Firemen Prepare Fire Prevention Week Activities

This Sunday at 1 p.m. the Harrington Volunteer Fire Department will hold its second annual Fire Prevention Day, which will again be in the W.T. Chipman parking lot on Center Street.

Chairman Aubrey Brown, who has been alerting the public to the annual event during the month of September, has a variety of projects and demonstrations lined up for the afternoon.

A fire demonstration involving a house trailer and a planned home fire escape are only two of the activities planned to drive home the point of the need for fire preventive measures to be taken by the citizen. Also planned is a film "Your Life", which Brown says will be directed to the adult visitors Sunday.

"One thing we're really stressing is having the parents come out", said Brown. "A lot of people don't realize fire prevention is a family project and that a lot of fires aren't just caused by children."

Also included in the afternoon's activities are to be an assimilated auto rescue, demonstrations by the

Journal Sponsors Contest

The week of October 5-11 is Newspaper Week. In conjunction with that, the Journal is sponsoring an "Oldest Drawer and Trunk Liner Contest". The rules are simple. A spanking new free subscription to the Journal will be awarded to the person who has the oldest copy of the Journal at home being used to line a trunk or drawer.

Contestants may write or phone in entries, but will have to bring in a copy of the paper to verify the claim.

It's a good time to look around and it may give area housewives that needed boost to think about fall housecleaning. While you're at it, ladies, did you know old newspapers are excellent for drying newly washed windows?

Good luck, and start looking. The winner will be announced in the October 16 issue of the Harrington Journal.

Delaware State Police, who will have representatives on hand with the state helicopter, demonstrations by the Robbins Hose Fire Company using ladders as well as a variety of fire and rescue apparatus, which will be explained to the public.

Troop 5 of Delaware State Police will be on hand to discuss bicycle safety. They will have brochures available regarding state bicycle safety.

On the lighter side is planned an antique fire hose contest in which five companies are anticipated to compete for a plaque, which Brown says will be awarded annually to the winning company. Also planned is the ever popular ride on the fire truck. Young and young at heart get the chance, for a few minutes at least, to be firemen, or at least to ride on the equipment.

The afternoon is strictly a volunteer effort by the fire company. There is no charge for admission. It gives the community an opportunity to view first hand the equipment used by the fire fighters, as well as to get some tips on how to prevent fires at home and on the job.

Current fire company officers are: Richard Shulties, president; Kenny Collins, vice-president; J.D. Dennis, Jr., financial secretary; Gary Minner, secretary; Bill Outten, treasurer.

Harold Fry is serving as chief; Melvin Wyatt, Bob Taylor and Joe Green are assistant fire chiefs. Harold Brode is ambulance captain while Aubrey Brown is the ambulance squad secretary-treasurer. Russell Blades and Franklin Derrickson are serving as two lieutenants.

The annual fund drive which will kick off in the community with the letter canvas, is chaired this year by William Walls, Jr.

The tentative schedule for the afternoon is: 12 noon, setting up; 12:30, Arrival of Displays; 1 p.m., Displays all set up, 1st showing of "Your Life" film; 1:45, Robbins Hose Co. ariel demonstration; 2:25, Simulated House Trailer fire; 3:10, Auto Rescue; 3:30, Fire Hose Contest; 4:30, Closing & Fire Truck rides.

Note: The above schedule is not official. Time may vary between demonstrations and events.

Refreshments will be served.

Publicity Course Offered

A one-day course in publicity for religious, social and volunteer groups will be held from 9 a.m. - 4 p.m., Saturday, Oct. 18 at the Dover Air Force Base.

Sponsored by the University of Delaware Division of Continuing Education, the course is designed to help leaders of local organizations handle publicity.

Course participants will learn about measuring public image, writing news releases and radio spot announcements, preparing inexpensive promotions and using feedback.

Teaching the course will be Dolores Solberg, an assistant editor in the university's publications office. Ms. Solberg has worked in small college publicity and on a daily newspaper, and she holds a masters degree in educational public relations.

Fee for the course is \$10. Interested persons may register from 10 a.m. - 5 p.m., Tuesdays, at the Dover continuing education office in Room 225 of Building 520 on the Dover Air Force Base or by contacting the university's Division of Continuing Education in Newark, telephone 738-2211.

Contest Winner Announced

The Delaware State Fair wishes to announce that Mr. William C. Sommers, Jr. of Laurel, Delaware has been declared winner in the first photography contest that has ever been judged after the Fair was over. To be eligible, participants had to submit pictures that had been taken during this year's 1975 Fair.

Mr. Sommers, an employee of the Sears Roebuck Co. for the past 15 years, is 42 years old and has been interested in photography since high school. Although he has taken a course in photography at Delaware Technical and Community College, he admits that he is "mostly self-taught". He is a former member of the Salisbury Camera Club.

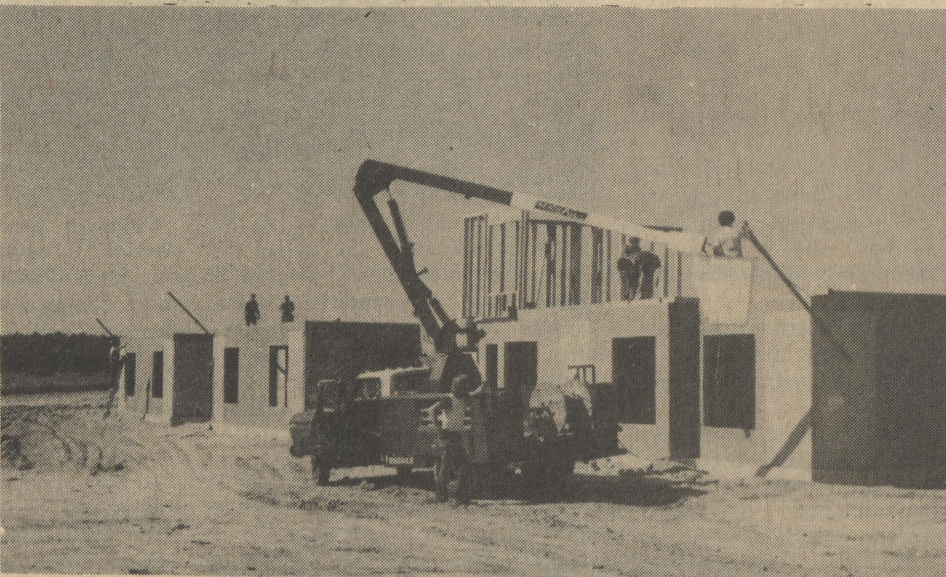

Mr. Sommers does his own developing and printing and likes to specialize in portraits, nature, and night photography. The winning picture was taken with an Exakta camera, using Tri-X film, 35 mm at F/16, 250th second and developed in Kodak Microdol X.

When informed that he had won the contest, Mr. Sommers stated that he was "very pleased" and that this was the first photo contest that he had ever won. As winner, he received a \$25 premium and the congratulations of the Delaware State Fair for having the winning picture out of the 137 that had been entered in the contest.

Bridgeville Firemen's Parade Set

On Sunday, October 5th, the Bridgeville Volunteer Firemen will play host to the annual Bridgeville Volunteer Firemen's Parade. The parade will start at 4:30 p.m. preceded by a Miss and Little Miss Fire Prevention Pageant at the high school starting at 12:30 p.m.

There will be some 28 entries for the Miss Fire Prevention and 16 for the

Miss Lake Forest Pageant is Oct. 11

The Lake Forest Alumni will be sponsoring the first annual "Miss Lake Forest Pageant" on Saturday, October 11th. The pageant will begin at 8 p.m. at the Lake Forest North Elementary School in Felton. There are approximately eleven contestants from the Harrington, Felton, and Frederica area. All contestants are in the 9th, 10th, or 11th grade at Lake Forest High School. They will be judged in evening gowns, school dress, and on a talent presentation.

The winner will receive a \$100 U.S. Savings Bond and a trophy. The first runner-up will receive a \$50 U.S. Savings Bond and a trophy. There will also be a Miss Congeniality Award, to be decided upon by the contestants.

Miss Delaware, Elaine Campanelli will be present to crown the winner and present the other awards. Dennis Hazzard, program director of WAFL and WTHD radio stations in Mil-

ford will be the emcee for the evening.

Entertainment will be provided by Miss Harrington, Margaret Kinney and Miss Felton, Robin Degnat. Proceeds from the pageant will be for the benefit of the Lake Forest Alumni Scholarship Fund. This fund provides scholarships to qualifying seniors at Lake Forest High School.

Everyone is invited to attend the pageant.

Magnolia Has First Parade

By Barbara Brown

The day by singing the National Anthem. WDOV's Ed Miller announced the event.

A contrast between the old and the new was evident in the parade entries. The beat of the Caesar Rodney High School band was offset by blasts from the rifles of the Caroline Minute Men from Caroline County in Maryland. Modern fire fighting equipment was on hand, as was the hand drawn pump of the Frederica Fire Department. Antique autos were balanced by the rugged vehicles of the 4-Wheel Club. Magnolia's young people appeared on Bicentennial bikes and in costume as Betsy Ross, Molly Pitcher and others.

The parade's variety was rounded out by a float from the proposed Delaware Agricultural Museum as well as one presenting a sample of the action from the Levis & Lace square dance group of Dover. Among the parade participants were Cub Scout Pack

109, Boy Scout Troop 109, and Brownie Troop 789.

Following the parade, the celebration moved to the school grounds where game and refreshment booths sponsored by Scouts and other local organizations were set up. Here Levis & Lace demonstrated their square dancing and then invited onlookers to join in.

A ladder team from The Dover Fire Company demonstrated its skills in whistle-cued ladder drills. Then the Magnolia Fire Company presented a sampling of the firemen's contest which will be featured this Sunday, Oct. 5 at Fireman's Fun Day, to be held on the Magnolia school grounds.

Bess E. Dill, Chairperson of the Bicentennial committee said that future Bicentennial plans include Fellowship Day at the Magnolia United Methodist Church and a patriotic cantata planned for some time in May.

Taxes Are Now Delinquent

Harrington residents are reminded that taxes for 1975 are now delinquent. They are reminded to take care of outstanding taxes at once.

Career Day For Women Set

Women's Career Opportunities in Kent County will be fully explored and explained by representatives of fifteen to twenty career areas during a "Career Opportunities Day for Women" to be held Friday, October 17, at the new Kent Campus of Delaware Tech and Community College, Dover. According to Dr. Gary Frank Petty, Campus Director, the career day will explain training requirements, "a day on the job", occupational or professional pre-requisites, and provide the opportunity of frank and useful dialogue between career representatives and women participants. The purpose is to provide direct contact between women and the professional fields which will help them enter or re-enter careers.

Planned by the Women's Studies Ad Hoc Committee of Kent Campus, the career day program includes representatives of such diverse fields of finance and banking consumer affairs, state and city police, personnel and marketing, retailing in stores and real estate, management for small businesses and the hotel/motel industry, social services, specialized fields of nursing, para-legal, communications in journalism, radio and advertising, and politics as a lobbyist, volunteer, or appointed or elected official. There will also be attendance by military recruitment agencies, publishing experts, and admissions

counselors from all Delaware institutions of higher learning to discuss educational training and planning for successful careers.

Of special interest to local artists and artisans will be presentations by a gallery owner in the fine arts business who will provide insight and information on how to successfully enter into contracts and conduct commercial transactions for products of artistic or aesthetic value. Typical of the whole intent of the career day, this portion for local craftswomen and artists will be of direct benefit to those seeking art careers as a way of life.

The Career Day will consist of a general introductory session and smaller contact sessions with career representatives throughout the day.

Career Opportunity Day for Women will commence at 9:30 a.m. at the new Kent Campus, and will last until 2 p.m. The cost for enrollment is \$5. To expedite enrollment, telephone pre-registration is suggested, and interested women may assure themselves of a seat for the day by contacting the college now. Child services can be arranged for the day, and complete information is available about pre-registration, lunch facilities, and child care by calling the campus at 678-5402, or stopping by the new campus facility at Denney's Road and U.S. Route 13, Dover.

Postmaster Dill Attends Convention

Howard Dill, Postmaster at Harrington, is a delegate from Delaware to the 71st annual national convention of the National Association of Postmasters of the United States, in Miami Beach, Florida, this week. Also attending is Dill's son, William.

Nearly 3,500 Postmasters from the 50 states, Puerto Rico, and the Virgin Islands are attending this annual

event, according to the Host Postmaster E. Herbert Daws.

The annual convention, held in a different location each year, affords Postmasters an opportunity to

hold business sessions, educational meetings, seminars, panel discussions and consultation sessions with top officials of the United States Postal Service.

Name Game: It's No Mistake

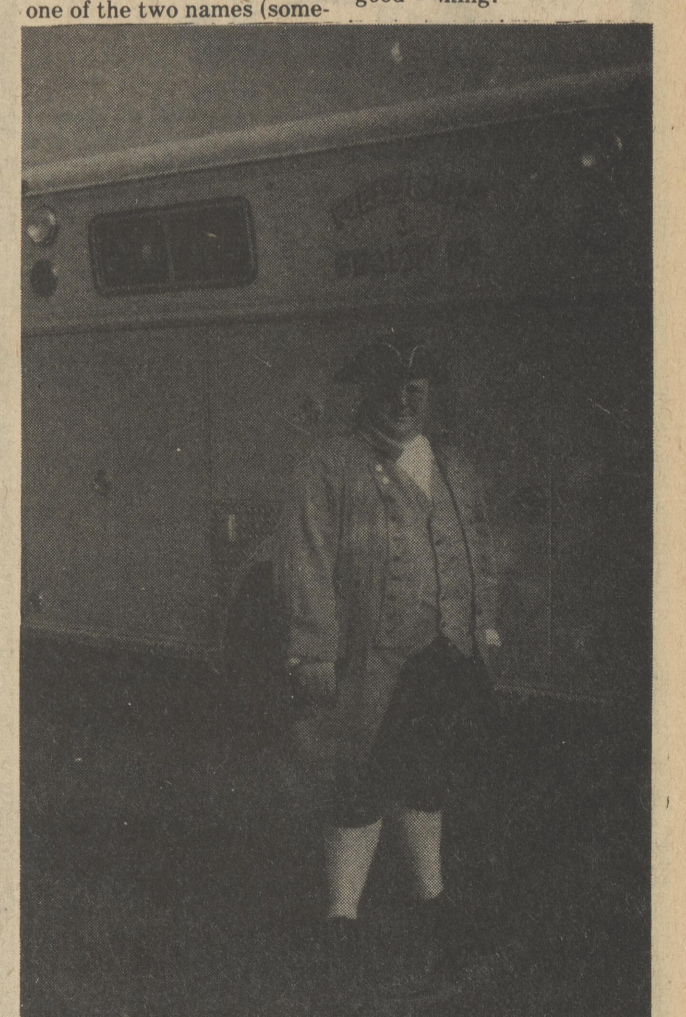

"I thought it was a mistake", said Clarence Schreiber, who made the remark last week after being awarded \$5 for being one of the Name Game winners. Schreiber has seen those backward names appearing in different locations in the Journal for the past several months.

It's no mistake, Mr. Schreiber, who is also one of the paper's most recent subscribers.

If our readers recognize one of the two names (some-

times there will be more than two) the phone begins to ring, according to the past winners. Mrs. Thelma Raughley, who won \$10 for being a subscriber, said she had to sit by the phone for a half hour when so many calls came through.

So, be on the lookout, and remember, if the name backwards is a friend, let him know. It will be worth \$5 and \$10 if the winner is a subscriber. Good luck and good looking.

Would You Believe... Ben Franklin??

This fluorescent red, black and white emblem might save a life. Ask about it at the Fire Prevention Day here Sunday.

Milford Teen Killed

A 15-year-old Milford youth was killed early Sept. 23, when he apparently fell out of the back of a pickup truck, 4 miles north of Milford.

State police said Frederick E. Pike of Shawnee Rd., was in the back of a 1969 pickup truck driven by a friend, David A. Morgan, 17, also of Milford. As they headed west about 12:45 a.m. on Kent 123, state police said, Pike fell onto the roadway.

Morgan stopped, loaded his friend onto the truck, and drove him to Milford Memorial Hospital. Pike was pronounced dead at 1:04 a.m. of a massive skull

fracture, police said. Pike's death brings to 83 the number of traffic related deaths on Delaware roads this year, compared to 73 a year ago.

Pike was in the 11th grade at Milford High School. He is survived by his parents, William R. and Bonnie; a sister, Michelle Reane, at home; his paternal grandparents, Mr. and Mrs. William R. Pike Sr. of Houston; and his maternal grandfather, Raymond Sparklin Sr. of Milford.

Services were Sept. 25, at the Lofland Funeral Home, 219 S. Walnut St. Interment was in odd Fellows Cemetery, Milford.

Farmers: Fires and Preventions

The National Fire Protection Association (NFPA) suggests that you make fire prevention a habit so that every week is Fire Prevention Week where you live and work, says Ronald Jester, extension farm safety specialist at the University of Delaware Substation in Georgetown. Fire Prevention Week is officially observed October 5-11 this year.

Jester points out that most fires start because of carelessness in ordinary,

everyday situations. The results are an estimated 11,700 lives lost in over two and a half million fires costing \$3.02 billion in property loss. The real tragedy is that most of these disasters could be prevented.

The following precautions will help prevent most fires:

1. Being careful with smoking materials and matches.
2. Proper maintenance and use of electrical apparatus and all heating and working equipment.
3. Special precautions with open flames and sparks.
4. Safe procedures with flammable liquids.

Jester reminds farmers that the nation's fire loss record in terms of both lives and property is considerably augmented by fires in the rural and farming communities. The farming and rural community are characteristically removed from the fire companies and consequently face a greater threat from fires. He suggests that farmers strictly adhere to certain precautions:

1. Keep the fire company number available.
2. Adhere to building codes.
3. Have adequate fire insurance.
4. Are assured of an adequate water supply (see the NFPA publication Water Supply Systems for Rural Fire Protection.

The serious double meaning inherent in the 1975 Fire Prevention Week theme, "Learn Not To Burn" should be of concern to everyone, says Jester. "Learn Not To Burn" means learning to avoid accidentally starting fires and how to keep your environment fire-safe by not giving fire a place to start. It also means learning to save yourself if you, or your clothes, should catch fire and learning how to escape quickly into fresh air in case of fire where you live, work, study, play or just happen to be.

Thursday, 19 of our members went to Dover to attend the Country Wide Variety Show. With some of our members participating in the program, Annabell Morrow won one of the trophies for the best reading. Pins were also presented to the RSVP members. Everyone reported having a good time.

Friday was ceramic day, bowling and hospital visitation. We are happy to report the sick members of our group are doing nicely at this writing.

Elbert Stevens was top bowler again with 314 pins, Jim Keniencki 283, Andy Anderson 268, Fred Littman 277, and George Goodge 200 for their 2 games each. This makes five of our members bowling over 200 pins out of 7 bowlers.

This week the spotlight falls on another of our rural members whose address is Felton. This fine lady known as Helen Graisbury moved from a farm in New Jersey known as the family Home-

stead, to her daughter's. She also has a son living in New Jersey.

Helen spent many happy days on the farm living with her husband and working beside him.

She is on the sick list and we wish her a speedy recovery.

This lady is as fine as they come, a friend with a kind word for all and good person to be around. She helps in the ceramic department, with string art and is a volunteer in the kitchen once a week.

'...with better than 60,000 miles of vascular system, it is no wonder we all have tired blood' My grandfather used to say 'the older you get, the harder you have to work'.

There was a time when the work product was turned out by the 'craftsman'. Lately of course the craftsman has been lost in the fast shuffle.

The pendulum swings both ways, and I believe there is a tendency to have it swing back to its original position. Just as there was a tendency to slip and accept poor workmanship, there is now a growing tendency to reject poor work.

TIME TO HELP THE HELPERS

Local firemen will be hosting area residents Sunday during the first day of Fire Prevention Week. It will be their day to demonstrate what they do all year . . . help keep our community a safe place in which to live.

As we know, the fire company is a volunteer organization. Every year they answer more calls with their ambulance and fire apparatus units. Last year they averaged more than a call a day for help.

The blare from the siren that wakes up the babies and the dogs at night also alerts the firemen to someone's needs. The night might be more quiet without them . . . it might also be deadly.

Funds help keep the company operating. As can be seen elsewhere on this page, the annual fund drive will soon be underway here for the fire company. They need our help to maintain the equipment that has to be in top condition to do the job.

They won't be asking for any funds Sunday. It's strictly voluntary and for the community. But remember the one time during the year when they do ask for our help is approaching. Be ready.

YOUR NEWSPAPER

'Newspapers shouldn't be allowed to print things like that.' We're sure you have heard statements similar to that in recent years. Perhaps you have said it yourself.

What things? Maybe an editorial that supports a philosophy that differs from yours. Perhaps a news story that makes you uncomfortable. Or a statement that you feel is misleading or even untrue.

The fact is, however, that newspapers must be allowed to print anything they wish to, subject to libel and slander laws. This is what the First Amendment to the Constitution is all about.

The First Amendment guarantees that the United States shall have a free press. It does not guarantee a fair press, or a responsible press... only a free press. For nearly two hundred years the First Amendment has protected big newspapers and small newspapers...good newspapers and bad ones...responsible journalists and irresponsible hacks.

During this period of time, the American press has had...and does have... an overwhelming majority of competent and responsible members. To be sure, the dissidents, and rabble rousers, the kooks have been around and have had the opportunity to be heard. But the voices of reason, of responsibility and good judgment have prevailed...and will continue to prevail so long as the press is free.

They have prevailed because the citizens have been informed, because vital issues have had full public examination and discussion. Perhaps Benjamin Franklin expressed it best with these words:

'Tis my belief...that when men differ in opinion, both sides ought equally to have the advantage of being heard in public. When the truth and error have fair play-truth is always an overmatch.'

During this Bicentennial year, it will be well for all of us to remember that the free discussion of public business is the prerequisite of

Career Corner

by Buck Thompson

The world's waters offer a wide catch of career opportunities to feed our planet's swelling population. To net the best jobs, you'll need education and training beyond high school, although many occupations require little or no formal education.

Aquaculture This is an expanding industry that attempts to raise aquatic plants and animals in a controlled environment. Aquaculture also is called fish farming.

Letter To The Editor Dear Friend: On October 6, 1975, The Harrington Volunteer Fire Company will launch the annual 1975 Fund Appeal.

As you are aware, The Harrington Fire Company operates on a completely volunteer basis and has long been dedicated to the task of providing the best and most complete fire and ambulance service possible to the city and surrounding community.

In order to achieve growth in our community and in essence effective service to complement the growth, we need your support. At the present time, the support is moral and we thrive on it, but more important financial support is urgently needed.

In the near future, The Harrington Fire Company is planning to increase your fire protection with the addition of a new pumper and other related vital materials. The pumper alone will cost approximately \$65,000. Thus, you can well understand the expenses incurred by your company.

I sincerely invite you to support The Harrington Volunteer Fire Company by means of a donation to our annual 1975 Fund Appeal. Your donation, large or small, will be greatly appreciated and we deeply thank you for your consideration.

Sincerely yours, William J. Walls, Jr. Chairman 1975 Fund Appeal Harrington Fire Company, Inc.

animals in a controlled environment. Aquaculture also is called fish farming. It involves any job that cultivates, harvests, and markets food stuffs from fresh or ocean water. Oysters, shrimp, catfish, and trout farming are examples of established businesses.

A recent report by Frost and Sullivan, Inc., a New York research firm, forecasts a dynamic expansion of fish farming in the U.S. from today's level of \$54 million to \$374 million by 1982, according to U.S. News and World Report magazine.

Aquaculture includes fish hatcheries operated by federal or state agencies, as well as by a small number of private individuals or firms.

Open Letter To Chipman Parents

Dear Parents,

Before we started our lesson on "How To Study", we had a little quiz. Of course, the surprise was genuine only for the first few classes, but that does not really concern me. My purpose in giving the quiz was fourfold:

- 1. To find out whether the students now understand that what they communicate determines another person's feelings, that they do have power and control over many situations; 2. To see whether my students see how to apply this idea of positive strokes that we have been discussing; 3. To encourage the application of this technique; and 4. To make the students see that I have certain expectations of them in carrying out assignments.

With hand-out sheets entitled "Operation Study" we directed our attention to the improvement of study habits and more efficient use of study time. Following are some of the things we considered:

- I. Recommendations for setting the stage for studying: A. Be sure you know what you are supposed to study. Have the assignment written down. B. Have a definite time and place to study. C. Have all your materials together before starting to study. D. Start right in to study and stay on the job. (PLAN for any breaks that you intend to take.) E. Begin with the hardest

Fishing

This job family includes occupations that catch finfish or shellfish by any method. Fishing also includes seaweed harvesting, although this industry is not widely developed.

Although aquaculture can be compared to farming, and fishing to hunting, the two types of activities usually are discussed as fisheries science and management - or the fisheries industry.

Once the waters were considered an unlimited source of food for humans and animals. Fish meal, for example, is used for poultry and hog feed. Between 1950 and 1970, the world's fish catch steadily climbed from 21 to 70 million tons.

But in the past several years, water pollution and overfishing have led to the steady decline of fish catches. We now realize that more than one food source is needed to stock the world's cupboard with food.

Years ago, most people in the fisheries industry were either fishers (fishermen), biologists, or processors-marketers. Now jobs in

fish research, conservation, and industry are as varied as schools of fish. They include such people as marine economists, fisheries engineers, and lawyers specializing in fishing rights law.

There are several major employment areas. Research - this is the field and lab work which handles the data-gathering and exploration work. Management - this branch covers field work dealing with specific water systems, maintenance and surveys of fish populations, and conservation. Culture - this area includes work done in hatcheries raising fish.

There are specialties within each area. For instance, a choice is available between marine and freshwater biology. In preparing for a professional career in fisheries science and management, a master's degree in needed; some jobs require a Ph.D. degree. Technologists (bachelor of science degree or equivalent) assist the professionals in research and management.

Bicen. Scholarship Offered L. F. Student

"Bicentennial Seniors," a \$112,000 scholarship program for high school seniors who will graduate with the class of 1976, is being launched this month by the National Association of Secondary School Principals.

Complete details on how to participate in the program are available now from Mr. Newman in the guidance office.

One national winner will receive a \$10,000 scholarship and 102 state winners will receive \$1,000 scholarships under the program.

Winners will be selected first locally, then on a state wide level. Two winners will be chosen in each state and the District of Columbia.

Each of the 102 state winners will also receive an all expense paid trip to Williamsburg, Virginia from January 16-19, 1976 to attend seminars on educational and social issues and to be on hand for the selection of the national winner.

Competition will include preparation of a minute-long television script to be patterned after the CBS television network's 200 years ago today "Bicentennial Minutes," a commentary discussing the relevance of the "minute" for today and the lessons it contains for the future; and a current events examination emphasizing issues and events from the past year.

The program is administered by the National Association of Secondary School Principals and funded by the Shell Oil Company. Applications must be filed by October 6, 1975.

Need help paying for college next year - or in the near future? If so, Mr. Newman at Lake Forest High says that now's the time to learn all you can about costs at different kinds of colleges, how much your family might be asked to pay toward those costs, and what you'll need from outside sources. Then you can begin to find out about the various kinds of student financial aid-grants, loans, and jobs.

Financial aid is one way that thousands of students each year get money for college. But to give yourself the best chance of getting what you need, you must PLAN AHEAD and APPLY EARLY.

As the first step in planning, get a copy of Meeting College Costs in 1976-77, A Guide for Parents and Students. It's a free booklet prepared by the College Scholarship Service (CSS) of the College Board. You can find it in your high school guidance office.

In addition to a valuable checklist of steps to follow in applying for aid, Meeting College Costs also explains:

- how to estimate your expenses at different kinds of colleges and what your family will be asked to pay; -how to figure out your approximate need for aid by using the worksheets and following the easy, step-by-step outline of the need analysis system used by CSS to process the Parents' Confidential Statement (PCS); -where aid comes from and how to apply for it from various sources such as federal and state governments, private agencies, and colleges themselves; -how and where to find more detailed information about different kinds of aid that are available.

It Seems To Me

Old denims never die, they just fade away. Denim continues in popularity in spite of the fact it has been around for years. But denim is new in the way it is worn or re-worn and in the way it is stitched. New colors in denim are gaining in popularity, principally the rusts and reds. New techniques give a brushed and softened look. Pre-faded and pre-washed denim gives the old look and a softened hand to new fabric.

For a new idea in sewing denims, consider the way it is seamed. Seams are meant to be obvious. Stitch the seam, then press both seam allowances to one side. Stitch through the three layers of fabric with two rows of top stitching in a contrasting color. Or, use a "long-join" stitch. This is a row of long and wide zig zag stitches through the three fabric layers near the seam edge. Add a row of long straight stitches on each side of the zig zag.

Another seam being used is the exposed seam. Stitch with wrong sides of fabric together so the seam is on the right side of the garment. Zig zag the two seam allowances together, turn to one side and stitch flat. You can give new denim a faded look if you prefer the faded appearance. To fade denim fill the bath tub

Mr. and Mrs. William M. Vincent of Felton are proud to announce the engagement of their daughter, Sharon Kay, to Randy C. Dill, son of Mr. and Mrs. Roy Dill also of Felton.

Sharon is a senior at Lake Forest High School. Her fiancé is a 1975 graduate of Lake Forest and is employed as a painter.

A June wedding is planned.

Booster Club News

At the September meeting of the Lake Forest Athletic booster Club the following officers were installed for the coming year: Cliff Chambers, President; Sue Lemmons, vice-President; Betty Chambers, Secretary; Priscilla Morris, Treasurer.

The club also voted to buy pull over shirts for the football team. Also three hockey sticks were purchased for the W.T. Chipman girls' team.

Also being discussed at this time is the purchase of a Universal Gym Machine. This machine would be used by students in the Lake Forest High School.

The Athletic Club now has about 50 members, about 30 are active. We could use a lot more active members and everyone is invited to join.

4-H CLUB NEWS

"4-H - 76 - Spirit of Tomorrow" will be the theme of the 11th Annual 4-H Parade which will be held in downtown Milford, Saturday, October 11 at 1:30 p.m.

About 40 clubs from Kent and Sussex County are planning to enter floats, marching units, bicycle and mounted horse units in the parade, which marks National 4-H Week. Many clubs are planning this year's entry around the bi-centennial. Area Junior high and high school bands will also participate in the parade, along with 4-H clowns who will have balloons for the youngsters. The parade will begin at Milford Middle School, continue up Lakeview Avenue to Causey Avenue, turn left onto Walnut St., and right onto N. Front St. The parade will end at the Milford Shopping Center where trophies will be awarded.

In case of rain, the parade will be cancelled.

Your leaders now have enrollment cards for you. Please fill one out as soon as possible so we can send you your new project material. You must fill out a new enrollment card for each year. If you do not need a manual this year, please indicate this on your enrollment card. Every member must fill out a new card each year or your name will be dropped from our mailing list. Don't put this

important step off -- enroll today!

This year's National Theme is "4-H - 76 Spirit of Tomorrow." 4-H truly has the spirit to build a better tomorrow. If you are not already a 4-H'er or if you know someone who may be interested in 4-H, why don't you join or urge them to join 4-H this club year. National 4-H Week is an excellent time to join. If you have any questions please call the 4-H office at 856-5250. Remember 4-H is open to all youth between the ages of 8 - 19.

Window displays should be in place on Saturday, October 4th through October 11th. Let's try to have 100% participation in Sussex County. This is an excellent way for us to tell the "4-H Story" to our communities.

Keep in mind the following points as you prepare your window displays:

1. Try to make the public aware that 4-H is active in the community.
2. Keep your display neat and easy to read.
3. Try to have action.
4. Have a contact for more information. You may use the 4-H office number 856-5250.

Club meetings for next week are: Belltown, Bridgeville Handy Helpers, Seaford Blue Jays, Bridgeville Wildcats and Greenwood Flyers on Wednesday; and Coverdale on Thursday.

Viola Girl Takes Top Honors

Lou Ann Jackson, a W.T. Chipman 8th grader, took top honors by winning the Thomas Hunter Lowe Trophy at the recent Jaycees' Annual Western Horse Show held at the Talbot County Agricultural Center in Easton. The show on Sept. 21, 1975, was held under the auspices of the Eastern Shore Western Horse Show Association.

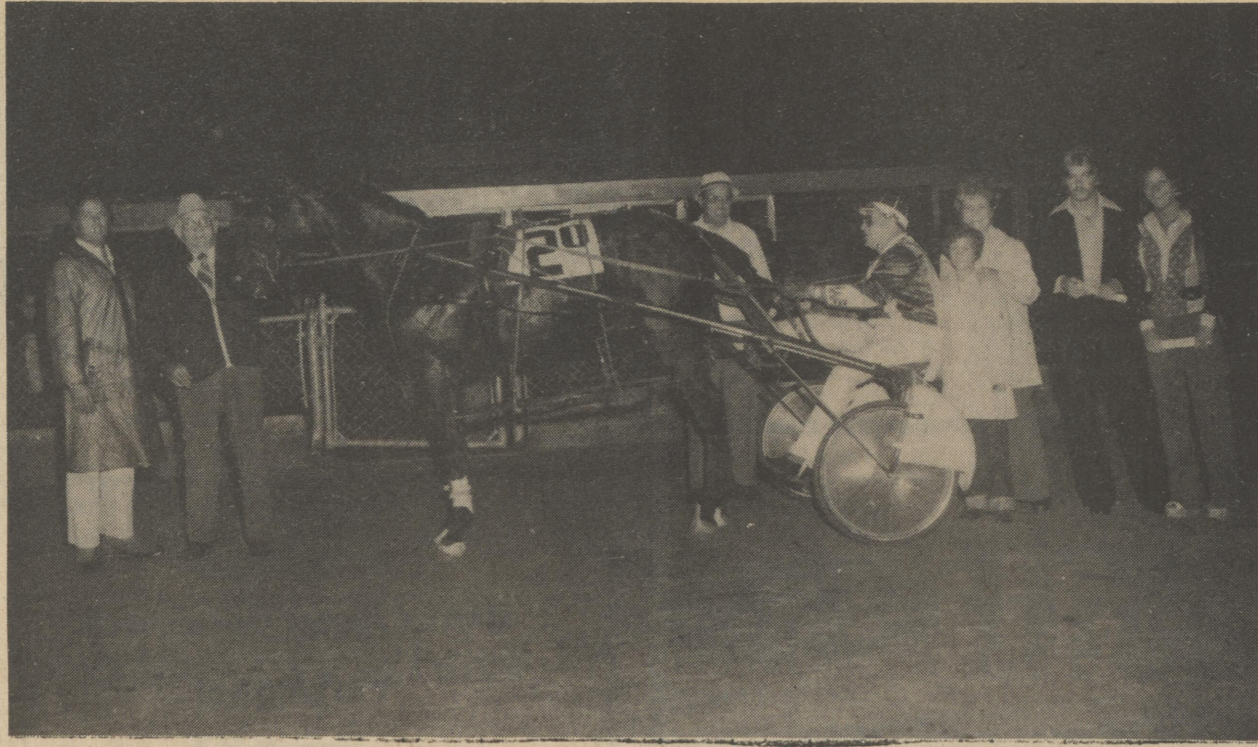

Riding her Appaloosa pony, Appys Pride, Lou Ann was in competition with riders of all ages throughout the day. The Thomas Hunter Lowe trophy which she captured is an end-of-the-day championship award based on the total number of points accumulated according to places won in certain classes: The three classes which counted for Lou Ann were the Trail Pony, in which she won a first and the Pleasure Pony and Youth Pleasure classes,

in which she came in second. She also won a first in the Horsemanship class and received 2nd in the Pony Halter and 4th in the Youth Showmanship Classes.

The Easton show came at the end of a 12 show circuit which started early last April and took Lou Ann and her family all over the Eastern Shore.

Lou Ann is a member of the Jr. Appaloosa Club which will be holding a show at the Sheppard farm near Farmington on Oct. 19. A 4-H member for three years, she will also be participating in the State 4-H Horse Show at the Red Gate Farm west of Dover on Oct. 12.

In addition to her riding and 4-H activities, Lou Ann is very much involved in school affairs, particularly hockey. She is the daughter of Mr. and Mrs. Norman E. Jackson of Viola.

In the winners' circle at the Harrington Raceway's fall meet recently was Jack Walters, driver, with Noble Theodore. Also with the winner were [l to r] Frank

Quillen, Harry Quillen, Hayward Quillen, Walters' daughter Jackie, Mrs. Walters, James Piper and Tammy Conoway.

Miki Pace Snaps Haeta Lodge's Streak at Harrington Raceway

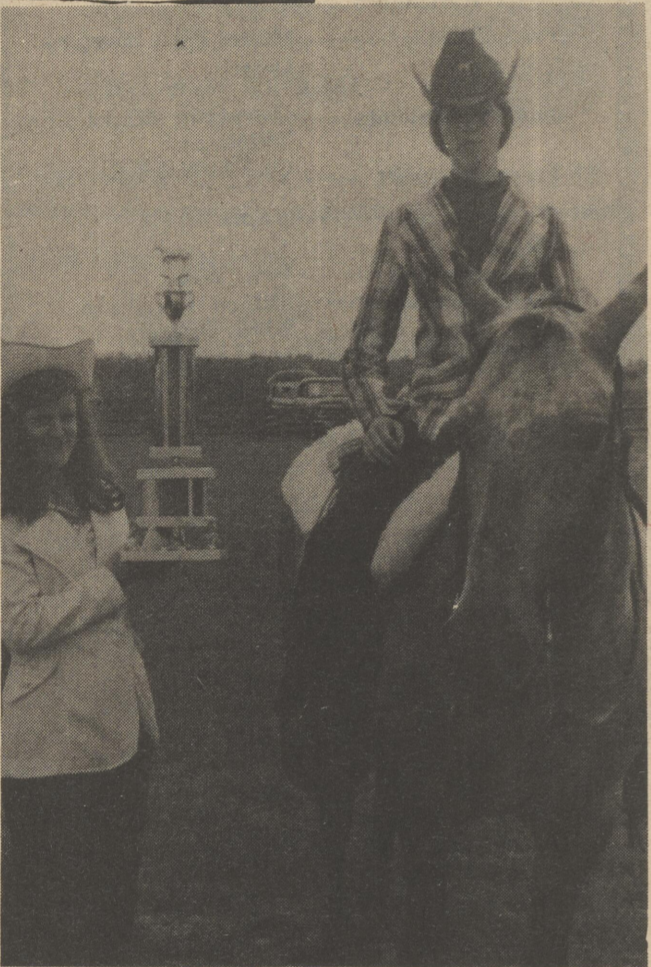

Mike Pace and driver Jim Schlotzhauer took the lead at the beginning and fought off the persistent bid of Haeta Lodge for three quarters of the mile. As they passed the three quarter marker Mike Pace opened up a five length lead and won handily in the time of 2.03 2/5. This snapped Haeta Lodge's win streak of 2 in a row. Miki Pace upped her 1975 earnings to \$46,560. This mare, one of the top aged mares in the country, is a local product by the sire Chipman's Heel who stands at Sugar Hill Farm, Greenwood, Del. This mare has a record of 1.59 1/5f and is co-holder of the national season's record for aged pacing mares. She is owned by George Moffett of Chestertown, Md.

Heading into the fourth week at Harrington, Harold Frazier still holds the leading dash driver with eleven trips to the winner's circle. Jimmy Porter is making a

strong bid with nine wins.

Another attraction at the raceway is the distaff side of harness racing. We have three young ladies actively engaged in driving horses here at the raceway. They are Judith Emerson of Frederick, Md., Dolores Abbott of Seaford, and Jo Ann Looney of Viola. We believe this is probably a first in this sport - three women actively participating in one meet.

Friday night will feature the 3 Year Old Colt and Filly Race in the Delaware Standardbred Development Stakes, and Saturday night the big trotters move in for the 4 Year Old Trotting Stakes. Regal Carl will be the top choice in this division, having trotted in 2.02 3/5 and winner of \$34,700 in 1975. Regal Carl has been national season's champion most of the year and has been competing with the top trotters at Liberty Bell Park.

Jaycees Horse Show Queen Rose Larrimore, left, presents the Thomas Hunter Lowe Trophy to Lou Ann Jackson, 12 of Viola. Miss Jackson won the trophy at the Jaycees' annual Western Horse Show at the Talbot County Agricultural Center, Easton, last Sunday afternoon.

Mr. and Mrs. Mart Uhler entertained Mrs. Ben Conaway of Wilmington last week. Mrs. Conaway was once a resident of Greenwood. On Monday she visited Mr. and Mrs. Carlisle Farrow and had dinner with them. Mr. and Mrs. Mart Uhler also joined them. Her daughter and husband, Mr. and Mrs. Filiago, came for her on Monday.

Mr. and Mrs. Mart Uhler and Mrs. Conaway visited Mr. and Mrs. John Donovan of Bridgeville on Wednesday evening.

Mrs. Lester Workman attended the Williamson-Dize wedding in the Episcopal Church in Bridgeville at 4 o'clock on Saturday afternoon and the reception following in the Parish House. Afterward Mrs. Workman and Mrs. Charlotte White called on several of their friends who are patients in Milford Hospital.

Congratulations to a new citizen of Greenwood! Mr. and Mrs. Ronald W. Hurst of Governor's Avenue welcomed a little son on September 27. He weighed in at 6 lbs. 15 ounces, 21 inches long, and will be named

Ronald, Jr. He and his mother will arrive home from Nanticoke Memorial Hospital this week.

The Hickory Ridge Congregational Methodist Church have completed enough of their building that services were held inside the church on Sunday. We congratulate these dedicated people who gave much of their time to this project.

Visitors at the home of Allison Davis this past week were the Rev. William Fleischauer, the Rev. Miss Etta Clough, Mr. and Mrs. Ernest Fry and Mr. and Mrs. Douglas Fry of Milford. Also Mrs. Theodore Wilson of Milford, Mr. Howard Smith, Mrs. Betty

Moore of Bridgeville, Mr. and Mrs. Edwin Prettyman of Houston, Mr. and Mrs. Carlisle Farrow, Mr. Ed Butler, Seaford, Mr. Guy Post, Sr., Mr. Harvey Rhodes, Mr. David Richards, Mr. and Mrs. Nelson Meredith, Miss Mary Lockerman, Mr. Carl Hoey, Wil-

lington and Mr. and Mrs. Graydon Hurst, also of Wilmington, Mrs. Robert Reehl, Pennsauken, N.J., Mr. Dale Dickerson, Mr. Edgar English, Mrs. Helen Workman, Mrs. Barbara Sparks, Harrington, and Sunday dinner guests, Mr. and Mrs. Gary Davis and children.

Mrs. Carmean of the Fashion Outlet, Milford, and Mayor McKnatt cut the ribbon at the grand opening of the store on September 18.

THE AGSTAR SOW CASTLE

... the new, economical, plug-up-and-go total farrowing environment

The new SOW CASTLE by AGSTAR provides animals with comfortable conditions they thrive on — a completely protected environment — just what any good pork producer needs to save more pigs and boost income. And, while your new SOW CASTLE is cutting stress on animals it's also giving you a comfortable place to work.

The SOW CASTLE comes complete with farrowing stalls, feeders, waterers, slotted flooring, heaters, ventilators — everything except the sows. All you'll need to do when it's delivered to you by flat-bed truck is hook up water and electricity...then start saving more pigs. Models are available in 12 and 24 foot widths (24-foot model shown above), and lengths to 50 feet. Combination nursery/farrowing buildings are also available. Call today for complete information, prices, and delivery date to your farm.

Woodbridge Dominates Stats, Seaford Wins Game

It was Woodbridge right from the start, but in the final analysis the score reflected a different story.

his 10 yard line and raced the other ninety yards for the score. The sad part was that it was called back because of a clipping infraction against Woodbridge.

Woodbridge Raiders football coaches watch their team intently in last Friday's game.

particularly impressive after coming off injuries from the CR game.

On the other hand Seaford looked impressive through the antics of Van Belcher who had a kicking average of 45 1/2 yards.

This week coming up Woodbridge is home against Milford, who hits very hard. Milford will be looking for their first win.

Woodbridge had two recovered Seaford fumbles one by Allen Little and the other by Chuck Hopkins.

Lose Invitational

Not Satisfied With Second Place

Most high school cross country teams would be satisfied with second place in a nine-team meet.

However, Lake Forest teams have achieved so much success in cross-country that the Spartans are seldom satisfied with second place.

Caesar Rodney, a school Lake Forest handled three times last fall, upset the Spartans in the eighteenth annual Lake Forest cross-country invitational.

The Riders were hard hit by graduation, while the host squad fared better in this respect.

Steve Dunham, Caesar Rodney's hard-working leader, won this race for the

second straight year. Dunham traversed the 2.4 miles course in 12:37, just one second off the course record held by Rob McKim of Dover.

The early leader, Lake Forest's sensational sophomore, Danny Parker, held on for second place.

A fatal blow was dealt Lake Forest hopes when Harry Benson, starting his sixth year of cross-country, was severely hobbled by tendonitis and had to struggle gamely to finish 34th in the 63-man test.

Actually sophomore David Richter (18th), senior Terry Pettyjohn (19th), ran well as did transfer Chris Palmisano (10th). But the only Spartans to approach their peaks were Parker and Craig Kashner (16th).

Oxford, Pa., fared better this year, coming fifth behind C.R., Lake Forest, Cape Henlopen and Dover.

The Pennsylvanians have some soccer players who ran this year but couldn't make the trip with the rest of the team last time.

Coach Jim Blades has a lot of depth again this year. In the jayvee test Lake Forest posted a perfect score (15 points) as Bob Mullane led teammates Howard Parker, Chuck Carter, Herb Jarrell, Paul McClellan and Steve Salisbury across the finish line.

Mullane normally runs on the varsity, but did not finish in the scrimmage at Brandywine Creek State Park versus Salesianum and was last in the Glasgow test at White Clay Creek State Park.

Howard Parker, returning to cross-country after a 3-year hiatus, was only 3 seconds behind Mullane. He and strong newcomer Chuck Carter are threats to push their way into the top septet.

Cliff Ayres, Charley Scott and Kelly Woodward finished 9, 10, and 11. Ed Hatfield, John Nickle, Tom Ott and Walter Willey came in 14, 16, 20 and 21 in the

80 entry race.

Billy Mitchell (28th) was the first Chipman runner to finish, with Doug Caskey (37th) doing his best ever.

Other seventh and eighth graders who turned in fine efforts were: John Gilmore, Jesse Gallo, Nathan Morris, Vince Ware, Dana May, Quinton Hendricks, Eugene Butler, Tim McCombs, Pete Fraley, John Hicks, Ron Wilhelm, Ron Lody performed well, as did the Kreer twins, Michael and Mitchell, who came across in 17.31 and 17.33, in their first cross-country starts.

Seven-year-old Brian Barthlow, a fine prospect in training for his official debut in a few years ran the 2.4 miles in an excellent 21.45, during the afternoon.

- Scoring: 1. Caesar Rodney 50 2. Lake Forest 65 3. Cape Henlopen 69 4. Dover 119 5. Oxford, Pa. 134 6. Laurel 145 7. Dover Air 146 8. Smyrna 188 9. St. Elizabeths 218

A major reason in the Spartans loss to the Riders in last weeks Lake Forest Invitational was the poor finish of Harry Benson due to an injury.

Riders Drub Spartans

A superior football team got it all together Friday night at Caesar Rodney as that team whipped the Lake Forest Spartans 36-0.

Smith kicked four times for 35, 45, 45, and 50 yards for an average of 43 plus yards per kick.

Coach Fleming said after the game "that one of the things which hurt us was the coverage on the punting team.

The defensive line of CR also "blew us out of the caught two passes for 17 yards. The CR defensive back field was very good as well.

stadium", said Fleming. "The team (CR) impressed me more than any team we have played." I thought that they were better than Smyrna. They also hit harder than Smyrna and ran harder too", said Fleming.

In the passing department Billy Moore was 2 for 4 for 28 yards, Lester Blades was 1 for 4 for 4 yards, and Neal Smith was 0-2. Wayne Voshell showed he can catch the ball and knows what to do with it when he does get the ball.

player actually appeared to have possession of the football, but Benson stole the ball from him. This was why Benson made the interception deep in his own territory.

Coach Fleming said he still had high praise for his "boys". They play hard for me and they practice hard for me.

some games this year, but we have the future ahead of us. There are a lot of sophomores on the team and I am sure our successes will attract more candidates to the team.

Each is 3-0 at this point in the season, so said Coach Fleming.

Sweeten Sweeps Final Main Event At Lincoln

Larry Sweeten, Sickerville, N.J., closed out the 1975 Motorcycle short track racing season at Lincoln Speedway, with an impressive win in the 20 lap Big Bike (360cc) Feature.

Knox, Exton, Pa. finished third, Jeffrey Hill, Virginia Beach, Va., fourth and Frank Pearman, Chesterfield, Va., rounded out the top five.

More than 200 competitors congregated for the final night of racing that saw the Lincoln Speedway complete its best season of

Saturday night Motorcycle racing on the flat, dirt, quarter mile oval.

Most of the top ranked riders in the East were on hand to garner as many late season points as possible. As a result, more than eight extra events were presented, to allow the great number of riders an equal opportunity to qualify for the main events.

The final 10-speed Bicycle program saw many "Grand Prix" riders race on a 1/4 mile dirt track for the first time.

Jo Ann Walls, Houston, Del., won the Girl's four lap sprint. Lou Ann Sutton, Seaford Del., placed second, Benita Bennett, Seaford, Del., took third.

Plans for expanded programs, including the addition of a variety of added attractions are already underway for 1976.

Frank Field who swapped the early lead with Bill Helmuth for five laps, began to fade with two laps to go but managed to salvage third place.

Marcy Grasso, Smyrna, Del., won the Junior event. Grasso took the lead on the second lap and went on to win the seven lap event by ten lengths over Keven Slatery, Milford, Del., Scott Murray, Salisbury, Md., finished third.

Plans for expanded programs, including the addition of a variety of added attractions are already underway for 1976. The 1975 season marked the best year yet for Motorcycle racing on oval track along the Eastern Shore.
