

MERRY CHRISTMAS

Parents group seeks final resignation of bus driver

by Harry G. Farrow, Jr.
LAKE FOREST HIGH SCHOOL LIBRARY - At a special meeting on Monday night at the High School a group referred to as "Concerned Parents Group" led by Mrs. Yvonne Anderson of Felton sought a final resignation of Lester Blades, 57, of Felton as a bus driver in the District. Mr. Blades last week during a marathon meeting on Wednesday night and the early hours of Thursday morning voted to allow Mr. Blades to continue

to operate as a bus driver in the District. Following the allegations by students who rode to and from school on Mr. Blades' bus that he was making improper remarks as well as improperly touching them, parents of the alleged victims brought the matter to the attention of the school board for further disposition.

Board member G. Wallace Caulk Jr., indicated that he had tried for 14 days to persuade the Board to forward the

matter to the State's Attorney General's Office. "I felt we were not skilled to handle a matter such as this as it related to the law. The State Bus Transportation did not want to accept it, and suggested that the Attorney General's Office be given the matter," said Mr. Caulk.

The parents of the alleged victims felt that the end result of Wednesday's meeting was "that the matter had not been developed enough", said Mrs. Yvonne Anderson, one of the concern-

ed parents as well as one of the spokespeople for the group. "The students were not properly warned how their testimony might be taken, and consequently, the girls (the students) did not get the true points over", said Mrs. Anderson.

Mr. Anderson also pointed out that "with Max Terry, Jr., the Board was represented...and that Mr. (Roy) Shiels represented Mr. Blades, but we felt no one was representing us or the students. That's why we have hired

Mr. (Pat) Scanlon as our attorney," said Mrs. Anderson.

At Monday night's meeting following an executive session, the Board met with approximately 32 parents of the "Concerned Group". The Board requested a private meeting with the parents out of hearing of the press. Under the Freedom of Information Act, anyone who requests an open meeting must be granted one. This would have been the case last Wednesday had a request been made. On

Monday night the press was allowed to remain in the meeting. What the parents were pushing for in the meeting was a "final statement that Mr. Blades would not be able to drive a bus in the district again," said one of the parents. Following Wednesday night's meeting, Mr. Blades had submitted a letter to the Board that he would not drive his bus on the regular route. "The letter did not go far

Christmas 1983

It is a very special pleasure for Nancy and me to extend warmest greetings and best wishes to all of you during this most joyous of holiday seasons.

This festive occasion is celebrated in many different ways. We exchange gifts, attend church services, decorate our homes and Christmas trees, and enjoy a family dinner. But perhaps the tradition that most warms the heart is the sound of Christmas music.

Of all the songs ever sung at Christmastime, the most wonderful of all was the song of exaltation heard by the shepherds while tending their flocks on the night of Christ's birth. An

angel of the Lord appeared to them and said: "Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord." Suddenly there was with the angel a multitude of voices praising the Heavenly Father and singing: "Glory to God in the highest, and on earth peace, good will toward men."

Sometimes, in the hustle and bustle of holiday preparations we forget that the true meaning of Christmas was given to us by the angelic host that holy night long ago. Christmas is the commemoration

of the birth of the Prince of Peace, Jesus Christ, whose message would truly be one of good tidings and great joy, peace and good will. During this glorious festival let us renew our determination to follow His example.

Won't all of you join with Nancy and me in a prayer for peace and good will. May a feeling of love and cheer fill the hearts of everyone throughout this holiday season and in the coming year.

We hope this Christmas will be especially wonderful and that it will usher in a new year of peace and prosperity.

Bridgeville woman assaulted and robbed

by David F. Coady

A rural Bridgeville woman was assaulted and robbed early Sunday morning. According to Capt. Ron Torgerson of the Delaware State Police, the victim, Helen E. Kinder, 71, had just returned home from Dover Downs with her husband and two house guests. The woman house guest had just retired to the bedroom and Mrs. Kinder, along with her husband and the male house guest were in the kitchen preparing sandwiches.

At approximately 12:45 a.m., the kitchen lights went out. Mrs. Kinder and her husband went outside to investigate. They found that the circuit breaker had been tripped. They reset the circuit breaker and went back inside the house. The lights went out

again and Mrs. Kinder went outside by herself this time. When she failed to return, her husband and friend went outside to investigate.

They found a flashlight on the ground in the backyard and noticed a car parked along the road. While investigating the car, the two heard moans from the back yard. They found Mrs. Kinder lying seemingly unconscious

with a noticeable head wound. They carried her to the back door but found it to be locked. State Police speculate that the attacker entered the house via the back door and locked it from inside. He took the victim's purse and left via the front door. The woman house guest was awakened by the knocking on the back door and opened it. The three

took Mrs. Kinder to Nanticoke Hospital. They were unable to phone for assistance as the phone lines had been cut.

Mrs. Kinder was immediately transferred to Delaware Division because of the seriousness of her wounds. She is listed in critical condition. The Kinders live three miles of Bridgeville on County Road 561. The attacker is described as being approximately 5 ft. 7 in. in height with dark brown or black hair. He is dark complected and believed to be either caucasian or Hispanic. He was driving what was described as a two-door, green, American-made, medium sized car with damage to the left side, just behind the driver's door.

Biden hears Crime Fighters in Dover

by William T. Ficks

"You guys are the best," Sen. Joseph R. Biden Jr., D-Del., told the Task Force representatives who are fighting drug trafficking in the Delaware area.

Sen. Biden, the ranking member of the U.S. Senate Judiciary Committee, and Sen. Strom Thurmond, R-S.C., committee chairman, came to Dover's historic Old State House on Tuesday, December 13, to conduct hearings on federal anti-crime efforts in the Mid-Atlantic Region.

The specific purpose of the hearing was to evaluate the effectiveness of the Federal Organized Crime and Drug

Trafficking Task Force operating in this region.

The Task Force, headquartered in Baltimore, Md., is one of 12 task forces established around the nation by President Reagan in the fall of 1982 to coordinate federal anti-crime efforts.

Col. Daniel L. Simpson, Superintendent of the Delaware State Police, Joseph J. Farnan, Jr., U.S. Attorney for the District of Delaware and Edward S. Dennis Jr., U.S. Attorney for the Eastern District of Pennsylvania were among those testifying at the hearing.

Dennis, a Dover native, is the son of

retired Dover dentist Edward S. Dennis and state Commissioner of Elections Virginia M. Dennis.

Col. Simpson described the breakup of a South American cocaine ring operating out of rural Laurel.

A concerted effort, involving 11 law enforcement agencies in a 10-month investigation, resulted in the arrest of cocaine dealer Jorge H. Alvarez, 28, at a farm in Laurel last May. Alvarez received 12 years in Jail and a \$20,000 fine. Another 22 arrests were made in Massachusetts as a result of the

Harrington has a new bakery

by William T. Ficks

When was the last time you had a hot roll with your breakfast?

Now you can have as many as you want, thanks to Boyce's Bakery which opened its doors to the public last Friday.

Located at 20 Commerce St., opposite Burton's, the new bakery features kaiser, dinner and snowflake rolls in addition to a variety of doughnuts, pies, buns and birthday, anniversary and wedding cakes.

The bakery is owned and operated by Joan Boyce and her son George, both of Harrington.

They ask you to call two days ahead for the birthday and anniversary cakes, and about a week ahead for the wedding cakes.

"Business has been good our first day. WE are well satisfied," said Joan.

The shop is open Monday through Saturday from 8 a.m. to 5 p.m.

Boyce recently moved to Harrington from Denton.

"We thought we would locate our bakery here, being you don't have one," she said.

Joan and Frank Boyce

If you want something to warm you up on these cold winter mornings, hurry on over to Boyce's Bakery for some hot rolls.

Some members of Asbury Methodist Church as well as young people from Trinity Methodist Church both of Harrington turned out on Friday night at the Christmas tree in the downtown district to sing carols. Led by Matt Burgess, the carolling sounded just great, and returned a long custom of a tree at Christmas in the downtown area.

Accident at sobriety checkpoint

BRIDGEVILLE, DEL - A police car was damaged on Monday night at a State Police sobriety checkpoint three-tenths of a mile from Bridgeville on U.S. Route 13-A. Ernest J. Tyrrell of Bridgeville was traveling south on 13A and failed to stop on verbal command of a patrolman. Tyrrell slammed on his brakes and skidded into a parked patrol car. Tyrrell's 1974 Ford Torino

was damaged on the right front and the police car, a white 1981 unmarked Chrysler, was damaged on the left rear. Damage to Tyrrell's car is estimated at \$350 and the damage to the police car at \$400.

There were two patrolmen in the police car at the time of the accident. According to State Police spokesman Capt. Ron Torgerson, the sobriety

checkpoint was manned in the normal way. Tyrrell was charged with driving under the influence and driving without wearing his glasses. A total of 41 cars were stopped at the checkpoint

and two operators were detained for further investigation. The charges against Tyrrell were the only ones filed from the checkpoint.

Caulk Co. creates 40 new jobs

by William T. Ficks

The L.D. Caulk Company will begin producing high-speed dental burs in their Milford plant in early 1984. The expansion will create about 40 new jobs for local workers, according to an announcement made by Caulk Vice President and General Manager Donald A. LeRoy.

"We should be ready sometime in the spring," said Jack Carney, personnel manager.

The burs, which are bits for the drill, are used mainly for the removal of tooth structure during the initial stages of cavity preparation.

A few years ago the State approved \$1 million in Industrial Revenue Bonds

for Caulk's manufacturing facility in west Milford (behind McDonald's) and will be underwriting start-up training for the new employees in the current expansion operation, according to Lt. Gov. Michael N. Castle.

The new employees will work at the Lakeview Avenue plant.

Biden hears Crime Stoppers

Alvarez investigation. Simpson said Alvarez would have been arrested without a task force. "But we would not have been able to get the kind of proof we got. Much of the evidence originated outside Delaware." The Pagan Motorcycle Club was described as the "largest supplier of methamphetamine." Several Pagans have been convicted and two cases are pending. Biden, an advocate of a cabinet-level drug post, is determined to get more money appropriated for the task force. "Fellas, that 127 million doesn't even come close. You are going to be plagued with me in the Senate trying to give you more money," Biden said emphatically. "I am going to be trying to spend more taxpayer dollars. The American public has got to know this doesn't come cheap." Biden told the task force representatives, "I'm still for a cabinet-level post, not to supplant you, but to complement what you're doing." He described the 127 million as "a drop in the bucket." Biden presented a graphic description of organized crime when he told task force members, "We're not talking about a guy with a green eye shade and a pencil sitting beside a pool. We're talking about people in the Twin

Towers with computers, who spend more money on their accountants than we do on the whole prosecutorial process." Showing the bipartisan support for the fight against crime, the liberal Biden and the arch-conservative Thurmond will introduce the Comprehensive Crime Control Act in the next session of Congress, which calls for stiffer penalties for drug dealers. To date, the Task Force has conducted 51 investigations, resulting in 28 indictments and 47 convictions. Drug Trafficking is an \$80 billion-a-year business. "That's more than we spend to put gas in our cars," said Biden. Biden and Thurmond arrived at the hearings about 45 minutes late. Biden put the restless crowd at ease and drew lots of laughs with a story concerning former Sen. Eastland of Mississippi. Although Biden and Eastland were poles apart in their political ideologies, Eastland volunteered to help Biden in his reelection campaign. Affecting a perfect southern drawl, Biden said, "Eastland came up to me, put his arms around me and said to me, 'Joe, old boy, Ah'll come up to Delaware to campaign for you or Ah'll campaign against you, whichever will help you the most.'" Biden jokingly said he would do the same for Thurmond.

enough", said one parent. "He can still drive the bus on athletic trips and class trips, which we don't think is right. He should not be able to drive at all," said one of the parents. There were those parents who felt the letter Mr. Blades wrote to the Board left it where he could substitute as a driver. "But I don't believe that Mr. Blades will do that", said Mr. Lysik, District Superintendent. The Board charged Mr. Lysik with the responsibility of seeing to it that the intent of the letter is defined and followed up. The Board announced that on January 10th at the next Board meeting, a final disposition would be made from the Board concerning the matter of Mr. Blades and driving a bus on the route. In the meantime, the Concerned Parents Group and their attorney await further disposition by the Board. In other action, the Board elected to cancel the milk contract with Clark. Late deliveries to no deliveries were cited as well as poor grade of milk were some of the reasons for breaking the contract. It was reported by the

District Nutritionist, Mrs. Hinzeman, there are approximately 81 cartons of milk left each day. "So the money we would have saved under the contract is lost by this alone," said Mrs. Hinzeman. Ron Hughes of Hi-Grade Dairy in Harrington, the original supplier of milk to the District before the State-wide contract came in said they would submit a bid for the business. "When we lost the bid to Clark last year, we were surprised, because we had been servicing the District for such a long time. The District (Lake Forest) still had the right to bid individually...and not go along with the Statewide bid. We know this to be the fact because we retained the bid for milk at Woodbridge School District and the Kent Vo-Tech. We thought we should have been given notice before and the opportunity to defend our position. Sooner or later you must realize that if you want service you must pay for it. I know we do...and we have learned. We will bid for the District (Lake Forest) business and we hope to get it back", said Ron Hughes.

Letters to the Editor "Ode to the good ole boys"

My Wish for the New Year by David F. Coady

It has been traditional over the years to give presents at this time of year not only to friends and relatives but also to those that serve you. Remember when you had home delivery of milk, bread and even ice? In most of Europe the day after Christmas is known as Boxing Day. This was the day that people set aside to give gifts (boxes) to those that supplied them with services to the home.

Left off of everyone's list for giving has been the politician. This much maligned person never receives as much as a card at Christmas from his constituents. I wish to correct this omission, but being a person of meager means, my wishes for the New Year will have to suffice. Herein then are my wishes

for our politicians from City Hall to the White House.

Councilman Jack Wyatt - A 4WD pick-up truck for the Streets Department.

Councilman Roland Coleman - One year's honorary membership in the Jaycees.

Councilman Ray Gagne - Courage to seek reelection and finish the job that has been started.

Councilman Donald Jarrell - Election to a full term on City Council

Councilman Richard Henry - Appointment to Police Commissioner

Mayor Al Mann - Approval of the Federal Grant.

Bill Paskey and Levy Court - Home rule in '84.

Rep. Bobby Quillen - That everyone who voted for you send you a pair of socks.

Rep. Brad Barnes & Sen. Thurman Adams - A trip down the nine foot road between US 13 and Del. 16 (hint: it is in Kent County)

Sen. Ruth Ann Minner - That you help Sen. Zimmerman find a non-controversial fin fish bill.

Bill Quillen, Sherm Tribbit, Rich Cordrey, Dave Levison and anyone else running for the Democratic nomination for Governor - A good dry cleaner after the primary.

Lt. Gov. Mike Castle - May the shadow of duPont disappear.

Gov. Pete duPont - A good job with

the Reagan administration.

Elise duPont - May all prints of the photo of you and Fidel Castro together disappear.

Congressman Tom Carper - A campaign issue.

Sen. Bill Roth - A Christmas card from the Secretary of Defense.

Sen. Joe Biden - An election endorsement from NOW.

All those running for the Democratic Presidential nomination - Same as Delaware Democratic Candidates for Governor.

President Reagan - A Christmas card from NOW.

To everyone - Peace on Earth to man of good will.

Dear Editor:

by Roger Williams

The "good ole boys" got together Wednesday night, December the 14th, for another meeting. "Good ole boys," in this instance, refers to the members of the Lake Forest School Board and should be considered an apt description since the board's lone female member chose not to show. The fact that she ran for office unopposed apparently indicates to her that everyone voted for her; consequently, who is there to vote against her if she chooses not to attend an "important" board meeting!!

It has been suggested that she and the dauntless Mr. Caulk serve no real purpose on the board anyhow, since the other three members dictate and control all board policy.

It would appear that "the boys" were sincere in their efforts to nail "good ole Lester Blades" to the wall for his alleged unpropitious behavior while serving as a school bus driver for the district this year. They even hired

another lawyer to assist them. A year ago, they operated with no lawyers — now they need two worthy recipients of the district's largesse. As further evidence of their sincerity, "the boys" had, before they left home, ascertained to their own satisfaction that they possessed their nail packets and their hammers.

Later, about halfway through the meeting, "the boys" (having made such great and meticulous preparation) obviously became totally disoriented. When they reached for their nails and their hammers, what did they clutch but brimming buckets of white wash and huge brushes!

Meanwhile, the rest of the community members, frequently these days fondly referred to as taxpayers, must pay the bill for two lawyers. Good news for the lawyering "business" — not such good news for ordinary people, business men, farmers, "good ole boys".....

Governor's remarks at signing of pay raise bills

We are here today for what is a very happy occasion — the signing of several pieces of legislation that make it possible to keep our commitment to State employees and sign into law a well-deserved increase in pay, effective January 1.

As I said in the budget message last January, State employees work long and hard hours and they deserve to be appropriately rewarded. We avoided layoffs during the first six months of this fiscal year by deferring a pay increase until revenue estimates improved. Now that we are seeing some improvement in the economy, I'm pleased to be able to sign these bills and give State employees their long awaited increase.

Although, as I said, this is a happy occasion, I wish I could be satisfied with the process of enacting them as with the results they achieved. I have several areas of concern with this package of bills.

First, this legislation represents an effort to be fair to all those who work for the State. However, the State Police did not receive the seven percent increase for which they contracted with the State, instead they received the same amount as other employees. Since we have instituted a half year increment to all State employees and made them "whole", we should have made the State Police "whole" as well. It would have been far more appropriate, and fair, to give State Police for half a year the seven percent they contracted for instead of simply giving them the value of a State employee's increment. This was a clear case where we could have been fair to

the State Police and honored our contractual obligations at the same time. Unfortunately, an amendment to accomplish this was not permitted to come to a vote in the House.

A second area of concern exists in Section 14 of H.B. 402, which struck two paragraphs out of the Delaware Code that have served as an anti-double dipping provision for members serving in leadership positions in the General Assembly. Since no member of the General Assembly currently serves in two leadership capacities, I assume this was simply an inadvertent omission. However, the legislature ought to correct this omission in January to insure the leadership of the General Assembly does not put itself in a position of collecting two monetary benefits for special service instead of one.

Perhaps both of these errors, and a third I will discuss in a moment, could have been avoided if a proper process had been followed in enacting the legislation. The bills were drafted in haste, in secret, and as it turns out, in error. Had they been publicly debated in the Joint Finance Committee, which was bypassed, and available for public discussion days instead of hours before the session began, these mistakes might have been avoided.

The most significant error in the legislation was a \$745,200 misappropriation. It seems the University of Delaware and the Delaware Geological Survey received twice the amount of money they should have received under the formula adopted by the General Assembly; they received a full year, instead of half year line item

increase. This error represents an over appropriation of \$745,200, and I believe it is important to correct that error immediately.

But more importantly, this over appropriation resulted in equal underfunding in monies needed for the pay raise in all State agencies. There is not enough money allocated to each department to give employees their full pay increases between now and June 30. I have discussed this problem with the Democrat leadership; the Speaker, the President Pro Tempore, and the Chairman and Vice Chairman of the Joint Finance Committee have agreed to support legislation to correct this error in January by reducing the appropriation for the University and the Geological Survey and transferring the \$745,200 to the agency salary fund.

Again, these errors are clearly the result of drafting a bill in haste, without open public discussion of its provisions. We have progressed a great deal since that was the normal practice some years ago; I hope we do not return to this practicing a bill in haste, without open public discussion of its provisions. We have progressed a great deal since that was the normal practice some years ago; I hope we do not return to this practice in the future.

Finally, I have to agree with the *News Journal* editorial of December 4. The legislative process followed in granting these pay increases was within the letter of the law — but just.

Deauthorizing Medicaid appropriations, spending the deauthorized dollars, and redeclaring a Medicaid emergency is certainly not a process within the spirit of our constitutional restraints. As House Minority Leader Hehner said on the floor during the November 30 special session, "We haven't shattered the Constitution, but we have dented it a little more than usual."

VA reminds pensioners about income questionnaire

The Veterans Administration is reminding pensioners who have received the agency's Annual Income Questionnaire (AIQ) to be sure to return it immediately to avoid benefit interruption on January 1, 1984.

The AIQ was mailed to VA pensioners on or about November 1. If anyone did not receive a questionnaire, contact the nearest VA regional office either in

Dear Editor:

I would like to recognize and congratulate all the current and lifetime members at our Wednesday meeting at the Harrington Senior Center, who have succeeded in losing and maintaining their weight loss. As of December

12, 1983, the total loss was 464½ lbs. since our opening in April. This is a great group of people. Congratulations and Merry Christmas!

Report from Hickory Ridge Congregational Methodist Church. Our special speaker on a recent Sunday morning was the Rev. David Haas, a representative of BCM International. One of ours, Stacy Everline, has been accepted by this organization to work in the Mission field. Now she needs help and support in getting her started in this ministry.

We will have a Candlelight Service on Christmas Eve at 6:30.

Remember those with special needs at this time. Mrs. Emma Schlegel is critical at this time in Nanticoke Hospital. Others in Milford are Jimmy Talent, Wilmer Wilson and Dorothy Webb. Also in Virginia, Mrs. Janney (Mary Ann Lindsay's mother.)

Our prayers and sympathy go to the family of Bob Jory who passed away December 3rd and to Mabel Farrow, whose brother died recently, and to the family of Lester Craft.

Report from Greenwood United Methodist Church: Epworth Church will have a Christmas Eve Candlelight Service on the 24th at 7 p.m.

Todd's Chapel and Greenwood Church will have a short Christmas service on Christmas morning, December 25.

The Greenwood Church was filled on Sunday evening as people came to worship and see the Christmas play written by the pastor, the Rev. Michael Russell, entitled "The Wrapping Paper".

Mark your calendar for December 28th for the Coffee Hour held at the home of Gary and JoAnne Davis at 1 p.m. At the request of some of the church folk, the pastor will be sharing her testimony. Bring your Bibles.

Wednesday was card day for me. A delightful time was had by Mrs. Reese Harrington, Mrs. Charles Rapp, Mrs. Enos Langrell, Mrs. Earl Nelson, Mrs. Mark Willey and Mrs. Lester Smith at Mrs. Howard Wagner's. Refreshments, a delicious beautiful salad, coffee and candy. Hazel and Dorothy gave the ladies a cute Christmas doll. Ethel gave each an adorable tree ornament (Snowman in a box or a Santa in a box.) Do you know I do not remember who had high score. Everyone had a grand time. Student Government Association of Lake Forest High sang several Christmas carols for the folk here at the Center. It was enjoyed very much! Thank you so much. A chartered bus filled with happy people left the Center at 3:15 for the yearly Mystery Trip Thursday afternoon. Gene, our director, gave each one a paper with clues to their destination. Several guesses were made. Wonder who was right or if any were. Will know tomorrow. Clint took those who wanted - local shopping.

The Mystery Christmas Trip was a huge success. Started off toward Dover, turned around, went toward Rehoboth, went to Lewes to see Zwannandael Museum, ate at the Avenue and went on to see the lights of Millsboro (Bowden family started seventeen years ago), also the lights in and around Georgetown. The friendly atmosphere of the chartered bus added to the complete enjoyment of the trip. Bingo, pool, ceramics, crafts, TV conversation, friends, wonderful volunteers. Best wishes to all. See you at the Center. Love you. Faith!

GIRLS:
The Spartan varsity girls basketball team played three games and won three so far this season. (This record does not account for the home game against Delmar last night after the Journal went to press).

The Spartan girls won their opener against Seaford on December 9 and then came home to defeat Milford and Smyrna in the Christmas invitational tournament hosted by Lake Forest last week.

Senior Pam Pierce had 18, 22 and 23 points in the three games. In the two-day tournament, Pierce, who was named most valuable player, scored 45 points and picked off 29 rebounds.

In the tournament's nip and tuck opener, the Spartans duled with Milford for the entire first half, then pulled away to a ten point lead in the third quarter - only to see their lead eaten away by the Bucs in the fourth. The situation again was touch and go until the Spartans put it away in the closing minute, defeating Milford 56-52.

Spartan scorers were: Pierce - 22, Stephanie Tolson - 20, Karen Sipple - 2, Teresa Taylor - 6, Beverly Weaver - 4, Andrea Molohan - 2, and Pam Smith - 1.

Against the Smyrna Eagles in the 55-35 championship Lake Forest scored as follows: Stephanie Tolson - 11, Pam Pierce - 23, Karen Sipple - 4, Teresa Taylor - 2, Andrea Molohan - 7, Pam Smith - 2, Beverly Weaver - 4, Angela Molohan - 2, Sylvia Hicks - 2.

In the consolation final, Milford defeated Dover 56-47.

BOYS
The Spartan boys' varsity opened its season at the Indian River Christmas Invitational over the weekend. Lake Forest met defeat in the opener but squeezed out Indian River 53-50 in the consolation final.

Jerome Harris, Jay Harmon and Seth were high scorers for the Spartans.

Other Lake Forest scores came from Murray - 8, Robert May - 1, Ralph Taylor - 2, Warren - 1, Bordley - 2, Stanton Spencer, Harris, Seth and Harmon contributed 13, 13 and 11 points to the victory.

The boys' team plays in the Dover Invitational on December 27 and 28. After that regular season play will resume on January 3 when both teams travel to Cape Henlopen.

WRESTLING

Four Spartan wrestlers, Michael Dill (98 lb. class) Ken Outten (105 lb.), Michael Zdradzinski (119 lb.) and Scott Fleming (155 lb.) advanced to the semi-finals in the Milford Invitational over the weekend. Dill and Fleming were defeated by decision in the finals, while Outten and Zdradzinski received pins.

In the consolation finals, Outten won a 3-0 decision over Woodbridge's Kramer. Dill lost a decision, and Zdradzinski and Fleming were pinned.

Limestone Della [2], a 3 year-old filly by Swatara, owned by Ed Warren of Hartly, showed everyone at Dover Downs last Tuesday that she was not afraid of a sloppy racetrack. The speedy lady came home in 2:07 at the hands of Frank Long, Jr., to win by a head over 2-year-old Oil Burner colt, Bargain Basement [3], who with Ricky Murphy driving was looking for his third straight win in just three career starts.

DIRECTOR OF THE DIVISION OF PARKS AND RECREATION NAMED: Virginia T. Baker has been named Director of the Division of Parks and Recreation according to John E. Wilson III, Secretary of the Department of Natural Resources and Environmental Control. The appointment was effective as of December 1.

Baker, 45, has served as acting director of the division since August, 1980. The appointment makes her one of only five women in the country who serve in a similar capacity. Some of the major accomplishments of the division during Baker's tenureship as acting director has been:

- Acquisition of the Woodlawn Trust-ees property.
- Completion of major renovations at the Indian River Marina.
- The opening of the "Bellevue in the Park" Restaurant in Bellevue State Park.
- Increased park promotion, as well as

special programs offered by the division in Delaware's state parks.

Baker has been employed by the state since 1964. She started as a secretary to the Superintendent of Parks.

DISPLAY BY AMATEUR PHOTOGRAPHERS: Brandywine Creek State Park is offering amateur photographers an opportunity to display their work. A nature photograph display will open at the park Nature Center at 1 p.m. on Saturday, January 14, and will continue through February 11. The display is open to the public and free of charge.

Interested photographers must submit their work to the Brandywine Creek State Park Nature Center by January 11. Each color or black and white nature photograph may be no larger than 8x10 and must be mounted for display. Photographers may submit up to four prints. For additional information call Brandywine Creek State Park 655-5740.

Co-feature winner in the \$17,000 Handicap Pace was won by Remarkable N driven to victory by Jim Doherty in another fast mile...2:00.

At Maywood Park on Saturday night with zero temperature...the California great...Courageous Red with Mario Baillargeon won in 2:00.3. An unbelievable mile.

Ron Waples came home a winner in 1:59.2 at Greenwood Raceway in Toronto on Saturday night with Pumping Iron, who was handled a couple of years ago at Brandywine by Archie McNeil. Waples, you remember, is the driver who handled Ralph Hanover this past year. The purse was for \$14,000.

At Rosecroft Raceway on Saturday night...the end of the 83 night meet saw Miller's Scout get up for a most deserving win in 1:58.2. The Miller trailed the powerful locomotive... Cam Fella...to the wire no less than 11 times this past season. Must be a record. Buddy Gilmour got the big win for The Miller. No race disposition available.

In sunny Florida on Friday at Pompano Park in the 2nd leg of the \$10,000 Royal Blossom Pacing Series for fillies and mares...Albaquel, an aged mare, got the win for Jack Ackerman, an able reinsman, for the second straight week in 1:57.2 over a very sloppy track. The three-year-old filly, Lucky Lady got up for second. Lucky Lady was the leading money winner for 3-year-old

Kinser's WoO/Skoal Bandit shootout championship different

RICHARDSON, TX - Steve Kinser's fourth World of Outlaws/Skoal Bandits Shootout national sprint car championship won in 1983 carried a different tone than his previous three. But the final result was vintage Kinser as he led the series in feature victories, total money earned and laps led during the season.

The championship effort for this year actually began late in 1982 for both the Bloomington, IN driving champion and crew chief Karl Kinser, Oolitic, IN. For Steve, a vigorous running and training schedule that coincided with their girlfriend Dana's, a world class track and field hurdler, left the former state high school wrestling champion in top shape. Dana became Mrs. Kinser early in the year with the training sessions continuing into the racing season.

Karl's pre-season preparations in late 1982 set the Kinser Brothers team in perfect shape for February's kickoff event and those following. The lack of the traditional early-season Kinser drought was a major boost to the title-winning campaign.

When the checkered flag waved over October's season closer, the 28-year-old had notched 18 feature triumphs, six preliminary main victories, led 639 out of a possible 1628 laps and earned \$190,990 in total awards. The driving title matched Kinser's 1978, 1979 and 1980 World of Outlaws championships.

Consistency was the true key to Kinser's efforts. With the Gaerte Engine/Valvoline 11 Gambler tuned to perfection all season, the blonde veteran recorded 38 top five finishes during the 49-event season. Replacing the incidents of past seasons that left him sitting on the sidelines at race end were the top placings. In addition to his wins, Kinser recorded ten seconds, a pair of thirds with five fourths and a

similar number of fifths. He also was in the starting field for every WoO/Skoal Bandits Shootout feature.

Kinser topped a pair of milestones in 1983. He eclipsed the 100 career win mark in World of Outlaws competition. He reached this plateau faster than any other driver in a major series, hitting the century figure in only five and a quarter WoO seasons. The victory April 20 at Texas' Big H Motor Speedway pushed Kinser into the three-figure area.

The \$190,990 in earnings topped the former World of Outlaws and national short track record held by Sammy Swindell, Bartlett, TN. Swindell's 1982 record was \$190,125.

Kinser's campaign included \$160,440 in race earnings, \$20,000 in point fund money and \$10,550 in year-end contingency awards. Among these awards are \$5,000 from Gambler Chassis, \$2,000 from Quarter Master, \$1,100 from Marsh Safety Lock, \$1,000 from Stahl, \$500 each from Center Line and Moroso and \$450 from Cam Dynamics. Other contingency firms awarding Kinser money during the year were Goodyear, Hoosier, McCreary, Performance Shocks and Brodix.

King Kinser visited 18 different victory lanes enroute to the title with WoO/Skoal Bandits Shootout wins in 11 states of the 19 states the tour appeared in. His richest series win came at California's Silver Dollar Speedway on September 24 when he netted \$11,175 for leading the Gold Cup field.

When Kinser wasn't receiving the winner's laurels, Swindell was more than likely snuggling up to a race queen. The 1981 and 1982 World of Outlaws champ claimed 17 top prizes, 15 in Raymond Beadle's Old Milwaukee Beer 1 Gambler and a pair in C.K.

Spurlock's Kenny Rogers/Gambler Chassis Co. 18 "house car."

Seven others recorded wins on the nation's richest short track circuit. Doug Wolfgang, Sioux Falls, SD; Brad Doty, Orrville, OH and Bobby Davis Jr., Memphis, TN each snared three triumphs with Ron Shuman, Mesa, AZ taking two. Single-race winners included Bobby Allen, Hanover, PA; Tim Gee, Spruce Grove, Alberta and Keith Kauffman, Mifflintown, PA.

Swindell's campaign included a quartet of wins worth more than \$10,000. Included in the list is Swindell's first-ever Knoxville Nationals crown which \$16,675 to his bank account. The year-end Knoxville victory paid \$13,375 while September wins at Baylands Raceway Pak and I-70 Speedway were worth \$11,775 and \$10,550 respectively.

Any opportunity Swindell had for a third World of Outlaws/Skoal Bandits Shootout crown were dashed when he missed three Eastern swing races in late May and early June. Swindell did finish third in the final points after being as low as eighth at one time.

Car owner Beadle, himself a top funny car drag racer, termed the season a success in spite of numerous obstacles. Turning the wrenches were Steve "Chico" Cox and Gary "Deuce" Turrill.

Wolfgang placed second in the final point standings and won three features in Spurlock's machine tooled by Ken Woodruff. Wolfgang's season highlight came when he claimed a second Syracuse Super Nationals title in October worth \$17,375, the richest top prize of the year on the circuit. Wolfgang piloted Gary Stanton's mount briefly at mid-season but then returned to Gambler's team.

Doty won his first series mains early while piloting the Bowers Coal 28D

Gambler. Doty, with Daryle Saucier prepping the car, were among the most consistent runners until owner Sam Bowers withdrew his effort. Doty finished the season driving for Gil Suiter and placed sixth in the points.

Davis claimed three wins despite being a parttime competitor on the tour. Davis, who dominated the central Pennsylvania weekly circuit, pushed the Weikert Livestock 29 to all three WoO/Skoal Bandits Shootout victories.

Shuman's campaign was his best ever in winged sprints with the Arizona native finished fourth in the standings. Mechanical aid from John Singer and Steve Brannon helped Shuman on the OFIXCO effort.

Allen's U.S. 131 Raceway Park victory in May netted the veteran \$12,690, \$6,000 of which came from Hoosier Tire. Allen fielded a two-car team most of the season with fellow Hanover resident Richard Lupo his other pilot.

Gee's Paragon Speedway victory in July gave the Canadian his first-ever series triumph. Piloting father Gordon's Yukon Freight 88, Gee ended up ninth in the points. Kauffman, after starting the year with Stanton, scored his second career WoO triumph for A Hamilton at Hagerstown Speedway in August.

Among the non-winners, Shane Carson, Oklahoma City, OK; Jeff Swindell, Memphis, TN and Danny Smith, Danville, IN still recorded top ten point placings. Carson recorded a pair of seconds in May driving the Adams Chevrolet/Garrett Farms 12\$. The younger of the Swindell brothers split his time between the Suiter and LaVern Nancy teams, netting a trio of runner-up finishes in the process. Smith drove seven different cars enroute to a tenth-place placing.

U.S. Tobacco, through its Skoal Bandits smokeless portion pak tobacco brand, began sponsoring the series in June and will continue through 1984. Over \$1.7 million in prize money alone was paid out as the series stopped at 36 different dirt tracks around the country. The attendance of 620,100 was the largest in the history of short track racing and ranked third overall in racing across the nation.

Horton, VonDohren and Jones collect laurels at Bridgeport banquet

BRIDGEPORT, N.J. - A standing room only crowd filled the Bridgeport N.J. Fire Hall last Saturday evening as the management of the Bridgeport, N.J. Raceway crowned their 1983 modified, sportsman, and modern stock car track champions.

Jimmy Horton of Hammonton, N.J. took home the largest slice of the pie by winning his fifth modified track championship at Bridgeport. Horton's big point tally earned him \$3,000 of the \$10,000 modified point fund. Horton also received a Special Achievement Award for becoming the first modified driver to win the title back-to-back and for scoring ten wins in one season which brought his career total to 51. Tom Capie took home \$2,000 for the second place finish in points as Fred Orchard Jr. collected \$1,000 for third. The remaining \$4,000 were divided between Larry Solomon, Billy Ellis, Barry Burhart, Lee Elwell, Bobby Braxton, Scott Tobias, and Paul Weaver who finished out the top ten in the

final modified point standings. In the sportsman ranks, Barry Von Dohren took his first track title wheeling the Glenn Hyneman-Keystone Pretzel racer to three feature wins and the championship crown. Hack Jones took top laurels in the modern stock ranks.

Special Awards were presented to the following. Modern Stock Hard Charger - Mick MacNeir, Sportsman Hard Charger - Gary Bruckler, Modified Hard Charger - Paul Weaver. Best Young Sportsman Driver - Carl Davis, Best Young Sportsman Driver - Carl Davis, Best Young Modified Driver - Scott Tobias. Modified Rookie of the Year - Gary Shimp, Sportsman Rookie of the Year - Kenny Bell. Most Improved Sportsman Driver was Richie Pratt and Fred Orchard Jr. was the Most Improved Modified Driver. The Mr. Bridgeport Award was presented to Barry Burkhart with Billy Brennan receiving the Good Sportsmanship Award.

Record purse set for SunBank 24 at Daytona

DAYTONA BEACH, FL - A record guaranteed purse of \$136,500 has been announced for the SunBank 24 at Daytona International Speedway February 4 - 5.

In making the announcement Daytona International Speedway General Manager John Riddle said, "It is only fitting that the SunBank 24 at Daytona has a record purse. It is this nation's premier sports car race and the first race on the 1984 Camel GT and international calendars."

The twice-around-the-clock endurance contest will see the finest field of exotic prototype machines ever assembled at one circuit.

Factory teams from Ford, Jaguar, Porsche, Mazda, March and Datsun are expected to enter with strong independent entries including turbo Buick March, Chevrolet Loias, Aston Martins, turbo Porsche, turbo Porsche Marchs and Ferrari.

The SunBank 24 is also expected to see the competition debut of the new

Chevrolet Corvette prototype. Riddle said, "In addition to the prestige of winning the SunBank 24, it is important to remember that it is the first race counting toward the 1984 \$25,000 Daytona Cup competition."

Seventy cars are expected to start the SunBank 24 at 3:30 p.m. February 4 in the race which was won in 1983 by A.J. Foyt, Bob Wollek and Claude Ballot-Lena in Preston Henn's Swap Shop turbo Porsche.

A total of \$30,000 plus contingency awards will be paid to the winning SunBank 24 team.

Riddle concluded, "We have seen tremendous growth in this international sport spectacle over the last several years and the festive atmosphere surrounding the race makes it one of the social highlights of the year."

Entry blanks are being mailed by the International Motor Sports Association to more than 300 teams on all five continents with participation expected from more than 20 countries.

The Night That Santa Claus Rides

The following Christmas poem was written by Claude N. Cahall, a former citizen and businessman of Harrington who is now deceased. It was submitted by Mrs. Martha Sneath of Harrington who thought it would be appropriate for the holidays.

Far up to the north, if you do not now know,
Stands a little old house all covered with snow.
There's small graveled path that winds to a shop
Where little men work, from ground floor to top.

They surely are noisy as they whistle away
While they make all the toys that will go in the sleigh.
"We're quite busy now," a small elf confides,
"For this is the night that Santa Claus rides."

Next to the shop, in barns with red roofs
Are eight anxious reindeer, all stamping their hoofs.
They're anxious to go, for it's been just a year
Since they've heard "Merry Christmas and Happy New Year."

Mrs. Claus, smiling, bids Santa goodbye
With a hug and a kiss and a tear in her eye.
The weather will clear, the elves all surmise,
Just right for the night that Santa Claus rides.

The first thousand miles go by like a flash.
The reindeer do best while running on ice.
Then comes a blizzard; the sleigh has to slow.
Then stuck in a snowbank, they can no longer go.

Saint Nick in his wisdom looks upward to pray,
And angels flock in to help them on their way.
From then it is easy. Ten o'clock! How time flies!
The sleigh grows much lighter as Santa Claus rides.

It's twelve! The sleigh races through the sky overhead.
And children are soundly asleep in their beds.
Two lovers look up at the moon as they kiss.
O never before was a love great as this.

Santa's still giving out gifts with great care
So the very last house will receive its fair share.
Still, there is one thing that nobody knows:
How he floats up chimneys just by touching his nose.

With the last stocking filled, Santa picks up the phone--
The angels are waiting to help him get home,
And just as the dawn creeps over the land,
We can feel peace on earth and good will toward Man.

The reason for that: in a manger of hay
Three Wise Men looked down on a Babe as he lay,
And a star overhead shone bright on all sides.
Now, this is the reason that Santa Claus rides.

Knowledge vital in fight against drugs

by William T. Ficka and David F. Coady

Editor's note: This is the sixth in a series of articles on alcohol and drug use and abuse, mainly among teenagers.

Are our young people using any other drugs besides alcohol and marijuana? The answer is an emphatic "Yes!" Although alcohol and marijuana are by far the most prevalent of the drugs used by young people, they are not, according to all recent studies, the only ones.

The "1980 Delaware School Drug and Alcohol Study" done by the College of Urban Affairs and the Resource Center provides the following information for various grade levels.

- The sixth grade picture looks like this:
 - 25 percent are current users of alcohol
 - 8 percent are glue sniffers
 - 7 percent are current users of marijuana
 - 4 percent are current users of amphetamines
 - 4 percent are current users of heroin
 - 4 percent are current users of LSD
- The ninth grade picture looks like this:
 - 50 percent are current users of alcohol
 - 30 percent are current users of marijuana
 - 15 percent are current users of

- amphetamines
 - 8 percent are current users of barbiturates
 - 5 percent are current users of LSD
 - And, the eleventh grade picture looks like this:
 - 70 percent are current users of alcohol
 - 45 percent are current users of marijuana
 - 16 percent are current users of amphetamines
 - 9 percent are current users of LSD
- Reading these school statistics on the prevalence of drug use, we must remember, however, that schools do not have drug problems, people do. Schools are not the cause nor the

solution, but they can influence and have an effect on the problem of drug use and abuse.

Parents, educators and teenagers themselves should learn all they can about drugs and their effects and the methods of prevention and rehabilitation. Without this knowledge, it is next to impossible to mount an effective campaign against the drug menace.

Experts advise the parents of drug users to talk with other parents and try to organize a parent group. Such a group should have the purpose of cooperation and sharing. It will also let the parent know that he is not alone, that there are other parents with the same, and some with much worse,

problems than his own.

If the parent group can establish uniform guidelines for the peer group, such as curfews, limits on spending money, supervised parties and the use of automobiles, it will make the child's access to drugs much harder.

These guidelines, if strictly enforced, also weaken the young person's perennial excuse for his behavior that every parent has heard a thousand times, "But all the other kids are doing it!"

Parents who have tried this approach report that: their children are now voluntarily following rules that they used to think were unfair or unreasonable; the parent-child relationship is better than ever; that their younger

children are presenting far fewer drug problems than their older brothers and sisters.

Raise taxes without referendum, suggests task force

by David F. Coady

The Task Force on Education, appointed by Governor duPont, has recommended that School Districts be allowed to raise taxes without holding referendums as a means to bring about fiscal parity in the state's school districts. The plan calls for a five-year period where referendums would be put in abeyance. This is to allow school districts to establish an equal pay structure throughout the state for teachers.

Teacher salaries have emerged as one of the leading concerns at many meetings of the task force. The disparity in teacher's pay ranges to as much as \$7,000 between districts. Governor duPont has repeatedly stated that he will not raise taxes to

improve schools. "That's a very difficult area from a political pragmatism point of view. It's something to discuss," said Lt. Gov. Michael N. Castle, chairman of the task force.

"We've had dozens of studies," said State Superintendent of Education William B. Keene, a member of the task force. "All those cases have not dealt with the issue - the issue is disparity of local dollars to fund local salaries and somewhere along the line, if it's popular or not, people are going to have to make some decisions."

The preliminary recommendations have dubbed "wish lists" by many members of the task force. None of the recommendations are final and many issues must still be "hashed over" before a final report is sent to the Governor.

Letter to the Editor

Dear Editor:

Recently, the Democratic House and Senate leadership called a special legislative session to restore salary increments that were removed from the current budget. We do appreciate the legislative leadership's follow-through on their commitment to restore the increments as soon as the State's revenues increased. The \$184 increase seems almost an insult given the current political rhetoric about the importance of teachers and education when compared to the up to \$1,600 raise for a half year that some other State employees received.

The restoration of promised increments means \$368 for each teacher but will only be paid for one-half year for a net increase of only \$184. This was not a raise but only restoration of what was promised but removed.

This payment for one-half of what was due, or less than \$1 per day, will not cause anyone to decide to be a teacher, make up for losses to inflation, or make Delaware salaries competitive with any of the surrounding states.

That's right; the former first state in salaries in our region is dead last. In the last eight years alone, we have dropped from 12th to 22nd nationwide.

Why have teacher salaries become so low in a state that is the 7th wealthiest per capita in the nation? The answer is obvious. The Governor and Legislature have deliberately reduced the educational expenditure in the State Budget for kindergarten through 12th grade from 44% of the budget to under 33% of the budget over the last eight years. The priorities have been elsewhere. Education and teacher salaries have been held back to balance the budget, to provide revenue for a tax expenditures cut, and to fund other projects.

When I hear the Governor, Lieutenant Governor, and other public officials talking about the need to reform our schools, I get angry. If politicians would put their votes and money where their mouths are, education wouldn't need reforming.

Good schools need good teachers, and good teachers are hard to find without competitive salaries. Pay levels also reflect the importance and respect we have for people. Teachers remain very low in both pay and respect. Don't our teachers, our children, and our State deserve better?

Sincerely yours,
Wally Young, President
Delaware State Education Assoc.

Service conducts evaluations of school age children

The Psychoeducational Assessment Service in the University of Delaware's College of Education conducts individual evaluations to assess the educational status and needs of school age children and adolescents from the ages of 3 to 21.

Evaluations are individually designed to address areas of concern, which may include academic, intellectual/perceptual, behavioral and social/emotional functioning. Components of the evaluation may include testing, interviewing, checklists and observation, as well as consideration of previous evaluations.

These services are provided by graduate trainees in the college under the supervision of clinically trained faculty.

Evaluation results are summarized and recommendations are presented in a conference with the parents, and when appropriate, with the student and/or with school personnel.

Costs are determined by the extent of the evaluation: \$75 for a single test or for screening, \$150 for a basic evaluation and \$225 for an extensive evaluation. Low-income families are served at reduced cost based on a sliding fee schedule.

For additional information or to apply for services, call the Psychoeducational Assessment Service at (302) 738-8948.

Area students on National Dean's List

Several area students have been included in the sixth annual edition of *The National Dean's List*, the largest recognition publication honoring college students, published by Educational Communications, Inc., Lake Forest, Illinois.

Students are selected for recognition by their deans or on their school's Dean's List. The 85,000 students included in the current edition are from 2,500 colleges and universities nationwide and represent one half of one percent of the more the 8,000,000

college students in the country. Local students selected include:

Christmas Message-1983

[Continued from page 6]

taught, suffered, died, rose and ascended to the Father. It was in this way that he redeemed us. Now, year by year, in his Mystical Body the Church our Lord continues his merciful journey of redemption, making available to the people of every age and time the precious graces of salvation. Within the cycle of each year the Church unfolds the whole mystery of Christ from his incarnation and birth until the ascension, the descent of the Holy Spirit and the Lord's final coming in glory to judge the living and the dead.

Through the varied seasons, feasts and liturgies and the celebration of word and sacrament the faithful are united with Christ the Lord and are nourished and sustained by the divine life of grace. Thus we are not simply reminded of the mysteries of redemption; we celebrate and participate in them.

Amid the joy, the music, the festivities and the exchange of gifts associated with Christmas, the loveliest feast of the year, the Church lays primary emphasis on the spiritual, the eternal character of the celebration; reflecting God's values, the Church reminds us whose birthday it is and what the incarnation of God's Son means for us in time and in eternity.

Christ has already come. We live in the Messianic age announced by the prophets and seers of old. In this time of ours Christ is continuing the work of establishing and building up the kingdom of God in our midst, carrying on his saving mission in our behalf. Originally, as holy scripture reports, he did it visibly in his own person; presently he does it - or rather continues it - in his Body the Church which is the authentic extension of himself and his saving work in the world.

The culmination of this effort, the completion of the kingdom in its perfection and glory, will occur at the end of time when the Lord comes

again. That is the important final result of the redemptive process that the Church and we her children pray and work for day by day as we labor to grow - each to the extent we can by divine grace - unto the full stature of Christ, so as to present ourselves to God at the last in the fullness of our manhood and womanhood perfected in Christ.

During the present Holy Year of Redemption proclaimed by our Holy Father Pope John Paul II we have an extraordinary opportunity to open the doors of our minds and hearts to Christ the Redeemer. This Jubilee Year is intended to be a special time of grace and salvation for the whole people of God during which we can be more intensely sanctified by the graces of the Redemption. We are summoned to engage in a process of introspection, conversion and renewal in order to assess the quality of our faith commitment and in the light of that appraisal to repent our sinfulness and experience a renewal of life and spirit that the Gospel message and our commitment to Christ and his Church requires.

This can be - if we will - the best Christmas of our lives. For some it will be the last Christmas on earth; for all it could well mark the beginning of a more serious personal effort to appreciate and live our faith in the redemption which the Son of God-made-man purchased for us by the shedding of his blood.

Between now and the conclusion of the Jubilee Year of Redemption on Easter Sunday 1984 you have the assurance of my constant prayers for your growth in virtue and in the love of our Saviour and those he has redeemed.

May God Bless you and your loved ones; may he give all of you a joyful and spiritually rich Christmas time.

Devotedly yours in Christ,
Most Reverend Thomas J. Mardaga,
D.D. Bishop of Wilmington

Casa San Francisco reports on the needs of the rural poor

Give a gift that will keep on giving throughout the coming year. Merchants have used that theme so often that it has become a Christmas season cliché.

But, to Casa San Francisco, the ecumenical social action center in Milton which serves a variety of needs of the rural poor in Sussex County, it is more of a truism than a cliché.

"We literally depend on holiday generosity of our many friends and supporters to assure that we'll be able to sustain our programs well into next year," says Sister Jacqueline (Jackie) Bricketto, director.

That is crucial, she adds, in that the coming months are the time of greatest need.

Because agriculture and the food processing industry are largely seasonal, the winter months see a noticeable pickup in human service needs in predominantly rural areas. "For many of the people we serve, December through March is the hardest time of the year," Sr. Jackie says.

She reports that the center this year has experienced an outpouring of generosity which has extended the entire length of the state.

A visitor to the center, which occupies a former frame house on Mulberry Street, is impressed by an array of bright, gift-wrapped packages spread through a second story room. Most of them, Sister explains, have been donated from such diverse sources as School of Religion children at St. John Parish in nearby Milford to the Mothers Guild of St. Edmond Academy in distant Brandywine Hundred at the opposite end of the state.

Support to Casa San Francisco's Christmas program has also come from St. Edmond and St. Ann Catholic Parishes in Sussex County, Reformation Lutheran Church in Milford, and the Milford and Lewes Ministeriums. "The response has been so positive that I hesitate to single out particular groups. What we've been able to accomplish has been the result of the combined concern of many, many caring people," Sr. Jackie says.

The immediate result is that Casa San Francisco will provide for some 100 families during the Christmas season.

That includes such needs as food, clothing essential household items, and, of course, toys for children. To a large extent, the donated items are being prepared in a way that will serve members of the families as individuals.

"This isn't haphazard in any way. The items are being sorted with specific recipients in mind. We want to be sure that is a gift for everybody," she says. The clothing, for instance, is all clearly labeled as to size.

Actually, she continues, the Christmas program is only the beginning of Casa San Francisco's concerted effort to make this winter a little easier.

Results of the first five months of the present fiscal year illustrate the magnitude of the task:

--Between July 1 and Nov. 30, Casa San Francisco served 11,063 clients.

--The only public feeding facility in the area, it served 1,466 meals in the period, averaging between 19 and 82 a day. In addition, the children's lunch program operated during the summer when schools were not in session, served 679.

--Emergency housing was provided to 121 persons and emergency food to 225.

--Assistance to meet electricity, fuel and gas bills was given to 61 persons. Moreover, as the center and its 21 active programs grow, there is increasing need for additional staff members. Several who now serve on a volunteer basis are in circumstances which would benefit from reimbursement.

"Casa San Francisco and all whom we serve are most grateful for the interest and support we have received during 1983 and during this Christmas season," Sr. Jackie says. "With their help and that of other benefactors, we hope to do even more in 1984."

Delaware commission for women sponsors contest

The Delaware Commission for Women and "A Legacy from Delaware Women," a publication project, will sponsor a poster contest for Women's History Week 1984. The winning entry will be used as the official poster for that week in the State of Delaware. A first prize of \$175, a second prize of \$50, and a third prize of \$25 will be awarded by the Delaware Commission for Women. In addition the winning entry will be printed and distributed as part of the observance of Women's History Week, zmsvth 4-10, 1984. All winning entries will also be on public display that week.

All contestants must reside or work in the State of Delaware. Entries must be received by the Commission no later than 4:00 p.m., January 26, 1984. Members of the Commission and the "Legacy" project are ineligible to compete.

Entries will be judged by a panel representing the Delaware art community and the Commission. The announcement of the prizes will coin-

cide with the signing of the proclamation for the Women's History Week.

All entries to the contest must be original artwork and must illustrate the theme, "A Legacy from Delaware Women," into the design. Designs must be 11" by 17", vertical, and can be in two colors. Submissions may be either "camera ready" or submitted as a "comprehensive." More complete details and an entry form are available from the Delaware Commission for Women, Department of Community Affairs, 4th Floor, Carvel State Building, 820 French Street, Wilmington, Delaware 19801 or call (302) 571-2660.

The "Legacy" is a volunteer project undertaken by women in the business field, the professions, the arts, community service and government which will research and write a book about Delaware women. The book, scheduled to be published in the fall of 1984, is a sequel to "Delaware Women Remembered." The project also plans to establish an annual scholarship fund to the University of Delaware in 1985.

gay abandon. And before that, a few years back, my favorite cocker, "Mr. Pancho" seemed to know that his birthday was really on Christmas Day. When I was making the Christmas cakes I always made a little cupcake for him with a candle on it and lighted it for him. I don't suppose he knew what the word birthday meant, but he knew that the cake was for him as he watched eagerly for me to blow out the candle and let him eat his cake.

How are you all doing with your preparations and shopping? Ellen and I have about arrived at the stage where we look at each other and say, "We'll never make it!" But we will...and we know that we will. We are learning that, like everything in life, careful planning is the answer. Evidently those Evening Grosebeaks are planning to stay around this winter. Tess, who reported having twenty at her feeder, now says that they have returned another day.

I expect that you have heard me say

that I like a gray, cloudy day for Christmas. I never have liked sunshine for Christmas. A dark, wintry day always makes the house seem extra gay and jolly by contrast with firelight and the gay colors of the season. Yes, it does sound crazy, but I admit to being a bit on the weird side.

My friends are asking if I've made the Minnehaha Cake yet. I usually do it right after Thanksgiving, set it in the freezer, and forget it until Christmas Eve. But the freezers have been so full, we have had to plan meals around getting some of the food out. I am stashing away cookie dough in rolls for slicing and baking. In the freezer are the chocolate and vanilla pinwheels, the Date and Nut pinwheels, the peanut butter and chocolate swirls, and the Maraschino cherry ones that Ellen likes so much. I have also made and stored the iced molasses ones and the pineapple and raisin drops. And, Happy Cooking to all of you too!

1984 Harness stakes top \$15 million

A \$15 million stakes schedule highlights the standardbred racing season that returns to the Meadowlands on Friday, January 6, 1984.

Racing secretary Joe DeFrank has prepared a stakes program, featuring four million-dollar races -- the \$2 million Woodrow Wilson Pace for two-year-olds on August 16, the \$1 million Sweetheart Pace for two-year-old fillies on July 25, the \$1 million Meadowlands Pace for three-year-olds on July 20 and the \$1 million Hambletonian for three-year-old trotters on August 4.

The 194-night meeting, which concludes on August 18, marks the debut of a stakes for three-year-old New Jersey-bred pacing fillies and the resumption of three spring series.

The Miss New Jersey will carry a purse estimated at \$200,000 and will be offered on June 6. It is a companion race to the New Jersey Classic which in 1984 will be presented on July 6 with a \$600,000 purse.

After a one-year absence, the Blossom Series for three-year-old pacing

fillies and the Overbid Series for pacing fillies and mares will return to the stakes schedule along with the Skyline Series which has new conditions, limiting it to four and five-year-old pacers. Each series will have three preliminary legs plus a final. The \$75,000 Blossom final is set for April 11, the \$50,000 Skyline on April 26 and the \$50,000 Overbid on April 27.

Other major races on the agenda are the \$600,000 Mistletoe Shalee on July 26, the \$850,000 Peter Haughton Memorial on July 30, and the \$500,000 Merrie Annabelle on July 31.

The World Cup Pacing Series, which showcased the battles between Genghis Khan and Beacha in 1982, and began Cam Fella's 28-race winning streak in 1983, will be offered for the third time in 1984. The \$375,000 World Cup has been shifted to June while the \$325,000 Driscoll Series will move into the May dates.

The complete 1984 Meadowlands harness stakes schedule is on file with the Harrington Journal.

Georgetown colt ties/breaks Dover Downs records

DOVER, DE - Mel Joseph of Georgetown had reason to be proud last Sunday at Dover Downs when his 3-year-old colt, His, paced home to victory in the 10th race feature with a 1:58.2 clocking.

The son of Windshield Wiper was driven from fourth post position by Eddie Davis who pulled before the half mile point and breezed home to break the previous 3-year-old colt record of

1:58.4 set just last month by Hal Belote driving JR's Crash. The new mark also tied the overall track race record also set by Belote one year ago when he piloted Inner Karamea to the 1:58.2 mark.

His has now won ten of twenty-four starts this year and purses of almost \$44,000. Wayne Givens trains the speedy colt.

A society matron looked out her hotel suite window and saw a man in ragged clothes standing on the corner.

Many people came up to him and gave him money.

Feeling sorry for the man, the society matron put \$10 in an envelope and wrote a note saying "God Bless You." She called to the shabbily-dressed man and dropped the envelope down to him.

As she was leaving the hotel the next day, the man, in the same tattered clothes, approached her.

"I've been waiting for you, lady," he said as he handed her a wad of greenbacks, "Here's your money. God Bless You won and paid \$52."

She's only a pitcher's daughter, but you should see her curves.

The loudmouth at the athletic club kept boating of his feats of strength.

One skinny guy, unable to take anymore, decided to shut him up. "I'll bet you \$50 I can put something in a wheelbarrow, wheel it from the clubhouse to the pool, and you won't be able to wheel it back," the skinny guy said.

The braggart looked at the puny one and accepted the bet immediately. "I'll be right back," said the skinny guy.

A few minutes later he returned with a wheelbarrow and said to the braggart, "All right, hop in."

tion," stated McGlynn. "We are moving forward to a very rapid pace and Brian's knowledge of auto racing, combined with his familiarity with the Philadelphia, Baltimore, and Washington, D.C. market areas, will be very instrumental in our future progression."

Buchauer comes to Dover Downs from the Motor-Vation Radio Network and is known to thousands of motorsports fans as Brian Townsend, the Associate Producer of the Skool Motorsports Report radio program. He is a 1973 graduate of Ithaca College with a Bachelor of Science Degree in radio and television broadcasting. He spent thirteen years in on-air and managerial positions in the broadcasting industry, nine at WQIX Radio in Horseheads,

New York. Buchauer also served as Public Relations Director for the Glen Region Sports Car Club of America and was Chief Announcer at several New York speedways including Shangri-La and Watkins Glen.

Dover Downs is unique to the sports world, consisting of a one mile paved speedway and a five-eighths mile harness track. The track hosts two NASCAR Winston Cup Grand National races each year including the Budweiser "500" next May, the Truckers' Big Rig "200" (June 24th), and a winter schedule of harness racing, currently in progress.

Buchauer assumes his new position on January 2, 1984. He and his wife Colleen will live in Dover.

Delaware, the state that sings

With Christmas close at hand, residents of Southern Delaware are ready to celebrate the joy of the holiday season at the first annual "CAROLING IN KENT AND SUSSEX COUNTIES" on December 21st in Milford's Bicentennial Park. The event, sponsored by twenty-five groups and organizations and hosted by the Greater Milford Chamber of Commerce and Delaware First, will feature twelve guest conductors and traditional holiday songs. A free reception will follow in the Milford Skating Center where the event will take place if the weather is inclement.

The community carolling began in New Castle County where thousands

gather in Rodney Square each year. After last year's event, groups in Kent and Sussex echoed an editorial by Bill Frank in the News-Journal suggesting that Caroling take place in communities throughout Delaware. "Delaware - the State that Sings" will become a reality on December 21st at 7:00 p.m. as all three counties gather to sing carols.

Santa Claus will be on hand as a conductor and a balloon release will add to the festivities. A special feature of the program will be the traditional lighting of candles as the carollers sing O Little Town of Bethlehem.

Candles and song sheets will be provided and the public is invited to attend.

State disbursing federal funds for energy assistance

Lieutenant Governor Michael N. Castle announced today that the State of Delaware on Monday, December 12, began disbursing approximately three million dollars in federal funds under the Delaware Energy Assistance Program (DEAP) to help low-income families meet the rising cost of home energy.

The State expects to assist over 9,000 households (26,000 individuals) with the initial grant from DHHS. To date approximately 6,000 households have been certified eligible, receiving an average benefit of \$317.00 per household.

Delaware's program was praised by federal officials after a review of the DEAP earlier this month.

Dennis J. Savage, Director of the Division of Community Services within the Department of Community Affairs, the administering state agency, said applications for the program are being accepted by appointment only at one location in each of Delaware's three counties. In Kent County, residents must call: Catholic Social Services, Inc., 1140 South Street, Dover, DE 19901, Phone: 674-1782. In Sussex County, residents must call: Sussex County Community Action Agency, Inc., 310 North Railroad Avenue, Georgetown, DE 19947, Phone: 856-

9051. Applicants must meet specific income eligibility requirements based on the number of people in their household. Income limits are based on total annual gross income of family members as follows:

Table with 2 columns: HOUSEHOLD SIZE, INCOME LIMIT. Rows: 1 (\$ 6,075), 2 (8,175), 3 (10,275), 4 (12,375), 5 (14,475), 6 (16,575). Note: (for each additional member add \$2,100).

Besides providing assistance for home heating fuel, the Delaware Energy Assistance Program will offer weatherization services such as caulking and weatherstripping, and will install insulation and storm windows in the homes of eligible families. Another service of the program includes repairs to broken furnaces and furnace maintenance where necessary. These services of the program will be available year-round. In addition, the Delaware Energy Assistance Program will provide 72 hour emergency housing to eligible families if heating emergencies arise. Emergency housing will be supplied through April 1, 1984.

staff of five and oversee various program activities of the division which include the review of septic system permit applications for individual homes; the review of subdivision proposals that are submitted to Sussex County Planning and Zoning Commission; and on-site inspections of propo-

sals located in the county that are submitted to the division's Wetlands Section.

Anyone seeking assistance in the activities referenced above, may contact the DEC office, Box 418, North DuPont Highway, Georgetown, Delaware 19947, at 856-5360.

Dover Downs announces Christmas schedule

DOVER, DE - The addition of two Monday performances highlights the Christmas holiday harness racing schedule announced by Dover Downs Raceway.

The track will operate through Monday night, December 19th before closing for the mandatory Christmas break which will begin on Tuesday, December 20th and run through December 25th.

Dover Downs will reopen with a

special Monday afternoon 12-race card on December 26th, which is an official holiday. This one time only Monday afternoon program will carry a 1 p.m. post time and is being offered by management as a "Christmas Fan Appreciation Day" featuring free general parking and free admission. Liberty Bell Park and Rosecroft Raceway, two of Dover Downs' biggest competitors, will both be closed when the Dover track reopens from the Christmas break; and Dover Downs officials hope to advantage of the hiatus by scheduling as many racing programs as possible before these two tracks reopen in January. A 6 days per week schedule will soon be announced for this period.
