No Parking Means Less Business Say Downtown Merchants

At the April meeting of the Harrington City Council, an ordinance was passed that was to alleviate the congestion and to cut down the hazards brought on by large trucks on the main street here. The result was to curb any further parking along the East side of Commerce Street.

In the four week period, cars have continued to park on the East side of Commerce Street but a little less frequently each week until the common sight is the one to the left in the picture.

According to all the businessmen available to interview Tuesday, business has also dwindled. Remarks ranged from the general statement that business has been adversely affected by the ordinance to the remark made by one person who would take her business elsewhere in the future.

Questions were raised as to where customers were supposed to park, especially those unfamiliar with the town. There are two parking lots close to main street, both owned by and for the use of the two banks in town. A third parking area belongs to the local fire company and is used by them when they are called out on emergencies.

All three lots are casually used by the public, but they are not municipal property.

Several suggestions were offered, ranging from reverting to the way it used to be to parking on both sides of the street except when congestion is usually expected. In Harrington that is usually Friday evening.

One merchant remarked that with the present parking ordinance, there are only 11 spaces available, according to his count. He further stated there are 11 businesses in the downtown section, plus two residences.

One thing is quite evident. There is less parking, and the merchants say there's less business. It is this factor that will prompt them to say they will be in attendance at the monthly City Council meeting Monday night.

The highlight of the banquet is to be the awarding of scholarships.

The association has announced that three scholarships will be given this year, totaling \$1,800.

Reservations for the affair are by advance sale only. Due to the late mailing of the correspondence, reservations are being accepted until tomorrow night.

Set to walk for AFS

Walkathon is Biggest and Best Yet!

by Keith S. Burgess

The fourth annual AFS Walkathon saw 221 walkers and runners complete a 14-mile grind. Some 180 made the trek in 1974.

Each participant had obtained sponsors, who were to pay ten cents or more each mile covered. Some had many sponsors.

The walkathon is one of the chief sources of funds for the American Field Service, which helps make it possible for foreign students to study here and for Americans to spend a year abroad studying.

A new course of fourteen miles was used this year, compared to the one of 14 3/4 miles used in 1973-74.

Some 225 hardy souls left Lake Forest High at 9:30 headed east. After a half mile, a left turn was made and the caravan trekked north, to the Felton-Frederica road and the first checkpoint. A right turn toward Frederica was soon followed by another right, sending everyone south past checkpoint two, to checkpoint three, at Coursey's Pond. Soon Lawes' Church signalled a turn right, toward Harrington.

After passing checkpoint four and the intersection with road 384, road 427 called for another right turn. Halfway down this road was checkpoint five. Road 426 (Paradise Alley Road) led the marchers east to 384 and a left turn leading to Killen's Pond checkpoint 6.384 wound around to Killen's Pond State Park entrance and a half mile or so to the picnic area.

Dave buck, former Delaware State distance runner and coach of the strong Lake Forest High girls track team, shared first place with Harry Benson, Joe Voshell and Kit Tilghman, members of Lake Forest's state champion cross-country team. This quartet got lost and ran an estimated 15 miles in under two hours.

Cliff "Sugar Bear" Ayres, a Spartan runner, thrives on these long jobs. The cross-country and track tests are simply too short for him. He was fifth followed by Paul McClellan, Grayson Barthlow and Bill Moore, also Lake Forest trackmen.

Spartan discus thrower Matt Burgess was ninth

with Debbie Duerr, a fine, distaff distance runner in tenth. Ed Hatfield, Randy Ott came in with ninth-grader, Karen York and your sports editor (age 52) coming in together in 13th place, two hours and thirty-two minutes after the start. Felton's Allan Walth led a Chipman contingent to the finish. Others were: Terry Phelps, Shaun O'Toole, Don Abbott, Gary Kring, Mark Homewood, Mike Everline, Dennis Twissleman, Richard Brown, Jim Draper and Dean Pendry.

Sheila Barthlow and Maria McClellan were the first Chipman girls to finish. Their brothers made the top ten overall.

Smiling Jenny Milne, our New Zealander, checked in with a blister, in a very good three hours and twenty-five minutes.

Cub Scout den mother Pat Lord led Jeff Gustafson, Rodney Jarrell, Steve Wroten, Randy Brown and Tommy Lord around the course. Committee member Barbara Brown and daughter Rebecca accompanied this group.

Safety Belts... Fact and Fancy

In spite of the widespread publicity on the part of traffic safety specialists, many motorists in the U.S. are still reluctant to wear seat belts. The reasons—or excuses—are numerous, but Tom Williams, extension safety specialist at the University of Delaware, can punch holes in every one of them.

Citing facts and figures from the National Highway Traffic Safety Administration, Williams says thousands of lives could be saved and injuries reduced if drivers and passengers would buckle up every time they get into an automobile. One of the most common misconceptions about seat belts is that they prevent motorists from being thrown clear of the car, thus escaping injury. But Williams points out that the possibility of death is almost five

times greater when the motorist is thrown clear from the car. A properly-secured seat belt keeps driver and passengers from crashing through the windshield, hurtling perhaps 150 feet through the air, scraping along the ground, or being crushed by their own car.

Many motorists mistakenly believe that accidents rarely happen on short trips or at low speeds. However, Williams cites Department of Transportation figures showing that more than half the accidents causing injury or death occur at speeds less than 40 mph. Sometimes speeds as low as 12 mph are involved—the speed one would drive in a parking lot. Further, three out of four automobile fatalities occur within 25 miles of home. The message is clear, says Williams. Seat belts

Hot dogs and soft drinks and other refreshments were served. Jenny Milne's huge birthday cake was cut and passed around. Few people seemed in any hurry to leave and a pleasant, social afternoon followed in the pond-picnic area.

among the volunteers who helped get this giant show on the road were: Mr. and Mrs. Harry Rawding and daughter, Shirley; Jenny Milne's host family; Mr. and Mrs. Leonard Outten and Robin, Anne and Angela

Minner, Mr. and Mrs. Albert Mason and Mary Jean, Mrs. Sam Shumar, Hazel and Patricia Smith, Joan Knaub, Lisa Masten, Tillie Kukulka, Mrs. William C. Eliason and Susan.

Our apologies to any volunteers we've missed.

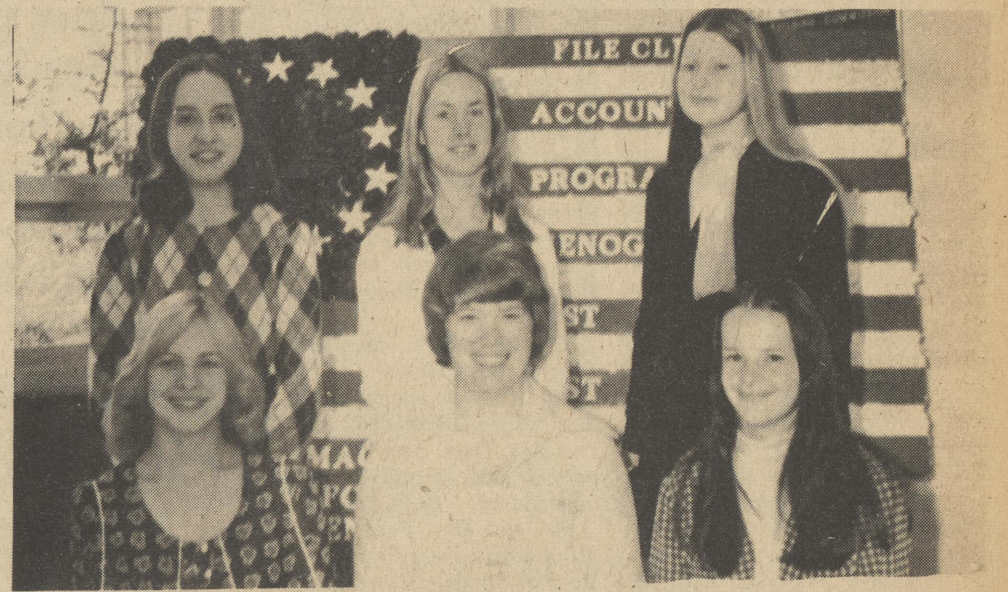

should be worn at all times, not just on the superhighway.

Lap belts and shoulder belts are the cause of some confusion, continues the safety specialists. Many motorists don't realize they should wear both. Lap belts will usually prevent serious injury, but there is still the possibility of facial and chest injuries unless the shoulder belt is worn also. Worn together, lap and shoulder belts offer the best possible protection in an accident.

Some motorists claim they feel uncomfortable or too confined while wearing safety belts. Williams points out however, that properly adjusted can relieve fatigue by helping to maintain posture. He says most people will feel very comfortable wearing a belt after they get accustomed to it. Today's safety belts are also designed to permit easy access to driving controls.

Occasionally a motorist will insist that a safety belt will keep him trapped in a car that is burning or submerged in water. But in

Six Lake Forest High School students will attend the National Office Education Association Leadership Conference in Chicago, Illinois, May 10 through May 14. Debbie Miller, Kathy Grandfield, Marty Hayes, Barbara Shumar, Linda Collins, Millie Welch, and Mrs. Anna Mae Currie (advisor) will be staying at the Conrad Hilton Hotel during the five-day conference.

Over three thousand from the nation are expected to attend. Through a process of elimination at the regional and state levels, the top office occupations students in the country are declared national winners to climax the year's activities. OEA provides students the opportunity to develop office occupations competencies through 24 competitive

events ranging from individual contests in the stenographic, typing, office duplicating, job application and human relations areas to group contests in parliamentary procedures and chapter activities. First, second, and third place awards are presented to the winners of each event at the secondary and post-secondary levels.

Local Reinsman Vineyard Dies

Paul Vineyard, who lived in Harrington for the past 30 years and trained horses during the winter at the Fairgrounds, died Saturday at Peninsula General Hospital, following a fall at his home on Clark Street in Harrington.

The cigar in the corner of his mouth was a trade-mark with Vineyard. Fast horses were also a trade-mark. He was the first trainer and driver for another local resident, Fred B. Greenley, Sr. It was the usual custom for vineyard to winter at the local oval and race in N.Y. at the Yonkers or Roosevelt Tracks. While driving for Greenley, the stable raced on the grand circuit in stake races at Goshen, N.Y., Reading, Delaware, Ohio, Lexington, Ky., and Calif.

The most famous and celebrated was Direct Express, who was a World Champion Pacer. The horse met an untimely death in California.

Vineyard was formerly a resident of New Jersey. He came to live in Harrington as a result of his contractual arrangement with Greenley.

He is survived by his wife Elsie, a son, Dr. Paul Vineyard, Jr. of Salisbury and a grandchild. Services and interment are not complete.

Paul Vineyard looks admiringly at his favorite pupil Direct Express, the World Champion Pacer.

Janecees Will Sponsor Prenatal Care Week

"Mother's Day, Sunday, May 11, marks the beginning of Healthy Baby Week," says Mrs. Shelly Callaway, of the Harrington Janecees. "Our goal this week is to inform every expectant mother about prenatal care in the Harrington area."

"We are delighted to participate with the National Foundation-March of Dimes in this annual drive," Mrs. Callaway says.

Frequent care from a physician or clinic throughout pregnancy is imperative for the protection of mother and baby, she notes.

Every mother wants her baby to be born healthy and whole. That is why the Harrington Janecees are joining with The March of Dimes in presenting a "Layette of cheer" to the mother of the first born child during the week of May 11 through May 17 from the Lake Forest area at Milford Memorial Hospital. Also, literature and a window display will be placed at the Harrington Pharmacy.

The Reverend and Mrs. J. Edward Jones

Many Pay Jones Tribute

At least 350 to 400 relatives and friends attended the retirement social held Sunday afternoon at Asbury United Methodist Church here for the Rev. and Mrs. John Edward Jones. Rev. Jones will retire in mid-May.

Many came bringing gifts from churches where Rev. and Mrs. Jones have served over the years within the Peninsula Conference.

Asbury young people offered musical selections for the occasion. These youth had come from the University of Delaware, West Chester State Teacher's College, Eastern Baptist College and Western Maryland College to gather for the selections.

Rev. and Mrs. Jones were given appropriate flowers for the occasion by the Asbury Jr. United Methodist Youth, while the Senior U. M. Y. had guests sign a register, which they later presented to Mr. and Mrs. Jones.

Farmington

Mrs. Elizabeth Gillet and son Cyril of Nancy, France, spent a week recently with the Arthurs.

Guests of Mr. and Mrs. William Messick Friday evening were Mr. and Mrs. Harry Baldwin of Milton and Mr. and Mrs. Elmer Windsor of Laurel.

Mr. and Mrs. Allen Arthur recently visited their children Mr. and Mrs. Willie Pettit, who live on Governor's Island, New York City. They also visited Mr.

and Mrs. Albert Combs of Wrightstown, New Jersey.

Mrs. Larry Rash and son David spent the weekend with her parents Mr. and Mrs. Vernon Kennedy in Clynton, Md.

Mr. and Mrs. Robert Messick were pleasantly surprised Sunday as they returned home from church. Their home was filled with friends and family who had gathered to help them celebrate their 25th wedding anniversary.

IN MEMORIAM

In loving memory of our dear Father and Grandfather, Edward Dearth, who passed away May 4, 1973. In tears I watched you suffer. And little could I do. But hold your hands for comfort. And pray God would help you through. The Golden Gate stood open. God saw you needed rest. His garden must be beautiful. He only takes the best. Deeply loved and sadly missed by Daughter Mary Anthony and Family.

Publisher's Choice... Harry G. Farrow, Jr.

... right or wrong, accepted or not—the handwriting is on the wall.

Amid controversy and skepticism, Mark Love came to our small country town last week to speak to the town's Chamber of Commerce. To many he was too young to have so many answers to questions concerning the fate of the Delmarva Line of the Penn-Central R. R.

It is even stranger to try to understand how the other railroads related to the Delmarva Line were required to declare bankruptcy as well. You see... there is a very important question as to whether or not the Penn-Central actually owns this line which passes through our town.

Love and his group, whether we accept this young whipper-snapper or not, must be reckoned with, for his conversations and arguments make sense. An independently run railroad in a way makes a lot of sense. It makes sense particularly because the problems with this line will be treated as primary problems and dealt with accordingly.

It has been stated that Arab money has gotten to the Love group. Love says that his group has been approached, but they have turned them down in favor of American investors.

Let's be realistic. The preservation of the Delmarva Line stands as the life blood to the major part of the economic growth and development of the Delmarva Peninsula.

I begin to sit up and take notice of what he is saying. Think what this would do to our entire economy. If you are wondering where a person or a group of persons gets this much money, it is from heavy backing and based upon the potential yield that is there.

Weekly Report of Joseph Biden

There has been a lot of talk recently about what kind of legislation Congress should pass to deal with the current economic slump. Congress has already passed the tax rebate bill, and there has been a good deal of discussion about how high the Federal deficit should go in connection with budgetary priorities.

As many of you know, I have opposed massive tax rebates, primarily because I do not think they will do the job. I have also spoken out against excessive deficit spending—most recently in the individual views I filed with the Senate concerning the Senate Budget Committee's first resolution to set a recommended ceiling of \$365 billion on Federal spending in the coming fiscal year.

Many of my liberal friends have asked me: "Well, Senator, if you oppose massive tax rebates (I had helped lead the fight in the Senate against them), and you don't like big Federal deficits, just how do you propose to help get people back to work and get the economy on its feet again?"

That's a good question. I can best answer it by saying that I favor well-tailored, specific programs aimed at specific goals.

Congress will be considering, very soon, legislation to provide \$6 billion to pay for a huge system of public service jobs. This proposal bothers me because it would take months to set up, it would involve a lot of red tape, and it could well go on after the economic need is over.

I support the idea of public service jobs, but I think such programs should be directed at specific targets. For example, I am cosponsoring legislation which would create thousands of jobs by putting people to work rehabilitating the nation's badly deteriorating rail lines.

Belts

(continued from page 1) reality, less than one-half of one percent of all injury-producing collisions involve fire or submersion. Williams explains that without a belt, many motorists are stunned or knocked unconscious, considerably lessening their chances of getting out of the car alive in case of fire or submersion.

Williams maintains that you can't argue with these statistics. He urges drivers to buckle up every time they operate an automobile and, further, that they insist their passengers do the same.

Senator Wm. Roth Reports

The Congress, ignoring President Ford's requests for cutbacks in spending programs, is increasing our enormous budget deficits by billions of dollars.

The new budget committee of the Senate and the House, which were established to bring some order to the haphazard way funds are

appropriated, have done little so far to limit the size of these budget deficits.

The deficit in the fiscal year which begins in July is expected to be between \$60 billion and \$100 billion. The truth is, nobody in Washington really knows what the amount will be, except that it will be stupendous.

Despite this, the Congress has approved only \$200 million of the spending cuts sought by President Ford. It has rejected \$2 billion in requested reductions.

The current Congress is obsessed with finding a quick, painless solution to all our problems. It is a Congress that seems willing, even eager, to control everything from foreign policy to where your children go to school, but it is totally unwilling to control the growth of Federal spending.

It is a Congress that ignores the one economic fact that every family and business is forced to recognize—that you cannot consume more than you produce. It is a fact that the Congress has ignored for the past fifteen years, and the economic problems we are experiencing today are the direct result.

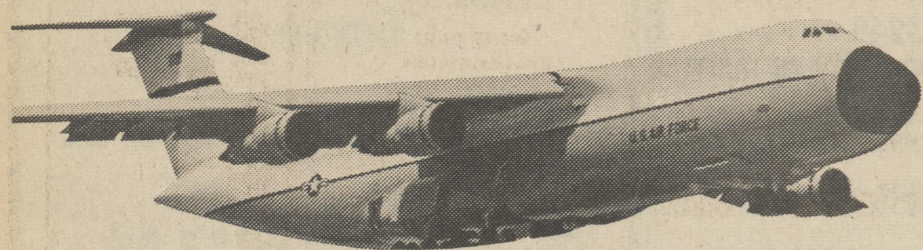

What many members of Congress fail to realize is that the government can inject into the economy only what it has first taken out of higher taxes, increased borrowing, or more printed money and inflation.

country's means and the ultimate result of this endless deficit-spending could well be unprecedented inflation followed by an even more severe recession, posing a threat to our entire economic and political system.

I believe we are nearing a crossroads in our history, with a bloated Federal bureaucracy becoming increasingly unable to meet unrealistic demands and expectations.

As we approach the Bicentennial, our celebration of the end of taxation without representation, we ought to revamp our budgetary processes to achieve a bit more representation and a bit less taxation.

WE'RE 5-0 IN BASEBALL

by Keith Burgess

After five games the Lake Forest baseball team is leading southern division team with a perfect mark. Smyrna is 4-0.

The Spartans' last two victories are a study in contrast, as Laurel was overwhelmed 9-2 and Cape Henlopen bowed 3-2 in 12 innings.

Rodney Wyatt fanned a dozen Bulldogs and didn't lose his shutout until Laurel's last turn at bat.

Lake Forest banged out thirteen hits with Greg Hobbs recording a perfect three hits in as many trips.

Wayne Voshell, Russell Dill and Jeff Chambers had two hits each. The last two named had two RBI's each. Wyatt chipped in with a base hit and two runs scored.

Cape Henlopen reportedly was fourth-ranked in the state, while Lake Forest and Smyrna, both unbeaten also, were unranked. Upstarters apparently are still shell-shocked from the Cape's basketball exploits.

George Luff, L.F. 3rd baseman, punches at a pitch against Cape Henlopen in an attempt to lay down a sacrifice bunt. The runner at 1st base was Wayne Erne. Luff was out on three bunted foul balls. Russell Dill laid down a squeeze bunt in the bottom of the 12th inning to allow Glen Jarrell to score the tie breaking run and give L.F. a 5-0 record.

Russell Dill outduelled Cape's ace, Ben Wittbank and Jim Allen, by fanning twelve, allowing four hits and two unearned runs.

The Spartans had only two hits, but one of them was a Wayne Erne double, scoring Greg Hobbs.

The Spartans scored the equalizer on a hit batsman, stolen base and a pair of errors.

Allen relieved Wittbank and held the Spartans at bay until Glenn Jarrell opened

the bottom of the twelfth frame, by drawing a walk. A couple of miscues later, he was on third base.

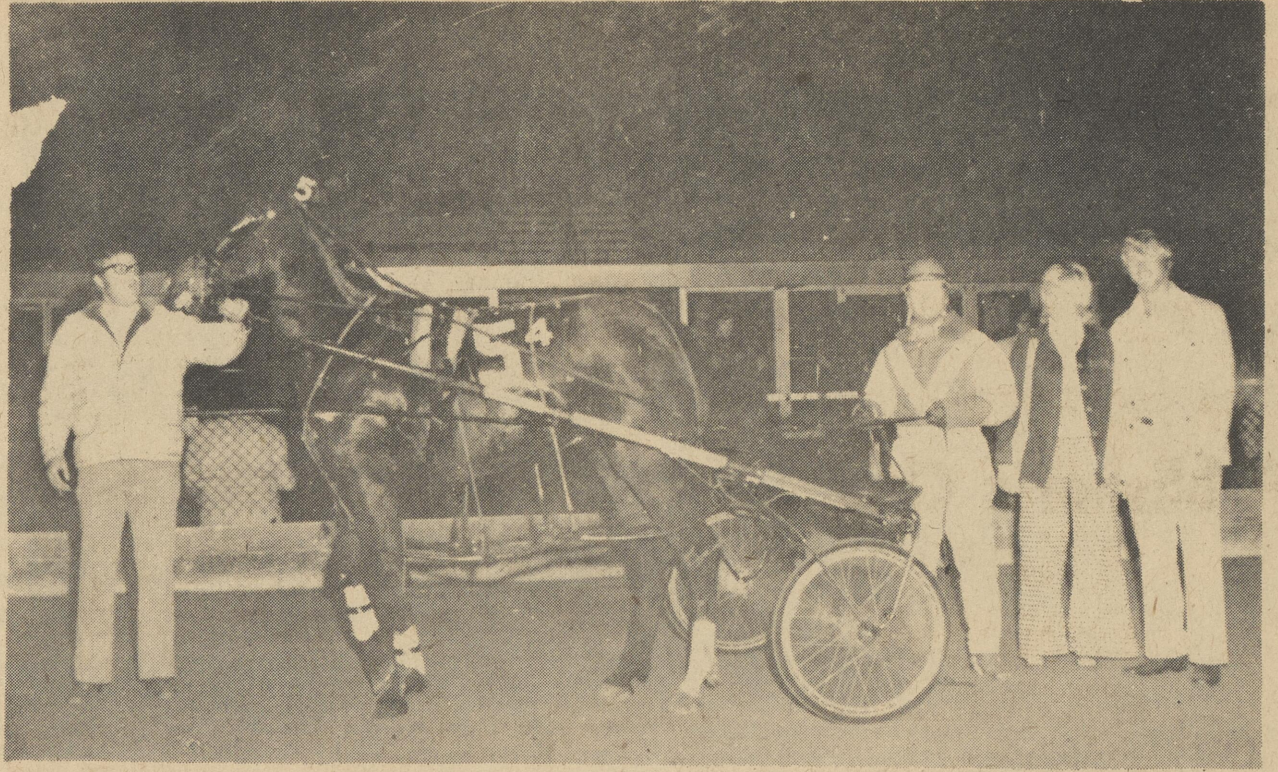

After Voshell popped out, Dill bunted a high pitch down the first base line, scoring Jarrell and sending Spartan rooters on the field into a high glee.

Coach Bill Falasco had called a squeeze bunt on the third pitch and came out of the spine-tingling contest, like a combination Casey Stengel and Walter Alston.

Having enjoyed the most successful spring meet ever at Harrington Raceway, this will be the last week of racing. The meet is to end Saturday night with, according to track official Ken Walls, one of the best cards ever offered. The meet will also close with the highest purses ever awarded to horsemen at Harrington Raceway.

The daily attendance is up 30 percent and betting is up 16 percent over last spring. Jimmy Porter, of Goldsboro, Maryland is the leading dash winner having won 16 times.

When the races close here Saturday night, most of the horses will go to Brandywine Raceway, which will open Sunday. Racing will resume at Harrington on Friday, September 5th.

Spartan Fems Best Virginia Team in Lopsided Race

Girls Continue to Crush Opponents

An interesting matchup between Lake Forest and Parksley, Virginia, high schools, saw Dave Buck's local distaff thinclads overcome the Virginians' sprint strength and romp to an 80-38 victory.

This writer enjoys a situation whereby a local team, in any sport, schedules matchups with teams from outside the Kent-Sussex area.

Dover, for example, played basketball teams from New York state, two years ago, and ran track in Philadelphia and Annapolis with success. This spring, Oxford, Pa. was in the Lake Forest cross-country invitational in 1974.

Cheryl Lissy, as usual, was prominent for the Spartans, winning the 80 yard hurdles and high jump.

Denise Johnson and Denise Gygyryuk helped Lissy sweep the hurdles, while Madalin Hoff was second in the high jump.

Frosh Paula Mosley captured the 880 in 2:47, with Nita Giddens third.

In a stirring duel, senior Spartan, Debbie Duerr, held off a closing rush by her teammate sophomore, Karen Singleton, in the mile

run. Singleton holds the local mile mark.

Patsy Watson and Karen Harris were 1-2 in the 440. Brenda Teat and Anna Jackson went 2-3 in the 220.

The Lake Forest 880 medley relay team of Phyllis Clark, Eileen Ryan, Brenda Teat and Lissy took this event, with Lake Forest's B squad also outrunning the visitors. Mosley, Barbara Richter, Anna Jackson and Karen Harris were the B runners.

Bev Mack was first in the shot. Tiny Eileen Ryan, propelled the softball 165

feet, to edge teammate Becky Chalmer's 162 foot toss.

Other Lake Forest scorers were: Nina Adamo, second in the 50, third in the 100; Maxine Harris, Anita Jo Redden, Joyce Ewing.

Of note was the losing effort by Spartan 440 team.

Senior Adamo ran with underclasspersons Denise Gygyryuk, Jody Dunlap and

Karen Hall. This quartet racked up the Spartans' best 1975 clocking of 56 flat, losing by one-tenth.

Trackmen Improve But Lose Two

by Keith S. Burgess

Lake Forest has three 5-6 men. Last year there were none.

Bob Mullane and Steve Salisbury went 1-2 in the pole vault, while Ron Dunlap and George Moore were second and third in the triple jump.

A local weak spot, the shot put, suddenly looks better after freshmen Bill Moore and John O'Toole hurdled the 12-pound iron ball, 39 feet, 2 inches and 38 feet 1/2 inch, to get second and third and hold Woodbridge to 5-4, in this event.

Joe Voshell annexed the two mile, easily, in 10:50.6. Paul McClellan ran a spirited race. His 11:09.3 was almost half a minute under his personal mark. He just missed catching Woodbridge's veteran senior,

Willard Thompson, for second place.

Laurel's all-weather track, the only one in Delaware south of New Castle County, is conducive to fast times, with its composition surface of cork, rubber and asphalt. But a strong wind just about negated any record efforts.

Track is a sport relatively free of dispute, yet Lake Forest was on the short end of two official-rulings and another infraction was missed by the judges. The Spartans lost 72-69, but could have won if one of the rulings had been reversed. The disputed events were the 100, 880, 120 HH.

Harry Benson, Kit Tilghman, Matt Burgess, George Moore, Rick Loper, Steve Saulsbury and Greg Pritchett were individual winners.

Pritchett, Tony Smith, John Pickett and Charley Scott united to give Lake Forest victories in the 440 and 880 relays, the last in seasonal best time (1:35.2), the former in a good 46.5.

Craig Kashner, Harry Benson, Ron Dunlap and Kit Tilghman ran, 3:38.8 in the mile relay, the fastest Spartan time this campaign, but lost a close one.

Benson captured the mile in 4:49.1; Kit Tilghman won the 880 with 2:12.9 and Pritchett took the 220 with 24 flat.

Tony Smith looked even or ahead in the 100 yard dash but was awarded second with Pickett third.

Steve Salisbury added a foot to his pole vault best with a 10-6 win. When he

gets the technique down, the school mark should be his.

Rick Loper added another 5-6 high jump win, with Mullane second. George Moore's 19 feet, 1 inch took the long jump. Promising freshman leaper, Mike Benson was second in the triple jump (37-2 1/2) with Moore third.

Matt Burgess' second straight discus victory saw a slippery surface hold him under 120 feet (118-3) for the first time this season. Matt was third in the shot (39-2) over two feet improvement and only one inch short of the team high.

Dunlap was second in the 440. Joe Voshell and Paul McClellan were second and third in the two mile run.

Woodbridge's undefeated Blue Raiders came here last week, probably expecting a romp, but were given a stiff fight by Jim Blades' Spartans, before winning 79-62.

Lake Forest has already beaten 1974's top performers in 11 of the 17 track and field events and is sure to improve even more.

The visitors are strong in the sprints, relays and hurdles, which is where they won the meet.

Individual winners for

Lake Forest were: Matt Burgess, Harry Benson, Dan Parker, Bob Mullane, Rick Loper, Joe Voshell.

Burgess won the discus with his personal record toss of 129 feet, 11 inches. In 20 years of track here, only Mickey Chaffinch's school record 132-8, is better.

Woodbridge's giant "Spank" Neal was a visibly perturbed runnerup. Jerry Thompson (116-7) was third to give Lake Forest a 6-3 edge here.

Freshman Dan Parker, one of the state's top young prospects, took the half in 2:12.2, his first varsity win. Kit Tilghman and Craig Kashner were close behind.

Harry Benson annexed the mile run in 4:49.4. Parker was three seconds back, with freshmen, Dave Richter clocking 4:58.5. Richter, like Parker, is a sure bet for thinclad stardom.

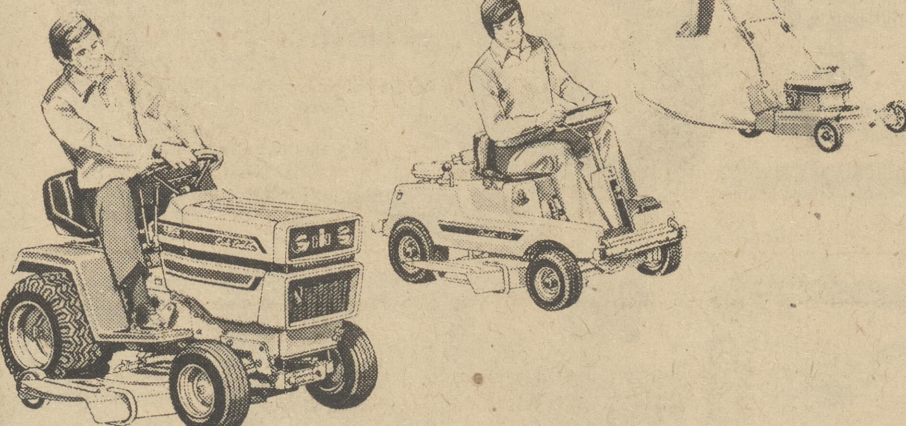

Rick Loper's five-foot six-inch clearance in the high jump, was followed by teammates Kevin Wooters and freshman prospect, Tim McCombs.

Sport Wrap-up

A successful suicide squeeze in the twelfth inning by Russ Dill led undefeated Lake Forest to a 3-2 victory over previously undefeated Cape Henlopen last Thursday. Before Dill came to bat in the 12th, Lake Forest Coach Bill Falasco had informed Glenn Jarrell, who was on third base, that on the third pitch, Dill would bunt.

Dill not only started with the bat but also on the mound, where he went all twelve innings to raise his record to 3-0 on the season until Dill's hit, the only Lake Forest hit were a double by Wayne Erne that drove in a run and a single by Wayne Voshell in the third. The second run for the Spartans scored when after George Luff was hit by a pitch, Kim O'Toole took over as a pinch runner and after a comedy of errors scored.

Despite the count being 2-0 the play was still on and Dill dropped a perfectly executed bunt down the first baseline to score Jarrell with the winning run.

The Spartans now have a record of 5-0 and are tied with Smyrna for the southern Division lead. The next game is May 1st. at home, against Dover.

Girls Take Cape 4-2

The L.F. girls softball team with a win over Cape Henlopen last week improved their record to 2 wins against 3 defeats. Paula Clendaniel held the Cape to 4 hits and 2 earned runs. L.F. girls came on with a 6 hit attack with Carol Cabbage collecting 22 hits in 3 at bats.

Cheryl Short leads the team in hitting with a .428 average. The next game is at Dover today.

Lake Forest French Class To Tour In Canada

Tonight at approximately 11 p.m., a group of W.T. Chipman eighth graders, accompanied by their French teacher, Mr. James B. Boyd, plus two more teacher chaperones, Mr. Dean Wern and Mr. Tim Young, will board a bus to take them on a whirlwind three day visit in Quebec City, Quebec, Canada. Also accompanying the forty-four young French students will be four parents of some of the students: Mr. Everline, Mrs. Mullane, Mrs. Chambers and Mrs. Stubbs.

According to Mr. Boyd, the group will be visiting and or doing the following: viewing the fort overlooking the St. Lawrence River, the Parliament Buildings, Plains of Abraham, Montmorency Falls, and various points of interest on the outskirts of Quebec. They will feast at a number of French restaurants, says Boyd, and will see a French film. They will also have an evening of viewing a group of French-Canadian folksingers, and will have the opportunity to visit a French shopping mall

in Quebec. While in the city the group will stay in the Quebec Hilton. They are scheduled to arrive back in Harrington at mid-morning, Monday, May 5. The trip is being financed

by the individuals who will be traveling to Quebec and will give the French students an opportunity to hear French being spoken in daily life, as well as viewing the French Canadian culture.
