## Harrington's 82-83 budget down a fraction

The Harrington City Council Monday night adopted a 1982-83 budget down just a fraction (less than 1%) from the \$563,241 in expenditures approved for 1981-82. Last year's budget had shown a whopping 43% increase over the previous year. This new budget

projects \$556,141 in expenditures to be balanced by an equal figure in expected revenues. The decrease is about .01%. Actually the Council passed the complete budget with the exception of the salary for the Director of Public Works, a position now held by Bob

Hassett. That portion of the budget was put on ice until a future meeting. The figures presented below include that salary. Projected 1982-83 expenditures as compared to those budgeted for 81-82 are as follows:

DEPARTMENT	1981-82	1982-83	DIFFERENCE
Sewer	\$179,772	\$179,772	No change
Police	124,919	126,844	Up \$1,925
Trash	66,299	53,040	Down \$13,259
Streets	65,303	61,545	Down \$3,758
Water	62,324	62,324	No change
City Administrator	50,416	57,378	Up \$6,962
Library	11,163	11,712	Up \$549
Alderman's Court	3,045	3,526	Up \$481
<b>TOTALS</b>	<b>\$563,241</b>	<b>\$556,141</b>	<b>Down 7,100</b>

The city estimates its revenues will come from the following sources:

**Property tax** - \$102,686; **Capitation tax** - \$16,065; **Fines** \$7,000 (\$43,000 in fines was collected last year); **Trash fees** - \$53,040; **Water rent** - \$62,324; **Sewer rent** - \$179,772; **Permits & Miscellaneous** \$3000; **Library user fees** - \$200; **Library grant** - \$3,700; **Revenue sharing** - \$79,077; and **Municipal street aid** - \$49,277.

### Police Force Down

Reflected in the budget is the absence

of one police officer. The Council Monday night accepted the resignation of Sergeant Jopp. Jopp, who has been with the local force 8 1/2 years leaves as of Friday, October 15 to join the Capital Police, the outfit that provides security for the governor and state legislature.

Officer Cook, a member of the local force for 2 years was promoted to Patrolman First Class, effective October 17. However, there was no move to bring the local force back up to

its 6-man strength.

In other business, the City Council:

\*accepted the low bid of Ray Starkey at \$2,765 for the demolition of five properties deemed unsafe. Following the appropriate legal process, the buildings will be demolished and the cost of the work charged against the owner.

\*set Saturday night, October 30, 1982, from 6 to 8 p.m. as Halloween Trick or Treat night here.

## Delmarva Power plans to cut work force

### Few at Harrington office could be affected

by Harry G. Farrow, Jr.

Delmarva Power in an effort to cut costs and hold down the electric rates in the 1980's announced last week that they were making plans to cut back on the work force by 165 employees. The company would cease plans to build a new electric plant at Vienna, Md., whose code name has been Vienna 9.

Howard E. Cosgrove, vice president and chief financial officer of the company made the announcement to the Public Service Commission last Tuesday. He reasoned that the growth in the economy had been stymied by the situation involving the national economy where the electrical growth or demands had not been that great in the 1980's...and not likely until the economy turns around...as was the case in the 1970's. In addition sales over the past four years have been flat in that the nation's recession had hit hard in the residential building areas, but harder hit had been the industrial sector. Therefore the need for this management decisions.

Delmarva Power like any other business other than a utility company is indeed in the business to make money and stay in the black. The company like all companies whether industrial or non-industrial must from

time to time borrow. One company spokesman said "...we are a capital oriented company where we capitalize and must recapitalize so that we can borrow money and attract investors through our portfolio as an investment for stock paying dividends or interest earned at a high yield. This allows to borrow money...stay in business... without raising rates that much too often." So from that standpoint, it was important to make these decisions so that the company can show a continued good yield on investment.

The same company spokesman noted that "...again we are like any other company. We have good years and in other years business is bad. We have lost some good accounts right here in our own back yard of Harrington... namely at the Perdue plant. We are extremely sorry that the Perdue plant was gutted by fire and was lost as a business. Not only did it put a lot of good customers of ours out of business and put a burden on their own finances, but it also cut into our business. We sold a lot of kilowatts there. So you can see how the economy can effect you as well as a utility company like ourselves."

With bank interest rates on borrowed money at new heights this past year, it

has caused new construction to be at an all time low...as well as the highest number of people out of business. "This has a direct effect on our business. What more can I say. What more can I add...this economy has had a direct effect on our business. In light of this we will not need a new Vienna plant any time soon...because of the lack of growth necessary to warrant its construction. The load limit was not reached...far from reached".

The other decision affecting Delmarva Power is the decision to cut back the work force by 165 personnel. "This means that the company has deemed it necessary to lay off this number in order to be able to show a profit," the same spokesman said.

What the company is proposing, and according to this one source, appears to be a good idea is to find a suitable means to reduce the work force short of firing people. "The company has first suggested that anyone 55 years of age with at least 20 years of continued service may go on early retirement. Their retirement pay would be determined by a formula based on the chronicle age of the person and the corresponding required number of years (20) to qualify. These figures

Kids of all ages, we want you to know that Santa does not spend all his spare time holed up at the North Pole getting ready for Christmas. He does go on vacation. Last week he was right here in Delaware at Callaway's Hitching Rail as the National Campers and Hikers Association staged its 1982 Northeast Regional Campout. He and Mrs. Santa head the Santa Claus Chapter of the organization. Other members are elves. They brought along some of their handmade wooden toys for a crafts show during the weekend. Delaware hosted 11 states at the campout. 268 campers arrived for the weekend. They included National Director Richard "Pork" De Cabooter, of Mt. Clemens, Michigan and his wife Janice, as well as State Director Phyllis Dooling of Newark.

## Auction attracts buyers & historians

by Harry G. Farrow, Jr.

Wilson's Auction, Lincoln, Del., Monday, October 11 - Many buyers, investors, historians and interested onlookers came to Wilson's Auction on Monday night for what remained of three generations of Dr. Marshall's estates. The death of Rosanna Marshall enabled the family to close the estates and dispose of the property. According to a family spokesman, many items of real historical significance had already been donated to the University of Delaware and to the Milford Historical Society. The University of Delaware where all but the great grandfather had attended took books, documents and for the archives and library while the Home Economics Department took clothing to demonstrate the technique in making the clothing at certain periods in history.

Dr. William Marshall, Sr. who died in 1900 was a very prominent surgeon. Of dashing sorts, he signed on a ship that went around Cape Horn in 1849 en route to the California gold fields. He later returned to Delaware, settled in Georgetown and became its Mayor at one point. He is said to be responsible for the present design of the Square in Georgetown. The items at the sale could be dated from 1870 to 1910 were considered to be in his estate.

His son George William Marshall, who died in 1915...and the father of Dr. Sam and Dr. William II, also offered items through his estate. Items from Dr. Sam's and Dr. William II's Estates were also offered. Dr. William Marshall, II died in 1971 and Dr. Sam sometime before that.

## Harrington Police solve two burglaries, catch tire thieves in the act

Harrington Police doubled their luck in an arrest that solved two recent burglaries, so to speak, for the price of one. They arrested two juveniles involved in a burglary at Unk's Tinker Shop on October 2. In the process of questioning, they turned up two more suspects who had been responsible for breaking in the same shop on August 29.

In the August 29 incident, the burglars made off with some tools, four radios and about \$4 in Canadian coins. In the second, there was approximately \$1500 in damage and loss. The burglars put steel rods through the top of an Oldsmobile convertible belonging to shop owner Lawrence Price and spray painted the windows and doors of another vehicle.

Harrington Police reported that 95% of the articles stolen in the first incident were recovered. That includes most of the tools and an antique Rolls Royce radio that Price had received for his birthday. The radio was not damaged. Two radios, some socket wrenches and the Canadian coins have not been recovered. Two flashlights taken in the second incident were returned.

The four juveniles, ages 11 to 18, all from Harrington, were charged with burglary, theft, conspiracy, criminal mischief and criminal trespass. Bond was set at \$3,500 for each. They were released to the custody of their parents pending trial in family court.

**Watchful patrolmen catch tire thieves** - Watchful Harrington Police Officers

on patrol at 3:20 a.m. on Saturday, Oct. 9, caught two suspects in an attempt to "borrow" a tire from a vehicle at Peoples Service Station.

One of the two arrested in an attempt to remove a tire from an Oldsmobile belonging to Richard McKenzie of Harrington, told police he had intended to leave \$40 on the seat of the car to pay for the tire. He and his brother, both from Colerain, North Carolina had driven from Bridgeville to Harrington on a flat before attempting to "borrow" the tire.

Arrested were William Harvey of Colerain and his brother, 17. William Harvey pled guilty in J.P. Court 6, Harrington. He was released after paying \$85 in fines and court costs. The

## Frederica will repair pot holes

Smoother traveling through and around Frederica should be the result of Town Council action last week. The Council voted to ask for bids for the repair of those pock-marked with pot holes.

Municipal street aid funds will be used to pay for the project.

### HUD grant sought

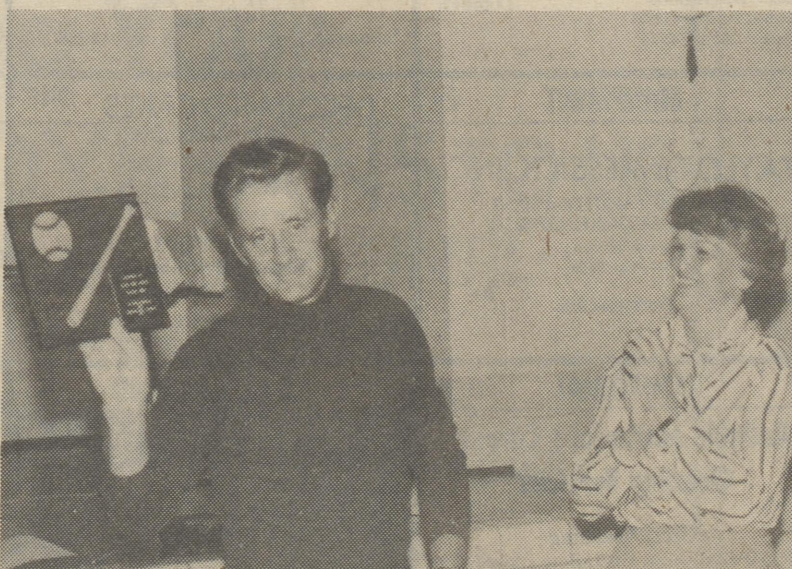

The Council also voted to send members Rosalie Cline to last Thursday night's Kent County meeting on the new round of Housing and Urban Development (HUD) block grant funds to be distributed by the state. Kent County Levy Court is assisting communities within the

county who wish to make a bid for some of the funds. Frederica did not apply in the first round, but the Town Council is interested in getting in on the second. Applications are due in November.

Housing rehabilitation has been one of the major projects funded in other communities. However, Mayor Helen Powers said Frederica has not yet pinpointed a specific project.

### Trick or Treat Night Set

In other business last Wednesday night the Frederica Council set Saturday, October 30 from 6 to 8 p.m. as Halloween Trick or Treat night.

At the Harrington Little League Banquet Saturday, Kenny Paul Outten was awarded the special award for outstanding service to Harrington Little League this past season. Wife Gerri applauds the choice. [For more pictures see page 9].

## Unexplained missile?

Lights blinked or grew brighter, there were two apparent explosions and a thunk on Irene Welch's roof that sent some Harrington residents in the area of Hanley Street scurrying outside Friday morning to see what was happening.

It turned out that there were some folks at work on electrical equipment including a capacitor that regulates the amount of current coming in at Burris Foods. When the current was turned back on, fuses were blown. That explains the noise and the blinking lights. But what about the object or pieces of it that hit Irene Welch's house and rolled into Hanley Street? Local police thought they might have

been parts of an insulator or a light. Burris officials contacted were of the opinion that no flying objects could have been connected with the incident. Apparently no harm was done, but curiosity abounds. Information, please.

### ATTENTION KOREAN VETERANS

Fran Thomas, of Milford, had not yet told her children a family trip to Niagara Falls was in store. She wanted to make sure it was all real. It looks solid enough as Milford Ames store manager Stan Rynkowski hands over \$100 in cash as a part of the prize. Mrs. Thomas was the winner of a drawing featured at three area Ames stores, those in Milford, Seaford and Millsboro. She won a trip to Niagara Falls for a family of four. Mrs. Thomas and her husband David, an employee of Country Pride have three children at home, T.J. 6; Becky 7; Karen 13; and Adam, a student at Virginia Polytechnic Institute. Rynkowski said the drawing is one of several in-store promotions that will probably be run in the Milford and Seaford stores.

# Two vie in Houston mayoral election

Town Council members James Emory and Richard Rollison will face each other as Houston goes to the polls to elect a mayor on Saturday. The special election was necessitated by the resignation of Virgil Emory who had been elected to the post in May. Polls

will be open between 6 and 8 p.m. at the fire hall.

Following the election, the Council will have to choose someone to finish the unexpired term of the members elected mayor.

Vice Mayor James Emory has been serving in the interim since the resignation of Virgil Emory. The latter

Emory gave health as the reason for not completing the two year term to which he was elected.

# Elkton man killed in Kent County accident

Delaware State Police at Troop 3 are investigating a one car fatal accident that occurred on Friday, October 1, at 11:50 p.m. on Cty. Rt. 208, 1.6 miles north of Sandtown. The weather was clear and roads dry at time of accident. Investigation revealed that Bobby L. Dove, Jr., 19, of 48 Dogwood Road, Elkton, MD was traveling northbound on Cty. Rt. 208 in a 1970 Oldsmobile station wagon. Dove rounded a curve to the right and ran off the west edge of road for approximately 189 feet prior to striking an electric pole with left side of vehicle. The impact cut the vehicle in two sending the front portion of the vehicle 36 feet north of the pole.

Dove was trapped in the vehicle wrapped around the pole in the passenger area of the vehicle. Members of the Felton Volunteer Fire Co. using the hearst tool worked for nearly 1 hour to free Dove from the wreckage. The Delaware State Police helicopter transported Dove to Kent General Hospital where he was pronounced dead on arrival by Dr. Arnold at 1:00 a.m. Traffic on Cty. Rt. 208 was detoured for approximately 2 hours while the accident scene was cleared. Evidence of drink was present and no seat belts were used. This was Delaware's 96th fatality compared to 78 last year.

# The search is on for Ms. Delaware '83

The search is on to find Mrs. Delaware 1983, the woman who will represent her state in the Seventh Annual Mrs. America Beauty Pageant which will be telecast nationally next May from the fabulous Las Vegas Hilton Hotel.

In addition to the opportunity to win more than \$50,000 in prizes and awards on the national level, as well as the chance to represent her state in the Mrs. America Pageant next spring, the new Mrs. Delaware will receive an all expense paid trip to Las Vegas plus other exciting prizes.

To qualify, applicants must be married at least one year as of the date

of entry and throughout the competition, at least 18 years of age as of the date of entry into the state pageant, a U.S. citizen of good moral character and a resident of the state having resided there a minimum of six months. Residence at a military installation is acceptable.

Judging will be based on beauty of face and figure (evening gown and swimsuit competition) poise, personality, grooming, style, charm, intelligence, speaking ability, self-assurance, confidence and commercial appeal. There is no talent competition.

All contestants will be selected on an

open, at-large basis by the Pageant Selection Committee. Those chosen will advance to the state finals.

The reigning Mrs. Delaware is Carol Moneta of Newark.

Free entry information is available by contacting the pageant headquarters at: Mrs. Delaware Pageant Regional Headquarters, P.O. Box 676, Silver Spring, Maryland, 20901, Tel: 302-589-2107.

Applicants should send their name, address and telephone number. There will be a limited number of contestants accepted, so applicants should apply as soon as possible!

# Noah Cain recovering

HARRINGTON - Last Thursday Noah Cain was jogging a horse at the Harrington Fairground when the horse went over the hub rail and Cain went over the same rail reinjuring a neck injury sustained from a diving accident

at Oak Orchard when he was a teenager.

Mr. Cain was operated on Sunday evening at Milford Memorial Hospital for injuries to his vertebrae. As of this writing, Mr. Cain is listed in good and stable condition.

# USDA adjusts food stamp allotments

ROBBINSVILLE, N.J. - Food stamp recipients will get an eight percent cost-of-food increase in their food stamp benefits beginning October 1, Assistant Secretary of Agriculture Mary C. Jarratt announced today.

"This action increases the food purchasing power of food stamp recipients to keep up with the rising cost of food," said Ms. Jarratt. The increase reflects changes in the cost of food between October 1980 and June 1982, she added.

The allotment for a family of four with no income, for example, will increase from its current level of \$233 a month to \$253 a month.

Following are the new maximum monthly food stamp allotments which will take effect for families of various sizes in the continental U.S. on October 1: Household size 1 - \$75; 2 - \$139; 3 - \$199; 4 - \$253; 5 - \$300; 6 - \$360; 7 - \$398; 8 - \$455; Each additional member \$ +57.

# Governor appoints two

Governor du Pont recently made several appointments to boards and commissions that do not require Senate approval. Among them are Sussex County Voc Tech Board of Education - Richard I. Lewis, Bridgeville, to serve until August 18, 1989; Council on Shell Fisheries - James Parkers, Frederica, to serve until September 7, 1985.

must coincide—55 and 20. A person who elected to take this plan would be eligible for the full retirement benefits provided he or she fell into this category of at least 55-20. The benefits of a retired person would continue up until age 62 when he or she would be officially retired by the company...or at least eligible for retirement for the first time. A person is not officially eligible for retirement until age 62. The employee under the early retirement plan would be eligible for the full

medical plan the company currently has with Prudential Life Insurance Company," so stated the spokesman. If a person, who holds what the company refers to as a critical job, decides to go on early retirement, the company in determining the critical aspects of the job would have to advertise the job and consider bidders for the job. This would not under those circumstances reduce the work force. This will merely mean a parallel move, which would not reduce the work force. Under these circumstan-

ces, the company would be required to design a method to lay personnel off in those areas of non-critical posts.

According to a company spokesman, there are only a handful of employees that could possibly be affected by this "cut-back" decision on the part of the company.

Again the economy has brought about these decisions, and they are designed to keep the company in the profit standing which will be attractive to investors.

## "Duck Stamp" available

Outdoor enthusiasts, stamp collectors, birdwatchers, and other conservationists can now buy the colorful "Duck Stamp" at the Bombay Hook National Wildlife Refuge, according to Refuge Manager Don R. Perkuchin.

The stamp costs \$7.50 and can be purchased weekdays from 7:30 a.m. to 4:00 p.m.

Mr. Perkuchin said more than 2.2 millions of the Migratory Bird Hunting and Conservation Stamp, popularly known as the "Duck Stamp" were sold last year, providing over \$16.5 million to revenue. Revenues are used to acquire needed habitat for ducks, geese, and other species of migratory waterfowl under a program administered by the U.S. Fish and Wildlife Service. Since 1934 when "Duck Stamps" first went on sale, nearly 2.5 million acres of prime waterfowl habitat have been acquired, including

Bombay Hook National Wildlife Refuge.

The "Duck Stamp" constitutes the longest running, annually issued series of stamps in United States revenue or postage stamp history. Prior to 1949, wildlife artists were commissioned to provide a design for the annual stamp. Since that time, the design has been chosen by a contest open to all artists who are residents or citizens of the United States. It is the only art contest sponsored by the Federal Government, attracting more than 1,500 entries each year.

The U.S. Fish and Wildlife Service encourages anyone who enjoys wildlife through photography, birdwatching, and other activities to contribute to the conservation effort by buying a "Duck Stamp". The stamp can also be purchased at post offices.

## Tips on Long-Term Care Facilities

WILMINGTON, DE - Long-term care facilities are an increasingly important part of the nation's health care system. They provide nursing care and related services to the aged and those unable to care sufficiently for themselves. Helping a loved one, friend or relative in selecting a facility can be a traumatic, difficult experience. To assist in this task, the Better Business Bureau of Delaware, Inc. has produced a booklet, "Tips on Long-Term Care Facilities," President James E. Stalls, Jr. announced today.

The new booklet describes the different types of care facilities with specific tips on finding one which suits the physical and financial needs of the prospective resident. Information on Medicare and Medicaid programs is included along with questions to ask before signing the admissions agreement.

"Tips on Long-Term Care Facilities" joins the Better Business Bureau Consumer Information Series which offers booklets on over 60 topics of consumer interest. For a copy of the booklet, send a self-addressed, stamped envelope to the Better Business Bureau of Delaware, Inc., P.O. Box 4085, Wilmington, DE 19807.

## National Stamp Collection Month

"Discover Stamp Collecting - The Hobby of a Lifetime," is the Theme of the second annual National Stamp Collecting Month, to be observed October 1-31, 1982. Postmaster Ralph Starkey of Harrington, said last week. The fall observance will include issuance of a special souvenir card, unusual post office lobby displays and a number of new philatelic items especially designed to attract newcomers to the hobby.

## Governor's house now open on Saturdays

The Governor and Mrs. du Pont hope that by opening The Governor's House to the public on Saturdays, a greater number of Delawareans and out-of-state visitors will have an opportunity to visit Woodburn.

Mrs. du Pont's Assistant, Frankie Miller, is responsible for organizing the tours, including arranging group tours of the House. Requests for group tours should be sent to Ms. Miller and closed.

The Governor's House in Dover will again be open to the public for tours every Saturday from 2:30 to 4:30 p.m. beginning Saturday, September 11, 1982.

This schedule will be followed every Saturday from September thru June, and from March thru June. Holiday weekends the House will be open and closed.

## Academy application deadline

WASHINGTON - Delaware high school seniors interested in applying for nomination to any of the United States service academies should submit applications to the office of Senator William Roth, Jr., R-Del., before November 1, 1982.

Nominees to the service academies are made by a 12-member citizen review panel who screens the candidates individually. The review panel will begin interviewing all applicants the week of November 8.

This year, Roth will nominate students to the United States Naval Academy at Annapolis, MD the United States Military Academy at West Point, New York; the United States Air Force Academy in Colorado; and the United States Merchant Marine Academy at Kings Point, New York. Young men and women interested in applying should have an interest and aptitude in math and science, a desire to excel in extracurricular activities and a willingness to begin their professional careers as an officer in the military service.

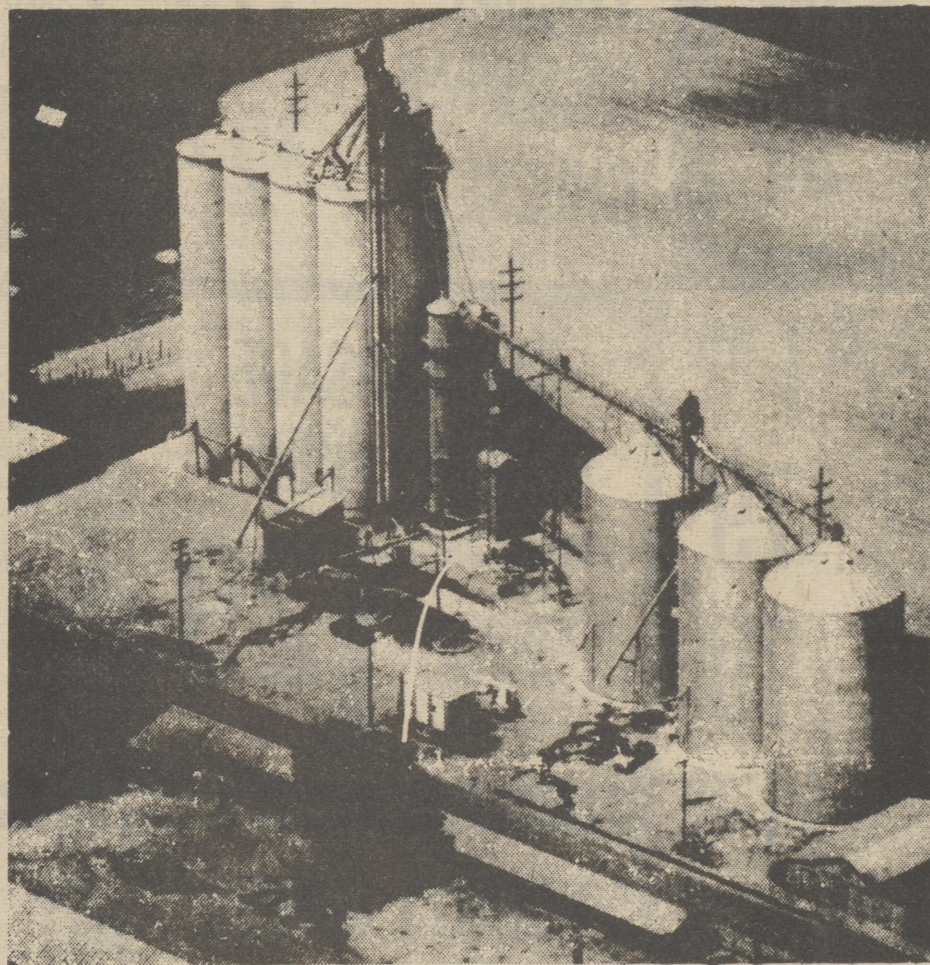

Applicants must be citizens of the United States, residents of Delaware and unmarried with no children. They must be at least 17 years of age but not past their 22nd birthday as of July 1 of the year of admission.

For his nominations, Roth requires a signed letter from the applicant providing his or her address, birthdate, social security number, name of high school and date of graduation.

Additional information regarding the application and nomination process can be obtained by contacting Senator Roth's Dover office at 2215 Freer Building, 300 South New Street, Dover, Delaware 19901, 302-674-3308 or 856-7690.

## Gab Fest

by Pat Hatfield 349-4255

October is such a special time--but, then, all times and seasons are special, aren't they? We are reveling in "October's bright, blue weather." The skies are such a lovely blue, and the little white whipped-cream clouds decorate it so beautifully. As my friends, Gladys Taber once said in her "Still Cove Journal", "The Full Hunter's Moon of October hangs golden and serene". Look for it. The days are so hot with sunshine and the nights are so crisp and cool. I wish the whole thing could just last for years so we could get our fill of it. But, imperfect mortals that we are, I suppose that, eventually, we would tire of it and wish for change. I like the panorama of the changing seasons and feel that we are living in the best of the two worlds.

The birds are now holding their conventions, packing their suitcases, and deciding which route they will take south. A notation in the 1970 almanac says: "October 20, geese fly south." I do not find this literally true. In fact, friends have been calling me all during September saying they have seen that familiar Vee in the sky and heard the lonely honking. I wish them a safe

Time to pick your pumpkin -- but don't choose one like this corn borer got into, Harrington Jaycee President Tom Lyons tells Lake Forest South Elementary third graders last week. As a special Jaycees project, Lyons invited the third graders out to the farm to learn about pumpkins. At the conclusion, each child got to pick one of his own for Halloween decorating contest. Look for a follow-up story when the Blue Banana returns on October 27.

## Harrington Jaycee News

The Harrington Jaycees concluded their summer activities by participating in the Jaycees state softball tournament. There was a lot of spirit and competition as Jaycee teams from throughout the state took part in the tournament which was held in Milford. The local team finished second in their bracket with 3 wins and 1 defeat.

In the month of September the Jaycees concentrated most of their efforts on internal projects. Currently we are remodeling our first clubhouse located on Clark Street between L & D Laundromat and Watkins Auto Supply. We hope to be able to move in and start holding meetings there by

December 1st. We recently assisted the Harrington Jayceets with their clown dunk booth at the Heritage Day festivities. Everyone had a lot of fun dunking the "clowns".

At the September board of directors meeting of the Delaware Jaycees Harrington was awarded the bid to host the upcoming fall conference for the state. This will take place in November. We recently held a pumpkin pick for the third grade of Lake Forest South Elementary. This project was organized by our president, Tom Lyons, and was thoroughly enjoyed by everyone.

## Nelson - Gavin Wedding

On Saturday, October 9th, at a 4:30 candlelight service Kathy E. Nelson and William T. Gavin were united in marriage at Lower Providence Baptist Church, Eagleville, PA. The bride is the daughter of Mr. and Mrs. Earle Nelson of Harrington, DE. Parents of the groom are Mr. and Mrs. John Gavin of Boston, Mass.

JoAnn Moore of Easton, MD, friend of the bride, served as matron of honor. The bridesmaids were Teresa Cooper of Dover, DE, cousin of the bride, and May Gallo of Norristown, PA, friend of the bride. Mark Childs of Lansdale, PA, friend of the groom, was best man. Serving as groomsmen were brother of the groom, Phillip Gavin of Boston and Stephen Gallo of Norristown, friend of the groom. The ushers, friends of the groom, were Jerold Yoffa and David Emerson of

Boston. Acting as honorary usher for the bride's mother was her uncle, Mr. Samuel Cooper of Worcester, PA.

The Rev. Robert French, pastor of Lower Providence Church, officiated at the double ring ceremony. Music for the wedding was provided by the church organist, Mary Loser, with Kathy Kehler as soloist. Lisa Masten of Harrington attended the guest book.

Following the ceremony a dinner-dance reception for guests was held at the Chateau Granieri in Jeffersonville, PA. The bride is employed as a social worker at Hahnemann Medical College and Hospital, Philadelphia. The groom is a project engineer for Leeds and Northrup of North Wales, PA. They will reside in Lansdale when they return from a ten day honeymoon in the Hawaiian Islands.

Smile! A man travels the world over in search of what he needs and returns home to find it. George Moore.

Reverend and Mrs. Watson of Harrington Baptist Church were leaders of Bible Study Monday Morning at the Center. Reverend Watson began and ended the service with a prayer. Mrs. Watson was at the piano. His study was 1st Corinthians, Chapter 13, verses 1 & 2, Matthew, Chapter 7, verses 21 and 22, Matthew, Chapter 10, verses one through 4. Lots of singing, good discussions, the happy hour ended. Present were Florence Minner, John McCreedy, Annabel Morrow, Mary E. Nelson, Catherine Donovan, Thelma Legates, Sallie Needles, Roxanne, Marion Brown, Tony Perrone, Rev. and Mrs. Hackett, Lillie McBride, Mamie Adams, Anna Mae Short, Frances Wright, Dorothy Willey, Etzel McCreedy, Gladys Hill, Virginia Smith, Elwood Morris, Clara Judy, Mildred Vincent, Ethel Holden, Amy Poynter, Cecil and Sylvia Meredith.

Members meeting called to order Monday afternoon Oct. 4 by Vice President Watson Brown. Pledge of Allegiance by all, prayer by Sylvia Meredith. Minutes of each meeting read by Sec. Andy Anderson. Financial report by Merle Roth. Both reports approved as read. Report on bulbs set out. Welch's Seed gave the Center a large bag of mulch. Bazaar was discussed. Merle Roth is chairlady, Nov. 5, 1982, the date. Menu: Bean soup, Turkey salad, ham and cheese sandwich, pie, coffee, tea, milk.

Bring a friend, you will be glad and so will he! Spoke of those who are ill or in sorrow. Paid bills and took care of all old business and new business. Mr. Brown adjourned at 2:00 o'clock.

Band practice with Sylvia Meredith and Virginia Smith at the piano. The Jolly Timers bring back memories we like to remember. Helping do all the

pleasant music was Cecil Meredith, Andy Anderson, Elsie Neal, Gladys Hill, Tony Perrone, Elma Thorpe, Mildred Vincent, John McCreedy, Bertha Dean, Mamie Adams, Ella Golt, Florence Minner, Roxanne and Marion Brown, Ola Tildon and Jo Burke.

"Senior Sounds" will be at the Nazarene Church of Harrington, Oct. 10, 1982 at 7 p.m. Promise you will be glad to hear them and they will be glad to see you!

R.S.V.P. dinner at Dover Wednesday night was well represented by Harrington Senior Center. It is a time to thank all volunteers for their kindness in donating things and time to the individual centers. We, at Harrington, thank you so very much. Mr. Brown received a plaque for outstanding volunteer work at the Center and civic wise.

Edie Cooper brought with her a glorious array of beautiful articles. She came to teach quilting. She had everything, from handmade quilted pot holders to gorgeous pillows, lots of other things in between. She will be here next Thursday. Drop by and see for yourself.

Politicians are regular visitors now a days. All parties represented! Promising everything but the moon! But then there is absolutely no place in the world like our own U.S.A.!

United Way was here and toured the Center. They were all very cordial folks.

Film on Hawaii by, "My World Travel," with F. Matorano presenting it. It was a perfectly lovely film and stirred the interest in the trip to Hawaii planned by the Center. Bazaar November 5, 1982. Don't forget. Bring a friend to lunch. Lots of handmade goodies. Ceramics for all tastes. See you at the Center.

Thanks all volunteers. Best wishes to all. Be kind to each other.

When I am reading a book, whether wise or silly, it seems to me to be alive and talking to me. Swift. Faith!

They visited Mr. and Mrs. Bill Justice of Grayson, Kentucky. It was 40 years ago that Mr. Twilley and Mr. Justice were in the Navy together. And this was the first time that they had seen one another. Six other Navy members of 40 years ago were also there.

Thelma Voshell of Leola, PA spent the week with her cousin Alberta Long and Elon and John Eisenbrey. While there they visited Mrs. Voshell's mother Lillian Dickerson of Lewes. Also her sister Dorothy Henley and husband Dyre of Delmar and a cousin Mary Palmer of Frederica.

An election will be held at the Firehouse on Saturday, October 16 from 6 to 8 p.m. to vote for a new mayor. Richard Rollison and James Emory have filed for Mayor.

Joan Surface would like to thank the wonderful people of Houston who donated flowers for her husband, the ladies of the church who took time to cook a delicious dinner for their family and friends. She appreciated all who gave to the American Cancer Society in remembrance of her beloved and sadly missed husband William Surface. Many thanks to Rev. Robinson and the people of their church for prayers. They meant so much to both of us, your kindness and understanding. She will always have a warm feeling in her heart for you all. God bless.

Church celebrates 192nd Anniversary, Sunday

Sardis United Methodist Church at Thompsonville will celebrate its 192nd anniversary at Homecoming Sunday, October 17th at 2 p.m.

This Historic Old Church has a very interesting history dating from a land grant from Colonel John Wood in 1790. One of the chief charms is the peaceful surroundings in the small hamlet of Thompsonville.

The guest speaker this year will be Reverend Dr. Charles Moyer of Whatcoat Church in Camden. Music will be rendered by the Menonite Quartet from Laws Church.

This second church building was remodeled in 1873 with the addition of 18 feet to its length, the elimination of the galleries and the creation of a sanctuary on the second floor.

claimed. With the "driftwood" bonanza and money from the building fund, the people of Sardis were able to build anew.

Started in the fall of 1842, the new building was dedicated in June 1843. It was erected about 60 yards from the original site. A road dedicated to the state now separates the two areas.

Over the years, the church has been affiliated with Milford, Barratt's Chapel, Harrington, and the Houston Charge. Since 1912, however, it has been a part of the three-church Frederica charge.

# Spartans defeat Delmar, 23-18

Making the most of a first quarter filled with good and bad news, Jim Fleming's Lake Forest Spartan varsity football team prevailed over Delmar in a 23-18 battle on Friday night.

After it was all over, it turned out to be the good news that carried the game. In the first quarter, Ralph Taylor went for two touchdowns of 24 and 75 yards, and Vincent Thorpe picked up a fumbled punt and ran it back 22 yards to cross the Wildcat goal line. Brian Gladden with a successful kick after the first TD, Gary Moore with a 2 point run, and a Moore to Brian Hudson 2 point pass put the icing on the cake. The Spartans, who had been scoreless for the two previous games, amassed their entire 23 points in the first quarter.

The bad news was an injury that took Spartan quarterback Brian Gladden out of action as Lake Forest learned, early in the game, that the Wildcats would not be easy to tangle with. Gladden took a rough and tumble roll in a high speed chase after Delmar's swift Mark Bacon. He sustained a shoulder injury that, except for some punting in the second half, kept him out of action for the rest of the game. Happily, the injury turned out to be a muscle problem and not a shoulder separation. Gladden will be back.

The injury that sidelined Gladden put Gary Moore on the spot. The Lake Forest junior shouldered quarterbacking responsibilities for the remainder of the game, doing a highly creditable job in his first combat experience on the hot seat.

After winning the opening toss and

electing to receive, the Spartan offense put on an impressive drive to the goal line, racking up the first downs until Taylor traveled the final 24.

The Wildcats returned in kind. On their very first possession, Mark Bacon escaped through the Spartan line and made a 75 yard run before being forced out of bounds. It was on this play that Gladden, who has been going both ways for Lake Forest, was injured. On

Tony Scott carries the ball in the backfield after catching the Delmar kick-off in Friday night's Spartan-Wildcat confrontation.

the next play, Bacon was across from the four yard line. The Wildcats' two point attempt failed, and the score was 7-6.

Spartan spirits, down over their quarterback's injury got a giant boost when Ralph Taylor cut loose for 75 yards and his second TD. With Moore's successful run, the Spartans pulled away, 15-6.

The kickoff that was to have turned the play over to Delmar worked in the

Spartans favor as Vincent Thorpe picked up a fumbled return and took the ball across the Wildcat's goal line. That was to be Lake Forest's third and final TD of the evening. Gary Moore hit Brian Hudson in the corner of the end zone to add the two points.

From the Spartan sidelines the second quarter proved dismal as it saw the 23-6 lead dwindle to 23-18 on two more Bacon touchdowns. However, the second of those was scored only after the Spartan defense did inch by inch battle at the goal line. Starting with a first in ten on about the one yard line Delmar took four downs to move the ball that final distance as Lake Forest held the line for three straight plays before the inevitable.

The second half turned into a scoreless battle during which Gladden and the punt team were called out several times to get the Spartans out of a fourth down situation deep in their own territory.

Ralph Taylor was leading Lake Forest ground gainer with 142 as the Spartans earned 277 yards to Delmar's 183. Bacon covered 155 yards for the Wildcats.

Both teams went into the non division game with 1-2 records. Lake Forest is now even at 2-2.

So far, the Spartans have faced only one Northern division team, and the toughest part of the schedule seems reserved for last, with Dover, CR, Sussex Central and Milford among the remaining games.

This Friday Lake Forest travels to Laurel for another non-division contest.

Coach Jim Blades clocks harrier Tara Gladden through the first mile in a dual meet with Dover last week. Tara went on to finish ahead of Pam Pierce as the Spartans put the front runners across the line. Dover could not field a full girls' team and had to forfeit 15-40. The boys' cross country team also beat Dover, recording its third first place in the dual meet season. Danny Donovan ran a successful challenge to beat teammate Danny Haines for first place honors.

A Lake Forest Spartan and a Golden Knight from Sussex Central vie for control of the ball in a close game last Thursday. The Spartans were 1-0 victors, boosting their record to 4-0-1. After the Sussex Central game, they were #1 in the conference.

Lizzy Watkinson [white shirt, center] and Sandra Warren [right] scramble to get the ball out of dangerous territory. The Lake Forest hockey team had a tough battle against conference leading Seaford last week.

### Win raises Spartan record

by Doug Huffstutler

The varsity soccer team raised its record to 3-0-1 October 5 when the Spartans defeated Dover 3-1.

Darryl Tolson, Mike Rebeck and Tim Noble scored the only goals for the Spartans. Besides Tolson's two goals he assisted Rebeck and Noble's goals also. Noble added one assist.

The only goal for Dover was scored when the Spartan goalie, Ron Galeski caught the ball on the line. Ron Galeski had 11 saves for the Spartans.

Other outstanding performances were by David Lapinsky, Nelson Mosley, Albert Silbereisen, Tony Smith, Mike Laskowski, Bobby Grant, David

Marvel, Marvin Parker, Duane Hammond and Greg Ecenrode.

#### SPARTANS ARE #1

A 1-0 victory over Sussex Central on Thursday put Dave Buck's Spartans in the #1 spot in the Henlopen North. Halfback Mike Rebeck scored the lone goal in the second half of the game.

Going into last night's home game against second place Caesar Rodney, the soccer team boasted a 4-0-1 record.

## Catalano wins 1st Harrington open

Leonard Catalano won the championship in the 1st Harrington Open Golf Tournament held at the Shawnee Country Club, Milford, on October 2. The five other winners of the tournament were John Shaffer, 2nd; Drew Bowman, 3rd; Ken Walls, 4th; Grover Brown, 5th and Herman Brown, 6th.

The low gross winner was Ralph Starkey, Harrington postmaster, with a score of 82. John Adams was second with 83.

Following the tournament there was a banquet for participants and their wives. Prizes were awarded after dinner.

Chester Short won a "counter" for having the most strokes on one hole while Norris Jarrell took the ball retriever prize for having the most balls in the water.

The 34 participants called the tournament a huge success with fun and fellowship the order of the day.

## Hockey girls tie Woodbridge/battle tough Seaford

The Lake Forest varsity hockey team traveled to Woodbridge last Monday where the Spartans outshot the Raiders 7-5. However, that edge did not show in the game results which left the two teams in a scoreless standoff. Woodbridge remained winless, while the Spartans added the tie to make their record 2-3-1.

As Coach Pat Dyal had predicted, the

battle against Seaford on Spartan turf Thursday proved a much tougher ordeal.

The undefeated Bluejays kept the pressure on and took home the 3-0 victory. Two Seaford goals were scored in the first half as the Bluejays outshot the Spartans 14-4.

Lake Forest goalie Tammy Gilman was kept on the hot spot. She

performed well, coming up with 13 saves for the Spartans.

In the intensity of the game Spartan Diana Young was injured in a goal area tumble. Diana was taken to the hospital by Felton Fire Company, but her injuries proved limited to internal leg bruises.

The hockey team faces Caesar Rodney at home tomorrow afternoon.

## Spartan booters shut out Seaford

by Doug Huffstutler  
On Tuesday, September 28th, the varsity soccer team raised its record to 2-0-1.

Darryl Tolson led the Spartans with 3 goals. David Marvel, Tim Noble and Mike Reback had one goal apiece. Tim

Noble also had two assists.

Tolson fired a hard shot to the Seaford goalie, who caught the ball on the goal, fell into the goal, but the official refused to allow the goal, or it would have been 7-0.

Other outstanding performances were

by David Lapinsky, Nelson Mosley, Duane Hammond, Greg Eckenrode, Mike Laskowski, Tony Smith, Albert Silbereisen and Bobby Grant.

Ron Graleski and Bill Bailey combined eight saves to shut out Seaford.

## In Memoriam

**IN MEMORIAM**  
Karla Langford passed away five years ago, October 13th. Remembering and loving her, we her parents, share this poem with all who knew her and TO ALL PARENTS -  
"I'll lend you for a little time a child of mine," He said,  
"For you to love the while she lives and mourn for when she's dead.  
I've looked the wide world over in my search for teachers true,  
And from the throngs that crowd life's lanes I have selected you.  
Now will you give her all your love, nor think the labor vain,  
Nor hate Me when I come to call and take her back again?"  
I fancied that I heard them say: "Dear Lord, Thy will be done!  
For all the joy Thy child shall bring, the risk of grief we'll run.  
We'll shelter her with tenderness, and love her while we may,  
And for the happiness we've known forever grateful stay;  
But shall the angels call for her much sooner than we've planned,  
We'll brave the bitter grief that comes, and try to understand."

## Day care center awarded certificate of excellence

Topping off activities for "Preschool Immunization Month," the Division of Public Health awarded certificates to day care centers in the state which have cooperated in its immunization program.

Since the Division began its efforts to promote childhood immunizations in day care centers three years ago, the percentage of children with adequate immunizations in those centers has risen from slightly over 50 percent to nearly 90 percent.

Those centers with 100 percent of their children reporting completed immunizations received a "Certificate of Excellence," and centers with 90 percent or better levels received a "Certificate of Achievement."

Among three Kent County day care centers to receive the "Certificate of Excellence" was the Harrington Day Care Center on Raughley Hill Road.

The non-profit center, which has been in operation at St. Stephen's Episcopal Church presently serve 35 children. Mrs. Carrie Brown is its director.

## A pumpkin wears many faces

There are many faces to a pumpkin. The colorful autumn fruit's versatility extends far beyond traditional Jack-O'-Lanterns or Thanksgiving and Christmas pies.

Peak season for pumpkins is October, when about 80 percent of the supply is available. This member of the squash family varies in size from the small sugar pie variety to the jumbo or field type. Pumpkins are a good source of vitamin A, says Delaware extension home economist Claudia Holden, and they are low in calories, sodium and fat.

Select fresh pumpkins that have a hard rind or shell, she says. Softness may indicate immaturity, thin flesh, and lack of flavor. Examine the shell carefully for decay, which usually appears as a water soaked area, sometimes with brown or black mold growth.

To boil fresh pumpkin, peel, seed, and slice the fruit. Cover with salted water and cook until tender. Drain, then mash the pulp and beat it with an electric mixer, or process in a food processor until smooth.

### PUMPKIN BREAD

2 cups flour  
1 cup sugar

To bake, wash the pumpkin and cut in half crosswise. Remove the seeds and string portion. Place the pumpkin in a pan, shell side up, and bake in moderate (350°) oven until it is tender and begins to fall apart. Scrape the pulp from the shell, and continue as with boiled pumpkin.

The pumpkin is now ready to use in pies, custards, breads, pudding, soups and cakes. Toast the seeds for added nutrition and economy, suggests Holden.

Cooked pumpkin can be frozen. Cool the mashed pulp in a container placed in cold water, stirring occasionally. Pack in freezer containers, leaving one-half inch head space. Seal and freeze.

Pumpkin breads, cakes and cookies may be frozen for several months, says the home economist. For a real Halloween treat, bake a batch of pumpkin cookies now, freeze, then reach for them when trick-or-treaters call.

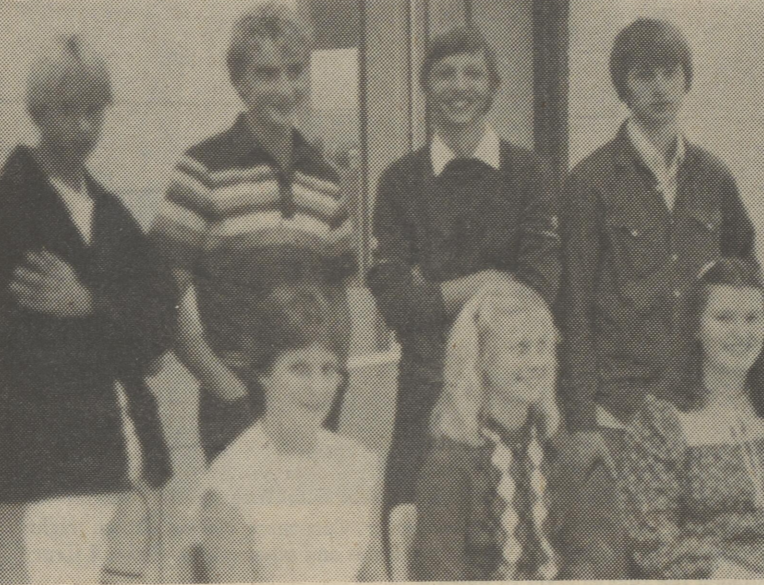

1 teaspoon baking soda  
¼ teaspoon salt  
½ teaspoon baking powder  
½ teaspoon each cinnamon & nutmeg  
¼ teaspoon ginger  
1 cup canned or cooked pumpkin  
½ cup oil  
½ cup water  
2 eggs

Mix dry ingredients thoroughly in a large bowl. Beat pumpkin, oil, eggs and water together. Add to dry ingredients. Stir just until dry ingredients are moistened. Do not overmix. Pour into greased loaf pan. Bake one hour in 350° oven or until toothpick inserted in center comes out clean. For faster baking, use baby loaf pans.

The Lake Forest Friendship Association hosted an international weekend October 8-10. Among their guests were [standing, from left] Christian Dumer and Pelle Norstrom [both of Sweden], Andres Jalshe [Denmark], John Ove [Norway] and [seated, from left] Katrarina Ryd, Yeva Nilsson and Anna Olgeus [all three of Sweden]. They are in the United States as a part of the Educational Foundation for Foreign Study. Entertained by district families over the weekend they attended Friday night's football game, spent Saturday visiting with their hosts and gathered for a covered dish dinner on Sunday. Lynda Rae Gannon is advisor to the Friendship Association. Its officers are Dawn Fletcher, President; Cindy Farrell, Vice President; Sheila Bass, Secretary; Lori Ann Wyatt, Treasurer; and Laurie Daisey, Sergeant-at-Arms.

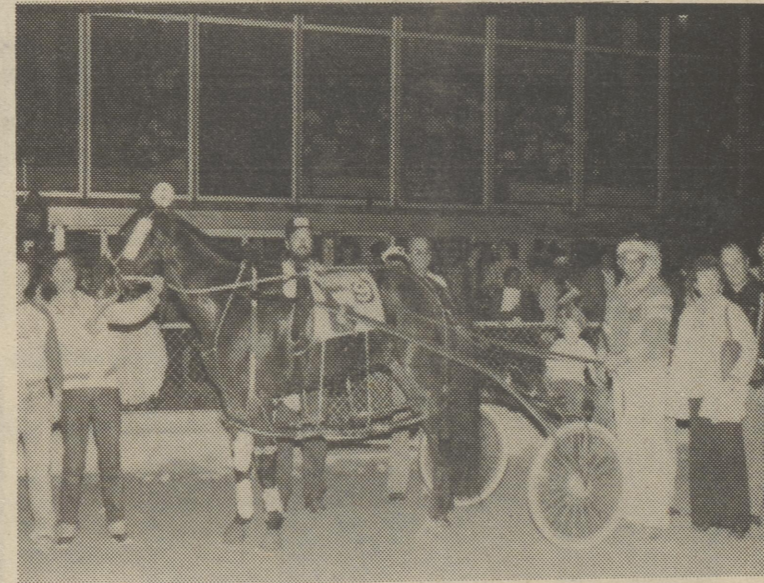

## Woodbridge School Board proposes new policy

By Art Domke  
Bridgeville, DE - At Monday night's monthly meeting of the Woodbridge School Board, a proposed procedure to be sequentially followed for new or amended policies that will control direction and trends of the School District was recommended.

The proposal is a step by step procedure to be followed that allows a channel for input and built-in safeguards to keep policies within the range of control.

In other business there was a proposed change in the use of the farmland owned by the District, which until now has been leased to local farmers. In the works is the use of the land by the FFA students and department for management training and work experience. It is a type of "on the job" training that could be of great value to the students that participate. Many avenues of experience could be gleaned from this kind of project.

The next scheduled meeting is set for November 8, 1982.

## Auction

*(Continued from page 1)*

Many items of household nature from the homes of these later two doctor were offered for sale at Wilson's Auction two weeks ago this past Monday night. The auction of this past Monday night were the remains of items from the estates.

There were some two hundred items sold from these estates at Monday night's auction. The sale of coins were not a part of the Marshall

Estates.  
Some considered rare items of interest were the two 1868 Beers Atlases. One of them brought \$525, and the other, not that well preserved, brought \$200. Two volumes of Scharf's History of Delaware brought a nifty \$410. They were in the original binding. According to one noted Delaware historian "...the items brought a pretty good price."

juvenile was taken to Stevenson Home in Milford where he remained pending action in family court. The two were charged with theft, criminal trespass and conspiracy.

### Unsolved

Remaining unsolved are the reported theft of a ladder and a break in at F & B Enterprise, the arcade on Center Street.

Norris Wooters of Harrington reported the theft of the 24 foot silver aluminum extension ladder valued at

\$159, on October 4. The case is still under investigation.

On Wednesday, October 6, at 9:20 a.m. Freddie White of Harrington Raceway reported the burglary at F & B. Someone had broken in, opened several machines and taken the coins inside.

Police estimated damages at over \$500 and the loss in quarters stolen at over \$800. At this writing there were no leads in the case, but anyone with very heavy pockets may be considered suspicious.

and ask the Council to enforce the regulation.

The grass, he says, is on Smith's side of the property line. Dempsey said he spent several hundred dollars to do a survey to find out exactly where that boundary line is located.

Smith, who was not present at the meeting, reportedly told City Manager Norma Short that his family has owned that property for 78 years, and he knows where the boundary line is. The

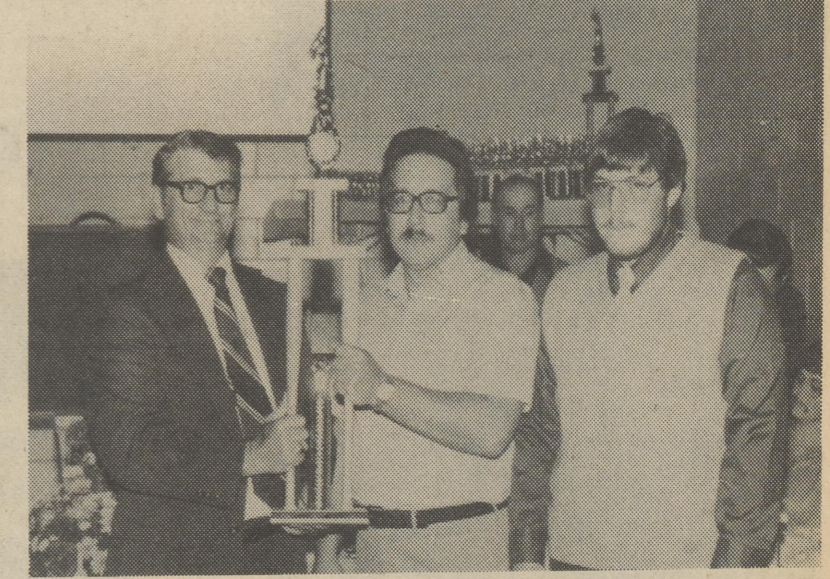

grass, according to Smith, is on Dempsey's side of the line.

The two neighbors, obviously, do not see eyeball to eyeball. Neither one will venture to cut the grass for fear, they both say, the other will have him arrested for trespassing.

The Harrington City Council declined to get involved in the Hatfield-McCoy type boundary dispute. However, Council member Richard Henry offered the tongue-in-cheek advice that the two go into a barn, close the door and settle the dispute man to man.

# The busiest place in town .....

"Come back again...this is where the action is...." Those were the parting words to a recent visitor to a local Harrington establishment. The speaker was not far from wrong. On any quiet weekday, the Harrington Senior Center is the busiest place in town.

Walk in the front door, and the further you go into the building, the more activities you will find. There might be a few friends sharing sunny moments on the front porch, a group watching TV in the living room and several more gathered for coffee and conversation around the tables in the dining room. These are the quieter groups.

Elsewhere in the center, almost every bit of space is in use for some activity. In one corner of the crafts room, a quilting class is getting underway with Eddie Mae Cooper at the center; in another, someone is busy at a sewing machine. Just across the room, volunteer Barbara Evans and a Center member are busy sorting out ricrac and other sewing notions before sitting down to finish a project for an upcoming bazaar.

To the left of the front entrance, the pool table is never idle, while work on ceramics in the area just to the rear seems always in progress.

Watson Brown has had to find space at a side table in the dining room to work on his print transfers. (See Insert).

In the kitchen, something delicious is waiting to be served. One day it is roast beef and baked potatoes with sour cream and other goodies. On another, cherry pie accompanied the noontime meal. Just reading the Senior Center menu can be dangerous to the diet.

If you happen in on Tuesday morning, you'll catch the 25 members of the Jolly Timers kitchen band practicing. Their music is infectious. On Wednesdays you might get invited to sing along with the Senior Sounds - 20 members strong.

If you walk in to the strains of "Happy Birthday", you'll know that the monthly party is in progress. All those who have birthdays in that month will be celebrated with a small gift from the Center and ice cream and cake provided by the memberships.

Bowling - bingo - ceramics - Bible study - movies - bus trips - local shopping - health programs - nutrition information and referral service - oil assistance - Harrington Senior Center has a varied program. Perhaps its most important offering is the warm welcome and the sense of belonging that envelop those who pass through its doors.

An average of 65 to 70 senior citizens take advantage of that welcome each day. Some are there every day; others arrive on an occasional basis. There are

those who arrive on foot or provide their own transportation, but a great many came on buses operated by the Delaware Authority for Special Transportation (DAST). One DAST busload each morning is gathered from the Felton area; another comes from Farmington and Andrewsville. Buses arrive at 10 a.m. and leave around 3 p.m. The Center is open five days a week from 9 a.m. until 4 p.m.

There are 486 members on the Harrington Senior Center rolls. Membership is open to all those who are over 60. There is no charge to join. However, there is a membership organization which asks three dollars per year in dues. Among other things, this organization holds bazaars and sells baked goods and ceramics. Funds raised are used in a variety of ways. The members themselves paid off the mortgage on the building - before any state funds became available. Sometimes the money is used to purchase things for the Center - the new dining room tables and chairs are one example.

The memberships funds also pay 50% of the transportation on many of the bus trips the Center sponsors.

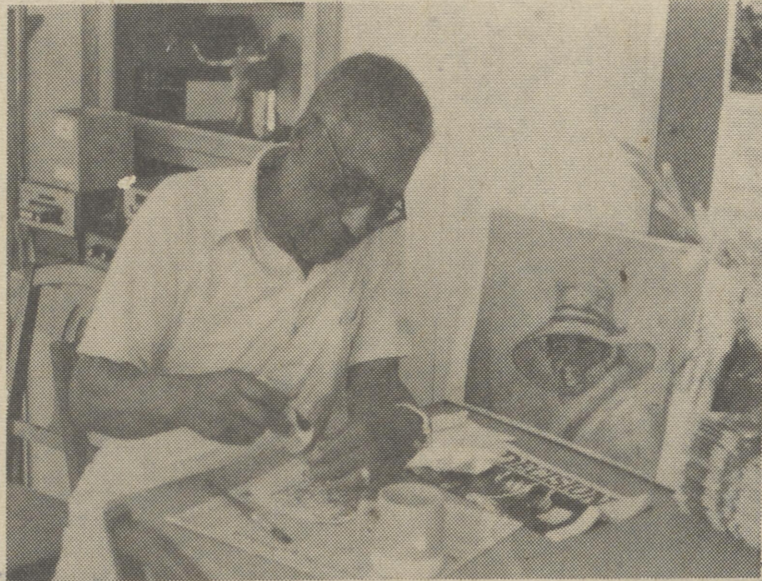

A separate building fund has been established in anticipation of the day the Center will be able to expand. The original Harrington Senior Center opened in the New Century Club on Dorman Street. Later the present building on Fleming Street was purchased. It has been remodeled and expanded, and a paved parking lot added. (The last mentioned was made possible by a HUD grant).

For the most part, the operating budget for the Harrington Senior Center (about \$52,000 last year) is funded by three sources - Kent County (Revenue Sharing funds), the state (Grants-in-Aid program) and United Way. Last year the Senior Center received \$18,000 in United Way monies. In the Harrington area it is the major beneficiary, the United Way effort.

The hot, balanced noontime meal served each day is made available on a donation basis. The same meal is delivered to homebound senior citizens needing the service. This is also on a donation basis.

A Board of Directors oversees the affairs of the Harrington Senior Center. Day-to-day operations are the responsibility of a six member staff: Robert E. (Gene) Price, Executive Director; Charlotte W. Welch, Assistant Director; Elizabeth Zeitler, Kitchen Aide; Dorothy Graham, Arts and Crafts; Alva Voss, Center Aide; and Irene LeGates, Custodian.

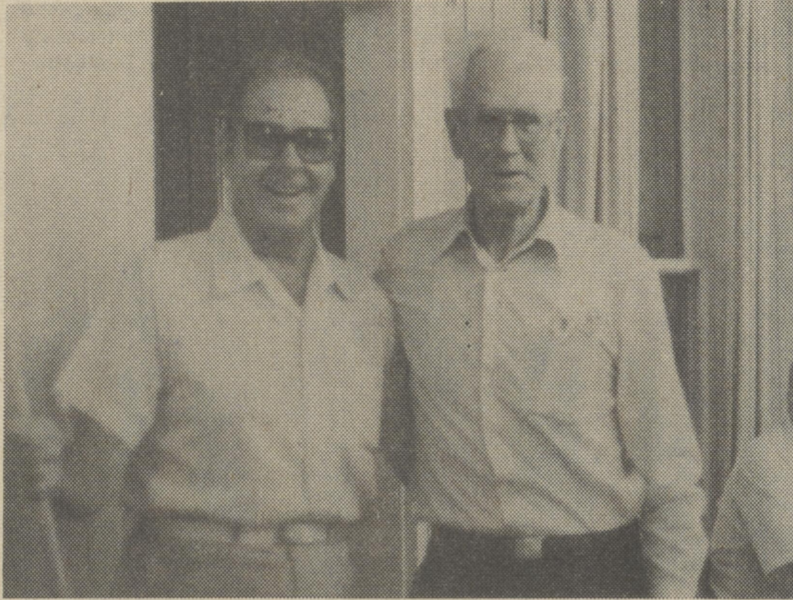

A great deal of volunteer work, much of it done by Center members, helps make the Center run.

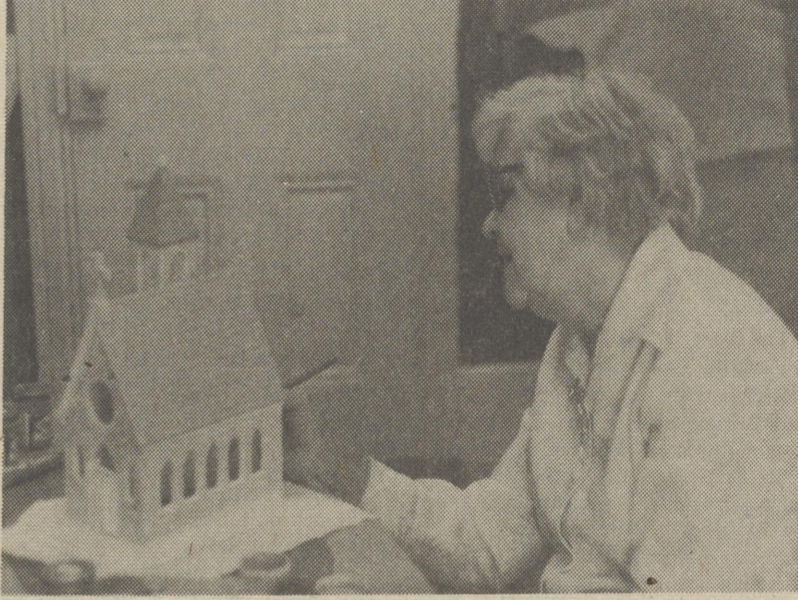

Watson Brown applies a coat of De Calit to a Christmas card he is preparing for permanent transfer. On the table is a print of a Dwight D. Eisenhower painting done while the former president was in the hospital. It has been transferred to canvas for stretching and framing.

The kitchen at the Harrington Senior Center offers hot and tempting meals. Center members pitch in to help with the serving.

Partners in.....service to the Senior Center. Carpenter Marion Brown [right] built a cupboard to display the Center's ceramics and other crafts. Richard Henry [left] applied the coat of stain to finish it.

Work on ceramics keeps Senior Center members busy almost every day. At present they're concentrating on building up a supply for sale at the November 5-Pre-Christmas bazaar.

## Brown teaches print transfer technique

Senior Center member Watson Brown, a retired teacher, believes in keeping the hands, as well as the mind, active. A craft he teaches and practices is print transfer technique, the process by which a print can be transferred to canvas or canvas board for permanent framing. The print can be from a Christmas card, a place mat, an art print - almost anything that it is desirable to preserve.

Step one in the process is brushing on three coats of De Calit. Twenty minute intervals are needed for drying between coats. Once the three coats have been applied, it is best to wait a couple of days before proceeding. The weather can make a difference in the time needed for drying.

Step two is stripping the paper backing from the print. It must first be

soaked in warm water with a little detergent. Then the paper can be rolled away.

No drying time is needed before the third step which is the application of the prepared print to canvas board or canvas. The back of the stripped print and the canvas are just given a coat of De Calit. As the print is applied to the new surface, a roller is used to make

sure all bubbles are out. The texture of the canvas surface will be apparent in the newly applied print, giving it the character of an original work. Once dry, it is suitable for stretching [in the case of canvas] and framing.

Mr. Brown has preserved a variety of prints by using this technique. Among them is a copy of the well known Wyeth painting, "Christmas World".
