

Michelle Cawby Wins Sixth Annual Talent Show

The dancers won the evening, capturing the votes of the judges in the Sixth Annual Talent Show sponsored by the W. T. Chipman Junior Band and staged in the auditorium at Lake Forest High School Friday night. First, second and third prizes went to three different kind of dancers.

Topping them all was Michelle Cawby whose clogging exhibition won her \$25. Clogging is a form of dance that seems to combine a lot of tap with a lot of country. At least one group or cloggers has formed in this area as an offshoot of square dance groups. Done in a group, clogging combines a step that is almost like tap dancing with some of the simpler figures and patterns of the square. Michelle's fancy footwork Friday night was a solo performance. Michelle, a student at Lake Forest

East in Frederica, is the daughter of Dale and Sally Cawby of near Andrews ville.

A pair of tap dancers created their own routine, "Friends", to walk off with second place and \$15. They were Julie Voshell, a member of W. T. Chipman's eighth grade and Heather Rennie, a Chipman seventh grader. Julie and Heather first danced to a decided disadvantage as someone turned on the wrong music. But the error was discovered, and they were given a chance to repeat their performance, the second time to the right tune. Julie is the daughter of Mr. & Mrs. Honey Voshell of Felton. Heather's parents are Gordon and Beverly Rennie.

Miss Gwenn Scott, who may have been the show's youngest performer, was a popular choice with the audience.

The judges, who awarded her third place and \$10, were also impressed with her solo performance to the music of "Burn Rubber". The 2nd grader is the daughter of Juanita Scott.

A number of dancers & a variety of other talent characterized the show. The other entries included:
- a dance routine by a trio of young gentlemen, Antonio Johnson, Shawn Thompson and Tony Powell.

- an instrumental trio featuring two flutes and one clarinet. The instrumentalists were Michelle Cawby, Shawn Caulk and Lisa Lukenbach.

- a vocal duet, "If", by Crystal Shockley and Robert Parson, with Crystal at the piano.

- a baton twirling routine by Kathy Carlson and Kim Sumner.

- a gymnastic routine to the music by Melody Schaffner and Dawn McLroy.

- a solo, "Tomorrow" sung by Kelly Sue Draper.

- a roller skating duo, Sarah Schmittinger and Debbie Knight.

- a saxophone solo, "Hello, Dolly" by Crystal Gibbs.

- a dance routine by Sheila Powell, Kim Lofland and Stephanie Tolson.

- a vocal duet by twins, Rene and Regina Johnson.

- a solo "Fame" sung by Joy Powell.

Alex Becton, Chipman Band Director and Master of ceremonies for the evening, opened the show with the solo "Still". Between talent acts, clowns Becky Moyer and Patti

busy and kept the show rolling. During the judges' deliberations, Crystal Shockley entertained once more, accompanying herself at the piano as she sang "Evergreen".

They were all dancing - before and after the awards. Dance routines won all three prizes at the 6th Annual Chipman Talent Show on Friday. Winners here are (l. to r.) Gwen Scott (3rd), Julie Voshell and Heather Rennie (2nd), and Michelle Cawby (1st).

Felton Alumni Give 4 Scholarships

The Felton Alumni Association honored two classes and presented four scholarships to graduating seniors at Lake Forest High School as they held their 27th Annual Banquet at Lake Forest North Elementary School (formally Felton High School) Saturday night.

An \$800 scholarship went to Thelma Tucker, daughter of Mr. and Mrs. Franklin Tucker (now deceased). Thelma, who makes her home with her sister, Sheryl Tucker, in Harrington plans to attend Goldey Beacom after graduation.

\$400 scholarships went to Karen Wothers of Canterbury and Charupin Charontheop. Karen, the daughter of William and Jean Wothers plans to attend the University of Delaware in September. Charupin returned in recent months from South America where she spent a year of study in Bolivia and Argentina as a part of the American Field Service Program and has not finalized her college plans. She is the daughter of Mrs. Prachube Size.

A very special third scholarship in the amount of \$400 was given in memory of Mary Lou Arrington and presented to Rhonda Whitte. Rhonda who also has plans to attend Goldey Beacom, is the daughter of David and Colleen Whitte of Felton.

Two classes, marking their 50th and 25th anniversaries, were honored during the evening. Celebrating its 50th reunion was the Class of 1931 with eleven members present. Homer Torbert represented the class as its speaker.

Marie Moore was the speaker for the 25th anniversary celebrants, the Class of 1956, who also had eleven members in attendance.

Special entertainment for the evening was provided by a trio from the Felton area - Joyce Gordy, Doris Green and Walter Kemp - who sang songs of the '30s and '50s in recognition of the two honored classes.

-BEGINNING AGAIN-

Representing the nine charter members of the original 1938 Bowers Fire Company who were present, Millard Thompson cut the ribbon formally opening the new fire hall at dedication ceremonies Saturday. The former building burned in 1979.

First L.F. Band Festival

The Lake Forest school district will have their 1st district wide band festival on Wed., April 29, 7:30 p.m. at the Lake Forest High School Auditorium. The festival will feature each of the schools instrumental bands in concert. The program will include Lake Forest South A band under the direction of Mr. Donald Baunschbach,

the Lake Forest North & East band under the direction of Mr. Keith Love, the W.T. Chipman Jr. School band under the direction of Mr. Alex Becton and the Lake Forest High School bands under the direction of Mr. Dale Burkhard.

The public is invited to attend and there is no admission charge.

Bowers Beach Dedicates New Firehall

"You did it... You exemplify what this nation stands for... You went for help to a higher place... and found out your strength was right here," U. S. Senator Joseph Biden told a small but enthusiastic crowd that gathered in Bowers Beach Saturday to dedicate the new fire hall.

The completion and dedication of the building mark a triumph and a comeback for the Bowers Fire Company and for the community as a whole. On March 1979, a disastrous fire destroyed the original building, constructed in 1949 and remodeled in 1968, even as plans for its enlargement were shaping up.

Plans to rebuild were not long in developing as the community looked to

government sources for some of the funding. But at the federal level, despite the efforts of Biden and others, they were disappointed. State Senator William Murphy and Representative Ruth Ann Minner were more successful in procuring funds, getting the state legislature to appropriate \$25,000 towards reconstruction.

For the rest of the money, the firemen relied upon a bank loan, the donations of area citizens and industry, and a lot of Bingo. They also put in long hours of hard work.

The fact that he had not been successful in obtaining funds, said Biden, made him all the more proud to be included in Saturday's ceremonies. He insisted that Bowers' accomplish-

ment exemplifies the strength that can be found in small communities across this nation. He told the Bowers firemen, "You did it... (with) your own sweat, your own imagination, and a little bit of help from your friends."

According to a brief history supplied in the souvenir programs prepared for Saturday's ceremonies, there was an "informal" volunteer fire company in Bowers that used a hose reel and hand drawn pumper for fire protection before the Bowers Fire Company was officially organized. That event occurred at a meeting in the town hall on April 4, 1938. Over the next several years, several pieces of used apparatus were purchased and housed in a garage

Little League Season Opens Saturday

With a little bit of fanfare and a lot of enthusiasm, Little League for the 1981 season will get underway this Saturday May 2, both in Harrington and Felton.

-Harrington-

A parade of players including all teams at the various age levels will hail the opening of Harrington Little League. Also participating in the parade will be the local police force and some equipment from the Harrington Volunteer Fire Co.

The parade line-up will be on Reese Avenue at 11:30 a.m. with the event set to begin at 12:00 noon. The teams will proceed down Commerce Street to Clark, where they will take the parade out to Faughley Hill Road where another left turn will lead to the ball park at Harrington Moose Headquarters.

Opening ceremonies at the ball field have been scheduled for 12:30 p.m. Game time is 1 p.m. In the two openers planned for Saturday, the Little League Lions will meet Letion, and a Senior League nine, representing Pitts Farm, will face the First National

Bank's team. There are five teams at each of the two levels. The local Little League organization also includes Minor and Major League teams which should be getting underway soon.

According to Karen Haggerty, Secretary for the Harrington Little League Auxiliary, her organization will have baked goods for sale, both uptown and at the ball park during the opening ceremonies and game.

-Felton-

The W. T. Chipman Junior Band under the direction of Alex Becton will provide marching music to open the Little League Season. Felton's parade, also set for Saturday, will begin at 11:30 a.m. and proceed down Main St. to the ball park behind Lake Forest North Elementary School. Game time is 1:00 p.m.

Good Natured "Cusses" Good For Little League

On a hot August day in 1974, Allen Baker, who was then heading up the Harrington Little League, made his way to Stone's Hotel for a little cool and quiet. He looked absolutely bushed and Stones' owner and manager Ray Gagne wondered why.

Baker explained that he had just finished with the final game of the Little League season, and the organization was so broke, the whole game had to be played with just one ball. Obviously, one good smash over the fence into the nearest field or woods (and there are some close by) would have stopped the action and not just while the batter rounded the bases. Apparently, no local slugger had the good fortune that day to cause that kind of misfortune. But it had definitely been too close for comfort, for the day and for the season.

Now if that were all there were to the

Citizens Start Operation Watchdog

A small but concerned group of Harrington citizens has banded together to launch a program tentatively christened "Operation Watchdog" with the purpose of aiding "...local and state police in the protection of town and local residents from acts of crime and violence." Although May 1 is the official starting date, the program, on a trial basis, has been in operation for about a month.

Visual surveillance will be the major method of operation. Volunteers taking part in the program will patrol various sections of the community at random hours in moving or parked vehicles and report any unusual activity that might indicate a crime such as a break-in or robbery. The group plans to help local and state police by being additional sets of eyes and ears. But they do not plan any personal confrontation with individuals.

A spokesman for the group told the Journal Monday that its rules require volunteers to stay in their vehicles with doors locked and windows down only far enough to allow for aural surveillance. A group member would leave his vehicle only at his own risk

and in violation of the rules. If some suspect activity is noted, the procedure would be to notify the local police by CB. If no one is available, the

LSD Distribution On Increase

A lot of publicity was given last month to the distribution of LSD papers printed to look like stamps with Walt Disney characters on them. Another new addition to the drug distribution market is the unicorn. Pictured here with two standard LSD blotter papers, the blue star and the plain white paper with a drug stain.

The Investigative Strike Force re-

ports that in the last few weeks the unicorn has appeared in both Kent and Sussex Counties. While they have been found in the possession of people in their early twenties, it should be anticipated that they will follow the drug flow to younger users and children inclined toward experimentation.

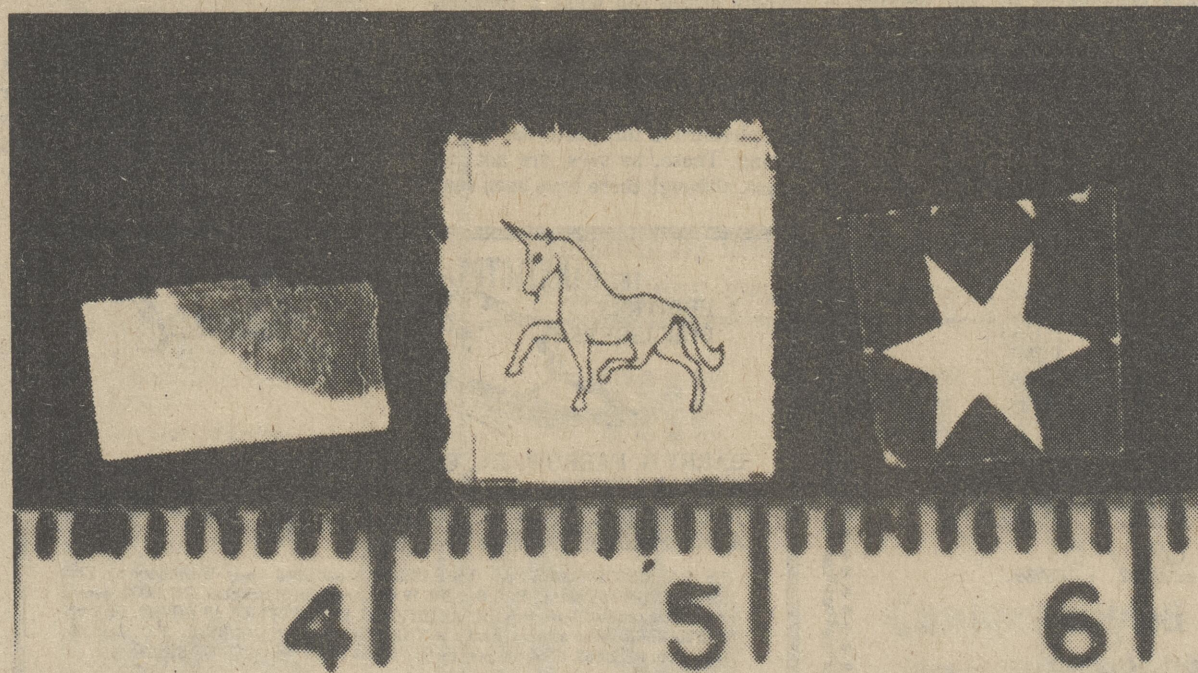

The use of LSD (lysergic acid di-

ethylamide) reached a peak around 1973, and then waned when its users began to realize its dangers until it virtually disappeared. Now it seems to be making a comeback with a new group of youngsters who actually feel that they are somehow different from teenagers from the 60's and early 70's, and therefore not susceptible to the problems encountered with LSD a

decade ago.

LSD first appeared on Del-Mar-Va in significant quantities in the late 1960's. Within a couple years many reports had been published about LSD, even by the American Medical Association, but the kids refused to believe the warnings of the "establishment." It wasn't until the youth began to see the results of LSD use themselves that they began to heed the warnings. They were seeing children with severe birth defects being born to LSD users, and began to believe the reports about chromosome damage. They saw their friends being institutionalized when they failed to return from a bad drug "trip". They began to see and hear about people falling to their deaths or being permanently injured when they tried to fly or step from one building to another several yards away while hallucinating from the drug. The entire cycle from introduction to the disappearance of the drug took six to seven years. With the introduction of LSD to another group of youths that feel themselves immune to its dangers, another similar cycle could result as the LSD market expands.

Drugs are also being disguised or sold under another name. LSD is being sold as mescaline, for example, when no mescaline is available in the area. PCP (Phencyclidine), which is waning in popularity after going through a cycle similar to that of LSD, is appearing as TIC. TIC is supposedly a synthetic marijuana, but is actually PCP being sold under the new name to renew the marketability of the drug.

Days of Our Years

THIRTY YEARS AGO- April 27, 1951

Mrs. Gladys Hobbs was greatly surprised Tuesday evening by a birthday party given in her honor by her parents.
 Harrington High School students who participated in the Kent County High School Chorus Tuesday and Thursday were June Dumont, Betty Bradley, Anne Toppin, Joyce O'Neal, Frances Black, Lois Langrell, Donald Jarrell and Jack Carpenter.
 Fulton J. Downing, president of the Board of Education of Harrington Special School District told a *Journal* reporter that he had decided not to run for re-election, Sat., May 12.
 That the term "horse sense" is well-founded is attested to by a feat of Symbol Lewis, Carlton Goslin's 17-year-old sidewheeler. After an accident which threw the driver off the sulky three years ago at Batavia Downs, the veteran campaigner, driverless, went on to finish. He then scored and paraded back to the judges' stand where he was greeted with the remark, "That horse has more sense than most of the drivers." The pacer, who has a mark of 2:04 3/4, was stopped at the paddock by Goslin, who said his charge was on the way back to the "spit box."

The appointment of Clarence Dyer as magistrate by Governor Elbert N. Carvel was confirmed Thursday evening, April 20, by the State Senate.
 Harrington's second magistrate announces his office will be located on U.S. 13, adjacent to Simpson Ford, in the former Carl Pearson residence.
 Thomas Clendening, president of the C. of C. and J. Edward Taylor, president elect, visited Centerville, Md. for the purpose of determining the progress of "Operation Facelift" in the downtown shopping district of this town.
 From "Harrington School Notes": Senior personality this week is Phyllis Vincent... (In Mrs. Grant's first grade) Connie Voss is back to school after having her tonsils removed... Robin Callahan has eight baby kittens... (In Mrs. Marvel's first grade) Debbie Beauchamp has a Snuggles toy like the one shown on T.V. It fastens to her arm and snuggles up to her... Helena Hicks was seven years old April 25, and we sang Happy Birthday to her.

Sarah J. Shelman, Felton; Vincent P. Arkins, Frederica; William J. Walls, Harrington, and Oscar Bishop, Felton. Mrs. Edna Gruwell, Harrington, and Medford Killen, Felton, are the outgoing board members. In their stead, there will be but one opening. Terms of office are five years.
 Donna Wetherhold, daughter of Mr. and Mrs. Ray Wetherhold, was crowned "Miss Harrington" last Saturday evening, while Kimberly Zeitler, daughter of Mr. & Mrs. Herman Zeitler, capped the "Little Miss Harrington" title at the annual Lions Club sponsored beauty pageant.

William Walls, son of Mr. & Mrs. William J. Walls, Harrington, Kent County Representative for Task Force on Ecology, accompanied a group of high school students on April 23, touring the state of Delaware in the interest of Ecology. Bill is presently serving as president of Lake Forest High School Student Council and plans to enter Washington College, Chestertown, Md., in September.

TEN YEARS AGO- April 29, 1971

As of yesterday, the deadline, five persons have filed for a single post on the Lake Forest Board of Education. They are Donald L. Garey, Harrington

Members of the Peach Blossom 4-H Club, happiness was having Robin Cahall home and able to attend the April meeting. Following an accident in September, Robin was in a coma for 15 weeks and in the hospital for another 3 months.

Operation Watchdog

[continued from page 1]

call would be relayed through a callboard to be manned on a 24-hour basis to other local officers or to state police at Troop 3, wherever appropriate assistance might be enlisted.
 The group's spokesman emphasized that help for the local police, and certainly not criticism is the intent of "Operation Watchdog". As a matter of fact, he said, the members of the group think Harrington's police force is doing a good job. However, they feel that alert, observant and concerned citizens can add to the effectiveness of that force. He also stressed that the group begins operations with the full knowledge and cooperation of the police. No

money is involved, only the donation of their time and the use of their vehicles by the citizen volunteers.

Impetus for the formation of "Operation Watchdog" probably came from a problem. Sometime ago, when Harrington was temporarily short a police officer, one or more businesses was having gas stolen from their premises on a fairly regular basis. A local citizen connected with one of the businesses decided to keep watch. During the first night, no one showed up to take gas, but there was a break-in at the shopping center. On a subsequent night there was an apparent break-in at another business. This was observed and reported to police who arrived, not in time to catch the individuals involved, but to ascertain that an illegal entry had been involved. There was a broken window with dirt still on the sill where the entry had occurred.
 Incidents such as these convinced several local individuals that they could help prevent crime in this community. The group's spokesman said that, statistics aside, the occurrence of even one crime was an unacceptable thing. The group hopes that the knowledge that there are citizens who are alert and willing to report to police will serve as a deterrent so that prevention can be "Operation Watchdog's" major contribution.
 Anonymity is one advantage the group feels will help make it a more effective aid to the local police who have to be very visible. Accordingly, the citizen volunteers involved in "Operation Watchdog" have asked, for the present, to remain anonymous.

Low Bid On Bridge Submitted By Tilson Warren

Tilson Warren Inc. of Dover is the apparent low bidder for the replacement of bridge 113-C at a cost of \$47,770.80.
 The bridge located on Road 114 west of Harrington was closed almost a year ago. It is being replaced with pipe and should take about 3 months to complete.
 Paul Welch, public information officer for the Department of Transportation said it would probably be six weeks to two months before work could begin. A two to three week period will be needed to study the bids which were opened on April 21, and another two or three weeks, at least, would be necessary to work out all details with the contractor selected before the construction could start.

Chamber Has New Officers

The Greater Harrington Chamber of Commerce elected the following officers at its meeting last Thursday night:
 President - Ray Gagne, owner of Stone's Hotel.
 Vice President - Paul Pettit, co-owner of Discount Auto Parts.
 Secretary - Linda Fleming, Chic's Harness.
 Treasurer - Howard Wagner of People's Bank.
 New Directors - Leon Porter and Jim Melvin.

The next meeting of the Kent County Heart Association Board of Directors will be held on Thursday, May 7, 1981 at 7:30 p.m. The meeting will be held in the Audio-Visual Room at Johnathan's Restaurant. The public is welcome and invited to attend.

TWENTY YEARS AGO- April 28, 1961

Roland D. Hitchens, president of the Board of Education announced Wednesday he would run for the office again and that a petition had been filed with the clerk of the peace of Kent County.
 The residence of J.C. Messner, Weiner Ave., was hit by fire Thursday morning, with damage estimated at \$1500. The Messners had returned from Florida the previous evening.
 The Junior unit of the American Legion of C. K. R. T. Post No. 7, held its regular monthly meeting at the home of Karen and Angela Minner on April 22. Election of officers for the 1961-62 year was held. The results of the election were: President, Sylvia Jean Outten; Secretary, Brenda Hurd; Treasurer, Bonnie Matthews; Chaplain, Sharon Hopkins; Sgt. at Arms, Karen Minner, and Sunshine Chairman Debbie Schepp.

[Continued from page 1]

until the first fire hall was constructed in 1949 at a cost of \$4,000. In 1968, the original building was remodeled and a kitchen added at a cost of \$30,000. In 1966, the fire company bought a new pumper with a Ford chassis, a 1000 G.P.M. Hale pump and a 1000 gallon tank. In 1968, a Chevrolet box type body ambulance replaced the Cadillac ambulance. And by 1979, Bowers firemen had made plans to enlarge the fire hall. At the time of the fire, a model had been built, and drawings were started.

There wasn't anybody around on Saturday who could remember the days of the hand drawn pumper. But nine of the charter members from the 1938 organization were present and proud to be able to participate in the dedication ceremony. This group was led by its senior member, 90-year-old Millard Thompson who had the honor of cutting the ribbon signifying the official opening of the new structure. The other charter members present were Nelson, Venable, Lou Seamans, Sam Martin, William Alderman, Gordon Edwards, Reynolds Davidson, Charlie Irons and Ralph Blades.
 Master of Ceremonies for the occasion was John L. Smith of the Delaware State Fire School. His duties at the podium were shared by Chief John Williams and Melvin Harris, President of the Bowers Fire Company.
 Senator Biden was the featured speaker on the program which included the introduction of a number of guests and the participation of several individuals and groups from the community and area.

The program opened with the presentation of colors by Junior Girl Scout Troop 469 of Frederica and the national anthem played by the W. T. Chipman Junior Band under the direction of

Alex Becton. The invocation and the benediction were delivered by the Reverend Nelson Benjamin. The benediction was followed by more music from the Chipman Band.
 Immediately following the ribbon cutting which climaxed the program, was the housing of equipment by neighboring fire departments. John Smith explained this as a traditional gesture originating in the days in which volunteer firemen from neighboring companies would come and push the horse-drawn equipment into a new

building as a part of the dedication. The equipment ceremonially housed Saturday was a giant pumper, more than a little beyond the pushing abilities of any number of neighborly firemen. However, the truck was moved into the new building under its own power with the appropriate train of ceremonial helpers to celebrate the occasion.
 Much of the program involved the appropriate recognition of all those who had assisted in fighting the fire, cleaning up after the fire, helping to

house fire equipment during the months when the Bowers Company was homeless, and planning and construction of the new fire hall.
 All in all, some thirty-five individuals and fire companies in the state were recognized with certificates of appreciation.

[continued from page 1]

story, it would amount to no more than the memory of a year when the local Little League had to scrimp. But there occurred a happy coincidence which has operated to the continuing good fortune of local Little Leaguers for the past six or seven years.

It happened that Ray Gagne was collecting money. In his business he was plagued somewhat more than occasionally by the use of offensive language. He had tried various means of dealing with the problem, but it was a continuing frustration. Just a couple of weeks before that August day, he had decided to charge his incorrigible "cusser's" a fee for the discomfort their particular exercise of freedom of speech might cause others. Gagne thought he might throw a party at the end of the year with the proceeds. Enter Allen Baker and a new purpose for the money. Thus, the original of the "Cusser's Club."

The support all those good "cusses" have engendered for the Harrington Little League has grown over the

Gagne's Cusser's Club

years. That first year, it was \$230; the next, it was \$550, and the following \$700. By 1977, the fund had topped \$1,000, reaching a high, (so far) of \$1,800 plus. That year the coffers were enriched by an inveterate shuffleboarder who would challenge others to a game with the understanding that the loser would toss in five dollars. Sometimes that meant as much as thirty dollars an evening.
 Since then, the "Cusser's Club" has not failed to exceed \$1,000. And each year Ray Gagne has been able to contribute \$1,000 of the proceeds to the Harrington Little League. The remainder has been put in a special bank account against the year when the fund might not reach \$1,000 or to be used for any special needs the Little League might have.
 Another happy result has been a lot of good-natured fun in the interests of a good cause. In all the years, Ray Gagne says he has had only one person ever object to chipping in. In fact, oftentimes customers making a point of dropping an audible and obvious "damn" or two, just to get into a friendly hassle and make a contribution.
 Gagne has also received an immense amount of satisfaction at seeing the good will with which ordinary people take pleasure in this particular way of helping. These, he says, are not rich people, although there have been some

surprising contributions. One in particular was a \$50 donation given near the end of the year. Just a few weeks later, the same contributor was in Stones and donated the "change" from a \$100 bill to the club. The "change" amounted to \$80. One area resident, away frequently with his fishing business, makes a point of chipping in regularly when he is in town. The stories are legion.
 Serious "cussers" can become card carrying members. For a donation of \$1.00, they receive membership cards recognizing them as members in good standing of the "cussers club". The cards entitle them to ten free slips of the lip. After that, they have to contribute again. And Ray Gagne employs a card punch to keep count.
 When the Harrington Little League opens this Saturday, there will be another check for \$1,000, courtesy of the Cusser's Club (membership too numerous to count) and Ray Gagne. And one thing is certain, local Little Leaguers will not have to play the last game of the season (or any game, for that matter) with just one ball - not as long as there are a few good "cusses" around.
 (P.S. It is reported on good authority, that you do not have to be adept at profane language to become a member of the Cusser's Club. The club accepts contributions from all persons of good will, whatever their linguistic abilities.)

Area Happenings In and Around Town

Coming Events

There will be a benefit dance starring Tom Larsen's Blues Band, Saturday, May 2nd, from 8:00 p.m. to 1:00 a.m., at the Hartly Fire Hall. The proceeds will help fund the YMCA and NYPUM Programs of the Dover/Kent Co. (National Youth Project Using Mini-Bikes Program). Tickets are available at the YMCA, the Peanut Room, and at the door. The cost is \$5.00 per person and it's BYOB.

The Dover/Kent County YMCA is offering a series of Spring Adult Classes beginning the week of April 27 through June 11.

For those individuals who are looking for a new interest or skill, the YMCA is offering Crewel/Quilting, Needlepoint/Latchhooking, Bridge and Self Hypnosis.

For individuals who are looking for interesting ways to shape up this spring, physical programs being offered include: swimming lessons, Swimnastics, Yoga, Water Aerobics, Ship Shape and Weight Lifting.

So turn over a new leaf, join us at the YMCA. For information on any of the above programs, call 674-3000.

Dr. James Douglas Riley of the University of Montana and presently visiting professor at the University of Delaware will be the speaker at the Diamond State Reading Association's general meeting and banquet on May 7 at the Gold Key Restaurant in Dover, Delaware.

Dr. Riley has taught at both the elementary and secondary levels and has published numerous articles related to reading. His topic for the meeting will be "Ten Ways to Make Reading Difficult".

The spring meeting which includes approval of by-law changes and the installation of the new DSRA officers will begin at 8:30 P.M. The cost of the banquet is \$10.00 per person. Contact Mary Ann Rozsas at Pilot School (478-1740) for further information and reservations.

The down state area contact is Shirley Truitt, Wgaleysville, Md. (436-8201) and in the Dover area contact Darlene Bolig (697-2173).

The Encore Players, the Youth Drama Group of the YMCA of Southern Delaware will present a night of One Act Plays for the Kent County audience on Friday and Saturday, May 15 and 16, 1981.

The three One Act Plays will be presented at the Patchwork Playhouse of the Kent County Theatre Guild at East Roosevelt Avenue in Dover.

The plays will be *The Monkey's Paw*, directed by Sug Adlam, *The Invention*, directed by Pamela Moyer, and *Marmalade Gumdrops*, directed by Marjorie Ressler.

Performances will be 7:30 p.m. on Friday evening and at 2:00 p.m. and

7:00 p.m. on Saturday, matinee and evening respectively.

Tickets for the upcoming performances are now available at the YMCA Courtesy Desk and also available through the Gallery of Art on S. Governors Avenue. The price of tickets is \$3.00 for adults and \$1.50 for students. All sales of tickets are in advance since the capacity of the theatre is eighty and tickets will only be sold at the door on a space available basis. For additional information contact the YMCA at 674-3000.

On May 9, 1981, The Delmarva Pigeon Club will hold its first open show for all age birds and is open to other clubs wishing to show their birds.

We are very pleased to be able to have our show at the Delaware State Fair Grounds in Harrington, Delaware. This will be a one day show with judging starting at 11:00 a.m. in order that all will be completed early.

The Delmarva Pigeon Club has been very successful its first year. We have a few new members from up state and hopefully as time goes by we will have more interested people joining.

Anyone interested in joining our club or showing their birds at the show can contact: Steve Underhill, Show Sec., R. D. 2, Box 415B, Dover, Delaware, 19901.

"ALL YOU CAN EAT" - "Italian Night" at the Marydel Volunteer Fire Company on Saturday, May 2, 1981 with a Spaghetti and Meatball Dinner. It will include a salad bar, Italian bread, assorted desserts, with tea or coffee. Serving will be from 3:00 p.m. until 8:00 p.m. A cash bar will be available. Price of tickets:

Adults \$3.50
Children (6-12) \$2.00
6 & under Free
Dinner to be prepared by Mr. & Mrs. Jack Lepore & Mr. & Mrs. Tony Luongo: Benefit of the Marydel Volunteer Fire Co. Remember - All you can eat for \$3.50. Carry-Outs will be available.

Health care in old age will be the subject of a one-day conference, scheduled from 9 a.m.-5 p.m., Friday, May 15 at the Sheraton Inn in Dover.

Cost of the conference is \$10, and lunch is an additional \$6. Registration should be completed by May 8.

For additional information, contact Elizabeth D. Cloud, associate professor of nursing at the university in Newark, (302)738-1267.

Cost of the program will be \$5 for DEEC members; \$10 for non-members. DEEC recommends that children be at least 8 years of age. Transportation from DEEC located at Delaware Technical and Community College, Terry Campus, U.S. Route 13 and Denney's Road, Dover, will be provided.

Observatory Administrator Mert Wade will conduct a tour of the facility and will present a planetarium show. Participants will be permitted to view the universe through a variety of telescopes.

For further information and registration, contact the DEEC office at 736-4790.

DOVER-Mt. Cuba Observatory, a family activity at the Mt. Cuba Astronomical Observatory near Greenville, De., will be offered by the Dover Environmental Education Center (DEEC) of the Delaware Nature Education Society on Wednesday, May 6, from 6 to 9 p.m.

There will be a "Jump Rope for Heart" held at the W. Reilly Brown Elementary School on Friday, May 1, 1981 from 4:00 p.m. until 7:00 p.m. The school is located on Webbs Lane in Dover. Everyone is invited to come and watch and make their pledges to the jumpers.

Arts Calendar

The Delos String Quartet, in residence at the University of Delaware, will present a series of formal concerts in Dover, Wilmington and Newark in early May. All programs are free and open to the public.

Concerts are scheduled at 8 p.m., Friday, May 1 at the Old State House on the Green in Dover; at 7 p.m., Sunday, May 3 at the university's Wilcester Center, 2800 Pennsylvania Ave. in Wilmington; and at 8:15 p.m., Wednesday, May 6 in the Loudis Recital Hall of the Amy E. du Pont Music Building on the Newark campus.

The quartet will perform Mozart's "Quartet in B-Flat Major, K. 589," Schubert's "Quartet-satz, Opus Post-humous," and Bartok's "String Quartet No. 1, Opus 7."

Those wishing to schedule the Delos members for the 1981-82 season, beginning in September, should contact Jill White in the university's Division of Continuing Education in Newark, telephone 738-1171.

The Delaware Symphony, Stephen Gunzenhauser, Music Director, will present an all orchestral concert featuring the works of Bach, Mozart and Mahler on Friday and Saturday, May 8-9 at 8:00 p.m. at the Grand Opera House in Wilmington. Maestro Gunzenhauser will begin the program with Mozart's Overture to "The Abduction from the Seraglio", followed by "Autumn Movement" by contemporary composer Travers Huff. Bach's Brandenburg Concerto No. 4 will complete the first half of the program and will feature soloists Pamela Babbett and Eileen Grycky, flutes, and Sylvia Ahranjian, violin. The second half of the program will be devoted entirely to Symphony No. 1, "The Titan".

Both performances are sold out but those wishing to order tickets returned by subscribers may call the Delaware Symphony office at 656-7374 or write the Delaware Symphony, Box 1870, Wilmington, DE 19899.

Traditional square dancing and Appalachian mountain clogging will be among the many attractions at the 34th annual Delmarva Chicken Festival, June 5 and 6, in Princess Anne, Maryland.

The Guys and Dolls, a troupe of over 50 dancers ranging in age from 6 to 56, will be demonstrating their special dance skills on Saturday, June 6, at the Ella Fitzgerald Center on the University of Maryland Eastern Shore campus.

The dancers, from Clinton, Maryland and under the direction of James W. Loveless III, are actually three performing groups—the Little Guys and Dolls, the Guys and Dolls, and the Travelers. Their performances include a mix of traditional square dancing and clog dancing.

Clogging, also known as buck, flatfoot, or hoedown dancing, is a rhythmic tapping of the foot which does not require a partner. It is an outgrowth of folk dances of the British Isles and is usually performed to the accompaniment of fiddle and banjo.

The Guys and Dolls have been performing for over 10 years. During that time they have become well known in the Eastern United States, having won several national and world championships. They have made frequent appearances at fairs and festivals, and have even entertained at the White House.

Dr. I-Hsiung Ju, Artist in Residence, Washington and Lee University, is now exhibiting his original Chinese paintings mounted on silk scrolls at MURIEL'S GALLERY, 9 W. Lookerman Street, Dover, DE, 674-4700. Exhibit will continue through May.

Armed Services

ARMY AND AIR FORCE HOMETOWN NEWS--Dora M. Smith, daughter of Mr. & Mrs. Thomas H. Brown of Rural Route 2, Harrington, Del., has been promoted in the U.S. Air Force to the rank of senior airman.

Smith is a material facilities specialist with the 49th Supply Squadron at Holloman Air Force Base, N.M. Her husband, Daniel, is the son of Mr. & Mrs. James Smith of 301 Mockingbird Ave., Dover, Del.

The airman is a 1976 graduate of Lake Forest High School, Felton, Del.

Airman Steven L. Crews, son of Mr. and Mrs. Thomas I. Crews of Rural Route 2, Magnolia, Del., has been assigned to Lowry Air Force Base, Colo., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the munitions and weapons maintenance field.

ARMY/AIR FORCE HOMETOWN NEWS--Eric O. Cain, son of William O. Cain Jr. of Rural Route 3, Felton, Del., has been promoted in the U.S. Army to the rank of Private First Class with the 1st Cavalry Division at Fort Hood, Texas.

Cain, an air conditioning repairman, is a 1980 graduate of Lake Forest High School, Felton.

State Fair Accepting Entries For Country Music Contest

The Delaware State Fair announces it is seeking contestants for its 5th Annual Country Music Talent Competition. Last year vocalist Joe Dawson of Laurel, Delaware, was declared the winner from a field of entries from a four state area.

Anyone who performs any type of country music is eligible for the competition. Single and group acts will be accepted and contestants from previous competitions may re-enter. Minimum age requirement is 14 years. The number of contestants is limited this year to the first 20 acts who complete an application and return it to the fair office.

All contestants will compete in one show on Sunday, July 26 at 2:00 p.m. There will not be a separate semi-finals and finals competition for 1981. First, second and third place winners will be selected by a panel of judges and will be awarded cash prizes, trophies and a recording session at Birch Studios in Secretary, Maryland. The first prize winner will be brought back later during fair week to perform at the grandstand show featuring "the Carter Family".

For complete information about the 5th Annual Delaware State Fair Country Music Talent Competition write to Delaware State Fair, Harrington, DE 19951, or call 398-3269. A copy of the rules and an application will be forwarded to you by return mail. Deadline for entering the competition is June 15, 1980.

Returning again as producer is Dennis Hazzard of Milford. All previous competitions have been produced and staged under Hazzard's guidance.

Little League Meeting

The Harrington Little League will hold a meeting at the W. T. Chipman cafeteria at 6 p.m. on April 30 (tomorrow evening) to kick off this season's fund raiser. All parents and players are urged to attend. They will be able to place orders for different assortments of stationery items. The proceeds from this fund raiser will help support Little League.

Get Together and

Talk With Our Neighbors

Senior Center

By Dorothy Graham 398-3780

Smile-Courage and Keep Going! Harrington and vicinity is absolutely beautiful. The much needed rain has sprinkled the trees and flowers so lovingly.

Sylvia Meredith and Clare Judy took charge of the Bible Study Monday morning at the Center. One of the questions asked was "What does the Resurrection mean to us?" An interesting hour ensued. After singing and a prayer those present scattered through the Center. Roxanne and Marion Brown, Cecil & Sylvia Meredith, Clare Judy, Amy Price, Ethel Holden, John McCready, Essie Redden, Mildred Vincent, Amy Poynter, Francis Wright, Elwood Morris, Gertrude Morgan, Cleora Vincent, Pearl Hickman and Bertha Dean were present.

"Our Delaware" as played by the Jolly Timers truly sounds exceptionally fruitful. Ina, Andy, Ella, Florence, Mami, Bertha, Gertrude M., Mildred V., Pearl, Lili, Marion, Roxanne, Cleora, Ola, Elwood, Essie, John and Gladys attended band practice. Tuesday Morning at the Center: Happy, Happy Birthday rang out Tuesday afternoon at the birthday party at the Center. George Goudge presented two short movies; one on "Budapest", another on "The Time and Place". Cards, ows, ice cream and cake, friends and lots and lots of chatter made up a very

fascinating day for all. Gertrude Morgan and Jeanette LeGates had the crochet and knitting class Monday afternoon. Different hued capes, red and white ones, all finished and fitting so nicely. Others in production: Barbara Evans was here with a macrame class. One thing I saw being made was a stunning "candlelight" bag by Iona Draper. It is useful as well as stunning. Bowling at Milford.

The chartered bus took several from the Center to Smithville Thursday morning. All reported the food excellent and the trip first rate.

Friday both men and women left the Center to attend the Bowling Tournament at Newark Bowling Lanes. We are anxiously awaiting their return to hear who won. Our Bowling Team had a good cheering section.

Lots of trips are planned. If interested, call the Center or better still, come in (398-4224).

Kind thoughts to all. A most grateful "Thank You" to all volunteers.

After lunch Friday, Elizabeth Anthony called a happy game of bingo; then she served everyone ice cream. The men kept the pool table busy and lively. A song or two and lots of pool, dominos and checkers were high on the do list.

Be kind to each other. And as George Goudge says, "Jolly Well to You" Faith.

Felton-Sandtown

The original name of the Avon Club of Felton was T.Q.K., initials that have remained a secret throughout the years. The first officers of the club were: President, Mrs. Robert Clifton; Vice President, Miss Martha Burnite; Secretary, Miss Grace Stevenson; Treasurer, Miss Marty Hargedine. The club has a long record of achievement of which it is very proud.

HAPPY BIRTHDAY TO YOU
April: Margaret C. Kates, Ryan Myers, Lawrence Carter, Glen Bell, Lisa Stubbs, Donna Cabbage.

May: Toni Hobbs, Catherine L. Stewart, Frances Cabbage, Colleen Whitt, Tony Lynn Bell, Robert Parnell, Gary A. Moore, Charles A. Parnell and Paul Stokes.

"Happy Birthday to a year of happy days."

Cub Scout Pack 141 of Felton, had their hayride to the C. & R. Center, where an egg hunt was held.

Mrs. Ada Vincent was given a birthday party in her honor with relatives and friends, Sat. eve. by her daughter.

The past week was Secretary's week and Mary Ann Stumpf was honored by her employer's with a delicious luncheon and a beautiful corsage.

The Knit Wit Craft Club will meet this

Thursday at the home of Mrs. Lola O'Day.

The Ladies Aide of Viola will meet May 6th at the home of Mrs. Catherine Lockwood, co-hostess Mrs. Louise Hurd.

Mr. & Mrs. Thomas L. Kates of Felton had as their guest this weekend, their son Lt. Commander John Kates and wife June, Jennifer & Melinda from Virginia Beach, Va., Linda Eberwein of Dover and J. Kates. Sunday visitors were Mr. & Mrs. Leon A. Davidson and Mrs. Myrtle Short.

Best wishes for a speedy recovery for Mr. Kates who is showing improvement at the hospital.

Miss Capreica Gladden of Newark visited her grandparents, Mr. Robert Sherwood and wife Selena.

A very elaborate surprise party was held for Mrs. Alta Sipple on her 80th birthday at Steeles Roller Rink, Highway 13. Mrs. Sipple is from Laurel, Del., formerly from Felton, Del. There were over 50 persons attending, a distance from Laurel, Del. to Cherry Hill, N. J. There were slides shown of Alta growing up and when Alta was actually operating a thrashing machine. Bryan Killen a neighbor of Alta's in the earlier days was also shown on the thrasher as an operator. The decorations, cake and all goodies were enjoyed by all present.

Mr. Fred Biggs is improving, after losing control of his chain saw and suffered a severe cut on his hand. "Watch it, Fred", it's easy to do as you found out the hard way.

Frederica

By Mary "Toby" Johnston 335-5487

Mrs. Ruth Ketcham visited with her grandchildren, the Randalls in Clarksville, Md., over the weekend.

On Wednesday, Mrs. Ketcham presented her color slides, The Animal Easter Parade and Flowering Trees to the Frederica Adult Center.

At the Rehoboth Art League Photography show from Palm Sunday thru Easter Sunday, Mrs. Ketcham entered several of her Monochromes, winning second place for Double Reflections.

Miss Mildred Coverdale, Mr. & Mrs. George Davidson, Mr. & Mrs. Nelson Ellis, Mrs. Ella Govan, Mrs. Anna Holliday and Mr. & Mrs. Edgar Holleger were dinner hosts for the regular M.Y.A.F. dinner meeting, Wednesday the 22nd. Serving delicious fried fish, with all the fixings by the members. When it comes to good food, you can always get your fill in Frederica.

FRIED MOZZARELLA

This recipe is strictly for cheese lovers. Mozzarella is the backbone of Italian cookery and there are many more uses for it than just pizza. Deep frying is the secret here and a watchful eye so as not to overcook. I think you will find the results a delicious reward for your efforts. Served with a bowl of soup and a crisp salad you will have a delightfully different and interesting supper. A slightly chilled glass of white wine will add an elegant touch and enhance the meal. Fried Mozzarella, served alone is a nice luncheon treat and can be the focal point on your Hors D'oeuvres tray. This recipe serves four to five but don't count on it. They will go as fast as you make them.

- 1 pound mozzarella
- 1/2 cup flour
- 2 eggs lightly beaten with 1/4 teaspoon salt.
- 1 cup unflavored bread crumbs.
- Enough oil for deep frying
- 1. Cut mozzarella into 4 inch squares, 2 inches thick.
- 2. Roll in flour.
- 3. Dip into beaten egg
- 4. Roll in bread crumbs
- 5. Dip into beaten egg again
- 6. Roll in bread crumbs again
- 7. Fry in hot oil just long enough for the bread crumbs to turn golden in color. Serve immediately.

ENJOY!

Local Students Feted At Math Awards

The Delaware Council of Teachers of Mathematics cosponsored with the Dover Rotary Club and the State Department of Public Instruction an awards dinner for high school mathematics students and their teachers or parents on Tuesday, 28 April 1981, at the Dinner Bell Inn in Dover, Delaware. This was the sixth annual mathematics awards dinner for students.

The Council's executive committee extended the invitation this year to include all high schools, whether or not they participated in the National High School Mathematics Contest held 10 March 1981. Each public, private and parochial high school was requested to select an exceptional student of mathematics and his/her teacher of mathematics or parent to attend the dinner. Salesianum School received the highest team score and Ray F. Brunstberg, a student at Salesianum High School, received the individual top

scorer award for the National High School Mathematics Contest in the State of Delaware.

Dr. Willard E. Baxter, Math Department, University of Delaware, joined DCTM in giving recognition of the students' achievements in mathematics.

From this area, the following local students were honored:

THE BLUE BANANA

A monthly selection from W.T. Chipman and
the Lake Forest Elementary Schools

"Read all
about it!"

Welcome to Kiddstown, L.F.S.

It's a lot more than fun, but the citizens of Kiddstown, L.F.S. (Lake Forest South) don't seem to mind it a bit. In fact, they seem to think of it as a special privilege.

On ordinary days, they are all students in Mrs. Linda Conner's third grade class, but on particular days they become citizens in a "Mini-Society". The mini-society at Lake Forest South is a real, functioning economic system in which the members learn more about the world in which they will become adult citizens by creating their own community where they make laws, govern themselves, work out problems together, set their own currency and become both employees and employers. They also make use of skills in math and communication and get practice in decision making and in developing positive relationships with each other.

The mini-society created in Mrs. Conner's class as a supplement to the regular social studies program entailed a lot of background preparation before Kiddstown became a reality. The initial phase was Mrs. Conner's visit to a functioning town government. At first the South third graders spent a good deal of time studying and discussing the various aspects of community life. As the project developed, they selected a name for their community, set the currency or money to be used (Kiddbucks), elected a Mayor, created a town government, chose a police officer, and made plans to invite visitors in to see the functioning community and to spend some of their "cash" at the various businesses.

To start with, all the citizens of Kiddstown were "unemployed" & received compensation in Kiddbucks from the town government. But each was asked to think of a town government. But each was asked to think of a

Kiddstown Police Force was on the job.

business he could run or a service he could provide.

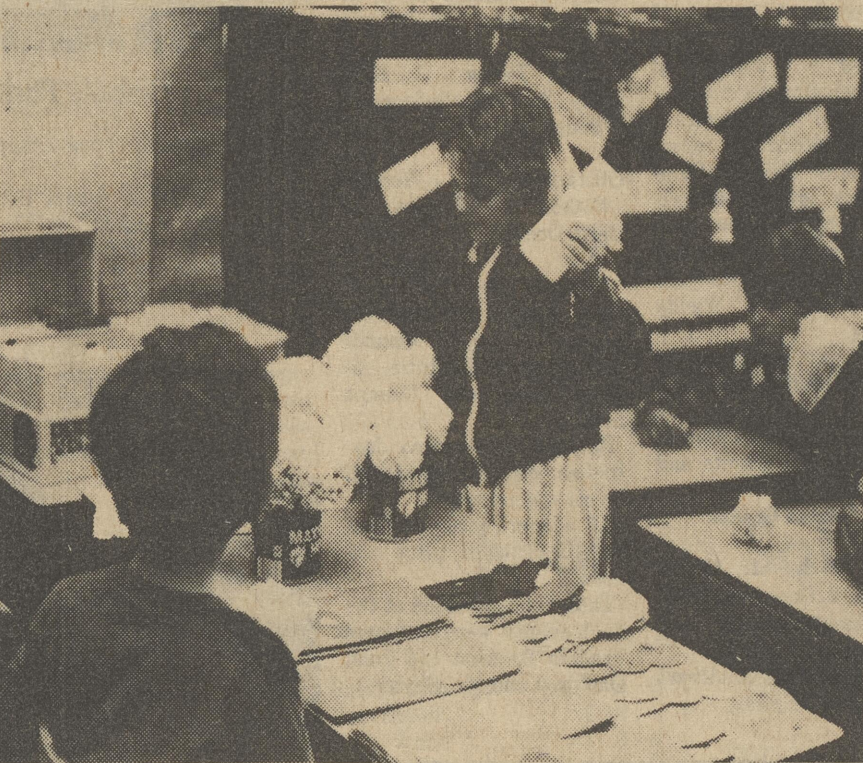

Parents were encouraged to cooperate by giving their children help at home by discussing what goods and services they could develop. The goods or products to be sold were to be made at home using resources to be found there. Parents were asked to "charge" their children for the raw materials used or the services provided. Payment could either be made in Kiddbucks which the parent could spend when he visited Kiddstown or in services the child could provide at home (dishwashing, grass cutting, bedmaking, etc.) Highpoints in the on-going project have been several days in which Kiddstown, with all its various businesses was set up in the classroom and parents, other students and teachers were invited to browse and spend. There was also a

brisk trade among the citizens of Kiddstown themselves as they counted their Kiddbucks and shopped around for bargains.

After each business day, Mrs. Conner's students have taken time to evaluate the whole thing, looking at strengths and weaknesses and deciding how things could be improved. Did they make or lose money? Were the goods or services they offered in demand? Or could they have come up with a more profitable venture?

As a prelude to the project, the class was also visited by several resource people from the business community who gave advice and information necessary to successful business ventures. These included Gwen Guerke of *The Milford Chronicle*, realtor Virginia Glen, and Colonel Norman Cochran of the Delaware State Police.

"Pied Piper" to Swing

In an updated version of a familiar story, the Pied Piper, of Hamelin infamy, will swing on the stage at Lake Forest North Elementary School in Felton. The annual spring musical production this year is "The Swinging Piper" to be staged in the auditorium at North on May 21, at 7:30 p.m. There will also be a performance at 9:00 a.m. that same day for the benefit of the student body.

"The Swinging Piper" will be presented by the members of the Dance-Drama Club, a group of about thirty fifth and sixth graders who meet after school. For their musical performance, they will have a lot of help from

their classmates, namely the students in the third and fourth grades at North and the members of the fifth and sixth grade glee clubs.

Fourth graders will play the working people of the town of Hamelin; third graders will be the children enticed by the piper.

Jane Grudzina, music teacher at North, is directing the musical. Choreography is being handled by Joyce Simmons, and art work, by Robin Dean. Two other teachers, Ed Gabrielson and Nancy Campbell, have also been assisting.

Tickets for admission to "The Swinging Piper" will go at \$1.00 for adults and 50 cents for students.

Frederica F.L.A.G. Studies the News

The news, or rather the production of the news was the object of rather intensive study by members of Mrs. Pam Reisinger's fifth and sixth grade F.L.A.G. (Focus on Language Arts for the Academically Gifted) class this year. The group of eight students concentrated for a number of weeks on all phases of newspaper writing and production, and were in the process of producing one of their own. During the unit of study, the class was

visited by *Milford Chronicle* Editor Gwen Guerke, and in turn visited themselves the offices of *The Harrington Journal*. They also planned a trip to a large, daily paper.

As a background to the unit, the class studied the various types of news writing and was asked to compile a scrapbook with examples to illustrate each.

Central to the unit were individual projects in which each student had a choice of ten out of a possible fourteen activities to complete. The

project activities used the concentration on the news as a vehicle to stress basic language arts skills in a creative way.

Culmination of the unit of study was the production by the whole class of their own newspaper. The project was divided into five parts: news, editorials, sports, features and advertising. Every student was asked to contribute stories and ideas for every section. But the work was also divided equally

between the eight class members. One editor was assigned responsibility for each section; two students were put on the copy desk, and one was selected as a layout editor.

The class members of Frederica F.L.A.G., all students at Lake Forest East, are:

Fifth Grade - Anita Spencer, Larry Benson, Debbie Endres and Walt Schmittinger.

Sixth Grade - Shawn Caulk, Chris Reid, Chad Casey and Becky Williams.

Fun & Fitness Fair Raises \$800

Be a clown.

Shop at the country store.

They were definitely blown about by the wind, but neither the profits nor the fun were lost to Saturday's strong breezes as the Lake Forest East Parent Teacher Action group held a successful Fun and Fitness Fair. The activity all took place on the grounds of the school in Frederica.

East Principal Richard Seyler reported Monday that the fair had been a real success, raising over \$800 which the P.T.A.G. plans to use towards the purchase of new risers and a set of cymbals for the school's music department.

In the course of all the fund raising, participants managed to have a great deal of fun. Game booths included the familiar fish pond and cake walk, a basketball toss & an opportunity to have your silhouette done. A unique offering & possibly one of the most popular attractions of the day was the invitation to have your face made up as a clown. There were quite a few instant clowns running around. Other booths offered all kinds of goodies, white elephant items and plants. A Country Store displayed a number of wares, including some quick-to-disappear baked goods.

A quilt fashioned by school nurse, Mrs. Beverly Gemmill, from squares illustrated by the children with scenes from the various fair activities, was chanced off. It went to Mrs. Wendy Schilling.

The fitness aspect of the fair was competition in a series of field events by children at three different age levels. The events and winners were:

First - Second Grades

40-Yard Dash - 1. Albert Richards, 2. Georgiana Sturgis, 3. Lamont Harris.

Obstacle Course - 1. Albert

Richards, 2. Eric Moses, 3. Lamont Harris.

Tennis Ball Throw - 1. Lamont Harris, 2. Albert Richards, 3. Georgiana Sturgis.

Three-Legged Race - 1. Georgiana Sturgis & Monique Perry, 2. Brian Schilling and Eric Moses, 3. Lance Lane and Charles Zimmerman.

Third - Fourth Grades

50 Yard Dash - 1. Michelle Gaines, 2. Terry Teacock, 3. Kevin Shahan.

Softball throw - 1. Michael Beebe, 2. Peter Luckenbach, 3. Kevin Shahan.

Obstacle Course - 1. David Brock, 2. Michelle Gaines, 3. John Fair.

Three-Legged Race - 1. Jennifer Siber and Daniel Carlson, 2. Tina Neilson and Kelly Beissel, 3. David Brock and Kevin Shahan.

Fifth - Sixth Grades

50 Yard Dash - 1. Kyle Kelly, 2. Carolee Scott, 3. Lajone Dunbar.

Softball Throw - 1. Kyle Kelly, 2. Elvin Spence, 3. Wendall Watson.

Obstacle Course - 1. Wendall Watson, 2. Kyle Kelly, 3. Chris Drew.

Three-Legged Race - 1. Kyle Kelly and Elvin Spence, 2. Lajone Dunbar and Michele Doolittle, 3. Tina Green and Deanna Scott.

Because of the windy day, frisbee competition at all levels was cancelled.

All winners received first, second or third place ribbons.

Those who officiated at the field events were teachers Freddie Brunson and John Davidson and Mr. Seyler.

Demons Terrorize Fantastic 7

In the final round of a long basketball season, the Demons had it all over the Fantastic 7, terrorizing their rivals 4-25 to win the intramural championship at Lake Forest North Elementary in

Felton. The two teams finished first and second in competition that began last fall and reached its completion in recent weeks.

Trip From the Present to the Past

They didn't travel in a time machine, but 53 students at Lake Forest North Elementary School in Felton did take a trip that, in a way, started in the present and ended in the past. On April 3, the students, all participants in the Title I program visited the radio and television studios at WBOC, Salisbury, and then journeyed back in time via the historical society's Horse Museum...The trip also included a timely stop for refueling at McDonald's. In command of the mission were four parents and a Title I aide.

Starting in the present, the traveling members of the Title I Reading Club were treated to look through the WBOC studios where they were especially interested to see AP news releases coming off the wires.

The next stage of their journey took them to an age when communications and travel were a lot less speedy but certainly not less inter-

esting. At the Horse Museum, they saw a collection of old horse-drawn wagons and carriages. They also met a special treat in the person of Mr. Austin Turcotte, farrier.

One dictionary definition explains that a "Farrier" is a veterinarian for horses. More specifically, he is a specialist concerned with their feet. Mr. Turcotte, who has been shoeing horses for 65 years would describe himself as a veterinarian for the horses structure, balance and hoof.

The members of the Title I Reading Club who traveled back in time to visit a current practitioner of the art, got to talk to Mr. Turcotte and to see him at work.

One member of the group, fourth grader Bret Brittingham was especially thrilled to see a picture of his grandfather, shown with his winning trotter, on the walls of the museum.

Greek Day Provides Finale to F.L.A.G. Project

For the better part of two marking periods, students in Mrs. Pam Reisenger's eighth grade F.L.A.G. class at W.T. Chipman have been concentrating on the study of Greek mythology. They climaxed that study with the completion of individual projects which counted for a large part of their grade for the third quarter and wrote a finale with the celebration of "Greek Day" on April 3.

No, Greek Day was not another holiday added to the calendar. It was an afternoon in which the class invited parents and other teachers to visit and witness the presentation of their individual projects and to enjoy a Greek feast.

The individual projects were as varied as the individual students who undertook them. Each had to involve aspects from six different critical thinking categories - knowledge, comprehension, application, analysis, synthesis and evaluation. As students planned their projects, they were required to fill out a detailed program for its development. That program, in the form of an agreement was signed by the student, the teacher, and the parent.

The following projects were completed and presented:

Kim Sipple - drawings and summaries of Greek gods and goddesses;

Rebecca Brown - Greek newspaper, *The Sparta Gazette*;

Toni Litano - story explaining how Zeus and Hera's personalities might be switched, models of thrones before and after;

Tara Gladden - radio broadcast with some pre-recorded segments.

Julie Voshell - original myth with comic strip illustration.
Terry Caulk - explanation of Greek armor and alternate solution to a lost battle;

Maria Weis - summary and continuation of the story "Pomegranate Seeds", models showing events in the story.

Phillip Cataldi - updated version of "Phaethon, Son of Apollo" with illustrations.

Amy Gay - bulletin board, comparison of Greek and

Hermes ??????

Roman gods and goddesses:

April Becton - Greek Day. (April moved from the district before she was able to carry out her project, but the class chose to use it as the culmination of their study.)

After the presentation of the individual projects, guests were invited to join the class in the Chipman library where they enjoyed a Greek meal prepared by Mrs. Reisenger and her students (with some help from parents. The menu with its various chefs included:

Moussaka (Mrs. Reisenger)

Greek Salad (Maria Weis)

Ambrosia (Amy Gay, Rebecca Brown)

Greek Meatballs (Tara Gladden, Kim Sipple)

Nectar (Terry Caulk)

Honey Squares (Toni Litano, Julie Voshell)

Baklava (Phillip Cataldi)

A cookie sale held by the F.L.A.G. class members at an earlier date helped pay for a part of the cost of the Greek meal.

Spartan Track Girls are 5-0

By Keith S. Burgess

Lake Forest's girls track team defeated Laurel 90-42, defending state champion Caesar Rodney 71½-60½ and Smyrna 110-22 for a 5-0 mark, going into a Southern Division showdown, against Woodbridge, this week.

Laurel and Lake Forest split the sixteen events evenly, but the visiting Spartans piled up the big victory margin, by amassing many second and third place finishes.

Carol Payne, Muriel Green and Tracy "Top Cat" Cramer, led the way by sweeping both hurdle events. Payne also anchored the winning 1600 meter relay quartet of Payne, Carolyn Winder, Donna Pardee and Annette Baynard. Pardee and Baynard went 2-3 in the 400 meters, which Pardee and comebacking Sheri Coburn did the same, in the 800 meters. Coburn hadn't raced in seven weeks, due to a leg problem.

Gina Turner and Sheila White were first and second meters in the 3000 meters, while Turner was second at 1500 meters.

Caritha Clarke, a fine new talent, won the triple jump and was third in the long jump, behind Karen Gibbs second place. Nancy Badman and Gibbs completed the triple jump sweep. Gibbs and Kim Moehlenkamp were 2-3, in the high jump.

In a Spartan sweep of the weight events, Elaine Grant, Cindy Kemp and Sharon Burton captured the discus points. Burton, Michele Penn and Moehlenkamp did the same, in the shotput.

Sherry Durant and Michelle Mango were second and third, in the 100 and 200 meter runs.

Mango and Susie Johnson were the first two Spartans on the 400 meter relay unit, with Pandora Scott and Nancy Badman completing the winning effort in 55.3.

Smyrna was just a tuneup for the strong locals. Donna Pardee, Annete Baynard and freshman Carolyn Winder

went 1-2-3, in both the 400 and 800 meter runs. Pardee's times of 62.5 and 2.38, were good for a cold, windy day with only token Smyrna opposition. Carol Payne (16.19) and Muriel Green (16.8) handled the high hurdles with Payne (32.17) Tracy Cramer (32.24) and Greene sweeping the 200 intermediates.

Freshman speedster, Sherry Durant, was first at 200 meters in 28.65, with Pandora Scott 2nd; was third, in the 100, with Michelle Mango next; then teamed with Mango, Scott and Nancy Badman, to take the 800 meter relay, in 1:52.7.

Mango Scott, Susie Johnson and Badman won an exciting 400 relay, in a fast 53 seconds. Scott's leg brought the Spartans from behind, however a bad, baton exchange gave Smyrna, a slight lead. Badman battled gamely for 100 meters and surprisingly nipped the taller, Smyrna anchorperson, at the wire. Nancy Badman, "She's bad man", which in the vernacular of the eighties means just the opposite.

Gina Turner, Sherri Coburn and Sheila White, swept the 1500 meters. White, Hooven and Wyatt did the same in the 3000 meters.

Michelle Penn, Sharon Burton and Kim Moehlenkamp, all hurled the 8-pound, iron ball past 27 feet, to take all the shot put points. Elaine Grant and Cindy Kemp were 2-3, in the discus.

Smyrna's forte was the jumps. Led by Leora Pinkett, a state champ, they won all three. However, their margin here was only 15-12, as Karen Gibbs and Caritha Clarke, bad jumps of 15-2, in the long jump. Clarke did 33-6 and Gibbs 32-8, in the triple; while Gibbs and Moehlenkamp, went 2-3 in the high jump.

Pardee, Winder, Baynard and Payne, have relayed 1600 meters in under 4:18. They only had to go 4:31.8, to easily win this time.

Caesar Rodney was a horse of a different hue. The Riders have some

quality people, left over from 1980's state championship team and gave Lake Forest, the kind of competition, that's always beneficial.

The visiting Riders won 9 of the 16 events, but Lake Forest pulled out the win by getting 10 second places and 6½ third finishes. Depth did it once more.

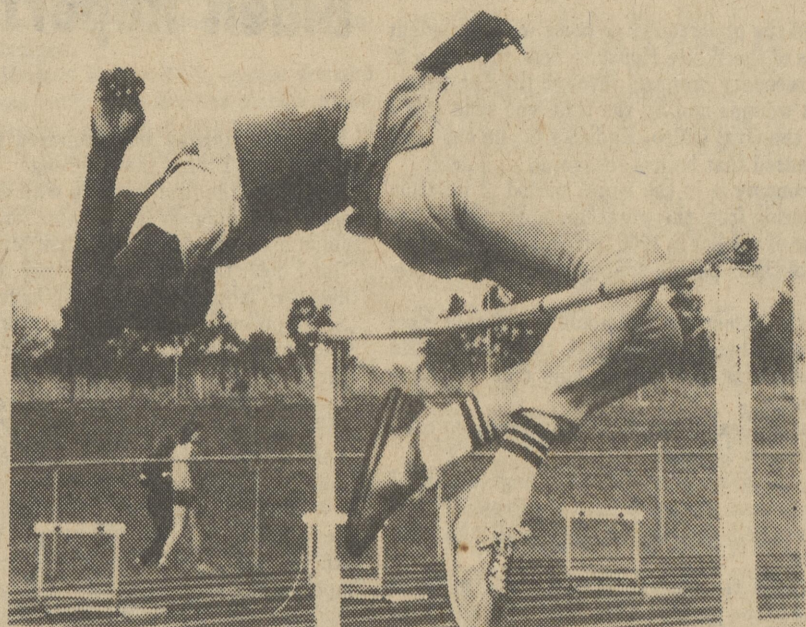

Donna Pardee, that splendid sophomore, who would be better than splendid, if she ran also in the fall was top Spartan scorer, with three top efforts. Donna annexed the 400 (62.8) the 800 (2:37) and staked her teammates, in the 1600 relay, to a good lead, on the first leg. Carolyn Winder, Annette Baynard and Carol Payne did the rest, in a swift 4:21.1

Payne (32.4) Tracy Cramer and Muriel Green swept the 200 meter hurdles. Payne and Green placed and showed in the 100 meter hurdles.

Caritha Clarke unleashed a 33 feet, 11 inch triple jump, which is a new Lake Forest record. Nancy Badman and Karen Gibbs were second and third. Gibbs leaped 15-2 to win the high jump. The versatile Gibbs also placed second, in the high jump. These are the kind of efforts, that did C. R. in.

The final Spartan triumph occurred in the 800 meter relay. Michelle Mango, Pandora Scott, Badman and Sherry Durant clocked a swift 1:52. Durant had a second and a third at 100 and 200 meters respectively. C.R.'s Shelly Smith, a year-round, hard worker is Delaware's best distaff, distance runner, won both the 1500 and 3000 meter runs, in clockings that some male runners would like to equal. But Smith's superlative efforts were largely nullified by Sheila White's two second places and by the third place finishes of Sherri Coburn and Darlene Wyatt. The tally here was C.R. 12 - L. F. 10.

Sharon Burton and Kim Moehlenkamp finished second to C.R.'s redoubtable, Erin Meder, in the discus and shot, respectively and Annette Baynard was second, in the 800 to wind up the Spartan scoring.

Spartan Fred Goodman arches over to add a half inch to the previous Lake Forest record in the horizontal leap. He cleared 6' 2½" in the recent meet against Smyrna on the local track.

Lake Forest Girls Tennis Vs Cape Henlopen

1st Singles, Spartan, Stephanie Kish vs. Cape's Mary Weber, 0-6, 1-6.
2nd Singles, Spartans Charupin Charoenthep vs. Cape's Kelly Austin, 6-0, 7-5
3rd Singles, Spartan Joyce Douglas vs. Cape's J. Rose Fletcher, 1-6, 1-6.
1st Doubles, Spartans, Dianne Pendry, Susan Back vs. Cape's Robin Temple, Zoanne Nelson, 1-6, 4-6.
2nd Doubles, Spartans Laurie Glasspool, Amy Bates vs. Cape's Natalie Downes, Karin Coullesri, 1-6, 2-6.

Extras, Spartan Cheryl Cerklefski vs. Cape's Cary Boyle, 0-6, 1-6.

Against Cape, the matchup was more even than against Milford and Seaford. Cape has a young team and are rebuilding just as we are building. The inexperience of the team was much more evident against Cape than any of the other teams. Lack of fundamental racket and stroke control is the major technical weakness of the team.

Edwin Tucker picked up his first win at 1st singles, defeating Bob Lynam 6-2, 6-0. David Rierden lost at 2nd Singles 1-6, 2-6. David Gagne lost at 3rd Singles 3-6, 4-6. Gagne played too conservative and it cost him the match. Terry Morris and Duane Hammond played very well at 1st doubles and lost a heartbreaker in three sets 6-3, 4-6, 6-7. Mike Lamphier and Bruce Betts lost at 2nd doubles 3-6, 5-7.

Lake Forest Boys Tennis Vs Seaford

1st Singles - Spartans Ed Tucker vs. Seaford's James Torkelson, 1-6, 3-6.
2nd Singles - Spartans Terry Morris vs. Seaford's John Thune, 0-6, 0-6.
3rd Singles - Spartans David Reirden vs. Seaford's Mike Usilton, 3-6, 0-6
1st Doubles - Spartans Mike Lamphier & Duane Hammond vs. Seaford's Pete Wilbanks & Scott Taylor, 0-6, 1-6.
2nd Doubles, Spartans Bruce Betts & Roland Cohee vs. Seaford's Ed Wakins & Barry Wilbanks, 0-6, 1-6.

Extras - Spartans David Gagne vs. Seaford's James Pickren, 3-6, 2-6
Spartans Darrin Dell vs. Seaford's Art Carney, 0-6, 0-6.

The team played a different lineup this week. Reirden moved up from 1st doubles to 3rd singles. Morris played 2nd singles instead of 3rd. Hammond played 1st doubles instead of 2nd doubles, and Cohee moved up to 2nd doubles. The team being young, played tense unsure tennis. I look only for improvement in stroke efficiency as we progress through the season. As we gain experience we will improve.

Lake Forest Girls Vs Seaford Tennis

1st Singles, Spartans Charaupin Charoenthep vs. Seaford's Kelly Giesen, 0-6, 0-6
2nd Singles, Stephanie Kish vs. Seaford's Gale Robertson, 0-6, 0-6.
3rd Singles, Cheryl Cerklefskie vs. Seaford's Chris Shirreffs, 1-6, 0-6.
1st Doubles, Susan Back & Dianne Pendry vs. Seaford's Rose Liarakos and Cindra Myers, 1-6, 0-6.
2nd Doubles, Laurie Glasspool & Amy Bates vs. Amy Higgins and Lisa Jefferson, Seaford., 3-6, 0-6.

Extras, Joyce Douglas Vs. Seaford's Bev Smith, 0-6, 0-6.
Tammy Gilman, Theresa Moody, Spartans, vs. Kathy Valtarez, Krister Borders, Seaford, 0-6, 1-6.

Spartan Track Men Wins 2 Of 3

By Keith S. Burgess

Jim Blades Lake Forest Track Team lost 80-60 to Caesar Rodney, but swamped Laurel, 116-25 and Smyrna 104½ to 36½, to end the week with a 3-2 season's record.

Freshman Jerome Scott was touted a likely track prospect before he left Chipman School. He has lived up to his advanced billing. Against Smyrna he won the 110 meter high hurdles, in 16.15, the 300 intermediate hurdles in 42.26 and placed second in the long jump with 19 feet, 8½ inches. He personally accounted for thirteen points.

Tony Scott and Don Drew were second and third, in the 110 hurdles. Tony had a third in the 300 hurdles. At Laurel, Gerald "Peanut" Perry won the 100 meter dash in 11 seconds flat, the 200 in a swift 22.6 and ran on the winning 800 meter relay, with Ralph Young, James Browne and one of the identical De Shields twins. Jeff DeShields and freshman Ray DeShields placed and showed in the 100. Ralph Young and Jeffrey DeShields did the same in the 200. Confused? So are we! And the opposition probably is too, on occasion.

Senior distance ace, Jay Howerin, annexed the 1500 yard run, in 4:26 and

the 3000, in 9:53. Sophomore James Loffland was second in the 1500 and won the 800 in 2:10.

Fred Goodman, one of two outstanding Spartan horizontal leapers, cleared 6-2¼ inches, adding ½ inch, to the old Lake Forest record, he and James Browne, established at Cape Henlopen. Browne did 6 feet even and freshman Maurice Parker was third with 5-8, a good effort for a short, young novice.

Rob Prutzman, the future weight event star here won the shot put with 40 feet, 7½ inches, Page Pulley equalled that distance, but would up second since Prutzman had a better second throw. Pulley took the discus (114-4) with Prutzman next. John McCartney was third, in each event.

First-year trackman, Jim Schuman, won the long jump (19-7) with Tony Scott and Kevin Smith, next. Schuman was also runnerup, in the pole vault, with Dave Decker, in third.

Tony Scott triple jumped 41-2. Kevin Smith was third with 40-8. Sheldon Powell ran 400 meters in 55.2. Nelson Mosley was third. To get back to the ubiquitous De-Shields brothers, Jeff and Jeffrey, along with Ralph Young and James Browne, captured the 400 meter relay in 47.2.

The Caesar Rodney meet was one that could have gone either way. Gerald Perry was Lake Forest's top scorer. Perry won the 100 in 11.1, the 200 in 23.3 and united with Jeff and Jeffrey DeShields and James Browne, to take the 400 relay in 45.6.

Page Pulley, hurled the 12-pound shot 43 feet, 6 inches, with Rob Prutzman 2nd. Prutzman spun the platter 121 feet, 5 inches, to annex the discus event, with Pulley, in third.

Fred Goodman (6 feet) and James Browne were agin 1-2, in the high jump.

Tony Scott triple jumped 43 feet, in

inch. Kevin Smith was third. Al Leitzel was pole vault winner (11 feet).

James Loffland had seconds in the 800 and 1500 meter runs. Jerome Scott had a second and third in hurdle events.

Smyrna did not extend the Spartans. Smyrna had little talent, beyond Eric Byrk, a premier distance man, who won the 800, 1500 and 3000 meter runs, although extended by James Loffland, in the first two events. Jerry Guessford was third, in the 800; Larry Guessford was third in the 1500 and runnerup in the 3000, followed by Tom Silkworth. "Peanut" Perry had his usual spring double. He clocked 10.9 in the 100 and 23.56, in the 200, then relayed 400 meters in 44.8 along with Jeff and Jeffrey DeShields and James Browne. Dale Benson was second, in the 200. Ralph Young replaced Perry, on the 800 relay quartet, as the Spartans romped in 1:36.6.

The 400 meter run suddenly looks better, here, as Bruce Tolson (53.6) and Sheldon Powell (53.8) were 1-2, in pretty fair time. This pair joined pole vaulters, Dave Decker and Jim Schuman, to win the 1600 meter relay, in 3:45.6.

Page Pulley, Rob Prutzman and John McCartney swept the shot. Pulley (125-9) and McCartney got second and third, in the discus.

Fred Goodman, James Browne and Dale Benson swept the high jump.

Tony Scott, a sophomore, triple jumped 43 feet, 4 inches. He's only a foot away from the school record held by Don Bryant, which was a state record, when it was set. Kevin Smith was third 41-1.

Al Leitzel and Dave Decker were first and second in the pole vault, with Jim Schuman tied for third.

The Spartans meet powerful Woodbridge, here, this Thursday. The girls meet could go either way, but there appears to be no stopping the Woodbridge boys powerhouse.

THOUGHTS FROM DOVER
By Gov. Pierre S. duPont

I was among eight governors who had the opportunity to meet with President Reagan last week in the living quarters of the White House to hear first hand of his plans to see the Reagan economic recovery program through the Congress. The President is recovering from his wounds and by the time you read this I expect that he will be back to work in the Oval Office. He looks fit; he has been through a difficult ordeal, and I am pleased that he has recovered so quickly.

President Reagan said the nation's economy is in the worst period of inflation since the end of World War I and is suffering from the worst unemployment rates since the end of World War II. The value of a dollar in 1960 terms is only 36 cents; at current mortgage rates 90 percent of those people who rent cannot now buy homes.

Also, it is important to note that the American automobile industry now produces just one-fifth of all cars made in the world. In 1960, this nation build one-half of the world's needs. The same type of statistics hold true for other industries, most notably the steel industry.

Finally, to add to the economic mess, federal personal income taxes on each family have nearly quadrupled over the past 15 years.

President Reagan's economic recovery program is now in the Congress, and I hope that the Congress will reduce the budget along the lines the President has suggested and enact significant tax cuts to help provide tax relief to all American taxpayers and to help spur the economy.

Last week I outlined some of the effects the Reagan proposal will have on Delaware. It will be significant and some of the programs the State operates with federal funds will suffer. Nevertheless, I believe it is essential for the nation to solve inflation as soon as possible.

President Reagan has also asked both Senator Bill Roth and me to serve on the Presidential Advisory Committee on Federalism. We are part of a group of senators, congressmen, governors, mayors, local officials, private citizens, and state legislators asked to serve on this important committee.

This committee will advise the President on the impact of his administrations' proposals on the states and local governments. It will also assist in the long range policies to reverse the current trend of greater control over state and local programs by the federal government.

Understanding A.C.T.

A.C.T. monthly meetings for May Tuesday the 12th at Howard Johnsons Hare Corner & Rt. 13, New Castle Saturday the 16th at Perrys Steak House, Rt. 13, Dover. Thursday the 21st at Seaford Inn, Front St., Seaford. 6:00 Dinner - 7:00 Presentation.

Have you heard and do you know what House Joint Resolution 23 is?

In January of 1979, the following joint resolution was introduced in the House of Representatives and many people don't know what it is. As quoted from the 96th Congress, 1st Session the Joint Resolution is "Proposing an amendment to the Constitution of the United States relative to abolishing personal income, estate, and gift taxes and prohibiting the United States Government from engaging in business in competition with its citizens." We now have 8 states which have endorsed the Liberty Amendment, which is pending in Congress as House Joint Resolution 23.

The resolution states in section 1 that "the Government of the United States shall not engage in any business, professional, commercial, financial, or industrial enterprise except as specified in the constitution." The constitution gives no grounds for government to be in private business or any other business. Under communism, government owns and controls all businesses, but under a Republic such as we have in America, free enterprise is how businesses run.

In section 2, it states, "the constitution or laws of any state, or the laws of the United States, shall not be subject to the terms of any foreign or domestic agreement which would abrogate this amendment." Are you aware that Carter, during his administration, tried to sign into effect a treaty that would have put us under the court rulings of a judge from the United Nations. In other words, someone arrested for a traffic violation, shoplifting, etc. could be tried by a Russian judge. (In most cases our court system is to lenient, but then in other countries they are too severe and not governed by law, but by men).

In section 3, it states "the activities of the United States Government which violate the intent and purposes of the amendment shall, within a period of three years from the date of the

ratification of this amendment, be liquidated and the properties and facilities affected shall be sold." This section would eliminate such bureaucrats as the IRS (and their illegal functions), along with all government land and housing projects.

In section 4 it states "three years after the ratification of this amendment the sixteenth article of the amendments to the Constitution of the United States shall stand repealed and thereafter Congress shall not levy taxes on personal incomes, estates, and/or gifts." This section clearly states its intent of abolishing the sixteenth amendment which as quoted from the constitution is "The Congress shall have power to lay and collect taxes on incomes, from whatever source derived, without apportionment among the several States, and without regard to any census or enumeration." As this amendment now stands the IRS has managed somewhere down the line to lead the lower courts and people to believe it means something it doesn't. The amendment according to some supreme court cases clearly show the amendment was only for corporations. As a result of the IRS interpretation of the amendment, our wages and salaries are being stolen and the harder you work, the less reward you get. If this country would go back to constitutional taxation, taxes would be equal for everyone.

AMERICANS FOR CONSTITUTIONAL TAXATION are reprinting and circulating copies of the resolution as a **PUBLIC AWARENESS SERVICE**. If you are concerned about the preservation of your constitutional rights, you are invited to write for a **FREE** copy of the United States Constitution and information packet which explains what one local association is doing to help maintain these rights. A.C.T. dept. PAS Box 88, Frederica, De., 19946.

Better yet, attend one of the meetings and pass the word onto neighbors, friends, and family. We also urge you write your congressman and let them know what you want the Liberty Amendment passed for the betterment of our country.

Biden Report By Sen. Joseph Biden Jr.

President Reagan has proposed to eliminate the Social Security minimum benefit, and I think that's wrong.

I would be the first to agree with the President that it's past time to trim down federal spending. In fact, in the Senate Budget Committee I voted for nearly \$3 billion more in budget cuts than Mr. Reagan had recommended.

But I don't think it's wise or fair to eliminate a benefit people have earned by their own labor and that many have to depend on in their later years. So I opposed the President's proposal to eliminate the minimum benefit for recipients currently on Social Security.

First, persons now receiving the minimum benefit earned it by working the required number of quarters. To reduce their benefit after they have already earned it would be a major breach of faith with people guilty only of growing old. Furthermore, families have come to depend on that money in planning their own budgets. To take it away from them now, after telling them they were entitled to it, would impose an unfair burden on them.

Let's not forget that the people we are talking about are our mothers and fathers, our grandmothers and grandfathers. Those we call "recipients" so impersonally are real people, and we have a real responsibility toward them. An even more serious attack on Social Security has been the proposal to delay or reduce the annual cost-of-living adjustment that has prevented Social Security benefits from being swallowed up by inflation.

I am firmly opposed to that proposal. We cannot and should not alter the cost-of-living index because, in this time of high inflation, many senior citizens depend heavily or entirely on Social Security to pay their bills. With the costs of medical care and the costs of energy—especially electricity and home-heating fuel—steadily rising, these cost-of-living adjustments are necessary for senior citizens to keep pace with inflation.

Besides, the whole idea of Congress in creating the cost-of-living adjustment in the first place was to keep Social Security from becoming a political football every year, as it did so often in the past. If we start to tamper with the index now, we run a real risk of sacrificing the welfare of our older citizens to the hazards of politics.

I voted against that proposal in the Budget Committee, but it passed. I voted against it again on the floor of the Senate, where to my great relief it failed. And that's good, because our senior citizens—and don't forget they're our own flesh and blood—deserve better of us.

Washington Merry-Go-Round

WASHINGTON—It has been a month since President Reagan and three others were shot outside a downtown Washington hotel. The president is back in the White House, and it is now business-as-usual for the administration.

But behind the scenes, the assassination attempt has set off some serious investigations into the security arrangements for the president and other high government officials.

The Secret Service is the subject of two separate investigations. One of these, which has been publicly reported, is being conducted by the FBI.

The other is an internal review by the Secret Service itself, and it is strictly confidential. Sources have told us that it is the most thorough look at the Secret Service's operations in many years.

The point of the internal investigations, we should emphasize, is not to find fault with the agents on the scene of the assassination attempt. There has been no suggestion that they failed to act with the speed and heroism that have come to be expected of the president's bodyguards.

In fact, there is no doubt that the Secret Service agents saved President Reagan's life. One of them deliberately put himself between the president and the gunman, stopping one of the explosive bullets with his own body. Another Secret Service agent shoved President Reagan into the limousine and shielded him. He then noticed blood coming from the president's mouth and realized he had been shot. The agent's quick decision to head for the hospital instead of the White House saved the president's life.

But the Secret Service wants to avoid the necessity for such split-second on-the-spot decisions. That's the purpose of the internal investigation now going on.

Agents who were at the scene of the assassination attempt are being questioned in the most minute detail to see if there were any actions they might have taken to prevent the shooting. In addition, we are told, the Secret Service's communications system is being scrutinized closely to determine if any equipment is faulty or obsolete.

And finally, our sources say, the Secret Service's intelligence division is being given a thorough study to see if there is some way potential assassins can be identified more accurately.

Meanwhile, across town, the State Department's security agents are worried about protecting Secretary of State Alexander Haig. He was the target of an assassination attempt when he was head of the North Atlantic Treaty Organization in Europe. It was a close call and the security people in Foggy Bottom fear that Haig may once again be a target.

The first step they're taking at the State Department is to limit access to the department's seventh floor, where Haig and the other top brass have their offices. Also, Haig's suburban Washington home will be equipped with up-to-date security apparatus.

SYNFUEL FIASCO: Oilmen should be the last people entrusted with the task of finding a substitute for oil. Obviously they are in no hurry to put themselves out of the oil business.

The federal government, however, is turning over billions of dollars to big oil companies to develop synthetic fuels. This will permit them to remain in the energy business after they have squeezed all the profit they can get from oil. Meanwhile, they are quite happy to spend the taxpayers' money to experiment with synthetic fuels.

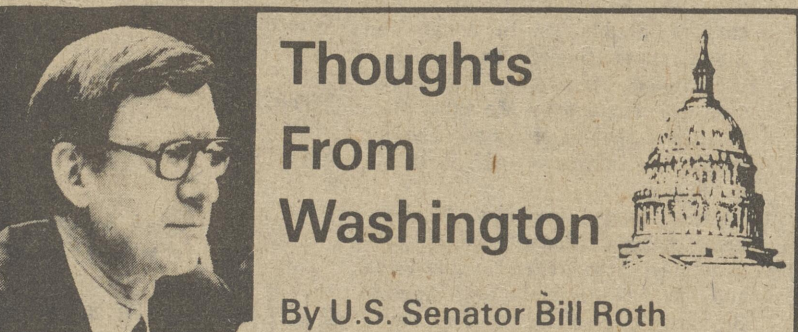

Several months ago, we reported on the first synfuel project—which also happens to be the biggest. A Gulf Oil subsidiary was given the contract to build a synfuel plant in West Virginia. Some day it is supposed to develop the technology for producing liquid fuel from coal.

But Gulf Oil is behind schedule—15 months behind schedule. And that's not the worst of it. The cost has also jumped from \$700 million to \$2 billion. It may go as high as \$3 billion.

Now we have evidence that Gulf executives tried to hide the mess. In a private letter to Gulf, Rep. Toby Moffett, D-Conn., wrote: "Regretably, my review of Gulf's testimony before various Congressional committees shows that Gulf has consistently misled the 97th Congress on the true status of the project."

A General Accounting Office report also accuses Gulf Oil of failing to give the Energy Department the documents it needs to check on the progress of the synfuel plant. And a Defense Department review criticizes Gulf's procurement practices. The Pentagon has found 11 major areas in which Gulf has failed to comply fully with government procurement regulations.

HEADLINES AND FOOTNOTES: Americans may soon be eating sausage and franks contained powdered bones. Meat packages have shied away from putting ground-up bones in their products because a federal regulation required it to be disclosed, but now the Agriculture Department is thinking about doing away with the rule. Members of the House Select Committee on Narcotics are journeying to Hollywood to probe drug use by the stars and then to New York to check on the usage of illicit substances by professional athletes. Nice work if you can get it.

Thoughts From Washington

By U.S. Senator Bill Roth

ATTITUDE ADJUSTMENT NEEDED TO FIGHT GOVERNMENT WASTE

I am appalled at the results of a recently released study of federal employee reactions to waste or mismanagement within the government. Of those employees surveyed, nearly 45 percent said they had personally observed or obtained evidence of waste or illegal spending, but the majority of those employees said that they had not reported it.

The study reveals, in clear terms, that government may be the only known vessel that leaks from the top. Lower level employees are willing to report fraud and waste but they don't believe top management will do anything to correct the problems they report.

This is a sad and inexcusable situation. It seems that a siege mentality has crept into federal agencies with employees batten down the hatches to weather out the many instances of waste which appear rather than reporting such cases to their superiors. Fear of new "inquisition" has often forced federal employees to remain silent about problems in their agencies.

Agency employees are our first line of defense against bad program management and yet they are reluctant to take action because they are convinced those in charge are too busy to care. It appears that silence is golden to top level managers because the less they hear from concerned employees and the less these employees know about where to report cases of mismanagement, the more easily the gold can flow.

I do not believe legislation will solve the problems noted by this study. Attitudes on the part of the top level officials and the morale of federal employees are the difficulties that must be overcome.

According to this study, conducted by the Merit Systems Protection Board, one employee in ten reported knowing about cases of mismanagement involving sums of \$100,000 or more which, if true across the entire civilian government, translates into a minimum potential savings of \$23 billion. We must do all we can to encourage a high level of concern with mismanagement in the agencies.

I have written to both the Director of the Office of Management and Budget and the Administrator of the Office of Personnel Management to encourage them to undertake an intensive campaign to eliminate the apathy and inaction revealed by the MSPB study. I urged them to undertake several actions including:

-Send special notices to all employees to provide them with complete information on all channels which are available to report waste and fraud, especially those in the field. Posting of similar notices in all federal agencies could also be helpful.

-Visits by the Inspectors General of the various agencies to agency employees to familiarize them with available services to fight mismanagement;

-Inclusion of the responses of top level managers to reports of mismanagement from agency employees in their annual evaluations; and

-Development of a possible "hot line" in the Office of Management and Budget to screen employee reports, ensure the confidentiality of such reports and indicate the high level of concern the administration has for waste and fraud in government.

Generally, what must be done is to create a positive climate in the agencies to encourage more efforts to eliminate bad management practices. I am confident the MSPB report signals a real start in this direction. We must demonstrate our concern with this problem and show our support of those who want to encourage improvements within the federal government.

Letters To The Editor

Letter to the Editor

Dear Sir:

About 4 or 5 weeks ago, you had a recipe for creamy Rice Pudding from Anne's Kitchen.

Would I stand a chance of getting a copy of it, or perhaps at a later date, you might have a rerun of it. My paper was gone before I got it clipped out.

Sincerely yours,
Anna Cornelison

Editor's Note:

Dear Mrs. Cornelison, A cookbook for "ANNE'S KITCHEN" is at the drawing board stage. We plan to make it available in the not too distant future. In the meantime, Anne will forward her rice pudding recipe to you. Thank you for your interest.

Area Youths Selected For Youth Leadership Program

A unique and specialized eight-week program in the fundamentals of oral communications and leadership has been planned for young people in the Delaware Valley area.

The program, called Youth Leadership, is being presented at no charge to 25 selected students from throughout the Delaware Valley and will be sponsored by members of the Communicators Toastmasters Club of Delaware.

Lawrence Williams, president of the local Toastmasters club, said the Youth Leadership course has been developed by Toastmasters International, a world wide public speaking organization, and is specifically designed for young people of junior high or high school age.

The program, he said, offers young people an opportunity to learn effective

speaking, analytical listening, and critical thinking. It also provides practice in properly conducting a meeting, conference, or committee.

The Toastmaster program is based on the belief in the potential of every individual and on faith in his ability to achieve his full potential.

This program will supplement rather than compete with other youth-training projects and school programs by providing emphasis on specialized skills, with attention given to individual needs.

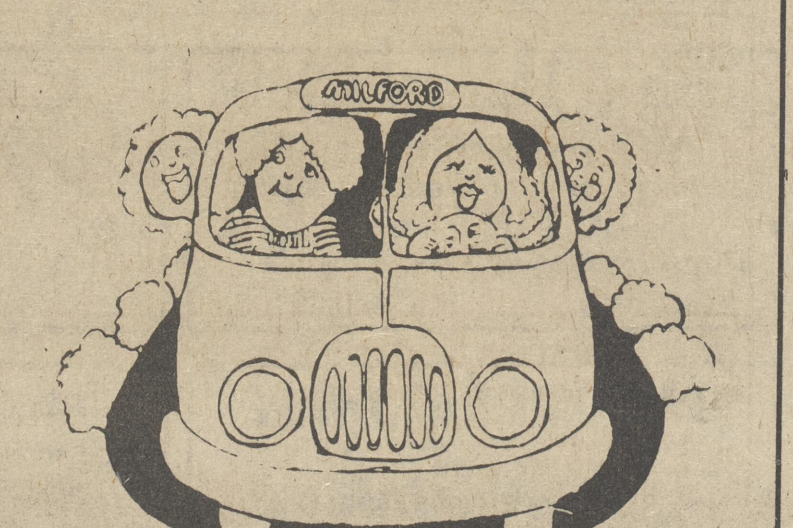

From this area, the following youths have been selected to participate in the program:

Greenwood: Billy Porter, Randy Willey, and Brent Schrock.
Harrington: Daniel Mart, Doug Mart, Steve Sharp, Davy Sharp, Stanley Sharp and Gary Zook.

Northeast Farm Market Prices

NORTHEAST FARM MARKET PRICES VARIED:

NEW YORK, NY--Northeast farm market prices varied during the week ending April 24, according to the Agricultural Marketing Service of the U.S. Department of Agriculture. Eggs prices were sharply lower, while poultry movement was only fair. Livestock and meat prices were generally higher this past week, while fruit and vegetable prices remained generally unchanged. Milk production was steady to generally increasing along seasonal patterns.

FLUID DAIRY PRODUCTS

Eastern milk production was steady to generally increasing along seasonal patterns. Despite the slight slow down in the milk flow, fluid milk supplies were excessive of current class I needs. Class I spot interest was steady to slower. Bottled milk sales were slow to fair. Surplus diversions to class II channels remained heavier than desired at the coop plants, and light at independent facilities.

Although there seems to be space to handle the flush milk, many trade sources do expect more than normal problems in transporting and processing the milk. The traditional flush period is only 4 to 6 weeks away, but many large plants are already at or very near capacity levels.

Cottage cheese production was reported at fairly good levels. Reports

indicated that cottage cheese sales dropped off just prior to easter but, have improved slightly this week.

The call for condensed skim was steady at seasonally fair to good levels.

The fluid cream market undertone was steady at weak to fair levels. Fluid cream offerings are ample to excessive of the current fair to occasionally improved buying interest.

Ice cream production was holding about steady in most quarters.

Bottled cream orders dropped rather sharply following the normal pre-Easter increase.

Sour cream and cream cheese orders were about steady in most sectors.

Churns, in the East, were quite active.

EGGS

New York egg prices were sharply lower. Holiday clearances were good, but demand has tapered off and offerings are building. Undertone was about steady.

Thursday's prices to retailers and sales to volume buyers of consumer Grade A white eggs in cartons, delivered store door to New York City were: 68 to 70 cents on large and 60 to 62 cents on medium.

POULTRY

New York broiler-fryer trucklot trading was slowly developing at 42 cents plant grade basis, one cent lower when compared to last week. Movement was only fair where featured, slow and unaggressive elsewhere. Processor offerings are ample and difficult to clear

even at the lower price levels.

Current broiler-fryer negotiated prices for immediate delivery including multiple-drop shipments to New York City were as follows: 45 to 48 1/2 cents on U.S. Grade A and 43 to 46 cents on Plant Grade. Undertone weak and unsettled.

Delmarva broiler-fryer live weights increased rapidly during the reduced pre-Easter slaughter. Ready-to-cook demand was slow despite several attractive retail promotions in the Northeast. Offerings were burdensome and occasionally forced for quick sale.

Current less than trucklot asking prices were too few to report.

New York chicken parts prices were lower with legs in the weakest position. Buying interest has been limited as retail and distributive movement has been slow. Floor stocks were fully adequate to ample with additional product available and in excess of current needs.

Prices paid per pound by first receivers of ice packed, delivered in pool trucklots and trucklot quantities were: 82 to 94 cents on breast, mostly 84 to 85 and 38 to 51 cents on legs, mostly 40 to 42 cents.

Turkey trading on hens was fair in some instances, light in others. Offerings were fully adequate for the current buying requirements. Buying interest for consumer sized bagged toms was limited.

Trading activity on carlot and trucklot young turkeys, U.S. grade A, frozen

F.O.B. New York were as follows: 60 cents on 8 to 16 pound hens and prices for 14 to 22 pound toms were too few to report.

FRUITS AND VEGETABLES

Northeastern area fruit and vegetable trading was fairly active, except for cabbage and potatoes which was fairly slow. Prices remained generally unchanged.

Hudson Valley, N.Y. apples demand was fairly good and the market about steady. Cartons of 12-3 pound bags of U.S. fancy or better, 2 1/4 inch minimum and up, McIntosh in controlled-atmosphere (CA) storage, brought \$6.25 to \$7, mostly \$6.50 to \$7, and Rome \$5.25 to \$6; Stayman brought \$5.75 to \$6.

Cartoned cell-pack McIntosh combined with U.S. extra fancy or fancy or better (CA) in 100's went at \$8.50 to \$9; 120's sold at \$8.25; 140's \$8. All sizes occasionally higher. Red Delicious, cartoned, tray-pack, U.S. fancy or better in 80 to 113's moved at \$8.50 to \$9; 125's cleared \$7.50 to \$7.75 and Romes in 80 to 100's \$8.25 to \$9, a few 56 to 72's sold at \$8.75 to \$9.

Lake Champlain-Mohawk Valley, N.Y. apples demand was fairly good and the market about steady. Cartons of 12-3 pound bags of U.S. fancy or better, 2 1/4 inch minimum and up, McIntosh (CA) sold at \$6.50 to \$7. Cartoned cell-pack McIntosh combined with U.S. extra fancy or fancy or better, in 80 to 100's moved at \$9.50 to \$9.75 and occasionally higher; 120's brought at \$9 to \$9.25; 140's \$8 to \$8.75.

Western and central, N.Y. apples demand was moderate and the market about steady. Cartons of 12-3 pound film bags of U.S. fancy, 2 1/4 inch minimum, (CA) storage, unless otherwise stated, McIntosh sold at \$7 to \$7.25, a few high as \$8. Red Delicious brought \$7 to \$7.50; Ida Red \$7 to \$7.25, and Romes sold at \$6.50 to \$7, Empire went at \$7.25 to \$8. Cartoned cell-pack McIntosh combined with U.S. extra fancy or fancy, Red Delicious, in 88 to 113's brought \$9.25 to \$9.50; 125 to 138's brought \$8 to \$8.50.

The cabbage demand was light for light supplies and the market about steady. Danish type in 50 pound bags, 8 to 12's went at \$4.25 to \$4.50. A few Red in 50 pound bags, 10 to 12's brought \$5.

Potato demand was fairly light and the market steady. U.S. one size A round whites, washed paper loose 10-pound sacks sold at \$1.50, a few at \$1.45. Fifty pound sacks cleared at \$7 to \$7.30.

LIVESTOCK & MEAT PRODUCTS

Northeast livestock and meat prices were generally higher this past week. Weekly trends on trading at 16 New York auctions and at Lancaster, Vinage and New Holland, PA auctions were as follows:slaughter steers were generally steady; utility and commercial cows 50 cents to \$1.25 higher; choice veal calves generally steady; choice vealers, steady to \$13 higher; slaughter barrows and gilts at Penn-

sylvania sold firm. At Omaha, slaughter steers trended \$1 to \$1.25 higher and barrows and gilts steady.

Choice 2 to 4 slaughter steers, 975 to 1425 pounds, at Northeastern auctions, ranged from \$62 to \$64.75 per hundredweight. At Omaha, steers brought \$66.25 to \$67.25.

Utility and commercial 1 to 3 cows in the Northeast sold from \$43 to \$48.50 with a few sales to \$50.10. Choice 150 to 320 pound veal calves brought at \$82.50 to \$104. Good and choice 90 to 110 pound vealers sold from \$55 to \$80.

U. S. Number 1 and 2 barrows and gilts, 200 to 240 pounds, ranged from \$41.50 to \$42.50 in Pennsylvania auctions and from \$40.50 to \$41 at Omaha.

East Coast dressed carlot trading on boneless cow beef was steady to \$3 higher, while prime special fed carcass veal, hide on, was mostly \$5 higher. Good and choice veal, hide on, was \$4 to \$7 higher. Lamb, weighing 55 pounds and down was steady to weak, spring lamb \$1 to \$2 lower.

Delivered prices per hundredweight on boneless cow beef, 90 percent chemical lean sold from \$125 to \$127, while 85 percent chemical lean cleared at \$115 to \$117. Prime special fed veal, hide on, weighing 180 to 225 pounds, sold from \$172 to \$185, bulk at \$175 to \$180. Good and choice veal, hide on, 44 pounds and down, brought \$80 to \$87, while 45 pound and up, moved at \$84 to \$93. Lamb, 55 pound and down, brought \$126; Spring lamb, 55 pounds and down sold at \$127 to \$128.

Obituaries

EVERETT C. BICKLING SR.

WYOMING--Services for Everett C. Bickling Sr. were Tuesday afternoon at 1 at the Berry Funeral Home, Main Street, Felton.

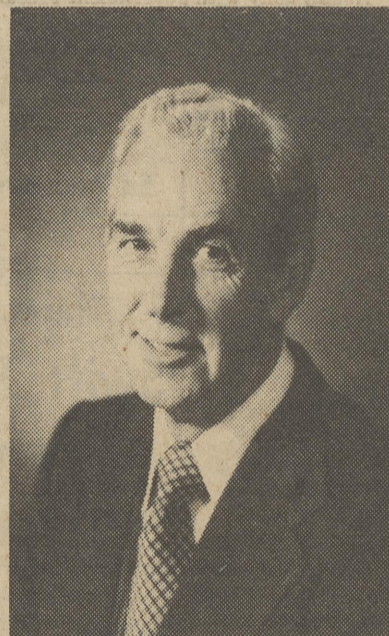

Mr. Bickling, 52, of 10 South St., was dead on arrival Thursday, April 23, at Kent General Hospital, Dover, after his truck was hit head-on by a garbage truck in Willow Grove. He was westbound on Delaware 10 when the truck from Eastern Disposal Inc. in Dover veered across the road. Mr. Bickling swerved onto the shoulder to avoid the collision, but so did the truck. The garbage truck was inspected Friday, and police determined that the steering system had malfunctioned, causing the accident.

Lt. James R. Neal Jr., state police spokesman, said no criminal charges will be filed against the truck's driver, George S. Morris of Dover. Neal said police have not yet decided if traffic or equipment charges will be filed against Morris.

Mr. Bickling was a self-employed trucker for the past several years.

He is survived by his wife, Dorothy H. Bickling; a son, Everett C. Jr. of Maryland; two daughters, Dianna Poore of Felton and Cristal Bickling, at home; his stepfather and mother, Cassius C. and Victorine Fisher of Milford; two brothers, Carlton of Greensboro, Md., and Lester of Lincoln; a sister, Doris Compton of Petoskey, Mich., and two grandchildren.

Friends called at the funeral home Monday night. Burial was in Odd Fellows Cemetery, Camden.

STATE 4-H LEADER JIM BAKER

DIES--Delaware 4-Hers and fellow extension workers mourn recent passing of James O. Baker, state 4-H leader since 1960. The West Virginia native was well-known for this dedicated work with Delaware's young people.

A state 4-H leader since 1960, he died at home on Sunday, April 12. He will long be remembered by Delaware youth and fellow extension workers for his tireless efforts on behalf of 4-H youth work in the state.

The 4-H Lead Line Contest will be held at the Delaware State Fair this summer. Open to all 4-Hers it involves constructing an article of clothing of at least 70 percent wool and leading a sheep.

The contest will be judged in two categories, garments which may include suits, slacks, skirts and vests, and accessories which include hats, handbags, scarf and mittens. Knitted or crocheted items are acceptable. Yarns must be at least 70 percent wool. All articles must be made by the participant.

The sheep used must be halter broke to lead. Animals should be under control at all times and in show condition. The sheep used does not have to belong to the participant, however, all participants must locate a sheep to lead before the contest. To be successful, 4-Hers will need to work with the animal several times.

Participants will be judged on their costume or accessory, poise and appearance; control and presentation of the animal, and garment or article construction. It's suggested that 4-Hers begin looking for fabric or yarns while wool materials are still available in the stores.

All contestants will receive a ribbon based on the quality of their presentation.

TIPS ON TRIPS

Samsonite's Traveler Advisory Service

Flying with children can be fun when you plan ahead. Make your reservations early. For coach class, request the seats just behind the bulkhead (the wall that separates first and coach class). In first class ask for the seats at the very front of the plane. The children will have more room here. Also ask about selections from the children's menu. Hot dogs and milk shakes will make a big hit with the kids.

Children will stay busy and happy with a selection of quiet toys, game books and crayons. Keep toys and accessories handy with a lightweight, durable carry-on tote bag like Samsonite's nylon Easy Paks II "Knapack." There's ample space for playthings, even a sweater or two, and it stores away easily.

Whatever case you carry, choose one that will help make traveling with the children fun for all.

POINTERS ON PETS

Training your dog? Don't discourage him from barking completely, for this is his way of alerting you to possible danger. But excessive barking can and should be curbed. Follow this simple and effective procedure: firmly grip his muzzle for a few seconds and, in a stern tone of voice, give him a one-word order like "Quiet!" or "Silence!" Then let go. If the barking is not resumed at that moment, praise him in a soft-spoken, friendly tone of voice.
