

Lake Forest's Board of Education President Rick Feutz discusses plans with Acting Superintendent Melvin Luff. Luff is at the district helm while the school board considers a replacement for Dr. Edward M. Powell. The two were pictured last week at open house in the new Instructional Resource Center. [More on the center in next week's Journal].

Search on for new Lake Forest superintendent Citizens committee will help screen applicants

by Barbara C. Brown

With ads out and the selection of a citizens committee now in progress, the search is on to select a new Superintendent of Schools for the Lake Forest District. Lake Forest Board of Education, Rick Feutz said Monday that the board expects to complete the search and hire someone by July, 1983.

Whoever is selected will fill the post left vacant by Dr. Edward M. Powell who submitted his resignation last month prior to pleading guilty in U.S. District Court in Wilmington to one charge each of extortion and tax evasion in connection with his financial dealings with Training Services, Inc., a school supplier, while he was superintendent in the Capital School District, Dover. Powell served Lake Forest for eighteen months. Feutz said this week that a committee

of thirteen citizens throughout the school district was being chosen to help in screening applicants for the post. A similar method was employed when Powell was selected to replace retiring Lake Forest Superintendent William E. Cline in July of 1981.

In the interim, Deputy Superintendent Melvin Luff is serving in the capacity of acting superintendent. As of this writing, it was too early to know whether any applications for the position have been submitted.

Renovation in the Future

Selecting a new superintendent is not the only thing on the school board's mind. The board is also in the process of reviewing architects to plan for expansion and renovation of district buildings. A five year project is envisioned. It would entail expanding

Lake Forest East Elementary in Frederica by adding four classrooms, major renovation at Lake Forest North in Felton, renovations at Lake Forest South and W.T. Chipman in Harrington, and the possible erection of a storage building at Lake Forest High School.

Planning and getting the necessary funds could be a lengthy process. The local district must first get state school board approval to ask for state planning money. Once that is successful and the project planned, it must go back for a certificate of necessity. After all that is accomplished, the project would have to be presented to Lake Forest residents in a referendum. If the referendum is successful, the project would have to go to the state legislature to get state funding. The state would match local

funds on a 60-40 basis.

Spending on Hold

Meanwhile a spending freeze is on in the district as far as any funds that are not absolutely committed or necessary for the day-to-day operation of the schools. Lake Forest, along with other school districts statewide, has been asked to return 25% of the state funds allocated for every cost. The request was made by the Governor who is seeking to erase a projected year-end deficit. Lake Forest is waiting for the ground rules to be set up for switching money from other school budgets to pay energy costs, before deciding how to compensate for the \$92,000 loss.

At the same time installation of a system designed to monitor and control district energy use is nearing completion.

Albatross, Tar Heel are top sires

COLUMBUS, Ohio - Albatross once again established a new record for earnings by the foals of one sire in 1982, while the late Tar Heel again topped the broodmare sires list last year.

Albatross broke his own record of 1981 by siring foals that won a total of \$10,322,989 at the tracks in 1982. Most Happy Fella, who topped the lists in 1979 and 1980, was second last year with a figure of \$9,608,961.

Speedy Crown jumped a spot to third this year with a total of \$6,344,673. Speedy Crown's position was the highest achieved by a trotter since Star's Pride was second to Bye Bye Byrd in 1973.

Albatross also topped the list of earnings for two and three-year-old performers, with his freshmen and sophomores taking home \$6,999,046. Speedy Crown placed second in this category, Most Happy Fella third.

The leading first-crop sire was Governor Skipper, whose foals earned \$1.5 million. "Two-Year-Old Colt Pacer of the Year" Fortune Teller was responsible for \$1.3 million of the total of the Governor.

The "King of Queens," Tar Heel, died this past year at age 34, but his influence will live on in the sport for years, as attested to by Tar Heel's number one ranking in the broodmare sire category. Daughters of Tar Heel produced the winners of \$11,762,745, with Bret Hanover and Bye Bye Byrd next in line. Star's Pride was the leading broodmare sire among trotters, ranking eighth.

Bret Hanover repeated as leading broodmare sire in the two and three-year-old ranks, with a figure of \$6,850,050. Tar Heel was second in this

category. Bret Hanover, of course, is out of the Tar Heel mare Brenna Hanover, further proof of the greatness of the late "King of Queens."

Harrington Rotary News

by Melvin L. Brobst

The Harrington Rotary Club, Mel Luff, President, heard a fine speaker at its weekly meeting at Harrington Restaurant and Newsstand recently when one of its members, Mark Willey, introduced Mr. Ray Dill of Dover who then displayed a remarkable array of autographs he had been collecting since elementary school. Among those shown and commented on were of Mrs. Eleanor Roosevelt, many of our nation's presidents, and other prominent Americans. It represented a great deal of research and expertise.

It was later announced that Miss Michelle Murray, a senior at Lake Forest High School was the recipient of a one hundred dollar gift from Harrington Rotary toward her expenses for a trip to France this spring

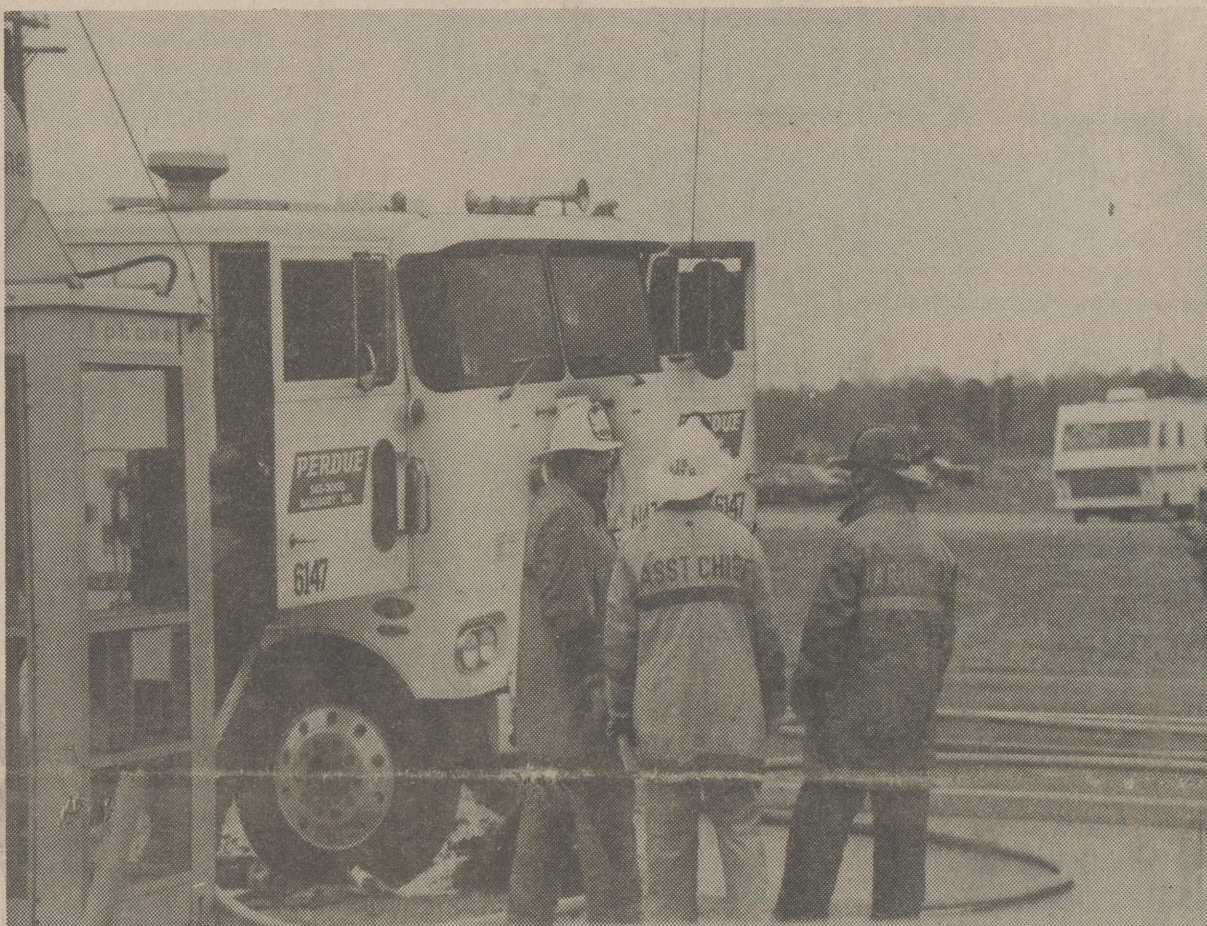

sponsored by the French Department, Mr. James Boyd, advisor.

The third annual wild-game dinner given for the club members by Gayle and Thelma Smith was held on Tuesday night, and the typical wonderful fare was enjoyed by the membership.

The club members are also looking forward to the Shrove Tuesday pancake supper at St. Stephens Episcopal Church on February 15.

Rotary membership is open to all members of the community working or retired. Information can be obtained by attending one of its meetings held each Tuesday evening, at 6:15 p.m., at the Harrington Restaurant and Newsstand 100 Delaware Ave.

"Breaker 1-9 - You got your ears on? - I think you need a fire extinguisher."

Lee Eilers who works for Norgas in Harrington was on the road Monday when he noticed another traveler in trouble. Via CB radio, he notified the driver of the other vehicle, a Perdue tanker with a load of salt, that his truck was on fire. The driver, so far unidentified, pulled up by Banks Convenience Store on U.S. 13 in Harrington and called the fire company. The fire blackened the cab and damaged cab and motor. Bob Taylor, Harrington fire chief, left, was in charge of the fire extinguisher at the scene.

Area Girl Scouts found something to do with all those cookies [besides eating them and selling them]. They created cookie castles in fantasy shapes and in the form of peninsula landmarks for a contest held at Bosco's in the Dover Mall on Saturday. Harrington's Junior Troop 686 entered a model of the Fenwick Lighthouse [above]. The 20 member troop used 25 boxes of all Girl Scout varieties to make the castle, which will be on display at Kustom Kaps in the Quillen Shopping Center, and yes, there will still be Girl Scout cookies for sale this year. The 1983 event begins on January 27.

Air Force Openings

DOVER, DE - The Air Force needs nearly 5,000 people with prior military service, according to TSgt. Joseph Gohra, Air Force recruiter, for this area.

"Former servicemen trained in aircraft maintenance, systems, avionics, weapons, and munitions specialties are critically needed by the Air Force along with intelligence, computer programming and site development specialists," TSgt. Gohra said. Recruiters can offer these critically needed specialists their former rank back if they have not been out of the service more than four years.

"Other specialists are needed but are not on the critical skills list," TSgt. Gohra said. All people with prior service interested in enlisting in the Air Force should call 302-674-4348 to determine if their specialty is on the critical or needed skills list.

DP&L radio watch helps police

A new program to help protect people from street crime is being introduced by Delmarva Power & Light Company. Employees at the utility are assisting state and local law enforcement agencies in Maryland, Delaware and Virginia to increase their effectiveness with additional "eyes and ears" on the street.

Radio Watch, a DP&L community service program, uses company vehicles equipped with radios to report suspicious events, crimes-in-progress or other emergency conditions. Operators of radio-equipped vehicles who observe an emergency situation, report to their dispatchers who, in turn, notify the appropriate law enforcement or assistance agency.

Delmarva Power employees, with assistance from local law enforcement officers, have received training on how to observe and report a variety of street crimes and emergency situations.

"Crime prevention is the police and citizens working together," said TFC Wayne W. Lowe of the Maryland State Police in Salisbury, "we're looking forward to working with Delmarva Power on the Radio Watch program."

Beginning in January, radio-equipped vehicles were marked with Radio Watch decals which can be easily seen by the public and by other vehicle operators who may ask company employees to report or relay messages.

As the program progresses, it is hoped that Delmarva Power vehicles will become known as a link between the public and the police which will help deter crime.

Tips for wood burners

Many homeowners are installing woodburning stoves as a result of the high cost of heating a home with our traditional fuels; oil, gas, and coal.

Safety tips for installation
When you prepare to install your wood stove, protect your home and family by taking necessary precautions. Use this checklist before starting the first fire in your stove to be sure it is safely installed.

1. The stove does not have broken parts or large cracks that make it unsafe to operate.
2. A layer of sand or brick has been placed in the bottom of the firebox if suggested by the stove manufacturer.

3. The stove is located on a non-combustible floor or an approved floor protection material is placed under the stove.

4. Floor protection extends out 6 to 12 inches from the sides and back of the stove and 18 inches from the front where the wood is loaded.

5. The stove is spaced at least 36 inches away from combustible material. If not, fire resistant materials are used to protect woodwork and other combustible materials.

6. Stove pipe of 22 or 24 gauge metal is used.

7. The stove pipe diameter is not reduced between the stove and the chimney flue.

8. A damper is installed in the stove pipe near the stove unless one is built into the stove.

9. The total length of stove pipe (light gauge metal connector between stove and chimney) is less than 10 feet.

10. There is at least 18 inches between the top of the stove pipe and the ceiling or other combustible materials.

11. The stove pipe enters

the chimney horizontally through a fire clay thimble that is higher than the outlet of the stove firebox.

13. The stove pipe does not extend into the chimney flue lining.

14. The inside thimble diameter is the same size as the stove pipe for a snug fit.

15. A double walled ventilated metal thimble is used where the stove pipe goes through an interior wall.

16. The stove pipe does not pass through a floor, closet, concealed space or enter the chimney in the

attic.
17. A UL approved all fuel metal chimney is used where a masonry chimney is not available or practical.

18. The chimney is in good repair.

19. The chimney flue lining is not blocked.

20. The chimney flue lining and the stove pipe are clean.

21. A metal container with tight fitting lid is available for ash disposal.

22. The company insuring the building has been notified of the installation.

After following careful

and cautious installation procedures, you are ready to use your wood stove. To fire the wood stove follow these steps: Cover the bottom of the stove with an inch or so of sand to protect the floor and the bottom plate from the extremes of heat. To start the fire, place a small pile of paper and kindling at the front of the stove. Place heavier wood on the kindling. A wad of paper placed in front of the kindling works well. Don't do anything that will cause sudden sharp changes in the tempera-

ture of the cast iron. Don't throw cold water on a hot stove. NEVER use gasoline or kerosene or charcoal liquid starting fluid to start a fire.

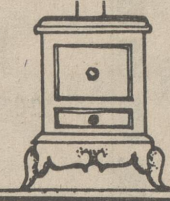

Chimney fires are usually started by allowing a stove or fireplace to get out of hand - by using the stove as a trash burner, for example, and letting flames from a mass of burning material roar up the chimney. Don't use the stove as a trash burner. Don't ignite large masses of light material and let the flames go up the chimney with the draft wide open.

If you have a chimney fire - Evacuate the premises. Then call the fire department. Once these steps have been taken, evaluate your options. If your stove has air tight connections, it may be possible to control the fire by cutting

off the oxygen supply. Your stovepipe connections must be airtight for this to work. You must also have a sound chimney with no other air access holes in it.

A final recommendation for use of a wood stove in your home is the installation of smoke

detectors at a minimum in front of bedrooms and at least one detector on each level of the house.

I don't know how this frigid weather is treating your skin, but I am noted for my extra dry skin in the cold months, and being a sun worshiper, extra dry skin in the summer months. Consequently, the tips I am about to give you are year-round hints if your lifestyle is anything like mine. For those people who have extra oily skin in cold or hot weather, read on, I haven't forgotten your problem, (which I wish were mine). You folks with the oily skin are the lucky ones because the aging process is much slower for you. My husband has very oily skin and probably when I am 60 and he is 61, people will mistake me for his mother. Without the proper added oils (and dollars) that I dab upon my skin every day, you could compare my epidermis to an alligator or scales on a very dry fish.

Let's talk about makeup. Before we apply our makeup, we need a constant moisturizer as a base. Coty's has a once-a-year sale on a fantastic cream which is going on right now. It is called Coty Vitamin A-D Moisturizer Balancer or Complex Cream. Two ounces usually sells for \$6.50, but right now you can buy it for \$3.50. The four ounce size regularly priced at \$8.50 is on sale for \$4.50. This is highly concentrated, so the 4 ounce size, if only used on your face, may last you until next year's sale. Next, you need a highly moisturized makeup. The best I have found is Coty's Moisture Retention Makeup. You may test your color at the makeup counter. This cream base and makeup stays moist on your face all day and protects it from the cold, chapping wind in the winter months. Contrary to what you may think you need in a blusher, a powder based blusher lasts much longer over these extra moisturized bases and makeups.

Another problem a person with dry skin has is also the same problem that

people with oily skin has. No matter how dry your face is, your eyelids will usually not hold up to the driest eye shadow (preferably powder based). I'm sure you know what I'm talking about, especially when your eye shadow usually ends up under your eyebrows before the day is over. Rub a little baby powder on your lids before applying your eye shadow, and you will be surprised how long it will keep your lids looking as if you just applied your shadow.

The rest of your usual makeup will probably be fine after you have taken care of the most important moisturizing on your face.

Now for those lucky people with the oily skin who would like to find a happy medium. After washing your face, apply an alcohol-based astringent (such as Seabreeze or Bonne Belle). Do NOT use a cream base. My sister-in-law (who truly cherishes my advice) asked me the other day how she could control the oil on her face and which makeup would stay on all day instead of running down her face before she finished work. I told her to try a makeup called Ultima II for oily skin and to also use the baby powder on her eyelids. I asked her recently about the Ultima II makeup and she says it is great and lasts all day. This sells for about \$7.50 at Boscos's in Dover, and they will help you choose the best color for you. Remember that you will need a different shade in the summer if you plan to get a suntan.

Next week, maybe we'll talk about how to keep the rest of your body winterized and moisturized all the way down to your toes. In the meantime, let's take care of the most important part, your face. You only get one chance to slow down the aging process on this part of your body, (unless you can afford a face lift).

Smile! A man is truly educated when he realizes how little he knows.

Reverend Robinson of Asbury and Houston Methodist Church was leader of Bible Study Monday Morning at the Center.

Everyone sang *My Jesus, I Love Thee*. Reverend Robinson gave a prayer before and after the service. Reverend Robinson chose as a topic for discussion Philimon. Reverend Robinson read and explained all the verses. The folks all felt well informed and joyful. Virginia Smith was at the piano and Sylvia Meredith was at the organ for the hymns that all enjoyed. Present were Clara Judy, Ethel Holden, Mildred Vincent, Amy Poynter, Tony Perrone, John McCready, Elwood Morris, Cecil Meredith, Marguerite Nachod, Frances Wright, Mamie Adams, Gladys Hill, Bertha Dean, Thelma Legates, Florence Minner and Elsie Vineyard. Virginia, Sylvia, Marguerite, Tony and Sylvia sang *The Old Rugged Cross* and several other favorite hymns.

Monday afternoon "The Chorus" visited The Country Rest Home at Greenwood. Everyone was so pleased with the visit. All joined in and sang together. It made for a nice friendly time! Attending were Ola, Cecil, Gladys, Tony, Florence, Jo, Frances, Mamie, Virginia, Mildred, Marguerite and Elwood. Sylvia and Virginia took turns at the piano.

The Jolly Timers had band practice Tuesday morning. What fun! The fourteen present truly sounded so-so good! Sounding forth was Sylvia Meredith, Cecil Meredith, "Andy" Anderson, Mildred Vincent, John

McCready, Tony Perrone, Gladys Hill, Ola Tildon, Mamie Adams, Ella Golt, Bertha Dean, Elsie Neal, Florence Minner and Jo Burke.

Birthday Party - Well you should really be here and join in on the fun. New friends, old friends, come one, come all! There was a grand showing Tuesday afternoon at the monthly birthday party at the Center.

Wednesday the man from Nemours (Tom Sezna) was here in regards to medicine, glasses and teeth. He was from Dupont for Delawareans.

Thursday was local shopping with Clint, the Dast Driver.

Bingo - pool, ceramics, crafts, movie by Dave McCracken (Hawaii). Thanks to all volunteers, you make all of us very happy at the Center. Thank you! The weather is cold today, but I am so thankful there is no ice or snow. This time last year, do you remember, every day was treacherous to walk even from bus to house!

This is the kind of weather we used to make popcorn, fudge, hot cocoa and play games with the family. Remember and maybe if you were lucky, heard a good program on radio or curled up with a good book. Maybe Mother would let you pull taffy!! Remember!! Meet at the Center, you will be happy you did! Ceramics are all aglow. Honestly, we have a wide variety in programs. Hens and chicks, fighting roosters. The ladies around the table doing Easter eggs, frogs, vases, cats, bunnies, lots of pretty things in the making. Have you checked TRIPS?

Best wishes to all. It is part of the cure, to wish to be cured. Faith!

COLDS - ASPIRIN
Adults should not routinely take aspirin to lower a fever unless they are extremely uncomfortable, says Dr. R.H. Waldman, head of Dept. of Medicine at W. Virginia U. A low fever kills cold viruses, which makes it one of the body's defense mechanisms. Nor should children be given aspirin unless their fever rises above 102.5°, says Dr. Waldman.

Gab Fest by Pat Hatfield

Well, we are getting right along with old January. To me, it is the longest and most tedious month of the whole year, in spite of the fact that I first saw the light of day during its time.

I received for Christmas from our Bollinger family two lovely books. One is an anthology of inspiration and humor separated into months. On the very first page there is this quote: "On the wind of January Down flits the snow". So far in January in little old Delaware very little snow has flitted down. Of course this is a quote from Christina Rossetti's poem of the eighteen hundreds which goes: "On the wind of January Down flits the snow, Traveling from the frozen North as cold as it can blow. Poor robin redbreast, Look where he comes, Let him in to feed your fire, and toss him of your crumbs."

Also back there in the eighteen hundreds, Charles Lamb, the famous writer, said, "New Years Day is every man's birthday." And, going back to our still older poets, Edmund Spenser said in the fifteen hundreds, "Then came old January Wrapped well, In many needs to keep the cold away; Yet did he quake and quiver, like to quell and blow his nails to warm them if he may." Oscar Wilde, in the eighteen hundreds, had those New Year's resolutions in mind. He said, "The fatality of New Year's resolutions is that they are always too late."

The temperature is down to 18 this

morning and a cold north wind is sweeping across the meadows. Hot, hearty food must be prepared. Meal planning is always a challenge to me, and now it is a real project because I have to plan something that my arthritic hands can do.

Do you all like and use turkey legs? I couldn't keep house without them. They are so good, pricewise. I get two meals from a package. I put them in my small roaster with an onion or two and a bit of water to make broth. When they are done and cool, I pick the meat off and use it in various ways. Yesterday we had it in gravy over stove top stuffing. With a vegetable and salad it made a nice meal.

Today I planned to make Turkey Strata. Take 8 slices of day old bread. Butter two slices, cut in cubes and set aside. Cut the other slices into cubes and line a casserole or long baking pan.

Combine: 2 cups diced turkey (or chicken); 1/2 cup chopped onion, 1/2 cup chopped green pepper, 1/2 cup mayonnaise, salt and pepper, and put on to the bread cubes. Then take 2 slightly beaten eggs, 1 1/2 cups milk, 1 can of cream of mushroom soup (or cream of chicken soup) 1/2 cup sharp shredded cheese. Let stand an hour or two or overnight. When ready to bake, put buttered cubes on top and bake 350° until set.

The chopped meat is good for turkey salad, too. Happy cooking!

The final five bouts belonged to the Spartans. In addition to Mosley, Lapinsky and Parker, Rob Rennie and Russell Elliott were L.F. winners.

Spartans loseto CR

by Barbara C. Brown

The going got tougher as the weight classes increased when Tom Shaffer's Spartan wrestling team faced Northern Henlopen Conference leading Caesar Rodney last Wednesday. All of Lake Forest's limited success came from the early bouts. The heavier the opponents got, the heavier the going.

Despite the 46-12 outcome, several Lake Forest grapplers turned in five performances. Spartan Greg Ecenrode improved his perfect record with a pin in the 128 lb. class, and Ken Outten and Frank Wilson won their bouts by decision. In the 134 lb. class, Spartan

Don Tiedgen gave his CR opponent a real battle before going down 2-1.

Individual Results

100 lb. - Caesar Rodney's George Jones pinned Hughes of Lake Forest in 31 seconds.
 107 lb. - Ken Outten of Lake Forest, 8-2 decision over CR's Robert Feliciano.
 114 lb. - Frank Wilson of Lake Forest, 4-3 decision over Anthony Smith of CR.
 121 lb. - Cciso Davis of CR pinned Mike Zdradzinski of Lake Forest in 1:37.
 128 lb. - Greg Ecenrode of Lake Forest pinned CR's Jeff Ensslin in 1:37.
 134 lb. - David Finfinger, 2-1 decision

over Lake Forest's Don Tiedgen.
 140 lb. - Randy Smith of CR pinned Scott Flemming of Lake Forest in 1:44.
 147 lb. - Paul Hertzog of CR won by forfeit.
 157 lb. - Mike Harris of CR, 15-4 superior decision over Lake Forest's David Wilson.

169 lb. - David Minor of CR, 12-6 decision over Marvin Parker of Lake Forest.
 187 lb. - John Marble of CR pinned Lake Forest's Rob Rennie in 1:59.
Heavyweight - Jeff Winchester of CR pinned Lake Forest's Kermit Mosley in 1:52.

Spartan girls hang on to lead, defeat Dover

Pat Dyal's Spartan basketball varsity jumped out to a 16 point lead which helped the team stay ahead of Dover's Senators until the end of the game. The score posted last Tuesday evening was 58-45 in Lake Forest's favor.

The Spartans' long 18-2 first quarter lead was whittled away by the Senators who had 11 and 19 points, respectively, to Lake Forest's 7 and 14 in the middle periods. At the outset of the third quarter, Dover narrowed the gap to two points before the Spartans

pulled away. A 19 point final quarter helped the team seal the victory. Dover scored 13 points in the same period.

Stephanie Tolson, with 13 points, and Pam Pierce, with 11, led Lake Forest in scoring. Not far behind were Pam Harris and Anita Sherwood with 9 each and DeeDee White with 8. Carolyn Browne was good for 6 points, while Angie Akins contributed 2.

The win brought the Spartan conference record to 4-1.

Scott leads Spartans to victory

by Barbara C. Brown

Tony Scott led his Spartan teammates to their first regular season victory Friday night as Lake Forest defeated Delmar, 55-48. Scott, with a game and season high of 26 points, accounted for nearly half of the winning total. Four of those points came at the foul line where Scott shot four for five. He also pulled

in ten rebounds for Lake Forest. Darryl Tolson, with 11, and Nelson Mosley, with 7, were other solid contributors for Lake Forest. The remaining Spartan points were accumulated by Jerome Harris and Robert May, 3 each; Ralph Taylor and Vincent Thorpe, 20 each and Stanton Spencer, 1.

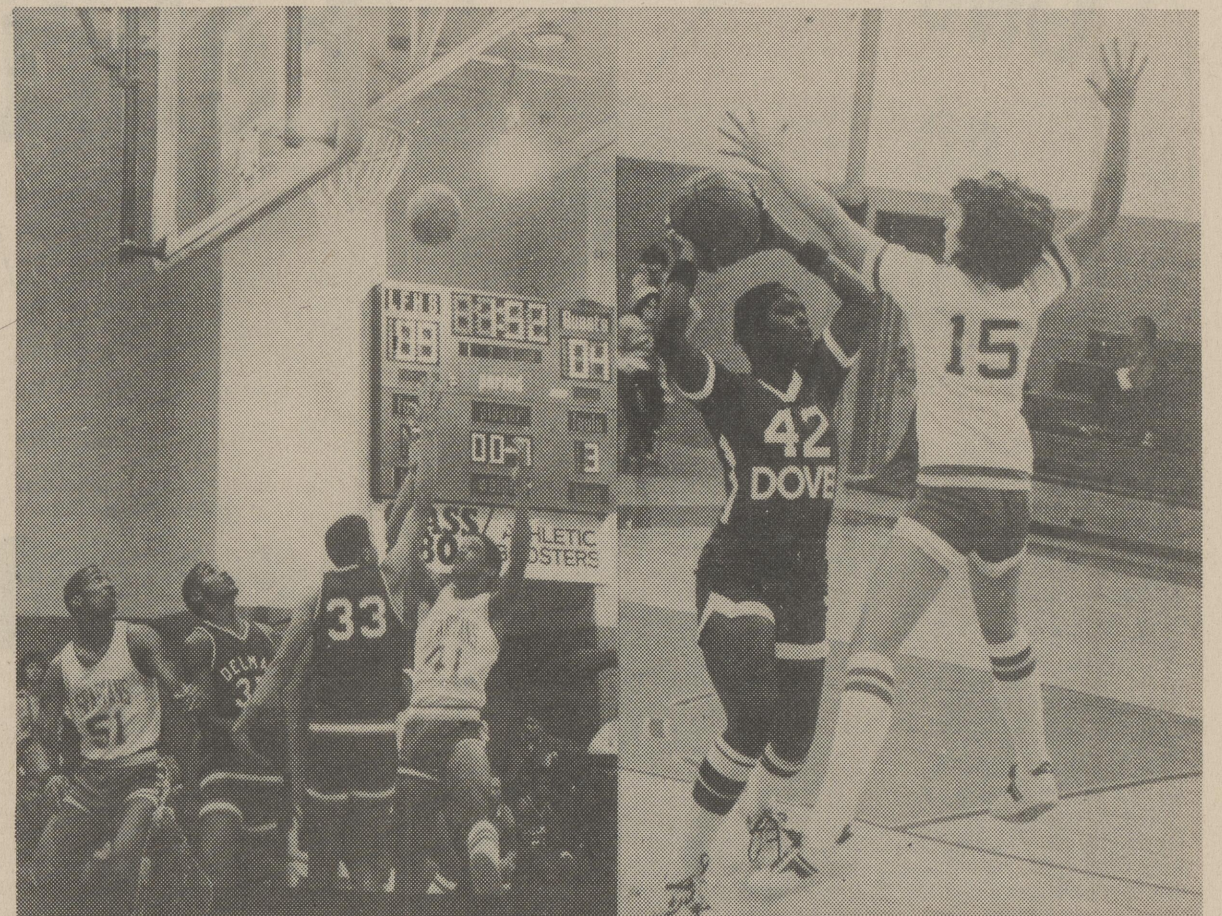

LF boys lose 73-63

Tony Scott, with 19 points, and Jerome Harris, with 18, led Bill Falasco's Spartan basketball varsity in battle against Dover's Senators last Tuesday evening in the Lake Forest gym. The Spartans stayed in the battle the whole way, narrowing the gap to 6 or 7 points on at least one occasion. However, the Senators preserved a 10 point lead at the final whistle to take the 73-63 victory.

The Spartans' best quarter (and the

best for either team in the game) was a 22 point effort in the fourth. However, the Senators stayed consistent in shooting and rebounding, adding 17, 18, 17 and 21 point quarters for the win.

In addition to Scott and Harris, Spartan points came from Kevin Murray and Vincent Thorpe, 7 each; Nelson Mosley, 4, and Robert May, Stanton Spencer, Darryl Tolson and Ralph Taylor, 2 each.

[Photo at left] Tony Scott, 51, seems to concentrate on the rebounding possibilities as teammate Nelson Mosley, 41, gets off a shot. Scott grabbed ten off the boards and hit the hoop for 26 to lead the Spartans to victory against Delmar. LF bows to Wilmington

The Lake Forest Community swim team dropped its second dual meet of the season to the Wilmington Aquatic Club, 280-184. Wilmington Aquatic Club is one of the top 5 teams in the East and ranked in the top 20 nationally. Wilmington swam its "C" level team.

The Lake Forest New Wave swimmers had an exceptional day in spite of the meet score with time improvements on almost every swimmer.

Several team records were broken and many more swimmers recorded "C" level times, that is a goal for each swimmer.

The 8 and Under girls team was paced by Angie Mason, who led Lake Forest to victories in both the Freestyle and Medley relays along with Tasha Berry, Julie Smith, and newcomer Karen Calvert.

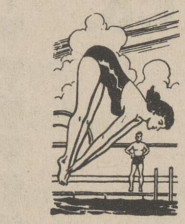

The 10 and Under group was led by Jason Monroe who broke his own record in 50m Breaststroke inching closer to "A" level times. Also scoring "C" times, which are rewarded with gold stars, were Scott Pierce - Breaststroke, and Danny Voshell - Backstroke. For the girls, Jana Smith continues to improve with "B" times for Breaststroke. Jill Blades also swam to the "B" level in that stroke. Jana also swam a "C" time for the Individual Medley. Sarah Schmittenger swam "C" level times for the Backstroke.

The 12 and Under group was led by Kelly Jones who established "B" times in Breaststroke and "C" level times in

Butterfly. Paige Parker also improved her times in both Back and Breaststroke. For the boys David Chambers and Greg Reed recorded "C" times in Backstroke and Freestyle respectively.

The 13 and Over group swam exhibition. Several swimmers excelled. David Fifer swam to "B" or Red Star times in Freestyle. Joyce Oakley, Valerie Parker, and Patty Drew, all swam "C" times in the Freestyle. Kristen Reid broke the girls' 50m Backstroke records, and Lori Wilson won the Individual Medley event.

The New Wave faces a tough Wicomico team next Saturday, the 29th, at Salisbury State College. The entire team will swim in this meet with records expected to be broken as many swimmers edge closer to "B" and "A" level times.

It's Saturday and what a pain, no school today but lots of rain.

and mother tells me when it pours, "The weather's bad so stay indoors."

I'd rather go out in the yard, but no! it's raining much too hard,

so I will stay inside and play this rainy Saturday.

The above selection was taken from some materials selected by Dr. Floriani to accompany his presentation.
