Frederica Council Reporganizes

Police Chief Wood Fired

By Gloria Lynn Dill

Newly reappointed mayor George H. Nashold announced he would not renew the contract of Police Chief Ray S. Wood, at the reorganizational meeting Thursday night.

Nashold claimed that at an "executive session" earlier, "a majority of the council" had decided not to reappoint Wood as chief.

Nashold said later that the term "executive session" was a poor choice of words.

According to Nashold "...whatever you want to call the meeting, I merely met with the newly elected council members on an informal basis and polled them to see how they felt about certain issues which would be coming before the council. One of those items was the renewing of the contract of Police Chief Ray Wood. It was the opinion of the majority not to renew his contract."

According to Nashold the Frederica Charter gives him power to hire and fire employees of the Town without Council approval as "Chief Executive Officer of the Town."

"I was not invited to any executive session," said Councilman Gordon Betts. Other council members were reluctant to comment.

Only council members elected on Monday were invited to the "executive session," however, those members were not sworn in until Thursday's meeting.

No reason was given for Wood's dismissal and a Frederica resident, Larry Mannering, asked the mayor if the "whole thing is a personality conflict between the chief and the mayor." The audience also did not understand when the dismissal took effect, and whether Wood should be present to defend himself. Wood did not attend the meeting.

Nashold said "...in the past month or so, there have been meetings in which I was not present or invited as well as one press conference." "But this meeting here tonight was not held without anyone's knowledge. The Chief of Police regardless of who he is, is required to attend all official meetings. A reorganization meeting is an official meeting."

Amid the confusion, Nashold said he was adjourning the meeting and that it had only been called for reorganization.

Council members Helen Powers, Reynolds Gooden, and Ezekiel Dill were

sworn in, then voted to reappoint Nashold, with Betts abstaining.

The council also appointed Jane Brown as treasurer and tax collector, Powers as secretary, and Nicholas Rodriguez as town solicitor.

Outside the town hall some Frederica citizens claimed that the mayor "always has an answer" and that he was "taking things into his own hands."

Ronald W. Hobbs

Hobbs Promoted to Chief of Police

FREDERICA - Ronald W. Hobbs, 28, a native of Clayton, Delaware was promoted from Corporal of the F.P.D. to Chief of Police for Frederica in a special meeting held by the Frederica Town Council on Monday night. Hobbs attended Clayton Elementary School and graduated from Smyrna High School. He is single.

The following is an account of his work record: immediately after high school he worked as radio and teletype specialist for Delaware State Police, U.S. Army, 3 years with Military Police at Ft. Gordon, Georgia, then remaining stretch in Germany, in the field of drug control; discharged as sergeant; and returned to civilian status as patrolman with Harrington P.D. until '74, when he went to join Camden P.D. and then private investigative work in Baltimore and came to Frederica in Oct. of '77.

Hobbs has attended the following school: Delaware State Police Academy, Delaware Technical and Community College, and military schools (all phases of police training, traffic, accident and inventory, Police Administration and Physical Security).

Mary Kay Taylor did a nursery rhyme "Little Bo Peep". The last contestant was Lisa

Waishes, daughter of Mr. and Mrs. Robert Waishes, who entertained the audience with a song. Lisa was crowned Little Miss Harrington by Lisa Lynn Wamsley who was last years Little Miss Harrington.

After a short intermission, the Miss Harrington contest got underway. The escorts for the Miss Harrington contest were David Shultie and Richard Wells. The organist was James Olson and the photographer was Ray Blanchette. There were nine contestants in the Miss Harrington contest. Genia Gerardi sang "I Don't Know How to Love Him" a song from Jesus Christ Superstar. Genia is the daughter of Mr. and Mrs. Eugene Gerardi. Genia was voted by the other contestants to be Miss Congeniality. Vicki Ivins sang "Father God", Karen Kimmey played the piano, Rebecca McKnatt did a pantomime, Rhonda Melvin did a pantomime about pants too long, Starla Mertz also did a pantomime Good Times are Here to Stay, and Edie Morris did a pantomime. Edie is the daughter of Mr. and Mrs. Ray-

mond Morris. Edie was the first runner-up in the contest. Next was Joy Oakley who sang "Do You Know Where You're Going". Joy, the daughter of Mr. and Mrs. Carol Oakley, was crowned Miss Harrington by last years

Miss Harrington, Charlene Keller. Pam Smith did a pantomime from a scene from Oklahoma.

Joy Oakley and Lisa Waishes will go on and represent Harrington in the Delmarva Poultry Contest which will be held at a later date.

Felton Faces Sewer Decision

By Molly Murray

Felton residents will soon be faced with decision whether or not they would like to be participants in the county sewer project. According to County Engineer Walter L. Fritz Jr. a primary feasibility study has already been completed in Felton. The next step would be application to the Environmental Protection Agency for design funds.

Max Terry Jr., Kent County attorney, claims that Felton cannot take this next step because no sewer district has ever been created in Felton. Terry said that "no contract can be signed until a district is created."

If Felton is not an established sewer district it cannot apply for federal funds and Fritz warns that if Felton does not take action to become a sewer district soon, they will not be eligible for federal money this year. Fritz indicated that the deadline for federal money is sometime in October. He said that there would be no guarantee that federal money would be offered in the future.

According to Terry, Felton can become a sewer district if there is a majority of residents who want the sewer system. In other words, if the Felton council saw that enough people wanted to join the county sewer project the council would ask the Levy Court to call a public hearing. At this time, the county engineer would discuss the cost and who

Harrington Council Enacts

HARRINGTON Councilman Earl McColley, a resident of Reese Ave., after an address by Frank DeLong of Reese Ave., introduced an ordinance directed at the Burris Food Plant on the East end of Reese Ave., which read in part that truck traffic would be restricted to load limits up to 30,000 lbs. or 15 tons. The Controversial ordinance drew much discussion among the councilmen. Some voiced the idea that this would restrict Burris's access to his plant, but McColley said that Burris could construct a new road across his property to the rear and come out on the Farmington road. The 30,000 lbs according to McColley is the State requirement for a load. McColley allowed that the ordinance would not take effect until January 1st, 1979. "This gives Mr. Burris a full year to do something about the situation on Reese Ave., which

we feel has been promised to us", said McColley. Councilman McColley was referring to discussions made in years past after the City had spent over \$60,000 in rebuilding and repairing the street. The Burris plant has drawn a great deal of controversy since its inception. The residents along Reese Avenue, like Frank DeLong and McColley all say that the high speeds and heavy trucks have caused a great deal of damage to the interior of their homes. DeLong said "...the plaster is cracking again on the (interior) walls of my home, and it wasn't long ago that I had them repaired". "You can't sit out on your porch in the summer time, because of the loud noises and the excessive fumes from the trucks", continued DeLong. Since the beginning of the Burris plant, the residents of Reese Ave. have fought gamely to have the truck

L. F. School Board Takes Steps To Cut Payroll

FELTON - In an effort to further curtail the payroll for the Lake Forest School District, which was a practice first instituted last year in April, the Lake Forest School Board decided in meetings in November to eliminate certain positions.

The elimination of Director of Special Education, which Howard Perry holds, has drawn the most attention.

Perry has engaged a Wilmington law firm to represent him in a civil action in which he is suing former Superintendent Albert W. Adams, Sol Markewitz, Supervisor of Instruction and Perry's immediate supervisor, W. Edward Cline, present Superintendent of Lake Forest School District, and the present Board members basically for the elimination of his position.

The elimination of the Directorship means a loss of one month's pay plus \$1,000 for Perry. Mr. Perry has been in the school district for 5 years and as a result has tenure as a teacher. He is being offered a teaching position of the Lake Forest faculty.

Last year the District eliminated six teaching positions. This latest move with administrators also reaches Mrs. Grace Bradford, Vice Principal at

L.F. North Elementary. She is regarded by the Administration and the Board as a very good administrator. The Board felt the cut back was necessary in order to meet budget requirements. Mrs. David, vice principal of the Chipman Junior High School has been reduced from 12 months to 11 months.

According to Superintendent Cline another review of the teaching situation will be made in the Spring.

Another matter which has drawn much attention is the routing of 125 pupils from North Elementary (which includes 13 from South) to East Elementary.

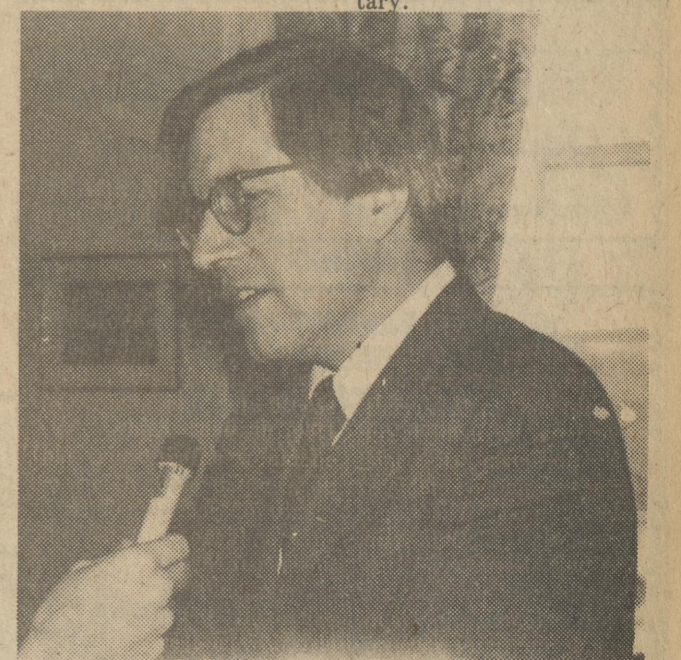

Presently, according to Principal Frank Young, there are 850 students enrolled at North. With the move 117 from North will go to East, and in June the 6th grade class will come to Chipman in September which will further reduce the enrollment at North by 120 students. The shift will balance matters out at North and East, where in the latter situation, there has been an undercrowding situation. This will also mean a rerouting of the buses.

Felton Council

After a reorganizational meeting on Monday, March 13, Felton Town

Council decided to leave the council as it is.

William Myers will act as Mayor, Donald Jacobs will act as Vice Mayor, Mary Ann Stumpf will act as treasurer, and Fred Casper will act as secretary.

Governor Pierre S. DuPont will be visiting the S. Bowers Fire Hall on Wednesday, March 15, at 7:30 p.m. The Governor is visiting area fire halls in an effort to hear what people think and to thank them for their help.

The Delaware State Police are revising their applicant selection procedures and will no longer conduct their applicant

testing on a monthly basis. The time and place of all future applicant testing will be announced at a later date.

RENT A NEW WURLITZER PIANO

SHOULD MY CHILD TAKE PIANO?
Yes. Few things so enrich life as understanding and appreciating music. Piano playing is in itself a rewarding creative outlet. At the same time, it encourages the development of a well-rounded personality and it promotes concentration, alertness and poise.

By the time you read this the Bazaar will be almost here. Come on in Friday, March 17. We open at 10:00 a.m. Lunch will be simply delicious. Bunny's eggs, vases among the lovely ceramics. Still time for you to bring in your white elephants and Bake Goods.

Mr. David Elliott our Insurance Com. and a Social Security Rep. spoke to us Wednesday afternoon then followed a question and answer period. The time spent was quite enlightening to all of us.

Pool, Bingo, Cards and Dominos were played last week. Nostalgia with Ruth Nasser was enjoyed Tuesday afternoon. Band with Andy in lead started the day in the right tempo. Bowling by those I heard from was quite good. Hope someone will get me the scores from Harrington Bowlers'.

George Gooch presented movies on Geese and Hunting that were positively beautiful. Some didn't like the hunters but most liked the film for its nature study. The film on

Ireland was a true beauty - Blarney stone and all.

Glad to have our long time absent members present at the center.

Sorry to hear of the sick members -- you have our best wishes for a speedy recovery.

Board meeting last Thursday night.

Mrs. Virginia Willey gave a lesson in china painting Friday. Everyone thought her pieces were fantastic and those that could not join in the painting liked looking on. Next time we china paint we will also do artex painting.

Lunch last week as usual was just great. Roast beef especially, the liver cooked just right, New England boiled dinner, turkey and dressing and even sweet potato pie -- Can you beat that?

Kent County Levy Court Through Sewer Business

By Molly Murray

In his report to the Kent County Levy Court on March 7, County Engineer, Walter L. Fritz Jr. requested authorization for the Step II contract for Garrisons Lake Sewer District. He indicated that the Felton District was not as far along.

Fritz said that he could not go on with the design stage for the Felton sewer district because no district has ever been created. At this time, he explained, "The county could proceed on request from the Town Council."

In other sewer business, the Levy Court Commissioners voted to give

approval to Max Terry Jr., Kent County Attorney for a "quick claim deed." This deed would allow Terry to condemn a small piece of land in Huntly Circle if he is unable to get all owners of adjoining properties to release their claims to the land by March 20.

The small area of land will be used by the County Engineer's office for the placement of a lift station for the Huntly Circle Sewer District. Terry indicated that at present this piece of land is a part of the roadway.

Levy Court Commissioners also approved a Bid Recommendation for the low bidder in the Frear-Charlton School sewer contract. The Bid was awarded to Warren Brothers.

Levy Court Commissioners also voted to prepare a resolution against the Statewide Property Tax -- H.B. 706. Commissioner McKenna asked the commissioners to prepare the resolution because he

Too Late To Classify Ordinance Against Solicitors

AN ORDINANCE AMENDING ARTICLE 2 CHAPTER IV, LICENSES AND PERMITS, MUNICIPAL ORDINANCE, CITY OF HARRINGTON, DELAWARE

BE IT ENACTED by the Mayor and Council of the City of Harrington:

SECTION 1. Section 2.01 - Definitions is repealed in its entirety and in place thereof a new Section 2.01 is hereby enacted to read as follows:

SECTION 2.01 - Definitions - For the purpose of this article a "canvasser" or "solicitor" is a person who either door to door or from public places and not from an established place on private premises takes orders for future deliveries of tangible goods or intangible services, or seeks subscriptions or donations, or contacts persons for the purpose of seeking information, giving them literature or verbal information.

SECTION 2. Section 2.02 - Registration Required is repealed in its entirety and in place thereof a new Section 2.02 is hereby enacted to read as follows:

SECTION 2.02 - Registration Required. It shall be unlawful for any person to engage in the activity of canvassing or soliciting as defined in Section 2.01 without having first registered at the office of the City Clerk. The registrant shall give his complete identification, his signature, the name of his employer, the nature of the products or services in which he is interested, the names of the manufacturers of said products, or of the organization which he is representing, and the proposed method of operation in the City. All activity constituting canvassing or soliciting shall only take place between the hours of 9:00 A.M. to 4:00 P.M. It shall be unlawful for any person who is canvassing or soliciting to refuse to leave private premises when requested to do so by the occupant.

SECTION 3. Section 2.04 - Certificate is amended by striking the words "who shows evidence of good character, and" as they appear on lines one and two therein.

SECTION 4. Section 2.05 - Exceptions is amended by adding the following sentence at the end thereof: "Nothing in this article shall prohibit a person from canvassing or soliciting at a private house or on privately owned premises at any time if the owner of such place has given his prior consent."

SECTION 5. Section 2.06 - Revocation is amended by striking the words "or whenever the registrant shall cease to possess the qualifications and good character required in this ordinance for the original registration."

SECTION 6. All other parts of said Article 2 - canvassers and solicitors are reaffirmed.

ington. The Evans' have one son, James, Jr., who is also a teacher in the Indian River School District. Mr. Evans presently serves on town's Safety and Health Hazards Committee, three educationally oriented organizations and is a lay reader for the peninsula Conference of the United

Methodist Church, as well as a certified lay speaker. Evans said before the election that he wanted to be involved in Town government, and that he felt he understood the Town's growth problems.

The other candidates C. Miles Hoffman, 66, is retired poultry supervisor at Swift. Harley F.

Records, Jr., 55, is employed with the Diamond State Telephone Company with 22 years service. Records is a familiar figure at the Telephone Company booth at the Delaware State Fair, and is also a member of the "chain gang" at the Woodbridge home football games.

Harry G. Farrow, Jr., center right, Publisher & Editor of The Harrington Journal made a formal presentation this week of two leather bound volumes by Brown & Bigelow to the W.T. Chipman School Library in memory of his wife Margaret R. Farrow, who died in November of cancer. Mrs. Farrow was a former school teacher and Editor of the Harrington Journal. Accepting for the School is District Superintendent W. Edward Cline, left, Mrs. Matilda [Tillie] Kukulka

school librarian, and Mrs. Margaret Phelps, right, Chipman Principal. Mr. Farrow said that two leather bound volumes of different books by Brown & Bigelow would be made each year to the reference section of the Chipman Library in Mrs. Farrow's memory. The two volumes this year are "The Halls of Fame", and "Mammals" by Audubon. The inscription on the reverse side of the volumes reads "In Memory of Margaret R. Farrow, Educator & Editor".

Harrington City Council (cont.)

traffic removed from the street.

After the dust had settled, Mayor Cahall and Councilman Gary Homewood, tried to bring out a more logical approach.

Cahall advised that the Council should invite N. Max Terry, Jr., their attorney, to the next Wednesday night meeting, and have Terry again discuss with them the legal ramifications involved in this matter. Some of the Council members had

felt that Terry had so advised them, and that this was proper what they were doing. In any event Terry will be invited to the next meeting of the Council.

Councilman Homewood said "... we are between a rock and a hard place because it is too bad the matter can't be resolved." Homewood had misgivings about the weight, for he felt the 30,000 would exclude most trucks com-

ing into the community such as oil trucks. Mrs. Kenneth (Norma) Meredith spoke up and said "with a load of dirt on their small dump truck plus the weight of their truck, it would put them over their limit". The Burris issue continues to be a hotly contested one after nearly

5 years. The matter will be again discussed at next Wednesday's meeting with the City's attorney present.

City Manager, David Peterson, brought up the matter of further discussions with The Delaware State Fairgrounds regarding the sewer and water hookup with the City. The combination of the two water storage tanks would give each a capacity of 280,000 gallons. Peterson gave estimates for 8" and 10" lines of cast iron and PBC, and they ranged from \$32,850 to \$25,850. The connection would be made at the East St. railroad crossing when approved.

Repairs to the streets due to the unusually wet winter was also discussed. Councilman William Shaw, Proposed, not as a Councilman...but as a private businessman, that the City consider having the citizens of the City separate their trash for recycling purposes, and the Reclamation Center of which he is a partner would purchase this from the City. Councilman Dr. Vincent Lobo said "...this is a good idea for it would bring additional revenue to the City". Shaw declined to voice a persuasive note to the discussions.

Many young people will be looking for a summer job after school is finished in June, but waiting until May or June to begin the search may be too late. Although winter weather makes summer seem too far in the future to think about, this is the time to begin looking for a job because most positions will be filled long before schools close for summer.

Those who want summer jobs often do not know where to look for them. There are many job areas which provide special opportunities for summer. Among them are state and local government agencies, concessions, amusement parks, and summer camps. It may prove fruitful for the summer hopeful to investigate these possibilities through phone calls and letters of inquiry.

Branches of state, federal, and municipal governments often provide special programs which employ youth for the summer. In recent years local area Chamber of Commerce and the Levy Court have provided some special programs for summer. One of the more popular summer employment programs in recent years has been the Youth Conservation Corps (YCC). This federally funded program will be operative again this year and will provide outdoor summer employment for thousands of the nation's youth. Information about this and other federal jobs may be obtained from the U.S. Civil Service Commission, 1900 E. Street, Washington, D.C. 20415 or from public information media such as newspapers and television.

Concessions in areas which have a large tourist appeal for the summer season also employ many young people. Gift shops, food concessions and motels in such vacation areas as national parks or resort beaches have a great need for summer help. Information about national park employment can be obtained from the Department of the Interior, National Park Service, 18th and C Sts., N.W. Washington, D.C. 20240. Chambers of Commerce in beach tourist areas are also possible sources of information.

Each year amusement parks provide summer jobs for thousands of young people. They offer a broad spectrum of jobs from the simplest concessionaire to the professional technician or entertainer. The following are some of the largest amusement parks and their addresses for those who wish to obtain information:

Kings Dominion, Personnel Dept., Box 166, Boswell, Va. 23047.

Astroworld, PO Box 1400, Houston, Texas 77001.

Kings Island, Kings Mills, Ohio 45034.

Opryland Personnel Dept., PO Box 2138, Nashville, Tenn. 37214.

Six Flags Over Georgia, Box 4318, Atlanta, Ga. 30336.

Disney World Employment, PO Box 40, Lake Buena Vista, Florida 32830

Six Flags Over Mid-America, PO Box 666, Eureka, Mo. 63025.

Disneyland Employment, Anaheim, Calif. 92804.

Six Flags Over Texas, PO Box 191, Arlington, Texas 76010.

Sea World Personnel Dept., 7007 Sea World Drive, Orlando, Fla. 32809

Summer camps are one of the oldest and most popular sources of summer employment. Many prestigious organizations such as the YMCA, YWCA, Girl Scouts, Boy Scouts, FFA and 4-H have very successful summer camp programs. In addition, private camps of all types exist all over the nation. Jobs in summer camps are of wide variety utilizing both professional and non-professional personnel. For more information and a list of accredited camps, contact the American Camping Association, Bradford Woods, Martinsville, IN 46151 (cost: \$2.40 plus postage).

School Board Accepts Final Bid On Athletic Complex

FELTON - At a special meeting on Monday night, the Lake Forest School Board made it official by formally approving the low bid by John L. Briggs, Inc. The low bid totaled \$830,000, which was a higher figure than was anticipated. The figure

does not allow for construction of the 8 tennis courts, and a parking lot. The figure of \$830,000 from Briggs is just for the swimming pool complex better known as the "natorium" (see diagram). The cost of constructing the tennis courts and surfacing the parking lot from

Warren Brothers, the low bidder, was \$109,000. This figure represents the overrun of the original proposal by the federal government through the grant. The original estimate by the federal authorities was \$1.589 million. At a special meeting on

the 6th of this month, the Board decided to table the bids and study the prospects of deleting certain areas of construction agreement specs in order to reduce the overall figure. The areas of consideration for deletion were as follows: ceramic tile on risers (stands) and

trads and provide liquid hardner at a savings of \$4442; delete wood seat boards and stainless steel brackets (sit on the concrete) for \$3988, and delete resurfacing of existing parking area on west side of gymnasium for \$3159. It was decided at

Monday night's meeting to leave these items in the contract. The remaining construction includes an auditorium which will seat 1,200, extend the gymnasium north to south, additional locker rooms and 8 new classrooms at the north end of the school.

Jones Wins In Junior Division

On Saturday five Lake Forest School District wrestlers finished in the top of their respective weight classes in the first annual Rough Rodney Wrestling Tournament. This list was headed by Charles Jones who was the only first place finisher doing so in the junior division 85 pound class.

Charles is an eighth grader at the W.T. Chipman Junior High School in Harrington. He captured his junior division eighty-five pound title in a breeze as only two points were scored against him the entire afternoon. He started the afternoon by pinning David Stokes in a quick 23 seconds and followed that up by defeating the previously unbeaten wrestler from Shue, Stephen Thomas, by a 10-2 score.

In the semi-finals Jones faced a tough wrestler in Smyrna's Scott Raybuck but easily handled him by a 7-0 count before whipping Sef Gonzales also of Smyrna by a 4-0 score for the championship. Just one week earlier Jones had placed second in the East Windsor PAL Wrestling Tournament. This weekend Jones will be trying to capture a title in the Junior Olympic Wrestling Tournament in Newark.

The top finishers for the

Spartans in the senior division were 136 pounder Mike Kosiorowski and 171 pounder Tim McCombs who both finished second. Kosiorowski finished second by way of his finals loss to Jim Monahan of Paulsboro who pinned him with just three seconds to go in the second period. McCombs finished second by way of his finals loss to season long nemesis Raymond Handy of Indian River who captured an 8-0 decision win.

The two other Spartans to place in the top four were Jeff Grove who finished third at 110 pounds and Louis Hendricks who finished fourth at 159 pounds. Grove captured third as he won his consolation match by a quick :35 second pin over Tim Parks of William Bennett. Hendricks finished fourth as he dropped his consolation match to Don White of Sussex Central by a 2-1 score. White was the Henlopen Conference's second place finisher to Lake Forest's Larry McCombs in last month's Henlopen Conference Tournament. Hendricks had wrestled at 145 during the regular season.

The first annual Rough Rodney Wrestling Tournament was held on Saturday at the Caesar Rodney High School in Camden.

Serving Notice Takes Volleyball Championship

In the Co-ed Volleyball Championship, Serving Notice defeated Shakey's 15-6, 16-14, and 15-10 to take the league championship. Serving Notice who was undefeated in the regular season was led to victory by the strong play of Mary Sheron and George Deering. The Power League Championship was won by

regular season champs Shakeys. Shakeys lost the first two games to Air Base by the scores of 15-4 and 15-5. Then Shakey's sweep the last three games by scores of 15-8, 16-14, and 15-11 to win the championship. Shakeys was led to victory by Scott Haney, Gene Arick, and the strong power game of Russ Lewis.

These young men pictured above were winners in the elementary wrestling program which was sponsored by the Kent County Parks and Recreation Department. They are [L-R front row] Angelo Lorefice, Ken Outten, Robert Benson,

Scott Fleming, [L-R second row] Jeff Muelheisen, Joe Watkinson, Kevin Flamer, and Paul Kosiorowski. Standing in the background is the instructor for the program Mr. Robert Snyder. The winners received their trophies during an assembly at the W.T. Chipman gym on Monday.

4-H News

By Mike Everline
Early on Saturday morning, March 11, 17 members of the Harrington Sunshine 4-H club could be found baking anything from a Main Dish to a dessert. These members were entered in the Kent County Reddy's Food Contest. Five members were named county winners which have the opportunity to go to the state contest and five alternate winners.

In the Junior class, Denise Cain was named County winner in the Small Appliance division while Susie Pardee was alternate. Denise made Glazed Skillet Chicken and Susie made Beef-Rice Caserole. Amy Wright, who made a Pumpkin Cake will be going to the state contest in the desserts division. In Main Dish, Sherry Freer was named County winner with her tuna caserole. Karen Walters received a blue ribbon and County alternate in the Snack Tray division with her sausage cheese puffs. Two other members in the Junior class, both receiving blue ribbons were Laura Anderson with Chocolate-Vanilla muffins in Breads

and April Testerman with Monster Cookies in Snack Tray.

The Intermediate class found Kim Zeitler as County winner with her Velvet Almond Fudge Cake in Desserts. Kelly Ryan made Turtle Sandwiches and was named County alternate in the Snack Tray. Other members in the Intermediate class were Abby Wright, with Pecan Tarts in Snack Tray, blue ribbon; Cathy Harrington with Peach Upside Down Cake in Small Appliance, blue ribbon; and Donna Pardee in Main Dish with Cheese Lasagne, red ribbon.

In the Senior Class, Connie Harrington will be going to state in the desserts division. Connie made Apple Dumplings. Doug Crouse is County Alternate in the Small Appliance with his Chicken Breast Supreme and Lisa Bostick is County alternate with her Blitz Torte in the Snack Tray. Other Senior members were Mike Everline who received a blue ribbon in the Breads division with his swirled Raisin Pecan Coffee Cake and Rubby Moran with her Bacon wrapped loaves in Main Dish.

Delaware's First All American Girl Pageant

Delaware's first annual All American Girl Pageant will be held in Dover, July 17-19, at the Sheraton Inn. Pageant officials are inviting girls from the ages of 3 to 26 to enter one of the five following categories: All American Tot, ages 3-6; All American Little Miss, ages 7-9; All American Miss, ages 10-12; All American Teen, ages 13-17; and the All American Girl, ages 17-26.

An All American Girl will be crowned in each category. The winner will receive trophy, crown, banner, and entrance to the All American Girl national finals to be held in Peoria, Illinois in

August. In addition, a talent winner will be selected from each category and will be allowed to participate in the national finals as a candidate-at-large. Awards will also be presented for the best in dance, voice, instrumental music, baton, drama, and gymnastics or acrobatics.

Girls in the age groups of 3-12 will compete with street length party dress, sportswear, and close-up appraisal. Girls in the age groups of 13-26 will be judged in evening gown, sportswear, and close-up appraisal. All girls except the 3-6 year olds will be judged also on a

talent presentation. The talent, amateur or professional, may be anything which shows the girl's poise before an audience: skits, pantomime, dramatics, baton twirling, instrumental music, dancing, singing, etc.

For further information, please write or call: All American Girl Pageant, P.O. Drawer 1630, Dothan, Alabama 36302, or phone (205) 792-4907. Please state your age on inquiry. PTA's, band boosters, dance schools, civic clubs, and other organizations interested in sponsoring a local pageant as a fund raising project may also inquire.

C-5 Reserve

By Molly Murray
The next time you hear somebody say, "Look! Up in the sky!" You probably won't see Superman, but you just might see a C-5. The large white planes are hard to miss.

Nearly 248 feet long, 65 feet high at the tail, and spanning almost 223 feet wingtip to wingtip, the C-5 stretches almost the length of a football field and stands as high as a six story building. The C-5 Galaxy is the world's largest airplane.

The aircraft is so large, in fact, that 17 C-5 Galaxies could have completed the Berlin Airlift, a job that required 308 smaller planes.

The C-5 is a cargo plane. The cargo compartment is large enough to haul 6 standard Greyhound buses or 58 Cadillacs. The plane has unique front and rear openings that make the cargo compartment a 121 foot long tunnel.

The planes are so big that when they fly you can hardly tell they are moving. Capt. Gioia, a pilot of the C-5, claims that the massive planes really aren't that hard to fly once you have them in the air. They are equipped with the most modern navigation equipment and all precautions are taken to make each C-5 as safe as possible.

While it is primarily designed to transport oversized military equipment, the C-5 has been used in hundreds of special missions. In fact, Brig. Gen. Click D. Smith Jr., 436th MAW Commander explained "with the C-5 we can airlift troops and equipment anywhere in the world at a moment's notice."

Dover Air Force Base is the home of 36 C-5 cargo carrying aircraft. It takes a lot of people to keep these giant planes airborne. "We really count on the reserves," said Brig. Gen.

Smith. Dover Air Force Base has about 2,000 men and women in their reserve force. These people compose the 512th Military Lift-Wing Associate.

"It takes two wings to make the eagle fly," explained TSgt. Robert C. Spivake, 436th MAW/OI. The Air Force Reserve are men and women who are ready at a moment's notice to augment the tasks of the regular Air Force.

According to Reserve Recruiter, Sgt. Paul Barker, almost anyone between the ages of 17 and 35 is eligible to enlist for reserve duty. "Reservists enlist for a period of six years if they have never been in the service before," Barker explained. There is a six week training period, then, reserves go on to a technical school. This can last from 7 to 32 weeks. After this, a reservist serves 1 week-end a month and undergoes 15 days of training a year.

Reserve members who work out of Dover Air Force Base are highly trained to work with the C-5.

There is more to keeping the C-5's in the air than the people who fly them. Dover Air Force Base has rigorous standards of maintenance for the world's largest airplanes.

One maintenance expert, Sgt. Shock, explained that every 150 days the C-5's are brought in for a check-up. He said it takes about 48 clock hours to do a complete inspection.

Dover's port operation is the largest in the world. Reservists and fulltime military personnel handle up to 600 tons of cargo in any given day. The "ready-now" reserves are instrumental in helping to speed the flow of C-5 cargo and in keeping the largest airplanes in the world flying.

Pearson Gets 100th at Rockingham

David Pearson put the 100th career victory. The Puroator Mercury in the Spartanburg, S.C., com-winner's circle Sunday at petitor thus became only North Carolina Motor the second man in the Speedway, marking his Grand National history to notch 100 or more wins, trailing only six-time Grand National champion Richard Petty who owns the record with 185 career

Walter "Stevie" Breeding working the Hutcherson pit going for more gas while Ron burns up the racetrack.

victories. Behind Pearson comes Lee Petty with 54 then Ned Jarreth and James Johnson with 50 each.

Benny Parsons' strong third-place finish in the Carolina 500 put him in the lead in the Winston Cup points chase -- a position held by defending champion Cale Yarborough since the Talladega 500 in August of 1977.

Yarborough maintains his lead in the money-won column with \$69,470. He is followed by Bobby Allison with \$64,550; Parsons (\$58,945); Darrell Waltrip (\$30,200); Petty (\$27,745); Brooks (\$25,670);

Pearson (\$25,380); Bonnett (\$24,870); Marcis (\$21,520); and Buddy Baker (\$20,705).

The "Silver Fox's" victory made it a Pearson sweep of the NASCAR events at the Rockingham track last weekend as Larry Pearson won the Lyon Radio Stations 125 Baby Grand event on Saturday afternoon. The eldest of Pearson's three sons put his Fleet Oil Co. Mercury Capri into victory lane in the first race of the '78 Baby Grand season.

Ronnie Thomas, competing in his second race this season, was the top-finishing rookie in the Carolina

500 and won the \$500 posted in the First National City Travelers Checks Rookie-of-the-Year competition.

In the race for the Busch Beer Trophy and its accompanying \$10,000 cash award, Neil Bonnett now leads with two pole positions to his credit with the pole at North Carolina Motor Speedway in Carolina 500. Pearson and Yarborough have each won one.

The Winston Cup com-petitors meet in Atlanta Saturday, March 18, the Baby Grand drivers will see action at Atlanta International Raceway in the Old South 150.

Ron Hutcherson, who finished

A.J. Foyt's number 51 Buick which is the one Foyt wrecked at the Daytona 500, clearly displays the well engineered and constructed chassis by car builders Hutcherson & Pagen of Charlotte, N.C. The car remained together despite many rolls.

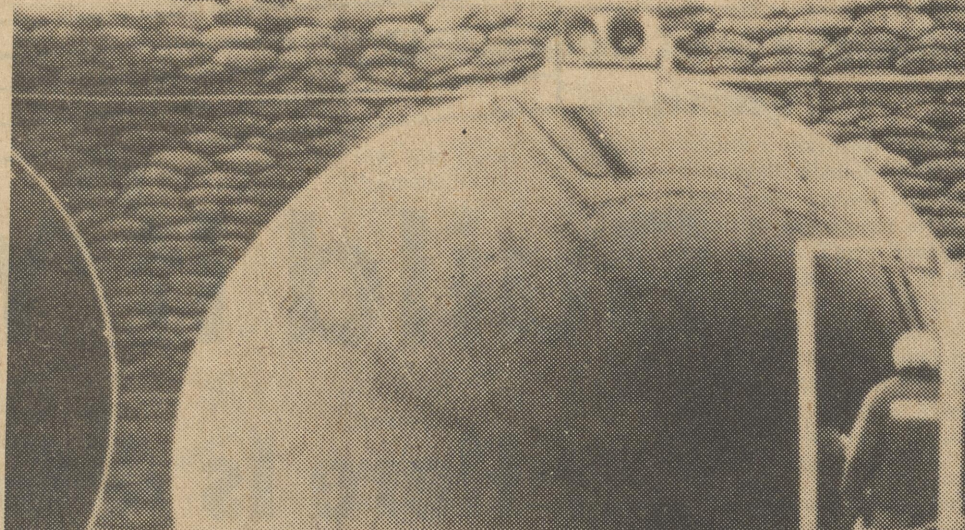

Woodbridge School Board Signs Contract With Teachers

BRIDGEVILLE - The Woodbridge School District announced that the School Board and the teachers have signed a contract for the school year 1977-78. The school district has been without a contract since July 1st 1977. The teachers received \$100 raise across the board.

The matter was finally resolved by one of two theories or both, and they were a job description could be rendered much like those of others in a very loose and general manner or in the alternative as Board member Bill Tull said "...if we do it for one then we should do it for all...or nothing at all." That is where the matter was left. Guidance instruction, Wayne Munson rendered a guidance report of what happened to the Class of '77. He reported that 25% were enrolled in 4 year colleges, and 27% were employed full time.

In a separate matter, the union representative Walter Gilefski requested that job descriptions should be written for all administrators such as reading supervisors as is the case with teachers. The remark brought on some discussion between Superintendent William Griffin and Gilefski regarding the importance of a job description. The confusion stemmed from the misunderstanding that the Board under Dr. Foster Flint had provided job descriptions for all supervisors. This was not the case for the proposed job description for supervisors, administrators, and teachers was never adopted by the Board. It was not clearly understood why this was not done.

A bid was accepted on the District Land rental agreement of \$53.36 per acre for the 82 acres by Arthur Beauchamp. The spring recess was announced to be March 24th through April 3rd. The school year will end June 16th. The School Board election was announced to be Saturday, May 13th with filing date 30 days prior thereto. Robert (Bobby) Messick's seat is up for election. It will be a five year term.

Coleman Wheatley's "Delaware Ether Eater" billows out black smoke and spins out in this 5000 lb. super stock class pull in Flemington, New Jersey. [Photo courtesy of George Gordon at Y & B Photography.]

Tractor Pullers To Locate At The Delaware State Fairgrounds

HARRINGTON - The Mar-Del Tractor Pulling Association of Laurel will relocate to the Delaware State Fairgrounds in Harrington. For the past four years the club has met and competed at the Laurel Auction Block. They will continue to hold their monthly meetings at the Delmar Convention Hall at State Line.

In 1977 there were approximately 83 members. The club dues are \$25 initiation fee and \$10 annual dues. This entitles you to a monthly news letter according to Coleman Wheatley of Bethel who is President of the Club.

The first contest will be held at the Fairgrounds on April 9th at 12:00 noon. There are four classifications of tractors: 1) Super Stock; 2) Modified Stocks which are both classed as the "hot tractors"; 3) Stock (which is "right off the farm" according to Wheatley, but the tractor from the field cannot compete with this tractor); and 4) the Farm Stock.

According to Wheatley this is the classification that the club wishes to emphasize and promote this year, because it is a pure farm tractor. This tractor does not have to compete with the pros. Each tractor can weigh in at the following classifications: 5, 7, 8, 9, & 15 thousand pound classes. The tractors pull a "sled" which weighs 56 thousand pounds and it works as a weight transfer machine (see picture of sled).

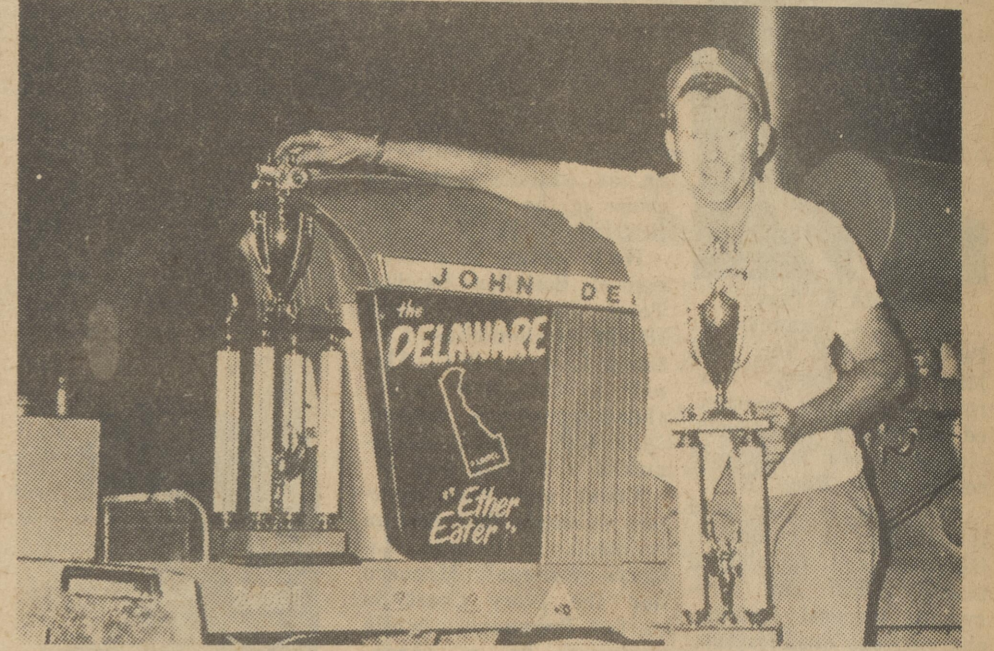

Wheatley reported that he got interested in tractor pulling about 2 years ago. He purchased a tractor which had been in a fire and completely restored it to a super stock. He calls it the Ether Eater, because it took 12 cans of ether to start it in the beginning. Each time thereafter it has taken only half a can. According to Wheatley when he and his friend Bill Carmine of near Laurel first started the tractor the initial ignition with the 12 cans of ether caused an initial

explosion causing flames to leap as high as the ceiling of his metal building, which was nine or 10 feet in the air. Both men received singed eyebrows and smutty faces and lucky they were not burned. After that Wheatley got the bug for as he put it "...we then hung out for Florida for the next three weeks. Bill (Carmine) and I were green as corn. We didn't know one thing about this new sport, except that we were fascinated with it. well...we got entered in the 5 and 7 thousand pound class with my John Deere 4010 and pulled 5 times. We didn't get much in those three weeks. Bill and I got out the wrench and changed things around until we found out what was happening. We came back home and went on to Pennsylvania for the rest of the year and got 1st place, one third and one fourth. Last year we went for broke and ended up with 5 first place finishes in Pa. and 7

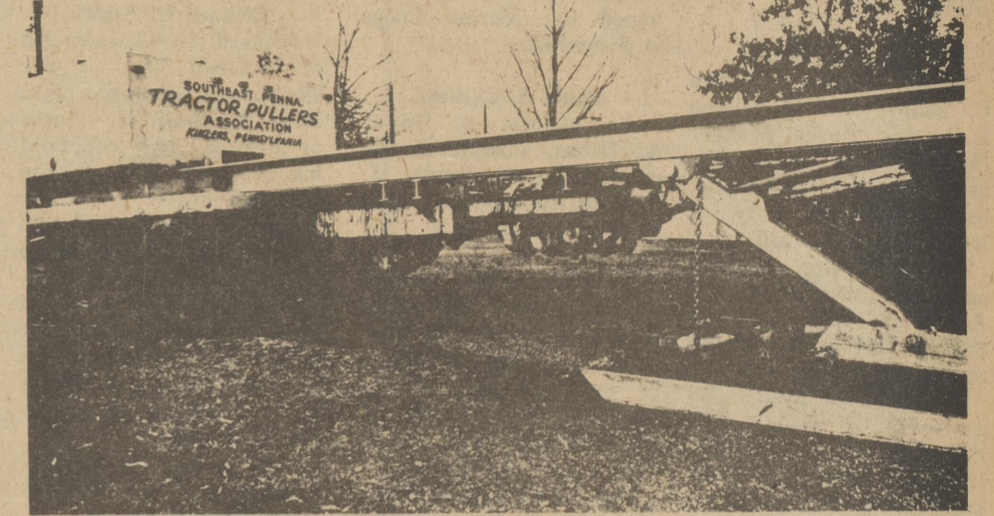

seconds. Last year we got a new pickup and when the season was over we had 13,000 miles on the pickup plus we tilled over 1,000 acres of land down here." Coleman Wheatley has a lot of trophies in his den to show for the success he

has had in tractor pulling. He is also very proud of being the first and only registered super stock with the Nationals from the State of Delaware. Coleman Wheatley and the members of the Mar-Del tractor Pulling Association bring a new dimension to

the Delaware State Fairgrounds for spectators to see on a monthly basis beginning in April and continuing through October. According to Wheatley it is guaranteed to delight the spectator. They will also be performing at the Delaware State Fair.

The sled that is used here at the 1976 Penn Winter Nationals has a total weight of 53,000 lbs., 27,000 of which is in the box. This sled is owned by Southeastern Pennsylvania Tractor Pullers Association. It has made over 3,000 trips down the track since it was built.

Felton Faces Sewer Decision (Cont)

system is what some Felton residents are worried about.

Felton residents are worried over the costs because if the sewage district does go through all residents would have to hook-up to it. The areas that the proposed district would effect include everything within the town boundaries and the developed areas adjacent to Felton.

throats," explained Donald Culver, Kent County Levy Court Commissioner.

One resident of the Cheswold Sewer District, Mrs. Helen Scarborough, explained that though there was some grumbling about the sewer district at first, "most people feel they've accomplished something within the town about the cost, but it was needed so badly that the minority went along with the majority," Mrs. Scarborough added. Mrs. Scarborough said she

wasn't sure how many people have been paying their sewer charges.

"\$36.00 every three months is pretty much if you are living on a fixed income. And the people who don't have a bathroom have to pay in too. You know most of them can't afford it," Mrs. Scarborough explained.

William M. Myers, who was recently re-elected to the Felton Council, claims the sewage project will be a top priority in Felton.

Kenneth E. Perry
Specialist Kenneth E. Perry, son of Mr. and Mrs. Isaac Perry, Harrington, recently completed a primary noncommissioned officer leadership course at Ft. Riley, Kan. The course provided instruction in chemical, biological and radiological training, drill and ceremonies, physical training, and weapons qualifications. Spec. Perry entered the Army in July 1976. He is a 1974 graduate of Lake Forest High School, Felton, Del.

William C. Bragg
Senior Airman William C. Bragg, son of retired U.S. Air Force Master Sergeant and Mrs. Celbert Bragg of Greenwood, has arrived for duty at McClellan AFB, Calif. Airman Bragg, a radio operator with a unit of the Air Force Communications Service, previously served at Andrews AFB, Md. The airman is a 1974 graduate of Woodbridge High School, Bridgeville. His wife, Paula, is the daughter of Mr. and Mrs. Jack H. McElwee of 803 Barrett Ave., Arnold, Md.

Robert C. Arthur Jr.
Navy Machinist's Mate Fireman Robert C. Arthur Jr., whose wife, Nancy, is the daughter of Mr. and Mrs. Manfred R. Auras of Felton, recently participated in the combined naval exercises "National Week XXIV" and "Sardinia 78" in the Mediterranean Sea. He is serving as a crewmember aboard the destroyer USS Barry,

homeported in Mayport, Fla.

Arthur joined the Navy in March 1973.

Ewen P. Cahall
Marine Lance Corporal Ewen P. Cahall, son of Mr. and Mrs. Juan A. Perez of Bridgeville, is on an extended training cruise in the South Atlantic.

He is serving as a member of Battalion Landing Team Two Slant Eight (BLT2/8), homebased at Camp Lejeune, N.C. This unit is embarked aboard the amphibious assault ship USS Inchon, homeported in Norfolk, Va.

Cahall and fellow marines visited the African countries of Gabon, Liberia, Senegal, Morocco and the Ivory Coast in early February, while assigned to a three-ship task group from the U.S. Atlantic Fleet.

A graduate of Woodbridge High School, Cahall joined the Marine Corps in June 1976.

Paula J. Caskey
An official at Dover AFB has announced the promotion of Paula J. Caskey to airman first class in the U.S. Air Force.

Airman Caskey, daughter of retired Air Force Master Sergeant and Mrs. Boyd F. Caskey of Felton, is an airframe repair specialist with a unit of the Military Airlift Command.

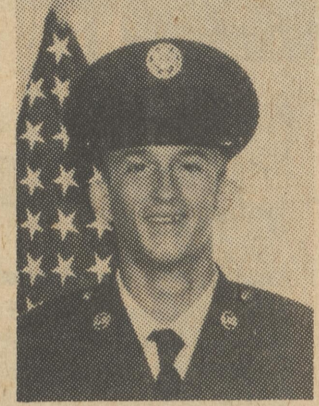

The airman is a 1976 graduate of Lake Forest High School.

Gary A. Wessel
Sergeant Gary A. Wessel, whose parents are Mr. and Mrs. Eugene S. Wessel of R.D. 3, Chestertown Md., recently deployed with his unit for temporary duty to the Republic of Korea to participate in "Commando rock," a Pacific Air Force (PACAF) flying exercise.

Sergeant Wessel is a special vehicle mechanic at Mather AFB, Calif., with

the 323rd Flying Training Wing, a part of the Air Training Command (ATC). Commando Rock is designed to demonstrate PACAF's capability to provide increased and sustained flying operations and ATC's capability to augment combatant commands.

Sergeant Wessel is a 1969 graduate of Chester-Town High School. His wife, Mary, is the daughter of Mr. and Mrs. Ray Hurd of Rt. 1, Felton.

Richard C. Auras
Richard C. Auras, son of retired Air Force Technical Sergeant and Mrs. Manfred R. Auras of Felton, has received his first promotion in the U.S. Air Force.

Auras, promoted to airman, recently completed technical training at Keeler AFB, Miss., and is now assigned at Dover AFB. He serves as a personnel specialist with a unit of the Military Airlift Command.

The airman is a 1977 graduate of Caesar Rodney High School.

International Underwriters Insurance of Dover appointed Gail Castoro as special agent in the company's commercial underwriting department.

Mrs. Castoro has been active in the insurance and banking fields for five years since attending St. John's University in Jamaica, New York.

She's married to Skip Castoro and resides in Dover in the Silver Lake area.

Celebrating birthdays are Gertrude Morgan, Maurice Wright, Mabel Benson and Roland Stayton. Best Wishes.

Lower Your Speed-Raise Your Odds

Your Delaware State Police have the following information from the National Safety Council concerning your odds of surviving an automobile accident.

Statistics indicate that your chances of living through an accident while going 71 m.p.h. or faster are no better than even money.

If you slow down to 61 to 70 m.p.h., you are still breaking the law, but the chances of escaping death rise to 7 to 1 in your favor.

By the time you are down to 41 to 50 m.p.h., you are probably getting honked at if you are on the highway, but the odds you will survive a crash are up to 88 to 1, and at 31 to 40 m.p.h. they are 97 to 1.

The theory presented here is the slower you

drive and obey the traffic laws, the greater your chances of survival if you are involved in an accident. Colonel Irvin B. Smith, Superintendent, Delaware State Police, reminds all motorists that courtesy and voluntary compliance with traffic laws will make your driving more pleasurable and make a safer journey. Remember, the life you save may be your own.

We'll Pay You \$65,800 To Manage Our Broilers' Mothers.

In the chicken business, there's no question about which comes first, the breeder hen or the broiler. The hen does — by one generation. So to meet the demand for 312,000 more Perdue broilers a week, we need more high quality breeder hens right now.

If You Want Extra Secure Income --

Build a breeder hen house to Perdue's specifications. And we'll put in a flock of 5600 breeder hens. Unlike broilers you only have one cleanout each year. Our broilers' mothers pay their rent each week in handsome paychecks for the eggs they produce. In fact, you are guaranteed \$65,800 in just 5 years. We'll even build

you a bigger house if you want more income.

We Need You.

We can't afford a lost generation of Perdue broilers. And you probably can't afford the rising cost of living these days. So let's get together. You manage our breeder hens. We'll pay you a secure income. For details, call Perdue today.

GROW WITH PERDUE

Favorite Chicken Could Be Contest Winner

Entries for the 1978 Delmarva Chicken Cooking Contest will be accepted through April 1st. Get ideas by thinking of family favorites that are simple enough to be appealing but different enough to be interesting. You should also consider extra special chicken dishes you have enjoyed at the home of friends or when dining out and create your own unique version. By thumbing through cookbooks and magazines you can get ideas and then adapt with your own touches.

As you develop your entries, remember that recipes should feature broiler-fryer chicken or any of its parts. Recipes must be prepared from start to finish within three hours. They should give exact amounts of all ingredients and should make approximately four servings. Recipes should not include garnishes

(anything that is not essential to the taste of the finished dish).

Once your recipes are perfected, mail them with your name, address and telephone number to Chicken Contest, Box 28158, Central Station, Washington, D.C. 20005.

Entries will be judged on interest, simplicity, taste and appearance. Thirty finalists from Delaware, Maryland and Virginia will be chosen to participate in the Delmarva Cookoff in Dover,

Delaware on June 3. Expenses for finalists will be covered by Delmarva Poultry Industry, Inc., sponsors for the Cookoff. Winners named during the regional contest will continue their competition in the National Chicken Cooking Contest finals to be held in Tampa, Florida in July. National grand prize is \$10,000.

Did You Know?

While driving on snow or ice remember to maintain proper tire pressure. Lower pressure reduces control without increasing traction says the Delaware Safety Council.
REMEMBER - We're all out here together.
Today there are more than eight million problem drinkers on the highway. That's one driver in 15 reports the Delaware Safety Council. Let's get the problem drinker off the road.
Clean windshields are especially important during the winter months when bad weather conditions, ice and snow reduce visibility. Keep your windshield washer reservoir filled with a washer antifreeze solution, suggests the Delaware Safety Council.
