Girard Bank opens new office in Harrington

by Harry G. Farrow Jr., Publisher
HARRINGTON - In 1888 the First National Bank of Harrington gave the area residents of Harrington their first bank located at the corner of Commerce and Mechanic streets. In 1905 with commerce beginning to flourish in Harrington, a second bank was opened for business. It was the Peoples Bank of Harrington, which currently occupies a relatively new bank facility.

On Monday, the Girard/Mellon group opened a new branch facility at the intersection of State Route 14 and U.S. 13. Although it is a branch office it will nevertheless have the full services available that other Girard Bank offices will have. "To better serve the residents in the Harrington area, we are offering complete services for banking plus the George machine. One

unique aspect of the facility is that banking hours will be from 10:00 a.m. to 6:00 p.m. Monday through Friday....and of course, George offers night and day banking 7 days a week", a spokesman for Girard said.

The Grand Opening celebration will be from October 31 through November 25, and anyone who comes in and opens a new Girard account or joins in a demonstration of either the George Machine or George Bank-by-Phone will receive a free gift. There will be \$5,000 available to be given away during the celebration. This will be done through the use of the George Machines located in Harrington, Milford, Seaford and Laurel.

The Harrington office will be managed by Lee Walls a resident of Seaford. Mr. Walls has been with the bank for 14 years. He has taken

numerous American Institute of Banking Courses, along with Seminars on Bank Security, Management and Sales. Mr. Walls is a member of the Laurel Lions Club, American Legion Post 19, Little League Baseball Manager and former board member of the Laurel Chamber of Commerce. He and his wife Bonnie and son Phillip reside in Seaford.

In 1888 the First National Bank of Harrington was led by its President William W. Sharp the father of the immortal Will Sharp. Banking prior to 1888 was done by collecting deposits by Mr. Sharp and carried to the Bank in Milford. The original building still stands at the corner of Commerce and Mechanic Streets in Harrington, and is owned by The Harrington Journal, where the newspaper was published from the mid '20's to 1975.

Hall of Fame of Delaware women

Four women were inducted into the Hall of Fame of Delaware Women by Lt. Governor Mike Castle on October 25th, at 4 p.m. at the Delaware Technical and Community College in

Georgetown. Esther Schauer Frear, Sallie Topkis Ginn, Edith J. Newton and Cecile Long Steele were honored for their lasting contributions or achievements in various areas.

ESTHER SCHAUER FREAR, 1980 Delaware Mother of the Year, is honored for her volunteerism, her work in the community and her long-standing civic involvement. She was the first and only woman elected to the Dover City Council serving from 1947-1949 and was deeply involved in Congressional life during her husband's term (1949-1961) as Delaware's U.S. Senator, serving as President of the Women's National Democratic Club from 1957-1958. Esther Frear's membership in numerous charitable and civic organizations has spanned the last 50 years. She has devoted innumerable years to the Delaware Foundation for Retarded Citizens serving as chairperson of the Gold Team for the All Star Football Game, which raises funds for the benefit of retarded children. As a sponsor and president of the Golden Opportunity Center, Inc., which works to employ the handicapped, she was awarded for her dedicated service in 1979.

SALLIE TOPKIS GINNS is being honored posthumously for her contributions to the community and nation. Active in the Americanization of the foreign-born, she was always willing to help others who were suffering. She worked hard for Prohibition convinced that, if passed, it would help solve many of the nation's problems. Sallie Ginn became deeply involved in the women's suffrage movement, marching in pickets in Washington and Wilmington, lobbying her legislators and serving as treasurer of the National Council of Jewish Women and the Young Women's Hebrew Association of Wilmington. Sallie organized many community service projects. She was honored for over 50 years of service as a Red Cross volunteer and was a life-long active member of Temple Beth Emeth.

EDITH J. NEWTON of Claymont recently retired after 40 years of a distinguished educational career. She began teaching in a two-room schoolhouse at the age of seventeen

Drug raids near Harrington & Milford

by David F. Coady
At approximately 10:35 a.m. on Friday, October 28 State Police raided the home of John W. Hopkins, 33 and Elizabeth Ann Smith, 28 of near Harrington. The raid was the culmination of a five and one half month investigation. Police seized methamphetamine, quaalude, hypodermic needles, syringes and a handgun.

Hopkins was charged with possession with intent to deliver methamphetamine, marijuana and methaqualone, possession of hypodermic needles and syringes, possession of a deadly weapon during the commission of a felony and possession of a deadly weapon by a person prohibited. Also seized during the raid was approximately \$1,000 in cash and \$4,000 worth of stolen auto parts and mechanics tools.

Smith was charged with possession of marijuana and released on her own recognizance. Arrested and charged in the same raid was Frank C. O'Neil III 28, of North Street in Harrington. O'Neil was charged with possession of marijuana and released on his own

recognizance. Police also picked up Larry W. Hannum, 28, during the same raid. Police took Hannum to his home near Milford where a similar raid was already in progress. In that raid police arrested Larry W. and Anna Hannum of near Milford. Police seized three ounces of methamphetamine with a street value of about \$4,000, two ounces of marijuana, 120 needles and syringes and stolen items worth about \$10,000. Anna Hannum, 24, was charged with

Area youths sought for study abroad

Local Kent and New Castle county high school students are offered a unique opportunity spent an academic year or six week summer holiday in Scandinavia, Germany, Switzerland or Great Britain, as part of the American Scandinavian Student Exchange (A.S.S.E.) program.

Students, 15 to 18 years old, are selected on the basis of a good academic record, excellent character

references, and a genuine desire to experience life abroad with a volunteer European Host Family. "At least one member of the carefully screened Host Family will be fluent in English," said Area Representative, Camille Weyent, "so communication will not be a problem." Year students are provided with language/culture instruction as

Howard S. Wagner to retire soon

by Harry G. Farrow Jr., Publisher
HARRINGTON - The Executive V.P. and Cashier of The Peoples Bank of Harrington for the past eighteen years will retire from his present duties at the Bank at the end of the year. The exact time has not been decided. The letter of intent was submitted at last week's Board of Directors meeting at the Bank.

Howard Wagner has been an institution to area residents of Harrington. He came to Harrington in 1937 as a branch manager for Shellhorn & Hill Co., an oil company from Wilmington. He joined Shellhorn shortly after graduating from Goldey College in Wilmington. He handled the accounts receivables for that company.

In 1942, Mr. Wagner returned to Baltimore to work for Glen L. Martin Co. during the WW II years. At the Martin Company he worked in the capacity of an aircraft inspector for the B-26 and the PBM (the flying boat). During the stint at Martin he continued to work with Shellhorn looking after the plant here in Harrington. It was located where Cashwell's Gas Service is located today on the northbound lane of U.S. 13

just north of Harrington. "The war (WW II) ended on a Wednesday, and I started working at Peoples Bank (of Harrington) on the following Monday", said Wagner. He continued to work both jobs....the one as manager for Shellhorn and The Peoples Bank until he had to make the choice between which he would take on as a full time job. "I decided on The Peoples Bank....and I am glad that I did. Banking has been good to me...and Harrington has been good to me and my family. We raised our children here, and it has been home for a long time", he said.

The man who was to become the highest ranking officer in the Bank on a day-to-day basis was first hired as a teller-bookkeeper in 1945. In 1952 he was made Cashier and in 1965 was made Executive V.P. and retained the rank of Cashier.

He has served for 30 years as the Treasurer for the City of Harrington, and has been a member of Asbury Methodist Church "...since I first came to Harrington. Rev. Parker was the minister then....but there were many

since then. Rev. Green was here...and I remember very well Rev. Wright, who we had many good times with....enjoyed them very much," he said. At Asbury he has held all offices of the church and Sunday school, "...at one time or another....but this does not include the organizations which are purely the womens' groups", he concluded.

When he joined the Bank the assets totalled over \$2 million dollars, and today the assets total over twenty-eight million dollars. "I predict that the Bank will continue to grow. I think the new Bank brought prosperity to our banking operations here...and certainly has enabled us to provide more services to our customers. We have a facility that is set up for growth and I think this bank will certainly experience that over the next immediate years", he added.

He stated that "...it has been a pleasure to come to work (at the bank) each day which has always been good to me. I love banking....and I am certain that I will continue to be associated with banking," he concluded.

United Way reaches halfway mark

Nearly half of United Way of Delaware's \$11.62 million goal has been raised as the 1983 campaign reaches the halfway mark. "Statewide, we have raised \$5.58 million or just under 50%", Campaign Chairman Richard A. Leonard told a group of 250 volunteers Tuesday night at the new Hercules Plaza Atrium in Wilmington.

Leonard praised the participation of employee groups from all parts of the community as he read the winners of campaign awards. He was especially glad to note that many of the new banks were involved. "Conoco employees contributed two times as much as they did when they were in Connecticut," he added.

Wilmington Mayor William T. McLaughlin, who emceed the event and who heads United Way's Government Division this year, said he was impressed by the dedication of the United Way volunteers and the efficiency of the organization. "89 cents out of every dollar goes right back into the community through local services", he told the crowd.

Representatives of two employee campaigns also addressed the group as special guests in this 45 minutes report meeting. From the Education Division campaign, where United Way is putting special emphasis this year, Judith Justison gave an enthusiastic endorsement of the services which United Way's agencies provide in the Red Clay School District. Ms. Justison, Director of Special Education for the district, said, "I see families and kids helped by United Way services all the time, in social and recreational activities, and with special needs.

These agencies help everyone." Lynne C. Jones represented the Wilmington Medical Center where employees have conducted campaign rallies for the first time this year. Mr. Jones, Assistant Director of Ambulatory Services at Wilmington Medical Center, said that his job is made easier by United Way agencies which provide home health care and transportation for those in need. "Many patients can leave the hospital sooner because their doctors know they can receive medical care at home", Jones said.

In closing, Campaign Chairman Leonard stressed that there are many company campaigns still underway and quite a few just starting. "Many of these totals will be reported at our next report meeting November 3. But

for the next two weeks, we must all keep campaigning....the deliberate efforts to date are showing increases and that's very satisfying. However, the difference between making and missing the goal is up to each of us."

Leonard noted that the Central Delaware Campaign which is only about one-quarter finished is at about 24% of its goal or \$94,716.

The United Way of Delaware Campaign began on September 15 and will close November 17. Anyone who wishes to contact the United Way can do so at the offices at 701 Shipley Street Wilmington or call them at 656-4630. In Central Delaware the United Way office is at 43 The Green and may be reached at 734-4779.

The left wing and area churches

by William T. Ficka and David F. Coady

Parishioners at St. John's Catholic Church in Milford were subjected to a barrage of left wing propaganda as they left church on Sunday.

A few parishioners were distributing church bulletins and a special circular.

A note in the church bulletin equated the Soviet invasion of Afghanistan with the United States' invasion of Grenada. Churchgoers were informed that "the reality is the same."

Another item in the church bulletin told us, "Our Christmas (sic) conscience should be outraged over the violent invasion of Grenada."

The circular was headlined "International Peace." It went on to say, "We the Peace and Justice Committee of Milford Delaware, state our unequivocal opposition to the invasion of Grenada. We believe that this invasion is a blatant violation of the U.S. Charter and the Organization of American States. As Christians, we call this invasion immoral. We cannot accept the violation of a nation's sovereignty to procure ambiguous, nationalistic pursuits.... We deplore the action of our government and beg forgiveness for our cowardice in promoting aggression."

The Peace and Justice Committee comprises about a dozen church members, both lay and clergy.

One man said, "Will you look at this garbage. It's straight out of Pravda."

A young Navy man who was assigned to leave for Grenada on Tuesday (he is

on his way there as you read this) said, "This isn't right. They shouldn't hand out something like this at church. The young man's father, a former Marine with 20 years service, was of the same opinion. And they are right."

It is scattered thinking of the type displayed in the circular that prompted William F. Buckley, a Catholic, to write, "The Catholic Church is, as a result of Vatican II and what came after it, much much weaker than it has been at any time during the last 100 years."

One of the men distributing the circulars told us, "The only reason there is Communism in the world is that we don't allow democracy. The Communists want freedom. It's in their constitution."

The man who uttered this nonsense is a Sunday School teacher. Let us hope he gives only religious and not political advice. Reagan was quite right in moving quickly when evidence of a Marxist military buildup on Grenada was discovered. In doing so he also avoided another hostage situation. There were 1,000 Americans on the island whose safety was at stake.

Has the Peace and Justice Committee of Milford forgotten Iran?

Jimmy Carter and his bumptkin advisers, who were straight out of Dogpatch, pussyfooted for 444 days before the hostages were released.

Senator Joseph R. Biden Jr., D-Del., said "After coming from a secret

meeting of the (Senate) Intelligence Committee, I have to say that I believe that the president did the right thing in Grenada."

It is not only the Catholics that are parroting the bilge that is usually reserved for the fever swamp of the left.

The Lake Forest Ministerium has had two news releases carried by this newspaper in which they state some noble goals. But they also plan to enter the national and international scene by enlightening their flock on the virtues of the nuclear freeze movement and disarmament.

It has come to our attention that a local minister said, "It is better to live under Communism than to die in a nuclear holocaust." This "better Red than dead" philosophy has been promulgated by the World Council of Churches for the past generation. Lately this philosophy has been adopted by the Roman Catholic church in its ever-increasing leftist swing since Vatican II.

When next you hear the question "Why the phenomenal growth of the independent Christian churches? just remember the political positions taken by the World Council of Churches and the leftward movement within the Roman Church.

Does the Lake Forest Ministerium fear the prophecies in the last book of the Bible? Are they not ready for Armageddon and the Second Coming?

Clergymen have a full-time job in giving us spiritual guidance. If they

feed the hungry, clothe the naked, shelter the homeless, visit the sick and bury the dead, that is all we ask of them.

We are bombarded with political propaganda in the newspapers, magazines, radio and television. We don't need more of it in the one hour a week that the average person spends in church.

But if the churches persist in giving political advice, they should find a few people who are in touch with the political realities.

Anyone who thinks that the "Communists want freedom" has been living in a cave for the past 30 years.

Joseph Stalin and Mao-Tse-tung slaughtered some 50 million of their own people. This is a strange way to show your love of freedom. Compared to Stalin and Mao, Hitler was almost a philanthropist.

Church donations that would ordinarily be earmarked for local clergy will instead be going to Jerry Falwell's Moral Majority at Liberty Mountain, Va. if the local pastors continue their anti-American tirades.

The man who thought that "The Communists want freedom" admitted "That may be my trouble. I may be an idealistic dreamer."

He also said, "I pray to be a martyr."

If he prays for martyrdom all he has to do is go to Moscow and distribute circulars that criticize the Kremlin assassins--and the Soviet police will see to it that his prayer is answered by sundown.

AT & T may receive \$2 billion plus windfall profit

by David F. Coady

Congressman John Bryant, 5th district of Texas and Chairman of the Subcommittee on Telecommunications of the U.S. House Energy and Commerce Committee, has warned that AT & T may be in line to receive a windfall profit in excess of \$2 billion because of the breakup of the once legal monopoly. In a news release the congressman supplied the following question and answer:

Question: Why is AT&T spending millions of dollars of its rate-payer's money to kill legislation [H.R. 4102] designed to eliminate anti-consumer aspects of an FCC Decision implementing divestiture of local telephone companies from AT&T?

Answer: \$2,250,000,000. Under the FCC Decision, AT&T will benefit from a cost savings of \$4.0 Billion in the amount it will pay to local telephone companies for use of their facilities to complete long distance calls of its customers. AT&T has proposed to pass through only a part of these savings in the form of a 10% rate decrease totalling \$1.75 Billion. AT&T plans to keep as extra profit the remaining \$2.25 Billion.

ECONOMICS OF FCC DECISION
AT&T Cost Savings \$4,000,000,000
Minus Proposed 10% Rate

reduction - \$1,750,000,000
Increased Profit to AT&T \$2,250,000,000

AT&T's \$2.25 Billion windfall comes at the expense of the millions of residential phone subscribers who will pay \$2 to \$8 per month for the "privilege" of being connected to a long distance telephone network many of them will never use.

Anyone watching prime time television must agree that AT&T has inundated it with advertising. It is a propoganda war for the minds of the people and no one else has the resources to counter it on prime time television. AT&T is trying to convince the public that the breakup is beneficial to them but is it? AT&T will now be able to charge all Bell companies and any other company competing in the long distance telephone business a fee to connect them to the AT&T system.

If there are no other answers, then Congress must consider the possibility of establishing a Post and Telecommunications Corporation by public law. This is a natural extension of our present postal system. It would be answerable to Congress and the fees charged to the public set by Congress. For the present, H.R. 4102 must be passed by Congress.

Smile! Silence is more eloquent than words. *Carlyle*
 Mrs. Sylvia Meredith was leader of Bible Study Monday morning. She also played the piano for the favorite hymns that were sung. Mrs. Clara Judy offered a prayer. Sylvia took chapter 16 of Luke, the first nine verses. Those enjoying the inspirational hour were: Catherine Donovan, Mary Sapp, Florence Minter, Frances Wright, Thelma Legates, Mildred Vincent, Marion and Roxanne Brown, Tony Perrone, Clara Judy, Amy Poynter, Ethel Holden, Mamie Adams, Jo Burke, Annabel Morrow, Cecil Meredith and Elwood Morris.
 Senior Sounds went friendly visiting at Country Rest Home, Greenwood Monday afternoon, October 24, 1983. Sixteen attended. It was a very rewarding time for all!
 The Jolly Timers put a new tap in the Center Tuesday morning. Guess Why? They began their Christmas song practicing. My it did sound good. Reminds me of the Bazaar, November 4, 1983. Don't forget!! Bring a friend!! Present were Mamie Adams, Bertha Dean, Lillie McBride, Annabel

Morrow, Mildred Vincent, Tony Perrone, Andy Anderson, Marion and Roxanne Brown, Florence Minter, Virginia Smith and Gladys Hill. Sylvia was at the piano.
 Wednesday was a busy day in ceramics, not only busy but happy, jolly and full of chatter. Wednesday's dinner was a delicious meatball sandwich with motz cheese, chicken noodle soup, salad and oatmeal cookie, coffee or tea or milk. There was a nice group. Why not join up, sign up the day before please.
 Bazaar, November 4, 1983. Come one, come all.
 Planning card day beginning November 8. Have you checked for trips?
 Thursday was local shopping. Bowling at Milford Lanes, crafts and ceramics. Spanish class on Monday with Elsie Vineyard. Pool, pool, pool. Come on in and bring a friend or make one.
 Best wishes to all. Be kind to each other. Thank you volunteers!
 Love and faith.

 On our kitchen wall hangs a happy home recipe. I'd like to share with them and you:
 4 cups of love
 2 cups of loyalty
 3 cups of forgiveness
 1 cup of friendship
 5 spoons of hope
 2 spoons of tenderness
 4 quarts of faith
 1 barrel of laughter
 Take love and loyalty, mix it thoroughly with faith.
 Blend it with tenderness, kindness and understanding.
 Add friendship and hope, sprinkle abundantly with laughter.
 Bake it with sunshine, serve daily with generous helpings.
 Follow this recipe and have a happy home. God Bless you both, we love ya. Good luck and congratulations!
 Well wishes to all. Take care, share a smile, God Bless!

Viola Fire Flies 4-H Club

by Toby O'Bryan
 Viola Fire Flies 4-H Club held their 3rd Parent Banquet on October 22, 1983. Serving 68 people a delicious turkey dinner. Our special guests this year were Mrs. Marion MacDonald, Kent County 4-H Agent, Mr. Robert W. Thompson, secretary of V.C.F. Ruritan Club, and Mr. and Mrs. Ken Horeis, leaders of the Country Bumpkins 4-H Club.
 Our evening was started by all saluting the American Flag, and a prayer by Mr. Irwin Bass, Jr. Then the turkey dinner was served, topped with a beautiful 4-H cake. Then our dishes were washed and dried by our husbands, sons and even boyfriends.
 At this time our new officers were sworn in as follows: President - Bambi Biggs; Vice President - Kathy Carlson; Secretary - Freddy Biggs; Treasurer - Michelle Bass; Reporter - Toby O'Bryan; Recreation - Ryan Breasure; Health - Rusty McCloskey; Safety - Robert O'Bryan.
 Then our new president initiated our new club members. They are Randy Cole, Kara and Tommy Connell, Karen and David Hudson, Michelle Lane, Rusty McCloskey, Robert and Toby O'Bryan and Eugene Long.
 The Fire Flies has only been an active club for 3 years. And its members really work hard. This year Mrs. Bass is very proud to say her club had 3 National Trip Winners. Sheila Bass and Bambi Biggs won a trip to Louisville, Kentucky for the National Poultry and Egg Judging contest. They will be leaving on November 14th and returning on the 19th. Each girl was presented with a \$20.00 check from the club. Mr. Robert Thompson presented them each with a \$25.00 check from the

V.C.F. Ruritans.
 Sheila Bass has participated in fashion shows for 4-H the past 4 years. She's made many of her own clothes. Her belief is "4-H is like a bank account. If you don't put anything into it, you don't get anything out of it!" Sheila has put a lot into it and she's getting a lot out of it. She's the only Kent County 4-H'er to win the big trip to Chicago. Sheila will be leaving on November 25th and returning on December 2nd. Congratulations Sheila and Bambi.
 The year pins were presented to all members who turned in a project book on work completed throughout the year.
 Sheila Bass and Keith Long were the only members with perfect attendance. They received a 4-H Clover Key Chain. Bambi Biggs and Michelle Bass are to receive their Jr. Leader pins.
 Then we presented a beautiful 4-H plaque to Mr. Robert Thompson for the V.C.F. Ruritan for their full support to 4-H. They are sharing their building to two 4-H clubs and they support in many other ways. Mr. Ken Horeis and Mrs. Mary Lou Bass did the presentation.
 Mrs. Bass presented Mrs. Marion MacDonald with a 4-H plaque for her help in getting the Fire Flies organized. Also as a token of good luck on her retirement. She will be retiring in December.
 Bambi Biggs and Kathy Carlson then presented Mrs. Bass and Miss McClements with gold heart lockets with their initials on them. Also a figurine, a rose, and a corsage to wear. The parents of members presented each leader with a beautiful chrysanthemum plants.

 The Knit Wit Craft Club will meet this Thursday 7:30 p.m. at Kathy Handleys, Viola.
 Pack 141, Felton Cub Scouts had a most enjoyable evening on October

28th, 1983. The hay ride scheduled was so much fun for scouts and adults as well. The hay ride started at Sugar Creek Farms, Viola and Paul White gave the start of the hay ride by circling the field on horseback. There were two wagons filled with children and chaparones on each. On the trail of a lightly wooded area the first thing they met was "Big Foot", very scary, then a dummy hanging in a tree, jack-o-lanterns all along the trail and fake spider-webs flowing were tied to the tree branches, then here is Dr. Kildare, operating on a patient, there they arrived at the witches, cooking a pot of brains and lo came the vampires, who were thirsty and chased the hay riders right out of the wooded area to the Felton P.D. who were on guard for we persons stationed in the wooded area. The end of the trail was to be at the V.C.F. Ruritan Club where they met up with the guillotine and the mad couple with a chain saw. We all went into the Ruritan Bldg. and enjoyed a wonderful Halloween party, decorated Halloween cake, cookies, cup cakes, sodas and many more goodies at the same time the photographer was on the hay ride, snapping photos of the entire party. The lovely entertainer was a magician, from New Jersey and he pulled all kinds of tricks, very enjoyable. Prizes were given to the cub scouts for the funniest, most scary and a tie for the most original costumes. Our thanks to Mrs. Mary Friedel whose farm the trail was on and Mrs. Paul White at Sugar Creek Farms and Robert and William Thompson for the wagons, tractors and hay. Thanks to the Felton P.D. and David Dill, photographer. And to all who participated for an evening of sport and fun, including Susan Chambers who did the make up for all the group and supplying the spooky music.

Chemical people - A town meeting on school-age drug and alcohol abuse

The Woodbridge School District, through a coordinated effort of local civic and school organizations, (4-H, Lions Club, Kiwanis Club, Bridgeville Town Council, Greenwood Town Council, Parent Teacher Associations, Student Council, Key Club and Boy Scouts of America) has arranged for public viewing of the broadcast, *The Chemical People*, on November 2 and 9 at the Woodbridge Junior/Senior High School cafeteria at 7:30 p.m. After viewing the series a panel of experts will be present to give local statistics and answer questions from the public regarding drug and alcohol abuse among teenagers.

Included on the panel: Mr. Larry Gangster, Turnabout; Sgt. Michael Cunningham, Youth Officer, Delaware State Police; Ms. Barbara Campbell, Jr. High School counselor; Ms. Kay Smith, health teacher; Dr. James Pressley, Superintendent of Woodbridge School District; Mr. William Lane, principal, Woodbridge Junior/Senior High School; Dr. Roberta Burns, general practitioner; Ms. Cindy Dalious, student; Mr. John Sandy, Chief Deputy Attorney General, Sussex County; The Reverend Charles Poukish, minister, Union United Methodist Church.

Gab Fest

by Pat Hatfield
 On our trip to Florida, we did not see it as the land of sunshine. It rained some part of every day we were there, but it did not dampen our spirits and we worked our activities around the raindrops, and had lots of fun anyway.
 We made our headquarters in Daytona Beach and made day trips so we would not have to change motels. We were delightfully situated right on the ocean front and my sister and I spent many happy hours visiting together and watching the tide roll in and out. Beautiful pigeons came to our balcony every day and were very tame. Dad would save some of his breakfast toast and feed them, and they would crowd around his feet like chickens in a barnyard. One black pigeon stayed longer than the others. He had no foot on one little leg. I assume it was a birth defect. He limped slowly, but could fly

with the best of them.
 There were flocks of wee sandpipers running in and out with the tide, and my sister especially loves them.
 In all the area down there I was intrigued with the black birds. They looked similar to the blackbirds we have at home, but they sang...an unusual melody, which drew my attention before I saw them. I asked so many folk what kind of bird, but nobody seemed to know.
 Our balcony happened to be opposite a lifeguard station, and we were amused at the antics of the man in charge. The beach and the ocean were never filled with people like our Rehoboth, so he was not very busy. We watched him take his exercises, doing pushups and flexing his muscles on the top of his station. Several times a

thunderstorm came up with wicked lightning on the water, and I could not believe that the swimmers would ignore his frantic whistle and beckoning to come ashore. Finally, after he would get off his chair and start toward them, they would slowly obey.
 I especially enjoy dining out for breakfast. We ate all our breakfasts in the Inn's dining room, and I just wallowed in big iced tea glasses of orange juice. Our platters were always pretty and always garnished with a big slice of orange with a sprig of parsley in the center. One morning the chief cook overslept and did not get in until nine, but our hostess managed fine and we had juice, cereal and coffee. The waitress told me that I was the only Yankee she had ever met who liked

grits. But I do and enjoyed them on several occasions.
 We indulged in many "Instant Friendships" which we enjoyed. Of course the first question is always: "Where are you from? We met and talked with people from California, Rhode Island, Connecticut, North Carolina and many more. On the last day we did meet some folk who said they were natives, so that kind of made history. My favorite breakfast waitress told us she was from Maryland and that her daughter had an antique shop there.
 We ate all our dinners at a lovely place called "Julian's". They serve only dinners, beginning at four until eleven. There is organ music and song by Bruce West. The food was delicious and very reasonable.

Good Used Toys that will be repaired may be dropped off at the church or at Stephen's Florists. Please call Peggy DeMartin 422-9479, Sharon Hoffman 422-3404 or Judy Stack 422-9445.

UNITED METHODIST CHURCH (UMC): The Catechumenate inquiry class for those interested in the Catholic faith will be held this week at St. Bernadette's Hall at 7:30 p.m. on Thursday. Topic: GOD'S REVEALING LOVE - A CALL TO COMMUNITY.

PARISH OUTREACH: We surveyed the parish on the needs of the people and several areas surfaced where we would be of service. We asked for volunteers to fill those needs when they arose. The Outreach Office is available to connect these two groups of people - those who have and need and those who can help. We are in need of volunteers to answer the phone on Fridays from 9:30 a.m. to 12:00 Noon. Training will be given. If you can help, please call the Outreach Office Friday morning (422-5319).

FOOD: The pantry at Trinity Methodist Church, Harrington is almost empty and the winter season is upon us. We need non-perishable food. Please drop off your donations at St. Bernadette's on Sundays in the vestibule.

LAKE FOREST MINISTERIUM is forming an Ecumenical Community Choir for the Thanksgiving Service. All who like to sing are invited to a practice on Monday, November 7th at 7:30 p.m. at St. Stephen's Episcopal Church, Harrington.

Chapel service to be held at Wesley College

"The Origins of Methodism: Barratt's Chapel and American Methodism" will be the topic for the November 16 chapel service at 1 p.m. at Wesley College in Dover. This will be the second in a series of services preparing for the Bicentennial of American Methodism to be celebrated in 1984. The Reverend Allen B. Clark, professor of history at Wesley College and curator of Barratt's Chapel Museum, will be the speaker.

Professor Clark holds the A.B. from Asbury College and the M.A. from the University of Delaware and has done advanced study at Johns Hopkins University and the University of Maine. He authored the *History of the Amish in Delaware* and co-authored the history of Wesley United Methodist Church in Dover and has contributed articles to the "Bulletin of the Northeast Jurisdiction of the

Commission of Archives and History", a publication of the United Methodist Church. He is a vice-chairman of the Peninsula Conference Commission on Archives and History and a member of the executive branch of the Bicentennial Committee and the General Conference Tours Committee.

Professor Clark has been doing research on the history of Barratt's Chapel, for the past year, in preparation for a bicentennial booklet. In the last three months, he has made a number of significant discoveries, some related to questions long thought to be unanswerable, which he will publicly share, for the first time, at the November 16 service. There will also be a display of artifacts from Barratt's Chapel. The public is invited to the service which will be held in Room 206 of the duPont Center.

Rev. May is candidate for the episcopacy

DOVER - The Rev. Felton E. May has been reaffirmed as Peninsula Conference's favorite son candidate for the episcopacy in the United Methodist Church. The delegation to the North Eastern Jurisdictional Conference, which will meet July 16-20 at Lebanon Valley College in Annville, Pa., has reaffirmed the action taken unanimously in June to endorse Mr. May as the conference candidate for bishop.

Virginia Clendaniel, president of the Conference Council on Ministries, is leader of the delegation. The Reverend William Hemphill, chairman of the Committee on Strategy, says "Felton May ran extremely well in 1980 as a person recognized as having a great deal to offer the episcopal office. His person, life and career demonstrate a

superior balance of strengths to meet the demands of the office."

Mr. May has been serving as conference council director since 1981; prior to that he was superintendent of the Easton District. As pastor of Ezion-Mt. Carmel United Methodist Church in Wilmington, he was instrumental in building the church's present structure.

He came to Wilmington from Chicago as head of the Methodist Action Program. He had been pastor of Maple Park United Methodist Church in Chicago.

A total of 17 bishops will be elected in the U.S. in 1984. The North East Jurisdiction will elect 3, to replace retiring Bishops D. Frederick Wertz, Roy Nichols and John Warman.

Spartans downed by Golden Knights

by Barbara C. Brown

Lake Forest's hopes of revenge for the past two years of defeat at the hands of the Golden Knights were squelched Friday night when Sussex Central handed the Spartans a 24-0 drubbing.

Fumbles, penalties and injuries told the Spartan story. For Lake Forest, the most heartbreaking of these was the blow dealt to senior running back Ralph Taylor. Hit hard in the third quarter, Taylor was taken to the hospital, with a suspected broken leg. Listed as third in the Conference in rushing, Taylor played both ways for Lake Forest. He will be sorely missed on the Spartan line-up.

He is not the only key Spartan to be sidelined by injuries. Another senior, Gary Moore, was injured in the Dover game and will be out for the balance of the season. Moore handled punting for the Spartans and also played defense. In addition, he had some experience last year as a quarterback.

Also on the list of the injured are Eric Dowling and Stanton Spencer, both linebackers. Dowling had been proving effective as a pass receiver when the Spartans took to the air to move the ball.

Friday night's first quarter was scoreless as both teams quickly lost the ball on downs in their initial possession. However, it was largely played on the Lake Forest side of the 50 yard line.

In the second quarter fumbles and

penalties took their toll.

A Spartan fumble by new punter Robert May put the Golden Knights on the LF seven yard line with a first and goal to go. The Spartan defense held well for several plays. But two offside penalties put the ball on the two yard line from which a Sussex Central touchdown was almost a foregone conclusion. Central's Bill Savage put it across.

The rest of the game went no better as the Golden Knights broke away for three more touchdowns - a 40 yard pass combination to Demetrius Taylor, a 74 yard run by Quinton Gordon, and a 76 yarder by Taylor. Taylor also had two pass interceptions for the Knights.

Lake Forest efforts to move the ball continued. In the third quarter as Ralph Taylor left the field on a stretcher, Spartan Andy LaSalle put on a determined drive and came close to racking up two first downs in as many plays. But the Golden Knights kept the pressure on and Lake Forest was unable to score.

The Spartans were successful at denying Sussex Central extra points on the four touchdowns.

Lake Forest is now 4-3 on the season with three games - against Caesar Rodney, Woodbridge and Milford - remaining. All four victories have been against Southern Division foes. Unfortunately, the Spartans play in the Northern Division.

TURKEY SHOOT: District 4 of the American Legion will sponsor a "Turkey Time" turkey shoot on Saturday, November 5 starting at 1:00 p.m. on the range of the Lewes American Legion Post, Lewes Beach. This is your chance to bag a bird for Thanksgiving and get in a bit of practice. Proceeds will go to District - 4 (Sussex County) of the American Legion for its various community programs. The shoot is open to the general public as well as Legionnaires.

DISPLAY BY WILDLIFE ARTISTS: Bombay Hook has announced its November schedule of events. November 12 and 13 Robert Mumford of Rockville, Md. will display photographs of the Eastern Shore featuring water birds: ducks, geese, swans, gulls and shorebirds. November 19 and 20 Sophie Hutchins of Glen Burnie, Md. will display decoy carvings. November 26 and 27 Kathleen Hofman of Baltimore, Maryland will display wood sculptures of birds. On November 12, 19 and 26 at 11:00 a.m. and 2:00 p.m. a slide show of Waterfowl Identification will be shown at the refuge auditorium.

DNREC: The Department of Natural Resources and Environmental Control has decided against imposing slow - no wake restrictions at Burton's Prong and Hopkin's Prong, off Herring Creek near Rehoboth Bay. After considering

input from a public hearing held August 24 and reviewing Marine Police reports and boating-related statistics, the decision was made to impose no restrictions at this time. However, Secretary John E. Wilson emphasized that if the trend toward increased construction and boat usage continues, restrictions will be inevitable in the near future.

TRAPSHOOTING: Steven E. Hastings, a University of Delaware professor who has headed the Wilmington Trapshooting Association for the past three years, has been elected president of the Delaware Trapshooting Association. Other officers elected to state posts are Cheryl K. Miller, Middletown, first vice president; Charles Austin, Sr., Dover, second vice president; and James E. Broomall, Christiana, secretary-treasurer. Ernie Kampermann, Jr. of Wilmington was elected to a one-year term as New Castle County director, while William I. Bonniwell of Harrington was chosen director from Kent and William Lofland of Lewes was elected from Sussex. Theodore Richards of Milton and Jacques S. Smock of Wilmington were selected as directors-at-large. George B. Carroll, Jr., of Dover will serve as delegates to the American Trapshooting Association, while Albert L. Vincent of Harrington will serve as alternate.

Harriers win two, end at 7-1

by Keith S. Burgess

A pair of 18-38 victories at Dover and Smyrna gave Jim Blades' Lake Forest cross-country Spartans a final mark of 7-1. In 26 years of cross-country here, the locals have never had a losing season.

Lake Forest was not a fired up squad against the weak Dover Senators septet. Danny Donovan, Danny Haines and Mike Melvin guaranteed the victory with a 1-2-3 finish. Bob Smith, running fourth, thought he was off the course and retraced his steps, after leaving a wooded area. Eventually, he met a Dover runner, turned back around and still finished fourth, despite running the extra distance.

Kevin Pelton was seventh, with Eric Payne and Mike Mosley, also running well.

At Smyrna, Lake Forest was up against a strong team. The Eagles, like Lake Forest, lost to Cape Henlopen, but won all the rest of their meets, except for a narrow defeat, against Sussex Central.

This time the locals were fired up. Hoebee of Smyrna, charged out to the early lead and was eventually to run much faster than all of his previous trips, around his 3 miles home course at Blackbird State Forest.

Dan Donovan and Dan Haines had reeled in the flying Hoebee, by the one mile mark and went on to finish first and second in 16.11 and 16.17, respectively. These are outstanding clockings on a muddy, wood-strewn

layout.

Mike Melvin, slowed by a hip problem, still managed a fine, fourth-place 16.39. Normally, the Spartans' No. 4 runner, Bob Smith, is not close to the top three. Also, the number five Spartan is not close to Smith. Ideally, a team needs to finish five runners close together, to achieve as much success as possible. Nevertheless, Lake Forest has done well in all the invitational meets, as well as the 7-1, dual-meet season, without having a "pack" finish.

But at Blackbird State Forest, Bob Smith ran the race of his life and finished only seven seconds behind Melvin. Then, to put the icing on the cake, freshman Ray Powell, in only his second varsity race, was just nine seconds behind Smith. The gap between Donovan, NO. 1 and Powell, No. 5 was only 44 seconds. Kevin Pelton and Eric Payne, first-year varsity harriers, also ran very well and finished close behind Powell to give Lake Forest a solid, seven-man unit. John Caskey and Mike Mosley ran 3 miles in 18 minutes, also good efforts.

These late developments are very gratifying, with only two meets left. These are multi-team events. Both the conference meet, Nov. 1 and the Delaware State Championships, Nov. 5 are at Lake Forest's Killens Pond State Park course. Once again this illustrates the high status of Lake Forest in cross-country in this state.

Sports Laffs

Three duck hunters had just beached their boat when they saw the game warden approaching.

One hunter made a mad dash down the beach with the game warden in hot pursuit.

When the game warden finally caught up with the exhausted hunter, he demanded to see his license.

The hunter, still huffing and puffing, produced his license.

"You have the proper license," said the game warden, "Why did you lead me on this crazy chase?"

"Yeah," said the hunter, "But my buddies don't have a license."

The college football coach was asked by a reporter about his team's chances for the coming season.

"I'm not too optimistic," said the coach, "All my veteran backs graduated. It looks like I'll have to start using green backs."

The reporter looked up from his notes.

"On second thought," said the coach, "Let's retract that last statement."

During World War II, the St. Louis Browns had a one-armed outfielder named Pete Gray.

He walked into a barber shop one day and was shaved by a barber whose hand was as shakey as a wino's after a two-week drunk.

As Gray surveyed the cuts and scrapes in the mirror, the barber said, "Haven't I shaved you before?" "No!" hollered Gray, "I lost my arm in an automobile accident."

Winner in the "Powder Puff Derby" at Harrington Raceway on October 17 was Green DS Cash in 2:06.4. Driver, owner and trainer of the horse is Elizabeth Morey. Also shown in the picture is Marilyn Abbot, Racing Secretary and Gary Simpson, P.R.

The week in Harness Racing -- A Round-up

by Harry G. Farrow, Jr.

by Harry G. Farrow Jr.

At Rosecroft on Saturday night, the final leg of the \$100,000 Inaugural Pace was won by King Towner, driven to victory by Bill O'Donnell in 1:59.4 winning over Ideal Zeke and Embrace Me. Mickey McNichol had the reins with Ideal Zeke who the week before set the track record for 2 year olds in 1:58.4. Embrace Me was driven by Bill Poppinger. O'Donnell was stuck to the rail, got in the stretch...shook loose for a few strides and got some running room, then wore down the field to the finish line, a spokesman at U.S.T.A. said.

On Sunday at Rosecroft in the \$50,000 Belle Of The Ball mile for 2 year old pacing fillies, it was Hyland Son with T. King in the seat in 2:01 for a new track record there for pacing fillies. Kelly Rocklin got up for second with Perfect Rendezvous for the show.

At Blue Bonnett Raceway in the \$75,000 Challenge race for pacers going one mile, it was Cam Fella a co-favorite for Harness Horse of the Year in 1:54.4 "despite temperatures in the upper 30's and a stiff wind" a spokesman at U.S.T.A. said. Cam won over Miller Scout, Armbr Vienna...with It's Fritz a beaten 5th. The people with It's Fritz said "...we have no excuses". It was Cam's 22nd in a row.

Ralph Hanover was scratched for the October 23rd outing in Canada and his people have decided to retire him. The race he was slated to race in was the \$103,000 Provincial Cup at Windsor Canada. The race was an onset with Boomer Drummond, a Quebec horse with a Montreal driver...J.P. Charon. Savvy Almahurst got the place with

RACEWEEK

Stevens, Foskey, Marvel, Shaffer, Robinson take championships

by Jay Cleveland

PINEY NECK - It was a cool day with the wind making the winter temperatures seem like winter for the racing festivities on Sunday.

With the biggest turnout of karts in Piney Neck's racing history, there were 102 karts on hand for a long afternoon. With more than half the classes running two heat races, there were two classes that had run a consolation heat

race for the remaining starting positions in the field.

In the J. Box Stock class, Josh Swain was victorious in a battle for the first place spot with Bobby Comstock. Swain who took the lead on the start, had a nice lead built up only to lose it when a caution was brought out. Comstock was then on the tail of Swain thru the remaining feature event. With the 3D kart finishing in third, fourth went to

the 76 kart of Pat Davison, followed by Davis Lecates, Greg Darling, Mark Benston and Mark Bell rounding out the top 8 spots.

Then Donald Stevens was on hand to take the number one spot with Joe Warren finishing in the second place position. New Jersey hot shoe Andy Kiker finished in the third place with Bob Sapp fourth and Jack Rogers in the fifth. Rounding out the top ten was Dale Warren, Keith Downey, Jamie Street, Paul Lathbury, Cliff Coverdale.

Cliff Foskey took the first place honors in the Heavy Stock class over second place finisher Jeff Mitchell. Finishing in the third place in what was a five kart battle saw Ricky Elliott over Eddie Cain and Marshall Lewis followed by Jim Boone and Allan Anderson all in that order.

Then it was Kenny Marvel from the start to the finish when he took first place honors in the Open Modified class over second place finisher Punky Chism. Keith Long finished in third place spot.

In the Open 2-Cycle class what looked like a win for Emory West with just two laps left to go stopped on the 1st turn and was done for the remaining two laps. Calvin Hammond then took over the lead to the finish with Tim Milam

coming in second place.

Ronnie Robinson was on hand for the racing activity and took first place in the Limited Modified class over second place finisher Frank Smith. It was a four-kart battle down to the end. Ricky Elliott edged out Dale Venable for the third spot with Jack Davis and Leroy Marvel battling for the fifth place spot, finishing in that order.

Then it was the Box Stock (lightweight) class concluding the activities with 23 karts starting the feature event. Todd Shaffer was victorious over second place finisher Greg Mitchell. Reggie Hazzard, Ricky Elliott and Millie Bunting rounded out the top five positions.

All the winners received trophies, donated by Bert Quillen and Ernie and Christine Lowe. This should conclude the 1983 racing events for the Piney Neck Go-Kart Track under sanctioned by the Lower Sussex Go-Kart Club.

A special thanks goes out to all the drivers for making the show possible and for supporting the track throughout the entire season. A special thanks also goes out to Ernie and Christine Lowe for all they have done this season and in the past in the concession stand and maintenance of the track. Have a happy, warm winter and we'll see all of you next racing season.

Goss becomes 1983 Grand National Champion

PONTIAC, MICH - Ricky Graham may have taken a runaway victory at the Camel Pro Series finale at the Pontiac Silverdome on Saturday (October 22), but it was Randy Goss who won the Camel Pro Series No. 1 plate.

Goss, the 1980 grand national champion, held a 20-point lead over Graham coming into the event which allowed him to ride to a conservative seventh-place finish in front of his home-state crowd of 16,333. His championship earned him \$25,000 of the \$175,000 point fund put up by the series' ten-year sponsor, the R.J. Reynolds Tobacco Company.

Graham's third-straight victory was not enough for him to retain his title as grand national champion, however, as he placed second behind Goss in the points race, 297-289.

Third place in the series went to Jay Springsteen, former three-time national champion, who finished eighth in the Pontiac event after falling twice.

Bubba Shobert failed to make the final, but his point tally of 255 guaranteed him fourth in the series behind Springsteen's 272 points.

Mickey Fay followed Graham to the flag in the Silverdome race and finished the season in 14th place with 80 points, while third place finisher Scott Parker ended up fifth in the series as a result of his 209 point score.

For the first time in 22 years, the series' finale was held east of the Mississippi. The Camel Pro Series consisted of 34 races in 1983, 11 miles, 7 half-miles, 5 TTs, 3 short tracks and 8 road races.

Skirt Lifter in for the show. Time for the mile a swift 1:56.4.

Report on Vereen was that he has come back east....raced Saturday night at Yonkers and finished a badly beaten seventh. Weather might have been a factor there.

This Saturday at Yonkers, the final race night there before going to Roosevelt, the big race is the Clash of Titans. It will be a repeat of the horses that raced at Windsor this past week. Cam Fella heads the field there. Ralph Hanover was due to compete, but due to the retirement he will not race.

At the Meadows on Saturday night there were two divisions of the Pennsylvania Sires Stakes. The first division for 3 year old colts for \$26,574 was won by Great Nero for Bobby Myers of Bridgeville. The Great one went wire to wire for the win in 1:56.3....last half in

:56.4....the last quarter in :27.4. Second was Southern Robert, and Rhett Hanover got the show. The Second division was won by Elwood Hanover with Bill Fahy in 1:57.4 with Hamilton R.H. and Wildwood Mark following him to the wire.

At Liberty Bell on Saturday in the 3 year old colt trot which is a Pennsylvania Sires Stake, Micron Hanover won, going wire to wire for John Simpson, Jr. in two minutes flat. It was a 3 length victory over Mr. Drew and Sandy Casey.

Racing returns to Roosevelt Raceway on Monday night.

The Meadows will begin televising their races on cable TV as of last night. The Meadows will continue racing through the winter with Monday and Wednesdays closed.

Banking Conference

Continued from last week

Although the conference pointed up the fact there will be more deregulations in the field of banking, it further followed that there will be more regulations in other areas of banking. One of the plateaus in which the speakers were in agreement on concerned the deposit insurance. "While it is true that deposit insurance plays a key role in underpinning confidence in the depository institutions, it is also true that our current system of deposit insurance requires some kinds of regulation if it is to work well," he said. He also added that he feels that one of the problems here is the way it (deposit insurance) is priced. The price varies to be sure....but for the most part it is too low in premium costs. Dr. George J. Benston, an economics professor at the University of Rochester, on Friday, echoed Dr. Boehne's remarks concerning the deposit insurance essentially to the effect that there is too much regulation in this area of banking. Dr. Benston called for private insurance concerns to be the insurer of the deposits, "...for this way it would create a two-fold situation in that there would be more competition and the private insurance agencies would not deal in as high risks as some banks are allowed to do now".

Dr. Almarin Phillips of the Wharton School, University of Pennsylvania spoke on the future of American Banking from the standpoint of where it is going through new concepts in technology, mergers, and outside concerns coming into the banking industry. "In order for the system to work....the services must be compatible....for one organization cannot put it all together, for the radicalism of innovations cannot keep pace in the long run", he said. He also added that the field presents "...an ubiquitous situation where no one concern or type of concern can dominate". Dr. Phillips suggested that small banks can compensate by borrowing time with larger banks for their helpful services like the use of the computer.

Dr. Richard Zecher, Chief Economist and Senior Vice President of Chase Manhattan Bank in New York commenting on remarks by Dr. Benston on "The Unraveling of the New Deal Legislation and "The Future of American Banking" by Dr. Phillips

pretty much echoed what other had been saying that in effect new technology would change the banking industry immeasurably in the next decade. He also warned that a financial disaster in the global financial world could create far reaching problems. A disaster could lead to another depression but this was not likely because of ways to accomplish other ends to avoid such a disaster.

Dr. Boehne in his concluding remarks in addition to the other items mentioned foresees far fewer lending institutions in the year 2000, which he feels will be around 5000 "...of which there will be a relatively few nationally oriented banks, several hundred regional banks in adjoining states, and many more locally oriented banks....a structure similar to retailing", he concluded. All of this he went on to add is controlled not just by the economics of banking but the element of politics "...which must be considered". Further pointing out that Congress waits to act in the aftermath of a crisis. One such event is Washington's announcement through Paul Volcker that a moratorium on cross-over kinds of acquisition between investment banks and commercial banks. Obviously he

The winners of the 2nd Annual Harrington Jaycees-Harrington Journal Halloween party were, left to right, Erin Hollis of Houston, winning the prettiest role as Princess Leha; Kelly Sarro won the most original; Chastity Emory was judged the funniest, Nathan Morrow won the scariest and David Thompson was judged the best in the ugliest category. feels that the industry may end up or go in a direction not desired. He also added that "The Bush Task Force", that headed up by Vice President of the U.S. George Bush, called to come up with "functional regulations" will resolve any crucial issues for time to come.

Two other points coming out of the conference were that principle cause of

high interest rates is due to a large federal deficit (where the Federal Government is borrowing about 40% of the existing credit), and hike in the rate the Federal Reserve charges does not automatically mean higher interest rates to bank customers. "For what

Levy Court assists communities in applying for federal grants

by David F. Coady

Kent County Levy Court is assisting eleven communities in their application for federal grants. The court is also applying for two grants on behalf of unincorporated areas within Kent County. Mr. Michael Thompson of the Community Development Office made presentations to every community within the county as to the availability of the federal grants. Houston, Farmington and Hartly made no application for the federal monies.

The municipality, project applied for and grant requests are as follows:

Bowers - cleanup campaign, comprehensive plan - \$16,375; Camden - water, sewer lines, jousing rehabilitation - \$188,228; Cheswold - water tank - \$186,370; Clayton - water tank, water lines - \$300,000; Felton - Acquisition, demolition, rehabilitation, water line -

\$112,268; Frederica - housing rehabilitation Senior Center expansion - \$224,063; Harrington - water line, Senior Center expansion - \$300,000; Leipsic - housing rehabilitation - \$60,000; Smyrna - housing code, housing rehabilitation - \$222,625; Woodside - housing code - \$10,875; Wyoming - streets, sidewalks, curbs - not available.

The two unincorporated areas that Levy Court applied for were Capitol Park - rehabilitation - \$230,752 and Dover Census County Division - rehabilitation - \$300,000. Dover Census County Division is the unincorporated areas outside of the Dover city limits.

Kent County Levy Court made the applications on behalf of the communities. The deadline for submitting the applications was November 31.

Fourteen nominated for State Teacher of the Year

Fourteen persons have been named for the title of Delaware Teacher of the Year for 1984. The eight women and six men were selected as representatives of the best traits of Delaware's 5400 teachers and for their superior ability to inspire students with a love of learning.

The state Teacher of the Year will be declared Nov. 7 by William B. Keene, state superintendent of schools, at a dinner held in Dover.

Members of the State Department of Public Instruction review materials submitted about the candidates and observe each of them at work in the classroom. Final recommendation is made by a panel of six judges. They include the three most recent Teachers of the Year -- Harriett Donofrio of the Cape Henlopen District; Renee O'Leary of Wilmington Manor Elementary School; and June Soukup of Sussex Central Senior High School. Other judges are Susan Mathe, president of the Del. Congress of Parents and Teachers; Kenneth V. Hilton, member of the State Board of Education; and Troy Fridy of William Penn HS, president of the Del. Assn. of Student Councils.

Local nominees are: Judith A. Paul, teacher and coordinator of special education at Lake Forest East Elementary, Lake Forest Teacher of the Year.

A resident of South Halsey Road, Dover, Mrs. Paul graduated first in her class at Newark HS. She earned both her degrees at Delaware -- a bachelor's in education and a master's in counselling -- and has taught in Lake Forest East since 1979.

A member of the Council for

Judith A. Paul

Exceptional Children and the honorary groups Phi Kappa Phi and Kappa Delta Phi. Mrs. Paul volunteers as a counselor in family programs and drug abuse. She helps with the Special Olympics and develops swimming programs for the handicapped. She serves as a play therapist at Del. State Hospital and speaks often on parental involvement and midlife career changes.

Mrs. Paul worked with the committee that developed the Lake Forest special ed objectives and coordinated a research project on how parents can help to change children's behavior. She takes her students on field trips to Washington, D.C. and to the environmental education center at the Beach House, Lewes.

She's described as a congenial and

Katherine M. Boyd

cooperative woman and a confident, patient teacher who is skilled at helping children develop internal controls. Casting her vision beyond the school to include family and community, she is admired for her calm, productive interaction with parents. Her colleagues say Mrs. Paul shows a rare ability to translate theory into practice and offers "mature wisdom in a youthful package." They praise her as a sincere and committed teacher to whom "every child is worth the expenditure of untold energy and effort."

Katherine M. Boyd, sixth grade teacher at Woodbridge Basics School, Woodbridge Teacher of the Year. Mrs. Boyd, who lives near Seaford, grew up in Greenwood and was president of the Future Teachers Club

at Greenwood HS. She studied at Wesley College and earned a B.A. in history and education at Lynchburg College, Lynchburg, Virginia. Mrs. Boyd taught reading and social studies at North Bridgeville Elementary for 13 years and joined the Basics School in 1981.

A director of the Caroline County Country Club, Mrs. Boyd belongs to the Diamond State Reading Assn. and served on the district negotiation team four times. She has been head of the Woodbridge reading and language arts committee and worked also on developing the district's promotion policy, extra-curricular programs, and textbook selection.

Mrs. Boyd has been assistant principal of the Basics School and vice-president of its PTA. She works on the spring bazaar, is student council adviser and has coached girls' softball at the high school.

Through her skillful work and perceptive awareness of each student, Mrs. Boyd is said to help the children reach their academic goals and also build character, self-reliance, and maturity. She uses debates and mock elections to enliven the classroom and emphasizes writing and current events. Parents say Mrs. Boyd has a special presence that communicates a modest, positive authority that one respects and trusts. Other teachers call Mrs. Boyd a natural leader who articulates well the philosophy of the Basics School and who, by establishing special rapport with the students, imparts to them the values of integrity, pride in work, and patriotism.

Lake Forest School District proposes new promotion policy

As part of the nation's new thrust towards the achievement of excellence in education, the Lake Forest teachers and administrators recently submitted to the Board of Education, a proposal for the updating of the current promotion policy. This is a current revision of Lake Forest's application of a goal-directed and performance-based instructions as directed by the Department of Public Instruction.

To achieve the above-mentioned objectives, the following procedures were put into effect:

a. in each school a faculty meeting was held whereby all teachers had the opportunity to voice their suggestions and opinions.

b. a meeting was held at the district office involving teacher representatives from each of our five schools. The main purpose of this gathering was to obtain input. Staff members present were: Mrs. Brenda Collins, South Elementary - grade 4; Mrs. Marion Fluhr, W.T. Chipman Junior High; Mrs. Delores Freeman, North Elementary, grade 6; Mrs. Marion Gussett, East Elementary, grade 5; Mrs. Carol Lamphier, representing Chapter I; Mr. John Melling, W.T. Chipman Junior High; Mrs. Paulette Patterson, South Elementary, grade 2; Mrs. Mary Ann Timmons, East Elementary, grade 1; Mr. Gene Topolski, grade 3; Mrs. Joann Williamson, Lake Forest High School.

c. the writing committee met in June to draft a document utilizing many of the suggestions brought forth by the teachers. Member included: Mrs. Marjorie C. Davis, principal, W.T. Chipman; Dr. Arthur R. Gilbert, Curriculum Supervisor, chairperson; Mr. Earl B. Griffin, principal, South Elementary; Dr. Margaret B. Phelps, principal, Lake Forest High School;

Our newly revised curricula in both mathematics and language arts, further define these basic skills by assigning them to one of three categories, namely: mastery, to be introduced/taught, and optional. As one progresses from grade to grade, it soon becomes evident that there is a large amount of overlapping and reviewing assigned to each grade level.

The Lake Forest School District's fundamental curriculum philosophy is that we aim at having our students achieve to their maximum potential and that they are stimulated and challenged increasingly as they progress through the grades. The District staffs will periodically review this policy in order to consider any necessary revisions.

Some of the major changes include: a. reading - grade 1 - in order to be

promoted, a student will have to satisfactorily complete the primer level grade 2 - complete 2-1 level

grade 3 - complete the 3-1 level grade 4 - complete the 3-2 level grade 5 - complete the 4-2 level grade 6 - complete the 5-1 level.

b. mathematics and language arts grade 2 - mathematics will be considered as a factor in retention grade 3 - language skills will be considered in addition to math and reading

factors to be considered in determining when a serious deficiency exists in mathematics and language arts will be:

study habits test scores (examples: unit tests, end-of-the-book, etc.) student grade classroom participation class work mastery of "A skills" as found in our present curriculum guides

c. junior high in order to successfully be promoted to the next grade level at W. T. Chipman, a student must earn five (5) junior high credits with at least three (3) being from major course:

major courses: language arts, mathematics, science, social studies minor courses: art (1/2 credit), physical education (1 credit), health (1/2), music (1/2), band (1/2), home arts (1), communications skills (1), foreign language (1)

In order to determine what constitutes promotion, the following criteria are used: -math: requirements for passing the course (70%) will include: passing an end-of-the-book test at a student's appropriate level and completing minimum objectives of the course which shall include the minimum

competencies for that grade level - language arts: a cumulative grade of at least 70%, including minimum competencies for that grade level, must be reached. In addition, a student must accomplish the minimum course objectives similar to mathematics.

- all courses: a final average grade of 70% and having completed a list of minimum course objectives d. high school in order for a student to be promoted from one grade to the next within the high school, the student must earn and accumulate credits as follows:

- from grade 9 to grade 10 - 4 credits (3 out of 5 requirements - English, Math, Social Studies, Science, PE/Health)

- from grade 10 to grade 11 - 9 credits (English 9, 1 Math, 1 Science, 1 Social Studies, 2 years in high school)

- from grade 11 to grade 12 - 14 credits (English 9 and 10, 1 Math, 1 Science, 1 Social Studies, 1/2 P.E., Health 3 years in high school)

A cumulative average of 70 constitutes a passing grade and credit. In addition to meeting all other requirements, a tenth grade student must have successfully met district minimum standards established for reading, writing, and mathematics prior to being promoted to the eleventh grade.

Graduation requirements: credits: 4 English; 3 Social Studies (1 U.S. History, 1 Senior Social Studies); 2 Math; 2 Science; 1 Physical Education; 1/2 Health; 6 1/2 Approved Electives. TOTAL: 19 credits.

The following scale should be used for converting letter grades in compiling the final numerical grade: A - excellent - 94-100; B - Very Good - 86-93; C - Satisfactory - 78-85; D - Poor - 70-77; F - Failure - 0-69.

Student wins local Century III award, moves to State Competition

Sondra Warren, a senior at Lake Forest High School, has been named the school's top Century III Leader according to Dr. Margaret B. Phelps, principal.

The 17-year-old student is now eligible to compete with other local winners from around the state for one of two \$1,500 scholarships and an all-expense-paid trip to the Century III Leaders National Conference, March 2-5, 1984, in Colonial Williamsburg, Virginia. State winners will compete for the national winner's prize of an additional \$10,000 scholarship.

The Century III Leaders program is designed to bring together and recognize student leaders who show both strong leadership abilities and an interest in the future of America. Sondra was judged on the basis of leadership skills, school and community involvement, and a current events examination. She also wrote a short essay on a particular issue that

challenges America in its third century.

This is the ninth year of the Century III Leaders program, which awards a total of \$218,500 in scholarships to 204 young leaders. Century III is sponsored and administered by the National Association of Secondary School Principals, and funded by the Shell Companies Foundation, Inc.

The Williamsburg meeting will be highlighted by major speakers and seminars along with discussions among students and leaders from the worlds of business, education, and government. Speakers at past conferences have included newsmen, Harry Reasoner, Howard K. Smith, Tom Brokaw, and Charles Kuralt; philosopher and futurist Buckminster Fuller; and the librarian of Congress, Daniel Boorstin.

Sondra is the daughter of Mr. and Mrs. Cecil Warren of Frederica, Delaware.

and, during her long, successful career, taught first grade through college. In 1974, she was chosen by the Diamond State Reading Association as an honorary member who had made outstanding contributions in the field of reading. Edith Newton was one of the founders of the Delaware Reading Association and served as its first president. She co-authored several booklets that have been published by Temple University, Claymont School District and the Department of Public Instruction.

CECILE LONG STEELE, who died in 1940, created the broiler industry in 1923 when she bought and raised 500 chickens. Her pioneering in poultry husbandry ranks as a leading force in

Delaware's economic strength. The growth of the billion dollar commercial poultry industry in Delaware and throughout the United States, owes its prosperity and vitality to the innovative idea of Cecile Long Steele. She is well-recognized as the founder of the industry and in 1973 at the 50th anniversary ceremony of the commercial broiler industry, a commemorative document was dedicated to her.

PREVIOUS WINNERS OF THE HALL OF FAME AWARDS ARE: 1981 - Annie Jump Cannon, Pearl Herlihy Daniels, Dr. Ruth Mitchell Laws and Mary Ann Wright; 1982 - Vera Gilbride Davis, Mabel Lloyd Fisher Ridgely, Emalea Pusey Warnr and Pauline A. Young.

Banking Conference

[Continued from page 9]

banks borrow from the Federal Reserve is quite minimal. If you are a bank in an area where there is a reasonable climate of finance such as a farming area, banks will turn to the Federal Reserve for a loan, and the interest rate is usually lower than what you would find in the market place...where banks are borrowing from banks. Actually the Federal Reserve will discourage borrowing from them. But what causes interest rates to go up and down now is the market place...it will fluctuate", he added.

Other speakers were Dr. Anna J. Schwartz, Research Associate, National Bureau of Economic Research, Dr. Richard E. Sylla, Department of Economics, North Carolina State Univ. and Editor of the Journal of Economic

History, who spoke on "The Regulatory Pendulum before the New Deal: Control or Restraint?", "The New Deal Banking Package: Its Nature and Intent" by Dr. Thomas F. Huertas, V.P. New definition of the meter expected to be adopted

The nations of the world, meeting in Paris from October 17 to 20, are about to adopt a new definition for one of the basic units of measurement -- length.

In the international system of measurement, the meter is the unit of length. The new definition allows the meter to be determined based on the unit of time, which is the second. By doing so, the speed of light becomes a defined constant.

The Commerce Department's National Bureau of Standards (NBS) is the U.S. representative to the General Conference on Weights and Measures, an intergovernmental body that is the world authority on weights and measures.

Dr. Ernest Ambler, director of NBS, terms the new definition a "real breakthrough" for measurement science. "It not only allows us to define the meter 10 times more accurately, but also achieves a long-sought goal of using time -- out most accurate measurement -- to define length," Ambler says.

Based largely on research by NBS, the new method defines the meter as the distance travelled by light in a vacuum during 1/299,792,458 of a second. (Looking at it another way, the new definition establishes the speed of light as 299,792,458 meters per second.) Previously the meter was defined as 1,650,763.73 wavelengths of orange-red light emitted from a Krypton-86 lamp. Before that, the meter was defined as the length between two marks on a platinum-iridium bar stored at 0° C at the International Bureau of Weights and Measures in Paris.

Redefining the meter will not affect the average person in his or her daily life. New rules or tape measures will not have to be made because their degree of accuracy is not that high.

Where it will make a difference is among scientists who make very high precision wavelength measurements. These scientists are already able to make measurements whose precision

exceeds the krypton standard. The new definition will permit a means of consistent communication among these groups of scientists, which include astrophysicists who measure planetary distances in light years and geophysicists who measure small movements of the earth's crust.

The stage for redefining the meter was set within the past year by scientists in NBS' Center for Basic Standards who measured the frequency of visible light. As a result of these measurements, the International Consultative Committee for the Definition of the Meter recommended that the definition be changed.

The NBS scientists measured the frequency of yellow light from an iodine-stabilized dye laser at 520 THz (terahertz or trillion cycles per second) and the frequency of red light from an iodine-stabilized helium-neon laser at 473 THz with an error of only 1.6 parts in 10 billion. Their frequency measurements were referenced to the

atomic cesium frequency standards, which has been the international standard of frequency and time since 1967.

Once the frequency of a source is known, its wavelength can be determined from the formula: wavelength equals the speed of light (a constant) divided by frequency. Thus the definition of the meter can be realized from the wavelength of any laser whose frequency is traced to the atomic cesium frequency standard.

One goal of NBS measurement scientists is to derive all seven base units of measurement -- time, length, mass, temperature, electric current, amount of substance, and intensity of light -- from fundamental physical measurements. Substantial progress towards this goal has been made for several of these base units. "The redefinition of the meter is an important step in this process," says Ambler.

Viola resident participates in the 1983 Summer Laboratory of Ornamental Horticulture

Holly G. Roland, the daughter of Mrs. Mary Roland of Viola, Delaware, last week began a ten-week horticultural work-study program at Longwood Gardens, Kennett Square, PA. While at Longwood, Roland, a senior at the University of Delaware, will have a unique opportunity to learn about plants as well as about the practical aspects of horticulture.

The Summer Laboratory of Ornamental Horticulture is sponsored jointly by Longwood Gardens and the University of Delaware. Participants earn three college credits. This year, 51 students from 32 colleges and universities nationwide applied for the program. Because of space limitations only 12 were accepted.

Selection is based on the recommendation of the applicant's advisor and on a statement of objectives prepared by the applicant. Students must have good academic records and show a

strong commitment to ornamental horticulture.

Longwood Gardens, the setting for the Summer Laboratory, was the estate of Pierre S. du Pont until his death in 1954. Now operated by Longwood Gardens, Inc., it is maintained as a 1000-acre horticultural showplace open to the public every day of the year. It annually attracts upwards of 650,000 visitors from all over the world.

For the student of botany and horticulture, Longwood has an incredible variety of plant material, both temperate and tropical, herbaceous and woody. There are over 14,000 taxa in the living collections. Students have the opportunity to study these plants in a garden setting. They also can utilize Longwood's 10,000-volume horticultural library.

During the summer, students are assigned for one week to each of eight

major areas within Longwood's Horticulture Department. The areas are greenhouse production, display, and collections; outside gardens; lawns and grounds; the nursery; and the experimental greenhouses.

Foremen in each area provide participants with a variety of experiences. Growing floral crops, grooming conservatory displays, and producing fruits and vegetables are three examples. Students also maintain lawns, dig and prune trees and grow tropical plants. The program's objectives are to give exposure to a wide range of horticultural methods and skills.

In addition, Summer Laboratory students spend four hours per week in plant identification and culture classes taught by Longwood employees.

Longwood's location near Philadelphia and Wilmington, DE, permits students to visit outstanding horticultural

attractions nearby. Four field trips are scheduled, but students usually make additional trips on their own.

Longwood's Summer Laboratory dates back to 1958. Since that time, over 300 students have completed the program. Today many hold responsible positions in botanical gardens, arboreta, garden centers, and in colleges and universities.

The Summer Laboratory of Ornamental Horticulture is one of four student programs at Longwood. Along with the Professional Gardener Training Program, the International Trainee Program, and the Longwood Graduate Program, it helps fulfill the wish of the Garden's benefactor, P.S. du Pont, to "advance the cause of education in the arts of horticulture and floriculture in their various branches, whether general, professional or technical."

HARRY E. LEPORE
DOVER - Prominent Dover businessman Harry E. Lepore, of 632 N. DuPont Highway, died Thursday, Oct. 27, 1983, of cancer. He was 78.

He owned and operated Lepore's Liquor Mart for the last 45 years, and was active in business and community affairs.

He was a member of the BPOE Lodge of Dover, and a past president of the Dover Lions Club.

He is survived by his wife, Loretta Lepore; one daughter, Mrs. Sara DeMarie, Dover; three brothers, John Lepore and Jack Lepore, both of Dover, and Anthony Lepore, Maryland; one sister, Anna DiRocco, Maryland, Del.; three grandchildren, three great-grandchildren.

Mass of Christian Burial was offered at 1 a.m. Monday at Holy Cross Church, Dover, with burial in the Holy Cross Cemetery.

Friends called from 7 to 9 p.m. Sunday at the funeral home of Michael J. Ambruso, 1175 S. State St., Dover.

The family suggests contributions to either Holy Cross Church, 728 S. State St., Dover, Del. 19901, or to the Kent County Unit of the American Cancer Society, North DuPont Highway, Dover, Del. 19901.

HENRIETTA G. JACKSON
SEAFORD - Henrietta G. Jackson, 59, of 214 First St., Bridgeville, died Friday, October 22, 1983, at Nanticoke Memorial Hospital, Seaford, of heart failure. She was 59.

She was a member of Mount Calvary United Methodist Church in Bridgeville, where she was secretary of the ushers board and a member of the

church building fund committee. She is survived by her husband, Clifton Jackson, Bridgeville; a son, Charles Johnson, Ellendale; two daughters, Frances Morris, Hebron, Md., Gloria Baynard, Bridgeville; two brothers, James O. L. Little, Ridgely, Md., and Thomas Little Jr. Dobson, N.J.; three sisters, Mary Ruth Conyer, Dover, Virginia E. Harris, Ridgely, Md. and Frances Wilson, Wye Mills, Md.; seven grandchildren and one great-grandchild.

Services were 1 p.m. Saturday at Mount Calvary Church. Viewing was from 11 a.m. to 1 p.m. that day.

Burial was in Mount Calvary Cemetery in Middleford. Arrangements by Young's Funeral Home, Milton.

LILLIAN I. LECOMPTÉ
WILMINGTON - Lillian I. Lecompte, of Lincoln, died Friday, October 28, 1983, at the Delaware Division, Wilmington Medical Center, after a long illness. She was 69.

She is survived by her husband, Logan, Lincoln; one daughter Cheryl Walls, Milford; one son, John L. Lecompte, Windsor, Calif., two sisters, Catherine Pippin, Boothwyn, Pa., and Evelyn Williams, Florida; and 2 grandchildren.

Funeral services were 2 p.m. Monday at the Rogers Funeral Home, 301 Lakeview Ave., Milford.

Friends called from noon until the service began.

Burial was in Henlopen Memorial Park, Milton.

Instead of flowers, the family suggests memorial contributions to the Lincoln United Methodist Church.

WENDELL G. ROCHESTER
SMYRNA - Wendell G. Rochester, 59, of 301 W. Commerce St., died

Tuesday, October 25, 1983, at the Dover Air Force Base Hospital after a heart attack while working at the base.

Mr. Rochester was an aircraft refueling vehicle operator at the base for the past 31 years. He was an Army veteran of World War II, and a member of the David C. Harrison Post 14 of the American Legion in Smyrna.

He is survived by his wife, Hazel B.; a son, Gilbert E. of Smyrna; five daughters, Janice Doolittle of Dover, Nancy Vodvarka of Smyrna, Susan Wooleyhand of Felton, Linda Coker of Dover and Norma Lea Rochester of Smyrna; a brother, Paul of Virginia, Ill.; two sisters, Leona Reagor of Abington, Ill., and Peggy Sing of New Providence, N.J. and six grandchildren.

Services were Friday at 2 p.m. at Faries Funeral Chapel, 29 S. Main St., Smyrna, where friends called Thursday evening from 7 to 9. Burial was in Odd Fellows Cemetery, Smyrna.

WALTER F. HAMMOND
LINCOLN - Walter F. Hammond, 79, of R.D. 1, died of emphysema Tuesday, October 25, 1983, at Milford Memorial Hospital, Milford.

Mr. Hammond retired in 1964 after farming in the Greenwood area for most of his life.

His wife, Mae L., died in 1964. He is survived by a son, Pierce W. of Milford; two daughters, Evelyn I. Austin of Kenton and Irma L. Kickery of Dover, a brother, J. Clifton Hammond of Bridgeville; a sister, Lula Layton of Milford; 10 grandchildren and seven great-grandchildren.

Services were Friday at 2 p.m. at the Hardesty Funeral Home, 202 Laws St., Bridgeville, where friends called Thursday evening from 7 to 9. Burial was in St. Johnstown Cemetery, Greenwood.

Chipman wins quadrangular meet

by Keith S. Burgess

W. T. Chipman cross-country squad, coached by Baxter Smith, won a quadrangular meet, with 31 points, followed by Lewes with 44 points. Milton was third with Woodbridge last.

Lewes had given Chipman its only defeat of the season, at Lewes, by a one-point margin. Perhaps it woke the locals up, since they performed at a high level, this time.

Mark Tozer and Lewes' Will Stack are probably the top two eighth grade distance runners downstate. Tozer defeated Stack handily, in a three mile run this summer. Stack and teammate Jackie Boyce beat Tozer, on the Lewes course.

Tozer won the rubber match, running the 1 1/2 mile course, at Killen's Pond in 8.55 with Stack 21 seconds behind. Boyce was next with 9.22. Kenny Foy and John Kane of Chipman were next. Camper and Johnson of Woodbridge, Lo Biondo of Lewes, Pace of Woodbridge and Todd Grambeau of Chipman completed the top ten finishers. Grambeau was running the home course for only the second time and was almost a minute faster, a significant improvement.

Tony Bray (11th), Steve Clute (12th), Scott Talley (14th), Brad Turner (16th), Brian Vincent (17th), Darren Lawson (19th) were other Chipman

athletes to finish, in the top 20 of the 44-entry race. Of this group, Vincent improved 47 seconds, an excellent performance. Lawson was a whopping 1 minute, 18 seconds faster.

Other Spartans to do well were: Stacy Sloum, Charles Garner, Terry Freer, Shane Carter, an improvement of 83 seconds; Kevin Tubbs, Jonathan Griffith, David Welch, Mike Noland, Jay Porter with an improvement of 25 seconds and Billy Emory.

The large number of boys, many with lots of untapped potential, who are running cross-country at Chipman, has to be very encouraging to Lake Forest coach Jim Blades and to any fans, lurking out there, who enjoy winners.

4-0 Spartan girls beat Dover in finale

by Keith S. Burgess

Lake Forest's girls cross-country team downed Dover 22-37, to finish their dual meet season undefeated. The girls also have been successful in invitational meets. This is probably the strongest downstate girls cross-country team ever.

Kelli Pelton, the Spartans' sophomore standout was an easy winner, in 20.51, with teammate Denise Donato next. Debbie Jester, Becky Brown, Shiraine Goodman, Patti Drew, Maria Kazlauskas, DeDe Castro, provided the depth

needed to give Lake Forest the easy win.

With the hockey season over, four strong hockey player-harriers made the trip to Smyrna to workout over the three-mile Blackbird State Forest course. Molly Porter of Smyrna, in 1982, ran in the boys' state meet since the Eagles don't field a girls' harrier team. Molly's clocking in the boys' meet was better than the girls' state champ did in the girls' meet.

Porter ran with the Lake Forest girls

with Kelli Pelton in hot pursuit. Perhaps fortunately for Porter, Pelton had an ingrown toenail removed just four hours earlier. Kelli still managed to stay close to Porter and managed a very good 19.33 for three miles. We predict Kelli will eventually beat her Smyrna nemesis.

Pam Pierce was a strong third-place finisher, followed by Debbie Jester, Shiraine Goodman, Sondra Warren, Becky Brown, Andrea Mollohan and De De Castro.

Chipman girls beat Milton

by Keith S. Burgess

Chipman's girls cross-country team again defeated Milton's girls, at Killen's Pond State Park. Tracy Hummell paced the locals with a clocking of 11

minutes, for second place. Tracy's best previous effort was 11.53 for the 1 1/2 mile course. Kim Williams in fourth place improved from 12:39 to 11:30.

Evette Hicks, running at home for the first time was fifth in 11.32. These three girls appear to be the best prospects of the seven girls who finished the season.

However, Kelly Jones, Earleen Hicks, Connie Johnson and Renee Johnson, all had some good efforts and all showed improvement.

We'd venture to say that all seven of these girls can make significant contributions to the varsity programs, in track and cross-country, if their interest does not wane.

Kevin Peck passes bar exam

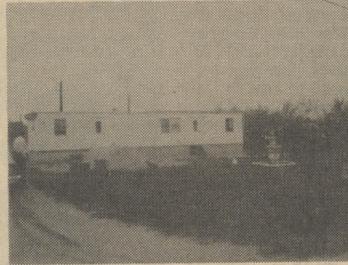

Kevin Peck recently passed the Delaware Bar Exam. Kevin received his law degree from Villanova Law School this past June. He received a degree in Political Science from the University of Delaware in 1980. Kevin graduated from Lake Forest High School in 1976. He is the son of Thomas H. and the late Ruth T. Peck of Harrington.

WHY A SPIDER?

Don't be surprised to find a spider in your weekly newspaper. The spider is merely looking to see which of the town's merchants is not advertising. He will then go to that store, spin his web across the door and lead a life of undisturbed peace!
