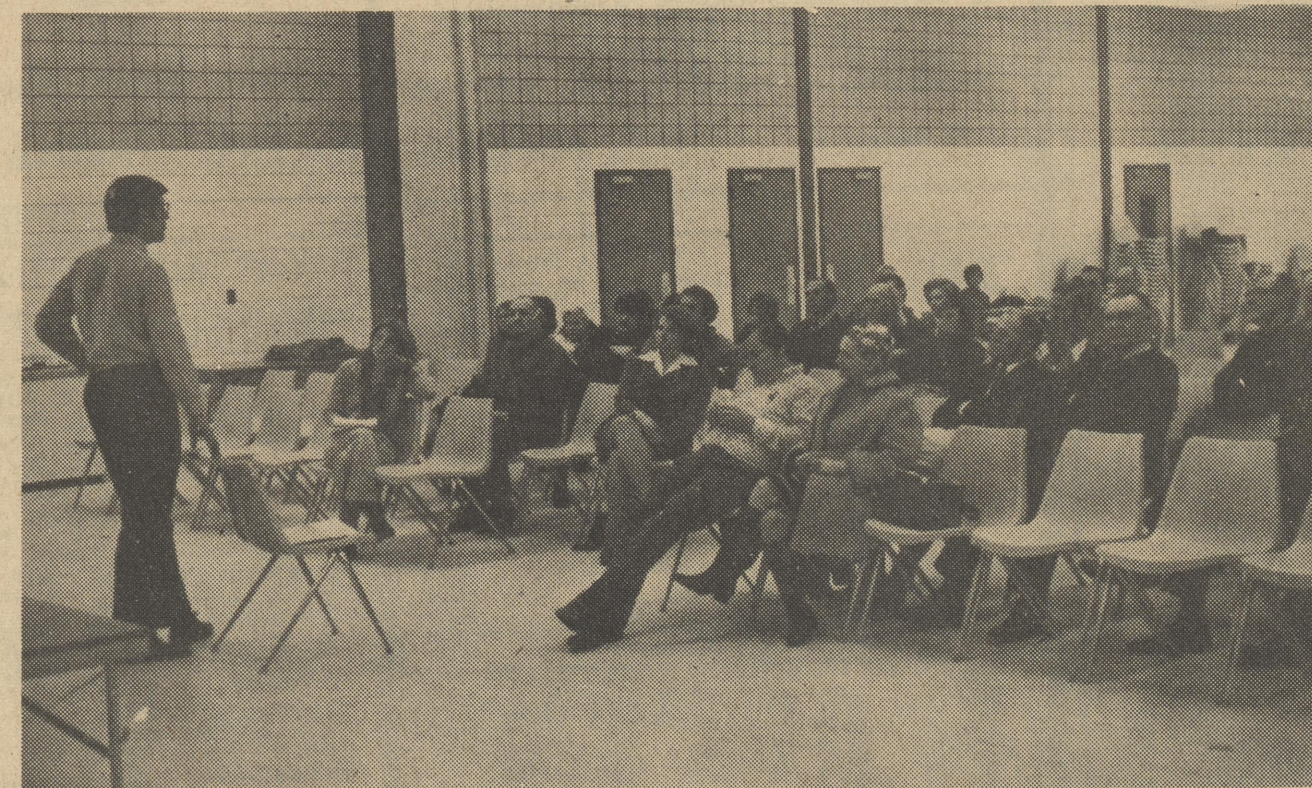

At the conclusion of the rapid fire question answer session, which took up the greater part of an evening, refreshingly free of political soap box oratory, he asked the assembled group what they thought of this first 'experiment' and received a flurry of applause. It was evident Pete's experiment was a success.

## Loveless Graduates

A Harrington man has graduated at Lowry AFB, Colo., from the technical training course for U.S. Air Force munitions maintenance specialists.

Airman Joseph A. Loveless, son of Mrs. Shirley S. Dillard of 104 Fleming St., Harrington was trained to inspect, assemble and dispose of explosive munitions. Completion of the course enables him to receive academic credits through the Community College of the Air Force. The airman now goes to Spangdahlem AB, Germany, for duty with a unit of the U.S. Air Force Communications.

Airman Loveless is a 1974 graduate of Lake Forest High School, Felton, Del. His father, retired Air Force Technical Sergeant Joseph E. Loveless, lives on R.D. 2, Wyoming.

Delaware's Representative Pierre S. duPont (R) conducted a question-answer session for area residents Monday night at Lake Forest High School.

## Farmers Urged To Use Fertilizer Wisely

Farmers should consider using their available nitrogen fertilizer on wheat, barley and corn rather than on soybeans this year, according to William Mitchell, extension agronomist at the University of Delaware.

Mitchell said research in some of the major soybean producing states has shown that "well nodulated soybeans do not generally respond to nitrogen fertilizer because they get enough nitrogen from the soil and the rhizobia (nitrogen-fixing bacteria) in the root nodules." He said since soybeans are a legume they can fix enough atmospheric nitrogen in addition to that already available in the soil, to produce yields of 60-70 bushels per acre. The national average yield for soybeans in 1974 was about 24 bushels per acre.

USDA figures show that farmers applied upwards of 86 thousand tons of nitrogen to their soybeans in 1974. This is enough fertilizer to treat nearly 1.7 million acres of corn at the current rate of 103 pounds per acre, he said. By

not applying nitrogen to soybeans, farmers could save about \$4.50 per acre in fertilizer costs. This is based on a price of 30 cents a pound for nitrogen and a 15 pound per acre rate of application. This means, Mitchell said, that a farmer with 100 acres of soybeans could save some \$450 in fertilizer costs.

USDA's Economic Research Service estimates that 22 percent of the harvested soybean acreage in 1974, in the major soybean states, received commercial fertilizer at an average rate of 15 pounds of nitrogen per acre,

or about one pound more per acre than was applied in 1973. In some states, nearly half the soybean acreage was fertilized with nitrogen.

Because of the current tight supply-demand situation and the high cost of nitrogen fertilizer, Mitchell said farmers should carefully review their fertilizer use plans for 1975. Since it has been shown that nitrogen does not usually increase soybean yields, Mitchell said, it would be better to use it on crops that require applied nitrogen, such as small grains and corn.

Schools of the Lake Forest School District will be closed on Friday, February 14 as there will be an inservice day for teachers and also on Monday, February 17, for a Mid-Winter Holiday.

## Acting City Manager

At the monthly meeting of the Harrington City Council, it was officially announced that Mrs. Lewis (Joan) Wilson of Weiner Avenue, Harrington would be the "temporary" acting, intervening City Manager. John (Jack) S. Harrington's letter of resignation was officially accepted at the meeting.

Mrs. Wilson in her first official statement made it clearly known "that this was a temporary appointment only until a full time City Manager could be found". Mrs. Wilson had been filling in for the City Manager since the resignation of Harrington.

She is the former Joan Bush and is married to Lewis (Jake) Wilson. The couple have five children.

**Publisher's Choice...**

Harry G. Farrow, Jr.

In our youth we dream about the things to come. For the most part they never really turn out the way we had hoped. Dreams though are for our youth. We soon learn that the older we get the harder we have to work. "There but for the Grace of God goes I!" is a quote we have often heard, for we fully realize that the margin between victory and defeat...win or lose is a small one...particularly if the competitive spirit is there.

Many times I have referred to Charles F. McDowell, my law professor at Washington & Lee University. It is fitting that I do so again in this context. I was never one of his favorites, but I really appreciated him. He would call on me from time to time in class...never giving me time to answer the question. He concluded that I did not know the answer, but sometimes my papers proved to be the contrary. It is true that I did not always understand him...appreciated him, yes...but only after graduation did I begin to understand what he had been talking about. One of his favorite comments...which I think is fitting here was "...Gentlemen...when I was your age I used to think that by the time I had reached my age, I would be spending my winters in Palm Springs or somewhere in Florida. We just don't know how things are going to work out...now do we?" (He would answer his own questions too!)

It is true what Mr. McDowell said over the three year period which I knew him. Yet...on the other hand we play out a large role in our own destiny. It has always been my fervent belief that you should never quit, but give the situation your entire effort. It will yield the best results.

I have a great deal of respect for John Satterfield, for his successes as a business man are well charted. He knows a great deal about the dealings of the City, for...as long as I can remember...he has been associated with the affairs of the community. That in itself means a whole lot.

When Dr. Lobo refused to turn off his tape recorder at Monday night's Council meeting, after John had asked him, John in turn bid me goodnight, and walked out. I kept hoping John would come back, but he never returned that night. In all of the meetings of City Council which I have witnessed that one was one for John Satterfield. The City Engineer was there with so much technical jargon it had all of us babbling to ourselves. John might have straightened it out. In case you haven't heard John, they voted to buy a newly-used trash truck. I know how you would have voted and argued there. I can hear you now, "...let's fix up the old one. I believe in running them 'til the wheels fall off."

Before the last election, your side won the close votes. Now...the tables are turned, but we still need you at the Council table. Your knowledge of this community is invaluable. You know...there is more than one way to skin a cat. You could buy a tape recorder and tape them...or in the alternative buy one for the City and let Norma Short tape all of you. In the end, your decisions may not be right or agreed upon, but you are still liked and needed...at the Council table.

**FROM THE FRYING PAN...**

Much has been written about how man will eventually be the end of himself and his weapon is at hand already, and made by his own hand. Not the atomic bomb, or other lethal devices, what will do man the final blow will be the computer. Ever run afoul of a computer? Try to write one a letter sometime about an error, especially in a bill. By sheer power, electrical or otherwise, the computer is favored... no gastric juices, no migraine headaches, no temper to lose, only a short or malfunction to worry about.

Let's face facts, ours is a number-locked society...figures make the man...his social security number, his insurance number, his bank account, his zip code, his telephone, house or apartment number, his street or RFD number, his license plate, driver's license number...even expressions of great import... like looking out for number one. Then there are poll results, in which one nearly feels obligated to respect the impressive sounding numerical results. And the great measuring device of the period... statistics. If it isn't according to statistics, trouble follows.

The ground work is laid and the enemy is at hand. Our best defense is a sense of humor, something a machine neither has nor understands, and the best defense we have in our number-oriented society.

That's it for now, or better yet, 10-4.

**Our Men In Washington  
Biden's Bill To Give Elderly A Break**

The elderly - those 65 and over - are among those who are most victimized by a recession-inflation economy such as we in America are now laboring under. In Delaware alone approximately 13 percent of our state's population, or about 44,000 persons are 65 years of age or over. Poverty is no stranger to these Americans.

Elderly Americans pay more than 10 of each dollar of their incomes for natural gas and electricity, compared to 2 percent paid by middle-income groups. Per capita health care expenditures for the elderly are three times higher than those for persons under 65, and while individuals under 65 pay 23 percent of their incomes for housing, older Americans pay 35 percent. While food costs have risen 15 percent during the past year, elderly incomes have remained fixed.

The Ford administration's solution to the problem is to raise the price of food stamps, limit the automatic cost-of-living increase in Social Security benefits to five percent instead of the projected higher rate and to grant a tax rebate, which only 20 percent of all elderly would receive.

I have determined that I will use my vote to try to discourage unwise or wasteful spending. But, I do not share the President's view that the way to do this is to place the burden on older Americans, who have already shouldered the brunt of inflation.

Although I've introduced legislation to provide a \$50 tax credit to all taxpayers, most senior citizens would be ineligible because so few of them pay federal income tax. For this reason, I have introduced legislation which would grant social security recipients a bonus in the form of one additional payment equal to one-half of their monthly benefit check. This additional payment would be financed from the general revenues, not the Trust Fund, and it would be payable to individuals who currently receive benefits under Title II of the Social Security Act. Therefore, individuals receiving this additional payment would include retired workers receiving benefits for old age or disability, dependents of retired or disable workers, and surviving family members of a deceased worker.

In this regard, a recent government study urged the

consideration of other policy options to supplement the existing federal assistance programs which are inadequate to meet the needs of the poor. Among the options stated were changes in the food stamp benefit structure to lower the purchase price of coupons, and an energy stamp program to provide needy families and individuals with coupons to be used in purchasing home heating fuels.

I am concerned that we in the Congress have just been presented with a proposed 1976 Presidential budget, one-seventh of which is deficit. We cannot turn away from this problem. We must cut unwise spending fully and promptly. But we cannot turn away from the elderly, poor and disabled individuals who cannot fend for themselves.

The cost of the additional payment would be financed from the general treasury so as not to place added burden on the Social Security Trust Fund.

My bill would provide at least some small relief to Senior citizens from a staggering inflation. It could help them meet their energy costs, for example, or purchase more food.

**Roth Cites The Great Budget Deficit**

President Ford's budget message contained some disturbing news, and it sent a clear signal to Congress that the spending days are over and it is time to pay the bill.

The President's budget estimates a deficit of approximately \$52 billion in fiscal year 1976, a \$1 billion-a-week deficit for our bicentennial year. This comes on top of a projected deficit of almost \$35 billion for the fiscal year ending June 30, and that is 10 times greater than the previous year's deficit.

While a portion of these budget deficits are caused by the recession and increased aid to the unemployed, a large part of the deficits are caused by the unrestrained spending habits of the Congress. These

deficits are highly inflationary, and they will probably mean even higher interest rates, less production, and more unemployment.

What disturbs me even more is that in all likelihood these dreary numbers do not represent the actual final figures.

First of all, the \$52 billion deficit does not include over \$10 billion in deficits from a number of federal agencies that are not included in the budget.

Second, the budget figures are based on the premise that Congress will go along with the President in holding back spending 'increases' in a number of areas. If this doesn't happen, and I am not very confident that this Congress will vote to cut spending, the budget deficits will increase by another \$17 billion.

the bureaucracy, and less and less of it is going for real assistance.

We must slow down the rapid annual growth of federal spending. The fiscal 1976 budget is over \$100 billion more than the budget of just three years ago.

The Congress must realize that there are practical limits to the growth of the federal Government's role in our society, and if this trend in government spending continues, the burden on taxpayers will become much greater than it is today.

**Letter To The Editor**

To The Editor:

The Committee for the "Colby Sherman Fund" wishes to announce the current total as of February 1, 1975 to be \$2,667.25, towards the goal of \$10,000. Any further donations may be made to the Farmers Bank, in care of Florence Masten, treasurer. The committee requests all concerned citizens to write their Senators and Representatives to support Senate Bill 102. This bill is to financially assist families of children born with rare, long-term birth defects, which at present is excluded from coverage.

The Committee for the "Colby Sherman Fund" Chairman: Mrs. Harvey Fifer Dover, Del.

I believe that the Congress must scrutinize the budget carefully and eliminate duplication and waste. A larger and larger percentage of federal aid is being spent on the administration of programs, on red tape, and on

## Cattle Sale Draws Large Crowd

Some 300 people attended the cattle dispersal sale of the late Purnal F. Friedel on Saturday conducted by auctioneer Doty Remsburg of Jefferson, Maryland.

During his life Purnal F. Friedel had prided himself in owning Holstein cows. He had been an exhibitor at the Delaware State Fair for many years. His prize Holsteins had taken many blue ribbons there.

Over 100 cows were sold on Saturday with the average sale, which included cows and calves, was over \$300. The top priced cow was for \$1375 and was purchased by Millard Reed, Jr. of Chestertown, Md. It was explained by the Friedel heirs that the top price reflected the popularity of the breed. The mother of this cow was a maternal sister to a bull that was sold last year for \$50,000. The potential the cow possessed for milk production also contributed to the sale.

Other purchasers of the Friedel cows from the local area were Samuel Dixon, Jr., and Phillip W. Pierson of Clayton, Del. There were also bidders from Maryland, Pennsylvania and New Jersey.

The implement sale in the Friedel estate will be held on March 1.

**Lenten Musical Program Planned**

Sunday, February 23rd at 7:30 p.m. at Wesley United Methodist Church, State and Lookerman Sts., Dover, a program of Lenten music will be presented by guest artists Evelyn Swensson, soprano, and Bradford T. Winters, organist.

Ms. Swensson is Director of Music and Mr. Winters is Organist of Aldersgate United Methodist Church, Wilmington. She will be remembered as a director of church choirs in Seaford, and also as director of the Dover Choral Society in 1963-64. She holds a Master of Music

Degree in Voice from West Chester State College and has appeared with the Lyric and Grand Opera companies at the Academy of Music in Philadelphia during 1974.

Mr. Winters is a graduate of West Chester State College and Temple University and is presently an organ student of Dr. Earl Ness of Philadelphia. He is a music specialist with the Alfred I. DuPont School district, a member of the Delaware Chapter and Dean of the Southeastern Pennsylvania Chapter of the American Guild of Organists. There will be no admission charge.

**Missionary Conference Slated For Greenwood Charge**

The churches of the Greenwood United Methodist Charge will present an OMS International, Spring Missionary Conference in the Greenwood Church, February 14-16, 1975, and the theme will be "Pass It On."

The conference will begin with a covered-dish dinner on Friday at 6 p.m. followed by a missionary service in the sanctuary at 7:30. There will be a Men's Breakfast at Dillard's Restaurant, Greenwood, Saturday, at 8:30 a.m. A "rap session" for youth will begin Saturday at 11:00 a.m. followed by lunch. It will be a time to talk, eat, ask and tell. On Saturday evening at 7:30 the 2nd missionary service will be held. On Sunday morning there will be a missionary in each church of the charge for the worship service or Sunday School. The conference will conclude with a "closing rally" Sunday evening at 7:30.

The Greenwood United Methodist Charge, consisting of Epworth, Greenwood, St. Johnstown, and Todd's Chapel churches, paid their 1974 conference apportionments in full besides giving to various appeals during the year. Their pastor, James B. Doughten, stated that the goal of the faith promises for the mission conference is \$10,000. Mrs. Flora Snyder, president of the United Methodist Women, and chairperson of missions is the chairman.

The conference personnel are: The Rev. Howard Jacob, The Rev. Hudson Hess, Miss Melva Webb, and Mrs. Janet Symons.

There will be special music, slides, and refreshments each evening! A nursery will be provided for preschool children.

The public is cordially invited to attend.

Robert J. Scott of Bridgeville has enlisted in the USAF Delayed Enlistment Program, according to SSgt David L. Jackson, recruiter for the Air Force in the Blue Hen Mall, Dover.

Scott, son of Mr. and Mrs. George H. Scott of Route 3, Seaford, will enter the Air Force six week basic training on March 7. After basic training he will specialize in the administrative field.

(continued from page 6)

It was approved by the Board to discard an unwanted piano. Mrs. June Blades requested the piano and will move it at her own expense.

No action was taken by the Board on the utility charges of school facilities by outside groups, (excluding civic and church groups). The rates were previously set up at:

Classroom - \$1.00 per meeting  
Library - \$2.00 per meeting  
Auditorium - \$5.00 per meeting  
Cafeteria - \$5.00 per meeting  
Gym - \$5.00 per meeting

The Board then went into Executive Session. The next meeting will be held February 19.

## Second Lake Forest Victory Is Worth The Wait

### Spartans Upset Laurel

Surprised but jubilant Spartans watched their home team capture its second win of the Season Friday night. Doing it the hard way by upsetting Laurel, second-place in the Henlopen Conference, the Lake Forest five kept the heat on and edged by in each quarter until the final score read 46-40.

Neal Smith repeated earlier performances under the basket and pumped in a total of 17 points. Surprise starter, Wayne Erne, added an impressive 11 points. Aiding in moving the ball toward the Spartan basket was Kit Tilghman.

The loss pushes Laurel into third place with an 8-5 record and edges the Spartans into

sole possession of fifth place with an overall 2-11 record in the Southern Division.

There are six games to go for Lake Forest with three at home. Upcoming games include: Dover Air (h); Cape Henlopen (a); Dover (h); Laurel (a); Delmar (a) and Woodbridge (h).

The support of the home fans had to be a partial factor in the momentum kept up by the Spartans Friday night. A win was long overdue for both team and fans, since the Spartans have dropped every game since their opening match with Dover Air last December. Since then, the team has played under two coaches. First Fred Brunson was named interim coach to

replace Jim Blades who resigned. The team now plays under newly named head coach Albert Buck Starkey.

## Spartan Girls Still Undefeated

Those Lake Forest girls did it again last week as they emerged still undefeated over Laurel by a 50-31 score. The dynamic duo of Beverly Mack and Cheryl Lissy chalked up 22 and 14 points, respectively.

The Spartan girls now have a 9-0 record and top spot in the Southern Division as they face

Cape Henlopen, in first place in the Northern Division. The Cape has dropped one game. The big game is away on the 14th.

## Local 4-H Meets And Hears AFS Student

President Donna Shultie called the business portion of the meeting to order and was followed by Lisa Bostic, leading the pledge. Donna Shultie read from the Bible and Lisa Bostic and Abby Betts led the group in song. Demonstrations and reports given during the evening included the following: a

safety demonstration by Jerrie Draper entitled "Start Out Sewing With Safety;" a safety report by Rhonda Messick entitled "Crafty Cautions" and included the use of certain chemicals and a report on the public speaking contest held recently at the Grange in Dover. Sheila O'Day reported on the contest and also gave her speech, Connie Harrington also gave her speech which was entitled "At Tour Service." Doug Crouse gave further comments on the speaking contest. All the club participants received blue ribbons for their efforts and Linda Botic won a plaque in her division. Other reports included Jerrie Draper's experiences with the past Junior Broiler Contest and Donna Shultie's report on past experiences with the Feeder Lamb Contest.

Barbara Miller suggested that reflectors be bought for the entrance and exit at St. Stephen's Church. Following adjournment of the meeting, the club was entertained by Jenny Milne, the AFS student at Lake Forest High School, who is here from New Zealand. She showed slides of her country and also talked of the differences and similarities of the school systems. Before the evening ended, Kelly Ryan gave a demonstration entitled "One Bowl Biscuits" which was followed by a demonstration by Donna Shultie on teeth care. The talent show try-outs are on Feb. 15. The show is scheduled for Feb. 22 at Delaware State College at 7 p.m.

## Wrestlers Win, Then Lose

by Ray Blanchette  
The Spartan wrestling team once again had a win and a loss during the week and thus have a 4-5 record for the season.

In the contest with Delmar last Wednesday, Lake Forest was never behind in their 40-16 win. They built up an insurmountable 40-0 lead by winning the first nine matches of which only one was slightly close. The close match was Terry Jarrell's 8-7 victory. Other Spartan winners by decision were James Simpson, Rodney Wyatt, William Jackson and Ricky Woodward. Winners for the Spartans by pin were Tom Ware, Alan Welch and Jay Lemmons. Ricky Mertz won by forfeit.

Lake Forest next took on Dover Air who has a 7-2 record and were defeated 30-18. The Spartans did not go down easily as following an opening loss by Mertz, Simpson, Ware and Jarrell won successive matches for a 12-3 Spartan lead. Simpson and Ware's were decisions while Jarrell won by default as his opponent suffered a separated shoulder while leading 2-1.

Here is where the absence of injured Rodney Wyatt hurt as his replacement John Moffett, lost 12-3 and closed the Spartan lead to 12-6. Alan Welch then raised the lead to

15-6 lead with a 4-0 victory. But of the last six matches only one was a Spartan victory in the 0-2 win by Dean McCombs. The Spartans then trailed 24-16 but Sly Hampton's pin of Lake Forest's Jeff Chambers at 5:51 sealed the victory.  
The grapplers have only three matches left before the Conference Tournament February 21-22.

## Deadline For Miss Delaware Entrants

Selection Committee Officials set Sunday, Feb. 16, as the final deadline for applications for the 1975 Miss Delaware Pageant to be staged again in Wilmington at

the Sheraton-Brandywine Inn during late March. The Miss Delaware Pageant is an Official Miss U.S.A. - Miss Universe Contest. There is no talent requirement, all judging is on the basis of poise, personality and beauty of face and figure. Applicants must be between 18 and 28, never married and at least six-month residents of Delaware; thus college dorm students are eligible.

All girls interested in competing for the title must apply to Miss Delaware Pageant Headquarters, 35 W. Chestnut, Washington, Pa. 15301, by Feb. 16. Letters must include a recent photo, a brief biography and phone number.

The current Miss Delaware, 19-year-old Cheryl Fetkenher of Newark, will be at this year's event to crown her successor. Miss Fetkenher will then continue her association with the State Pageant as a member of the Selection Committee.

The girl chosen as Miss Delaware will represent the state in the Miss U.S.A. Pageant, nationally televised on CBS-TV from Niagara Falls, N.Y., in May. The new winner will be awarded a host of prizes, including the State Crown and the fabulous jewelry wardrobe designed by Sarah Coventry. She will also spend 11 days in glittering Niagara Falls.

**Notice**  
Band boosters for the W. T. Chipman Band uniforms will be canvassing the Frederica area Saturday. Support the Spartan spirit.
