District on Saturday soundly defeated capitation tax. The current rate is \$15 the two-part school referendum by a better than 2-1 percentage.

The referendum had split the District causing deep seated feelings on the School Board as well as among the residents of the District. The two part bond proposal called for a \$4.1 million expenditure mainly for building renovations as well as the construction of six new classrooms at East

Elementary in Frederica, where elementary students are forced to attend classes in modular classrooms. The cost

for this part of the bond bill would the State would be 60% and 40% by the Draper, felt that the money in the Voters from the Lake Forest School mean an increase of \$5 on the per person of voting age in the District. The second part of the referendum called for a 14<sup>e</sup> per \$100 increase to the tax base raising the rate from \$1.40 to

> \$1.54. The increase is mandatory if the District is to participate in the State's Equalization formula. This too failed by a vote of 2-1.

> The underlying theme to the referendum was the presence of State monies. In the first part of the referendum the percentage to be paid by

local District.

The discussions concerning increases in taxes was varied through the District. Those in Harrington already saddled with a property tax, which doubled after the last assessment is now facing another increase in taxes as the County makes preparations to re-assess. Faced with the unknown figure might have been unwilling to commit to a tax (referendum) when they were sure to get a tax increase from the County.

Others led mainly by the group called Concerned Citizens of the Lake Forest School District with its leader, Doris W.

District was not being spent in the most appropriate and most conservative manner. Mrs. Draper also said she felt that the taxpayers through their vote had sent a message to the District that they (the taxpayers) want to see tighter control over the use of money spent in the District.

Both parts of the referendum passed in Frederica where it was expected to pass because of the need for the six new classrooms to alleviate the overcrowding there.

A heavy campaign was waged by

"both sides" prior to Saturday's vote. Both sides had their supporters on the phones calling residents of the District to vote their way. Posters were offered to various businesses for display. The tactics used on "both sides" had their alienation effects.

The breakdown in the voting was as follows: the bond money for renovations was defeated in Harrington 704 to 307, and defeated at North Elementary (Felton) 491 to 252, but passed at East Elementary (Frederica) 204 to 147. The total vote was 1342 against and 763 in favor,

The tally on the question regarding Equalization Formula in Harrington was defeated 716 to 273, and defeated at North Elementary (Felton) 505 to 233. It carried at East Elementary (Frederica) 185 to 167. The total was 1388 against the proposal to 691 in favor.

The District may again offer a referendum to the citizens of the District in six months time. In the meantime, a school board meeting will be held this

Thursday night. The Concerned Citizens of Lake Forest are supposed to be in attendance to offer some guidelines for the future of the District.

# Teen charged with third-degree burglary

James E. Franklin, 19 years old, was arrested on burglary charges Thursday evening after he was found hiding in the faculty bathroom by a canine team shortly after the 11:12 p.m alarm was investigated by state police troopers. Police said he stole items valued at \$15 but did not specify what the items were. Franklin's address was unavailable. Police said he entered the Star Hill Elementary School by breaking a window in the rear of the building.

Franklin was charged with third degree burglary and misdemeanor theft and committed to the Delaware Correctional Center for lack of \$4,000 bail.

### Dover man arrested for alleged sexual assault on young girl

Donald Wayne Walls, of near Dover, was committed to the Delaware Correctional Center near Smyrna for lack of \$5,000 secured bail after being arrested for allegedly sexually assaulting a young girl. Walls was taking the girl to a Dover-area day-care center Friday morning. Walls, 26, is an acquaintance of the girl's family. Before going to the nursery, Walls allegedly drove to a wooded area off New Burton Road, near Wyoming, and assaulted the girl, police spokesman said.

The youngster told a nursery worker who called officials at the state Child Protective Services office.

two widely separated streets with the same name, the Council at its regular meeting in November, deemed it advisable to change the name of Harrington Street.

Councilman Gleason moved that the name be changed to Jack Wyatt Street in recognition of the long public service contribution of Councilman Wyatt to the City of Harrington. Councilman Wyatt has served under Mayors Minner, Satterfield, Cahall and Mann. During his years of service, he has been the moving force in having the state improve West, Liberty, East, Clark and Commerce streets and in the next year Dorman and Center streets.

Councilman Wyatt has also been active in seeking outside funding for city projects such as the Waste Treatment Plant and Housing Rehabilitation.

Currently Councilman Wyatt serves as Vice Mayor and is a member of the Personnel and Building Committees of the Council

The Council by official action adopted the motion of Councilman Gleason, changing the name of Harrington Street to Jack Wyatt Street.

The award marked the first time the U.S.D.A. has used a State Compliance Officer in its investigations.

### **Congressman Carper addresses the** Social Security issue

Social Security recipients are learning of reports that the U.S. Treasury is dipping into the Social Security and other federal retirement trust funds to back up the federal government's borrowing authority.

What does it mean? The federal government reached its legal borrowing limit in late October. It needed to borrow more money. The President signed legislation to raise the debt ceiling to \$2 trillion. Passage of this necessary legislation was delayed because a legislative amendment to balance the federal budget is attached. The House and Senate are in agreement on a number of provisions of the balanced budget portion.

Once the federal government reached its borrowing limit, the Treasury started using assets from the Social Security and other retirement trust funds to pay general government expenses. At recent Congressional hearings Treasury has used these trust funds to pay for general government expenses in the past.

With Carper's cosponsorship, the House has passed legislation which would

#### **American Education Week: Celebrating Delaware's schools**

#### by Governor Michael N. Castle

This week, all across Delaware and in states all across the nation, elementary, middle, junior high and high schools are opening their doors to the community in celebration of American Education Week.

American Education Week activities focus on programs that seek to get community support and visitation in the schools.

For example, in Delaware many schools are inviting parents to come to lunch to experience first-hand the environment in which their children are learning. Another program provides opportunities for local business leaders to visit schools and meet with school administrators and students. Some companies "adopt" schools to share ideas and experiences. I am quite pleased to have proclaimed the week of November 18 through November 22, 1985, as American and set up a time to visit one of their Education Week in Delaware. At the local schools.

signing ceremony in my office, representatives of the State Board of Education, the Delaware State Education Association, the Delaware Parent Teacher Association, and the Department of Public Instruction reaffirmed their commitment to making Delaware's public schools the best schools in the country.

American Education Week programs in the local school districts will give all Delawareans the opportunity to learn more about their schools. I believe that there is nothing more important we can do to improve our schools than to increase the amount of community participation. It is a simple, inexpensive and productive way to help improve local schools.

I urge all Delawareans to participate in American Education Week activities and to find time this week, or anytime, to contact their local school officials

### Carper to hold final 1985 town meeting in Milford

Delaware's Congressman Tom Carper announced recently that he will hold a town meeting on Saturday, November 23 in Milford. This will bring to 21 the number of these meetings Congressman Carper has held with Delawareans this

"I really enjoy meeting with constituents and getting valuable feedback on their views of the issues we face in Congress," Carper said. "At this gathering, I hope we'll look ahead at

some priorities for 1986." The Milford town meeting on November 23 will be held at the Milford High School Library, 1019 North Walnut Street, beginning at 10:00 a.m. The meeting is open to the public and constituents are encouraged to attend. The Congressman stressed that

members of his staff would be available at the meeting to help with individual problems people may be experiencing with federal agencies.

SCHOOL VISITS URGED - Gov. Michael N. Castle urged residents of the state to visit the public schools as he proclaimed Education Week in Delaware starting Nov. 17. From left are State Superintendent of Schools William B. Keene; Mary Ann Galloway, vice-president of the Del. State Education Assn.; Helen Foss, the Governor's education aide; Albert H. restore to the Social Security and other federal retirement trust funds the full amounts that were used to pay for other government expenses, as well as covering any revenues lost through disinvestment.

The House also passed, and the Senate has agreed the need for Legislation that will accomplish this goal as part of the deficit reduction package attached to the debt ceiling legislation. The House Ways and Means Subcommittee on Social Security has called for a General Accounting Office investigation into these questionable uses of federal retirement'funds.

We work to ensure Social Security and other trust funds will be preserved and used as they were intended - to provide a measure of protection for the retired, the elderly, the disabled and the disadvantaged who depend upon them.

#### employment

Under a new law signed by President Authorization Bill, the amendment was will be denied to men who have not registered with Selective Service. The new law, effective immediately, applies to students seeking temporary summer employment, as well as men searching for permanent employment with a Federal agency or department. Commenting on this new requirement. Selective Service Director. Thomas K. Turnage stated, "I am pleased and very reassured by the continuing Congressional support of the registration requirement. Not only does this law encourage compliance with the law among eligible young men, it also increases public awareness of the requirement. As always, our primary intent is to register men not prosecute them." Offered by Senator Strom Thurmond (R-SC), and known as the Thurmond Amendment to the Defense imprisonment.

Reagan, appointment to Federal jobs co-sponsored by Senators Mattingly, Nickles, Denton, East, Gramm, Helms, Humphrey, Warner, Johnson, Wilson, Hollings, Symms and Murkowski. Rep. Sonny Montgomery (D-MS) had introduced similar language in the House of Representatives. Men of registration age must be registered to receive Federal student aid and job training benefits. Additionally, registration is a requirement in some states for various employment opportunities, such as law enforcement agencies and permission to practice law. Men born in 1960 and later years are required to register with Selective Service within 30 days of their 18th birthday. Registration takes only five minutes at any post office. Failure to register is a felony, punishable by a fine of up to \$250,000 and/or up to 5 years

... there was 38 million square feet of vacant office space in Houston, Texas last week."

To say that there was 38 million square feet of vacant office space in Houston, Texas last week is not quite correct. It was the week before ..... so by this time there is even more. Is there anything we can do about it? The answer is no. Why....because Texans have lots of money, and under the tax law of this country, people who make a great deal of money are treated to tax shelters.

That's okay. Nothing wrong with that. That is a fixed premise. The leaders of Russia and America are meeting this week in Geneva. What will come out of it is anyone's guess. Hopefully the limitation of the nuclear arms race will be the chief resolution. This is a fixed premise we can do something about....but as far as changing the political philosophy of Russia....well forget it. The Russians are committed to Marxist form of government, and they will always experience a total financial and economic breakdown. Even though we constantly learn of hard times in Russia, their government cannot change even if they wanted to, because of their form of government. So we cannot do anything about that.

They are locked in much in the same manner of speaking as our tax laws. We need tax shelters for various reasons .... even for charities. The Russian rules need their form of political philosophy to justify their existence. But departing....if you will from the international front to that at home. Here at home .... in Harrington, and the Lake Forest School District. At last Monday night's regular meeting of the Harrington City Council, the issue of the justification of the police department came on trial once again. And once again Chief McIlroy became the central figure. Without going into an elaborate detail of the pros and cons of the Department, it is noteworthy to make a general summation. Rookie Councilman James Temple, when the department was being criticized .... for whatever ..... took over the proceedings for a few minutes .... talking .... or shouting down the Mayor and the rest of the Council members present. Simply stated, it would appear that no one has factually and finitely given the Chief positive directions. "You should let this man (McIlroy) know where he stands," said Temple.

What kind of coverage is the Town supposed to have was what he was trying to determine. Whatever the coverage ... in hours .... then it should be spelled out.

The budget calls for four patrolman and one chief. If you can only get certain coverage out of that ..... then the Chief or the Council should come to this determination. Right now there appears not to be a meeting of the minds on the matter. I think this is necessary particularly if you want to preserve him as Chief.

The referendum in the Lake Forest School District was defeated on Saturday. It was a costly defeat for the District, the teachers, the parents. the State, and yes the kids. Sadly to say the kids were in the middle which comes home to all of us as a guilt trip.

Not in modern day history has any proposal of this magnitude failed to pass and become law. Unanswered questions to concerned citizens and open negotiations with the concerned citizens group should have been the order of the day. On the other hand, understanding of the need for additional classrooms and the repairing of roofs throughout the District was rightly brought to the attention of the public by the Administration. Not here to put the blame some place or not here to single out individuals or groups as the culprits to blame here. In a fashion, we all are to blame. It is time now to sit down across the table and negotiate as adult and mature individuals.

In particular Harrington exists in one of the very few poverty pockets remaining in the State. Here as elsewhere in the District, people are living pretty much from hand to mouth. They want to see the best for their children, their school buildings and for their teachers. A gradual more conservative approach is the order of the day. For in the final analysis, there must come of this an air of respect .... for after all administrators must be able to administer .... teachers must be let to teach, and then parents, citizens and students will be able to function properly.

We know things are not going to change in Houston, Texas...nor will Russians be able to build tall buildings and walk away from.....but we know police departments can function better .... and we are positive a

#### **Calvary Wesleyan Church News**

The Rally Day services were very well attended this past Sunday with the church and overflow room filled. The Epworth Quartete provided inspirational songs and music in their typical southern gospel style.

The Children's choir will meet for rehearsal promptly at 6:30 on Wednesday evening with CYC classes following the choir meeting. A Youth Activity is planned for 7:00 p.m. under the leadership of Mr. James Collins. Adults will meet at 7:00 for the Prayer Service. Mr. Roland Melvin Jr., Lay Leader, will be in charge of the service. Mr. Sherman Mayle will bring the devotional lesson.

Pastor Miller will be preaching during the worship service on Sunday morning starting at 10:40. A representative from

the Gideon's will share with us in the evening service at 6:00. The Wesleyan Youth Society will provide music and songs during the Sunday evening service.

Announcements will be made this week relative to the person with the most visitors during the November Sunday School attendance campaign. Awards will also be given to the Sunday School Class that achieved the highest number increase in attendance. The Sunday School hour starts at 9:30 a.m. Mr. Homer Sherwood Jr. leads the department.

Happy birthday greetings this week go to Michelle VanNess, Joan Downs, Ruth Mervine, Gracie Beth Bradford, Jason Perdue and Nancy Welch.

Independent Bible Fellowship Church

#### Church will dedicate new edifice

Members, friends and guests of Independent Bible Fellowship Church of Harrington will gather Sunday, November 24 to dedicate the new church building located east of Harrington on Route 14. Dedication Sunday will consist of regular Sunday School at 10:00 a.m. and the morning worship at 11:00 a.m. with a dedication emphasis. Then from 12:30 to 1:30 p.m. the church people will host a dinner at the church for all who are present and a special 2:00 p.m. service will be held for the dedication ceremonies. Special recognitions will be given to community people and businesses who gave free help in the building construction. Harrington Mayor Alfred G.B. Mann will give a greeting to the congregation on behalf of the community, and the church's former and first pastor, Rev. Ray Newman will deliver the dedication message. The colonial style church building

was built by free labor of the church people except for masonry work and utilities installations. Ground breaking ceremonies were held in May of 1983 and construction began immediately on the 18 acres of property previously purchased by the church. The new church building has 6700 square feet of floor area which contains the auditorium, several classrooms, offices and banquet/recreation areas. Large parking areas are located around the new building. This is the first phase of long range plans that will develop as needs arise

Independent Bible Fellowship Church began by a small group of people who in early 1976 felt the need for an independent Bible church in the Harrington area. These people met together regularly for Bible study and started each Sunday in a family's garage with special speakers conducting the services. In July of 1976b Rev. Ray Newman, then a professor at Elkton Bible College of Elkton, Maryland was called too be the church's first full time pastor. Pastor Newman and his family moved to Harrington that August. In a few weeks the old Pilgrim Holiness Church building on Liberty Street, then owned by the Lion's Club, was purchased by the new congregation and after renovations became the location of the Independent Bible Fellowship Church in November 1976. The congregation continued to grow in number and a need for a larger church building became evident. In April of 1977, less than one year

after the church began, 18 acres of property was purchased on Route 14 east of Harrington, but within the city limits. The following year a building committee was formed to start plans for a new church building on the new property. During the following years the congregation continued to grow in number, the debt of the new property was paid off, and many plans were mae to build a new church building, but the reality of a new church building became dim because of architectural costs and construction costs for a building large enough to house the present congregation and to have more space for additional numerical growth. After six years of much dedicated work with the congregation and on planning for a new church building, pastor Ray Newman felt the Lord's call to another place of pastoral service.

In the Fall of 1982 Pastor Clifford Lones was called to be the next pastor of the Independent Bible Fellowship Church and he and his family moved to

of the way. The pots and pans that I do I had to get ready to go to bed. I would not put into the dishwasher have been sit down and review the day's work, cleaned and filed in the proper cupboard. I am thankful to the men of science who have given us these nonstick frying pans and griddles, although for certain things I still use the old iron skillets. I love the non-stick surfaces of the modern pans, and I care for them as carefully as my best china. But....and there is always a "But", we are advised to use only the plastic pancake turners to prevent scratches. I purchased the plastic turners, but in the first use they soften on the edges and get scruffled up which makes easy turning impossible and it looks cruddy too. Why can't they cancel one of their space trips and put their minds to giving us housewives a decent pancake turner that will do a good job and still be safe on those precious surfaces?

My fellow columnist, Elizabeth Ruff is getting together a marvelous cookbook of Delmarva recipes. Look for it when it is published. I am donating a few old recipes taken from my Royal Baking Powder Cookbook dated 1890. If you think cooking is hard now, you should read about it then. Of course they are just for fun in this modern age, but our grandmothers used them, and there were famous cooks in those days.

When I was younger and my family larger I had to work most evenings, often ironing until one a.m. A neighbor remarked that I was probably glad to rush into bed. I explained to her that I Cornbread, because that is his favorite.

Well, the early morning chores are out could never do that. I am a planner, and giving myself "A" for effort at least. Then I would plan what must be done tomorrow. Then I would plan tomorrow's breakfast. Then, after my plans were made I could relax and go to sleep. I am not a last-minute worker. Ellen is just the opposite. She always meets her deadlines and gets the job done, but that rush would drive me nuts. Which is why, just after Thanksgiving, if not before, I will make the Christmas Minnehaha Cake, the mince pies and the cookie dough and stash them in the freezer. A few little hurry tasks at the last minute are O.K., but I want them to be fun and not a desperate struggle.

Isn't the autumn weather glorious? Aren't we blessed on Delmarva? Our roses are so much prettier now than they were in summer. Dad brought in eleven yesterday, all fine specimans. The Smoky lavender one was like the picture in the catalog. He also found in the garden a handful of baby scallions, and we had them chopped up with vinegar and spices for our dinner steak.

I hope to try a new recipe this week. Through the years I have made a lot of cornbread, but I have never tried Cornsticks. Gary brought home two cornstick pans for the shop and I asked for one for my kitchen. I have found an easy recipe, so we shall see. Dad will say that they are not as good as the Skillet

1758, was seen again in 1835, and seen again in 1910, we are hoping to see the comet again in 1986. This section of the article was passed on to me and is a true story given by a resident of Viola, DE who has seen the comet and remember it very well. Watch out for Halley's Comet. We are hoping it will be visible in February. Seventy-five years ago it was plainly seen by the folks of Viola. Del. it was over the main road leading to Canterbury. It seemed to hover just above the corner of Temple Avenue and was headed toward Canterbury. It looked like a great ball of fire with a 50 foot glowing train following it. It was between 9:00 and 10:00 o'clock in the evening. Most of the folks in Viola were at that corner gazing up at that Heavenly sight. The astronomers tell us during the past 75 years it has lost much of its brilliance. We Viola folks hope to catch a glimpse of it again in 1986. She gold me of how cold it was that night and as a child, her father wrapped her in a blanket and held her on the porch rail to see the comet in 1910.

# "Big Daddy" Don Garlits is still the man to beat

WINSTON-SALEM, N.C. - Intense is too mild a word to describe "Big Daddy" Don Garlits, the 53-year-old legend who this season captured his second Winston Top Fuel world championship in the National Hot Rod Association (NHRA).

His determination, brilliant racing mind, and courage to face speeds of over 260 miles per hour, helped Garlits win six national events in 1985 and turned the season into a one-man clinic on the art of Top Fuel racing.

The Ocala, Fla., driver watched defending NHRA-Winston world champ Joe Amato, and Dick LaHaie win the season's first two races. Then Garlits took over in Atlanta, claiming the Southern Nationals. He also won the Cajun Nationals, the Molson Grandnationals, the Summernationals, the prestigious U.S. Nationals, and the Keystone Nationals.

All along Garlits' priorities were clear. "First, I wanted to win the Winston world championship. That is always the top goal. Then I wanted to establish the new national record in speed, and finally the national record in elapsed time. Two out of three isn't bad at all." Garlits predicted that if the conditions were right (cool air, warm track) he would break the 270 mph barrier at the Winston world finals in October. He didn't quite pull that off, but he did set a record of "only" 268.01 mph. That speed topped Amato's old mark of 264.70 mph.

"Big Daddy" is determined to top 270 mph in 1986. As for the elapsed time mark, his best of 5.436 seconds at the Keystone Nationals was slightly under Gary Beck's record of 5.391 seconds.

His achievements amaze almost everyone except Garlits. And he plans to stick around a few more years to teach the younger generation a lesson or two. a-half G's. It multiplies your body "People think it is unbelieveable that a 53-year-old man can strap himself into a Top Fuel car and go over 260 mph in a quarter-mile. But the key thing is that I am still very competitive, and that I'm still setting records. I project at least three more years of racing for myself." Driving the Super Shops/In-N-Out Burger dragster, Garlits in 1985 completed one of the most impressive comeback stories in the sport. In 1975 he conquered the racing world, earning his first NHRA-Winston Top Fuel title. After a second-place finish in 1978 and third-place spot in 1979, he decided to Garlits. "I'm not going to reveal how I take a break from the sport that he

competitiveness on the shelf and watched as Shirley Muldowney, who will be making an amazing comeback herself in 1986, climbed to the top spot. Finally, in 1984, Garlits came back with a vengeance. He won the U.S. Nationals at Indianapolis and also charged to the Winston World Finals title. One of the great innovators in the sport (it was Garlits who designed the first rear-engine dragster), he showed a business-like aggressiveness.

"Every race I go to I have the intention of wining," Garlits says. "You have to be in good shape to do this sort of thing, and I am.

'It's a tough situation driving one of these dragsters these days. The car accelerates off the starting line on a 5.40 run at a little more than three-andweight three-and-a-half-times; even your head becomes real heavy. It pins you back and holds you there until you lift (from the accelerator), and then it throws you hard into the (seat) belts at four-and-a-half G's when the chute comes out. That will hurt you.'

Garlits is hesitant to give away any secrets to his success, although the way he tunes his car, especially in sweltering summer heat, is considered his primary strong point.

"You have to know how to burn that nitro-methane fuel in the heat," said

Nearly 200 friends, family and fellow competitors were on hand to see fifteen of the club's best awarded with trophies and a share of the \$2,000 points fund sponsored by several local businesses. # Waltrip backs into championship as **Rudd** wins 1st

by Harry G. Farrow Jr.

RIVERSIDE, CALIF - It was a Ford in the winner's circle at Riverside, California on the left and right turn racetrack....but it wasn't everyone's favorite Bill Elliott.

**Ricky Rudd outdueled Terry Labonte** over the final 23 laps for his first win of the season. Rudd said following his win, "...the team has worked hard all season, and it has been overlooked. But everything sweet." The very popular on at the end with a strong finish.

Darrell Waltrip won his third national championship for Hall of Famer and car owner Junior Johnson who has won six championship in the last 10 outings. The point fund is worth over \$250,000 which is divided among the team members.

Labonte had dominated early tace coverage holding off stiff challenges by hard chargers Neil Bonnett and Harry Gant. But Rudd kept reappearing and on the 96th lap he took over for the final 23 laps to the checkered flag. Cars pitted on lap 105 and Rudd was quickly out of the pits by changing just two tires while Labonte changed all four for the final run. But Labonte got out of the pits behind Rudd....and rode his rear bumper the rest of the way home.

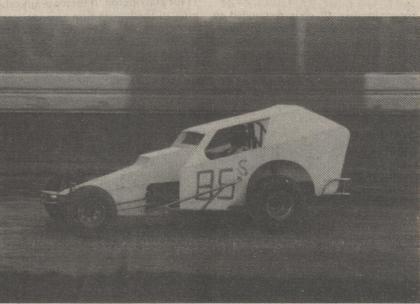

It was a sad day for the Elliott boys. On lap number 6, the powerful Ford Thunderbird....fastest Thunderbird in the world....lost a pin in the transmission when driver Bill shifted

from third to fourth gear. He went behind the wall for 23 laps and never was in contention for the being in the race competition....even though the Ford ran swift and quick. But Elliott said "...it would have taken a good run for me to beat Darrell today. He was strong all day and deserves the championship."

Elliott also said about Darrell and the Junior Johnson team (which speaks well of Elliott as well as the winning team of Waltrip/Johnson) that Johnson was down 100 points after Elliott's win at Darlington "...made that up and has won the championship. I think that speaks well for him and his team," said Elliott.

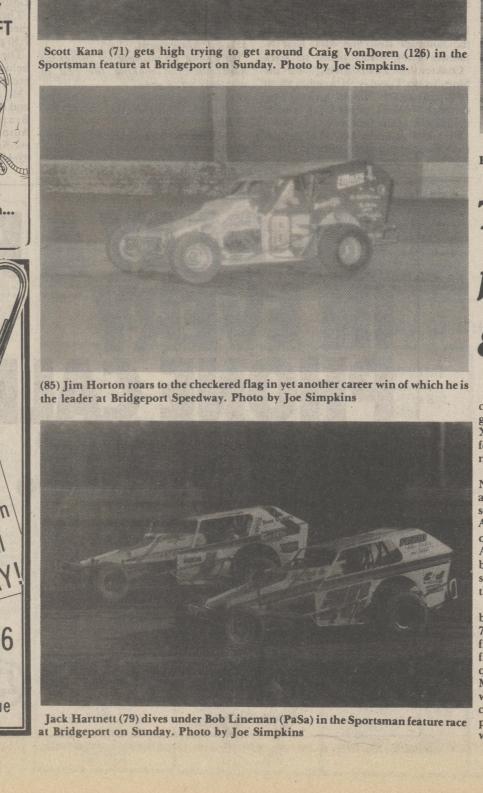

Rudd picked up \$37,075 while Labonte received \$38,375 which included the \$10,000 Barkley's American share for leading at the halfway mark.

Elliott picked up second place money in the Winston Point chase good for \$150,000 together with his winnings of over \$2 million in one year .... which is a record was not bad for the Elliott boys. Darrell Waltrip backed into the championship on Sunday by finishing 7th while Elliott with car problems related to the transmission finished a dismal 34th. Waltrip who always said the guy who wins the most races should be the champion in Winston Cup Grand National Racing. But on Sunday the present rules of NASCAR shined through on Darrell Waltrip to enable him to pick the coveted crown for the third time in his brilliant career.

# **Turkey Derby XII set** for November 29th & 30th

With the racing season drawing to a close rapidly, all systems are in high gear at Wall Stadium for Turkey Derby XII. The event will be a two day affair featuring five different divisions of racing machines.

The two day event will start on Friday, November 29th with pit gates opening at 8:30 a.m. A three hour practice session will be from 9 a.m. to noon. After a short break, the first of several qualifying heat races will be presented. Among those qualifying on Friday will be the MAD's, modern stocks, and street stocks, along with a complete show for the T.Q. midgets.

On Saturday, November 30th, it will be nonstop action. Pit gates will open at 7 a.m. A practice session will follow from 7:30 a.m. to 9:30 a.m. Once the final adjustments have been made, the qualifying events will begin. The MAD's, modern stocks, and street stocks will complete their fields with their last chance consolation events. The high powered modifieds will then follow with five heat races. Once the first

twenty modifieds are qualified through the heats, the two consis will be presented to complete the twenty six car starting field.

For the remaining modifieds who failed to qualify for the Derby, they will be able to compete in the thirty five lap nonqualifiers feature which will pay \$500 to win this year.

Following the intermission and the crowning of the new Ms. Wall Stadium, the 150 lap Turkey Derby will be presented as the twenty six starters will shoot for a purse in excess of \$18,000. Once the Derby has been completed, there will be plenty of racing action still instore as the MAD's, modern stocks, and street stocks will close out the show and the season with their respective features.

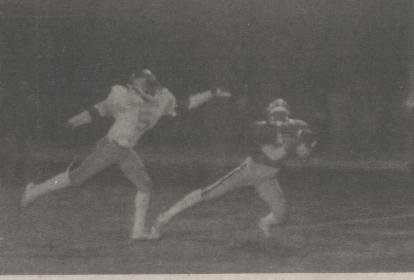

In the event of rain on either Friday or Saturday, an alternate schedule will be in effect. This schedule will be released shortly.

Entry forms for the modifieds are available at the speedway office which is open daily from 10 a.m. to 8 p.m.

**Play by Erick and Chuckie** gives Spartans win over

# **Caesar Rodney**

CAESAR RODNEY — The combined play of Erick Warren and Chuckie Bell on friday night gave the Lake Forest non-conference Northern Division foe, Caesar Rodney Riders

It was a typical football game coached by Jim Fleming described by hardnosed defense, low scoring and usually one in which the Spartans play errorless while making the opponent cough up the football.

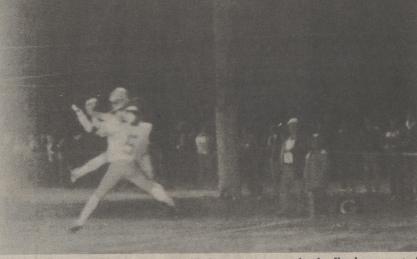

It was a see-saw game with each team trading downs the Spartans held a Northern Division foe to just 3 yards rushing and 24 yards through the air. The Spartans gained on the other hand 115 yards total with 13 yards through the air (1-5) and 102 yards rushing. The ball carrying was not the same in this game as the Henlopen Conference leading ground gainer Lionel Dixon was unmistakeningly missed. He was dressed in street clothes roaming the Spartan sidelines....but he was not in the game. Both Coach Fleming and Dixon were silent .... "no comment", said both. But it was believed that Dixon was again being disciplined for matters related to practice. Coach Fleming said "....the decision regarding Lionel was mine and mine along. This is something between Lionel and me as head coach". Fleming is a no nonsense Coach, and he believes in preparing for each game and preparing well enough to control the outcome. This was an important win for the Spartans, because in beating a nonconference as well as beating one in the division above the Spartans, the Spartans were able to pick up six points toward determining who will go to the State tournament. right now with one game remaining for the Spartans which will be this Friday night against Milford, the Spartans have a great chance of getting an at-large berth in the State tournament. Fleming said the game was played more on defense than offense because ... we found ourselves many times with our backs to the wall, and we couldn't open up as a result". It seemed like CR, who was playing before a large homecoming crowd, had the most chances to score particularly in the first half of play. Twice they either sacked punter Mike Wingo....and one tackled him before he could get off the punt, which kept the Spartans deep in their own territory Exceptional defensive play led by Junior Chuckie Bell save the Spartans and kept the Riders scoreless. The winning points came when Erick Warren booted a field goal from the 13 yard line. The ball just barely got over the cross-bar....but it was good enough to give the Spartans the win. The stage was set four downs previously when Steve sipple and Dexter Bray brought the CR punter, Doug Bordley to the turf. It looked from where we sat that when the ball was snapped to Bordley he momentarily juggled the ball, saw Sipple bearing down on him, stepped to his left, and was then met by Bray with Sipple converging on him too. That was fourth down and the Spartans had the ball on the 28 yard line. The Spartans drove to the 18 yard line and a first down. The Spartans bogged down at the 13. It was fourth and six when Warren came to position to kick the field goal. Those from the CR side of the field as well as the press

box felt that Warren surely would be there just to fake the kick.

But those of us who know Warren Spartan Football team a 3-0 victory over know that the distance to the cross-bar was not too far for the big man. At the 13 yard line the Spartans took their threepoint stance. Warren who usually kicks 7 yards deep was now at least 20 yards deep. The cross-bar was 10 more yards deep in the end zone for a total of 30 yards. He has kicked them longer in practice, but this was under game conditions, and the game meant an atlarge berth in the State Tournament, all Friday's game. "We have your size"

The Spartans and their fans went wild as Warren jumped for joy & looked for someone to embrace. The only problem there is that Warren is so huge that he towers over his teammates who fear for their safety.

Time and time again the Riders were deep in Spartan territory. Mike Wingo again was in the center of things. The guy who game after game is forced to field wild snaps from center and see the oncoming rush on him....nevertheless he played a whale of a game. One of his punts...when we needed it sailed 50 vards. It was this kind of play by Wingo which kept the Spartans out of trouble all night

Twice Wingo had punts blocked or 'tipped" in the second half. Once in the third quarter, the ball was put on the 35 vard line. From there the Riders marched to the 4 yard line, but through the defensive play of Chuckie Bell who time and time again got through to sack the quarterback, the Spartans were able to preserve the victory.

With 2 minutes left in the game, wingo's punt was again tipped with CR recovering the ball on the Spartan 11 yard line. The CR ball carrier was thrown for a couple of losses. Then the quarterback faded back and lofted a pass along the right sidelines and pass interference was called against Alfred Seth on a very, very questionable play. The referee indicated that Seth had interfered with the intended pass receiver as they ran along the sidelines. The penalty put the ball on the six yard line with first down and goal to go. Two faded passes in the direction of defensive back Mike Scott failed although one looked like it was caught for a TD. On the next play, big and rugged Chuckie Bell broke through one more time to sack the CR quarterback, catching him back on the 23 yard line for the 4th down....and the last time CR would get possession of the ball that night.

END ZONE NOTES: Mike Gygrynuk said "...their blocking on offense was not too good .... and they were not too good on offense. They were hitting pretty hard ... but we were also." Asked if he felt Dixon was missed, he said, .yes, we missed him, but Coach (Fleming) made the decision and we stuck by him (Fleming). We knew we had to go out there and contain CR which we did. Lionel (Dixon) will be back next week against Milford, and we are looking for a good game from him." Gygrynuk also said the center of their line was tight with the linebackers and the secondary backs laying back. "The defensive ends were also crushing him (Rickie Brown), which was one of their better points." [Continued on page 10]

At Roosevelt on Friday night in the bined with matinee racing brought out \$25,000 Open Handicap Trot, it was Manfred Hanover winning in a blistering 2:02 for Gary Mosner.

On Friday night at Pompano Park in the \$418,553 Breeders Crown for 3 year old trotting fillies it was Armbro Devons getting a big win for Bill O'Donnell in 1:57.3 over Lavidia Hanover, and Keystone Profile.

At Garden State Park on Saturday in the \$20,000 3rd leg of the Phillies Pace it was Green With Envy getting the win for Jim Doherty in 1:56.4. On the same night but up the road at

Roosevelt in the \$35,000 Open Handicap Pace in pouring rain Russ Lyn Scot....remember him a purchase at Carroll's Sale and driven many times to less frequent wins by Herve Fillion .... well Mike Lachance did it this time in 2:00.3 with Mr Dalrae getting third in the final start in the \$1.1 million career.

At Dover Downs on Sunday in the \$2,000 Open Pace, Ciudad Trujillo paced the mile in 1:59.2 with Roger Botsch in the bike. In the \$1,000 Pace it was Rapid Beat getting the win for Jackie Parker Jr. in another 1:59.2. Unseasonably mild temperatures, comthe good times. The two year old pacer Sentry Lobell owned Sid Alpert and driven to victory by Larry Manges set a track record by pacing the mile in 2:00. It is often said ..... and particularly by the guy who knows how to build harness tracks and preparing them for racing, Bill Davis...formerly track superintendent at Brandywine that Dover Downs is possibly the fastest track in the nation. The reason why faster times do not come about are two-fold....the time of the year and the quality of the horses. It is good to see the fast times so far this fall

At Rosecroft on Sunday in the \$8,000 Preferred Trot, it was Quick Trip winning in 2:01.3 for John Mogan.

At Lewiston Maine.....scene of a Liston-Clay title match several years ago....in the \$100,000 Invitational Pace it was Falcon Seelster....the speedster warming up the Maineites in 1:58.3 performance. This was an all-age track record....listen to this....despite snow, rain, and sloppy track. What a race horse...with blistering finishing speed. Falcon....in my mind is one of the great unsung harness horses in this country

today.

Mr. William Bollinger of Lewisburg, Pa. was a Tuesday luncheon guest of the Jacob Hatfields.

Mrs. Jacob Hatfield was a recent dinner guest of Mrs. Theresa Ottey. Mr. and Mrs. Roy Peterman, Mr. and Mrs. Jacob Hatfield, Mrs. Alice McIlvaine, Mrs. Bonnie Gardner were Thursday evening visitors at the home of Mrs. Lurietta Draper.

Mr. and Mrs. Archie Warnick spent a recent weekend at Cape Hatteras. They were there during the No'Eastern storm. The tornado in that area passed them by, but the winds blew so hard that a cup of coffee on the table in their cabana sloshed over. There were 13 and ½ inches of rain fall between Sunday and Tuesday. We are glad that we could welcome them home safely.

The Jacob Hatfields were happy to welcome visits from the Bollinger family of Lewisburg, Pa. who were here for the hunting season. They were also guests at the home of Mr. and Mrs. Gary Bollinger, joining the rest of the family for Sunday dinner.

Mr. and Mrs. Alvin Willey have had their son and wife Mr. and Mrs. Gerald Lapp of Durham, N.C. as guests. Mrs. Joyce DeLaurie of Austin, Texas is visiting her sister, Mrs. Alice McIlvaine and other relatives in the area

# **Senior Center**

Thursday, the 21st will be a busy day at the Center. It's the date of this month's Commodity Distribution. The state has released two future distributions, January and March. The Center offers this service for its members, allowing them the convenience of picking their surplus up during daylight hours (1-4 p.m.) and to avoid lengthy lines.

Other eligible persons should report to the firehall that evening. Our thanks to Jeanette and Russell Legates, Kathryn and Lester Smith; who have worked with this program as volunteers since its inceptionl. Friday, well if you think Thursday was going to be a busy day, Friday will be our Thanksgiving Dinner. Our dinner that day will be Roast turkey with Gravy, Dressing, Cole Slaw, Cranberry Sauce, Orange Sweet Potatoes, and Pumpkin Pie with Topping for dessert. After lunch we will be having door prize drawings for those in attendance. Monday the 24th will be Bible Study with Rev. Kyle Smith, beginning at 10:15 a.m. After lunch, our own Senior Sounds Chorus will be going to Courtland Manor Nursing Home in Dover to entertain the residents there. The residents of Courtland seem to really enjoy the visits as does the other facilities that the band and chorus visit.

Tuesday, the 26th, our lunch consists of Homemade Lasagna, Cole Slaw, Italian Bread, and Jello with topping for dessert. Our Chorus is "On the Road Again" that day, having been invited to the Frederica Adult Center to entertain at their Birthday Party and Thanksgiving Dinner. This is their second invitation to their center. As you may remember, Frederica members were our guests earlier this month. Finally on Wednesday, the 27th, the Chorus will be practicing and in the afternoon we will most probably be readying the December Newsletter for the mail. We will be closed both Center News.

Thursday and Friday of that week in Observance of Thanksgiving.

Upcoming trips for the Center include: December 4th, Christiana Mall; December 11th, Longwood Gardens and Air Transit Command Restaurant.

Now for our INFORMATION TIP for this week: Respite Care. Occasionally, families who have been caring for an older relative need to make temporary arrangements for the care of that person-for example, during short vacations, or during the hopitalization or illness of one of the caretakers. Sometimes temporary arrangements need only to be for a few hours while the caretaker attends to business in the community. There are several respite care programs in Delaware that make provisions for such temporary care arrangements. The type of service provided and the length of time it is provided differ by the program. Depending upon the amount of care the older person may best be managed in an Adult Family Care Home or in an institutional setting. There are also programs which provide for relatively short periods of respite care in the home itself. Some agencies receive Older Americans Act funds through the Division of Aging to provide respite care in homes. These programs provide round the clock homemaker service for persons 60 years of age or older who cannot be left alone. Services include personal care, meal preparation, light housekeeping, laundry, marketing and companionship. Depending upon availability of funds, these programs will provide respite care for up to 72 hours per session, 10 sessions a year. For more information call, Geriatric Services in Dover at 734-7005 or the Center at 398-4224.

# St. James to go for world record at Talladega

Lyn St. James is part of the "Go For It" generation, and that is exactly what she will be doing at Alabama International November 25th.

St. James, the premier female driver in racing today, will be trying to become the first woman in the world to drive a race car at more than 200 miles per hour on a closed course.

Armed with a Ford Probe prototype, St. James will attack the existing world record of 191.042 miles per hour, set by Desire Wilson in a qualifying lap for the 1982 Indianapolis 500.

If the situation presents itself and conditions are right, St. James may try to break Mark Donahue's all-time, closed course speed record of 221.160 mph, set at Talladega in a Porsche 917-30 in 1975.

Another mark that St. James could shoot for would be the 209.398 mph that

Bill Elliott ran in Winston 500 qualifying six months ago at Talladega, and Elliott just may be on Motor Speedway on Monday, hand to help her top his all-time stock car record.

Elliott and St. James co-drove a Ford Mustang during the Camel Continental at Watkins Glen, NY, in July, and discussed the project at that time.

"We talked about it, and Bill said I could probably break the women's record in the Mustang, so I know the Probe should easily break the record and go over 200.'

St. James is regarded as the best female race car driver in the nation, and became the first female driver to score a solo victory in any motorsports event during the Sept. 29th Serengeti Drivers New York 500 at Watkins Glen. She also co-drive to victory with John Jones during a race at Elkhart Lake, Wisconsin, earlier this year.

# **Kinser notches sixth** title during record WoO season

Steve Kinser is used to recording clean sweeps. That was the result of his sixth championship season posted during the most successful World of Outlaws/Copenhagen-Skoal Shootout sprint car campaign ever. As with Kinser, the organizatin established several records during the banner season.

Kinser finished the 54-race season on top of every statistical category on the WoO trail. In addition to his WoO/Copenhagen Skoal Shootout driving crown, Kinser also captured the Stroh's Challenge Cup for his performance in time trials, heat races and features. He set the most fast times to snare the Autolite Pacesetter Award, led the most feature laps in the Dodge Truck Ram Touch Challenge competition along with winning more features and money than any other opponent on the circuit.

The catalyst of Kinser's title-winning campaign was a five-race winning streak during the spring Eastern tour. Kinser finished the ten-event swing far ahead of his competitors in the WoO/Copenhagen-Skoal Shootout the rest of the year and added another Pacesetter Awards. title to his previous WoO crowns earned Four of Davis' five feature victories in

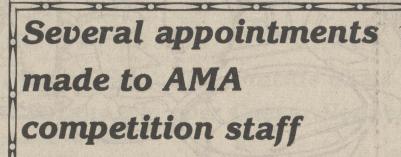

Kinser-owned and wrenched mount. The champion finished in the top three positions 69% of the year with a 78% to five record and an incredible 89% top ten finishing mark.

Kinser established a new World of Outlaws money earnings mark of \$247,690. The Copenhagen-Skoal Shootout driver and car owner victories along with Steve's Stroh's Challenge Cup title added \$30,000 in point fund money to his total. His 14 fast qualifying times topped the new Autolite Pacesetter Award and was worth another \$6,000.

Kinser reached a milestone during his last WoO win of the year at Santa Maria Speedway. Kinser recorded his 150th career WoO victory at the fall event. His eight-year WoO winning percentage is 33% for his 150 wins out of 457 World of Outlaws programs.

Bobby Davis Jr. enjoyed his most productive season ever on the WoO trail. The 22-year-old Mud City driver finished second in the WoO/Copenhagen-Skoal Shootout driver standings, with seven victories which pushed him third in the Stroh's Challenge Cup tally, won a WoO career high \$151,705, led 215 laps to take third in the Dodge points. Kinser held his points margin rundown and earned five Autolite

#### Schuman wins Alfred I. du Pont **Composer's Awards**

A brand new national music award was recently announced by the Delaware Symphony Association. It is the Alfred I. du Pont Composer's Award, named after the founder of the Tankopanicum Orchestra of Delaware, the early ancestor of the present day DSO. Alfred I. du Pont had many philanthropic interests. He also was an accomplished musician, composer and conductor.

The first recipient of the award, which is administered by the Delaware Symphony Association and is sponsored by St. Joe Paper Company of

Florida, is distinguished and celebrated American composer William Howard Schuman of New York. Schuman was the nomination of the Julliard School of Music.

The award will be presented to Schuman on Thursday, December 19 ih the Grand Opera House during a DSO classical concert. Alfred du Pont Dent, grandson of A.I. du Pont, will make the presentation. Dr. Schuman will introduce one of his forty orchestral compositions, "American Hymn," to the audience. It will then be performed by the Orchestra.

# Mary Bishop Gigliotti DSO **Principal Violist**

One of the members of the Delaware Symphony string section of the Orchestra is talented Principal Violist, Mary Bishop Gigliotti. She was recently featured as the soloist in the opening night of the DSO's Champagne Chamber Series in the Gold Ball Room

of the Hote du Pont. Gigliotti began her study of the viola at the age of 10. A graduate of the Curtis Institute of Music, she was the Associate

Violist with the Netherlands Chamber Orchestra and has appeared at the Newport Music Festival, the Spoleto Music Festival and the Filharmonica de los Americas in Mexico City.

Currently, Mary teaches viola privately and substitutes regularly with the Philadelphia Orchestra. She also performs as a solist and in chamber ensembles in the Delaware Valley. She has played with the DSO for four years.

#### New Year's Eve Viennese Night

Ring in 1986 with the DSO's 9th annual New Year's Eve Viennese Night on Tuesday, December 31 at 9:00 p.m. in Wilmington's historic Grand Opera House.

The concert, which has been a great success in previous year;s, features the musical magic of the Strauss family and others in the tradition of Old Vienna. Stephen Gunzenhauser, DSO music director, conducts the New Year's Eve concert for the first time and says that he "quite excited and very much

looking forward to the event." Special guest soloists are Mary

McDonald, a coloratura soprano whose shimmering high notes delight audiences, and tenor Richard Burke, a winner of the Philadelphia Opera Company/Luciano Pavarotti International Voice Competition. Complimentary champagne will be served at intermission.

Make your reservations early! This event is always a sellout. Call (302) 656-7374 for information

#### **Pianist John Young joins DS** woodwind quintet

John Young, pianist, and the Delaware Symphony Woodwind Quintet will be featured in the second concert of the Delaware Symphony Orchestra's Champagne Chamber Series on Tuesday, December 3. Sponsored by the Bank of Delaware, the

8 p.m. concert will be held in the Hotel du Pont's Gold Ballroom.

Mr. Young's newly released recording, "John Young Plays Rags, Jazz, Blues and Dances" is available on Young Sound Label
