

## Apartment hearing set

This is a Case/ Edwards Project at Georgetown. A similar project is planned for Harrington if the Council approves the zoning change. A public hearing has been set for tomorrow night at City Hall between 7 and 8 p.m.

## Police honor young citizens

Harrington's City Council meeting opened on a positive note last night as the Mayor, the Councilmen and others present paused while Policemen Paul Yannucci presented special awards to two young ladies who have demonstrated what it is to be a good citizen. Tracy Leslie and Mary Walker, both of Harrington, received the very first Citizen's Award of Merit to be given by the police.

There is a story behind the presentation, and it concerns honesty. On July 3rd, Mary and Tracy found a wallet containing \$72. That would present a temptation to many people whether young or old. But Mary and Tracy did the right thing. They took the wallet to the city police where Patrolman Paul Yannucci helped find the owner, a senior citizen.

Following the presentation of the certificates, Mayor Arthur Cahall extended the congratulations and commendations of the Council to both of the girls. Mary and Tracy were students in the fourth grade at Lake Forest South Elementary during the '78-'79 school year.

### Citizens Petition to Initiate Tax Ditch Process

At the June meeting of the City Council, Mrs. Grace Welch brought a petition signed by 41 citizens and, subsequently by Councilman Dr. Vincent Lobo, that the City do something about the drainage problem which leaves residents of the area around West and Milby Streets in deep water after any significant amount of rainfall. Mrs. Welch says the problem sometimes becomes so bad that it would be difficult for emergency vehicles to negotiate should there be the need. She also points out that the water which stays and stays after any prolonged rainy period could pose a health hazard.

The City council promised to look into the matter. The problem is a

long standing one and promises to be complex and expensive to solve. One citizen, not on or at the City Council, was reported to have said, "Harrington was built in the middle of a huckleberry bog." Whether or not this is true, drainage problems have persisted in certain areas, and low lying ground is at fault.

At last night's council meeting, Mrs. Welch and Mrs. Rose Cain were back with a proposal which may, in the long run, bring a solution. Their proposal? Start the tax ditch process. Sometime after the meeting, Mrs. Welch met with Frederick Mott of the Soil Conservation Service who advised her on the steps what would be necessary to initiate such a process. He felt a tax ditch which could fit into the Murderkill Watershed Project might be feasible. However, the first step has to be taken by residents of the area.

Mrs. Welch was ready to begin that first step which involves a petition signed by at least ten of the property owners concerned and the putting up of a \$175 bond fee to guarantee the serious nature of their request. Although she has not begun the active search for signatures to the petition, Mrs. Welch already has three. She came to City Council seeking the authorization of the Mayor's signature, another requirement, and the \$175. She got both.

At such time as the seven other signatures are obtained, the petition will go back to the Soil Conservation Service which will assist in the appropriate presentation to Kent County Levy Court. The road from there is a long one through legal proceedings, public hearings and seveys before any tax ditch in the area could become a reality.

The area in question is both City and rural. It includes the West and Milby Street section of Town, an area along Delaware 14 from a point West of Welch's Seed Service and the north end of the Farmington road. The watg

Continued on Page 4

Honesty is the best policy as these two young ladies demonstrated. Tracy Leslie and Mary Walker received the first two Citizens Awards of Merit for honesty in recovering and returning the wallet of a senior citizen. The wallet contained \$72.00. Patrolman Paul Yannucci presented the certificates at last night's City Council meeting. Also pictured are Police Chief Carl Melroy and Mayor Arthur Cahall.

## Three go to Girls State

The 5 days of Girls State activities ended in Dover on June 29th with Melanie Cline of Frederica being elected to the National Convention as an alternate. Other Lake Forest School District participants were Lisa Bostick of Felton and LouAnn Jackson of Viola.

Lisa Bostick was elected by the total group to take the place of Dave Elliott as Insurance Commissioner. LouAnn Jackson took Tom Carper's position and became the State Treasurer for a week.

Girls State is a state wide program sponsored by the American Legion. It is for the purpose of providing high school students throughout Delaware a chance to learn first hand the actual workings of state government. Like the Boys State program held a few weeks ago, Girls State is staged in Legislative Hall in Dover and closely resembles an actual working session of state government. Issues are debated, mock laws passed and details are attended to regarding the real workings of our legislative branch.

"The girls were just great," said Mrs. Dale Roth, one of the

## Shopping center holds July 4th celebration

Quillen Shopping Center in Harrington was a busy scene last week as the merchants there staged their first Fourth of the Center's Celebration. Ekeh of the Center's six merchants held a special sale for the three days from July 5 through July 7. In addition, a daily drawing in each store entitled a winner to a 10% discount on any purchase made there. Those selected in the 10% drawings became eligible for a daily drawing for a thirty dollar gift certificate that could be used in any of the stores.

The three gift certificate winners were Margaret Wicks, Phyllis Bonniwell and Albert Larrimore, all of Harrington.

In addition, there were some special activities and displays to help underscore the days of celebration.

Hit of the week was the Jolly Timers Band from the Harrington Senior Center. The music and enthusiasm of this group set the tone for the celebration as they played for a straight 45 minutes.

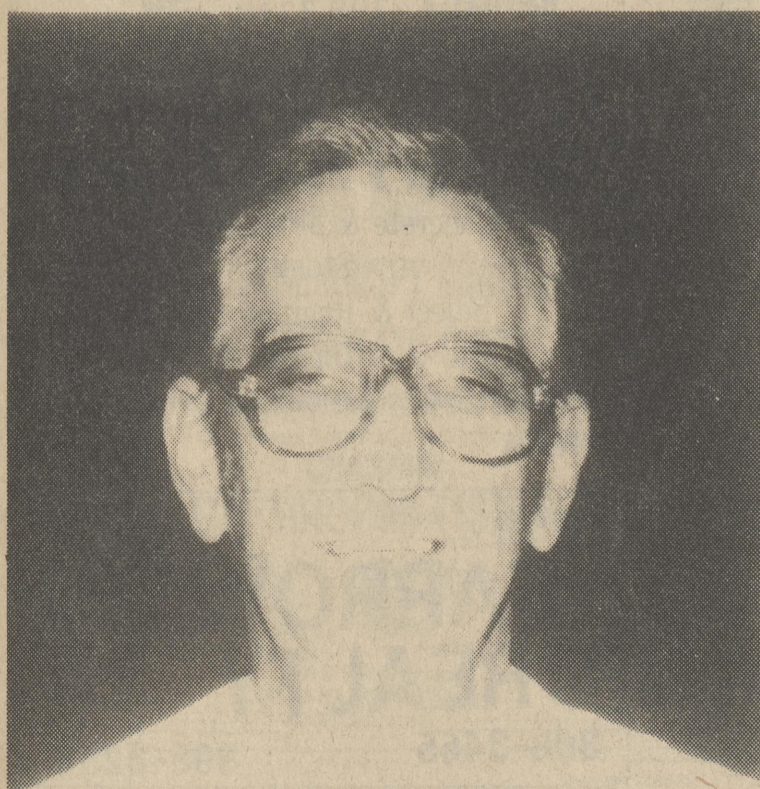

Before it all ended, they had participants and onlookers alike dancing in the July sunshine.

Members of the Jolly Timers include: Bazoocas - Bertha Dean, Roxanne Brown, Sylvia Meredith, Cecil Meredith, Florence Minner, Ella Golt, and Lilli McBride; Washboards - Essie Redden and Joe Burke; Piano - Ina Hughes and Sylvia Meredith; Clarinet - Andy Anderson; Trumpet - Tony Ferroni; Cand Box Drum - Marion Brown; Bells - Elsie Neal; Triangle - Ola Tildon; Large Tambourine - Annabelle Morrow; Mchettes - Mildred Vincent; Saxophone - Larry Kommer, and Beanpot - Miriam russum.

On Saturday afternoon, Neil Russell of the Harrington Volunteer Fire Company brought up one of the large trucks which was then open for public inspection. At the same time, area Girl Scouts set up a table displaying some of their activities. Flyers were available for girls who might be interested in joining when those activities resume in the fall.

A shopper stops to question Rebecca Brown and look over the Girl Scout display at Quillen's Shopping Center.

Melvin Wyatt at the last Harrington Chamber of Commerce meeting was named President. Wyatt a native of Harrington resides on Sims Street. He has been active in community affairs namely with the local Fire Company. Wyatt succeeds Carl June. Other officers elected were Ray Gagne, V.P., Bobby Taylor, Secretary, and David Jones, Treasurer.

See next week's Journal for a special supplement featuring the 60th Delaware State Fair

## Heritage update

As Heritage Day approaches, the Greater Harrington Historical Society is working hard on getting craft tables ready for a flea market which is becoming more like a craft bazaar. This is to be held all afternoon on August 11 and will be located in the parking lot at the First National Bank.

Many people have signed up for the Flea Market/ Craft Bazaar which will feature such craftsmen as Sharon Lynch and her calligraphy; Bob Burdette and his hand built wood furniture; Cathy Allston

with her collection of pen and ink sketches; Mr. & Mrs. Garton with barnyard sculpture, jointed wooden dolls, wildlife carving and painting. Fae Mitchell will be showing and selling some of her paintings, and Flo Powell is bringing her collection of outstanding macrame and dried flowers.

Also participating in the flea market will be Mike Clough, who will have some of his bottle collection for sale, and Mark Homewood, who will bring his comic book collection.

The Friends of the Harrington Public Library will have a used book sale and craft table which will be located in the flea market area.

In addition, many local organizations are planning to participate. These include the Century Club, the Senior Center and Asbury United Methodist Women.

The Ladies' Auxiliary of the Harrington Volunteer Fire Company has planned a Homemade Ice Cream Festival for the day.

And the list goes on! Look in next week's Heritage Update in the Journal for more details.

### Oops—We Goofed

There were some errors in the last Heritage Update. Here is the correct information. Music for the Barn Dance which will be held Friday night, August 10 at Welch's Mill will be provided by the Home Sweet Home Boys. Jimmy Emberlain and Bill Simmons will provide musical interludes while the dancers rest their feet. Those who get their dancing shoes warmed up Friday night and want to continue will have two opportunities on Saturday night as the Heritage Day activities wind up with a street dance in two sections. On the First National Bank parking lot, Past Tense will be performing. For those in a different musical frame of mind, In the Mood will be holding forth on the Peoples Bank parking lot.

The gentleman to contact if you have items for the American Legion Auction on Heritage Day is Ray Gagne at Stone's Hotel (398-3434)

### Help! - Lard Needed!

On Heritage Day Mildred Welch will be demonstrating the magic whereby she turns the smelliest old lard into perfumed cold water hand soap. However, some help is needed. Anyone who would be willing to donate some lard or who knows where some can be found should call Mrs. Welch at 398-8314 or stop and see her at 215 Delaware Avenue in Harrington. Mrs. Welch says it will not matter if the lard is rancid. Lye and the magic will still do the job.

## EMPLOYEE OF THE WEEK

Lisa Twilley

Lisa Twilley of Harrington, head bookkeeper of the "friendly bank" The Peoples Bank of Harrington.

Lisa is in charge of Bookkeeping facilities and had worked at the Peoples Bank of Harrington since July, 1977. She enjoys working in her chosen field and working with the others in the department who are Carol, Janet, and Beverly.

Lisa lives in Harrington with her husband, Ben, who is a police officer with the Harrington Police Department. Lisa enjoys collecting coins as her hobby. CONGRATULATIONS LISA!

**CORRECTION:** Beverly Wyatt started to work at the Peoples Bank of Harrington in 1977 not 1979. Her daughter Kristin is age 4 not age 5 - sorry Bev.

Any Questions About Your Acc't See

## New Rates for DP & L

Delmarva Power & Light Company filed new rate design proposals on July 2 with both the Delaware and Maryland Public Service Commissions which would provide changes in the way electricity is billed to its customers.

According to Edward F. Spear, Vice President for Public Relations for the company in Wilmington, the filings are part of ongoing studies and hearings for both State Commissions to explore rate designs which will more closely reflect the actual cost of service to each class of customers.

Spear said the filings are intended to respond to the national rate-making standards contained in the Public Utilities Regulatory Policies Act which was signed into law by President Jimmy Carter on November 9, 1978.

"These filings are not requests for rate increases, but are to consider ways of charging for electricity in the most equitable manner," Spear emphasized. The company is proposing that the new rate designs be put into effect in June, 1980.

"Since the design of the proposed rates differs from present rates, there will be some shift in costs both between and within customer classes because the rates are more closely related to the cost to serve an individual customer," he said.

"As part of the filings with the Commissions," Spear said, "we will be offering experimental rates to a limited number of residential customers on a voluntary basis. Their ability to control their use of household appliances and to change their patterns of use will provide important load research information as we explore new billing methods."

Between now and June, 1980, there will be a series of hearings in both Delaware and Maryland in anticipation of a decision by the commissions prior to the rates going into effect.

## Rebekah Meeting

"On Saturday, July 21, 1979, the regular monthly meeting of the GENERAL SERVICE COMMITTEE OF THE ODD FELLOWS and REBEKAHS OF DELAWARE will be held in the rooms of Morning Star Lodge No. 6, Independent Order of Odd Fellows, Smyrna, De. with Chairman Betty Heisler calling the meeting to order at eight (8:00) p.m. The public as well as members are encouraged to attend."

Graduates of Trooper Youth Week at the Delaware State Police Training Academy included Shelly Holmes, Phillip Woehrie and Richard Ashley of Milford and Kevin Pritchett of Bridgeville.

# Editorials

## Publishers Choice

BY HARRY G. FARROW, JR.

"...let's become more self-reliant and independent..."  
There has been a Niagara of words and phrases written about the present oil crisis. The concern is that the crisis might cause a world wide recession. The potency of the subject matter is such that no one has a clear cut answer on the subject.

The basic result is the failure of acceptance of this as a crisis. It is hard for anyone raised in this country to accept the fact that we would be without anything...namely gas and oil. Are we? Personally I doubt that we are...and I know by adopting that view...it sounds like that voiced by so many. No...I doubt that we are out of oil...not out of that stuff God made so much of and continues to make. Is it a smoke screen? While we worry and fret over the gas shortage, those who control our lives are working to corner the market in other areas of energy. They have to...Greed drives some people beyond comprehension, and many of the oil barons here and abroad have that wide streak cut down the middle of their back.

The oil crisis has been happening for the past 15 years, and as recently as 1974...when following that crisis the government should have done something to convert to other sources of energy. We know from our auto coverage that cars and trucks can be built with high horse power and get 45 m.p.g. Why haven't they done it? Back before the price of gas went up...no oil company was going to make money selling gas for 20 cents a gallon, which was what it was selling for 15 years ago. With the price of gasoline in Europe and elsewhere at such a high price, it is unlikely that it would ever go back here. This is why the move to the sun belt area of the country now are paying off. The suggestion is to convert, but the oil barons realize that and this is why they must corner the market elsewhere.

Now is the time to ask however where are those who supported Proposition 13. Where are those who scared the politicians of this country out of their wits? We need them now! But what does it all mean...what does it suggest? It means that we are alone in this battle, and even in this community of ours where most of us have our life savings tied up on our homes or business for us to survive, we must learn to become self reliant and independent. We must find ways to restore our tax base which this Town has suffered without too long. We must relieve the tax burden from the citizens of this Town for with the advanced prices on the cost of fuel oil and gasoline, there is no way a person on fixed income can make it. If the council does not find ways to bring more tax dollars into the treasury, the Town will not be able to carry the load of its responsibility. Let's look to new housing starts and more small shops...and look for ways to pay for the needed services for the community. It will break the backs of those who presently live here if we don't.

## My Opinion

by Bruce Levy

Energy, inflation, red tape, crime, pollution; there are many things to worry about these days. So much so that the things that don't affect us directly can be lost in the shuffle of daily life. But something is happening, something that shouldn't be.

At this moment there are thousands of people adrift on the high seas. Oh yeah, you say, that Boat People. Why they are there, and whose fault this is, is a moot point. The fact remains that these unfortunates are there and they are dying a horrible death. This in itself is a terrible thing but, to me, of equal grotesqueness, is the attitude of many Americans.

We seem to be ignoring the plight of these desperate people. We also seem to ignore the fact that most of us have Boat People in our immediate backgrounds. America was made great by the influx of a diverse crowd of immigrants. For example, when Germany was systematically herding the Jews for slaughter we took in the Einsteins that came begging for shelter and became a better nation for it. What is the difference now?

Sure we have our problems here with overcrowding and lack of jobs. But there are children out there. Little ones. Helpless ones. Have we forgotten what it says on our cherished Statue of Liberty?

We spend billions and billions to battle communism around the globe, much of it on propaganda. Here is a golden chance to prove the superiority of our system by showing the enslaved nations that we live by higher standards and indeed have moral righteousness on our side. Is a powerful statement, probably more powerful than bullets could ever be.

So what can we do? Leave it to the government? Of course not, there are many things we can do ourselves. Find out who the agencies are who handle these types of things, send them money, volunteer to solicit funds, accept a family into your home if you can. There are so many ways to help if we didn't look toward the government to solve everything.

As you read these words a baby clings to its mother on a leaky boat with no food or water. What if that was your child?

## Fair stockholders elect new directors

HARRINGTON FAIRGROUNDS - With the 60th Delaware State Fair right around the corner the stockholders met at the Fairgrounds on Monday night for the formal presentation of the Annual report and the election of new Directors. The report showed a decrease of \$23,178 in gross revenues "...due largely to the cancellation of one of the main stage attractions...", said President Robert Rider. It was further disclosed that the expenses were

down also by nearly \$20,000.00, which showed a profit before depreciation of some \$25,000. After depreciation there was a loss of \$6,192.

The new Directors elected were William Henderson, a retired Sussex County Agricultural Agent, Dr. H. Wesley Towers of Harrington and a State Veterinarian, and N. Maxson Terry, Jr. a Dover Attorney and also the Legal Counsel for the Fair.

## Girls State (Cont.)

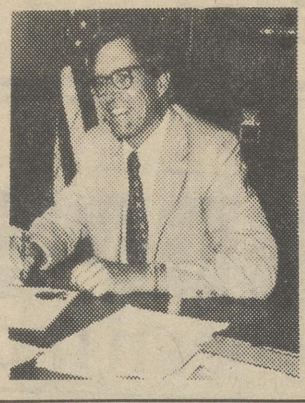

organizers of the week long event and a resident of Harrington. "Every year the program seems to get better for everyone involved."  
"We did things a little differently this year," she continued, "and it worked out very well. Instead of trying to combine city and county government legislative work into the one week we held the local meetings earlier in the year. That meant we had the whole week to be involved with the state government. We got right to work on Monday with the state wide convention and it couldn't have gone more smoothly."

"One thing I wasn't happy with was the coverage we received from the press, including the Harrington Journal. I would be willing to bet that if the girls had broken the windows in the dormitory and had caused some kind of problem, every newspaper in the state would have carried a big story," Mrs. Roth said.

Elected as delegates to the National Convention in Washington D.C. were Reina Dickerson of Cape Henlopen and Tracy Quillen of New Castle. The National Convention will begin on July 17th.

## Thoughts From Dover

By Governor Pete du Pont

Since his appointment nearly six months ago as the state's Public Advocate, Evan Wilner has been moving ahead on several fronts to lower electricity costs to consumers and to represent the public before the Public Service Commission.

For example, Mr. Wilner has already appealed to the PSC to reject a \$6.4 million rate hike requested by Delmarva Power and Light Company to pay for the costs associated with Salem II nuclear power plant. Mr. Wilner reasons that since the plant is not yet in operation and the cost estimates are only estimates, then the consumer should not be forced to pay for the operation of the plant until it is in existence.

Moreover, Wilner has asked the PSC to order DP&L to return about \$1.5 million of an \$8 million rate hike given to DP&L this year because only 16 days after that increase was granted federal taxes were reduced on corporations such as DP&L.

The Public Service Commission never intended for DP&L to receive that financial windfall; it rightfully should be returned to the ratepayers.

Wilner is also participating with other government agencies and private companies seeking new rate designs from DP&L such as optional interruptible air-conditioning, electric water heating and space heating services.

The Public Advocate's office is also working with citizens in helping them resolve their problems with utilities, such as with billing, meter reading and service. Wilner is also working with the state Energy Office to help mount a conservation program among Delawareans so we can reduce our reliance upon OPEC oil.

In just six months, the Public Advocate has become involved in protecting the consumer from unfair business practices by regulated industries. The consumer deserves - and is now getting - the representation he or she needs in matters pending before the Public Service Commission.

## Sen. Thurman Adams writes....

The first session of the 130th General Assembly adjourned 23 hours before its midnight, June 30, deadline which is the earliest I can remember.

After I wrote last week's column, the General Assembly passed three or four significant pieces of legislation affecting all of us. The annual bond bill will finance roads, schools, navigation projects, and other state building projects and once again in effect reduce our bonded indebtedness, which has been going down since the General Assembly in 1975 enacted a law limiting state borrowing to 75 percent of the amount of the debt retired in the same year.

We also enacted an omnibus amendment to the annual budget bill which increased the total by \$1.1 million, taking care of some items which "fell through the cracks" during the lengthy budget-making process.

The two bills which probably will affect downstate more than any of the others had to do with education. The state "saved" some \$4.3 million last year when New Castle County teachers went on a 29-day strike. The savings resulted because the teachers weren't paid during the strike, and the state puts up most of the money for their salaries.

However, the New Castle County School District insisted that these savings be pumped back into the district's budget for the coming year, arguing that taxes would have to be raised if the money wasn't forthcoming.

There were many of us in the legislature who were sympathetic to the needs of the upstate district, but felt the district and the teachers shouldn't be "rewarded" for going on strike against state law. After many, many hours of negotiation and compromise, which threatened to drag the session on for an indefinite period, the General Assembly passed two measures (HB 157 and HB 449) as a solution to the problem.

The first bill allowed the New Castle County District to use \$2.9 million of the salary savings instead of \$4.3 million. The second bill appropriated \$1.8 million additional for educational advancement, which is known as "equalization" money.

Every school district in Kent and Sussex County will get additional funding under the provisions of HB 449. The legislation will increase from \$1,600 to \$2,165 per unit the equalization funds going to the poorer school districts, enabling the districts to upgrade educational programs without increasing local property taxes.

It is ironic, I believe, that these equalization funds which will go to the downstate districts are a direct result of the upstate teacher strike last October 15 to November 17. I'm sure that when the New Castle County School District teachers went on strike for increased salaries they never dreamed their action would wind up helping Kent and Sussex County schools.

## Council (Cont.)

eventually drains across U.S.13 towards Jackson's Ditch behind Hollywood Cemetery.

### E.P.A. Progress

The Harrington City Council voted last night to accept the Step III E.P.A. grant offer for 75 percent federal funding of a sewer rehabilitation project that would include some minor replacements and the grouting and cleaning necessary to bring sewers up to inspection standards.

It also heard from a representative of E.A. Richardson & Associates of new E.P.A. policies which will affect the granting of any new project funds or the payment of any funds already approved for a Step III grant. Step III in any grant process is the construction phase of the project.

These policies would require several things including:

-the setting of a 10 to 25 percent minimum goal for the inclusion of minority owned business in construction projects. This means that the recipient of an E.P.A. grant would make an honest attempt to have minority owned businesses or contractors bid on and participate in the federally funded projects. It would not insist that the recipient meet that goal if there were no qualified applicants. The Harrington Council formally adopted a 10 percent minimum goal as its policy.

-the E.P.A. will also require

that recipients for grants for sewer construction show they are maintaining records which will lead to the development of a user charge system which will actually cover the cost of maintenance and operation.

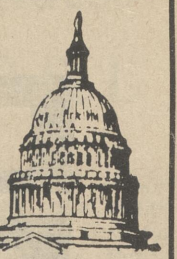

-grant recipients must further agree to inform residents and users at least once a year on the rates they are being charged, to guarantee that no toxic materials are discharged into the sewer system, and to check on users who might be emitting heavy strength waste water that could overload the system. They must also set a specific process for citizens to follow in any appeal of sewer rates. The Council approved a \$1500 ceiling on fixed charges and costs for investigating whether specific users (business or industrial) might be emitting a heavier strength waste water.

In other business, the Council approved the proclamation that Heritage Day will be held on August 11, 1979 and will be a day in which flags are to be flown in the Town. It was also decided to waive the peddlers license requirement for flea market participants for the day. Librarian Jacquie Davis, who is coordinating the Heritage Day efforts, reported the flea market is growing and may spill over from the 1st National Bank parking lot onto Dorman Street.

## Thoughts From Washington

By U.S. Senator Bill Roth

## DELAWARE'S MONEY LIES DORMANT

What would YOUR bank do if you never cashed a personal check you had written two years ago? Would it cover your uncashed check with another person's money? Well, the federal Treasury does just that -- and with Delaware's money!

Along with 25 other states and the District of Columbia, Delaware sends monthly payments -- \$67.53, on the average -- to the federal government to cover each of its 750 Supplemental Security Income (SSI) checks issued to disadvantaged citizens. Every month, the government pays an average of \$111.71 to each of 4.2 million people under the SSI program.

As of August, 1978, there were 204,000 SSI checks outstanding after only seven months. What's more astounding is that 140,000 of these are outstanding over two years. Delaware's money remains in the Treasury to cover these uncashed checks -- perhaps indefinitely! This money does not help the needy, it lies dormant in the federal Treasury!

To remedy this, I co-sponsored a bill to insure states are credited with the money due them for uncashed checks. If an SSI check is

not cashed within six months, Delaware's supplemental payments would be credited to the SSI and to our state accounts. Six months would give needy, poor, and disabled people plenty of time to cash their checks.

In addition, the Treasury would provide the Social Security Administration (SSA) lists of cancelled checks for the surveillance of these welfare accounts. From this list, all outstanding checks could be readily identified. The detection and elimination of fraudulent accounts would further reduce the cost of the welfare program.

After consideration of this bill and consultation with Pat Schramm, secretary of Delaware's Health and Social Services, I co-sponsored this legislation. Should not the people of Delaware be credited with their money -- money which has been unnecessarily tied up in the federal Treasury?

Through this bill, I believe that we may reduce the inefficiency and needless expenditures in the welfare program. Only in this way may Delaware and other states constructively help needy people.

## Sen. William Murphy writes....

Because of the deadlines under which this column is written, it was impossible for me to wait until the end of the first session of the 130th General Assembly to write it. As I'm writing this, several major pieces of legislation, including the bond bill and budget amendments, have not yet been considered. I'll comment further in weeks to come.

I voted against legislation (HB 84) to write an initiative and referendum provision into our State Constitution, and those of us who opposed the bill were successful up to the time this is being written.

Under HB 84, 10 percent of the number of votes cast in the previous election would be enough signatures on a petition to initiate a bill in the General Assembly. The same number of voters could block any bill passed by the General Assembly until a statewide referendum was held to approve or disapprove it.

As a matter of fact, the proposal had me wondering how the proposed amendment got approval of both the House and Senate when it passed the first leg a year ago. You can imagine the chaos that such a provision would create in the General Assembly.

Let's take an example. The legislature passes and the Governor signs a bill prohibiting a utility company from putting into effect a \$30 million rate hike, as happened when the General Assembly passed by SB 142 two years ago.

Under initiative and referendum, that law couldn't go into effect for 90 days. During that 90 days, the utility company could spend hundreds of thousands of dollars to mount a campaign to get 25,000 signatures on a petition calling for a referendum. Let's say they got the required number of signatures. The next step would be a statewide referendum on the question of whether or not the law should go into effect. Let's say the referendum is held on a rainy day and only 50,000 voters go to the polls. A majority of that would be 25,001. That means 10 percent of the voters could negate a law of the General Assembly.

But what's worse, the utility users would have been paying the higher rate for all that time!

I believe in the representative form of government, and I always have. Since our nation was formed, the people have elected representatives to Congress and the citizens of Delaware have been electing representatives to the General Assembly. If those representatives don't do their job, the people throw them out. And that's the way it should be.

On June 5, I sponsored a Senate Joint Resolution urging the State Insurance Commissioner to deny a rate increase of \$4 million requested by the companies which write workmen's compensation in this state. Last week the Commissioner honored that request and denied the increase, at least until January.

Delaware's businesses have had one rate increase piled on another for workmen's compensation insurance they are required to have. I didn't think yet another hike at this time could be justified. After all, the businessman doesn't absorb this cost---he passes it on to the consumer, which is all of us.

## Letters to the editor

Dear Editor:  
Ten acres of land on Peck Avenue is proposed for rezoning in order to build 48 units of HOUSING FOR THE ELDERLY.

The proposed units will be privately owned and managed and be for elderly people in the annual income range of \$8,000-\$16,000.

A public hearing on the proposed rezoning will be held in the City Hall on Thursday, July 12 at 7:00 P.M.

You should attend so as to be aware of what is proposed and in

order to make your interest known.  
Sincerely  
Dudley Willis, Land Owner.

Dear Bruce,  
Really appreciated the nice spread you gave to the 512th MAW in this week's paper. The photos were great, the copy both interesting and accurate. Well done!

Sincerely,  
WESLEY BELL

## Gab Fest

By Pat Hatfield

This is the evening of the glorious Fourth, but the weather has been disappointing and ruined many a cookout. The rain started here about 2 p.m. A cold, chilly air prevailed and the flags flapped miserably in the wind. Now, the family have a good joke on me. The phone rang today and a youngsters voice said, "This is Angie. Could you folks come over for a cookout or cookin, if the weather is bad?" I have two friends, each with a daughter named "Angie". Of course we arrived at the wrong one first. So, after a short visit and a good laugh, we journeyed on to the second one and found all the delicious food awaiting us. Her husband, Gary had made his good Barbecued spareribs, and there were the usual hamburgers and hot dogs, potatoe salad, etc. And a great new casserole of Brussels sprouts, cauliflowers and broccoli in cheese sauce, new potatoes with their red skins bristling in butter, new potatoes and carrots, and Hilary had made a nice cake. It was so good, but the fellowship was even better than the food I felt a moment of complete happiness, and I remarked that at that moment there was no place on earth I'd rather be.

When I was a little girl growing up on a farm near Milford, the Fourth of July meant a freezer of homemade ice cream in the afternoon, with family members and neighbors dropping in to enjoy it with one of the grandmother's big layer cakes. Looking back, I cannot remember a cold, rainy Fourth of July then, but surely we must have had them sometimes. All I seem to remember is the hot sun on my neck as I trudged down the rows in the garden, dropping pieces of potatoe for grandfather. He would plant his late potatoes on the morning of the Fourth. But the thought of that ice cream kept me going until the job was done. Why does the second cup of

coffee always taste so much better than the first? In my own case, I know it isn't the coffee at all. I'm not that fond of coffee. But after breakfast is over and Dad has gone about his work, the second cup gives me an excuse to linger, to rest a bit more, to plan my day, to write this column, to make a few phone calls to friends, or just to sit and meditate. Life in this confused world seems to demand so much rushing around that there is no time to stop and think and evaluate what is going on.

These are busy days and will continue to be so. I know that if I fill the freezer, we will have an easier winter, both financially and labor wise. If the weather is bad or prices sky rocket, I can reach into the freezer and plan a delicious meal very quickly. The strawberries, peas and cabbage are all in there. The pickled beets, pickle sticks and bread and butter pickles are in the cupboard. A friend gave me the cucumbers. If you have a surplus of cucumbers, the pickle sticks are very easy to do. Here's how. Wash about nine medium cucumbers and cut into long sticks. Put over them 6 cups of boiling water and let stand several hours or overnight. Drain and pack into pint jars. Make a syrup into a saucepan thusly: 2 1/3 cups vinegar, 2 1/4 cups sugar, 2 tablespoons salt, 1 tablespoon celery seed, 1 tablespoon whole mustard seed and 3 1/4 teaspoon tumeric powder. Boil 5 minutes and pour over the sticks in the jars. Adjust lids and process in water bath 5 minutes. Seal.

What a good growing year this is! The vegetables and flowers are growing like the weeds usually do! It is a little chilly on the beach goers, but it is so nice to pull up a blanket and sleep snugly through the summer night. So far, only two mosquitoes have wandered into our bedroom, and they were very non-aggressive. The first slap finished them right off.

## Days Of Our Years

### Ten Years Ago

Susan Fair, daughter of Mr. & Mrs. James M. Fair was married to Kenneth H. Filer, son of Mr. & Mrs. Edwin E. Filer, Jr. of Chadds Ford, PA. The ceremony was held at St. Johns Catholic Church, Milford, by the Rev. John J. Cremins. A reception followed at the New Century Club, Harrington.

Mr. & Mrs. Walter Messick and Mr. & Mrs. Bobby Collins and children spent the weekend camping at Trap Pond. Mr. & Mrs. Dale Dean are spending their vacation camping at different camp sites.

Mr. & Mrs. Melville Taylor and Mr. & Mrs. Richard Schultie were visitors of Mr. & Mrs. William Outten at Rehoboth Beach. Mr. & Mrs. Howard Wagner, of Felton, and Mr. & Mrs. Mark Willey are spending this week in Nova-Scotia.

In honor of the 50th wedding anniversary of Mr. & Mrs. Reginald McKnatt, Mr. & Mrs. Donald McKnatt invited all friends to attend an open house, on Sunday, July 20th from 5:00 til 8:00 p.m. at the Harrington New Century Club on Dorman Street.

### Twenty Years Ago

The price of 1959 crop soybeans will be supported at \$1.80 per bushel in Delaware. Paul W. Mitchell of the Delaware Agricultural Stabilization and Conservation office announced this week. The basic rate is for No. 2 soybeans with 1.8 to 14% moisture. To be eligible for support soybeans must grade No. 4 or better and contain not more than 14% moisture.

Locally grown vegetables are increasing in supply as harvesting continues. Sweet corn and tomatoes are just beginning to be picked and it is expected these two favorites will reach volume proportions in the early part of the month. Wayne Rawding and two friends

went tuna fishing at Indian River Inlet 50 miles off shore. They caught 35 tuna weighing 7 1/2 to 30 pounds. They went on a party boat the "Mohawk".

Mrs. Clarence Frain, Miss Emily Collison, Mrs. N.J. Harrington and Elizabeth R. Legates had lunch at the Dinner Bell Inn in Dover Monday. After lunch they motored to the Jackson cottage at South Bowers where Mrs. Harrington's daughter is recuperating from an infection caused by a strept throat. The double ring ceremony of Doris Ella Hack, daughter of Mr. & Mrs. John L. Minner, Harrington to Leroy M. Calhoun, son of Mr. & Mrs. Medford Calhoun of Greenwood, took place Sunday, June 28th at 2:30 p.m. at Trinity Methodist Church in Harrington.

## Greenwood

By Pat Hatfield

Hickory Ridge Congregational Methodist Church was the scene of a lovely wedding on Saturday, June 30, at 2:00 p.m. when Juanita Jerman, daughter of Mrs. Delema Jerman was married to Dennis Whaley of Seaford. The reception was served by the ladies of the church immediately following the ceremony.

The Greenwood Methodist Church Vacation Bible School is now going on with classes from Kindergarten to adults. The Director is Mrs. JoAnne Davis.

Mrs. Jacob Hatfield spent Sunday with Mrs. Albin Ottey in celebration of her birthday which occurred on July 4.

Mrs. Alice McIvaine, Mrs. Theresa Ottey and Mrs. Jacob Hatfield spent Tuesday afternoon in Seaford.

Mr. & Mrs. Gary Davis entertained on the Fourth to a cookout, or rather cookin, because of the rain. Their guests were Mr. & Mrs. Jacob Hatfield and Mr. & Mrs. Gary Bollinger and children.

Callers at the Jacob Hatfields this week were Gene Carlisle, Bill Seibert, Mrs. Alice McIvaine, Mrs. Theresa Ottey, Mr. & Mrs. Allen Whitelock and children and Mrs. Ellen Bollinger and children.

Cheer Center News: July 2-8. The Greenwood Center is planning a trip to Niagra Falls, Canada on September 17, 18, 19 and 20. The cost of the trip will be \$110 not including meals. Motel, bus fare and tours are included in the above cost. A fifty dollar deposit must be made with all reservations, the balance to be paid in thirty days. Call Greenwood Center 349-5237 for further information. Reservations are being taken now and must be in by August 1.

The Center was very pleased to welcome the Oak Orchard Center for lunch on Tuesday, July 3. We have also had Mrs. Ann Boothe and her brother Harry Rankin from Philadelphia as recent guests of the Center. Sherri Smith is our Ceta helper for the Center during her vacation.

Mrs. Anna English was a guest this week for lunch.

July 11 is the day for our members meeting. July 12 lunch at 11:30. Shopping day at Seaford.

Crafts for the week have been the making of spreads and matching waste baskets: crocheted rugs and needlepoint articles.

We wish to report that Margaret Fountain received the Senior Citizens Award for the month.

We are also reporting that Mrs. Helen Workman is recuperating at her home.

Don't forget to sign up for the bus trip to West Grove to see Loretta Lynn and other stars on August 12. Price \$15.00 per person; special rate to Senior Citizens - \$12.00. This includes fare and admission to the show. This is sponsored by the Greenwood Lioness Club.

Michael Baker, son of Mr. & Mrs. Raymond Baker, has been honorably discharged from the Air Force after six years of service. The family celebrated, along with their son Kevin, at The Rusty Rudder in Dewey Beach. Michael is now living in Blacksburg, Virginia and will enter Virginia Polytechnical Institute in the fall.

On June 23, 1979, Mr. & Mrs. Millard Daugherty, Maryland and Governor's Avenue, hosted the first Family Reunion of the Daugherty family. There were 77 family members present from points in Delaware, Maryland, Virginia, Washington, D.C., Pennsylvania, and North Carolina. Other guests included Mr. & Mrs. Arthur Crisfield of Seaford, Mr. & Mrs. W.O. Bell and Mr. & Mrs. EL Charnick of Bridgeville.

Each family brought food to create a most outstanding smorgasbord. Tables and chairs were set up in the shade of the maple trees on the spacious lawn.

Crisfield, Maryland being the "hometown" for the Daugherty family, it was very fitting that Mr. Crisfield, with his wit, tell the family how Crisfield was named for his great-great Grandfather.

Family members were eagerly listening to see who would be awarded the souvenirs in the different categories.

1. For those coming the farthest distance, Mr. & Mrs. David Japelle, Raleigh, North Carolina, 452 miles; Oldest lady present, Mrs. Marie Somers, FMarion, MD, 88 years old; Oldest man, Mr. George Morris, Crisfield, MD, 98 years old; Youngest child, Joseph DeVito, Baltimore, MD, 22 months; Newlyweds, Mr. & Mrs. Alyne Longfellow, Salisbury, MD, 3 1/2 years; Married the LONGEST, Mr. & Mrs. Howard Sheppe, Washington, D.C. 45 years; Most children, Mrs. El Parkinson, Crisfield, MD 5; Most grand-children, Rev. and Mrs. Floyd Burris, Chincoteague, VA, 9; Teen-age girl with birth date nearest June 23, Karen Daugherty, Salisbury, MD; Teen-age boy with birth date nearest June 23, Michael Kirk Daugherty, Snow Hill, MD; Woman with the best understanding, Charlene Kelley, Crisfield, MD; Man with "the most" in the midriff, George "Nook" Ward, Crisfield, MD.

The souvenirs were such that will be treasured since they were ceramics very carefully depicted for each category with the words "Daugherty Reunion 1979" written in gold and fired for lasting beauty. Games and door prizes were also awarded.

Nancy Daniels of Milford, DE surprised everyone by bringing a beautifully decorated cake for the occasion, which was served the latter part of the day.

Food, fun and fellowship was the order of the afternoon. Plans for the next reunion in 1981 were approved and a Committee was appointed to decide the date and location.

## Senior Center News

by Dorothy Graham

Monday has been so busy, but we almost always begin with Bible Study with Mrs. Meridith and Mrs. Judy as leaders. Singing rings thru the center and it does you good when you hear them. Mrs. Murphy has been coming with nutrition, she has been most pleasant. She follows each session with a quick quiz to sorta keep you on your toes.

Jolly Timers practice every Tuesday morning and a jolly time they bring all of us. Thursday they played in front of Quillens Mall and those that heard them just had to be happy with them. It was fun! Skipped Wednesday as that was the 4th of July and the center was closed, but plenty activity by the members with their families and friends, picnics inside-it rained. Gas was short but who noticed, we were in good company! Twenty went bowling Thursday at Milford Lanes - high scores were Phil Astfalk, Marion Littmann. They must feel rather proud to be high with so many playing. Mrs. Murphy was here and ceramics was busy as could be.

Pool table and room sounds like a bee hive - wish it were possible

for me to put down on paper all that goes on there, it is most interesting. Many members came out to the craft room to listen and observe. Friday morning was exercise time with Charlotte. Sit down and stand up ones, all made us feel better. After dinner Friday, Larry was at the organ and it is the most natural thing, to dance a few steps, hum a song, in other words just have fun - fun! "Your never fully dressed without a smile." Don't know who said it first, know someone must have.

Played Bingo with Mrs. Anthony calling. High scores were plentiful. Cam took several local shopping.

July 16 we plan to make one of the following - snowman - santas - angels - or worms. Just what ever Mabel Jean can get first. Anyway part is for the center too.

Don't forget the Birthday Party, July 17. Atlantic City trip, July 18, of course we don't want you to forget to come everyday.

Thank the volunteers for an excellent job, Manna and Modern Maturity for the food and a special Best Wishes for you who are homebound, ill and to those of you who come to the Center.

## Harrington

Mrs. Carl R. June entertained to dinner at the Hue Coat Inn Dover the employee of the Harrington Pharmacy. Before dinner a cocktail hour was enjoyed at the June home on the Milford-Canterbury Road. The occasion was given for Mrs. Irene Welch who is retiring from the pharmacy where she was employed for 27 years.

Those attending besides Irene were Mr. and Mrs. Thomas Clendening, Mrs. Hazel Langrell, Mr. and Mrs. Homer Brown, Mr. and Mrs. Woodrow Welch, Mr. and Mrs. Mike Stayton, Mr. and Mrs. Charles Moore. Mr. Robin Outten all of Harrington and Miss Maria Dufendoch of Houston. We all wish Irene many happy years ahead in

which she can do all the things she enjoys.

The children of Irene Welch, Emma Lee, Iomigeme, El Lewis and their families.

gave her a retirement party Sun. July 8, 1979 at the home of Mr. and Mrs. Bill Horne at Joy Beach.

Those attending included Mr. and Mrs. John Tidwell, Mr. and Mrs. Douglas Campbell, Less Bayles, Mrs. John Curtis and Johnnie of Harrington. Mrs. Betty Measantin of Houston, Hazel Langrell, Dorothy, Graham Effie Raughly, Mr. and Mrs. Thomas Clendening and all of the employees of the Harrington Pharmacy. A wonderful time was had by all with plenty to eat and drink.

## Houston

By Margaret Thistlewood

The Houston Town Board will meet this Thursday evening, July 12th, at 7:30 in the Fire House. All interested persons are invited to attend.

Marla Defendreh spent last week at Wesley College in Dover attending Girls State.

Last Saturday, Mrs. Agnes Webb and Mr. & Mrs. Howard Spille attended the Eastern Star Summer Benefit held in Nur Temple near Wilmington.

Last Saturday dinner guests of Mr. and Mrs. Josiah Parvis were Mr. and Mrs. Tom Parvis of Hyattsville, MD and Mr. and Mrs. Kenneth Falston and daughter of Butler, PA and Mrs. Betty Parvis and Miss Connie Parvis both of Milford.

David and Kay Buck have returned home after visiting relatives in Angleton, Texas, sightseeing in New Orleans, Louisiana and the Gulf of Mexico and Houston, Texas.

Mary Fran Vinson is spending two weeks attending the Girl Scout Camp at Grove Point, Maryland. Susan Vinson is spending two weeks at Camp Todd near Denton, Maryland.

Mr. and Mrs. George Hack and children Andrea and Jon-David have returned home after a month's vacation. They visited Mrs. Hack's grandparents, Mr. and Mrs. Clarence Gordon in Darien, Georgia and toured St. Semor in Georgia and spent two weeks with his parents Mr. and Mrs. Gilbert Black in Smithville, Arkansas. While there, they attended a family reunion which was most enjoyable.

Mr. and Mrs. Louis Sharp of Pennsville, New Jersey were Wednesday visitors of Mr. and Mrs. George Thistlewood. Mr. and Mrs. Thomas Neigh and children of New Castle visited on Friday.

## Postal Service Announces New Regulations

Officer-in-Charge Powell advises these oversized pieces will be returned to the sender if they do not carry the 7-cent surcharge but can be remailed if the surcharge postage then is affixed. However, delays for these pieces can be avoided if mailers make sure that sufficient postage has been applied.

The new regulation also will prohibit thin or flimsy cards. After July 15, the cards must be at least seven thousandths (.007) of an inch thick.

"Small enveloped and flimsy cards tend to jam mail processing equipment and cause damage to other mail as well," explained Officer-in-Charge. "The surcharge an oversized or odd-shaped piece is intended to cover the added cost of handling such pieces which must be processed manually," he said. "These standards have been established to allow the Postal Service to process mail more efficiently and this will mean better service for customers."

July 15 is the deadline mailers have to use up small and undersized envelopes and cards, Harrington Officer-in-Charge John Powell reminds customers.

Starting that date, the Postal Service makes its new size standards effective. Cards and envelopes measuring less the 3 1/2 inches high or 5 inches long no longer will be mailable and will be returned to sender.

Extra large First-class envelopes - more than 6 1/8 by 11 1/2 will incur a 7-cent surcharge if they weigh one ounce or less.

## Armed Services

July 2--Navy Chief Boatwain's Mate Alfred C. Lewis, son of Alfred H. Lewis of Harrington, Del., recently participated in an off-shore discharge exercise conducted on the beaches of Fort Story in Virginia Beach, Va.

He is a member of Reserve Assault Craft Unit Two, Detachment 2806, based in Baltimore, MD.

The exercise consisted of two weeks of intensive training in amphibious and logistics operations for more than 200 members of Naval Reserve units from Ohio, New York, Maryland, Washington D.C. and Virginia. Operations were conducted with Navy personnel aboard amphibious ships and Army personnel attached to the 7th Transportation Group at Fort Eustis, VA.

The exercise included transportation of vehicles, containers and breakbulk cargo from Navy amphibious ships and Army motor vehicles using landing craft and amphibious vehicles. This training enabled the reservists to demonstrate their skills while maintaining a high level of operational readiness necessary to provide mobilization in the event of a national emergency.

Lewis joined the Navy in February 1942.

July 2--Navy Storekeeper Second Class Moses Roberts, whose wife, Deloris, is the daughter of Douglas and Anna Deputy of Box 53, Frederica, Del., has departed for a deployment in the Mediterranean Sea.

He is assigned to the combat store ship USS San Diego, homeported in Norfolk, Va., and operating as a unit of the U.S. Sixth Fleet.

Missions of the Sixth Fleet are to protect U.S. citizens, shipping and interests in the Mediterranean; to deter aggression against our Western European allies by maintaining mobile striking forces; to promote peace and stability in the Mediterranean area and to create goodwill for the United States.

While deployed, the San Diego is scheduled to participate in various training exercises with other Sixth Fleet units and with those of allied nations. Port visits are scheduled in Italy, Spain and France.

The San Diego is 581 feet long, displaces 16,500 tons and carries a crew of 430 officers and enlisted men. She serves as a "floating store" and is stocked with more than 25,000 general and technical supply items. While deployed, she provides underway replenishment for ships of the fleet.

Roberts joined the Navy in May 1972.

# Church News

## Calvary Wesleyan

The Delmarva District of The Wesleyan Church met this week in Denton, Maryland for their annual conference. Local lay delegates from Calvary Wesleyan Church were: Earl Griffin, Jack Carpenter, Carlton Goodhand, and John Mervine.

The Women's Missionary Society met at the same time for their

annual convention. Local delegates to the meeting were: Lois Carpenter, Buelah Simpson and Grace Sherwood.

A special Hymn sing is planned for this Sunday Evening, July 15 at 7:00. Lois Carpenter has arranged the entire service of music and songs around the theme - "FREEDOM LIBERTY IN CHRIST". A newly organized Youth Group from our

church will be participating along with a Men's Quartet. The Senior Choir and others from the local church.

OUR ANNUAL VACATION Bible SCHOOL is set for August 13-17. Interesting lessons, craft work, and a GIANT HELIUM BALLOON release are being planned for children-Age 4 through Teen. Reserve this week for VBS.

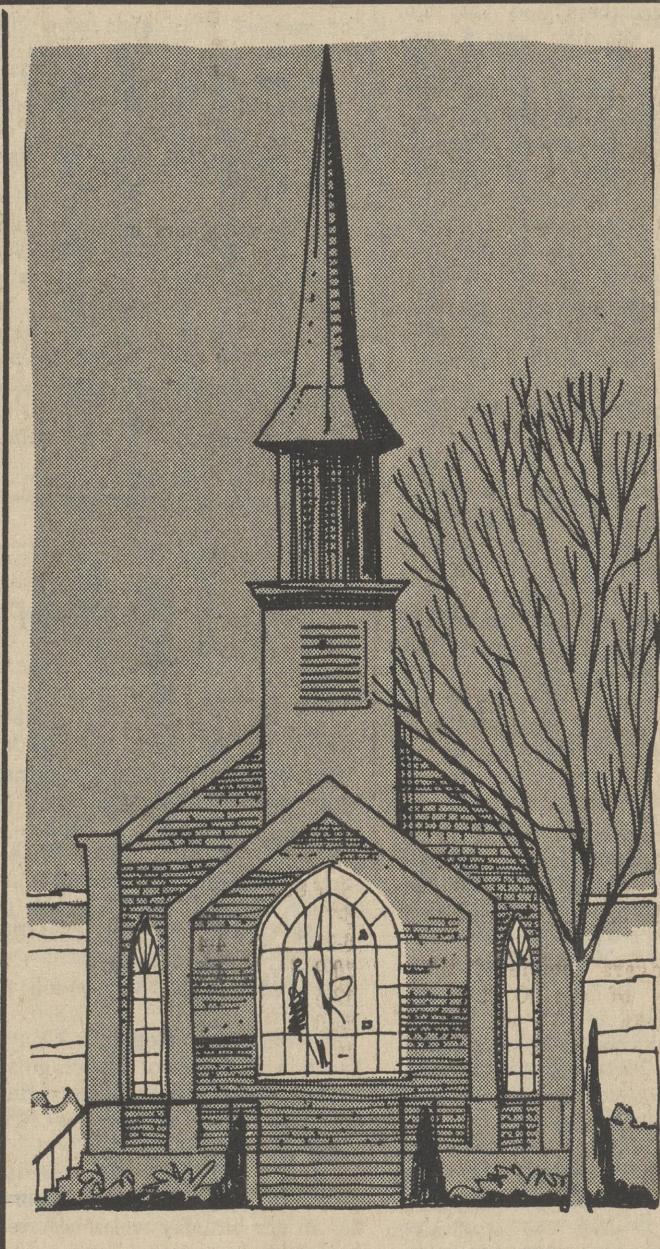

## Ellendale A.M.E. Church

The Mt. Zion A.M.E. Church of Ellendale will have an official church dedication at 1:00 P.M. this Saturday. The new multi-purpose building was recently completed at an estimated cost of \$85,900. The dedication will be officially

attended by the Rt. Rev. Richard Allen Hildebrand of Philadelphia. Other representatives expected to be there are State Senator Thurman G. Adams, Jr., and a representative from the Governor's office.

The dedication will be followed by a worship service and a fellowship dinner.

The minister of Mt. Zion A.M.E. Church is a Harrington native, Rev. EL Coleman. Rev. Coleman has 115 active members in his church.

This page is for your Church News We want it!

## Avenue Methodist Church

Marshall Evans and George Evans are competing in the South East Region Sail-Off sponsored by the Exploring Division, Boy Scouts of America, on Saturday, July 7th at St. Petersburg, Florida. The boys are members of Sea Explorer Ship 186 sponsored by the Avenue United Methodist Church, Milford, De. They will compete against

teams from five (5) other areas of the southeastern United States. If they win, they will be the South East Area team for the National Sea Explorer Sail-Off held in Cleveland, Ohio in August.

Marshall Evans, 17, is a Milford High School senior who is active on the wrestling and tennis teams. He is the Catholic Youth Organization president, holds a part-time job and is also in the school play.

George Evans, 16, the helmsman is a junior at Milford High School. He is three times junior sailing champion at the Lewes Yacht Club. George is on the soccer and tennis team and is a Catholic Youth Organization member. His other interests are participating in the school play and is now taking "disco" lessons. The boys are sons of Mr. & Mrs. George Evans, Sr. of Milford.

## For Your Information

Dear friends,

Some who have studied bereavement and grief say that there is therapy in doing things and having responsibilities in the funeral arrangements. If the funeral details have been prearranged and prefinaanced by the deceased, this could leave the survivors with little to do at time of actual bereavement. So you can see, there are pros and cons on the subject of prearrangement.

Respectfully,

*William C. Berry Jr.*

MILFORD 422-8091 FELTON 284-4548

## St. Stephens

The service of Holy Communion will be celebrated this Sunday by the Reverend Joseph James of Christ Church in Milford.

Sunday's service for July 8 was conducted by Lay Readers Bill Shaw and John Melling.

In the absence of the Vicar, emergency numbers to call are Senior Warden Ralph Poore (398-

8315) or Clyde Perry (398-3694). Fr. James of Christ Church Milford is on call.

Summer church school continues under the leadership and teaching of Helen McNally.

Birthdays: David Farrow - July 12, Novelle McReynolds - July 13.

Baptism: Susan McGinnis - July 13.

## Asbury Methodist

The schedule of July worship services continues with guest speaker and special music. The Reverend Fred Marvel will preach on Sunday, July 15, 1979. Special music will be provided by the Mason Sisters-Aleta, Joan and Mary Jean. They are the daughters of Mr. and Mrs. Albert Mason of Harrington.

On July 8, members and friends present at Asbury heard Mr. Bob Wheatley of Sharptown, Maryland and the Morgan Sisters and Donna Lewis.

## Obituaries

**ETHEL E. NICHOLS**  
BRIDGEVILLE-Ethel E. Nichols of Bridgeville, died Sunday, July 1, 1979, at Nanticoke Memorial Hospital, Seaford, after an apparent heart attack. She was 79.

Mrs. Nichols retired in 1960 as head cook of Bridgeville High School.

She is survived by her husband, Enos F.; three daughters, Anna E. Kelly of Baltimore, MD, Rosalie N. Mitchell of Millsboro and Louise Meiklejohn of Laguna Beach, Calif.; a brother, John R. Hastings of Bridgeville, two sisters, Mrs. John T. Williams of Federalsburg, MD, and Mrs. Everett Hubbert of Hurlock, MD, seven grandchildren and eight great-grandchildren.

Funeral services were at 2 p.m. Wednesday at the Hardesty Funeral Home, Bridgeville, where friends called at noon.

Burial will be in Hillcrest Cemetery, Federalsburg.

Harrington Journal

Harrington, Delaware

page seven

## Lofland wins state title

The Hershey junior track and field meet was held at Lake Forest High School's new all-weather track on Saturday.

Two weeks ago, elimination meets were held in all three counties and in Wilmington. Saturday, the finest athletes, survivors of the eliminations met for the state championships. A minimum of four of Saturday's winners will be chosen to compete in the national championships to be held in West Virginia. Last year, Billy Scott of Harrington, placed fourth in the national meet with a gargantuan throw in the neighborhood of 300 feet, in the boys 14-15 softball throw.

James Lofland, who will be entering the ninth grade, at Lake Forest, may be one of the athletes to make the national meet. Lofland, a natural distance runner has not had much experience, but the slender resident of the Hill's Market area, between Harrington and Felton, opened the eyes of a lot of knowledgeable track people Saturday. Lofland had captured the Kent County title in the mile run in the rather pedestrian time of 5:47. The Wilmington winner had pre-

vailed there in a very respectable 5:17.

Obviously, the upstater was a prohibitive favorite. Lofland allowed his rival to take an early lead, but stayed close for three laps, then waged an all-out war over the last 440 yards to take out a narrow victory.

Lofland's time was a very fast 5:04.8, but is really equivalent to a 5:03, since both lads stopped at the 1600 meter mark, by mistake, and coasted to the finish, some 2.7 feet away.

Over the last 22 years, this school district has been known for excellent distance runners. Lofland's performance indicates that he could eventually rank with the best of these, since he is of varsity caliber before entering high school.

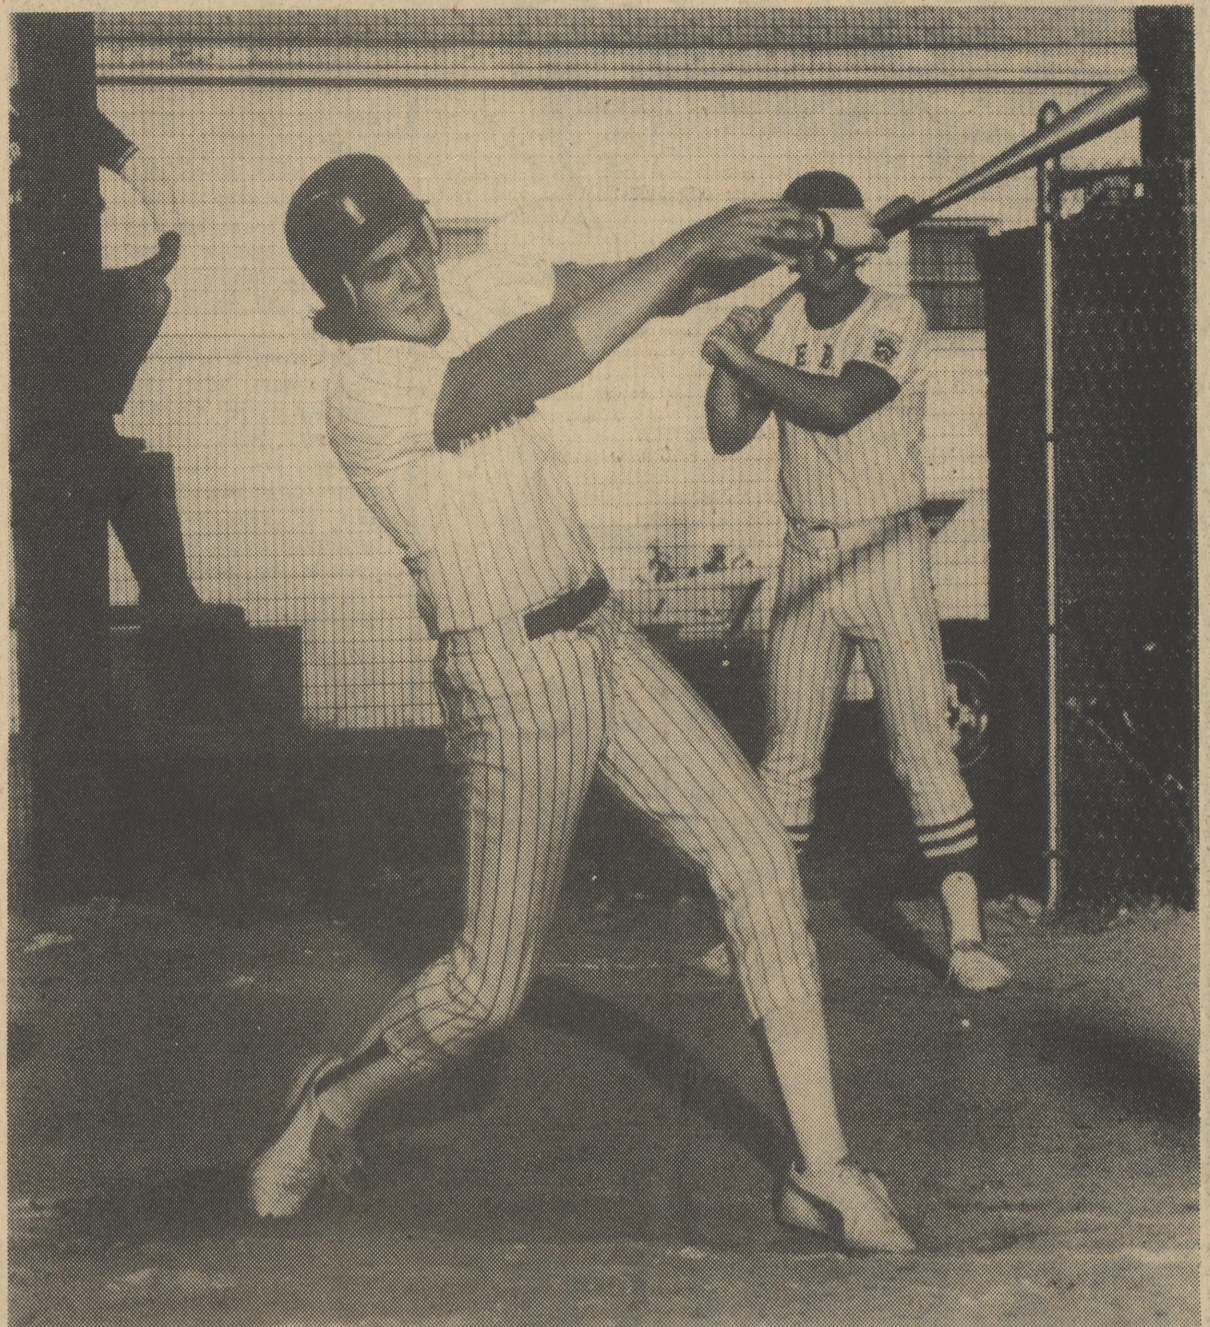

Rob Rennie picked up three awards with fifth in the 100 yard dash, second in the softball throw (178 feet) and second in the standing long jump (7 feet 6 inches). Rennie could be a fine trackman, but will probably choose baseball. At Cape Henlopen he would be allowed to do both, but that's not the case at Lake Forest, which has not seen such

dual participation since the days of Sam Bestick, Mike Davis and Mickey Chaffinch in Lake Forest's early days.

A future track star is Jerome Scott, who was fourth in the 100 (11.6) third in the standing long jump (8 feet, 1 inch) and second in the 220 (26.4).

Other locals to win awards were: Darren Hammond, sixth in the 10-11, 100 yard dash in 13.9, despite a hurt leg and Brian Aladden, fifth in the 14-15 softball throw with 179 feet, 3 inches.

We think that Lake Forest did well in these two meets, but since both were here, we know that this area could have been much better represented. With the proper amount of recruiting, plus a few workouts, it would have been possible to put together a powerhouse from the natural talent of youngsters in this school district. Some events, particularly in the girls division, no entries, others had only one or two starters. It appears you have to make personal contacts these days, just to give away the t-shirts, track and field awards, hot dogs and cold drinks, which were presented to Saturday's performers.

The Harrington Hig League played two games over the weekend, and lost both times. They played at home on Saturday against Georgetown, falling by a 8-3 margin, and on Sunday they played on the road versus Laurel. In that one, Harrington lost 7-5. Jimmy Carroll was the pitcher in Saturday's contest, Randy Hammond threw the ball on Sunday. Carroll, Mark Smith and Todd Gruwell had two hits on Sunday. Smith displays his form in the photo above.

## Pirates still ahead

Last Saturday, the Yankees shocked the Dodgers 7-3 behind the hitting and pitching of Joey Rentz and as a result handed the Cardinals the first half championships. While the Dodgers ended with a 7-3 record and the Cards 7-2, the Cards were awarded the crown because they beat the Dodgers in both their first half games. Paul Voshell played a good defensive game for the winners and Joey Rentz had a double while Chris Leslie was the losing pitcher.

Jeff Lambert hurled a no-hitter to lead the Cards to a 5-1 win over the Pirates on Monday John Hardy was the hitting star for the winners. Wayne Kemp took the defeat. The pirates tallied their only run in the third when Lambert filled the bases on two walks and a hit batter with nobody out before working his way out of the jam and then cruising onto

victory.

Tuesday, the Yanks took advantage of ineffective pitching by the Orioles to post a 10-6 win. The Yanks had only three singles in the game. Good defense helped winning pitcher Danny Demora. Richards Hawkins was struck with the loss. The Yanks broke a three all tie in the bottom of the third with three runs. Jason Bell of the Orioles had a double, the only extra base hit of the game.

The Dodgers completed their domination of the Orioles on Thursday with a 10-3 win and a sweep of the four games for the season. Long ball hitting by Karen and Steve Sipple keyed a five run third inning to take a 6-3 lead. Jimmy Hicks had a triple for the Dodgers and Stacy Slocum a double for the Orioles. Jason Bell was tagged with the loss and Karen Sipple went the distance for the win.

Standings on July 6th.

Pirates  
Phils  
Orioles  
Cards  
Yankees  
Dodgers

SEASON	2nd Half

6-11	4-4
10-9	4-5
10-5	3-3
5-10	3-4
10-7	3-4

## Wise wins trap shoot

Eris Wise started the Lake Forest H.S. baseball season batting 2 for 2 and a 1000 batting average in the opening game. From then on it has been all down hill. He finished the high school season with a .310 batting average and was selected first team All-Henlopen Conference, and played outfield in the annual High School Coaches Delaware All-Star game.

Wise has been struggling with his hitting for the local entry team in the Southern Delaware Hig League (16-18) year olds this summer.

"I've struck out more than I ever have in my life," says Wise, "and I just can't figure out what is going wrong for me."

Hitting clay targets recently has been another story altogether for 18 years old Eric, the current Delaware Junior Singles Trapshooting Champion. On Sunday, Wise missed only two targets in the Gil Stansbury Memorial Handicap, for his highest score ever, a 98. He beat over 265 other shooters entered at the Carrol County Gun Club near Sykesville, Maryland. He was awarded a new trap gun for his efforts. The nearest score below Wise was a 96.

Eric will be competing in the Champion of Champions event at the Grand American Trapshooting Tournament at Vandalia, Ohio in August. If he keeps on hitting those clay targets like he has been, hitting baseballs may not seem as painful to the young Harrington athlete.

## sport camp

Kent county Parks and Recreation is sponsoring a symnastic Sport Camp. The Camp will consist of skill instruction in the fundamentals and techniques of gymnastics.

Participants will receive instructions on balance beam, uneven parallel bar, men's parallel bar, men's horizontal bar, and mini-trampoline.

Classes will be held Monday thru Friday, and will run for 2 weeks. times and age groups are listed below.

July 23- August 3  
Grades 6-8 3:00-5:00 P.M.  
Grades 9-12 6:00-8:00 P.M.

## Hey, remember me?

By Bruce Levy

Hi there, remember me? This column hasn't been seen for a while and some of you may have forgotten. Lets refresh some memories. I'm the guy who writes what he feels like about the local sports scene and the national one as well. I used to have a regular column entitled Editor's View. Is it coming back now? Good.

OK lets get down to business here; why has the sports page gotten so measly? What happened to the long write ups and attention to detail that used to occur regularly on these pages? Because my reading public has supported my so well in the past and helped me to become a part of the community, I feel a certain obligation to let you all know whats going on at the paper these days. It's painful, but lets do it.

The Journal is an extremely small newspaper. Circulation wise, we are among the smallest in the nation. Newspapers are directly related to the amount of commerce in their giving area-small amount of retail business, small paper.

Understanding that, lets look at the situation. I was hired last winter as the sport editor. Covering sports was my only responsibility. For months I went through life happily covering my Lake Forest beat and expanding the section. I was happy, you were happy.

But then a funny thing happened. We realized we were in some financial trouble here. Obviously something had to be done if we were to continue to be. Business like that sometimes.

So Harry Farrow (our esteemed owner and check writer) bit the bullet and shook things up. As a result, I was named General Manager of the entire operation and my responsibilities changed radically. Now, all of the sudden, I had to worry about money as well as who won. I also had to worry about what was going to go on the front page, if the printing shop that we own was doing alright, were our employees happy, was there an error in the billing, did we order the right supplies and did we pay the correct price for them and, finally, were we profitable this week?

This was all very flattering but something had to give. You guessed it, the sports pages gave and gave a lot. But it had to be. To be strong we had to consider advertising as the primary determiner (if there is such a word) of the amount of pages we could produce each week. Many ads mean many pages, few ads mean few pages-that's the reality of the real world. Its sort of like a school district. The more people that live in the area, and the higher the average income, the more tax dollar. If a school is situated in a high dollar neighborhood thats packed with expensive houses on expensive property, you can bet that school is going to have a football team with new uniforms every year. Newspapers are no different. We are blessed with a beautiful countryside but not with bountiful business. The Journal is sized accordingly.

That's one of the reasons we publish the racing paper. It gives us a chance to reach beyond the immediate area for advertisers. It expands our base and gives us a shot at more needed income.

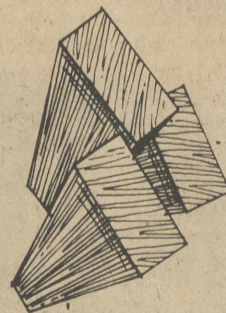

Are you getting the picture? The bottom line is this-as we begin to come around (which we are definitely doing) we will be able to realistically provide more extensive coverage. In the meantime, as we regroup, I'm doing the best I can. Thanks for staying loyal and thanks for reading this far.

P.S. Editor's View will return on a regular basis when LFHS opens in the fall.

# Mark Homewood's View.....

*I'm going to try something new, hopefully we can do this every week. I am going to open up the sports pages.*

*Here's how it will work: if you are interested in a certain spot [local or not], call me and let me know what it is. Let me know about how long it will be and if its going to be a regular story or an editorial opinion. Then write the story and bring it or send it in the mail. I will try to print it in its entirety.*

*Can't stand a certain sport? Write about that. Want your backyard sporting event covered? Cover it yourself. Think horse racers are crazy? Tell the world. Think horses don't get enough coverage? Tell us how you feel. I am officially declaring these pages open to the community.*

*As you can see Mark Homewood likes Tennis. He didn't think we'd cover Wimbledon [he was right] so he did it himself. This is what I'm talking about.*

*This is sort of like a letter to the sports editor, but a little more involved. Try it, there's nothing like seeing your name in print.*

.....Bruce

by Mark Homewood

This year's Wimbledon was full of surprises and then again some players went true to form. With only 4 seeded men making it to the finals [1st seed Bjorn Borg, 3rd seeded Jimmy Connors, 5th seeded Roscoe Tanner, and 15th seeded Tom Gullickson], Mens Tennis seemed to be in an uproar. It was

now possible for two unseeded players to reach the finals. This had never happened in Wimbledon history. Big names like John Macenroe, Vitas Gerilatas, Guillermo Vilas, Brian Gottfried, and Arthur Ashe fell in opening rounds. Although this was happening one player remained true to form, 1st seeded Bjorn Borg.

As this is being written, Borg has humbled Jimmy Connors 6-2, 6-3, 6-2. This is the second straight year that Borg has humbled Jimbo. Borg seems on his way to setting a new Wimbledon record on winning 4 straight titles Borg has only entered 4 times).

This surely sets head and shoulders above anyone else. But, you say how come Borg had so much trouble in the early rounds Well,, it simple to explain.

Borg's game is extremely suited to the fast grass courts, You see, the courts are only used once a year so when the opening rounds of Wimbledon are played the grass is green and relatively slower. As play continues the grass becomes browner and faster and if you watched the finals the grass was all brown and lightning fast. Borg's game is suited to fast surfaces because of his fantastic topspin his cross court backhand, his serve, and his great net play.

When Borg first won Wimbledon, he was an insecure 18-year old who basically stayed on the baseline and waited to wear out his opponnett. He won Wimbledon in 1976 by defending Ilie Nasaste in 5 sets. In 1977 he defeated Jimmy in 5 sets but 1978 was a different story. borg added a new dimension to his game, the run and volley. He rushed the net served aces, and kept Jimmy off balance and beat him in straight sets. This year he is even better and victory in Wimbledon is almost complete. Congradulation Borg, you deserve it, and Pat Dupre (Ranked 25th in the U.S.) way to go!

On the Women's front, everything went exactly as planned. Martina won for the 2nd year in a row over Crissie. Congradualtions Martina and best wishes to your mom. Tracy well, maybe next year.

As of right now, Borg is the best player in the world, 22 years old and no one is close. (Maybe John Maacenrow in the future). Will

Grimsley said it best when he mentioned Connors silence after the match.  
He lobbed  
He hit feathery drop shots

He attacked  
He dominated  
His depordment was exemplary  
Jimbo, maybe you were just too stunned to talk

## Mid-Del archers

The Mid-Del Archers of Harrington, Delaware held their 7th Annual Delaware Bay Tournament at their range at the Fox Hunters Club at Vernon, Delaware.

Sixty-seven shooters from Delaware, Maryland, and Pennsylvania participated.

A Coon Shoot, in which the Archers shot after dark at targets with pictures of coons on them with the aid of a two-cell flashlight, was held on Friday night.

Seventeen shooters participated. The first place winner in the Bowhunter Class was Paul Breedin,

of Wing Bowmen, Baltimore, MD with a score of 192. First place winner in the Freestyle Division was Bill Dean of New Castle Rod & Gun Club, Wilm., DE with a score of 160.

Following this event a Weiner Roast was held and a 170 lb. pig was put on a rotisserie cooker to cook slowly until Saturday evening when it would be served to all registered shooters and their families.

Leroy Meekins and the Country Edition Band entertained on Saturday night.

Sunday evening the scores were tallied and the winners announced.

## NOW CLEARED UNDER EMERGENCY EXEMPTION IN DELAWARE, MARYLAND, AND VIRGINIA.

### Blazer™ herbicide stops morningglory cold.

Blazer, a new postemergence herbicide, has just been granted an EPA emergency exemption in Delaware, Maryland and Virginia for the control of morningglory in soybeans.

This emergency clearance follows four years of experimental use studies on thousands of acres which prove that Blazer herbicide, used post-emergence, is effective for controlling morningglory and other weeds.

In addition, Blazer won't hurt soybeans. Always read and follow label instructions carefully.

If you need morningglory control, ask your chemical dealer about participating in the Blazer emergency use program. Quantities of Blazer are limited, so see your dealer soon.

#### IN THE COURT OF COMMON PLEAS OF THE STATE OF DELAWARE IN AND FOR KENT COUNTY

IN RE: : C.A. No. A.D. 1979

JAMIE LYNN SAMLUK, :

Petitioner,

vs. : PETITION FOR

NAME CHANGE

JAMIE LYNN DUBOIS-DABDOUB

1. Petitioner, Jamie Lynn Samluk, is a resident of Kent County, State of Delaware.  
2. Petitioner desires to change her name from Jamie Lynn Samluk to Jamie Lynn Dubois-Dabdouh.  
3. The change of name is for personal reasons in that she has always used the name of Dubois-Dabdouh since she was born and has conducted her life accordingly with that name.  
4. Petitioner has made and will make all registrations with the Federal offices and other agencies in the name of Jamie Lynn Dubois-Dabdouh. There are no creditors or other persons who would be defrauded or adversely affected by the said change of name.  
5. There are no civil suits or any other lawsuit pending in the name of Jamie Lynn Samluk.  
6. To Petitioner's knowledge, everyone understands her name to be Jamie Lynn Dubois-Dabdouh.  
7. Petitioner being under the age of majority, has her parent's consent to the Petition for Name Change.

WHEREFORE, Petitioner prays this Honorable Court to enter an Order to change her name from Jamie Lynn Samluk to Jamie Lynn Dubois-Dabdouh pursuant to 10 Delaware Code, Chapter 59.

JAMES DUBOIS-DABDOUB, Parent of Jamie Lynn Samluk

CATHERINE DUBOIS-DABDOUB, Parent of Jamie Lynn Samluk

BROWN, SHELTS & BARROS

By: H. CUBBAGE BROWN, JR. Attorney for Petitioner P.O. Drawer "F" Dover, DE 19901

DATED: June 20, 1979

STATE OF DELAWARE:

COUNTY OF KENT:

BE IT REMEMBERED, that on this 20th day of June, A.D. 1979, personally appeared before me, the undersigned, a Notary Public for the State and County aforesaid, James Dubois-Dabdouh and Catherine Dubois-Dabdouh, parents of Jamie Lynn Samluk, who being by me duly sworn according to law, and deposes and says that they are the Petitioners above-named and that the facts set forth in the Petition are true and correct.

JAMES DUBOIS-DABDOUB

CATHERINE DUBOIS-DABDOUB

SWORN TO AND SUBSCRIBED before me, the day and year aforesaid, as witness my Hand and Seal of office.

PUBLIC HEARING July 12, 1979 at CITY HALL 103 FLEMING STREET 7:00 P.M. to 8:00 P.M.

REFERENCE: Request by Mr. Dudley Willis to rezone PARCEL A - From IMP to R-4, fronting on Peck Ave., bordered by Harrington Meadows on the West, East by lands of Kirby and Holloway. For proposed apartment building.

PARCEL B - 3 - acres from IMP to C-2 fronting on Peck Ave. bordered by lands of Bridle Bit and Peninsula Oil, West by Kirby and Holloway. Request for permanent rezoning in exchange for right of way to the City leading to Rt. 13 from Parcel A.

NOTICE In pursuance of an order of RALPH R. SMITH, Register of Wills, in and for Kent County, Delaware, dated May 29, A.D. 1979 notice is hereby given of the granting Letters Administration on the estate of Clarence S. Morris on the 29th day of May A.D. 1979. All persons having claims against the said Clarence S. Morris are required to exhibit the same to such Administratrix within six months after the date of the granting of such Letters, or abide by the law in that behalf, which provides that such claims against the said estate not so exhibited shall be forever barred.

RALPH R. SMITH Register of Wills

Attorney For Estate: Jennie L. Morris, Administratrix

### LEGAL NOTICES

#### SHERIFF'S SALE OF VALUABLE REAL ESTATE

By virtue of a writ of Levari Facias, for the sale of land to me directed, will be exposed to public sale by way of Public Vendue at the front door of the Kent County Court House, Dover, Kent County, State of Delaware, on MONDAY, JULY 23, 1979 at 11:00 A.M.

ALL the following three parcels of land more particularly described as follows, to-wit:

No. 1 - All that certain lot, tract, piece or parcel of land, with the improvements thereon erected, situate in the City of Milford, Kent County and State of Delaware, lying on the East side of North Walnut Street (Rt. #14) bounded on the North by lands of Jewell's Convalescent Home, on the East by lands of Elizabeth M.L. Nutter, on the South by lands of E.G. Webb, Inc., and on the West by said North Walnut Street, and described in accordance with survey by Charles D. Murphy, Jr., P.L.S. on July 31, 1972 as follows:

BEGINNING at an iron pipe in the East right of way line of said North Walnut Street (60' wide) at a corner for this lot hereby conveyed and lands of Jewell's Convalescent Home and running thence with line of lands of said Jewell's Convalescent Home South 86 degrees 53 minutes East 150 feet to another iron pipe in line of lands of Elizabeth M.L. Nutter; thence with lands of said Nutter South 03 degrees 30 minutes 24 seconds West 141.52 feet to another iron pipe at a corner for this lot and lands of E.G. Webb, Inc.; thence with lands of E.G. Webb, Inc. North 86 degrees 18 minutes West 150 feet to an iron pipe in the East right of way line of said North Walnut Street; thence with the Easterly right of way line of said North Walnut Street North 03 degrees 30 minutes East 140 feet to the point of beginning, containing 21,114.44 sq. ft. of land, be the same more or less.

AND BEING the same lands and premises which were conveyed unto H. Cirrigione, Trading as A & S Realty by deed of State Liquor Stores, Inc. dated August 21, 1972 and record in the Office of the Recorder of Deeds in and for Kent County and State of Delaware in Deed Record Book Y, Volume 27 at Page 900.

Improvements being a Liquor Store & Cement Block Building.

PARCEL NO. 2 - All that certain lot, piece or parcel of land situated immediately adjacent to the Town of Wyoming, Kent County and State of Delaware and lying on the South side of the public road leading from the Town of Camden to the Kent County Almshouse adjoining lands of John W. Jones on the West and lands formerly of Thomas C. Downham and wife on the South and East, said lot, or parcel of land having a front on said road of 100 feet and a depth on the West side thereof measured from the South side of said road along lands of the said John W. Jones of 452 feet and a width on the South side thereof and parallel with the aforesaid road of 173 feet and a depth on the East side thereof and at right angles with said road of 450 feet, be the contents thereof whatsoever they may.

AND BEING the same lands and premises which were conveyed unto Michael Cirrigione and Hazel C. Cirrigione, his wife by deed of Charles C. Downham dated March 1, 1947, and of record in the aforesaid Recorder of Deeds Office in Deed Record Book Y, Volume 17 at Page 210.

Improvements being a 1 story frame house & shed

Terms of Sale: 20% day of sale and the balance on August 6, 1979. Sale subject to confirmation by the Superior Court and also subject to a 2% Delaware Realty Transfer Tax; 1% to be paid by the Seller and 1% by the Purchaser.

Seized and taken in execution as the property of H. Cirrigione t/a A & S Realty, and s/k/a Hazel C. Cirrigione, and will be sold by George J. Dill, Sheriff

Sheriff's Office Dover, Delaware June 20, 1979.

### LEGAL NOTICES

beginning, containing 8640 sq. ft. of land, to be the same, more or less, AND BEING the same lands and premises conveyed unto Charles Edward Bebeau and Patricia Ann Bebeau, his wife, by deed of Tischer, Farrow & Hughes bearing even date and intended to be forthwith recorded in the office of the Recorder of Deeds, in and for Kent County and the State of Delaware. Improvements thereon being a one story frame dwelling.

Terms of Sale: 20% day of sale and the balance on August 6, 1979. Sale subject to confirmation by the Superior Court and also subject to a 2% Delaware Realty Transfer Tax; 1% to be paid by the Seller and 1% by the Purchaser.

Seized and taken in execution as the property of Charles Edward Bebeau and Patricia Ann Bebeau, his wife, and will be sold by George J. Dill, Sheriff

Sheriff's Office Dover, Delaware June 27, 1979

#### NON-URBAN & RURAL PUBLIC TRANSPORTATION PROGRAM

The Delaware Department of Transportation, Delaware Transportation Authority, hereby announces the availability of federal funds designed to benefit public transportation services in Delaware's non-urbanized areas.

In accordance with a formula specified in the legislation, Delaware will receive \$176,475 in the first year of the program. These funds are available to finance up to 50% of operating losses or up to 80% of capital expenses incurred in the provision of public transportation services. Eligible recipients for these funds include state agencies, local public bodies and their agencies, non-profit organizations and operators of public transportation services. For further information, please contact:

Mr. Robert J. Taylor Chief, Transit Plans & Operations Department of Transportation Delaware Transportation Authority P.O. Box 778 Dover, Delaware 19901 Telephone: (302) 678-4593

# Save Money Saving Energy

## Hotwater And Kitchen Cost Cutting Measures

The following is one in a series of articles appearing in the REAL ESTATE supplement on how consumers can save money at home, on the road and in the marketplace. Material for the series is taken from a publication of the U.S. Dept. of Energy, "Tips for Energy Savers."

**HOT WATER HEATERS**  
Heating water accounts for about 20 percent of all the energy we use in our homes. Don't waste it.

Repair leaky faucets promptly. Do as much household cleaning as possible with cold water.

Insulate your hot water storage tank and piping.

Energy-efficient water heaters may cost a little more initially, but reduced operating costs can more than make up for the higher outlay.

Buy a water heater with thick insulation on the shell. While the initial

cost may be more than one without this conservation feature, the savings in energy costs over the years will more than repay you.

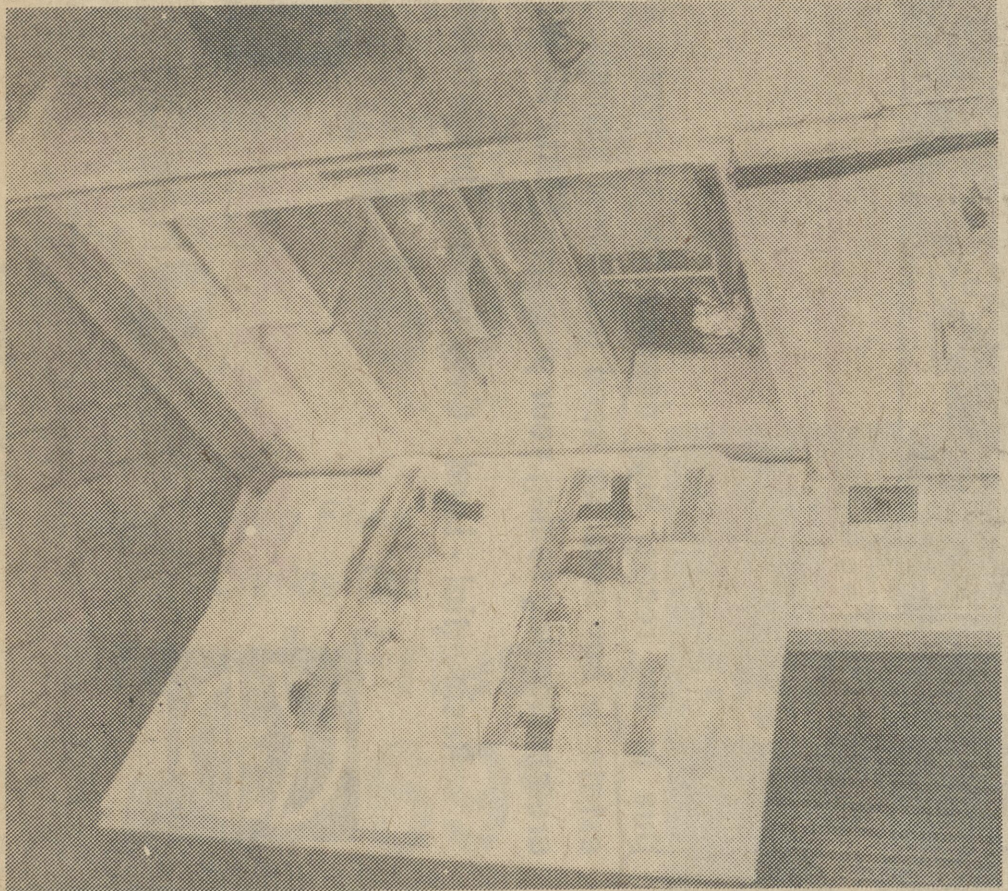

Add insulation around the water heater you now have if it's inadequately insulated, but be sure not to block off needed air vents. That would create a safety hazard, especially with oil and gas water heaters.

When in doubt, get professional help. When the water heater is well-insulated, you should save from \$8 to \$20 a year in energy costs, much more if it's located in an unheated area of the house.

Check the temperature on your water heater. Most water heaters are set for 140 degrees F or higher, but you may not need water that hot unless you have a dishwasher.

A setting of 120 degrees F can provide adequate hot water for most families. If you reduce the temperature from 140 degrees F to 120 degrees F, you could save over 18 percent of the energy used at the higher setting.

Even reducing the setting 10 degrees will save more than 6 percent in water (continued to page 4)

Energy waster: Leaving the refrigerator door open unnecessarily is a big waste of energy. Get what you need the first trip and keep the door closed tight. Photo by Ronald MacArthur.

# Kitchen Cost Cutting Measures

heating energy. To determine water temperature, draw water from the heater through the bottom faucet and test it with a thermometer.

## KITCHEN ENERGY SAVERS

Use cold water rather than hot to operate your food disposer. This saves the energy needed to heat the water, is recommended for the appliance, and aids in getting rid of grease. Grease solidifies in cold water and can be ground up and washed away.

Install an aerator in your kitchen sink faucet. By reducing the amount of water in the flow, you use less hot water and save the energy that would have been required to heat it. The lower flow pressure is hardly noticeable.

If you need to purchase a gas oven or range, look for one with an automatic (electronic) ignition system instead of pilot lights. You'll save an average of up to a third of your gas use — 41 percent in the oven and 53 percent on the top burners.

If you have a gas stove, make sure the pilot light is burning efficiently — with a blue flame. A yellowish flame indicates an adjustment is needed.

Never boil water in an open pan. Water will come to a boil faster and use less energy in a kettle or covered pan. Keep range-top burners and reflectors clean. They will reflect the

heat better, and you will save energy.

Match the size of the pan to the heating element. More heat will get to the pan; less will be lost to surrounding air.

If you cook with electricity, get in the habit of turning off the burners several minutes before the allotted cooking time. The heating element will stay hot long enough to finish the cooking for you without using more electricity. The same principle applies to ovencooking.

When using the oven, make the most of the heat from that single source. Cook as many foods as you can at one time. Prepare dishes that can be stored or frozen for later use or make all over-cooked meals.

Watch the clock or use a timer; don't continually open the oven door to check food. Every time you open the door heat escapes and your cooking takes more energy.

Use small electric pans or ovens for small meals rather than the kitchen range or oven. They use less energy.

Use pressure cookers and microwave ovens if you have them. They can save energy by reducing cooking time.

When cooking with a gas range-top burner, use moderate flame settings to conserve gas.

When you have a choice, use the range top rather than the oven.

## DISHWASHING ENERGY SAVERS

The average dishwasher uses 14 gallons of hot water per load. Use it energy efficiently.

Be sure your dishwasher is full, but not overloaded, when you turn it on.

When buying a dishwasher, look for a model with air-power and/or overnight dry settings. These features automatically turn off the dishwasher after the rinse cycle. This can save you up to 10 percent of your total dishwashing energy costs.

Let your dishes air dry. If you don't have an automatic air-dry switch, turn off the control knob after the final rinse. Prop the door open a little and the dishes will dry faster.

Don't use the "rinse hold" on your machine. It uses 3 to 7 gallons of hot water each time you use it.

Scrape dishes before loading them into the dishwasher so you won't have to rinse them. If they need rinsing, use cold water.

## REFRIGERATOR-FREEZER ENERGY SAVERS

Don't keep your refrigerator or freezer too cold. Recommended temperatures: 38 degrees F to 40 degrees F for the fresh food compartment of the refrigerator; 5 degrees F for the freezer section.

If you have a separate freezer for long-term storage, it should be kept at 0 degrees F, however. If you're buying a refrigerator, it's energy economical to buy one with a power-saver switch. Most refrigerators have heating elements in their walls or doors to prevent "sweating" on the outside. In most climates, the heating element does not need to be working all the time. The power-saver switch turns off the heating element. By using it, you could save about 16 percent in refrigerator energy costs.

Consider buying refrigerators and freezers that have to be defrosted manually. Although they take more effort to defrost, these appliances use less energy than those that defrost automatically.

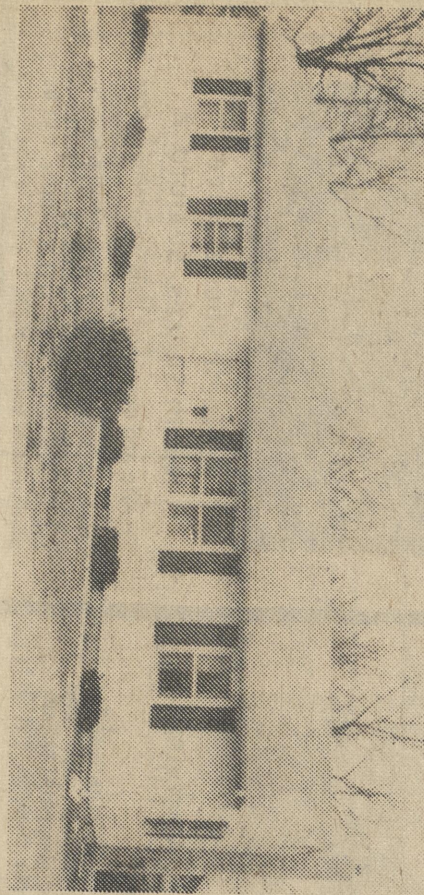

Regularly defrost manual-defrost refrigerators and freezers. Frost buildup increases the amount of energy needed to keep the engine running. Never allow frost to build up more than one-quarter of an inch.

Make sure your refrigerator door seals are airtight. Test them by closing the door over a piece of paper or a dollar bill so it is half in and half out of the refrigerator.

If you can pull the paper or bill out easily, the latch may need adjustment or the seal may need replacing. Next: Energy saving suggestions for the Laundry room and the bathroom will be discussed.

# Eleven Ocean Front Lots On Sale

## North Of Fenwick

**10% Pre-Development Discount**

**BETHANY BEACH, DEL.** - One of the very few remaining stretches of untouched ocean front property has just been offered for sale through Wilgus Associates, Realtors in Bethany Beach. The property, "Fenwick Acres" adjoins Delaware State Park lands near Fenwick, Del. It consists of 11 lots ranging in size up to a quarter acre, priced from \$65,000 to \$117,000; each has over 60' ocean frontage and sits high on the dunes.

"Fenwick Acres" is zoned for single family homes, is ready for building now, and financing is available for as little as 30% down.

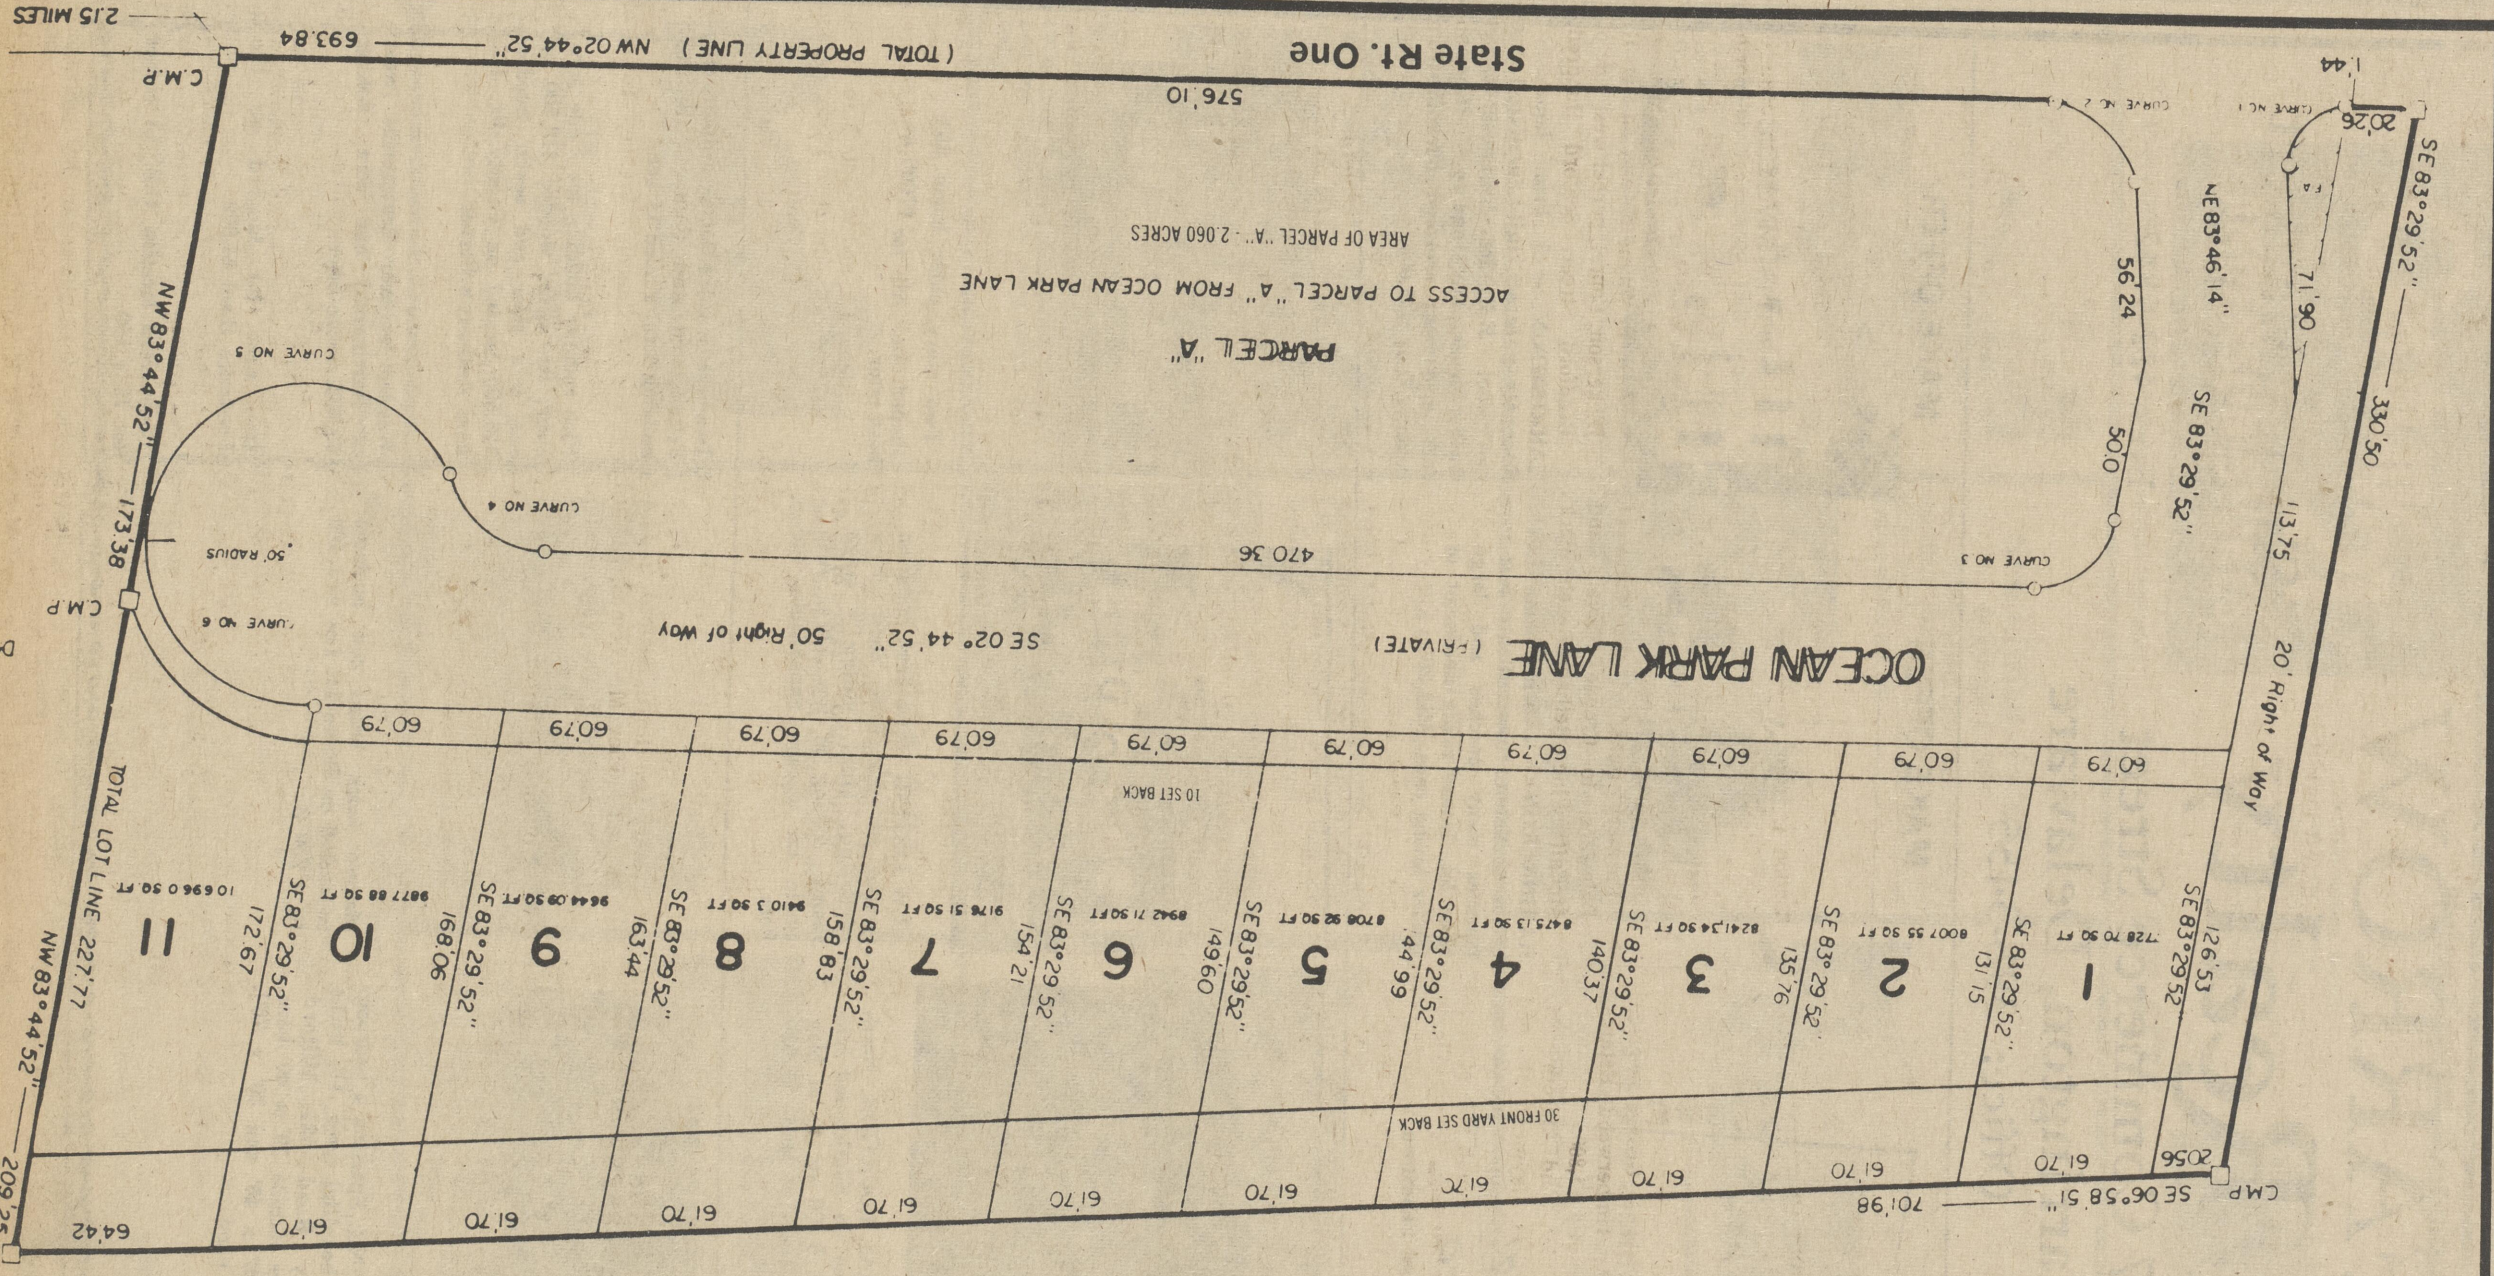

"I've seen some beautiful ocean front property in my time," said Gerald Wilgus, president of Wilgus Associates, "but Fenwick Acres is extraordinary. I know I'm not going to see much more property of this type available in my life time. This office is really proud to be the exclusive Brokers for the offering. Delawareans especially, conscious of the gasoline crunch, are fortunate to have such splendid vacationland right in their own back yard, Wilgus noted as he urged the public to act quickly to acquire this scarce commodity. "Ocean front property has always been a solid investment," said Wilgus. "Call us at 539-7511 or stop by our office on Route 1 in Bethany Beach."
