Local Business Changes Hands

It was announced last week by Bernard Clements, president of Harrington Lumber & Supply Co., that he has purchased the company from the Downing family. Clements indicated that he and an associate, Hayes Dickerson, have also purchased the N.B. Downing Company of Milford.

Gilbert Hayes, who has been with the company 22 years, both in construction and lumber, has been elected vice president and general manager of Harrington Lumber & Supply. Harry Jack, a long time employee of the firm, will continue to be in charge of the lumber operation.

Harrington Lumber & Supply Co. was incorporated in 1916 and has been a vital part of the Harrington community in serving its needs for lumber and hardware. It has been one of the larger suppliers of fuel oil

in the area. In the past 20 years the firm has expanded its construction business to include such facilities as the Salisbury (Md.) Shopping Mall, the Diamond State Telephone Work Center at Milford, and numerous other similar construction projects on the peninsula.

Clements stated this week, "In making this purchase I greatly appreciate the support of my friend, Mrs. Anna (Fulton) Downing and hope we can once again make the Harrington Lumber & Supply a vital part of the business community here."

Clements went on to state that he has a special interest in Harrington beyond the opportunity to be a part of a growing community. He has an aunt living in Harrington, Mrs. Earl Sylvester, who resides on Delaware Avenue and who has been a long-time resident of Harrington.

Newly named Lake Forest School District superintendent William Cline [r] gets a handshake from E.B. Warrington, president of the district's Board of Education. Cline will assume duties upon the retirement of Albert Adams June 30.

William Cline Is New Superintendent

FELTON-During the Lake Forest School Board meeting Monday night, it was announced William E. Cline, principal of Lake Forest South Elementary School, will be the new superintendent of the Lake Forest School District.

Cline has been with the Lake Forest School District since consolidation seven years ago, where he assumed his principalship at Lake Forest South. Prior to that he was the chief school officer at Frederica. He has also served as a full time principal at Felton, as well as being a teaching principal in the same school earlier.

He has been associated with the Delaware school systems since 1954 and has served in various capacities in professionally related associations. Among these were being president of the local teachers' association in Milton, the president of Sussex County Association, the vice-president and president of the D.S.E.A.

as well as a past vice-president of the State P.T.A.

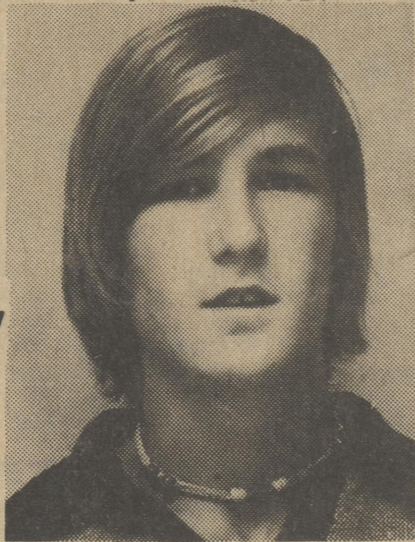

His educational background includes a high school diploma from Sparrows Point High School, near Baltimore, Maryland, two years at Towson State Teachers College and two years at Western Maryland College where he received a degree. He worked on a master's degree at the University of Pennsylvania.

Upon high school graduation in 1942, he worked briefly for Bethlehem Steel, to be later drafted in World War II. He saw combat in Italy, was captured and held prisoner of war near Munich, Germany until liberated by Patton. He returned briefly to Bethlehem Steel, but soon turned to education.

He married his wife Rosalie in 1947. They have six daughters and a son, ranging in ages from 12 to 28. The couple lives in Frederica. She is a kindergarten teacher in the district.

One goal he hopes to accomplish in the near future upon taking over the helm in July, is to complete the work begun by Mr. Adams on the curriculum and to get it integrated from kindergarten to 12th grade. He also hopes to introduce a program for the gifted. Cline says he feels these students are not always given the attention they deserve.

He will assume his duties July 1, taking over the job Albert Adams will be retiring from June 30.

Peterson Named City Manager

HARRINGTON-The City Council in a deadlock vote, passed the decision of filling the position of city manager to Mayor William A. Minner Monday night.

Minner's choice was David Peterson, a 39 year-old Harringtonian.

Peterson is a graduate of Harrington High School, and studied civil engineering from Delaware Technical and Community College.

His employment background includes a ten year stint with the State Highway Department as a construction inspector and survey party chief.

Prior to this, he served for a

while as chief of the Harrington Police Department.

At one point questions arose from council members in 1964 about Peterson's qualifications to be the chief of police. A petition was circulated among the citizenry and signed by 150 citizens favoring Peterson. He kept his job.

If he accepts the position, which seemed to be a foregone conclusion at the meeting, he will receive a salary of \$175 weekly until February, when the council reviews the annual budget. As of Tuesday, he indicated his first day of work would be November 29.

Peterson, a bachelor, lives in Harrington.

County Seeks Funds For Court House Expansion

Kent County is seeking federal funds for a 104,000 square foot addition to the courthouse and for a Parks and Recreation project which would construct \$508,000 worth of recreational facilities at 12 sites throughout the county. The funds are being sought through the Economic Development Administration under the Public Works Act of 1976.

Levy Court at its Tuesday session approved final steps which would facilitate making the applications this week.

Appearing before Levy Court, Robert O'Brien, Director of the planning and Zoning Office asked for approval to sign a long term lease with the state for use of part of a parking lot and to sign an option contract to buy a portion of the Bradford property on State Street directly behind the Court House. This would give the county the option of buying the property in question for \$250,000 by March 1, 1977. The option would be binding

on the county only if the grant for federal funds were approved. Both moves - to sign the lease with the state and take option of the Bradford property were approved.

O'Brien also reported to the Levy Court commissioners that the city of Dover had given its stamp of approval to the architectural and site plans for the courthouse expansion.

The Parks and Recreation is seeking the \$508,000 in federal funds to construct tennis courts, basketball courts, softball fields and tot lots at various sites throughout the county's school districts: Lake Forest, Milford, Caesar Rodney and Capitol.

In other business Levy Court Accepted the low bid of 84c per pick up from Ecco refuse removal for trash collection in Felton Heights. The approval was subject to acceptance by the residents of the proposed Tuesday-Friday pick up schedule.

Smile, You're On Radar

HARRINGTON-There isn't much to do sometimes in a small town and an occasional 'spin around the block' may relieve the boredom.

Perhaps that was the motive for the 12:30 a.m. around the block trip a 12 year-old Harrington youth took early Sunday morning.

However, he went through radar on West Street at 40 miles per hour in a 25 mile per hour zone, he

caught the attention of the Harrington Police who followed in pursuit.

The youth was found at home in his grandfather's living room on Commerce Street. He was arrested for speeding and driving without a license.

The youngster was released to his grandparents, to be tried later in family court.

JAYCEE Parade Plans Continue

With the 10th annual Harrington Jaycee Christmas Parade only two weeks away the Jaycees are busily working on the final plans and decorations.

The parade which will be held December 4th with a rain date of December 11th is co-chaired this year by Bob Outten and Lee Dean. It will get underway at 1:30 with the line-up at 12:30 p.m.

In this annual occasion in H.r.

ington, which marks the beginning of the Christmas season Grand Guest will be Santa Claus.

The theme of this year's parade is Merry Christmas.

Although the parade is only two weeks away it is still not too late to enter.

Any group or individual wishing to participate in the parade may still do so by contacting Bob Outten at 398-3816 or Lee Dean 398-3291.

Annual Thanksgiving Service Set

The abominable mobile snow man briefly appeared here last Friday in the state's first snow fall of the season. Unless someone had planned a picnic for the day or had washing to hang out, it was a perfect snow...lots of picture card views, little problems driving or shoveling. This was one aspect glimpsed by the camera of what some local resident did with his [or her] measure of the white stuff.

Casino Night Set At LF

by Carole Glasspool

Spin the roulette wheel, roll the dice, ante up for five card stud and play some bingo! You can do it all at Lake Forest High School on Saturday night, November 20, beginning at 7 p.m.

Casino night sponsored by the Lake Forest Athletic Boosters will be in full swing and the entire family from eight to eighty can enjoy it.

"Funny Money" will be sold at the door and you'll be able to purchase \$2500 (twenty five hundred) for only \$1 (one dollar).

At the end of the evening you will be able to bid on prizes, donated by local merchants, and pay for them with your "funny money" winnings.

The Lake Forest Athletic Boosters have supported all sports teams in the district in fine style since their formation in the

school year '72-'73. At that time there were twelve active members. Because academic needs must always be met first in any school district the necessity for a booster club for athletics seemed obvious to those twelve people. However, they soon discovered that what is obvious to a few sometimes takes a great deal of hard work to make it obvious to the majority. So they rolled up their collective sleeves and worked. They sold all sorts of items, held powder puff football games and donkey basketball games, Alumni basketball games and last spring, for the first time, they held a Casino Night. They also gained the cooperation of goods and money from many area business establishments.

At the beginning of the 75-76 school year the Athletic Boosters treasury

had the unbelievably low balance of 65¢ (sixty-five cents). With Cliff Chambers at the helm they ended the school year with an excess of \$1,000 (one thousand dollars). This was their balance after they presented trophies and held the awards Banquet which cost \$834.57. They had also helped in the purchase of cheerleader uniforms, jackets for the girls basketball team, football shirts, girls basketball shoes and on and on the list goes.

The money raised at Casino Night on Nov. 20 goes toward all the above mentioned endeavors. You can come and enjoy an evening at the gaming tables and support School District Athletic Programs for as little or as much as you care to spend. Door prizes will also be awarded.

In Houston at the West Elementary School the Parent Teachers Organization will hold a Christmas bazaar Sat., Nov. 20, from 10 a.m. to 4 p.m.

Mr. and Mrs. Jack Sapp spent last weekend visiting their son David who is attending National Guard School in South Carolina. Weekend guests of Mr. and Mrs. Everett Webster were Mrs. Charles Wolfinger of Chestnut Hill, Pa. and Mrs. William Mitchell of Landale, Pa.

Mr. and Mrs. Edwin Prettyman spent the weekend with Mr. and Mrs. Kenneth Prettyman and family of Seaford.

On Sunday, Mrs. Ella Simpson and Mr. and Mrs. Gary Simpson and daughter Lindsay visited Mrs. Joyce Simpson and boys of Newark. The occasion was the ninth birthday of David Simpson.

Mrs. Edna Sapp was a dinner guest of Mr. and Mrs. John Lemmon and girls of Milford on Sunday.

Rev. and Mrs. John A. Gilmore and children of Oxford, Pa. were Saturday visitors of Mr. and Mrs. W.S. Daugherty.

Mrs. Alice Kintz has returned home after spending a month recuperating (after being a patient in the Milford Hospital) at the home of her son, Mr. and Mrs. James Kintz of Lewes.

On Sunday Mrs. Madeline Quillen attended a birthday party for her grandson Darren of Newark. He is the son of Mr. and Mrs. James Quillen.

she didn't know where the shutoff valve (lived) and entered with wrench in hand like a knight in shining armor to find twenty family members and friends waiting to surprise him. C.E. assured the "damsel" she'll be up for an Oscar for her acting ability as he was truly surprised and we have that look on his face on film for posterity.

There were dragons all over the place as C.E. is the newly elected vice-president of the Delaware Bay Van Club and drives the "Dragon Wagon". Soon there will be a large dragon on the side of his van as he received a long-winded for air brush to do the artistry himself.

Along with the air brush were numerous joke gifts and monetary gifts.

Between the guests and the decorations, it was a most colorful evening.

Saturday evening the Ruritans were "doing their thing" at the V.C.F. building in Viola as about one hundred seventy five people turned out for their B.Y.O.B. dance.

Among those enjoying the music by the "Thunderbirds" were the members of Parents Without Partners, Gardner and Grace Kersey, Mervin and

Irene Kersey, Bill and Bonnie Walsh, Clarence and Louise Hurd and Ruritan President Bill Luff and wife Margaret.

The Ruritans will be holding a New Years Eve BYOB dance with music by "Delaware Country." Tickets are \$15 per couple available from Ruritan members.

The Ruritans will also be holding a 50-50 shoot this Saturday, November 20, at Lake Forest High School from 1 until 4 p.m. A shotgun will be chanced off at 3 p.m.

"College Night" at Lake Forest High School last Wednesday night drew about one hundred sixty people and twenty-five colleges and universities. There were students from several different school districts in southern Delaware who availed themselves of this opportunity to obtain information directly from college representatives.

Congratulations to the Lake Forest High School Cross Country Team and Jim Blades on their fourth consecutive State Championship!

Pesticide Certification Requirements Affect Farmers

Starting in 1977, Federal legislation requires that persons using "restricted use" pesticides be certified. According to University of Delaware extension specialist in agricultural chemicals John McDaniel, only those who have met the requirements for certification will be permitted to buy pesticides designated for "restricted use." Others may apply these pesticides, but only under the supervision of a person who is certified. The list of "restricted use" pesticides is not complete at this time, but a preliminary list includes several materials now used by farmers. Undoubtedly some new and improved pesticides will be added to the list in the future.

Because of the great dependence of farmers on chemicals for control of pests, all farm businesses should have at least one person trained and certified to apply restricted use pesticides, advises McDaniel. Even persons using restricted use pesticides to protect their crops or animals on land they own or rent must be certified before they can purchase

or use these chemicals. The Delaware Department of Agriculture is responsible for the certification of pesticide users. Before certification can be granted, it is necessary for users to demonstrate that they know how to properly handle, apply, store and dispose of pesticides. They can do this by satisfactorily answering questions in an oral or written examination.

The Delaware Cooperative Extension Service is

providing farmers an opportunity to brush up on what they already know about the correct handling and use of pesticides. Meetings specifically designed to enable growers to fulfill the requirements for certification will be held on a local community basis by the Extension Service later this winter. All who can benefit from these sessions are encouraged to attend. There is no registration fee. A Reference Guide prepared to assist

pesticide users to meet certification requirements will be given to all who attend.

In this part of the state, meetings will be held at: In Felton at the Felton Fire Hall, Nov. 30 at 1 p.m.; in Harrington at the Harrington Fairgrounds Restaurant, Nov. 30 at 7:30 p.m.; in Dover at the Capitol Grange Hall, Dec. 1 at 1 p.m.; in Bridgeville at the Union Methodist Church Fellowship Hall, Dec. 2 at 1:30 p.m.;

in Milford at the Milford High School, Dec. 2 at 7:30 p.m.

"We believe that it is essential that commercial farmers qualify themselves for certification," says McDaniel, in encouraging growers to attend these meetings. Participating in one of the educational sessions in December, reading the pesticide manual and attending a follow-up educational meeting in January will assure most farmers of being certified

as private pesticide applicators, privileged to buy and use restricted use pesticides.

The chemical specialist emphasizes that the role of the extension service is strictly educational in this matter. Only the state Department of Agriculture can actually grant certification. For further information regarding these educational sessions, contact your county extension office in Newark, Dover or Georgetown.

Plan For Safety

A group of people in the community would like to spend the holidays during this and next month with their families. In order to do this, they are asking for cooperation from the residents here to insure this.

Aubrey Brown, fire prevention chairman of the local fire company and his committee have drawn up a list, not a shopping list, but a home safety for the holidays list. He and the fire company would have a happy holiday and so would our readers if everyone could answer yes to the items on the following safety list.

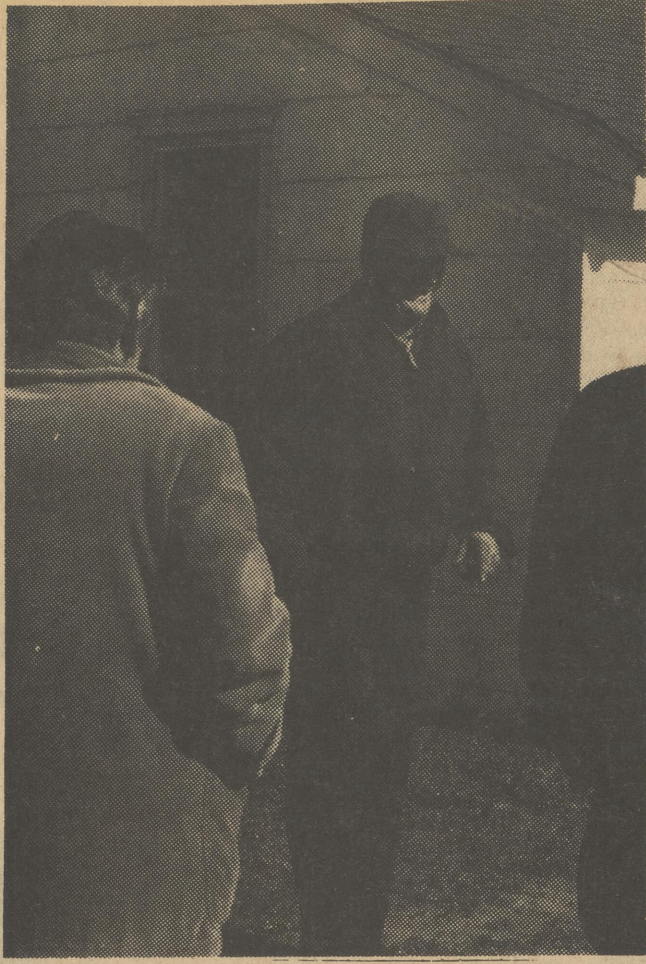

Clip it out, and check off each question with a yes answer to give yourself and those you love the gift of home safety during the coming holidays and the new year.

Questions, to the adults, parents, and citizens of Harrington and community.

- 1. Parents- Have you explained to your family the ways to escape from any room day or night, if a fire should break out and you should smell smoke?
2. Is the phone number of the Fire Dept. posted prominently - 678-9111?
3. Are all electrical fuses (except main fuses) smaller than 30 amp. in size?
4. Are all electrical cords to lamps and appliances in good condition, unfrayed, with unbroken connectors on the end that plugs into the wall socket?
5. Are all electrical bulbs so arranged that they're not touching any materials?
6. Is your TV set kept a few inches away from any furniture or draperies so heat coming from it will not set them on fire?
7. Do all ashtrays hold cigarettes firmly, so they won't fall onto the floor or rugs?
8. Does your fireplace have a spark screen and is it closed when the fireplace is in use?
9. Does your home have a door between the basement and the first floor and is it closed at nights?
10. Does your home have any fire extinguishers charged and ready for use?
11. Are all heating devices such as furnaces, water heaters etc. connected to a chimney by a well supported substantial metal smokepipe?
12. Has your furnace and chimney been checked for cracks, leaks or clogging within the last year?
13. Are your attics and basements storage neatly arranged and is trash removed?
14. Is all gasoline and kerosene kept outside the home, in strong metal cans?
15. If paints are stored in basement or garage, are these containers always kept tightly closed?
16. Do you fully instruct your baby-sitters on what to do in case of emergency?
17. Do you know what to do if the clothing of a person catches fire?
18. Are your Christmas lights in good condition, is there an underwriters tag or label on them?
19. When party or holiday decorations are used in your home, are they flame-proofed before they are used?
20. Does the vacant lot next to your property have weeds and rubbish - that would mean a threat to your home and property?
21. Do you and your family know where you live to give directions, county route number- landmarks - street - house number?
We are sure you look forward to guests during the holidays, but hopefully the local fire company on an emergency call won't have to be among them. In helping yourself, you help them.

With Apologies To Frederica....

In last week's article about the Frederica Council meeting it was reported the council would become special policemen and be sworn in at the December meeting.
It was also reported in the same article the town would stand to gain \$4,000,000 to \$5,000,000 in a possible public works grant. The figures should have been \$400,000 to \$500,000. It was a mechanical error...the town does not hope for such a windfall.

Several citizens of the town of Frederica came out into the street Wednesday during the final sewer inspection. All members of the city government were on hand as well as the two representatives from Kent County. No one from Central Construction, a New Jersey contracting firm who installed the work, was present during the tour of inspection.

In this photo, Edgar Dill [center] explains his problem, which he says are too many sewer hookups on his property, and the placement of the same. He had come to the November council meeting to express his view.

Career Corner / Cooperative Education: Work And Study

by Buck Thompson

One criticism of college is that students seldom experience the work they're being trained to do. Cooperative education programs change that.

Co-op education is simply a program which enables qualifying college students to alternate on-campus jobs that provide practical experience in the student's field of study. Co-op students may alternate their work periods and school attendance on a daily, weekly or term basis. In most programs, students go to school one term and work the next, repeating one-on one-off until they complete their degree.

The program is called co-op because it depends on the cooperation of outside agencies - private businesses, government agencies, industry and labor unions, political parties, charitable and non-profit organizations. These

employers team up with the college to set up appropriate work-classroom programs.

Currently more than a third of the nation's colleges - 970 in all - have co-op education programs, with many others in the planning stages.

Generally, cooperative education programs fall into three types: mandatory, optional or selective. The first means that all students are required to enroll in and complete a co-op program. The more common type of co-op program is the optional one which lets students choose to participate in the program. Selective co-op programs often enroll students solely on the basis of their academic performance.

Co-op programs are typically run by individual college departments. At one time, only a few specialized departments such as engineering sponsored co-op programs,

Dominick Martucci, representing Justin and Courtney, consulting engineers of Kent County, Mayor Nashold, Councilman Woodland and Walter Fritz, Kent County engineer, pause during the final sewer inspection in Frederica to discuss a phase of the installation. Citizens of the town and members of the city government have expressed displeasure in many aspects of the installation.

Thoughts...

By Senator William Roth

It is a high honor to represent Delaware in the United States Senate, and I am very grateful for the broad-based support I received in winning re-election.

I have gone to a number of shopping centers, plants, and community business centers to thank as many voters as possible, but I would also like to use this column to express my gratitude to the people of Delaware for their continued trust and confidence.

After what at times seemed to most of us to be an almost endless campaign, the elections are finally over. Now it is time to set partisan differences aside and to work together for the common good. There are many more things that unite this country than divide it.

As a Senator, I have always felt a solemn obligation to do my best to represent the interests of Delaware and the country. I have never thought these interests should or could be defined in narrow partisan terms. In my own legislative efforts in the Senate, I have frequently joined forces with such Democratic Senators as Ed

Muskie, Hubert Humphrey, Russell Long, Ted Kennedy, and Lawton Chiles. These bipartisan efforts have been very fruitful, and I have every intention of continuing them in the new Congress.

The voter turnout in Delaware, though not as great as in previous years, was still far higher than in the country as a whole. In talking to people throughout the state during the campaign, I was convinced more people would go to the polls than many observers had anticipated. The long and tiresome election campaigning, the failures of big government, and the wave of corruption and sex scandals combined to turn off many voters, but our political system still shows remarkable strength and resilience.

Now we must move ahead to deal with pressing economic problems, with energy and environmental needs, and with our relations with the rest of the world. If we are to meet these challenges successfully, we must be united and we must have broad-minded, bipartisan leadership.

Days Of Our Years

Twenty Years Ago

Fri., Nov. 23, 1956
"State police from Bridgeville and men from the Dover Air Force Base are investigating a reported airplane crash in the vicinity of Farmington, about four miles south of Harrington, at 7:35 a.m. Tuesday.

Searchers have reports of a violent explosion which was heard as far off as Bridgeton, N.J. and over most of northern Sussex County and Southern Kent..."

According to police, no trace of the plane had been found, and that the Air Force had pulled off their searchers, but that a radar station had reportedly lost contact with a plane in the vicinity of Harrington."

Ed. Note: We looked ahead in the concluding issues of 1956 and found no further mention of the missing plane was mentioned, and we are unable to conclude this somewhat mysterious incident.

The B.P.W. had a jewelry party at the home of Mrs. Jeanette Turcotte last Thursday evening. The jewelry was demonstrated by Mrs. Rosella Humes. Refreshments were served.

Playing at the Reese Theatre soon will be "Bud Abbott and Lou Costello meet Frankenstein". Ed. note:

This film, which also featured horror men Lon Chaney as the Wolfman, Bela Lugosi as Dracula and Glenn Strange as the Monster, was the Sunday morning feature several weeks ago on channel 11.

The Tic Toc Diner of Harrington advertised a turkey dinner and "all the trimmings" for \$1.50 in this issue.

L.E. Cain of Felton is substituting at school for John Curtis who was injured in an auto accident following the burning of his barn Thursday evening.

William Fox, English instructor at the local school, is recuperating at his home following an accident in September. He hopes to be at his desk the first of the year. Leon Donovan, former sixth grade teacher here, is taking over his classes.

Maurice Adams of Harrington had a top producing herd in the state this year, according to the National Purebred Dairy Cattle Association. The herd of Ellwood Gruwell of Felton, was second in the state.

News from Greenwood United Methodist Church: Everyone is invited to attend the OMS Banquet at the duPont Country Club, Seaford, Tuesday, November 23 at 6:30 p.m. A free-will offering is all that you might feel obligated to contribute.

The Greenwood Charge will meet with other charges for the Thanksgiving Service at 6:30 p.m. at Union Methodist Church, Bridgeville. The "Upper Shoremen" will be the featured group for this service of music.

News from Hickory Ridge Congregational Methodist Church: The Fellowship Dinner last Saturday evening was

much enjoyed by the forty persons present.

We regret that we did not inform everyone of the film shown on Sunday evening, entitled "The Road to Armageddon". However we are giving you plenty of time to be with us Sunday evening, November 21, for the film "The Late Great Planet Earth."

Also please plan to attend Evangelistic Services on November 22-24, with the Rev. James Langrell bringing the message. Special music is planned. On November 24, the Bible Way Church Choir from Dover will sing and their pastor will bring the message.

Sympathy of the com-

munity is extended to the relatives of Mrs. Betty Gorski, who passed away recently.

As we go to press, word has been received here that Mr. Jack Montgomery, husband of Margaret Coleman Montgomery, passed away on Monday morning at his winter home in Florida. The Montgomerys spent their summers here in Greenwood at their retirement home near town.

Cheer Center News: Week November 8-12:

On November 8 we are glad to report that Mr. William Phillips from the Division of Public Health and Education showed a film to us on "All

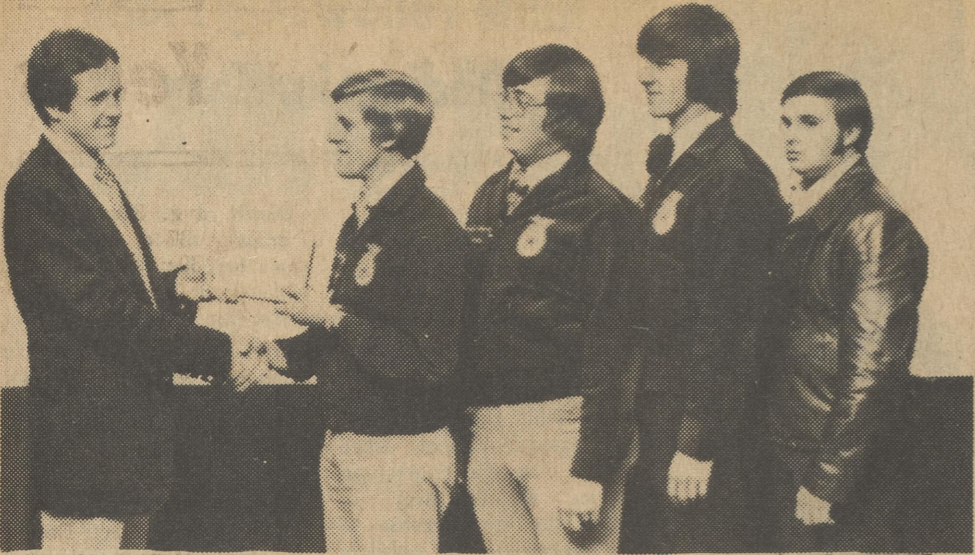

Growth."

On November 9, Sue Hurley from the Fire School Program showed a film on escape routes from our homes in case of fire and how to prevent excessive smoke inhalation.

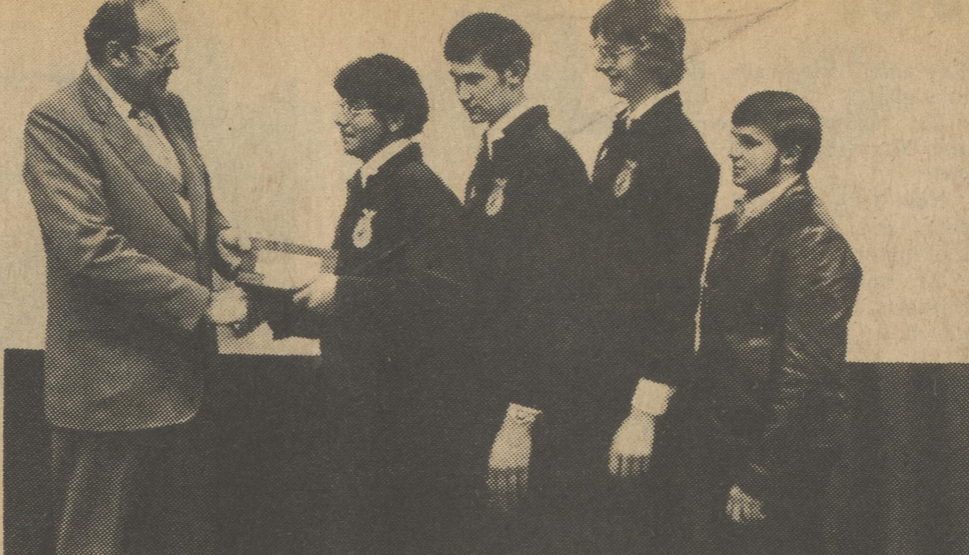

We are very glad to report that Mrs. McCreary is home from the Milford Hospital.

Mr. and Mrs. Jacob Hatfield and Mrs. JoAnn Davis and children, Cindy, Angie and Tyler, were Sunday evening dinner guests of Mr. and Mrs. Gary Bollinger.

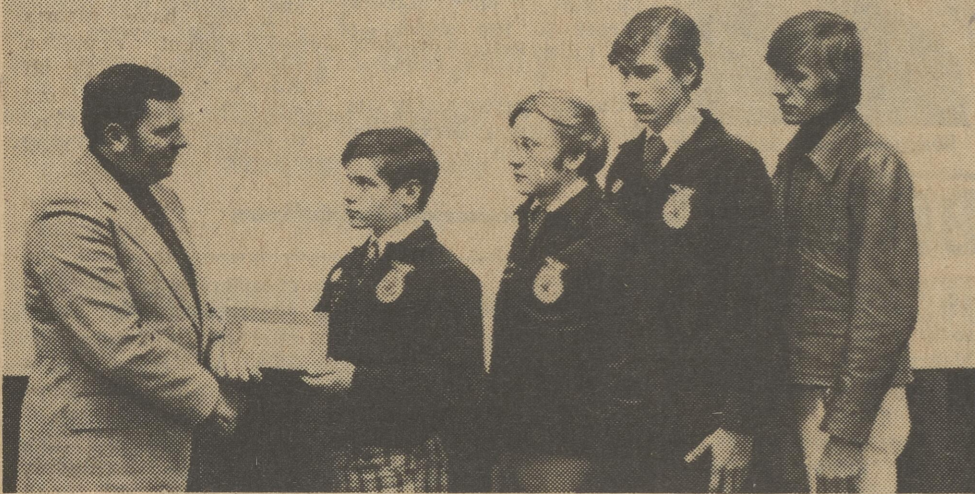

Mr. and Mrs. Marvin Warner spent the weekend with Mr. and Mrs. Gary Anderson of Laurel, Md.

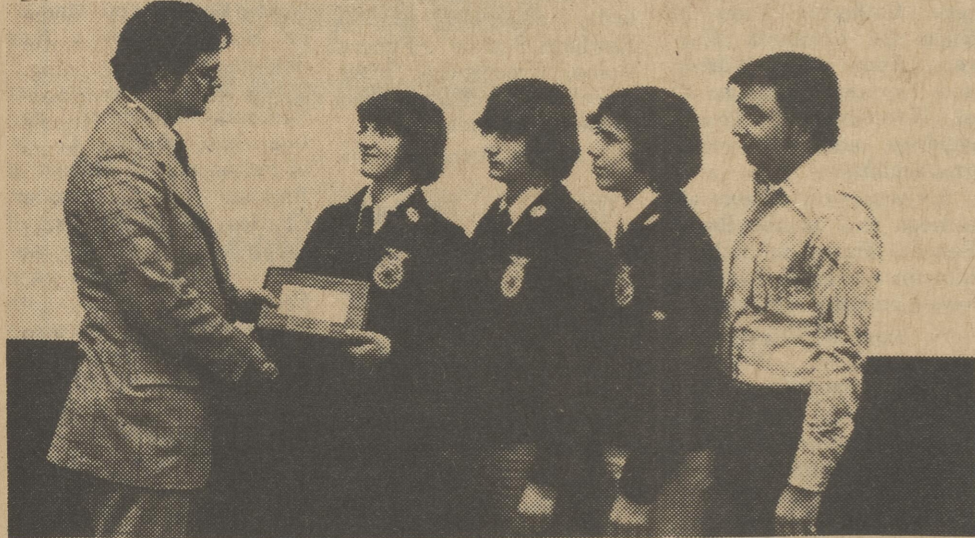

The Delaware FFA state livestock team from Lake Forest High School brought home a special state winners plaque marking their participation in the National FFA Contest in Kansas City last week. The Delaware dairy cattle team of Lake Forest High School are shown bringing home a plaque to commemorate their participation in the National FFA Contest in Kansas City last week. They are presented a plaque by Irvin J. Elkin, president of the Associated Milk Producers, Inc., of Fond Du Lac, Wisconsin. Accepting the plaque is Larry Risser, while Donald Bullock, Chris Wyatt and team advisor William H. Abbott watch.

The Delaware poultry team from Lake Forest High School bring home a special state winners plaque from their participation in the National FFA Contest held in Kansas City last week. Presenting the plaque is Allen E. Tate of Victor F. Weaver, Inc. Charles Pitts receives the plaque while Eric Wise, Don Lewonczyk and Mike Wamsley, team advisor watch.

Members of the Delaware FFA State Horticulture team were presented a plaque commemorating their participation in a National FFA Contest in Kansas City by Ray Brush (left), Secretary of the American Association of Nurserymen, Inc. of Washington, D.C.

Team members include Crystal Reed, receiving the plaque, Diane Bauer, Linda Moore and Robin Chandler, accompanied by their adviser Bill Abbott.

Lake Forest FFA Breaks Record

Twenty three members and three advisers of the Lake Forest Chapter of the Future Farmers of America attended the 49th annual convention held in Kansas City, Missouri, last week.

This marks the first time in the history of the Delaware FFA that one school was able to send such a large number of members to the convention.

Out of ten areas of competition in Kansas City Lake Forest represented Delaware in eight, an accomplishment never before achieved by any other FFA Chapter in the state. The Lake Forest Livestock Team was one of 48 State FFA Livestock Teams competing in Kansas City. The Lake Forest Team received a Bronze (3rd place) plaque in competition as well as three individual medals. Team members were Art Kauffman-bronze medal, Ronnie Blessing-silver medal, Mike Layton-bronze medal, and adviser was Mike Coverdale.

The Lake Forest Poultry Team competed against 35 other State FFA Teams in Kansas City. Lake Forest Team members were Chuck Pitts, Eric Wise-Bronze Medal Winner, Don Lewonczyk, and advisor Mike Wamsley.

The Dairy Team from Lake Forest was one of 46 teams participating in the National Dairy Contest. The Dairy team received a Silver Plaque (second place) in competition as well as two individual medals. Team members were Chris Wyatt-Gold Medal, Larry Risser-Silver Medal, Donald Bullock, and advisor Bill Abbott.

Lake Forest was also represented in the Horticulture Contest competing against 40 other state Horticulture Teams. The Horticulture Team received a bronze plaque (3rd place) as well as 2 individual medals, Crystal Reed (bronze medal), Robin Chandler, Diane Bauer, and adviser Bill Abbott. Another National Contest that Lake Forest participated in was Meat Judging.

The Lake Forest meat team was in close competition with 48 other state teams. Bruce VonGoerres was an individual winner by winning a bronze medal. Other team members were Terri Layton, Alan Larrimore, and advisor Mike Coverdale.

A new National Contest this year was the National FFA Farm Business Management Contest. The Lake Forest Team competed against 24 other teams in what proved to be a difficult and close contest. Doug Warrington was an individual winner receiving a silver medal (2nd place). Other team members were Jack Hendricks, Wade Brown, and advisor Mike Coverdale.

Rhonda Fibelkorn represented Lake Forest in the American Royal Sweetheart Pageant in Kansas City. Rhonda competed against 22 other girls from 22 other states.

Lake Forest was also represented in the Talent Show by Donald and Kathi Hopkins. Donald and Kathi participated in the National Talent Show as well as providing entertainment to various civic groups such as the Rotary Club.

Dairy and Livestock Showmanship was another area in which Lake Forest competed. Showmanship is an individual effort rather than team competition. Members from FFA Chapters all over the nation are selected to compete for medals. Lake Forest had three showman competing and won three medals. Donald Bullock won a gold medal for Livestock Showmanship, Mike Layton won a silver medal for Dairy Showmanship and Ernest Vogl received a bronze medal for Dairy Showmanship. Other recognition received by the Lake Forest

FFA Chapter was the National Superior Chapter Award.

Also Lake Forest had a candidate in Kansas City to receive the American Farmer Degree. Charles Hudson, a graduate of Lake Forest, and still active member, received the American Farmer Degree. This is the highest degree that an FFA member can receive. Charles is also the State FFA Vice President for Kent County.

All of the contests and activities carried on at the National FFA Convention are sponsored by many companies and individuals. Without their cooperation and support the National Convention would not be possible. The following helped make the contests possible: Livestock Contest Ralston Purina Company; Poultry Contest, Victor F. Weaver, Inc.; Dairy Contest, Associated Milk Producers; Horticulture Contest, American Assoc. of Nurserymen, Inc.; Wholesale Nursery Growers; Gulf Oil Chemicals Co.; Farm Business Management, John Deere.

Lectures Continue

The ninth in a series of 10 free lectures examining the inevitable, universal human phenomenon of death will be held Tuesday evening, November 16 at the Avenue United Methodist Church in Milford at 7:30. Dr. J. Gordon Stapleton, formerly of Wesley College, Dover and currently associated with St. Mark's United Methodist Church in Wilmington and Psychiatrist Dr. Adolf Angermeier of Dover will discuss the subject of "Grief". Grief is a process which all individuals undergo when faced with a significant personal loss and Dr. Stapleton and Angermeier will examine this topic from a humanists' perspective.

Sponsored by the Avenue United Methodist Church in Milford and the University of Delaware, Division of Continuing

Education, the lectures are supported by a grant from the Delaware Humanities Forum. All lectures are free and open to the public.

Greenwood Kiwanis

Celebrates 30th Anniversary

On Saturday, November 13th at 7 p.m. the Greenwood Kiwanis Club celebrated its 30th anniversary with an Inter-club and Ladies Night at the Woodbridge Junior-High School.

The 7th, 11th and 15th divisions were represented by approximately 200 people from 31 clubs from Delaware, and on the Eastern shore of Maryland and Virginia.

The evening was planned by John Lyons, Lawrence Meredith and Stanley Cahall. President Stanley Cahall presided. Lt. Governor George Hardesty of Bridgeville was the toastmaster. Emil Rasa, Governor of the Capital District of Kiwanis International, was the key note speaker. His subject was "People Who Loved America". He spoke of four little-known American heroes.

Mr. Rasa is a resident of Bethesda, Md., president of Emil Rasa and Company, a manufacturers representative agency serving the electrical, heating and air conditioning industry in D.C., Maryland, Virginia and Delaware and is active in community and church affairs. He is the recipient of the Cranston Degree, one of only 49 selected in the United States and a Kiwanian for 29 years.

Eight charter members of the Greenwood Kiwanis Club were present, including A. Stanley Cahall, Charles H. Conaway, E. Laird Kratz, John R. Lyons, Lawrence E. Meredith, Nelson W. Meredith, W. Alvin Mills and Walter J. Mills.

Past Governor John Rogers of Milford, and several past Lt. Governors were recognized. Larry Breeding, President of the Key Club of Woodbridge High School, was introduced.

A framed copy of Vernon Good's Bicentennial Map of Sussex County was presented to Mr. and Mrs. Rasa. Floral arrangements were presented to Betty Ann Hardesty, wife of the Lt. Governor and to Mary Cahall, wife of the President of the Greenwood Kiwanis Club.

The Embletones, a popular quartet from the Greenwood Mennonite Community, sang several numbers.

Bible Fellowship Plans Dedication Day

BIBLE FELLOWSHIP CHURCH of Harrington has designated Sunday, November 21 as Dedication Sunday, with special activities planned for the day. There will be guest speakers and special music in each service.

Following the regular 10 a.m. Sunday School, there will be a special chartering service at 11 a.m. in which the membership of the church will be publicly recognized.

A special dedication service will be held at 3 p.m. to dedicate the church facilities on Liberty Street to the service of the Lord.

Guests participating in the Dedication Service include: Rev. Richard Copple, pastor of First Baptist Church of Frederica, Rev. Donald Dibble, pastor of the Christian Tabernacle of Lincoln, Rev. Cormie Hilderbrand, principal of Christian Tabernacle School in Lincoln, Mr. and Mrs. Robert LaTour, principal and teacher at Lewes Christian Academy, Rev. Irving Sparrow, pastor of First Baptist Church of Lewes, and Rev. Stamper of West Virginia.

In addition, the choir, ladies quartet and other musicians of Bible Fellowship Church will perform. The final service of the day will be a special communion service held at 7 p.m. The public is invited to attend all the services.

For Your Information

Dear friends,

Man is a being who buries his dead with ceremony. This he does in all the nations and cultures of the world, whether civilized or uncivilized. We consider our American funeral rituals to be among the most sensible. Significantly, they stem from the same human need to memorialize and mourn the beloved dead as exists among people everywhere.

Respectfully,

William A. Rash

WANTED: A Name

The Harrington Journal, with the cooperation of the business community in the area, begins this week a monthly section devoted to the activities of the W.T. Chipman Junior School and the Lake Forest Elementary Schools. Through this section we hope to give an in-depth coverage of the schools and to take a closer look at their programs. It is also our aim to have the students participate.

Just for a beginning WE NEED A NAME! It is our plan that this section of our paper operate as a monthly newspaper for our elementary and Junior High Schools. Like every good paper it needs something to be known by - in CB language, a "Handle". We are asking students in the Lake Forest schools to give us their suggestions through their teachers (Home room teachers for the junior high school). When we have one choice from each room, we plan to have an election and let you, the students, VOTE for your choice. By our December issue, this paper should have a name.

WHAT'S YOUR SUGGESTION?

LF North Students Stage Dramatic Series

Elementary students in the creative dramatics class at Lake Forest North Elementary last Wednesday staged Rumpelstiltskin for a crowded audience of students and parents. Tonight at 7, Rapunzel and the Witch goes onstage. Next Tuesday, November 23, it will be The Ghost of Mr. Penny at the same evening hour.

The creative dramatics program under the general direction of Bill Comer has been in operation for several years now. However, this is the first time in which it has so thoroughly involved the students so early in the year. In past years, faculty members have starred in fall presentations. But the series of three productions now in progress has an all-student cast. In fact, each one is a full three-act play with a different cast as well as its own costumes and set.

The first production was directed by Joyce Simmons. This evening's performance and the one scheduled for next Tuesday are under the direction of Rae Ann Redman and Sharyn Williams, respectively. All three are teachers at Lake Forest North.

The creative dramatics class, an after-school activity, involves 44 students in the fourth, fifth and sixth grades. At mid-year others who have developed an interest will be given a chance to join. For the most part, it has been a once a week class. But in the hectic weeks immediately preceding the current series of plays, it has kept students, faculty and parents busy on a nightly basis.

Bill Comer says that serious attention to roles played and jobs assigned

is expected of the students who participate. Although they are children, they are expected to do a good job and not to act "as little children". He admits this produces some pressure and frustration. But he believes that children are capable of much more than they are often given credit for and feels the satisfaction of a good performance, a job well handled is ample reward for all the hard work. This year's program has provided a tough initiation, plunging students into the most hectic part of the schedule at the outset.

Many hands have been at work in the dramatics program. Students are involved at all levels - acting, set construction, sitting in with adults who manage the lighting and sound - to name a few. Learning center students did a lot of the hammering involved in putting the sets together as well as much of the publicity. Many faculty members and parents have put in hours of help. A few of these are Jane Singleton, Lee Kersey, and Robert Draper. There are many more. Costumes have been provided by the Marion Tracey Dance Studio.

The first play in the series Rumpelstiltskin had a lively Jimmy Brothers in the still livelier title role of the leprechaun who seeks possession of the King's baby. Meg VanVes- sen played opposite as the miller's daughter, Rebecca, who became queen on her father's assertion that she could spin straw into gold. Others of the cast were: Kim Cross, Sandy D'Andrea, Christine Eyman, Don Foster, Tina Gallant, Annette Harris, Lester Hobbs, Linda New- som, Richard Schmitt,

New Chipman Assistant Principal

W.T. Chipman Junior School: Marjorie C. Davis, Assistant Principal, Coming directly from an eighth grade social studies class room in Milford. Mrs. Davis assumed duties at Chipman Monday.

There are five new teachers in Chipman class-rooms this year. They are Betty Stone-Seventh Grade Science, David Zinkham-Eighth Grade Math, Steve VanSant-Eighth Grade Math, Majorie Grundy-Special Ed, Language Arts and Steve Wolack-Special Ed., Math and Science.

Chipman Student Council Elects Officers

The Student Council elected its new officers for the 1976-77 school year. They are: Denise Jacobs - president, Mike Justice - vice president, Rhonda Whitt - secretary, Darlene Frechette - treasurer.

Alice McLamb and Janet Brown are 8th grade representatives-at-large. Rosanna Steele and Mark Wolford are representatives-at-large from grade 7.

Eighth grade homeroom representatives are as follows: Arnette Petroski, Sheila White, Brenda Bergstrazer, Marcia Reed, Walter Gygrynuk, Doug Jarrell, Tony Fraley, Debbie Bell, Lisa Stubbs, David Lekites, and Diana Voshell. Representatives from grade 7: John Nored, Pandora Scott, Todd Dennis, Christine Perry, Terrence Caskey, Mike Hogan, Annette Woikoski, Joy Starkey, David Mc-Master, Crystal May, Bobby Aycoth, and Karen Gibbs.

Pins were presented by Mr. Workman to members of the Executive Council. During UNICEF the Student Council conducted an in school drive and dance which produced over \$100 for the United Nations Children's Emergency Fund.

The four officers attended a training conference at Dover-Sheraton Inn on October 22. Mr. Elliott Workman is faculty advisor of the Student Council again.

Proudly on display in the trophy case at W.T. Chipman are two new trophies heralding the start of a good year for the junior high band. The Chipman band took first place for junior high bands in the annual Milford Jaycee Halloween Parade on October 30 and received a big trophy for outstanding performance in the Fourth Annual Dover Children's Halloween Parade.

Peggy Sylvester, Ralph Taylor, Marcelle Turner, Raymond Vincent, Valerie Voshell, and Dawn Welch. The drama schedule for the balance of the year includes the December 8 Christmas show "Twas the Night before Christmas" and a spring musical spectacular in mid-April. The latter will include creative drama students along with high school faculty and a full orchestra. The title is yet to be announced.

6th Grade Collects Paper For Trip

Egyptian Pharaoh Tutankhamen (1358 B.C.) and recycled paper (A.D. '76) may seem to have little in common. But for sixth graders at Lake Forest South Elementary they may come to have an intimate connection. If the students are successful in collecting enough paper - newspapers and white ledger primarily - they may be able to finance a trip to the National Museum of Art in Washington, where the legendary treasure of King Tut, on loan to the U.S. from Egypt this year is on display beginning this month. Needless to say, this could provide a once-in-a-lifetime opportunity.

Other out of state field trips for students at Lake Forest South may depend upon the paper project for financing. In-state trips are funded through picture money.

According to sixth grade teacher, Mrs. William Shaw, students have already collected 1 1/2 tons of newspaper and 680

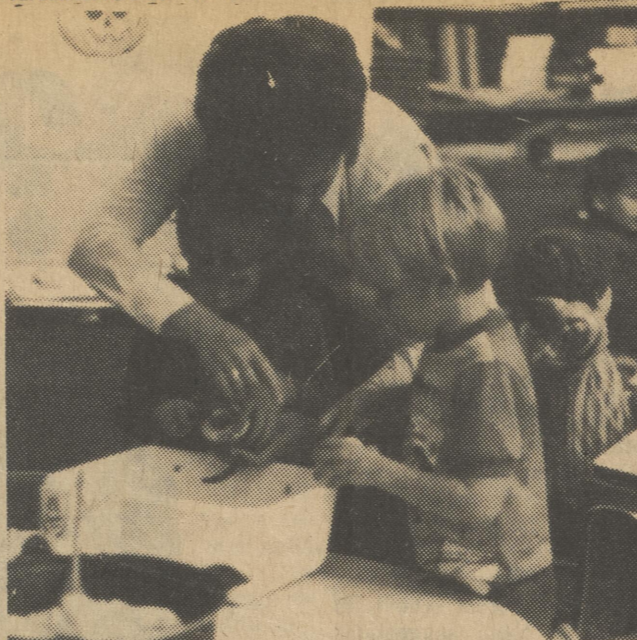

pounds of white ledger. The white ledger brings in the most money and is most readily available right at school. What parent has not wondered what to do with the collection of "immortal works" homework papers, etc. ad infinitum amassed by his child or children during the course of a school year? Any look at a classroom wastebasket at the end of a school day testifies to the number of notebook sheets used up. Empty wastebaskets at Lake Forest South indicate there is something better to do with those papers than burn them. Notebook paper, however scribbled on or crumpled, is in demand by the paper collectors.

Although the immediate aim of the project is financing the field trips, teachers cite its environmental importance. Instead of a choice between ashes and air pollution or adding to the landfill, paper can become a reusable product. Old newspapers will

become fresh newsprint; the white ledger, the first time around, will be new notebook paper.

Also sought by the sixth graders are used aluminum foil and aluminum cans. At 5¢ a pound this is the most valuable possibility of all.

Those interested can send in newspaper and white ledger to Mrs. Shaw's sixth grade.

Watch the fingers! Barbara O'Toole gives close supervision as Frederica kindergartners prepare their own applesauce. The project was a follow-up to a trip to Fifer Farms.

From The Orchard To The Sauce Kindergarten Kapers

Lake Forest East Kindergartners have been busy enjoying activities during this colorful fall season.

After discussions about fall harvests, the turning of leaves and pumpkins being changed into jack-o-lanterns, the children enjoyed a trip to Fifer farms near Rising Sun, Delaware. There they learned about the harvesting and marketing of apples and enjoyed a story told by Mrs. Fifer.

Follow-up sessions involved the discovery of different uses of apples. The children tried apple cider and tasted apple honey. At Fifer Farms the learned that hives are placed under the apple trees to help with the pollination. They brought

back with them a sample of the resulting apple honey.

The most extensive follow-up activity was a chance to make their own applesauce. Starting with a basic recipe (24 apples, 3 cups of water and 2 cups of sugar), each class cooked up its own batch. Each of the children, under careful supervision, peeled and cut up an apple and got a turn at stirring the fragrant concoction. The whole experience was topped off by the taste test - their own applesauce - hot from the pot.

Those in charge of the activity - teacher Janice Caldwell and aide Barbara O'Toole - expressed their appreciation of the people in the area who made the experience possible.

New faces in the Lake Forest South Elementary District are: Kathy LeKites-First Grade and Ann Chambers-Kindergarten.

Lake Forest North Elementary: Peggy Coyle-Fifth Grade.

Chipman Girls Close 5-2 Season

The W.T. Chipman Field Hockey Team finished a 5-2 season November 1 by defeating Seaford 1-0.

Four other wins of the season were over Caesar Rodney 2-1 and 4-2, Seaford 4-0 and Selbyville 1-0. Both losses came at the hands of Laurel, 0-2 and 1-2. Of the two games originally scheduled with Selbyville, the first was cancelled.

According to Coach Testerman, the Chipman players formed a young team that progressed through the season. Seventh grader Sandy Testerman was on the starting lineup as were Lee Ann Kramer, Sherry Calhoun and Debrah Weaver - eighth graders who did not go out for hockey at all last year. "Quite a few of the seventh graders," said Ms. Testerman, "looked impressive."

Specific mention went to Teresa Hubbard with the most scoring - seven goals for the season. Sherry Calhoun at center half-back was cited as an excellent defensive player, and Mia Butler was best tackle. Calhoun and Hubbard were Chipman

co-captains. Coach Testerman enjoys working with the girls at the junior level and appreciates their enthusiasm. "They really work at it," she says.

Starting lineup for the year was as follows: Teresa Hubbard, C.F.; Lee Ann Kramer, R.L.; Sheila White, L.I.; Sandy Testerman, R.W.; Carol Payne, L.W.; Carol Muehlhisen, R.H.B.; Sherry Calhoun, C.H.B.; Debrah Weaver, L.H.B.; Cheryl Kennedy, R. FB.; Mia Butler, L.F.B.; Lori Clough and Tina Lyons each spent half the season at goal.

Eighth grade: Debbie Bell, Janet Brown, Tammy Hinson, Robin Kashner, Rhonda Whitt, Chalopin Charoentep, Fonda Coleman and Cathy Moulton.

Seventh Grade: Suzy Asbury, Justine Caskey, Connie Conlee, Stephanie Dorpirak, April Hurd, Ruth Ricker, Linda Salaz, Linda Smack, Annette Snead, Debbie Todd, Annette Woikoski, Karen Gibbs, Cathy Harrington, Pandora Scott, Christine Perry and Linda Elzey. Managers were Trina Benson, Kim Dill and Zena Thorpe, all eighth graders.

Harriers Finish 7th Undefeated Season

Continuing a seven-year tradition, the Chipman cross-country team concluded its '76 season with a 3-0 record. The junior high team has gone undefeated for seven of the past eight years.

This season's wins were over Caesar Rodney, 27-38 and 24-37 and Rehoboth Junior High, 18-45. Because the number of junior high cross country teams in Delaware is small, competitive opportunities are somewhat limited. However, the Chipman harriers have joined the high school team in a number of meets such as the Lake Forest Invitational, the Salisbury State Invitational and the state meet held at Killen's Pond last week.

The Chipman cross country program is run as a joint effort with the Lake Forest High School team under the guidance of Coach Jim Blades.

Cognizant of the fact that the Chipman hockey program furnishes a good base for the future development of the high school team, Blades thinks it has equal advantage for those students who participate. It provides an opportunity for "a young man not knowing what sport he can really excel in" to get involved and do well. Coach Blades also feels an aggressive approach in seeking out those who might be capable and encouraging their interest in cross country has helped the program.

Thirteen boys comprise the list of Chipman harriers for '76:

Seventh Grade: Mike Emory, Gary Ott, Tom Silkworth, Dave Weber, Mike Bishop, Albert Burns, Frank Jenkins, Maurice Coverdale, Hank Edwards, Bobby Aycoth.

Eighth Grade: Bruce Humphrey, Dennis Voshell and John Veith.

Chipman Begins Club Program

Chipman students have the opportunity this year to participate for one period a week, during the school day, in a club program offering activities in a great variety of interest areas. The clubs run on a basis of three ten-week cycles. For the most part students are asked to join

Finish Rookie Season

Coming from behind to defeat hosting Delmar 8-6 in the final seconds of the game and battling Laurel to a 6-6 tie on the Little Spartan home field, W.T. Chipman finished its rookie season with a 1-3-1 record.

Following the fifth and final game, the following player awards were announced: Player of the Year - Jeffrey DeShields, defensive lineman of the year - Todd Wise, Offensive lineman of the year - Johnny Hicks, offensive player of the year - D.A. Black, most improved player of the year - Charles Hudson. A unique award - most underrated player of the year went to center Dave Moffett.

With 14 seconds to go in the Delmar game, cornerback Allen Hicks recovered his second fumble of the afternoon. After the time out, an 18 yard pass completed from D.A. Black to Jeffrey DeShields tied the score 6-6. Then with four seconds left on the clock, halfback Nate Floyd scampered around left end behind a Johnny Hicks block for the two point conversion and the 8-6 win.

For the Delmar game, the season's fourth, guard Johnny Hicks was named offensive player of the game. Linebacker Duane Harrell got the nomination for defensive player of the game, and the team citation for most improved player went to D.A. Black.

In the fifth game, played on the Chipman field, the conclusion was a 6-6 standoff. End Jeffrey DeShields scored Chipman's only points against Laurel in an eighteen-yard pass from D.A. Black. DeShields finished the season as the team's leading scorer with 12 points.

"Final season records, which Terry Caskey, Rogette Mears and Crystal May did an excellent job of compiling for the last four games, showed that 68 Chipman boys made history this past season by appearing in at least one football game.

"Eighth grade graduation takes everybody from the offensive front line, but tackle Ken Ryder. Half of the backfield will also be missing, as running backs Nate Floyd and Marvin Scott go on to freshman ball. The June ceremonies will also take the entire defensive unit, with the exception of Charles Hudson.

Although the regulation football season is officially over, the gear won't be packed away for the last time until after the Nov. 19 seventh grade scrimmage game, which begins on the home field at 3:30 p.m.

Keith S. Burgess - Sports Editor
Raymond A. Blanchette - Asst. Sports Editor

Kenny Johnson, top scorer in the Henlopen conference, Joe Robbins, named to the All Conference team, and Chris Grove, who won honorable mention in the conference, pose for this candid photo of the Lake Forest team members.

Harriers Take 4th Cross-Country Crown

by Keith S. Burgess
"I don't know where they get those good runners year after year." The speaker was Archmere Academy's cross-country coach. A week before this year's Delaware State Championship he was already awarding the Group II title to Jim Blades and his Lake Forest High Spartans.

In September the Spartans ran Tower Hill School at Wilmington's Rockford Park and heard that Archmere, aware that five Spartans of the top seven 1975 runners had graduated, was expecting to take all the marbles this time. But early in the season, Lake Forest's revamped lineup beat 12 schools (including Archmere) from four states and the District of Columbia in the Salesianum Invitational, and Archmere revised its season-ending goal downward, hoping for second in the state meet.

When the smoke cleared after the Group II title stampede on a 2.8 mile course at Killen's Pond State Park, Lake Forest had annexed a fourth straight state cross-coun-

try crown. Lance White, Cape Henlopen's unbeaten harrier, one of the best in Delaware history, was the first finisher, but the powerful Spartan duo of Dan Parker and Chris Palmisano were close behind. Dave Richter was ninth as he continued his late-season surge.

Louis Thomas (13th) and Wilson Fry (19th) put the Spartans over the hump with 46 points. Cape Henlopen was a surprise second-place team with a distant 96 points. Other Group II teams were: Tower Hill 109, Archmere 122, Brandywine 156, Smyrna 191, Conrad 210, Claymont 213, Dover Air 232, Tatnall 264, Middletown 264, St. Andrews 289, Seaford 297, Laurel 345, Sanford 376.

Paul McClellan and Tom Ott were the other Spartans on the title-winning septet.

Parker and Palmisano were fifth and fourth respectively in 1975. White was second.

In answer to the Archmere coach's question, the seemingly endless supply of talented harriers here

comes from several sources.

Coach Blades is an indefatigable recruiter. If he spots a lean lad in gym class, or elsewhere, the kid gets a polished sales talk and may begin to think it might be nice to become part of the pride and winning tradition that is cross-country at Lake Forest. He can always point out examples in the student body, boys who have benefited from running like the sedulous Dan Parker and the persevering Palmisano.

The boys recruit their friends, parents encourage their children to try cross-country, especially those who know their kids are too small for football. Finally, Blades' farm club at W.T. Chipman School funnels youngsters into the varsity lineup on a regular basis. With two years of experience some freshmen letter, as did Billy Mitchell this year and others, like Dan Parker, are top performers as freshmen.

Basically, it boils down to hard work by Blades and by his charges both in running and recruiting.

Bill Mitchell finished high in the unofficial jayvee race with an excellent 16:35 for 2.8 miles. This would have placed him around 40th in the 105-man varsity race. Herb Jarrell was next followed by Kelly Woodward, John Moffett, Pete Fraley,

Craig Fry, Randy Ramirez, John Nickle, Ron Wilhelm, Brian Eecenrode, Dale Jarrell, Dave Kelly, Walt Willey, Lee Turner and William Parker.

Dave Richter's season-long steadiness and improvement, Louis Thomas's great comeback from illness in his first season (1975), and the sudden emergence of Number 5 runner Wilson Fry, a rookie, put the Spartans on top in what was supposed to be a building year. Parker and Palmisano were proven quantities, the others were not. Now they are valuable too. Paul McClellan, No. 6, is a senior who just might be a coach someday after a college career as a distance runner.

Herb Jarrell, Tom Ott, John Moffett and Billy Mitchell were good runners who would have ranked much higher on most Delaware scholastic harrier teams.

Palmisano, Jarrell, Moffett and McClellan will graduate. With four of the top five returning in 1977, Lake Forest will be a threat again next fall. Mitchell, Woodward, Fraley, Craig Fry, Ramirez, Nickle, Wilhelm, Jarrell will be candidates for the two, top seven vacancies, along with Bruce Humphrey, John Veith and Dennis Voshell, now at Chipman.

Lake Forest Soccer Ends Season With 6-8 Record

Finishing their season with a 4-0 win over Seaford and a 6-8 record, Lake Forest has seen its best year in soccer yet.

After their upset victory

over Caesar Rodney, the Spartans were dealt a severe blow by Cape Henlopen, 4-0. Paul Miller led the offense with five shots at goal, Joe Robbins had three, and Kenny Johnson

two. The Spartans defense was a big factor in the defeat of Seaford the last game. Lake Forest held Seaford to only six shots

at goal while they had 24. Kenny Johnson and Paul Miller both had six shots at goal, Joe Robbins and James Overstreet four, and Chris Grove and Gary Kashner two. Kenny Johnson scored three goals and Gary Kashner one while Paul Miller had one assist.

Looking back across the season, goalie Kenny Quillen had 116 saves and was scored on 33 times. Joe Robbins, who played all but about ten seconds of the season, had 36 shots at goal and two assists on goals. Paul Miller played only half the season and had 32 shots at goal, one assist, an four goals. Kenny Johnson led the team, and the conference, offensively with 57 shots at goal, two assists, and 16 goals followed by Gary Kashner with 25 shots at goal, two assists, and three goals. Lane Lapinsky with eight shots at goal and two assists, and Chris Grove with 11 shots at goal.

As a total the team had 201 shots at goal and 24 goals. The Spartan soccer effort has improved each year under the coaching of Dave Buck and may become one of the soccer teams to be reckoned with in the coming years.

Center halfback Joe Robbins was named to the All-Conference first team. Joe has performed superbly all season and was named the most important player on the team by

Coach Dave Buck. Kenny Johnson was given a spot on the second team. Johnson led the Henlopen Conference in scoring this year with 16 goals. Honorable mention went to Chris Grove for his performance at fullback.

SPARTAN

SCOREBOARD

Defense played a big part in the Lake Forest victory last Friday night. Above No. 50 Manny Christopher pursues Dover Air's quarterback. The Spartans won by a 16-6 score.

LF Beats Delmar 16-6

Lengthening their winning streak to three games, the Lake Forest Spartans beat Dover Air 16-6 last Friday night.

Coach James Fleming is to be commended on his work with this year's team. So far this year, the Spartan football team has won as many games as the team has won over the past three years with their 1973 season at 2-8, 1974 season at 0-10, 1975 season at 1-9, and their present season at 3-6. Considering the size and relative age of the team, this is a remarkable record.

The sub-freezing temperatures of Friday took an early toll with the Spartans who fumbled the ball on their first play. Cold fingers afflicted both sides, though, with the Falcons fumbling on their second play with Jerry Custis recovering for Lake Forest.

In the first series of plays for the Spartans both Mike Benson and Bill Moore had 11 yard gains but these were offset by two five yard penalties and a slip in the backfield which cost the Spartans four yards. Moore punted for Lake Forest and Dover Air returned the ball to mid-field.

After two good tackles, one by Jerry Custis and the other by Russell Knaub, the Falcon quarterback threw a perfect pass into the arms of Spartan linebacker Ken Crouse.

The Spartans were able to push into Falcon territory before there was a mixup and Greg Shortell pitched out to a Falcon defensive end, ending the Spartan drive. Taking over on their own 35 yard line the Falcons used ten plays

in reaching the Spartan 35 where they were forced to punt. A tight defense was played by Ken Crouse, Mike Benson, and Jerry Custis who had all the tackles on that series.

Again, after taking possession of the ball, the Spartans lost it to Air Base. Starting on Lake Forest's 22 yard line, the Falcons were able to push their way to the Spartan nine yard line before Mike Benson intercepted a would-be touchdown pass on the Spartan four and returned it 55 yards to the Falcon 41 yard line.

Bill Moore gained six yards on the Spartans first play, but his gain was nullified by a penalty against the Spartans on the next play. On fourth and nine Kevin Hutchins drove through for 15 yards on a pitch out from Shortell to get the first down. In the next five plays which moved the Spartans to the Falcon one yard line Benson and Moore both had ten yards and Shortell and Hutchins both had two. After two unsuccessful attempts, Shortell blasted through the line behind the blocking of Manny Christopher on a quarterback sneak. Shortell threw a seven yard conversion pass to Jerry Custis after an illegal procedure penalty against Lake Forest on the first attempt.

Dover Air was able to run one play before the clock ran out, ending the half.

The third quarter was slow and uninteresting until the Spartans took over near the end of the period. Ron Loper, who saw little offensive action on the night, gained two

yards and was followed by Kevin Hutchins who gained nine. Bill Moore got the next two calls for a total of 23 yards to put Lake Forest at midfield. The strong Spartan drive was halted however when the ball was jarred loose from Greg Shortell as he headed upfield.

Dover Air took advantage of the fumble and worked their way to the Lake Forest 25 yard line before Kevin Hutchins snagged a pass out of the air and returned it 39 yards to his own 48 yard line. Shortell gained thirteen yards and a first down before Bill Moore fumbled the ball and an alert Dover Air defensive man, who was also the team's fullback, returned it 66 yards for a touchdown. The Falcons conversion attempt was thwarted by Ron Loper and Bill Moore.

After an attempted onside kick by the Falcons, Lake Forest took over. Good defensive play held the Spartans and they were forced to punt. Kevin Hutchins pulled down another Dover Air pass on the Falcons second play and returned it for about 23 yards to the Falcons 37 yard line.

Mike Benson carried twice for 29 yards to the Falcon three yard line. Ron Loper got the call for the touchdown run but wasn't able to force his way across and Shortell went to Benson on the next play to cover the remaining two yards and add six points to the Spartan score. Shortell took the conversion across himself to make the Spartan's final score 16 to Dover Air's 6.

On the night as a whole Lake Forest gained a total

Kenny Crouse

Meanest Man

Kenny Crouse, a senior, is this week's meanest man on the Lake Forest football team.

Crouse plays offensive guard and defensive line backer. This is his second year on the team, and according to Coach Jim Fleming, he is "one of the steadiest players on the team." This, according to Fleming, is his strong point.

The meanest man is 5'10", and weighs 165 pounds. He is the son of Harry and Clara Crouse of Felton.

of 215 yards to Dover Air's 109. Individually, Kevin Hutchins intercepted two passes and returned them for a total of 62 yards, Mike Benson intercepted one for 55 yards, and Ken Crouse intercepted one for two yards.

Offensively, Mike Benson carried eight times for 86 yards, Bill Moore 13 times for 71, Kevin Hutchins six for 29, and Greg Shortell ten for 19. Shortell also completed one of two passes for seven yards to Jerry Custis.

Friday night Lake Forest clashes with Milford at the Chipman field in the "Battle of the Bell" at 8 p.m.

RAIDERS LOCKER ROOM REPORT

IT'S TOUCHDOWN TIME

The Woodbridge defensive line did a fine job of controlling the Sussex Central offense. Above #53 Ralph Scott, #88 Mike Calvanesa and #86 Rydell Fletcher walk away after knocking an unidentified Sussex Central player out of bounds.

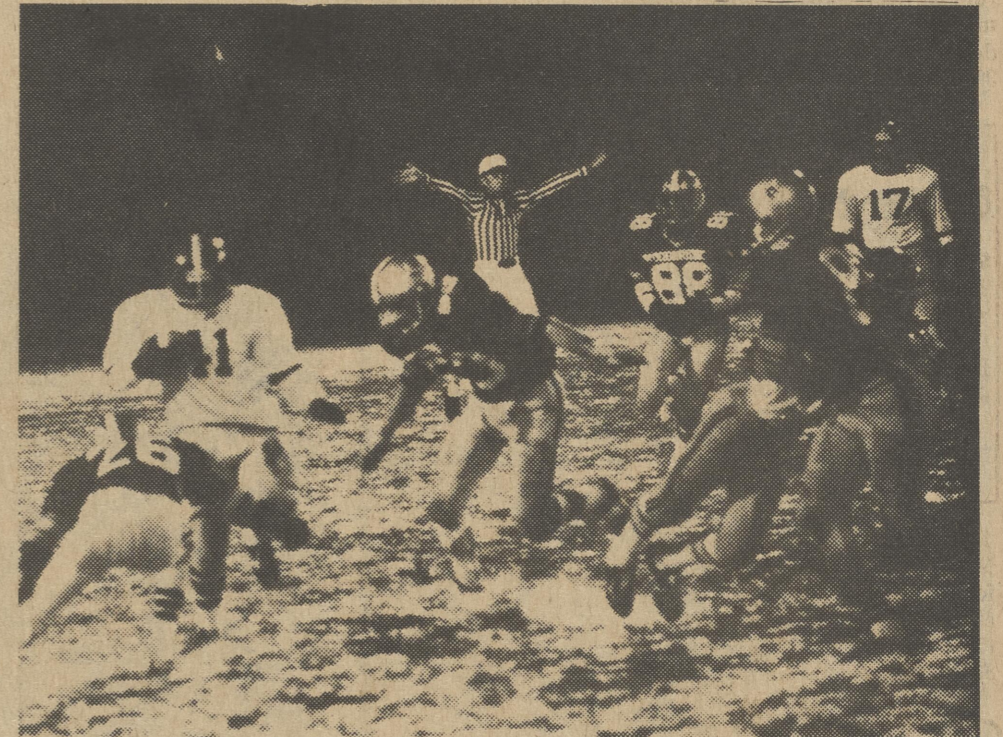

REPORT

Woodbridge only scored one touchdown last Friday night but it was enough for victory. Above they celebrate that one score.

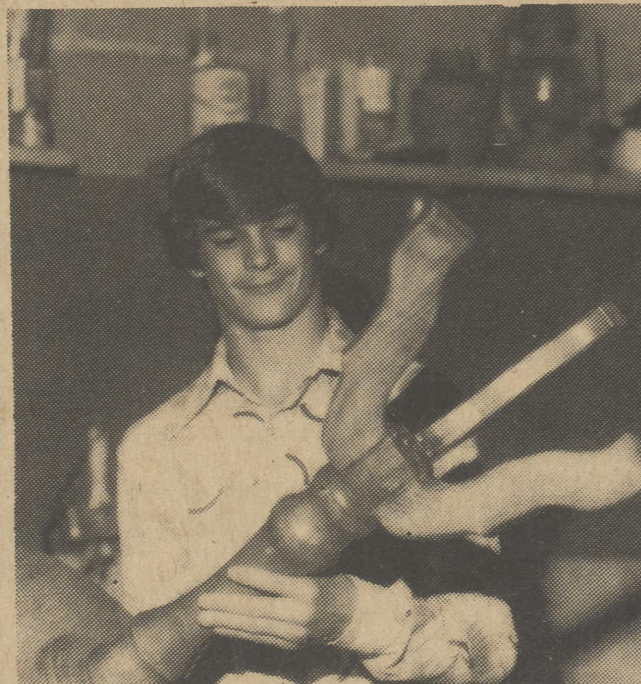

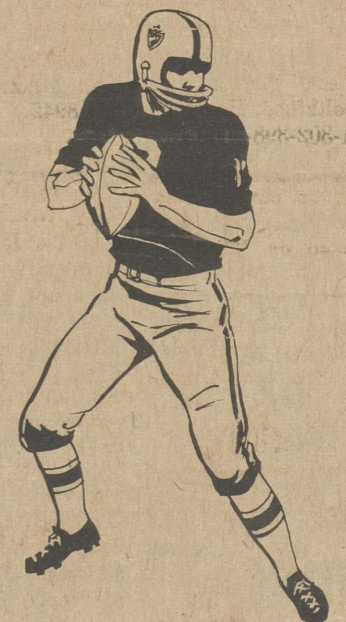

Woodbridge H.S.-Delmar H.S. football game which was previously scheduled for Thanksgiving morning has been rescheduled for Friday, Nov. 19 at Delmar H.S. Kick off time is at 8 p.m. The reason for the change is that Delmar H.S. is in the state playoffs.

Defensive pursuit shown by Woodbridge's Landy Correll, #26, Ralph Scott, #53, Spank Neal, #89, and Alonzo Neal, #88.

STATE 4-H WINNER--Nora Cannon (Greenwood) works on consumer education project that won her a trip to Chicago later this month as a Delaware delegate to the National 4-H Club Congress. Nora is a junior at Woodbridge High School.

WINS TRIP TO CHICAGO--Charles Correll, Jr. (Bridgeville), with woodworking project that's won him a trip to Chicago later this month as one of the Delaware delegates to the National 4-H Club Congress. Correll is a tenth grader at Woodbridge High School.

STATE 4-H WINNER--Rochelle Messick (Greenwood) goes to Chicago later this month as one of Delaware delegates to National 4-H Club Congress. A junior at Woodbridge High School, Rochelle won her trip with a safety project.

CHICAGO BOUND--Pam Correll (Bridgeville) heads for Chicago later this month as one of Delaware state winners to the National 4-H Club Congress. A University of Delaware freshman, Pam won her trip with a project in leadership. Her brother Charles is also a state winner.
