Charter Meetings Announced

Tax Rates Are Unchanged

At their regular monthly meeting on Monday night the Harrington City Council voted to keep the tax rate the same as it has been since 1965. This rate is one dollar per hundred dollars of assessed value and 10 capitation fee.

Also announced at the meeting was the proposal made by Ben Hughes, owner of the High Grade Dairy, to annex land north of the intersection of routes 13 and 14 including land which Hughes has recently purchased and lands where Magistrate Court 6 is now. Mr. Hughes plans to build a fast food restaurant on these lands. The Council was in favor of such an annexation but before the procedures will take place to annex this land the city will contact their city solicitor to find out the proper proceedings for annexation. The city also will look into the possible expansion of the territory to be annexed to include other lands including the dual highway and north of the intersection.

Charles J. Anderson of Harrington was appointed to the planning and zoning commission for a three year term.

Robert Taylor and Jim Stayton were present at the council meeting to find out the possibility of connecting the old Bond Bread building to the city sewer system. They are proposing the renovation of the building into a restaurant. Council

requested that Taylor and Stayton report back to the council with mechanical drawings before making a decision.

The regular council meeting night has been changed from the first Monday of the month to the second Tuesday of the month at 7:30.

The next three Thursdays of the month have been set for charter meeting nights with all citizens who wish to have input invited to attend. The meeting will begin at 7 p.m. All requests for additions to the charter are asked to be written.

Tax Appeals night was set for

March 24 at 7 p.m.

There was also some discussion on the proposed municipal building and fire hall, which dependent on the final approval of the land purchase, will be located on lands bordered by Liberty, Dixon and Gordon Streets. There was also a request from the fire company for the changing of the zoning of this area from R-1 to C-3. Council recommended that the proper channels for the changing of the zoning be followed.

The city also okayed the purchase of a pipe detector which will cost \$422.85.

Voting Light In Felton, Frederica Elections

Light turnouts marked elections in Felton and Frederica Monday afternoon and early evening, as token votes were cast in no contest elections in both communities.

In Felton Mary Stumpf took 14 votes and Fred Kaspar tallied 15 votes, with write-ins for James Jefferson and Lewis Taylor both with one vote each. Both council members elect are new to public office, with Stumpf making her second bid for council successful.

In Frederica incumbents George "Bud" Nashold and Tom Betts drew six votes each.

According to the town charter of Felton, an annual meeting is to be held five days following the town's election. According to President William Myers he did not know when the meeting would take place. He stated conflicting schedules as a contributing factor to announcing the meeting.

Frederica's reorganizational meeting will be Thursday night.

Frederica Street Problems May Clear

FREDERICA. The town council announced during its March meeting last Wednesday night it had conducted yet another meeting concerning the town's street conditions.

In February, the council had met with Representative Ruth Ann Minner to air their stand on the conditions in which many of the streets were left following installation of the town's yet to be used sewer system.

The following night, members of the State Highway Department, Levy Court members and representatives from the county's engineering office met with the town council to discuss the streets.

The bone of contention during the year has revolved around the interpretation of the finished condition of the streets as compared to what the streets were like initially. It has been the Frederica Council's feelings, which have been voiced in meeting nights from citizens as well, that the streets were to have been returned to "as good or better condition" following the sewer installation as they were before the project began.

According to Mayor Nashold, the general consensus of the council following the joint meeting was one of satisfaction that the town of Frederica would not have to face the corrections of the streets alone. It was also announced a final inspection would be made prior to the completion date, now extended to April 1.

The other matter under much discussion Wednesday night was about the bills City Hall is receiving because of the severe weather conditions in January and February. One bill for three days work will cost the town over \$1000. Council discussed where the money would come from to pay for these bills.

Bridgeville Woman Is Mother of Year

BRIDGEVILLE. A native of this community has been selected by Delaware Mothers Committee as its "Mother of the Year."

Goldie Cannon, 48, is a mother of five and is the first black to be chosen as "Mother of the Year."

She was selected for her accomplishments as an "outstanding mother and her dedication to the community."

Mrs. Cannon is employed as a private nurse; her husband, Richard is a General Foods employe.

Their children are: Carelton, a Marine Corps Instructor; Mrs. Sharon Biggs, a school teacher, Mrs. Gwendolyn Wilson, a DuPont employe; Harlan, a college student and Wayne, a student at Woodbridge High School.

The next step is to New York for national competition.

Miss Harrington and Little Miss Harrington display some of the charm that granted them their respective crowns Saturday night in the annual beauty pageant, sponsored by the Harrington Lions Club. Miss Charlene Keller, a previous Miss Lake Forest was named Miss Harrington and Miss Lisa Wamsley captured the Little Miss Harrington title.

Jill Maloney was first runner up and Zena Graham was chosen as Miss Congeniality for the Miss Harrington Contest.

Melissa Lynn Larimore was chosen as first runner up and Monica Lynne Falasco was chosen as second runner up for the Little Miss Harrington Contest. Photo courtesy of Mackert Studio.

Houston Views Charter Woes

HOUSTON. Thursday night the town council formally announced the candidates who filed for this month's election. Seeking the three seats are incumbent George W. Marvel, Connie K. Morga, Edward T. Walls and Theodore T. Yerkes.

The election date has been set for March 26, although several charter-related questions have arisen that may have bearing on the date of the election, now set for March 26.

According to Houston's charter, 18 year-olds are not able to vote. Also in order to vote, one must be a resident of the community for at least one year and have taxes paid. In order to file for council in Houston, one must be a land owner.

Following last month's meeting, the council questioned the town's attorney, Ridgely & Ridgely, who has informed them the section regarding the voting age in the charter is not legal.

Councilman Tom Surdokowski read a letter from Deputy Attorney General Gary Wilson of Wilmington that indicated questions were being raised about the need to be a land owner in order to vote and the delinquent taxes as a restriction from voting.

Wilson also indicated the town's ruling of not allowing write-in votes was not to be permitted.

Council is now planning to readress their attorney to find what the next step will be regarding the election, and it was the consensus of the council these questions would

Blood, Sweat & Tears Head State Fair Program

Blood, Sweat & Tears, Bill Anderson and Marylou Turner, plus The Sylvers will be among the list of star attractions appearing at this year's Delaware State Fair in Harrington.

This year's Fair, the 58th, will run from July 22nd through July 30th according to General Manager of the Fair, George C. Simpson who made the announcement regarding the entertainment.

Departing from tradition in booking two youth oriented acts was simply a question of supply and demand according to Fair officials when asked why they had booked both The Sylvers and Blood, Sweat & Tears. Simpson said, "It was evident to our Board of Directors that if you bring in top name groups such as K.C. & The Sunshine Band (last year's feature) that the kids in this area will support them."

To find out which groups the youths wanted to see the Fair went directly to selected high schools throughout the State and in Maryland.

"We gave the students a list of about fifteen top name groups and asked them to select the top five they would like to see, Simpson related. When the results were tabulated, our booking agent in New York City went to work to try to negotiate contracts."

"Fortunately, The Sylvers had one of our Saturday night dates still open and we were able to put a hold on Blood, Sweat, & Tears soon enough to book them for the other Saturday night," Simpson said.

The Bill Anderson Show, which features singer Marylou Turner is one of the most popular attractions on the touring circuit today according to Fair officials. Anderson has been acclaimed as a composer as well as performer. He has written hundreds of songs which have become hit records for himself and other country music stars. He has been honored as Male Vocalist, of the Year, Song-writer of the Year (three times) and, with Jan Howard, Top Duet of the Year.

Appearing on the same show will be country music's "Comic of the Year", Jerry Clower. Clower has been acclaimed as one of America's best storytellers. He has appeared on the Grand Ole Opry, numerous radio and TV shows, countless Fairs, and as a speaker for the Gideons. (Continued to page 4).

Bowers Request Approved

DOVER. Kent County Levy Court touched upon several items directly affecting the mid-Kent County area. They voted to appropriate \$4000 to the Harrington Senior Center, which center director Sabra Cello said will be used for center improvements.

Levy Court also appropriated \$5000 for the Frederica Senior Center.

Bowers Beach will be getting a new sewer system, if Levy Court has anything to do with the matter. They authorized the sale of approximately \$692,000 in bonds to finance the project.

Mayor John King of Bowers had just told the council members at its meeting last week Bowers would lose the \$30,000 plus monies allocated by HUD for relieving the cost of the project for Bowers citizens to hook up to the sewers since the monies would not be used by June 1 this year.

King told the Journal Tuesday afternoon he had not learned the Levy Court had voted to authorize the bond sale, although he had known it was on the agenda. Now, King said, Bowers will have to re-apply for the HUD monies in order to hopefully alleviate the hookup fees for the town's residents.

George Marvel, Ed Walls, Ted Yerkes and Connie Morgan are the candidates for the Houston election to be held later this month.

Houston Hopefuls Prepare For Election

HOUSTON. One of the few communities recently to have more people file for council seats than are available is this small mid-Kent County community.

Four people turned out recently to express their interests in the three council seats to be voted upon this month.

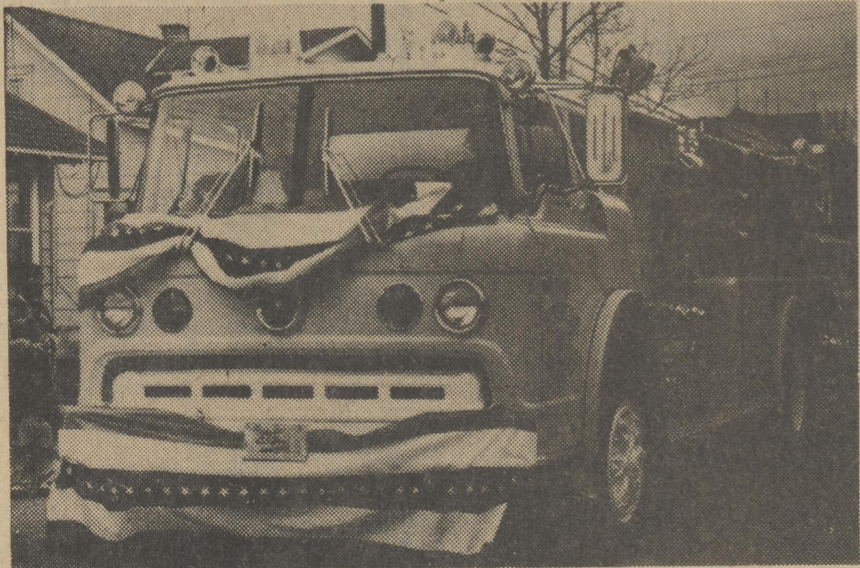

Incumbent George Marvel will seek reelection. He is a veteran of many years on the council and temporary president filling the spot vacated earlier this year.

Connie Morgan, 21, comes from a family with political experience in the community, with a father who was a former mayor and whose mother currently is town treasurer. She attended Houston school and graduated from Milford High School. She now is the manager of the shoe

department of Nichols in Dover. Miss Morgan has been a frequent attendee of council meetings and takes an active part in the meetings.

Edward Walls is a ten-year resident of Houston and father of one child. He believes "The public should be more informed and will, if elected, provide more information to the citizens of Houston." He is employed by Callis Thompson of Harrington.

Ted Yerkes, 40, is a Houston native. He is a Milford High School graduate and former employe of the Milford Chronicle. He currently is recruiter for the Delaware National Guard. He is a member of the Houston Fire Company, the Houston Methodist Church and is the father of three sons. Yerkes recently became vocal in the town government and the charter.

Bowers Beach formally dedicated its newest piece of firefighting equipment Sunday afternoon. The pumper cost \$62,000 and has the capacity of 1,000 gallons of water a minute.

George Stubbs accepted a check of \$1500 from Reba Williams as a contribution toward paying for the equipment.

I guess the first thing is to apologize for not writing a letter for three weeks. I have been in Florida.

As always it is kitchen band plus fun with fitness.

Mrs. Nasseu was with us with an old movie on Tuesday.

The pool table is still quite a busy place every-

day. Good to see all you men interested.

Wednesday the bus took quite a few members to Dover for swimming, shopping, food stamps, or whatever you wanted to do.

We have Dorothy Graham with us again for ceramics and Mrs. Vine-

yard is still teaching knitting.

Mrs. Welch was with us on Friday with rug making.

The Division of Public Health will be at the center on March 16, to administer Hearing Tests for all citizens 60 years of age or over in the Harrington area. If anyone needs further attention after these tests, appointments will be made.

Our kitchen band will be playing this Saturday at Dover Grange.

Bowling and shopping on Friday at Milford.

The scores for the last three weeks as follows.

Feb. 11 - The lady was Marian Russum, the gentleman was Elbert Stevens, all time high for Senior Center men.

Feb. 18 - The lady was Marian Russum, the gentleman was Jim Koniencki.

Feb. 25 - Only four people bowled.

March 4 - The lady was Mrs. Merle Roth and the gentleman John Sang.

Division of Highways Maintenance crews are shown erecting the Department of Transportation's newest traffic sign warning of rough road conditions ahead.

The new sign is a result of the severe winter, and frost depth of approximately 36" which has weakened many roadways. Outward signs of pot holes, cracks, and overall failures are beginning to show, with rising temperatures and signs of approaching Spring.

Three hundred of these signs are distributed throughout the State, and are being erected as conditions warrant. Permanent solutions to affected roadways may be a long process of reconstruction based on funding and favorable weather.

The signs will warn motorists to reduce their speed and travel with caution. In cases of heavily weighted vehicles, alternate routes should be planned and used wherever possible.

Happenings

by Carole Glasspool

Those York gals, Karen and Kris, from Coventry, Rhode Island, formerly of Canterbury, were in town recently while on their mid-winter school break. They visited around the area with their many friends for about a week before boarding the bus back to Coventry. Bubbly and happy Karen paid me a brief visit while in town and reports her parents, Earl and Carolyn, are really enjoying being civilians after their twenty year military stint. They have nearly completed the finishing touches on the dream home they built in Coventry.

The Yorks have many friends in the area who I'm sure are as happy for them as this writer. Karen told me that they subscribe to the *Journal* and every week they have a battle over who gets to read it first, particularly "Happenings" What a super compliment!

Knowing that Karen was going to be in town, Judy Moehlenkamp and Kelly Woodward put their heads together and planned a surprise gathering for Karen with the aid of Alice Hinson. Alice, true to her fashion, opened her home to two dozen friends of Karen, and Judy and Kelly co-hosted an evening of dancing, catching up on "what's new," and taking a nostalgic look at the past.

For those of you who didn't get to see Karen and Kim while they were in town, I'll tell you they look great and are still two of the nicest people you'll ever know.

William Ashley of Woodbury Acres, Manager of Mister Donut in Dover, was recently notified that his shop in Dover has "numero uno" in gross sales in the United States for the fifth consecutive year. Congratulations, Bill. Incidentally, if you're planning a trip to Japan, you may be interested in knowing that they are opening Mister Donut shops there. Who says "east is east and west is west and never the twain shall meet." Donuts, the international goodie!

Things are really cooking at the Whelans in Woodbury Acres, also. Mrs. Raymond (Ruth) Whelan will receive her masters degree in Counseling on March 19 from Southern Illinois University. This is no small feat for anyone but for Ruth it is very special. She has a severe visual impairment and is our own local "Profile in Courage." Her husband has been extremely ill for well over a year and a patient at the V.A. Hospital and now she has learned that he is coming home, too. So, good fortune is smiling on Ruth but much of her "good fortune" has been achieved through courage and sheer determination. I salute you, Ruth Whelan.

Ruth's son Raymond was in town for a visit over the weekend. Ray is living and working in Baltimore now.

A thought has come to my mind while thinking about Ruth Whelan's accomplishments. It is not an original thought but I cannot remember who said it. It is this "Courage is not being unafraid, Courage is doing something in spite of your fear."

Rotary Hosts Ladies

HARRINGTON FAIR-GROUNDS RESTAURANT. The Harrington Rotary Club as a ladies night feature heard an address from Ken Runge, on the blind and their "seeing-eye dogs". Runge, 51, blinded as the result of an accident while serving as a Baltimore policeman, was accompanied by his constant companion "Susie", a 6 year old German Shepherd.

A film was shown in which the school which trains the dogs and the recipient was presented. The school is the Leader Dog School For the Blind in Rochester, Michigan.

Private Hopkins Completes Course

Army Private Charles A. Hopkins, whose wife, Sharon, lives on Route 4, Shady Oak, Georgetown, recently completed a 14-week telecommunications center specialist course at the Army Signal School, Ft. Gordon, Ga.

Students received training in basic communications principles to include operation and maintenance.

The private entered the Army in August 1976.

Pvt. Hopkins is a 1976 graduate of Woodbridge High School in Bridgeville. His parents, Mr. and Mrs. Herman Hopkins, live on Route 2, Bridgeville.

Felton Man In Dover Fatality

DOVER - A 61-year-old Dover man was killed Wednesday night when he

crossed U.S. 13 near Evergreen Drive and was struck by a car, Dover Police said.

Pronounced dead on arrival at Kent General Hospital at 10:35 p.m. was Ward David Turner of 190 Orchard Ave.

Police said he was struck by a car driven by Lowell Ridenour of Felton. The said Turner was walking west across U.S. 13 when he was struck by the Ridenour car heading south on 13. The impact threw Turner several feet, police said.

Police said it was the first traffic related fatality so far this year in Dover.

Report from Hickory Ridge Congregational Methodist Church: Some of us have been attending the Youth Conference in Bridgeton, N.J. There were 9 youth and 5 adults who went Monday evening to hear David Hyles, Director of Youth in one of the largest Sunday Schools in this country. Four of us attended sessions there on Tuesday.

Beginning Tuesday evening, March 15 at 7 p.m. Mrs. Janet Symons will be coming on Tuesday and Wednesday evenings each week for four weeks to lead a special training course for teachers. These classes will be for everyone, whether you are a member of this church or not, or whether or not you are a teacher. The course will be beneficial to all. The first Saturday of each month is the date for our covered dish fellowship suppers. Bring your dish and your place settings and come enjoy this fellowship together.

Report from Greenwood United Methodist Church: Every Sunday evening at 7 o'clock we are holding a prayer and praise service. This is for all ages.

The Sunshine Class will not meet in March.

The Spirit and Life Tabernacle are concerned about getting their roads paved to their church. They are calling their campaign "Rocks for Christ" and each ton of rocks will cost about \$6. Miss Charlotte White and Mrs. Helen Workman enjoyed lunch with a friend in Tyaskin, Md., on Sunday. Afterward they visited White Haven Beach and other points of interest.

Mr. and Mrs. Walter Mills were dinner guests of Mr. and Mrs. Frank Gordy of Georgetown at the Dutch Inn in Laurel on Friday evening.

Mr. and Mrs. Walter Mills visited Mr. Mills' cousins, Mr. and Mrs. Paul Ellis in Delmar on Sunday.

Mr. and Mrs. A. Stanley Cahall returned on Thursday after going to California to attend the funeral of his sister, Mrs. Helen Parker. She passed away on the 21st of February in San Gabriel, Cal., and was buried in Rose Hill Cemetery. While there the Cahalls were guests of her daughter in Temple City, Cal.

Cheer Center News: Week Feb. 28-March 4:

Mr. Lowell Andrews brought his wooden coin collection to the Center on Thursday, March 3, to show to our members. He has the largest collection of these coins in Delaware. We all enjoyed the display.

On March 8, at 12:45, Sue Hurley from the Fire School will be with us to give us more information on Fire Prevention.

Thursday, March 10, Bill

Phillips will show a film called "Million Club" at 11 a.m. This is pertaining to cancer.

Also on Thursday, March 10, is the Nutrition Festival at Georgetown. This is an all-day affair. Final plans have not been made for our members, but everyone is invited.

On March 15, we at the center, will begin visiting some of the shut-ins in the community. This is much

needed. We regret that we have not done this before.

We are looking forward to a trip to Dover on Wednesday, March 30, to see "Finian's Rainbow." More about this later.

Our members have been enjoying crafts this week, making quilts and crocheting.

We are keeping fit with our Fitness Program, stepping lively to our music

and also relaxing in our conversation area.

Visitors at the Center this week: Leatha Peppard, Leon Wheaton, Ann Tucker, Ada Mae Warrington and the Rev. and Mrs. Milliner.

It is reported that Lottie Mitchell, one of our members, is in the hospital with pneumonia.

Thursday afternoon caller at the Jacob Hatfields was Mrs. Louise Price of Newark.

Saturday afternoon callers at the Jacob Hatfields were Mrs. Paul Swain and Miss Elaine Rifenburg of Lincoln.

Mrs. Loretta Reiter and niece, Denise, of Allentown, Pa., were weekend guests of the Paul McCrearys.

Leonardo da Vinci was left handed.

Police Beat

Although minor incidents, Harrington Police report a variety of activity this past week.

On March 3, Leroy Calhoun reported someone had attempted to pry open a coin box on one of his automatic washers at his laundry. Apparently the person responsible had entered the building after it had closed. The incident was unsuccessful.

On March 4, police arrested Terry Lee Davis of Harrington on a charge of

disorderly conduct resulting from his behavior in Marshall's Tavern. He was tried, and fined \$50 plus \$13.50 court cost. In addition Davis was given five days for contempt due to language in magistrate court, but this charge was later suspended.

On March 5, Ronald Woods reported two tires punctured on his car, and the theft of a citizen band radio antenna also from the same car. Leads are being followed in this incident.

From The Frying Pan

Vandalism...A dirty word Someone is getting his kicks in a sick way lately in Harrington. Take a tire, a sharp object and someone in the dark and the formula adds up to twisted entertainment for someone.

The dark manages to hide a multitude of unpleasant creatures, including vandals. The more imaginative or sick the mind of a vandal, so is the end product.

Right now it is puncturing tires, an expensive enough undertaking. The police do have several leads on the slashings, and feel they are happening before the city's curfew.

What will be done about it? Probably nothing if the majority of us allow it to continue. Anyone who has information about this current bout of slashings should immediately contact the police, else they may as well consider themselves accessories.

Most of us are interested in seeing the community develop in respectable directions, but harboring vandals is hardly on the list.

Vandalism...a really dirty word for underhanded, cowardly and illegal behavior...who needs it?

Raceway Names Board Of Directors

HARRINGTON. The Harrington Raceway named its new board of directors during a meeting Monday night. The following were elected by a stockholders' vote: Bill Parker and Walter

Messick of Harrington; Russell Kirby of Milford; Senator Thurman Adams of Bridgeville; Ned Davis and Walter Ellis of Dover and Herbert Chase of Churchill, Md.

Burgess Views Peru

The people of Lima are like night owls: they wake up as soon as the sun goes down. They appear well-fed and, consequently happy. I saw more fat ones here in an hour than I saw in Spain in three weeks.

Ed. note: Mr. Burgess has recently returned from visiting the ancient Peruvian city, Machu Picchu. His trip lasted over a period of eight days.

Mr. Burgess owned and operated The Harrington Journal for many years.

Book Fair Set At LFN

The library will be open Wednesday evening, March 16 for any interested parents attending the P.T.A. meeting to browse and purchase books for their children.

Career Corner

by Buck Thompson

There was a time when veterinary medicine was thought of as a profession that was strictly for men only. Not any more. In recent years, the number of women studying for degrees at veterinary schools has tripled.

Like the men, most of the women go into private practice dealing with small animals, though because of improved methods of restraining their bigger patients and the increased use of technical assistants, they also routinely handle larger animals, too.

You should know that the field requires a lot of hard work and more than just a fondness for animals. Specialties today include public health, toxicology, laboratory animal medicine, reproduction, anesthesiology, internal medicine, microbiology, pathology, surgery, radiology, preventive medicine and diseases of the eyes, skin, heart and nervous system.

Seventy-six percent of our veterinarians are in private practice caring for an animal population of 150 million cattle, 60 million hogs and 20 million sheep, not to mention 8 million horses and a cat and dog population estimated at 30

million each. What do they earn? Recent surveys indicate that the majority of today's new veterinarians make between \$14,000 and \$16,000 within a year after graduation. Experienced doctors who have several years with government agencies, schools, private industry or the military can earn as much as \$25,000 and \$45,000 a year.

If you would like more information about the field you can get an excellent pamphlet free by writing to the American Veterinary Medical Association, 930 North Meacham Road, Schaumburg, Ill. 60196, and asking for its "Today's Veterinarian" booklet. Enclose a large, self-addressed, stamped envelope.

Information on opportunities for vets in the U.S. Department of Agriculture can be obtained by writing to the Agricultural Research Service, U.S. Department of Agriculture, Hyattsville, Md. 20782; the Animal and Plant Inspection Service, Personnel Division, 12th and Independence Ave. SW, Washington, D.C. 20250; or the Agricultural Marketing Service, Personnel Division, at the same address.

Thoughts.. From Senator Roth

This week I was very pleased to chair a Congressional luncheon meeting for Vladimir Bukovsky, a recently exiled Soviet dissident.

Mr. Bukovsky is a beacon of hope for those around the world who cherish individual rights and liberties. Although only 34 years old, he has been active in the Soviet dissident movement for 15 years. In 1963, when he was 20, he was arrested by Soviet authorities and committed to a special psychiatric prison-hospital in Leningrad. In all, he has been arrested four times and has spent 11 years in Soviet mental institutions, prisons, and labor camps.

Despite all the pressures that the Soviet state has placed on Mr. Bukovsky, his free spirit has miraculously survived. Each time he was released, he went right back to seeking such elemental human freedoms as the right to read what he wanted, to say what he believed, and to assemble

with other men and women who shared his views. And when he was in prison, he worked with other prisoners to give them hope and courage and the will to continue to fight for freedom. Suddenly, two months ago, he was exchanged for an imprisoned Chilean Communist leader.

Mr. Bukovsky said that the West knew only the "tip of the iceberg" about the size and vigor of the dissident movement. Dissidents have deep roots in the Russian people he said, who despite all the official propaganda, continue to yearn for freedom.

He also praised the role that Radio Liberty and Radio Free Europe play in providing information to ordinary Soviet citizens. He said that the American people should continue to actively support them and that no restrictions should be placed on their ability to broadcast objective and accurate news.

During the questioning, I pointed out that a number of people argue that the U.S. support for the human rights movement may jeopardize our ability to achieve what we want in arms control negotiations. Mr. Bukovsky said firmly that he did not agree with this argument. Because of Soviet economic weakness, he said, the Soviet Union has a greater incentive to reduce the burden of defense spending. He believes, therefore, that the USSR will agree to U.S. arms control objectives if the U.S. is a firm, consistent, and tough bargainer.

Like Mr. Bukovsky, I believe that the United States should continue to be an active supporter of human rights. We Americans can be proud of our many accomplishments -- our economy, our technology, etc. But I think we are proudest of the fact that we built and have preserved a society rooted in individual freedom that remains an inspiration to peoples everywhere.

It is heartening to meet men like Mr. Bukovsky who have committed their lives to the achievement of the same liberties for their own people. They have demonstrated their courage over and over again and have suffered torture and death to achieve these ideals. I am convinced that the forces of liberty and of free speech, press and assembly will ultimately win out against all the coercion that modern-day dictators have arrayed against them.

Harrington State Fair Program (Cont.)

Clower will also appear on Thursday of Fair Week which has traditionally been known as Senior Citizen's Day and Governor's Day. The same show will feature Lawrence Welk star, Arthur Duncan.

Traditional favorites such as stock car races, demolition derbies, thrill shows and motorcycle races will return, but with a few twists. Stock cars will open the Fair on Friday night, instead of the usual demolition derby, which has been rescheduled to run on Saturday afternoon.

The reason for the switch is because of the heat and dust problems associated with daytime racing. "The drivers from the Delmarva Auto Racing Association requested that we make the change to protect the engines and thereby give them a chance to give a better race," related Fair Director and long-time race enthusiast, Walt Messick. Messick went on to say that "The Delaware State Fair Championship Race will be held on Wednesday evening, July 27th."

Messick also reported that on that same day, the Fair will be trying something new. "Starting at 11:30 a.m. and running through the afternoon, we are going to have a Tractor Pull." The Fair has been wanting this for the last couple of years, but for one reason or another has been forced to abandon the idea, related Messick. This year we contacted the Delmarva Tractor Pull Association and Mr. Coleman Wheatley and they have agreed to help us put together a show that will be worthy of the State Fair label. Since the Fair is a State wide event it's sure to draw some of the best men and tractors from many other states" Messick said.

Another new event, which is being held on the last Saturday afternoon of the Fair, is being billed as the "World Champion Daredevil Thrill Show". This show will feature all sorts of crashes, both with automobiles and motorcycles. It will also include a man placing himself in a two-foot by six-foot coffin and blowing it apart with four sticks of dynamite.

To top the daredevil show off, the Fair has booked a motorcycle stuntman known as "Fearless" Bob Siros who claims to

have broken 35 National and State jumping records, including 22 held by Evel Knievel. "Fearless" Bob will make practice jumps throughout the week, leading up to his record making attempt on Saturday. The Joie Chitwood Thrill Show will perform in front of the grandstand on Monday night. Chitwood started playing at the Fair after the death of the great stuntman, "Lucky" Teter in 1942, but hasn't appeared in Harrington since 1971.

Of course the Fair wouldn't be complete without Children's Day and here again the Fair has planned something completely different. General Manager Simpson explains, "Always in the past we have had two performances on Children's Day that were exactly the same. We were trying to please an audience that ranged in age from 3 years to 19 years, which is an impossible task. So this year we planned two different shows that should appeal to two different audiences", Simpson said.

Simpson went on to say that "The afternoon show will be fast moving and will include pony races, bicycle races, circus acts from the Royal Danish Circus and a practice motorcycle jump by "Fearless" Bob. The evening show will include the circus as well as a country music talent contest."

"We are anxious to get public reaction to the talent contest, Simpson said, because people have been trying to get us to do something like this for years. We plan to have a preliminary contest on Sunday, July 17th and bring back the finalists on Tuesday of Fair Week", Simpson explained. Dennis Hazzard, a well known downstate radio personality will direct the show and provide technical assistance.

Fair people admit that many other different things are in the wind for this year's Fair. When Simpson was asked the traditional question of whether this year's Fair would be "bigger and better" he just smiled and said; "Let's just say it will be a fair worth remembering."

Advance ticket order forms and additional information can be secured by writing to the Delaware State Fair, Box 28, Harrington, De. 19952.

"E.B. Rash has been named mayor by the City Council for the remainder of the year. He replaces Charles L. Peck, Jr., who has moved outside the city limits.

Editorial-by J. Harvey

Burgess - A hideous monster has been washed up by the sea out in Oregon. It is described as about 20 feet long, covered with coarse, black hair and or wool and the possessor of something like twenty arms or legs. In addition to this, it gives off an awful stench. Our guess is that it's one of these professional wrestlers we've been seeing on television."

Taken from part of "Poems From Paradise Pastures" by the late Cliff Miller: "I saw a man live and saw a man die, Saw a man laugh and saw a man cry. The happy man served, spent a lifetime in giving. The sad man departed, and died while still living."

Calvin Minner, Bill Outten and Harold Fry will serve as delegates at the Kent County Firemen's Meeting March 15.

C. Arthur Taylor, "Mr. Marshy Hope", was cited for his contributions to soil and water conservation last Monday evening. A large circle of friends gathered at the Bridle Bit Restaurant at Harrington for recognition to his lifetime of effort in soil stewardship.

FOOD MARKETING ALERT

USDA Agricultural Marketing Service

As of Mid-February, the supply situation in March is expected to look like this:

RED MEATS

Beef . . . plentiful. Production near the record of a year earlier. Smaller output of nonfed beef to offset a slight increase in fed beef.

Pork . . . plentiful. Production to increase seasonally and average 18-20% above the low level of a year earlier. This would be about 13% above the 1974-76 average for the month.

POULTRY & EGGS

Broiler-fryers . . . plentiful. March marketings about 6% above the record large production of last year and 21% above the March 1974-76 average.

Eggs . . . adequate. March 1977 supplies about 1% above a year earlier and about the same as the recent 3-year March average.

Turkeys . . . adequate. Seasonally light marketings up about 7% from March last year and 21% above the recent 3-year average. March 1 inventory of fresh frozen turkey, an important factor at this time of year, nearly 10 million pounds above last year but more than 20% lower than the 1974-76 average.

MILK & DAIRY PRODUCTS

Milk and dairy products . . . plentiful. High production will continue to result in supplies exceeding current consumption and storage requirements. Milk production exceeded previous yearly and 3-year averages by 3 and 5% in Jan. Preliminary figures for Jan. indicate butter production was 9% higher than Jan. 1976, and American cheese production was up 13%. In Dec. 1976, nonfat dry milk production was 9% above previous year and 5% above average.

Commercial stocks of butter on Jan. 1 were 6 times greater and

manufacturers' stocks of nonfat dry milk were 2 times greater than the beginning of 1976. Commercial American cheese stocks were up 33% from last year and 20% over the 3-year average.

FRUITS, VEGETABLES, NUTS

Fresh citrus fruits and juices . . . adequate. Latest USDA estimate places U.S. orange crop 11% below the pre-Florida freeze forecast, but still 3% higher than the 1975-76 total. Florida's freeze-damaged crop now estimated 14% below the Jan. 1 level but 1% more than last season's output. U.S. grapefruit crop is now forecast at 11% below month earlier as a result of the freeze. This figure is only slightly lower than last season.

Lemon production 49% higher than last season; but 10% lower than the record 1974-75 crop. Stocks of Florida frozen concentrated orange juice on Jan. 29 were 27% less than stocks reported same time last year.

Fresh noncitrus fruits. Winter pears . . . plentiful. As of Feb. 1, Pacific Coast Winter pear holdings reported at 42% more than Feb. 1, 1976. Apples . . . adequate. Holdings of apples for fresh use as of Jan. 1 were 13% smaller than last year's large supply, but more than 8% above the 5-year average.

Canned noncitrus fruits . . . adequate. On Jan. 1 canners' inventories of peaches and fruit cocktail were 17% above the 1974-76 average. Pears were up 24%. Jan. 1 applesauce stocks were down 13% from year earlier.

Raisins . . . light. 1976 production was much lower than in 1975, as rains caused heavy losses. Dried prunes . . . adequate. California 1976

production 3% less than previous year but 3% above 1974.

Processed vegetables . . . adequate, with a few canned and frozen items plentiful. Canned sweet corn and green peas . . . plentiful. On Jan. 1, canners' inventory of sweet corn was 26% above the 1974-76 average; green peas were up 37%. End of 1976 showed holdings of frozen corn-on-cob, cut corn, and green peas 37%, 15%, and 5% over average.

Potatoes . . . plentiful. Feb. 1 fresh potato holdings a record at 8% over year earlier and 14% above the 1974-76 average. Frozen french fried potato holdings were 22% above average.

Peanuts . . . plentiful, although stocks on Dec. 31 were 10% lower than year earlier record. 1976 production 3% lower than record 1975 crop. Almonds . . . plentiful. California 1976 crop was record high, some 44% more than in 1975. Walnuts . . . plentiful. 1976 production around 7% less than record 1975 crop. Pecans . . . light. 1976 production 60% less than 1975 crop and a little lower than 1974 production.

GRAINS & LEGUMES

Rice . . . plentiful. Production 9% lower than last year's record crop due to 11% fewer acres. Crop will total 117 million cwt.

Wheat . . . plentiful with large carryin. Production at a record 2,147 million bushels, slightly more than last year's record and 15% above the 1973-75 average.

Corn . . . plentiful with production at record 6,216 million bushels, 7% above last year and 16% above 1973-75 average.

Dry Beans . . . plentiful even with production forecast at 1% less than 1975 and 5% below 1973-75 average. Rough data indicate domestic use during 1975 and 1976 slackened. Dry peas . . . adequate. Production 21% under last year and 15% under the 1973-75 average.

Terminology used: PLENTIFUL — More than enough for requirements. ADEQUATE — Enough to meet needs. LIGHT — Less than adequate; not enough for normal needs.

Volunteer Families Needed

Volunteer families are being sought to receive institutionalized children into their homes on a part-time basis in a new program sponsored by Catholic Social Services.

Bienvinda S. Hagarty, a Board Member of Catholic Social Services and organizer of the Host Family Project, said the program is meant to help children make positive contact with the community and so prepare themselves to leave the institutions.

Eligible are children, ages 6 to 18, who are cared for by the Division of Social Services, the Murphey School, the 801 House, or the Hospital for the Mentally Retarded. Children in foster homes also qualify.

Many children in Kent and Sussex Counties have little contact with adults except for agency staff and foster parents. Mrs.

Hagarty said, "Regular contact with friendly families, as in a natural, extended family, would be good for the children in itself and also prepare them to be on their own when they reach adulthood. The host families, too, would benefit from the experience."

Host families would be screened and oriented by Catholic Social Services and the responsible agency and would be asked to receive the children once a week, twice a month, or whatever is convenient for the family. No fee would be paid, and religious affiliation is not a factor in selecting the families, Mrs. Hagarty added.

Interested persons are asked to contact JoAnn Lloyd at the Kent County office of Catholic Social Services (674-1600) or the Catholic Social Services Georgetown Office (856-3798).

Dover Symphony To Present Concert

The Dover Symphony will be heard in concert on Sunday, March 13 at 4 p.m. in Dover's Central Middle School auditorium.

for eight years and is that group's first chair horn player.

Other selections on Sunday's program will include: Egmont Overture Op. 84 Beethoven; Serenade Eine kleine Nachtmusik,

The Lake Millbridge Unit #11 Girl Scout Troops are looking forward with great anticipation to the 3rd annual Mother-Daughter banquet on March 12. The Banquet is always held in various locations during Girl Scout Week. This year it is to be held at the Woodbridge High School Cafeteria in Bridgeville on the 65th birthday of the Girl Scouts.

Girl Scouting in the United States was organized on March 12, 1912, in Savannah, Georgia, by Juliette Gordon Low, a friend of the founders of Scouting, Lord and Lady Baden-Powell. Girl Scout Week, therefore, is the week all Girl Scouts celebrate their birthday. The girls attend a church service as a troop or individually on Sunday and climax the week with the Banquet.

The theme this time is "International" and the troops who will attend have picked a country to represent. Their centerpieces and entertainment

will reflect something from the individual country. Also, the girls have made their own centerpieces, planned their menus and, in most instances, will prepare the food themselves.

In addition to the mothers of the Scouts, the following guests have been invited:

Mayor Kyle Ewing, Bridgeville, Mrs. Margaret Sackett, Lewes, Field Director of Unit #11, Mrs. Connie Bell, Salisbury, Field Supervisory Director of the Lower Peninsula, Mrs. Ina Morgan, Seaford and Mrs. Judy Roberts, Lewes, both members of the Girl Scout Board of Directors.

Mrs. Sheila Barthlow, Harrington, Camp Consultant, Mrs. Barbara Campbell, Calender Chairman and Mrs. Evelyn Irwin, Cookie Chairman, both of Milford.

More than 300 guests are expected to attend this annual celebration.

People of the Delmarva Peninsula love Girl Scout cookies and they showed it by buying more than ever before in 1977, according to Mrs. Carl Cobin. Mrs. Cobin is 1977 Cookie Sale Chairman for the Chesapeake Bay Girl Scout Council.

She reported that nearly 400,000 boxes of Girl Scout cookies were order-

ed during the 1977 sale held January 21 through February 6. This represents an 11% increase of 1976 sales, and the most cookies sold in more than four decades that the sale has been held.

Mrs. Cobin said the cookie sale proceeds are essential if troops are to have money for excursions and programming and if the Council is to maintain five camps and provide camperships to needy

girls. The Harrington troops participating were Junior Troops 686 and 879 and Cadette Troop 905. In Frederica, the troops were Junior Troop 469 and Cadette Troop 239.

We wish to thank the communities for their generosity in helping these girls in this project.

Additional cookies will be available from any Junior and Cadette Scout in these areas until March 7.

Starting March 29, 1977, using your telephone book could mean avoiding Directory Assistance charges.

Most calls to Directory Assistance are for numbers already in the directory. These calls for Delaware numbers are rapidly increasing, and so are our costs. It's only fair that the small number of people who make most of these calls should pay for them. That's why, starting March 29, 1977, we'll begin charging for certain calls to Directory Assistance. But, at the same time, our cost savings will be passed along to you by reduction of your basic monthly telephone rates. As of March 29, we'll reduce basic telephone rates to Delaware customers by \$700,000 in 1977.

What about numbers that aren't in the directory? That's what Directory Assistance is for. And you'll be able to make three dialed calls per line to Directory Assistance each billing period, and ask for two numbers each time you call, at no additional charge. Every call over three calls each billing period will result in a 20¢ per call charge on your telephone bill. (Calls placed to Directory Assistance with the help of the regular Operator will be billed at 40¢ per call, and are not included in the three call allowance). Business customers, please refer to your bill insert which explains the Directory Assistance Volume Control Plan.

Other calls to Directory Assistance which will not be billed:

- Calls to Directory Assistance for numbers outside Delaware. However, to avoid a charge, you must dial 1, plus the area code, plus 555-1212.
- Calls from coin telephones. (Consult the dialing instruction card).
- Calls from hotels, motels, and hospitals.
- Calls made by people who are handicapped in the use of their directories. Contact our Business Office for details.
- Calls for mobile or maritime services.
- Calls from interconnected lines of radio common carriers.

If you're a business customer, we've prepared a special bill insert for you. Business customers should be aware of the effect that the Directory Assistance Volume Control Plan could have on their business telephone bills, and should notify employees of the changes in Directory Assistance service. Business customers with Centrex service should pay particular attention to the bill insert.

If you're like most of our customers, you'll probably never see a Directory Assistance charge on your telephone bill, because most of the numbers you need are in your directory.

In addition, there are a few simple ways you can help reduce even further the need to call us for a number:

- **Keep your directories near your phone** to make it easier to use them. If you need additional directories, call our Business Office and ask for the directories for the Delaware communities you call frequently.
- **Keep a personal list** of new numbers as you learn them.
- **If you move or have your number changed,** notify your family and friends. It will help them reach you without having to call Directory Assistance.

Your number for Directory Assistance will change, too. If you must call Directory Assistance for numbers in Delaware, dial 1+ 555-1212 instead of 411. For numbers outside Delaware, dial 1, then the area code, then 555-1212.

If you have any questions, please feel free to call our Business Office.

Drew University Chorale To Present Concert

A program of religious and secular music ranging from Bach to folk-rock will be presented by the Drew University Chorale on Wed., March 16th, 7:30

p.m., at Trinity United Methodist Church, on Commerce St., Harrington. Associate Professor of Music Lester W. Beren-

brock will direct the concert. The program begins with three Latin selections from the Baroque period,

followed with excerpts (in German) from what is probably Bach's best known and most popular motet, "Jesu Meine Freude." It is based on a text by Johann

Franck (1618-1677) and set to a traditional German melody arranged by Johann Cruger (1598-1662).

Next in the concert will be the men of the chorale singing a setting of the Psalm text, "Praise Ye the Lord of Hosts," to the music of Camille Saint-Saens, and the women performing Bach's duet, "We Hasten with Feeble But Diligent Steps."

The first section of the program will close with three contemporary folk-rock works - "The Parables" by Wilson, "Man of Mercy" by Wetzler, and "Sing to the Lord a Brand New Song" by Ylvisaker. Kenneth Valentine of Henderson, Md., and Brian Bodt of Havre de Grace, Md., will be soloists.

Featured in the second part of the concert will be four madrigals by English, Spanish and Italian composers. The final part will include a folk song by Vaughn Williams, two Broadway show selections, and a group of gospel songs.

Drew University is a leading, small independent university on a forested campus an hour west of New York City.

Charles Brown Dies; State Board of Education Member

DOVER-Charles C. Brown, 60, a member of the State Board of Education since August 1971, died Sunday, March 6, at Kent General Hospital, Dover of cancer.

Born in Philadelphia, Mr. Brown spent almost his entire life in the Dover area.

In 1950 he opened his own surveying and civil engineering business here.

Mr. Brown became seriously ill last summer and had not attended any state board meetings since then.

He grew up in Wyoming, attending Caesar Rodney High School, and earned an engineering degree at the University of Delaware in 1938.

Mr. Brown became Dover's city engineer in 1945 and city manager in 1948. He left that post in 1950 when he opened his own

business. He was elected to the Dover Board of Education in 1963 and once served as its president. He was named to Kent County vocational-technical school board in 1965 and also served as its president. He resigned that seat when Peterson named him to the state board.

Mr. Brown lived at 33 Laurel Drive here.

He is survived by his wife, Mary Salmons Brown; two sons, C. Christopher of Baltimore, Md., and Nicholas R. of Dover; a daughter, Sarah C. of New Orleans, La.; a sister, Mrs. Douglas Spruance of Pallatine, Ill.; and three grandchildren.

Services were Tuesday morning at 11 at Christ Episcopal Church, Water Street, Dover, with burial in the church cemetery.

Instead of flowers, the family suggests contributions to the William Reilly Brown Scholarship Fund, in care of the Camden-Wyoming Lions Club.

Where am I going?
It is not only a question of eternity. It is a question of time. Where are you going right now? What are your goals? Jesus Christ offers goals for time and eternity. He says life is more than food, clothing and shelter. He says, "Seek first His kingdom, and His righteousness; and all these things shall be added to you." (Matthew 6:33) His kingdom is peace and love for today and hope for tomorrow. Trust Him for time and eternity and He will show you the way.

Stanley's 40 Points Lead Seaford Over Raiders

The Woodbridge girls' basketball team fell victim to the hot shooting of Seaford's Cynthia Stanley and, therefore, were eliminated from this year's State Tournament by a score of 69-53.

The game which was played last Friday at Smyrna was a game of mistakes, as despite their convincing victory, Seaford committed 22 turnovers while the Raiders were committing 25.

For the Raiders, it was never that close as in the opening quarter Seaford took the lead and held it the entire game, outscoring their opponents in

every quarter but the fourth when each squad scored 18 points. Just before halftime Woodbridge was still in the game, trailing by only eight points, but senior Terry Rider incurred her fourth personal foul of the game and was forced to sit out the entire third period. By the time she re-entered the game the contest was pretty well decided.

Miss Stanley set a tournament scoring record in the game as she knocked in 40 points breaking the old record of 31 set in 1975 by Lake Forest graduate Beverly Mack. The Raiders were led in scoring by Zarata

Hickman who scored 18 points before fouling out late in the final quarter.

Woodbridge coach Kay Smith was openly critical of the officiating as she incurred two technical fouls in the fourth period, and after the game finished she again charged the officials to take up the discussion once again.

For the Raiders, who advanced to this second round after their 32-25 victory over Brandywine last Monday, it was their final game of a 16-3 season. However, the girls will be looking forward to next season when all players will return with the exception of senior Terry Rider.

Spartans Eliminated By Concord 52-51

by Millard Ellingsworth III

"Lake Forest wasn't beaten, the time just ran out on us," quoted a well-showered but none too cheerful Bill Moore after the Spartans were edged by the Concord Raiders in the first round of the Boys Basketball Tournament Saturday night at Smyrna.

It was mainly a defensive game with the two teams taking a total of ten shots before anyone scored. Bill Moore started the Spartans with their first basket but the team committed several turnovers on which Concord capitalized to take a first quarter lead.

Sam Carey tied the score twice during the second period with free throws. He made two to tie it at 14 all and one and a half minutes later he made two to tie it at 18 all. Carey also dropped two baskets for a total of eight points during the quarter, all the points he scored during the evening.

At the half, Concord held a 24-20 lead. They also led in fouls. Their center and high scorer, Mike Owens already had three fouls and had sat out most of the second quarter. Tony Washom, also a starter, was benched with three fouls.

The third quarter continued with both teams scrambling for the ball, trying to force a turnover. Concord scored 11 points and the Spartans scored ten.

Lake Forest scored the first basket as the final quarter opened to bring them within three points 35-32. Concord was able to hit two free throws and two baskets to mount a 41-32 lead with 6:20 left in the game. Within the next twenty seconds, Bill Moore

scored a free throw, Lauren Burris fouled out, and Frank Corsey hit two free throws to bring the score to 41-35.

Ron Shockley drew a foul from Ernest Howell, a Concord reserve who had been a thorn in the Spartans' sides all evening, to put him out of the game with 4:48 remaining.

With three minutes remaining, Concord led 49-39. Bill Johnson scored from underneath and Concord turned the ball over for walking after they inbounded it. Jack Coker hit a fifteen-footer with 2:25 remaining and the Spartan press allowed Jerry Custis to steal the ball. Custis made a quick pass to Moore who was under the basket to make the score 49-45 with 2:03 remaining.

Another Concord player fouled out and the Spartans were given possession of the ball. The Spartans turned it over and Concord began to stall. Lake Forest knew the clock was running out and the pressure caused a foul on which Concord was able to score both shots, 51-45.

Bill Moore got back the two points he had just given away by scoring, bringing the score to 51-47 with 0:25 remaining.

Bill Johnson fouled a Concord player who made only one of the foul shots and then Johnson scored for the Spartans, 52-49 with 0:02 remaining. The only thing that would save the Spartans would be a three point play which would drive the game into overtime. Knowing this, Concord attempted no interference and allowed Billy Johnson to take the ball and score at the buzzer and leave Concord the game at 52-51.

After the game, Coach

Starkey commented, "We didn't play with the intensity that I've seen us play with. We just didn't do it on offense. We got the ball inside and we just didn't get the shots in. I was not displeased overall, but one guy seemed to be behind the others. We have to have all five for the game we play."

In the lockerroom, an extremely dejected Ron Shockley only muttered "There's nothing to say. It's the worst way to go

out...when you're better than the next team."

There was some talk about the next basketball season and college. Frank Corsey intends to attend the University of Delaware while Bill Johnson and Ron Shockley hope to attend the University of Fairbanks in Alaska and work on the pipeline in the summer.

Coach Starkey's final comment was that "we're already getting ready for next year."

1st Team All-Conference selection Alena Conway goes up for a shot against Seaford in State Tournament round two.

Leading scorer for the Spartans the past two seasons, Sam Carey, gets off a shot against Concord last Saturday.

Senior Terry Rider drives towards the basket against Seaford's Cynthia Stanley.

Kay Smith Named Coach of the Year

Seven Locals Named To 1977 All-Conference Squads

Led by the selection of Kay Smith as girls' Henlopen Conference coach of the year, six athletes from Woodbridge and Lake Forest were named to this year's all conference teams.

Miss Smith led the Woodbridge High girls' team to a 16-3 record on the year, good enough for a first place tie in the Southern Division of the Henlopen Conference and a berth in the State Tournament. All this was accomplished despite the fact that the Raiders had only

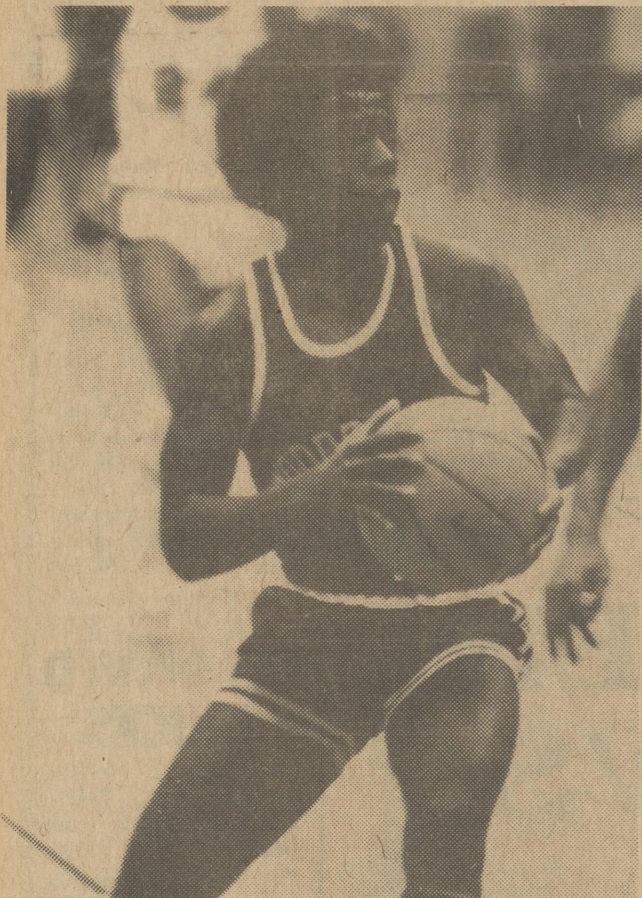

one senior on the squad. The one first team selection from either the boys' or girls' area teams was Alena Conway of Woodbridge. Miss Conway was one of the leading scorers on the Raiders squad and is only a junior. Also named from the girls' squad were Terry Rider, who was named to the second team and Zarata Hickman who received honorable mention. Miss Rider is a senior while Miss Hickman is a junior. Sam Carey of Lake Forest was the top selection from either of the area

boys' squads as he was named to the second team. Carey led the Spartans in scoring this season for the second straight year. Also named from the Spartans was junior Bill Moore who led the team in rebounding this season and was also one of the top defensive players on the squad. The only selection from the Woodbridge High School boys' basketball team was Louis Dexter. Dexter for the second straight season led the Raiders in scoring averaging over 20 points per game.

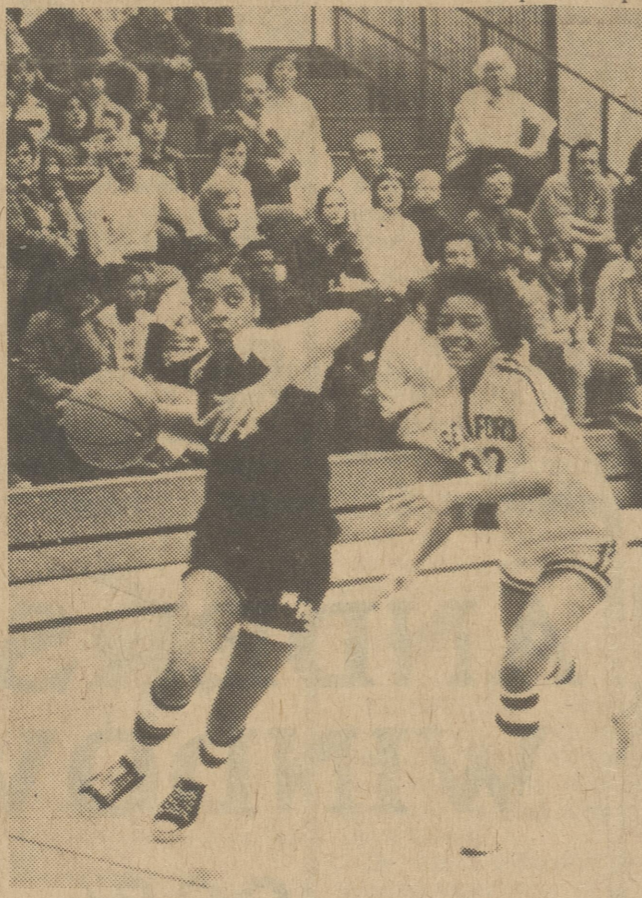

Other members of the 1977 All-Conference Basketball teams are:
Girls' All Conference: Ann Fisher - Milford, junior; Mary Beth Peck - Cape Henlopen, senior; Sabrina Leonard - Indian River, sophomore; Cindy Conway - Seaford, senior.
Second Team: Betty McDonald - Dover, sophomore; Julie Dayton - Laurel, senior; Josephine West - Seaford, junior; Susan Ralph - Delmar, senior.
Third Team: Carolyn Griffith - Dover Air, senior; Patrina Loper - Cape

Henlopen, sophomore; Patsy Powell - Milford, junior; Sandy Deloach - Indian River, junior; Pam Whaley - Laurel, junior.
Honorable Mention: Dane Guy - Smyrna, senior; Mozette Stancell - Laurel, junior; JoAnn West - Seaford, junior; Cindy Dukes - Lake Forest, sophomore.
Boys' All Conference: Joel Coppadge - Dover, senior; Tony Lesesne - Dover, senior; Wes Townsend - Indian River, junior; Chris Webb - Seaford, senior; Don Johnson - Delmar, senior.

Second Team: Thurman Batson - Cape Henlopen, senior; Gary Mitchell - Indian River, senior; Gary Buckland - Dover, junior; Derrell Johnson - Laurel, junior.
Third Team: Don Holden - Laurel, senior; Billy Benson - Seaford, senior; Prezannie Johnson - Sussex Central, sophomore; Harold Batson - Seaford, junior.
Honorable Mention: Leon Cottman - Smyrna, sophomore; Jimmy Cooper - Milford, senior; Steve Halter - Milford, junior.
Coach-Of-The-Year: Len

The lone selection from the Woodbridge boys' team was Louis Dexter who received honorable mention.

Junior Zarata Hickman led the Raiders in scoring against Seaford with 18 points.

Defensive star Bill Moore, of Lake Forest was named to the third team All-Conference squad.

Lime... the fertilizer stretcher

Lime stretches nitrogen supplies. Acid pH's slow down the reaction of microorganisms in the soil. This results in the slower conversion of urea and ammonia forms of nitrogen to more readily available nitrate forms. It reduces the microbial breakdown of organic materials which release nitrogen to your crops. Proper liming makes more nitrogen available for healthy growth.

Lime stretches phosphate supplies. Low pH causes phosphate to be tied up in unavailable compounds of iron and aluminum. At pH levels of 6.0 or higher, iron and aluminum precipitate out, making them non-reactive with phosphate. So more phosphate is available for crops production.

Lime stretches potash supplies. Calcium, magnesium and potash can partially substitute for each other in the crop and on the soil colloid. If calcium and magnesium are low, more potash enters the exchangeable form on the soil colloid and less remains in solution form for crop uptake. With proper liming, less total potash is needed.

Lime... for the good of it!

Liming always has been, and today is even more so, the most profitable fertility practice you can undertake. And right now is the time to do it!

Early Warning Saves Lives In Home Fires

Seventy-eight percent of all fatal fires occur in residential dwellings, most of them between midnight and 6 p.m. when people are asleep. Roughly half of these deaths could have been prevented with adequate warning.

Smoke, not flames, is the number one killer in fire, says Ronald C. Jester, farm safety specialist for the Delaware Cooperative Extension Service. Smoke contains large quantities of carbon monoxide. It also contains a dozen or more other deadly gases, many of them produced by new synthetic materials as they burn. By far the majority of fire victims are asphyxiated by smoke gases long before flames ever touch them. Sometimes poisonous smoke can knock you unconscious after two or three breaths. It can kill you in a few minutes. Smoke always rises, making upper floors where bedrooms are located the greatest fire traps.

Since many fires start while people are asleep,

survival often depends on early warning. Jester says that the use of smoke or heat detectors in private homes could save thousands of lives each year.

Such detectors are becoming mandatory in many new and remodeled homes. All FHA insured new houses, for example, are now required to have them. And some states are starting to require these devices in multi-family housing as well. This trend is expected to accelerate.

An early warning system can include several different types of alarms. Some detect smoke, while others sense heat. The Delaware Cooperative Extension Service has a publication which tells how these different alarms work and where they should be installed for maximum protection. For a free copy call your county extension office in Newark, Dover or Georgetown. Ask for the publication on "Early-Warning Fire Alarms."
