

Members of the Harrington Vol. Fire Department discuss plans for their third annual antique car show and flea market scheduled for June 15. Shown in the picture are: left to right, Jim Emberlain, Lawrence Price and Chester Short. The cars shown are a 1915 Buick [Emberlain's], a 1914 Hopmobile, and a 1929 Ford Phaeton [Price's].

Third Annual Antique Car and Flea Market Shapes Up Finalize Show Plans

The Harrington Volunteer Fire Co. will hold its third annual car show and flea market June 15 at the Delaware State Fairgrounds. This is an all-day affair beginning at 8 a.m.

This year's antique car show will include judging with seven classes and 21 trophies being awarded. Last year's turnout of 47 antique cars should be exceeded this year according to the early registrations already received. The Brandywine Region Antique Car Club has promised a good showing of their club's membership. The Historical and Vintage Chevrolet Club of Del. with local member Arthur Buck Cahall and Pat McCann of Smyrna and their members should have a good showing with their vintage cars.

The horseshoe pitching contest will again prove to be as exciting as last year's. An entry fee of \$2 will entitle the throwers of the iron shoe to a trophy for the winner and also a trophy for the runnerup. This should prove to be a very exciting contest because of the interest of local horse shoe enthusiasts.

Champion Kerry Dale will be back to protect his title along with runnerup J. D. Dennis, Sr.

Vendors with all types of merchandise from antique car parts, bottles, fruit jars, coins and stamps and items your grandmother used in her early childhood.

There will be antique fire fighting equipment and many modern pieces of fire

fighting equipment displayed by our local company and neighboring companies throughout Kent and Sussex Counties.

The Harrington Fire Company members and Ladies Auxiliary will be working together to make this father's day a fun day for the whole family. Admission 50 cents per person. All proceeds will be used to provide the best in modern fire fighting equipment and emergency service for Harrington and surrounding communities.

For information on booth rentals or antique car registrations contact Chester H. Short, Harrington, at 398-3837.

During Monday night's meeting, Harrington City Councilmen continued their consideration of the two-fold sewer problem facing the city.

There is an unnecessarily large amount of ground water entering the sewer system (approximately 3 to 4 hundred thousand gallons) causing extra strain on the treatment facilities. Two separate corrective projects are in stages and are considered at length during the meetings.

In correcting and rehabilitating the sewer system, council moved closer to obtaining funding to repair the cracked lines allowing leakage. Monies are expected to

be available in a grant which is anticipated any time.

Skepticism about the cost of both projects continued as Councilmen Bill Shaw and William Griffin voiced questions of "What are we going to wind up with?" Their concern is the financial burden placed on small towns having to upgrade their sewer systems to meet federal sanitation specifications.

Harrington's plant is less than 10 years old, but does not meet the newer standards. Council agreed to begin a survey of the sewer treatment project, which is the first phase of several in upgrading the treatment plant.

In other matters, Council continued to question engineers from Richardson and Associates about the unfinished condition of Short Street, which, according to Council, is not draining properly. Engineers assured the Council it would drain properly when finished.

A job description for city manager is to be made and Council voted a pay raise to \$200 weekly for the position. Robert Quillen's probationary period has ended and he was hired to continue the position until the citizens' meeting in January.

In other matters, it was announced Gary Homewood will fill the vacant post on the Kent County Regional Water and Sewer Advisory Board; the parking-traffic problem on Commerce St. is still under consideration.

Senator Nancy Cook, Representative Ronald Darling and Levy Court President William Paskey have been contacted by the committee and the latter two were present at the meeting, although no recommendations resulted Monday night.

Howard Wagner was given permission to begin work on the vacant lot south of Peoples Bank for a parking lot to temporarily relieve the parking situation downtown.

Gas Leak Causes Temporary Evacuation Here

Ammonia Leak At Cold Storage Plant Causes Temporary Concern, Discomfort

Around 10:30 p.m. Monday night, area residents here may have been longing for a little of that peace and quiet usually the norm during the evening.

A noxious ammonia leak from the Burris cold storage plant near Reese Avenue caused a temporary evacuation of the vicinity from the railroad to Commerce Street, from the southern edge of town to the Harrington lumber yard. Approximately 50 or 60 persons were involved.

Members of the local police and fire department went door to door alerting people in the area of the potential hazard as the smell of ammonia hung in the air. Some people had to be awakened, others were outside in direct contact with the potentially dangerous gas.

Fire company member Robert Taylor said several firemen who were at the scene of the leak suffered minor discomforts of parched throats and feelings

of nausea. Several residents in the immediate area also reported discomfort they attributed to the fumes. Mr. and Mrs. Calvin Minner received oxygen and later were treated at Kent General Hospital. They felt the gas caused their problem.

Taylor continued to remark it was lucky the incident was early in the evening and that there was a breeze to help dissipate the gas which could have been harmful to the lungs over a longer period of time or

which may have caused asphyxiation if conditions were different.

Harrington policeman Bill Werner sent in the first alert to the Delaware State Police. Aiding the Harrington

firemen were ambulance and rescue units from Felton and Milford.

By one a.m. officials had repaired the leak and residents had returned home.

Miss Sande Warren

Will Compete For Miss Delaware Title

At least one area native will be in the running when the contest for Miss Delaware begins at Rehoboth Beach's Convention Hall on June 21.

Miss Sandra Fay Warren, 20-year-old Felton native and daughter of Mr. and Mrs. Raymond Warren, was named Miss Rehoboth Beach in competition two weeks ago.

While in high school, Miss Warren was involved in a variety of activities. She lettered in band and softball and was a member of the Varsity Club. She was president of her senior class, a state president and reporter of VICA.

Selected from a field of four other competitors, the hazel-eyed 5' 5" brunette came through the various stages of competition, including bathing suit and talent in which she used one of her original poems entitled "Love Is..."

Interest in horticulture drew her into attending the Kent County Vocational Center. During state horticultural competition, she placed first, second and third in floral arrangements and corsages.

Future plans may continue to turn toward horticulture since she expresses an interest to teach high school horticulture.

At the moment, she is preparing for the immediate future - the Miss Delaware competition. Mrs. Bettye James of Rehoboth, who had approached Sande about competing, is assisting in checking out Sande's wardrobe. Learning how to walk, hair styles and makeup are also coming under scrutiny.

The 1972 Lake Forest graduate is no newcomer to the limelight. Past competition has included placing first runner-up in the Miss Delaware - Miss U.S.A. contest and third runner-up in the Miss Delaware Teenage Pageant.

Sande is employed at Crosby's Flowers and Gifts on Rt. 14 outside Rehoboth where she can work with the plants of which she is so fond. Feeding and watering the flowers and plants are her general duties. Everything looked in the bloom of health in the greenhouse and as Sande lingered near the umbrella plant in the picture, she confided they had been through a lot together. Both had been in the contest that had made her Miss Rehoboth Beach.

Sande, as she prefers to be called, doesn't let competition mar the calm she displays offstage. Says Sande, "You're concentrating so much on what you're doing." While she's competing, there just doesn't seem time to be nervous.

Both look prepared to face whatever may lie ahead... Atlantic City perhaps??

Ordinance Violations Crop Up At City Hall

Ordinance reminders from the Harrington City Hall this week include the following:

1. It's unlawful for any lot, vacant or otherwise, to allow weeds to grow more than 12 inches in height or rubbish to be thereon. After five days notice from the city, the town will mow and remove rubbish and bill the owner.
2. It is illegal for dogs to run at large at any time.
3. Drastic action on delinquent taxes will be taken by the alderman if not paid when notice is received.

Simpson Elected to Board

Walton H. Simpson of Camden, was elected to the Board of Directors of Chesapeake Utilities Corporation at the annual meeting of stockholders held on May 20. Mr. Simpson is a contractor and active in civic and community affairs.

Mrs. Wilma Wood

HONORED AT RETIREMENT DINNER

Friday evening, the staff of Lake Forest North Elementary School paid tribute to Mrs. Wilma Wood who will be retiring from full-time classroom activity at the end of the academic year.

Mrs. Wood began teaching in 1930 in Trenton, Missouri. Mr. and Mrs. Wilford Wood and their three sons, William, Robert and David moved East and in 1954 she began teaching in the Felton schools. Since that time, the students of this area have been privileged to reap the benefits of her dedication, enthusiasm and love.

Her ardor carried over from the classroom into extra-curricular and community activities. For many years, Mrs. Wood was the advisor to the Felton cheerleaders and it has been said that the green outfit she so proudly wore to all the games was the teams' good luck charm. In addition to this, Mrs. Wood was very active in Girl Scouts.

In 1973, she was honored by the Felton Alumni Association as "teacher of the year."

Present at the dinner with Mrs. Wood were her sons, William and his wife, Sandra, and their sons, Dodie and Jason; Robert and wife, Betty Jo and their children, Donna Kay and Doug; David and his wife, Jean.

Other guests who joined the staff to honor Mrs. Wood were Dr. and Mrs. Howard Henry, former Supervising Principal of Felton School; Mr. and Mrs. Frank Young, Principal, Lake Forest North Elementary; Mr. and Mrs. Courtland Dill; Mrs. Bess E. Dill; Mr. and Mrs. Richard Arndt; Mrs. Reed Hughes, Mr. and Mrs. Ed Fitzpatrick, Mrs. Marie Erne and Mr. and Mrs. Ronald Draper.

As a token of appreciation for the many years of dedicated service, Dr. Henry and Mr. Young presented Mrs. Wood with a silver tray on behalf of all present.

These two rail crossings in Felton [on the left is Railroad Avenue and High St. and on the right is Railroad Avenue and Sewell St.] have been the subject of much debate during the April and May council meetings. Mayor William Myers has made

several attempts to get the Penn-Central Railroad to do something about the condition of the crossings. Mayor and Council have met with several delays and are now looking into other ways to have the crossings resurfaced.

Police Beat Equipment Taken

A citizens band radio and microphone were reported stolen Saturday from a car parked at the United Parcel Service on U.S. 13, a mile north of Harrington.

Delaware State Police said someone broke into the car, owned by Albert Waltman of near Milford, between 2 a.m. and 6 a.m. The radio equipment was valued at \$442.

This was the scene last Thursday for those using the Harrington-Milford Road, Route 14. All drivers yielded right-of-way to house in center of picture. In the picture, power lines had to be taken down in order for the house to be moved. It was being moved from its original location next to Wilmington Savings branch bank to a new home several miles west. The house was being moved by Mullen and Ramalli, house movers from Mt. Holly, N. J.

Felton Council Views Rails

With Mayor William Myers home from Easton Memorial Hospital after a hip operation, it was decided that a meeting later in the

month would be better for all concerned. The Mayor is up but not moving around very much.

Other Council members were unable to attend the meeting on Monday night as well. The Mayor said Tuesday, a meeting would be held later in the month.

At that time, the matter of re-evaluation of properties for tax purposes will be considered. The Mayor also said he hopes the law firm of Terry & Terry will com-

Mayor Wm. Myers

plete the updating of the City Charter before the legislature adjourns. Another matter that needs to be looked into further is the matter of getting federal funds for the police department.

Students at Lake Forest South are shown participating in the Learning Center Carnival last Friday. Over \$258 [mostly in nickles and dimes] was realized from the project, which will be used to finance a trip for the students who use the center and for equipment. The center's coordinator, Craig Jantz said he was overwhelmed and grateful for the help given by parents and other interested persons.

Tuesday Mrs. Bette Martin was on hand at the Center to instruct members in making terrariums, a closed jar planter with one or more plants inside.

On Wednesday bingo was the main attraction. For the entertainment Monday, a film was shown by George Goodge which the members enjoyed very much.

Thirty members joined the all center picnic held at Trap Pond with fun and frolic and a good lunch furnished by Manna. Our kitchen band entertained as well as young ladies, Mrs. Caroline Fisher and Mrs. Barbara Bonniwell from Dover with appropriate songs accompanied with their guitars and accordion.

All reported a very good time and plans are being made to go to Ocean City soon.

When you receive your June program from the center this time, check it and see the 10 percent discount offered every Tuesday at the Blue Hen Mall for shoppers 60 years of age or older. Also there are others in Milford, Harrington and Rodney Village. It will pay you to check this program.

We were visited by the 4th grade of Chipman School this last Wednesday with about 30 children who entertained with several renditions of songs led by their music teacher, Mr. Banschbach.

They were enjoyed by all just by seeing their young smiling faces as they sang their songs and are welcome any time.

Our bowlers are getting better all the time. Two tied with 324 pins apiece by Andy Anderson and Jim Keniencki; George Goodge with 221; and Bette Martin with 256 for two games beating George by 35 pins.

"with the unemployment insurance benefits being used up, the next step then..."

For the past year, we have been living in a depressed economy with extremely fast rising costs. We lay a bit of the blame on the fact "that we are at the mercy of these Mid-East potatoes" - or so our leaders tell us.

Our unemployment rate is on the rise, and it is a matter which we must give close attention. The amount of money one can get from unemployment benefits today deprives the recipient of any real incentive to go out and "take any kind of job."

With so many people out of work and many others enjoying the large unemployment compensation monetary benefits, the funds are likely to dry up sooner than was predicted.

It is quite probably that our government will select the former and add to the fact that the length of time a person can remain on unemployment be extended several more months.

This entire system has been leading up to a convincing point that it just will not work. The whole idea is somewhat cockeyed.

Best Wishes to Lake Forest Graduates

Thoughts ...

by Senator William Roth

I strongly supported the President's decisive action to free the Mayaguez, the American merchant ship, and its crew.

Such action was needed to show our determination to uphold the freedom of the seas. If the President had not acted, the United States would have lost some of its credibility as a government concerned about the safety of its citizens and the sanctity of recognized

international law. By taking firm action, President hopefully has prevented future incidents.

I am especially proud of our servicemen who took part in this operation and made it a success. No president can order American servicemen into action lightly. In the case of the Mayaguez, the military intervention was a careful, calculated move, taken only after consultation with the highest diplomatic and military experts in the National Security Council.

Diplomacy was tried, but it proved impossible to communicate with the new Cambodian Communist government. The Cambodians had isolated themselves to such an extent that even China indicated that it was unable to establish a channel for communications.

In the deliberations of the National Security Council, a major consideration was the risk of not taking action. In the case of the Pueblo, the crew was returned only after it had endured months of physical and mental abuse. Although the Mayaguez was an unarmed merchant ship traveling in a long-established international sea lane, the Cambodians contended that it was a spy ship.

Leave Wildlife Alone

Usually the kindest thing that can be done for wildlife "orphans" is to leave them alone, advises a U.S. Fish and Wildlife Service biologist stationed at the University of Delaware.

John T. Linehan believes that "adopting a wildlife orphan" is usually disheartening and could be one of the most unkind things that you can do for young song birds, fawn deer, baby rabbits or young of almost any other wildlife species.

The first thing most youngsters and adults think when they find the young animal by itself is that the mother has been killed and that this is an "orphan" left behind. But Linehan says that when a young animal is found alone, chances are its mother is nearby and will tend to her young after humans leave the area.

Picking up wildlife is actually illegal since all wildlife is considered property of the state. Many species have special federal and international protection.

excuse given for seizing the Mayaguez and harassing other shipping in the area.

Some observers have expressed surprise that the Soviet Union and China did not react strongly to our intervention. Apparently even the Soviets have been appalled by the actions of the Cambodian Communists. Soviet citizens were among the foreigners expelled from Cambodia in the grueling truck ride from Phnom Penh to the Thai border.

The War Powers Act provided a test case of the War Powers Act. I supported this Act, passed in 1973 over President Nixon's veto. It restricts to certain emergencies the President's authority to use the Armed Forces without explicit Congressional authorization.

The War Powers Act was designed to prevent any future American involvement in a major war unless both the President and the Congress agreed that such involvement was in the national interest. It was not intended to restrict the President's authority and responsibility to protect American citizens. It did not.

Also, experience doesn't bear out the idea that wildlife parents won't care for young "tainted" by the scent of humans. However, don't encourage children to handle or play with young wildlife. The disruption of normal parental care often results in death of the young.

If your children bring in a young animal, quickly take it back to the same spot where it was found and release it, Linehan advises. Wild pets look cute, cuddly and compelling, but you face many problems if you try to rear them.

In many cases, animals become sick and die because of improper care and other needs of which we know very little. Or they grow up. As adults, many of them become rather unmanageable, especially during the breeding season.

After being fed and cared for by someone, pets released into the wild often die because they cannot fend for themselves, or just because they're in a strange area.

The Strawberry Festival will be held this Saturday starting at 3:30 at the Houston Methodist Church. Fried chicken platters will be served.

Pick-It-Yourself Season Is Here

The pick-it-yourself season for fruits and vegetables is here again. The first crop - strawberries - should be ready for picking the end of May, give or take a few days for weather.

Pick-it-yourself marketing has been gaining in popularity in the last few years, says Roger Ginder, extension crops marketing specialist at the University of Delaware. A growing number of Delaware farmers are offering pick-it-yourself produce. Some of the most popular crops for self-harvesting are strawberries, peaches, apples, snap beans and tomatoes. But the selection is actually wider on some farms.

You can look at pick-it-yourself marketing from two points of view, says Ginder—the consumer's and the farmer's.

For the consumer, picking your own produce has several attractions. You can get fresh produce picked just the way you like it.

If you know what you're doing, you can be assured of good quality. You usually make a saving in the cost of the produce you buy, especially when you are buying larger amounts of produce for canning or freezing. What's more, you can have the pleasure of a rural outing—an increasing rarity, even for those of us who still have a bit of open land around the place where we live.

It helps to know about the picking process, too, says Ginder. Know what to wear—comfortable attire similar to what you would wear if you were gardening. Expect to be on your knees a good bit in picking most crops.

If you're thinking about getting some pick-it-yourself fruits or vegetables this year, there are several things you should know, says Ginder. You need to know what crops are available and where to find them. You need to know what to expect about the

picking process itself. And you need to be aware of your obligation to the farmer when you enter his field or orchards.

Not all crops can be sold this way, Ginder points out. Some like potatoes are most easily harvested mechanically so that there is little or no advantage to the farmer in opening his fields to the public. Other crops like sweet corn and melons require such careful harvesting that the farmer will not want to risk his plants in the hands of inexperienced pickers.

The most popular fruits and vegetables for pick-it-yourself operations are strawberries, peas, snap beans, blueberries, peaches, apples and tomatoes. If you are lucky, you may also be able to find places to pick raspberries, broccoli, brussels sprouts and bush beans.

Plan to bring your own containers for the produce you pick. Even if the farmer provides something for use in the field, you'll have to carry what you pick home in something. If you are out for berries, plan to bring fairly shallow containers (about 6 to 8 inches deep) to avoid having the fruit crushed by its own weight.

Remember that the farmer will have some rules and guidelines for you to follow. He'll probably assign you to a specific part of a field for picking. He probably won't want young or undisciplined children in his fields where they can damage crops or plants. And he'll probably give you some guidelines for picking, so that green produce is left to ripen for someone else and plants are not uprooted or damaged by inexperienced picking. His guidelines will benefit you, too—they'll help you to get the kind of quality produce you're after.

The Cub Scouts of Pack 76 are set to travel to the "Great Adventure" in New Jersey on Saturday, June 14. Plans for the trip, which is financed by the annual candy sale, were announced by Cubmaster Raymond Blanchette at last Friday's pack meeting. Mr. Blanchette said the bus will leave St. Bernadette's Church Hall at 6:45 a.m. on the morning of the 14th. Expected return time is 9:30 - 10 p.m. Rain date is June 15.

The pack will provide the bus transportation and pay for the admission to the park which covers all rides. However each boy is expected to

pack a lunch and bring a soft drink. Coolers will be available. Individuals should also bring money for a supper stop on the way home plus any desired spending money for souvenirs. The trip to "the Great Adventure" marks a change from the earlier announced intention to go to Hershey Park.

Other activities at the pack meeting centered around the presentation of awards. In Den 1, David Reardon received his Bobcat badge and pin. Cubs in Den 2 who received awards included Jerry Wyatt - five silver arrows in the Wolf program; Scott Dill - a gold and a silver arrow in the Wolf program, and Darin Dell - two Bear silver arrows.

Den 3 awards went to David Marvel - Wolf gold and silver arrows, and to John Donato - Denner's cord.

In Den 4 awards were presented to Dennis Dean - gold and silver arrows in the Wolf program; Scott Bader - two Wolf silver arrows, and Bill Bader - two Wolf silver arrows.

Webleos awards were earned by Richie Sapp - Aquanaut and Naturalist, and Randy Brown - Aquanaut.

On display was the blue ribbon presented to Pack 76 for its participation in the collection for Goodwill Industries. Smokey the Bear

Window Shades Are Energy Savers

Recent independent research tests prove that window shades can save up to 15 percent of the costs of heating and cooling the average home, says Coral Morris, extension home management specialist at the University of Delaware.

The tests, which simulated conditions of summer and winter in a temperate climate, found that, in winter, a drawn roller shade can prevent from 24 to 31 percent of the heat loss through glass. In summer, a sunlit window with a drawn shade admits 44 to

54 percent less total heat than an unshaded window.

In practical terms, says Ms. Morris, the study indicates that for a house with a 15 percent window area, the use of ordinary window shades reduces heat loss approximately eight percent in winter. In summer, the reduction in energy required for cooling is more than 20 percent.

This translates into a difference of about eight cents on every dollar spent on fuel consumption for heating, and up to 21 cents per dollar for cooling.

between a home with window shades and one with no shading devices. Even if a home is not air conditioned, says Ms. Morris, the shaded windows will keep the inside temperature appreciably lower. The researchers reached these conclusions by constructing a twin-room facility with a single pane, two-lite window between

the test (indoor) room and the control (outdoor) room. Winter and summer temperatures and solar radiation were simulated in the control room using a refrigerating unit and an arrangement of arc and incandescent lamps.

Test room temperature was electronically maintained at 75 degrees F., and control room temperature was varied from 20

to 50 degrees F. for winter tests, and 85 to 95 degrees F. for summer tests.

Under these simulated conditions, reports Ms. Morris, a window with a light-color opaque roller shade mounted within the frame admitted 47 to 54 percent less total heat than an unshaded window. A translucent shade achieved a 44 percent heat reduction.

Outstanding wrestlers this year at L.F. were: Art Ware(L), Steele Chamey, and Allen Welch(R). Cliff Chambers, Pres. of Athletic Boosters Club is making the presentation.

Schedule Annual Meeting

The local Southern States Cooperative annual membership meeting for the Harrington area will be held on Tuesday, August 12th.

This decision was made by local farmer-members at a recent annual meeting conference held by Peck Bros. Farm Supply Co.

Among the features of this year's session will be reports on operations of both Southern States Cooperative and the local agency for the fiscal year ended June 30.

In addition there will be elections, or report on elections, and other business matters.

Attending the planning session were Charles Peck Jr. and Thomas Peck, co-managers of Peck Bros. Farm Supply Co. and Robert Collins a member of Southern States Cooperative's regional headquarters staff at Seaford.

Also at the session were the following members of the local board and Farm Home Advisory Committee: Mr. Robert F. Winkler of Felton and Mr. Robert T. Collins of Harrington and Mrs. John T. Curtis and Mrs. Robert T. Collins of Harrington.

After a wedding trip to the Pocono Mountains the couple will reside in Virginia Beach.

Ex-Smokers Needed For Program

The Kent County Unit of the American Cancer Society will conduct a "Stop Smoking Program" on the Kent Campus of the Delaware Technical and Community College in Dover.

first of its kind in central Delaware, will meet each Tuesday and Thursday beginning July 10 and ending on August 5th from 7-9 p.m.

Needed now are ex-smokers to serve as group discus-

sion leaders, or facilitators as they are called in the program. These volunteers will be trained in group dynamics by the local ACS Office. Anyone interested in serving as a group leader should stop by the Kent County Unit Office at 5 East Reed Street, Dover, or call 734-7431 between 9 a.m. and 1 p.m.

Smokers interested in participating in this "Stop Smoking Program" may register at the local ACS Office prior to July 10th. There is a \$5 registration fee which is refundable.

Janecees Make Presentation

On May 19 the Harrington Janecees, as part of their Happiness is a Healthy Baby Week project, presented Mrs. Joyce Williams a "Layette of Cheer" containing several baby care items.

Mrs. Williams, of Frederica, gave birth to a girl, Artia, weighing 7 pounds and 4 ounces on May 17 at Milford Memorial Hospital.

She and her husband, James H. Williams recently returned home from Panama where he is stationed with the Air Force. They also have a three year old daughter, Toya.

As do the Janecees, Mrs. Williams believes prenatal care is of vital importance in having a happy, healthy baby. She encourages all expectant mothers to seek and follow close medical supervision during their pregnancy. Remember, be good to your baby before it's born.

TOWN AND COUNTRY TOPICS

DAVE WOODWARD ASSISTANT KENT COUNTY AGENT

Training materials have been developed which will aid in preparing applicators for certification. The selection of materials to be used for training private applicators in Delaware has been made. We have an excellent manual, a well-prepared film to go with it and a set of slides to emphasize certain parts of the material.

Many of the same training material will be used to prepare those wishing to be certified as commercial applicators. This material covers the general know-

ledge part of commercial certification. Some training material under which commercial applicators will be certified has been finished, more is expected shortly.

A pamphlet Standards for Certification of Pesticide Applicators is available from the County Extension Offices or the State Department of Agriculture. This is a readable reprint of the Federal Register which established the certification standards. It lists the types of knowledge required for all types of certification.

Present plans are to schedule sessions at several places in the state between October and March, when work is not so pressing on growers and others. No one should be discouraged or lack confidence, the Cooperative Extension Service in Delaware will offer training and re-training so that everybody wishing to be certified will pass the examination. We view certification not as a method of

people out of business but rather as a means of improving the way pesticides are used. The State Department of Agriculture feels the same way. Dick Goerger, who is heading up the Johnsongrass control program for the State Department of Agriculture, now has equipment for spot spraying Johnsongrass. The truck mounted sprayer will spray infested areas for a nominal charge. Landowners with infested land on vacant lots, hedgerows, etc. should call Mr. Goerger at the State Department of Agriculture for details (678-4813). As I understand it, the operation of the sprayer will be limited to spot applications. It is possible to grow a good crop of soybeans in a Johnsongrass infested field, control it, and produce a profitable soybean crop.

If any farmer would like to have advice on how to initiate a program that will get rid of Johnsongrass on his farm, he should contact the County Extension Office, 736-1448.

Obituaries

Alice M. Craft

Alice M. Craft, 52, of Cedar Village, died Friday, May 30, 1975, in Milford Memorial Hospital after a long illness.

She is survived by her husband, Allen C. Craft; a son by a previous marriage, Wayne A. Baker of Dover; her mother, Agnes McMullen of Harrington; two brothers, Louder McMullen of Harrington, and John McMullen Jr. of Dover; two sisters, Grace Ratledge of Milford and Pauline Pepper of Denton, Md.; and four grandchildren.

Services were Monday afternoon at the Lofland Funeral Home, 219 S. Walnut St., Milford. Interment was in Odd Fellows Cemetery, Milford.

Services were Wednesday morning at 11 at the Moore Funeral Home, Denton. Interment was in Denton Cemetery.

David Thomas Pritchett

An infant boy from Townsend was dead on arrival at a hospital Sunday morning, the apparent victim of crib death.

David Thomas Pritchett, 2 months, was put to bed Saturday night and found dead in his crib about 6:30 a.m. by his parents. The state medical examiner's office determined the child succumbed to the sudden infant death syndrome, an unexplained medical phenomenon peculiar to infants.

David is survived by his parents, Richard and Mary; a sister, Kathy, at home; his maternal grandparents, Raymond and Marian Hopkins of Harrington; and his maternal great grandmother Mary C. Smith of Harrington.

Services were Wednesday afternoon at 1 at the Berry Funeral Home, Northwest Front St., Milford. Interment was in Barrett's Chapel Cemetery, Frederica.

It Seems To Me

by Janet Reed

Lace! This is both a fabric and a method of fastening a garment.

Lacing as a closure is a popular fashion detail on sportswear and an interesting change from zippers and buttons. It's easy to do, too, and allows for some flexibility in fit. You'll notice garments with lacing closures at neckline and at waistline.

All you need to do is make eyelets in your fabric and make a decision as to the type of cording to thread into them.

There are several methods of making eyelets in the fabric. An attractive, easy method is to work small machine buttonholes where you want the eyelets. If you have a buttonhole attachment you can buy an eyelet template for working round eyelets.

You can purchase kits for

attaching metal eyelets if you want the tailored effect they give. Some metal eyelets can be scratchy next to skin and are not as comfortable as the thread finish.

If you like to do handwork, work the eyelets by hand. Punch a hole into fabric with a sewing awl and work a buttonhole stitch around the hole.

It's a good idea to use a piece of interfacing between the layers of fashion fabric to stabilize the area. Press-on interfacing will do a good job.

What you select for a cord depends on your own creativity. You can make self-cording, or use narrow ribbon or purchase cord already made. Look around in fabric shops and you'll find lots of ideas.

The use of lace fabric is an entirely different matter.

Every lace fabric is different and fascinating to handle and sew. Books could be written on the subject, and there are many good references if you want to use this fabric. If you have never sewn lace you may want to do a little research and preplanning. You might want to see it as the French fashion designers do—all by hand so you won't distort the delicate designs in the fabric. This is time consuming, but a challenging project as you match designs and try to make the garment seem to be molded together with no visible seam lines. It's probably a once-in-a-lifetime project so be sure the event is worth the time and effort.

Lake Forest Holds All-Sports Fete

Buddy Townsend, referee, all evening like a jack-in-the-box substituting for various School Board vice president and toastmaster said, "I've never seen school spirit like I have seen here tonight."

The occasion was the annual Lake Forest High School All-Sports banquet, which is currently in the second round of the state social calendar at the school.

The first team to be honored was the Spartan cross-country team coached by that master recruiter, J. Howard Blades.

Jim's charges had won a second straight state championship and need one more to equal the three achieved by J. Harold McDonald plus a perfect 1974 dual meet season.

"Mac" had state title teams at Harrington in 1963 and 1966 and at Lake Forest High School in 1969.

Cross-Country All-Americans are Terry Pettyjohn, Joe Voshell, Kit Tilghman, Harry Benson. Freshman Dan Parker, third in the 1974 state meet, is an All-Henlopen pick.

Cliff Chambers of the Lake Forest Athletic Boosters Club presented handsome trophies to each harrier and a desk set to Coach Jim Blades.

Keith S. Burgess, Harrington Journal Sports Editor, who has never missed a local team cross-country meet since the sport was started here in 1957, was surprised by the awarding of a plaque for his support of the team.

Girls' softball coach, Dave Adams, told of a last-ditch rally against Delmar that brought his team a .500 season.

Graduating softball seniors are: Beverly Mack, Carol Cabbage, Becky Chalmers, Debbie Wheeler, Gwen Carter and Madalin Hoff.

Becky Chalmers hit .473 this season, while Debbie Wheeler had 403. Bev Mack hit an amazing .711 for 1975 and .511 with 10 home runs for her four year career.

As Adams stated, these marks may last forever here. Barbara Dougherty and Pat Dyal were philosophical cheerleaders about the jayvee and varsity hockey teams respectively and hoped for better things this autumn.

Dave Buck and Charles Stickle, soccer coaches, appointed as co-captains for 1975 seniors-to-be Jim Calloway and Kevin Peck.

Freshman football coach Buck Starkey and his assistant, Chester Scott, awarded the numerals "78" to each of the gridirers on the undefeated squad.

Starkey was up and down the evening like a jack-in-the-box substituting for various School Board vice president and toastmaster said, "I've never seen school spirit like I have seen here tonight."

Starkey then introduced members of the jayvee football team and Bill Falasco's 10-3 varsity baseball team, which is currently in the second round of the state tournament.

Retiring football coach Al Wood and his 1974 squad were next, followed by Buck Starkey standing in for Bob Dill and the jayvee baseball team, a club with a 7-2 mark.

Coach Kuzman presented the football cheerleading Corps, co-captained by Lisa Calloway and Kathy Lynn Minner, who also filled the same spots in basketball.

After Barbara Dougherty and the girls' jayvee cagers, came Pat Dyal and her Henlopen Conference champion girls' basketball varsity.

Senior players Debbie Duerr, Becky Chalmers, Kathy Burris and Bev Mack were freshmen Spartans when Dyal arrived here four years ago.

Most Valuable Players for L. F. H. S. this year are: left to right, Bev Mack [basketball], John Pickett [football], Eileen Ryan [girls' tennis], Kevin Wooters and Greg Pritchett [track], Russell Dill [football and baseball], and Greg Hobbs [baseball].

Knaub Elected President of Band Boosters

Mrs. Russell Knaub of Harrington was elected president of the Lake Forest Band Boosters at the group's May meeting.

Serving with Mrs. Knaub as officers for the 1975-76 school year will be Drexel Herman, vice president; Mrs. Ilena Salaz, secretary; and Mrs. Harry Rawding, treasurer.

A rising vote of thanks was given Mrs. Philip Tut-hill out-going president of the organization.

Many activities and projects have been completed during her term as president.

Mrs. Everett Warrington gave a final report on the uniforms for the Chipman band. She anticipates they will arrive in the near future and that the band will perform at several functions

this summer wearing their new uniforms.

Mrs. Rawding has been investigating the possibility of providing the high school band with a flag from each of the 50 states as their part of the bicentennial year celebration.

Because of the high cost of the flags, and the many requests each state has received, donated flags from the other states will not be possible.

Therefore, Mrs. Rawding and her committee have decided to ask residents in the Lake Forest District who are from other states to donate a flag to the band.

She will soon be announcing the cost of the flags which will probably run from \$11 to \$25 depending on the state.

Hopefully there will be former residents from those states who would like to see their home state flag in the band front next year.

Several members have already expressed their desire to sponsor the purchase of a particular flag.

The next meeting of the Boosters will be at the end of August to make plans for the fall and winter seasons activities.

Football cheerleaders - Lisa Calloway, Kathy Lynn Minner.

Basketball cheerleaders - Lisa Calloway, Kathy Lynn Minner.

Softball - Becky Chalmers, Beverly Mack.

Soccer - George Luff, Rodney Wyatt.

Football leader Al Wood was presented with a bronze football shoe by his team.

Moose Lodge most improved athletes awards went to Art Ware, Kit Tilghman, Cheryl Lissy, and Becky Chalmers.

The most prestigious award of the evening, that named in memory of Mike Adams, goes to two outstanding senior athletes, Debbie Duerr and Rodney Wyatt.

Former Lake Forest and Delaware State athletic great, Curt Powell, was the presenter.

Powell is currently a candidate for a spot with the pro Dallas Cowboys.

Cliff Chambers, president of the Athletic Boosters, heads an organization that really did themselves proud with the bash.

The many kids honored will long remember last Wednesday night.

This is a typical scene at the Bridgeville Field Day held Monday at the elementary school. Six events were scheduled and involved the entire student body.

Car Safety Quiz

1. If you were planning to make an extended motor trip with your family, you would, of course, have your car checked over by professional mechanics. What five mechanical parts of the car should you make sure the garage has put in top working order?
2. While driving your automobile, you come to a no-stop, no-light intersection at the same time that another car on the other intersecting road arrives. You are on the right of the other car. What would you do?
3. Let us assume you are driving along a two-lane highway at about 40 mph. Suddenly, a car appears from the opposite direction heading directly for you on the wrong side of the road. Obviously, you should try to stop and get off to the side of the road, but there is one important thing you must do immediately. What is this?
4. You have a sudden flat tire or blowout in the center lane of a busy multi-lane highway. What is the best way to get your car off the road safely?
5. You are driving alone along the highway and are taken suddenly ill. Should you drive on, seeking medical help, or should you pull over to the side of the road and stop?

Spartans Win First Round

Second Bid Will Be Today Against Smyrna

by Ray Blanchette

"It's just like the Flyers and God Bless America," stated Spartan baseball team second baseman Glenn Jarrell about the team's theme song, "Thank God I'm a Country Boy."

Jarrell was referring to the Philadelphia Flyers' astounding record every time they play following either Kate Smith singing, "God Bless America" or the recording of her doing so. But just one week earlier while the Flyers were wrapping up their second successive Stanley Cup championship, the Spartans were being humiliated by Smyrna 7-2 for the Henlopen Conference championship.

But then came the opening round state tournament game against defending champion Newark. On the bus ride up to the University of Delaware where the game was played, Russ Dill played a recording of John Denver's hit record. It became the team's theme song as a result of the upstate teams referring to the downstaters as a "bunch of farmers."

Some two hours after the game had started, the Spartans had risen from that 7-2 defeat by Smyrna to a superbly played 1-0 victory over Newark. Dill pitched the Spartans to the victory as he struck out 13 Newark batters and gave up one hit. That one hit was

a result of a very controversial call as Mike Hassman hit a grounder to third baseman Rodney Wyatt who dropped the ball, then tried to tag a runner coming into third but was too late.

The Spartans scored their homerun in the fourth inning when Wayne Voshell opened with a single. With Russ Dill at the plate, Voshell then stole second and Dill singled him to third. Dill attempted to steal second and was thrown out while Neal Smith was at the plate. Smith then walked. With runners on first and third, centerfielder Greg Hobbs singled in the lone run.

The Yellowjackets stranded runners on second with one out in the fourth and fifth innings and stranded a man on third in the sixth. The Spartans had six hits off Hassman who is supposedly the best pitcher upstate. Voshell, Dill, Hobbs, Erne, and Wyatt each had one hit apiece and William Jackson had two.

It was not known until just before the game time whether Wyatt or Dill would start but coach Bill Falasco decided to go with Dill, who really came through.

The Spartans' next game will be today against Caesar Rodney at Smyrna at 5 p.m. During the regular season the Riders defeated the Spartans 8-7 as Joe

Shockley hit two two-run homers over a 260 foot fence.

If the Spartans win today, they will play the winners of the Brandywine winners of the Brandywine Claymont game at 2:30 at the University of Delaware varsity field.

Spartans Win Junior Olympic Awards

Twenty-five athletes from the Lake Forest School District picked up 20 awards in the Intermediate and Senior Divisions of the Junior Olympics Track Meet held Saturday at Wilmington's Baynard Stadium.

Two tiny 14-year-old girls turned in excellent outings. Jackie Williams of Chipman School won the long jump in the 14-15 Division and ran the anchor quarter mile leg on the winning 880 medley relay team. Jackie also was second in the one mile race walk.

Paula Mosley, Lake Forest freshman, was second in the half-mile with an excellent 2:37 clocking. She's only a second or two off the Spartan record and has three years to get it.

Harry Benson (4.41) was runnerup in the 16-17 boys' mile. Craig Kashner's best mile ever of 4:47 gives Lake Forest four milers, from 4:31 to 4:47, returning in 1976. That's a lot of talent for a small high school.

Paul McClellan improved his clockings in both the mile and half-mile Saturday.

In the 14-15 boys' mile run, Dan Parker was second in 4:43, with David Richter next in a personal record 4:46.5.

Moore, Benson Win Harrier Runs

by Keith Burgess

The Student Council sponsored spring cross country runs held annually at Lake Forest were contested last week under the direction of Coach Jim Blades.

George Moore, a football, basketball, track performer, won the inexperienced division with a fine 7:24 clocking for one and one-half miles.

Soccer, wrestling and baseball player, Rodney Wyatt, was close at 7:29, with Larry Cooper at 7:30 and Louis Miner coming in one second later.

Other finishers in order were Roy Young, Bob Elzey, Ray Whelan, Randy Ott, Mike McGinnis, Marcus Bray, Ron Woods, Gust Voshell, Hernel Scott, Tom McCabe, Grayson Barthlow, Russ Haris and Pete Fraley.

Harry Benson was the veterans' winner in 6:44. Dan Parker was next in 6:57 followed by Joe Voshell, Terry Pettyjohn, Craig Kashner, Bob Kashner, Bob Mullane, Charles Scott, Paul McClellan, Cliff Ayres and Tom Ott.

One of the purposes of the event is to give new prospects a taste of cross country in hopes some of them will be candidates this autumn.

Chuck Carter, not a track team member, made the trip to put the shot.

Later Jim Blades persuaded him to try the 16-17 half-mile. In his first track meet without training or experience, he gave state champion Irv Williams of Salesianum, a good race before finishing second in 2:11.5.

a fantastic performance under the circumstances. If Carter comes out for track as a senior, we know he will be a star, but we can't help but wonder how good he might have been had he started four years ago.

Good efforts were turned in by Craig Kashner, 440, Bob Mullane, 440, Ron Loper, 440, Mike Benson, long jump, Bill Moore, shot put, Louis Thomas, 440, two relay teams labeled as Harrington, Felton and Frederica each, which picked up eight of the awards.

Relay runners were: Mike Benson, Mike Quail, Stacy Sams, Richter, Grayson Barthlow, Loper, Carter and Harry Benson.

Louis Thomas, like Carter in his first meet, ran a 6:07 quarter and he's only an eighth grader.

Wm. Griffin, L. F. H. S. Principal, and Coach Jim Blades make an appreciation award to Keith S. Burgess, Sports Editor for The Harrington Journal, at the sports banquet last Wednesday night. Burgess has done a great deal for the student athletes. He received a standing ovation for several minutes.

L.F. Loses Conference

by Ray Blanchette

Last Tuesday, May 27, the Spartan baseball team lost its shot at the Southern Division title and Henlopen Conference title by losing 7-2 to Smyrna.

The playoff was forced as Smyrna was upset in its last two games by Indian River and Sussex Central and both the Eagles and Spartans finished with 10-2 records.

The Eagles wasted no time as they quickly scored three runs in the first off Russ Dill. With one out, Wayne Pierson doubled and scored as Don Dickerson singled. After Charlie Emerson and Rob Stump were walked, Rich West singled in Dickerson and Emerson. The Eagles other runs were

scored on a solo, third inning, homerun by Dickerson and a Spartan error filled the fifth inning which saw the Eagles add the other three.

Wayne Voshell and Russ Dill scored the Spartan runs as six players, Glenn Jarrell, Voshell, Dill, Greg Hobbs, Wayne Erne and George Luff each had one hit apiece. Hobbs and Erne had the runs batted in. Russ Dill was the loser as he gave up all seven runs in the six innings he pitched and was several times victimized by bad bounces. Rodney Wyatt finished up. Smyrna's Emerson was the winner, giving up six hits and striking out eleven.

Clendening Takes Second Place

Tom Clendening captured second place in the Memorial Day Flag Tournament at Caroline C. C. on Friday, May 30.

In the Talbot Country Club (Easton) Invitational Tournament (May 31 - June 1) Tom was tied for first

place in the Fifth Flight, and lost the playoff to Bruce Lamberton on the second extra hole.

The Invitational was won by Bob Rementer of Caroline, as a total of nine members of this club were among

the recipients of silver trophies.

Clendening is entered in the Leukemia Society Celebrity Pro-Am Tournament at Cavalier's C. C. in Wilmington, on Monday, June 9. Mington, on Monday, June 9.

T & M Rally Beats Bowers

Taylor & Messick scored five runs in the last inning and got by Bowers 9-8 in their Kent County Slow-Pitch Softball League contest here Thursday night.

T & M (7-3) trailed 7-4 going into the top of the seventh but got four straight hits.

Ron Cannon scored the first run on Jerry Minner's single; George Lankford scored on Larry Larimore's sacrifice fly; Bobby Collins

and Minner advanced on the sacrifice, and Jim Fibelkorn was intentionally walked by losing pitcher John Beard to load the bases.

Don Adams hit a long fly ball to score Collins, and Snookie Collins singled to drive in Minner and Bob Collins with the tying and winning runs.

Cannon went 3 for 3, Minner and Snookie Collins went 2 for 4 and Fibelkorn hit a home run. Bob Collins was the winner.

Fly-Ups Held

Brownie Troops 684 and 332 held their Fly-Up ceremony with the sister troop, Junior Troop 879, Tuesday, May 20, at Wheeler's Park. At this time, second year Brownies become Junior Girl Scouts.

The Girl Scouts have four different levels that they can reach during their scouting years: Brownies, Juniors, Cadettes and Seniors. One can become a Junior Scout without being a Brownie by being ready to enter fourth grade or if one is 9-years-old.

All Scouts recited the Pledge of Allegiance, the Girl Scout Promise and sang America. Scouts Jennifer Moffett and Lynn Mills from Troop 332 and Scouts April Testerman and Beth Reed from 684 were flag holders. Scout in charge was Roberta Ricker of Troop 332.

On one side of the sliding board forming a horseshoe, the Juniors and both Brownie troops stood on either side of the sliding board where the fly-ups were conducted.

Each Brownie fly-up scout was called one at a time from their troops and each Scout received wings and a Junior hat.

Following this, Mrs. Apte of Troop 684, presented

pins to the remaining Brownies in that troop for having completed one year as a Brownie. After the Brownie presentation Junior Troop 879 held their Cadette bridging.

All Scouts then joined together in a large circle. They sang Girl Scouts Together and Taps.

Several parents and friends attended the ceremony and many stayed for the picnic dinner.

Brownie Scouts attending and taking part in the ceremony were: Deanna Apte, Debbie Edgar, Allyson Coppock, Stacey Horseman, Fly-ups from Troop 684. Fly-ups from Troop 332 were Kelly Show, Lori Ann Wyatt, Elva Rae Benson, Vickie Porter, Robin Porter and Theresa Benson. Troop 684 Brownies were Denise Donato, Linda Hawkins, Faith White, Michelle White, Beth Reed, April Testerman and Hilda Benson. Brownie Scouts from Troop 332 were: Michelle Hill, Stacey Moffett, Lynn Mills, Rebecca Brown, Roberta Ricker and Jennifer Moffett. Leaders were Mrs. Louise Apte and co-leader Mrs. Linda Hawkins. Mrs. Jo Ann Wyatt and co-leader Mrs. Shirley Show.

On Tuesday, May 20th, Bridging, each Scout member of Junior Troop 879 was presented with a surprise of their name on a Girl Scout pin. It was placed on her badge sash by Mrs. Evans, while being assisted by co-leader, Mrs. Jean Cerklefskie, and may be worn with or without the uniform.

Ruth Kates, representing the whole troop, presented Mrs. Evans and Mrs. Cerklefskie with surprise gifts. Junior Troop 879 and guests of the Scouts who bridged to Cadets, held their outdoor picnic followed by all Scouts participating. Congratulations to Shelley, Mia, Ruth and Carole from the entire Junior Troop 879, Mrs. Evans and Mrs. Cerklefskie.

Mrs. Barbara Evans and Mrs. Jean Cerklefskie would like to thank all members of Junior Troop 879 for their gifts.

Park Needs Volunteers

David Dougherty, Program Director of the YMCA of Dover and Kent County, a United Way Agency has announced that though Cedar Park and the Rising Sun Railroad are off to a good start, the number of volunteers working with the project must be increased if the Park is to remain open through the summer months.

Besides the need for more volunteers to work at the park on Sunday afternoons, David Dougherty also mentioned several pieces of equipment that the Railroad Club are in need of. If someone has a freezer they would care to donate for use at the park, or if someone has a spare one they could loan to the club for the summer that would be helpful. Also, very much needed, are a couple of lawnmowers so that the volunteers can keep the grass cut and the area trimmed.

The volunteers that are needed are not necessarily folks with any particular railroad skills, because this is a club for all people who have an interest in helping to operate a family recreation area. Folks are needed who will mow grass, man the refreshment stand, kill weeds along the railroad tracks, paint, man the ticket window, drive the trains and generally assist in the project. The railroad club is open to men and women, boys and girls regardless of age who would like to become a part of the endeavor. If you have an interest in assisting in this project which has been revived as both a recreation area and a way to raise funds for charitable agencies, please contact the YMCA at 674-3000 or go to Cedar Park on any Sunday afternoon from 1 - 5 p.m. and join in the fun and the work.

BROWNIE ACTIVITIES

On April 22 Brownie Troop 332 visited WTHD - WAFB Radio Station near Milford. The host was Mr. Dennis Hazzard. The troop had an opportunity to sing on the air. Ten girls were present. Mrs. Wyatt and Mrs. Brown accompanied them on their visit.

On May 20, the troop had its fly up ceremony with Brownie Troop 684 and Girl Scout Troop 678 of Harrington. There were six girls to fly up to the Junior Troop. On May 27 we had our last meeting. We visited the Hi-Grade Dairy when Mr. Hughes gave us a tour and treated all to ice cream. Ten girls were present accompanied by Mrs. Wyatt and Mrs. Brown.

April 29 and May 5 the girls worked on Mother's Day corsages and cards. All 12 girls were present both weeks. On May 12 the troop had practice for fly up ceremony along with Brownies Troop 684.

On May 27 we had our last meeting. We visited the Hi-Grade Dairy when Mr. Hughes gave us a tour and treated all to ice cream. Ten girls were present accompanied by Mrs. Wyatt and Mrs. Brown.

Four Become Cadettes

On Tuesday, May 20th, Bridging, each Scout member of Junior Troop 879 was presented with a surprise of their name on a Girl Scout pin. It was placed on her badge sash by Mrs. Evans, while being assisted by co-leader, Mrs. Jean Cerklefskie, and may be worn with or without the uniform.
