Felton Readies For Christmas, House Awards Planned

FELTON - The Town Commissioners for the Town of Felton on Monday night made plans for the Christmas holidays. A custom once practiced in the Town of judging best decorated houses will be renewed again this year. The judging will take place on the 21st of Dec. between 7 and 9 p.m. The prizes will be awarded on the 24th. Residential properties are the only types of properties eligible. Two prizes will be awarded, first prize \$10, and 2nd prize \$5.

In other matters before the commissioners on Monday night at their regular monthly meeting, they agreed to purchase two reduce speed and three radar signs. Street signs for Nile and High Streets were tabled for further discussion. It was also discussed that Jefferson Street should be made a one-way street. There is parking on both sides of this street, and it leaves a narrow area for only one vehicle to pass at a time. Decision was reserved on this matter for future meetings.

It was agreed to erect a street light on the end of the new section of Walnut Street. This was part of the newly acquired area of annexation of the Town. Delmarva Power would erect the light and the Town would bear the cost. Sewell Street extended, another area of recent annexation, has been surfaced.

It was announced at the meeting that the Felton Fire Company will provide the Christmas Tree again this year with the Town bearing the cost of the service and the electric use.

Thousands Enjoy Harrington's Jaycee Christmas Parade

Thousands of people lined the streets last Saturday for the annual Jaycee Christmas Parade which annually brings Santa Claus into town.

Oak Crest Concrete of Harrington was the top winner in the parade as they took the top commercial float prize and also captured the grand prize as the best overall entry in the parade.

Other winners were Commercial Floats - 2nd place, Taylor's Hardware;

Volunteer Fire Department Non-Commercial floats, 1st Cub Scout Pack 141 of Felton; 2nd, Harrington Volunteer Fire Department Ladies Auxiliary; 3rd, Harrington Sunshine 4H Club; 4th, Redmen of Milford; Individual, 1st, Mrs. Rosanna Messick; 2nd, Mrs. Boone; High School Band, 1st, Milford High School; 2nd Smyrna High School; 3rd, Woodbridge Junior High; Vans, 1st, Delaware Bay Van Club; Fire Companies, 1st Felton; 2nd, Magnolia; 3rd,

Greenwood; Equestrian, 1st, Edna Layton and Taffy; 2nd, People's Bank of Harrington; 3rd, Little Santa and Little Mrs. Santa; Decorated Auto, 1st, Merry Makers of Harrington; 2nd, Jones Auto Body; Marching, 1st, Shelleys; 2nd, Cub Scouts Pack 141 of Felton; 3rd, Harrington Moose.

The parade also featured Grand Marshal Miss Sandra Aiken who is a past resident of Harrington and is currently serving as Miss Delaware.

Fatal Accident

Delaware State police are currently assisting the Harrington Police Department in the investigation of a fatal accident which occurred on Monday night at 6:40 p.m. The vehicle involved was headed northbound on County Route 257 at an apparent high rate of speed when the operator lost control of the vehicle and ran off the road, struck a culvert, jumped a ditch and ended up crashing through a chain link fence belonging to the W.T. Chipman School. The

1968 Dodge was being operated by Lucius Lewis of Lincoln, De. His brother who was a passenger in the car, James Poston (26) of Lewes, De., was thrown from the car and killed. He was pronounced dead on arrival at Milford Memorial Hospital of multiple injuries. Lewis' mother and sister were also passengers in the car but suffered only minor injuries. Lake Forest, Woodbridge Districts Go To Court Over Boundary Dispute

Lake Forest

Editor's Note: On Oct. 28, 1977 an action was filed by Lake Forest Board appealing the decision of DPI as it pertained to the boundary dispute. This article reflects the position of each side as best as can be stated under the circumstances.

HARRINGTON - The Lake Forest School District in attempting to define the boundary line between the Woodbridge School District and the Lake Forest School District has taken the following position: In 1953 a description was written by the Department of Public Instruction establishing a boundary between the Harrington Special School District and the Greenwood Special School District. Following consolidation of the school districts from Harrington to Lake Forest and Greenwood to Woodbridge, DPI called for the District boundaries to be researched and descriptions written. Albert Adams then Superintendent of the Lake Forest School District and Fred Graef, Admt. Assistant for Woodbridge got together and agreed upon a mutually agreeable description of the boundary. Each man took the matter back to their respective school boards. This was in 1970 and the Lake Forest School Board adopted Adams' recommendation immediately. Woodbridge did nothing until 1974 when that Board adopted what the two men had agreed upon. When this happened, the matter was referred to the State Board of Education (DPI) for final approval and adoption. This DPI did in 1974 and published it as the legal boundary in Delaware School District Organization and Boundaries by Roger Mowrey. This boundary line as it is described east of U.S. #13 north of Farmington is as follows: From a point on U.S. 13 four tenths of a mile north of Farmington Fire House, southeast to a point on County Road #434 three tenths of a mile north of its intersection with County Route #117 thence to a point on County Route #437 seven tenths of mile southwest of its intersection with County route #429.

Lake Forest takes the position that in '74 the description as now described was accepted and agreed to by both Boards to be the legally constituted boundary. In '76 Woodbridge protested the description of the boundary as not being what they believed to be the correct line. They appealed to the State Board of Education (DPI) in '76 contending that the boundary line should be eight tenths of a mile north of the Farmington Fire Hall rather than the four tenths as stated. DPI asked the boards to resolve the question, but agreement could not be reached. DPI in cooperation with the Attorney General's Office conducted a hearing and it was decided in a statement (letter opinion) by Mrs. Regina Small, Deputy Atty. Gen. and

Woodbridge

signed by the State Board (DPI) that the '53 boundary description is the proper boundary but that it should be definitely described this decision in effect reversed the earlier action by the Board and further, changed the boundary without due process as provided for in Title 14, Section 1026 Del. Code. The Boards were to get together and mutually agree on the boundary line, and report back within 6 months of the signed order which was dated May 19, 1977. On October 28, 1977 the Lake Forest School Board appealed that order on the grounds that the boundary is legally constituted and was approved by both Boards and DPI.

In an actual student head count, there are eight students presently enrolled in Lake Forest Schools who reside in the dispute area of 23 households. Some of the properties are either without children in school or are vacant.

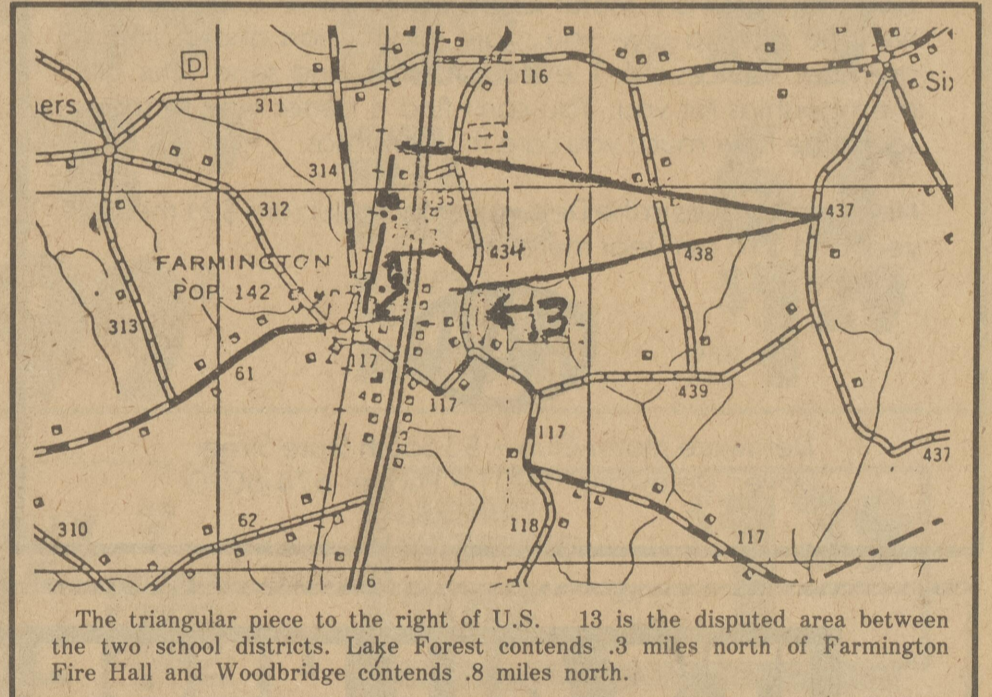

BRIDGEVILLE - According to a spokesman for Woodbridge the '53 boundary agreed upon by the two districts by Lake Forest in '70 and Woodbridge in '74 was not intended to be changed. In April 1977 the State Board held that the '53 boundary definition was proper, and the two boards agreed there was no intent to change the boundary.

The State Board further ruled that the disputed area belonged to the Woodbridge School District. Woodbridge has historically collected the taxes on properties in the disputed area. The tax rate in Woodbridge is 56.8c per \$100 assessed value whereas Lake Forest tax rate is more than twice this amount.

It is believed by Senior Board Members that the original description was eight tenths of a mile north of the Farmington Fire Hall. The appeal by Lake Forest on October 28, 1977 in-effect asks the legal question does the

State Board have the authority to lay down the law irrespective of whether or not they followed the legal procedures, which Woodbridge claims the State Board did follow. Woodbridge actually claims there was an error in writing the description in '74 and they agreed and adopted a description which they thought was different then that stated. The eight tenths of a mile was the official description "all along" which they contend was the boundary of the old Greenwood School District.

All legal briefs have been filed by parties on each side and there is expected to be a decision forthcoming by February 1st. Woodbridge feels that there are two possible decisions coming out of this court case (1) boundary as defined by State Board in April would be accepted, or (2) seek a final plan by way of another process under the law like a new survey or a referendum.

The triangular piece to the right of U.S. 13 is the disputed area between the two school districts. Lake Forest contends .3 miles north of Farmington Fire Hall and Woodbridge contends .8 miles north.

Lake Forest Names New Vice Principal

At a special School Board meeting on Monday, December 5, in the Lake Forest High School library, the Board named

Robert Moretti

Robert Moretti as the new vice principal. The Board announced their decision after conducting interviews with the final two applicants. (There were 10 applicants all together.) Moretti, 32, single, is

from Latrobe, Pa. He has been Media Coordinator at Glasgow School since 1973. He is studying for his PHD degree.

Moretti will assume his new duties before or immediately after the holidays. He replaces Mrs. Margaret Phelps who is now principal of the Junior

High School.

In other matters the Board voted to oppose the publication of Test Scores, and hired Mrs. Jean Morris to fill an aide position. Mrs. Morris of Harrington will work at Lake Forest South Elementary replacing Barbara Brown.

Youth Gets Lead In Opera

DOVER - Darin Dell, son of Don and Doris Dell of 226 Delaware Ave., Harrington, will perform as Amahl in the opera "Amahl and The Night Visitors" being presented by the Delaware State College Concert Choir on Dec. 11th at 8:00 p.m. at the theatre of Delaware State College. He performed with the Temple University of Opera Theatre on the 27th of Nov. at the Gold Ballroom Museum of the Philadelphia Civic Center which was presented by the American Institute for Italian Culture. Last year he had a part in the musical "Annie Get Your

Gun" in Dover. Darin is 12 years old and a 7th grade student at W. T. Chipman. He is a member of the Asbury Methodist Church Choir in Harrington.

Title I Aids Reading In Lake Forest

A federally funded program, Title I of the Elementary and Secondary Education Act, provides funds to improve education. Each state and each school district decides (within federal guidelines) how the money is to be spent. Lake Forest has been receiving Title I aid for several years now. The Title I money for Lake Forest is spent to improve reading. Aides are employed, special instructional materials are bought and inservice teacher training is provided.

Parents of Title I students are notified that their child has been selected to receive the extra services provided through the Title I program. A Title I Parents Advisory Council (PAC) is chosen to represent the parents. The members of the Council are:

Representing Chipman: Lawrence Kibler, Mrs. William Gray, Mrs. Laura Smith, David Durant, Mrs. Alma Edwards, Albert Stokes.

Representing East and South B: Mrs. Eunice Collison (South B), Mr. Charles Cassin (East Elementary), Mrs. Barbara Neilson (East Elementary).

Representing South A: Mrs. Joann Wyatt, Mrs. Patricia Downes, Mrs. Lucille Stubbs, Rev. Ellsworth Coleman, Mrs. Frances Clark, Mrs. Charlotte Stayton.

Representing North Elementary: Rosalie Jackson, Marvin Gray, Norma Sherwood, Robert Smith, Claire Melvin, Dianna Richardson.

Parents and interested community members are invited to visit the schools (please notify the principal first) and to attend the P.A.C. meetings. P.A.C. meetings have been planned for:

Jan. 24, 1978 - South B. Elementary Cafeteria, West St., Harrington. Make & Take Night (reading games to play at home).

April 26, 1978 - North Elementary Library, Felton. 1978-79 Program discussion.

"...in the end the taxpayers will bear the cost."

One of the main areas of coverage for *The Journal* is the monthly meetings of seven Town councils. Many newspaper people feel that these meetings are unimportant and they use the rationale that because only a few people attend the meetings is reason enough that their importance rates a low priority.

On the contrary, it is an area of great importance, for it represents an area of our lives that needs total dedication to duty. The taxpayer still holds the key... and that is the vote. Every year we notice a higher cost of living than the year before, and if we look back over the past three years there has been a tremendous surge over prior years of equal sequence. In order to maintain the services for people who make up these communities, the elected officials are really charged with finding ways of bringing continued service to the citizens of these communities without raising taxes. It is a hard task for anyone...let alone the lonely Town official. Of all the Town meetings we cover, none of them standing alone has problems which stand alone. They all have problems and crises which have the same common denominator.

You can argue that in each and every situation you can state priorities whether they be paying salaries or repairing streets...for want of a nail...the shoe was lost... for want of a horse the war was lost. It is true that it is a never ending puzzle that boggles the mind. In some areas of the country, communities...or in the alternative...cities have gotten themselves so far out on the limb that it is virtually impossible to service the debt except go further in (debt). There are some things which are to be classified as "self-serving," and it simply means that if we want these services...and some are vital...we must attempt to help ourselves rather than go further out on the limb where there will be no hope of ever paying them back. Some argue that if we had "...our own light company" things would be better for us. Those communities which own their own light and power plants have been forced to charge rates that make our present electric bills look small. In those communities, there is a great deal of revenue realized from the light bills, but the individual users who pay and pay through the nose. Their taxes might be low, but their electric bills have skyrocketed. I believe that not only should taxpayers think before they jump at services, but the matter of salaries should have a ceiling. Now, this is not to say that I vote for depriving workers of their money. The point being that if we want to raise our budget through higher salaries, benefits for employees, more services which we can probably do without then we must do it either through raising taxes or in those communities which have their own electric companies, raise the electric rates as well. In the end however, and the end will be soon coming at this rate, the taxpayer will be taxed out of house and home. Even though the tax assessment does not reflect what we

would sell the property, the reverse is very true as well that the property is not for sale. The point is that without careful planning we can create a situation whereby the property taxes cannot support debt. As the Harrington Council prepares the budget, they should heed the words of Councilman John Satterfield at the last Council meeting in Harrington, "that the service should support itself, or the department should be self-supporting." In the alternative, "...pay as you go" someone once said.

There is another significant point to be remembered in this area of living, and that is all of these Towns which we cover (Bridgeville, Greenwood, Farmington, Harrington, Houston, Felton, Viola, Canterbury, Frederica and Bowers Beach) could do well if they would initiate a program of "combining their resources, their assets, and their common problems." What they could possibly hope to accomplish is a sharing of the revenue sharing and a sharing of equipment and employees. With a sharing of the revenue sharing they could possibly seek to attract new industry and economic development, which if standing alone would not be enough to accomplish the end that must be accomplished. An industry centrally located would tend to benefit the area of service. Together they stand a better chance to step forward whereas alone they cannot meet the economic tests of development.

We are digging our hole deeper, and yet we don't seem to realize it, for our only explanation is that the dollar doesn't go as far as it used to go...or I work all kinds of hours yet I don't have anything to show for it. The answer is final...we never will... for as long as we continue to borrow or establish credit, the cost of "everything will continue to rise." It is the debt service which none of us see for it is an intangible item which is going to be our downfall. So we should look for ways to continue to give the services, but find ways of cutting and holding down expenses. If we don't, we cannot enjoy the services.

Raising the minimum wage is doing nothing to put more money in the earner's pocket. If anything it will tend to work in reverse. With the minimum wage, the manufacturer must increase the price of the goods produced, which in turn forces the price up on the retail market. If the manufacturer cannot still show a profit, then the wage earner is faced with layoffs, unemployment, sales drop off, and then we have a recession. Raising social security payments is doing nothing more than putting more and more pressure on the wage earner under us to "pay more" for a service the wage earner will never fully realize.

The pure simple truth of the matter is that unless we can enjoy to the fullest, the benefits of the services, what is the sense of having them...for in the end, it is we the taxpayers who will bear the cost of such services as well as the enjoyed use of them.

Road Closed

Kent County Road 286, which runs from U.S. 13 south of Felton to Reeves Crossing, will be closed for two weeks starting Monday, Dec. 5, according to the Delaware Department of Transportation. The closing is to allow replacement of a wooden bridge across a branch of the Murderkill River. The bridge will be replaced with pipes, according to the highway division. A detour will be set up around the road, using U.S. 13 and Kent County roads 287 and 284.

Thoughts

by Senator Bill Roth

I welcome the President's statement that he plans to propose tax reductions in 1978. I am disappointed though that the Administration stopped short of the real tax relief which is needed now.

The Administration's initiatives to date may well be characterized as "the Year of the Bite."

The working men and women of this country are now facing two of the largest peacetime tax increases in the country's history. The Administration's energy tax bill and its Social Security tax increases will impose hundreds of billions of dollars of new taxes on working Americans over the next ten years.

Unlike the real tax cut contained in the Roth-Kemp Tax Relief Act, it now appears that the proposed tax reductions will only offset what has already been taken away in the form of new taxes.

I am particularly concerned that those bitten the hardest by the new energy and Social Security tax increases will be helped the least by the Administration's tax cut proposals. According to

all reports, it appears that the working middle-income taxpayers will not be given the tax relief they need and deserve. In other words, working America will be paying the freight but getting few of the benefits of the tax reduction.

It's the pickpocket theory of taxation. The Administration proposes tax reductions with one hand while the other hand reaches into the American taxpayer's pocket and removes your wallet.

Under my proposal, all individual income tax rates would be reduced by an average of 33 percent over three years. Corporate tax rates would be cut by three percentage points over three years and the corporate surtax exemption would be increased for small businesses from \$50,000 to \$100,000. An immediate tax cut would have the effect of creating millions of new jobs and providing billions of dollars in capital investment for the expansion and modernization of American industry.

Working America needs this tax cut and the American economy needs it in the interests of jobs,

equity, and real economic growth. It's time to "bite back"! The Roth-Kemp Tax Relief Act is a step in that direction.

Food Prices: oranges 2 doz., 43c; pork loin, rib half, 39c lb.; ground beef 3 lbs. 99c.

The Evans Report

by Congressman Tom Evans

I noticed with great satisfaction that President Carter in his recent news conference is finally realizing that the country desperately needs a tax cut to stimulate the economy and create jobs.

However, as is his habit, President Carter refused to give the American people any details of what his proposals are going to look like. He's obviously decided to keep the country in the dark a while longer on his tax policies. It's this kind of "hide and seek" economic policy

which has led to the current lack of confidence in our economy by both U.S. business and foreign nations.

Since going to Congress, I've been one of many who have called for significant across-the-board tax cuts to help the middle-income taxpayers. I believe it is critical that any such tax cut apply both to low-income persons and middle-income workers as well. It is these people who will be particularly hard hit by the Carter energy and Social Security tax increases, and it is these Americans who desperately need help.

I'm pleased that the President has come around to the kind of economic policies that many of us in the Congress have been advocating for many months. But only time will tell if he is really serious about easing the massive tax burdens faced by working Americans.

Another example of President Carter's "hide and seek" approach to economic confidence in our country is his long drawn out hesitation over the re-

appointment of Dr. Arthur Burns as Chairman of the Federal Reserve Board. Dr. Burns has the respect and well-earned admiration of the U.S. business community because of his sound approach to our national economic policy and his outspoken independence. President Carter could end this waiting game at any moment and such action would go a long way in restoring confidence in our national economic policy. Such a restoration of confidence will result in tangible benefits to all Americans because as confidence is restored, business will look to the future with a positive attitude, resulting in more capital investment and consequently higher employment in the private sector.

I urge President Carter to make his policies clear and to take such action now, on both tax policy and the appointment of the Chairman of the Federal Reserve Board. The effect of such immediate action could mean a better New Year for all Americans.

Weekly Report

by Senator Joe Biden

As the drama in the Mideast continues to unfold, we are witness to the energizing effect that two world leaders have had on their people and the world.

Prime Minister Begin of Israel and President Sadat of Egypt should be applauded for the bold and courageous initiatives that have turned minds and hearts toward peace. The direction these two leaders have taken, addresses the primary problem in the Middle East; namely, permanent peace, and full normalization of relations between Israel and Egypt. It is time, in the words of President Sadat, "to destroy the idols of fear and be victorious over the enemies of life."

The historic meeting in Jerusalem, which itself was a monumental triumph, has paved the way for the forthcoming summit in Cairo. With an air of anticipation, and expectation, hopefully, suited to the task at hand—these meetings will begin in earnest sometime in mid-December. The current initiative has placed the leadership role, rightly, in the hands of the two major powers in the Middle East, that is, the

stability between Egypt and Israel; and the recognition of Israel as a sovereign state by its neighbors.

In the rush to Geneva, highlighting the PLO issue was only undermining the framework for the conference and diverting attention from the real priority—ending the state of hostilities. Although a solution to the Palestinian problem is imperative to the overall lasting peace in the Middle East, it should not be considered the keystone to the constructive negotiations that now, hopefully will follow. Identifying the Palestinian problem as a unifying concern, thus a focal point, is as ridiculous as lumping all Arab endeavors together.

I believe, however, that a systematic and open approach in the discussion of the problems by all interested parties will prove to be the solidifying element in the construction of a realistic peace settlement. Now is the time for tough decisions—the momentum is there. Hopefully, the Geneva Conference will climax the personal diplomacy of these two great leaders and serve as a ceremonial

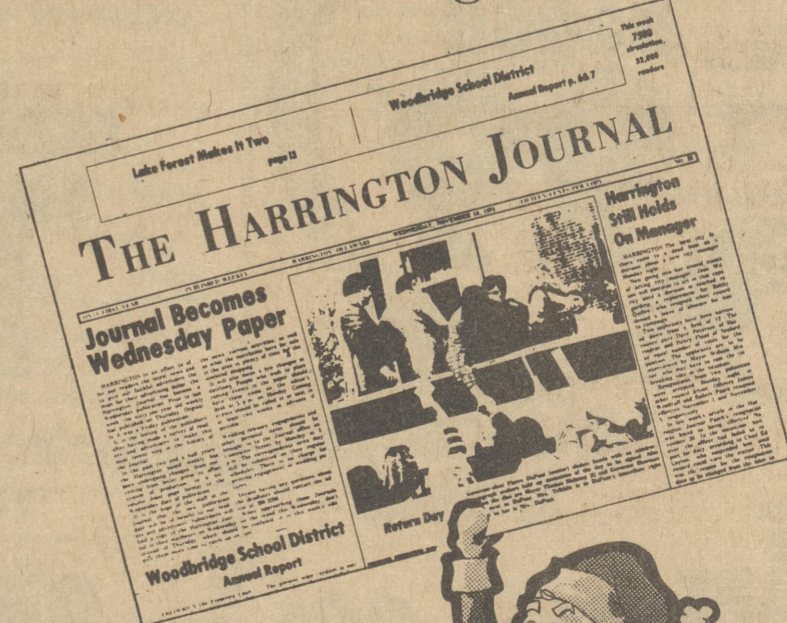

forum of peace, which is so desperately needed and desired in the Mideast.

For Your Information

Dear friends, In addition to the exacting demands of the art and technical care of the deceased, the professional services of the funeral director are of major importance. The funeral director must be a competent counselor, able to handle all situations amid extreme mental and emotional chaos. He must always be compassionate, capable, and thorough, in order to resolve any confused situation which might arise into one of calm and reassurance.

In Search Of The Perfect Ice Cream Cone

For some people, there's nothing in the world better than a homemade ice cream cone.

Most of those people probably make do most of the time with a cone from one of the national chain stores. But you can be sure that the true ice cream aficionados in Delaware know about High Grade Dairy in Harrington. "Most of our business is, of course, in the summer-time when the tourists and vacationers come over from the beach for a cone," says Benny Hughes, owner and manager of the dairy. "On a Sunday afternoon in July, it's not unlikely that we'll sell 800 or 900 ice cream cones."

Hughes attributes his success to making a quality product. When he first started making ice

cream 20 years ago, he had his own milking cows but was buying his ice cream mix from someone else. He knew the end product could be better, so with the help of University of Delaware extension dairy specialist Wilbur Hesseltine, he experimented with various recipes until he finally hit on the one he currently uses.

"Hesseltine was instrumental in helping us work out our recipe," Hughes says. "We make a 12 percent butterfat ice cream, which is relatively high and I guess that's why it's so good. But we also make all of our own flavors from the real thing, using real bananas or pineapples or preserves and no artificial flavoring."

Hughes and his helpers

generally make about 1250 quarts of mix at a time. The powdered milk solids, cream and sugar are blended together, homogenized, pasteurized, put into six-gallon boxes and stored until needed. Then, when it's time to make ice cream, the mix is put in the ice cream freezer with whatever flavoring is needed.

"We always get at least twice as much more ice cream than the amount of mix we have because the process impregnates air into the mixture and it expands it," says Hughes. "But we may get up to 70 percent more, depending on the ripeness of the fruit. Bananas and strawberries usually give more overrun because they whip up better."

Hughes has managed to stay in business through the decline of the small business, the advent of the Milk Marketing Order and a fire seven years ago which forced him to close down for a while and convinced him to sell his cows.

He now buys most of his milk from four farmers in the area and bottles all of it, using the surplus cream for his ice cream. Since lowfat and skim milk are in big demand now (even the school lunch programs are using it), he has plenty of cream left-over for this purpose.

According to Hughes, High Grade is one of the two places south of the canal which still bottles milk and one of the few places in Delaware which still makes and sells ice cream. He says the ice cream business is a good sideline for a dairy but that the expense of opening up the business keeps more people from going into it.

"First you have to have a supply of milk on hand—something you can only have if you bottle your own milk," Hughes explains. "The next thing is the equipment. The cost of the separators, freezers and other machines you need to make ice cream has gotten so prohibitive in the past few years that no one can afford to go into the business on their own."

Any doubts Hughes may have one time had about the success of his sideline ice cream business must have long since vanished. He is now closing his small shop and opening a new and bigger operation across the street, expanding his menu to include many other homemade products.

But the real basis of his business will always be his original recipe, homemade ice cream cone. Of the 20,000 gallons of ice cream made each year at High Grade Dairy, 75 to 85 percent of it is sold as cones. And even with 21 exotic and ever-changing flavors to choose from, Hughes reports that the most popular is still that old favorite vanilla.

ANOTHER SATISFIED CUSTOMER -- Benny Hughes and his family who are also active in the business have been serving their original recipe, homemade ice cream to ice cream lovers for the past 20 years.

For Christmas

Select A Safe Toy

Selecting a safe toy is a very important decision. Since Christmas is just around the corner choose toys with care, keeping in mind the child's age, interest and skill level.

You should inspect a toy carefully before you buy it, warns the Delaware Safety Council. Put it back on the shelf or report it to the clerk if it shows any of the following hazards: sharp points, rough or unfinished surfaces, cheap plastic or glass parts that can be easily broken, small detachable components which can be swallowed, shoddy construction, dangerous spikes or pins used to attach on eyes, ears, etc. on dolls or stuffed animals, parts activated by a spring or motor that may pinch fingers or catch hair.

What makes a good toy? The Delaware Safety Council says a good toy is safe, durable, made of quality materials, offers the child a variety of play possibilities and suits the child's age, ability and interests.

Make sure that all directions or instructions are clear to you, and, more importantly, to the child. Plastic wrapping on toys should be discarded at once before they become deadly playthings.

Be a label reader. Look for age recommendations, such as "Not recommended for children under three." Look for other safety labels including "non-toxic" on painted toys, "Flame retardant/flame resistant" on fabric products and "Washable/hygienic materials" on stuffed toys and dolls.

Did You Know?

In some parts of the Orient people were occasionally married to trees.

Electric toys that are improperly constructed, wired or misused can shock or burn. Electric toys must meet mandatory requirements for maximum surface temperatures, electrical construction and prominent warning labels.

Toy caps and some noise-making guns and other toys can produce sounds at noise levels that can damage hearing.

But the Delaware Safety Council says whether it's

blocks or bikes, show your child how to use the toy correctly and safely. Supervise your child's play until he can handle the toy with some sophistication. The federal Consumer Product Safety Commission reports that each year some 132,000 toy-related injuries are serious enough to be treated in hospital emergency rooms. This year a little time spent with your child and his new toys might just prevent him from being another statistic.

Roberts Returns From Cruise

Navy Storekeeper Second Class Moses Roberts, whose wife Deloris is the daughter of Mr. and Mrs. Douglas Deputy of Frederica, recently returned from an extended deployment in the Mediterranean Sea.

He is serving as a crew-member aboard the combat

store ship USS San Diego, homeported in Norfolk, Va. While deployed, his ship operated as a unit of the U.S. Sixth Fleet. During the cruise, his ship participated in several training exercises with other Sixth Fleet units and with ships of allied nations.

4-H News

Sussex County 4-H'ers have traveled to the "Windy City," Chicago. Six lucky members are experiencing the time of their life! These members include Mike Pavlik, Hollymount, Karen Taylor, Seaford Blue Jays, Connie Eskridge, Greenwood Flyers, Janet Cannon, Bridgeville Live Wires, Earl Lockerman, Dublin Hill and Sam Hopkins, Broadkill. They will spend one whole week with 4-H'ers from across the nation. We're sure that when they return, there will be lots to tell--don't miss it!

This week we have two more delicious recipes for you to try!

We salute Mexico!
Mexican Sombbrero Pie
Carole Fleetwood, Bridgeville Wildcats Club.
1 lb. ground beef
1 large onion, sliced
2 1/2 cups tomato juice
1 pkg. frozen vegetables
1 to 2 teaspoons Chili Powder
1 teaspoon salt
1/4 teaspoon pepper
Cornmeal pastry

In skillet, cook and stir meat and onion until brown. Drain off fat. Stir in remaining ingredients except pastry. Heat to boiling, reduce heat and simmer 10 minutes. Heat

oven 400 degrees F. Prepare pastry. Pour meat mixture into ungreased baking dish. Cover with pastry. Seal edges of baking dish. Bake 30-35 minutes.

Cornmeal Pastry
1 cup flour
1/4 cup cornmeal
1/2 teaspoon salt
1/2 cup plus 1 tablespoon shortening

3 tablespoons cold water
Mix dry ingredients and cut in shortening thoroughly. Sprinkle in water, 1 tablespoon at a time, mixing until flour is moistened. Roll out the dough in a rectangle on lightly floured board. Fold lengthwise in half and cut slits on folded edge. Mexican Nut Cookies - Melissa Wilson, Dublin Hill Club
1 cup butter
3/4 cup confectioners sugar
2 cups sifted flour
3/4 cups chopped nuts

Beat butter until creamy. Add sugar, mixing until fluffy. Stir in flour and nuts. Mix well. Shape into 1" balls. Bake on greased baking sheet in preheated oven for 12-15 minutes. Remove from oven. While warm, roll in additional confectioners sugar. Cool on wire rack. Roll again in confectioners sugar.

Contest Open To All Students

Readers will probably notice that this page devoted to Woodbridge Jr. High School and Greenwood Elementary does not have a name as the Lake Forest "Blue Banana" but it will soon. A contest will be held to select the name for

this page. Suggestions will come from any student wishing to make one. Then the best suggestions will be selected by the newspaper club of the Junior High School and a school-wide vote will be taken to determine the name.

A prize will be awarded by the *Harrington Journal* for the student whose winning suggestion is selected as the name for the page, and the student's picture will be included on the page the first time the page name appears.

Basketball Team Begins Practice Sessions

The Woodbridge Junior High School basketball team started practice November 15. We started out with 31 people. Andre Burbage, Marvin Morris, Richard Pruitt, Billy Rodriguez, Charles Duffy, Eric Dredde, Shawn Blackwell, Vernon Brown, Charles Worthing, Michael Records, Chris Willey, Timmy Hughes, Michael Polk, Gary Zook, Gary Dickerson, William Giles, Rudy White, Tony Scott, Tom Jacobs, Patrick Willey, Troy Smith, Ty Brown, Chip Bilbrough, Andre Carr, Doug Willey, Herman Ross, Brett Evans, Chris Blackwell,

Bruce Banks, and George Harmon. We will have two cuts. The first time we will cut to 24. Then another cut to 18. There will be a scrimmage game on December 8th against Chipman. Our first real game is on January 6 against Sussex Central. We will have exactly 13 games, and the girls will have 11 games. Jan. 6 - Woodbridge at Sussex Central, boys & girls. Student Activities Offered

There are a wide range of interesting activities the student at Woodbridge Junior High School may participate in throughout the school year. The students are allowed to choose an activity at the beginning of each semester. Of course, at times, due to the popularity of some activities, students are placed in a second or a third choice activity. The students go to the activities twice a week for one period.

The activities include chess and checkers, games, physical activity, newspaper, cartooning, handicrafts, future teachers, and audio-visuals.

If a student does not want to select an activity to participate in, he is given a study hall for the semester.

April Thomas Is 2nd In State Competition

April Thomas, an 8th grade student in Mr. Carlisle's homeroom, has been awarded 2nd prize in the state wide competition for her Fire prevention essay. To get there, she won on the local level and county level. This is the 1st time any student from WJHS has won any county or state

honors in the essay contests. April is the Daughter of R. Richard and Jody Thomas of Bridgeville. April says she is surprised and happy at her achievements, but even though she thought her chances were "pretty good", she never expected such outstanding results.

Winners Named In Magazine Sales Campaign

Fire Prevention Poster Winners

Winners in the Third and fourth grades in the contest were Tommy Messick, Jill Finkbner and Brian Henry.

From October 13 until October 31 the Woodbridge Junior High sold magazines. The money collected from these sales is to be divided between the seventh and eighth grades for the eighth grade class trip.

The winners for the most sales on the first day were Pam McCreary and Gina Calvert. Pam brought in \$145.25 and

received \$13.70 from the 10 cents-a-pound contest. Gina received \$11.00 from the contest for bringing in \$190.12

Chris Willey, who won the ten speed bicycle, brought in \$307.91 during the course of the campaign.

Many people have been wondering who won the ice cream party. Mr. Carlisle's class, after two

extra days, won it. But Mrs. Williams' homeroom was trailing not far behind with \$199.50. Because Mrs. Williams' class had the most people in, they would have had to have about a hundred more dollars in order to win. So they got an ice cream party as a consolation prize.

The money spent in buying ice cream was \$21.54.

The goal we were trying to reach was \$5000 and we exceeded that goal by \$446.46.

Good work, Raiders!

Poster Winners

Winners in the Fifth and Sixth Grades in the poster contest were Scott Schulze, Chris Baker and Beth Rohleder.

Starkey's Cagers Open Against Cape Friday

FELTON - Coach A. "Buck" Starkey will take his team to Cape Henlopen on Friday night as the 1977 varsity basketball season makes its debut. The varsity team will miss the loss of their veterans through graduation and one transfer this year of Billy Moore who has transferred to CR. Starkey in an interview on Monday said that "...the procedure will be trial and error for a while." The team is small, but "we will be awfully quick", according to Starkey. Dale Johnson and Mark Smith will be in

the back court working the ball. Lauren Burris and Phillip Bowers will be at the forward positions and Jerry Custis at center. According to Starkey Lauren Burris is the only returning player who was a starter last year. He started about 3 games where Jerry Custis and Phillip Bowers have never started before this season. "They saw some action last year on the varsity", said Starkey. "I also believe we will have a better outside shooting team this year than last, and this will enable the

boards to be freed up", said Starkey.

Starkey is in his third year. He assumed the head coach's job when Coach Jim Blades resigned. Starkey's attitude is that "...we never look for wins...let the wins take care of themselves. What we are looking for here is people who are intent on working together and execute programs", related Starkey. Starkey in three years has a record of 30-10. Each season his teams have been 15-5. It is possible Starkey could get his 50 career victory this season.

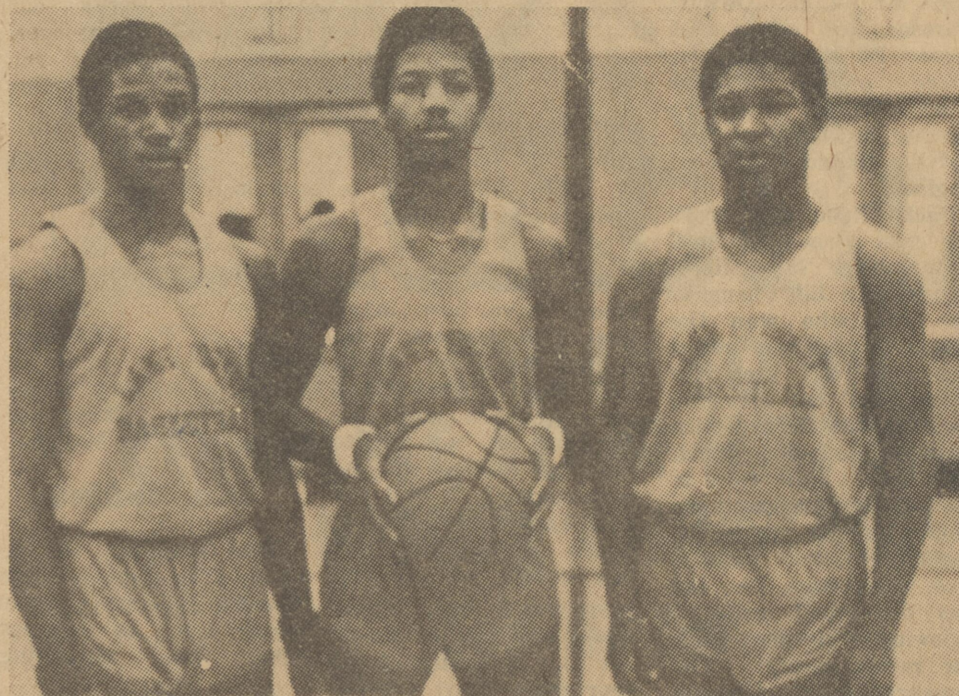

According to Starkey, the gym favors the Spar-

tans at home because they can do a lot of pressing and man on man. Starkey looks to Dover and Cape Henlopen as being the real tough teams in the Conference this season. CR had a real good JV team and they will be relying on youngsters as well.

Returning to the team this year are the center and two forwards. Left to right, are Lauren Burris, Jerry Custis and Phillip Bowers.

Bob Vincent of Milby Street shot this 30 point deer 2 miles east of Farmington during the 1st hour of the hunting season. The 190 lb. buck is thought to be a Delaware record. He has 14 points on the right and 16 on the left.

Wrestling Tournament Set

Plans have been finalized for the 1977 Milford Invitational Wrestling Tournament.

Teams featured in this year's tournament are: Caesar Rodney, Cape Henlopen, Delmar, Dover, Dover Air, J.M. Bennett, Lake Forest, Laurel, Milford, St. Andrews, St. Marks, Seaford, Smyrna, Sussex Central, Woodbridge and William Penn.

Dates and times for the Invitational to be held at Milford High School will be Friday, Dec. 16, (4 p.m. - 10 p.m./prelims and quarter-finals) and Saturday, Dec. 17; (2 p.m. - 4 p.m./semi-finals) and (6:30 p.m. - 9:30 p.m./consolations and finals).

Trophies will be awarded to the top three placers in each weight class.

This \$45,000 farm tractor backed its rear wheels into the Atlantic Ocean at Cape Henlopen on Thursday, Dec. 1. Sometime before Jan. 1, this same tractor will dip its front wheels into the Pacific Ocean in Calif. This cross-country trip is the latest activity of the Nationwide Farm movement 100% Parity. Starting the drive in Delaware was Richard Carlisle of Greenwood. The tractor is furnished by E.E. Warrington of Felton.

Houston Seeks Police Officer

HOUSTON - The Town of Houston announced in last Thursday night's council meeting that application for the Chief of Police for the Town would remain open and acted upon at the January meeting.

Thomas E. Francovic resigned his position as Police Chief after 14 months of duty. His hours of work for the month in the beginning to be 70 hours per month. This amount fluctuated from month to month. He received \$3.50 an hour, and was paid on an hourly basis.

All applicants are to be investigated by the Delaware State Police and referred back to the Town Council members for a final selection.

The Town voted to give \$1,000 to the Fire Company to be used as payment toward the purchase of Engine 52-5, and \$25 for the use for Christmas treat for the children.

Pit Chatter

By Bill Gray

sponsor has not yet been announced but rumors have it based around the Baltimore or D.C. area.

Herb Nab quits Johnson

One of the biggest shocks of the year came last weekend. Herb Nab the king pin crew chief of the Cale Yarborough Jr. Johnson Holly Farms Teams announced he was leaving the team. Upon arrival home last Friday Nab announced he was negotiating with coal magnet Harry Ranier, owner of the newly formed Lenny Pond Racing Team. Saturday he made it official, he would leave Johnson and head the Ranier Pond team.

Unofficial reports indicate money was at the least a large factor for the change. Our source went on to say Nab's contract is for two years with an added kicker thrown in. His reported \$50,000 home mortgage will be ratified and added performance bonuses sprinkled in throughout the year.

Herb Nab had spent the previous week at the Talladega International Speedway near Anniston, Alabama testing different 1978 General Motors bodies in an attempt to find the slickest for speeds up to 240 M.P.H.

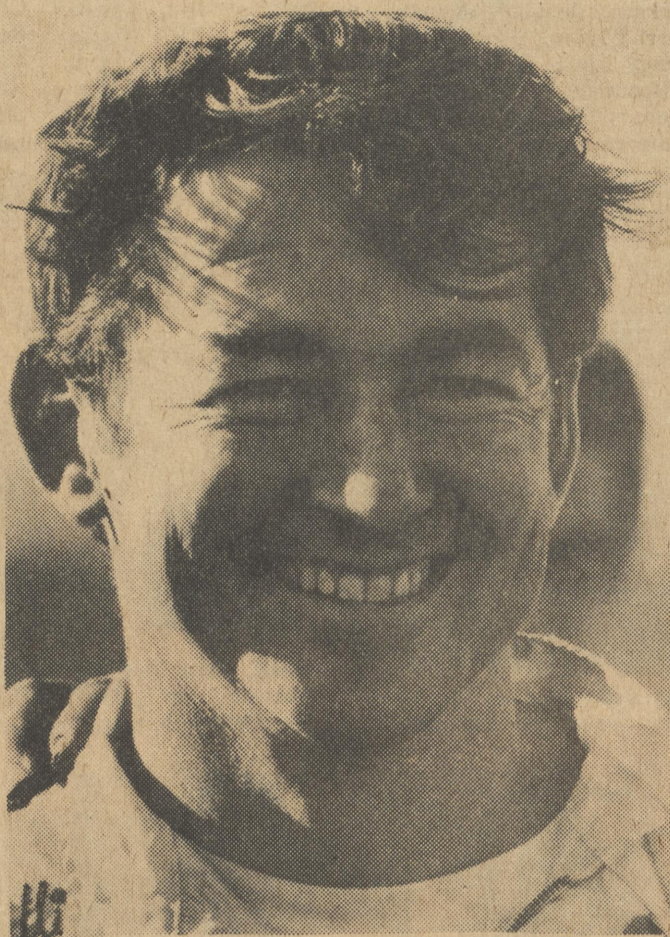

Wadell Wilson we reported last week as rumored to be joining Pond and Ranier has made it official with an annual salary rumored to be \$40,000 plus like Nab performance bonuses thrown in throughout the year.

J.C. Elder (crew chief of Benny Parsons car) who we also reported to be

leaving Parsons, has decided against the move. While this was all happening Mr. L.G. DeWitt Parsons, car owner, has signed Ed Puryear to replace engine builder Wadell Wilson. Puryear's brother builds all of A.J. foyt's Grand National engines.

Ricky Rudd who drove his first Grand National race in Oct. '75 at Rockingham in a Bill Champion car and who won the rookie of the year award this year will keep the same team and operation for 1978 with the exception according to young Rudd, "We have a little more in the pot that'll help us run better pieces than we could last year." Rudd is from Chesapeake, Va., and has developed quite a following in his short stock car racing career. The appearance of Smokey Yonick working on the Rudd crew at the NAPA 500 at Charlotte in Oct. was a one race deal we were told. Smokey is "secretly" working for Chevrolet researching ways to increase gas mileage and decrease pollutants on Chevy's big trucks.

James Hylton reports his deal with Holbert is firming up more all the time. The first appearance of the new team should be at Daytona. Holbert plans to drive nine more times in Grand National Competition in '78. The remaining 20 races will be driven by Hylton himself. The

Bobby Allison will be seen in 1978 driving Bud Moore's new T Bird.

Bob Allison and Bud Moore have now inked their 1978 contract. No sponsor has been named and those behind the scenes believe none are dickering as we go to press. Allison will be campaigning a T Bird and will handle the driving chores only. After the last couple of greuling years you'd think Allison would welcome the break, not so. A master of the sportsman short tracks,

Bobby plans to compete in his own car in 25-30 such events in '78. We were unable to find out if he would be winning in his old reliable Chevy or holding on to his Matador.

Local Modifieds

We stopped in to Covey's Car Care (Advance Speed & Equipment to you racing buffs) to find out what was happening

locally. Kenny Covey related they were building a car for Ben Dickerson as we previously reported, and didn't know how many more of the five new frames under construction were under firm contract. Oscar Fields, master mechanic and builder/crew chief of Bodie Bodenwiser modified commented, "We won't know what to build until the last minute. Reading has really upset things." (Readings new rules reported here in the Journal last week). What is most likely to happen is all the modified big guns will come to Delmar until they blow all their big blocks but they'll replace them with small blocks as per Reading's rules. After all Reading pays \$850 to

win. "That's right", Covey volunteered when even (Frank) Cozzie said he had to run third or better at Delmar to break even for coming all the way down from up north. Wonder what they'll (the local promoters) will do when all the Reading boys go back home, "wonder how many local cars there'll be left then," quipped Fields. We've watched the Cat-hells (promoters of US 13 at Delmar) be confronted with many problems and decisions over the years. In every case if they weren't right they were close enough and flexible enough to correct or change and 1978 should be no different. "You've got to have faith", grinned Bill Cathell.

Red Cross Honors 50 Volunteers

GEORGETOWN - George Buhl of Millsboro was honored Wednesday, Nov. 30, for 60 years of volunteer service with the American Red Cross. He was presented with a 60-year pin at a recognition ceremony in Delaware Technical and Community College, Georgetown, at which 50 volunteers were honored.

Mr. Buhl was an ambulance driver in World War I in Philadelphia, where he was field director for Boy Scouts of America. He continued as a Red Cross volunteer, moving to Millsboro in 1930. A member of the Sussex County Advisory Committee for the Delaware Chapter, American Red Cross, he has been active in church and Masonic work as well.

Other volunteers honored included the following

Parent Advisory Council Holds Banquet

BRIDGEVILLE - The Woodbridge School District's Title I Parent Advisory Councils held their annual dinner on Monday, November 21, 1977 in the Greenwood Elementary School cafeteria. Twenty-seven (27) people attended the dinner meeting including twelve (12) parents and two (2)

parents and two (2) members of the Board of Education. Following the dinner, officers were elected for the Greenwood Elementary School and for the Bridgeville/North Bridgeville Elementary School. Parent Advisory Councils and representatives were elected to the district-wide Parent Advisory Council.

Officers for the Greenwood Elementary School are: Chairperson: Mrs. Patricia Ruff; Secretary: Mrs. Pam Curry.

Officers for the Bridgeville Elementary/North Bridgeville Elementary Schools are: Chairperson: Mrs. Cora Bailey; Secretary: Mrs. Astrid Swain.

Representatives to the district-wide council are: Greenwood Elementary: Mrs. Mary Parsons and Mrs. Mary Schrock.

Bridgeville Elementary/North Bridgeville Elementary: Mrs. Emma Brevington, Mrs. Cora Bailey, Mrs. Marjorie Allen and Mrs. Astrid Swain.

The Bridgeville/North Bridgeville Parent Advisory Council will hold their next business meeting at 9:00 a.m., Dec. 12, at the North Bridgeville Elementary School. The Greenwood Parent Advisory Council will meet at 7:00 p.m. on December 15, 1977, in the Greenwood Elementary School.

Arts Council Seeks Art

A new permanent collection of Delaware artists' works available free on loan to the public will be started by the Division of Libraries early next year in cooperation with Delaware State Arts Council.

The Division of Libraries will accept submissions for sale or donation from Jan. 1 to March 15 at its offices on the Delaware State College campus, 630 State College Rd., Dover. The start-up collection will be limited to original paintings, sculpture, and prints submitted by Delaware resident artists working in Delaware.

Submissions should be in the form of color slides, limited to four works of art per artist, with the actual size of the art work noted on the slide.

Woodbridge Title I Schedules Open House

BRIDGEVILLE - The Woodbridge School District's Title I reading and readiness centers will hold their annual "Open House" on Wednesday, December 14 and Thursday December 15, 1977.

The Title I reading trailer at Bridgeville Elementary, North Bridgeville Elementary, and Greenwood Elementary Schools and the readiness classes at Bridgeville Elementary and Greenwood Elementary Schools will be open to the public from 8:30 a.m. to 3:00 p.m. on these dates.

Parents, members of the Board of Education, and members of the community are invited to visit the reading centers and the readiness classes to observe the district's Title I program in operation.

Students enrolled in the program will welcome visitors, show them around the centers, and explain the instructional aspect of their program. The Title I reading teachers will be available for parent conferences from 8:00 a.m. to 8:30 a.m. and from 3:00 p.m. to 3:30 p.m. so that parents of any child enrolled in the Title I reading program who wish to discuss their child's progress with the reading teacher will have an opportunity to do so.

The cafeterias in each school will be serving their traditional Christmas dinner on Wednesday, December 14, 1977 and are inviting parents to have lunch at school with their children that day. Lunch will be \$.90 for adults.

Peach Blossom 4-H Club News

The November meeting of the club was held on the 9th with Mr. Phillip Bowman, State Board of Agriculture Beekeeper, as guest. We learned many things about the honeybee from Mr. Bowman's demonstration.

Routine business reports were heard. Congratulations were extended to Brenda Clark, David Mesibov and Terri Tarr for being selected State Winners. They flew to Chicago for National 4-H Club Congress Nov. 25 to Dec. 3.

Richard Lindale was guest of the Harrington Sunshine 4-H Club's

parents night program, entertaining with his jokes.

Short presentations were given by Richard Lindale, Lisa Clark, and Denise Lindale.

At the recent Achievement banquet we received four team judging trophies, on trophy for outstanding first year member went to Diane Ross, nine trophies for individual judging honors, and 17 country medals for completed record books. Terry Hinzman was top country winner for his essay on "4-H Freedom to Be", and Rochelle Messick won five blue gift awards for her photography. Donna Hinzman was honored in being

inducted into the Links, an honor group of older 4-H'ers, working to keep the 4-H program.

Refreshments for the November meeting were by Laura Newnom and Ronna Legates.
