The 29th Annual Milford Memorial Hospital Fair, held Friday and Saturday on the grounds of the Milford Middle School, has been defined as a success by Grounds Chairman Susan Phillips. She reports a total of \$31,500. raised for the hospital and comments, "the crowds were super, and the weather was definitely with us." The auction, scheduled for the first time on Friday night instead of Saturday, raised \$5,300.

New this year were antique autos on exhibit; a maze created from bales of straw by Judy Fry Killen, which proved popular with the children; and "Very

Bad Portraits." According to Phillips, the artists involved in the latter activity enjoyed themselves as much as the

A water fowl quilt created by Pat Staby Skinner was won by Reba Wells, Georgetown, in the raffle; also raffled was a three-foot skipjack model created and donated by Steve Rogers and Gerald Savage, which was won by Marion Kotelez, Milford.

In addition to Mrs. Phillips, cochairman for the arts, crafts, and special events were Cynthia Jones and Judy Grier; and chairman for foods was Janice Caldwell.

Merge to benefit Greenwood

by Carolyn Muentner

Subject to approval by Delaware Bank Commissioner, John E. Malarkey, the Federal Home Loan Bank Board has approved the merger of Maryland's Second National Building and Loan Association with the Greenwood Building and Loan Association. According to Deputy Bank Commissioner, Susan Winters, the branch could be approved this week and is expected to open June 1

Discussing the potential impact on Greenwood, Charles Conaway, assistant secretary-treasurer of the Association, stressed the fact that the previously uninsured Association will now be federally insured for up to \$100,000 per deposit; this will improve the safety of the equity of Association

shareholders and depositors. It will also mean, Conaway stated, that federal insurance, according to a Greenwood residents will now have full spokesman for Second National. The banking service in their home merger involves no cash or securities.

Davis reaches 4,000 mark

Eddie Davis became the 12th driver in harness racing history to win 4,000 races when he urged Little Card to victory in the 11th race Saturday night at Brandywine Raceway.

Davis completed a driving triple during the evening to achieve his milestone. He steered Summerwind Storm to victory in the 2nd race and then guided Beaten Lengths - owned by Zoe D. Wilson and Olin Davis of Harrington - home first in the cofeature \$6,000 Fillies and Mares Open Pace in the 10th.

VNA expands services

The Visiting Nurse Association of Delaware now offers round-the-clock, shift, or hourly private duty nursing care in any patient environment statewide. Formerly, only intermittent care was available from the VNA.

As hospitals are turning to more advanced technology to monitor patients and are discharging patients sooner to keep costs down, the need for private duty care in the hospital and at home is on the rise. The VNA is responding to this need.

Care is provided by RNs, LPNs, Home Health Aides, or Home Helpers, After an initial visit by an RN who obtains the physicians orders when necessary and evaluates the patient's needs, a plan of care is developed.

A plan is designed to use the most cost

effective and efficient delivery of service. Fees vary according to skills required to meet patient needs. Health insurance may cover some or all of the costs for these service. The VNA is an experienced statewide organization with more than 60 years of service. Offices are located in Wilmington, Newark, Milford and Lewes.

The Harrington Journal will be closed Monday, May 26 in observance of Memorial Day. Monday's deadline is moved to Friday, May 23. Tuesday will beregular business hours with publication on Wednesday.

Surplus Food Distribution

The next distribution of surplus foods will take place today in Sussex County and Thursday, May 22, in Kent

There has been some change at two locations in Sussex County. Distributions will now be held at the Union United Methodist Church, Laws and Market Streets, Bridgeville and at the Cape Henlopen Senior Center, 11 Christian Street, Rehoboth Beach.

Those eligible to receive commodities include recipients of Aid to Families with Dependent Children (AFDC), Food Stamps, Supplemental Security Income (SSI), General Assistance or Medicaid. These recipients must present their Green Photo ID Card or White Medicaid Card. A representative can pick up food for a homebound recipient by presenting that person's card in his place.

Also eligible are those with total household incomes not exceeding 130% of the poverty level, as shown below. Only one person per household may

All American Buckle-Up Week campaign

The Delaware State Police will be participating in the All American Buckle-Up Week Campaign which will begin on May 22 and continue through May 29 throughout the Mid-Atlantic region. Delaware and surrounding states will make a special effort to encourage the use of seatbelts by anyone driving or riding in a motor

The Delaware State Police, along with the Maryland, New Jersey and Pennsylvania State Police will begin the summer holiday season with a Combined Accident Reduction Effort (CARE) Kickoff on May 23 at 9:30 a.m. on I-95 northbound, one-quarter mile north of the Delaware-Pennsylvania Line in Pennsylvania.

There Delaware will exhibit some of the enforcement tools to be used to make this summer season a safe one. They will exhibit

1. Portable Breath Tester (PBT) used to measure blood alcohol content (BAC) in breath samples in the field. 2. Intoxilyzer - used to measure BAC in breath samples at troops for prosecution evidence

3. Sobriety checkpoint (These 3 items are used to combat the drunk driver). 4. Radar device - used to detect vehicle speed on our highways. Here the effort is to promote compliance of our highway speed limit, a known contributor in highway fatalities,

5. Delaware State Police helicopter will also land at the CARE site. The helicopters are used for a multitude of assignments including traffic surveillance, emergency medical response & evacuation as well as medical transport.

6. Last but not least, in keeping with the theme of this year's season, ALL AMERICAN BUCKLE-UP WEEK, the

State Police will display "The Convincer". This device simulates a 5-8 mph crash. It enables the operator to see and feel the forces that result from a slow speed. This enables them to visualize readily the danger of a 30-50 mph crash without the safety of a seatbelt. It's a "convincer!"

Beginning May 22 and continuing through the summer, the State Police will work extra hard to make Delaware highways safer. They will increase patrols, especially in the area of DUI. increase sobriety checkpoints (three for our first holiday weekend), rearrange shifts to give maximum trooper coverage during peak holiday traffic hours and increase selective enforcement of major traffic violations including the 55 mph speed limit.

Also as a reminder to travelers, local REACT groups will again provide coffee reststops during the holiday weekends at various locations throughout the state to give tired drivers a needed break.

U of D Alumni College

"Discovering Regional Americana" will be the theme of the University of Delaware's new Summer Alumni College, an extended weekend vacation learning experience set July 16-20 on the Newark campus and in the area. Although the Alumni College was designed primarily for University alumni, others interested in the University and the program also may attend. Deadline for initial registration is May 31, final registrations are due June 20.

The summer's inaugural program will explore the diversity of America's historical and cultural heritage, as well as critical social, economic and political issues affecting the lives of all Americans. The program will feature topics as diverse as American music, architecture, literature, dance, folk art, cuisine, urban revitalization, econological challenges and U.S. Constitutional analysis.

Participants will also have a choice of regional museums to visit, and such optional activities as introductory computer experiences, workshops in home landscaping, wildlife studies, swimming and other sports, theatre/music production and free time just to stroll about the campus, take independent excursions or use as they wish. Patricia C. Kent is the program

Stephen F. Abel ROAST CHICKEN AND KIWI WITH RASPBERRY GLAZE

2 Broiler-fryer chickens, halved 1 teaspoon salt

¼ teaspoon pepper

½ cup butter, melted

4 kiwi fruit, peeled and sliced Raspberry Glaze: recipe follows

Sprinkle chicken with salt and pepper. Place chicken, skin side up, in single layer, in large shallow baking pan. Brush butter over chicken. Bake in 400 degree oven, basting frequently with butter, about 40 minutes or until chicken is fork tender. Spoon glaze over chicken. Top with kiwi slices, using 1 kiwi per half chicken. Return to oven and bake about 3 minutes or until fruit and chicken are well glazed. Makes 4 servings.

Raspberry Glaze: In saucepan, make glaze by mixing together 1 jar (8 oz.) raspberry preserves, ½ cup white port wine and grated peel of 1 lemon. Simmer about 3 minutes or until slightly thick. Makes about 1½ cups.

Mary Elzy SPICY CHICKEN AND RICE

1 broiler-fryer chicken, cut in parts 1½ cups rice

1/3 cup cooking oil

2 medium onions, sliced 1 can (15 oz.) tomato puree

2 medium tomatoes, chopped 5 cloves garlic, crushed

3 cups hot water

2 medium carrots, grated Peel of 1 orange, grated

4 cinnamon sticks 6 whole cloves

in water, split

1 teaspoon salt ¼ teaspoon pepper

4 tablespoons raisins 4 tablespoons whole almonds, soaked

In colander, place rice and rinse under water. Transfer rice to bowl; add water to cover. Let stand at least 15 minutes. In frypan, place oil and heat to medium temperature. Add onion and cook, stirring, about 2 minutes or until slightly brown. Push onion aside. To same frypan, add chicken and cook, turning, about 10 minutes or until brown on all sides. Drain off excess fat. Add tomato puree, tomatoes and garlic; cook over low heat, stirring frequently, 5 minutes. Add water, carrots, grated orange peel, cinnamon sticks, cloves, salt and pepper. Cover and cook over medium heat about 30 minutes or until chicken is fork tender. Remove chicken and keep warm. Drain rice. Add rice to liquid in frypan; cook, covered, over low heat about 20 minutes or until liquid is absorbed. Place rice mixture on serving platter. Arrange chicken over rice. Sprinkle with raisins and almonds. Makes 4 servings.

"Made in

Delaware"

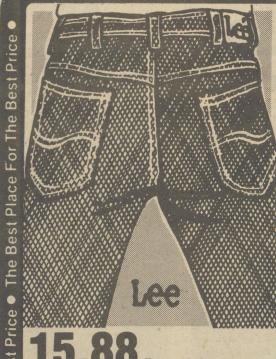

A melange of hand-made and machine-manufactured objects, all fashioned in Delaware, are now on display at the Delaware State Museum. This "Made in Delaware" exhibit of the same name is open at the Meetinghouse Gallery, 316 South Governors Avenue

in Dover, through December 30, 1988. Objects from all three counties evidence a wide range in function, use and manufacture and span seventy centuries. A prehistoric axe dating 5000 B.C. is the oldest artifact in this collection, while jewelry of contemporary silversmiths designed in the late 1960's are among the most modern.

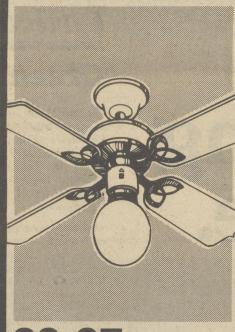

Elements of Delaware's agriculture, shipping, railroad and automobile manufacturing industries are centerpieces of the exhibit.

The State Museum is open on Tuesday-Saturday 10:00 - 4:30 and on Sunday from 1:30 - 4:30.

Adams and the Constitution

by Matthew Seccombe

Matthew Secombe is affiliated with the Institute of Historical Research of the University of London, England.

Editor's Note: Adoption of the Constitution of the United States in 1787-1788 was far from automatic. One of the consequences of creating a more perfect union was that local political leaders would lose some of their influence as a new national political community was established. Samuel Adams of Massachusetts, Instigator of the Boston Tea Party, fiery prator of the Revolution, and state legislator, was one such local political leader. Earning his support, and the support of others like him, was a crucial task for the partisans of the Constitution. Dr. Seccombe traces the process by which Adams came to support ratification of the constitution.

When the Boston Patriot Samuel Adams first saw the constitution in 1787 he was not enthusiastic about the new structure of government. "I confess," he wrote, "as I enter the building I stumble at the threshold." His objective was fundamental: the constitution created a national government rather than a federation of sovereign states. Adams feared that the states, with their different interests and cultures, would come to blows in a struggle to control the new government. Violent conflicts would lead to the rise of an armed aristocracy, and the free republics created by the revolution would be lost.

For Adams as for most Americans the revolution had begun as a defense of local self-government, as the colonies resisted extensions of British imperial control in the 1760s. And Adams was preeminently a local leader, a Boston man. Born in 1722, Adams was the eldest son of a respected Boston family. He began a modest career as a town official and politician. The growing conflict with Britain brought out his genius as a tactician. He organized committees, boycotts and demonstrations, drafted petitions and resolutions, and encouraged intercolonial cooperation against British measures. The Boston Tea Party of 1773 was his most dramatic moment, but more characteristic was his persuasive work in the committees of correspondence and the Continental Congress. As one opponent observed, Adams "eats little, drinks little, sleeps and indefatigable in the pursuit of his

objects." During the revolutionary war Adams was a nationalist, working in Congress to support the Confederation and its army. But he left Congress to help form a state constitution for Massachusetts in Confederation weak and growing 1779 and 1780. For him this was the culmination of the revolution.

cousin, John Adams, Massachusetts emerged with a strong and carefully balanced government, Samuel Adams influence is seen in several provisions that suggest his devotion to liberty. The state was pledged to support the local schools. Harvard College and the churches. "Piety, religion and morality" were proclaimed as the foundation of public order and happiness. Citizens were asked to national union.

subordinate selfish interest in favor of the "common good." 'Adams' state constitution did not emphasize our modern idea of liberty as individual freedom of choice. It embodied a collective liberty of consensus and participation in the community. In these beliefs Adams took his inspiration from the Puritans. He declared that Boston ought to become a "Christian Sparta.'

As a state legislator Adams saw Massachusetts through the final hard years of the war, the post-war economic slump and the upheaval of Shays' Rebellion in 1786-1787. He remained confident that Massachusetts and the Confederation would thrive. He did not wish to surrender his state's hard-won sovereignty to a new government.

Yet Adams did finally support the constitution. He became a member of Boston's delegation in the state ratifying convention in January, 1788. Most Bostonians supported the constitution, and Adams was asked not always politely — either to abandon his doubts or to keep silent. His health was not strong, and in the middle of the month his only son died. These circumstances may explain why he did not take a more outspoken role in the convention.

Instead of declaring a fixed opinion, Adams encouraged a full discussion of every provision in the constitution. The long debates allowed the Federalists to talk down many of the fears of the doubting members. Adams' questions clarified such issues as the election of representatives, and he praised the clause allowing the eventual abolition of the slave trade.

To gain support the Federalist leaders combined an unconditional ratification of the constitution with a recommendation of future amendments to allay fears about civil liberties and states' rights. After John Hancock presented this "conciliatory proposition" Adams seconded it. This compromise, he said, ws the best way to make the country "united in sentiment." Then he made an uncharacteristic mistake. He proposed an additional amendment (which included several provisions later incorporated in the Bill of Rights), thus re-opening the whole debate. Having upset both sides, Adams first tried to little, thinks much, and is most decisive actually helped defeat it. In the final vote the constitution won a narrow election: majority, and Adams' prestige as a revolutionary leader was regarded as an important factor in the victory.

Why did Adams support the constitution? He was a realist. With the weaker, he was willing to consider an alternative. Also, the recommended Thanks to the drafting work of his amendments did protect the state autonomy that he cherished. Third, his local pride was joined to a strong national feeling that developed gradually during the revolation. Finally, he knew and respected most of the men who were expected to lead the new government, and he was willing to trust them. Provincial and skeptical as he was. Adams was able to expand his horizons and his loyalties to embrace a

Legislative Notes from Senator Ruth Ann Minner

As a member of the Capital that economic development is an Improvement Bond Bill Committee, I have been spending a significant amount of time in Dover these days studying the many funding requests from throughout the state and evaluating the priorities and proposals in the Governor's recommended Bond

The process seemed to be progressing without too many problems until the Delaware Development Office, the department which spearheads the state's economic development efforts, presented the proposals or "wish list" for next year's Bond Bill.

That's when I "blew my cool"!

Mr. Louis Papineau, Director of the Development Office recited a list of projects the Governor wanted funded for economic development and those projects included: money for the construction of a new airplane hanger in New Castle County, another appropriation for the crane at the Port of Wilmington, and funding for an industrial park in Kent County. Not one project for Sussex County!

When I questioned Mr. Papineau about this and stated that the City of Milford, for example, desperately needed assistance for updating and expanding the City's water system, I received less that an acceptable response concerning the Department's lack of attention for Southern Delaware's

Mr. Papineau stated that the Development Office never received a request for funding the Mispillion revitalization project and also stated that he did not agree with the manner in which the water project was currently being presented and planned by the

City of Milford. Both arguments, in my opinion, are

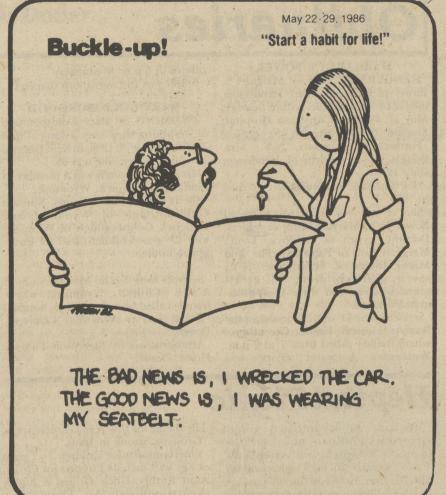

aggressive business and should not depend solely on applications and requests for help, and that the water project should have, at least, received partial funding from DDO. The City of Milford is trying to update the current water systems in an effort to keep a competitive water rate so current businesses in the City will consider staying in the community and, hopefully, entice new businesses to our area. It has already been feared that two area businesses, Con Agra (a poultry company) and Sea Watch International (a clam factory), are both considering relocating their present operations to other states. What more incentive or reason, in the eyes of state economic development experts, is needed to consider helping Milford with this

Last year, the Administration presented an economic development program for our state with no projects in Sussex County, and I asked, "Why?" I was told, "Next year."

Now, one year later, it seems like the same attitude prevails. Hundreds of thousands of dollars are dumped into other areas of the state in an effort to create new job opportunities and once again, Sussex Countians are told "Do it vourselves."

Well I am getting darned tired of constant attention going everywhere but Southern Delaware, and the 'what's good for northern Delaware is good for the state" mentality that this Administration has adopted.

As the Bond Bill process progresses, I will continue to gripe, complain, scream, holler, whatever it takes, to make Administration officials remember that there are three counties in this state when they develop state extremely weak, considering the fact policy.

And Now, The Children

by Carolyn Muentner

"I saw tomorrow walking by on little children's feet'

We regret not being able to credit the said. author of the poem which begins with the above words; now that the School Board elections are over, the couplet seems an appropriate reminder of what the elections were about, what the School Board is about. After the basic necessities for physical and emotional health, the most important thing we, as a community and as a nation, can give our children is a good education.

The candidates for the recent election expressed themselves in individual ways during the campaign, but they were unanimous in conveying the importance of setting aside previous conflicts and focusing on the goal of providing the best possible education or students in the Lake Forest School

S. Michael Thompson, who was withdraw his amendment and then elected to the board for a three-year term with 455 votes, commented after the

"There is a lot of faith out there that we can do what we are setting out to do. We hope that the votes were a signal that the voters want us to move in the go. There was a lot of uniformity in the with the votes as we could in putting by cooperating on their behalf.

out our positions statements. Thee would seem to be a clear indication that the voters want a change," Thompson

"I want to get to work on the problems," said Edward L. Welch, who was elected to a five-year term with 388 votes. "We can solve the problems and put them behind us. The primary purpose of the School Board is to make policy for the district and see that the administration carries it out so that our students get the necessary and the best possible education.'

Having expressed themselves in the election, the community now has a responsibility to support the Board in striving to leave the convlicts of the past in the past and give the children of the community the best possible learning conditions. This requires the cooperative efforts of the Board, the administration, the teachers, the parents and the community. Tomorrow is indeed walking by on little children's feet; we cannot cheat one generation of children of the best we could give them without also cheating the children of future generations for whom they will be the board members, administrators. teachers, parents and community at direction we indicated we intended to large. There is no more effective way of teaching than by example. Let us set the candidates, and we tried to be as honest best possible example for our children

Current Merit System unfair

by Governor Michael N. Castle

Delaware has been recognized for its progressiveness in a number of areas, not the least of which is economic development. But when it comes to compensation practices, Delaware is in the Dark Ages.

In the coming year, the state will spend \$250 million — a quarter of a billion dollars - on salaries and related costs without any clear objectives or consistent policies designed to get the most for our money. Incredible as it may seem, it's true.

A year ago I appointed the Compensation and Productivity Commission to study our personnel system and make recommendations for improving it. That commission, made up of some of Delaware's top business executives, looked at hiring and promotion practices in private industry and compared our pay policy with nearby state and local governments.

The commission's conclusions: •A substantial number of state employees are overpaid for the work they do, and even more are underpaid, sometimes by thousands of dollars a

•The system is grossly unfair, with huge salary differences among people doing the same job.

•There are no incentives for good

to train and encourge talented people to take on management responsibilities. Overall, we have no policy designed

work, and the state has never bothered

to ensure fairness, encourage advancement or assure that we can hire the people we need. The solution to these problems is not

to make a few "adjustments" here and there. That kind of tinkering over 15 years is the reason we have so many problems today. The solution is to wipe the slate clean

and take several steps so that the state has the ability to assure a capable and experienced workforce.

I have put forth a proposal which will help us begin solving the problem. In the coming month, the General Assembly will have to decide if it will act on my proposed plan now, or delay making the much needed improvements for another year. I am willing to work with the General Assembly to iron out the last details, but I am not willing to wait another year whie the current inequities continue and multiply.

Nest week, I'll outline my proposed plan for an efficient, effective, and equitable system for state employees. I hope you will let your legislator know that you agree with me that it is time to bring our compensation practices into

Delaware's Young Leaders

by U.S. Senator Bill Roth

One of Delaware's most valuable resources is its young people. They have definite opinions and bright ideas on the problems we face as a country. Last week, I sponsored my 18th annual Youth Leadership Conference. More than 300 high school students from all three counties were selected by their teachers and counselors to attend the day-long program and participate in serious debates on issues of critical importance today.

I am always impressed, but not surprised I must say, at the probing questions and unique perceptions the students offer. The Conference had seven panels with spokespeople for all sides of the issues. The topics this year were Religion in Politics, South Africa, Star Wars, Ocean Incineration, Drug

Testing, Terrorism and the Homeless. The students seem especially interested in hearing the experience of Jerry Levin, an American who had been held hostage by Arab terrorists in Lebanon. They also wanted to hear the arguments on the President's Strategic Defense Initiative — Star Wars.

After each Youth Conference, I have a hope that some of these leaders of tomorrow will see the need to serve the public, to get involved in sorting out the tough questions that demand our attention. The Conference shows the students there are no easy solutions or right answers to the problems Delaware, the United States and the whole world face. But the next generation of leaders might just have better ideas.

Asbury United Methodist Church

Before we look ahead, there are a number of thank-you's and rejoicing on the past. Saturday was cleaning day, and though it was hard work and many were mighty sore the next day, it was a day well spent. Approximately 30 adults and a number of children came and all did their share. You have only to walk through the Sunday School building to see and smell the difference. Mrs. Welch supplied homemade soup, and it was So-o-o-o delicious. Then there were cakes and tea and lemonade to revitalize you at the gathering noon hour. There is still work to be done for those of you wishing to do something. See Mark Willey or Ethel Hamsher.

Thank you, members, for graciously

giving your time and energy. Sunday at 1:00 p.m., Health and Welfare had a "Spring Get-Together" for all Senior Members of Asbury and the Shut-Ins of the Community, and the report is that it was an outstanding afternoon. They had 50 to 55 people, and it has been recommended that it be an annual event. The Senior Center Band performed, the Burgess Family sang and Matt Burgess and Donna Miller did a duet, then Matt gave those there a special number on is trombone and Ruth Layne gave special music on the piano. All this and food too. To see good friends all together makes for a special afternoon. A big Thank-You to Pat Weaver and her crew for making this so special.

COMING UP THIS WEEK: Adult Bible Study 7:30 p.m. Wednesday; Choir Rehearsals regular hours on Thursday, Flea Market 8-3 on Saturday. Come to work, come to buy, come to eat. We need some of you men at 7:00 a.m. to help set up tables and get those heavy items finished. You can still rent a table for \$5.00 on the day of the flea market.

Winebrenner. Anyone able to work for

please let someone know. We need more help in this area.

As you know, the proceeds from the rental of the tables at this Flea Market is going to go to Camp Pecometh Fund. There is money available for church school students to attent this summer camp. Applications may be obtained in the church school office from Gerald Layne, Superintendent.

There will be a meeting for those Teachers using the Cokesbury material on Tuesday, May 27, from 7:30 - 9:30 p.m. This workshop will take place in Collins Hall.

As of June 1, the "Caring Friends" will be looking for a volunteer to take over the Chairperson's duties. This could be a blessing for you and many others. You could be that special person the Lord is looking at!

Mark your calendars, June 22, Annual Buffet and Farewell Dinner. This will be a special time for the fellowship of the Church to rejoice in God's prosperity. In addition there will be several musical arrangements. Let's make this a memorable event for Rev. and Mrs. Smith

As of June 23, Kathy Monroe will be taking over as new Custodian of our Church and Sunday School. Our thanks to Rhoda Lyons for her many years of dutiful service and to her daughter Joyce for coming in and helping out when needed. Thank you.

June 30 Jim Perry with "His Voices of Youth"..."Awakening the Church to Mission." I hear this is a great chorus, so you won't want to miss it. Keep in mind also that we will need to put these young people up for one night. More on

Our Acolyte for this coming Sunday will be Christy Olson. Nursery helpers See Ethel Hamsher or Evelyn will be Donna Miller and Lori Wilson. "Thank you Lord for all the blessings

Consent order settles complaint

The Delaware Division of Consumer Affairs has cited a Seaford mobile home rental company for violations of the State Mobile Home Lots and Leases Act, the landlord-tenant code governing the rental of mobile homes and mobile home lots.

Walter W. Moseley, Jr. and Garrett E. Moseley, owners in partnership of W.M. Rentals, P.O. Box 364, Seaford have entered an agreement with the Division of Consumer Affairs which orders them to refrain from certain rental practices that violate the landlord-tenant code. The Moseleys own numerous mobile

home rental units situted on two tracts of land near Seaford. Acting on complaints from a tenant, the Division discovered that the sewage, plumbing, and heating facilities in the tenant's mobile home had not functioned properly for several months and each remained in a state of disrepair. The landlords had been notified in writing of these conditions and were aware of the presence of raw sewage on the lot, having been arrested for sewage overflows in December and again in March by officers of the State Department of Natural Resources and Environmental Control. Because of deterioration in the home's plumbing and heating systems, the Moseleys had offered in February to move the tenan to another mobile home

Consumer Affairs Director Donald E.

Williams said, "The Division of Consumer Affairs intervened when the landlords failed to follow through on service. promises to move the tenant, and when it became apparent that repairs to the home and to the septic system had never been made.

The landlords signed a Consent to Cease and Desist Order which obligates them to repair and maintain in good working condition the tenant's heating and plumbing facilities and to maintain all other mobile home rental units as required by the landlord-tenant code. The order also stipulates that the landlords will offer written rental agreements to each tenant, a legal requirement of the mobile home code which they failed to adhere to in the

'This is a dual purpose agreement," Williams said. "It is designed to restore basic utilities to the tenant and to discourage the landlords from shirking their legal duties under the mobile home code to provide a fit and habitable environment.

Although the Moseleys deny they have been guilty of landlord-tenant code violations, they have agreed to abide by the terms of the Consent Order and have Harrington Police Department

Superior Court audit

Dennis E. Greenhouse, Auditor of Accounts, released the audit report of the Superior Court of the State of Delaware for Fiscal Years 1984 and 1985. Among the findings was the fact that collection and distribution of fund for Superior Court in all three counties needed improvement. Specifically New Castle County had undistributed in excess of \$150,000 in restitution funds at the time of audit. Kent County had over \$3,000 undistributed in its criminal account. Sussex County Prothonotary's ledger could not be reconciled because it had neither postings nor reconciliations since December 31, 1985.

The Office of Auditor of Accounts recommended that the Superior Court establish procedures for recordkeeping and for collection and disbursement of funds. The Court concurred.

Mr. Greenhouse is satisfied with the Administrator of the Superior Court's response to the audit.

Delaware AIDS education grant

Delaware Health and Social Services' Secretary Thomas P. Eichler announced that the Department's Division of Public Health has been given approval for a \$150,000 grant to be spent on AIDS education and risk eduction in Delaware.

The grant, funded by the Center for Disease Control (CDC), will allow for one-year funding and the hiring of four new staff positions. It is anticipated that this will be a five-year project.

A major purpose of the AIDS Education Program is to reduce unwarranted fears and misunderstandings about the disease.

Through the AIDS Education Program, members of high-risk groups (primarily homosexual and bisexual men and intravenous drug users) will have greater access to free, confidential counseling where they will be taught how to reduce the risk of transmitting or contracting AIDS. Testing for the antibody to HTLV-III, the virus which causes AIDS, also will be a part of this

Traditional - May 30th

This is the day America has set aside to honor its fallen war dead, those brave men and women who gave their lives on the battlefields of our nation's history. We honor them and show our eternal gratitude for their sacrifices by keeping alive their memories in continual dedication to the goals of peace and the preservation of liberty.

MEMORIAL DAY — that our brave heroes have not died in vain.

There is probably no more poignant sound for Americans than the score

services to honor those fallen in the line of duty in service to their country.

"Taps" is familiar to all Americans, and at Memorial Day observances the

sounding of "Taps" is a moment of respectful emotions felt in near silence even by those who have not personally known and loved one lost in action.

While the public hears "Taps" at military funerals and memorial

observances, military men hear it at the close of each day. "Taps" is

attributed to General Daniel Butterfield, who in a subsequent letter to the

editor of Century Magazine indicated that he had written the music in 1862

while serving the Union Army of the Potomac in Confederate territory

during the Civil War. He had wanted something soothing to play when the

lights were extinguished. "Taps" was originally entitled "Extinguished

Lights"; both the mood and the original title of the score made it

Grant them, O Lord, Eternal Peace and give them The Victory! And in these days of unrest filled

with grave uncertainty, Let's not forget The Price They Paid to keep Our Country Free.

And so on this Memorial Day, we offer up a prayer-May the people of All Nations be united

in Thy Care, And grant us understanding and teach us how to live

So we may lose our selfish pride and learn to love and give, And keep us ever mindful of the

fighting men who sleep In Arlington and in foreign lands so

we may ever keep The "Light of Freedom" burning in their Honor through the years And hear their cry for Peace On Earth resounding in our ears -

Forgive us our transgressions and "Oh God, be with us yet", Lest in our pride and arrogance we heedlessly Forget.

The Iris are starting to bloom now. I do wish I could get the bed weeded, but the vegetables have to come first. Years ago, one of my neighbors said to me. Your yard and your flower beds look so beautiful. How do you manage to keep them so neat with no weeds?" I replied, "First of all, you have to have a

twelve-year old boy." Ronald was at that age then, and he always helped me...both in the garden and in the The seeds, the bulbs and the plants

have been given to the good earth, and we are trying to wait patiently for the rain. Dad thinks little of the weather forecasts. "When God is ready to give us rain, He will do it in His own good time," he says. I am proud of his faith, in the Bible times, and I get the courage to say with Job, "Though He slay me, yet will I trust Him.'

Soon we will have roses. Dad reports that some buds are as large as his thumb already. We lost two bushes, the "White Lightning" and the "Blue Silver". We find the blue and lavendar roses very tempermental and difficult to develop very strong plants. I don't know what happened to the white one. I was gorgeous last year. Whenever I see white flowers, I am reminded with tenderness

who grew up here in Greenwood as one of our Ronald's closest friends. He loved only the white flowers, even as a teenager. An automobile accident took him forever away from us, but whenever I arrange white flowers for our home. I whisper, "These are for Bobby." No, we do not ever lose those we love.

My husband gave me a pot of beautiful crysanthemums for Mother's Day and my Ellen's gift was a big tub of mixed flowering plants, ready to go into the garden. There are marigold, zinnias, ageratum, and scarlet sage. I am enjoying them in the house now, and when the rain comes, they will brighten my summer outside.

You would never guess what I have in my back yeard beneath the kitchen window. A mother rabbit made a furlined neast in the grass and is tending five wee baby bunnies. Now they are coming out of the nest and scampering about. We are afraid to mow the grass. Their nature is not to run, but to freeze and remain motionless, and they blend so well with the territory they are almost impossible to see. We have held them in our hands. marveling at their exquisite perfection. Once they realize that struggling will not free them, they freeze in your hands and remain so until they are released.

Included in this tour was a ticket to the International Museum of Elvis Presley. On Thursday, a group of approximately 40 volunteers from our Center were honored with a luncheon at the American Legion in Dover. On Friday, approximately 30 of our members were guests of the Nanticoke Senior Center who sponsored an event at the Fire Half in Seaford in honor of Older Americans Month:

What's next? Well, here is the news for next week. On Thursday, I have to tell you about our luncheon menu. We are having roast beef with gravy, mashed potatoes, peas and carrots and ambrosia for dessert. Since our Center is involved with the Commodity Distribution (for our members who have signed only) there is not much other activity that day. On Friday, we will be having blood pressure checks and weight monitoring (optional) by VNA. This will begin at 10:15 a.m. and there is no charge for this service.

Now on Monday the 26th, the Center will be closed for Memorial Day. I know that the member's calendars say we are closed on Friday the 30th, but the State changed their minds on the holiday last week, and since our transportation is State, we followed suit. Sorry for the CENTER NEWS!

Last week was such a busy one for the inconvenience this may have caused. On Tuesday the 27th, we will be having Jolly Timers Band Practice in the morning. At this time, I would like to inject a personal note. The Jolly Timers Band was asked to do a program at Asbury Methodist Church for their Reunion Day. I was in attendance for this program, and I was so proud of the members of the band. I think they gave the best program they have ever given. I just wanted them to know how much I appreciated them representing the Center in such a great fashion.

> On Wednesday the 28th, after a tossed salad, Italian bread and fresh fruit for dessert (Meals furnished by Manna Program), we will be having a peanut party. What is a peanut party you ask? Well, come to the Center on Wednesday at 1:00 p.m. and find out firsthand. It promises to be a lot of fun. I would like to tell you about a very special program on Thursday the 29th with some of the students of the Greenwood Mennonite School. The program, beginning at 1:00 p.m. will be their presentation of "The Little Red Hen." Please try to attend this program to show the students how much we appreciate their time and talent. coached by Coach of the Year Jim Crouch. Blades finished a 10-0 dual-meet season by outrunning Caesar Rodney 95-37. Freshman star sprinter Arlene May captured the 100 (13.1) and 200 meter (27.2) dashes with freshmen Shani Palmer and JoAnn Outten getting thirds respectively.

Another freshman flash Tara Dixon annexed both hurdles, taking the 100 meters with Mary McGuire getting second in a personal best 17.16 and the 300 meters with Sheva Batton next.

Dixon, Palmer, May and Michelle Briggs won the 400 meter relay. Palmer, Outten, Batton and Lorraine Lake did the same in the 800 relay. Briggs also won the triple jump and was second in the high jump.

Lake and Melanie Pelton went 1-2 at 400 meters. This duo then joined Lori Wilson and Kelli Pelton to take the 1600 meter relay

There may not be a pot of gold at the end of the rainbow, but a pot of real gold coins awaits the first male & female finishers in Delaware's Blue-Gold Rush footrace on June 28. The first-prize treasure of \$150 in gold coins will be presented to the male and female winners. The top three finishers in each of 21 age classes will receive trophies, and the first 500 registrants will receive running singlets.

Sponsored by Blue Cross/Blue Shield of Delaware, and Delaware Trust Company, in cooperation with the Delaware Sports Club, the race will benefit the Delaware Foundation for Retarded Children.

A variety of refreshments will be available to runners following the race, and additional prizes will be awarded.

Registration forms are available at Marathon Sports in Wilmington, or by writing to Blue-Gold Rush, Box 226, Wilmington, DE 19899. The Blue-Gold All-Star Game has been held annually since 1958. Over the years, the gridiron classic, which pits the state's senior allstars, has raised more than \$1 million to benefit retarded children in Delaware.

Special Olympics summer competition

Between 400 and 500 athletes are expected to compete June 6 and 7 in the 16th Annual Delaware Special Olympic Summer Games at Delaware State College in Dover. Special athletes will compete in six olympic sports swimming, volleyball, soccer, track and field, gymnastics, and racewalking. Other specialty sports will also be competed.

Ed Gazze, Summer Games Director, said that 30 committees are now working on details for the games. Last year, the games were ranked in the top 5 of the nation's games. Opening

ceremony activities include an olympic parade of athletes, olympic torch lighting ceremony, an entertainment support, struck out 10, walked one and show and a fireworks salute to the special olympians of Delaware.

The summer games program is supported by many large and small businesses within the State with financial and in-kind donations. The public is invited to attend all or part of the two days of activities. There is no charge. The colorful opening ceremonies will be June 6 at 7 p.m. at

9-1 Spartan boys beat C.R., Milford, Lake Forest 1-2 end season

by Keith Burgess

Another strong finish ended a nearperfect dual meet season for Jim Blades' Lake Forest track Spartans. The locals upended Caesar Rodney 92-49 to finish with a 9-1 dual meet season. Milford, Cape Henlopen and Lake Forest were all 9-1. Milford beat Lake Forest by four points, Cape Henlopen trounced Milford by 27 points and Lake Forest beat Cape Henlopen by nine points, ending the Vikings 3 1/2 year, dual meet winning streak at 34 straight

Under the existing rules, Cape Henlopen gets the Northern Division and Henlopen Conference dual-meet titles. Milford gets the Southern Division title and Lake Forest gets nothing. But there is no complaint from this corner, for we knew the rule existed, before the season began. Years ago the league would have ruled in favor of three teams tied for first place. But the Spartans upset mighty Cape, who never lost anything else, all year. Cape Henlopen won the Henlopen Conference title meet, the Dover Relays and the Division I "big schools" State Championship meet. Lake lost to Milford by the scantest of margins. If just one Spartan who was third or second had moved up only one position, Lake Forest would have finished undefeated. It was that close. We'd take this season, almost any year. Darren Hammond, a senior, has scored a ton of points for Lake Forest respectively.

this Spring. Darren teamed with James Hicks and Rodney Parker for a 1-2-3 110 high hurdles sweep, then he and Parker were 1-2, in the 300 intermediates.

Barry Chaffinch (145-7 1/2), Eric Warren (141-4) and Paul Adkins captured all discus points. Warren (51-1), Chaffinch (46-1) and Greg Wright (43 ft, 1 1/2) swept the shot, with newcomer Wright reaching a new high. Bob Reed is gradually becoming acclimated to his new pole and cleared 12 feet in the pole vault with teammate Darvl Cherry in second.

Tim Harmon annexed the 200 meters in 23-4 with Robert Young next. Young, Harmon, Lionel Dixon and Frank Coverdale relayed 400 meters in 46.1. Young, Coverdale, Dexter Bray and Darren Hammond took the 800 meter relay in a relaxed 1.40.2. Coverdale and Harmon were 1-2, in the 100 dash. CR's great jumper, Larry Potts won all three jumps. Alfred Seth, a fine, first-year Spartan prospect was second in the long jump. Finnish exchange student Erkko Eksyma and James Hicks tied for second in the high

The Lake Forest High School baseball team climbed back into the race for a state tournament berth with two victories.

The Spartans defeated non-conference foe Delmar 4-1 and Henlopen record to 4-4 in conference play and 7-6 Other instructors for the two-day event overall. Currently the Spartans are one game behind Southern Division leader and Cape Henlopen, they can capture the final state tournament berth from the Henlopen Conference.

The state tournament situation was made possible with last Thursday's defeat of Dover. The game was a matchup of two of the conference's premier pitchers, Lake Forest's Rick

Brown and Dover's Chris Lawrence. Brown fared much better than Lawrence as he struck out 12, walked three and scattered four singles. The only run Dover scored was an unearned run in the bottom of the seventh.

Lawrence, who was given no offensive gave up just three hits.

In the first inning, Lawrence opened up by striking out the first three Spartans he faced. The third batter, Lenny Catalano, reached first on heads up baserunning by taking off for first when Dover catcher Rob Langrell couldn't handle Lawrence's third strike pitch. This was the break the Spartans had been waiting for.

Mark Kelbaugh then followed by

blasting a deep shot over Dover centerfielder Chuck Ridgeway's head for a triple and driving Catalano home. Dover shortstop Brian Bresnahan enabled Kelbaugh to score when his relay throw sailed over third baseman Jerry Rash's head.

The Spartans scored another run in fourth inning, thanks to the hot bat of junior James Tiggs. Mark Kelbaugh reached first on a walk, and was sacrificed to second by a bunt. Tiggs then followed by driving a shot to deep left-field for a run scoring double.

The Spartans were not finished as they added two more runs in the fifth. Eric Collins led off the inning with a single and went to third and scored on an error on Wendell Watson's grounder to third. With Watson on third, Rick Brown helped his own cause by driving in another run with a sacrifice fly.

Earlier in the week the Spartans also defeated Delmar 4-1. Mark Kelbaugh went the distance,

scattering four singles and giving up Delmar jumped out to a 1-0 lead in the bottom of the first, thanks to Mike Outten's RBI single. That would be all

in state track meet

by Keith Burgess

Milford High School boys track team has the kind of athletes who will do well in the big multi-team competitions. Lake Forest trailed the new state champs 139-112 1/2 and had the horses to have won the meet, but it would have required most of the Spartan qualifiers to have equalled or come close to equalling the standards set earlier in the campaign. Lake Forest had qualifiers in sixteen events and scored points in all but one of those. But a couple of bad baton exchanges cost the Spartans victories in two relays. A broken pole probably cost the Spartan sophomore. Bob Reed, a state championship there. Unaccustomed to his new pole, he couldn't equal the 13 foot effort he had done twice before and had to settle for 12-6, which was a high as the winner went, but Reed lost on the more misses rule. Other Spartans seemed to be affected by the oppressive heat after competing in chilly weather, most of the season. But a point or two lost here and a point or two lost there and

suddenly two evenly-matched teams are not that close in the final tabulation.

But the Spartans had many successes too. Bob Reed, who went from 0 to 13 feet in the pole vault in six weeks and then tied for the top height in the pole vault, as a sophomore, was one of these. Barry Chaffinch, a hard working discus thrower finally came into his own, after being overshadowed by talented teammates. The Spartan senior hit a new personal best of 152-9 to become a state champion in his final meet. We'd be hard-pressed to think of anyone who deserves it more. The genial giant Spartan, Eric Warren, threw what we believe to be his best ever of 152-7 in what has to be a one of the better 1-2 efforts, by teammates in state

Warren earlier had become state champ in the shotput hurling the iron ball 57 feet, 5 1/4 inches to beat the second-place effort by almost six feet. Warren also won this event in 1985.

Another Lake Forest state title event of these was Tim Harmon whose family was most unexpected. With one of the Spartans to 400 meter runners, unavailable due to blisters, William Deputy eagerly agreed to take part in the climactic 1600 meter relay. Deputy state champ in the 200 meters. In 1985, is another sophomore out for track for the first time and he came to run! He hustled around the track in the neighborhood of 53 seconds, passed several people and handed off to another sophomore novice, Jason Tiggs. Tiggs just returned from an injury, but the tall, lanky soph did the one lap in a blazing 51 seconds. Junior James Hicks clocked another 53 and senior Darren Hammond scorched another 51, giving Lake Forest an upset victory and a new school record of 3.29.9. This makeshift lineup used two soph rookies and two older runners, neither of whom saw much duty over the 400 meter distance because of appears to be the possible new heir to the Spartan 400 meter record now held by Nelson Mosley at 50 seconds flat, and after 30 years of track hereabouts, a local team finally bested the magi 3.30 mark! back in the state meet was the late arrival of 5 or 6 athletes, who missed half the season because of scholastic ineligibility. The fault rests with these lads of course. But there is no way they could be in top shape competing against rivals available all spring. One

has been furnishing fleet runners to Harrington High and Lake Forest for a couple of decades. Tim clocked 22.9 and just missed overtaking the eventual Tim did around 22.5 Too bad!

Darren Hammond was second in the 300 intermediate hurdles in 40.9, after overcominga poor strt. We'd bet Hammond could best the winner of that event, seven out of ten times. But Hammond leaves as a state champ because of that sterling anchor on the 1600 relay. Lake Forest was second in the 3200 meter relay (8.29.6) strong stints were turned in by Dexter Bray, Eric Payne and junior Joe Brown. Sophomore Mark Tozer recorded a super 2.01 leg for 800 meters to get his team off to a fine start.

Brown ran a gutsy anchor leg to hold off Archmere and Dickinson, the latter involvement in other events Tiggs anchored by Delaware's best distance runner, Dave Byers, who later won both the 1600 and 3200 runs. Tozer was third at 1600 meters, narrowly missing his school record with a clocking of 4.35.6. Tozer was running second to Byers at Another factor that held Lake Forest 3200 meters, when he collapsed, apparently due to the oppressive heat and humidity. Second place in the event twice done 10.11, this spring, it appears this was another piece of Spartan bad luck Saturday. He will be back! Count other running events normally.

Lake Forest clocked 44.3 and 1.33 in the 400 and 800 meter relays respectively and were nosed by Milford in each. Bad handoffs were the difference here. Robert Young, Tim Harmon, Frank sprinters involved here. Giddens is a turn it on. He's just off the injury list, Paces. but Giddens is the type of dashman who takes the baton behind and passes it off ahead. He reminds me of Tolbert Harris, a great Harrington High relay specialist of 20 years ago who ran on quartetes here in the mile relay. shot at the 200 meter record here in 1987

third in the long jump, with a leap of 20 feet even, a medal winner at the state level is a great beginning.

Dexter Bray was fourth at 400 meters in 51.6. He's done 51.4 on a dirt track, but Saturday he had already run a half mile in a relay before running the quarter. This relay the 3200 meters is not contested in dual meets.

James Hicks, one of the 1600 meter was timed in 10.18.1. Since Mark has relay winners, scored points in the high and triple jump events. These events plus the hurdles, keep Hicks out of

Davis wins 4,000 - Leroy Blue Chip upsets in 1:55.1 at Big B

The only thing hotter than Eddie Davis has been the weather lately. The 44-year-old teamster from Smyrna, Delaware apparently has completely recovered from a near tragic spill last fall at Garden State Park in which he sustained 17 breaks in his left arm.

Davis scored three wins on Saturday with the milestone reached when Little Card won the last races of the night. His wife Kathy and children raced quickly to the winner's circle to join the celebration. Davis picked right up on Sunday with another triple.

Roger Hammer always knew Leroy Blue Chip was a fast horse but soundness problems denied him showing it. In the \$12,000 Invitational Pace Sunday, he proved his trainerdriver was right. The 4-year-old Happy Motoring became the fastest for his age, sex and gait in the track's 34-year history recording a 1:55.1 triumph. Hammer enjoyed a two hole trip behind Butler B G in the feature. The 5-yearold blazed to the three-quarters for driver Herve Filion in 1:26.1 before Leroy Blue Chip shot past to victory. Champagne Lobell closed well for second with the ear holding on for third. The clocking erased the former record of 1:55.3 set by Duke of Talbot with Walter "Red" Ross in 1984.

Others of the 10 of 11 race winners timed faster than 2:00 on the card included: Sameness, a 1:56.4 trip for Eddie Davis to catch Zouave; Aberron, with Jeff Cameron at the controls for a Coverdale and Don Bell, along with 1:56 effort in a \$7,000 Preferred Pace and Taraine Giddens were the Spartan Nation's Dream for Eddie Davis in 1:59.2 and Czar Nicholas, in 1:57.1 for tall, lean sophomore who can really Herve Filion in twin \$6,000 Open

\$6,000 Fillies and Mares Open Pace. Eddie Davis kept her alive in the stretch for a 1:59 score holding off Jameela with the current meets leading driver Ross Hayter

Sophomore filly pacers and high class trotters shared the spotlight on Friday. Dream Magic and driver Morgan McInnis took advantage of a clear path along the rail to steam past a select group of 3-year-old filly pacers to win a three horse photo in 1:58 edging Lavish Laura (Earl Cruise) and Glow Softly (Ken McNutt). The margin was only two heads. Race favorite Rolls Lauxmont (Jim Campbell), who took a week off after sweeping the recent Starlet Series, spent most of the mile uncovered on the outside, tired and faded to sixth. Rapidly improving Allah Dahlin responded to Ross Hayter's urging and stormed down the stretch for a 1:58.4 triumph in the other second with Russ Thomas Jr. at the

reins. Scarlet O Hawk (Tony Domino) was third.

Fast closing winners were in vogue in both sections of the \$6,000 Open Trots. Walt Ross Jr. came from far back to post a 2:00 victory in open division outlegging Keystone Wise (Dick Macomber) and Carry On Newton (Hayter). Mama Poo received a perfectly timed move from driver Robert Rodgers to win the other in 2:02.2. Final Step (Hayter) was second in front of Ann's Diamond (Forrest Gerry III).

In other series 2nd round action, on Thursday, a pair of overlooked 4 year olds scored victories in \$8,000 divisions of The Commencement Series. Driver Warren Cameron found racing room in deep stretch with Our Happy Harbor to overtake Senorita Uno at the wire for a 2:00.4 victory in the opening division. Lucille's Image used a wire-to-wire performance with Joe Greene at the controls to win the other section in 2:01.2. H.R's Soft Hello closed fast along the rail for second while Fair Mate had traffic problems at the head of the lane before shaking loose to finish boldly for third.

In the Spring Board Series, And Tyler Too played a waiting game in one of two five divisions Tuesday. While Double Captain was fighting off Chipman's Pick and then Daredevil until the stretch drive, the Ken McNutt driven Tyler B colt swung five wide down the lane overtook Weather Flash, who appeared to be enroute to victory, in the final two strides to win a three horse photo in 1:59.1.

One race later Eddie Davis executed his patented two hole trip to perfection guiding Will To Win to the finish line first by 10 lengths. Leaving fast from the six post position, David found a seat for Will To Win behind Burn Nero Burn until he moved just past the half mile and streaked away from the 3 year old colts second consecutive win.

Other division winners included 50-1 (longshot, Landlady the only filly in the field, winning for Jack Smith Ir. in 2:01.3; Solo Mio 20) closed from far back for Bob Crowley and a 2:00.2 win and \$8,000 section. Send Flowers rallied for Computron with Jim Brittingham winning in 2:02.3.

In the Pocket Forrest Bartlett, the owner of North America's top pacer, Forrest Skipper, had a 102-degree temperature late last week, and he wasn't sure he was up to

the 400-mile trip from his home in Shiloh, North Carolina to The Meadowlands Saturday, May 10. But, his fever abated somewhat Saturday morning, and he decided to go up and see his prize pacer compete in the \$139,000 final of the Graduate Pacing Series at harness racing's premier oval. And Bartlett's determination was repaid in spades when Forrest Skipper overcame the outside tenth post position to win in 1:51 3/5 - a world record for 4-year-old stallions on a mile track, and the fastest mile in 1986. "That sure didn't hurt the way I felt," Bartlett noted after the race with a chuckle

Bodine outlasts Allison in Dover 500

Dover, Del. (AP) - Geoff Bodine scored his second victory of the year and his first at Dover, when he held off Bobby Allison to take the Dover 500 on the "Monster Mile" at Dover Downs International Speedway.

Bodine went into first place when leader Harry Gant blew his engine with fewer than 30 laps to go.

"I felt bad for Harry, because he had been running strong all day," Bodine

"It would have been more interesting for the fans if Gant ha stayed in, because we ran strong at the end," Bodine said.

Bodine, who started in the third position, said he got a backache about halfway through the race, but he wore a "cool suit" to help him endure the race. "It was a long race," he said, noting

the six of eight caution flags before the first 100 miles. But his Chevy "ran perfect all day, and

that's the way to win. You've got to be there at the end," he said. Gant pulled off the track with flames shooting out from under his Chevy, but

the fire quickly extinguished itself. About 20 laps before Gant went out, Jody ridley crashed into the outside wall at turn No. 4, slid down the bank and hit the pit wall in a cloud of black smoke and a small fire.

Ridley, who was running 10th, was carried from the car, regained consciousness and was taken to Kent General Hospital, where he was treated for facial burns.

For nearly the first 200 laps, the lead pack ran hard for the first eight

Bill Elliott, who had problems with his Ford and qualified for the 21st starting position, moved up to eighth by the 83rd lap.

Neill Bonnett, who ran an aggressive race and kept the lead for 86 laps, dropped out after his clutch kept slipping.

Bunting gets 80th at 13

by Charlie Brown

Defending point champion Harold Bunting in the D&D Dismantling modified collected his 80th career win Saturday night at the U.S. 13 Speedway before a packed house.

Norman Short led the field to the green in the "Delaware Start," but it was Richard Jarvis grabbing the lead at the drop of the flag. Jarvis' lead was very brief as Short spun in turn three bringing out the caution. On the restart Bobby Wilkins jumped on top followed closely by Harold Bunting, Jarvis and Freddy Brightbill.

Bob Parks spun in the third turn to bring out the second yellow. On the restart, Bunting moved by Wilkins into the top spot and Brightbill started his march to the front. By lap ten, Freddy was in the runner-up spot and closing on Bunting. Brightbill moved into the lead in the second turn but two laps later Jimmy Briggs and Deron Rust tangled in turn one bringing out the caution once again. The restart saw Bunting go wheel to wheel and retake wheel to wheel and retake the point. The duel continued through the the inside, with Bunting holding on by a car length at the wire. Murray motors to Georgetown win in LLM's

by Don Allen

Dagsboro, DE's Phil Murray took his Murray Motors Pontiac to its first season win in the twenty-lap Limited Late Model feature Friday night at the Georgetown Speedway. The former Street Modified pilot led all but one circuit of the event to score his first career LLM win. Phil Wells finished in second followed by Jeff Patilla, Jeff Turpin and Jim Mitchell.

Murray has been a strong contender all season on Delmarva, but his car's combination has fallen just short of a feature win week after week. Friday night the Murray Motors team had everything dialed in. Phil came from the third starting spot to lead the first lap with 1985 Georgetown LLM Champ Turpin locked on his bumper. While Bill Penuel and Jeff Patilla dueled for third in the early laps, the two leaders pulled away. Turpin was able to snare the lead from Murray on lap five but the thundering #20M Pontiac regained the point for lap six.

As Murray reinforced his lead in the following laps, Penuel faded with mechanical problems and Turpin, Patilla and now Jim Mitchell vied for the runner-up slot. On lap nine Penuel faltered, bringing out the caution, giving them another shot at the lead. The "Phil Wells Factor" entered the

equation on the restart.
Phil's J.V. Wells Lumber #41W had looked strong in its qualifying heat but Phil had been handicapped in the feature by a lack of helmet visor tearoffs. Forced to drive one-handed while shading his visor from the clay thrown up by the cars ahead of him, his driving had suffered and the car had lingered just out of the top five for the early laps. At the halfway mark, Phil ignored the clay and kicked his mount in the carburetor. Phil began to "square the turns" and started marching to the front. By lap 16 he had moved into second, but Murray had nearly a straightaway on the rest of the field. Had there been another caution, it may

have been too close to call with the way Wells' Camaro was coming on, but as Murray thundered under the checkered Wells was coming off the fourth turn.

LLM FEATURE RESULTS: Murray, P. Wells, Patilla, Turpin, Mitchell, John Kenney Sr., Gerald Jester, Donald Robinson, Timmy White, Penuel, Leon Johnson, Francis Prettyman Jr., Ronnie LaVere, Eddie Williams, Doug Beach, Butch Hilliard, Morris Tucker, Bunky White, Joel Littleton, Buddy

The Street Modified feature saw its third different winner in as many weeks and it was the 1985 Georgetown SM Champ Ronnie Robinson. Ronnie rumbled to the front on lap five after Terry Oliphant and then Elwood Driscoll had set the pace. Ronnie's Chicken Shack Special successfully held off all comers for the remainder of the event and led the to five cars of Richards White Ir., Kenny Pettyjohn, Richard Cook and Tommy Elliott.

Eddie 5 for 5

by Charlie Brown

Eddie Pettyjohn recorded his fifth win in a row in the late model division Saturday night at the U.S. 13 Speedway. Todd Richardson continued to be the force to beat in the limited late model by winning his fourth feature of the season and Kenny Pettyjohn followed his father's example by winning in the street modifieds.

Alex Beaumont, out of Severna Park, Md., looked to be the man to beat as he jumped into the lead in the late model feature. Beaumont had started to build a lead when Wayne Nailor spun to bring out the yellow on lap three. Alex kept control of the to spot on the restart with Mike Tauber in second and Pettyjohns shooting from the rear to take third. On the next lap, Tauber spun in four with Pettyjohn just scraping by on the

Beaumont was able to hold off the challenges of Pettyjohn for the next five laps but it was a slip off of turn two that allowed Pettyjohn to make his winning move for the lead. Eddie was able to withstand a rash of late race cautions to claim the victory. Lou Johnson moved by Tauber on the final lap to claim five. Sixth through tenth were J.C. Webster, Beaumont, Charles wilkerson, Ron Wilson, and Butch Lee.

Todd Richardson moved quickly through the field to take the lead from Fodd Richardson on the third lap of the limited late model feture. Jeff Patilla moved in to make it a good three car bid for the lead. Richardson demonstrated his usual consistency by holding off the challenge and collecting his fourth win of 1986. Patilla finished in the second spot with Robinson third, Bill Penuel fourth and Phil Murray in fifth. Finishing sixth through tenth were Ernie Lowe, John Kenney Jr., Clem

Varner, Doug Beach and Mickey Cook. The street modifieds ran a highly competitive feature with no caution flags. Jack Messick went from the back to the front on the first lap and headed a five-car battle for the lead. On the final lap, Kenny Pettyjohn was able to break clean and move into the lead. Finishing second was Messick with Tom Elliot third, Richard White Ir., fourth and Jeff Bush coming on strong to finish in

Hartly, DE's Don Ennis overpowered a full field of micro sprinters to capture the second race of the '86 season at the Middleford Speedway near Seaford, DE Thursday night. Finishing second for the second week in a row was Milford, DE's Tony Kibler followed by Bud Coverdale, Earl Coverdale and Rick Kreble to round out the top five.

It was a winning night from the start for Ennis and his Marsteller's Dairy Markets sponsored mount, as he won the first of the evening's three heat races. In the 20-lap feature Ennis held off the attacks of Bud Coverdale and Tony Kibler as he masterfully sped through the banked turns of the tenth-mile oval. It was the first excursion to the Middleford complex for several of the competitors including the charming Mares Stellfox. Mares was quite impressed with the character of the track and her sixth place finish encouraged her and the Stellfox Automotive Team to make the three hour pull from their Philadelphia area home again whenever possible. Thursday is a rough night for us, with Friday being a work day, but we were really pleased with our car's performance tonight," Mares said. Heats were won by Ennis, Kibler and by Darlene Dill

Brightbill was now ahead of him in second. Freddy was content with second for only one lap and he sped by Bunting on the next circuit. The #25 racer's stability under speed was too much for the #19D and Brightbill handily kept Bunting at a distance until the checkered. It appeared that Toreky had third locked-up, but just past the halfway mark he relinquished that spot Norman Short when the car faltered on the back

ESMRA/ARDC FEATURE RE-SULTS: Nick Fornoro Jr., Hal Browning, Bob Cicconi, Lou Cicconi Jr., John Heydenreich, Fremont Dickerman, Ron Lauer, Bill Case Jr., Dennis Schaeffer, chuck Kaelin, Jay Stong, Stan Haines, Gary Halteman, Art Lawshe, Randy Hitt, Bob Kline, Tom Halligan, Ron Dunstan, Mike

Miller, Tom Howe. MODIFIED FEATURE RESULTS: Brightbill, Bunting, Short, Pettyjohn, Wilkins, Richard Jarvis, Charlie Phillips, Tom Daggett, Nelson James, John Richards, Ron Keys, Billy Towers, Paul Weaver, Toreky, Curt Slaughter, Jim Briggs, Jack Sapp, Ed Brown Jr., Hal Browning, John Pinter, Ritchie Pratt, Deron Rust, Dave

Schamp, Sammy Davis, Gary Trice. FROM THE FIFTH TURN: John Pinter's B&F Towing Team had a real knuckle-bustin' night. The engine in their immaculate #28 gave up the ghost during their heat and with the help of a wrecker, the gang jumped in, changed power plants and had the car on the line-up grid in time for the feature. Unfortunately the crew's work went for naught because the second engine lost oil pressure midway through the feature and John retired to the pits.

The Davis Trucking #3D bit its driver Sammy Davis during the feature. Sammy was motoring along in seventh on the second lap when the transmission exploded. The blowproof bell housing absorbed most of the shrapnel, but a single piece punctured Sammy's ankle. The injury was painful but thankfully no bones were broken and Sammy will be able to return next

Ron Keys, pilot of the J. Earl Keys Trucking #39, has been battling a season long jinx. Everyone hoped that his first season appearance at Georgetown would put an end to the bad luck. Ron moved into the top five early in the feature and put his mount in fourth on lap 23. Hopes were dashed just two laps later though when the car came to a stop in front of the flagstand putting Ron out for the night.

Paul Weaver brought his South Jersey Overhead Door #0 to Georgetown for the first time this season Friday night. Paul, always a fine competitor on the Delaware clay, was easily running with the leaders but, after a trip to the pits during an early race caution, Paul returned to the racing surface just carlengths ahead of the leaders. Brightbill and Bunting weren't able to gain on the Olsen car but Paul couldn't gain ground either. A caution would have been nice, but when the yellow did come on it was for Paul, sitting in the third turn minus a left rear wheel. Paul elected not to return, but the fans are looking forward to his return.

Speaking of Freddy Brightbill, it seems that "Jakey," a "honcho" at the T&J shops, told Freddy last year that if he could win five in a row, he would give him a bic chunk of change (the figure five and two zeros, no decimal, was mentioned). The question on everyone's mind is "Will Jakey pay?" Let's hope so, Freddy needs a comb!!

Doug Wolfgang was the fastest sprint care Saturday night at Port Royal Speedway. Bobby Weaver's spell of bad luck finally gave way as he piloted the REHO #1 to victory in small-block modified action.

Bobby Weaver snared the lead in the sprint main at the drop of the green and led the way for three laps with Darren,

Tara Dixon another great prospect did used two reserves. everything possible, beat everyone possible and established herself as just about the best distaff freshman trackster

Spartan record book in the hurdle events all year. Saturday she was third behind the powerful Sanford duo of Webster and Madric in the 100 intermediate hurdles. The two Sanford girls are the entire Sanford team. Between them they tallied 57 points, finishing fifth with 57 points to sixthclocked 15.5 in a trial heat to further lower her school record. Dixon became a 14-year-old state champ, when she won the 300 intermediate hurdles in 47.9, cutting almost a full second off her own Lake Forest record. Later it was Dixon's leg on the 400 relay unit which gave Arlene May the lead and resulted in that victory.

Sheva Batton, the former Spartan record-holder, in the 300 hurdles, shattered her best twice and finished fourth in the final.

Michelle Briggs upset the field in the triple jump, choosing her final meet to unleash her best jump of ever of 36 feet, 2 inches, just missing the Lake Forest mark, held by another Spartan state champ, Caritha Clarke. Briggs also medalled with a third in the long jump. Senior Kelli Pelton shattered her own school records in the 1600 and 3200 meter runs. The caliber of athlete in these events was higher than most events in the meet. Kelli was third in 12.27 in the 3200 and clocked 5.29.5 for fourth place in the 1600. Freshman Julie Betts was sixth in the 3200 in 13.58. Betts, an excellent prospect, owns a 12.51, which would have put her in fourth place. But the slim Frederica blonde is of the pigmentation most throw of 38-1, for third, soph newcomer affected by hot sun. Another six point Christine Swafford, had her best throw swing for Seaford here. Sophomore Mary McGuire was third fourth. A healthy May would have in the high jump and fourth in the probably been second, third for sure. So, discus. McGuire has scored many points in three events this season. Jodie Jensen was sixth in the high jump.

JoAnn Outten and Shani Palmer, both freshmen, Sheva Batton and Sharon Coverdale were third in the 800 relay in 1.50.2, a fine effort for a quartet that

Lorraine Lake is a tough interview, but she is even tougher on the track. Lake was a record-holder at Chipman, but didn't run track in 1985. This year Dixon has been revamping the she ran a 65 second 400 meters, then gradually whittled that down to 63. Saturday, Lorraine was really in high gear! She ran a 61.7, 400 meters, beat two of the three, tough Milford quarter milers and finished third, just seventenths of a second off the Lake Forest mark held by Donna Pardee, Patti Drew and Carolyn Winder. But here is more place Milford's 50 points. Dixon of that irony! The third Milford quarter miler, the one Lake couldn't beat is a senior who will graduate in a few days from M.H.S., but is a longtime resident of Harrington. This writer used to pass her house daily while delivering the U.S. mail. This girl scored enough points by herself to have given Lake Forest the state title. Milford finished well back, didn't need her points. Lake

> In addition to Lorraine Lake's great 400 meter run, she had done even better earlier when she clocked a fabulous 800 meters (half mile) of 2.25 when Lake Forest set a school record while finishing third in the 3200 meter relay. Lori Wilson and Kelli Pelton were in the 2.32 are with Melanie Pelton also running well. It appears that Lorraine Lake can set Spartan marks in both the 400 and 800 meter runs next year. The 2.25 would have been a new mark had it not been in a relay.

> Lake, Lori Wilson, Sheva Batton and Melanie Pelton ran a yearly best in the 1600 meter relay of 4.16.9. The Spartans improved by eight seconds with Wilson bowing out with her best 400 ever.

Chipman boys, girls win

(Continued from page 13)

Kane and Jill Blades recorded personal best clockings at 1600 meters (one mile) of 6.20 and 6.25 respectively, with Elaine Zeitler running well to complete a 1-2-3 sweep. Zeitler has a 6.37 clocking done earlier. Some Henlopen miles this spring were won in seven minutes or more. Kane's only loss in five 1600 meter races was to Blades. Kane, Zeitler and Blades were 1-2-3 at 800 meters. They have clockings of 2.57, 3.02 and 3.04 respectively this spring. These young athletes thus have posted excellent outings at such a tender age. Against Seaford, Lea Fitzgerald and Thais Daniels were second and third at 400 meters. Fitzgerald who might have the most foot speed on the squad has run 400 meters in 66 seconds. Only one Lake Forest High one-lap-runner has done faster than 65 seconds this campaign. Fitzgerald also has a good mark of 4 feet in the high jump.

Val Sullivan's discus best of 66 feet, 7 inches also augurs well for this seventh grader's field event future. Val won against Seaford with Gwen Scott third. Scott and Sullivan wre 2nd and third in the shotput. Elaine Zeitler cleared 4 feet for second in the high jump. Cornelia Boggs placed in the 55 meter hurdles. Renee Coverdale and Tonya Norris were second and third at 100 meters. Norris and Florence Caskey got the same positions at 200 meters. Norris and Coverdale are eighth graders. Norris owns the squads top 200 effort of 28.6. Coverdale has the bette 100 time of 13.8 with Norris at 13.9. Both should have a rosy track future.

Thais Daniels, Amy Draper, Lea Fitzgerald and Curtistine Collick captured the 800 meter relay in 2.03.58. Coverdale and Collick went 1-2, in the long jump. Other girls not previously mentioned are: Stephanie Allen, Anita Morris, Stephanie Mannering, Christi Scott. The only Chipman girl to have run 400 meters faster than Lea Fitzgerald's 66,3 is Tara Dixon who had a super freshmen year at Lake Forest. Christi Scott had the top 55 meter hurdle time of 10.6.

A super talent who is so versatile that the Spartan coaching staff will have problems figuring where to use him is Walter Rodriguez. Rodriguez was ill for two of the five meets and operated below par in another. Yet in two meets he set Chipman records of 11.4 for 100 meters, 24.3 for 200 meters and 54.1 for 400 meters. Lake Forest was 11.3 this spring barely better than the eighth grader's 11.4. His 200 time is very good and 54.1 is varsity time for both the open 400 and the 1600 relay. Finally Rodriguez was measured in 20 feet, 5 inches in a practice long jump, a distance attained by no varsity

Spartan this campaign Rodriguez' illness kept him out of the Seaford meet, but a pretty fair sprinter, Petie Davis, captured the 100 and 200 meters and Dawson Hudson won the 400 meters, thus capably taking care of Rodriguez' three events. Davis took the 100 in 11.8 and the 200 in 25.6, while Hudson completed one lap, in 1.03.67. John Scott was second in the 100, while Hudson did the same in the 200. Mike Smith was second at 400 meters.

Dawson Hudson annexed the 110 hurdles in 15.6. Alex Winchester and Fred Johnson completed the sweep. Winchester also has done 15.6, in this event. Petie Davis won the long jump and his 17.4, is the squad's best and shows good ability there.

Edmund Benson, a muscular distance prospect, doubled in the 800 (2.37) and the 1600 (5.56). Craig Killen was a strong third in the 1600 (5.59) and Ken Boggs go the same spot in the 800 (2.41). Fred Johnson, Alex Winchester, John Scott and Randy Harris relayed 400 meters in 51.4. The same quartet did 800 meters in 1.50. These are good junior school clockings, but with Petie Davis, in the lineups, Chipman has done 48.7 and 1.43.4. That's really getting around the oval. The obvious question here is what would happen if the slowest man was lifted and Rodriguez ran in his place. We would say these 7th and 8th graders would beat a few high schools in the area.

Curtis Sullivan completed a good double taking the shot 34-8 and discus 91-4 1/2. Joe Maul reached a new personal and team high with a leap of 5 feet in the high jump. Petie Davis tied the old school record which Rodriguez demolished at 100 meters. Edmund Benson has done 2.25 and 5.25 for 800 and 1600 meters respectively. Curtis Sullivan has thrown the shot 36 feet.

Others in the team are: Jeff Matthews and Mel Silicki. There are quite a few prospects on

both squads. Some of these kids already show great potential. Others may bloom later, especially those who are only seventh graders.
