

# Lake Forest selects new superintendent

by Harry G. Farrow, Jr.  
**FELTON, DE** - Based on the findings of a Citizens Advisory Committee and their own investigation, the Lake Forest School Board on Monday night at a special meeting selected Gerald Lysik, a 41-year-old superintendent from the Rappahannock School District to be the new superintendent of the Lake Forest School District.

He was among 31 persons applying for the job. The Citizens Committee narrowed the 31 to six candidates. The six were then narrowed to two candidates. One of these two was Gerald Lysik. The other was Robert La Penna of Sharon, Pa. who withdrew from the selection process last week. The voting on the approval of Lysik was 4 to 1. The one dissenting vote was by G. Wallace Caulk, Jr. who said his vote was "...a protest. I think we sometimes overlook those who are capable in our own system. I will have

no problems working with him." Lysik was telephoned at his home in Washington, Va. He was offered a three year contract at \$37,500 for the first two years with the third year to be negotiated. He is married and has four children. He is slated to take over July 1st.

Lysik assumes the post vacated by Edward Powell who resigned on December 31st after pleading guilty to an extortion charge in the Federal District Court in the amount of \$32,800. The charge stemmed from an infraction while he served as superintendent of the Capital School District. Powell is currently serving a three year sentence in a federal prison in LaTuna Texas. During the period of vacancy, Melvin C. Luff had been serving as acting superintendent. Luff at the urging of his fellow administrators had applied for the job which

Lysik got. Luff, a native of the area had prior to consolidation been a principal at Felton. He became deputy superintendent under Albert Adams, and was slated to succeed him.

In addition to the salary Lysik was offered \$500 for moving expenses. He is a graduate of St. Lawrence University with a degree in physical education and social studies. He taught and coached in the school system in Syracuse N.Y. He was principal in the middle school in Syracuse. He has been serving in the Rappahannock School District for the past two years.

Frederick Feutz, president of the Lake Forest School Board, praised the 13 member committee who assisted in the selection process for the new superintendent. The committee was chaired by former school board member, Marvin Brown.

## Great weather helped Harrington Journal Kite Festival

W.T. Chipman Athletic Field, Harrington, Del: The First Annual Greater Harrington Journal Kite Festival was held on Saturday. "The first show wasn't that bad. We had a

little over the number you might associate with a Corporal's Guard Unit", one source at the Harrington Journal said.

The event should develop into a fine activity for young people. Already plans are being made for next year. We will hold workshops on how to build kites and the different materials needed. It is the kind of thing that can

develop through the art department of the school. Special thanks go out to Tom Wilmire and Bernadine Butler who assisted in judging the festival.

Catering was provided by the Friends of the Library. Winners of the contest were as follows:

1. Primary - Linda Wilmire; 2. Intermediate - Julie Betts; 3. Secondary - Charlie Wilmire; 4. Adult - Don Grissom; 5. Business Class - Tom Wilmire and 6. Most Deserving - Mike McCormick.

## New charter passed by City Council

by David F. Coady  
 The Harrington City Council at its Monday night meeting passed a resolution approving a new charter for the city. The charter will now go to the general assembly for approval. If the assembly passes the new charter it will come into effect when the governor signs it.

The new charter will draw new election districts in the city giving a more balanced representation. The new charter will, also, provide for an annual "state of the city" report to be given by the mayor at a citizens meeting.

In other business the council granted permission to Robert Taylor (Taylor's Hardware) to park a trailer in the parking lot behind his store for the purpose of storing merchandise. The permission was limited to a period not to exceed one year. Taylor also requested that the tenants in the apartments above his store be exempt from paying city trash removal fees as he allows them to use the commercial dumpster on the store's property.

## Delaware State Fair Headliners

Stepping back a little further in time to the sounds of the "Big Band" era, the Fair has tapped the Tommy Dorsey Orchestra to play before their "Senior Citizen's Day" Assemblage. In retrospect - and in big band history - Tommy Dorsey's is recognized as one of the greatest all-around dance bands of them all. It could swing with the best of them, and no other band could come close to Tommy's when it came to playing ballads. Like last year, the Hardee's chain of restaurants will again sponsor the grandstand show and a special ride promotion on the E. Strates Midway. The Dorsey concert is set for Thursday, July 28.

## Wallace Caulk, Jr. acquires Grier Lumber Co.

by William T. Ficka  
 Grier Lumber Co., a landmark in Milford for 47 years, is now under the sole ownership of Wallace Caulk, Jr. of Frederica.

Wallace Caulk, Jr.

The 42-year-old Caulk bought out the interest in the company held by his partners, Gary Grier and his family. Caulk had been a partner for over ten years. Caulk is also starting a new business, Mispillion Sales and Service, which will sell and service chain saws and lawn mowers. The new business is adjacent to Grier Lumber Co. on Causey Ave. opposite the post office. Caulk's partner in the new business is Mr. Kim Carter, formerly with Sam Yoder Hardware. Carter has ten years chain saw and lawn mower experience. Mispillion Sales and Service has slated its grand opening for the middle of this week. Grier Lumber Co. was founded by Logan Grier, one time Milford mayor, in 1935 on its present site. "We will continue to feature quality hardware and building supplies. It will be tailored to the homeowner and the do-it-yourselfer," Caulk said. Caulk, a Lake Forest School Board member, also operates Buffalo Run Farm in Frederica.

The farm is aptly named, since Caulk is one of the two known Buffalo farmers in Delaware. "In the East we're buffalo farmers, out West they're buffalo ranchers, Caulk explained. He has six head of Buffalo and about 25 head of registered Hereford beef cows. He is also a hay and straw dealer. Caulk hopes to see a good turnout for the grand opening of Mispillion Sales and Service.

## Milford Hospital Fair - May 14th

Paul Newman sent a tray, Phyllis Diller a record album, President Gerald Ford a Presidential tie clasp, the Phillies baseball team an autographed ball. All these items will be for sale at the celebrity booth at the Milford Memorial Hospital Women's Auxiliary fair Saturday, May 14th. The celebrity booth is one of thirty some booths that will be in position for the 26th annual event at the Milford Middle School grounds, at the corner of Seabury Avenue and School Place, Milford. The fair, which will begin at ten in the morning, benefits the Milford Hospital and the proceeds this year will go toward a Cat scan, Computerized Axial Tomographic

Scanner. Last year's fair netted \$23,000 for the one day fun-fair. Fortune telling, hospital tray races, and a 10-K race organized by the Milford Parks and Recreation Center (telephone 422-6166 for details) will be part of the activities at this spring fair. A volleyball tournament with competing teams will start at ten in the morning. Ages 16 and up are eligible for the two trophies. May 12th is the closing date for entry in this event. Entry fee is \$20 a team and those willing to compete should contact Carolyn Griffith at the Milford Parks and Rec. Center, also. May 13th, Friday evening, the Middle School students from the surrounding

area will enjoy a teen dance at the Middle School auditorium, Lakeview Avenue in Milford. Admission to the dance is one dollar. Kevin Moore of the Milford radio station will be the disc jockey. The dance will be from 7 to 10, with proceeds of the dance going to the auxiliary. At the end of the fair day a queen size quilt done by national quilt artist, Pat Skinner will be awarded to the winner who purchased the lucky \$1 chance ticket. These will be on sale at the fair grounds, as will chances for the life-like carved duck done by Larry Horseman, well known natural life sculpture. In case of rain the fair will be held May 21st.

## Lake Forest Board seeks tax raise

by Harry G. Farrow, Jr.  
**FELTON, DE** - At Monday night's meeting by The Lake Forest School Board the Board declared next Monday night as the time to set the new tax rate. Because of the need for capital improvements in the district, the Board indicated that the \$240,000 needed for repairs would cost the taxpayers an increase of 17 1/2 cents on the hundred bringing the tax rate to \$1.26 per hundred. "This is what it was 3 years ago," said Albert Price, who is a 15 year member of the school board. The total assessed value of real estate in the district is \$51,286,800. "This assessment is up by one million and a half since last year," said one board member. The projects under need for immediate attention are as follows: the toilet rooms in the high school have a total deteriorating situation there, the roof over the kitchen cafeteria at north, the roof over the north wing of South B Elementary School, and expansion of the band room at the high school.

## Report Intoxicated Drivers

The Delaware State Police held a news conference on Thursday, May 5 at 9:30 a.m. at the State Police Headquarters Building located on U.S. route 13, north of the Dover Mall to kick off the statewide RID (Report Intoxicated Drivers) program. Present at the kick-off were Lt. Governor Michael Castle, Secretary of Public Safety, Henry J. Decker, Colonel Daniel L. Simpson, representatives from the Office of Highway Safety, MADD and numerous police depart-

ments from throughout the state. The program is a cooperative effort between the citizens of Delaware and police to detect, report and remove drunk drivers from Delaware's highways. Though not a new concept, it is felt that it is an effective enforcement aid when properly implemented. Starting today, a public information program utilizing pamphlets, handout materials, media coverage, etc. to enlist public assistance will be initiated.

Citizens can report suspected DUI operators by calling 911 in New Castle County, 674-3111 in Kent County and 856-7011 in Sussex County. Suspected DUI operators can also be reported by using a CB radio, channel 9. The reporting center would then dispatch a patrol unit or relay the message to the appropriate agency. The Delaware State Police will have patrol vehicles that are specially

## Foster Grandparents honored

Mrs. Carrie P. Brown, Director of the Harrington Day Care Center was invited to attend the 16th Annual Foster Grandparent Recognition Luncheon on Friday, May 6, 1983 at the Officer's Club in Dover. At that time, she accepted the award for the Center being one of those at the Center that has hosted Foster Grandparents for twelve years. At the same time, the three Foster Grandparents of the Center were recognized with pins for their service in the Foster Grandparent Program. Mrs. Effie Raughley of Harrington for twelve years of service, Mrs. Ida May of Frederica for eleven years of service at the Capital School District during

the school year. Mrs. Robinson has also worked at the Day Care Center during the summer for six of her eleven years service. During the luncheon, special greetings was brought by Mrs. Barbara Evans from Senator Roth's office, Mr. Kevin Smith from Senator Biden's office and Mrs. Frances West, Acting Secretary of Delaware Department of Community Affairs. The Honorable Michael N. Castle, Lt. Governor of Delaware, gave the address. These Foster Grandparents give their dedicated services to the children and are an asset to the Center and the community.

marked at each troop. These vehicles will be used primarily for DUI patrol and will have the proper telephone number marked on it for the county it will be used to patrol. Also, each of the specially marked vehicles will have the RID logo attached to its side.

The Delaware State Police, with the assistance of various REACT Associations, will be handing out coffee cups, bumper stickers and brochures at their rest stops during the major holiday weekends that are set up throughout the state. These handouts will inform the motoring public of the RID

program, give the phone numbers to be called if a suspected DUI operator is observed and give helpful hints on how to detect a drunk driver.

Delaware's efforts to reduce the tragic consequences of drunk driving are working. If we are to continue the reduction in alcohol-related deaths on our highways, active citizens participation is essential.

Now is the time for you to answer the question, "what can I do to help?" The next time you are driving and you spot a drunk driver, report it. The call might save a life.

### Recycle Aluminum

With mild Spring weather just around the corner, Delaware State residents are beginning the annual Spring clean up of their homes and neighborhoods -- and many are collecting all-aluminum cans and other aluminum products to recycle for cash. The Reynolds Aluminum Recycling Company will purchase all-aluminum cans and other recyclable aluminum products directly from consumers at the following location: **Dover** - at Reynolds Aluminum Recycling Company, 1076 North State Street (next to Delaware Agricultural Museum) Tuesday through Saturday, 9:30 a.m. to 5 p.m. (Closed May 31, July 5).

In Delaware, Reynolds pays 24 cents per pound for all-aluminum beverage cans and other clean household aluminum products such as pie plates,

foil, frozen food and dinner trays, dip, pudding and meat containers.

Reynolds pays a minimum of 15 cents per pound for miscellaneous aluminum items such as siding, gutters, storm door and window frames, and lawn furniture tubing. Aluminum castings including pots, pans, power lawnmower housings and barbecue grills are also purchased and recycled by Reynolds Aluminum Recycling Company. These items should be free of any non-aluminum materials, cut to lengths not exceeding three feet, bundled and not mixed with cans.

Further information on schedules and locations of the nearest recycling center is available by telephoning (toll free) 1-800-228-2525.

### New bill introduced

DOVER - Representative William A. Oberle, Jr., recently introduced a bill in the Delaware House that would deny issuance of, or suspend the driver's license of students who have been suspended or expelled from school. The procedure would only occur after school officials certify that the nature of the offense committed by the student leading to suspension/expulsion was indicative of a disregard for authority.

Oberle stated, "A young person who demonstrates improper behavior in school very likely will carry that attitude into other life situations. It

follows that a student who refuses to follow basic behavioral guidelines in school may also demonstrate a similar disregard for the rules of the road. Oberle went on to describe how he feels that this legislation might also serve as a mechanism to control behavior in our school system by tying an acceptable level of behavior to issuance of driver's license.

Oberle concluded, "It may not be in the best interests of these youths to allow them the privilege of driving. We want responsible, mature individuals on our roads who will respect the law and abide by it."

The Volunteers, a part of the United States Army Field Band, will perform at the 1983 Delmarva Chicken Festival on June 18, in Milford, Delaware. Under the guidance of First Lieutenant James W. Allison, the Volunteers are led by guitarist Master Sergeant Dennis Blanchard. Other members of the group are Sergeant First Class Al Williams on Keyboards, Specialist Six Dean Miller on percussion, Specialist Six Dennis McElwee on Electric Bass, and Specialist Five Harold Sims on guitar and vocals.

### Volunteer to "sing out" at Chicken Festival III

The Volunteers are coming to the Delmarva Chicken Festival! This group of select musicians from the internationally famous United States Army Field Band of Washington, D.C. will be performing on the Chicken Festival program at 3 p.m. on Saturday, June 18, at Milford High School, Milford, Delaware.

Versatility is the keynote of this highly acclaimed musical ensemble as they celebrate a variety of sounds as colorful as America itself. Audiences will delight to the Rockin' and Rollin' of the 50's, the soothing mood of familiar

ballads, the foot-stomping of country and bluegrass, and the excitement of the current Top 40 Hits.

The Volunteers' musical message is echoing across the land as this winning group goes "Singing Out For America".

The Delmarva Chicken Festival is open to the public at no charge. For further information, contact Delmarva Poultry Industry, Inc., R.D. 2, Box 47, Georgetown, DE 19947 or the Milford chamber of Commerce, P.O. Box K, Milford, DE 19963.

### Procurement conference '83

The first Federal/State Procurement Conference is officially scheduled for June 22, 1983, at the Dover High School, Dover, Delaware. It is the intent of this conference to introduce the Delaware business community to the purchasing activities of Federal agencies, State agencies and Prime Contractors who provide goods and services to these Government Agencies.

The purpose of the conference is to

remove the mystique of selling to Government Agencies. The business community will be informed of these agencies' buying needs, how to successfully bid on government contracts and the financing opportunities that are available for these contracts. The business owner will be able to increase revenues, improve profits and strengthen their company's financial picture.

### Dairy Princess applications being accepted

Applications are being accepted for the 1983 Delaware Dairy Princess contest. Contestants must be Delaware residents between 16 and 25 years of age as of June 1. They must be sponsored members of either 4-H or FFA, or must have lived on a commercial milk-producing farm.

The winner will have the opportunity to represent the Delaware dairy industry in the coming year by making personal appearances and slide presentations, attending annual DHIA

meetings and other dairy-oriented activities.

Deadline for applications is June 15. Entry forms are available from county extension offices in Newark, Dover and

Georgetown, or from members of the Delaware Dairy Princess committee: Margaretta Eliason, Alice Mae Dempsey, Sharyn Sheats, Martha Cook and Doris Biggs. Send entries to Alice Mae Dempsey, R.D. 4, Box 270, Dover, DE 19901.

## Register for surplus Cheese & Butter now

The Division of State Service Centers, in conjunction with the State Division of Purchasing, has announced pre-registration dates and locations for persons 60 and over who wish to receive USDA Surplus Cheese and Butter.

Actual distribution of the commodities will be in late May according to Edwin Kwiatkowski, Director, Division of Purchasing.

"Since we have not been allocated sufficient quantities to serve all eligible persons in Delaware, we are limiting quantities to one loaf of cheese and two pounds of butter per family", said Kwiatkowski.

Registration for Cheese and Butter will last until May 11th or when an individual Center's quota is reached. It should be stressed that no one over 60 will be able to receive the commodity unless they have pre-registered.

State Service Center Deputy Director Jack Holloway stated that the exact dates of the distribution for seniors and for the rest of the eligible population (those receiving Public Assistance and/or Food stamps and Unemployment Compensation) will be made later in the month.

Surplus commodities will be distributed on a first come, first served basis for the non senior population at that later date, Holloway said.

#### KENT COUNTY

Registration at the Kent County Senior Centers will be based on areas in which registrants reside: Harrington - West Kent County South of Rt. 12, Felton, Farmington, Harrington.

Milford - Area East of Route 13, Milford, Houston

Frederica - Frederica, Little Heaven, Bowers Beach.

Dover - Dover, Sandtown, Whitleysburgh, Western Kent County between Rts. 8-12, Little Creek, Port Mahon, Pickering Beach, Camden/Wyoming, Woodside, Canterbury, Viola, Petersburg.

## New back treatment comes to southern Delaware

The Dickinson Medical Group announced today that Milford Memorial Hospital has recently approved Dr. Edward F. Quinn's request to use chemonucleolysis (the injection of an enzyme into the disc) to treat disc ruptures instead of the traditional surgical treatment.

Dr. Quinn, one of the few surgeons who has been injecting discs over the last 7 years in Delaware has taken a special course in the enzyme treatment of disc rupture and will be starting the enzyme injections in the very near future at the Milford Memorial Hospital.

According to Dr. Quinn, patients with a ruptured disc were previously treated with surgery, however, it was necessary to give conservative treatment first to patients with lumbar disc herniations. Most often conservative treatment alleviated the pain, making surgery or enzyme injection unnecessary. The group that did not respond to conservative treatment and would ordinarily be a candidate for disc surgery would then be a candidate for dissolving the disc with the new enzyme, Chymodiactin.

Dr. Quinn said this treatment, which has been around for many years, was recently approved by the Federal Drug Administration for use in the United States. Earlier, patients had to go to Canada to get this treatment. That was a long way to travel for a patient with back pain.

Dr. Quinn said the new treatment appeared safer than the surgical removal of the disc. The main problem that the surgeon performing these disc injections had to worry about was an allergic reaction to the Chymodiactin, which is like the enzyme meat tenderizer in Adolph's Meat Tenderizer. Doctors have learned a lot from the 40,000 patients who have received this treatment so far. By preparing the patient for the enzyme injection with certain medications and by doing the procedure in the Operating Room under general anesthesia earlier problems that caused the drug to be held up by the FDA have been largely eliminated. Dr. Quinn said, "If I had a disc rupture that did not respond to conservative treatment, this is the way I would like to have it treated."

## Senior Center

by Dorothy Graham

FOR FRIENDS OF THE AGED  
*Blessed are they who understand my faltering step and palsied hand. Blessed are they who know that my ears today must strain to catch the things they say. Blessed are they who seem to know, that my eyes are dim and my wits are slow. Blessed are they who looked away when coffee spilled at the table today. Blessed are they with a cheery smile who stop to chat for a little while. Blessed are they who never say "You've told that story twice today." Blessed are they who know the ways to bring back memories of yesterdays. Blessed are they who make it known that I'm loved, respected and not alone. Blessed are they who know I'm at a loss. to find the strength to carry the Cross. Blessed are those who ease the days. on my journey Home in loving ways. Smile! It gives your face something to do.*

Reverend Watson of Harrington Baptist Church was leader of Bible Study at the Center Monday morning. The service opened with a hymn by the folks with Sylvia at the piano. Reverend Watson offered prayer. He chose as his subjects 1st Corinthians, Chapter 13, verse 5, Philippians Chapter 2, verse 6-7. Reverend Watson said the Book of Phillipians is a Book of Joy. He said "We should think no evil." *Beyond the Sunset* and a prayer closed the gloriously happy hour! Present were Earl and Mary Nelson, Ethel Holden, Mildred Vincent, Frances Wright, Cecil Meredith, Sallie Pleasanton, Mary Sapp, Mamie Adams, Lillie McBride, Gladys Hill, Tony Perrone, Elizabeth Anthony, Marion and Roxanne Brown, Elwood Morris, Annabel Morrow, Jo Burke and Ola Tildon.

Ina Hughes is back from Florida and was at the keyboard Tuesday morning to call the Jolly Timers to practice. The Band presented Sylvia Meredith with a gift in appreciation for her untiring work with the Band and the "Senior Sounds". Present at the kitchen band practice was Ella Golt, Mamie Adams, Lillie McBride, Annabel Morrow, Bertha Dean, Virginia Smith, Cecil and

Sylvia Meredith, Andy Anderson, Mildred Vincent, Elwood Morris, Tony Perrone, Elma Thorpe, Ola Tildon, Gladys Hill, Louis Gerardi, Roxanne and Marion Brown.

Senior Sounds directed by Sylvia Meredith went of Country Rest Home at Greenwood for Friendly visiting Tuesday afternoon. Virginia Smith was at the piano. Presenting the favorite hymn sing was Julia Astfalt, Andy Anderson, Louis Gerardi, Marion Roxanne Brown, Mary Sapp, Frances Wright, Tony Perrone, Etzel McCready, Clara West, Mamie Adams, Gladys Hill, Elwood Morris, Cecil Meredith, Ola Tildon and Mildred Vincent. Julia sang a solo, *How Great Thou Art*.

Senior Sounds are always well received at Greenwood and the group love going.

Ruth Nasser was here Tuesday afternoon with her program "Nostalgia", this month it was on Middletown. Worth seeing and hearing. Ruth presents the program so well.

Sylvia called the Senior Sounds together Wednesday morning. I wish you could have been here. It was their first practice for the concert they are giving at the Nazarene Church in June. You better go hear and see them. Promise you will be missing something if you don't. We'll let you know the exact date a little later.

By the time you read this, Charlotte, Gene and all the rest will be back from Florida. Know they will be full of joyous talk. Glad they are back!

Bowling, shopping, Bingo, Crafts, Cards, pool, tasty meals, friends. A few things that make Harrington Senior Center a very special place.

My daughter Gene comes home from Texas Sunday. She has been to Gracie's for Gracie's daughter's wedding (Debra). She made the bride and groom cakes (beautiful designs) lovely wedding! Gracie always sends cards to the center and when she calls, tells me to say a fond hello to all.

Best wishes to all. A special prayer for all of those ill in the hospital. Take care. Keep cool! Love you. See you at the Center. Hi out of towners. All others, stop by and say Hi. Faith!

Thank all volunteers.

## Teresa Taylor wins National award

The United States Achievement Academy announced today that Teresa Lynn Taylor has been named a 1983 United States National Award winner in Band. This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Teresa Taylor, who attends Lake Forest High School was nominated for this National Award by Mr. Dale

Burkhard, the Band Director at the school. Teresa will appear in the United States Achievement Academy Official Yearbook, published nationally.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are

## Gab Fest

by Pat Hatfield

May has arrived in all of its beauty. Surely it is one of the most delightful months that we enjoy in our area. Perhaps it is well to start off with "A Prayer for May". No author is given, but the message it has for us will be a light in our pathway.

**A Prayer for May**  
 Dear Lord, When playful winds toss my hair, and stroke my bare, sun-warmed arms, It's easy to be lazy about my faith -- To forget how, When winter's icy fingers pinched my face and slid under my sleeves, I clung to You. Oh, Lord, I want to stay as close to You in lighthearted May as I was in the dark heart of winter -- When the brightest sunshine was my knowledge of Your love."

Spring comes so swiftly. In the last two days the maples have come into full leaf. This is not true of the little sugar maple of the big, ancient sycamore. They wait. No late frost is going to catch their tender leaves. Now they are daring to begin their small buds.

The growth of the foliage in the mock orange is giving the cardinals more protection for their nest. It is now well screened and yet is so handy to our feeder. Dad says he thinks they are depending on the sunflower seeds for their supply. I wish I had some fruit to put out for them.

We are enjoying another "special" this week. In our livingroom we are enjoying a large bouquet of purple and white lilacs in a milk glass vase. All flowers are wonderful, but we have

daisies and glads all summer and roses up until heavy frosts in November, but the lilacs and the daffodils are a one-time thing.

Speaking of weather, there is an old saying that goes: If you would the doctor pay, Leave your flannels off in May." And speaking of doctors, a famous wit, "Mr. Dooley" once said: "I wonder why ye can always read a doctor's bill, but ye can never read his prescription."

Mother's Day occurs in May, and I am praying that there will be no lonely or neglected mothers. Our kids had a nice idea this year. They brought their cards and gifts early, saying I would have longer to enjoy them before the day came.

Many famous persons have paid tribute to their mothers: Abraham Lincoln said: "All that I am or ever hope to be I owe to my angel mother." John Quincy Adams said: "All that I am my mother made me."

Some wag has said this also: Another Mother's Day that's authentic, but not nationally celebrated is the day school reopens in September!

Here's another laugh: "An advertisement in a Pennsylvania paper attracted a great deal of notice, since it was listed as a Mother's Day Special. It read: "Don't kill your wife. Let our washing machine do the dirty work." That reminds me of the ad used some years ago by a flour Manufacturer. It read: "Use our flour. The best is none too good." Of course if read with a certain emphasis, the meaning is entirely different.

## Rotary Club News

The Harrington Rotary Club, Melvin Luff, President, enjoyed a tour of the local telephone facilities on Railroad Avenue last week following the regular meeting at the Harrington Restaurant and Newsstand, when William Earley conducted a tour of the telephone facilities. While the building still houses the equipment servicing 398 receivers, the switch over to the Digital Switch DMS-10 will take place on Saturday, May 21, when this new service takes over, making the equipment now in service obsolete. This very interesting survey was

arranged by Melvin Wyatt, a member of the club.

The local Rotary Club is presently conducting a membership drive, and all persons interested are urged to visit one of the meetings conducted each Monday evening at the Harrington Restaurant and Newsstand at 100 Delaware Ave., across from the railroad station.

Interesting meetings are being arranged. Among them is a tour of the Delaware State Agricultural facilities at its museum on Route 13 in Dover.

### CHARCOAL GRILL

Are charcoal grilled meats a possible cause of cancer? Research at Purdue Univ. shows that meats cooked over charcoal causes fat to drip into the hot coals and induce "flareups" - chemical formations that are carried back up to the meat by the flames, smoke, or air. These flare-up chemicals (PAH) are known to cause cancer in test animals. When grilling meat, wait until the coals are ash-covered; never place the meat too close to the coals; use a drip pan under the meat to catch the fat, keeping the coals slightly to one side.

## Calvary Wesleyan Church

The Children's Musical was presented this past Sunday as a special gift to all Mothers in the congregation but everyone seemed to enjoy it. All Mothers and adult ladies were presented a small plant. These plants will be returned on September 11 when awards will be given for the most attractive plants.

The CYC'ers will be having their Honor Council this Sunday evening May 15 starting promptly at 7:00. All CYC'ers should be at the church at 6:45 and in addition to the awards program there will be displays, special songs, and music.

The Sunday School continues to show an increase in attendance and special Sundays have been designated through the month of August. This Sunday, will be Senior Citizen Sunday. All those 75

years of age will receive a gift, with special gifts for the oldest lady and the oldest man in attendance. The Pastor will be preaching during the Morning service starting at 10:40 a.m. The Sunday School hour begins at 9:30.

Membership classes will be held for the next two Sundays by Pastor Miller from 9:45 until 10:25.

The Mother-Daughter Dinner will be held Friday evening, May 13, starting at 6:00 p.m. in the Fellowship Hall. To those who plan to attend, please bring a covered dish.

Happy Birthday greetings this week to Sandy Rothermel, Jackie Draper, Frank Edgar, Shirley Rothermel, Paula Eakin, Tisha Rust, Donald Draper, Roger Collison, and Tara Jerred.

for you; but I will teach you the good and the right way. 1 Samuel 12:23."

For worse than neglected prayer is the sin of not praying at all. How often is a matter brought before the church with "Please pray for me?" The one making the request is confident that his fellow church members are adding their prayers to his. Too often the request is soon forgotten. By not praying as promised we sin in a grievous way - against God. We are accountable to him for broken prayer promises.

## First Church of Christ plans lecture

The three major characters of Jesus' parable of the "prodigal son" will be the focus of a free Christian lecture in Milford on Monday, May 16.

"Christian Science: The Simple Theology of Jesus," by Betty Carson Fields of Atlanta, Ga., will be presented at 8 p.m., in the sanctuary of First Church of Christ, Scientist, 901 South Walnut Street, Milford.

Speaking as a Christian Scientist, Fields says she looks for the "spiritual meaning" when she studies the Bible. The father and two sons in the prodigal son parable tell much about the nature of God and the man and the kingdom of God, she says.

"The keynote of the kingdom is joy," she says.

Illustrating some of Jesus' most familiar teachings, as well as passages from the Old Testament, she explains her conviction that Jesus' theology is

"deep, but not complex; remarkably relevant, not mystical."

Speaking from personal experiences gained while rearing her two daughters, she says: "It is as natural for us to turn to God in prayer as it is to breathe."

"The Lord's Prayer affirms the nature and power of God. It affirms man's relationship with God and acknowledges God as the source of supply for all our needs."

Long active in the public healing practice of Christian Science, Fields illustrates ways in which prayer reaches beyond individual solutions to personal challenges, to touch society and mankind as a whole.

Fields is a member of the Christian Science Board of Lectureship, based in Boston, Mass.

Her lecture in Milford Monday is open to all. Free parking and child care will be provided.

## Local Diocese to be dedicated to Mother of God on May 14

The Catholic Diocese of Wilmington will join with other such groups in this country and around the world in the consecration of the Delaware and Eastern Shore of Maryland to the Immaculate Heart of Mary. This will be done with representatives of all 56 parishes present, by the Most Rev. Thomas J. Mardaga at a Pontifical Mass at St. Peter's Cathedral Church in Wilmington on May 14, at 10 a.m.

This ceremony is a result of a resolution presented to Pope John Paul II for a collegial consecration of each

and every Nation of the World to the Immaculate Heart passed at the annual meeting of U.S. Bishops in November of 1981. The Holy Father in agreement with the recommendation took such action on the occasion of his visit to Fatima, Portugal, on May 13, 1982.

Mary, who is the Mother of Jesus, holds a very special place in the Roman Catholic religion. At the conclusion of the ceremony on May 14, Bishop Mardaga will elad the congregation in the consecration of the Diocese of Wilmington with its parishes to the Immaculate Heart of Mary.

## Church of the Nazarene

Miss Rose Handloser, missionary of the Africa Communications Council, is on furlough and holding services across the United States and in Canada. She was assigned to Africa in 1962.

## LF trackmen win twice

by Keith S. Burgess

Lake Forest's boys' track team are still unbeaten, after trouncing Milford 117-19 and downing Sussex Central 91-50.

The 8-0 Spartans have one meet left against a powerful Cape Henlopen squad, that is also unbeaten. Milford won only one event, the discus, which ironically is normally one of the Spartans strongest events. Rob Prutzman, who has a toss of over 150 feet, could only manage a second-place 123 feet, with freshman Barry Chaffinch in third. Prutzman rebounded in the shot put, winning with 46 feet, 9 1/2 inches, with Kermit Mosley getting third.

Nelson Mosley again lowered his school 400 meter mark, this time to 51.73 seconds. Sheldon Powell was third.

Daryl Tolson ran his first 1600 meter race ever and clocked a good 4:54.8. Victory, despite a stiff win and strong opposition, in Danny Donovan, who did 4:56.5. Tolson later nosed teammate, Jerry Mosley, at 800 meters.

Tony Scott triple-jumped 47 feet, 6 1/2 inches, probably the finest, hop, step and jump effort, ever done on the local field. Tony now owns the top two scholastic leaps, in Delaware this spring, Mike Briggs (43.3) and Maurice Parker (42-11) were second and third. Scott, Jerome Harris and Micah Parker swept the 300 intermediate hurdles, while Harris and Scott went 1-2 in the 110 high hurdles. Another sweep took place in the high jump as James Browne and Jay Harmon cleared 6 feet and Mark Goodman did 5-8. Jay Howerin, Doug Hufstutler and Ken Hutchins were 1-2-3, in the pole vault.

Ralph Taylor was first, at 100 meters, with freshman Frank Coverdale in third. Taylor pulled a muscle and could not compete, in the long jump, his best event. Earlier he had fouled by two or three inches, in a practice jump, which was measured at 22 feet, 6 1/2 inches, compared to the Spartan mark of 22 feet, 1/2 inch. We hope he recovers in time to get that record. He definitely has the ability. With Taylor sidelined, Maurice Parker, unleashed a fine 21 feet, 3/4 inches, followed by Darrell Benson's 20.5 1/4 for second place.

## Spartan girls win twilight relays

by Keith S. Burgess

Lake Forest's girls' track team won Division II (small school division) of the Twilight Relays, held in Wilmington, Saturday night. The Spartans, who might have been the smallest school competing, tallied 75 points, followed by A.I. duPont 62, Dickinson 53, Urseelie 43, Brandywine 35, Wilmington 31, McKean 23, Howard 22.

Angie Akins and Sharon Burton combined for a distance of almost 58 feet, in the shot put. This was a new meet record, more than two feet better, than the old standard.

Caritha Clarke and Joann Smith each jumped 16 feet, 10 inches, in the long jump. Their combined distance of 33 feet, 8 inches was also a new meet record, more than 1 1/2 feet better, than the previous mark. These record shot and long jump efforts also were better than anything done in Division I, the

## Sportlight--Commentary

by William T. Ficka

Educators, parents and innumerable writers have commented on the younger generation's abysmal ignorance of American history.

Talk to the next young sports fan you see, and you will realize that this ignorance also applies to his knowledge, or lack of knowledge, of sports history.

You would suppose that since he is interested in sports he would naturally be interested in learning something of its history.

Unfortunately, this is not true. My colleague, Dave Coady, in a piece written for this newspaper a few weeks ago, asked a pertinent question: "How many high school students believe Caesar Rodney is just a school?"

Regarding sports, a similar question may be asked: "How many young

Benson later won the 200 meter clash, with Ralph Young second.

Jay Harmon, Ralph Young, Darrell Benson and Marvin Parker, ran a windy 1:34.6 to capture the 800 meter relay. Bob Smith, Dan Donovan and Mike Melvin were 1-2-3, at 3200 meters.

Sussex Central's obsolete layout seems to give the Knights, an extra advantage, over and above the normal home track edge. Then too, Sussex Central is a much better team, than is Milford, but the Knights still were almost doubled by the well-balanced Spartans. Lake Forest won 12 of 17 events.

Rob Prutzman took both weight events, hurling the 12-pound shot, 48 feet, 1 1/2 inches and spinning the discus 129 feet, 2 inches. Freshman Barry Chaffinch was second in the discus with a lifetime best of 118 feet. Another promising freshman, Preston Harris, had a new, personal best of 104 feet. Kermit Mosley was third in the shot.

Jerome Harris (15.5) (42.7) was first in both the 110 and 300 hurdles, with Tony Scott second each time. Scott (44-9) and Maurice Parker were first and third, in the triple jump. Mike Briggs and Maurice Parker were second and third in the long jump. Lake Forest's powerful 1-2 punch, in the high jump, James Browne and Jay Harmon, again outscored the opposition 8-1. Jay Howerin was first, in the pole vault, with Ken Hutchins third.

With three Spartan sprinters sidelined by injuries, Coach Jim Blades, put two quarter milers, in the 100 meter dash. Both Nelson Mosley and Sheldon Powell, ran well in the unfamiliar event, with Mosley a fast closing second. This pair later ran 1-2 in the 400 meters, then teamed with Daryl Tolson and Marvin Parker to annex the 1600 meter relay. Tolson and Jerry Mosley were first and third at 800 meters.

Darrell Benson won at 200 meters, running a very good 23.1 seconds, on one of Delaware's slowest tracks. Benson, Ralph Young, Marvin Parker and Jay Harmon captured the 800 meter relay.

Danny Donovan and Mike Melvin were second and third, at 1600 meters.

## Sports Laffs

by William T. Ficka

A forlorn football squad from a small jerkwater college traveled to South Bend to play a mighty Notre Dame eleven.

The coach delivered a pep talk in the locker room to his terrified players.

"We may not win, but we'll let them know they were in a game. Let's show them we've got guts. Now let's charge out on that field like we expect to win." Saying this, the coach threw the locker room door open and his inspired squad gave a loud whoop and dashed through -- straight into the Notre Dame swimming pool.

Famed football coach Vince Lombardi was known as something of a tyrant. He demanded respect and he got it. A story circulated that one night after a late practice session in sub-

zero temperatures he went home and got into bed.

"God, your feet are cold," said his wife.

"Honey, I've told you time and time again," Lombardi said, "when we're in bed you can call me Vince."

The seven-foot basketball star wasn't exactly the brightest student in the school. Because of his low marks it was feared he would miss a crucial game.

The coach arranged a special orgal test to be given by the dean. The coach accompanied his star player to the dean's office.

"How much is 8 times 7?" asked the dean.

"Fifty," said the player.

"I'm afraid you fail," said the dean.

"Aw, come on, dean," said the coach, "he only missed by two."

Cape Henlopen 7, Milford 1

MILFORD - The Milford Bucs, after Bucs, after going on a rampage in the Indian River game, which they won 12-1, bowed to Cape Henlopen 7-1 last Thursday.

Plagued by errors all season, the Buc committed six more in the Cape game. "Consistency has been a problem," said Coach Mark Plummer, "they played a sharp game against Indian River. There were no errors. But today they made mistakes they just don't make in practice.

Maybe the learned psychologists can give us the reasons why.

Even though Wilmington-owned Parfaitement let us down in the Kentucky Derby last Saturday, the Derby is still the most exciting two minutes in sports.

For sheer nervous anticipation, only one thing can compare to those few seconds between the time the last horse is loaded into the gate and the cry "they're off." Watching two evenly matched fighters, like Ali and Frazier, waiting those few seconds in their corners for the bell to start round one of a championship fight packs the same kind of anxious excitement, but nothing else comes close.

The Milford Bucs varsity baseball team has been in the cellar longer than a vintage wine bottle. But better days are coming. Varsity coach, Mark Plummer, looks forward to the next couple of years, when the JV boys will be playing varsity ball.

"They are now 7-0," said Plummer, that's the best record for a Milford baseball team in quite a while." Give him the tools and, as Churchill said in another context, he will do the job.

A really fine, baseball-savvy coach and an excellent handler of boys, Plummer deserves a winning team.

NRA; The National Rifle Association held its Annual Members Meeting in Phoenix over the weekend. President Reagan visited the meeting on Friday and spoke against gun control. The president urged longer and mandatory prison terms and abolition of parole for federal offenses as the best remedies against crime.

Harlon B. Carter, the executive vice president, beat back a revolt from within and retains his power as the chief executive of the association.

PARK ENTRANCE FEES: The Division of Parks and Recreation has announced that the annual park entrance fee permits for the 1983 season are now on sale. Annual permits are \$10 for Delaware registered motor vehicles and \$30 for out-of-state registered motor vehicles. Senior citizens 62 years of age or older may purchase this permit at half price.

You may purchase a permit by mail. Mail a copy of your vehicle registration together with a check to Division of Parks and Recreation, 89 Kings Highway, P.O. Box 1401, Dover, Delaware 19903. Be sure to send the

proper registration and license number as the permits are not transferrable from vehicle to vehicle.

RACCOON SLAUGHTER: An unusual number of raccoons are being slaughtered and sent to the State Health Laboratory for rabies testing, according to Laboratory Director Mahadeo P. Verma. "This appears to be a reaction to the finding of rabies in a raccoon last month. Since that time, 19 additional raccoons have been submitted - none of which had rabies. 17 of these raccoons were killed, and only two were found dead," Dr. Verma said. Public Health officials call this public reaction unjustified.

SAFE BOATING TIP: Here's a tip from the Harrington Flotilla - 12-08 of the United States Coast Guard Auxiliary. Make sure your boat is safe for yourself and family. Get a free courtesy marine examination from auxiliaries who have been specially trained as courtesy Marine Examiners. Exams will be held at Cedar Creek, Milford on May 14 and 15. For further information call Walter Kurling 678-6463.

## DSC's Heflin & Gross sign with Broncos

DOVER, DE - When the National Football League Draft was over last week, Delaware State College's defensive back Victor Heflin had been drafted in the sixth round by the Denver Broncos while offensive guard Lynnard Gross signed as a free agent.

Heflin, a 6'1", 180-pound Dayton, Ohio native, led the Mid-Eastern Athletic Conference in interceptions with eight. He was ranked fifth in Division I-AA.

The first-team All-Mid-Eastern Athletic Conference defensive back and

honorable mention Little All-American finished his last season in the Hornet uniform with 74 tackles including 30 unassisted; 10 pass break-ups; one fumble recovery; returned 10 punts for 49 yards; one kick-off return for 20 yards; and 8 interceptions for 75 yards.

Gross, a 6'3", 270 pound Philadelphia, PA native was a second-team All-Mid-Eastern Athletic Conference performer.

He only played one year for the Hornets, having transferred from Norfolk State after three years there.

## State Legislative Notes

by Thurman Adams, Jr.

I was among a group of Sussex County legislators who toured a steam-generating waste disposal plant in Pittsfield, Mass., last Friday and I want to tell you I was impressed.

N.C. Vasuki, general manager of the Delaware Solid Waste Authority was along with us to show us an alternative to the huge new Sussex County landfill the Authority is contemplating.

The Pittsfield plant was clean --- you couldn't see anything coming from the smokestack --- and there was absolutely no odor outside of the plant interior.

The Pittsfield waste disposal plant is called a modular steam generating plant. They burn all solid waste in ovens generating 1800 degrees Fahrenheit, and the heat generates electricity for a paper plant nearby which makes the paper your dollar bills are printed on.

Construction of such a plant in Sussex would reduce the landfill to about one and a half acres a year --- a far cry from the 400-600 acres the Authority is now looking for in Sussex.

Such a plant reduces the tripping fees for landfill disposal because the electric customer pays about 85 percent of the cost of oil for the generating capacity.

Pittsfield is a relatively small town compared to all of Sussex County, and we would need a plant about twice the size of Pittsfield's \$12 million facility.

Several waste disposal companies have indicated to the Authority a desire to contract for disposal of Sussex's trash. The plant could be financed with a revenue bond provided a customer for the electricity could be found.

I repeat, I was impressed. We must look to the future, and I don't think the traditional landfill is the answer to Sussex County's trash problems.

Whether or not the modular steam generating plant is the ultimate answer is for technicians to decide. But I think the fact that the Authority is looking in new directions is a positive factor in all of our favor.

## Summer Youth Program will help teenagers

by Walter T. Peters, Jr.  
U.S. Department of Labor

[Mr. Peters is the Secretary's Representative for the mid-Atlantic region, composed of the states of Delaware, Maryland, Pennsylvania, Virginia, West Virginia and the District of Columbia.]

A key social issue facing this nation is finding jobs for our young people, a high unemployment statistic. Particularly acute is the plight of the black teenager in the 16-19 age group, which in March recorded a 43.5 unemployment figure. Among whites in the same age group, the rate was 21.4 percent. These figures, if gone unchallenged, would be sheer social neglect on the part of our society.

Lack of skills and lack of hope perhaps are part of the problem. The Labor Department believes the Job Training Partnership Act (JTPA) will be part of the solution to this program over a period of years, once the mechanism of this new program gets into full operation, by providing these teenagers with the necessary training to gain skills for meaningful employment in the private sector.

But this will take time. A stop gap measure is the annual Summer Youth Employment Program, funded by the Federal Government, that offers jobs for economically disadvantaged youth between the ages of 14 through 21. This summer, funds have been provided nationwide to put about 775,000 young people to work in state and local government and nonprofit organizations for an average of nine weeks at the minimum wage.

In addition to the federally funded program, Labor Department is asking members of local Private Industry Councils (PICs) to use their influence to create unsubsidized private sector job opportunities and secure job pledges from the business community.

To further encourage the private sector to hire disadvantaged youth for the summer, an enhancement has been offered to the business community under the Targeted Job Tax Credit (TJTC). The original TJTC program was created by the Revenue Act of 1978 as part of an urban initiative program. The "targeted" tax credits were designed to benefit individuals from certain groups who have consistently had the most difficulty in securing employment.

Under the Tax Equity and Financial Responsibility Act of 1982, TJTC was extended to December 31, 1984 and economically disadvantaged summer youth employees were added to the targeted groups.

An employer hiring a TJTC-vouchered youth this summer who has never worked for the employer before will be eligible for an 85 percent tax credit for the first \$3,000 or less of the employee's wages for any 90-day period or less between May 1 and September 15, 1983. Employers hiring more than one disadvantaged youth will be eligible for a tax credit for each employee. Firms interested in this program should contact their local Job Service office.

This special program should provide some hope for the hopeless and some skill for the non-skilled disadvantaged youth.

## Terry Campus students receive honors

Seven students and their advisor, Dan Houghtaling, from the Terry Campus of Delaware Technical and Community College recently attended the 1983 National Convention of Phi Theta Kappa in Kansas City, Missouri, where members of the chapter received several awards including four \$250 scholarships. Members attending the convention were Walter Adkins, Beth Boyles; Rhonda Constantine, Harry Fillman, and Debbie Garrisson, all of Dover; Rhonda Semans of Felton; and Bernadette McDonald of Smyrna. Alpha Beta Kappa was selected as one of the top ten PTK chapters in the nation from over 700 chapters. A \$250 scholarship to Honor's Institute was

awarded with the plaque.

A \$250 scholarship to Honor's Institute was awarded in memory of William Hughes, past sponsor at Wesley College in Dover and past advisor of Middle States, to the outstanding PTK student in the nation. Beth Boyles of Dover, a Criminal Justice student at the Terry Campus, is the first recipient of this annual scholarship.

Phi Theta Kappa sponsors Carol Adams and Dan Houghtaling each received a \$250 scholarship to Honor's Institute for the Chapter's presentation of *Anything Goes* competition at the Honor's Institute.

## Boy Scout Troop No. 113

April 29th, 30th and May 1, 1983, the Boy Scout Troop 113, Felton, took part in the Camporee held at Delaware State College, Dover, DE. It is estimated 2000 scouts were in attendance from the Delmarva Council, Virginia, Maryland and Delaware. All scouts were graded on 7 events. The Troop scoring the highest number of points were awarded a Patrol Flag ribbons. We are proud to announce Troop 113, was presented with 2 Patrol Ribbons for participation in the 7 events. The Troop also constructed a Tower and Bridge out of logs and lacinis, served as a 2 day District Gateway, 25 feet high and 6 feet wide. For this achievement the Troop was awarded a troop merit ribbon. Joining the troop was cub scout pack 141, Felton, with cub master, Ron Stumpf, Mr. Bob Voras, Weeblos. This is the first time for the cub scouts to camp out overnight and participate in this type of event. Scott Stumpf, was presented a Weeblo Ribbon for

participating. Leaders of Troop 113 were: Mr. John Hinspeter, Scout Master, John Hinspeter II, assistant Scout Master, Tom McFarland, Committee Chairman, Jay Gordy, committee member. Thanks to the following people and stores, for without their help and generosity this weekend would not have been possible and enjoyable. They are: Taylor's Hardware, Quillen's Market, both of Harrington. The G. & B. Market, Wares Market, Felton Hardware and Hughes Scapple, all of Felton. Mr. Tom Milligan of State Line Welding, Sandtown. Kemp's Market, Willow Grove, Fifer Frms, Camden, Klings Meat Market, Willow Grove, San-Del, Country Cupboard, Sandtown, DE, Dunkin Donut, Mr. Do-Nut and Pizzadilli's. We are very grateful to these people as well as to our sponsor, Church of God, Felton. Thanks for your concern and generosity, making it possible for the scouts and leaders to have such a fine time and good food.

## Delaware Crime Stoppers offers cash for tips

Delaware Crime Stoppers will soon be familiar to Delawareans. Modeled after successful efforts throughout the country, Crime Stoppers pays up to \$1,000 cash for information that leads to the arrest and indictment of serious criminals. Since callers need not use their name, there is no chance of retaliation.

To work, Crime Stoppers needs support from police, media, businesses and community. It is a non-profit corporation that publicizes a Crime of the Week, usually a serious felony. Callers providing anonymous tips on that crime, or any other felony, are given a code number. If the information proves valuable, the Board of Directors of the corporation pays up to \$1,000 cash.

The first Crime of the Week began April 4. Each Monday, a new crime will be publicized throughout Delaware.

Former Governor Elbert N. Carvel and former Senator J. Caleb Boggs,

are honorary co-chairmen for Crime Stoppers. Mr. Norman Powell was recently appointed Board Chairman. Board members represent the media, businesses, and private citizens throughout Delaware.

Information on the following crime of the week will pay up to \$1,000 cash for information leading to an arrest and indictment:

### CRIME STOPPER

A Wilmington woman on the 100 block of 36th street, has been burglarized five times since September 13, 1982. The second burglary was in October, the next two in November, and the last on March 4, 1983. All burglaries were during the day. The losses were extensive. Items taken included jewelry, coins, currency, clothing, and other valuable items. The burglars seem to know when the victim is not at home.

## Carper supports

### Sea Grant Program

WASHINGTON - Congressman Tom Carper today urged his colleagues to "move quickly and adopt" legislation which would provide Delaware with \$4.5 million annually in coastal and ocean resources development funds. "This bill to establish an Ocean and Coastal Resources Management and Development Fund is not only vital for Delaware's maritime community but for coastal regions throughout the country," Carper said in remarks delivered on the floor of the House.

The Carper-backed legislation was adopted 37-2 by the Committee on Merchant Marine and Fisheries last week. The bill now moves on to the full House.

The bill, H.R. 5, was introduced at the outset of the 98th Congress by the Merchant Marine Committee Chairman Walter Jones of North Carolina. It would establish a block grant

program to fund various coastal and ocean resource activities from a percentage of Outer Continental Shelf (OCS) oil and gas revenues.

The newly-established fund would be financed by taking 10% of the growth in OCS revenues from a base year (fiscal year 1982), up to a maximum of \$300 million.

Approximately 10% to 20% of the money collected would be allocated directly for the Sea Grant Program. The remainder of the funds would be distributed to the states in block grants.

Delaware would receive an estimated \$4.5 million annually from the new fund. "Our state has benefited enormously from the Sea Grant Program," Carper said. "Passage of this bill will properly reassert Congress' intent to support rational development of our coastal resources."

## Watrip Set To Make It Two In A Row At Dover

DOVER, DE - It has been a typical season start for two time defending Winston Cup Champion Darrell Watrip. After beginning the year slightly, Watrip is back

running in high gear as he set his sights on the 15th annual Mason-Dixon "500" May 15, at Dover Downs International Speedway. This season is almost an instant replay of the past two, when Watrip sped to 24 victories and two consecutive championships. After crashing heavily at Daytona, the Franklin, TN resident has slowly picked up the pace, climbing it with a win at North Wilkesboro.

Darrell Watrip

In returning to Dover, Watrip will be returning to the ultra-fast, one mile race track where he won last fall by half a car length over third generation driver Kyle Petty. The race was part of an amazing string of finishes Watrip turned in to over-take Bobby Allison for the title.

The Dover win was a big key, Watrip concluded. "When you come into a place like Dover, where you never seem to do well and turn around and win the race, it is inspiring to say the least and it puts you in good shape for the next race."

the history of the speedy Dover mile and the whole time Watrip thought it was Richard, not Kyle, who was banking at his heels. "I assumed it was Richard Junior called me and said Richard had gotten into Kyle's car, so we assumed that was who it was," explained the fifth winning driver in Grand National racing. "I think Kyle did a super job. All young drivers need a really inspiring run like that. It was the highest finish ever for the younger Petty."

When Watrip has won at Dover, the race has always been a nailbiter. In the fall of 1980 he fought off the stiff challenge of Harry Gant to win by less than a half second.

While all the races at Dover are grueling, the spring editions of the race have been especially rough on the seasoned veteran. But the Junior Johnson prepared Pepsi Challenger is now running strong enough to make Watrip confident he can make it two in a row on Dover's tough high banks. "I look forward to a long string of wins here."

## Kyle Petty Set For A Good Run At Dover

DOVER, DE - When Kyle Petty travels to Dover Downs International Speedway for the 15th annual Mason-Dixon "500", May 15, the future star of the Winston Cup Series will be returning to the speedway where he turned in his best Grand National performance ever. Over 40,000 race fans are expected to be looking on.

Kyle Petty

The highlight of the 22 year old Petty's career came at Dover in last fall's 500 mile test. Running with the lead pack all day, Kyle relentlessly dogged the rear bumper of Darrell Watrip, especially over the final, hectic laps. With the capacity crowd on their feet, it was Watrip the winner when the checkered flag fell on the closest finish in Dover's storied history. Kyle's courageous effort had come up a half a car length short.

As a weary Watrip pulled himself out of his car, he said of the younger Petty's strong run, "I really take my hat off to Kyle. I didn't know if I could beat him or not." It was a compliment of the highest order, coming from a Winston Cup champion. The stellar performance of the Randleman, NC native climaxed a weekend of racing in which everything seemed to fall right into place. "We just seemed to hit it just right on the handling and motor combination and the team felt pretty good about the whole thing," stated Kyle.

**Parsons To Compete At Dover**

DOVER, DE - Benny Parsons, a two-time winner at Dover Downs International Speedway, has submitted his entry to compete in the Mason-Dixon "500" NASCAR Winston Cup event scheduled for May 15th.

The likable former Daytona "500" winner will be piloting the Johnny Hayes owned Skoal sponsored Buick in the Dover event and Parsons likes his chances of going to victory lane. "We came here (to Dover) last September with a new team and a new car and we wound up finishing fifth," he said. "We've had an opportunity to work together for a little while now and we're starting to be able to run with the leaders. In fact we were challenging Cale (Yarborough) for the lead the closing laps at Atlanta when we blew an engine. I think we could have won if it wasn't for that."

Parsons, a popular favorite with the Dover fans, is running only in selected races this year. "I've always done well at Dover," he said, "and we didn't want to pass up an opportunity where we think we can win. We had had luck when an early race crash at Darlington, but you watch, we'll bounce back."

The Mason-Dixon "500" will get the green flag at 12 noon on May 15th. Tickets for the race, as well as for the May 14th Late Model Sportsman "200" and for the Father's Day "Trucker's Big Rig '200" are available at the speedway ticket office by writing c/o P.O. ## Gant Set For Dover Downs

Harry Gant

DOVER, DE. - When the stars of the NASCAR Winston Cup Series come rolling into Dover Downs International Speedway for the 15th Annual Mason-Dixon "500" on May 15, one of the favorites is sure to be Harry Gant of Taylorsville, NC. The speedy "Monster Mile" has not been kind to the popular driver. Gant has had only two good finishes in eight Grand National starts, both of those came in 1980 when he posted a second and a fourth. Despite the poor

statistics, Gant comfortable at Dover: "I like Dover and for me it is like any other racetrack that we run 500 miles," he confided. "It is similar to Rockingham and Darlington; we look forward to running at Dover." Gant set a world single lap record for late model sportsman stock cars last spring at Dover. He zipped a Pontiac around the one mile oval at an average speed better than 138 m.p.h. The 500 mile races at Dover are famous for the tortuous strain they put on

the race cars and the daring men who drive them. Yet Gant who set the fast time for the 1979 CITI Chemicals "500", does not feel Dover is anymore grueling than any other speedway. "I can't tell the difference and it is a lot better than it used to be because the cars stick better, so you don't have to fight it much," commented the driver nicknamed "Hank". Harry for his television and appearances. "It is a drivers track and it takes a good handling

is more competition than ever before on the Winston Cup circuit and it will be harder to win races than ever before." He added, "If you keep working hard though, the wins will come."

## Bodine Confident Coming To Dover

Geoff Bodine

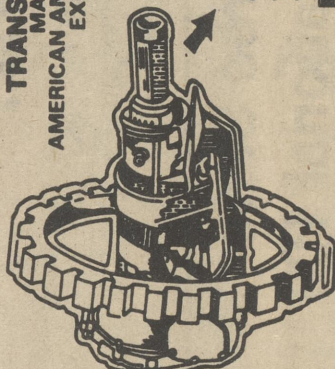

DOVER, DE. - Pleasant Garden, NC driver Geoff Bodine is a member of a talented, new crop of Grand National drivers who will challenge the veterans for victory in the 15th Annual Mason-Dixon "500". May 15, at Dover Downs International Speedway. The race marks the first appearance of the Winston Cup Series in the Northeast this year. While Bodine, a transplant Yankee born and raised in Chemung, NY, is still searching for the elusive

National racing; people just don't realize it takes a pit crew, crew chief, and driver working together to do well, so has Tim Richmond, Kyle Petty, and Mark Martin and I think a lot of young guys will finish well in this type of race.

Dover is a tough race on men and machinery and in past races veterans like Petty, Pearson, Waltrip, and Bobby Allison have been the ones to come home winners. Bodine thinks this year could be different. "I think you are going to see

## Bonnett Will See Double Action At Mason-Dixon "500"

DOVER, DE. — Grand Saturday, May 14. Another National star, Neil Bonnett, will be pulling double duty when the Winston Cup Series makes its first 1983 appearance in the Northeast for the 15th annual Mason-Dixon "500" May 15. Along with his Grand National duties, Bonnett will be piloting the Rahmoor Pontiac in the Late Model Sportsman "200" on Saturday, May 14. Another Grand National stand out, Joe Ruttman, drove the car to victory in last year's sportsman event.

The Hueytown, AL native understands what it takes to win races on the demanding, one-mile high banks. "Any time you want to win at Dover, you have to go up there and put out a superior effort, and sometimes, if you

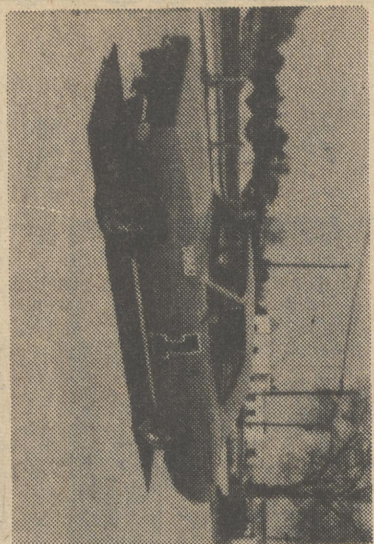

are lucky, you might do it," explain Bonnett. Bonnett won the 1979 Mason-Dixon "500" and the 1981 CRC Chemicals "300", tying him with Darrell Waltrip and Benny Parsons for fourth on the all time winner's list at Dover. Bonnett feels a positive approach is also a must when taking on the

"Monster Mile", "I approach it with the outlook that I really like the track, because I have been fortunate enough to win some races there. Bonnett has reason to be looking at things more positively. He got the season off to a fast start, winning a couple races at Daytona, and for the first time in his career, the "Alabama Gang" member has seen his name atop the point standings driving the Warner-Hodgdon Chevrolet. The Mason-Dixon "500" will get the green flag at 12 noon on May 15. Tickets for the races, as well as for the May 14th Late Model Sportsman "200" and for the Father's Day Truckee's Big Rig "200" are available at the speedway ticket office by writing P.O.
