

# Rae Matlack retires from school bus driving

by Harry G. Farrow, Jr.

FREDERICA. Rae Matlack has been driving a school bus around Frederica for the past 32 years. Only her marriage has lasted longer. Her husband, Ben, retired a few years ago. He operated a service station in Frederica. The Matlacks had a bus contract for 37 years.

She retired as of the 1st day of January, and she reflected the other day on her long history associated with buses and school children. "Our first bus was a Ford...54 passenger. All were gear shift...except for the last one. My what a change in bus design. Almost as dramatic as with the children," she said. "You know...I have bused two and three generations of families, and I have had the experience of busing an entire family. Some families have had six or more children, and I would have all of them," she reflected. "You can really see changes in people down through the years," she said.

"When I started with children, I would have to say they were better

mannered and more polite than when I retired," she said. "I guess changes in our way of life has brought that about," she concluded. "Yes...there was less respect at the end than when I started," she said. "I really believe a lot of this was brought about by home life, and you could see it right there on the bus. The way the children would act," she said.

With all that behind her now, Mrs. Matlack looks back and smiles. "I always had complete cooperation from the parents...and the school. I got along just fine with the children too," she said. Her route was principally around Frederica where she drove kindergarten and pre-schoolers to and from school...as high as three times a day. "I made a lot of friends over the years," she said. "I was only late once in 32 years...and that was due to a flat tire. I got up one morning and when I went out to get in the bus, I noticed the tire was flat. Right there in the driveway," she said. "It made me 10 minutes late," she said. "Everyone missed us that morning. I never got so tired telling

Rae Matlack. Photo by HGF.

people what had happened," she added. Mrs. Matlack does not remember having any narrow escapes while driving her bus those 32 years. "But I remember one morning driving up Route 113 and a man in a car ahead of

me had a heart attack. His car hit a pole cutting it off. It fell right back toward our bus. I had stopped in the road. It was a good thing I did because another foot and the pole would have hit the bus," she said.

Mrs. Matlack said she had a strict code on the bus. "I never once had any problems with my children. I used to go over and over in my mind in dealing with the children...that I would have respect for them, and they held it for me. They talked...I listened," she said. "I could have it quiet as a mouse in the bus. I would assign seats, and if it did not work out...I would move them," she said. "Always separated the boys from the girls," she said.

Some of the safety practices Mrs. Matlack brought into play were to always have the children walk away from the bus. "I counted the children and I always knew when they had all crossed the road," she added. She said she like the idea of the stop arm coming back, "...and I think the loud speaker system is very effective." "I got along with my children...I think

because I understood them. I gave them a lot of credit. They understand more than you think they do, and they are real gossip carriers. I would learn all the latest news from them," she said.

"After you take them year after year...you see them grow up. You can absorb their changes...see them develop, and you can start comparing. Even see the differences within families. Real interesting," she added. "I tried to keep my distance, but some are just waiting for a smile. With others I would tell them how nice they looked today," she said. "I never hugged them, but I sure got a lot of hugs and kisses. I just tried to treat all of them equally, and they knew that I loved them," she said. "The big day was report card day. They always wanted to show me their report cards. I would tell them they did good...or do better the next time...or I know you can do it," said Mrs. Matlack.

It would seem that the lady in Frederica...Rae Matlack...did in fact have a real way with our children.

### Delaware Duck Stamp to be judged

Judging of Delaware's sixth annual duck stamp will be held at 7:00 p.m. on Thursday, February 21 in the auditorium of the Richardson Robbins Bldg., 89 Kings Highway, Dover, DE. It is open to the public. Over 120 paintings have been received thus far with a wide range of species depicted.

The winning artwork will appear on the 1985-86 Delaware Duck Stamp, which is required of all licensed sportsmen hunting waterfowl within the State. To date, the Division of Fish and Wildlife has refurbished dikes, installed new water control structures, built ponds, planted goose pastures, set aside and fenced a waterfowl refuge, installed blinds, pits and area signs, repaired roads and parking lots, built launching ramps and initiated statewide control of the pest plant Phragmites. This grass has invaded Delaware's wetlands and seriously reduced their value as waterfowl wintering and breeding areas, muskrat production areas and their attractiveness to water birds and shore birds.

### Lake Forest Superintendent gets

#### Doctorate

HARRINGTON. Lake Forest Superintendent, Gerald S. Lysik, has received notification that he has been awarded a Ph.D. He will be certified on May 12 in ceremonies at Syracuse University. He has recently completed all the requirements for the degree.

Dr. Lysik became the Superintendent of the Lake Forest School District on July 1, 1983. The native of Syracuse, N.Y. came here from the Assistant Superintendent's position at Rappahannock County Public Schools, in Sperryville, Va. Prior to that his association with secondary schools was in various administrative positions in the Syracuse, N.Y. school system. In 1967-70, Dr. Lysik was a varsity high school football, basketball, and baseball coach in the Syracuse school system.

Dr. Lysik's thesis was a case study on the educational decision making in the Syracuse School District concerning the study on desegregation and this was interpreted in that school system over the past 25 years as well as looking at the issues on how the law forced the change.

He said recently that he feels his role in the Lake Forest School District is "...a three part one". "One...to continue to upgrade our curriculum throughout the school district. Two...to plan for improvement of the instruction, that is, how to present the material in the classrooms through different proven methods as well as improve on lesson plans, and three...to plan ahead for the renovation and reconstruction of the building program...over a long term", he said.

### Delmarva Dairy Day - Feb. 27 in Hartly

Delmarva Dairy Day will be held February 27, from 9 a.m. to 3:30 p.m., at the Hartly Fire Hall.

Speaker, Steve Spencer from Pennsylvania State University, will discuss what's new in milking equipment.

In the afternoon extension dairy nutritionist Dick Adams will show farmers how to use forage test results to balance feed rations.

Participants should bring a pocket calculator to this meeting. They should also bring feed and forage analyses from their own feed if these figures are available. Otherwise, figures will be provided for use in making the calculations.

Lunch will be a roast beef and gravy dinner with all the fixings. Tickets will cost \$1 and are available from county extension agents in Delaware and Eastern Shore Maryland.

### Roth says spending cuts depend on defense cuts

WASHINGTON — Senator Bill Roth, said recently that "the future of spending reductions now rests squarely in the hands of (Defense Secretary) Casper Weinberger."

"There is a serious effort in the Senate to make the painful spending cuts that this Administration has talked about for four years. But thanks to the intransigence of the Secretary of Defense, it could all go down the drain," Roth said.

"Bob Dole is exactly right," Roth said, "Unless defense growth is reduced substantially, you can forget about a majority of the Senate standing up and cutting popular social programs."

### Delmarva Power and Light Company to refund \$7.5 million

Delmarva Power will voluntarily refund about \$7.5 million to its 190,000 Delaware retail electric customers.

The average residential customer using 750 kilowatt hours of electricity per month, will receive about \$20.

The reason cited is that more electricity was used in both the private and industrial sectors which increased the utility's sales.

## Postal Rates go up Feb. 17

by Anne Paladino

Whats up again?...don't ask, but if you must, it's the postal rate. At midnight on February 17th a 1 oz. first class letter will increase to .22 cents. Today's postal operations are funded 100% through postal revenues without any federal subsidy, and like anyone else, must keep up with rising costs. The .20 cents stamp has gone to that big post office in the sky somewhere near the almost forgotten penny post card.

Some of the new rates are as follows: first oz. or fraction thereof - .22 cents. Each additional oz. or fraction thereof - .17 cents. Express mail - 1 lb. package

\$10.75. Money order fees - \$0.01 to \$25.00 - .75 cents; \$25.01 to \$700.00 - \$1.00.

## Area men to attend Southern States Regional Meeting

Members of Southern States Cooperative's local boards and committees, the cooperative's retail managers and agricultural workers will attend a regional board meeting to be held by the cooperative at The Clayton Fire Hall in Clayton, Delaware on February 20, 1985. Invited to attend from this area are the elected representatives of Hudson Farm Supply Co., Inc.

Also attending the session will be a number of guest young farmers from this area.

Floyd K. Blessing of Houston, Delaware, a member of the cooperative's 15-man board of directors, will preside at the session. Registration for the meeting will begin at 9:00 a.m.

Featured at the session will be a videotape presentation entitled "Keys to the Future in Agriculture." Participants in the taped discussion will be

U.S. Secretary of Agriculture John Block, Farm Credit Administration Governor Don Wilkinson, National Council of Farmer Cooperatives President Wayne Boutwell and Southern States Cooperative's President and Chief Executive Officer, Gene A. James. They will discuss the 1985 Farm Bill, agricultural finance and the farm future.

There will also be a presentation entitled "Ag Outlook for '85" which will be presented by Jonathan Hawkins, Vice President, Treasurer of the cooperative. His projections will be backed by in-depth economic research and data from authoritative sources. Hawkins will also present the financial report for the first 6 months of the co-op's current fiscal year.

The meeting will adjourn following lunch provided by the cooperative.

## Wells becomes President of Realtors Group

by Harry G. Farrow, Jr.

DOVER. Lida Wells, a realtor from Milford and partner in the Wells Agency, will become the President of the State Association of Realtors at the end of September 1985. Her term will begin at that time and continue through 1986.

Lida Wells has taken a steady but sure road to the top in the real estate profession. Always associated with the Kent County Board of Realtors and very active in many committees which serve the Board as well as being active in the State Association since 1974 rising from the position of Secretary to Director to 2nd V.P., then 1st V.P. and now President of the State Association.

Mrs. Wells wears many hats. She currently serves as President of the Kent County Board of Realtors, and will continue in that position through 1985.

In 1977 she was named State Realtor of the Year and in 1982 was named Realtor of the Year for Kent County.

She has been involved and served in administrative capacities at the local, state and national levels. She has also attended the last 5 national conventions. The last one being held in Hawaii. Following that convention she visited China and Japan for post convention seminars. These included on-site inspections of Japanese commercial and residential developments in Tokyo.

In 1976 she completed her college studies which were interrupted by

Lida W. Wells

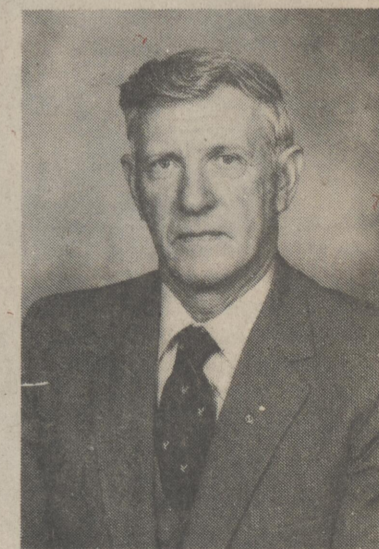

marriage, family and beginning a business. She had begun her college career at Salisbury State College in 1941. Her degree was a B.A. in History.

In addition to her involvement in real estate, Mrs. Wells has also been involved in her church...Avenue Methodist of Milford. She served on the Peninsula Conference Board of Finance. She also started the library at the Avenue Methodist Church.

Mrs. Wells just completed her terms as President of Shawnee Country Club "...where the new 9 hole addition was completed during my term, for which I am very proud and gratified".

# Lake Forest to stage "Once Upon a Mattress"

The Lake Forest Student Government is sponsoring the high school theatre department's production of the musical comedy *Once Upon a Mattress* on the evenings of March 7, 8, and 9. The musical is a comic version of the fairy tale of the princess and the pea.

The show stars Bambi Biggs and Shawn Short as Princess Winifred and Prince Dauntless the Drab. Dauntless wants to marry the princess but is hindered by the disapproval of his dominating mother, played by Linda Lee. The plot involves the plotting of the queen to prevent a marriage and the conspiring of other characters to

allow it. Other major roles include the king, played by Bill Betts; the minstrel, played by Jimmy Olsen; Lady Larken, played by Leslie Harpster; Sir Harry, played by Ken Hutchins; the wizard, played by Chris Drew; and the jester, played by Carrie Beyer.

Tickets are available in advance by calling the high school at 284-9291 and will also be sold at the door. The cost is \$3 for adults and \$2 for students. The Thursday night show has a special price for children age 14 and under, \$1, and the Thursday night show will begin at 7 p.m. The shows Friday and Saturday nights will begin at 8 p.m.

## We have only just begun

Happy Birthday to the Felton Jaycee Women! This is National Jaycee Women's Week, and we the Felton Jaycee Women are 1 year old. We have survived the crucial first year of service to our community. We have covered more ground than we anticipated. Notable accomplishments after one year includes: adding many new faces to our prestige organization; earning several plaques, banners and the all important self-improvement awards. Our chapter has a strong fortress of officers; President, Debbie Stewart; Vice President, Donna Calhoun; Secretary, Libby Butler; Treasurer, Sandy Donovan; Chaplin Marsha Jester and Sunshine Chairperson,

Lisa Beddie. We have donated and participated in many worthwhile causes, just to name a few: needy food baskets, H.O.P. (Help Our President), St. Jude's Research. At our monthly meetings we have a "cuss can" to benefit S.I.D.S., we had representatives at the Blue/Gold Game, skate-a-thons, chairperson on a volleyball marathon and, what was a very rewarding experience, was volunteering at the Special Olympics. Those kids are the greatest! The list is endless. Nothing is too small to name.

To best sum up our years progress—we started out walking and now we are running! So look out folks, here we come!!

ABRAHAM LINCOLN 1809-1865 — Sixteenth President

The Education of Abraham Lincoln How did Lincoln, coming from a humble prairie background, acquire such verbal prowess? Asked this question by an acquaintance, Lincoln recounted his effort to master the principles of language and logic.

"I never went to school more than six months in my life. But, among my earliest recollections I remember how, when a mere child, I used to get irritated when any body talked to me in a way I could not understand. I don't think I ever got angry at anything else in my life. But that always disturbed my temper, and has ever since. I can remember going to my little bedroom, after hearing the neighbors talk of an evening with my father, and spending no small part of the night walking up and down, and trying to make out what

was the exact meaning of some of their, to me, dark sayings. I could not sleep, though I often tried to, when I got on such a hunt after an idea, until I had caught it; and when I thought I had got it, I was not satisfied until I had repeated it over and over, until I had put it in language plain enough, as I thought, for any boy I know to comprehend. This was a kind of passion with me, and it has stuck by me; for I am never easy now, when I am handling a thought, till I have bounded it North, and bounded it South, and bounded it East, and bounded it West.

(In later years,) in the course of my law-reading, I constantly came upon the word demonstrate. I thought at first that I understood its meaning, but soon became satisfied that I did not. I said to myself, 'What do I mean when I demonstrate more than when I reason or prove? How does demonstration differ from any other proof?' I consulted Webster's Dictionary. That told of

'certain proof,' 'proof beyond the possibility of doubt'; but I could form no idea what sort of proof that was. I thought a great many things were proved beyond a possibility of doubt, without recourse to any such extraordinary process of reasoning as I understood 'demonstration' to be. I consulted all the dictionaries and books of reference I could find, but with no better results. You might as well have

defined blue to a blind man. At last I said, 'Lincoln, you can never make a lawyer if you do not understand what demonstrate means'; and I left my situation in Springfield, went home to my father's house, and stayed there till I could give any proposition in the six books of Euclid at sight. I then found out what 'demonstrate' means, and went back to my law-studies."

GEORGE WASHINGTON 1732-1799 — First President

If men are to be precluded from offering their sentiments on a matter, which may involve the most serious and alarming consequences that can invite the consideration of mankind, reason is of no use to us; the freedom of speech may be taken away, and dumb and silent we may be led, like sheep to the slaughter.

Address to Officers of the Army [March 15, 1783]

Almighty God, we make our earnest prayer that Thou wilt keep the United States in Thy holy protection; that Thou wilt incline the hearts of the citizens to cultivate a spirit of subordination and obedience to government; to entertain a brotherly affection and love for one another and for their fellow citizens of the United States at large.

Prayer after Inauguration [1789]

To be prepared for war is one of the most effectual means of preserving peace.

First Annual Address, to both Houses of Congress [January 8, 1790]

The basis of our political system is the right of the people to make and to alter their constitutions of government.

Farewell Address [September 17, 1796]

SHORE COLLEGE TO HONOR FOUR AT WASHINGTON'S BIRTHDAY CONVOCATION

Maryland's Washington College, the only school in the nation named for George Washington with his written permission, annually celebrates the anniversary of the First President's birthday with a convocation formally opening the second half of the academic

year. Convocation ceremonies begin at 2:00 p.m. on Saturday, February 23, in Taves Theatre of the Gibson Fine Arts Center. The public is cordially invited to attend.

"Washington College is justly proud of its heritage and its early affiliation with George Washington," said college President Douglas Cater. "This annual Birthday Convocation distinguishes us from any other school in the country, and we welcome the public to join us in honoring our guests and the birthday anniversary of our First President."

Later in the day, the college community will continue the birthday celebration with the annual George Washington's Ball.

THE SEVENTY-FIFTH ANNIVERSARY OF THE BOY SCOUTS OF AMERICA 1910-1985 Diamond Jubilee 75th Anniversary Editorial On my honor I will do my best To do my duty to God and my country and To obey the Scout Law To help other people at all times To keep myself physically strong, mentally awake, and morally straight. The Scout oath is a guide for young man's life. Over the years, some 70 million Americans have taken that pledge to heart. Since 1910 that is the number of individuals who have been members of the Boy Scouts of America. President Gerald Ford is perhaps the best known Eagle Scout. But he's not alone. There is astronaut Neil Armstrong, basketball star and Senator Bill Bradley, ET director Steven Spielberg. There was also John Kennedy, our first President to have been a Scout. Then Scoutmaster and President Jimmy Carter and Boy Scout and baseball superstar Hank Aaron. The organization strives to develop good traits of character in young people, to instill in them values of good citizenship, to encourage them to become physically fit young people. This month it celebrates its 75th anniversary. For most of its existence, the Boy Scouts of America has grown rapidly in membership and in influence in the daily lives of youngsters. Over the years, this organization has made many innovations to keep abreast of changing times. But above all, to young people it is still fun, as it goes about its business of teaching ethical values, of building good citizens from all walks of life, and from all races and creeds. We take it for granted, like motherhood and apple pie. At 75, many of us are in our twilight years. Fortunately, not Boy Scouting. So we say a happy anniversary to every Tenderfoot Scout and every Eagle Scout, to the new 7 year old Tiger Cub. To the more than 400,000 Explorers, nearly half of whom are young women, and to all the others, youth and adult, who have had a part in the American institution. In the Del-Mar-Va Council, the Scouting program reached 21,588 young people through selfless adults who donate their time and energy to be leaders of America's future. Three hundred seventy-five [375] different religious, educational, and civic groups sponsor 450 Cub Scout Packs, Boy Scout Troops, Varsity Teams, and Explorer Posts. We also served 1,450 Tiger Cubs, a new one-year program for 7 year old boys and an adult. We bring career information to 4,100 high school students through our Career Awareness program. Membership growth in 1984 exceeded 1983 by 5.1 percent. We're proud of our Boy Scouts and we are proud to offer this salute to the Boy Scouts of America during its 75th birthday anniversary.

than the last. Debby was so surprised, eyes fairly bugged out of her head. (It shows in some of the pictures they took, she is so surprised looking). I was not there, there is going to be a repeat performance. Hope I'm present and you too. They had fun by the reports they gave me. Ola Tilden wore a garden hat and Marge Phillip and Annabelle Morrow parading to make the show complete.

I think some pictures of our family with hats of by gone years would be interesting to look at also.

Birthday Party Feb. 19, 1985 at the Center - Singing and the theme is, 'Let Me Call You Sweetheart'. Always cake, ice cream, cards and the gift from the Center. It's a good place to be, at the Center on Feb. 19.

Wednesday, Feb. 6, 1985 was card day for me at Virginia Willeys. The day was cold, ice was very much in evidence but inside with the warm, friendly atmosphere, the beautiful Valentine-decorated tables with candles shimmering in crystal. Refreshments, luscious cherry pie with the best crust since Kathryn Smith's coconut pie. Mildred Wagner was leader by far, next was Mary E. Nelson. Others playing and enjoying every minute was Hazel Langrill, Kathryn Smith, Ethel Rapp, Ruth Powell and I. It was a fun time! Next two weeks at my home. See you there.

Arts and Crafts are busy as bees. Ceramics getting in line. Pool - and you name it, we have it, at the Center. Come on in.

Thanks All Volunteers!  
Smile! "Sometimes nothing is a good thing to do and often a good thing to say" - Linda Gray.

Rev. and Mrs. Watson were at the Center Feb. 4, 1985 for Bible Study. Main study was John 10:22, Romans 8:38-39, also selected verses. Lots of favorite hymns were sung by all. The Senior Chorus sang Rev. Watson's favorite hymn, "Home Sweet Home". The inspirational hour was enjoyed by Catherine Donovan, Thelma Legates, Virginia Smith, Jo Burke, Frances Wright, Mary Sapp, Annabel Morrow, Earl Sharp, Marion Brown, Sylvia Meredith, Cecil Meredith, Elwood Morris, Earl Sharp, Gladys Hill, Mary Sapp, Ola Tilden, Etzel McCready, Viola Krommis and Ethel Holden. Mrs. Mildred Watson was at the piano, Rev. Watson offered prayer. Come on in and join in the happy hour at the Center.

Report from Greenwood United Methodist Charge: Because of bad weather, illness, etc., the Rev. Don Clendaniel and also the Rev. Dr. Paul Wragg, were not able to keep their appointments for this Charge. These visits will be rescheduled later.

The Rev. Frank Baynard will fill in one of the Sundays for Greenwood while the pastor is on vacation.

The following letter of appreciation has been received from Ed and Betty Thomas, occasioned by the death of their son: Quote: "Dear Friends, There are literally hundreds of cards, communications, and expressions of love and support that we received during the past four weeks. It is impossible to write each of you a personal reply. But we do feel together with Edwin, III, Neil, Karen and Donna, that it is only through your support and love, which we interpret as God's help, that we are beginning to recover. We love you. We thank you. May God hold you in the palm of His hand."

Report from Hickory Ridge Congregational Methodist Church: On Jan. 20 the weather was very bad and some churches cancelled their services. We had 21 people who braved the storm to be with us and on the 27th it was still bad weather, but we had 45 with us. Mrs. Beatrice Drummond is in Peninsula General for heart surgery. In Milford Hospital are Hyland Calloway, Sam Chisenhall, and Rose Warrington. Nadine Fleischauer is to be admitted on Wednesday.

Our sympathy is extended to Roy and Ruth Lloyd on the death of his mother on January 14.

Happy birthday to Florence Tucker, Feb. 6; Keith Bawel, the 7th; Daniel Smith, the 22nd; Roger Larrimore, the 23rd; and Linda Collison, the 26th.

Mark this Library news on your calendar for March: On March 19, there will be a program for children of the community at 6:30 at the VFW Posthome, entitled "Horsin' Around" and is all about horses. More later.

Mr. & Mrs. Norman E. Porter of Harrington, Delaware wish to announce the engagement of their daughter, Vicki Jean Porter, who is employed by Quality Care Nursing Services in Dover, Delaware to Kenneth R. Cold weather, snow, ice and wind all the elements of winter time, has taken its toll on our friends and neighbors Round and About.

Jake Warren is in the hospital at M.M.H. Mrs. Melissa Taylor had a terrible bout with the wind and her door. Bless her heart she is in Kent General with a broken hip and elbow. Bertham (Bertha) Macklin fell on the ice just outside the firehouse door, the Lions Club didn't miss their dinner though. Mary P. got help - Bert broke her glasses and hurt her feelings plus some other tender areas, with the spirit of the 40iners has kept going.

Everyone please be careful. Lynn Baynard, our Director at the Adult Center, has been very sick and unable to be at work. Delores Chadwick along with Ann and Bert have been carrying on. It's been rough, everyone has a bug. Please do be careful and take care -

My First of the Year cleanup is going very smoothly and things are getting filed and sorted and kept and discarded. I hope you find it so at your house, too. Of course with our life style some things just have to be around for a while and that's fine. There are toys and dolls and books that have to be at Grandmother's house because Garith spends a good bit of time here. And, of course, this year, Sam, the Cabbage Patch Preemie brought his equipment with him. His clothes, his blankets, his stroller, his high chair, bed, bottles and toys are here when Grandma babysits him.

I play the game, too, and enjoy being a child again. When Garith comes home from school and says, "Did Sam behave well?" sometimes I reply "You'd better straighten out that kid...kicking and screaming and wouldn't let Grandmother take his sweater off". Then we laugh together and pretend. Like all children she is growing up fast. Not too much time left to be a little girl. We will enjoy it now.

Over the weekend, we made it through the rain and slush to the shopping center, and I made sure I got a huge bag of flour so I could indulge in an orgy of breadmaking. Today it is the mashed potato yeast rolls like we have at Christmas. Two big bowls of the mix are beside me on the breakfast bar. For this recipe you set a "sponge", potatoes, milk, baking soda, baking powder, salt, sugar and yeast. When this puffs up...after about an hour, you add the shortening and flour.

As I work the flour in, I meditate on how important and basic is bread. And say softly to myself the lines of a poem, "Back of the loaf is the snowy flour; and back of the flour, the mill; And back of the mill is the field of wheat; the sun and the Father's will." And I yearn to

make thousands of loaves and put it into the hands of the hungry peoples of the world.

I am deep into reading a huge book that Garith has loaned me. She got it for Christmas. The title is "The Children's Book of Questions and Answers". It is simply fascinating with many colored pictures. It would make a lovely gift for any child. I am storing away all kinds of delightful facts about the flowers and the trees and the birds and the bees. Some of it of course we know already. For instance, I've known about the blue whales being the largest living creature, weighing several tons, in fact some as much as 200 tons. But an added sentence astonished me. One of the species was found to have a tongue that weighed four tons!

I have always had this thirst for knowledge. I was the weird kid that cried when she couldn't go to school. Fame and adulation do not impress me, although that is pleasant; money does not impress me, although I wouldn't mind having a bit more; but knowledge impresses me, and I shall always spend part of my life trying to inquire more and admiring those who have.

I have read in stories that our Chinese neighbors across the sea used to just add another coat to their clothing as the cold weather came. A social question among them was, "How many coats are you in now?" This may be legend and not fact, but I think I am close to joining the club. I am fortunate in having a collection of sweaters in many colors and I like them and wear them, but for a long time I have wished to be able to find a big, bulky coat sweater. This year my dear sister and brother gave me one at Christmas. I just about live in it. I put it on over the small sweater and stay cozy and warm.

## St. Stephen's marks the beginning of Lent

Lent begins on Wednesday, February 20, 1985. Ash Wednesday, in the days of the early church, was a time for penitence and absolution. The penitential nature of the day and the Lenten season was symbolized by the imposition of ashes on the heads of the faithful. Ash Wednesday, along with Good Friday, are appointed in the Book of Common Prayer as major days of fasting. They are to be observed by special acts of discipline and self-denial.

St. Stephen's Church will observe Ash Wednesday with the Holy Eucharist at 7:00 p.m. The Imposition of Ashes will be available for those who wish. A special Lenten devotion will follow the Holy Eucharist. Sunday, February 24, is the first Sunday in Lent. The Holy Eucharist will be celebrated at 11:00 a.m. A special Lenten study, "Our Anglican/Episcopal Heritage" will follow at 12:15. This Lenten study will be an opportunity for our congregation to explore more deeply our history, faith and traditions, as well as to take a look at the Episcopal church today. Some of the

topics to be explored will be: The History of the Episcopal Church in America; Anglican/Episcopal Spirituality; The Book of Common Prayer - Past and Present; Episcopalians and the Bible. The Vicar, lay people from our congregation, and visiting clergy from neighboring parishes will participate in the leadership of these discussions.

The Rt. Reverend William H. Clark, Bishop of Delaware, will visit our parish on Palm Sunday, March 31. We are pleased that Bishop Clark will be with us on this special day of remembering our Lord's passion and death for us.

During the Sundays of Lent, we will be using the Rite II order for the celebration of the Holy Eucharist. Church school for adults and children is held each Sunday at 9:30 a.m. Morning Prayer is read each Wednesday at 8:30 a.m. Bible Study is held each Wednesday at 9:00 a.m. A special service for healing is offered every Wednesday evening at 7:00 p.m. During Lent, a special devotion will follow the healing service.

## Ministerium to sponsor hymn singing at St. Stephen's

On Wednesday, February 13, the Lake Forest Ministerium is sponsoring its second Hymn Sing. This evening of making a joyful noise to the Lord will begin at 7:45 p.m. at St. Stephen's Episcopal Church. The Reverend Susan Mills is coordinating the event. Over a hundred people from the community attended the first hymn sing which was held in October. In

addition to sing old and new hymns from a variety of traditions, musical groups from several of our community churches will perform. An offering for the benefit of the Ministerium's Fuel Fund will be received. Refreshments will be served. We are expecting a large crowd for this event, so plan to attend for an experience of good and joyous music making.

## St. Stephen's Annual Shrove Tuesday Pancake Supper

St. Stephen's Episcopal Church, Raughley Hill Road in Harrington, will present their annual Shrove Tuesday Pancake Supper on Tuesday, February 19th. The hours are 5:00 p.m. to 7:00 p.m. We offer pancakes, sausage and scrapple - all you can eat! Adults' tickets are \$3.75; children's tickets are \$2.00. Tickets are available from any member of St. Stephen's or at the door.

The Christian household could prepare for the Lenten fast, "Mardi Gras" is "Fat Tuesday" in French. A traditional English even held on Shrove Tuesday was the pancake race, in which women raced to a finish line balancing pancakes on a spatula. Shrove Tuesday signals the end of parties and festivities before the forty-day Lenten season. In many countries around the world, carnivals are held on this day.

This traditional pre-Lenten meal is held on Shrove Tuesday, the day before Ash Wednesday, the first day of Lent. The name "Shrove Tuesday" comes from the old English word "shriving", that is, the confession and absolution of the faithful on that day. The day is also known as "Fat Tuesday"; because on that day, all of the cooking fat was consumed so that

St. Stephen's congregation observes this pre-Lenten time by working together as a family to prepare the Pancake Supper for the community. Every member of the congregation is involved in one or more ways to ensure the success of the supper. This year, Bobby Quillen is coordinator of the event.

## Local Parish assists starving in Ethiopia

The parishioners of St. John in Milford and St. Bernadette in Harrington gave \$506.15 to aid the starving persons in Ethiopia. Their contributions were part of \$97,635 contributed in a two month period by Catholics and others in Delaware and the Eastern Shore of Maryland to Catholic Relief Services.

Despite the efforts and nearly 29 million dollars donated primarily from the Catholic community in the United States, the situation continues to be serious. According to the Rev. Joseph R. McMahon who coordinates the effort in this area, "The CRS Program shortly will be reaching 1.8 million recipients. This will include not only food but tents, blankets and medicines which have been purchased and are being shipped at the present time."

Of 42 million Ethiopians, seven million are very close to starvation. In the first ten months of 1984, 300,000 people had

died of malnutrition.

People continue to stream into refugee camps from the hills, deserting their villages, sometimes walking three or four days, drawn by reports of food. In many regions the severe drought in the area has resulted in small rivers and creeks drying up. The mountains and hills are terraced for farming. But in the parched soil, nothing can grow.

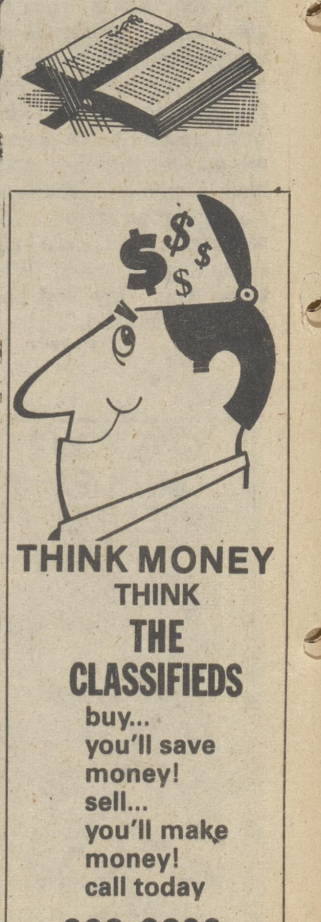

CRS is starting work on long-range rehabilitation, including water development, seeds, agricultural tools and farm animals once the hoped-for spring rains come for the next planting season.

The generosity of the local Catholic community in the two-state diocese is the largest in its history. All of the contributions have come voluntarily and not as the result of a mandated collection.

## New Wave Swim Team

The New Wave Swim Team showed its strength at Saturday's swim meet against the Wicomico Swim Club swimmers. It was evident early on in the meet that the swimmers and Coach Corash were out to correct their loss to Wicomico from a meet held in January against the Wicomico swimmers. This return match gave the New Wavers an excellent opportunity to show the results of some new swim skills and hard workouts, which they have been working on in the last few weeks. This win of 316 to 202 over Wicomico swimmers raised their meet scores to three wins and one loss for the season. Outstanding performances were put in by: Barbara Murphy 8 and under girls-3 firsts; Rebekah Crockett 8 and under girls-2 firsts; Wesley Wood 8 and under boys-2 firsts; Billy Killen 8 and under boys-2 firsts; Angie Mason

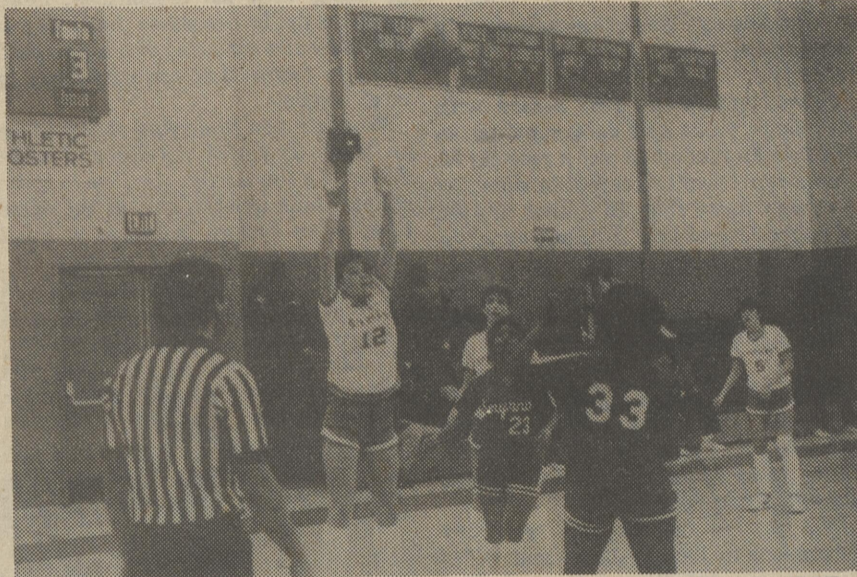

9-10 girls-2 firsts; Jana Lynn-11-12 girls-3 firsts; Cathy Carlson-13 and up girls-2 firsts; Danny Haines-13 and up boys-3 firsts.

The New Wave Community Swim Team will continue its season with participation in at least two more meets which will be scheduled for March. The team is looking forward to the special swim clinic and to the summer meets. The team, its coach, and the parents are enthusiastically moving towards a greater recognition of the team in this area. If you would like to become a part of the team spirit with the New Wave Swim Team, call Coach Corash at 284-9291 or 284-9816.

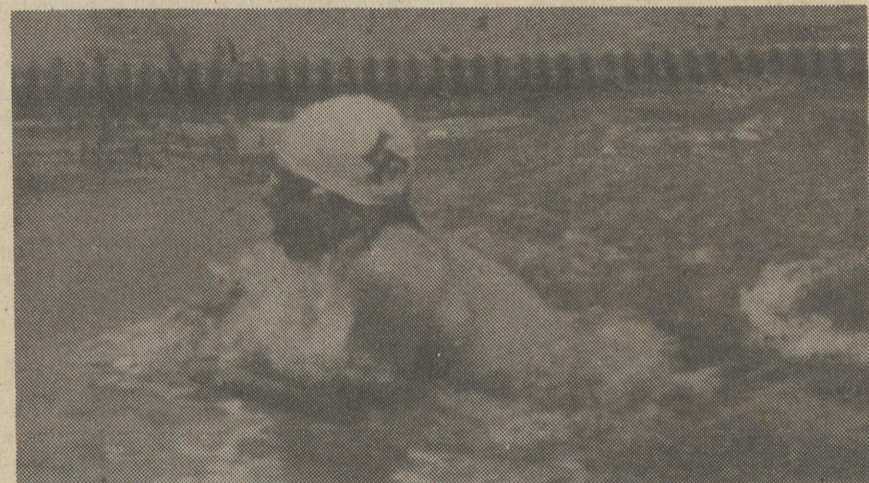

On May 18th and 19th a swim clinic will be held at the Lake Forest pool by John Trembly. Mercersburg Academy's National high school swim coach of the year.

Cris Drew leads the way in the 200 meter Freestyle relay recently. On Monday the Spartan Swim team competed against St. Elizabeth's High at LF. The Saints won 84-73 despite a tripe win performance by Lori Wilson of Lake Forest. Lori won the 100 meter freestyle in 1:12.17 and joined the 200 medley and 400 meter freestyle relay teams. Pati Drew, Paige Parker, and Kathy Carlson were double winners in the 200 medley and 400 freestyle relay teams. Kathy also won the 200 freestyle in 2:35.56 and Pati took the 50 freestyle in 31-61. Paige captured the 100 breaststroke in 1:32.45. The Spartans will compete in the State High School swimming meet Saturday at the Univ. of Del. with preliminaries beginning at 10 a.m. and finals at 7 p.m. Photo by HGF.

## LF girls win big one

by Rebecca A. Brown

Despite a five point half-time deficit, the Spartan girls basketball team came back in the second quarter to beat previously undefeated Sussex Central 56-47 Tuesday night.

At the end of the first quarter things were tied up, 10 all, and in the second the Knights began to build up a lead. With just seconds left before half-time, however, the Spartans cut Sussex Centrals nine point lead by four points. That, and going into a locker room plastered with signs like "Welcome to the Winner's Locker Room" certainly gave them a much needed boost.

In the third quarter, Lake Forest stayed close and finally moved ahead 36-35 with 1:22 left in the period on 10 foot jump shot by Karen Sipple. Outsourcing the Knights 18-12 in the final quarter, the Spartans never fell behind again.

Coach Pat Dyal commented that the key to their success in the second half was 1-22 zone defense which kept the Knights from making inside shots. She also said their strategy was to keep

Sussex Central under 50 points. High scorer for the Spartans was Carolyn Browne who had 18 points. Elisabeth Senter had 16, Andrea Molohan 14, Teresa Taylor 12, and Karen Sipple 6, to round out Lake Forest's scoring.

Friday night the girls continued their winning ways by defeating Woodbridge 49-36.

The deciding edge for the Spartans was the second quarter in which they outscored their opponents 18-7. The other quarters were even except the last when Lake Forest had a two-point edge in scoring.

Senior Carolyn Browne was once again high scorer with 16 points. Karen Sipple and Sylvia Hicks both had 8 apiece, and Elisabeth Senter had 7 for the Spartans.

The Raider defense did manage to put a stop to the usually high scoring Teresa Taylor, who was allowed no points the entire game.

Lake Forest is now 10-1 in the Henlopen Conference, and 12-1 overall.

## Sports Round-Up

by Harry G. Farrow, Jr.

Sussex Central downed the boys 57-48 on Tuesday. "We played together for 3 quarters, and we outscored them in second half", said Coach Falasco. Victor Hill scored 13 points and 11 rebounds with Eric Warren getting 11 points and 9 rebounds. "James Hicks...who replaces Kevin (Benson) at the post is getting stronger with each game. A sure shot who will score more as time goes on...plus he handles the ball well," added Falasco. Woodbridge game was away and the Raiders won 66-52. "We lacked the offense spark, and got behind in the 1st half...and couldn't close the lead", said Falasco. "Bruce (Mosley) got 13 points for the first time in double figures. He will definitely get better...right now a little inconsistent", said Falasco.

Sussex Central came to Lake Forest on Tuesday undefeated, & the Spartans stripped them of their crown winning 56-47. The Spartans are 9-1 and 11-4 overall. "We had a pretty good defense going for us and we played one of our best offense games", said Coach Dyal. "There were two key steals in the second half by Carolyn Browne which helped to break the back of Sussex," added Dyal. Browne scored 18 (14 in the 2nd half), Elizabeth Senter 16 and Teresa Taylor added 12 points with 10 rebounds to spark the Spartan offense. Karen Sipple came through in the second half as well with sharp shooting and perfect passes. "Carolyn (Browne) and Karen (Sipple) were real keys for Carolyn broke the fast break and Karen was able to penetrate the Sussex defense with her good ball handling", said Dyal. "When Karen plays a very intense game as she did against Sussex...it is reflected into the entire team. Seems like it is contagious", said Dyal. The Spartans beat Woodbridge "...but it was a blah type game. We did not do a whole lot of things well here...but we managed the win", said Dyal. Browne scored 16 in the 49-36 win with Sipple and Hicks getting 8 each, and Senter 7. "Sylvia (Hicks) came off the bench and did a real good job for us. Actually it seemed like she picked us up", said Dyal. Lake Forest broke the game open early on when the outscored the Raiders 18-7 in the 2nd quarter.

Sussex won the match 32-24. "It was what I sort of expected...coming right down to the end. We needed a pin from Kermit (Mosley) and it was probably too much pressure on him", said Coach Shaffer. Mosley got pinned and lost his first match. "Those two had wrestled 4 times over the years...and they were 2-2 now. So it was close even though we lost", said Shaffer. LF got pins from Derek Dill, Scott Fleming, wins from Kenny Outten and Frank Wilson. Mark Wilson continued to roll with a 4-1 decision. Dover won 36-23. "We give up points because we are wrestling 10 instead of 12 players. So we are 12-0 before the match begins", said Coach Shaffer. "But we have a lot of good individual wrestlers...which will pay off in the Conference championships", said Shaffer. "Frank (Wilson) lost his match...but those things will happen. Frank did a good job but he just made a mistake. He has come through for us before...so we will forget that. He had beaten the kid 11-2 earlier...and he was on top here, but a wrong move in this sport will cost you", added Shaffer. We got pins from Mark (Wilson), Scott (Fleming), Mike (Gygrynk) and it could have been a little different", added Shaffer.

The girls are coached by Andy (not Amy) Anderson and he recorded two more wins in his illustrious career. They beat Cape 36-34 with Africa Bell getting 11 Amy McClements, Melany Pelton and Chris Missner each getting 8. In the Smyrna game (LF 31-Smyrna 29), Melany Pelton put up the offense rebound (see photo) to win the game. The scoring was 6 of 11 Fouls. "She scored 4 points in the last minute, which help turn the game to us. Shani Palmer scored 7 points with 2 FG and 3 of 6 from the line. She also got 6 points in the last minute. This was the key" said Smith. Arlene May scored 7, Rene Johnson, 5. The Milford win was a real big one for us", added Smith.

Chipman boys basketball team lost to Dover by 20, and Smyrna by 19. "Dover played us differently this time. They had more depth on the bench, and they were running and shooting the ball very well. They had two guys over 6", said Danny Lysik one of the mainstays on the team. Scoring was by team leader Curtis Baker with 7 and Lysik with 5. In the Smyrna game "...they controlled the boards and used the fast break effectively. We didn't stand much of a chance", said Lysik. Scoring was by Chris Garton with 11, Curtis Baker with 2, Rodney Parker and Danny Lysik with 2 each. The Chipman boys team lost a heart breaker against Milford. "We controlled the game in the first half" said Curtis Baker. "Everything went our way and through the hoop, but 2nd half was our down fall", he added. Scoring was by Curtis Baker with 12, Danny Lysik with 6, Tony Bray with 4 and Rodney Parker with 4 too.

The State Division of Parks and Recreation has begun construction work on the Boat Launching Ramp at Holts Landing State Park. The estimated completion date is May 15, 1985. During this period, the launching ramp will be closed to public use. Completion of this project will provide better access for boaters to the Indian River Bay.

For additional information, contact the State Parks Central Office at 736-5284.

On Saturday in Wilmington, Lake Forest senior Paul Meding and junior Barry Chaffinch competed in the New Castle Track Coaches Association at Tower Hill. Meding captured first place in the boys' high jump with a leap of 5'10". Chaffinch took fourth in the shot put with a throw of 40' 6 1/4".

## Matmen drop two

by Rebecca A. Brown

The Spartan wrestling team lost its last two matches of the season to Sussex Central and Dover.

In the 24-32 loss to the Golden Knights, two Lake Forest grapplers had pins: Derek Dill (112) in 3:30 and Scott Fleming (185) in 2:25. Winning their matches were Ken Outten, Frank Wilson and Mark Wilson. Previously undefeated Kermit Mosely was pinned

in 4:54 in the heavyweight class.

Against Dover, Mike Gygrynk (155), Mark Wilson (167), and Scott Fleming (185) all had pins for the Spartans. Ken Outten (119) and Kermit Mosely (heavyweight) both won their matches.

The Spartans finished the season with a 4-6 conference record and 5-6 record overall. They will now go to the Conference Tournament.

## Township Power captures Dover feature

by Joe Asher

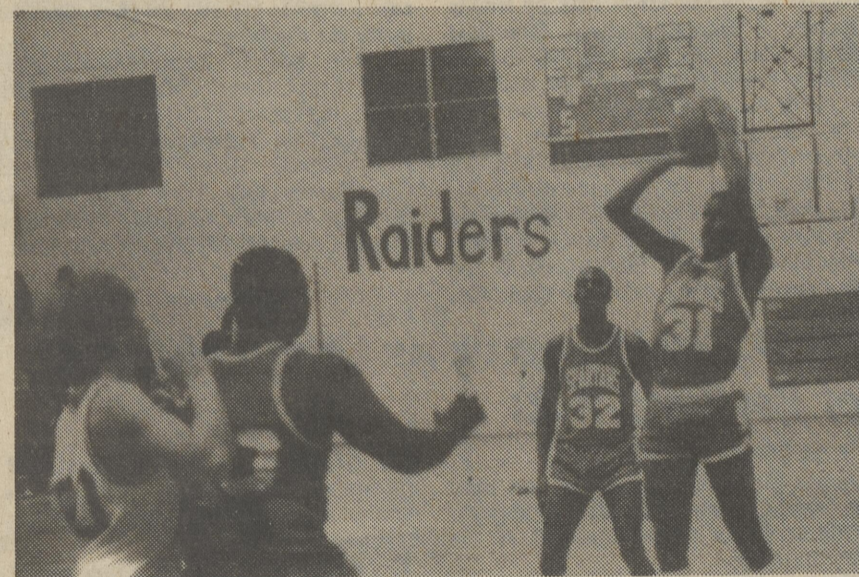

Township Power took the lead at the start to capture the featured \$2,000 pace at Dover Downs on Sunday, February 10, in 2:01.1.

Owner-trainer-driver, Don Brittingham, guided the 4-year-old Nero Gelding through comfortable fractions of 30, 1:01.2, and 1:31.3 while being challenged by Fantastic Peanut (Lou Kiss).

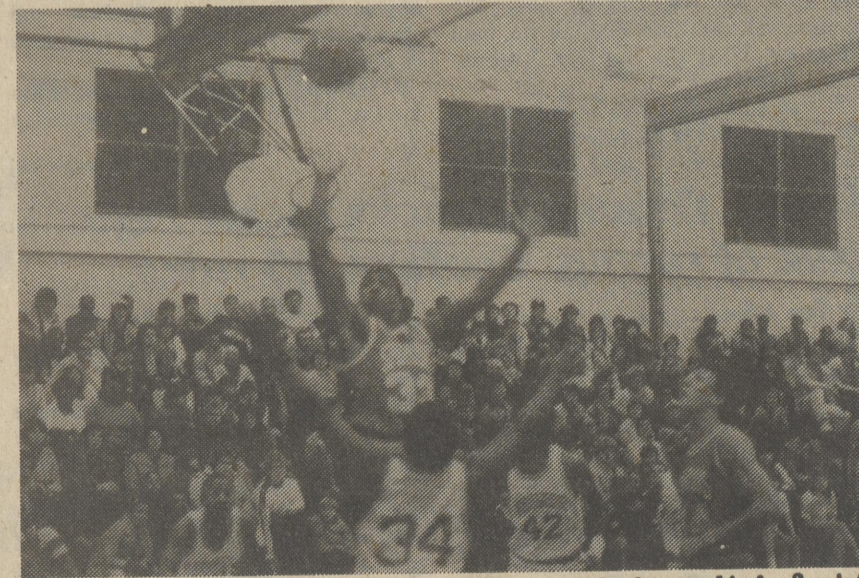

At the top of the stretch, the recent

Canadian import responded to mild urging to notch the one length victory over a determined Fantastic Peanut while Alechemy (Brian Manges) closed for show honors.

After 48 days of racing at Dover Downs, the number of two-minute miles stood at 17, the highest rate ever on the speedy 5/8 mile oval. Fleet Gipsy has led the record breaking assault with three magic miles including a track record 1:57 clocking.

## Boys lose two

by Rebecca A. Brown

The Lake Forest boys team continued on its nosedive with 48-57 and 52-66 losses to Sussex Central and Woodbridge respectively.

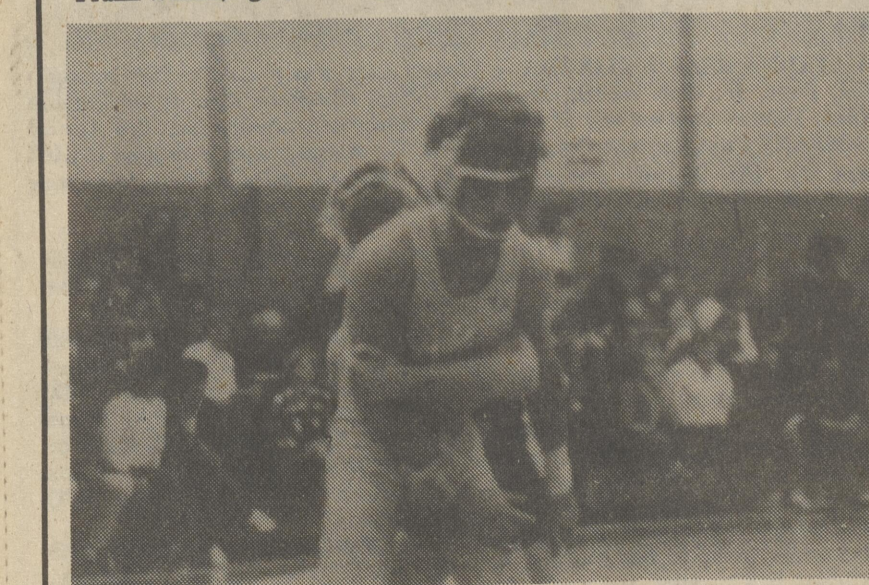

The Sussex Central game was fairly even except for the second quarter, when the Spartans allowed the Knights to outscore them by ten points. It was much the same story against Woodbridge, except the big deficit came in the first quarter, which ended with Lake Forest behind by 14 points.

Scoring for Lake Forest against Sussex Central were Victor Hill-13, Eric Warren-11, James Hicks-6, Lionel Dixon-5, Keith Chandler-4, Steve Sipple-4, Darren Hammond-3, and Bruce Mosley-two.

Bruce Mosley was the high scoring Spartan against Woodbridge with 13 points. Also contributing were Victor Hill-11, Keith Chandler-8, Darren Hammond-7, James Hicks-6, Eric Warren-5, and Lionel Dixon-2.

## Bobby Allison's illustrious career races into third decade

[This is the third and final installment in a series on the 30-year career of Bobby Allison, driver of the Miller High Life/DiGard Buick. Allison will celebrate the third decade of his racing career with the Feb. 17 running of the Daytona 500.]

The 1974 season was the first of three consecutive years Allison raced for Roger Penske and his fleet of Mercury and AMC race cars. Allison won four events for Penske, but even more important, he developed a close relationship with American Motors.

The 1973 and 1975 seasons also saw Allison compete in several Indianapolis-type races in cars fielded by Penske. "We did some testing for Roger out in Ontario and turned faster times than his regular driver," said Allison. "We went on to lead a lap at Indy and finished fourth at Ontario. I think we could have won some races had the engines stayed together."

Allison was injured in two separate crashes in 1976. In the spring, his Grand National car flipped several times at Rockingham, N.C., but Allison suffered only broken ribs and lacerations. He suffered an eye injury, several broken bones and facial damage in his second accident, which occurred in a short track race at Elko, Minn. in July. Despite it all, he never missed a NASCAR race.

Penske left the NASCAR racing scene after the 1976 season. With support from AMC, Allison and his Matador to do battle from the Allison shops in Hueytown. He was unable to win a race, and in the 30 events he collected only \$87,740. After working with the Penske organization, one of the most financially sound in racing, Allison was back on his own again.

"Needless to say, both emotionally and physically, I was at a real low spot then," said Allison. "I really didn't know what I was going to do, so I considered focusing my attention again on running the short tracks full-time. In this business, though, things have a strange way of working out. When Bud

Moore and I were able to team up for the 1978 season, I knew that's where my racing emphasis would stay.

"I'll always be fond of Bud for being there when my attitude and health needed a boost," he said.

Allison drove the Moore-prepared Fords in all the events from 1978 through the 1980 season and picked up 14 wins and more than \$1 million. Allison was runner-up for the national championship in 1978, finished third in 1979 and was sixth in 1980.

Allison moved to the Harry Ranier-owned team for the 1981 season and recorded five wins, had 28 top-10 finishes in 31 races and won \$644,311. Again, Allison was runner-up in the chase for the national championship.

Allison moved in 1982 to DiGard Racing, the Charlotte-based brainchild of brothers Bill and Jim Gardner. "I had the feeling from the beginning that this is where I was meant to be, and that they had more potential than any team in racing. I finally felt that I had found a racing home," said Allison.

In his first season with DiGard, then sponsored by Gatorade, Allison won eight of the 30 races, had 19 top 10 finishes and won \$726,562, only to finish second for the fifth time in the battle for that elusive national driving crown.

"I still knew that this was the team that was going to be able to pull it off," said Allison. "We had a unique line of understanding and communication that was lacking in previous years."

Allison's dream was realized during the 1983 season when the DiGard Team, with sponsorship from Miller High Life, took the 1983 NASCAR Winston Cup Title, the first for Allison and the team. Allison drove the Miller High Life Buick to six wins and 25 top-10 finishes, picking up \$828,355 on the way to the championship.

The 1984 season was somewhat of a disappointment for Allison and the Miller High Life/DiGard Team. They won only two races and finished sixth

in their effort to defend the national championship. Allison also suffered a broken shoulder in a crash at Dover, Del. in September, yet managed to compete in the remaining six events of the season.

"It's true that we didn't accomplish what we thought we would last year, but it wasn't all in vain," said Allison. "We were able to do major research and development in preparation for what we feel will be an outstanding record year in 1985. We look back at the 1984 season as somewhat of a 'sophomore year' in that it was the year after we put together a national championship."

"Who knows? What they say about a sophomore jinx may have some validity."

Allison enters the 1985 season with the same vigor and determination as when he first climbed into a race car 30 years ago. Despite a career in which he has won more than \$5 million and 81 Winston Cup events, Allison's appetite for racing seems only to have been whetted. He still competes in 40-50 short track events in addition to the 30 NASCAR Grand National races.

Perhaps he has more drive than ever. The 1985 season is an opportunity for Allison and the Miller High Life/DiGard team to bounce back from a disappointing year.

"We proved to everyone we were champions in 1983," Allison said. "The 1984 season didn't go as planned. The team is still the same, the driver is still the same and the determination to succeed is still there. Maybe two wins last year are enough for some teams, but not for this bunch. We will come out with our guns blazing. I'm comfortable and confident."

"I'm warning everybody, you better look out," he said. "The Miller High Life/DiGard team is about to flex its muscles."

Allison has sounded his warning. The competitive fire still burns within the man, even after 30 years of racing.

## Rusty Wallace starts second year

by Martin Gardlin

DAYTONA, Fla. — The Daytona 500, one of the most exciting sporting events in America, traditionally attracts some of the living legends of car racing. While one of these renowned drivers usually winds up in the winner's circle, spectators typically hope for a lesser known challenger to win.

Few drivers competing in the 1985 Daytona 500 are more likely to get this type of crowd-support than Rusty Wallace, the National Association of Stock Car Racing (NASCAR) 1984 Rookie of the Year and the American Speed Association's (ASA) 1983 Speed Champion.

Wallace has the matinee idol looks to go along with his credentials. More importantly, he possesses the ability to articulate the concerns of a high-speed racer in terms that have meaning to most people.

"Whether you're driving at 200 miles an hour, or you're out for a Sunday drive with the family, the idea is to be able to think quickly and, at the same time, have enough presence of mind not to react too quickly," he says.

In a sport where speed is absolutely of the essence, Wallace maintains that the way to have a long, healthy career and life is to stick to the rules and safety standards of the game. Adherence to this principle — he was

tightly strapped into his seat at the time — helped Wallace walk away without a scratch after his car flipped over six times in the 1982 Daytona 500.

Wallace sees the Daytona 500 as a "psychological as well as physical test. The important thing is to be able to pace yourself, and anticipate what the competition is going to do."

To achieve the fitness of mind and body necessary to "stay in control of your car and yourself," Wallace, who weighs 175 lbs. and stands 5'11", is a great believer in physical fitness. At the same time, he finds time to make appearances and campaign for such community programs as the annual blood drive in his home town of Greensboro, North Carolina, and to be the doting father of two children, Greg, 5, and infant Katie.

At age 28, Wallace can look back on a racing career that began when he was just 16 and living in St. Louis, Missouri. His father, a local stock car champion, encouraged him to "get in the car and run." The result? Wallace won the first race he entered.

His twelve years of racing have produced 197 wins. Even when he doesn't win, however, Wallace has been known to set firsts: his fourth place finish at the Darlington 500 last year was the best showing for a rookie in history.

Wallace, always on the lookout for ways to improve his performance, in 1983 decided to depart from the practice followed by most stock car racing drivers of using plain water as an engine coolant. He had heard of the new Alugard antifreeze/coolant formula that had won the approval of all of Detroit's Big Four automakers. Developed by BASF Wyandotte Corporation, Alugard is a registered trademark of the company.

"I started using Alugard to solve the problem of rising temperatures in our race cars," Wallace recalls. Aluminum parts in the cooling system were corroding and "plugging up everything." Until then, Wallace, like many other racing drivers, had believed that all antifreezes were bad for head gaskets.

"In addition to the corrosion protection, Alugard antifreeze/coolant has made it possible for me to run the engine hot enough to get maximum efficiency without losing all the coolant, as you do with water because of its much lower boiling point," he said. "It works so well, in fact, that I've been able to run many races without a fan and give the engine some extra power that way."

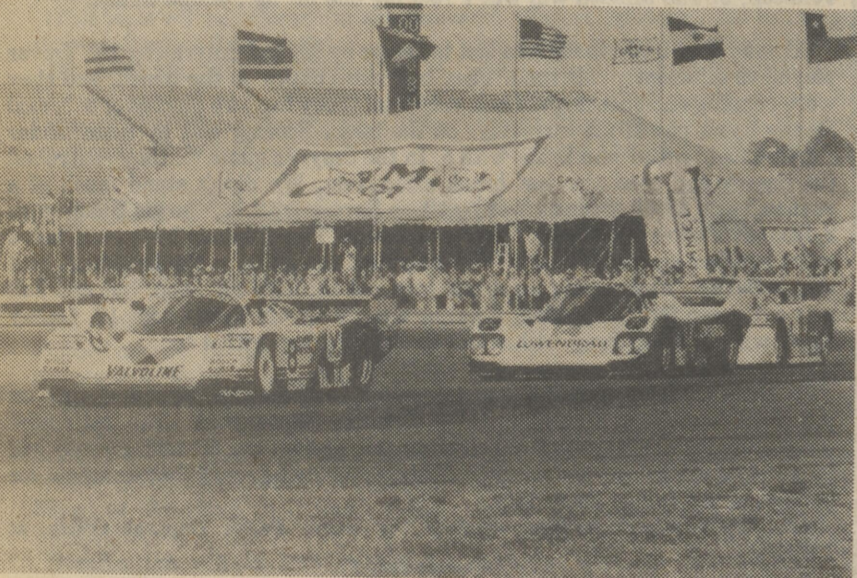

Things have worked out well for Wallace with Alugard in more than one way. Impressed both by his enthusiasm for the product and his skill as a racing driver, BASF Wyandotte Corporation has become his sponsor for the Winston Cup NASCAR campaign. Other key members of the team are Cliff Stewart, owner of the Alugard-Stewart Racing Car Number 2 1985 Grand Prix which Wallace will be driving, and Darrell Bryant, chief mechanic.

Asked how Wallace views his own future, he put it this way:

"Thanks to the help of the Stewart racing team and crew chief Darrell Bryant, we managed to capture the Rookie of the Year title last year. We're entering the 1985 season in great shape, and with excellent sponsorship. Also, Stewart has just acquired a new engine building facility that will enable us, for the first time, to modify and test our own engines, to better meet difficult racing conditions. We have the resources, the experience, and the people to win...and that's exactly what I'm going to try my very best to do in 1985."

DAYTONA BEACH, FLORIDA — The focal point of the 23rd annual running of the Sunbank 24 Hours at Daytona Camel GT event on February 2-3, 1985, was the duel between the Porsche 962s of #8 Preston Henn's team; with drivers A.J. Foyt, Jr., Al Unser, Sr., Bob Wollek and Thierry Boutsen; and the #14 with Al Holbert, Derek Bell and Al Unser, Jr. at the controls. Both started from the second row. The Holbert/Bell/Unser team dominated the event, pulling to a 13 lap lead at one point, before fuel system problems slowed the car. The Foyt/Wollek/Unser/Boutsen team gained the lead with less than an hour to go in the endurance event and went on to win, completing 703 laps around the Daytona International Speedway. ## McDonald to serve as Grand Marshal of Daytona 500

DAYTONA BEACH, Fla. — F. James McDonald, president and chief operating officer of General Motors, will serve as Grand Marshal of the Daytona 500.

McDonald is the latest in a series of prominent citizens to accept the honorary role. He will preside over the running of the 27th 500, to be held February 17 at the Daytona International Speedway.

"It's an honor for us to have a man of Mr. McDonald's stature accept the role of Grand Marshal," said Bill France

Jr., president of the International Speedway Corporation. "He is an outstanding citizen and an outstanding businessman."

McDonald is a lifelong employee of General Motors, starting in the foundry division and serving in various engineering, sales, production and control and manufacturing positions over the years.

He was named general manager of the Pontiac Motor Division and elected a

## Lower Delaware tracks tackle high cost of racing; Confirm '85 rules

by Don Allen

In an effort to curtail the spiraling cost of dirt track auto racing and enhance the quality of the sport in Southern Delaware the promoters of the Georgetown and U.S. 13 Speedways announced this week that both their facilities will use the same rules governing the Modified, Limited Late Model and the new Street Modified divisions in 1985. Also it was announced that the rules themselves contain some points designed to take the strain off the competitors' pocket-books.

Charlie Cathell of U.S. 13 Speedway and Tony Donofrio and George Macintire of the Georgetown Speedway have hosted individual meetings for the drivers and owners in the region over the last months. They have used the opinions voiced at these forums as an aid in making these policy changes.

The new rule changes concern tire size and pressure along with vehicle weight for all classes. It should be noted that the Georgetown Speedway has no plans for running a Late Model class at this time. U.S. 13 does and

there are changes in store for them also.

For Modifieds the minimum post-race weight will increase to 2600 lbs. with driver. They are limited to thirteen inch width maximum tires and the right rear must be either a Hoosier D-20 or D-30 or a McCreary D-1 or D-2 with a minimum pressure of no less than fourteen pounds.

Late Models (U.S. 13 only) must also weigh in at 2600 lbs. with driver after the race. They will be limited to eleven inch maximum width tires and their right rear must be either a Hoosier D-20 or D-30 or a McCreary D-1 or D-2. The right rear pressure can be no less than fourteen pounds. In the case of both the LMs and the Mods, no cutting or trimming of the tires will be allowed.

The Limited Late Model rules will remain the same as in 1984 with the exception of tire pressure.

The street Modified division will debut this year at both tracks. This new "claimer" division will attempt to recapture the thrill of the early years

of oval track racing. The rules for the class have been written with economics in mind. It is hoped that this will open the door for all those would-be racers to try their hand at the sport.

Any 1960 or newer sedan or station wagon with a wheel base of no less than 112" will be eligible providing it complies with the safety and structural requirements outlined in the rules. This will be a "claimer" division with a value limit of \$500 placed on the engine from water pump to bell housing, not including bell housing, and a complete car value limit of \$1000. This claim price will not include the shoulder

harness, fuel cell or blow proof bell housing. Claiming rules will differ somewhat between the two tracks. Rules for the Street Modified as well as all the other classes can be obtained by writing to U.S. 13 Speedway, R.D. #2, Box 181, Laurel, De. 19956; Phone (302) 846-3868 or (301) 742-4016; or First State Promotions, Inc., P.O. Box 31, Lewes, De. 19958; Phone (301) 645-5312.

U.S. 13 will open the '85 season with the URC Super Sprints, Saturday, April 18th and Georgetown Speedway will open their gates, Friday, May 10th.

## Quit Smoking for Someone you Love

The Delaware Lung Association is encouraging smokers who want to quit to "Do It For Someone You Love" this Valentine's Day.

In order to help smokers kick the habit, the Lung Association will be providing free quit smoking packets, which include a Valentine's Day card that says "I'm Quitting For You Because I Love You" or "I Love You, If You Love Me Please Quit". The packet also contains information on ways to quit smoking and a schedule of quit smoking clinics.

The purpose of this program is to give smokers another reason to quit, to show their concern for someone they love. Many smokers have tried unsuccessfully to quit. Hopefully, this campaign will motivate smokers to try to give up smoking again.

To receive your FREE quit smoking packet, please contact the Delaware Lung Association, c/o Eastern Sussex Family Y.M.C.A. at 227-8018.

## "Skate for Heart"

February is Heart Month and the Kent County Division of the American Heart Association invites you to celebrate it and your good health by participating in "SKATE FOR HEART." The Dover Skate Center along with the American Heart Association will sponsor a 7 hour roller skating event on Saturday, February 23 from 10:00 a.m. to 5:00 p.m. Participants collect pledges from their family and friends for every hour that they skate to help in the fight against heart disease. Participants must turn in \$15.00 of their pledges the day of the Skate, and at that time they will receive their Skate T-Shirt, free skate rental and a free lunch supplied by Rax Restaurants. Other prizes include barrel bags, jackets, and ten-speed bike which will be awarded to the person who turns in the most money. All participants who raise over \$50.00 will be eligible to win a personal computer, so grab your skates and join in the fun.

## "Dance for Heart"

Aerobic dancers from all over Kent County will be participating in "Dance For Heart" on Saturday, February 18th from 8:30 p.m.-7:30 p.m. at Center Court in the Dover Mall.

For more information, call the Heart Association Office at 734-9321 or "Dance" Chairperson, Robbie Weakland of the Aerobic Dance Company at 734-9841.

MOM  
You raised me from a baby,  
And showed me right from wrong,  
You taught me many lessons,  
That made me very strong,  
And as you may have guessed it,  
This poem is just for you.  
It's my way of saying the things I never do,  
But Mom you're very special,  
And you mean the world to me,  
You're the sunshine of my life,  
I'm so happy you're here with me.  
There are five little words in this heart of mine,  
That I saved for my special Valentine,  
Five little words meant just for you,  
Sealed with a lot of hugs and kisses too,  
Right from my heart just for you,  
And here's all I have to say,  
"I'll love you always Mom".  
Happy Valentine's Day!  
All my love,  
Jamie
