

Felton Jeffersons Host French Visitor

Isabelle Titeux, of France, [left] is enjoying an August visit with the Jefferson family of Felton, including James Jefferson [center], Janie Jefferson [right] and Joyce Jefferson [not pictured]. The Jeffersons are enjoying her visit, too.

The thing she wanted most from this country was a pair of American jeans. But what she likes best is - everything! Isabelle Titeux, of near Bordeaux, France, is enjoying her visit this month with the James Jefferson family of Felton. And the Jeffersons, delighted with her visit, say she is "the perfect house guest".

Isabelle arrived here on August 2 as one of 42 French students spending the month in the tri-state area through the arrangements of the North Atlantic Cultural Exchange League, a non-profit organization which specializes in homestay visits between the U.S. and France. This is not the first visit to the United States for Isabelle. Last year she traveled to California through the same program. NACEL also offers a reciprocal program for Americans who would like to visit France, and during

July 1982, children of host families this year will have the opportunity to live with a French family, perhaps even with the family of the student they have hosted.

Isabelle, who made it clear that the Jeffersons would be welcome guests at her home, finds that Delaware resembles the country around Bordeaux more than does California. Both the First State and her home country, celebrated for its wine grapes, are green and humid. But, she says, it is hotter here. Bordeaux lies in a slightly more northern latitude. And they do not see snow in winter unless they travel to her grandparents' home in the Pyrenees where she enjoys skiing during the winter holidays.

Bordeaux is located in southwestern France, and as in Delaware, the Atlantic Coast is not very far away. As

a matter of fact, the Titeux family has a summer home located between the open coast and a large sheltered bay or inlet. That gives them the best of both worlds - swimming and beach life as well as a calmer body of water for their small boat.

The whole family enjoys sports, but for slender, dark haired Isabelle they are of particular interest. In addition to swimming and occasional skiing already mentioned, she is a tennis player and enjoys table tennis as well. Before her school schedule crowded out those interests she also played volleyball and basketball.

Isabelle, who studied piano for about five or six years, plays that instrument very well, but, she says, mostly for her own pleasure. She likes classical music - Bach, Mozart - and jazz, New Orleans style.

A recent graduate of a public lycee (similar to our high school) the 17-year-old will spend the next two years in preparation for attending H.E.C., a business school in Paris. With three years of study there as a foundation, she says she would like to go on to a cinema school, also in the French city. She thinks she might like to get into some aspect of film making. But since that is so competitive, she feels the need for the business preparation.

She is looking forward to December which will bring her eighteenth birthday, the right to vote and the right to get her driver's license, if she passes the test - both road and rules. Drivers' education is not included in the schools, but she will have to take private lessons before she is allowed to get her license. However, some coaching from

Harrington Senior Center Celebrates

The Harrington Senior Center, which has been many things to a number of people for over fourteen years, celebrated last Friday with some serious ceremony in the morning and a good deal of fun in the afternoon.

Several presentations highlighted the morning's ceremonies. Since the setting was the new parking lot provided by the town through a HUD grant, it seemed appropriate that the City of Harrington took the opportunity to make formal presentation of the lot to the Harrington Senior Center. The legal aspects of the transaction are not final since the transfer of the deed is still in the hands of the city attorney. But City Manager, Norma Short, was on hand to announce the presentation.

Representing the Lt. Governor's office, Nancy Olson presented the Center a Delaware State Flag which was promptly hoisted on the flagpole.

The Center also honored its charter members with a plaque to be placed in the building. The presentation was made to Mildred Minner who said

"Aren't you glad I blew my stack...and said we needed a center of our own?" Both the charter members and the original as well as current Board of Directors were recognized.

A special gift went to Charlotte Welch, the Center's Assistant Director.

To close the morning's ceremonies, Executive Director, Gene Price recognized the oldest person present and the youngest over 60.

These honors, accompanied by gifts, went to Fred Bahr, 92, who came with the visiting Seaford Senior Center and Thelma Legates of Felton, a member of the Harrington Center.

After the ceremonies, the Harrington Senior Center invited its guests from Milford, Frederica and Seaford inside for a luncheon. Because of the hot sun, it was decided to keep afternoon festivities inside.

For the better part of the afternoon the Center was jam-packed with all available seating, including the stairs, in use as three musical groups - "The

Willins" of Federalsburg, Jimmy Embelrain and his group, and the Harrington's own Jolly Timers entertained, sometimes simultaneously. A visiting "gorilla" also turned up to add to the fun. And there were plenty of refreshments as an enormous cake was sliced.

During the day, the *Journal* spoke to a number of local members about the Center and what it has means to them.

Mabel Perry: "I come here often - not every day. I enjoy it. I help with the trays and go on trips occasionally, when it's not too far to walk."

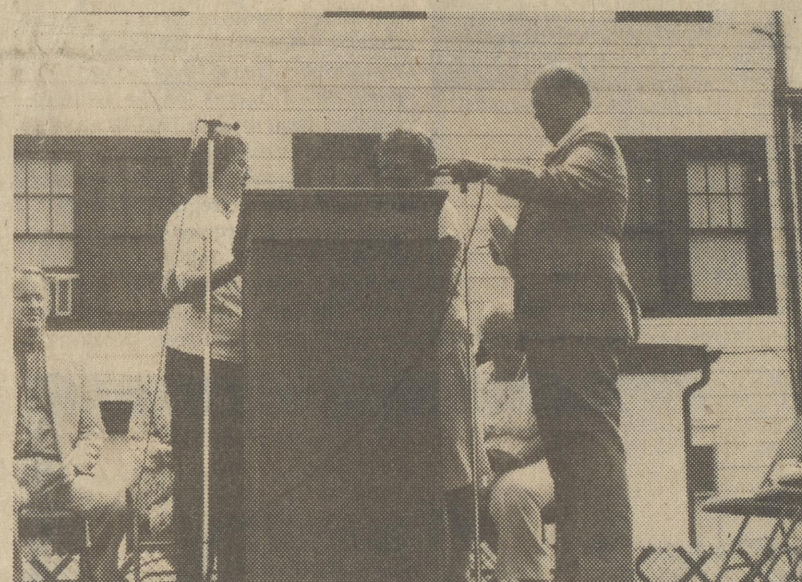

Mildred Vincent-Mrs. Vincent, a charter member says she has been coming to the Center for years and that she takes part in everything but pool. She says, "I know several who have been helped by the Center - especially those whose husbands have died - who are lovely."

Nel Clendening is not a member, but she served on the original Board of Directors. Her inspiration helped get the project going when she was still too

Lake Forest District Enrollment Dips

With enrollment at something under 3,000 pupils in the Lake Forest District, the unit count (the number of teachers the state will pay for based on enrollment) for the 1981-82 school year stands at 168. And according to Lake Forest Superintendent Dr. Edward Powell, there are 168 teachers on board, or there will be when one vacancy left by a resignation is filled.

Dr. Powell told the Lake Forest Board of Education at its Monday night session that the 168 unit count was based on the actual numbers of students enrolled. He said the district would continue to compile figures on a weekly basis. The unit count for the year is not finalized until September 30.

The figure so far indicates a drop in enrollment and the loss of 5 units from last year's final count of 173. Dr. Powell said the decline was in line with a projected decrease in enrollment of about 1 1/2 to 3% each year.

Pointing to statistics he had compiled from the records, he also said the Lake Forest District spends the least amount per pupil of any school district in the state. But he also had to admit that the resources as far as the value of local real estate are also among the lowest in the state.

What was not mentioned at the school board meeting was the progress or lack of it between the board and the Lake Forest Education Association, which represents the district's teachers, in contract negotiations. Presumably they are still in progress. However both sides are keeping mum about the specifics and about the status of the bargaining thus far.

The teacher's contract expired the end of June but was extended through July and then through August as negotiations continued.

Four Teachers Hired

The Lake Forest School Board Monday night hired four teachers to fill existing vacancies. They are Elizabeth Sheehan (special ed, Lake Forest South), Bethel Crockett (half-time reading specialist, Lake Forest South), Christine Cajthaml (special ed, Lake Forest High School), and Lou Giusto (music, Lake Forest East).

Also hired were Delores Collins (clerk, Lake Forest High School)

HERITAGE DAY CRAFTS

Crafts displays and demonstrations have been an important part of Harrington's Heritage celebration from the very beginning. This year will be no different as no fewer than nineteen crafts people or hobbyists have promised to be here to demonstrate their particular art. In many cases there will be items on sale by the various participants, some new to the local Heritage Day festivities and others who are familiar favorites.

Once again the crafts displays and demonstrations will be found at three

Slaughter Beach to Mark 300th Birthday

The bayside community of Slaughter Beach will mark 300 years of history with fun and festivities planned for this Saturday, August 22. It will be a breakfast-to-breakfast celebration as events get underway with a morning meal served in the community fire hall on Saturday and conclude with a sunrise service and second breakfast

early Sunday morning. The hours between are filled with games, dancing, a parade of boats and moonlight cruises as well as a host of other activities. (See schedule of events which follows on page 3).

The town dates its 300 years from 1681 when a 1,000 acre land grant from William Penn went to Alexander

Draper. The small community which grew up on that land is now known as Slaughter Beach. Actually, the town was incorporated in 1931, fifty years ago.

Other significant dates in the town's history include 1955 when the Memorial Fire Company was organized and 1956 when the volunteer fire organization was joined by a ladies' auxiliary.

The fire hall is a hub of activity in the town which grows from a year round population of 85-90 to approximately 300 in the summer. It is governed by five elected commissioners.

Seasonal visitors and residents enjoy the swimming and boating facilities as well as a public pavilion with rest room facilities maintained by the town at the center of the beach. Slaughter Beach sports its own flag bearing a horseshoe crab, another annual visitor, and boasts of its beach plums which are reported to make a delicious jelly.

Willis Hammond, a Slaughter Beach resident, has been invited to speak on the town's history during the tri-centennial celebration. He may or may not be able to settle the difference between two theories of the origin of the town's name. The two stories go as follows:

One legend has it that a vessel from Amsterdam had been stranded on the shore of Delaware Bay. On board was an 18 pound cannon and a vast quantity of powder and shot, intended for colonists further up the bay. A wanderer came into the settlement suggesting the gun be brought ashore to be used to keep the Indians in subjection. This man, who gave the name of Lander, was recognized by some of the Indians who had seen him on the Brandywine as one who had killed a fellow tribesman. The Indians vowed vengeance against him. Lander called himself a Swede although he looked more like a half-blooded Indian. The cannon was moved ashore, and Lander told the Indians it was The Great Spirit who would speak whenever the Indians did anything wrong. It was not long before one of the ship's party was murdered. The cannon was fired to tell the Indians they had done wrong. At the thundering sound, the Indians yelled and fell down before the cannon, knowing that it must be The Great Spirit, for nothing human could speak so loud. The cannon was loaded again; the Indians were told to stand before it so that the guilty could be punished. The cannon was fired with a tremendous roar which reverberated throughout the forest and great numbers fell bleeding and were slaughtered; so great was their superstitious terror that they might certainly be killed. Thus, the areas of these slaughterings came to be known

Prettyman Addresses WB Board

by Harry G. Farrow, Jr.

Former Woodbridge School Board member, Norma Prettyman of Greenwood, told the Woodbridge School Board members on Monday night through a prepared statement that voting procedures and registrations in the District needed to be followed more closely as the School District manual dictates and the State of Delaware Code provides. She said "...the hours in the Code (State) provide for the time of the election to be from 1:00 P.M. to 8:00 P.M. EST, but the date of the election usually comes at a time when Daylight Time is in effect". She went on to cite the Delaware Code states the residency requirement to be "...one year in the State, 3 months in the

Selective Service Sign-Up Continues

Young men who reach their eighteenth birthday are required by law to register with Selective Service at any U.S. Post Office.

Registration is a simple process. Within 30 days of his birthday, a man fills out a registration form which asks only for name, address, phone number, social security number, and date of birth.

The purpose of registration is to have available on a computer the names of men born in 1960 and later years, who could be contacted quickly if there ever were a national emergency and Congress were to declare an induction.

Peacetime registration will save the United States at least 4 weeks time in mobilizing its manpower in an emergency. This is especially important with today's all volunteer force. There are only 2 million men in the Armed Services today, but we would need many more men quickly should an emergency arise - for example, in World War II we had 10 to 16 million men

bearing arms depending upon the stage of the conflict.

Registration and revitalization of the Selective Service do not signal a return to a draft. They are simply emergency preparedness measures. President Reagan is firmly committed to making the all volunteer force a success, supporting incentives to recruit and retain volunteers.

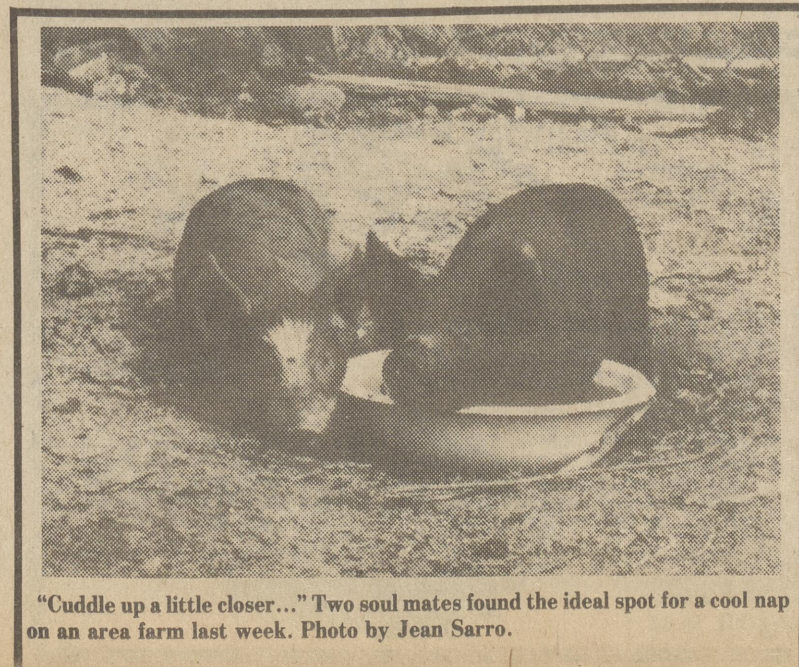

To date, nearly 6 million men have registered. Failure to register is a felony, punishable by a maximum penalty of a \$10,000 fine and/or five years in prison.

-Continuous Registration Program-

Pursuant to requirements of the Military Selective Service Act, lists containing the names of Delaware Registrants born January 1962 thru March 1963 have been posted at the following locations:

Ezekiel Hunn died intestate before 5 August 1822 when his estate was divided between his surviving heirs. His eldest daughter Patience Hunn received the mansion farm and had been the residence of her father in Murderkill Hundred near the Forest Landing. It was part of a larger tract called Great Geneva originally surveyed to Alexander Humphrey. She also received a parcel of land adjoining the Village of Camden. Another daughter Guilma Hunn received lands near Camden. Elizabeth Hunn, the youngest child was given land adjoining the mansion farm.

Ezekiel Hunn, eldest son of Ezekiel Hunn deceased also received a large portion of lands. John Hunn, second son of Ezekiel Hunn deceased received three separate parcels. (1) Land in the

village of Camden that was part of the division of Jonathan Hunn deceased to his brother Ezekiel Hunn deceased, and being part of a tract of land purchased by Jonathan Hunn from Joseph Edmondson "a small part of an ancient tract called Brecknock, originally surveyed to Alexander Humphrey". (2) Land that was part of the premises called the Plains that Ezekiel Hunn deceased purchased of his brother John, adjoining Plains Landing and Woodley Town on the lower road to Frederica. (3) Parcel of land that Ezekiel Hunn, deceased, purchased from John George, lying on lower Frederica Road and being part of a larger tract called Caroon Manor. It was this parcel containing about 151 acres that John Hunn later sold to Thomas W. McIlvaine in 1839.

Mrs. Clendening returned full of ideas and enthusiasm to talk to her pastor and vestry at St. Stephens Episcopal Church. The upshot was a meeting to which various churches and local organizations were invited and the result that the Harrington New Century Club offered to take on the project. The New Century Club originally housed the Harrington Center.

ROXANNE BROWN—who would not miss a day at the Center if she could help it, says "It's wonderful for older people. It makes them feel young when they come here...Everybody seems to get along nice. It's a happy atmosphere especially for someone who's lonely." Mrs. Brown volunteers her help in the kitchen, and she and her husband are members of the Jolly Timers. She says she misses a day, she has to catch up with what went on the next day.

Andy Anderson is a mainstay of the Jolly Timers. His clarinet was the original instrument in the band. And he is very adept at the "licorice stick". He was a member for many years of a fire department band in Freeport, N.Y. which captured the state championship for several years in the 60's. Now he is a member of both Harrington and Milford Senior Centers and once was also a member at Greenwood. He lives at Oakley, west of Ellendale.

Opening August 16, of the \$44 million Delaware Memorial Bridge, sixth longest span in the world, ends one of the worst ferry bottlenecks on eastern seaboard's north-south traffic routes. The new span bridges a mile of water with towers rising 437 feet to support a four-lane roadway high above the largest ocean-going vessels.

her dad will probably help to make the lessons and the tests easier.

At present Isabelle lives with her parents and with a sixteen-year-old brother, Jean-Francois. Her father is an engineer; her mother teaches physics and chemistry.

Isabelle speaks fluent English, a language she has studied for seven years. She has also studied Russian for five. It is a requirement of the lycee that students take one language. They are allowed to elect a second. But the business school for which she is preparing requires two languages. Russian, she claims, is not difficult once you learn the alphabet; and she says that English gave her very little trouble either.

The aim of the NACEL sponsored program is that the French students come to the U.S., not for a guided tour, but to learn about our way of life by becoming part on an American family. That is just what Isabelle has done as she has settled into the Jefferson household.

The main difference between day-to-day life here and at her home, she reports, is in the mealtime arrangement. In France, the main meal is at noon, and even school schedules are planned to leave two hours for the mid-day meal either at school or at home. (If she had attended high school here, she would have found a scant half hour or less allotted for lunch.) In the U.S. she finds lunch is a comparative

snack, and the major meal of the day is in the early evening.

She has also noticed TV advertising. There's a lot more of it here. And she's not too pleased when the suspense mounts only to have the action halted by a commercial. However, she did get to see the latest James Bond movie the other day and that, presumably, was uninterrupted by a message from the sponsor.

Isabelle and her host family have already done a little sight seeing. She's gotten the grand tour of Dover, visiting the museums and the John Dickinson mansion, and has been to the beach and traveled to the Hagley Museum. (duPont, she says, is a common name in France, but who ever heard of Eleuther?) In the time before she leaves for home, she and the Jeffersons have planned a number of trips including visits to the University of Delaware (where Janie Jefferson will be a sophomore in September), Washington, D.C. and a fishing expedition aboard a Delaware Bay headboat.

And Isabelle will not return to France without her American jeans. Invertebrate shoppers Joyce and Janie Jefferson have already taken her in tow on numerous shopping trips.

The painter Whistler sometimes signed his work with a small butterfly.

-Letter To The Editor-

Dear Sir:
I thought the issue of *The Harrington Journal* on August 12 was an especially fine one. News coverage of the area was particularly good.

County and 30 days in the School District...yet the Attorney General interprets the residency requirement to be living in the District at least 24 hours prior to the election". She felt that procedures spelled out in the District manual should be followed like "...the Board should approve persons to serve as clerks and judges by the April Board meeting...and not wait until some time right before the May election. This is a policy as set forth in the policy manual". She also pointed out that a candidate orientation should be held whereby the candidates can become acquainted with the rules and procedures to follow during the election. "This could be done on candidates night. I feel this is necessary because, as happened in the past, one candidate was given one set of rules and another candidate was given another set of rules". She wants the voter lists to have the correct names of the voters with their corrected addresses. Also when the page of voters is complete, this should be given to someone in authority who would have this list photocopied for the poll watcher. This insures honesty, for the voter list must coincide with the number of ballots cast.

In other matters, the Board elected to adopt September 2nd as the day for school to open.

Sizmore elaborated on the new bus routes for the coming year. Some Board members felt that Basics Plus would create some busing problems in that some youngsters in the Kindergarten level would be spending too much time on the bus while en route to and from school. Sizmore cited the fact that the State law requires that no child be on a bus more than one hour. Sizmore claimed that the longest any child was on a bus last year was no longer than 55 minutes. Some felt that even that was too long, and that measures should be taken to change this.

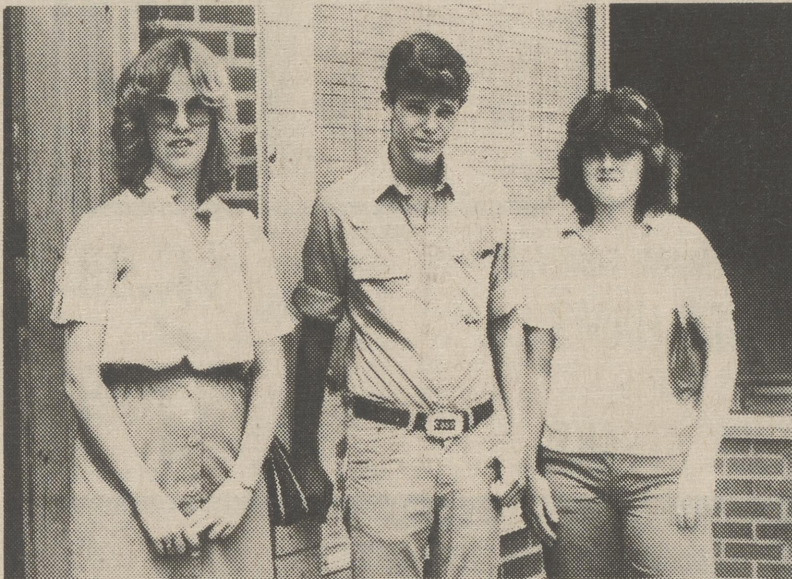

The Board voted to table the disposition of the land rent until a later date. Heretofore 45% had been given to the High School Band as well as a similar amount to the Junior High Band and 10% to North Bridgeville. It was suggested that 80% be given to the High School Band this time and 10% to Basics Plus. The matter was tabled.

Dr. Robert Sutton indicated that he felt the price of school lunches would be going up, but that he would have some information on this later.

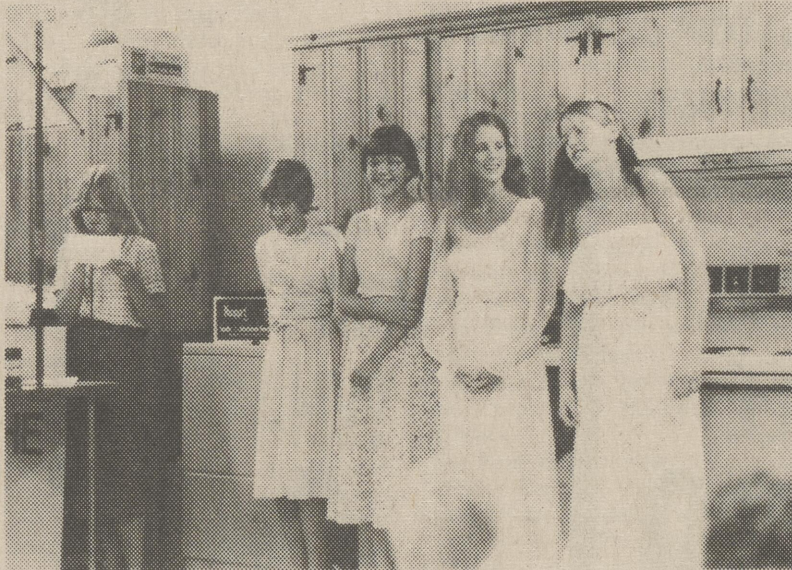

Mrs. Joanne Conaway has been named to serve on the Board of Directors for the Secondary School Athletic Association.

Folks found many ways of enjoying the Wix Reunion on Sunday at the Moose home. Some, like "Linus....?" [left] did their own thing; others, like Eloise Brown [right] went home winners, and just about everybody [center] helped themselves to the goodies. Photos by Rebecca Brown.

Jill Pickering [Rising Sunshiners - Dover], Robert Pritchett [Westville 4-H-near Felton] and Rose Sherman [Peach Blossom 4-H - Greenwood] visited *The Harrington Journal* last Thursday as a part of a citizenship course taught by Mike Everline, summer 4-H Community Resource and Development Assistant. About 24 Kent County 4-Hers visited area businesses as a part of the program. They are members of the Kent County Junior Council.

Several 4-Hers put on a fashion show at last week's Farm and Home Field Day at the University of Delaware's Substation near Georgetown.

as Slaughter Beach and Slaughter Neck.

But some people believe that the name Slaughter Beach came from the first postmaster in this area, named Slaughter, hence the name Slaughter Neck, Slaughter Beach, Slaughter Creek.

Proponents of both theories will probably be in attendance as Slaughter Beach celebrates 300 years on Saturday.

Gabfest

The day has dawned hot and humid and the window screens are beaded with drops of moisture, everything is wet and dripping...a typical August morning. But, like all seasons, August has its compensations, big butterflies in the hot sunlight and millions of twinkling fireflies by night. And what is more gloriously unreal than August moonlight? I know I keep saying this, but I want everybody to be aware of it and to come under its spell.

Speaking of butterflies, in one of my columns somewhere, recently, I spoke of the beautiful caterpillars which had appeared again this year on our parsley...chomping away until they clean the stems. They are the most beautiful "worms" I have ever seen and each year Ellen and I admire them, and stroke them and refuse to kill them. Now, I've found out that they turn into the big Black Swallowtail butterfly.

You know if you have an especially interesting book, you should read it over at least three times. I've been doing just that with Virginia Tanzer's book entitled, "Seagulls Hate Parsnips". Her family, too, allows these little visitors to eat the parsley. And she remarks, as I did, "What's a bit of parsley anyhow?" I learned from her book that the Black Swallowtail also lays her eggs on carrots and parsnips as well as parsley. We do not grow carrots and we do not like parsnips, so it's parsley for our little guests.

The caterpillars are so very beautiful,

too. They are an unusual shade of green. Virginia Tanzer calls it a "lovely vivid Van Gogh chartreuse". There are jet black stripes running around their bodies with gold dots in between. The butterfly herself is velvety black, about three and a half inches wide with pale yellow dots edging the wings and fading into turquoise dots on the hindwings.

We have found that the butterflies, like the caterpillars, like to be stroked gently if one lights on your hand. When I am cutting a bouquet, they sometimes ride along on the flowers in my hand.

Our Heavenly Father not only made the birds and the butterflies colorful and pretty, but the vegetables are so tempting in their marvelous colors. The green beans, the yellow squash, the red tomatoes, the dark purple red of beets, the orange carrots make our food so attractive.

I am still struggling with the squash problem. I use it and give it away and still it comes. Today I cooked up another big pot of the stew with squash, tomatoes, green peppers and onions. I call it Joan's stew because I ate it first at her house. I shell the lima beans at night while I am watching television, and then put them in the freezer the next day. I have not done any corn yet and this must be coped with. But, as the poet, Riley, says, "Soon the cool September mornings they are with us once again."

Smile Friend - There is so much to be thankful for.

The Bible Study Monday morning was taken care of by all the folks present. Sylvia Meredith and Clare Judy were leaders. Prayer and singing opened the hour. Clare lead in prayer. Sylvia played piano. The topic was Chapter 9 of Job. Mildred Vincent read a poem, "This I Know". Sylvia said the ending prayer and all sang "How Great Thou Art." Present were Cecil Meredith, John McCready, Elwood Morris, Mamie Adams, Francis Wright, Anna M. Short, Mary Sapp, Tony Perrone, Theima LeGates, Florence Roe, Juanita McLain, Etzel McCready, Bertha Dean, Gertrude Morgan, Cleora Vincent, Amy Poynter, Ethel Holden, Sallie Needles, Pearl Hickman, Essie Redden, Marion & Roxanne Brown and Joyce Minner.

Florence Timmers sallied forth Tuesday morning practicing for Open House, Friday. The entire Center responds to their spirits. The kitchen band makes up proud every time.

Members meeting was Aug. 10, 1981. After the Pledge of Allegiance and flag salute, President Maurice Adams called the meeting to order. The Historical Society gave the Center \$100 for its Building Fund. Many thanks!

Ceramics, pool, doll plaques, and bingo - Anna Mae Short called. Tuesday, 49 went to Rehoboth. All dressed for a day on the boardwalk and all set for a tasty seashore meal. All reported a splendid time.

Bowling at Milford Lanes. Hope more will participate from here.

Mildred Minner, Francis Wright and Nell Bausel put dolls together; Lillian Pearson, Jo Burke and Florence Miner worked on ceramics. Then everyone chipped in and helped ready the Center for the 14th Anniversary.

Talk of transformations, me oh my, the Center did look so good when we

stepped in on Friday morning. Each table was beautifully decorated with baskets of lovely flowers from "Country Flowers" by Nancy Thompson. So nice of you, Nancy, and we truly appreciate all of them! Flowers from our own folks garden completed the picture.

The folks from Seaford were quite impressed with the ceramics. Our ladies do a fantastic job. Our guests included folks from Milford, Frederica, Seaford, Harrington, Felton and vicinity. It truly, truly was a gala affair. The surprises were many - the gorilla, the every 15th sign in the luscious, gorgeous cake, all the different sounds of music. Honestly, I can tell you from the heart, if you were not here, you missed a GOOD DAY. Saw lots of old friends, made some new ones. Thanks to everyone - for everything. It was super!! Especially to Gene and Charlotte and Glady's. I think the plaque tells the story:

We Have

The Center We Have Today.

August 14, 1981

Best Wishes to all who are ill, homebound or in sorrow. We are thinking of you. Faith.

Tuesday I was at Dover Modern Maturity Center for my yearly interview. While there I had lunch. It was so very nice seeing their Center for the first time. Tom O'Conner played dinner music on the organ and most of the songs were familiar. When he played "Alley Cat", a group got up and did a cute dance. All in all everything and everyone at the Center was friendly to me.

Someone once said, "Even the wisest men make fools of themselves about women--and even the most foolish women are wise about men."

Mathilda Knapp and Claire Lea Melvin enjoyed receiving a surprise birthday party at the home of Elizabeth Hrupsa on Aug. 9, 1981, which proves surprises can happen to you. Guitar playing was provided by Thresa Pierce, Les Howard and Billy Scheltes. Tommy Hrupsa played the drums. Singing was done by all the band members and Barty and Danny Hrupsa, (age 5).

Relatives and friends enjoyed the delicious food, music and dancing. Mathilda had made her plans for the threshman show in Federalsburg (missed it) and Claire Lea was busy canning tomatoes when interrupted, you're never too old for surprises and it happened to these sisters.

Anne's Kitchen

Another traditional family recipe is "String Beans and Potatoes A la Marinara". In my childhood this was one of the foods I always turned my nose up to. Something changed my taste buds in adulthood and now this dish is among my favorites. Preparation is easy and low cost. When you try it I'm sure it will become a family favorite, too. You can serve it as a side dish or main course for your family's supper. Because of its lovely colors, (aside from good taste) it will make an attractive addition to your buffet table served on a large platter.

"STRING BEANS AND POTATOES

A la Marinara"

- 1 can Italian peeled plum tomatoes (approx. 28 oz.)
- 1/2 cup olive oil
- 1 clove garlic
- 3 cups fresh string beans cut
- 3 cups white potatoes cut in 2" x 1" (approx.)
- 5 or 6 leaves fresh sweet basil
- Salt and pepper to taste

- 1. In a large saucepot, brown garlic in olive oil, then discard garlic.
- 2. Put tomatoes in blender and blend at low speed about 2 seconds. Do not overblend! Add tomatoes, salt and pepper, and basil to olive oil. Simmer

uncovered till oil forms rings on top of sauce and sauce is somewhat reduced. At this point you have "Marinara Sauce" and this can be used for spaghetti as it is, sprinkled with grated cheese. For this purpose you may opt to simmer longer for a thicker sauce.

3. Add cut up string beans to sauce till beans are halfway cooked. Add potatoes (leave skins on if you wish) and continue cooking till potatoes are done. During all of this all that is needed is a little pot watching and stirring.

ENJOY!

NOTE: I found it impossible to buy fresh basil anywhere in our area. This summer, friends brought me some plants from New York and they are growing beautifully in my yard. If you are interested in growing it yourself, I will be happy to share some seeds with you. I'm sure the major seed catalogue companies can supply it to you also. I find basil very important to Italian cooking, and feel a sense of "something missing" without it. I freeze it in small plastic containers and have a good supply on hand at all times. It dries very well, but the taste changes completely and so I prefer not to use it that way.

Rice Bowl Allocations Announced

Grants of nearly \$6,000 have been awarded to various groups in Delaware and the Eastern Shore of Maryland for the needs of people who are hungry. The proceeds were part of \$23,300 given through the Operation Rice Bowl

campaign conducted during the Lenten Season by Catholics in the Diocese of Wilmington. Other funds have been channeled through Catholic Relief Services to feed the hungry of the world. The Rev. Joseph R. McMahon, local

director of the program, announced the following grants: Mary Mother of Hope House, \$450; Emmanuel Dining Room, \$350; St. Paul's Parish, \$250; and St. Peter's Parish, \$250. All are located within the City of Wilmington. A grant of \$2,500 has been sent to the St. Vincent de Paul Society, Council of Wilmington, to be used in areas where the group works through local churches in emergency situations of individuals and families. In Dover, the Samaritans of Holy Cross parish who operate a food pantry have been awarded \$1200. Also, in the Milford area a grant of \$200 to the Franciscan Sisters of the Allegany convent. On the Eastern Shore of Maryland: Caroline Christian Center, Denton, \$200; Daughters of the Holy Spirit, Federalsburg, \$200; and Daughters of the Holy Spirit, Princess Anne, \$200. Operation Rice Bowl is a sacrificial program in which local Catholic families eat a light, low-cost meal once a week during Lent. Money saved by eating a simple meal instead of a regular dinner is then contributed to the campaign.

Paradee Oil, which plays in the Milford Parks and Recreation League, swept three games recently to take the 1981 State Women's Slow Pitch Softball Championship. The next step for the 15-member team will be the Regional Championship to be played at Dover Air Force Base on August 22 and 23.

Six teams participated in the state tournament. On Sunday, August 9, in two games at Canby Park, near Wilmington, Paradee Oil defeated DAFB 6-1 and bested Buddco, 5-3.

The semi-final match, between State Line and Buddco on Tuesday, August 11 was won by Buddco. The championship game, a return match with Buddco, was played at Del Castle on Thursday, August 13. The final game

went right down to the wire with the score tied at 2-2 until a seventh inning home run off the bat of Barb Cool decided it in Paradee Oil's favor. Annie Coleman was the winning pitcher in all three games.

Paradee Oil is managed by Jo Gillespie, of Felton, who is also a player. Other team members are Debbie Hayman (Harrington), Carol Evans (Ellendale), Nancy Churilla (Milford), Bev Howard (Dover), Cheryl Bleadow (Milford), Barb Cool (Camden), Bert Casey (Milford), Jan Ellis (Milford), Annie Coleman (Sudlersville), Carolyn Griffith (Dover), Jackie Crotty (Milford), Nina McQuillan (Magnolia), Sue Nolette (Camden) and Linda Armstrong (Dover).

A finalist in Western Pleasure Competition rounds the show ring in the Arabian Horse Show sponsored at the fairgrounds in Harrington by the Milford Jaycees last weekend.

Horsemen Race for Good Cause

An unbeatable combination goes to the gate in the "Race Against MS" at Brandywine Raceway on August 27th, 1981. The contest will pit Cloverleaf Standardbred Owners Association, Brandywine Raceway and The Delaware Chapter of the National Multiple Sclerosis Society against that mysterious and often disabling disease of young adults known as Multiple Sclerosis.

A sure winner will be the estimated half-a-million Americans who now have Multiple Sclerosis and closely related neurological disorders for which a cause and cure have yet to be discovered.

The "Race Against MS" at Brandywine is part of a Nation wide Campaign at similar Harness Racing Tracks across the U.S. and Canada to raise money for MS research and patient care.

The National Multiple Sclerosis Society is the only National Voluntary Health Organization supporting research to find a cause and cure for M.S., a disease which mainly affects young adults in the prime family and career building years of their lives.

Besides raising much needed funds for medical research, the "Race Against MS" will also help provide funds for patient services by the Delaware Chapter, costs of which have skyrocketed in recent years due to inflation. MS often results in impairment of vision, speech and muscular coordination and sometimes causes paralysis.

With Gary Cameron as chairman, the Horsemen at Brandywine will donate a share of their purses on August 27th to the Delaware Chapter. Other events eg Winner's Circle Presentations are also scheduled that evening.

"Horsemen are concerned members of the community," Gary Cameron said, "And this is one way the Harness Racing Industry can contribute toward the improvement of life in Delaware." The "Race Against MS" campaign nationally raised over \$160,000 in its 1980 campaign and hopes to raise significantly more this year to help relieve the plight of MS patients and their families and provide funds for scientific research to find the cause and cure for this "Mysterious Disabler" of young adults.

Heritage Day 10K Run

On September 12th, at 9:30 A.M. the Greater Harrington Heritage Society will present the start of the First Annual Harrington Heritage Day 10K Run. The 6.2 mile course will begin and finish at W. T. Chipman School on Dorman St. in Harrington. Awards will be given to the first place finisher in each of the 12 age categories and

Heritage Day 10K caps to the first 50 finishers. Random prizes are also to be given away. Applications can be obtained from the Athletic Attic in Dover and Rehoboth, Collins Clothier in Harrington, Olympic Sporting Goods in Seaford, and Milford Hardware in Milford. Come join in the fun and the festivities.

Kent County P & R Sponsors Children's Dog Show

Kent County Levy Court through the Parks and Recreation Department, will sponsor a Children's Dog Show on Saturday, August 22 at Tidbury Creek Park. In case of rain, the show will be held on Sunday, August 23 at the Park. All youngsters from four to 14 may enter their dogs, more than six months old, in the contest, regardless of breed, special training or whether the pet is pedigreed.

Children, along with their dogs, should be at the Park at 9:30 a.m. to complete the necessary entry forms. Judging will begin at 10 a.m. Dogs will be judged in several classes,

plus a Best of Show Winner. Judging classifications are: Best trick dog, smallest dog, largest dog, best looking, best costumed, funniest and best behaved. First, second and third prize ribbons will be awarded to winners in each category, with a Best of Show to be selected from among first place winners.

The Children's Dog Show is being sponsored jointly as a public service by the National Recreation and Parks Association, Ken-L-Ration and Kent County Parks and Recreation. For further information, please call the Parks and Recreation Office at 736-2090.

LF School Board

[Continued from page 1]

Doreen Harrington (clerk, W. T. Chipman) and Janet Lynne Brown (secretary, Diagnostic Center at Lake Forest North).

Resignations were accepted from Lee Kersey (second grade teacher, Lake Forest North), Valerie A. Crawford (speech clinician in the Diagnostic Center) and Rita Saulsbury (secretary in the Diagnostic Center).

Cafeteria worker, Rita Hart was granted leave of absence because of illness.

The Lake Forest Board has set a special meeting for August 24 to handle personnel and consider budget. It will begin with an executive session at 7 p.m. with public session to follow.

In other business, the local School Board:

-decided the district needs to upgrade its liability coverage from \$500,000 to

\$1,000,000 and extend that coverage to insure the Board and the District are covered as entities in addition to the individual protection;

-received a report on summer school by Dr. Arthur Gilbert. Of 668 summer school recommendations, 338 pupils attended in the district this year.

It was supervised by Dr. Gilbert and coordinated by Betty Mathews.

-decided to hire the Delaware State Police rather than Bennett Security to patrol after school activities such as basketball and football games. The estimated cost for the State Police is (\$2104), higher than for Bennett Security (\$1320) but the Superintendent feels that the State Police carry more authority. They can make arrests while Bennett Security personnel can only detain individuals until the police arrive. The Lake Forest Board acted upon his recommendation.

Filion Edges Close to Records

COLUMBUS, OHIO-Herve Filion, with 213 wins in 1981 through Aug. 1, currently trails Eddie Davis by 47 victories and may not win his 12th dash championship this year. However, Filion keeps edging closer to other records of distinction.

According to the Data Processing Dept. of the U.S. Trotting Assn., the relentless 41-year-old harness driver has now won 7,766 races during his illustrious career. Only thoroughbred jockey William Shoemaker, with just over 8,000 triumphs, has won more times. At his current pace, Filion would catch Shoemaker within two years.

Two and a half years ago, harness racing's all-time dash leader had won

893 fewer races than his thoroughbred counterpart.

In the money standings, William O'Donnell continues to lead with \$2,815,045. John Campbell and Filion have also won over \$2 million so far in 1981.

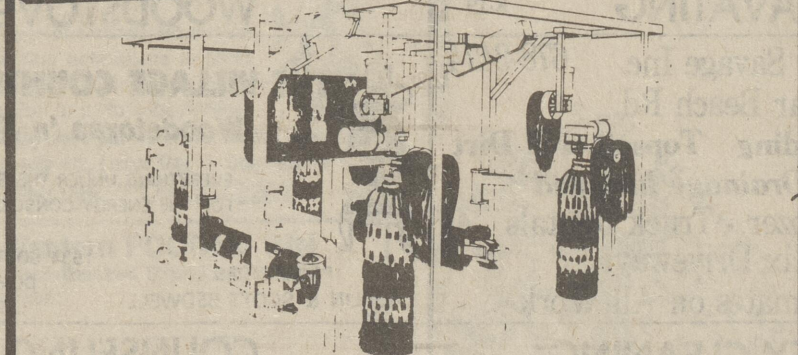

O'Donnell, a native of Springhill, Nova Scotia, began driving in 1970. Through the end of 1980, the 33-year-old reinsman had won \$3.5 million in purses, a total he figures to surpass in 1981 alone.

He is also winning purses at a record pace. John Campbell's 1980 record winnings of \$3.7 million is well within the reach of O'Donnell, money champ at The Meadowlands this year.

"The New Wave"

Our thanks to you all!
To the coaches who yelled & pushed & praised,
To the kids in which other teams were amazed,
To the clerks & timers & man with the gun,
Judges & ribbon writers & girl on the run,
To the parents who fed the ravenous crew,
The friendship & pride & team spirit grew.
Our team may have been small in size,
But the will to win was in each swimmer's eyes.
Whether it was 25 or 50 meters to go,
They always gave us a marvelous show.
Fans filled the stands for the Lake Forest side,
Out kids responded with determination & pride.
From Wesley to Heather - they gave their best,
Always living up to their coaches test.
Be it free or breast, butterfly or back,
They gave it their all, without any slack.
The New Wave team kept up their pace,
And proved to all comers - they were up to the race.
We finished the season 4 losses - 4 wins,
And the pool was filled with giggles & grins.
Our coaches - Berry, Monroe & Dyal
Led our kids with lots of style.
Thanks from the parents - you rate a big cheer,
We hope you all will be back next year!

Sincerely,
Sue Stump

5-Mile Run Set At Winterthur

WINTERTHUR, De.--"Not only is it the most beautiful fun run course in Delaware, but also the five-mile event is one of the state's most challenging," emphasizes Wayne Kursh of Marathon Athletic Shoes and co-director of the third annual Winterthur Country Fair Run which is set for Sunday, September 27, at 9:30 a.m.

Two events, including a two-mile Celebrity Run and a five-mile Distance Run, will kick off a day of family activities celebrating the thirtieth birthday of the Winterthur Museum and Gardens. Highlighting the afternoon will be a "hare and hound race" with hot air balloons, eighteenth-century crafts demonstrations, specialty foods, entertainment, and special tours of the former du Pont estate which contains the world's largest collection of Ameri-

cana. Winterthur is six miles northwest of Wilmington on Route 52 in the heart of the Brandywine Valley.

Between 500 and 600 runners of all ages are expected to compete. Participants will receive free admission to the Fair, refreshments, and a t-shirt. Registration is \$5.00 and closes September 21; late entries will be accepted between 8:00 and 9:00 a.m. on the day of the race only. The late fee is \$8.00. Entry blanks should be sent to the Winterthur Country Fair, P.O. Box 226, Wilmington, Delaware 19899, and they can be obtained at Marathon Athletic Shoes, Ninth & Tatnall Streets, Wilmington, Delaware, Winterthur Museum and Gardens, and the Central and Brandywine branches of the YMCA.

Seniors Celebrate

Visitor, Fred Bahr, 92, was the oldest person present during the Senior Center celebration on Friday. He and his bride of 13 years are members of the Seaford Senior Center. They also spend some time in Laceyville, Pa. where he has a home.

The Harrington Senior Center, which thinks a lot of Charlotte Welch, honored her with a gift on Friday.

Thelma Legates was the youngest person over 60 to join the Senior Center festivities last week.

Harrington seniors were not long on hoisting the new Delaware State Flag they received from the Lt. Governor's office.

Berry Funeral Homes

Dear friends,
 Planning for what you wish to happen to you and your family after your death is a responsible step and is not, in any way, morbid. It is indeed a wise and necessary step that requires a limited amount of time, but can avoid much anxiety and confusion following the death of a family member.

Respectfully,
 William C. Berry, Jr.
