## Harrington City Hall - Another alternative?

Sources at City Hall Monday said no definite offer of sale has been made and no cost proposal presented. However, the former Millard Cooper funeral home on Center Street in Harrington has been discussed as another alternative in Harrington's search for new city quarters. The discussion came at a Council workshop session on February 28. City officials will probably take a closer look at the building located on the corner of Center Street and 2nd Avenue in Harrington before giving the site more serious consideration.

The former funeral home is the fourth among a number of alternatives to be given more or less serious attention. The other three locations most mentioned are the old Peoples Bank building, the Smith building (both on Commerce Street) and a Liberty Street site near Delmarva Power and Light on which a new building would be constructed.

In December, the Council focused on two of those possibilities when it mailed out a public information questionnaire to city residents. The questionnaire asked respondents to compare the Smith building (estimated cost \$135,000) with the proposed Liberty Street site (estimated cost \$140,000). However, the questionnaire raised hackles among some who felt they were not being offered a real choice. 125 of them signed a petition which was presented at Harrington's annual citizen's night on January 7.

At the same January meeting results of the questionnaire were reported: 88 preferred the new site, 34, the Commerce Street location; 28 checked

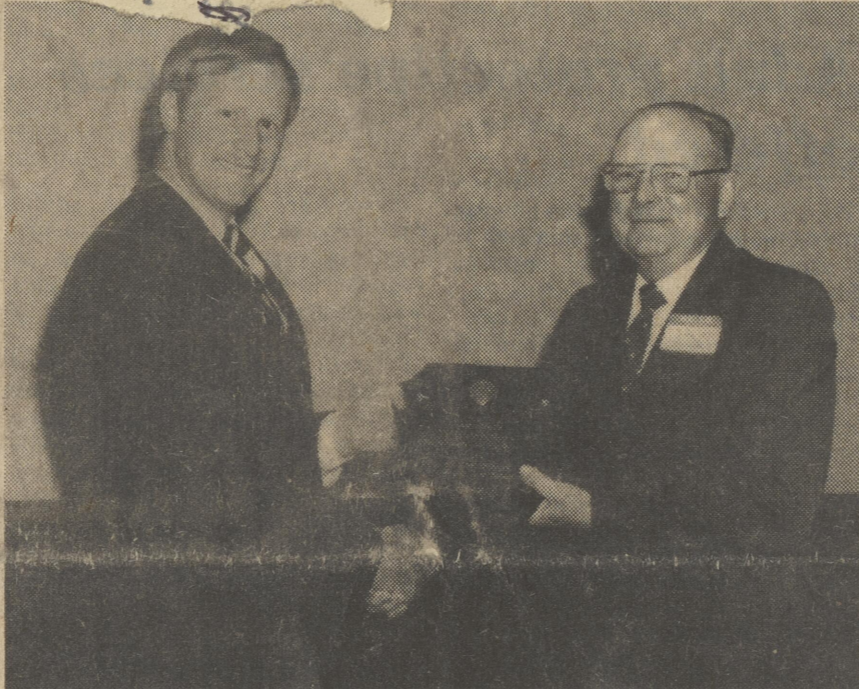

neither alternative. 750 people did not bother to return the questionnaire at all.

The most recent suggested alternative, the former funeral home, bears a recent history almost as controversial as the question of city hall itself. There have been two separate attempts by different people to turn it into a nursing home. Both were defeated by state fire safety regulations that the owners or prospective owners said would be too costly to meet. At another time there was talk of turning the building into a group home for retarded citizens. Rezoning for that purpose met strong neighborhood opposition. For a brief period the building housed a card and gift shop owned and operated by Mr. and Mrs. William Musser.

It was not clear at this writing whether any discussion of the building as a city hall possibility would crop up on the agenda for next Monday's (March 14) regular Harrington Council session. However, any choice must be made as a positive proposal, discussed at a public hearing and put to city voters on a referendum.

Paying for any new city quarters has been subject to question. When the December opinion poll was mailed, the council was talking about possible tax increases for the duration of any loan necessary to pay the bill. But Council members both publicly and privately were hopeful that such a loan could be paid through fine money accumulated by the police department so that any tax increase would be short lived. But no one could guarantee that sufficient fines could be collected.

## Houston man arrested on drug charges

Members of the Delaware State Police Strike Force Team executed a search warrant on Thursday, March 3 at the residence of Helmut Ford, 26, of Rt. 384, Box 123, Houston, DE. The search of the home, located on County Route 384, four and one-half miles east of Greenwood, Delaware, was searched between 7:10 and 8:15 a.m. and police took into their possession the following items: individually wrapped 10 ounce packages of marijuana, miscellaneous drug paraphernalia, a Western Field 20 gauge shotgun, a Remington .22 caliber semi-automatic rifle, loaded, a

sawed-off .22 caliber rifle and numerous .22 caliber ammunition.

Mr. Ford was arrested for possession with intent to deliver marijuana, maintaining a dwelling for distribution of marijuana, possession of drug paraphernalia and possession of a firearm in commission of a felony.

Ford was processed at Troop 4, Georgetown and arraigned at J.P. Court 3 where secured bond of \$9,750.00 was set by Judge Plack. Ford was incarcerated at Sussex Correctional Institution in default of bond awaiting a preliminary hearing.

## Curtis receives 1983 U of D Ag Alumni Worrlow Award

Harrington farmer, banker and retired vocational agriculture teacher John M. Curtis has received this year's George M. Worrlow award from the University of Delaware Agricultural Alumni Association. Presented annually, the award recognizes outstanding service to agriculture by a university graduate.

A native of Harrington, Curtis grew up on a grain, vegetable and dairy farm and continued to work there until he graduated from college in 1941 with a bachelor's degree in agriculture.

After serving in the second world war, he returned to Delaware to teach vocational agriculture, first in Milton and later at Harrington High School which eventually consolidated with other area high schools to become Lake Forest High School. He retired from his teaching position there in 1972.

Over the years he acquired three farms, totaling 400 acres, and established a 200-sow farrow-to-finish hog operation which he now runs in partnership with his son, John M. Curtis, Jr.

Since 1974 he has been a director of the First National Bank of Harrington and became its president in 1982. He is a member of the Delaware Vocational Agricultural Teachers Association,

Delaware Farm Bureau, National Pork Producers Association and the Delaware Pork Producers Association. He presently chairs the agricultural committee of the Delaware Bankers Association.

Among previous honors, Curtis has received a plaque and citation for 31 years of outstanding service to Future Farmers of America, a citation for 25 years of service to the Delaware Pork Producers Association, and a plaque and citation from the Harrington and Milton Lions Clubs. A \$500 scholarship has been presented in his name by the Harrington High School Alumni Association.

Curtis is active in his community as a member of the Asbury United Methodist Church, the Harrington Lions Club and the Harrington High School Alumni Association. He is also a tax ditch manager.

Over the years he has often cooperated with University of Delaware scientists and extension agents on crop and swine experiments. "The results of these sometimes have completely changed my farming directions," Curtis says. "I continue to look forward to giving them my full cooperation."

## Frederica, Felton and 14 others get HUD grants

Sixteen communities in Kent and Sussex counties have been awarded \$1,636,169 in competitive Community Development Block Grant Funds, Secretary Owen F. Peagler, of the State Department of Community Affairs, announced today.

The grants, ranging in amounts from \$228,000 to \$33,165 are made in response to 30 proposals received by the Department of Community Affairs last November requesting \$5.9 million, he noted. These awards for Fiscal Year 1983 mark the second year of administration by the State of the small cities community development block grant program previously conducted by the federal government.

Four of the 16 communities are receiving grants -- Leipsic, Rehoboth, Woodside, and Wyoming -- were receiving community development funds for the first time; and that three others -- Frankford, Milton and Frederica -- are being funded for the first time by the State. The number of communities funded worked out evenly between the two counties at eight each.

Among those funded were Frederica - \$33,165 for upgrading a water line. The funds will make it possible for the town to install curb boxes in the new 10 inch water main the town put in when it received a \$200,000 HUD grant in 1980. It will also help low to moderate income families run water lines from their homes to that main and thus make the water line more functional. To date only fire hydrants and one or two trailers have been hooked up. Cost has been a factor.

Felton - Housing Rehabilitation \$54,035. - Felton was awarded \$91,000 in the first round of grants in July. Felton had asked for \$100,000 in the second round.

Bridgeville - Housing rehabilitation and housing demolition - \$112,500. Bridgeville asked for \$300,000. Land acquisition for a park was included in the request.

Sussex County [Greenwood and Ellendale] Housing Rehabilitation. \$158,750. The original request, which

Burning hay littered the roadway, and thick smoke obscured vision on U.S. 13 south of Felton [near Knapp's Branch] last Friday when a tractor trailer load caught fire. The driver, Joseph Patterson of Gap, PA was headed for the Joe Adamo stables in Harrington with 14 tons of hay [lespedeza, red and white clover and timothy] worth \$2,500. Patterson pulled to the side of the road and tried to extinguish the fire, but was unsuccessful. Felton, Harrington and Frederica Fire Companies were called out, and heavy duty farm equipment assisted with the cleanup. The mishap forced rerouting of traffic, making it 2 way on the half mile section of U.S. 13 northbound for several hours. There were no injuries, but the hay was a total loss.

## Lake Forest prepares spring play

by Phillip Kensington  
Lake Forest High School will present its spring theater production on two consecutive weekends this year. The play is *The Uninvited*, a stage adaptation of Dorothy MacArdle's classic ghost thriller dramatized by Tim Kelly. Curtain time is 8:00 p.m. on Saturday, March 19; Friday, March 25; and Saturday, March 26, in the high school auditorium.

The story concerns a brother and sister, Roddy and Pam Fitzgerald (played by Jeff Moore and Debbie Roland), who buy an isolated house and end up with more than they bargained for.

"That sounds very much like a typical ghost story," says director Curtis Stickel, "but it turns into more of a mystery as the characters try to figure out just who has died there and now haunts the place. The mystery, humor, and special effects put it a notch above your typical ghost story."

Rehearsals began in late January, and the cast is now in the final stages of practice. Sets went up this past

weekend, and the cast is now working on polishing its timing with the special effects.

"Working with the special effects is harder than I thought it would be," says senior Debbie Roland, now in her fourth year in drama at Lake Forest. "To come off right, there has to be perfect timing between the actors and the special effects people."

According to Mr. Stickel, the cast is ahead of schedule in rehearsals. "This has been an easy group to work with. Most of them knew their lines ahead of time, and they've responded well to my directing."

Other members of the cast include Nancy Fleming, Kathy Drew, and Linda Lee, who were all in last year's play *Barefoot in the Park*, plus John Layton, Chris Stone, Shawn Cooper, Debbie Perry, Doug Huffstutler, Bambi Biggs, and Sherry Roberts, all appearing in their first major production.

Tickets will be on sale at the high school or at the door. Cost is \$3.00 for adults and \$1.50 for students.

## "Show Boat" features classic song & dance number

SHOW BOAT with its troupes of actors known as The Singing Players will be staged March 24, 25, and 26th in Dover Central Middle School Auditorium at 8:15 p.m. Oscar Hammerstein, II capitalized on bits of vaudeville, melodrama, and a lot of nostalgia from Edna Ferber's best selling novel of the same name. This provided Jerome Kern with lyrics that produced artistic masterpieces of music theatre: "Ol' Man River"; "Make Believe"; and "Why Do I Love You?" "Life Upon the Wicked Stage" (as acting was viewed by turn of the century society), has become the classic song-and-dance number not only of this show, but in the repertoire of top notch performers through the years.

The current song-and-dance comedians are Mary Jean Mason (Harrington), who teaches in the Lake Forest School District, and plays Ellie, and Keith Holden, DAFB chief of cost and management, who plays her husband, Frank. Miss Mason appeared in "Dames at Sea" and "Hello Dolly"; played Rosie in "Bye Bye Birdie"; Joanne in "Godspell". She studied voice with Norma Heyde, Milford and won the talent award for the 1980 Miss

Delaware Pageant. Mr. Holden played leads in "Brigadoon" and "Flower Drum Song" and appeared in "Orfeo & Euridyce". Having been a college voice major and instrumental minor, he has had much experience as a soloist and teacher in both fields. This couple specialize in the soft shoe dance and cake-walk, typical of shows of this period.

A Chorus of fifty voices supported by an eighteen piece orchestra is directed by Margaret S. Storey. Stephen G. Gross of Wilmington is Stage Director. Dan Houghtaling is Stage Manager with a large group of committees assisting in preparation of the show. Nancy McIsaac and Sarah Herster are designing period costumes, and Janet Robbins is in charge of make-up. Don Blakely and Gordon Conk have planned the lighting and sound effects.

For tickets call 674-0508 or visit the following locations: in Dover at B & B Music, Ettenger's, Muriel's Gallery and Boscov's; in Milford at Leggett's; in Harrington at Taylor's Hardware; in Smyrna at Nature's Way. Adults \$4.00, students \$2.00 advance sale. Group discounts available. Box Office price is \$1.00 higher.

## Adult protective services offered

The Division of Aging began offering Adult Protective Services on March 1, to mentally or physically impaired adults in Delaware who are subject of abuse, neglect or exploitation.

Under the auspices of the Dept. of Health and Social Services, the Division of Aging has been planning for the implementation of Adult Protective Services since the law was enacted in July, 1982.

Five Division of Aging social workers who were hired and specially trained to work in the program will be accepting referrals to the program. The social workers will assess reports and provide counseling to impaired adults to help them meet basic needs and effectively manage their own resources. When needed, referrals will be made to other agencies for medical, legal, housing and nutritional services.

Since funds for the programs are limited, whenever possible, clients will be expected to pay for services through insurance plans and other resources.

Involuntary services for adults considered to be in jeopardy and who lack the capacity to consent to voluntary services, can be provided with authorization from the Court of Chancery.

Referrals for the service can be made to the Division of Aging in New Castle County at 421-6791 and the Division office in Sussex County at 856-2445. Until May 1, referrals for Kent County will be handled through the Division's New Castle County office.

For further information, contact Eleanor L. Cain, Director, Division of Aging, at 421-6791.

## New rules for welfare checks

The Delaware Division of Economic Services has announced that new rules for cashing welfare checks took effect March 1st.

According to Charles E. Hayward, Director, Division of Economic Services, this change will help limit the State's liability for altered or forged checks. "Those who receive welfare checks will be required to show their blue Social Services or Economic Services ID card and a second form of identification when cashing their checks at Wilmington Trust and Girard Bank offices." Examples of the second form of identification are:

1. Driver's license
2. Social Security Card
3. Library Card
4. Credit Card

Other acceptable identification may also be used, however, A MEDICAID CARD WILL NOT BE ACCEPTED.

The safety razor was invented in 1895.

## Felton voters choose Egler, Hurd

Felton voters Monday night selected two new council members to serve on the town's governing body. Voted in were George Egler and Thomas Hurd.

In giving the nod to Hurd and Egler, Felton residents who turned up at the polls rejected a bid by incumbent Tom Jenner to serve a second term. Fred Greenly III, who had filed for one of the two council seats, was also defeated.

Eighty-five Felton voters thought it worth their while to venture out on the rainy March afternoon to cast their votes. Each was entitled to vote for two candidates.

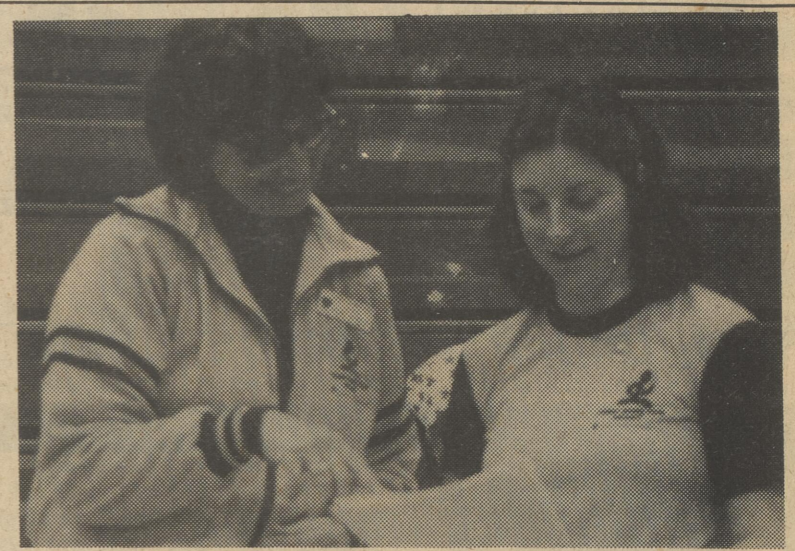

When the votes were counted, a relatively narrow margin separated

the candidates in each place. George Egler, who built on the 37 votes he received in last year's unsuccessful bid, was the leader with 52 votes. Clarence Hurd, just eight votes behind, received 44; Fred Greenly got 37, and Tom Jenner, 28. Originally elected in 1981, Jenner received 73 votes the first time out.

Besides Jenner, the other person who will not return to the Felton Town Council is Fred Casper, a three term member. Casper got 81 votes in the '81 election. He chose not to run in '83. The Council meets next Monday, March 14, to reorganize for the year.

Winners in Felton - Clarence Hurd [left] and George Egler [right] were both grateful for voter support in Monday's election that put them on the Felton Town Council for the next two years.

A lot of people got in the action on Saturday as Lake Forest put on its 2nd Annual Jump Rope for Heart in the High School gym. Over a hundred young people got good exercise for a good cause. Above, Lake Forest Coordinator for the event Peggy Coyle [right] confers with Ann Comegys of the Kent County Heart Association. Below Fred Hazletine, Assistant Manager at Harrington Hardees, passes out the O.J. donated by Hardees. He was assisted by Elli Killen.

## Gab Fest

by Pat Hatfield

The calendar says March 1, and outside the windows it is a typical March day. The wind blows and the rains beat upon the windows. The daffodils are up at least 5 inches and proudly bearing their buds already. They are a hardy plant. I've seen them covered with ice and they would survive. In folklore, March is known as the Sap or Worm month.

I was amused by a little poem by Thomas Tusser: "Yet true it is, as cows chew cud, And trees at spring do yield forth bud, Except wind stands as never

### HEALTH TIP

OF THE WEEK

#### HYPERTENSION

High blood pressure is a major cause of cardiovascular disease and death. Most hypertensives are overweight. Weight loss alone can significantly reduce blood pressure as demonstrated by a group on a balanced, low-calorie diet for several months who returned to normal weight. Blood pressure fell substantially in most cases - to normal in a majority of cases. Evidence suggests that excess salt (sodium) intake is also a major contributor to hypertension.

## Housework vs Television

Some people have nothing else to do, except sit and watch TV. Now I'm not saying I wouldn't like to, but my housework's calling me. Our TV's always on at night, from dawn till late, late shows. When I'd have the time to watch, Heaven only knows. I went to work one morning, and someone said to me, Did you see that Linda Carter Special last night on TV? Now you might think me stupid, but who is Linda Carter? Is she Jimmy Carter's wife, or maybe she's his daughter. I'm told that she's called "Wonderwoman". She fights for peace and truth. Now I hope she doesn't change her clothes in our modern-day phone booth. I try to watch "Hill Street Blues", Thursday night at ten. But while I'm folding towels and sheets, I missed the end again. I heard last week that Joyce Davenport married Captain Furillo. I'd like to see her scrubbing pots and pans with a pad of Brillo. Let's not forget the soap operas every afternoon. How I'd love to see those milk-faced beauties pushing on a broom. The hardest work they ever do, is open make-up jars. After hot and heavy love scenes with handsome male co-stars. I'd like to watch "Hill Street Blues", "20-20" and "Knott's Landing". But switching channels for an hour, usually leaves me panting. Now how about M\*A\*S\*H? The final episode? 80 million people watched, while this chick cleaned and sewed. Now mind you I'm not up on M\*A\*S\*H, so it really doesn't matter, But why should "Hot Lips" have the fun, while I'm mixing pancake batter? That guy that does the "Neilson Ratings" must have nothing else to do, I'd like to have his job ONE night, and he could have mine, too!

## Lenten Collection for world's needy to be held in Wilmington Diocese

Catholic parishes throughout the Diocese of Wilmington will join with others throughout the United States on the weekend of March 12-13 in the 27th Annual Overseas Appeal Collection. This outreach effort is the primary source of funding for Catholic sponsored overseas relief operations. It also assists Migration and Refugee Services, the Holy Father's Charities, and National Catholic Apostleship of the Sea Conference.

Some of the internationally recognized efforts made possible through recent Lenten appeals included the efficient distribution of 96,825,000 tons of food, valued at \$56.5 million, to avert side-spread food shortages in Poland the \$10 million aid effort in the November 1980 earthquake in Southern Italy. The agency also provided disaster relief last year to Honduras, Ecuador, East Africa and Lebanon.

The Most Rev. Thomas J. Mardaga, Bishop of Wilmington, in a letter addressed to the people of the local diocese congratulated them on giving more than \$35,000 to the appeal in 1982. He said, "this year as you again commit yourself to the annual renewal which Lent demands, I hope you will prayerfully reflect on the connection between our spirituality and the poorest of the poor served by Catholic Relief."

Additionally, the collection provides developmental assistance to Third World countries. In Africa, Asia, the Middle East, and Latin America CRS sponsors self-help development programs which affect the lives of millions. These projects aim to eliminate the causes of poverty and help strengthen the global economy by raising the standard of living in developing countries.

## Holzmueller features Elaine & Jim Ippolito

Elaine and Jim Ippolito are the featured artists for March in the Holzmueller Gallery of Avenue United Methodist Church in Milford. They bring an interesting variety of arts and crafts for display.

Elaine enjoys mixed media such as color pencil, water color, collage, etching, lithography and lino-cut. Her art most frequently centers around a bird image which can be imagined in an expressionistic sense. Her works have been exhibited and won awards in various art shows throughout Delaware and Maryland.

Jim's "Earth Baskets" have developed from an interest in primitive basketry and natural vines and weeds. He collects the vines such as wisteria, grapevine and cattails. The materials

themselves determine the shape and size of each basket.

Elaine and Jim and their five year old son, Jacy, have lived in Lewes since 1980. They currently own and operate a natural food store there. Both also have parttime jobs in the area. Jim at the Zwaanendael Museum and Elaine at the Art Age in Rehoboth. She also teaches courses in Drawing and Art History at Delaware Technical and Community College in Georgetown.

The Ippolitos' arts and crafts will be on display starting March 6th. You are invited to a special reception for the artists on Friday evening March 11th from 7 - 9 p.m. Regular Gallery hours are weekdays from 9 - 4 or Sundays from 9 - 1.

## Spartans fall

Spartan Dee Dee White looks for an opening in the Tiger ranks.

Downstate girls did not fare well in the opening round of the 1983 girls basketball tournament on Friday. Pat Dyal's Lake Forest Spartans were no exception as they were defeated 53-34 by Blue Hen "B" runner up A.I. duPont at Seaford on Friday night.

Down 19-6 in the first quarter the Spartans had their best scoring period with 14 points in contrast to the Tigers' 11 in the second. But they were never able to get closer than 8 points to closing the gap. In the third quarter, the Lake Forest girls posted a meager 4 points; in the fourth, they added only 10 more.

For the most part, the Tigers were successful in keeping Lake Forest away from the basket and in grabbing rebounds.

Lake Forest, on the other hand, was unable to score on most of the opportunities it did get. From the outside, the Spartans were unsuccessful at hitting the hoop.

Senior Pam Harris, with 12 points, accounted for over one third of the Lake Forest total. She was the only Spartan in double figures. Four other Spartans, three of them top scorers throughout the season combined for the remaining points. They were Carolyn Browne, Pam Pierce and Dee Dee White (6 each) and Stephanie Tolson (4 - all at the foul line).

All of the downstate girls teams were first round casualties. Henlopen Conference and Southern Division Champs Indian River lost to Mt. Pleasant in a 38-36 heartbreaker; North Champion Sussex Central fell to Padua, 54-50; Southern Division runner-up Laurel lost 46-32 to William Penn, and Cape Henlopen went down 71-50 to St. Mark's.

Pam Harris takes aim from the foul line.

## National journal features local swim team

The March 1983 issue of the *Journal of Physical Education, Recreation and Dance* includes a special aquatics section in which the swim programs at Lake Forest are among those featured. Those programs are described in an article "Aquatic Programs for School and Community" by Dennis Berry who heads the Lake Forest aquatic staff. The article covers both the philosophy and methods by which the local programs were developed from

October 1979 to the present. It describes how high school, elementary school and community use of the pool are achieved and talks about how identification and training of aquatic staff members is accomplished.

The *Journal of Physical Education Recreation and Dance* is the official journal of the national professional organization AAHPERD (American Alliance for Health, Physical Education, Recreation and Dance.)

Seventeen "New Wave" swimmers have qualified for the Mid Atlantic Championships. They are [back row from left] Robbie Bates, Chris Drew, Danny Haines, David Fifer, Kristin Reid, [second row, from left] Patti Drew, Paige Parker, Kelly Snow Jones, Kelly Rawding, Coach Dennis Berry; [front row from left] Jason Monroe, Brian Haley, Jill Blades, Jana Smith. Missing from the picture are Brian Hughes, Mark Wheatley, David Chambers and Greg Reed.

## Numbers do not tell whole story

by Barbara C. Brown

When they write the numbers down in the record books, this year's Spartans boys basketball season, an uphill battle all the way, will not even approach impressive. Coming off a 1982 Southern Henlopen Conference championship, the 82-83 Spartans, thrown by another numbers game into Northern division competition, posted a 1-15 conference and 3-17 overall record. But numbers never tell the whole story. And I cannot think of a time when that has been more true than it has this season.

The young men who made up the 1983 Spartan team deserve much more credit than their win/loss record shows. This is true for at least three seasons:

-The team never came out on the floor without giving the appearance that basketball was a game its members enjoyed.

-The team was not composed of quitters. No matter what the

scoreboard showed, there was never a feeling that the players had given up. In fact, on the home front at least, the Spartans provided their fans with some exciting basketball, carrying two games [one against Southern Division Champion Woodbridge] into overtime. At least one more was very, very close.

-According to their coach Bill Falasco as well as others who worked with them and observed them, their attitude was tremendous. They gave all they were asked for -- and more.

So to Tony Scott, Jerome Harris, Nelson Mosley, Brian Gladden, Darryl Tolson, Robert May, Stanton Spencer, Vincent Thorp and Kevin Murray as well as to those who joined the ranks from the JV squad - thanks, guys, for some good basketball! And congratulations for giving us something more important, believe it or not, than winning - the grace of being good competitors in the most difficult of circumstances.

## Three aquatic programs offered

The Lake Forest Community Aquatic Programs will be offering a Water Safety Instruction Course beginning March 7th from 6 - 9 on Monday and Wednesdays. Call 298-9816 for details.

The Lake Forest Community Aquatic Programs will be offering a SCUBA Diving course beginning May 9 from 5 p.m. Monday evenings during May and June. Call 284-9816 for details.

## New Wave qualifies 17

Seventeen swimmers from Lake Forest's "New Wave" Community Swim Team have achieved a major competitive goal - qualifying (on the basis of performance times) for the Mid Atlantic Short Course Age Group Championships. The championships will be held next month (April 8-10) at the Jersey Wahoo Swim Club, Mt. Laurel, New Jersey and at Fort Dix, New Jersey. It has not been decided how many of the 17 Lake Forest qualifiers will actually swim in the championships.

Ten of the seventeen swimmers qualified in two or more events. They are as follows:

Five events - Kelly Rawding, Danny Haines, Kelly Snow Jones, Jana Smith.

Four events - Paige Parker.

Two events - Robbie Bates, David Fifer, Kristin Reid, Jason Monroe, Jill Blades.

One event - Bryan Hughes, Mark Wheatley, Patti Drew, Brian Haley, David Chambers, Greg Reed, Chris Drew.

Since his programs here started three years ago, Lake Forest Aquatic Supervisor Dennis Berry has set individual improvement as a major goal. That has meant intensive instruction and training for the young

swimmers in the Lake Forest community swim program.

It has also meant that they have been challenged to better their performance through increasing competition.

This year, for instance, Berry chose to swim the New Wave against tougher teams rather than opt for the easy wins that would look good on a dual meet record. That decision precluded a repeat of the perfect, 5-0, season the team recorded in 1982. But even against teams like North Wilmington, Wilmington Neptunes and Wicomico, the New Wave in 1983 came up with a winning 3-2 record as it saw many individual swimmers improve their times.

In 1982, three New Wave swimmers qualified for the Mid Atlantic. This year, Coaches Berry and Kathy Monroe had hoped to double that number. Berry said they were astounded to learn last Wednesday that 17 had made the mark.

The levels of competition through which swimmers work include local meets at "A", "B" and "C" levels; Zone meets (The mid-Atlantic Championships represents one zone meet), Junior National, Senior National and International.

I believe it is maple syrup time in New England, and the Almanac says that on

If you've read some Shakespeare, you probably know that for certain people it's wise to beware the Ides of March.

But, according to the ancient Roman calendar, every month has an idea -- the 15th day of March, May, July and October, the 13th day of all the other months. Bet you didn't know that. Now, when you hear, "beware the ides of November!" at least you'll know enough to keep your back to the wall on the 13th.

We have drooled over the beautiful seed catalogs and after much discussion and anticipation, we have made our choice and sent off our orders. We have ordered many new Glad varieties and Dad is dreaming of the day he can bring in armloads of them for us and to share with others. The one collection he decided would not fit into the budget, I have ordered for his Father's Day gift. They should be in bloom by Father's Day.

The weatherman predicts a 70 degree temperature today and I'm wondering if that will wake the little Peepers. I caught the mockingbird whispering his melodies softly to himself. I have noted this in other springs. He cocks his head

at me as if to say: "I have to rehearse this to see if I remember the routine." So, he sits there whispering. I can scarcely wait for the day he bursts forth into song.

The bunnies are feasting on the carrots we put out, and we have seen the Starlings pecking at them, too! We are not really too fond of the starlings. They are kind of the Skid Row of the bird world. But, they, too, are part of the Great Plan.

**FINFISH LAW:** It is probable that Delaware will get a new finfish law this year. Some of Delaware's fishing laws go back to 1915. Senator Ruth Ann Minner of Milford is working on SB 107 in an effort to bring together the commercial and sports fishing interests.

Meanwhile, 20th District Senator Richard S. Cordrey has introduced SB 72 which would prohibit menhaden fishing in Delaware's territorial waters. This would move back the fishing limit from its present one half mile to three miles.

The Governor's Advisory Council's proposed finfish law is contained in a fifty five page report. The Delaware Saltwater Sportsfishing Association has written Senator James T. Vaughn suggesting twenty one changes to the proposed law.

It looks like a real battle before any new bill is enacted. I can find nothing in any existing or proposed law that would require nets to be tagged with some form of identification so that fish wardens can cite those violating any laws.

(Next week see a discussion of the differences in the various finfish proposals).

**FEDERAL FIREARMS LEGISLATION:** U.S. Senator Steve Symms (R-Idaho) has introduced S 45. This Bill would reaffirm the right of all Citizens to possess guns for any lawful activity. The Bill has been referred to the Senate Judiciary Committee for hearings. The Committee is chaired by Senator Strom Thurmond (R-South Carolina).

**WILDLIFE ART SHOW:** Newark

**FINAL 1982-83 DELAWARE DEER TALLY:** Early muzzleloader season - 195, Early shotgun season - 1,710, Late muzzleloader season - 57, Late shotgun season - 75 and Bow and Arrow season - 42. This is a total of 2,079 deer. The herd appears to be in good condition.

**CPR course offered**

On Monday through Thursday, March 21 through 24, the Harrington Jayceettes will be sponsoring a cardio-pulmonary resuscitation (CPR) course that is open to the public. It is a mandatory two night course with the first session being offered Monday or Tuesday night and the second session offered Wednesday or Thursday night. A combination of one night from the first session and one night from the 2nd session must be completed.

Classes will be held at the W.T. Chipman Jr. High School in the Home Ec. Room from 7 p.m. until 10 p.m. For more information, and to register, contact Sue Dennis, at 398-3332.

The Jayceettes are paying the cost of the instructor. However, there will be a small charge of \$2 per person enrolled to cover the handbook and certificate. The Jayceettes point out that that is considerably below the cost of other CPR courses.

# The Invitations to Your Wedding

Choosing the right invitation style for your wedding is among the most important tasks a couple must undertake before their wedding.

Order invitations three months before your wedding day to allow time for printing, addressing, and mailing. Be sure to request a sample check for mistakes before your order is printed.

Inviting your favorite people to celebrate your wedding is a big part of the day's fun. If you're having a larger wedding (100 or more guests) you'll want to send formal wedding invitations.

Word formal invitations the traditional way. And do write out what you want before you order. Or ask your printer to show you personalized versions. If all your guests are being invited to both ceremony and reception, consider the "combination" invitation, below:

*Mr. and Mrs. John Sampson*  
*request the honour of your presence*  
*at the Marriage of their Daughter*  
*Teresa Dawn*  
*to*  
*Mr. Darrell Charles Tucker*  
*on Saturday, the Fourth of August*  
*at Four O'Clock*

*St. James Church*  
*Mt. Prospect, Illinois*  
*and Afterwards*

*at Old Orchard Country Club*

Request replies with an R.S.V.P., Kindly Respond, or Please Respond in the lower left corner, and make it easy for guests to mail them. Printed reply cards do make it easy for guests.

Spell out everything on formal invitations--the wedding date, time, and all numerals, and names. No abbreviations, initials or nicknames are used--except Mr., Oe., Mrs., and Jr. Traditionally, only the bride's first and middle names are printed. But if you're a doctor or military officer, you can add your title and full name below the phrase, their daughter. You may or may not want to add Mr. before your fiance's name.

Begin your invitations with the name of the person(s) sponsoring the wedding. The name at the top of an invitation is not supposed to tell your guests who's paying the bills, so whether you live at home or not, your parent's names should head the invitations. You might also include the groom's parents' names

below his on the invitation.....John North Fleming - son of - Mr. and Mrs. Robert Fleming.....if your parents are deceased, your guardian, a relative, or a friend can host the wedding. Or you two can be your own sponsors. If your parents are divorced, the parent who raised you usually does the inviting. If that's your mother, and she's remarried, she uses your step-father's name, inserts the phrase at the marriage of her daughter, then adds your full name. Divorced but friendly parents can issue a joint invitation.

Have your formal invitations printed in black script on the top page of a double sheet of paper in pale ivory or white. It can be paneled or plain. The most popular size, 4 1/4" x 5 3/4" fits into an envelope without folding. A larger size, 5 1/4" x 7 1/4" is folded once for mailing. It's for very formal weddings.

Add more "personality" to your invitations by choosing a translucent (parchment perhaps) or shiny paper in a pretty pastel or an earthy tone. Use colorful ink, or even a photograph of the two of you.

## Preserve wedding memories

Your wedding day is one of the happiest and most memorable days of your life. And, you can preserve every joyous moment in professional wedding candid photos.

In addition to the traditional formal wedding photographs of the bride alone, with the groom and photos of the entire wedding party, your professional photographer will take candid photos of the wedding and reception. Encourage him to take many so you will have a thorough record of the eventful day.

Professional wedding candid photos preserve the festivities and realities of the occasion. Wedding candid photos range from photos of the bride's dressing room preparations to the newlywed's first dance as Mr. and Mrs. to their departure for the honeymoon. They can include special and unexpected moments during the reception, too.

Remember to make an appointment with your professional photographer as soon as your wedding date is set. You will want to discuss with him the types of photographs to be taken, the locale of the wedding so he can be prepared with appropriate film and equipment, and the sizes and styles of various wedding albums—the ones for you, your parents and in-laws. Your photographer is experienced in these matters and can answer any questions you may have.

# Diamond signifies love

When a young man armed with a diamond engagement ring sets off to conquer the heart of his beloved, he's acting in the time-honored tradition of kings and knights who relied on the powers of the diamond to bring them victory. The word "diamond" comes from the Greek "adamas," meaning invincible. In the Middle Ages, says the Jewelry Industry Council, knights wore diamonds into combat to increase their strength and courage. Charlemagne, legend has it, had rough diamonds sewn to the inside of his cloak to bring him victory. Some time later, Napoleon mounted the great Regent diamond on the hilt of his sword.

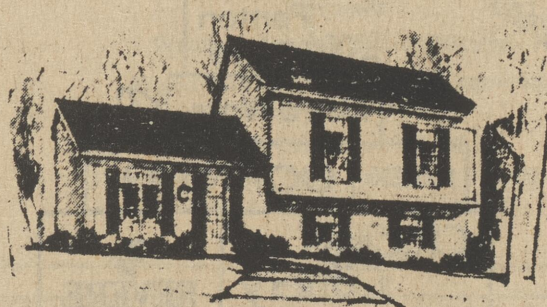

Ironically, through the years diamonds themselves have proven more invincible than their wearers — and their unvanquished appeal seems to grow ever greater.

# Crazy about diamonds?

The ancient Greeks believed that the diamond could cure insanity, dispel worry, and curb anger. Even then, the diamond, symbol of modesty, purity, and innocence, was said to further domestic bliss by keeping tempers tame in ancient households. Today the diamond remains the transcendent symbol of love between husband and wife, says the Jewelry Industry Council, and though its significance is now symbolic, its magical beauty is still a unique prescription for love.

## Choosing your flowers

Here are a few aspects to consider when you choose the flowers for your wedding:

The size and the kind of room you plan to decorate. A lavishly furnished room requires fewer flowers than a small bare room.

The basic color scheme you have used throughout your wedding. Your flowers should coordinate somehow with the colors and style of the clothes for your wedding party.

The time of year in which you plan to get married. Find out from your florist what kinds of flowers are in season then; they are usually much less expensive than out-of-season flowers.

Also be sure to find out which flowers will remain fresh the longest at that time of year. You don't want your blooms to wilt halfway through the ceremony!

The kind of lighting--natural or artificial--that will characterize your wedding. This affects how your flowers will look and how long they'll stay fresh.

## Dual purpose furnishings

Chances are that living quarters for you, the new Mr. and Mrs., will be rather small, perhaps even as cramped as a single apartment, while you save or look for that dream home.

If space is at a premium in your new home, experts agree that you should consider furnishing it with items that are dual-purpose.

Fortunately, there are many furnishings now available that help solve space problems, efficiently and fashionably.

Sleep-sofas, for instance, provide attractive seating while

# Wedding Customs

Something old, something new, something borrowed, something blue.... ever wonder where many of our wedding customs, originated?

If you're planning an old-fashioned wedding, replete with grandmother's dress and the traditional ceremony -- read up on the following customs -- you'll be amazed and amused at the tradition that stands behind each and every wedding ceremony.

## THE BRIDAL SHOWER

At one time, marriage was a business proposition between parents of the bride and groom. Love was not important. What was? The price the groom's family paid for the bride. And the size of the bride's dowry. The first shower? A poor dutch miller fell in love with a maiden whose father forbade the match and refused to provide a dowry. The miller's friends came to the rescue and showered the bride-to-be with enough gifts to start housekeeping.

## THE BRIDE'S HANDKERCHIEF

Early farmers thought a bride's wedding day tears were lucky and brought rain for their crops. Later, a crying bride meant that she'd never shed another tear about her marriage. Why not start your own bridal tradition. Embroider your initials and wedding date on a hanky, then give it to the next woman in your family to marry; she can do the same for another bride. Or maybe even do two hankies -- one for your mother, another for his -- wedding day keepsakes for their tears of joy.

## ATTENDANTS' ATTIRE

Ever notice that the maids, ushers, and entire bridal party dress very much like the bride and groom? It was once common for bride, groom and all their friends to walk together to the church. Afraid that someone -- maybe a rejected suitor -- would spot the happy couple and put a curse on them, the groom's friends wore clothes almost identical to his -- and the women customized themselves like the bride. These "disguises" tricked evil-wishers into letting the real bride and groom live happily ever after. The tradition of having beautifully dressed attendants is still with us. But today it's fine for you to vary the looks.

## OVER THE THRESHOLD

Because ancient man stole his bride, he carried her over the threshold kicking and shouting. Struggling is still a Greek threshold ritual, but no one remembers why. Now for everyone it's another happy custom!

## BOUQUET AND BOUTONNIERES

Early bridesmaids' bouquets were made of pungent herbs like thyme and garlic -- not flowers. The smell was supposed to scare away any bad fairies eyeing the bridal party. Even the groom wore a few sprigs. Your groom, though, will sport white stephanotis in his lapel, or a flower from your bouquet. And you will carry the traditional flowers. Why not adopt another old idea. Tuck one non-flowering thing in your bridal bouquet to plant -- maybe some myrtle or ivy.

## THE BLUE SATIN GARTER

Why "Something Blue"? In ancient Israel, brides wore a blue ribbon to signify fidelity. The garter-throwing itself derives from a bawdy ritual called "flying the stocking." In Britain the guests invaded the bridal chamber. The ushers grabbed the bride's stockings; the maids, the groom's. They took turns sitting at the foot of the bed flinging the stocking over their heads. Whosever stocking landed on the bride's or groom's nose would be the next to wed. Now, before you change into your going-away clothes, your groom will remove your garter and you'll toss it -- just after you throw your bouquet, of course. And who's going to be the next groom? The lucky bachelor who catches the garter.

## THE WEDDING RING

The circle shape symbolizes eternal love. But in ancient Egypt before coins were minted, gold rings were used as currency. To show he trusted his wife with his money, the Egyptian husband placed one of these rings on her finger. The ancients thought that love traveled to the heart in the vein of the third finger, left hand -- just where you'll wear your ring.

## TOSSING RICE

In the days when people lived off the land, their existence depended upon having a good harvest and enough

children to help with all the work. Primitive people believed the bride and groom spread good luck on their wedding day. Anyone or anything that touched them would also be lucky. So they showered the couple with ripe grain or nuts, wishing a large harvest for themselves -- and a large family for the newlyweds. Wedding guests still throw rice -- wheat, rose petals, confetti, too. Surprise your guests with individual packets of birdseed as favors. They'll have fun throwing it. The birds and chipmunks will enjoy eating it!

## THE HONEYMOON

The first marriages were by capture, not choice. When early man felt it was time to take a bride, he carried off an unwilling woman to a secret place where relatives wouldn't find them. While the moon went through all its phases -- about 30 days -- they hid from the searchers and drank brew from honey. Hence we get the word honeymoon, now meaning a romantic trip like the one for you and your groom will take after your wedding.

## THE WEDDING CAKE

Early Roman brides and grooms weren't legally wed until they ate together. A priest broke a flat wheat loaf over the bride's head. Then everyone shared the crumbs. Why? It's the old belief of passing luck and fertility back and forth between newlyweds and guests. Elizabethans piled up little cakes, over which bride and groom had to kiss without the stack falling. When it did, the guests pelted them with the cakes, then ate the pieces. The modern tiered wedding cake came into existence when a very creative baker decided to ice the stack of cakes. Now the cake -- and something wonderfully bubbly to toast with -- are the only two ingredients required to make a wedding reception....a wedding reception.

## Why do Brides...

Wear orange blossoms? ...for good luck and happiness. It is believed that the orange was the "golden apple" given Jupiter and Juno on their wedding day.

Wear a veil? ...This is a reminder of the Egyptian custom forbidding the groom to see the bride's face until the wedding day.

Receive a ring? ...for everlasting love. There are many beliefs about the origin of the ring, but one of the loveliest is this: Primitive man wove a cord and bound it 'round the waist of the woman he loved. He believed her spirit thus entered his body and she was bound to his forever.

## Shower them with gifts, but make them practical

What to give a couple for their bridal shower has always been a problem.

Here are some simple rules to remember when shopping for bridal shower gifts.

1. Don't select anything in a color that might not go with the decor. Neutral shades are best for towels or table cloths, unless you know the couple's color scheme for their new home.

2. Unless you know precisely what type of bed they'll have, don't select bed linens.

3. Don't buy anything that comes in sizes. Curtains, for example, make poor gifts.

4. Don't select a gift that can only be used by either the bride or the groom.

5. Most shower gifts should be practical gifts, items that can be used frequently.

6. Don't select holiday gifts such as Christmas figurines. Make a marriage a little easier on your newlywed friends with a handy appliance that takes over some time-consuming job.

## Dual purpose furnishings Con't from Page 7

entertaining, convert into comfortable beds when guests depart.

Modular wall shelves, drawers, and cabinets provide a smart solution to storage problems when you're cramped for space. These units have the added advantage to being adaptable to any room. What may serve as a decorative storage system in your living room today, may be put to use in the bedroom of your future home.

## Bridegroom's Guide to Getting to the Church On Time

### THE GROOM SHOULD:

- Buy engagement ring.
- Draw up wedding guest list and have your family make out theirs. Indicate who should be seated in reserved pews.
- Invite friends to be best man and ushers in the wedding.
- Visit the formal wear specialist with your bride and select outfits for you and the men.
- Choose gifts for the best man and ushers, to be given at the bachelor dinner or wedding rehearsal.
- Choose bride's wedding present. Something personal, such as a watch or other piece of fine jewelry is traditional.
- Select the wedding ring. This is chosen with the bride and should be engraved on the inside -- "D.L.P. to C.J.R." -- with the groom's initials first and the date.
- Plan the honeymoon. This should be done with the bride, in time to assure getting reservations.
- The bride's bouquet: traditionally, the groom pays for the bride's bouquet, going-away corsage, corsages for both mothers and other close women relatives on either side, plus boutonnières for himself and the men.
- Get the marriage license. Check state rules about the time required. It should be obtained several weeks before the wedding, and given to the best man the day of the wedding.
- Check to be certain you and the bride have all the necessary papers, blood tests, birth certificates, baptismal certificates, etc.
- Make insurance provisions for your new status. This should include life, personal property, household, and fire insurance for you and your bride.
- Give bachelor dinner several days before the wedding. Often the best man and ushers prefer to give this for the groom.

-Notify your attendants of the hour and place for the wedding rehearsal to take part in.

-Provide the clergyman's fee which is given to the best man the day of the wedding either in the form of crisp bills or a check in a white envelope. The fee is generally \$10 to \$50 or more, depending on custom, size of wedding, and groom's circumstances.

-Be sure you and your bride sign the wedding certificate and see that it is safely put away before leaving on your honeymoon.

### THE BEST MAN SHOULD:

-Take charge of the ushers, brief them on special seating arrangements during the rehearsal.

-Get the wedding ring and guard it with his life the day of the wedding. If there's a ring bearer, the best man sees that he carries out his instructions properly.

-Have marriage license and minister's fee for the day of the wedding.

-Help the groom get ready for the wedding, making sure that his bags are packed. The best man usually takes the luggage of both bride and groom.

-Check for tickets, reservations, train connections, etc., for the honeymoon and be sure tickets are in the groom's pocket.

-Call for and accompany the groom to the wedding. They should be there at least fifteen minutes before the ceremony begins. The best man may choose to present the clergyman's fees during this waiting time, or just after the ceremony. Following the ceremony, he sees that the members of the wedding party leave in the proper cars.

-Be toastmaster and time-keeper at the bridal table during the reception. Help couple get away.

# Getting Ready: The Bride's Checklist

The smart bride will schedule a timetable for herself -- to make sure everything goes as planned as she looks her loveliest on her wedding day.

## THE WEEK BEFORE

First, gather everything together -- clothing, jewelry, cosmetics, beauty needs. Most brides are too excited on their big day to go hunting for that stray lipstick or hairsetter, so it's wise to have those things in a prearranged place. Keep them in a separate place just for that day.

Next, side aside a day to give yourself a wedding day dress rehearsal. Time yourself. See how long it takes to apply your makeup, set your hair.

Get the feel of your wedding dress -- walk around in it, sit down in it, learn how to manage the train and those billowing sleeves.

And don't forget to break in your wedding shoes. Wear them for a few minutes every day, and be sure to practice climbing up and down stairs. After all, you wouldn't want the fun of the receiving line to be spoiled by pinched toes and aching arches!

You've probably gathered your wedding outfit together already for the final fitting of your dress, or for your bridal portrait. But now's the time to double-check every last detail.

Do you need a firmer bra, a smoother slip, dress shields? Would small earrings be more delicate? Is your makeup flattering in all kinds of light? It's nice to know you've still got the time to make any changes!

Sometimes during this last week, give yourself a head-to-toe beauty workover. Tweeze your eyebrows, shave your legs and underarms, get a manicure and pedicure. And for a truly radiant wedding glow, eat a well-balanced diet and keep up on eight hours of sleep a night!

## IT'S YOUR WEDDING DAY!

Start the day off in a warm, scented bath or refreshing shower.

Smooth on body lotion, use deodorant and talc.

Apply fragrance to pulse points -- temples, in front of ears, inside wrists, in your cleavage.

## 4-5 HOURS TO GO

Get your hair done at a salon. Or give yourself a shampoo and set at home. (Again, don't use any shampoo, creme rinse or conditioner that you haven't tried before.)

Touch up your manicure and pedicure.

## 2-3 HOURS TO GO

Snack on a light meal -- tea and crackers, a small sandwich, yogurt.

Lie down and relax for 30 minutes.

## 1-2 HOURS TO GO

Wash and moisturize your face.

Apply your makeup -- foundation, blusher, eyeshadow, mascara.

## 1 HOUR AHEAD

Get into your dress (how-to's, below).

Put on your earrings and necklace (always after you're dressed, so they won't snag), switch your engagement ring to your right hand.

Step into your shoes.

## 30 MINUTES AHEAD

Put the finishing touches on your hair.

Attach your headpiece (have mother help).

Cover your dress and apply lipstick, gloss.

## AT THE LAST MINUTE

Dust a little powder on your face.

Sprinkle on a few more drops of scent.

Take your flowers and smile -- it's your day!

## Planning your Honeymoon

Important things to consider about choosing a honeymoon spot are the amount of time and money you have.

Once you choose your designation, it is the groom's responsibility to make hotel reservations. Be sure to keep your deposit receipt as proof of your reservation.

If you are flying, be sure to pick up and immediately check your tickets well in advance of your wedding day. This will allow time in case of error or needed adjustment.

Estimate how much money you will need and purchase travelers' checks. Be sure to allow for shopping, meals, and hotel bills. You might want to add an extra amount for unexpected expenses.

If you plan to use credit cards, make sure they are accepted where you are going. Take small bills for tips.

If traveling outside the U.S., check proof of citizenship and customs requirements.

An organized and well-planned honeymoon is sure to be as happy and memorable as the day it follows.

### My Luve

*O my Luve's like a red, red rose  
That's newly sprung in June:  
O my Luve's like the melodie  
That's sweetly played in tune.  
As fair art thou, my bonnie lass,  
So deep in luve am I;  
And I will luve thee still, my dear,  
Till a' the seas gang dry:*

Robert Burns

## Wedding Superstitions

*It's good luck if a bride meets a chimney sweep on the day of her wedding.*

*It's good luck for the bridegroom to carry a horseshoe in his pocket.*

*If the bride stumbles over the threshold of her new home, it's bad luck.*

*You can bring good luck to the bride and groom by throwing an old shoe after them.*
