

J. Edward Taylor [right] was named Outstanding Citizen of the Year in the 5th Annual Banquet sponsored by the Greater Harrington Chamber of Commerce Monday night. Taylor received a plaque from Chamber member Ray Gagne.

Taylor named "Outstanding"

by Harry G. Farrow, Jr.

The Town of Harrington honored one of its leading businessmen of all times as well as a great all-around person when the Harrington Chamber of Commerce at its 5th Annual Outstanding Citizen dinner named J. Edward Taylor as the 5th recipient of this prestigious award. Some of the prior recipients of the award were present at Monday night's dinner award meeting. Walt Messick, the first winner, former Mayor Arthur B. "Buck" Cahall, III, the second recipient, and last year's winner, Mrs. Robert (Lynn) Outten

were on hand. Mrs. Outten introduced this year's winner. Gary "Punky" Harrington and J.D. Dennis, Jr. the third year winners were not present.

Taylor is a native of the Harrington area and settled here. He graduated from Harrington High School where he excelled in baseball and Goldy-Beacom College. Later in his business life when he was asked to help organize Little League baseball in Kent and Sussex Counties, his knowledge and love of the sport was a great help to the success of the program.

Mr. Taylor holds many titles and awards. The most prestigious one

coming earlier this month at the Harrington High School Alumni when a scholarship was named in his honor. He is a former member of the Harrington Town Council, past president of the Harrington Lions Club, a lifetime director of the Milford Memorial Hospital, director of the Delaware State Fair, a director of Harrington Raceway, and a member of the task force appointed by Gov. duPont to investigate the harness horse industry here in Delaware. He is also a lifetime member of the Harrington Fire Company.

In 1922, Mr. Taylor and Charles Peck,

Sr. formed a business partnership that in 1936 Mr. Taylor purchased outright, which was to become Taylor's Hardware. Following the end of WW II, Mr. Taylor joined the John Deere organization when he was awarded the John Deere dealership.

In 1952, Walter Messick joined the Taylor-John Deere Organization. Later, this was to become Taylor & Messick, and now the John Deere dealership here is owned by the Messick family.

The annual award is given to the most deserving citizen of the community.

Board lowers tax rate

The Lake Forest Board of Education voted Monday night to set the local property tax rate at \$1.135 per \$100 of assessed value of real estate. The new rate, effective for fiscal year 82-83, is 2 1/2 cents lower than the previous \$1.16 per hundred. In making the decision, the board acted unanimously on the recommendation of Lake Forest Superintendent Dr. Edward Powell.

The actual tax rate breakdown shows an increase of 1 cent in one area as offset against a 3 1/2 cent decrease in another area. By categories the tax rate is as follows:

Debt Service (to pay principal and interest on the district's bonded indebtedness) 13.5 cents - no change;

Operating Expenses - 90 cents - no change;

Minor Capital Improvements (the district expects to get more money for these projects from the state this year, but that will also make its 40% share larger) 5 cents - up from 4 cents.

Tuition (the money paid by the district for local students who attend school in another district) 5 cents down from 8.5 cents. Total capitation tax will remain at \$15.

In other business the Lake Forest Board of Education:

-accepted with great regret the

resignation of Louise R. Burgess, administrative secretary after 33 1/2 years service, effective October 1982. At the May 3 special meeting the board also accepted the resignations of Robert O'Neal as teacher after 34 years, 8 months and Louise Kunkle, teacher after 18 years, effective June 30, 1982.

-adopted the calendar for the 1982-83 school year as proposed except for one change. The opening day of school, September 7, will be a full day rather than a half day for students.

-voted not to appeal the state board's ruling on the Lake Forest/Woodbridge Boundary. Earlier this year the state board set the so called "Murphy line" as the boundary between the two districts. The line, drawn up by Milford surveyor Charles Murphy gives most of the disputed territory to Woodbridge. However, the board ruling makes allowances for students already attending school in one district or the other.

-received an update on the first year of a 5 year curriculum revision cycle by Dr. Arthur Gilbert. Mathematics, the gifted/talented program, business education, computer education and the kindergarten program were targeted this year.

Caulk wins school board election

Lake Forest voters last Tuesday chose G. Wallace Caulk, Jr. of the Frederica area to represent them on the Lake Forest School Board. Caulk, who will serve a five-year term, replaces Cliff Chambers the incumbent. Chambers elected not to run for a second term.

Caulk, with 482 votes, won by a margin of better than 2-1 over his nearest competitor, James E. Sluter, of Felton. Sluter received 197 votes. A third candidate, Doris Draper polled 92 votes.

Caulk will take his seat on the Lake Forest Board of Education on July 1 when it organizes for the 1982-83 year. The break down of votes by the community was as follows:

Wallace Caulk won a five year seat on the Lake Forest School Board in last Tuesday's election. Caulk will replace Cliff Chambers who says his term has been rewarding and educational. He decided not to run for a second term.

Felton Fire Company serves 1800

The Felton Fire Company put its brand new facilities right to work on Saturday as it served its semi-annual chicken and dumpling and fried oyster dinner. The dinners are usually held in October and April, but this spring's edition had to wait on the completion of construction. The 1800 people who were served Saturday, found it all worth waiting for.

Those who turned out enjoyed the anticipated dinner without the usual long wait in line. With the expanded facilities, no one had to stand in line more than 20 minutes, according to a representative of the fire company. It was also reported that 100 gallons of oysters and 2000 pounds of chicken were cooked.

Chipman to present concert tonight

The W.T. Chipman Jr. band will be presenting their annual Spring Concert on Wednesday, May 19, 7:30 p.m. in the Chipman auditorium. The concert under the direction of Alex Becton will also feature the Chipman Chrous and stage band. Admission is free and the concert is open to the public.

Yearicks indicted

Robert Lee Yearicks, 19, of Frederica, who had been charged with assault in the death by abuse of Brian C. Morey, 2 years of age, was indicted by the Kent County Grand Jury. The indictment for murder in the second degree was handed down on Monday, May 3rd. Today, Mr. Yearicks was arraigned at Magistrate Court 7, Dover, on the homicide charge and ordered recommitted to the Delaware Correctional Center in default of the \$50,000 secured bond amount.

Brian Morey was admitted to the Delaware Division Hospital in Wilmington on February 14th, and died on March 23rd. The child was under the care of Robert Yearicks while Brian's mother, 24 year old Darlene Morey, was away from the home.

Conference Champs!

Jim Blades' Spartan track teams have two Henlopen Conference Champions. Ron Prutzman [left] won the shotput with a 49' 4" effort. Sophomore Sharon Burton [right] was a contender in shotput competition, but a star in the discus where a 107' 10" mark won her the conference championship [See story on page 7].

Killen's hosts Scout Handicamporee

Over 800 handicapped Scouts are expected to participate in a weekend camporee at Killens Pond State Park in Felton on May 21, 22, 23, 1982.

The Del-Mar-Va Council, Boy Scouts of America is sponsoring the Handicamporee to allow special Scouts to have the full benefit of the Scouting program. The boys will participate in various activities, including fingerprinting, first aid, flag raising, nitro transport and many more.

The event is designed to offer individual participation and give the boys the opportunity to learn new Scouting techniques and skills. Scouts from Delaware and neighboring states will gather for this action-packed weekend.

The division of Scouting for the Handicapped is a recent addition to the Boy Scout program. It was developed to allow handicapped children the same Scouting opportunities as any other

boy. The director of this program is Christine Haver Baum.

Handicapped Scouts also attend summer camp and join non-handicapped Scouts in a week-long Scouting experience.

The Handicamporee is under the direction of Len Zerhusen, an active Scoutmaster of a handicapped Troop #278, Dover for many years. He has run five other successful handicamporees.

Five companies answer minor alarm at high school

Traditional political conventions had their smoke-filled rooms in which legendary deals were made. On Monday night, the Lake Forest School Board, meeting late in executive session discovered its own smoke-filled room - the high school cafeteria. But in all honesty, it had nothing to do with undercover deals or heavy cigar smoking. It just happened that a motor in a heating/air conditioning unit overheated and filled the cafeteria with smoke.

Five area fire companies - Felton, Frederica, Harrington, Camden-Wyoming and Houston - responded to the box alarm. But according to Felton Fire Chief Wayne Wheeler, that is just standard precautionary practice when there is a school alarm.

Wheeler said there was no damage other than whatever might have hap-

pened to the unit which overheated and to the duct work. No water was used, and the smoke problem was overcome with smoke injectors.

As a footnote to this story, Conrail wasted no time in getting a coal train through town Monday night about the same time as the alarm at the high school. Those coal cars seemed to be traveling at a record rate of speed.

Harrington Jaycees elect '82-'83 officers

The Harrington Jaycees have elected officers for the 1982-83 year. Those elected are: President-Tom Lyons; Vice-President-Frank Hruspa; Secretary-Bob Outten; Treasurer-Barry Breeding; State Director-John Gardner and Chairman of the Board-Mark Lankford. The chapter has just completed one of its most successful years and with a present membership of 47 is the largest it has ever been.

On the weekend of May 7th, 8th and 9th, members of our chapter attended the Delaware Jaycees State Convention held in Dover. Harrington submit-

ted 5 project books for judging and received 2 first place and 1 second place awards. The first place awards were received in Americanism for our flag service and in chapter fund raising for our ice cream booth at the State fair. The second place award was for governmental involvement for our Mayor's Prayer Breakfast. Harrington finished third in the parade of chapters a ranking of chapters throughout the state. This is the best that Harrington has ever finished. Two members of our chapter will serve as officers at the state level this year. J.D. Dennis, Jr.

will serve as state treasurer and Mark Langford will serve as regional director for Kent county.

At the present time the chapter is active with softball in the Andrewsville league. We also plan to help with the Special Olympics in Dover and Smyrna on June 4th and 5th. The Harrington Jaycees meet on the second and fourth Monday of each month in the board room of the First National Bank. We invite all young men between the ages of 18 and 35 to stop by and observe a meeting and join our chapter.

Door-to-door IRA not a con scheme

State Police at Troop 3 Monday said the door-to-door sale of IRA policies offered in the Milford and Canterbury areas is not a con scheme, but a legal and legitimate offer.

An initial investigation by the State Police had turned up the fact that Chubb Colonial Insurance, the firm listing the policies, was not sold in the state of Delaware. This discovery led the police to suspect a con scheme. However, subsequent information showed that the policies listed with Chubb are being offered through Creative Marketing Services of Newark, Del. The offer is legal and legitimate.

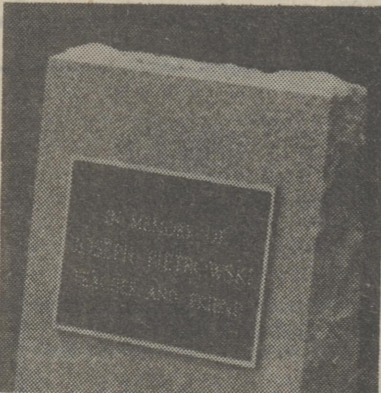

State Police offer one word of caution. Individuals approached by a sales person with the IRA offer should ask for identification and make sure of their connection with Creative Marketing Services of Newark.

Reminiscences of Our Harrington Heritage

by Amelia D. McSweeney, R.N.

Part II of III

I was always interested in becoming a Nurse. The Milford Emergency Hospital had started a three year-course. A young lady had to be single, certain height, and in good health.

Miss Legatha Hill, R.N. was Superintendent. It was a great deal of responsibility for a young woman to manage a hospital and training school.

There has only been one Miss Hill. She had a brilliant mind, stern voice and a heart of an angel. The nurses loved and respected her.

I think it was around 1942, Mrs. Legatha Hill Farrow took over the School Nursing position until she retired. She is still active and helping others.

Classes were taught by doctors in the training school and were often held in the evening. One of my teachers was Dr. Wm. Thomas Chipman, M.D. from Harrington, Delaware.

In 1922 he married the first Operating Supervisor of Milford Emergency Hospital, Miss Pearl Parker of Salisbury, Md.

Chipman contributed greatly to the well being of the community. Harrington suffered a great loss when they went to rest.

Harrington's first school nurse was Miss Rose Schwartz - M.E. Hospital Class of 1932. Mr. Messner was Principal of the Harrington Schools at that time.

When Rose resigned, Miss Naoma Farber, a graduate from M.E. Hospital Class of 1935, did school nursing at Harrington Public School from 1936 to June, 1942.

After Mrs. N. Farber Carlisle - Mrs. L. Hill Farrow was nurse. (to be continued)

For your consideration...

The following excerpts from the Jonathan Schell book "The Fate of the Earth" published serially in the "New Yorker" magazine on February 1, 8 and 15 and inserted in the "Congressional Record" of March 30 were submitted by Senator Alan Cranston (D, California).

With the permission of Senator Cranston and of Mr. Schell and in light of the heightened concern over the possibilities of nuclear war, "The Harrington Journal" chooses to reprint them here for your consideration. We invite your comment.

Because of their length, the excerpts will appear in two separate segments.

THE THREAT THAT NUCLEAR WAR COULD EXTERMINATE THE HUMAN RACE

[Part I of II]

According to the Bible, when Adam and Eve ate the fruit of the tree of knowledge God punished them by withdrawing from them the privilege of immortality and dooming them and their kind to die. Now our species has eaten more deeply of the fruit of the tree of knowledge, and has brought itself face to face with a second death--the death of mankind.

There are some 50,000 nuclear warheads in the world. They are a pit in which the whole world can fall--a nemesis of all human intentions, actions and hopes--culminating in an absolute and eternal darkness in which no nation, no society, no ideology, no civilization, will remain; in which never again will a child be born; in which never again will human beings appear on the earth, and there will be no one to remember that they ever did.

This threat of self-destruction and planetary destruction is not something that we will face one day in the future, if we fail to take certain precautions; it is here now, hanging over the heads of all of us at every moment. The machinery of destruction is complete, poised on a hair trigger, waiting for the "button" to be "pushed" by some misguided or deranged human being or for some faulty computer chip to send out the instruction to fire.

The most fateful of the possible consequences of a full-scale nuclear holocaust would be the extinction of mankind which could come about not because every human being would be killed by bombs directly but because the holocaust would destroy the global ecosystem on which human and other life depends. We have been warned that this could be the consequence by, among others, Einstein, Eisenhower, Kissinger and, more recently, by Dr. Fred Ikle, Director of the Arms Control and Disarmament Agency under Presidents Nixon and Ford and now under Secretary of Defense for Policy. A 1981 Soviet government publication reached the same conclusion.

Bearing in mind that the possible consequences of the detonations of thousands of megatons of nuclear explosives include the blinding of insects, birds, and beasts all over the world; the extinction of many ocean species, among them some at the base of the food chain; the temporary or permanent alteration of the climate of the globe, with the outside chance of "dramatic" and "major" alterations in the structure of the atmosphere; the pollution of the whole ecosystem with oxides of nitrogen; the incapacitation in ten minutes of unprotected people who go out into the sunlight; the blinding of people who go out into the sunlight; a significant decrease in photosynthesis in plants around the world; the scalding and killing of many crops; the increase in rates of cancer and mutation around the world, but especially in the targeted zones, and the attendant risk of global epidemics; the possible poisoning of all vertebrates by sharply increased levels of Vitamin D in their skin as a result of increased ultraviolet light; and the outright slaughter on all targeted continents of most human beings and other living things by the initial nuclear radiation, the fireballs, the thermal pulses, the blast waves, the mass fires, and the fallout from the explosions; and, considering that these consequences will all interact with one another in unguessable ways and, furthermore, are in all likelihood an incomplete list, which will be added to as our knowledge of the earth increases, one must conclude that a full-scale nuclear holocaust could lead to the extinction of mankind.

We are uncertain whether or not a holocaust would bring about human extinction, and this uncertainty cannot be remedied.

We cannot run experiments with the earth, because we have only one earth; we are not in possession of any spare earths that we might blow up in some universal laboratory in order to discover their tolerance of nuclear holocausts.

While we cannot know for certain whether or not our species will be extinguished in a holocaust, the mere possibility of it imposes unprecedented obligations on our generation.

The risk of extinction has a significance, that is categorically different from, and immeasurably greater than, that of any other risk. Up to now, every risk has been contained within the frame of life; extinction would shatter the frame. It represents not the defeat of some purpose but an abyss in which all human purposes would be drowned for all time.

Once we learn that a holocaust might lead to extinction we have no right to gamble, because if we lose, the game will be over, and neither we nor anyone else will ever get another chance. We have no choice but to address the issue of nuclear weapons as though we knew for a certainty that their use would put an end to our species.

Delaware's parallel program, plans to major in English education.

The program was open to graduating seniors from all Delaware high schools who intend to study education in college.

Judges were Gary L. Houpt, State Supervisor of English and Language Arts, State Department of Public Instruction; Kathleen Lyons, Public Relations Director for the Delaware State Education Association; and Ambrose W. Hagarty, DPI Public Information Officer.

Following is Miss Grant's Essay: **Why I Chose Education as my Career Field**

by Elaine M. Grant

Children are encouraged to select a career and be someone; be it a doctor or a ditch digger. My objective, however, is to be a teacher. My childhood was spent under my mother's encouraging drive to learn. She taught me to read and write before I entered kindergarten. I went to nursery school at age three. Mom knew I was ready for school and tried to get me admitted early at various schools, but it wasn't allowed. This taught me determination, drive, and the value of an education along with a love for learning and a passion for reading. As a child, my favorite pastime was to play school with my friends or my little brother. My fondest memory, of second grade, is being teacher for the day. Everyone was attentive and interested in what I had to say. That day was magical to me. My career goal has never changed since.

My dream, however, is not just a childish whim. I realize teaching takes a lot of hard work and dedication. College is the easy part, because I enjoy learning, love reading and like listening. Upon discussing their profession, many teachers are not encouraging. They, themselves, find their job unrewarding, stressful, economic suicide and disillusioning. There are some, however, who wouldn't give it up for the world, and they are my hope. First, teaching can't be unrewarding unless you give up on yourself and the challenge. Perseverance is the name of the game. Secondly, stress and frustration is found in all occupations. This makes you work harder and even happier when you succeed. Thirdly, money isn't everything. My family has seen hard times and we've managed. I believe it's doing what you enjoy, feeling good about yourself, and sacrificing when you have to. Some teachers feel disillusioned with the youth of today, but by listening to them you can really learn about yourself and the world around you. Children will give you a few gray hairs, but they also give a lot of love if you let them, and they will keep you eternally young. Growing up in a large family helps you appreciate the growth of a child.

I have always wanted to teach, and I have confidence that I will. I plan to major in English Education, and am presently taking University of Delaware Parallel Courses in English. I have done very well so far which furthers my ambition. I am like Chaucer's student who "would gladly learn and gladly teach!" God willing I will achieve my goals. My only wishes are to learn as much as possible, to achieve my doctorate and to teach as best I can until the day I die.

Dear Sir,
Our third grade class has been studying Energy this year in Science Class. On May 26th, we will have an Energy Fair. Would you like to come? It will be from 9 a.m. to 12 noon, 12:30 p.m. and 6:30 p.m. to 8:30 p.m. in our cafeteria. I hope to see you then. Would you please put this in your newspaper under Coming Events?

I would like to take this opportunity to thank you for the coverage you gave to our Olympics of the Mind teams as they competed in the State event. The April 28, 1982 article was a fine tribute to the hard work on the part of our gifted/talented program teachers and

pupils. We will keep you abreast of their progress at the World Competition in Glassboro, N.J. later this month.

I am also very happy to see the Harrington Journal giving recognition to the academic achievements of our Lake Forest students. Young men and women need the positive encouragement which your newspaper provides. Keep it up. It is greatly appreciated.

Sincerely,
Dr. Arthur R. Gilbert

This car driven by Nancy Fleming of Harrington was damaged in a hit and run accident at the intersection of East and Clark Streets on May 6. Following the incident the driver of the other vehicle involved, Sandra Shockley, 38, of Magnolia, was arrested and charged with driving under the influence of alcohol, running a stop sign, failure to reinstate her driver's license, driving without the car owner's permission, failure to report an accident and leaving the scene of an accident. Detained by the State Police at The Oaks Tavern where she had stopped, Ms. Shockley was arrested by the Harrington Police. Arraigned on May 8, she pled guilty to all six charges and was sentenced to 15 months attendance at Alcohol Abuse School. Failure to comply would mean a jail term of similar duration.

Renovate That Mailbox!

Now that the snowplows have been put away, the Postal Service is urging postal patrons -- and especially those on rural routes, city curblines and highways -- to turn their attention to repairing and improving their mailboxes during Mailbox Improvement Week, May 17-21.

"This winter was especially rough on mailboxes," said Postmaster Ralph Starkey. "Now the effects of weather, vandalism, abuse and neglect are evident in leaning support posts, rust and corrosion, broken hinges on doors and missing box numbers and names."

Noting that rural carriers alone serve more than 15 million boxes daily, the Harrington Postmaster said a damaged or improperly placed box will make it more difficult for rural letter carriers to leave those special letters and packages. "Of course some boxes may only need painting," the postmaster

said, "but others may need to be replaced."

The postmaster said the Postal Service has restrictions on the type of mailbox customers may choose. Rural customers must erect mailboxes which have been approved for use on rural routes. Should customers prefer a custom-made mailbox, it must meet certain standards for size and strength and be approved by the postmaster before being placed in use.

Postmaster Ralph Starkey said a variety of approved commercial mailbox designs are available for use with decorative posts, and those who would prefer a custom-made mailbox, or who need information on mailbox specifications and requirements in general may check with the Harrington post office.

Health Tip OF THE WEEK

THE pH FACTOR

We are bombarded with advertising about "pH balanced" cosmetics. What does this mean? The pH factor is a measure of the hydrogen ions, the acidity of a substance. The pH scale runs from 1 to 14, with 1 being the most acidic. Products that range from 4.5 to 6.0 are most compatible with the pH of normal skin. If the pH level of a product is either very high or low, it can cause irritation, rashes, or premature aging. We can supply you with skin care products of the proper pH for a fresh, healthy complexion.

Knox Reunion

On May 8, 1982, a Knox Family reunion was held at the Century Club in Harrington. The reunion was for the members of the Martha and Benjamin Knox family. There were 61 members present. Those in attendance were Martha Knox Sneath (daughter of Martha and Benjamin Knox), her daughters and their families, the children of Bertha Knox Rash, Randall Knox and Charles Knox and their families.

The guest-of-honor was Martha Knox Sneath. Mrs. Sneath was presented with a white silk rose corsage. Prizes were given to the oldest (Curtis Rash), the youngest (Casey Thompson), the one who came the farthest (Brenda Neeman Pomianski) and the one who had the most family members present (Bettie L. Sneath Smith).

Pictures of past and present family members were displayed and Mrs. Sneath talked briefly about the family history. Letters from family members who could not be present were read.

Entertainment and refreshments were provided by those in attendance. A memorable evening was had by everyone.

Anne's Kitchen

Even if you are a staunch shrimp lover, the thought of all the work involved in preparation sometimes makes you think twice. I have what I consider a reasonably easy and non tedious recipe. I'll admit it is Italian in flavor. As far as I'm concerned, that only makes it better.

BAKED SHRIMP

- 1 cup melted butter
- 2 cloves garlic
- 1/2 cup chopped Italian parsley
- 1/2 teaspoon paprika
- Dash cayenne
- 3/4 cup sherry or white wine
- 2 cups bread crumbs
- 5-6 cups cooked, cleaned shrimp (equals about 4 lbs. in shell)

1. To melted butter, add garlic, parsley, paprika, cayenne and sherry. Mix well.
2. Add bread crumbs, toss well.
3. Place shrimp in 11" x 7" x 1 1/2" (approx.) baking dish. Spoon butter mixture over.
4. Bake in slow oven 325° 20-25 minutes or till crumbs brown. Sprinkle with additional chopped parsley and serve at once.

Some plain buttered rice makes a delightful side dish and a fresh garden salad completes the meal. Some hot crisp Italian bread and a slightly chilled glass of a dry white wine will turn this simple meal into a gourmet delight. Fruit slightly chilled in iced water and a piece of cheese would be perfect for dessert.

ENJOY!

Anderson read the minutes of previous meeting. Financial report by treasurer Merle Roth. Both were approved as read. The "Myster Trip" was discussed. The rummage sale for June was among new business. Lots of other things came up. Come to the next meeting and hear and see for yourself.

Free boat inspections offered

Pleasure boating can be fraught with unpredictable, unhappy emergencies. The U.S. Coast Guard Auxiliary, Flotilla 12-8 of Harrington recommends a key safety rule. In boating, always anticipate problems while afloat, be prepared when they happen.

Many boating misfortunes are avoided by the wise skipper who carries aboard at least a minimum amount of safety gear. Does your boat meet safety requirements? Find out by getting a free Courtesy Marine Examination (CME).

Coast Guard Auxiliary examiners will

check the safety equipment on your boat and issue you a "Seal of Safety" decal if your vessel meets legal requirements. Deficiencies will be brought to your attention so that you can correct the problem.

You can obtain a CME from Flotilla 12-8 examiners at: Cedar Creek, May 22, 1982 1 p.m. to 5 p.m.; Bowers Beach, May 30, 1982, 1 p.m. to 5 p.m.; Cedar Creek, June 6, 1982, 1 p.m. to 5 p.m.

The CME takes only a few minutes to give you a peace of mind during this boating season.

green. I stand in awe and wonder at the beauty of it all.

It is good to have a garden and there is nothing like vegetables fresh from the vine, even if they cost a bit more (and I suspect that they do), it is worth it in vitamin value. Right now of course all those lovely vegetables are just a gleam in our eye, but soon there will be such a surplus we will not be able to give it away. It bothers me now to have to pay 33 cents for a cucumber to put in the tossed salad, when in a few weeks we'll be throwing them away by the dozens. But, as wee Garith says: "That's the way life is, Grandmother!"

Spartans do well in Henlopen Conference Meet

by Keith S. Burgess
Friday and Saturday competition, in the Henlopen Conference track meet, was held at Lake Forest's beautiful facility.
The Spartan girls finished third of nine teams. The boys came in 7th of 11 teams, but could easily have been fifth, if several ailing athletes, had been healthy.
The girls continued their season-long onslaught, on the Spartan record book, by breaking four more records and tying another.
The tie mark was achieved by sophomore Sharon Burton, the new Henlopen Conference discus champ. Sharon spun the platter 107 feet, 10 inches, for the second time.
Angie Akins, another sophomore, hurled the shot 35 feet, 1/4 inch, to get third place and break her Spartan mark of 34-4.

Freshman Carolyn Browne was third in the 200 meters and lowered her Lake Forest mark to 26.4.

Another ninth-grader, Joann Smith, was third in the 100 meters, but ran 12.3 for a new Spartan standard in Friday's trials. Browne and Smith, two fleet young ladies, with unusual names are stars now, who will gleam brighter in the future.

Pam Pierce, Sheri Coburn, Carolyn Winder and Sondra Warren were fourth in the 3200 meter relay, in 10.41 for the final school record.
Patti Drew and Karen Gibbs tied for second, in the high jump.

Star Pettyjohn, Patti Drew, Sheri Durant and Carolyn Browne were second, in the 800 meter relay, in 1.50.3.

Caritha Clarke, the most consistent Spartan, was second to Dover's state triple jump champion, Michelle Johnson.

Ann Irby, the transfer student who has kept Lake Forest respectable in the hurdles this spring, placed 4th in the 100 hurdles and 6th in the 200 hurdles.

Sophomore distance runners Pam Pierce and Tara Gladden placed 4th in the 800 meters and 5th in the 1600 meters, respectively.

For the boys Ron Prutzman, Fred Goodman and Gerald Perry were the standouts.

Prutzman is the new, Henlopen champion, in the shotput. The sophomore hurled the iron ball 49 feet, 4 inches. He has acquired both weight event school records this spring.

Goodman cleared 6 feet, 2 inches the winning height in the high jump. He was put in second place because he had more misses than the winner, enroute to the 6-2 height.

Perry, still not fully recovered from a recent illness was nosed out at the finish of the 100 meters by Dover's Curtis Trotter. Both were timed in 10.8 a new Henlopen meet record. Perry, who has faster clockings than 10.8 in other meets, was unable to compete in the 200 meters when he became ill, after the 100 meters.

Jerome Scott, who recently shaded 15 seconds flat, in the 110 meter high hurdles finished sixth after being knocked off stride by the hurdler, in the next lane, who presumably invaded Scott's space. This accident, went undetected, but ruined Jerome's chances in a race timed in 15 seconds flat.

Jack Parker, Jr. will be up behind Elitist in the William E. Miller Memorial at Rosecroft on May 29.

Talented Harrington trio to appear in Rosecroft memorial race

Harrington, Delaware's own Jack Parker, Sr., has to be a proud teacher at this point in time. As a harness horse trainer, he has developed the three-year-old pacing colt Elitist into one of the sport's top stars. Long before Elitist came along, Jack began passing along his horsemanship techniques to a youngster who has since [Continued on page 8]

Spartan girls win Henlopen track title

by Keith S. Burgess
Lake Forest's girls' track team suffered its first loss of 1982, bowing to Dover, 83-49, but ended the season, as Henlopen Conference dual-meet champions.

Caritha Clarke was first, in the triple jump 33 feet, 9 inches, with Star Pettyjohn in third.

Angie Akins, a sophomore shot putter, won that event with a toss of 33 feet, 2 inches. Sharon Burton was third in both the shot and the discus.

Karen Gibbs took the long jump 15-9 1/4 with Joanne Smith third. Smith and Carolyn Browne were second and third, respectively, in the 100 meter dash. Browne was second, in the 200 meters, in 26.95.

Freshman Patti Drew was second, in the high jump, with Karen Gibbs third. Donna Pardee and Carolyn Winder were 2-3 in the 400 meters, as were Debbie Jester and Lynn Mills in the 200 meter hurdles and Pam Pierce and Pardee in the 800 meters.
Ann Irby came in second in the 100 meter low hurdles. Tara Gladden had a second and a third in the 3200 meters and 1600 meters, respectively.

OUR THANKS
to those who sent in the Harrington Little League scores. Please KEEP UP THE GOOD WORK.
STILL NEEDED
A responsible person connected with the Felton Little League Organization to supply us with game results each week. We desperately need your help to give these young people the publicity they deserve. Please call The Harrington Journal at 398-3206 or 398-3652. Thank you.

Going, going - gone, but up and not out. Spartan, Billy Scott, checks the flight of a foul ball off his bat.

Andrea Mollohan aims for the plate in varsity softball action.

Spartan, Beth Reed swung hard, but missed this particular pitch in the final inning of the Smyrna game.

Spartan Scoreboard

numbers show the Spartans with a 4-7 conference and a 5-8 overall record.

-Varsity Softball-
Charlie Brown's varsity softball team pulled out of a depressing 19-0 shutout by Smyrna on May 10 to take their last two games and finish the season with a winning 6-5 record.

On Thursday, the girls came up with a four-run, eighth inning rally to accomplish a come-from-behind win over the Laurel Wildcats.

Against Indian River at home on Monday, a one point edge, 13-12, over Indian River gave the Spartans the victory and the winning record.

-AWARDS BANQUET-
The Lake Forest High School Winter/Spring Athletic Awards program will be held on Thursday, May 27 beginning at 7:30 p.m. in the high school auditorium. Awards will be presented to JV and varsity team participants, the Most Valuable Player in each team sport, the Outstanding Senior Cheerleader, the Most Improved Athlete (male and female) and the recipients of the Mike Adams Memorial Award for the outstanding males and females senior athletes.

Clark has perfect season

by Keith S. Burgess

Caritha Clarke, a Lake Forest sophomore was unbeaten, in dual meets, this campaign. She recently defeated Michelle Johnson, a Dover senior, who was state champion, last year.

- Armed Services -

DEPT. OF NAVY - Marine Pfc. Ken A. Hockensmith, son of Cyril and Ruth Hockensmith of 114 Dorman St., Harrington, Del., recently returned from a deployment to Okinawa. He is a member of 1st Battalion, 2nd Marines, Camp Lejeune, N.C. Hockensmith joined the Marine Corps in November, 1980. His battalion spent six months overseas as part of the Marine Corps unit deployment program.

Just in time - The Spartan runner is one step ahead of a Smyrna first baseman.

Talented trio

[Continued from page 7] become a nationally recognized harness race driver and is still only twenty-six years of age. His name is Jack Parker, Jr.

This talented trio is expected to be present for the Saturday, May 29 \$100,000 William E. Miller Memorial at Rosecroft Raceway located in Fort Washington (Oxon Hill), Md. Some of the accomplishments of Elitist and his driver are indeed worth noting.

Elitist, a son of the great Bret Hanover, had an excellent two-year-old season in 1981. After being purchased as a yearling for \$77,000 in the fall of 1980, his 1981 earnings reached \$97,655 under the tutelage of the elder Parker. In fifteen starts, Elitist reeled off five wins and six second place finishes. In four of these victories he broke the coveted two minute mile barrier with his best being a 1:56.1 score in the \$72,800 International Stallion Stake at Lexington, Kentucky.

The Development of an outstanding racing animal is a challenge to any horse trainer. A perhaps even greater challenge is to pass along and nurture the qualities which help make an individual an exceptional race driver. Jack Parker, Sr., has done this with his son. Young Jack began driving in 1973 following his graduation from Lake Forest High School in Harrington. His mounts earned just over \$5,000 that year and then gradually increased to six figures by 1976.

Indeed Jack Parker, Sr., made champions at both ends of the sulky which will appear within logical traveling distance of us on May 29. Both Elitist and Jack Parker, Jr., have received plaudits for their exploits and it is likely that the best for both of them is yet to come.

Track Spartans end 6-4 season

by Keith S. Burgess

Lake Forest's track team, coached by Jim Blades, dropped its final two meets, to finish on the plus side of the ledger, with six victories and four defeats.

Sussex dominance, in the three long distance events, eventually gave them the verdict. Lake Forest's loss of its one standout distance runner before the season started cost the locals an 8-2 record this spring.

Gerald "Peanut" Perry still slightly under the weather, from a siege of bronchitis, won the 100 (11 seconds and 200, 23 seconds) meter runs, then teamed up with Andy LaSalle, Ralph Young and Ray DeShields, to take the 400 meter relay (48.4).

Jerome Scott captured the day's first event, the 110 meter high hurdles, in 15.6 with Tony Scott in second. Tony Scott later annexed the triple jump, with a leap of 44 feet, 4 inches. Kevin Smith was runnerup. Tony also was second in the 300 hurdles. Rob Prutzman had an excellent toss of 49 feet to take the shot, but couldn't get his usual distance, in the discus and had to settle for second place.

The Spartan 1600 meter relay team led all the way to win in 3.44, behind Marvin Parker, Jim Shuman, Sheldon Powell and Nelson Mosley. Powell and Parker went 2-3, in the open 400 meters.

Shuman and Kevin Smith were second and third, in the long jump. Fred Goodman and James Browne, did the same, in the high jump.

Maurice Coverdale and Manny Hernandez had seconds, in the 1600 and 800 meter runs, respectively.

Against Dover, the Spartans performed well against lower Delaware's best track team.

Gerald Perry was first, in the 100 and 200 meter runs in 10.7 and 22.5 respectively.

Rob Prutzman won the shotput with a heave of 48 feet, 8 inches, defeating Dover's giant Mike Johnson.

Lake Forest's 800 meter relay unit of Ralph Young, Ray DeShields, Russell Elliott and James Browne, prevailed in 1.38.

Tony Scott soared more than 45 feet to capture the triple jump. Fred Goodman and James Browne shared first place, in the high jump with a clearance of 5 feet, 10 inches. Spartan sophomore, Jerome Scott was only an eyelash behind at the finish of the 110 meter high hurdles. His clocking of 14.96 seconds, rounds out to a new school record of 15 seconds flat.

Sheldon Powell once more lowered his school record in the 400 meter run, finishing second in 52.4, with Nelson Mosley third, also in 52.4.

Tony Scott, second in the 300 intermediate hurdles, was timed in 41.17, a new personal low.

Lake Forest's 1600 meter relay quartet, clocked 3.34.21, less than a second off the school record.

Jim Shuman was second in the long jump, with 20 feet, 4 inches.

The Spartans were respectable in most events against the powerful Senators.

Mrs. Brown to head Methodist Country House

Mrs. Leona J. Brown will become the new administrator of the Methodist Country House on July 5th, according to The Reverend Richard C. Stazesky, President of Peninsula United Methodist Homes, Inc., which operates this Wilmington retirement community. She will replace The Reverend William O. Hackett who will be leaving in June after 12 years of service.

Mrs. Brown worked for Dr. George H. Pigueron, Jr., founder of Peninsula United Methodist Homes, beginning in 1959 on a part-time basis. From 1963 to 1968, she served as executive secretary and administrative assistant to Dr. Pigueron. Following his death, she continued in the same capacity with his successor, J. Wallace Watson, until

1974. She then became Administrator of Bishop Nursing Home in Media, PA and in 1976 moved to head the affiliated facility, Manchester House Nursing and Convalescence Center.

She is a Licensed Nursing Home Administrator in both Pennsylvania and Delaware, a member of the American College of Nursing Home Administrators and a member of Health Care Facilities of Pennsylvania.

Born and educated in Pennsylvania, she and her husband, R. Leighton Brown, Jr., are active members of Red Lion United Methodist Church, Bear, DE. Her son and daughter and three grandchildren all live in the Wilmington, DE area.
