## Progress continues on Historical Museum

by Grace Welch

Porter and Sons have been engaged to scrub and clean the Cathedral ceiling and the three overhead beams.

The window stops are in place for the installation of the windows at any time. There is still a need for 5 rolls of insulation; these have been on a donation basis at the cost of \$15.00 a roll. Call 398-3635 or 398-8354 to donate.

The type of lights and placement of outlets are in the hands of the

electrician. This has been done under the advisement of Mrs. Jan Wood of Dover Electric and Ms. Susan Chandler of the Division of Historic Preservation.

When these projects are completed, we will be ready to install insulation, wall-board and wainscoting.

Don't forget the auction at Taylor and Messick this Saturday night April 20, at 7:00 p.m. The money earned there will help to finish this project all the sooner.

### Harrington Library to celebrate Library Week

HARRINGTON. Children from kindergarten through 2nd grades totaling about 185 students in all will tour the Harrington Public Library this week. The purpose of the tour is to acquaint the students with the location of the library and the many things offered there.

There will also be a film offered entitled "Look in The Answer Book", which is all about libraries.

### Lewes teen victim of kidnap and rape

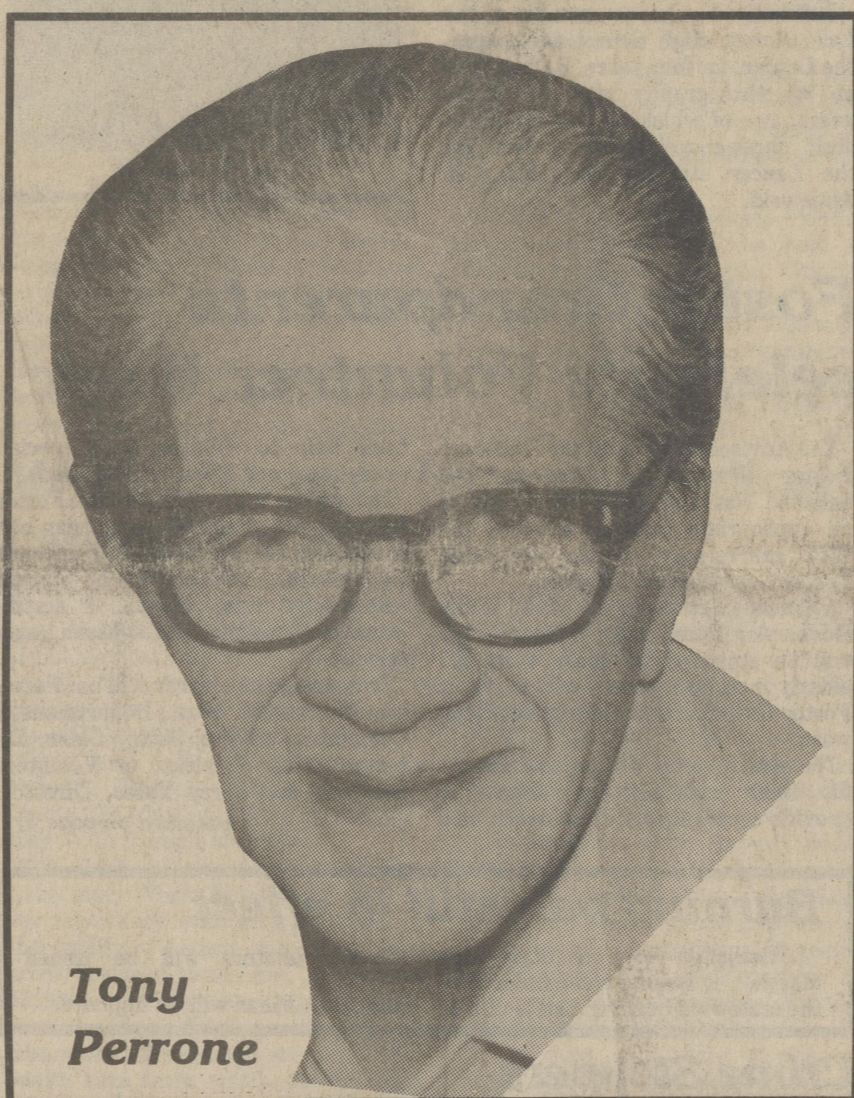

A seventeen year old Lewes, Delaware girl was the victim of a kidnapping and rape Sunday night. The teen was hitchhiking along route 1 from Lewes to Rehoboth. Around 8:30 p.m. near route 24, a motorist stopped to give the girl a ride. She was driven to a beach access road south of Dewey Beach. The victim was forced into the rear seat at knifepoint and raped. She was then released and walked to her home. The teen was taken to Beebe Hospital. The victim described the rapist as a black male with short afro-styled hair, a beard and moustache, an earring in his left ear, wearing jeans and a black jacket. He operated a small, dark colored vehicle. Delaware State Police from Troop 4, Georgetown, are investigating this crime and seeks further helpful information on the rapist.

### Child abuse legislation proposed

State Representative Jerry Buckworth (R-Camden), is sponsoring legislation pertaining to child abuse and the testimony of children in criminal cases. Rep. Buckworth, his intentions are two-fold. He said he wants to weaken the leverage that child abusers exert over their victims. And, he hopes his bills would work to strip away the veil of anonymity behind which many child abusers act.

The first of the three bills charges anyone interfering with the testimony of a child with a 'Class-D' or 'Class-E' Felony. The second piece of legislation permits the videotaping of a child's testimony (age twelve or younger) in a place outside of the courtroom. The third bill in the package removes the exclusion in the existing code whereby a child may be excluded from testifying in a criminal matter on the basis that he/she does not understand the significance of oath taking.

Tony Perrone

## Harrington businessman dies

by Anne Paladino

Luigi Antonio Perrone, better known to us as Tony Perrone, Sr. died on Monday, April 9th.

Tony suffered a stroke on Saturday, December 29th which paralyzed his right side and rendered him speechless. He was a patient at MMH for one month followed by two weeks at Courtland Manor Nursing Home where he remained til March 30th when he went to private care in Milford.

Prior to his illness Tony was a very active member of the Harrington Senior Center, Jolly Timers Band, and Saint Bernadette's Catholic Church. He will be sadly missed by the many friends he had in the community.

He is survived by his son, Luigi Antonio Perrone, Jr., known to all as Tony, Jr. of Harrington.

Following is a profile of Tony Sr. as it appeared in this newspaper on May 18, 1974, written by Margo R. Farrow.

Since 1933 Harrington has been the adopted home for one of the most well-known businessmen, and above all, craftsman left in the area. Known to most as Tony, Mr. Perrone is truly a member of an age-old craft doomed by the wheels of industry.

To classify him as a repairer of shoes is a travesty for one who has been developing his craft since age nine, spanning over a half century.

Life began for Tony in Saint Agata d'Esaro, a town then the approximate size of Harrington. It lies in the province of Cosenza, Italy.

Vocation and avocation came almost simultaneously into his life when at age nine or ten, he says, he began working on shoes after school, as well as playing the violin. By age 13 he was in business for himself making his own shoes. Somehow he found time to take up the trumpet.

When Tony was 16 his parents and sister, Mary, came to America while he went to Naples to live with an uncle. It was here that his two interests were refined. He not only studied music at the conservatory there, but learned shoe design and the physical aspects of the foot. He remembers having had an original shoe creation every month as part of his assignments, as well as learning to create shoes from the designs on paper to the finished products. He also found time to visit those romantic sounding places...Sorrento, Capri, Pompeii...Sunday excursion points for Neapolitans.

In 1932 he came to America, arriving first in New York. From there he joined his family in Ludlow, Pa. Through urging of relatives the Perrones settled in Harrington in 1933, where Tony opened his business.

He has occupied three locations since then. At first he was located where the post office now stands. Across to Fleming Street was the first move, to a building once standing between Raughley Insurance and the Harrington Dry Cleaners. His last move was to the present location on Clark Street.

Tony's father first came to America as a bachelor. He found work in a tannery, although in Italy he had been a farmer and barber. On a return trip to Italy he married Tony's mother. She worked in a silk factory, one of two in the town. As a child Tony took her lunch to the factory. The machinery and materials he saw are still vivid memories. When Mrs. Perrone settled in Harrington, she continued to work with fabrics, finding employment in the Ace Dress Company.

It seems only natural that in 1938 Tony was to return to the home town

## Local postal worker saves burning house

by Harry G. Farrow, Jr.

HARRINGTON. Norman Short, a rural mail carrier last week while delivering mail near Staytonsville saw five people running from a house. On closer inspection, Short, who is a member of the Harrington Volunteer Fire Co., saw smoke coming from the dwelling.

"I stopped the car in front of the house...and ran toward the people who were fleeing the house. When I saw they were at a safe distance from the house, I went inside to put out the fire", said Short.

The fire he discovered was localized in the kitchen. "Flames were leaping from the counter top to the bottom of the kitchen cabinets," he added. "I grabbed a pitcher...which was all that I could find, and ran down the hallway to the bathroom for water. I kept carrying the water to the fire and throwing it on the flames until I was able to put it out", he said.

If Short had not acted as quickly as he did the house would have gone up in

Norman Short

flames. By the time the fire company arrived the fire was under control.

## Delaware teens attend National 4-H Conference

Three Delaware teens are spending the week of April 13-19 at the 55th National 4-H Conference in Washington, D.C. David A. Simpson, Karen Taylor and Matthew Smith were chosen as delegates from New Castle, Kent and Sussex Counties, respectively. They will be accompanied by adult volunteer Betty Lou Gooden (Wyoming) and Sussex County 4-H agent Ernest C. Young.

Karen Taylor of Harrington is president of Kent County 4-H Junior Council and intends to study nursing and perhaps psychiatry. She serves on several of her local club's committees and says 4-H has helped her become more self-confident.

Matthew Smith of Bridgeville has been chosen as Delaware's national 4-H

ambassador for 1985 and will spend 12 hours in public relations training with other state ambassadors at the conference. He is president of Sussex County 4-H Junior Council and values the opportunities 4-H provides to meet new people, organize activities, and bring new skills and knowledge to his family's farm.

The teens and accompanying adults from Delaware are joining others from around the U. S. at the national 4-H center in Washington. During the conference they will discuss program development, public relations and organization. They will also offer input on the national 4-H program and exchange ideas useful to their local club programs.

An accident just north of Delaware Avenue, Harrington around 3:00 p.m. on Monday sent two to the Milford Hospital in guarded condition. The Toyota station-wagon on the left of this picture hit head on into the car on the right. The station-wagon driven by Santiago M. Perez [35] of Bronx, N.Y. had stopped at Shore-Stop Convenience Store. When Perez entered the highway again, he proceeded north on the southbound lane of US. 13. Harry Carney, Jr. [77] and his wife of North Queen St. in Dover were headed south on US. 13. The Carney's were treated and released. Perez was admitted to Milford Hospital with a broken right leg and head injuries as was his son Clarice [9] who suffered head injuries. Four other occupants of the Perez vehicle were also treated at the hospital. Charges are pending. Photo by HGF.

to marry. A somewhat remote musing steals over him when he recalls those days of courtly romancing. One can only call it that because the young men took turns serenading their girlfriends. In groups of three or four with guitar, mandolin and moonlight, how could Francesca resist? She didn't, and their marriage in 1938 continued until her death in 1960.

One surviving child, Tony, Jr. has continued the love of music fostered by his father. It carried him as far as the Peabody Conservatory of Music in Baltimore, Md. He is now employed by Gerardi Brothers in Denton, Md. The Gerardis were the relatives who encouraged the Perrones to originally settle in Harrington.

Several other shoe businesses have competed with Mr. Perrone through the years. At present his is the only one left. It's a casual atmospheric place now, but he recalls working to the point of physical illness during World War II. During those days he stayed open until midnight on Saturday repairing work for people who had come into town for shopping and the movies. Throughout he has generally worked alone, traditionally taking Wednesday for himself. Now, he says he comes and goes as he wishes. Working is something to occupy his time.

The hardest job he has handled over the years was repairing canvases used to cover truck loads. For those he had to move his stitching machine into the street because of the bulky covers.

He still has the orthopedic shoe that he started to make for a lady who, as

women will, changed her mind. The shoe still rests on its wooden form, the leather in perfect condition. It's a conversation piece now, a silent testimony to the craftsman. Cost and mass production have made the craft almost extinct now, with a handmade pair ranging somewhere around \$135.

The shoe styles currently popular bring grimaces to our craftsman. "Young girls will cripple themselves in...boxes...junk", advice he freely gives to those who come in his shop. This opinion is also shared by many doctors, so Tony isn't prejudiced against factory-made products.

Of the "old school", Mr. Perrone doesn't mince words with the customer, and he believes in the satisfied customer. During our interview a young woman came in with her husband's work shoes. He looked them over, advised her that they weren't worth the labor and materials involved in the repairing, and offered a substitute pair (same size) for the expense he had in them. It looked like more than a fair bargain. His system must work since he's now repairing shoes for the third generation of customers.

As of May 1 he has been given notice to move, since projected plans for the construction of a new building are underway for the space his building now occupies. He gives a classic shrug in response to questions about the future. If he can find a new place, well... if not...we weren't told anything definitely. To whatever the future brings, Mr. Perrone, GRAZIE and BONA FORTUNA!

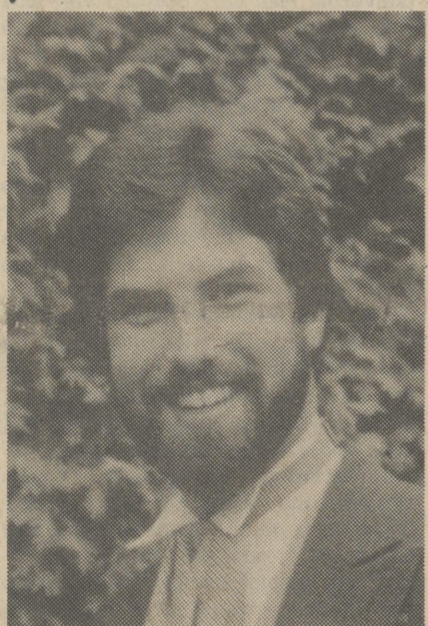

# Kevin Wooters appointed General Manager of oldest existing business in U.S.

John P. McGough, President and Chief Executive Officer, of the J. E. Rhoads & Sons Inc., America's oldest company, located at 125 Ruthar Drive, Newark, Delaware, announces the appointment of Kevin N. Wooters, 4 Cedar Creek Ct., Bear, Delaware, as the company's General Manager.

Mr. Wooters, son of Norris and Mary Wooters, Harrington, Delaware, has been employed at J. E. Rhoads & Sons for five years. When Mr. Wooters came to Rhoads, upon completion of four years at the University of Delaware, he started in the Rhoads factory as a laborer. Shortly afterwards, he was made Sales Service Coordinator, and in September, 1983, was made Manager of Technical Sales and Service. March 1, 1985, he was named General Manager of the company with responsibilities for sales and manufacturing. In July, 1984, he was awarded the outstanding employee award as special recognition for outstanding performance by his fellow employees.

J. E. Rhoads & Sons has been in the Wilmington area since the Civil War; and prior to that, near Philadelphia. The company currently manufactures conveyor belts of high technology components, but originally started as a

manufacturer of leather belting. J. E. Rhoads is officially the oldest existing business in the United States having started in 1702. In addition to being the oldest business, it has been owned by the Rhoads family for 283 years.

# SAT diagnosis at Terry Campus

The Terry Campus of Delaware Technical & Community College is offering four more opportunities for students to take a sample Scholastic Aptitude Test and receive a computerized diagnosis of their strengths and weaknesses.

In a simulated test taking situation, using the Commodore 64, students can test and receive a printed diagnosis the same day. This diagnosis is designed to

aid students in determining their weaknesses and to help them to allocate their preparation time for the SAT more effectively.

The sample test can be taken in Room 216 from 9:00 to 12 noon on the following dates: April 20, April 27, May 18, and May 25. Fee. For information on registration, contact the Continuing Education Office at 736-5402.

# Local student wins National Award

Felton-Lake Forest High School senior Doug Huffstutler has been declared a National Winner in Quill and Scroll's National Writing and Photography Contest.

Huffstutler's winning entry in the news-feature photography category was a photo of Senator Joe Biden signing autographs in the high school cafeteria during National Cafeteria Week. His entry was one of 184 submitted in the news-feature division.

As a National Winner, Huffstutler has been awarded a National Award Gold Key from Quill and Scroll, which is the International Honorary Society for High School Journalists.

Huffstutler has been a member of the Lake Forest High School newspaper, the *Lancer*, for four years. He has been on its photography staff for three years, two of which he has served as staff photo-coordinator. Advisor for the *Lancer* staff is Mrs. Mary J. Szajewski.

# Foster Grandparents celebrate Volunteer Week

The Advisory Council of the Delaware Foster Grandparent Program has selected National Volunteer Week as an appropriate time to observe the 18th anniversary of the statewide Foster Grandparent Program.

A luncheon on April 26, 1985, at the Dover Air Force Base Officers Club will be attended by more than 200 elderly men and women who serve as Foster Grandparents throughout Delaware.

The entire group will be commended for their extraordinary ability to provide encouragement, guidance, and

basic help to children with special, exceptional and often critical needs.

Though one may volunteer as a Foster Grandparent at age 60, more than half of the group are age 70 to 87. This lends significance to the fact that 63 percent will receive pins, plaques, or certificates for three through eighteen years service.

Presenting the awards will be: Secretary Frances M. West, Department of Community Affairs; Nancy Olsen, Director of the Division of Volunteer Services; and Jerry Yates, Director.

### MMH celebrates National Medical Laboratory Week

The Milford Memorial Hospital Laboratory Department will celebrate National Medical Laboratory Week, April 14-20, 1985, with a variety of educational and social events for the Hospital staff and general public.

The events center around this year's National Medical Laboratory Week theme "The National Medical Laboratory - In Pursuit of Answers."  
"We think that the National Medical Laboratory Week theme best describes our laboratory staff's contribution to the quality of patient care and to the preservation of human life," said Linda Hudson, laboratory spokesperson. "By participating in the diagnostic process, laboratory professionals are part of the health care team which also includes the attending physician, nurses, and other health professionals." Some of the ways Milford Memorial Hospital's Laboratory Department will demonstrate how their vital role affects the community will be through informa-

tional displays at the main lobby of Milford Memorial Hospital on Wed., April 17, 1985 from 11 a.m. to 3 p.m. and at the Dover Mall on Saturday, April 20, from noon to 9 p.m.

Milford Memorial Hospital's Lab is certified by The College of American Pathologists, a national organization whose goal is to insure quality and professionalism. MMH recently added a Chemistry Profile Analyzer which greatly enhances the Lab's capability. The Milford Memorial Lab Department is recognized as a leader in providing cost effective quality lab work to its community. Milford Memorial Hospital consistently upgrades its instrumentation in step with state of the art technology. The laboratory employees are also kept abreast of new theory through continuing education. As a result, the highest quality of testing is achieved on site at MMH, keeping reporting time and patient cost factors to a minimum.

## Senior Center by Dorothy Graham

Smile! Happy Birthday April Folkl Almost didn't make it, huh? "Grow old with memories not regrets." Joanne McKnatt. (Our own Harrington Girl).  
Could you believe your eyes when you saw the snow this week. Easter flowers blooming all over the place and Snow. It was a fabulous sight but wonder if any great damage was done to the apple trees and other vegetation?  
Monday morning Bible Study at the Center is always a meeting of nice folk enjoying the singing-prayers-reading of favorite poems or articles. Discussions of trying to understand the Word. It is a happy hour that leaves you happy! Join in and partake of the blessings you will get.  
The Jolly Timers or Kitchen Band - is another time and group that welcomes you to H.S.C. Even if you don't care to join the band you will hear the fun they have practicing. They are like a big happy family - planning a song fest. Sylvia directs and also has a turn at the piano as does Virginia.  
Senior Chorus on Wednesday morning makes you perk up your ears and listen for your very most favorite oldie. Nostalgia it surely is. Like "Let Me Call You Sweetheart", my favorite. I can't sing and neither could my husband George but we used to belt it out every once in a while. With all four kids in the back seat, it was one way to keep them quiet, of course they stifled their laughing by holding their hands over their mouth. Well, I told you, neither of us could really sing. How about you? Isn't there a song that brings fond memories back to you? Another song that reminds me of a very favorite person many of you knew was "The Best Things In Life Are Free." I had gone to see the doctor and it was of course Dr. Chipman. My right eye had a cinder in it and no one could get it out. Consequently, went to see the doctor and pronto onto the cinder came. Ask how much I owed him, he said nothing, so as I was going out into the filled office I sang "The Best Things In Life Are Free," he took hold of my coat collar and said singing that again. Embarrassed almost to tears (for as I stated, really I cannot sing). Anyway, everyone in the office applauded and I continued with the song belongs to everyone, the best things in life are free and a couple more lines and away out the office door I went. If anyone reading this remembers this, please

give me a call, sure would appreciate it. Thinking of Dr. W. T. Chipman brings up a heap of memories to lots and lots of people. He was a good part of Harrington. He told me when he delivered each of my four children, "You know Dorothy you were the second baby I delivered in Felton. He told me who No. 1 was, but have forgotten the lucky one. Years later we had a service station directly in front of his home and I was painting in oils. One day I began a painting of his home (it was red brick then), began painting about 2:00 p.m., it had rained a bit, as I began to paint, Doctor went into his office and sat down in the chair in front of his desk and by a window, his white sleeve was showing very plainly to me so I put a dash of white paint in that very area. How glad I did for never again could I have honestly put it there for the next morning he died. I finished the painting, showed it to Mrs. Chipman and Suzanne. Later presented it to W. T. Chipman School. Can't you think of lots of nice things about our Dr. Chipman. Oh, there are lots of funny things too, but first and foremost he was everyone's Dr. Chipman. The most famous ride I ever had was in his car when he lived on Weiner Ave. I was sent to get him as my Aunt was at our house and was ready to deliver her first child (of course I didn't know this at that time). I was told to go as quickly as I could and tell Dr. to get there fast. So he picked me up (my legs were short, still are) and wouldn't reach the running board) and set me beside him, away we went around the corner to Calvin St. I can remember how great he looked, tall, hat pushed back on his head and a starched white shirt showing beneath his coat. When he came out of the bedroom his shirt was a mess. I heard a very small cry and a while later I was ushered in to see what the Dr. had brought. The baby was so-so small. I remember being very angry with my aunt for making such a mess over such a small thing. I was only a small tyke myself, four years old, but that day I remember well.  
Felton folk well remember him, as well as Harrington and Milford and all near by vicinities.  
It's been nice hearing from lots of my friends since I have been under the Weather and thanks so much for your cards, visits and other kindnesses to me. I love you. Best wishes to all. Be kind to each other. Visit the Center, you will be glad. Faith.

## Gab Fest by Pat Hatfield

April 9, 1985, is a date we may wish to put in our diary. We thought we were well into spring with the flowers blooming, the little leaves and buds coming out all over, but last night the Master Painter made us a beautiful picture that looked like Christmas Eve. The red Japonica, the baby purple lilacs in my yard and the golden Forsythia in my neighbors yard were all decorated with soft, whipped cream snow. And under the evergreen on the ground a wee dove was walking around looking for food where she had found it before.  
Dad and I discussed the state of the vegetable garden at breakfast. We decided all was well. The peas are up but they like cold and wet weather. The cabbage plants do not mind and neither do the onions. The potatoes are not up yet.  
During the 80 odd years of our life, we have seen these late April snows. In the year 1915 Dad recalled that it snowed all day on Saturday and on that Easter Sunday morning, he went for a sleigh ride.  
I remember another April when I was working in Dover for the Conference Board of Religious Education, and when my boss came in that morning he yelled April Fool, since it was the first day of April. I replied that it seemed more like Merry Christmas. Many of our Delaware snows seem to come in the spring. Even the famous blizzard of '88 was in March.  
Someone named Gregory McDonald says in Boston Magazine, "Life is a horse, and either you ride it or it rides you!" How very true. So, come on, cowgirls and cowboys, hop on and let's go! I had to be very firm with myself this morning. I would like to have snuggled into my easy chair with a warm blanket and a good book but the house was screaming at me to get up and remember my part in this little corner of the universe. So I got into the saddle and vacuumed and dusted and spit and polished, feeling that I was definitely in the driver's seat. I noticed that the robin was singing in the sycamore tree. He believes in spring... so shall I.  
I was reading recently what some scientist's predictions are regarding what grocery shopping will be like in the year 2010. As I thought about it, I began to feel that it will be another case of trying too hard. You have your computer card with you and you punch in at the door. A sample item is displayed on the shelves. You push a button to indicate how many and so on. After you have concluded your button-pushing tour, you will end up at the check-out counter where your groceries will be waiting for you. Well, that might be o.k. for a can of peas or a box of cinnamon, but when it comes to lettuce, I know that all the heads are not alike. I want to look them over, heft a head in my hands to see if it has good weight and the unusable leaves have been removed. Likewise the carrots and a personally selected cucumber. I can accept assistance, but I still want to be in the driver's seat.  
Now, on the happy side, wasn't that a marvelous, perfect Easter Sunday? Sunshine kept the Easter Bonnets and the pretty clothes in fine shape. I never seem to have new clothes, but my precious family, especially my daughter, always sees that Mom has an orchid to wear. We all know that there's nothing like an orchid to make a woman feel loved, honored and very, very special.

This Children's Choir will start a new musical this Wednesday evening at 6:30. All children who participate in the choir are urged to be present and on time. CYC classes will follow the choir rehearsal. The Youth service starts at 6:30 on Wed. evening in the Fellowship Hall. The adults will meet with Pastor Miller for Bible study based on the Gospel of John.

An exciting Sunday School attendance campaign came to a close on Sunday, April 14 with the LAMBS (Nursery through Grade 9) winning over the LIONS (Grade 10 through Adult level). The 4 week effort resulted in excellent gains throughout the entire Sunday School. Mr. & Mrs. Homer Sherwood and Mrs. Mabel Jean Donovan gave leadership to the

LIONS, while Mr. and Mrs. David Tarbuton coordinated the efforts of the LAMBS. Sunday School convenes each week at 9:30, with the Morning Worship Hour starting at 10:40. The Evening service is at 8:00. A called meeting of the membership is set for Sunday, April 28th at the close of the morning worship service when the architects plans for additions and renovations to the church will be presented. The membership is asked to prayerfully consider the much needed improvements and additions to the sanctuary.

Happy Birthday Greetings this week go to William H. Mervine, IV; Martha Morelli, Bob Garey, Jr.; Bonnie Maris, Ann Larimore, and April Sherwood.

## From the Pastor's Pen

by Clifford Lones, Pastor Independent Bible Fellowship Church Harrington, Del.

There are many characteristics of God described in the Bible. Two of God's characteristics which some people find difficult to harmonize are God's love and God's justice. The Bible does say that God is love (I John 4:8) and that He is just (I John 1:9). Some people find it difficult to understand that if God loves people how could He send them to Hell. However, herein we find the harmony between God's love and God's justice. God cannot just overlook sin simply because He loves. Hell is the eternal judgment for sin. Those who die in their sin will go to Hell. But, "God so loved the world that He gave His only begotten Son, that whosoever

believeth in Him, should not perish but have everlasting life (John 3:16).

Jesus died for our sins. He who never sinned, died in our place. He took our judgment and thus the justice of God was satisfied. We believe in Christ as our personal Savior, God saves us from Hell and His love is therein expressed.

We see then that in Christ the justice of God was executed for sin and the love of God was expressed in that salvation comes to all who will believe and receive Christ. "For as many as received Him, to them gave He the power to become the sons of God, even to them who believe on His name" (John 1:12). Have you received God's love in Christ or are you facing the judgment of a just God?

## Asbury United Methodist Church

Reporting on the Scavenger Hunt which was held on Sunday from 4 to 6 p.m., it has been reported to me that all who attended had a good time. Approximately 20 to 30 members attended, young and old alike. The group broke up into 5 teams and went in pairs to collect all those items on their list. Refreshments were waiting for all when they returned. Again, some of us missed a fine time, but we look forward to the next time to fellowship together with God's blessing.

Events coming up for the week of April 21st: Sunday School at 9:45 a.m. and this Sunday is "Bring A Friend" Sunday. Someone may be out there waiting to be invited - lets see some new faces in Sunday School.

Then during our morning worship service at 11:00 a.m. our Nursery

Dept. will be spotlighted. These young people are a blessing to us all. I sure don't want to miss this Sunday. "How about You?"

Also on Sunday the 21st is Contata practice at 3:00 p.m. in the Sanctuary.

This Contata will be presented on April 28th by the combined choirs - Chancel and Cathedral - under the direction of Matt Burgess and accompanied by Crystal Shockley.

Many of you out there know Matt Burgess as a soloist, as he has performed in many churches - now come hear these choirs under his fine direction.

We still have many members who are ill - please keep them in your prayers.

Prayer for the Week: "Lord, may I not forget that you are the source of all my blessings." Robert Hosack.

## Mt. Carmel Seventh-Day Adventist Church

The Senior Class of Mt. Carmel Seventh-Day Adventist Church gave the Easter Program. The theme was "Jesus Christ Alive". The program was outlined by the Senior Class members marching into the church singing "Walking Up the Kings Highway" followed with introductions and recitals telling of Jesus rising from the dead. The class sang Easter Bells, Were You There, He Lives and Tell The World About Jesus. A pantomime skit was given "Mary, Mary and Salome". Reginald Collick - Narrator, Angel - William Conaway, Mary - Shirley Conaway, Mary - Marjorie Conquest and Salome - Mildred Polk. The ladies went to Jesus' tomb to discover Jesus' body gone and an angel told them to go and tell the world Jesus Christ is alive and for the disciples to meet him in Galilee. The program ended with a play entitled "Jesus

Christ Alive". The setup was in a news room where the reporter, played by Marjorie Conquest interviewed Peter (Wm. Conaway), Mary (Mildred Polk) and Mary Magdalene (Shirley Conaway) who told Jesus had risen from the grave and is alive. The parishes (Reginald Collick) paid a guard (Roger Rosman) to tell a lie and to say Jesus body was stolen by the disciples and moved to another grave. Elizabeth Seth, Mabel Benson and Lucile Brown were the newspaper women who went out into the audience yelling Extra, Extra, Read all about it, the crucified Jesus Christ claims to be Alive; Extra, Extra, Read all about it. The newscaster was played by Harold Conquest. The message came across that Jesus Christ is Alive. The Senior Class teachers are Reginald Collick and Harold Conquest and the Adventist Youth Leader is Lavoney Collick.

## Ridgewood Express wins Invitational

### Grandpa's Roger takes Starburst final

A gutsy win by Ridgewood Express in the \$12,500 Invitational handicap pace and Grandpa's Roger's triumph in the \$10,000 final of the Starburst Series highlighted the week's action at Brandywine.

On Saturday, the "Express" scored a hard fought victory in the \$12,500 Invitational Handicap Pace in 1:59.2. After Shtarker with Buddy Bright took the lead at the start, the conductor Ken McNutt rushed the "big freight train" from the outside post in the six horse field to the front and passed the 1/4 in :30. As the horses passed in front of the grandstand, Kaystone Gent (Whiey Moore) charged up to take the lead momentarily before McNutt sent Express back to the top and passed the half in 1:00.2 and a 3/4's in 1:30.1 with Shtarker back out racing first-over.

When the field turned home, Express cut the corner and sprinted clear to about a four length lead until the favored May Wine (Jim Miller) found racing room after being locked in fifth. It was an almost identical stretch drive as the prior week's feature—Ridgewood Express digging in gamely at the rail with May Wine trying to wear him down on the outside. However, the outcome was different this week as the class 8-year-old Laverne Hanover horse reached the wire with a neck advantage to post the victory for the Chapter Stables and trainer Charlie Essenson. It was the third featured race win for Ridgewood in four features of the season at Brandywine. His only defeat was a nose loss to May Wine last time out.

The race honored the late Vern Crank, the popular Brandywine driving champion who was killed in a tragic hit and run accident last fall. Following the race, dozens of trainers and drivers joined in the ceremonies as Steve Milam, who trained Town Drunk, the outstanding free-for-all pacer driven by Vern, made a presentation to the Crank family as did U.S.T.A. director Grady Speers and track superintendent Bill Davis. For McNutt, one of Crank's closest personal friends, Ridgewood Express's triumph had extra meaning. "You only have a few special moments in life and this was one of them for me. I wanted to win this one for Vern and I'm so happy I did," said McNutt.

Grandpa's Roger enjoyed a two hole trip from driver Joe Hundertpfund, Jr., on the way to victory in the \$10,000 final of the Starburst Series on Sunday (April 14) in 1:58.3. Persistent (Sam Belote) rushed to the lead along with World Cup (Brian Manges) and passed the 1/4 in :28.1. When Belote refused to let World Cup go, Manges was forced to try to tuck in second. However, Hundertpfund alertly closed that hole and World Cup had to drop in third. Persistent passed the half in :59.1 and the 3/4's in 1:29 with Gary Jansee (Bob Winkelman) first-over and Allwood's Star Bid (Pete Petersheim) following him. At the head of the lane, Grandpa's Roger stormed out of the pocket on the way to a two length win with Allwood's Star Bid nipping Persistent for place

honors. Carmine Petrino and Ken Zimmerman own the 6-year-old Jolly Roger horse along with trainer Joe Hundertpfund, Sr.

Also on Sunday, Gene Landy's Meta Escape provided driver Jim Porter with career victory 1,499 with a 1:58.4 tally in a \$8,000 Open pace while Callahan and Tiberio's P.T. Joe (Walt Callahan) scored a 2:00.1 triumph in a \$5,000 Open pace. Bob Spencer's Oxford's Finest became the fastest horse of the young meet with a 7 1/4 length tally for driver Bobby Reeser in 1:57.4.

Co-featured on Saturday was a \$4,000 division of the Sidewheeler Series which went to Eusden and Winkelman's J.M. Max, posting his second straight win in the series for trainer-driver Bob Winkelman in 1:59.3. Also on Saturday, Designate, one of the 84 3-year-old colts and geldings nominated to the 1985 edition of the \$100,000 Battle of the Brandywine, made his seasonal debut a successful one. Skolnick and Crane's Albatross colt was well within himself in posting a 2:01.1 triumph for McNutt, who had a driving triple on the evening.

During the week, four other late closing series continued with many promising youngsters on display.

The most impressive of all continues to be Marvin Rounick's Ace Admiral, another Battle nominee. On Tuesday (April 9), the 3-year-old Bret Hanover colt won his sixth in a row for trainer-driver Jim Larente, Jr., with a 2:00.1 effort in a \$3,000 division of the Stepping Stone Series. Other winners in the Stepping Stone were: Windbeater (Bill Bowden, Jr., 2:02.2), Diety Hill (Tom Smith, 2:02), and USA Rocket (Pres Moore, Jr., 2:03.4).

The Princess Series continued to be exciting on Wednesday (April 10). Go Nancy Isle scored for Linda McNutt with a 14 length tally in 2:01.3. The 3-year-old Isle Of Wight filly has won her last five starts by a combined total of 61 3/4 lengths! The only time Serena Kalar's filly lost was when she was involved in an accident and did not finish. Paula and John Campbell's Keystone Shore also remained unbeaten in the Princess with a 2:01 triumph for driver Jim Campbell. Little A's Image won the other \$3,000 division for Mark Schwartz in 2:04.2.

L. W. Lawson (Terry Tomlin, 2:03.8) and Fran's BillyBob (Pres Burris, Jr., 2:03.3) won \$4,000 divisions of the Progress Trotting Series on Thursday (April 11) while Paper Brenda (Tomlin, 2:02.1) and Limestone Quarry (Rick Farrington, 2:02) were the winners in \$4,000 sections of the Starlet Series the next evening.

Also on Friday, Pizzelle scored a 2:03.4 victory in a \$5,000 Open Trot for Mark Daniels. The 5-year-old Super Bowl mare enjoyed a pocket trip behind Meadow Andrew, who took the lead with an awesome move after dropping back to eighth after an early break. In the lane, Meadow Andrew (Sam Beagle) tired from his efforts and Daniels was able to guide Herman Brown's mare between horses for the win.

## Lilly Captures career first at Wall Stadium

Wall Stadium — Ed Lill drove a superb race Saturday night for the thirty-five lap feature win. The victory was Lilly's first at Wall after many years of trying.

Starting on the outside pole position, Lilly wasted no time in charging into the lead as Robert Hendrickson ran second and Tony Ferrante, third. The top three drivers remained in that order as the first yellow of the event came out on lap twenty as last weeks winner, Vinnie Green spun into the infield.

On the restart, Lilly quickly picked up the pace as Hendrickson and Ferrante stayed in close pursuit. The second and final yellow of the race came out on lap thirty-two as Tom Michel spun in turn four. At this point in the event, Ferrante was forced to pull into the infield with overheating problems. With only three laps remaining, Lilly pulled away from Hendrickson to

record the win.

Gil Hearne got third followed by Tom McCann, Steve Ferrara, and Green.

In the thirty lap sportsman feature, Kevin Eyres recorded his first win of the season. Polesitter Dave Michel took total command of the event as the green flag waved and outside pole sitter Pat Patterson slowed on the start. Through seventeen laps Michel appeared to be headed for the win, but lapped traffic caused Michel to spin into the infield giving the lead to Martin Truex. Truex appeared to head for his second win in a row, but Eyres made his move around Truex on lap twenty-six to take the lead and the win. Finishing in third was Tony Ciccone.

Bob Haberstick captured was twenty-five lap modern stock feature besting Harold Dauncey and Jon Mine.

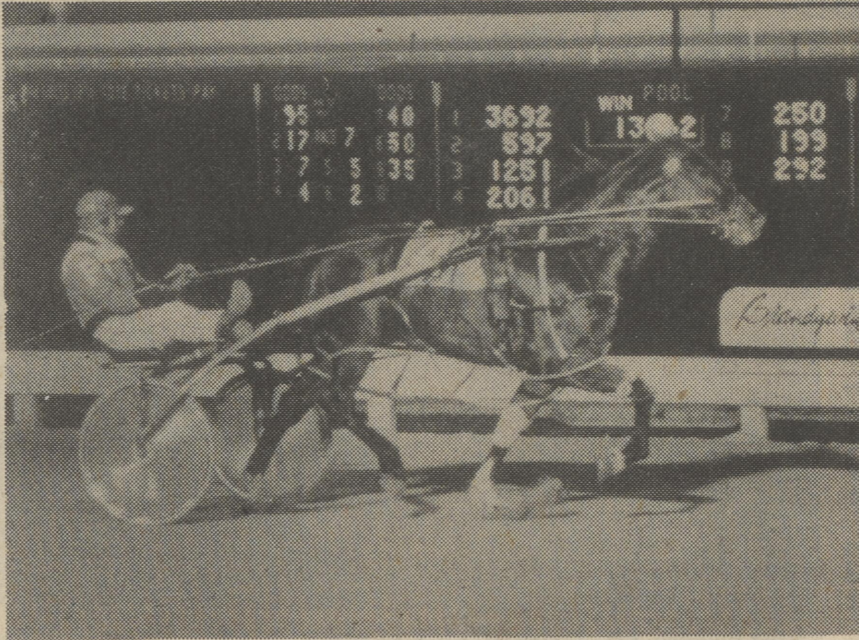

In the fifteen lap street stock feature, Glenn Slocum was victorious.

## Modified results at U.S. 13 Speedway

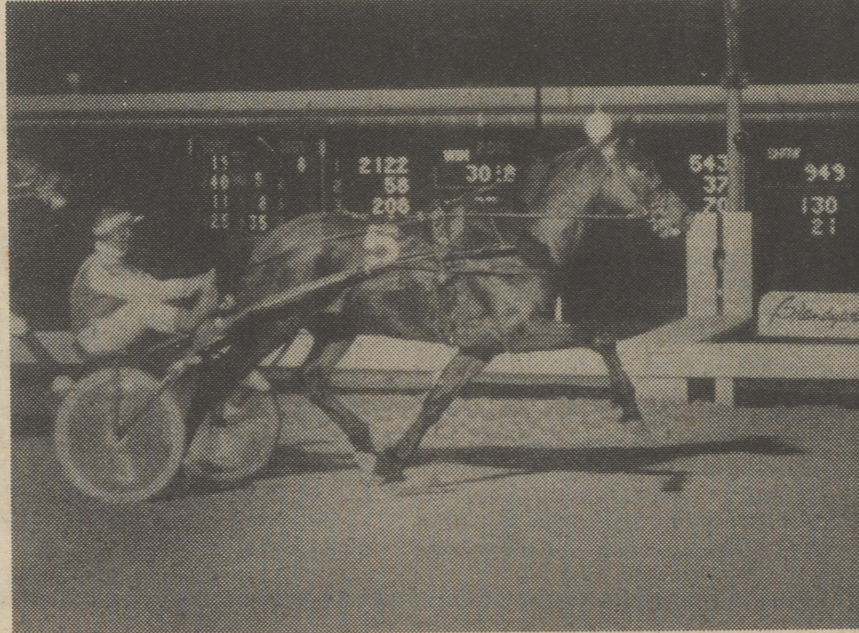

Freddie Brightbill took the 1st feature win at US 13 for 1985. Freddie Brightbill had a bad season in 1984 after winning the 1983 Modcar championship. Brightbill started 5th for the feature in the Stouffer Machine #25. The Reinhold, Pa. native hung tough in the top 5 consisting of Gary Trice #83, Hal Browning #100, Harold Bunting #19D and Gary Gallob #21. The top 5 staged a pitched battle with Gary Trice and Hal Browning opening the lead. Kozak driving the #90 moved to 3rd followed by Gary Gallob and Freddie Brightbill when on lap 16, Dave Nerl and Tony Damato made contact on turn 3 with no place to go

Gary Trice, John Kozak and Harold Bunting slid into the pair, sending them to the pits. Hal Brownings car failed in the next 2 laps giving John Kozak 2nd with Ronnie Tobias following. On lap 22, Ronnie Tobias took over 2nd place, giving chase to Freddie Brightbill, but couldn't. At the green it was Freddie Brightbill, Ronnie Tobias, Gary Gallob, Bob Wilkins, Charley Moore, John Kozak, Jack Sapp, Tony Damato, Chip Slocum, Bob Walls Jr. the top 10 finishers.

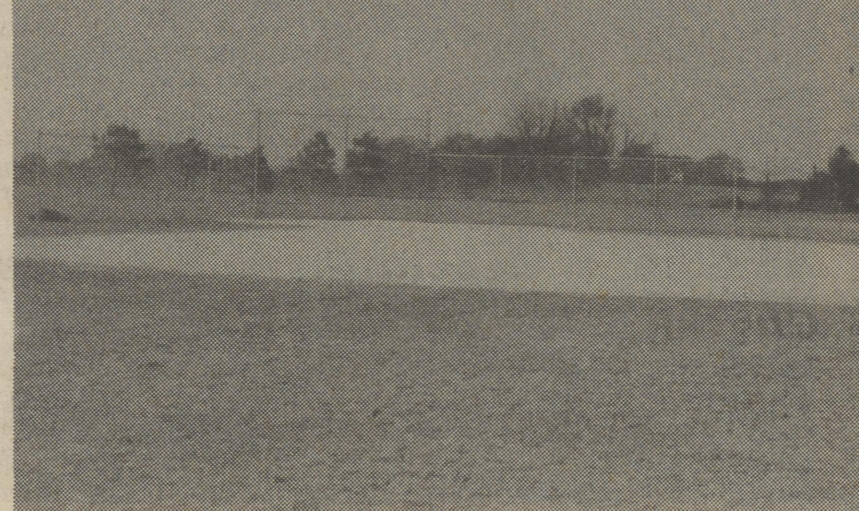

1st Heat Gary Trice followed by Gary Gallob. 2nd heat Harold Bunting and Hal Browning.

Art Frank & Tom Carlock's Allwood's Star Bid [Pete Petersheim] was an easy winner in a \$6,000 division of the Starburst Series in 1:59.2 at Brandywine on Saturday, April 6.

Rothman, Morris, & Nista's Stonegate Oasis [Ed Morris] scores an upset in a \$4,000 division of the Progress Series for trotters in 2:07.2 at Brandywine on Thursday, April 4.

## Olin offers do's and don'ts on disposing of marine flares to meet federal law

Boaters who must replace their expired marine visual distress signals this season are being advised of several "Do's" and "Don'ts" concerning safe and proper disposal of flares and other signal devices.

Federal law requires that all pleasure boats 16 ft. and over using coastal waters or the Great Lakes to carry Coast Guard-approved pyrotechnic signals, which must be replaced 42 months from the date of manufacture. As a result, Olin Signal Products, the leader in recreational marine distress signals, has made several recommendations to the National Boating Safety Advisory Council on Visual Distress Signals (VDS).

Acceptable methods for disposing of flares, including those manufactured in 1981 or earlier include:

- Retaining these flares for back-up use to expand signalling time in the event of an emergency.
- Donating expired flares to local Coast Guard Auxiliary or Power Squadron for use in their training

- Ignite handheld flares on land in a safe area, much the same as highway flares would be ignited.
- Contact a local law enforcement or fire protection agency for their advice on proper VDS disposal.

Olin has also recommended these "Don'ts" to boaters who are disposing of expired flares this season:

- Don't jettison VDSs overboard.
- Don't activate marine flares in a non-emergency situation over regulated waters.
- Don't dispose of "live" flares in household trash.
- Don't launch meteor signals on land, especially over or near buildings or trees.

Jerry L. Chiolero, manager of business operations for Olin Signal Products, urges boaters to check the expiration date on all hand-held flares, smoke signals or launched signals as they begin this boating season.

## In The Pocket

by Harry G. Farrow, Jr.

The two dominant trotters in the Progress Series, L. W. Lawson and Fran's BillyBob, will meet for the first time in the \$10,000 finale to the progress series at Brandywine Raceway on Thursday.

L. W. Lawson has won both of his starts in the series. A 4-year-old son of Green Speed, he drew post two in the nine horse field.

Fran's BillyBob will run from the third hold. Fran's BillyBob has also won two divisions of the Progress Series.

First post for the ten race program is 8:00 p.m.

The biggest showdown of the season takes place at Brandywine Raceway on Wednesday (April 17) when Go Nancy Isle, Wine And Music, and Keystone Shore meet for the first time in a division of the Princess Series.

In previous rounds of the Princess Series for 3- and 4-year-old fillies and mares, Go Nancy Isle, Wine And Music, and Keystone Shore have been unbeatable. Neither of the three have been seriously tested on their way to easy wins. That will all change when they square off for a purse of \$3,000.

Town Tattler heads a field of nine three-year-old pacing fillies, in Wed., April 17th \$100,000 Blossom Series final at the Meadowlands.

Town Tattler, trained and driven by 25-year-old Kelly O'Donnell, has won

six of her seven starts this year, including her last five in a row. She equaled the stake's record for the event on March 27.

O'Donnell spoke about his filly, "She never raced last year as a two-year-old because she was hurt shipping down from the yearling sale at Lexington where we bought her. We took it real easy with her. We just trained her down to 2:40 and turned her out. We started back jogging her in August and began training her again in early November for an early start this year."

Leading Drivers - DASH wins - through April 9th: 1. Michel LaChance-149; 2. Bill O'Donnell-122; 3. John Campbell-113; 4. Ron Marsh-105; 5. Gilles Gendron-101; 19. Eddie Davis-74

Leading Drivers - Money: 1. Bill O'Donnell-\$1,420,798; 2. Campbell-\$1,224,538; 3. Lachance-\$1,168,799; 4. Webster-\$814,849; 5. Eddie Davis-\$698,726.

George S and On The Road finished in a dead heat at Rosecroft in the 2nd leg of the graduate series on Saturday night in 1:54.4, a new track record for all aged. The record for consecutive wins is Carty Nagle with 41 wins during 1987 & 88. Most of Carty's wins were at Fairs in the East sometimes winning three heats in one day.

The modern day record is probably held by Bret Hanover who won his first 35 starts '64-'65).

## Groton and Parrett share "Super Sunday" at U.S. 13

by Don Allen

The Super Pro and Pro classes and the Heavy and Street classes joined forces Sunday at the U.S. 13 Dragway complex in Delmar, De. to provide a "Super Sunday" of high speed competition for the fans. The "Supermen" of the day were Bill Groton from Seaford, DE who cleaned up in the Super Pro/Pro battles and Clinton, Md. native, Butch Parrett who swept the field in the Heavy/Street combo.

Groton took on all comers with his '86 GTO the "Crime Fighter". When the final rounds came around only Johnny Ennis and his Ennis Racing '74 Vega and John Myers with his '70 Dodge Dart were left to be eliminated. Groton eliminated Myers and took on Ennis for the final. The "Crime Fighter" turned an ET 12.008/108.23 mph to force Ennis into a run-off with Myers for the runner-up slot. Ennis took that skirmish handily marking up an ET 9.723/133.72 mph to leave Myers in the semi-final position. Quarter-finals went to Gilbert Vobley, Danny Bastinnelli and Mark Vitale.

Butch Parrett was forced to battle with Fred Neidlinger and Carole Williamson for the second consecutive week, but this time it was in the Heavy/Street Combo. The results were the same though. Williamson of Delmar, DE ended her day in the semis leaving Neidlinger and Parrett to the

finals. Neidlinger's luck ran out in his '72 Vette when Parrett turned an ET 12.370/109.22 mph to leave him with runner-up money. Quarter finals went to Mark Stern, Mark Walter and Sterling Clough.

The Pro Bike wars fell to Neil Taylor of Easton, Md. on a '75 Kawasaki when he ran an ET 10.921/117.18 mph. Jack "Boots" Willard was the runner-up and Michael Durham and Dicky Selter were the semi-finalists.

The day's Junior Eliminator was won by Lee Williamson and the Hot Rod Eliminator Trophy was presented to Richard Hatter.

Next week will be a "Quick 32" Sunday at the track. In this show the fastest 32 racers during qualifying will go head-to-head in the eliminations. All other qualifiers will run in their own combo eliminator. Also on the ticket will be the Pro Bikes, Junior Eliminator and Hot Rod Trophy classes.

In two weeks, on April the 28th the "Wild Bunch", those super-charged, ground-pounding, wild men will make their 1985 Delaware debut at U.S. 13. The "Dr. Wacko" CJ-5 Jeep will be there along with many of the other super-fast, wheel-standing wild ones that compete in this unique circuit.

Gates for both shows will open at 11:00 a.m. with eliminations starting at 2:30 p.m.

## Late Model feature at U.S. 13 Speedway

A full house of spectators saw Hal Browning #100 on the pole followed by David Hill #75 for the first feature at US 13. David Hill and Lou Johnson were the only threat for Hal Browning. On lap 5 with Lou Johnson running 2nd, David Hill 3rd a caution for Williams closed the pack. When the green fell Hal Browning left the field, with Lou Johnson and David Hill battling for 2nd, lapping cars the top 3 pulled away from the rest. Lap cars

caused Lou Johnson to lose 2nd place as Hill took advantage of the situation. The remainder of the race saw Hal Browning uncontested for the lead with David Hill, Lou Johnson, Brett Givens, Ron Wilson, Dwayne Rust, Alex Beaumont, Wayne Todd and Charley Wilkerson the top 10.

Racing Sat., April 20th with the Limited Late Models and the new street classes.

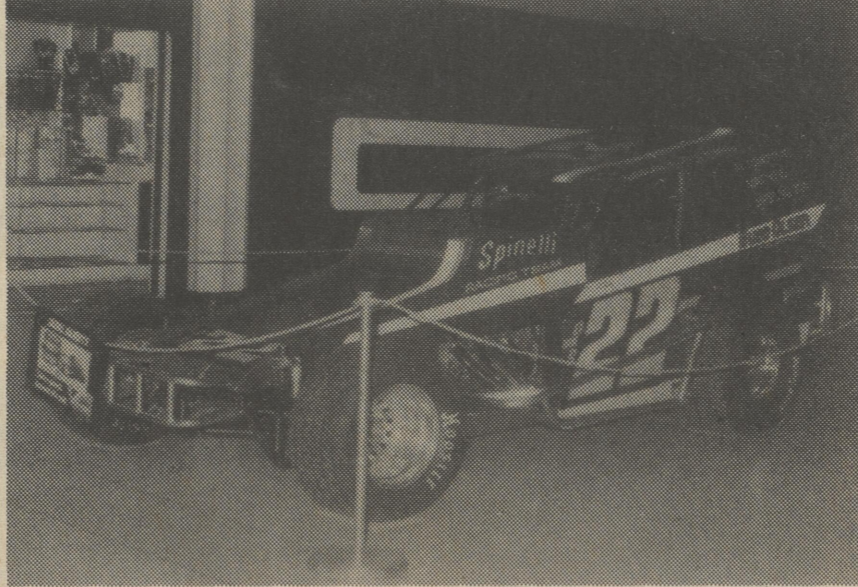

## URC to make first ever Dorsey appearance April 27th

WOODBURY HEIGHTS, N.J...April 8th...Saturday, April 27th has been set as the date for the first ever appearance of the United Racing Club sprint cars in the 35 year history of the Dorsey Speedway in Maryland. The URC will conclude the weekend of speed with a program at the Grandview Speedway in Bechtelsville, Pa. on Sunday, April 28th. Starting times are 7:00 p.m. at Dorsey and 7:30 p.m. at Grandview.

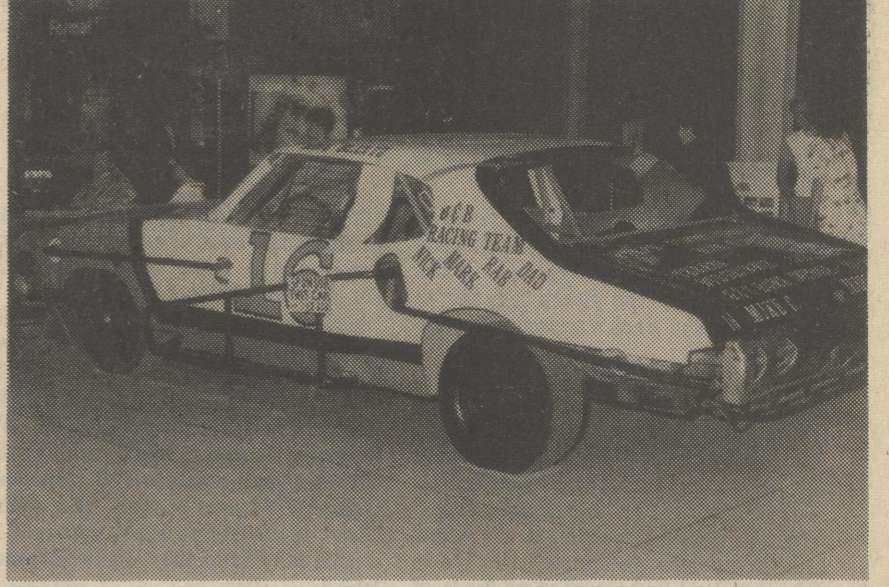

URC stars anxious for their first test at Dorsey include defending champion Dave Kelly, Glenn Fitzcharles, Garry Gollub, Ed Wylie, Fran Hogue, Kramer Williamson, Buck Buckley, Kevin Collins, and Todd Rittenhouse. These drivers and over twenty-five other URC competitors are expected to be in action at both Dorsey & Grandview.

The ultra-wide racing surface at the quarter-mile Dorsey track should provide for plenty of passing room and an action packed evening of thrilling sprint car racing, URC style. The April 27th show will serve as a prelude to the 50 lap "Maryland State Championship" URC race set for Dorsey on Saturday, June 29th.

Dorsey Speedway is located between the Baltimore/Washington Parkway and I-95 on the corner of Routes 176 and US 1. Grandview Speedway is located on Route 100 10 miles north of Pottstown. Additional information can be obtained by calling the URC office at (609) 468-0825, Dorsey Speedway at (301) 796-0252, or Grandview Speedway at (215) 754-7688.

## Meyer invades Nationals

All drag racer Billy Meyer wants these days is one solid run down the quarter-mile track.

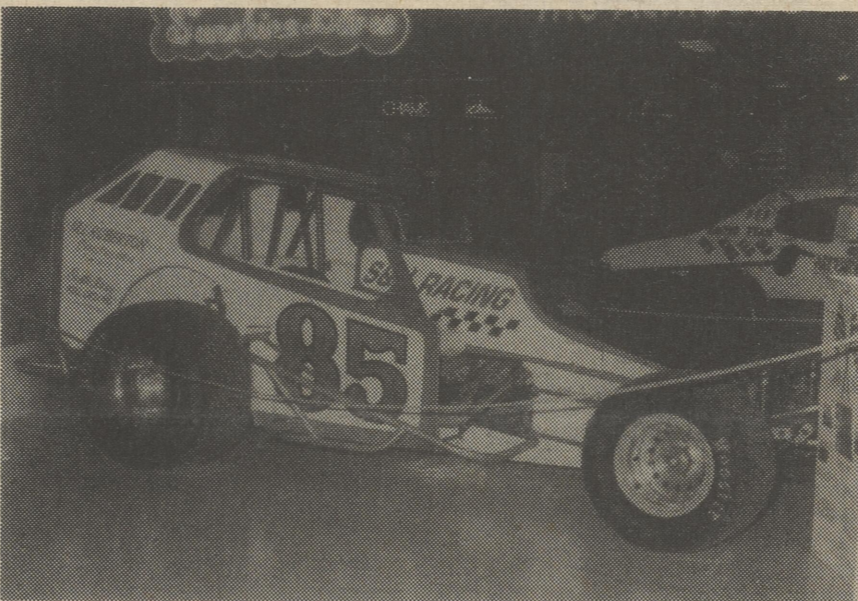

With the 1985 racing season having just started and two of his race cars already destroyed, Meyer would be happy for just a small accomplishment to get him back on a successful path.

Meyer, recognized as one of the top Pro Funny Car drivers in America, will attempt to break the spell in his Ford Mustang at the Southern Nationals, April 19-21 at the Atlanta Dragway.

"Everybody has some bad luck over the course of the season," Meyer said. "Normally we always seem to have our bad luck in the first couple of events. And it hasn't seemed to have affected

us too badly over the years." Even though that car ended up as one of Meyer's two casualties earlier this season when the engine blew up following a 5.82, 240 mph pass, the same basic design has been kept for use on the car that will run in the Southern Nationals.

Meyer, who has won at least one NHRA race every season since 1977, would love dearly to claim his first NHRA-Winston world championship "while I'm still young." He also feels such a move would reaffirm what people in the drag racing business already know - that Billy Meyer is one of the finest drag racers around.

## URC opener to Kramer Williamson at U.S. 13

DELMAR, DEL...April 13...Kramer Williamson, a 7 time winner on the URC circuit last season, opened the '85 campaign with a convincing victory at the US 13 Speedway Saturday night. Williamson assumed command from Todd Rittenhouse, who had led from

the start, on the 15th lap and survived a pair of late race cautions to post his 2nd career win at the Delmar half-mile.

Rittenhouse appeared well on his way to a wire to wire victory until he was boxed in behind slower traffic, allowing Williamson to get by with an outside pass in turn two. Buck Buckley made a late race charge as he also passed Rittenhouse on the 17th lap but settled for 2nd about five car lengths behind the Fiore sprinter. Behind Buckley in the Willis Honda car at the finish were;

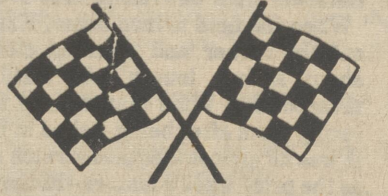

Rittenhouse, Glenn Fitzcharles, and Dave Kelly rounding out the top five. Tim Higgins, Garry Gollub, Fran Hogue, Tim Damiani, and Rod Reppert completed the top ten. There were five cautions in the 20 lap event.

Two 10 lap heats were run for the 26 cars on hand and they were won by Kramer Williamson and Kevin Collins. 1st heat: Williamson, Felty, Thompson, Kelly, Higgins, Massey. 2nd Heat: Collins, Reppert, Miller, Buckley, Gollub, Fitzcharles. Feature: Williamson, Buckley, Rittenhouse, Fitzcharles, Kelly, Higgins, Gollub, Hogue, Damiani, Reppert, Rice, Berger Jr., Dunstan, Felty, Mills, Thompson, Towers, Schantzenbach, Schaefer, Auer, Collins, Molz, Massey, Miller, Wylie.

## Pit Notes

### Short takes

by Harry G. Farrow, Jr.

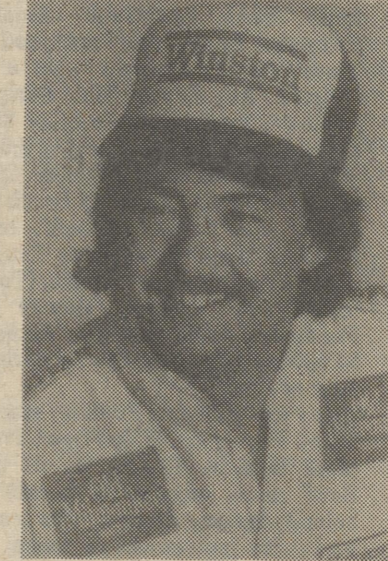

Due to weather and other conditions, the 1985 East Windsor Speedway opener, has now been pushed back two weeks to: April 28th at 7:30 p.m.

Redden Speedway opening day will be Thursday, April 18, 1985. Gates open at 6:00 p.m. and race time is 8:00 p.m.

All Karts will conform to the National WKA Rules and Regulations. All Karts will be safty inspected. Must have approved helmet and long sleeve shirt or jacket to compete. Ground rules will be forthcoming.

A special practice day for "The Winston" race drew three special drivers to Charlotte Motor Speedway on April 4. Darrell Waltrip, Bobby Allison and Tim Richmond all arrived early in the morning for a full day of testing for the May 25 race, a new event for the 12 winners from the 1984 Winston Cup circuit.

Geoff Bodine

GEOFF BODINE'S TEAM has spent more time than any other at Charlotte Motor Speedway the past month. He's testing for "The Winston" and the May 26 Coca-Cola World 600, but one of Bodine's sponsors has something else in mind.

Bodine's Chevrolet has been using 10W-30 motor oil from Exxon. In fact, he ran 500 miles without coming off the asphalt in one practice session.

The reason? Exxon plans to have Bodine run this oil in his motor for the Coca-Cola World 600. Afterward, a commercial is planned saying something like, "Geoff Bodine ran 600 tough miles at Charlotte using the same motor oil you use in your car."

Bodine says he had 10W-50 oil in his machine at Bristol, Tenn., working a way to the 10W-30.

"I wondered myself why I was running so many miles at Charlotte," he said. Bodine was back at the track April 8-9.

The great Nazareth Raceway 1/2 mile track in Nazareth, Pa. will host a complete show of street stocks plus a big 100 lap feature for modifieds on Saturday evening April 20th, at 6:30 p.m. Raindate is April 21st at 2:30 p.m. If the raindate is not needed there will be twin twenty lap feature for the modifieds, plus a complete show of street stocks.

The Tri-Track Series 100 Lap race held on April 20th will be the second leg of the series.

The other tracks involved in this series is Orane County Speedway and Frlamington Fairgrounds Speedway.

The Drivers from all three tracks will converge on the 1/4 mile clay oval to compete in heats consi and a spectacular 100 lap feature. This race draws top notch drivers from all three track which will provide good competitive racing action.

Some of the drivers expected are Carl Collis, Doug Hoffman, Brett Hearn, Tom Hager, Jack Johnson, Billy Wilson, Bobby Decker, Chuck McKee, Billy Pauch, Karl Freyer, Rich Eurich, Jason Collis, Mark Plummer, Bobby Malzahn and Frank Schneider, plus many more.

Charlotte Motor Speedway and the Charlotte Convention and Visitors' Bureau have joined forces in an effort to help race fans find motel and hotel accommodations for the Memorial Day Weekend. A toll-free number 1-800-231-4636 has been established for fans out of North Carolina to call for reservation assistance. North Carolina residents may call 1-704-334-2282.

The current hours for the phone lines are 8:30 a.m.-5 p.m., Monday through Friday. Extended hours start May 18, when fan's may call on Saturdays from noon to 6 p.m. From May 20-24, the lines will be open from 8:30 a.m.-7:30 p.m., or longer if the demand is very high.

2-Year Limited Warranty**

When mowing productivity really counts, count on a John Deere Front Mower. The F910 and F930 Front Mowers were designed from the ground up to be productive, versatile and durable mowing machines. Both are powered by reliable, twin-cylinder, air-cooled Onan engines - 20 hp on the F910, 24 hp on the F930. The F910 can be equipped with a 50- or 60-inch mower, the F930 with a 60- or 72-inch mower. All three mowers feature adjustable mowing height, PTO shaft drive and deep contour deck design. Both the F910 and F930 have hydrostatic drive and power steering for easy operation and close-quarter maneuverability. And both are backed by a new, 2-year limited warranty and our local parts and service support. See us soon for a test drive.
