

This was all that remained of a barn and eleven horses after a disastrous fire at Harrington Raceway Tuesday morning. Harrington, Farmington and Houston Fire Companies responded, while Milford, Felton and Greenwood were on standby duty.

Eleven Horses Die In Fire

Fire swept through Barn 1 at Harrington Raceway early Tuesday morning killing eleven race horses and taking a toll that has yet to be fully counted. According to a spokesman from the State Fire Marshal's Office, a "guesstimate" would put the losses somewhere around the quarter million mark. No exact figures were available. The same person also said the cause of the fire was still under investigation, but that it was accidental and not criminal.

Taking the brunt of the loss were Eddie Crowson, Jr. who lost seven horses in the fire and Robert "Dick Salmons" who lost four.

The fire was discovered sometime between midnight and 1 a.m. by a guard for Bennett Security who was on duty. The guard, whose name was not released, was alerted by a disturbance among the horses in Barn 1. A check revealed the fire which was still smoldering. The guard first called in the alarm and then rushed to wake

grooms and other personnel at the race track. But before anyone could get to the trapped animals, the barn was fully involved in flame and the heat made it impossible to do anything for them. Grooms who rushed to the scene reported they could hear the horses calling.

Ronald Morris, a groom who works in Barn 14 was among the first to be awakened. He and Kenny Levers opened a door near the northwest end of the building. But as soon as they did Morris said, "flames shot out." There was no way they could get anywhere close. Morris and Levers could hear the horses, but they could not help them.

Another groom "Slim" Sylvester was watching T.V. about 12:30 a.m. when he was aroused by a car driving up and down and blowing its horn. When he got up to check, he saw the fire. But by the time he got to the scene, there was no help for the animals in Barn 1. Sylvester and others had all they could do to get the distraught horses out of

the next barn. That done, Sylvester said he started wetting down one of the other buildings with a garden hose.

Harrington Raceway General Manager, George Simpson was not sure of the cause of the fire not of the total value of the building, equipment and horses involved. He reported that Eddie Crowson was claiming a \$100,000 loss and that Robert Salmons estimated his damages at about \$40,000. The buildings, he thought, would take about \$16-\$20,000 to replace. Simpson said the track carries fire insurance on the animals up to \$5,000 each (It is less for younger animals) and up to \$2,000 for equipment. Some of the horses were not insured by their owners and Simpson said it would probably cost about 4 1/2 to 4 3/4 percent of a horse's value to insure it.

But it is difficult to place a real value on the life of a horse. Mrs. Eddie Crowson said the ones under their care

At Lake Forest

New Superintendent To Be Announced

The search for a new superintendent for the Lake Forest School District was narrowed last week to two candidates, and the final selection will be announced tomorrow evening at a special meeting of the Lake Forest Board of Education scheduled for 9:30 p.m. at the high school. The two finalists are Dr. James M. Schoch and Dr. Ed Powell.

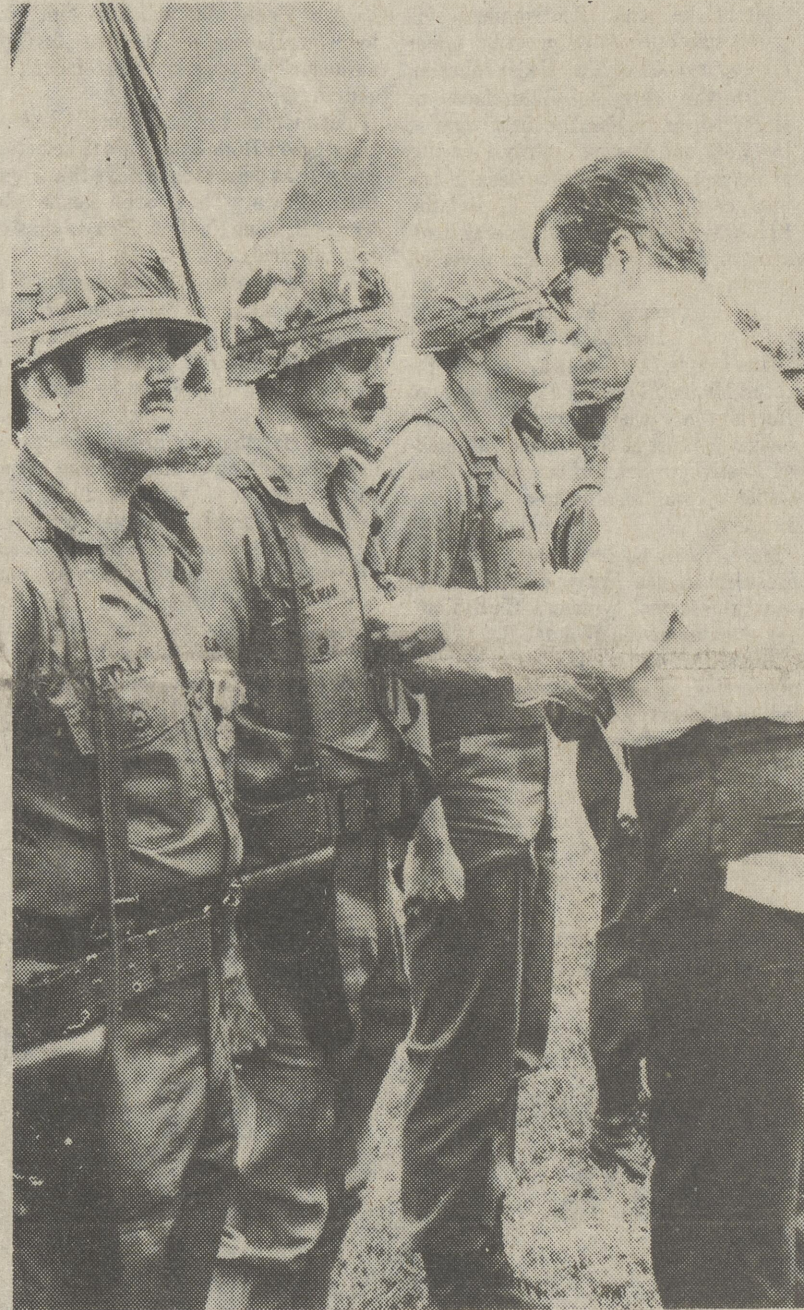

Dr. Schoch, who served at one time as principal at Lake Forest High School, is presently the principal of Kent County Vo-Tech North. Dr. Powell,

former superintendent of the Capitol School district, left that position to go into private business with the Burger King fast food restaurants.

Lake Forest Board members have the actual selection pretty well in mind and have obtained confirmation that the individual in question will accept the post if it is offered. But it remains for an open, public session to make that choice official. Board President Cliff Chambers said yesterday that efforts to schedule the meeting at an earlier date and an earlier hour had been unsuccessful.

The original field of about 21 candidates was screened by a committee chaired by former board member Marvin Brown and composed of citizens as well as representatives of the faculty and administration. Two weeks ago, the Lake Forest Board began intensive interviews of six candidates chosen after the initial screening.

It is also expected tomorrow evening that the Lake Forest Board will name a successor to Supervisor of Buildings and Grounds Robert Sherwood. Mr. Sherwood is retiring.

Captain C. Elliott Workman, a training officer at National Guard Headquarters in Georgetown, received the Army Commendation Medal from Governor Pete duPont during festivities at the guard's annual Governor's Day at Camp Major Gen. Herbert O. Wardell, Jr. in Bethany Beach on Saturday. Workman, who lives in Seaford, was formerly a science teacher and adviser to the W. T. Chipman Student Council in Harrington.

Roy Marker Heads Legion

John K. Simons, the state American Legion Commander and a resident of Bridgeville, was on hand Saturday night for the installation of the new officers at CKRT Post #7 in Harrington.

Roy Marker who resides in Harrington was installed as the new Post #7 Commander. Others installed were Jimmy Ralph, Sgt. of Arms; Bobby Quillen, Service Officer; Wayne Teed, Historian; Jim Cain, Chaplain; Ray

Gagne, Finance Officer; Carrington Burgess, Adjutant and Howard Brown, 1st Vice Commander.

The Ladies Auxiliary also installed their officers as follows: Mary T. Tucker, President; Marie Bullock, Corresponding Secretary; Merle Roth, Treasurer; Rosella Humes, Vice President; Ethel Rapp, Chaplain; Betty Lord, Recording Secretary and Hattie Trezenfeld, Sgt. of Arms.

Musser Hearing Set

Harringtonians are expected to turn out Monday night for a rezoning hearing on the William Musser property at 112 Center Street. The Harrington Planning and Zoning Commission has recommended a zoning change from C2 to R1 (single family residential.)

The property since, it was the location of the Millard Cooper Funeral Home, has been a bone of contention.

Mildred Messick met frustration in the form of state fire regulations when she tried to maintain a nursing home there. The same was true of another potential buyer who also had a nursing home in mind.

For a time the Mussers operated it as a residence and a card and gift shop. Later attempts to turn it into a home for retarded citizens were aborted when neighbors protested.

Recent attempts at rezoning the property which the Mussers would like to sell were frowned upon by the Planning and Zoning Commission which felt the plans submitted were "too vague." But the latest plan got approval.

The public hearing will begin at 8 p.m., Monday, June 29, in the Harrington Fire Hall.

Harrington Lions Install Officers

James Olson was sworn in as president as he and slate of officers for the 1981-82 year were installed by the Harrington Lions Club in special ceremonies held on Monday, June 8. The installing officer was the Lions' new district Governor, Jim Minnich, from the Claymont Lions Club.

In addition to the president, those who will be serving the Harrington Lions in an official capacity this year are Kenneth Walls, first vice presi-

dent; Charles Peck, second vice president; Calvin Wells, third vice president; Robert Collins, Lion Tamer; John Curtis, Tail Twister; Norris Jarrell, secretary; James Stafford, assistant secretary; and Eugene Wright, treasurer.

Installed as members of the Board of Directors were Walter Messick, William Outten, Elwood Wright and Ralph Butler.

Prior to the installation, the Lions and

their guests enjoyed a covered dish picnic on the lawn next to Messick's Antique Museum.

Currently the local Lions have on sale tickets to the 1981 Delaware Blue-Gold All Star Game which will be held at the University of Delaware in August. Proceeds from the game are used for various forms of assistance for Delaware's retarded citizens. Those interested may call Tom Peck or Albert Price.

ILC Finalizes Expansion Plans

ILC DOVER, located in Frederica, Delaware, recently finalized plans for a two million dollar expansion program. Financing for this program was sponsored by the State of Delaware's Division of Economic Development and is being funded by Barkleys Bank of New York and other private investors. The expansion program has been initiated with the purchase of the 50,000 square foot facility currently occupied by ILC in Frederica. The program includes construction of a 43,000 square foot addition to this facility scheduled for completion in the Spring of 1982. ILC DOVER currently employs 250 people. An additional 75 employees are projected as a result of this expansion. The newly expanded facility will be used to manufacture Shuttle Space Suits, Chemical Protective Garments, Inflatable Products and Air Crew Equipment.

Phenomenal Fireworks Planned

The repeat of a capital idea is on schedule in Dover.

City fathers and businessmen, state officials and civic groups are cooperating again this year to stage another fabulous, old-fashioned Fourth of July celebration.

On that Saturday the state capital is preparing to welcome the throngs of Delawareans, last year numbering over 10,000, who arrived on Legislative Mall to enjoy the local festivities. "It was such an appreciative and orderly audience," marvels Robert H. Reed, former Delaware Secretary of State and coordinator of the occasion. "Such public enthusiasm makes the efforts necessary for an annual event worthwhile."

The day's activities will begin with the afternoon opening of the state's Visitor Center. Located at Federal and

Court Streets behind the Old State House, the Center and its staff will premiere an audiovisual show. "Hats in the Ring" is a collective reminiscence of Governors Elbert N. Carvel, J. Caleb Boggs, Russell W. Peterson, Sherman W. Tribbitt and Pierre S. duPont, IV. Taped this spring at the Fifth Annual State House Symposium, the production will be shown hourly beginning at 3 p.m. An exhibit of the same name is also on view in the gallery area there.

At 7:30 p.m. the 21st United States Air Force Band will perform a special musical program. Platform guests, including Lt. Gov. Michael Castle, will make brief remarks to preface the fireworks display which begins at dusk.

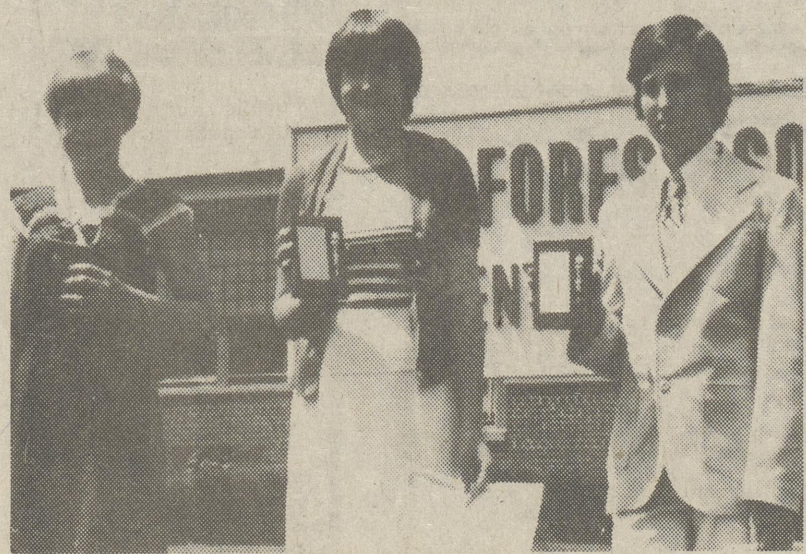

No vending will be permitted in the Mall vicinity. Picnickers are welcome, however, and trash and rest room facilities will be provided.

Clowns [and others] were on parade at Felton's Street Fair on Saturday.

Signature T-Shirts? - No, just a friendly encounter at one of the Vacation Bible Schools held last week in Harrington. This young man's next question for his new-found friend was "Is this your name?" [see other pictures on page 6.]

Darla Hendrix, Linda Poore, and Randy Wrotten were named Outstanding Students at the promotion assembly for sixth graders at Lake Forest South [See Blue Banana story on page ten.]

To the northwest of "Caroon Manor" and adjoining the village of Magnolia lies a tract of land called "The Plains". It was taken up by Robert Bedwell under a warrant dated 19 Nov. 1680 and contained 800 acres. In 1685 Bedwell sold it to Henry Johnson and Daniel Rutty, who sold it off in smaller quantities. This tract lay a short distance west of Magnolia and Dover Road, and extended to the corporate limits of the village, crossing the road from Magnolia to Canterbury and from thence it extended in a southwest direction.

On 14 Feb. 1725 Daniel Rutty sold two acres of land in Murderkill Hundred, a part of the "Plains" lying on a small branch or sprout proceeding out of the Double Runs "and is the same whereon the Presbyterian or Dissenting Meetinghouse now stands". (Scharf's Hist. of Dela.)

The trustees to whom the land was conveyed were Thomas Skidmore and Robert Cumming; "for use and in trust only of and to the Dissenting Minister or Ministers of those people called Presbyterians in the County of Kent. The old Presbyterian Church at Murderkill was the first church of this denomination in the county of Kent of which we have any information (1887)

and was located about 400 yards north of the present site of the "Montague Mills" (Montague Mills on Caroon Manor on the east side of Double Run or Island Branch is a mill-seat, used in the manufacture of lumber. In 1863, it was sold by the administrator of Samuel Chambers, deceased, to John J. Connor, who in 1884 sold it to Zadoc J. Callaway, who has since erected a grist-mill upon its site) on the road from Barker's Landing to Canterbury.

The old road diverged from the direction of the present (1887) road nearly opposite the dwelling house of Henry Burke and passed to the northward by the old church about 600 yards higher up the Double Runs and crossed the two streams by means of a causeway and two bridges. On the site of the old meeting-house there are tombstones and the remains of an old vault now much fallen in decay, from which the remains of the dead were long ago removed. It is evident that the old church soon went to decay for in 1762 two acres were purchased on Hudson's Branch of a tract that belonged to Bedwell Maxwell, whose widow, Sarah Ann Maxwell who died about 1844 or 1845 stated that she was the first child baptized in a church that stood on the Maxwell farm, then entirely gone.

were "like our kids". She quoted her husband as saying their monetary loss was in the neighborhood of \$170,000 to \$180,000. But she said the value cannot all be measured in dollars and cents.

In one of the Crowson's stables was JD's Betcha, a three year old filly by Albatross, a sire commanding a repor-

ted stud fee of \$35,000. JD's first race was won recently in 2:00.4. After the inferno, all that promise was reduced to a charred flesh and bones.

The Crowson's also had their own horse, two year old filly, Dance Committee by Committeeman. Still in training, she was not insured.

Others in the Crowson stable who died were Croquet, a six year old mare by Truluck; Sister Regina, a four year old filly by Songean; Sadie's Opal, a four year old mare by Entrepreneur; Dapper Denny, a four year old gelding by Fullanapoleon; Hot Soup, a four year old gelding by Formal Notice, and JD's Betcha. A friend called the Crowsons about 1:30 a.m. to report the fire. By that time there was nothing to be done.

Robert "Dick" Salmons, his wife Melrose, and his son Robert own the four horses they lost in the fire. All were uninsured. Two, they especially valued were Paige's Robbie, a seven year old gelding by Adios Page with a mark of 2:01.4 and Pop Pop's Skunk by Skunk with a 2:01.3 mark. The others were Jolly Harold, a four year old by Adios Paige, and Pace B Quick, a three year old, also by Adios Paige. Jolly Harold had gone in 2:10. The other horse had no mark as yet. The Salmons learned of the loss when they came to feed the horses Tuesday morning.

The younger Salmons said the fire had wiped out their whole stable leaving them with just a couple of yearlings at home. He would not comment on racetrack scuttlebutt that claimed faulty wiring was at the base of the fire, but did say he thought the barns needed inspection.

No one in an official capacity was ready to pinpoint any cause. But Slim Sylvester did say that the barns are

hire their own help and take care of their own animals.

Some at the track, while sympathizing with the Crowsons and the Salmons, were counting themselves lucky that the wind which fanned the flames did not blow in another direction. Mrs. J.D. Dennis said that all of their horses were in Barn 10, just across from Barn 1. The wrong breeze could have spelled disaster for them, too.

Others remembered fires at other racetracks. C.D. Thomas and Robert Burgholzer recalled a blaze that engulfed three barns at Roosevelt Raceway. Burgholzer remembers that 27 horses perished there.

Old hands around the track say that it is very difficult to lead a horse out of his stall in a fire. To him, it is home, and he will persist in returning even if that home has turned into a flaming death trap.

When it comes to soil conservation in Delaware, no one has demonstrated more interest than Mrs. Rachel White of Bridgeville. This Sussex Countian, who started the Ladies Auxiliary to the Delaware Soil Conservation Districts and served as the first president of a similar northeast regional organization, was honored recently for 27 years of effort in promoting Soil Stewardship Week.

She is shown here receiving a plaque from Casher Evans, of Selbyville, chairman of the board of the Sussex County Soil Conservation District. Mrs. White was cited particularly for her work with young people.

In addition to her annual efforts in behalf of Soil Stewardship Week she worked with a number of organizations, including the Grange, church groups, women's clubs, and town and school libraries, to get the soil stewardship message told. She also placed soil stewardship literature in doctors' offices and other public waiting rooms. "I always wanted to tell other people of the value of soil and water," she says. "I felt it was something I was doing that was going to benefit everyone." Mrs. White has retired as president of the Ladies Auxiliary of the Soil Conservation Districts of Delaware, but she insists that she will always be interested and active in soil stewardship.

Get Together and Talk With Our Neighbors

Senior Center

By Dorothy Graham 398-3780

So much happens in a weeks time here at the Senior Center that it is hard to capture all the highlights in a weekly column, so, if I forget something, please bear with me.

Monday morning started with Bible study with Rev. Koning. Our members do so enjoy these studies. They are most inspiring. It helps us all to remember that we have so much to be thankful for, our beautiful center and our great friends here.

Monday afternoon sixteen of our members took to the bus to go to Abbotts Pond Nature Center. They were treated to a film and then a tour of the center and grounds. They all had such a good time but they were anxious to get back to the center for a cool drink.

Tuesday morning was the Jolly Timers band rehearsal. People don't really realize that our band is on the go and being asked to play at a lot of events. They are really a very talented group of people and we are so glad that they represent our center. There may be a "bad note" now and again but they try their best and they have a lot of fun. That is the main thing, right?

Tuesday afternoon was the birthday party. After a delicious lunch we were treated to a slide presentation (prepared by George Gooch) about the center and the center members in 1974-1975. Gladys Hill was our emcee down memory lane. She pointed out the different people in the pictures. It was a great afternoon and we did so enjoy those slides. After the presentation we served the cake and ice cream. Those members celebrating their birthdays during the month sat at the table of honor and we served first. They also were presented with a birthday gift from the center. The gifts are made in Ceramics here at the center and the women are kept busy all year long getting ready for the next month and

the birthday party. Thanks to all of the ceramic workers.

Wednesday saw a tough game of pool in the front room. Webb, Harvey, George G., George S., Carl, Miles, and Maurice, all of them were heavy into the game whether as participant or spectator. These really are a great bunch of guys as only four men can play at a time and the others have to wait their turn, but you never hear a bad word or complaint about that. They are always laughing and sometimes singing. They are really quite good. Now in the afternoon George showed two films in the multi-purpose room. It was nice and cool in there. The films were "Camelias" and "America". The ladies especially liked the one about the flowers.

Thursday: Well, everyone had to be up bright and early that day as over forty of our members went to Washington, D.C. for the day. They left at 7:30 and returned at 7:30. We had a lot of comments about how much they enjoyed their visit to the zoo. I have not been able to find out if anyone sneak away and met with President Reagan, but they won't tell. I am sure that several of our people could have really told him something.

Friday found everyone in a sort of "laid back" mood. I am sure that it is because of the weather. That afternoon they played candy bingo.

That pretty well wraps up the week around here. Thank you all the volunteers and a "get well soon" to our homebouds.

The Harrington Senior Center is open five days a week, Monday thru Friday, nine to four. Participation is for those over sixty regardless of sex, creed, race, national origin, or handicap.

Please feel free to contact the center for information on programs and benefits for senior citizens.

Mrs. Edythe Hooker of Panama City, Fla., is home visiting her Mother, Mrs. Elsie Fisher and family. G. H. Nashold of Milford spent Friday with them.

Mr. "Harv" Harvey Jester is home after being in the hospital and his visit with daughter Ruthie. Friends and neighbors stopped by to see him.

Friday the Adult Center and the Board of Directors gave a luncheon for Mrs. Lynne Baynard the Director of the Center. Mrs. Baynard will enter the Harrisburg Hospital for consultation this week.

Mr. and Mrs. Alvin Schmick, Lynnette and Stephanie honored their fathers with a cookout picnic Saturday evening. The storm caught them and were forced to the porches and kitchen.

Rod and Mary Johnston were guests of Mr. and Mrs. Joe Zanks of Cool Springs for dinner at the Avenue in Rehoboth Saturday evening.

Mr. and Mrs. Billy Betts children Billy and Julie along with Grandma Doris Betts have gone to Florida for a week to Disneyworld, Busch Gardens and many other places.

Also Florida bound for those famous resorts are the Zeks Dills and grandchildren Kevin, Cindy and Melissa.

Lisa Sharp was guest at Great Adventure with Billy Wagner and family Friday.

I really goofed on Fathers Day at home and church. No cards, no gifts and Saturday was Rod's birthday, goofed there, too. Others made up for me, thank goodness.

Mr. Jake Warren - thanks for the big pot of cherries and your gift for the best looking father will be coming

shortly. Also to sporty Dave Jones, I'll get you one, too. Now everyone will be wondering why the best looking and sporty. Since there have been so many changes in our life time, I changed the words for Fathers Day. Many more to you both, I love ya.

Rick, Linda and Ron, our family came by last evening to see Father and family. They had a lovely vacation at Shads Landing, Md. last week. They rolled the van this year, bikes and canoe aboard plus a lovely screenhouse. Every night the racoons invaded the screenhouse. After preparing chicken one evening, Linda discovered the coons took off with it, plate and all.

Mrs. Kathryn Dill Sunday School Director held a meeting Thursday evening at Trinity. Plans have been made for Bible School August 3rd thru 7th. Teachers are needed, so please call her after this week. We need your help.

The Sunday School picnic will be a little different this year. Plans are Sunday, August 16th. Morning worship at 11 a.m. at Killen's Pond. We need a portable organ and your presence. After services, we will have our picnic lunch etc.

We are sorry to hear about Mr. Sam Webb getting burned badly this week from our explosion with his tractor. At this writing he is in the Milford Memorial Hospital.

To all that are ill wherever they may be. Our prayers and best wishes. May God Bless.

Kenny Davidson of Magnolia has been visiting with Grandma and Grandpa Davidson.

Gabfest

By Pat Hatfield 349-4255

My spring housecleaning is a bit late this year, due to our illness, but now, with the help of Hilary, Teddy and Ellen and other friends, we are going full swing. Our biggest handicap is the extremely hot weather.

Housecleaning is next best to moving for a good way to rid the household of unnecessary trash. I'll admit to being a clipper, a saver and a collector, but when you tear out the mud room and the closet under the stairs you do find the most incredible junk, and you wonder why you ever saved it in the first place. Another item we keep coming up with is a bottle or some kind of container partially filled with some kind of powder, liquid or "gook" and nobody knows what it was for in the first place! If you have this problem I would urge that you label it when you set it away to keep so that you'll know in a matter of six months or two years later what was its purpose.

In our mud closet, along with rubber boots, hunting clothes and old raincoats we found a huge glass jar half full of some kind of liquid with an obnoxious odor like disinfectant, sort of, and we could not determine if it was left over from shampooing the rug or soaking the dog for fleas! To be safe, we donated it to the garbage man, so we'll never know.

But, after the scrubbing and cleaning is over and everything is spic and span, and the fresh curtains up, the world looks pretty wonderful, and we sit down and count our blessings.

We checked on the garden. The onions are well past the scallion stage by this time, so we missed that, but I shall enjoy a casserole of them, baked and buttered. Dad does not know what he is missing to not like buttered onions. I also like them creamed, especially with holiday turkey.

Whenever I am wont to complain about the fierce and burning sun and the humidity, I think of those states where the tornados have devastated people, houses and possessions, and I am ashamed to resent a little bit of heat.

Ellen is enjoying air conditioning in her kitchen this summer. I always did say that is where you need it most. It is so much more pleasant preparing food for the table or the freezer. Ellen favors cold, beautiful platters of food for the summertime and last night we enjoyed her seafood salad. Personally, I like one hot meal even on a scorching summer day. I think the hot food keeps your stomach happy. We were out to lunch today and Ellen's platter was lovely with potato salad, tuna fish, cucumbers and tomatoes with hard cooked egg. But I opted for a hot turkey sandwich with mashed potatoes and hot gravy. The hot food gave me more pep. Maybe it's all in your head, I don't know. But, winter or summer one of my favorite lunches is a bowl of hot soup. Small Garth is like that, too. If she is up early and has a bowl of cereal and milk early, by the time everyone else is having breakfast, she wants Mommy too cook her some hot food.

Greenwood

By Pat Hatfield 349-4255

Report from Hickory Ridge Congregational Methodist Church: The pastor and his wife are happy to be back home safe from their two-week trip to Texas. During this time Bill attended a Pastor's Training School of the Accelerated Christian Education, Inc. at Dallas while Nadine visited with her sister in Pleasanton and her brother in Austin. This is their first visit there in seven years.

We are grateful to those who carried on the work during our absence, our lay leader, Allen Everline and his wife, Shirley, as well as those attending services, with your prayers and your love offering. Thanks also to the visiting ministers who conducted services, Rev. Edward Anthony who preached both Sunday mornings, Rev. Alvin Mast and Rev. Mark Yoder for the evening services.

Victoria and Stephanie Maloney had as their guest on Tuesday, Martina Bender, and on Wednesday, Garth Bollinger.

On Thursday evening the Brownies held their weekly meeting under the direction of their leader, Mrs. Horace Maloney. The children were happily occupied making gifts for Father's Day.

On Saturday afternoon Mr. & Mrs. Horace Maloney entertained to a cookout at their home, "Hobo Farm", in honor of their 14th wedding anniversary. Those present were Mr. & Mrs. Larry Grimm of Dover, Mr. & Mrs. Richard Denn, Mr. Earl McCain, Mr. Frank DeFord and friend, Anna Mae, Mr. & Mrs. Jacob Hatfield, Mr. & Mrs. Gary Bollinger and children. Everyone admired the 14 lovely roses which were Horace's anniversary present to his wife.

Don, Rita, Derek and Dorothy Lofland drove to Tennessee on June 7 to spend a week in Nashville for the 10th annual FAN FARE WEEK sponsored by the Nashville Chamber of Commerce.

On their drive through Virginia they stopped at Shenandoah Caverns and at Natural Bridge, Va. In Nashville they visited the Country Music Hall of Fame, Wax Museum, Opryland and the Grand Ole Opry. They also attended many of the Fan Fare shows which featured Barbara and Louise Mandrell, Loretta Lynn, Bill Anderson, Mel Tillis, Brenda Lee and the Oak Ridge Boys. While on music row in Nashville, Don also visited several music publishing companies. They returned to Greenwood on Sunday, June 14, after a wonderful week.

Anne's Kitchen

Regional food is what Italian cooking is all about. People from the mountains never eat fish unless they travel to the seashore. Foods grown in the north are seldom eaten in the south and so on. This "Marinara" (Mariner or seaman's recipe) is common to the little fishing villages along the Mediterranean and Adriatic coasts, bounty of the days catch brought home for dinner.

If fresh seafood is a shopping problem, you can substitute frozen. The results will be very good, but not magnificent. Just don't tell me about it, I couldn't stand it. Forgive me, but Italians are just as famous for their stubbornness as for their good food.

SHELL FISH ALLA MARRINARA

1 live lobster (about 2 1/2 lbs.)
8 medium shrimp (raw)
12 little neck clams
12 black mussels
10 medium scallops
1 large can Italian peeled plum tomatoes
1 large clove garlic
1/4 cup olive oil
salt & freshly ground black pepper to taste
1/2 teaspoon hot pepper (optional)
1/2 cup fresh chopped Italian parsley

1. Finely chop garlic, place over heat in a heavy sauce pan and add olive oil. When garlic is golden brown remove from heat and allow to cool slightly.
2. Place tomatoes in bowl and squeeze through fingers till tomatoes are in a pulp form. Add to olive oil and garlic

and return to stove. Add salt, black pepper and hot peppers and simmer till oil forms rings on top of sauce. Stir often. The sauce should reduce somewhat and thicken slightly. This is your "Marinara" sauce. Meanwhile--

3. Scrub clams and mussels very well under cold running water. Clean and devein shrimp, rinse scallops and set aside.

4. Your lobster should have been bought live, and you will instruct your fish market to cut it for you as for oriental cooking. Once you have it in your kitchen, it must be completely washed under cold running water, remove head, gray fiber under it and any inside parts you do not like.

5. In a large fry pan brown lobster in a little olive oil till red. Place lobster and pan drippings into Marinara sauce and return to heat. Add scrubbed clams and mussels and cover tightly till shells open. Add shrimp and cook uncovered 10 minutes. Drop in scallops and cook till tender. All fish will add juices to the sauce and create an unbelievable taste. It is important to stir and turn often so sauce coats and gets under and inside fish shells. Add 1/2 of the chopped parsley and stir a minute or two more.

Place fish on a large deep platter and pour sauce over all. Sprinkle with remaining parsley.

A large loaf of crusty Italian bread is an absolute must to dip into the sauce. Slightly chilled white table wine as well

Greenwood Cheer's 7th anniversary, June 13, 1974-81. Our Cheer Center opened June 13, 1974, in the educational building of the Greenwood United Methodist Church with Charlotte Shea as site manager. Soon afterwards we organized the Unity Club and the new slate of officers became active. The president was Bea Horner, with Eliza Foreman, secretary and Mrs. Orath Thawley, treasurer. Because of failing health, Mrs. Thawley was replaced by Delema Smith who is the present

treasurer.

There have been many changes in our meeting place through these seven years. The purchase of new colorful chairs and modern kitchen appliances was made by Sussex County Home Services, Inc., and has added great convenience to our membership and staff. The Greenwood United Methodist Church renovated the dining room and craft area, and the floor is now carpeted and the walls are paneled. This has made it much more comfortable and warmer in the winter. The Unity Club purchased and installed an air conditioner that contributes much to our comfort during the hot summer days.

There was a sizable number in attendance on our first day and it grew as time went on. Our first meals were served family style in paper plates with rolls and butter on the tables. Later we ate from little plastic trays in which the food was already packaged, and was heated at the Center. Dessert was made at the Center.

We had crafts of pillows, quilts, furniture made from tin cans, and many other things too numerous to mention. We made and used our first place mats. There were special parties, trips, and other planned events for everyone.

The office was in the kitchen where the manager had to do her work on the kitchen table. A desk was provided

shortly and later it was moved into the dining area to make room for our freezers, refrigerators, stoves, and dishwasher.

We are still engaged in many craft activities, bazaars, and have our annual Christmas Banquet. We go on various day trips, and some longer ones, too. It was in 1975 when Evelyn Doughten became our Director and still maintains this position. Our past presidents have been Bea Horner, Esther Spanish and William Horner.

One of the earliest programs at our Center was the daily luncheon music provided by Bill Horner, Andy Anderson, and Delema Smith. Although Bill and Andy are no longer in attendance, we greatly appreciate Delema's untiring efforts to keep our daily music program alive and well.

At the present time our officers are: president, Margaret Fountain; vice-president, Marion Carter; secretary, Eliza Foreman; treasurer, Delema Smith.

We have seen several good and faithful members pass on, but they are still in our memory. There are many who come and go, but we always manage to keep a good attendance most every day for lunch hour and the variety programs which follow. We are like a big happy family and miss each one that is not present.

Letter To The Editor

Dear Mr. Farrow:
I am pleased to take this opportunity to express my sincere appreciation for your continued cooperation with the Internal Revenue Service in providing assistance to area taxpayers during the 1981 tax filing season.

An often difficult, but very important part of our mission is to inform taxpayers of their rights and responsibilities under the Federal tax laws. Your paper's coverage of tax information greatly enhanced our efforts.

On behalf of the Service, thank you for your continued support of our efforts to provide the public with information concerning federal taxes.

Sincerely,

Some important tips on electrical safety

Before you dig outside your home, make sure you won't be cutting into any underground electric facilities. Just call Miss Utility, 1-800-282-8555 for information on the location of buried power lines in your area.

Grounding all power tools before starting a job should be standard procedure. The easiest way is to use grounded or double insulated tools.

Of course there are many other commonsense safety measures that you should observe. If you get careless... you may do the wrong thing. But if you'll just think about it a moment whenever you're using anything electrical, you'll probably do the right thing. So don't get caught with your concentration down. We want your electric service to continue to enrich your life, without endangering it.

When you call us for help, we'll respond to your calls as soon as possible. Please keep in mind, though, that emergency calls take priority.

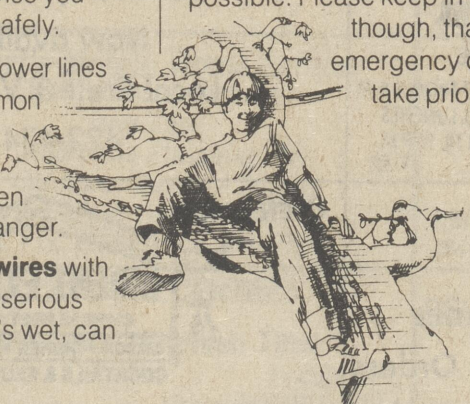

Flying kites is fun, but not when children fly them near overhead power lines. If your child's kite gets caught in a power line, call us. We'll send someone to untangle things, safely.

Climbing transmission towers is dangerous. If you see children attempting to climb our towers please call us or inform the police. We'd also appreciate your making the children aware of the dangers to them.

Painting your home, installing TV antennas or doing outside repairs all require that you look out for secondary electrical wires that connect to your house. This is especially necessary if you're using a metal ladder. To be extra safe, call us. We'll advise you on how to do the job safely.

Climbing trees near power lines is one of the most common causes of electrical accidents to children. Please tell your children about this potential danger.

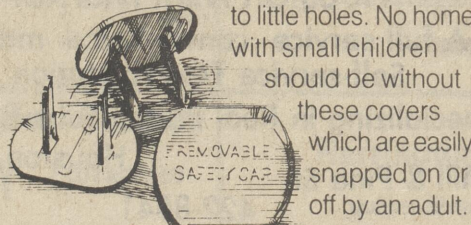

Touching overhead wires with anything can result in serious injury. Even wood, if it's wet, can act as a conductor.

We'd like to take a minute to point out a few things about electrical safety that could be pretty important to you and your family.

Repairing worn appliance cords is often put off till tomorrow. Until that "tomorrow" comes, they represent a serious hazard to all members of the family... even pets... and create a fire hazard as well. So why not do it today, so tomorrow will be sure to come?

Covering electrical outlets is an inexpensive way to protect children. Toddlers love to put small wires into little holes. No home with small children should be without these covers which are easily snapped on or off by an adult.

Turn off the power whenever work is being done on anything electrical. It only takes a minute, but it can prevent a serious accident.

SPORTS

Brandywine--- A Race To The Wire

by Norm Short

The Grand Circuit may be over at Brandywine until next year but the racing has been as competitive as you'll find anywhere.

Brian Manges knows how tough the racing is at the "Big B". Brian won with Ad Hoc, in 200:1, just nosing out Lord Eddie. Earlier in the week he was in a dead-heat photo, winning with Harmony's Champ in 202:4. Harmony's Champ, a much improving 3 year old colt, is a family affair, with Brian's father, Del, doing the training and his mother, Dorothy owning half of the champ. Wednesday night's program had a "star tracking" feature story on Brian, but somebody got their signals crossed, because Brian's brother Larry stole the spotlight. Larry won the "Starburst Series" driving Light Bret in a quick 158:3.

A couple of locally trained trotters, Ann Rocket, trained by Sam Matthews and Bucky's Prize, Ned Galentine trainer, really battled it out, thru the stretch Thursday night in the featured "Showcase Series". Although Dino Paloma won the event, the race for 2nd, with a purse check of \$2500 at stake, was a close one with Ann Rocket hanging tough against a fast closing Bucky's Prize to capture second. Same Belote added a couple of wins to

his credit including a win with Varsity Rich in 159:2. Eddie Davis, of Smyrna, had 3 wins Saturday night. It's nice to see Eddie back in form after being in a spill a few weeks back. See you at the races.

USTA

COLUMBUS, Ohio-Judging solely by the results of the recent World Driving Championships, the best harness driver in the world doesn't race at The Meadows or Sportsman's Park or Blue Bonnets. In fact, he doesn't race anywhere in the United States, or Canada, and probably never will on a regular basis.

Americans and Canadians breed and race the finest strain of harness horses in the world-standardbreds that are coveted in most of the 30 nations where the sport is popular. Europeans trade their kronor, lire and francs for North American-bred trotters increasingly each year. Pacers from this continent can be found all over Australia and New Zealand.

The North Americans who race this

stock are every bit as talented. But when harness drivers representing six nations competed in the 1981 edition of the World Driving Championships, the winner, by a wide margin, was Ulf Thoresen of Norway. After stops at eight racetracks, concluding in Rome, Italy on June 14, Thoresen accumulated 248 points in defeating Carlo Bottoni of Italy, second with 195 points, and Pekka Korpi, another Norwegian who finished with 187 points.

The World Driving Championships were initiated by Harness Tracks of America in 1970, and it is safe to say Ulf Thoresen has dominated recent competitions. Thoresen, after winning his first title in 1973, also captured the 1977 and 1979 editions. The only thing which prevented the Norwegian from winning in 1978 and 1980, it seems, is the fact that the driving tournaments are only held every other year.

The North American representatives took a back seat to everyone in the Championships. Benoit Cote, from Canada, finished seventh with 154 points. Walter Paisley of the U. S. was last with 142 points.

Led by the former All-American football player, Bob Davenport of

UCLA, this group of Christian Athletes will stop overnight at the Union United Methodist Church of Bridgeville. This is the third such stop over in the Sussex County town and the townsfolk look forward to the concert given by the bikers in addition to the evening of fellowship and testimony.

The "Wandering Wheels" will be treated to a spaghetti and meat ball dinner as well as a breakfast of eggs and - of course - scrapple from the hometown RAPA Scrapple Company. The public is invited to participate in the fellowship with these young men and women who have made their way on bicycles from California.

Delaware Park Opens 44th Season

STANTON, DE.--Delaware Park's 44th season opens Saturday (June 27) with 1,400 thoroughbreds from Pennsylvania, Maryland, Kentucky and California scheduled to compete during the 63-day race meeting.

The track near Wilmington (De.) will operate six days a week through Labor Day, Monday, September 7. There will be no racing on Thursdays. First post time daily will be 1:30 p.m.

A total of 15 stakes will be featured, with three to be renewed during the opening weekend.

Saturday's 10-race inaugural card will include the \$10,000-added Tom Roby Steeplechase and the \$25,000-added Hannibal Handicap.

The Roby, run annually since 1947, will be decided over 12 jumps at 2 1/4 miles and is one of two steeplechases events on the program.

The Hannibal, named for a top sprinter of the 1950's and a former co-holder of the track's six-furlong record, is expected to attract a large field of seasoned campaigners. The stakes is open to 4-year-olds and older horses and will be run at six furlongs.

Fillies will have their first chance to race for stakes money on Sunday. They will be matched on the turf course in the \$25,000-added Open Fire at 1 1/8th miles. The Open Fire is reserved for 3-year-olds and is named for the national filly-mare champion of 1966, who raced for the late Donald P. Ross, a co-founder of Delaware Park.

Many of the East's outstanding trainers have moved their stables to Stanton for the summer, with Bud Delp returning to defend the title he won in 1980.

Challenging the famous developer of Spectacular Bid will be King Leatherbury, Ron Alfano and Dick Dutrow from Maryland; Dave Vance from Churchill Downs, in Kentucky; and Burton Sipp, from the Keystone track in Pennsylvania.

Vance has clinched the trainers' title at Churchill Downs, where the spring-summer season ends next weekend, and Sipp recently dominated the standings at Keystone.

Other top horsemen based at Delaware Park include Del Carroll, Joe Graci, Henry Clark, Bob Connors, and John R. S. Fisher.

-Winning Letter-

The following letter, written as a part of the "I Am Proud to be an American Contest" sponsored by the Command American Heritage Working Group at DAFB, made eight-year-old

Rob Hawkins of Felton a winner, both at the Dover Base and in competition at Military Airlift Command Bases throughout the world [see story on page one of *The Harrington Journal*]

Rob's achievement was also recognized with a certificate presented to him by Lake Forest North Principal Frank Young at recent awards assembly.

"Proud to Be An American"

by Rob Hawkins

I am proud to be American because we are a free country. When we grow up we can be anything we want. Like me, I want to be a veterinarian. We can believe in any religion we want. My family is Christian. We were not forced to be Christian; we wanted to be Christian. We have laws to keep drunk drivers off the road, to keep our country safer. Our laws are not dumb laws.

Our laws make sense. As Americans, we are free to live together as a family. We can work and get money to raise a family. I am proud to be an American because we try to talk and not fight about our problems. Like the hostages; we did not have a war with Iran. We talked and we might have our hostages back by Monday. We can vote for who we want. In other countries you

cannot vote, somebody comes in with their army and takes over. We have equal rights in America. A long time ago we did not treat the blacks as we treated the whites. Women did not have as good jobs as men did. There were lots of people who helped our equal rights like Abraham Lincoln. I thank God for letting me be born in America.

Mrs. Brittain's Students Graduate

Kindergartners in Mrs. Brittain's afternoon class at Lake Forest North Elementary in Felton took a step up the educational ladder on June 2 as they received certificates of promotion to first grade.

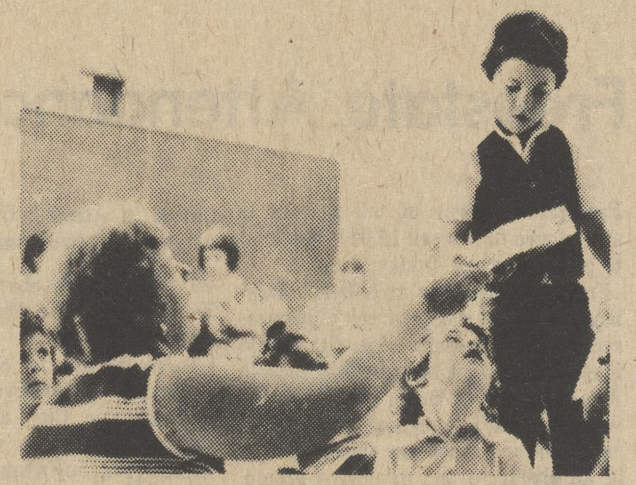

To mark the occasion there were special ceremonies to which their parents were invited.

The graduates were Barbara Asbury, Ongela Briggs, Tammy Butler, Michelle Davis, Angela DeLong, Arend Serwerda, Lisa Harris, Bartos Brupsa, Tina Longfellow, Michael McCartney, Johnny McCray, James Rau, Robin Shelton, Terrence Smith, Carey Thompson, Karin Williams, Lisa Furr, Joseph Brann, David Sharp, Antonio Sader, Mestinea Melendez,

Geoffrey Trzepacz and John Chambers.

Mrs. Eileen Brittain is the

teacher for the afternoon class; Mrs. Evelyn Winebrenner was the aide.

"Perfect attendance has its reward" says L.F. East teacher, Mrs. Janice Caldwell to kindergarten graduate Thomas Williams.

Four of the Presidential Physical Fitness Awards at Lake Forest East went to these students.

South Honors Sixth Grades With Graduation Assembly

With an assembly marking the close of one phase of their education and the beginning of another, Lake Forest South Elementary honored its "graduating" sixth graders on June 8. The class will enter the W.T. Chipman Junior School in September.

The Rev. William Miller, pastor of Calvary Wesleyan Church in Harrington and one of the special guests for the day, paused before giving the invocation to suggest two words he said would be of value to the young graduates in the future: Challenge and Commitment.

South Principal Earl Griffin offered two things that would hold them in good stead as they progress through junior high school and beyond. These were the value of good associations and of making good decisions about learning. "It takes effort," said Mr. Griffin.

The major speaker of the morning was Donald Garey, member of the Lake Forest Board of Education. He told the assembled sixth graders that "Friendship is a wonderful thing," and urged them to "...work at being good and loyal friends." Mr. Garey further stressed two kinds of awareness each student would need to cultivate:

Knowing "Where you are" and "What you are".

Following this brief address, Mr. Griffin presented the sixth grade class for the awarding of certificates of promotion.

There followed the presentation of awards recognizing students for their service and achievement in a number of categories.

Citizenship awards were presented to a girl and boy in each home room who best exemplified all those characteristics that being a good citizen implies. Framed cer-

tificates for citizenship went to the following six students:

Mr. Drummond's Room - Dana Hicks and Pat Sullivan
Mrs. Green's Room - Renee Green and Derek Dill
Mrs. Shaw's Room - Kathryn Reed and Dennis Maloney

In addition to their regular academic classes, students at Lake Forest South have "specials" in other subjects each day. Awards went to outstanding students in each of these special classes:

Art (Framed certificate pr-

esented by Mrs. Butler) - Sharon Baynard

Physical Education (Framed certificate presented by Mrs. Hogsten) - Sharon Baynard

Music (Framed certificate presented by Mr. Bansbach) - Walter Lekites

Library (Framed certificate presented by Mrs. Clough) - Christine Watkins

Certificates were also awarded to those students who had *Perfect Attendance* for the year. Of these, one received special mention for having attended school since

kindergarten (seven years) without missing a single day. He was Pat Sullivan. Others receiving perfect attendance awards were Mary Ann Tucker, John Cole, Kelly Draper, Trois Faison, Jenny Tucker and Karen Schreiber.

Awards in two academic areas went to students at the top level of achievement. These were also in the form of framed certificates:

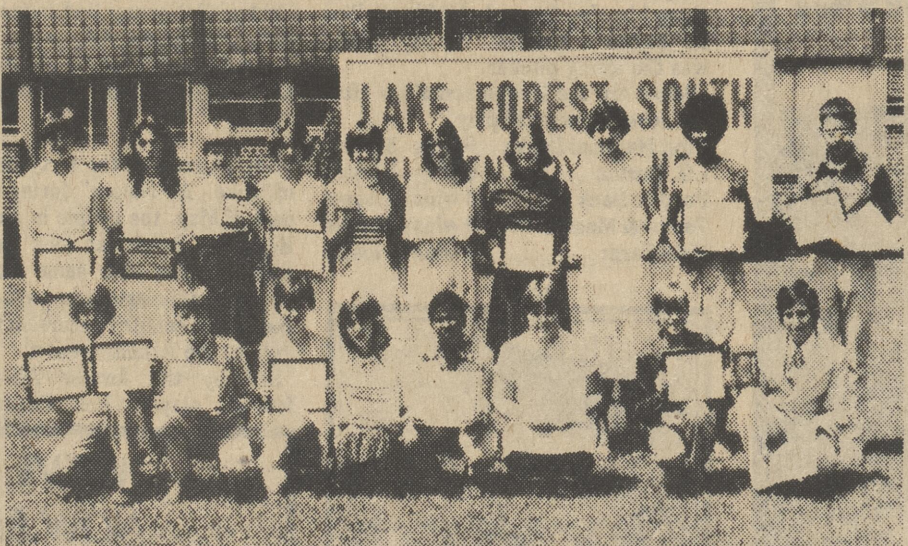

Reading - Derek Dill

Math - Crystal Floor

The finale and the climax to the graduation ceremonies were written by the announce-

ment of *Outstanding Students* for the year. This year, for the first time, there were three: Linda Poore, daughter of Mr. & Mrs. Ralph Poore; Darla Hendricks, daughter of Mr. & Mrs. Wayne Hendricks, and Randy Wroten, son of Mr. & Mrs. Lewis Wroten.

Processional music was provided by the seventh grade members of the W.T. Chipman Band. Included among the day's guests were Dr. Arthur Gilbert and the parents of the graduating sixth graders.

This group of sixth graders at Lake Forest South is composed of award winners.

Their favorite friends and snacks varied. Some of them wanted to grow up to be mothers, carpenters, doctors or McDonald's cooks. Some had other occupational goals. Quite a few of them thought the alphabet was the hardest thing they had to tackle in kindergarten. First, however, they paused to entertain their parents, to receive certificates of promotion and to have a party.

All of them were members of Mrs. Nina Babcock's kindergarten classes (a.m.) and (p.m.) at Lake Forest North Elementary School in Felton. Their graduation exercises were held on June 3. Dear friends,
A satisfying social life is necessary to good health at any age. Our heart goes out to lonely, shut-in older people who have lost contact with the outside world and lead a life of boredom. We need to open new vistas for them. The secret of a good social life is sharing - thru volunteer work, by telephoning friends, by inviting someone to share a meal.
Respectfully,
William C. Berry Jr.

PET FACTS & FIGURES

Man first tried to classify dogs according to their breed in the fifth century B.C. The Romans determined that certain dogs came from Asia, others from Europe and some from Africa. The classifications established by the ancient Romans have not been contradicted to this day.

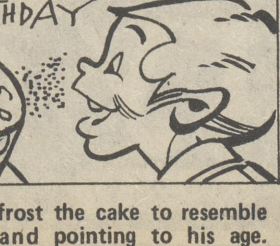

No matter where dogs come from, they all have one thing in common: they can bring in mud on their paws and odors on their coats. In that case, the dog's best friend may be Lestoil Deodorizing Rug Shampoo, the clean way to keep odors away. You spread the shampoo's foam on the rug, let it dry 15 minutes, then vacuum it up. Results: a clean, odor-free rug.

Evidence shows that dogs were domesticated and kept as pets by prehistoric man.

If you're pinning a stiff fabric, use a bar of soap as a pin cushion. It lubricates the pins.

For a child's birthday party, frost the cake to resemble a clock with the hour hand pointing to his age.

FOR OVERTOYED CHILDREN

What do you do when your child receives a deluge of new toys and loses interest in his old ones? A West German mother came up with an intriguing idea: a play-o-theque. She sets up an area with room to play and toys to hire. Children were entranced by the opportunity to borrow someone else's toys. The idea was so popular that the German government has set up other play-o-theques, including mobile ones for outlying villages.

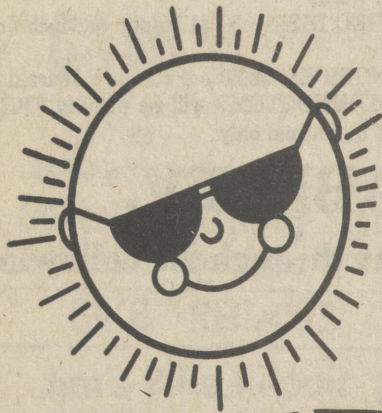

The first American to "walk" in space was Edward H. White. He did so in June 1968
