

# Felton water controversy

by William T. Ficks

If it is a difference of opinion that makes horse races, as Mark Twain told us, it also makes for heated town council meetings.

And difference of opinion at the last Felton town council meeting was, once again, over the purity of Felton's water supply.

Should the Felton town council contract for a feasibility study of its water distribution system?

That is the question.

And it is a question that has been debated for the past ten years.

Mrs. Joyce Jefferson, a town resident and an indefatigable researcher, came to the April 4 town council meeting armed with photocopies of letters dating back to 1972.

The letters had been sent by the Division of Public Health to the Felton town council.

All of the letters concerned the purity of the water supply. Some of the findings noted in the letters are:

- An August 31, 1972 letter indicated that 19 water sample tests resulted in 11 samples failing to conform to state bacteria standards.

- A December 5, 1973 certified letter noted that at least seven samples had a high bacteria content. The letter said the trouble appeared to occur in the distribution system. It asked for immediate action.

- An August 30, 1977 letter said the water "exceeded the recommended maximum contamination level."

- A December 3, 1982 hand-delivered

letter told of positive samples that were taken at various Felton locations, including Lake Forest North Elementary School.

•Letters dated December 10 and December 13, 1982 noted that 24 tests resulted in 12 positive samples of coliform bacteria.

Coliform is a colon bacillus. Although it can be fecal or non-fecal, it is the bacteria commonly found in the feces of warm-blooded animals.

In December, 1982 National Guardsmen delivered a 600-gallon combat water tank to Lake Forest North Elementary School. Plastic bags were placed over school drinking fountains to prevent the school children from drinking the contaminated water.

In that emergency the Division of

Public Health issued warnings advising residents to boil tap water for one minute before drinking it because of the high bacteria count. Donald W. Jacobs and Thomas J. Jenner, then town councilmen, posted notices in the post office.

## Analysis

"I was even told to boil the water for ice cubes, or else the bacteria would continue to grow," Jefferson said.

"We weren't able to pinpoint any one source of trouble," said Richard B. Howell, Program Director, Office of Sanitary Engineering.

"Consulting Engineers are familiar with this type of water problem in small towns," Howell replied when asked if a feasibility study is advisable.

So many factors have to be considered that there is a wide variance in the cost of feasibility studies, according to Howell.

"There are federal grants. But, as you know, federal grants have tightened up in the past few years," Howell added.

"I'm definitely in favor of a feasibility study," said Donald W. Jacobs, former councilman.

Jacobs said he had spoken with members of the engineering firm that installed the sewer system in 1981. He said they could have made a feasibility study for \$5,000 or less.

"They would have recommended what

to do about the immediate problem and five years down the road. This firm knew the system. Another would have to start from scratch," Jacobs said.

Jacobs resigned from the council. His letter of resignation was read at the April 4 council meeting.

His resignation leaves the council with four members: George Egler, Clarence Hurd, John Hopkins and Mayor William Myers.

Thomas J. Jenner, a former councilman, also favors a feasibility study while Fred Casper, another former councilman, said, "There is nothing wrong with the water. Some people are making a mountain out of a molehill."

## Perfect Beauty gains twelfth straight win

by Harry G. Farrow, Jr.

HARRINGTON, DE - There is a 3-year-old trotting filly that is without a doubt now the best trotter in the country. Although the last two starts (the first two of the season) for the 3-year-old, were probably for the most part warm-ups for things to come. Friday night at Brandywine was a better than average test for the youngster. She had two good horses in there who made a challenge in Messerschmitt and Smoker. Smoker had the outside post. Had he been reversed and at the rail, she would have felt the test, but undoubtedly she would have still handled the field rather easily. Messerschmitt on the other hand had the four hole, and should have made a better race out of it. He is an aged trotter who has won over \$300,000.

Ross Hayter, who has driven the filly last year and this, said after the race Friday night that he really wanted to rate her one time but has not been able to do it yet. In both outings this year she cut out the mile. Some who saw her perform on Friday night...like Mrs. Olin (Ruth) Davis, who also owned a world champion with her husband Olin in Quick Lady, said "...she is really a great filly. She has a tremendous stride. When she hit the first turn, you could just see her almost leap ahead with those strides." Once she shot to the front she was not headed. The last three races, which includes the record setting race mile at Lexington last October when she went the trip in 1:57.3 beating a prominent filly Luv I, she has cut out the mile. It is true that her speed has not been tested as yet. It is a well known fact that Hayter believed that he could have gone the mile the following week, when she set

Quick Lady winning the Hanover Filly Stake at Lexington in October 1959 in record time of 1:58.4 with Olin Davis in the sulky. Behind Quick Lady are Meadow Maid [Del Miller] and Wonderful Time [Frank Irvin]. This was Quick Lady's 12th consecutive victory.

her mark at Lexington, in :55. So far the strategy appears to be to take her along easily. She will probably go to Meadowlands next.

There have been so many fast horses come from the Harrington area. Some have been world champions. The stable that Fred Greenly fielded back in the late '40's headed by the most famous sons of Billy Direct...Direct Express, who was a 3-year-old champion. Then that followed with Howard and Luther Lyons with their

famous son of Adios...Adios Harry, who probably was...yes, the greatest horse of all time.

In 1959, Olin and Ruth Davis came up with another world champion in Quick Lady (1:58.4) who got that mark at Lexington in 1959 in the Hanover Shoe Filly Stake. She beat the Delvin Millers and the Frank Irvins handily, and was celebrated as the Delaware Horse of the Year. She had also one of the top drivers and handlers in the country in Olin Davis. Quick Lady had

12 starts in 1959 and won all of them. "She didn't do much as a two year old though," said Ruth Davis. I asked Ruth and Olin this week about the pressure that builds before each race when you have a record of consecutive victories going. Olin of course, his usual self said "...I took each race...one at a time. Course...I was sitting behind something good. I knew what I

## State Fair sets headliners

HARRINGTON, DE - A blockbuster lineup of performers will make their way to Harrington, Delaware this Summer as part of the close to \$100,000 entertainment package being planned for the Delaware State Fair. Headlining the spectacular will be Country music stars, Conway Twitty, Ricky Skaggs and Charly McClain. Also appearing will be Bobby Rydell, the Shirelles and The Tommy Dorsey Orchestra. The annual event is set to run from July 22 through 30.

The Fair will also feature stock car racing, demolition derbies, a rodeo, nationally sanctioned tractor pulling and the Joie Chitwood Thrill Show. Joining these traditional grandstand favorites will be the all-new, Chicago Knockers All-Girl Mud Wrestling Show.

Due to the demand for Twitty's live stage show appearances, Fair officials actually had to book him almost a year in advance of the show. And with good reason. With close to 45 chart topping songs, he has more number one hits than any other Country singer ever. He's also garnered over 40 top national awards and draws sell-out crowds wherever he performs. His two-show

Conway Twitty

performance is scheduled for Saturday, July 23.

[Watch next week's publication for a profile on other performers appearing at the Delaware State Fair in July.]

## Felton Scout becomes an Eagle

On Tuesday, April 12, 1983, John Hinspeter II of Felton, Delaware, became an Eagle Scout. The highest rank that Boy Scouting accords was awarded him by Governor du Pont in special ceremonies at Legislative Hall in Dover.

The eighteen-year-old Lake Forest High School senior has been in scouting since he was eight years old. He was first a member of Cub Scout Pack 40 and later of Boy Scout Troop 40 at his family's former home in Mt. Vernon, New York. He is currently a member and Senior Patrol Leader of Troop 113, Felton, of which his father, John Hinspeter, is Scoutmaster. He is also a member of the Order of the Arrow.

John belongs to a family that has always taken scouting very seriously. In New York, his father was Cubmaster of Pack 40 which boasted 128 members and was the largest Cub Scout Pack in the area. His mother, Arlene, served as a Den Mother and has maintained an active interest in scout activities. Younger brothers

Fred and Michael Hinspeter are scouts while the youngest member of the family, Frank, is waiting his chance to join. A sister, Marie, was a member of the Girl Scouts in the past.

In addition to his scouting involvement, John has been active in varsity sports as a member of the high school wrestling and football teams. His career interest is architecture. He plans to attend the Terry Campus of Delaware Technical and Community College in the fall.

John Hinspeter worked very hard to become an Eagle Scout on April 12, 1983. But he did not do it all alone. He had a lot of help from family and friends. No small inspiration to him was his former Senior Patrol Leader in Troop 40, Mt. Vernon, New York, John Huneke. Huneke completed his own quest for the Eagle Scout badge just two weeks before his death.

From his hospital bed, the 17-year-old Huneke orchestrated a campaign which

## Dissension on Harrington City Council

by David F. Coady

The April 14 Workshop Session of the Harrington City Council called to discuss necessary alterations before purchasing the property on Liberty Street for a new City Hall, started peacefully enough. After the Mayor, Al Mann, called the session to order at 7:35 p.m., Councilman Ray Gagne asked for adjournment for executive session to discuss procedural matters.

At 7:55 p.m. the councilmen returned to the council chambers and the Mayor addressed remarks to the members of the press. The Mayor said "as this is a workshop session called to discuss building alterations, there might be some heated discussions, but please don't depict the council in bad light". After the Mayor spoke, Councilman Curtis Melvin started the ball rolling. Melvin called the council's attention to the fact that Harrington's Public Library still has federal "strings" attached to it. In fact if the library is moved from its present location the Federal Government would reclaim the building and could reclaim any contents

of the interior that were purchased with federal funds.

Melvin said "I don't want any federal strings attached to our new City Hall." It was at this point that Councilman Ray Gagne, Chairman of the Building Committee, rose to speak. He related past achievements in restoring pride to the C.K.R.T. Post #7 of the American Legion by repairing the Honor Roll and moving it to the present location on Commerce Street.

Gagne went on to compare the pride that Millford Citizens have in their community to the lack of pride that citizens have in Harrington. "If the library isn't included in the new City Hall, we should scrap the whole idea," Gagne said. It was at this point that Gagne angrily walked out of the meeting.

The Council continued with its business and finalized the alteration plans. Melvin agreed to obtain estimated costs for alterations by the next regularly scheduled council meeting on May 9.

### GREATER HARRINGTON JOURNAL KITE FESTIVAL GETS SUPPORT

HARRINGTON, DE - The 1st Annual Greater Harrington Journal Kite Festival took further steps this week to finalize the plans for the festival which will be held at the W.T. Chipman Field on Saturday, May 7th between 10 a.m. and 2 p.m. The purpose of the kite festival is to continue the efforts of The Harrington Journal to raise money to defray the cost of the computer for the Harrington Library. The

annual rent is approximately \$500. There will be a registration fee of \$1.00. The proceeds will go to The Friends of The Harrington Library.

Judging will be made on the basis of whether the kite was homemade, purchased, or done with the help of an adult. There will also be 5 classes from Primary through Business or Group participation. The other judging categories will be based on 1. design and ingenuity; 2. craftsmanship; 3. beauty; 4. launch and climb; 5. angle of flight; and 6. control and retrieval.

## Girl Scout Troop No. 686 spreads the word

by Brenda Barter

Finally, our Girl Scouts have sold all their cookies! They all enjoyed the time spent with the booth sales. Even though the weather wasn't too pleasurable, we still sold more cookies. We had three top sellers, Jessica Perdue, 246; Brenda Bartsch, 223 and Kelly Barter, 213. These girls worked very hard without the help from their parents. They'll be awarded a ribbon for their hard work and dedication to their troop. The other ten Girl Scouts and their parents shall be also acknowledged for all their hard work and dedication to the troop. We would like to thank the people of Harrington who supported their community Girl Scouts in their successful cookie sale. We'll be around next year same time with your favorites and have another successful year.

Girl Scout Troop #686 have settled down from the excitement of the cookie sale. They're looking forward to the upcoming months. They've started doing needlepoint for Easter, making rabbits, baskets, and Easter eggs. We're discussing different activities that are coming in the next few months. We've talked about going to King's Dominion in May, camping out, and enjoying a full day of lots of laughter and fun. We'll be meeting with other Girl Scouts from Maryland,

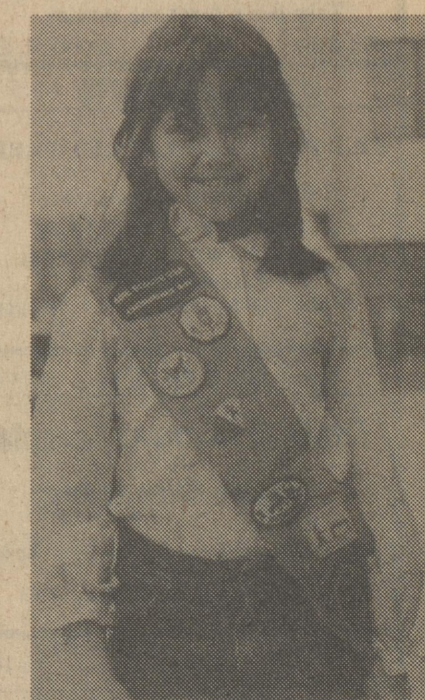

Virginia and Pennsylvania. The other places we would like to visit is Hershey Park and Lums Pond during the summer. That's all the girls want to talk about.

The Girl Scouts have been very busy and secretive these past few weeks. The Leaders do know it has something to do with April 22, Leader's Day. We are looking forward to a big surprise from them.

Girl Scout Troop #686 and their leaders wish to extend our appreciation to all those who supported us during our cookie sale. We hope you all enjoyed all your favorites. They were good while they lasted. The luckiest people are the ones who froze their cookies so as to have some whenever they wish and not have to wait until another year!

## LF School Board meeting

### Two teachers resign

by David F. Coady

At its meeting on April 18, the Lake Forest School Board accepted the resignation of two teachers. Resigning were Susan Levinson, Speech and Hearing Specialist for the district and Nina Babcock, Kindergarten Teacher at Lake Forest Elementary North. Bonnie Simon, Physical Education Instructor at Lake Forest High School, was RIF'ed.

John Glenn Davidson, a teacher at Lake Forest East Elementary, was named coordinator of Summer School Activities.

In other business, the board set the

salary of the Head Track Coach at Lake Forest High School at \$1,149.50. The position is held by Jim Blades. The board approved a five cent per hour incentive pay increase for cooks, bakers and general workers in the district cafeteria system.

A bid of \$3,152.35 by Joseph Richardson, Inc. was accepted for the installation of a ten inch water line to connect Lake Forest East Elementary School with the Frederica Municipal system.

The board postponed the opening of negotiations with The State Educational Association.

[continued from page 1]

In the December, 1982 crisis, Dr. Joseph H. Richman, deputy state health officer for Kent County, told the Delaware State News that the coliform bacteria is not harmful in itself but could act as a "tracer" for other disease-carrying organisms that cause such diseases as typhoid or cholera. He emphasized that coliform in the water doesn't mean that these organisms are present but does establish their possibility.

Regarding the present situation, Richman referred to the "antiquated distribution system."

"Since the water must pass both bacterial and chemical tests, this makes it difficult to maintain a uniform level. It should be resolved," he said.

Jenner said a majority of the council had agreed to a feasibility study in February, 1982 when he was a council member.

"But I was defeated for reelection before the next council meeting, and the whole thing just died off. I hope it will be taken care of, so we can all get back to taking care of things without worrying about the water," Jenner said.

In view of the foregoing, a feasibility study certainly does seem reasonable.

A study would determine the cause of the trouble and measures could be taken to correct it.

If it did nothing else it would at least allay the fears of many residents.

At present the situation seems to be a matter of conjecture. A study would eliminate the guesswork.

Since we are dealing with so many imponderables it is imperative to call in the experts. They can give precise measurements and accurate evaluations of the source of the problem.

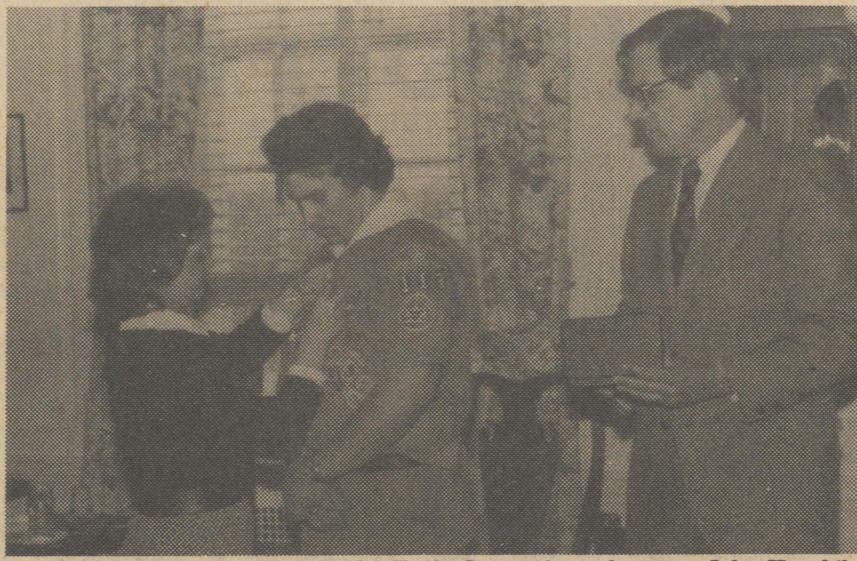

All parties involved are sincere, hardworking people with the interest of Felton at heart. But a breakdown in communications seems to have occurred between state authorities and the town council.

This is understandable when you consider that no one knows for certain the root cause of the problem.

Until a feasibility study is made, residents will continue to wonder if there will be another recurrence of the ten-year-old dilemma.

We urge the town council to take steps to cut the Gordian knot.

If it does, you can wager that at the next town council meeting there will be less heat and more light.

brought 200 new blood donors to Lenox Hill Hospital in New York City. The effort fulfilled his final Eagle requirement - giving at least 100 hours of his time toward a worthwhile project.

John Huneke's original goal was to get 100 new donors for the hospital. On March 30, 1981, just after Mrs. Huneke pinned the Eagle Medal on her son, it

was announced that John's 200th blood donor had walked into the donor center that same evening.

Two weeks later, John Huneke succumbed in his battle against a rare form of bone cancer. His story, "I'll Be Here", was recounted by Mari Brady as a Reader's Digest "First Person Award" published in May 1982.

**Felton Jaycees sponsor gun safety program**

by David F. Coady

Nine area youngsters, age 8 to 14, have passed a six week shooting safety program sponsored by the Felton Jaycees. In the final competition, held April 16 at Carroll Sales, Felton, the boys used BB guns to demonstrate safety in gun handling.

The order of finish was: 1st - Scott Sluter; 2nd Brian Sherwood; 3rd Jimmy Reed; 4th Scott Outten; 5th Ronnie Voshell; 6th Tommy Staton; 7th Chris Garton; 8th Charlie Wilmore and 9th Jayson Garton.

The top five finishers will be traveling to Smyrna on April 30 for a state-wide competition.

# Over The Backyard Fence

## Senior Center by Dorothy Graham

Ice Show - Friday evening, April 29, \$18.00, call 398-4224, if interested. Smile! To yourself be true. Now listen, honey that is only a fragment of a sentence by Shakespeare. Says a lot if you say it over to yourself several times.

Reverend Koning of Nazarene Church, Harrington was leader of Bible Study Monday morning. Virginia Smith was at the piano. Songs and prayer, then the study was Psalm 23, Luke, chapter 115, verses 4-7, 1st Peter Chapter 5, 4th verse. All enjoyed the inspirational hour so very much. Those partaking of the Bible Study were Roxanne and Marion Brown, Jo Burke, Gladys Hill, Florence Minner, Etzel McCready, Annabel Morrow, Cleora Vincent, Gertrude Morgan, Tony Perrone, Mamie Adams, Irene Larrimore, Virginia Smith, Elwood Morris, Mary Sapp, Ethel Holden, Frances Wright, Thelma Legates, Catherine Donovan, Mildred Vincent, Cecil and Sylvia Meredith.

Elsie Vineyard was here with Spanish lessons.

Mildred Watson was at the keyboard Tuesday morning as the Jolly Timers put over the song "Red Wing," now isn't that a real oldie but goodie. Makes you snap your fingers, toss your head and tap your toes! Lots of other favorites by Bertha Dean, Mamie Adams, Gladys Hill, Ella Golt, Roxanne and Marion Brown, John McCready, Elma Thorpe, Annabel Morrow, Lillie McBride, Virginia Smith, Elwood Morris, Tony Perrone, Andy Anderson, Mildred Vincent, Louis Gerardi and Cecil and Sylvia Meredith.

Members Meeting called to order by President Marice Adams, April 11, 1983 at 1 p.m. Pledge of allegiance by all and prayer by Vice President, Watson Brown. Minutes of last meeting read by Secretary "Andy" Anderson, Financial report made by Treasurer Merle Roth. Both approved as read. Under new business, cue sticks for pool room and a spray for the kitchen sink.

The question was asked, "where do you want to go on a trip or trips?" Louise Burgess was elected Sunshine Chairman (if you know anyone ill, please let her know). Any ideas for adding to the Building Fund? Fishing Trip was discussed.

May 10th Christiana Mall. It is Senior Citizen Day.

Spoke of the ill. Meeting adjourned! If you were not at the Fashion Show, put on by "The Loft", sorry! For some of the Senior Citizens of Harrington Center gave a completely, beautifully, fascinating program. Each one participating truly made those looking on, stand up and pay attention! Every lady and gent was a gem as models. Participating, Nancy Welch, Mary Lou Betts, David McCracken, Frances Wright, Mildred Welch, Crystal Clark, Ida Welch, Katherine Smith, Hazel Riley, Florence Minner, Marion Brown and Delores Wagner. They were truly perky. The kangaroo sneakers were reminiscent of good old stand by "Penny Loafers".

Sylvia Meredith was at the organ. Virginia Smith the keyboard, Wednesday morning as the "Senior Sounds", echoed the favorite songs, some old some new. Enjoying the company of each other and sharing their songs with all in earshot were - Irene Larrimore, Roxanne, Marion Brown, Mamie Adams, Ola Tildon, Louis Gerardi, Clara West, "Andy" Anderson, Tony Perrone, Mildred Vincent and Anna Mae Short.

Nell Bausell again, brought a most delightful Humanities program. One thing we discussed was the different ways of communicating cultures, spoken, personal, reminisces and oral history. The best thing to do really is to come in and join in the program. We learned a little of Anna Christian, Pearl Fowler and William B. Green.

Clara West (a retired teacher) said when she first began to teach, she had to clean her room and keep the fire going. Things have changed since we were young - long, long ago Present were Juanita McLain, Ruth Bradley, Anna Mae Short, Mamie Adams, Mildred Minner, Grace Howard, Virginia Smith, Clara West and Florence Fortney.

Bingo, pool games, crafts, ceramics, shopping, bowling, a trip to Columbia Mall, T.V., reading, as well as all the other programs make the center a happy place to be.

The paths of love are rougher than thoroughfares of stones. Thomas Hargl.

Come on in to the Center. You will be glad you did, so will we! Faith!

Health Tip OF THE WEEK CANCER PREVENTION To reduce the likelihood of cancer of the digestive tract, "switch from white bread to whole wheat or bran bread; increase fresh fruits, such as apples and oranges, and emphasize leafy vegetables such as cabbage, spinach - also broccoli and cauliflower", urges Dr. Guy R. Newell, a director of the Nat. Cancer Institute. He suggests that bulk (what grandma called roughage) has a possible anticancer effect. "The addition of fresh fruits and vegetables to one's diet may act to minimize the chances of acquiring cancer" he says. ## St. Bernadette's Catholic Church

The Diocese of Wilmington has enacted a policy for the preparation of marriage in the Church. A couple must meet with the priest at least four months prior to the intended wedding date. In that time of preparation they will meet with the priest four times and either attend the Engaged Encounter Weekend or meet with a married couple from the parish for four sessions.

Anyone under the age of 21 needs the permission of parents, and anyone under the age of 18 needs also the permission of the Bishop which requires counselling at Catholic Social Services, before the marriage can be celebrated. A catholic wishing to marry a member of a Protestant church in a Protestant church needs the permission of the Bishop which is given when the above requirements have been met. Otherwise the church does not recognize the validity of the marriage. A Catholic marrying a member of a Protestant church in a Catholic church is encouraged to invite the participation of the Protestant minister in the ceremony.

A Catholic who has been previously married or who wishes to marry someone previously married must apply for an annulment. If you plan to be married or if you have children of marriageable age, please save this information. The concern of the Church is to help the engaged to seriously prepare for the marriage. The wedding is a day, a marriage is a lifetime.

**THE ANNUAL CATHOLIC APPEAL** provides the people of the Diocese of Wilmington with an opportunity to share in the works of charity and education that are fundamental to our faith. When you are asked to help, how do you plan to respond to the need of your neighbor who is hurting?

If you have not already received your copy of the Annual Catholic Appeal brochure, watch for it in the mail this week. This brochure describes the many ways Appeal supported services respond to the diverse need of our community. Please read this brochure carefully so that you will learn just how important your gift really is.

## Asbury U.M. Church

Asbury celebrated its 125th anniversary on Sunday, April 17, 1983. Former pastors who were able to be with us were Rev. Olin J. Shockley, Rev. Robert Van Cleaf, and Rev. Alvin Willink. District Superintendent Dr. Gordon Stapleton and Rev. Ivon Downing were also present. The celebration was well attended with approximately 600 members and friends participating in the three services. We thank Tom Peck, Chairman of the Anniversary Committee and all those who made the day so memorable.

## Presbyterian Tricentennial

SALISBURY, MD - Presbyterians from the Atlantic seaboard and elsewhere are expected here May 14 for the celebration of the 300th anniversary of the arrival of Francis Makemie in America.

Makemie, father of Presbyterianism in America, came to this region of the Delmarva Peninsula in 1683. He founded churches in this area, now known as "Makemieland", and elsewhere along the Eastern seaboard. In 1706 he organized at Philadelphia the original presbytery which survives to this day as the parent of American Presbyterian Churches.

The celebration will be held at the Wicomico Youth and Civic Center here beginning at 1 p.m.

Rev. David P. Moore of Rehoboth is chairman of the Francis Makemie Tricentennial Committee. He said a number of leading Presbyterians will speak. They include:

Dr. James I. McCord, president of Princeton Seminary, Princeton, N.J.; the Rev. David H.C. Read, minister of the Madison Avenue Presbyterian Church, New York City; Dr. Louis Weeks, professor of historical theology at Louisville Seminary, Louisville, Ky., and Mrs. Florence Scott, Ramelton Church, Presbytery of Laggan, Republic of Ireland.

Mrs. Scott will provide an historical link with Laggan, Ireland, from which Makemie left growing persecution to further Presbyterianism in the America colonies.

In the Salisbury region, Makemie founded a number of congregations which endure today at Rehoboth, Pocomoke City, Snow Hill, Berlin, Princess Anne and Salisbury in Maryland and in Accomac County and Norfolk in Virginia. In 1706, he built the still standing brick Rehoboth Presbyterian Church near Pocomoke City.

Makemie died in 1708 after imprisonment in New York City on charges of preaching without a license. Although he was later acquitted, he was forced to pay heavy court costs which he also contested and had reversed. This is regarded as a notable contribution to religious liberty and freedom of speech in the colonies.

His grave and monument, erected in 1908 near Temperanceville, VA is on property which was once a part of his extensive holdings in the area.

The tricentennial celebration this year coincides with the reunion of 2 1/2 million northern Presbyterians and 800,000 in the southern church. Final ratification of the reunion is expected

"He said unto them, But whom say ye that I am? And Peter answered and saith unto him, Thou art the Christ. Mark 8:29." God demands that we face the revelation he has given us in Jesus Christ. We cannot hide behind anyone else's ideas or testimony. Our eternal destiny rests on our answer to his eternal question, "What think ye?"

## Goshen U.M. Church to celebrate

### "Heritage Sunday"

Goshen United Methodist Church, Milton, DE will celebrate "Heritage Sunday" April 24, at 11 that morning. Special recognition will be given 25 members of the church who have been members more than 50 years and a special place for them will be at the service and at the luncheon to follow in Fellowship Hall. Greeters will be in colonial costume and all others are invited to wear attire of the past.

## Dudley's Chapel to celebrate Bicentennial

Dudley's Chapel, near Sudlersville, Maryland, will celebrate its bicentennial on Heritage Sunday, April 24.

Listed on the National Register of Historic Places, the chapel was built in 1783 and was visited by all the great Methodist leaders of the time, including Bishop Tomas Coke, Bishop Francis Asbury and Freeborn Garrettson.

One of the oldest surviving Methodist churches in America, Dudley's Chapel was the first Methodist Church built in Queen Anne County and is one of only two 18th century churches remaining in the county. The society of the "people called Methodists" was formed in the area as early as 1774, with Asbury assigned to Maryland and leading worship in homes before churches were built.

A service on the 24th will begin at 11

a.m. with Dr. R. Jervis Cooke, former president of Wesley College, as speaker. Music will be by the choir of St. Paul's United Methodist Church, Ingleside and Calvary Asbury United Methodist Church, Sudlersville. A luncheon will follow at Calvary Asbury Church.

The year-long bicentennial celebration will culminate in a Homecoming Service October 2, with Rev. William Hemphill, superintendent of the Wilmington District, as speaker. A historic marker will be dedicated at this service.

all of the existing records of the chapel, dating back to 1794 and up to 1980, are on microfilm at the Hall of Records in Annapolis and in Queen Anne's county Library in Centreville, Maryland.

## Felton U.M. Church

What is a no excuse Sunday? Just that, a Sunday with no excuse for anyone not attending. It will be our turning point Sunday and our service will be full and exciting.

To help you over the hump of your excuses, we will provide all that follows to make sure that you are here:

- roofs for those who say Sunday is their only day to sleep in.
- Murine for those whose eyes are tired from watching Saturday night television.
- steel helmets for those who think the roof will cave in if they come to church.
- blankets for those who think the church is too cold.
- fans for those who think the church is too hot.
- scorecards for those who wish to

count hypocrites.

- TV dinners for those who can't cook and go to church too.
- coffee hour for those who enjoy eating and socializing with old friends.
- christmas poinsettias and Easter lillies for those who have never seen the church without them.
- "back row" signs on every pew for those who don't want to get too close to the front.

•Sunday papers for those who can't do anything before they have read the comics and the sports page.

Now, you see, there's NO EXCUSE! See you in Church, April 24, 1983 11:05 a.m. Felton United Methodist Church, Main St., Felton, DE. Everyone welcome!

## Calvary Wesleyan Church

The Children's Choir is busy rehearsing a musical entitled, "The Runaway" based on the life of Jonah. The musical will be presented on Sunday morning, May 8 at 9:30. This will be Mother's Day. The Children's Choir meets for rehearsals on Wednesday evenings at 6:10. Mrs. Thelma Miller is directing the choir. CYC'ers and Youth meet on Wednesday evenings at 6:30; while adults meet for Bible Study at 7:00.

Mr. and Mrs. Larry Palmer of Allentown, PA, will be with us for the morning service on April 24th. Mr. Palmer is a member of the 1983 graduating class of United Wesleyan

College in Allentown. They will be sharing with us in the ministry of music.

A hymnsing is planned for this Sunday evening at 7:00. The theme will be "Favorites." A fine program is being planned and a cordial invitation is extended to all in the Harrington area to attend this special service of music and song.

## Hunting and Fishing on Delmarva

by David F. Coady  
**FISHING TOURNAMENTS:** Delaware State Police at Troop 3, Camden, are sponsoring the 5th Annual Delaware State Police Fishing Tournament for the benefit of Camp Barnes. First prize for the largest trout is \$1,500 and first prize for the largest flounder is \$250. For further information, contact Sergeant Harold Brode at Troop 3, Camden. Phone (302) 736-4863.

The 10th annual \$25,000 White Marlin Open will be held August 22 thru August 26 in Ocean City, Maryland. The White Marlin Open has become the largest blue water sports fishing event on the East Coast.

For more information phone (301) 289-9229 or write: White Marlin Open, P.O. Box 737, Ocean City, MD 21842.

**FINFISH LAWS:** There have now been arrests and protest demonstrations over the enforcement of the state's out-dated fishing laws. It is time for the legislators to get off their respective duffs and do something positive before the situation becomes volatile.

**HUNTING FEES:** Non-resident hunting fees may be going up. Delaware presently charges out-of-state hunters \$40 for hunting licenses. Maryland, also, charges non-residents \$40 but Pennsylvania charges

non-residents \$60. Under legislation that has already passed the State Senate, Delaware would charge out-of-state hunters the same fee that their home states charge for non-residents.

**MOSQUITO SPRAYING:** Mosquito Control personnel predicts larger woodland mosquito population this spring and early summer due to extensive flooded woodlands and a higher-than-usual water table in many parts of the state. To combat this situation, the Division of Fish and Wildlife Mosquito Control Section has begun helicopter spraying. Spraying will be ongoing, weather permitting, and will continue for several weeks.

**FEDERAL FIREARMS LAW:** A few weeks ago I reported that Senator Steve Symms (R-Idaho) had introduced the Firearms Ownership Rights Act of 1983. This bill would protect citizens rights to possess guns for any lawful activity. A companion bill, HR 1616, has now been introduced in the U.S. House of Representatives by Representatives Larry McDonald (D-GA) and Dan Crane (R-IL).

**HUNTING SEASON:** Delaware's annual public hearing on game seasons, sponsored by the Division of Fish and Wildlife, will be held at 1 p.m., April 23 at the Capital Grange, Dover.

## LF girls crush two foes in track

by Keith S. Burgess

Lake Forest's girls were simply awesome in track victories over Woodbridge 112 1/2 to 19 1/2 and at Smyrna, 116-16. Woodbridge managed only one victory and a tie, in 16 events, while Smyrna had just two triumphs. The Spartans are 3-0.

Kelli "Pell-Mell" Pelton, a sensational freshman, has only been running a few weeks but has already piled up a ton of points. With a break in the weather and a little more experience, she should shatter school marks, in both the 1600 and 3200 meters, at least. Pelton (5.58) Tara Gladden and Denise Donato swept the 1600 meters. Kelli ran 12.56 to win the 3200, with Gladden second and Melissa Wilson of Greenwood and Woodbridge in third.

Carolyn Browne bested strong opposition to annex the 100 meters (12.56) and the 200 (26.98). Browne anchored the Spartan 400 meters relay team into a rare tie, coming from behind. Her teammates were Jo Ann Smith, Patti Drew and Anita Sherwood. Smith jumped 16 feet to take the long jump, with Caritha Clarke and Christine Nichols completing a sweep. Drew was first in the high jump with Pam Pierce next. Clarke improved her school record in the triple jump, to 36 feet. She's a threat to be state champ next month. Pam Smith and Chris Nichols were next behind Clarke.

Pam Pierce doubled in the 800 meters (2.12) and 400 meters (64.2). Donna Pardee was second in each. Angie Akins (34 feet, 5 inches) Severa Harris and Sharon Burton swept the shot put. Furton, Akins and Regina Abrams, duplicated that feat, in the discus.

Ann Irby nipped Caritha Clarke in the 100 meter hurdles, then joined Patti Drew, Sheri Durant, Anita Sherwood to capture the 800 meter relay. Debbie Jester was second in the 300 meter low hurdles.

Smyrna's redoubtable Molly Porter posted the fastest clocking in the state cross-country championship run, last fall, as far as distaff runners were concerned. She may be the best distance runner in ladies track, this spring, in Delaware. Yet Lake Forest's Kelli Pelton was not outclassed by Porter, in either the 1600 or 3200 meter runs and in the latter event, neared the Spartan school record, on a cold, windy day. Tara Gladden was third in each of the long runs.

Pam Pierce, one of the top point scorers for her school so far this spring, led Carolyn Winder and Donna Pardee across the line, in the 400 and Shirlaine Goodman and Denise Donato in the 800. Pierce and Patti Drew tied, in the high jump, with Lynn Mills third.

Carolyn Browne won at 100 meters, with JoAnn Smith next, then went 1-2 with Anita Sherwood, in the 200.

Browne, Drew, Smith and Sherwood ran 52.8 very good time, in the wind to take the 400 meter relay.

Drew, Irby, Sherwood and Sheri Durant were first, in the 800 relay. Caritha Clarke, another of the top Spartan scorers, is a versatile athlete. Caritha won the triple jump with Christine Nichols second, then came in second to Nichols, in the long jump, then captured the 100 meter hurdles.

Ann Irby and Debbie completed the 100 hurdle sweep, then ran first and third respectively, in the 300 hurdles. Jim Blades' powerhouse weight-persons had another banner day, blanking Smyrna 16-0. Angie Akins, Severa Harris and Sharon Burton were 1-2-3, in the shotput. Burton (105 feet, 4 inches) Regina Abrams and Carolede-thea Smith, did the same, in the discus. Burton's throw was one of her best ever.

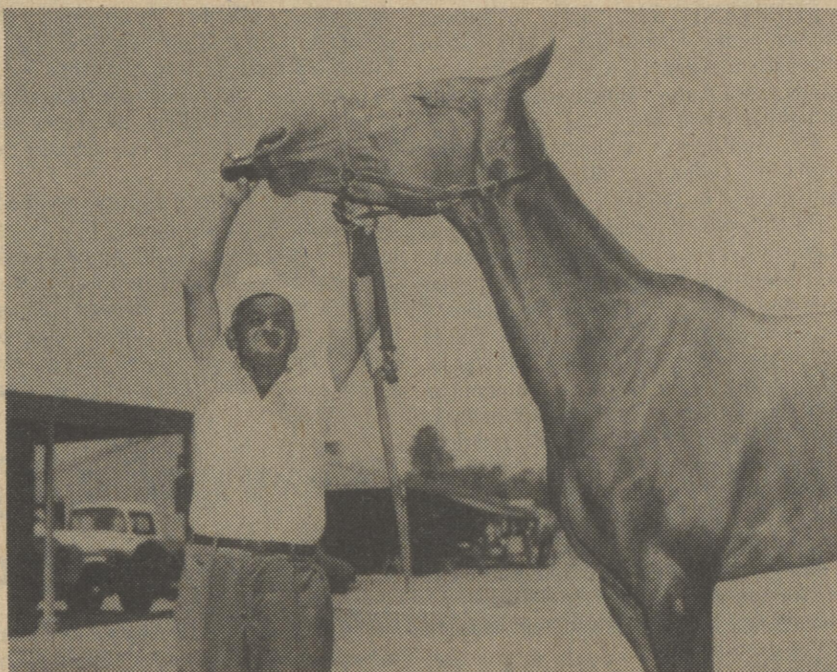

Debbie Jester, Sylvia Hicks, Carolyn Wynder and Donnie Pardee, romped to victory, in the 1600 meter relay.

## Spartans down Milford

FELTON, DE - The Spartans played at home on Thursday with a come-from-behind win against Milford recorded their second straight victory of the young season.

Milford got off to a flying start when they scored 4 runs in the top half of the first inning. The Spartans scored once in the last half of the first inning then scored six in their half of the third and one in the sixth, and held on for an eight to six win.

Richie Sapp led the Spartans with two RBI's. Gary Moore, Rodney Abrams, Jim Moss and Tim Stump each had an RBI.

## Perfect Beauty

[continued from page 1]

had...and that was a lot of speed, but what she also had was the ability to carry that speed. She just kept going at the top speed when you get going. Now...this filly of Delbert's (Cain), she is the same way. She has the speed, but she can carry it too. She is the best 3-year-old filly in the country right now. No doubt about it." Olin went on to relate that sooner or later she (Perfect Beauty) probably will get beat. "You don't like to see it happen, but when you start racing against those age horses...they will beat you." Messerschmitt is a 4-year-old she beat on Friday night. "I know there is no 3-year-old in the country that can beat her. She is the best...no doubt about it."

Olin lost his 13th outing with Quick Lady as a 4-year-old. "It was the first race out as a 4-year-old. Tar Boy (Levi Harner) beat us at Monticello. He was an aged race horse." The point is you will be beaten. "Del Miller used to say

that the way to break up all that pressure of winning...and everyone asking you all kinds of questions is to lose. That'll break it up for sure. He used to say that was the best thing to happen sometimes." Quick Lady had 19 starts in 1960 as a 3-year-old. "Sixteen of those starts were from the sixth position out. We got 2 wins and one 2nd from the three hold in. Everyone was saying what is wrong with Quick Lady. There was nothing wrong with her...just that she came up on horses just as fast as she was...and the post position made it tougher for her," said Ruth Davis. "The pressures are really great and I can imagine what is going on in some camps right now. You ride on every move. Olin never appeared to be worried about anything, but I sure felt the pressure," added Mrs. Davis. "I remember one night she went off stride as a three year old, but she went right back on stride. For a moment I

## Pitts family awaits Harness Commission decision

by Harry G. Farrow, Jr.

**MEADOWLANDS, N.J.** - An incident which happened two years ago, July 7, 1981, at the Meadowlands during the running of one of the richest standardbred races in the country, is slated to be decided today. In the race Savilla Lobell was flying on the outside from far back in the field. As she approached Benny Webster and his horse, Webster pulled out. Savilla made contact with Webster's horse, sending her off stride. That horse finished 9th in the race, but Savilla went on to finish first under the wire ahead of the field.

The judges, chief steward and all others in authority or otherwise agreed that Savilla Lobell had interfered with Webster. Consequently, Savilla Lobell was placed behind Webster which meant she finished 10th. Savilla Lobell's owners appealed the decision and the track's decision was overruled by the Commission. That decision was appealed. The matter then went to the N.J. Harness Commission. The case was heard by the Commission on March 9th of last month. The Commission meets once a month. Today is the due date.

When Savilla Lobell was disqualified,

the second horse finishing in the race was declared the winner at the track. That horse was a filly named Willow Bust and owned by Mr. and Mrs. Charles Pitts of near Harrington. "At issue here is the difference between first and second money. The winner's share is \$350,000, and second money is \$175,000. We have been paid the second money. The difference we would have won is in on 16% interest," said Mrs. Pitts. The owner and driver of Savilla Lobell have nothing to lose and everything to gain from the decision today. You can't much blame

them for trying to get the winner's share. I guess you could say it was a judgment call. One horse was pulling out when the other was coming, except that Webster had made his move before Savilla Lobell actually got there," said Mrs. Pitts. The racing world anxiously awaits the verdict on this case that has taken so long to decide. Willow Bust is now a 4-year-old and is campaigning at Freehold, N.J. in matinee racing. She has 3 wins and 1 fifth under the careful handling of veteran driver Eddie Davis.

## Unbeaten trackman beat Woodbridge, Smyrna

by Keith S. Burgess

Jim Blades' Lake Forest Track Team defeated always tough Woodbridge 74-67 and overwhelmed Smyrna 112-29, to remain undefeated.

Woodbridge won all three relays, both sprints, two of three distance events, nine of seventeen events overall, but lost to the Spartans depth, as the locals piled up points, with second and third places.

Perhaps the key to the Spartan win was in the jumping events, where Lake Forest swept the long jump and allowed the Blue Raiders only two thirds (two points) in the high and triple jumps.

Maurice Parker (20 feet, 8 1/2 inches) Ralph Taylor 20-6 and Darrell Benson 19-9 covered the long jump points. All three have qualified for the state meet. Last year no Spartan qualified. James Brown (6 feet) and Jay Harmon went 1-2 in the high jump. Tony Scott unleashed a powerful 46 feet, 11 inches leap, in the triple jump to set a new Lake Forest mark. We believe it's the best such effort in Delaware this Spring. Mike Briggs was second with his best jump ever (43-2).

Rob Prutzman turned in his usual weight double, chunking the 12 pound shot, 47 feet, 10 inches and spinning the discus 127 feet. Danny Donovan and Mike Melvin scored 8 welcome plate points, by finishing 1-2 in the 3200 meter run.

Nelson "The Boss" Mosley, a tall powerful striding senior, established the first sub - 52 second clocking in Lake Forest 400 meter history. Nelson raced through cold and wind, in 51.87. Give him a few more weeks and some ideal racing conditions and he may get significantly faster.

Jerome Harris (15.06) and Tony Scott (15.46) accounted for an 8-1 edge in the 110 meter high hurdles, then were second and third to Woodbridge's Leroy Church in the 300 intermediates, holding the visitors to a 5-4 nod there. The Raiders burley Joe Knowles won both sprints but valiant efforts by Andy LaSalle, accounted for a second and a third.

Dan Donovan and Mike Melvin virtually neutralized the Raiders Vernon Brown by coming in second and third, at 1600 meters. Senior Dryl Tolson, a fine prospect, ran a windy 2:10.8 to finish second at 800 meters. Tolson is a first-year runner. He joins former Spartans Dale Johnson, Chuck

Carter and a host of others, who allowed great talent to lie dormant until their last year of high school, thereby blowing the opportunity for an athletic scholarship. Room, board, books and tuition sounds great, doesn't it?

Smyrna offered only token resistance, winning only the pole vault and even there Josh Howerin, second place and Ken Hutchins kept the Eagles' advantage to 5-4.

Danny Donovan, 1600 and 3200 meters and Rob Prutzman, shot and discus, were double winners. Prutzman shattered his Lake Forest ducus standard, as he beat the old mark of 139 plus on all three throws. He finally ended up with 150 feet, 7 1/2 inches, which may be the best in the Diamond State, this spring and he's only a junior! Freshman Preston Harris and Barry Chaffinch didn't place, but threw 101 feet, good efforts for such young novices.

Mike Melvin was second to Donovan, in both distance runs, while improving young runners, John Caskey and Billy Jaggerty, had thirds, in the 1600 and 3200, respectively.

Darrell Benson and Maurice Parker went 1-2 in the long jump, taking off into a stiff wind, yet still managing 20 feet plus efforts. Jerome Harris won the 300 hurdles in a personal best of 42 seconds flat. Tony Scott annexed his specialty, the triple jump. Tony will be the only spartan to compete individually in the upcoming prestigious, Penn Relays in Philadelphia.

Darrell Tolson and Jerry Mosley went 1-2 in the 800 meters, while Nelson Mosley, Sheldon Powell and Marvin Parker, swept the 400 meters. Nelson Mosley, Parker, Powell and Tolson were easy victors in the 1600 meter relay.

Ray DeShields, Andy LaSalle and Ralph Taylor dominated the 100 meter dash. LaSalle, DeShields and Ralph Yound did the same at 200 meters. Taylor, Young, DeShields and LaSalle, captured the 400 meter relay. Young, Marvin Parker, Jay Harmon and Darrell Benson took the 800 meter relay.

James Browne won a jump-off to break a tie with an Eagle in the high jump. Jay Harmon was third.

## Spartans win two in softball

**LAUREL, DE** - Lake Forest Softball team jumped on Laurel last Tuesday and came away with a 7-1 victory. Dee Dee White powered the Spartan girls with a home run while Karen Sipple added a triple and double.

Andrea Molohan went the distance to record the win.

## Lake Forest Softball Trounces Milford

**FELTON, DE** - Andrea Molohan led all team members as she pitched the Spartans to their second win. She has both wins for the season. She gave up only four hits as she went four for four at the plate and scored three runs.

## LF baseball team gets off to a good start

**LAUREL, DE** - On Tuesday, the Spartan Baseball team ripped Laurel Bulldogs 3-1 in an extra inning game. Jeff Thompson for the Spartans hit a two-run homer in the top of the ninth inning giving the Spartans their first '83 win. Lee Collins was relieved in the fifth inning by Tim Noble, and Noble got the win. Richie Sapp also homered, a solo blast off losing pitcher Mike Montague in the second inning. Laurel scored later on an unearned run.

In the ninth, Laurel came out swinging and picked up two hits. Jerry Mears who had singled was thrown out trying to advance on a passed ball. Noble pitched out of trouble stranding a runner. Montague pitched a good game giving up only three hits, two of them going the distance. The last one being a two run blast.

[Continued from page 6]

**HERSHAL J. DEPUTY SR.**  
MILFORD - Hersh J. Deputy Sr., 83, of 607 S. E. Second St., died of complications of emphysema, Wednesday, April 13, 1983, in Milford Memorial Hospital.

Mr. Deputy was a marine engineer with the old Vinyard Ship Yard in Milford from 1916 until the shipyard closed 1956. He then worked as chief maintenance supervisor of Milford Memorial Hospital until he retired due to illness in 1965.

He is survived by his wife, Mabel E.; two sons, William J. and Hersh J. Deputy Jr. of Wilmington; three daughters, Marian D. Favinger and Mildred E. Ring, both of Newark, and Sylvia Edmanson of Kitterell, N.C.; a sister, Hilda Mills of Milford; 12 grandchildren and 12 great-grandchildren.

Services were Friday at 11 a.m. at the Lofland Funeral Home, 219 S. Walnut St., where friends called one hour before services. Burial was in Odd Fellows Cemetery, Milford. Instead of flowers, the family requests contributions to the American Lung Association, 1308 Delaware Ave., Wilmington 19899.

**NORMAN EUGENE PASSWATERS**  
MILFORD - Norman Eugene Passwaters, of 600 NW Front St., Milford, died Friday, April 15, 1983, following a one-car accident near Milford. He was 59.

Mr. Passwaters was an instrument mechanic at the Du Pont Co. Seaford nylon plant for 36 years, retiring in 1982. He also owned and operated Lakeside Cab Co. in Milford since 1967.

Surviving are his wife, Jeanette Passwaters; two sons, Norman E. Passwaters Jr. of Severn, MD, and Thomas W. Passwaters at home; two brothers, Thomas D. Passwaters of Milford and Harrison Passwaters of Ridgely, MD; two sisters, Ann Pritchard of Woodside, and Helen Bennett of Marshallton; and two granddaughters.

Services were at 11 a.m. Monday at the Lofland Funeral Home, 219 S. Walnut St., Milford, where friends called from 10 to 11 a.m. Monday.

Burial was in Odd Fellows Cemetery, Milford.

**ODUS A. MOORE SR.**

## Participants needed for "Wheels-for-Life" ride

Harrington Bike-a-thon Chairman Jo-Ann Wyatt is asking community residents to participate in the St. Jude's Children's research Hospital "Wheels-for-Life" Bike-a-thon to be held Saturday, April 23 starting at the Chipman School in Harrington.

Volunteer workers and riders are needed for the Bike-A-Thon to raise funds for the research center and its battle against childhood cancer and other catastrophic childhood diseases. This year's ride is being dedicated to Terry, a leukemia patient at St. Jude. Those who "ride for Terry" will really be helping all stricken children, since research is the only way these illnesses can be conquered. Harrington's chairman is looking for people who will contribute some of their time and energy to help children live. She says, "We really need bike riders, since they are the ones who can make this Bike-a-thon successful."

So that everyone who would like to can participate, the bike route will be kept short, probably two miles or under. Those who want to go for longer distance will be able to do so by riding laps. But those who might not be able to handle the distance, younger children and senior citizens for example, can also get involved.

Also needed are volunteers to work at the check points or to assist in other ways the day of the Bike-a-thon. Interested persons can call 398-3943.

In the Bike-a-thon, riders enlist sponsors who donate a sum for each mile completed. Riders who raise \$25 will receive St. Jude t-shirts, and those who raise \$75 will receive barrel tote bags. Sponsor forms will be available in most local stores or by calling 398-3943. There will be some forms also available in *The Harrington Journal* office on Commerce Street.

St. Jude Hospital, the object of the benefit ride, was founded by entertainer Danny Thomas and operates primarily from public contributions.

Modeled after successful efforts throughout the country, Crime Stoppers pays up to \$1,000 cash for information that leads to the arrest and indictment of serious criminals. Since callers need not use their name, there is no chance of retaliation.

To work, Crime Stoppers needs support from police, media, businesses and community. It is a non-profit corporation that publicizes a Crime of the Week, usually a serious felony. Callers providing anonymous tips on that crime, or any other felony, are given a code number. If the

information proves valuable, the Board of Directors of the corporation pays up to \$1,000 cash.

The first Crime of the Week began April 4. Each Monday, a new crime will be publicized throughout Delaware.

Former Governor Elbert N. Carvel and former Senator J. Caleb Boggs, are honorary co-chairmen for Crime Stoppers. Mr. Norman Powell was recently appointed Board Chairman. Board members represent the media, businesses, and private citizens throughout Delaware.

Information on the following crime of the week will pay up to \$1,000 cash for information leading to an arrest and

indictment:

## CRIME - RAPE/KIDNAP

A 14-year-old white girl was raped in a car on Green Street near Claymont High School. The time - about 5:00 p.m., the date Thursday, December 16, 1982. There were three white men in the car, a dark blue Pontiac Trans Am, jacked up in the rear, black interior, with wide rear tires. The rapist is about 29 years old, 5'11", thin, had ear-length, dark hair, a thick mustache. He was wearing denim jeans and jacket. One accomplice is about 17, with stringy brown hair. The other was wearing thick glasses.

# Governor's office proclaims April Cancer Control Month

"Think about it! How you live may save your life! - This is the theme of the 1983 educational and fundraising cancer Crusade beginning April 1," said Michael Ambruso, Chairman of the Kent Unit of the American Cancer Society.

"The Crusade this year has a very personal meaning for every citizen of Kent County because it confronts us with questions about our lifestyles and environments and the way in which these may relate to cancer," Ambruso said.

The Cancer Crusade volunteers will be distributing a new American Cancer Society folder, "Your Self Test on Cancer Risks." The folder features questions that can be answered simply "Yes" or "No", such as Do you smoke cigarettes? or "Have any of your close relatives had breast cancer?" The significance of the answers is explained and safeguards are suggested.

"Today we know that more than three million Americans are alive after experiencing cancer, thanks to early detection, diagnosis and treatment," Ambruso said. "We want to continue the advances that are slowly but surely being made. President Reagan and Governor duPont have proclaimed April as 'Cancer Control Month.' We ask that everyone give generously to help support programs to cancer research, education and services to cancer patients."

"More and more people are asking for information about how their money is being spent to help control cancer in the United States and we're glad to be able to tell them," said James Barnett,

[Left to right] James Barnett, Kent County Crusade Chairman, Lt. Governor Mike Castle and Gary Houpt, Residential Chairman for 1983 crusade gather in Dover for official proclamation denoting April as Cancer Control Month.

Chairman of the American Cancer Society's educational and fundraising cancer Crusade which begins April 1 in Kent County.

Barnett said that the money raised in this year's Crusade in Kent County will be used to support programs for the prevention, early detection, and treatment of cancer, and to provide assistance to cancer patients. Besides Crusade contributions, the Society also receives support from legacies and

memorial gifts. "Informing people about cancer's Seven warning Signals; urging them to be aware of the importance of their lifestyles; alerting them to factors that mean higher risk for cancer; instilling good health habits early in our children - all of these are part of Public Education programs that received about 23% of the American Cancer Society's Delaware budget during the past year," he said.

## Bowers plans for town celebration

by Harry G. Farrow, Jr. NORTH BOWERS BEACH, DE - June 4th is the date for the "largest of its kind....planned town celebration's" when the fishing village of North Bowers will stage the "Town Celebration Day". Designed to raise money to support Town Hall, the Church, the Maritime Museum and the Fire Company, the Celebration which will be a first for North Bowers should become a popular event.

There will be booths where wares can be sold as well as rides for the children. "We want to make it real entertainment for the children," said Bowers' Mayor Fred Eubanks. The highlight of the affair will be two

performances by Freddy Hart....and The Heartbeats....straight from Nashville, Tennessee, and The Grand Ole Opry. Tickets are \$10 before the performances or \$12 at the door. According to Mayor Eubanks, "the tickets are going fast. At this rate we

won't have to sell them at the door....and we will have a cut-off too. So....people better be sure to cash in on the advanced sales price," said Eubanks. It is very important to this small village that revenue be raised to support its needs. The Hart Band will attract a good crowd.

This Saturday the Town fathers will

stage an auction, garage and bake sale in an effort to raise seed money for the "Celebration Day". We will learn this year, and next year we will know what to do," said Eubanks. This event will begin 11 a.m. and last till....., added Eubanks.

The Town has also engaged an attorney to collect the many Town tax delinquencies. The Town has decided to take legal action against the many property owners. Most of them are out of staters.

The Town Board also voted to tax all businesses in the Town \$100 and a fee of \$50 for all boats.

## Milford cab driver dies at wheel

A Milford taxi driver, Norman E. Passwaters, 59, of 600 N.W. Front St., was pronounced dead Friday night at Milford Memorial Hospital after the cab he was driving ran off the side of the road and his utility pole on Sussex 221. Mr. Passwaters was headed north at 8:30 p.m., the time of the accident.

Police were unsure whether the accident was the cause of his death. Joyce H. Lewis, 26, of Milford, a passenger in the cab, told police that Mr. Passwaters slumped over the wheel before he ran off the road. Lewis

was treated at the Milford Memorial Hospital for minor injuries and released.

Passwaters' death is being listed as an automobile fatality, pending results of an autopsy.

His death is Delaware's 23rd highway fatality for the year to date as compared to 30 at this time last year.

Mr. Passwaters was a retired instrument mechanic at the Du Pont Co.'s Nylon Plant in Seaford, where he had worked for 36 years until he retired in 1982. He also owned and

operated the Lakeside Cab Co. in Milford.

He is survived by his wife, Jeanette, two sons, Norman E., Jr. of Severn, MD and Thomas W. at home; two brothers, Thomas D. of Milford and Harrison of Ridgely, MD; two sisters, Ann Pritchard of Woodside and Helen Bennett of Marshalltown, and two granddaughters.

Services were Monday at 11 a.m. in the Lofland Funeral Home, where friends called at 10 a.m. Burial was in Odd Fellows Cemetery.

## Edwin Messick, Milford banker, dies

Edwin Purnell Messick, 85, former vice president of the Milford branch of the Wilmington Trust Co. and a former city councilman in Milford, died at Milford Memorial Hospital, Friday, April 15, 1983. Mr. Messick attended Milford Public School and graduated from Milford High School in 1917. He later attended the University of Delaware in Newark.

Mr. Messick spent his adult life in the banking business. He began his career at the First National Bank in Milford and was a vice president there when the bank became the First National Bank and Trust Co. of Milford. He continued as a vice president when the bank became a part of the Wilmington Trust Co. in 1959. He served there

until his retirement at age 70 in 1965.

In 1956, Mr. Messick was named to an 28-member advisory group that helped the Senate Banking and Currency Committee revamp federal banking laws.

He belonged to a number of professional and civic organizations. He was a past president of the Delaware Banker's Association and the Kent County Banker's Association. He was a member of the Delaware Sons of The American Revolution, the Milford Rotary Club, the Milford Historical Society, the Rehoboth Beach Country Club and the Shawnee Country Club.

He was past master of Temple Lodge 9, AF&AM, in Milford, the Delaware Consistory and Nur Temple, both in

Wilmington. He also was a member of the Milford District Free Public Library Commission, the Carlisle Fire Company, and the Delaware Archives Commission. He was a life member and elder of Milford Presbyterian Church.

He also served on the Milford City Council.

Mr. Messick's wife, Florence, died in 1971. Surviving are two sons, John E. of Georgetown, and Robert G. of Milford; and four grandchildren.

Services were at 1 p.m. on Monday at the Berry Funeral Home, Northwest Front Street, where friends called from 7 to 9 p.m. on Sunday. Burial was in Odd Fellows Cemetery, Milford.

**"...those of us who have the most to say don't always sit in the first pew."**

This week in *The Harrington Journal* appears an article analyzing the drinking water situation as it pertains to the Town of Felton. I personally believe that the people who have governed the Town of Felton over the years...and in particular for the last 10 years when the water problem appears to have been first recorded have done more than a yeoman's job in complying with the State regulations as they pertain to safety. I personally know that Mayor William Myers has responded to the call of duty far beyond anyone's expectations of him. The first one up in the Town and the last to go to bed always looking after the welfare of the people.

I personally believe that this recent happening back in December was a matter which the State should have taken care of personally and immediately. If the situation was as bad as they made it out to be why then didn't the Public Health and Public Sanitation Departments take steps to do the job as they wanted instead of putting the ball constantly in the court of the Town Commissioners. So many times matters such as this can be dealt with through a small amount of common sense. The State authorities should have resolved the matter back in October of last year when it first appeared on record. The surrounding circumstances of the Town being under extensive construction with a central sewer should have been knowledge enough to know there was a real need.

It doesn't take a whole lot of common sense to know that it isn't necessary to sit in the first pew to be heard.

## Letters to the Editor

Dear Editor:

Since reading so much about our fish laws which I agree we are sorely in need of some new ones. Which will help both the sportsman and the netters along with conservation. But what is most needed is the people in charge of these laws to get together with Maryland, Virginia, New Jersey and Delaware. Sit down and talk about these laws, make them so they will be compatible with each state.

Instead of these watermen fighting each other like a bunch of small boys over toys, they should be listening to what is being said. And not be afraid to give up a little now to have more later. For that's exactly what's about to happen unless we help each other now before it's too late.

About a month ago word came to me about Virginia, boats coming in Maryland, waters cutting nets. For men to do this to another waterman is a disgrace, he is there trying to make a living same as the other guy that cut his nets. Only hope whoever those guys were are sleeping good at night.

I worked on the Chesapeake Bay years ago fishing, crabbing and oystering but would never have stooped so low as to do such a thing to another waterman. When are we humans ever going to learn that some battles are best won around a table. Let's stop shoving the wrongs on the other guy and admit we've all been or done wrong at times. And let our lawmakers try getting around those tables making us some good clean laws working with our sister states. So they may also go home for a good night's sleep.

Dear Editor:

A lot of Japanese young people wish for pen pals from your country!!

It is my honor to write to your newspaper's office in order to promote a better friendship between your country and Japan.

My name is Yuzo Inoue and I organized International Friendship Club in 1950, in short nearly 30 years ago. Of course, its purpose was to contribute to the peace of the world. This is the organization to promote international friendship and understanding of different customs, ways of life among young people of the world through exchange of letters. I believe it is one of the best ways to strengthen the ties of friendship among people all over the world.

A lot of Japanese English teachers of junior and senior high schools take part in this organization, and as they advise their students on international correspondence, it produces satisfactory results. I would like to recommend young people to correspond in English in order to promote the better relations between your country and Japan.

The people who are over twelve years old and would like to get a pen pal from Japan write to our club. Of course you don't need money to take part in it. Please print your name, age, sex, and full address clearly in your letter and send it addressed to the following:

International Friendship Club  
P.O. Box 5, Akabane,  
Tokyo 115-91 Japan.

We are waiting for a lot of letters from your country. I hope to get your cooperation in your office. Would you please report our request in your newspaper?

With best wishes for your prosperity.  
Sincerely Yours,  
Yuzo Inoue

## THOUGHTS FROM WASHINGTON

### Our farmers need a reliable market

U.S. Senator Bill Roth

What would you think if sometimes when you went to the market, you found some of the products you needed had been pulled from the shelf? My guess is you probably wouldn't return to that market many times before seeking a more reliable place to buy groceries.

That's exactly the kind of market that the United States has become in the sale of grain. By using agricultural products as a foreign policy tool, previous Administrations have damaged America's reputation as a reliable source of goods.

Before the grain embargo was imposed in 1980, the United States supplied as much as 70 percent of the Soviet Union's corn and wheat. Last year, we supplied it with just over 30 percent, and this year our shipments will decline even further.

It's true that farmers on Delmarva don't export much of their grain. In fact, we rarely have enough to meet the needs of our own poultry industry. However, the over-abundance of domestic grain supplies directly affects the price that Delaware farmers receive for their commodities.

That's why I've co-sponsored a resolution urging that President Reagan immediately begin negotiations with the Soviet Union on a new, long-term grain and processed food agreement. Our current agreement, negotiated in the Ford Administration, has had two one-year extensions. However, the second extension will expire on September 30, 1983.

There's another important reason why I'm supporting this resolution. In addition to instructing the President to expand the value of grain sales to the Soviet Union, it also seeks an agreement on the sale of value-added products such as poultry and soybean meal. This provision would make the long-term agreement even more valuable to Delaware.

It is crucial that we start immediately in these negotiations or we will continue to lose our markets to Argentina, Brazil and Canada, where grain production was stimulated by the U.S. grain embargo in 1980. Five countries have now signed long-term grain agreements with the Soviet Union.

By including value-added products, the long-term agreement would not only benefit farmers but also the labor force. These value-added products would be made right here in this country and would create thousands of new jobs.

President Reagan made it clear that he objects to agricultural embargoes by repealing the 1980 embargo not long after he took office. However, the United States can waste no time in renegotiating a new trade agreement to prove to the Soviet Union and the rest of the world that we are a reliable supplier.

Our farmers can no longer stand to be at such a competitive disadvantage. I hope this resolution will stress to the President the need to move quickly on a new long-term agreement so the United States can begin to recapture the valuable trade market it has lost.

### Oberle wants an elected Public Service Commission

Today, Representative William A. Oberle, Jr. (R-Scottfield) introduced a bill in the Delaware House that would require Public Service Commissioners to be elected rather than appointed. Commissioners would be elected to four year terms in statewide General Elections.

Representative Oberle stated, "I believe the Public Service Commission is out of touch with the public it is appointed to serve. Perhaps if commissioners were required to earn re-election in the same manner as other public servants, they would be more responsive to their constituents."

"In the performance of their duties, Public Service Commissioners make decisions that one way or another impact on every citizen of Delaware," Oberle continued, "And I believe they would benefit from the input they would receive through a campaign for election. With this input they would be enabled to make more informed decisions."

Oberle continued, "We need more Public Service Commissioners who are in touch with the economic problems that face all of us."

## Letter to the Editor

Dear Editor:

RE: Article of April 6, 1983 - Felton Sewer Rates

Dear Mr. Farrow: I read with interest your article, "Sewer Rates Big Question", in your April 6th issue as it concerned the Town of Felton. I have some real concerns with the article which I would appreciate having you correct.

- Specifically:
1. After May 11th, the users will be billed quarterly and not just for eighteen months. Once the system is operational, the quarterly charges will continue.
  2. Regarding the 18 month grace period, the law states that a connection is mandatory after 18 months and, further, under no conditions, will the County hook up anyone at no cost.
  3. The next item that gives me great

concern is in regards to liens on the property. I assure you that I have no authority in that regard and, to the best of my knowledge, this procedure has never been followed by Kent County.

I am enclosing a copy of the notice that was sent out to the Felton users and, in addition, a "fact sheet" regarding the Felton system that has been provided to our office staff as a guideline for responding to questions. I hope that you will review this information and re-publish the article along these lines.

Very truly yours,

John P. Mogan, P.E.  
Kent County Engineer

## Felton Fact Sheet

The sewer district has been established by democratic process and is laid out on geographical boundaries which means the district incorporates all the land within that boundary. Therefore, every square foot of land inside the district has a responsibility to the sewer system. An exception to this would be parcels of land exceeding ten acres in size which are under cultivation and would be exempted if the owners of such had decided so and had advised the district in advance of the action by Levy Court.

### FUNDING

All construction has been accomplished by public contracts and funded by the Federal Government and State Government in the amount of 85% eligible costs. The district share will be the balance of the costs and could be more than 15% depending upon the eligibility of certain items. As an example, the house connections installed under the contract are not eligible, therefore, are not funded by EPA or the State. Additional paving beyond the width of the trench are also not eligible.

### BILLING

User charges are based on the following: Debt Service-bonds; main System Transportation Charges-flows; and Operational and Maintenance expenses. Rates are set by the Levy Court. Billing will be on a quarterly basis (January, April, July and October) of the year.

### VACANT LOT CHARGES

Parcels of land on one deed will be charged one lot fee for each acre or any portion thereof. Example: 3.2 acres of land on one deed means four lot fees will be charged. Lot fees are based on Debt Service only. Rates are set by the Levy Court.

### HOUSE LATERALS OR CONNECTIONS

House laterals to within five feet of the property line were constructed by the contractor, and it will be the homeowners' responsibility to make their house connection from that point. Hook up to the house or building can be done at the homeowner's discretion. He can hire a licensed plumber, a competent contractor, or do the work himself. The area of his construction responsibility will be from the County installed cleanout to his building or home. These connections have been designed and constructed only to pick up the portion of the building above street grade and were not designed nor constructed to pick up cellars or areas below the street grade.

LOCATION OF LATERALS: If there are any questions regarding the location of the lateral, contact the County Engineer's Office and we will locate it for you.

LATERAL CLEAN-OUTS: There is to be one at each bend which exceeds 45°. 45° bends must be a long sweep bend.

The maintenance of the lateral by County will be only to the cleanout at the property line. Any problems in the lateral from the clean-out to the building will be the homeowner's responsibility.

### INSPECTIONS OF LATERAL CONSTRUCTION

These inspections will be done by the County Building Inspector's Office and will be accomplished on twenty-four hours notice. The inspections must be accomplished prior to back-filling of the trench. The application must be filled and the permit obtained prior to any work and, additionally, the permits will be at no cost for existing buildings. The inspections shall be performed during work hours.

### QUESTIONS

Will the amount of the bill remain the same? The answer is "probably not," because the bill is made up of various factors, both in the cost of treatment and the cost of operation and maintenance and will vary from time to time based on costs attributable to these two factors. Each district is to be self-sufficient as far as meeting the costs, therefore, there will be some fluctuation. Inflation is a very significant factor in the cost of operations.

How long will the County give to hook up? The answer is the County will notify all users of a start-up date and everybody must be hooked up, by law, within eighteen months of that date. Regardless of being hooked up, the billing for service will start within thirty days of the notice, therefore, even though you don't make a physical connection, you will receive a bill.

Does everyone have to connect? The answer is "Yes."

If there are no facilities in the building, why do I have to pay? The answer is the system was requested by the people in the district, and all land and buildings are expected to contribute to the continuation of the system.

If one bathroom serves more than one occupant of a building, why do both have to pay? The answer is service is provided to all and each user of the services must pay his fair share.

What is the maximum slope of the pipe? The answer is 6% slope, or 6 ft. in 100 feet for 4" pipe. Minimum slope is 2% or 2/100'.

How deep does the pipe have to be? The answer is below possible frost, and we would estimate that to be about 2 feet.

What size pipe can be used? The answer is 4 inch.

What type of pipe? We recommend PVC SDR-35.

What type of fittings are used? The answer is the fittings must match the pipe. Each manufacturer may have different fittings.

How many clean-outs are needed? The answer is there must be a clean-out at each bend in the pipe that exceeds 45°, or reference the State Plumbing Code which dictates how often the clean-outs should be installed. 45° bends shall be long sweep bends.

Can a lateral be connected to a basement toilet? "No."

What will a permit cost? The answer is no cost for existing houses, \$25 for a new house and commercial enterprises depends on the usage.

Can I connect my washer or sink drain into the four inch line? The answer is your plumber will check the State Plumbing Code and provide you with that answer.

Can the house lateral be tapped on the riser pipe of the clean-out? The answer is "No." There is a plug provided at the bottom of the County's lateral clean-out for connection.

### Note:

1. In regard to rates, it has been previously stated that the rate will be approximately \$156/year for the single family household. However, that rate was arrived at prior to the Perdue Company closing up their plant. When the original rate was determined, the flows from Perdue were included which had a very strong tendency to reduce the cost to the other people in the District. Now, as we all know, Perdue is not coming in at this point. Therefore, there may be a rate change prior to the Levy Court making these rates final.

2. A sump pump and basement drain or any other waste not directly being household waste will not be connected to, nor enter into the County sewer line.

Astro-Analysis By Sonia McGinnis

HOROSCOPE FOR THE WEEK OF APRIL 24, 1983

ARIES [March 21-April 19] - Your conception of how to best advance monetary aims, increase working capital becomes more realistic as week progresses. You can rely on insight and better judgment in handling financially oriented affairs.

TAURUS [April 20-May 20] - Increased motivation points you in the right direction. You're more apt to choose the best course of action when promoting goals, going for personal aims.

GEMINI [May 21-June 21] - Others respond favorably to your suggestions but don't push. You achieve more this week by maintaining a low-key profile and working on a quieter basis in a less conspicuous manner.

CANCER [June 22-July 21] - Establishing contacts, forming new friendships can help you to achieve ambitions. Good friends prove just the factor needed now to obtain hard to reach dreams. Establish concrete goals as there's a chance of procrastination.

LEO [July 22-August 21] - Your positive, take charge attitude is a definite plus factor with employment concerns. Most activities you're presently involved with put you in the limelight; you receive plenty of public attention, get credit for your abilities.

VIRGO [August 22-September 22] - Aims should be focused on a new course of action; consider taking up a new course of study. New learning experiences prove particularly enlightening now. Long-range plans tend to take more definite shape.

LIBRA [September 23-October 22] - You're adept at problem solving, getting to the bottom of things. The week provides you with diversified opportunity and chances to develop skills and business expertise in new areas.

SCORPIO [October 23-November 21] - Receiving attention only tends to prompt you into a more positive reaction. Ignore those who contradict your efforts. Work harder now on establishing credibility and a good rapport with associates.

SAGITTARIUS [November 22-December 20] - Focus on details, clearing up unfinished business. Cohorts are supportive. Good also for involvements with a better health program and related activities.

CAPRICORN [December 21-January 20] - Attention shifts toward speculative ventures by mid-week. Although opportunity is attractive you should invest in new ideas cautiously. Business deals unfold favorably in a social setting.

AQUARIUS [January 21-February 19] - Encounters with family members could prove prosperous by coordinating ideas and working more closely toward mutual goals. Key now is in communicating effectively with kin.

PISCES [February 20-March 20] - You can express views, offer opinions in a favorable fashion. Others are cooperative and willing to accept our suggestions. Talents excel in communicative skills and should be utilized to fullest capacity.

APRIL 29 - Vietnam Veterans and Post-Traumatic Stress Disorder will be the focus of an April 29 workshop sponsored by Delaware State College. Veterans, families, clinicians, and interested public are invited to attend without charge. The workshop will be held from 9 a.m. to 4:30 p.m. in the Education and Humanities Building Auditorium.

The public is invited without charge. Call Delaware State College for more information, 736-4984 or 736-5213.

Brigadoon Magic comes to Dover

Delicate "mists of May" will soon envelope the Dover Central Middle School stage as the Community Singers present that quintessential magical Broadway musical, Brigadoon. Set in the Highlands of Scotland, this love story features some of the most memorable melodies ever conceived for the stage. "Almost Like Being in Love", "Heather on the Hill", and "There, But for You, Go I", are but a few of the Lerner and Loewe hits.

For the production, the Singers have secured the services of several area professionals. Leading the "clans" through their paces as director and choreographer is Dover dance master, Marion Tracy, founder and president of the Delaware Regional Ballet Company.

Irv Rotherberg brings his extensive directing experience to Brigadoon as its music director and orchestra conductor.

Brigadoon's magic requires a special transformation from the Dover stage to the Highlands of Scotland. To accomplish this, the Singers have entrusted the set designing responsibilities to Clayton resident, Eddy Seger, an art teacher in the Capital School District.

Show dates are April 29, 30, May 6 and 7, with a matinee on Mother's Day, May 8. Tickets may be purchased at Muriel's Gallery, The Kitchen Cupboard, Baldwin Family Music Center, B and B Music, Karl's TV, Smyrna Hardware, and the Milford Pharmacy. For information, call 674-4700.

APRIL 30 - Smorgasbord at the Farmington Fire Hall, Saturday, April 30, from 3:00 p.m. to 7:00 p.m. Baked ham, roast beef, oven fried chicken, salad bar and more!! Adults \$6.00, children (6-12) \$3.00, Senior Citizen discount. Sponsored by Farmington Fire Company Ladies Auxiliary.

MAY 7 - The Gallery of Art is sponsoring a judged needlework contest Saturday, May 7th, located at 422 South Governors Avenue, Dover, Delaware. The Gallery will also be in the 1983 May Day Tour. Refreshments served 10 a.m. to 5 p.m. Prizes to be awarded in the following categories. One entry per category. 1. Crewel; 2. Needlepoint; 3. Cross Stitch; 4. Counted Cross Stitch; 5. Embroidery; 6. Original Design. (A pair will be considered one entry). Prizes to be awarded are 1st prize - \$25 gift certificate towards framing, 2nd prize - \$10 gift certificate towards framing.

Entries must be received no later than April 30th and will be displayed through May 7th. Judging will be announced on Saturday, May 7th. All entries must be framed for display. The Gallery of Art is offering free stretching and stretcher bars with any frame purchases for this special show. Interested contestants contact: Gallery of Art 734-3330.

SADD PROM NIGHT PROGRAM

The Office of Highway Safety, along with MADD (Mothers Against Drunk Drivers) and SADD (Students Against Drunk Drivers) are running a program throughout the state to ensure safe prom nights. The above organizations have prepared material that is available to anyone who may have an interest. The material consists of parent pledge cards, parent/student contract, color posters for prom locations, SADD pledge cards and more.

The Office of Highway Safety, MADD and SADD are doing their part in making prom nights for all Delaware schools a memorable occasion and not a memorial occasion.

If you have any need for any of the material, contact the Office of Highway Safety at 736-4475. Let's all work to make prom night safe in Delaware.

WESLEY COLLEGE NAMED AS CPS EXAMINATION CENTER

Florence Raubacher, Chairperson of the Secretarial Science Department, has announced that Wesley College, Dover, Delaware, will serve as an examination center for the 1983 Certified Professional Secretary Examination to be administered Friday and Saturday, May 6 and 7. The examination is open to all secretaries who meet specific educational and secretarial experience requirements. Application for the 1984 CPS Examination are now being accepted by the Institute for Certifying Secretaries, 2440 Pershing Road, Suite G-10, Kansas City, Missouri 64108. U-PICK BOOKLET AVAILABLE

Each year more farmers and gardeners start U-pick operations to market seasonal fruits and vegetables. Though this is generally a fast, economical way to sell fresh produce, success depends very much on skillful management.

The Delaware Cooperative Extension Service publication, "Management of Pick-Your-Own Marketing Operations," covers all aspects of running a U-pick business in the northeastern U.S. The 66-page booklet includes tips on planning, organizing, publicizing and operating this type of venture. It tells how to identify and reach potential customers, schedule production and lay out fields, design facilities such as parking and check-out systems, set prices, deal with customers and employees, and reduce the risk of accidents.

Individual copies are available for \$1. To order, write: Mail Room, Agricultural Hall, University of Delaware, Newark, DE 19711.

DEL-MAR-VA COUNCIL OFFERS VARIED SUMMER CAMP OPPORTUNITIES

In its 60th year of operation, Del-Mar-Va Council's Camp Rodney is offering some interesting alternatives to the traditional summer camp experience.

Located in North East, Maryland, Camp Rodney will feature a week-long Aquatic camp, a Science and Energy camp, a long-term Webelos Scout camp, the Chesapeake Challenge and of course the traditional five week Boy Scout camp running from July 3 to August 6.

For the first time in a number of years, Camp Rodney's traditional five week Boy Scout summer camp has completely filled every troop site in every week. However, if your son is interested in attending, the camp is still accepting individual Boy Scout applications.

More information can be obtained about Camp Rodney's summer camp program by calling or writing the Del-Mar-Va Council Camping Division, 8th & Washington Sts., Wilmington, DE 19801. (302) 652-3741.

HOME WORKSHOPS - The Terry Campus of Delaware Technical and Community College will be offering three workshops this Spring to help you beautify your home with antiques, flowers, and interior decorating. For information call 736-5402.

TRADE SHOW AND CRAFT EXHIBITION ADDED TO FESTIVAL SCHEDULE

A Home, Trade and Sportsman Show and an Arts and Crafts Exhibition have been added to the growing list of attractions at the 1983 Delmarva Chicken Festival to be held on June 17 and 18 in Milford, DE. An estimated 30,000 persons are expected to attend this 36th annual event.

Individuals or businesses are invited to participate in either trade or craft exhibitions. Both shows will be staged at the Milford High School, site of all Festival activities. Hours will be 10 a.m. to 8 p.m. daily.

Rental of booth space is being handled by the Milford Chamber of Commerce, host of this year's Festival. For complete details, call the Chamber at 1-800-345-4200 (toll free within Delaware) 1-800-345-4444 (toll free outside of Delaware).

The Delmarva Chicken Festival is held annually as a means of spotlighting Delmarva's multi-million dollar broiler industry. The event, open to the public at no charge, features a program of information and entertainment for the entire family.

State Holiday?

[Continued from page 9]

blacks independent thinking individuals that will vote the way they think is best. No politician should be so presumptuous as to think he controls any group of voters, whether on the basis of race, creed or national origin. Governor du Pont says he will sign the proposed legislation if it passes. Why not a state holiday that would honor all Americans that have contributed to the greatness of our country? How many high school students believe that Caesar Rodney is just a school?

The new holiday could be during the

school year. This would allow an opportunity to require each student to submit a report on his favorite American. The list of those honored would be endless. It would include all creeds, colors and ethnic groups.

For starters - who was the first American head of state? It could not have been George Washington as he was Commander of the Continental Army at the time. The first U.S. head of state would have been the person that was designated President of the Continental Congress. Who was he?

Ethics and Journalism

by David F. Coady

Journalism is often referred to as the oldest profession in the world and with it goes a strict code of ethics. Why? Because it carries with it the public trust. Nothing can be more honorable as this trust. As a journalist you are no longer a private man. You are a public figure.

Many times we journalists are asked not to report this and don't write on that for fear of disseminating an air that might inflame the minds of the

general public. As a journalist you are required to report the news....and report it most clearly. You don't as a journalist make the news.

For a newspaper to comply with the wishes and directives of the politicians on a local, state or federal level is to compromise your position of public trust....a journalist pure and simple. A newspaper's first and foremost responsibility is to the general public to cover the news accurately and thoroughly.

Perfect Beauty

[Continued from page 7]

thought I would go through the floor," continued Mrs. Davis.

The story behind Quick Lady is a story in itself. "Olin told me one day to go up to Uncle Med's (Davis) and buy that sorrell filly. He'll sell her to you....I know," said Ruth Davis. The story continues that she did go up and made the deal with Mr. Davis. "He talked about the other four fillies in the field. There were five out there counting Quick Lady. He wanted to keep all but Quick Lady. So we made the deal, and how well it turned out for us. We didn't actually buy her until she was a three year old, but we got the deal closed. The rest is history," said Ruth Davis.

Olin Davis at his peak in the '50's and '60's played before packed houses at Brandywine. As many as 12,000 would be on hand for an evening's outing. It was big. Olin with the much better horse said "....I could always rate her. Many times I started at the rear of the field. "One night at Brandywine I started in the eight hole. I let the field go and came home a busting....scoring the win. Levi Harner later told them that Roosevelt (Raceway) that he was determined to park me on the outside. He was determined not to let me by. He said we went by him so fast that he had six lengths on him before he knew what had happened. She had that burst of speed and she could carry it," concluded Olin. Again he added that when you are a 3-year-old and racing against 3-year-olds that's one thing, but when you get up against those aged horses it gets real tough. "I give the filly (Perfect Beauty) a lot of credit....you can't fault her for anything. She is just the best. She is

the best to come along around here as far as fillies go since Quick Lady. She is the best though. They come along just once in awhile.

Another well known driver who held the reins many times in big time racing was Luther Lyons with the greatest race horse Adios Harry, said this week, "...the pressure never bothered us. We just took one race at a time. That's all you can do," said Luther Lyons. He remarked that Perfect Beauty, "...is as near perfect as you can get. If a man wanted a good trotting horse he has a dream realized in her," said Lyons. Mr. Lyons said he was not sure about the length of Perfect Beauty's stride, but she does make a fairly long one. "They measured Scott Frost's stride one night at Vernon (Downs), and it came up to 29 feet. "That's 30 seconds for a quarter of a mile," said Lyons. Mr. Lyons said that (Adios) Harry had tremendous strength....and he could sustain it....like she (Perfect Beauty) can. They would all come at Harry. One would try to the quarter....then another would come on down to the half....and the three quarters. Then someone would want to race us home. But....we usually gave them a pretty good race. You will get beat though....if you stay out there on that strip of dirt. I don't care who it is you will get beat". Adios Harry, confided Mr. Lyons, had his best (highest) speed between the eighth and three eighths.

Although Mr. Lyons shrugged off the point of pressure, as did Olin Davis, he was later to remark in the interview that "I can only imagine what Delbert (Cain) is going through. You will spend a lot of sleepless nights....I know I did.

You can't help it. A horse is not a piece of machinery, where you park it and leave it in the corner of the shed at night and get up the next morning and find it right there. A horse is not going to be the same the next morning. They are like us....feel good one day and down the next!!

Asked if he got any advice when he was racing Adios Harry and how did he handle it? "Well, you will get advice. Everyone knows better than you. I am sure Delbert (Cain) is getting advice....but as I know Delbert he will keep to his own business, and race the filly as he sees fit. I don't think Delbert needs any advice. He appears to me to have been pretty successful so far in his life."

He continued on the discussion of getting beat by saying that he did not mean that Perfect Beauty is anything short of being perfect on or off the track. "She is a very well mannered filly....and will be remembered as a great race horse, but things develop in a race that you don't have any control over. Other horses....and what they do have an effect on the outcome of the race. When these things happen you have to make the best decision under the circumstances. I would imagine there is a little bit of pressure on Ross (Hayter)....but probably you will find this in a race....under the circumstances as I have stated. You have to be on your toes at all times," said the veteran reinsman, Luther Lyons.

The record for most consecutive victories is 35 held by the world champion Bret Hanover, who was undefeated as a 2-year-old and as a 3 year old. He lost his first race as a 1 year old.

Hotline for Citizens

by David F. Coady

The Auditor of Accounts, Dennis E. Greenhouse, announced the establishment of a hotline for citizens. 1-800-345-2910 will be manned in the Wilmington office of the Auditor of Accounts. The public is invited to report such information as: improper or misdirected use of taxpayers money, suspected welfare cheats and abuse in the use of state owned vehicles.

Greenhouse is working on legislation to protect the anonymity of any caller. Legislation to protect state employees who make use of the hotline is, also, being considered. A recording device will be used to allow callers to leave a contact number when the hotline is not physically manned. The Office of the Auditor will be working closely with the Attorney General with any complaints that might warrant the Attorney General's investigation. The hotline came into effect on April 14.
