

When is Halloween? Tradition says October 31. But for practical purposes and for all kids who plan to go trick or treating, it depends upon where you live. The dates and times in surrounding communities are as follows:
-October 29-
Houston-Trick or Treat night has been set for Thursday, October 29, from 6 until 8 p.m.
Milford-Thursdays, October 29, has also been declared Trick or Treat night in Milford with the activity limited to children up to 12 between 6 and 9 p.m. On Saturday the 31st, a three-hour "Halloween Event" is planned at

Milford Plaza Shopping Center by WAFL.
-October 30-
Felton-Plans in Felton are to hold Trick or Treat night on Friday, October 30, from 6:30 to 8 p.m. The Westville 4-H Club has also scheduled a Halloween Costume Dance that night from 7 to 11 p.m. at the Ruritan Club on the Felton-Sandtown road. The dance is open to the public for a specified donation.
-October 31-
Frederica-Trick or Treaters will be allowed out on Saturday, October 31, from 6:30 to 8 p.m. But youngsters and

their families will be able to make it a day-long celebration if they attend the Halloween Carnival planned at the Lake Forest East Elementary School from 11 a.m. to 3 p.m. Parents and children are encouraged to come in costume. There will be prizes, games, booths and refreshments.
Harrington-Trick or Treaters can hit the streets in Harrington on Saturday, October 31, from 6 to 8 p.m. But they must be 13 or younger. Children who want to combine Halloween fun with a good deed are invited to come in or out of costume to the Harrington New Century Club on Dorman Street at 2

p.m. At that time, under the supervision of adults, they will go Trick or Treating for UNICEF before returning to the Century Club for refreshments.
-October 30, 31-
Those who work up the courage to visit "Haunted Murdock Manor" 8/10 of a mile west of Canterbury in Viola, Delaware, between 7 and 10:30 p.m. on the two nights will also be doing a good deed. The \$1 donation at the door goes to benefit the Margaret S. Stercks School for the Hearing Impaired.

Teachers Nominated

Sixteen persons have been named for the title of Delaware Teacher of the Year for 1982. The ten men and six women were selected as representatives of the best traits of Delaware's 5500 teachers and for their superior ability to inspire students with a love of learning.

The state Teacher of the Year will be declared Nov. 10 by William B. Keene, state superintendent of schools, at a dinner held in Dover.

Members of the State Department of Public Instruction review materials submitted about the candidates and observe each of them at work in the classroom.

Local nominees are:
Lawrence "Al" Drummond, Jr., sixth-grade teacher at Lake Forest South Elementary, Lake Forest Teacher of the Year. Born in Delaware, Mr. Drummond grew up on a poultry farm in Hickman and attended Greenwood schools. After Navy service as a sonar technician, he attended Delaware State College, where he took his B.S. in 1973. He earned an M.Ed. at Delaware in 1978. Active in cub scouts and flag football and as a Little League coach, Mr. Drummond lives on R.D.1, near Harrington. He's youth leader for Calvary Wesleyan Church and a director of the Harrington Senior Citizens Center.

Mr. Drummond is said to demonstrate the phrase, "professional service above and beyond the call of duty." He's been faculty president, grade chairman, acting principal, recess monitor, assistant track coach, and even bus coordinator for primary grades. He helped to develop the Lake Forest curriculum in reading and science, worked on the liaison and discipline committees, served as a state science adviser, and helped to screen candidates for the Lake Forest superintendent's position.

Mr. Drummond is described as a patient, firm, and cheerful man whose lessons reflect extensive planning and deep concern for his students. Helpful and considerate, he plays ball with the students each day, gives them his

home phone number to call for help with home-work, and is adept at helping new students adjust to the school and the community.

Skilled at promoting parental support and at developing staff morale, he's said to have a temperament so cheerful that, a parent says, "When Mr. Drummond is present, sunshine radiates in the room."

Steve J. Huff, science teacher at Woodbridge Junior-Senior High School since 1975, Woodbridge Teacher of the Year. Mr. Huff, who was cited for his combat record as a Navy quartermaster in Viet Nam, returned to college after the war and received a BS at Widener University, Chester, Pennsylvania, in 1972. He lives on RD 4, near Georgetown, in a home he built designed as a geodesic dome.

He developed Woodbridge's advanced [Continued on page 11]

School Board, Teachers Consider Third Mediator

The Lake Forest School Board and the Lake Forest Education Association, having selected individuals from each side to serve on a three-person mediating team, are now waiting for those two people to agree on a third mediator.

Lake Forest Superintendent Dr. Edward Powell said that Board representative, Assistant Superintendent, Melvin Luff and LFEA's chosen mediator, Brian J. Bushweller, had met last week to exchange names of a suggested third party.

Meanwhile, the Board held a special meeting last night with the intent of granting another month's extension on the current contract on the agenda.

Cruelty Incident Reported To SPCA

Fair weather and Lake Forest's Homecoming celebration brought joy to many area residents. However, the day was not so fair for one small rabbit beagle and for a local family who witnessed its cruel treatment.

The family in question was leaving the Lake Forest stadium after Saturday's game when they noticed a man beating the dog over the hood of his car. The car was parked near a fence in the piney area between the high school and Killen's Pond State Park. A member of the family told The Harrington Journal that the man was holding the small dog, apparently a young beagle, by the legs and slamming it repeatedly on the hood of the car. When they stopped and yelled at him, he threw the dog, by this time limp, in the trunk of his car and drove off.

Turning their car to follow, the family was able to get a license number and the name of a Harrington area resident whom they reported to the S.P.C.A.

While the family, at this juncture, did not wish to be identified, they have promised to appear in court if action in the case proceeds that far.

They did ask that an appeal go out to all who own or deal with animals to practice kindness. They do not know what might have provoked the incident they witnessed on Saturday. But they feel the little beagle suffered horribly and was probably either dead or mortally injured by the time it was thrown into the trunk of the car. They issue a further appeal to those who cannot deal with their animals in a humane way to at least relinquish them to those who can act with maturity and concern.

NOTE-The Harrington Journal spoke with the Kent County S.P.C.A. on Tuesday and learned that a warning had been issued to the individual along with some words of advice about how to discipline a dog. The person was also cautioned that he would be under observation. The S.P.C.A. representative who visited the home reported that the dog appeared unharmed, despite the treatment.

Slaters Plead Guilty

On Monday, October 19th, both Eloise M. Slater, 18, and her mother, Margaret E. Slater, 43, of Farmington, entered unconditional guilty pleas in the Superior Court of Kent County to two of five charges placed against them. Eloise pled guilty to a charge of possession of methamphetamine or "crank". Charges of carrying a concealed weapon and resisting arrest were nolle prossed by the Attorney General's Office. Margaret Slater pled guilty to the charge of hindering prosecution. The arrest of her for menacing was also nolle prossed by the Attorney General's office.

Eloise's guilty plea is an admission by Miss Slater that the warrant for possession of methamphetamine was valid. Margaret's plea to hindering prosecution carried an admission that she did strike state police Corporal Harvey Leighty, one of three members of the Strike Force who attempted to execute the warrants against her daughter.

On Tuesday, Aug. 18th, the three police officers went to the home of Eloise Slater to take the woman into custody on warrants of possession of methamphetamine and carrying a concealed weapon. In spite of the three men identifying themselves as police officers and displaying their police identification and badges to the Slater women, Mrs. Slater refused to believe the men or their identification. She became angry, threatened the officers, and attempted to stab one of the men with a kitchen knife. Margaret Slater had to be subdued, and was arrested on the two charges. Both women chose to have their cases heard in Superior Court when they were arraigned at Magistrate Court 7, Dover.

Any fines and/or incarceration imposed on the two women are pending the results of a presentence investigation.

Seamans Charged In Accident

Henry C. Seamans, 35, of Dover, pled guilty last week to a charge of reckless driving in a highway collision that claimed the life of seventy-four-year old Carl Purnell. On Monday, October 19, the truck Seamans was driving slammed into the rear-end of a slow moving tractor and trailer operated by the elder man.

Seamans, arraigned in Court 4, Seaford, was fined \$200. He also received a 30-day suspended jail sentence and was placed on a year's probation.

Trick or Treat for UNICEF

Harrington residents will hear the annual "Trick-or-Treat for UNICEF" this Saturday from the hours of 2:00-4:00 p.m. Local UNICEF Chairwoman, Jerri Outten said, "It is hoped that this year will again be a huge success." Children and supervisors will meet at the Harrington Century Club, receive name tags and containers, then proceed out into the community. The adult supervisors will accompany the children. After the drive, refreshments will be served. Mrs. Outten says, "The children are quite anxious to help other children less fortunate than themselves. Won't you answer their call. Your support will be greatly appreciated."

City of Harrington HALLOWEEN Trick or Treat Hours 7:00 p.m. to 9:00 p.m. Up to 13 years of age.

Del Tech To Offer Courses Here

The Continuing Education Division of Delaware Technical and Community College, Terry Campus, will offer evening courses at the William T. Chipman School in Harrington, beginning in January 1982.

The purpose of offering courses in the Harrington area is to enable residents

to take special interest courses from their community college. All residents of the Harrington area are encouraged to attend these classes.

At Del Tech, continuing education focuses on serving the needs and interests of adults. The Harrington-based program will provide and will

enhance the life-long learning experiences of Kent County residents.

Adult and continuing education can mean programs or courses for self-enrichment; for others, it may mean programs or courses for occupational advancement or retraining; for still [Continued on page 11]

Historical Society Visits Nutter Marvel Museum

The Greater Harrington Historical Society and their guests spent a rainy Sunday afternoon on a tour of the Nutter Marvel Museum complex near Georgetown. Terry Johnson and Mr. Marvel, himself, hosted the group as they made the rounds of the buildings which house his private collection of antique horse-drawn vehicles.

The three buildings contain some 75 lovingly restored vehicles ranging from antique sulkies and delivery wagons through old sleighs and handsome carriages. A carriage purchased from Walt Disney and a queen's carriage which once transported royalty are particular gems of the collection. Mr. Marvel said the queen's carriage was found in a coal yard in New York. Since its restoration, it has been used on a number of occasions including the inaugural celebration of Governor and Mrs. du Pont.

In fact, most of the collectibles in the museum are working carriages that are brought out for many occasions, ceremonial and otherwise. They have appeared at Georgetown's celebrated Returns Day, at weddings to give bride and groom an elegant ride to the reception and at Harrington's Heritage Day.

The walls of Mr. Nutter's museum buildings display an untold number of

photographs which record many personal and public occasions. One such photo records Jimmy Carter's presidential campaign kickoff in Georgetown. Others show Nutter Marvel and

Col. Sanders at a Delmarva Chicken Festival in Easton. Dignitaries and private individuals, carriages traversing springtime streets and sleighs in [Continued on page 11]

Elbert H. Stevens Dies

HARRINGTON—Elbert H. Stevens, 81, of 83 Clark St., was dead on arrival Wednesday, October 21, at Milford Memorial Hospital after an apparent heart attack.

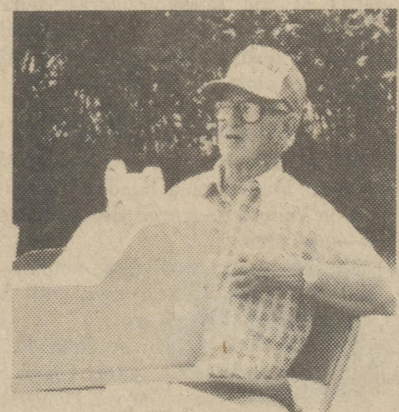

Mr. Stevens retired as a plasterer at the old Lowe Brothers Inc. in Wilming-

ton in 1968. The following year he moved back to Harrington, where he had lived until 1922.

Mr. Stevens, who was active in the Greater Harrington Historical Society, was well-known in this area for his model recreation of the downtown Harrington of the early twentieth century which has been on display on numerous occasions. He and his model of the Harrington railroad station are featured in a portion of an article in the October 1981 edition of Delaware Today.

He is survived by his wife, Catherine M. Stevens; a son, Robert Leonard Stevens of Fort Myers, Fla.; two grandchildren, and two great-grandchildren.

Services were Friday night at 8 at the McKnatt Funeral Home, 50 Commerce St., where friends called from 7 to 9. Graveside services were Saturday morning at 11:30 in Gracelawn Memorial Park, Minquadales.

"The village of Canterbury lying upon both sides of the public road from Magnolia to Willow Grove and the road leading up to Camden, is located on what was a large tract of land called 'Hudson's Lott', surveyed to be on the north side of Hudson's or Bannister's Branch and upon both sides of the Upper King's Road from Lewis to Dover." This was the description given by J. Thomas Scharf, when writing his History of Delaware in 1888, to define the geographical location of Canterbury.

On 9 February 1825, the Philadelphia, Dover and Norfolk Transportation Company was chartered for the purpose of opening a shorter passenger route from Philadelphia to Norfolk, by steamboat from Philadelphia to Dana Landing in Little Creek Hundred, thence by stage to Seaford, through Delaware are several maps of Delaware drawn in the nineteenth century. Not all have an accurate date but at least two predate a map dated 1855 which shows the route of the new railroad running south through Dover to Seaford. One of these earliest maps has a network of roadways showing two routes from Frederica to Dover, Dover, Camden, Canterbury, Guineatown (later Williamsville), Teatown (later Statonville), the old village of St. Johnstown, and Bridgeville. From Seaford it was designed to utilize the Nanticoke River steamers to Norfolk. In the library of the University of

one through Canterbury and Camden, the other passes to the east along Jones River (or St. Jones Creek) with no indication that there was any community on this road between Frederica and Dover. However, it would appear to be the same road that today passes through Magnolia.

Halloween

[Continued from page 1]

and the consequent shortening of the afternoons, it is difficult not to be aware of the advancing dark season of the year. And actually, all the costumes, parties and other festivities we associate with Halloween have their roots in the pre-Dark Ages in a Festival marking the onset of the season of cold and darkness.

Over 2,000 years ago the Celts who lived in Great Britain, Ireland and northern France celebrated New Year's Day on November 1. But their festival began the previous evening, October 31, when Samhain, the lord of death, was honored. On that evening, the Druids commanded families to quench their hearthfires. Then a great bonfire was built from piled oak branches. Animals and fruit (and possibly even human beings) were offered in sacrifice. Families relit their hearthfires for the new year from the festival bonfire.

Sometimes people who gathered at the bonfire wore costumes made from animal skins and told fortunes by looking at the remains of the animals sacrificed.

When the Romans conquered the Celts, two Roman celebrations eventually combined with the festival of Samhain. They were the Ferialia (celebrated in late October and honoring the dead) and Pomona (honoring the goddess of fruit and trees).

As Christianity spread throughout the western world, Christian festivals were often created to take in and give new meaning to old pagan celebrations. Thus, the church in the A.D. 800s declared November 1 as All Saints' Day when *allhallowmas* was offered. October 31 then became All Hallowe'en (the evening before All Saints Day) or Halloween. November 2 was set as All Souls' Day, honoring the dead.

The U.S. custom of trick-or-treat, when children in costume are rewarded (supposedly for their promise not to play a treat), may have its ancestry in several of the ancient festival customs both pagan and Christian. In Ireland poor people begged for food in a parade honoring Muck Olla while in England, the poor begged from house to house on All Souls' Day. They received cakes and pastries in exchange for their promise to offer prayers for the dead.

In recent years, trick-or-treat has taken on a new tone as young people on or near Halloween campaign for small change for UNICEF (the United Nations Children's Emergency Fund) and thereby share with the world's hungry and needy children.

The ghosts, goblins, witches and ghouls that today are quite normal people in Halloween disguise filter down from ancient beliefs that on the night before All Saints Day, the souls of the dead were allowed to roam the world. Witches, that night would gather to worship the devil.

The light that beams from scowling or smiling pumpkins on Halloween has its namesake in a poor Jack of ancient notoriety. Jack was banished from heaven because he was a miser. But since he had played tricks on the devil, he was not allowed in hell. Doomed to roam the earth carrying his lantern, often carved from a beet, a turnip or a potato, Jack-o-Lantern (or Jack of the Lantern) now finds his welcome in homes on Halloween.

Halloween Event

Milford's WAFL Radio announces plans in celebration of "Country Music Month", observed yearly by the country music industry during the month of October. The station was Delaware's first to go to a strictly country music format in 1973.

On Saturday, October 31, a three hour "Halloween Event" will be conducted by WAFL at the Milford Plaza Shopping Center. Featured from 10:00 a.m. to 1:00 p.m. will be Halloween costume contests, live country music by "Touch of Country" and a free movie matinee at the Milford Plaza Cinema.

According to WAFL, part of the reason for centering the celebration on Halloween was the void left in Milford by the discontinuance of the Halloween parade.

Prizes for costumed contestants will be awarded in three divisions; 2 to 7 years, 8 to 13 years and 14 years and up. Judges will look for the funniest, scariest, worst dressed and best overall contestants. Merchants in the "Plaza" are furnishing all the prizes to be awarded in the costume judging.

Scheduled to appear at 12 noon is the local country music band, "Touch of Country". This popular group placed third in the 5th Annual Country Music Talent Competition conducted at the Delaware State Fair this past summer.

At 1:00 p.m. the Milford Plaza Cinema is providing a free movie matinee for all ages. The theater is also celebrating its anniversary during October.

WAFL will conduct a live broadcast from the scene from 10:00 a.m. to 1:00 p.m. and will be giving away prize packages. All WAFL personalities will be on hand during the broadcast.

KENT GENERAL HOSPITAL

Blue Cross & Blue Shield, business as usual.

As a subscriber to Blue Cross/Blue Shield of Delaware, you are covered, just as you always were*. Our non-contract situation with Blue Cross in no way affects our services. The only difference is the mechanics of paying your hospital costs, and that's really very simple:

1. Kent General Hospital bills you directly and sends a copy to Blue Cross.
2. In order to receive prompt payment, Blue Cross will send you a form asking you to verify the accuracy of the bill for treatments or procedures performed.
3. Complete the form and promptly mail to Blue Cross.
4. You are paid directly by Blue Cross.
5. You sign the Blue Cross check over to Kent General Hospital.

It's the simple way to keep your hospital going strong to serve your health care needs at the lowest possible cost to you. Timely payment of bills is the best way to insure the containment of your health care costs.

- Remember you are ultimately responsible for your hospital bill.

*All other Blue Cross and Blue Shield subscribers should check their respective plans to determine benefits payable to non-contract hospitals.

We're doing it all for you but we can't do it without you.

Everyone enjoyed the annual Harvest Party this past Saturday night at the home of Frank and Karen Spence. A bonfire for roasting hot dogs and marshmallows, a hayride around the farm, chili, apple cider, hot chocolate and cookies, are all a part of this fall event. In our Sunday morning worship service, Pastor Newman brought a message titled, "Four Calls to Soulwinning" using the Scripture test, II Corinthians 5:11-21. This coming Sunday, November 1, Rev. Bob Thompson of Dale City, Virginia will be preaching the Sunday morning message and also

Offers The New "All Savers Tax Exempt Certificate Of Deposit."

Effective October 5th
12.14% Annual Investment Yield
(TAX FREE)
 on the All New Savers' Certificates

HERE ARE THE FACTS:

What is the purpose of the All Savers Certificate?

The All Savers Certificate has been created by Congress as an incentive to save. All the interest on this certificate within prescribed limits -- is tax-excluded from your Federal Income Tax. Also, the All Savers Act was enacted to help housing. It requires that the major portion of the new savings created by this certificate be used for residential and agricultural financing.

How much interest do I earn tax-free?

As the Law now reads, this is a once-in-a-lifetime opportunity to earn as much as \$2,000 in tax-free interest if you file jointly (\$1,000 for single returns). Any interest earned in excess of these sums is taxable.

What is the smallest sum I may deposit?

You may deposit as little as \$500. Regulations permit you to deposit any larger amount you wish. Discuss with us the maximum deposit that will still be completely free of Federal taxes.

May I add to my certificate?

No, you are not allowed to add to any existing certificate. Each certificate is issued for one year. You may, however, purchase additional certificates in any sum of \$500 or more.

What will my interest rate be?

Your certificate will have an interest rate equal to 70% of the average investment yield on 52-week Treasury Bills as of the most recent auction date. Thus, when the 52-week treasury rate is 15% your interest rate is 10.5% tax-free! The interest rate changes monthly, so check with us for the current rate.

Is my interest rate guaranteed?

Yes, the rate in effect when you open your All Savers Certificate remains in effect for one year. You know exactly how much income you will receive. Your interest rate will not fluctuate.

How does the All Savers Certificate help me?

It means you, too, can now earn tax-free interest. This privilege, previously available only to those in a high tax bracket, is now offered to anyone who can set aside \$500 or more for one year. What is best, the new savings method reduces your taxes where it counts the most--at the top bracket of your income.

I have already earned enough interest to qualify for the \$400 joint (\$200 single) exclusion from my Federal income tax for 1981. May I also exclude any interest I receive in 1981 from an All Savers Certificate?

Certainly. The only restriction in the All Savers Act is that interest received from your All Savers Certificate in 1981 cannot also be deducted under the general interest exclusion of the earlier law.

Will the All Savers Certificate help me if I own 6-Month Certificates?

More than likely, but it will depend on your income bracket and the current rates for both types of certificates.

If you are in one of the higher tax brackets, you will usually get a much better net yield from an All Savers Certificate, but only up to the maximum interest limitation of \$2,000.

If your income falls into one of the lower brackets, you may be better off staying with 6-month certificates. The chart below provides a useful guide in helping you to a decision. Please come in to talk with us, and get all the facts. (It will be important to first look up the net taxable income you reported on last year's Federal income tax form.)

Will the All Savers Certificate help me if I own Money Market Mutual Fund Shares?

Again, more than likely. But, as in the previous comparison, it is necessary to check current rates for both forms of investment. After learning these rates, the decision will hinge on your top tax bracket. The higher your bracket, the more advantageous is the All Savers Certificate.

May I collect interest prior to maturity without penalty?

Yes. Interest received prior to maturity is not a premature distribution. You'll receive a #1099 form annually reporting your tax-free interest for the preceding year.

Is there a penalty for early withdrawal?

Yes. If any portion of a certificate is redeemed, disposed of or used as collateral or security for a loan before maturity, the interest earned on that certificate is not tax-exempt. Also, the penalty for early withdrawal on a one-year certificate is loss of 3 months interest on the amount withdrawn.

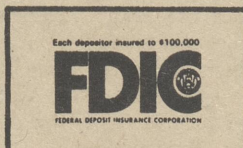

Is my certificate insured?

Yes. Ask for specific insurance information.

THIS COMPARISON CHART SHOWS TAXABLE INTEREST YIELD REQUIRED TO MATCH THE ALL SAVERS CERTIFICATE TAX-FREE RATES.

*Joint Taxable Income is the net amount subject to Federal Income Tax after deductions and exemptions. Figures quoted per 1982 Federal tax regulations.

SPECIAL BENEFIT

Beginning Oct. 1, 1981, owners of Six-Month Money Market Certificates may convert them in mid-term to tax-exempt "All Savers" Certificates without paying a penalty for premature withdrawal. Consult the chart above, then ask us for any additional information you may need to make your decision.

Miss Barnes - Mr. Moore Are Wed

Mr. and Mrs. James D. Moore, III. Photo by Theis Photography, Ltd.

Miss Mary Margaret Barnes and Mr. James D. Moore III were united in holy matrimony Saturday, September 12, 1981, in a double ring, evening, candlelight ceremony held at United Methodist Church in Bridgeville.

The bride is the daughter of Rep. and Mrs. B. Bradford Barnes, Jr. of Bridgeville. The groom is the son of Mr. and Mrs. James D. Moore of Dover.

The double ring ceremony was officiated by the Rev. Charles H. Poukish of Bridgeville.

Given in marriage by her father, the bride wore a gown of white English net over taffeta. The fitted bodice of beaded Alencon lace featured an off the shoulder sheer net yoke and a high, split lace collar. Covered buttons accented the back of the gown and the long, tapered sleeves. The full skirt gathered softly below the drop waist and was adorned in matching motifs which featured a wide scalloped edge of delicate Swiss embroidery. Her train was cathedral length. Her head piece of Alencon lace was trimmed in a scalloped garland of seed pearls and featured a fingertip length poof steamer veil.

The bride carried a cascading bouquet of silk gardenias, stephanotis, and ivy. The matron of honor was Mrs. Robert Lee Venables, Jr. of Laurel. The maid of honor was Miss Laurie Ellen Barnes, sister of the bride. Bridesmaids were Mrs. William W. Pritchett, Miss Cheryl Lee Baker, Miss Carla Ann Vandewende, and Miss Joanna Barnes, sister of the bride.

The attendants wore gowns in alternating colors of bergundy and dusty rose. The gowns were of polyester fabric with matching chiffon jackets. They carried cascading bouquets of bergundy and rose silk flowers.

Sarah Elizabeth Johnson and Margaret Ann Herster, nieces of the groom, carried the wedding rings on antique linen pillows. The little girls wore white, floor-length dresses with puffed sleeves and cummerbunds of rose and bergundy.

Best man was Mr. Robert Lee Venables, Jr. of Laurel. Ushers were Mr. Stewart Almond, Mr. Roy Burt Goodman, Mr. John McMillon of Richmond, Virginia, and Mr. Roy William Moore, brother of the groom.

The groomsmen wore formal, black tuxedos.

Mr. William W. Pritchett was the organist. Miss Stephanie D. Betze and Mr. David C. Speicher, Jr. were the soloists.

Mrs. Brian M. Bosworth and Mrs. Terry H. Johnson, sisters of the groom were attendants for the ceremony.

The bride's mother wore a mauve, floor-length gown with long sleeves. The gown had a draped effect gathered at the waist in a cummerbund. She carried a purse corsage.

The groom's mother wore a pale green, floor-length gown with a matching jacket. She carried a purse corsage.

Immediately following the ceremony Mr. Nutter Marvel, of Georgetown, provided a horse-drawn antique wedding coach, which conveyed the newlyweds around the town of Bridgeville.

The wedding reception was held at the Seaford Golf and Country Club.

The couple honeymooned in New England and presently reside in Chillicothe, Ohio.

The mix is Acme's Ideal Pound Cake Mix. Read all the instructions and simply double the ingredients. A large tube or bundt pan works fine. Use two boxes of the mix, and the result is a large pound cake. I like to add two teaspoons of almond extract, but you may prefer some other flavoring. The cake tastes best when allowed to age one day, tightly covered. My family enjoys this cake best without icing, but you can suit your own needs. If I use an icing on the almond flavored cake I get best results with chocolate, with almond extract. The mix sells for 69 cents, you will need 4 eggs and 1 1/2 cups of milk.

As much as I believe homemade from scratch is cheapest and best, there are exceptions. You don't know till you try, and I'm always trying. A pound cake is quite costly to make from scratch, and if you don't have a good recipe you can wind up a so so plain cake. I do have a good recipe but find it isn't any better than the package mix I have discovered.

The most important part of making this pound cake is baking time. My oven does a beautiful job in 35 to 45 minutes. Start checking around 35 minutes and watch it very carefully after that. If your timing is good, you will have a nice moist cake.

Make your fall wedding something special, down to the last detail

DIABETES

If you are diabetic, your vitamin C requirements are likely in excess of other persons, states Dr. G.V. Mann, biochemist at Vanderbilt U. He theorizes that diabetics lack the ability to transport adequate vitamin C across cell membranes, resulting in serious blood disorders associated with some lifelong diabetics. Extra Vitamin C could help prevent many complications that diabetes brings with passing years.

Insurance points: Spartan Ralph Taylor (#25) is just over the goal line to give Lake Forest a third touchdown and the winning points in Saturday's game with Indian River.

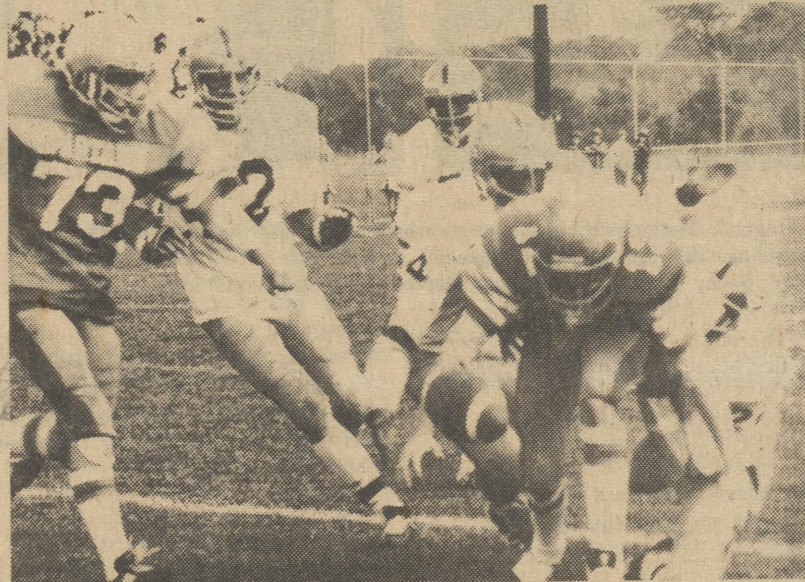

It takes a lot of Indians to get a good Spartan down. James Brown (#22) seems about to be crushed by the Indian River defense as he gains important yards for L.F.

Spartans Take Southern Division Lead

It was the perfect way to cap a perfect day. Lake Forest crowned a Homecoming queen Saturday, and Jim Fleming's varsity football team crowned the Homecoming festivities with a 19-15 win over Indian River that puts the Spartans in first place in the southern division of the Henlopen Conference. To retain that position, the Spartans have now to pluck the feathers of the Smyrna Eagles in the next home game which will not be until November 13.

The Spartan victory was sweet revenge for last year's 8-0 loss to the Indians when Donald Sturgis raced 98 yards to break a 0-0 standoff between the two teams.

On Saturday, both defensive and offensive units did the job that had to be done.

The Spartan defense, Jeff Dickerson, Gus Teague and cohorts stifled I.R. as it restricted such well known Indian warriors as Donald Sturgis and Walter Mumford to limited yardage.

The L.F. offensive unit totaled the necessary points to defeat the Indians. Scott, Gladden and Taylor were the score makers. However, the Spartan 19 points were not individual efforts, but the result of the drive of the entire team. Fine running efforts by James Browne, with 102 yards and Kevin Smith, whose punt return set the stage for the second Spartan touchdown, were behind the winning total. And blocking by offensive linemen, especially Smith, LaMont Robinson and Marty Davis, opened up territory for the Spartan runners.

The scoring game got off to an early start for the Spartans after they took

over on the Indian River 40 yard line following the Indians unsuccessful bid for a first down. A successful 24 yard pass from Brian Gladden to Kevin Smith started L.F. rolling. Then three plays later Billy Scott pushed 12 yards to pick up a six pointer as Lake Forest drew first blood with 8:37 to go in the first quarter. Brian Gladden's kick was good to make the score 7-0.

The Indians did not score until the second quarter when a Lake Forest fumble led to a 22 yard TD by Darin Bowden. The Indians then edged ahead of the Spartans 8-7 on a 2 point conversion made good by Donald Sturgis after a pass from I.R. quarterback Brian Rogers.

That completed the scoring for the first half of the game, and the Spartans went to the locker room trailing by a point.

In the second quarter, a 35 yard punt return put Lake Forest in excellent field position for a drive on the Indian goal. But the Spartans soon found themselves in a fourth down situation with Brian Gladden set to try a field goal from the 27. At this point they got a break from the Indians who were charged with being offside. The penalty gave the Spartans a first down on the I.R. 4-yard line, and Fleming recalled his punt team. Two plays later Brian Gladden paced the final yard to put his team ahead 13-8. The conversion attempt failed.

In the fourth quarter on a fourth down situation, the Indians faked a punt which cost them, but gave Lake Forest another break. The Spartan defense stopped them short of the first down

leaving Lake Forest in a much better field position than it would have had it Indian River had proceeded with the kick.

Taking over around mid field, the Spartans drove toward the Indian River goal with the assistance of 15 and 22 yard runs by James Browne. Ralph Taylor pushed the final three yards to put the ball in the end zone for the insurance points that would prove vital. The snap to Brian Gladden for the kick went awry, and the score stayed at 19-8.

The Indians were soon back at the Spartans with a successful passing attack that was probably to gain them the most yardage for the game. A final 18 yard TD pass from their quarterback to Willie Currie gave them another six points. But the conversion attempt failed, leaving the score 19-14 in Lake Forest's favor. That proved to be the final score of the game.

Penalties, that have cost the Spartans in past games, were noticeably absent for about the first quarter. But later in the game, clipping calls robbed Gerald "Peanut" Perry of some excellent yardage.

The fumble was also a factor as the Spartans dropped the ball ten times, often, but not always to recover. L.F. coach Jim Fleming says the possibility of fumbling is an inherent part of the veer offense in which the quarterback is often looking at the defense while handing off the ball or in which he may elect to keep the ball or toss it at the last moment. However, he acknowledges that ten is too many and that the Spartans will have to correct that if they are to continue winning with the tough schedule that still faces them.

Otherwise, he was extremely pleased with his team on Saturday as they got the necessary points and as his defensive unit shut down the Indians.

The Spartans now go on the road against two northern division opponents, Sussex Central and Caesar Rodney, as they sharpen their offensive and defensive skills in preparation for the match that will be the deciding game of the season. That will be against Smyrna on Spartan turf on November 13. This Friday, October 30, the team travels to Georgetown to face Sussex Central's Golden Knights.

In Saturday's game, the Spartans totalled 286 yards to Indian River's 172. They limited the Indians to 59 yards on the ground.

The latest win puts them clearly in first place in the southern division with a 4-0 record. They are 4-1-1 overall. Indian River is now in second place with 3-1 in the southern division and 4-2 overall. They are tied for second with Smyrna.

Spartan Soccer Team

Beats Seaford, Loses to Milford

by Jimmie D. Schuman

Lake Forest defeated Seaford on Tuesday, Oct. 20 with a score of 2-1.

Early in the first half Lake Forest scored. The goal was made by Tim Nobel from about 30 yard out. The game stayed scoreless for the rest of the half, due to both team's defenses. In the second half, Seaford scored in the first 15 minutes of the half. After Seaford's score, both teams fired up and neither could score. The game went into overtime, Seaford 1, Lake Forest 1. Still both teams couldn't score. Then in the last 2 minutes of the game a tripping foul was called on Seaford in the penalty area. Lake Forest was going to get a penalty shot. Tim Nobel took the penalty shot and made the goal, thus leading Lake Forest to a 2-1 win over Seaford.

LF Loses to Riders, Ties Cape

by Jimmie D. Schuman

The Lake Forest Soccer team lost to Caesar Rodney on Tuesday night, Oct. 13th by a score of 4-0.

On Thursday the 15th Lake Forest tied Cape Henlopen 2-2.

At halftime, the score was Cape 2, L.F. 0. During the second half, L.F. dominated the game and scored 2 goals rying the game. The first goal was scored by Mike Howton, assisted by Dan Greene, and the second goal was scored by Mike Monroe.

The rest were either injured or late-season recruits. Bearing this in mind, it's apparent that the distaff Spartans ran very well indeed.

Soccer players in Lake Forest's varsity football team [above] found it difficult to get past Milford's goalie last week. However, despite the inability to score, the team played an excellent game, dominating the Bucs for most of the second half.

Harriers Outrun Smyrna, Dover

by Keith S. Burgess

It's the 24th year of cross-country, in this area, since Harrington High and Coach Harold McDonald pioneered the sport, in the Lower Delaware area, in 1958.

Jim Blades became the coach some ten years ago and the combined coaching records of the two leaders show 24 winning seasons, in as many years, in cross-country.

Blades' 1981 Combine, assured a winning season by defeating Smyrna and Dover last week. The Spartans are 6-2 with three dual meets left.

Both victories were scored the hard way, on the road, on courses that give

the home team more of an advantage than usual.

At Smyrna's maze-like Blackbird State Forest Course, Eric Byrk of Smyrna, a tall, powerful veteran was an easy winner, running 2.9 miles in 15:30. Robert Porter of Smyrna was next. Porter does not normally finish ahead of James Lofland and Maurice Coverdale, who were third and fourth, but the aforementioned, above-average, home course advantage undoubtedly was a factor this time.

Larry Guessford, Terry Caskey and Manny Hernandez finished close behind Lofland and Coverdale to record

the 25-32 Spartan victory. Mike Melvin and Danny Haines, a pair of talented freshmen were 10th and 11th. Robby Manaraze, Chris Caskey, Mike Grogan and Jerry Mosley finished in a span of 27 seconds in the type of "pack" running, prized by harrier coaches.

In a jayvee contest, Mike Lamphier, Jeff Caldwell, Fred Goodman and John Caskey finished in the top six to give Lake Forest the edge.

Sheri Coburn, Gina Turner, Justine Caskey, April Testerman and Lynne Mills were the leading lady Spartans who had the advantage over Smyrna's girl athletes.

At Dover's rough, root-strewn, lake-side layout, Paul Flood of Dover was first across the finish line, in 16:17 followed by the Lake Forest "pack" of Maurice Coverdale, James Lofland, Terry Caskey, Larry Guessford, Manny Hernandez, Danny Haines, Robbie Manaraze and Mike Melvin. Parker of Dover was tenth giving the Senators only two of the top ten finishers.

In the girls' race Dover took a close 24-31 decision behind undefeated Noreen Maher. Lake Forest's fine, freshman harrier made a striving, stretch run to narrowly miss the second Dover run, Gina Turner, Sheri Coburn, Justine Caskey and Joanne Smith, were fourth, fifth, ninth and tenth, respectively to give the Spartans five of the first ten places.

Actually, Tara Gladden is the only Spartan girls' runner who is in good

Chipman Harriers Split Two Meets

by Keith S. Burgess.

W. T. Chipman School's recently organized cross-country team met two schools who have been training and competing all season and considering the circumstances gave an excellent account of themselves.

The locals lost 25-31 to a Woodbridge unit which had handled Chipman much easier one week earlier in Chipman's first meet. In the other half of the double-dual meet held on the 3-mile Killen's Pond Course, Chipman defeated Lewes 24-37.

Lewes' Mark Stack, a 13-year-old, eighth grader has been running for several years under the tutelage of his father, Wes Stack, a former Seaford High and University of Delaware, distance running standout. Stack was race winner, Chipman's Billy Haggerty, age 12, was third, splitting Woodbridge's Bailey twins who were second and fourth. The twins are 15 not 16, as previously reported here. Both had beaten Stack previously. We assume the Baileys are brothers to Howard and Elmer Bailey, two graduated Woodbridge track stars. If so, they will go far, in track and cross-country if they have the same type of ability.

Pressley of Woodbridge and Stubbs of Lewes were fifth and sixth with Chipman's Frank Cole improving 13 seconds to get seventh, Haggerty improved 22 seconds.

After Cole came Mitchell of Woodbridge and Mike Kersey of Chipman who was 28 seconds better than last week. E. Gidden's "is that Eric" a brand new Chipman recruit, established himself as a real comer by finishing tenth in the 32 p.m. field.

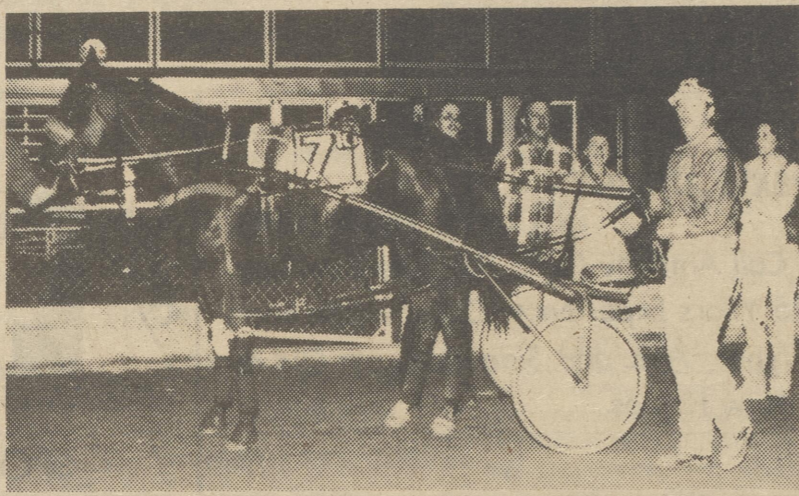

Payne and Shuman of Chipman were next followed by Chasanov, Grace and Perry of Woodbridge and Milligan of Chipman.

Bobby Bassett, who ran sick last week was more healthy this time and improved 3 minutes and 24 seconds. James Tiggs, Isaiah Custis, Chris Drew and Don Draper were other Chipman finishers.

Payne, Shuman, Bassett, Tiggs and Custis are related to previous Lake Forest Track and Cross-Country standouts and record holders. If heredity prevails, we have a quintet of excellent prospects in this group.

Shirleen Goodman of Chipman, a future track star if we ever saw one, beat close to half of the boys. Since both the Lewes and Woodbridge boys' teams are way ahead of her, in terms of practice miles her performance takes on much greater importance. Gibbs of Chipman was another girl finisher who did very well.

Spartan Harriers On The Run

Melvin's Dear, Ch. g 4 yr. old by Melvin's Woe - Eava Dear owned by Aubrey T. and Mary May Dillard [Dillard's Restaurant, Greenwood and Seaford] won the feature race at Harrington last week in 2:06.

Emergency mid-parade repairs kept this Spartan from losing its head, and the Junior float was a first place winner in Homecoming competition. Seniors were second; sophomores took third.

Magnolia Heritage Day

by Harry G. Farrow

The Magnolia Heritage Day was well attended on Saturday. The program was highlighted by a slide presentation of the homes in Magnolia featuring the high style of Victorian architecture.

The speakers were Dr. John Gardiner a professor at Delaware State College, representing the Delaware Humanities Forum, and Hazel Wright Reynolds. Dr. Gardiner spoke about Heritage Days in general "...from railroads in Harrington and Wyoming to fishing, oystering and crabbing in Bowers Beach and Little Creek; farming and canning in Felton..." Dr. Gardner said he felt the heritage days held in the other nine towns and communities have been the best funded programs by the Delaware Humanities Forum.

He said in 1980, Heritage Day in Felton was a renewal of 1976 Bicentennial Celebration. Arts and crafts as well as music highlighted the day. Leipsic this year was on a smaller scale by the Ladies Auxiliary of the fire company in Little Creek, still on a smaller scale, featured recollections by the elderly. In Frederica, again small in size, this year found lots of interest by the young people. In Wyoming week before last, people became enthused about their town's history. Kay Levenburg, one of its organizers, says that "it raised a sense of community pride". Mrs. Levenburg says it will be an annual event.

He cited Bowers Beach, Houston, and Harrington as being spectacularly successful. Bowers Beach held their last one in 1979. They have Big Thursday and the Blessing of the Fleet as permanent festivities. The Bowers Beach Maritime Museum co-sponsored the heritage day at Bowers. As a result of that great day the museum picked up several new accessions. Three people became involved in the museum, Fred Eubanks, a younger newcomer to the community, Fred "Patty-cake" Booker, an elderly lifelong boat builder, and Robert Peterson, at 85, still an active party boat skipper, a former oysterman and whaler.

Houston also had a spectacular Heritage Day in 1980. Local collections were discovered and displayed including an Indian artifact exhibit collected by Robert Vann. Calvin Hollis, Jr. carefully researched Houston's history. This was also highlighted by a wagon tour of Houston in 1900. From this sprang up the Greater Williamsville Historical Society. The chief project here was the restoration of Griffith's Chapel...a fine abandoned, but undervalued 19th century Methodist Church. Work is now going on preparing for the centennial of the Houston Methodist Church...particularly in the preservation of the church records.

"Harrington's Heritage Day has been bigger and better on each of the three dates," said Dr. Gardner. "They are planning their fourth day. The days have yielded many intangible benefits... history, civic pride and community cooperative effort in making the big day a success," added Dr. Gardner. The town has acquired a museum located in the Old St. Stephens Episcopal Church on Fleming St., which was purchased and donated by John Satterfield.

Dr. Gardner concluded his address by urging the town of Magnolia to prepare for next year's Heritage Day. "You have the ingredients for a lasting impact here," said Dr. Gardner.

Hazel Wright Reynolds, a native of Magnolia now residing near Baltimore gave an in-depth address on the early

history of Magnolia. Mrs. Reynolds is writing a book on Magnolia. She claims the town came into being in 1845. "It was originally for the personal use of the Duke of York...but he never saw it," she says. The town according to her possessed an early group called the Sons of Liberty organized in 1765. They were patriots and they built a lodge, "...but apparently no one remembers the lodge." She also talked about Quakerism in that area. The circle which the town is laid out on is a religious symbol of Christian unity. The Matthew Lowber house was the first house in the town to be. She noted that the Methodist Church burned December 7, 1941-Pearl Harbor Day. Church services were held in the auditorium where she spoke on Saturday. She emphasized that the church and religion was the center of things in the community.

She honored the McIlvaine family that earlier moved from Sussex County to settle and help develop Magnolia. James McIlvaine for whom the school is named returned from France in WWI and brought to the community "...his contribution, education and a strong disciplinarian."

Samuel Minner according to her did most of the house building in the area. He built the Lindale house. He learned under Robert Bloxom.

Mrs. Reynolds concluded by saying "...Magnolia was always a special place for her...and she always found it hard to leave."

others, it may mean classes for recreation, arts and crafts or hobbies.

During the past few years, adult and continuing education activities at the Terry Campus of Delaware Technical and Community College have grown. This is due mainly to the demands of the adult population. Adults are demanding and have a right to expect new and increased services from their community college.

With this in mind, the continuing education division of the Terry Campus is attempting to provide new services by conducting classes in the southern portion of Kent County. Through an agreement with the Lake Forest School District, the William T. Chipman School will be used as an initial location to hold classes. These classes will be conducted during the evening hours.

The college is very anxious to have input from the residents of the community to assist in the development of this new venture. If you have any suggestions concerning the types of programs you wish to have offered or of special classes you would like to attend, please call the continuing education office at 736-5401 and make us aware of your interests. Talk to Charlie Hoff or Earl Roberts.

Motorcycle Safety Workshop

Delaware State College Center for Continuing Education will sponsor a noncredit Motorcycle Safety Workshop on Saturday, October 31 from 10 a.m. to 3 p.m.

Registrations must be received by October 29. For registration information, call Jean Krecke at the Center for Continuing Education (736-5164). Fee is \$15.

winter - all are captured for the present and the future.

The constantly growing complex also contains a one room school house (#50) which lacks authentic desks of the period and a few other items to make its restoration complete.

Mr. Marvel also maintains a number of horses including a team of Clydesdales which pull his carriages. Sunday's rain spoiled the visiting group's hopes for a ride, but a wood fire in a

pot-bellied stove in one of the main buildings offered a welcome that made up for stormy weather. There the visiting group enjoyed cider and ginger snaps as GHHS president presented Mr. Nutter a certificate in appreciation of his participation in Harrington's Heritage Days. Music from an antique player piano complemented the setting.

The museum and carriage collection are the outgrowth of a lifelong interest for Mr. Marvel, but the museum itself

has grown over the past twenty years, starting perhaps with an informal lecture outside a barn to a ladies group from a New Century Club.

In addition to the buildings already mentioned, the complex boasts a tack room and gift shop which are open to the public.

Mr. Marvel has also provided a room in one of the museum buildings as a home for the Georgetown Historical Society which meets there each month.

biology course and courses in astronomy, science fiction, and oceanography. He helped to write the state energy curriculum guide, was adviser to the State Energy Office, and was named Delaware Biology Teacher of the Year.

He refurbished a planetarium for the district, painted constellations on his classroom ceiling, and takes on a variety of other roles to help his school, including assistant baseball coach, faculty prom sponsor, disc jockey at student dances, and helping students make floats for parades. The 1980 Woodbridge Yearbook was dedicated to him.

Mr. Huff is praised for encouraging students to "attend to the wonder, splendor, and complexity of the universe." Colleagues cite his vitality, professionalism, and vast and up-to-date knowledge and say he creates a classroom atmosphere that relaxes the students and makes it easy for them to learn. Parents say he inspires students to achieve the utmost in a happy atmosphere, and one described him as

a "philosopher, teacher, and caring human being from whom all students will learn the values of a lifetime."

Ken Horne, teacher of seventh-grade life science at Hanby Junior High School, Teacher of the Year for the Brandywine District.
