School Board votes to suspend Coverdale

by Harry G. Farrow Jr.

HARRINGTON - A special meeting
was held in the W.T. Chipman Library on Thursday night mainly to decide what action to take on Vocational Agriculture teacher Michael Coverdale following his hearing before the School Board on Wednesday, Thursday, and Friday evenings the week before.

Based on the Board's action, Coverdale was suspended for the fall semester at Lake Forest High School without pay. The semester ends in January of 1986. Coverdale must indicate to the Board in writing by December of 1985 of his intentions of returning to his position of Vocational Agriculture teacher at the high school.

Earlier action by school Superintendent Dr. Gerald Lysik had recommendwas from that decision that Coverdale appealed to the school board for a full hearing.....with witnesses and cross examination....on August 7th, 8th and 9th at the high school.

Mr. Coverdale.

The charges stemmed from allegations from three students that Coverdale had violated board policy in that he was either insubordinate, guilty of immorality or guilty of misconduct in

The board voted that in the case of Fred Hinspeter, when Coverdale allegedly hit Hinspeter in the face with a rolled up newspaper, that that was not a violation of any of the elements making up the charges, but Board President Roberta O'Neal voted that the use of the newspaper violated part of the Disciplinary Policy Handbook and constitutes misconduct in office.

The board also voted unanimously in ed firing Coverdale, who received a favor of Coverdale in the matter of letter on June 3rd of his termination. It Scott Shahan. Coverdale's action had not violated acts of immorality, misconduct in office or insubordination.

Thursday night to render a decision on lar, the board found that Coverdale violated policy by shouting at the student, shaking him and pushing him into a chair resulting in the student striking his head and incurring a bruise and pressure marks on the left side at the base of his neck and shoulder.

> In a vote of 3-2, the board voted to suspend Coverdale for the fall semester. The votes in favor of the dismissal were Russell McCready, H. Earl Roberts and president of the board, Roberta O'Neal. Those dissenting against the decision of the board were Sara Williams, vice president of the board and the newly elected board member David Welch.

Williams dissented by voicing her opinion that Coverdale's actions did not in any way warrant suspension....but probation only. Welch on the other hand felt a short suspension was in order rather than a full semester

At the high school, there were approximately 100 citizens in attendance for the hearings by Coverdale Chipman Library for the special meet-

Some conjectured that the matter of whether the courses which Coverdale was to teach would not be offered in the fall, for the Board had not indicated their intent to hire a teacher for the fall semester to teach the courses which Coverdale was supposed to teach. Others speculated that the board should indicate their direction they want teachers to comply in matters of field trips in which separate cars are used. Dr. Lysik indicated that the courses would be covered, and the policy governing school trips would be dealt with in an overview of the entire

"Not only am I not sure how the ruling reads.....I am also not sure about the vote or if in the

alternative, all board members have signed the opinion by Mr. Rodriguez. I just don't know...so I can't render a decision. I would not do that until I had had a chance to talk to my client anyway", said Barros.

Barros explained that he considered it a victory because in a June 3rd 1985 letter from the board to Mr. Coverdale the board had notified Mr. Coverdale that he had been fired. "The board's decision as I understand it now.... although I have not seen the written opinion, is to mean that Mr. Coverdale has been suspended for the fall semester. This is a lot better than

as compiled by Victoria G. Ficka and Harry G. Farrow Jr.

With the beginning of a new school year upon us, let's take a look at what is being done to improve instruction in

our schools. Under the direction of Dr. Gerald Lysik, district superintendent, each school in the Lake Forest School District is responsible for developing a

School Improvement Program (SIP). Dr. Lysik has requested that each principal explore with their staffs the

following ten policy areas: (1) Basic Academic Skills

(2) Student Behavior (3) Student Attendance (4) Parental Involvement

(5) Staff Instructional Skills

(6) Promotional Practices Policy (7) Homework Policy

(8) Screening of Transfer Pupils (9) Curriculum Monitoring

bers during the spring of 1984, each school was to determine which of the 10 policy areas needed improvement during the 1984-85 school year. For each of the above areas, committees were to be established to explore and write for each of the 10 policy areas a "status report" which would include the following: (1) Description of the Present Policy

The construction of "what is board policy on the use of a district vehicle" according to board member H. Earl Roberts needs to be looked into more before the board can render an interpretation. Roberts also pointed out that the use of vehicles at the state level is an ongoing problem at the present time. "Hopefully if a decision can be rendered on this (state level) maybe we can be in a better position to

decide here", said Roberts.

Dr. Lysik admitted using the vehicle in question, but he said he paid for the gas and other expenses out of his own

Five injured in accident near Ellendale

Five persons were injured as the result of a two vehicle accident at 8:40 a.m., August 15, on Sussex 213 approximately one-half mile south of Ellendale. A 1978 Plymouth Arrow being driven northbound on Sussex 218 by Susan C. Glosser, 31, of Lot 4, Melody Lane, New Market Village, Ellendale, crossed the center of the roadway while rounding a slight curve to the right. The left front of Mrs. Glosser's vehicle collided with the left front of a 1979 Volkswagen being driven southbound by Edwin S. Pagan, 23, of R.D. 1, Box 45A,

Susan Glosser was treated and admitted to the Milford Memorial Hospital with multiple contusions, lacerations and possible chest injuries. George E. Glosser, 29, a passenger in the right front of the Glosser vehicle, was treated at Milford Memorial Hospital for multiple contusions and lacerations and was released. April M. Glosser, age 2, was seated in a child restraint seat in the rear of the Glosser vehicle. She was treated for multiple contusions and

released. Mr. and Mrs. Glosser were not wearing seatbelts. Edwin S. Pagan was treated at the Milford Memorial Hospital for multiple lacerations, head and internal injuries and was transported to the Christiana Hospital by a Delaware State Police helicopter. Mr. Pagan remains in serious condition. Jayla Pagan, 4, was treated and admitted at Milford with head injuries. Neither Mr. Pagan nor Jayla Pagan were wearing seatbelts. The injured were removed from the scene by the Ellendale and Georgetown Fire

Alcohol is not suspected as being a factor in the accident. Charges are pending further investigation.

Harrington scouts plan cookout

Boy Scout Troop #76 and Cub Pack #66 will hold a cookout at Killen's Pond on Sunday, August 25th at 1:00 p.m. According to Richard Porter the Scout Master of Troop #76, the cookout is sponsored in part by the mothers "...and also from the money we have earned....we can buy hot dogs and hamburgers for everyone". Porter also said the mothers will be bringing potato salad and cole slaw. The Scouts and the Cubs are looking for new members, and there will be a sign up night at the school shortly after school begins.

4-Hers urged to save trees at Fairgrounds

Young volunteers from several area 4-H Clubs will join forest technicians from the State Forestry Department for "OPERATION SHADE TREE" on Wednesday, August 21st at the Delaware State Fairgrounds in Harrington beginning at 10 a.m. Walter F. Gabel, State Forester said the project will serve two important purposes: prolonging the life of the trees and ensuring public safety. As the Fair has grown and the use of the grounds become heavier, the trees have weakened from the overuse of the soil. Immediate attention is now needed to save the trees for future generations.

A joint effort of Delaware First, the Delaware Cooperative Extension Service, and the State Forestry Department, OPERATION SHADE TREE is a community service project for 4-H members with a particular interest in conservation and the environment.

4-Hers urged to save trees

Harrington Sunshine Club, the Westville Club of Camden-Wyoming, and the Viola Fireflies will gather information on the condition of the trees at the fairgrounds. Working in groups, the volunteers will map the tree locations, catalog the species, and describe their general condition. A report will be submitted to Gary Simpson, General Manager of the Fairgrounds, which can be used to determine the care necessary to maintain the trees.

Delaware State Police 50th recruit class graduated

Ceremonies for the Delaware State Police 50th Recruit Class were held Wednesday, August 14th at the Delaware State Police Training Academy. The graduation exercise marked the final step in a twenty-four week training process geared to prepare these recruit troopers for the demands of police

The class consisted of six members. Geographically, the composition of the recruit class included two members from New Castle County, one from Kent County and three from Sussex County.

The recruit troopers and respective assignments included Troop 3, Woodside, Michae M. Hibbert; Troop 5, Bridgeville, Randall Hughes; Troop 6, Prices Corner, Robert M. Coupe and Charles J. McCall Jr.; Troop 7, Lewes H. Burton Murray and Alan T. Seeney.

1985 Delaware 4-H Poultry and Egg Contest winners announced

Winners have been announced in Delaware's annual 4-H Poultry and Egg Contest. The event was held recently at the W.T. Chipman School in Harrington. Fifteen young competitors were on hand to test their knowledge

Top honors went to Susan Lowman, a 4-H'er from near Newark. The runner-up, Cheryl Lowman, is the winner's sister and a former contestant at the National 4-H Poultry and Egg Conference. Third place went to Sheila Eastman of Harrington. Fourth place was taken by Nancy Skaggs (Clayton), and fifth place by Valerie Moore (Bear).

Up to four competitors from the state contest will be given the opportunity to participate in the 1985 National 4-H Poultry and Egg Conference, which will be held November 20 and 21 in Louisville, Ky.

faculties during the 1984-85 school year, while continuing to carry out the regular program in the other policy areas. For the policy areas considered for improvement, the principals were required by Dr. Lysik to provide a School Improvement Action Plan. Such a plan would include:

(1) Objectives for the Policy Area (2) Activities

(3) A Time Line, Resources Required for Each Objective (4) Related Activities for Staff Devel-

(5) Desired Outcomes or the Evalua-

tion for Each Objective. This was followed by a "Priority Ranking" for each of the 10 policy areas. Finally a "Yearly Calendar" for the School Improvement Program was required from each principal. Before the faculties left in June, an evaluation of the policy areas was hopefully administered, along with the beginning of a new School Improvement Program

cycle for 1985-86. NORTH ELEMENTARY

One school and staff that was involved extensively in the School Improvement Program was North Elementary in Felton under the leadership of Principal Frank A. Young. Other leaders at the school included Eilene Brittain, Lois Woodward, Frances Grimm, Gene Topolski, Judy Craig, Linda Miller, Karen Legar, Sharyn Smith, Peggy Coyle, Barbara Trent, John Caldwell and Glenn Davidson, who is assistant principal at North Elementary.

Mr. Young carried out the School Improvement Program as outlined by Dr. Lysik, by involving his teachers extensively. A survey questionaire was completed by every teacher and the results of this form were used by the SIP leaders and staff members who volunteered for the various policy area committees, as they developed their "Status Reports" on each of the 10 policy areas as identified by Dr. Lysik. When the "Status Report" was finalized there were 4 policy areas which emerged as areas for extensive concentration. These areas were:

(1) Student Attendance

(2) Screening

(3) Middle School Concept (4) Staff Instructional Skills (which

made the greatest impact on our staff). Attention was also given to a lesser degree to "Homework Policy" where a new policy was developed for the program was developed. To keep the school and sent to every parent at the beginning of the school year, and "Curriculum Monitoring", where an expanded form was developed to provide the principals with an improved form to monitor the degree to which teachers are following the various curriculum guides. This monitoring is carried out at the end of each grading

"Student attendance" during the past Harrington Journal.]

year was improved as Mr. Young used the "Status Report" information and met with Raymond Stoops (supervisor of district attendance and transportation), and Kathleen Woikoski (secretary of school attendance), to develop new guidelines for pupil attendance. With input from the committee, chaired by teachers Judy Craig and Lois Woodward, new guidelines were developed and put into effect in October 1984. Basically (1) attendance secretary calls home if a child is out for 2 days, (2) teachers send a form to the office listing any child who has not brought in a parent excuse within 3 days after having been absent from school, (3) the secretary then sends a form letter to the parent(s) with a copy to Mr. Stoops at the district office, (4) the next time a pupil has been absent from school without a valid excuse, a (Ray Stoops) and he contacts the home, (5) uncooperative parents will be referred by Mr. Stoops to Magistrate Court in Harrington.

The "screening of transfer pupils" improved tremendously and received an extremely high rating with 96% of the teachers giving it an A+ rating on the spring evaluation form. Teachers at each grade level developed reading and math tests for new students to take if they should arrive at North Elementary without adequate records from their previous school. This will be determined by one of the principals after a review of each student's records. Teachers wanted to give the tests, which are provided by the office, so they can monitor pupil behavior as they take the tests.

Dr. Lysik asked the School Board to approve a Middle School Concept for pupils in grades 5-9. The North teachers in grades 5 and 6 are more involved in holding team administrative meetings (T/A) twice a month in order to discuss scheduling, pupil problems and curriculum matters. They also have approximately 15 pupils assigned to them whom they meet with on an individual basis approximately twice every 9 weeks. These meetings are held for the prupose of every pupil knowing he/she has an advisor/advisee (A/A) relationship with a teacher. So that every student has someone he/she may talk with, both on a scheduled and short notice basis, this teacher pupil ratio down, our specialist teachers, Mrs. Coyle, Mrs. Dean, Mr. Giusto, Mrs. Williams, Ms. Lynch and Mrs. Trent are also involved in the A/A discussion sessions. If a student has a serious problem, he/she is referred to the counselor, John Cald-

Greenwood man organizes Downstate Conservative Caucus

by William T. Ficka

The Conservative Caucus, a national political action group dedicated to the advancement of conservative principles, held a downstate organizational meeting at the Colony Inn in Milford

The Conservative Caucus has had an active upstate Delaware branch for the past three years. The group has 198 statewide dues - paying members and has been seeking a downstate branch for those members who live below the

David Coady, of Greenwood, stepped in and filled the need. Coady, a nightshift security supervisor at Perdue, Inc. in Georgetown and former U.S. Marine, contacted present and prospective members and organized Saturday's meeting.

Elected at the meeting were Coady as chairman, Helen Peters, of Dover, as executive secretary, William Wharton, of Harrington, as treasurer, and Tom Crompton, of Frederica, as public relations chairman. Crompton, a former Darby's Ranger, has long been active in veteran's affairs and was national coordinator for "Citizens and Veterans for Reagan-Bush in 1984."

"This meeting was called because The 10. Right to self-government. Conservative Caucus of Delaware has many members in lower Delaware,"

"The caucus was founded over 3 years Phillips, a feisty fighter for numerous

grown to nearly 200 members statewide. It is now time for the downstate members to spin off and form our own organization. Hopefully, some day we will have a caucus in each county, Coady added.

"Our number one objective is to elect conservative candidates on a national level," said Ralph Trade, upstate treasurer and prolific letter-to-theeditor writer.

Other issues of concern, according to Trader, are national defense and foreign policy, the national economy and runaway spending, particularly on social agenda items, and government by the judiciary.

The Conservative Caucus Statement of Principles are:

1. Right to enjoy income from one's own labor.

2. Right to personal security.

3. Right to educational freedom.

4. Right to religious liberty. 5. Right to life.

6. Right to national sovereignity. 7. Right to economic justice.

8. Right to be individually judged. 9. Right to political and economic

Drowning man rescued by 61-year-old

John D. Mitchell was fishing off the pier at Woodland Beach on August 11

when he heard a cry of distress. Mitchell, 61, of High Point Trailer Park in Little Heaven, looked up to see a young man shouting for help to keep from drowning.

Mitchell stripped off his boots, pants, shirt, and glasses to help the drowning man, who Mitchell said was in his late

Mitchell was the first to be able to help the drowning swimmer because he had on easy-off boots. He explained that the other fishermen had to unlace

"I went out in the water and pulled him in. Another guy came out to help me. When I reached the swimmer he

went down, and I had to pull him up. I was pretty exhausted. I am 61 years old, and I am not up to that," said

Mitchell said he talked to the swimmer after they got back on land, but never asked his name. He still doesn't know it and area police had no reports of a near-drowning in Woodland Beach on August 11.

The swimmer said, "Thanks a million. I don't know how I will ever repay you," said Mitchell.

"I told the man that since he didn't know my name, he would never repay me", said Mitchell.

Mitchell said that the other man who aided him in the rescue was vacationing from South Henley Falls, Mass.

It's hard to believe that it is almost our area. Dan's program will begin at 1 the end of August. Time seems to just p.m., so try to be there for it. week. Here's a preview:

On Thursday, 22nd, we are continuing our series of Christmas in August. Jeanette Legates has been bringing in different patterns each week and the ornaments that she has shown the ladies have been great, stop by and see for yourself. In the afternoon after right? lunch we are having Mr.Dan King of the Milford Memorial Hospital to explain two new programs that the hospital has started. The first program is Guest Care. Occasionally, families who have been caring for an older relative need to make temporary arrangements for the care of that person. For example, during short musical programs to the nursing home vacations, or during the hospitalization or illness of one of the caretakers. Sometimes temporary arrangements chorus. They are always looking for needs only be for a short time. Dan will be explaining their Respite program. The Second program, Senior Saver Program, is a way of reducing the ing on Heritage Day from 12:30 - 1:15. out-of-pocket expenses for those persons over 65. Example: After the Medicare pays their share of your bill, and your private insurance pays their share, if there is a balance due, the hospital will deduct \$200.00 of that instead. At the end of this article we amount due. Both new programs are quite an asset for the senior citizens in

zoom by these days! Don't let the days go by without visiting the Senior center though. We have a lot of have not had much luck at getting a activities planned for the upcoming group together during these summer months, but if you are interested in playing, please contact the center or Phyllis so we can plan on the group. Lunch on Friday, 23rd, will be your choice of Broiled or Fried Fish with Tartar sauce, Boiled Potatoes, Cole Slaw and Mixed Fruit. Sounds good,

After what I hope is a wonderful weekend for everyone, we will start Monday with Bible Study with Rev. Smith. In the afternoon, the Chorus will be going to the Delaware Care Center in Seaford. The Band and the Chorus takes turns each month in going to local nursing homes to give guests. We really do have a fine group of people in both the band and the new members, so if you are musically oriented, come on by and give us a try. The groups are planning on entertain-We hope that everyone will be there to lend their support for a job well done. The Legal Aid Representative was supposed to be here on Monday the 26th, but she will be here on the 27th

The Welches.....Carroll and Grace.... of Welch Seed Service of Harrington were guests on WYUS radio in Milford last week. The subject was farming and agriculture, which the Welches are well versed to discuss.

The discussion centered around what can be done to help the farmer out of his present plight. Currently one out of every three farmers across the country cannot pay their mortgage....interest or their light bill. This according to a recent news release which we received at The Harrington Journal.

Agriculture and farming in general has experienced many changes in the last 40 years from mechanization...or over mechanization to "poor prices they receive from the sale of their crops". The Welches agreed. They added, of course, that crop prices are affected many times by market reports which are released from time to

time by the stock market....The Chicago Board of Trade.....government reports, which has a tremendous impact on the market price of crops here on Delmarva.

Whether accurate or inflated....the figures affect the local market price", ards, Darwin Shobe, Bill Wood, Willsaid Carroll Welch. For many, many iam Cahall, Edward "Dizzy" Cannon years, farmers are led to believe that and Harry Mullins. Do You Remember?

Smile! Strawberry Shortcake — Huckleberry pie. V-I-C-T-O-R-Y. Are we in it? Well I guess. We're for the Boys of H.-H.-S.- Rahl-Rahl Rahl Soccer team of 1929 State Championships. When I see and read of all the pitfalls baseball and soccer teams are having, it carries me back to all the pleasant times those "Our Boys", brought to all of us at Harrington Public School on Dorman Street. Blue skies overhead real green grass and dirt underfoot, a

bunch of laughing, happy book-toting kids rushing out of school to see another bunch of vibrant, joyful young men play a real game of soccer or baseball! Many trophies and championships were won by "Our Boys". What a game soccer Clarence Collins, Taylor, Charles (Jerry) O'Neil, Lewis Callaway, Fred Lord, "Pete" Shaw, Alfred Conaway, LaPu Wright, Wendal Stuart, Emerson Langford, Bill Finch, Edgar "Yam" Legates and Ralph Day did play! They played with all their heart, body and soul, and we on the sidelines and later in the grandstand shouted and cheered them on to V-I-C-T-O-R-Y! With pride we watched them in motion and when the ball made its mark, there was great iubilation! The excitement and joy welled up inside of us. We screamed until we were hoarse, clapped our hands until they tingled and were red. We went home so elated as "Our Boys" were usually TOPS on the field! Teachers too, used to attend. One in particular I remember was "Bobby Roberts". She was interested in sports!! The 1929 Soccer Trophy was still around when I was Teacher's Aide

Baseball was and still is the nation's best loved sport of August 1985. What glory we felt as we watched "Our Boys" play a fantastic game. They were "Sportsmen" in every sense of the word. No drugs, no contracts, just make a passing grade in all your lessons. Keep your body in shape and PLAY BALL! Something worth mentioning - when they played the Dover Team, the ball park was where Legislative Hall now stands. Can you believe it? Dover has surely grown!! Harrington is still a piece of Heaven, but don't know how long it will be if property taxes and other things keep going so high. Let's not get gruesome. Let's stick to something pleasant like baseball. I can see so vividly in my mind the determination, the smiles, the sweat, the signs, the calls, the cheers, the rah-rahs, the whistling, shouting, handclapping, sometimes the honkhonk of a not-too-often present car. Some players that come rapidly to mind are George Short, Carrington Burgess, Townsend Masten, Milton Welch, Herman "Slim" Ryan "Zip" Legates, Maurice Hall, Wilbur Richboy that I remember. Can't remember It was recently reported that the if he played ball or not, probably did. The only coach that even comes to my

strut. Now, of course, you know he was not at Harrington, but he made his appearance at a ballgame know. All the jubilation that ensued when a homerun was made - a stolen base - when a base hit brought in three runs - when a (thought for sure homerun was hit) but caught in time on the tip of a glove when a ball was thrown to a base but the one they were trying to tap out, slid in and touched the boy with his foot

Now take me for example, I buy this here old horse, Pete, last year, and I find he can pull my wagon pretty fast. Then I hear about the easy money at the raceway, so I hitch him up, take the wife, under protest, and away we go. We get there, and the guy at the gate tells me there ain't no stall for him, so I can't get on the grounds. But he knows where I can rent one close by for 50 cents a day. So off we go, thinking we came here to make money, not spend it. Oh, well, after getting Pete settled in, we go back to the raceway gate, but the fella won't let us in because we don't have a badge telling who we are. I tell him my name, but that didn't make any difference. I guess he didn't believe me. I asked him how do I get one of them things, and he says that I got to see the guy inside. So I asks how can I see him if you won't let me in, and he sends a fella with me, to see that I don't carry the trackaway or something. I wait about an hour, and then I get to see the guy. First thing he says is, "Where's your papers?" And I say what papers? And he says, "your eligibility papers, telling your horse's

his mouth, he's around nine," but he don't believe me. So he says, "We'll make out an application. Are you a member?" he asked. "Yes, I'm a lifetime member of the Rival County Fardriving license," and I says, "I have to. without no license." But he says that don't count either, so he makes out two more applications. This past Wednesday at Ocean Downs, Three Wishes passed another milestone in her quest for greatness. She is shown here winning in 2:06 with catch driver Jack Baumann at the controls. Trained and leased by Reginald Jackson of Millsboro, Delaware, Wishes [as she is called around the barn] has posted two wins and a fourth in three starts. She will again go to post on the Brandywine track tonight in the third race, coming out of the seven hole. In a recent conversation with trainer Reggie Jackson, he says "this filly with a good trip could still be a two minute mare." Well, only time will tell. [Comment by Mike Harker: I can attest to the fact that no better care could be given a horse than what he gives this mare. The mare is the type of horse that is just plain likeable. She's big, healthy and wears only bell boots and brace bandages.]

No matter what anyone says, nothing is "just as good as a John Deere."

> "And ours is just as good as a John Deere." How many times have you heard that? When one manufacturer is so clearly the leader, that's the ultimate claim any competitor can make. But when you put all claims aside, there's nothing like a John Deere tractor with Caster/Action™ mechanical front-wheel drive and 15-speed Power Shift transmission. No combine can match the productive effi ciency of a Titan II. And the superior seed/soil environment created by Max-Emerge" planters is literally legendary. But so is the dealer support that's provided with everything in The Long Green Line." Don't take our word for it. Ask anyone. We're happy to be judged by what we're known for.

The same car Ney uses to drag in the US 13 with a few modifications.... beginning with the tires. The tires on the sand dragger have what they call ps whereas the asphalt dragging is with smooth tires.

The car which Ney runs has a chassis of a 4-wheel drive vehicle...the Jeep. It has a 350 c.i. Chevy engine. The 4-wheel drive chain driven dragster turns about 76 RPMs. "We (meaning the other guy who helps him build and maintain these dragsters...Jim Cubbage) tear the car down after every event to check..mainly the drive train", Ney said.

Don Wright....one of the Wright voiced in that he predicts that sand ers travelling show.

FLYING HAL - In 1970, one of the most dangerous and spectacular stunts performed by stuntman Hal Needham was jumping a rocket powered truck across a 112-foot drainage canal for a movie. The truck was completely stock and had no roll cage. The only protection he had was a seat belt and shoulder harness. Needham landed the truck 128 feet from the launch point and the stunt was a success although Needham suffered a compression fracture of his back. Now a director, Needham also is a co-owner of the Skoal Bandit Chevrolet that Harry Gant will drive in the Goody's 500 NASCAR Winston Cup Grant National race at Martinsville Speedway on Sunday, September 22.

GEORGETOWN - Speed king, Hal Browning, had it all his way Saturday night at the U.S. 13 Speedway as he won victories in both the Modified and Late Model portions of the evening's show. Browning is the first driver to accomplish this feat, winning in two different classes in one night, since Bobby Wilkins scored wins in the Late Model and URC Sprint features during the speedway's last nighttime show of

Hal's first win came in the 25 lap Modified feature as he held off the challenges of first Harold Bunting and finally Ron Keys to take the checkered. Keys finished second followed by Bunting, John Kozak and Bob Toreky to round out the top five. Browning's Late Model foray was a real come-

from-behind victory as he overcame an early race spinout and marched back to the front to finish ahead of Alex Beaumont, Lou Johnson, Ron Wilson and the fifth place racer of Duane Rust. I wait a few days, and then I go over again. Sure enough, the papers have come, and what do you know, Pete wasn't his name at all, it was Peter the Best. His daddy was Peter something or other, and he was a little older than I thought he was. "Now", the man says, "you can enter your horse". So he makes out a slip and I sign it. He says to watch the entrance sheets. I don't know what sheets they are, but I make up my mind to watch them if Ican find them. I waited four days, and then I went back to see the guy, and he says he has more horses than he knows what to do with and for me to just wait. So I wait and wait, then a fella says to me, you ain't doing it right. The secretary has a bad cold, so why don't you give him something to break it up. Now back home, a good swig of hot cider would help me, so I took him over a jug and told him to take a swig before going to bed. He acted pleased but said he liked scotch better. But I guess he was pleased because the very next day, Pete was entered in a race. But now my troubles were just beginning. First thing they said was my harness wasn't safe. Now mind you, I'd used that harness for ten years on the farm pulling stumps and such, but they said "No", and made me put on one that didn't look half as safe to me. Then they say I can't use my cart because it's got four wheels and springs on it, so they bring out one that was the most uncomfortable contraptions that I ever sat on. Fact is, it almost broke my back and my knees were drawn up so that I could almost rest my chin on them. How you could drive like that I'll never

Well we were in the sixth race, so I had a chance to watch the others. A guy asked me if I was going to warm him up, and I said I wasn't cold and didn't think Pete was either, but the guy insisted that I jog him a couple of miles between races, and then give him a warm bath. Old Pete was tickled to pieces. I'll bet that was the first time Pete ever had a bath, and made me think I'd better take one myself, cause summer would soon be over.

Well, sir, watching those races was great. There was a guy with a car that raced with them every time, but it wasn't fair because he always got a head start, and he had some poles sticking out on each side of that car so you can see it wasn't fair.

Then it came time for my race, and I wasn't ready when everyone else was. So this judge who wasn't wearing any black robes got mad at me and said if you don't get out there it will cost me \$20.00. So I hopped on that little buggy

and rode out on the track. There was a big crowd in the grand stand, and some of them hollored and waved to me, so I stopped to visit with them. Then this fella on a horse comes up to me, all kinds of mad and made me catch the field. We were on the backside by now, dilly dallying along, so I asked a fella what they were

waiting for, and jus then a fella yells, "Spread them out", so I got on the outside of the track, and the guy on the horse gives me heck again and makes me get in the middle, and we walked around the turn. Then there was that guy in the car again waiting to race with us and starts toying with us. Slow them horses down he says, come on with them horses. I guess he's just trying to make us mad. Well, I gave Pete a whack and started around the I can beat you". Now he's mad and says those poles out of the way. Those other

said I could go to the barn now, so I went back to the gate again, but the people for waving in all my life. The fella says, "Don't forget to wave to me see he was a little hurt about me rabbit hunting next fall. He laughed and waved again, so I waved again and drove old Pete off the track. I guess he must have drooled some for a guy with a rag on a stick wiped his mouth out. then I went to the barn.

end of the pole, and he says, "Get back where you belong," and I say, "Get that pole out of the way, and I'll betcha that will cost me ten, and about that time Pete hit the pole a good one, and I guess the guy realized who he was dealing with and sped up and moved fellas sensed it too and left us like we were standing still.

I hit him a couple of whacks and away he goes after them. I passed the guy in the car the first time around, guess he ran out of gas or something, and I was close to the other fellas too. Going up the backside, they see me coming so they spread out all over the track, to make it tough for me to get around them, but I went around just the same. We went down that stretch flying, winning by one length. Now in the backstretch I try to go out the gate, but the man wouldn't let me. He said I had to go back in front of the grandstand. I know the fella on the horse would put a stop to that but down I went. Some guy took my picture, and then a guy in a white cap guy says there's a fella on the inside of the track I forgot to wave to, and to go back and do it. Never saw so many next time," and I said I wouldn't, but I

We decided we had enough of the big city and thought we'd go home. So I went over to the secretary to get the money I had won, but I guess he was a little hard-up because he said I would have to wait three days, and I said, "no hard feelings, but I guess you'd better send it to me because we're going home." That seemed to make him happy. This trotting horse game is great stuff, once you know your way

battled for the third spot. Bunting succeeded on lap five and moved around Browning on the straightaway. At the halfway mark it was still Bunting's show with the #100 riding a close second. On that lap, Keys had found the right combination on his J. Earl Keys Trucking Bandit and with the help of lap traffic, he put Towers

behind him for the last time. Bunting began to open a lead over the Hemi as the green stayed on. On lap 16 that lead disappeared like the air in the #19D's right rear tire. Coming off the fourth, the Olsen racer slowed drastically and limped under the flagstand as its airless tire threatened to leave the wheel rim. The culprit may have been a piece of debris retrieved from turn two by the safety crew during the ensuing caution period.

Browning now had the point followed by Keys, Kozak, Toreky and Towers. Bunting was able to fall in at the rear for the restart.

The remaining laps stayed green and Browning loosed the reins on the Hemi, making short work of Keys' challenges and motoring home for his fourth Modified victory of the season at U.S. 13. Keys' second place finish allowed him to take over the Modified season points lead from Gary Trice by some eight points.

The Late models rolled to the grid next and Browning unlimbered his Al Lawson owned, Joe's Paint and Body Shop Sponsored #100 for that 20 lap duel. He sat eighth on the start and he would not move into the spotlight until well past the halfway mark. The early laps were the showcase for the skills of pole sitter John Broussard and the #88 of Harlan Williams. Browning moved up to third at the completion of lap three but the handle went away on the car as he entered turn one, producing a lazy spin in front of traffic. Everyone was able to avoid the #100 and he fell in at the rear when the green came back

Williams maintained the lead with Lou Johnson and Alex Beaumont the challengers.

At the halfway signal, Browning had marched into fourth behind Beaumont, Johnson and the now third place Rust. He had just moved around Rust when Williams, back up to eighth, tangled with the #55 piloted by Jay McLanigan. Both racers went to the pits for the

Beaumont's lead was short-lived after that final restart. The #100 swiftly dropped the Cropper's Pest Control #96 of Johnson to third and on lap 14 the final lead change was made coming out of two. Browning began to turn up the wickon the #100 and with the aid of lap traffic, he was able to outdistance Beaumont by nearly half of a straightaway at the checkered.

"Fast" Freddy Brightbill endured a dismal weekend in Lower Delaware. It was bad enough that this Stauffer's Machine #25 took a damaging flip at the Georgetown Speedway Friday night and that one of his crew suffered a cut forehead that same night when a wheel rim fractured while inflating a tire, but his thirteenth place finish in Saturday night's feature dropped him to fourth in the U.S. 13 overall Modified points standings behind Keys, Trice and Bunting. This, after leading the points chase for over half the season.
