

# Anderson to face trial on additional charges

## Jailed on check charge

by Carolyn Muentner

Kent County Court of Common Pleas Judge Merrill C. Trader ruled on Friday that evidence was sufficient to hold Andrew T. Anderson, suspended Industrial Arts teacher at W.T. Chipman, for trial on recent additional charges of second degree rape. The charges were brought following an investigation which began in mid-March. Anderson is slated to stand trial next week on previous charges of the same nature involving another alleged

victim.

Judge Trader also sentenced Anderson to six months in jail with 90 days suspended and one year probation after Anderson entered a guilty plea on passing a worthless check. The check charge was a misdemeanor; in passing sentence the judge cited Anderson's prior record of similar offenses.

A 14-year-old Harrington girl testified on Friday at a preliminary hearing that Anderson engaged in sexual acts with her at his home on 44 occasions in 1985

and at least four times this year.

In a May 9 interview with police, the girl only remembered four specific dates that she had sex with Anderson, according to Delaware State Police Det. David Henderson. According to Henderson, Anderson took the girl to clinic for an abortion on March 19, the same day he was arrested for the second-degree rape of another female Lake Forest student. The abortion was confirmed through records at the abortion clinic and physician,

Henderson stated.

Deputy Attorney General M. Jane Brady, who examined the girl in court, and who has been involved in both investigations, previously stated that as far as she knows the use of physical force is not an issue in the charges against Anderson; sexual acts with minors are classified as rape because the alleged victims are not old enough to give legal consent. The girl was 13 when the alleged offenses began on April 26, 1985. The alleged victim of the

earlier charges was 15 years of age.

Anderson is scheduled to stand trial June 3 for the earlier charges.

The 14-year-old witness against Anderson testified that she met with Anderson at an abandoned house after she first told police about the matter on May 9. She said that she told Anderson that she was "really scared." She testified that during her conversation with Anderson she agreed to say that she lied to the police and would deny that

they had ever had sex.

She then testified that she called Craig A. Karnitz, Anderson's attorney, and stated that she would deny the relationship under oath.

Anderson was returned to the Delaware Correctional Center near Smyrna in lieu of \$40,000 secured bond. Anderson was suspended from his position as an instructor at the W.T. Chipman Junior High School after his earlier arrest.

## Lysik resigns

### Principal, coach named

by Carolyn Muentner

At the May 22 meeting of the Lake Forest School District Board of Education, the resignation of Dr. Gerald Lysik, Superintendent of Schools for the district, was announced. Dr. Lysik has accepted the position of Superintendent of Schools for the Lakeland Regional School in Wanage, N.J. His resignation is effective June 30.

Named to the position of Principal at Lake Forest High School was Thomas Kirschling. Kirschling has been High School Principal for six years at the Chichester School District in Boothwyn, Pa., and has 14 years of educational and administrative experience. He will defend his doctoral thesis in the near future.

Al Wood, a math teacher at Lake Forest High, was named head varsity football coach; he had previously served in the same capacity.

In other appointments approved Laderich Macklin was named first grade teacher and Doris D. Ridenour as half-time special education teacher. Both will serve at Lake Forest North Elementary School. The board accepted the retirement of Kathleen E. Browne, administrative secretary at the administrative office.

In other business, the Board approved a resolution to accept the comprehensive operational plans for the special education program for the handicapped child and for the physical education curriculum. They also accepted recommendations established by the advisory committee for approximately \$4.1 million in

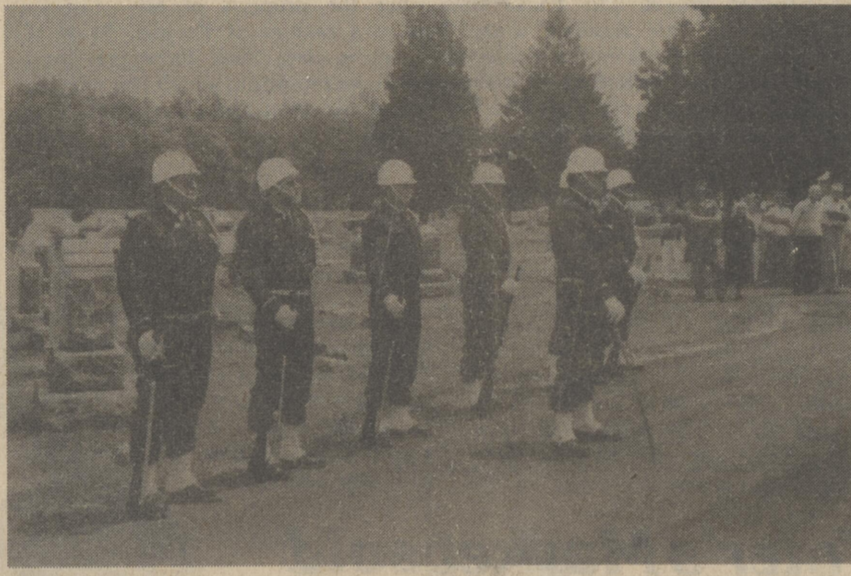

improvements.

The improvements will include a satellite food service program to Lake Forest South "B" Elementary in lieu of spending approximately \$25,000 to upgrade and add to kitchen equipment at that school; replacement of all underground oil tanks in the district with fiberglass tanks; construction of an approximately 7,300 square foot administrative offices building on the Lake Forest High School property. The Board voted to dissolve the contract with BASCO and readvertise for new architectural services. The administration was authorized to submit the major capital improvement plan to the Department of Public Instruction.

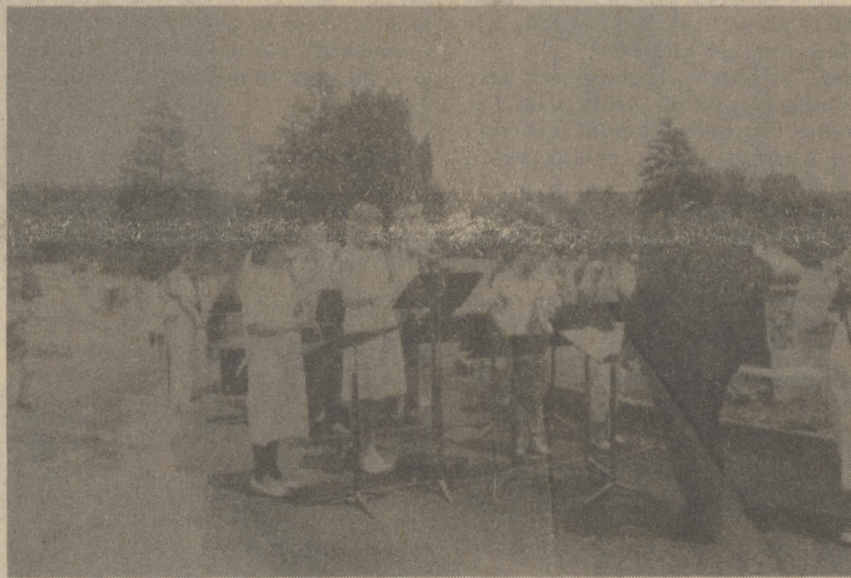

In discussion prior to Board vote to approve the improvements, they were informed that the satellite food service program would be more cost effective in the long run than renovating the kitchen at Lake Forest South "B" Elementary, and that the present underground storage tanks are from 20 to 45 years old. In the event of toxic leak the clean-up liability could cost from \$200,000 to \$300,000. The new administrative offices, necessary because of present crowding, will be constructed at approximately \$40 per square foot.

Also included in the improvement budget will be estimated improvement costs of \$809,662 at East, \$973,884 at North, \$635,335 at South A, \$636,809 at W.T. Chipman, \$192,650 at South B and \$340,929 at the high school. The state's share of the budget will be 60% and local share will be 40%.

## Local Police offer house watch

Police Chief Carl McIlroy has announced that the Harrington Police Department would like to remind anyone planning to go away on vacation to contact the Police Department and set up a house watch. It takes about 5 minutes and can be done by phone. The assigned officers will keep a check on your home while you are away.

The citizens of the City of Harrington are being plagued with a rash of property damage by a person or persons unknown to the police department. These incidents all seem connected and all seem to occur in the early morning hours (3 a.m. - 4 a.m.). Anyone having any information is urged to contact Harrington Police Department at 398-3772.

## Police Superintendent, Assistant, appointed

Governor Castle has announced the appointment of Major Clifford M. Graviet as the next superintendent of the Delaware State Police, and Captain Robert C. McDonald as the Division's new operations officer, effective July 1. Graviet, 37, will be promoted to Lt. Colonel and assume the post as Acting Superintendent on July 1. He will be promoted to Colonel and become Superintendent on a permanent basis on January 1, 1987. He replaces Colonel Daniel L. Simpson, the retiring superintendent.

McDonald, also 37, will become Acting Operations Officer at the beginning of July. He will be promoted to Major effective January 1, 1987, and will replace Lt. Colonel John L. Lingo in July 1987 as deputy superintendent. "I am extremely pleased to be able to make these two appointments," Castle said. "Both men have demonstrated a great deal of ability and leadership during their careers in the Delaware State Police."

"They bring broad experience in police work to their new assignments, and I am confident that they will maintain the high standards we have come to expect from the State Police," Castle said.

Castle also praised the present superintendent.

"While I expect first-class performances from Major Graviet and Captain McDonald, all of us realize that

Maj. Clifford M. Graviet

Dan Simpson will be a tough act to follow," the governor said. "The Colonel epitomizes dedication to duty and respect for the law, and he deserves a great deal of praise for the work he has done throughout his career."

Base pay for the superintendent is presently \$48,500, and \$44,500 for the deputy superintendent.

Simpson begins extended leave in July and retires at the end of January, 1987.

## Apartment complex signals city growth

by Carolyn Muentner

Groundbreaking is scheduled for early June for a new apartment complex in Harrington, located on the south side of Peck Avenue east of East Street. The four-acre complex is under development by John P. Seymour, Inc. of Olney, MD. There will be 16 one-bedroom apartments containing 710 square feet each, and 18 two-story, two-bedroom townhouses containing 939 square feet each. Rentals will begin at \$235, and completion of the project is scheduled by January, 1987.

The complex is identical to one developed in Greensboro, Md., by Mr. Seymour, who has developed properties in Virginia and Pennsylvania in addition to Maryland and Delaware.

George Volenik, Harrington City Manager, describes the complex as "a much needed addition to the city."

"We have had other commercial and industrial development and all of this makes our community more attractive to a greater segment of society. We presently do not have enough rental housing because of recent expansion in new businesses," he adds.

"We are trying to keep a balance," Volenik stresses. "We don't want to get too far ahead in housing so that it becomes a drug on the market; but we want to stay up to the level of the community's needs. We're trying to build a better economic base, which is only possible by having a balanced variety of businesses, industry, housing, and community facilities. My sense is that the people in the community are supportive of this."

"As the community grows there is the opportunity for diversity and growth in business," he explains, "and as business grows, there is a demand for additional housing. We don't want to get into the Detroit syndrome, where we would be totally dependent on one industry and when that industry slumps we would be done. If we have a variety in the economic base we can maintain self-sufficiency."

Volenik describes the Harrington area, Delaware, and the Delmarva peninsula in general as an area oriented toward self-sufficiency. He does not feel that the new apartment complex and other growth indicators such as the new

Liberty Plaza shopping center are representative of sudden growth, but rather describes them as the natural outcome of carefully planned gradual improvement of the community economic base.

"What is happening now," he stresses, "had its roots further back. The genesis of this expansion goes back to efforts through the eighties by the mayor and the city council to build attractiveness into the community. The Delmarva peninsula is unique. We don't shoot from the hip here, we consider the ramifications. While we try to be very progressive, we also make a real effort to maintain this 'land of pleasant living,' to maintain an environment conducive to a variety of things, to agriculture, industry, commerce, and tourism. And the people here are environmentally attuned. They are reluctant to accept things that will upset the environment."

Plans for the complex reflect that concern for maintaining "the land of pleasant living." The units will surround a green area of two and one-half landscaped acres which will include a playground. Parking areas are aligned adjacent to the buildings, and tenants will have access to laundry facilities. All utilities will be installed and maintained at the developer's expense, with water metered at the property line. There will be no expense to the city for the roads, water and sewer lines of the complex.

Architects for the complex were Duane, Elliot, Cahall, Mullineaux and Mullineaux of Lewes.

According to Mr. Seymour, the four colonial style buildings will be approximately 7,000 square feet each. He has been working on the project since 1982, and optioned the Peck Avenue property in 1983. The complex will be managed by Seymour's management company.

"Harrington is a nice town," Seymour states, "and I have been treated very well here. The Mayor, Council, City Manager and all those involved have been very concerned throughout with protecting the best interests of the community, but they have treated me very well and I appreciate that."

## Visitor Center dedicated

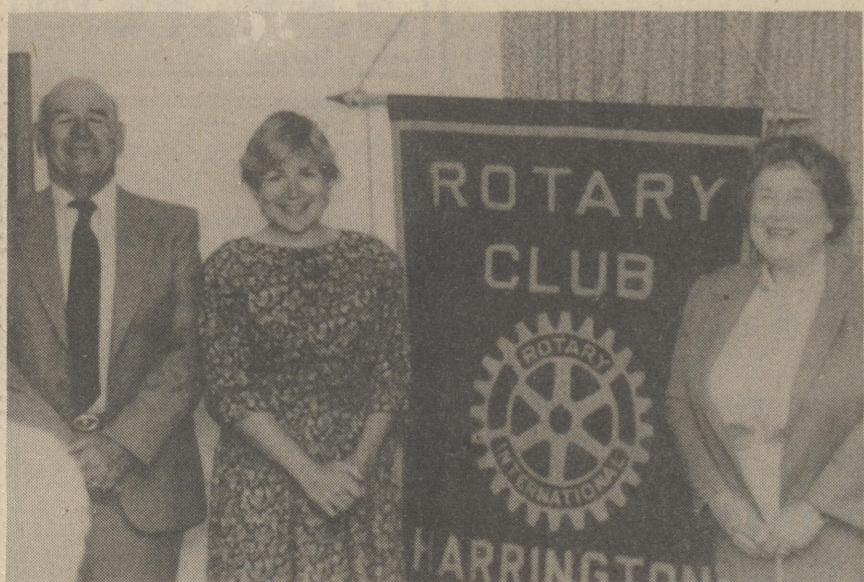

Wilmington — Formal dedication of the I-95 Delaware Visitors Information Center celebrated National Tourism Week (May 18-24) and Delaware Tourism Month (May). The Center, located at the rest stop near Exit 2, DE 273, lies in the business corridor of one of the busiest interstate highways in the United States. Twenty-million vehicles travel this part of I-95 annually, and that figure is expected to increase dramatically in 1986 as millions of Americans spend their summer vacation exploring their own country. Inquiries to the Delaware Tourism Office in April hit an all-time record high, indicating that Delaware will reap its share of the benefits of the interest in domestic destinations.

Tourism is a vital industry in Delaware, generating in annual spending \$546 million and creating over 17,000 jobs. This Center serves as an example of the successful partnership typical of the travel industry in Delaware. The facility was provided by the Marriott Corporation, and furnishings and initial staffing by

the Delaware Turnpike Authority in the Department of Transportation. The Center is operated by the Greater Wilmington Convention and Visitors Bureau and its members in the industry. The Delaware Tourism Office has served as liaison between all these partners since the inception of the project.

### Harrington Public Library announces Summer program

Young readers are invited to join a "Reading Workout," the eighth annual Summer Reading Program sponsored by the Delaware Division of Libraries and local public libraries. The Harrington Public Library is one of the twenty-nine public libraries in the state that will participate in the program. The Summer Reading Program encourages children to make the library an important and enjoyable part of their summer activities. Youngsters will be invited to participate in fitness-

related games and activities. Children who read ten or more books during the program will receive "Reading Power Awards" from the library at the conclusion of the program. More than 4,000 youngsters are expected to participate in the 1986 Summer Reading Program. "Reading Workout" activities at the Harrington Public Library will include a bicycle registration and Safety Day, Karate Demonstration and more. Betty Ann VanVessen, Librarian, invites all children to come in and sign up.

### Toler's Market sold

Toler's Market at Canterbury has been sold to Marsteller's Markets. The sale will be final on June 11. Mrs. Toler has operated a grocery store in Canterbury for the past 22 years. The original location was around the corner from where the present one is located on U.S. 13. Prior to operating the grocery store, Mrs. Toler operated a beauty parlor in Camden. "I did Irene's (Warren) hair.

Every year, foreign visitors spend about \$14 billion in the U.S.

So...she said to me one day when she was in there to get her hair done, I would really like to get someone to take over the store for me. So that's how it all started."

Mrs. Toler said she rented the store initially for \$100 a month, "...and the inventory amounted to about \$2,500 then. But today we run close to a \$100,000 in inventory."

### Heartbeats

The June meeting of the "Heartbeats" Chapter in Kent County will take place on June 2, 6:30 p.m. at the Celery Garden, Lockerman Street, Dover. Dinner will precede the meeting. ## She helps the handicapped find jobs

by William T. Ficka  
 The handicapped person who is seeking vocational rehabilitation has a good friend in Carole Glasspool of Felton.

Glasspool is the sole representative of the Client Assistance Program (CAP) in Kent and Sussex counties. She is the ombudsman who facilitates services available from the Vocational Rehabilitation (VR) unit in the Division of Vocational Rehabilitation and Division for the Visually Impaired. Her office is in the VR building at 10 North Church Avenue in Milford.

The VR is currently helping some 800 disabled Delawareans. At the end of February, 80 clients had been placed in jobs and another 90 who had completed training were seeking employment. Another 129 were still in training before their move into the job market.

Among the Delaware firms that hire the handicapped are Scott Paper Co. in Dover, Nanticoke Homes in Greenwood and Vlasic Foods, Inc. in Millsboro.

The U.S. Congress established the CAP in 1973 after a rash of complaints from those who had applied for vocational rehabilitation services.

The CAP services to the client originally had to be requested by the VR. In 1985 those services became mandatory, according to Glasspool. The CAP services in Delaware are funded by the federal government through the United Cerebral Palsy of Delaware, Inc.

In addition to advising clients who have problems with counseling, training programs are rehabilitation facilities. Glasspool also assists the client in appealing decisions if the client is denied service or is dissatisfied with rehabilitative services.

"The whole thrust of our program is to avoid the appeal process," said Glasspool.

Glasspool, the mother of two grown children, is also handicapped. Since contracting polio at age 22, she has been confined to a wheelchair. When her husband died in 1976, she became the breadwinner for herself and her two children.

Glasspool is a high-spirited, articulate woman with a ready smile and a keen sense of humor.

"When you're handicapped, you either do something about it, or stay home and do nothing," she said. She did something about it.

She earned an associates degree in journalism at Delaware Technical and Community College. She also served a stint in radio broadcasting at station WAFL and wrote features and a local column for the Harrington Journal. Since 1981 she has served as an advisor at CAP.

According to Glasspool, parents of handicapped children can help by instilling a sense of self-reliance and resourcefulness in them. Rather than being overprotective, the parent should encourage the child to do what he can for himself.

"Attitude is our biggest barrier, not our wheelchairs," Glasspool said, referring to the attitude of society toward the handicapped.

"Society in general tends to have an attitude that the handicapped are poor souls, that they are pitiable and helpless - unfortunately that attitude perpetuates itself," she said.

"It's a matter of acceptance. The person must be accepted as an individual first and as handicapped second," she said.

Although she performs many necessary duties for her clients, perhaps it is as a role model for other handicapped persons that she provides her most valuable service.

She is living proof that handicaps can be overcome.

## Milton man charged in rape of teenager

State police arrested a Milton man Saturday and charged him with the rape of a 16-year-old girl from Seaford.

Police said Clarence Burton, 24, of rural Milton, allegedly attacked the girl after driving her to an isolated spot on Sussex 525 on Friday night. He had picked the girl up earlier in the evening

for a date. The girl was later dropped off at her home, and the police were contacted. Burton was charged with second-degree rape and kidnapping and committed to Sussex Correctional Center near Georgetown for failing to post the \$40,000 bond.

## Education

### Board honors teachers, students

by Carolyn Muentner

Mrs. Teresa Gough from Lake Forest Elementary School was named teacher of the year by the Lake Forest District School Board at their May 22 meeting. Other candidates for teacher of the year, also honored, were Janice Caldwell, Lake Forest East Elementary; Betty Myers, South Elementary; Patricia Farley, W.T. Chipman; and Lynda Rae Gannon, Lake Forest High School.

#### —ESSAY HONORS—

Rachel Gussett, district overall winner in the *Christa McAuliffe Student Essay Competition*, read her winning poem to the Board and assembled visitors at the meeting. The poem is to be read at the July 4 Statue of Liberty ceremony in New York. Rachel's teacher is Mrs. Gannon.

Also honored for their participation in the competition were Charles Gibbs, first place in the Junior High category, whose teacher is Mark Donnelly; Bonnie Roscoe, second place Junior High category; Marion Fluhr, teacher; Chris Olson, first place Elementary category, teacher Betty Myers; Melanie Moffett, second place elementary category, teacher Betty Myers.

#### —ODYSSEY OF THE MIND—

Winners in the State Odyssey of the Mind competition, who left on Saturday to participate in the world competition in Arizona, were presented by superintendent Dr. Gerald Lysik, presided during the presentation of all honors. The first place team, Technocrats II, from Grade 7 at W.T. Chipman, were Drew Hammond, Elaine Zeitler, Lea Fitzgerald, Chad Collins, Billy Parker, John Moyer, and Diane Wilson.

Also presented were the second place team, History the Way it was, sixth graders from North: Michael Drew, Frederick Feutz, Kerry Gregory, Kelly Kanoy, Judy Shirey, Beth Williams, and Oakland Childers. The third place

team honored was Great Art Lives, grades 5 and 6 at South Elementary. Members of that team are Ashton Garey, Howard Young, Brian Tapley, Crysti Dempsey, Robin Schrock, James Stewart, and Philip Wilson. Third place, History the Way it Was, from Chipman grade 8, consisted of Earle Dempsey, Kate Vogelien, Abby Adams, Ronnie Fitzgerald, Tonya Braswell and Paul Schafer. Third place Technocrats team members from grades 3 and 4 at South Elementary were Kim Schiff, Sherry Gerardi, Toby Cirillo, Christi Steller, Tamara Welch, Donna Lane, and Fawna Childress.

#### —MATH HONORS—

Michael McMullen was introduced as the top scorer in the entire region in the State-Wide Math League. Michael and his teammates were first in region 8, representing South Elementary Grade 5. Other team members honored were Brian Tapley, Wendy Fitzgerald, James

Stewart, Brie Knox, Stephen Englehart, Joshua Hughes, Stephen Markoya, Brian Dellinger and Robin Schrock.

#### —STOCK MARKET—

The Board recognized four students who participated in the Stock Market Game, in which they were given \$100,000 in computer money with which to buy stocks, and in ten weeks made over \$35,000 "profit." The students were Scott Smith, Jamal Speaks, John Jackson, and Scott Paczkowski.

#### —PROJECT CLOSE UP—

Gary Sparks introduced the students who participated in Project Close Up. The students described their experiences in Washington, D.C. in the on-the-spot learning experience in government. The students who participated in this program were Kathy Carlson, Todd Kramer, Tom Dula, and Mike Butler.

## Gab Fest by Pat Hatfield

Dad and I been rejoicing together about how blessed we are in little corner of the earth. The rains came (as we knew they would in God's own time) and they came with such gentleness here. We were not blown about by hurricanes nor were we devastated with tornadoes — only the gentle rain, falling so softly that every raindrop counted for good. It soaked in the soil without sliding off into the ditches. But — do you know — as always, I am hearing a few people say, "It came too late," "It wasn't enough," and on and on. I am astonished at the ungratefulness of human beings.

On my breakfast bar today, May 20, there are the first roses, two from the old Pink Radiance bush down by the shop. They are lovely and perfect, but the color is a lighter shade of pink than usual. Dad is wondering if it was the hot sun, but I believe the soil is lacking in some nutrient. Anyway, pale pink is beautiful.  
 After the rainy day, the garden looks great this morning. The little plants are so happy to have their wee feet in mud once again. I was about to put out a basin of water for the birds, but now they do not need it.  
 I do not know whether the cabbage plants will recover and rise again after the groundhog ate his way up and down the rows. We will probably have to replace the plants. The unwelcome visitor has had to be eliminated, and this tears me up, as killing always does. If he had only eaten the clover instead of the cabbage, he could have existed with us unharmed. I pondered over the fact that most of the unhappiness in the world comes from making the wrong choices.

## Houston by Pauline M. Morgan 422-4949

Sunday worship service at Houston United Methodist Church 9:30 a.m. Sunday School for all ages immediately following the service, 10:30 a.m. Rev. Kyle N. Smith, Minister.  
 Last Sunday the Minister's message was "The Consuming Presence." The choir sang "Who Is This Friend?"  
 Since Rev. Smith is retiring and leaving the Houston Church July, the United Methodist Women of Houston is sponsoring a covered dish retirement dinner for Rev. and Mrs. Smith Thursday evening, June 12 at 6:30 p.m. The congregation of Houston as well as the Methodist Women and their families are invited. A sheet is on the doot at Church for all who wish to attend to sign and let us know how many will attend and what you will bring. Vegetable, salad or dessert. We must know by June 8. If unable to sign the sheet, please call Pauline Morgan at 422-4949 or Edna Sapp at 422-4940.  
 Congratulations to John Rose who celebrated his birthday on Saturday. His family celebrated by going to dinner at the Sheraton on Saturday evening.  
 Congratulations to Vicki Hollis who celebrated her birthday on Sunday.  
 The Ladies Auxiliary of the Houston Fire Co. served lunch at the Delaware State Fire School on Saturday and Sunday.  
 Mrs. Estelle Gallagher returned home this weekend after being in the Peninsula Hospital, Salisbury for several days suffering with pneumonia.  
 Josiah Parvis is at home after being in the Milford Hospital for a few days. We are so glad to report that our sick are better and able to be home.  
 The Kent County Ladies Auxiliary of the fire company held their May meeting on Tuesday evening at the Asbury Methodist Church. Members from Houston who attended were Connit Morgan, Lillie Elliott, Anna Belle Boone, Elon Eisenbrey, Anna May Marvel, Madeline Quillen and Pauline Morgan.

I had planned to make blueberry pies today, but the paper deadline looms ahead, and that takes precedence. I have an obsession with punctuality. I will make every effort to see that I'm at least ten or fifteen minutes early for an appointment rather than feel disgraced if I am one minute late. To me, it is a part of being a responsible person.  
 I am starting to make another Sweetheart quilt. I hope to live long enough to make a quilt for each of my grandchildren. I should have thought of this years ago. It is hard to do quilts when the heat becomes intense. And I think Grandmothers will agree that mending is something grandmothers need to help with, and there is always an article of clothing desperately needed by a Cabbage Patch doll! But, the nicest thing that can happen to a grandmother is to be needed.

This is a strange world, is it not? This morning while I was waiting for Himself to come down for breakfast, there were two loud noises and the house vibrated. "Ladybug" jumped out of her chair, barking and preparing to do battle if needed. I know it was not thunder because she pays no attention to that. And I know it was not a sonic boom because I can identify that. In this mad world of today we may expect anything. Did someone push the wrong button? Truly, we must live by Faith. And you know the story of the small child who, when asked what she believed about Faith, she replied, "Faith is believing in something you just know ain't so!" Of course those of us who lean on Faith know that IT IS SO!

## Days of Our Years by Carol Ann Porter

Work on the new sanctuary is progressing steadily with brick masonry work scheduled to begin this week. Memorial gifts or gifts in honor of loved ones are being solicited. All offerings on the first Sunday of each month go into the building fund. If anyone desires more information about memorial gifts please call the church office at 398-3618.

Special days ahead on the church calendar include Children's Day on June 8 and Father's Day on June 15. Graduates will also be honored during the morning service on Sunday, June 8. Services for June 1 will include Sunday School at 9:30; Worship Service

at 10:40 a.m. and the Evening Gospel hour at 6:00.

The members and friends of Calvary Wesleyan Church welcome Carl Chapman as part of our staff. Carl recently graduated from United Wesleyan College, Allentown, Pa., and will serve as Director of Christian Education.

Mrs. Maude Dickerson is now a patient in the Country Rest Home near Greenwood.

Birthday Greetings this week go to Laura Wamsley, Jerry Miller, Lisa Wamsley, Jerome Deputy, and Joshua Tarbuton.

## Asbury United Methodist Church

A thank-you to all who participated in the Flea Market on Saturday. We had approximately 12 tables with many more from the Clothing Pantry. The Youth Group under Debbie Winebrenner had church plates to sell, brownies, cookies, numerous other items and homemade "ho" pies from Mrs. Welch, with one bought and eaten on the spot. The Builders Class sold hot dogs and drinks and The Followers white elephant items and they made enough to redo their classroom. We could have used a lot more buyers, but nevertheless it was a good time working together and sharing the day. Thank you again for all your help and devotion.

Congratulations and welcome to our newborns. A new baby girl born to Mr. and Mrs. Sacks (Joan Mason) Proud grandparents are Mr. and Mrs. Albert Mason. A new boy born to Mr. and Mrs. Edward Shaeffer (Nancy Dill). Proud grandparents are Mr. and Mrs. Jack Dill.

Congratulations also to Kelli Hunter and Allen Butler, as they were united in marriage on Saturday, June 24. Our best wishes and blessings go with you as you journey through life together.

Sunday, June 8 — Choir Awards Sunday and Commencement Services at the Morning Worship Service.

Sunday, June 22 — Annual Buffet and Farewell Dinner. Please plan to come. This is a special time for the fellowship of the Church with all families. It will be an entertaining evening for all. Time

is 4 p.m., bring a covered dish and your whole family. If you need any information, see or call Elwood or Betty Brown at 398-4450.

**Monday, June 30** — Jim Perry with the Virginia Conference Youth "Voices of Youth" Awakening the Church to Mission." Pot luck dinner at 6:30 and Concert at 8:00 p.m.

Keep in mind, the Cathedral Choir is sponsoring the Father's Day bulletins. Anyone having a name they wish included, please contact any member of the Choir. Donations of \$1.00/name will be used to further the music ministry of the Cathedral Choir.

**FATHER'S DAY** — June 15 — But don't wait till the last minute...be thinking about it now.

Next Sunday, June 1 — United Methodist Men Breakfast at 7:30 a.m. Also penny Sunday for the Church School at 9:45 a.m. Morning Worship Service at 11:00 a.m.

Ushers for the month of June will be Tom Peck, Jean Harrington, Mr. and Mrs. William B. Walls. Our Acolyte for next Sunday will be Bobby Southard.

Our Nursery needs help for the month of June. Call Rose Ibler at 422-5557 and offer your assistance.

Pat Weaver wishes to express her thanks to all who helped make our "Get-Together" a great success. A good time was had by all.

## United Way sets goal

Hugh E. Miller, General Campaign Chair announced today that United Way of Delaware has set a \$13.7 million goal for the fall campaign.

The 1986 goal will enable continued support at the current level for virtually all 55 member agencies and, in addition, it will permit expansion of

services in "high priority" areas. Priority areas include programs that strengthen the family unit; improve the ability of the elderly and the handicapped to live independently, and mitigate life-threatening situations.

## St. Stephen's Episcopal Church

On June 1, the Women of St. Stephen's will participate in their annual Corporate Communion at 8:00 a.m. All women of the parish - young and old - are encouraged to attend. A breakfast will be served after the Men of St. Stephen's following the 8:00 a.m. eucharist.

Church School awards will be presented on June 8. The children of the parish will offer special songs for the congregation. Parents are cordially invited to attend.

Our summer schedule begins on June 15. Sunday services will begin a 9:00 a.m. on June 15. Early services will continue until after Labor Day.

Parishioners are asked to pray for the four nominees for Bishop of Delaware. A special convention will be held at Grace Church, Wilmington, on June 14, to elect the ninth bishop of Delaware. The nominees are The Rev. George Edmonds Bates, Rector of St. Mark's Church, Albuquerque, New Mexico; the Very Rev. James Earl Cavanaugh, Dean of Grace and Holy Trinity Cathedral, Kansas City, Missouri; the Rev. Canon Hal S. Daniell, Jr., Rector, Christ Church, Lexington, Kentucky; and the Very Rev. Cabell Tennis, Dean of St. Mark's Cathedral, Seattle, Washington. Our congregation is asked to pray daily for

the delegates and alternates to this special convention and for the effective working of the Holy Spirit in this election.

The four nominees will be presented after a service of Evensong at the Cathedral Church of St. John's, Wilmington, on May 31 at 3:00 p.m. All the people of the diocese are encouraged to attend. The Vicar of St. Stephen's, the Rev. Susan Mills, recently returned from her tenth reunion of the Class of 1976 of the General Theological Seminary in New York City. The Most Rev. Edmond Browning, Presiding Bishop of the Episcopal Church, addressed the gathered alumni/ae of the seminary. Bishop Browning reaffirmed his commitment to peace and justice in the world and within the church.

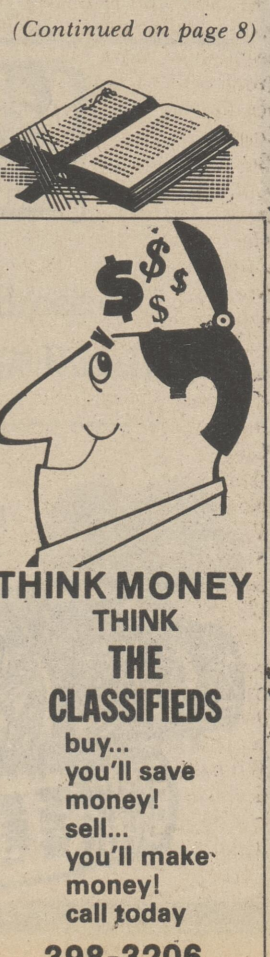

We cordially invite the people of our community to worship with us on Sundays. Until June 15, the principal service is at 11:00, with Church School at 9:30. On Wednesday, a special healing service is offered at 7:00 p.m. Wednesday morning Bible Study is held at 9:00 a.m. The Bible Study Group is reading and discussing The Revelations of St. John the Divine, with commentary by William Barclay. Come and join us!

## Spartans drop final two

by Mike Dill  
The Lake Forest baseball team closed out their 1986 season last week by losing to Indian River 3-1 and losing to Cape Henlopen, 4-2.

With a possible state tournament berth riding on the outcome of both games, the Spartans wasted good pitching performances by Mark Kelbaugh and Ricky Brown.

The final two games placed the Spartans' season into a nutshell, exploiting their weakness: hitting. Lack of hitting has turned a division champion into a .500 team.

Indian River visited Lake Forest last Tuesday, bringing one of conference's best hitting teams to face Lake Forest lefthander Mark Kelbaugh.

Kelbaugh limited the Indians to just two earned runs while going the distance, but Indian River pitcher Chris Megee was one better by striking out 12 and only surrendering three hits.

The Spartans nailed two of their three hits in the second inning and scoring their only run.

After Megee struck out Kelbaugh, James Tiggs singled. Senior designated hitter Craig Hurd then laid down a perfect sacrifice bunt to move Tiggs to second. Centerfielder Eric Collins then delivered an RBI single to drive in the Spartans only run of the game.

The following inning the Indians retaliated by scoring three runs for the winning margin.

Eric Houvinnen led off the inning with a walk and went to second when pitcher Mark Kelbaugh could not handle designated hitter Kenny West's bouncer up the middle. With runners on first and second, Kelbaugh struck out the next two batters.

Kelbaugh then got a 3-2 fastball up in the strike zone and left fielder Woody Vickers drilled a two run double. With Vickers on second, Indian River third baseman Clint Bunting delivered a RBI single to close the scoring.

The Cape Henlopen game was almost a mirror image of the Indian River loss.

Cape pitcher Danny Hudson went the distance striking out 11, walking five, hitting one batter, and scattering five hits for the victory.

Lake Forest pitcher Rick Brown again pitched well enough to win, but lack of hitting did the Spartans in. Brown went the distance for the Spartans striking out 11, walking just one batter, scattering four hits and only giving up two earned runs.

The Spartans struck first by scoring a

single run in the bottom of the first. Rob Bates scored the run himself by walking, stealing second, advancing to third on a passed ball and scoring on a wild pitch.

Cape retaliated by tying the game with an unearned run in the second.

Centerfielder Troy Mellott reached first on an error by Spartan second baseman Rob Bates. Pitcher Danny Hudson helped his own cause by singling to move Mellott to third. Dave Deihl then drove Mellott home with a sacrifice fly to center.

That would be all of the scoring until the seventh as both Brown and Hudson settled into a pitcher's duel.

In the seventh inning the Vikings broke the game open by scoring three runs.

Mellott led off the inning by again reaching on an error by Bates. Hudson again singled to put runners on first and second. Deihl then again hit a sacrifice fly to move the runners up to second and third.

Don Lynch then got the game winning RBI by laying down a base hit bunt to score Hudson and Mellott. On the play Lynch took second on the throw to the plate and was sacrificed to third and scored on a wild pitch.

Behind 4-1 the Spartans started a rally in the bottom of the seventh.

After pinch hitter James Tiggs struck out, Elvin Spence walked. Centerfielder Wendell Watson followed by nailing a RBI double to left field to put runners on second and third. Mike Gygyryuk was then hit by Hudson to load the bases.

Rick Brown then singled to score Spence and make the score 4-2. With the bases loaded Hudson slammed the door on the Spartans by striking out Rob Bates and Lenny Catalano to end the game.

For the day, Mark Kelbaugh and Wendell Watson both went 2 for 3 to pace the offense.

With the two losses the Spartans closed the season with a 4-6 conference record and an overall record of 7-8.

The team should be proud of their achievements during the season, especially the 3-2 eight inning victory over number one Seaford and the 5-1 victory over tournament bound Dover.

With six starters returning next year and an excellent crop of underclassmen on the junior varsity team, the Spartans could have as shot at returning the Southern Division Championship back to Lake Forest.

### Softball splits a pair

by Mike Dill  
The Lake Forest softball team defeated Indian River 17-13 and lost to Cape Henlopen 9-0 to close out their 1986 season.  
The Spartans scored 17 runs on just eight hits in their victory. Indian River pitcher Steen gave up 12 walks and the Indian defense made 11 errors to help the Spartans rout.  
Chris Minner had a RBI double and Lisa Wilson and Tawnya Minner both

### Harrington drops opener

by Mike Dill  
Lance Keeler hit a homerun and a double to lead Georgetown to an eight inning 5-2 victory over Harrington in the big league opener for both teams.  
Benny Elliott got the victory for Georgetown by going the distance, striking out 10, walking just one batter, and surrendering just two hits.  
Harrington ace John Kirby did not fare as well. Kirby, just back from a season at Cecil Community College, struck out five, walked three, and giving up six hits, that included two doubles and a homerun.  
Harrington took a 1-0 lead in the bottom of the second when Rob Bates walked, stole second and was singled in by Elvin Spence.  
Georgetown then tied the game in the fifth inning by an opposite field homer by Keeler that just barely cleared the fence in right field.  
With the score knotted at one,

Harrington retook the lead in the bottom of the fifth. Ken Outten opened the inning with a single and stole second. After Lenny Catalano sacrificed Outten to third, Keith Chandler delivered a RBI single as Harrington pulled ahead 2-1.  
The game see-sawed back again as Georgetown tied the game at two in the seventh to force extra innings.  
Jimmy Scott led off with a single and was sacrificed to second. After a sacrifice bunt, a walk and a hit batter loaded the bases, centerfielder Terry Reynolds tied the game with a RBI single.  
In the eighth inning, Georgetown scored three runs thanks to Tom Penuel's two-run double and Lance Keeler's RBI double to put the game away.  
Elliott then slammed the door on Harrington in the bottom of the eighth on two strikeouts and a groundout.

### Yanks drop twin bill

by Mike Dill  
The Milford Yanks dropped two games to Pepsi of Salisbury in the Eastern Shore Baseball League opener for both squads. The first game Pepsi defeated Milford 12-2 and won the second game 13-3.  
Pepsi pitcher Alan Jones checked the Yanks on 4 hits for the victory.  
Pepsi banged out 15 hits and took advantage of six Milford errors for the victory.

DOVER AIR FORCE BASE — Survivors and dependent children of Air Force reservists who died after Sept. 30, 1978, may be eligible for an annuity, resulting from recent changes to the Reserve Component Survivor Benefit Plan (RCSBP).  
Officials at the Air Reserve Personnel Center (ARPC) in Denver report that a search is now underway to locate those who may qualify for the new benefit.  
"The new change plugs some holes in the coverage that used to exist," explained Jay Clawson, head of the entitlements branch at ARPC.  
"Before, if a reservist died before making an RSCBP selection, the

survivors got nothing. Now, they may qualify for an annuity."  
Spouses are eligible if the reservists died before being notified of eligibility for retired pay or died during the 90-day period which begins upon receipt of that notification, providing the reservist had not already made an election under RCSBP.  
Children of deceased reservists could also receive an annuity if the member and spouse died as a result of a common accident.  
Anyone knowing of persons who may qualify should ask them to call the ARPC entitlements branch toll-free at 1-800-525-0102, extension 228.

## In the Pocket

by Harry G. Farrow Jr.  
It has been announced that Forrest Skipper has been sold in half to Lou Guida of Niatross fame. The Skipper then in turn was syndicated for \$5 million. An additional \$1 million will be forthcoming from the original syndicators if Forrest Skipper continues undefeated...and he sets a new speed record. That record is held by Niatross at 1:49.1 in a time trial at Lexington.  
Forrest Skipper is now 7 for 7 in 1986 with earnings this year of \$199,000 and lifetime of \$606,470. The Skipper was off last week but is scheduled to race this Thursday at The Meadowlands in one leg of the FFA. That following week they go for the final in that series for \$200,000 added.  
At Maywood Park on Friday night in the \$284,000 Windy City Pace it was Incredible Finale with Tom Harmer aboard winning in 1:53.3...which was not only the fastest mile ever at Maywood...but also the fastest ever in Chicago. Incredible Finale is part owned by the owner of the N.Y.

Yankees...George Steinbrenner.  
Other notable winners of races over the weekend were Barbary Spur with Bill O'Donnell in 1:57.1 at Freestate, Manfred Hanover with Mark Jordan in 1:58.4 sloppy track at Lexington. Manfred is now 16 for 16 this year. The record for most consecutive wins is 41 by Marty Nagle in the late 30's and early 40's. Nagle won a lot of races during that time at Fairs in the midwest. He was like undefeated in 38 starts in one year.  
Bad news...David Dunckley, 47, died Friday morning of head injuries he suffered in a racing accident at Roosevelt Raceway a week ago. This is the first death on a racetrack since Wayne Smullin died 3 years ago at Freestate. In Dunckley's accident, there were four horses that went down. Dunckley was the last one through. He was thrown off the bike on his head. He was in a coma and never regained consciousness so it was stated.

## Wilco's Data takes 1:55 win, Butler BG tops invitational field at Brandywine

by Marv Bachrad  
Wilco's Data celebrated a return to the races following a 23-day absence with a 1:55 victory, the fastest mile of the season at Brandywine this meet to win the most awaited, if not richest event of the week. Back in the Ted Wing barn for the second time this season, the Storm Damage colt received a patient drive from Wing who waited third behind early leader Flying Rich until the top of the stretch when they blew past the field for a length triumph. Zouave, handled by Eddie Davis, was next in front of Jackson Hanover. The wagering favorite, Robert Hanover, making his initial start of the campaign was never a factor finishing fourth.  
John Campbell, who came down to drive Robust Hanover for trainer Lofty Bruce, got the assignment behind Butler B G in the feature 12,000 Invitational Pace.  
Campbell rated the speedball off the pace until the half and then took command. Pilgrim's Rainbow (Abel Stoltz) and Sameness (Eddie Davis) closed well in the stretch but finished a half length back in second and third respectively.  
among the nine 2:00 miles on the Sunday card were impressive wins by Roving Boy 1:57.2 driven by Walt Ross Jr. and Souffle, a 1:57.4 winner for Campbell in a \$6,000 Open Pace. Bill Herman picked up a driving double when trotting bred pacer Liberation won wire to wire in 1:58.4 and Super Playboy followed with a 1:57.3 closing.  
Catfish Express put on a strong showing in the lane to overtake Generally Dynamic, driven by Art Ciambrone, to win the Saturday \$8,000 Highlight Series 3rd leg division. Wayne Givens guided the Committeeman colt to the 1:59 conquest.  
In the co-feature \$6,000 Fillies and Mares Open Handicap, Lightning Laura roared down the stretch reined by Bill Herman for a 1:59.2 win catching Loni Almahurst and Jameela finished third. After an absence of three weeks the well named Happy Motoring colt Turbo Charged blew by the field for Walt Ross Jr., to catch Beaten Lengths in the closing strides taking a Delaware Owned Pace in 1:59.1.  
Rolls Lauxmont got back on the track in the Friday feature. Jim Campbell, driving for his brother John, who owns the super sharp 3 year old Royce filly, overcame the nine post start to quickly get the lead and overpowered her nine opponents in an \$8,000 Blue Ribbon Series event. Mark Daniels swept both major trots. The Delaware native piloted Fleetwood Pro to a 2:02.1 never look back win from the eight post in one of the two \$6,000 Open Trots. He

drove Pizzelle to a 2:00.2 win in the other waiting patiently as Deep Rough cut most of the mile. In an exhibition Friday, the Philadelphia Flyers Alumni outpointed the Philadelphia Eagles in a celebrity challenge race covering 5/8ths of a mile. Rick MacLeish, the two-time Stanley Cup hero drove the winner. A horse owner himself MacLeish came on strong in the stretch to catch former Eagle's all pro line back Bill Bergey. Former Flyer wing Reg Leach was third, ex Eagle Vince Papale fourth.  
A pair of divisions of the Commencement Series for fillies and mares topped Thursday racing. HR's Soft Hello yielded the lead to Fair Mate approaching the three quarters and came right back in the stretch under the guidance of Bill Herman for a 1:59.4 score in one division. Fair Mate (Eddie Davis) was second and Lucille's Image (Joe Greene) finished third. Bob Shahan urged Big Nine to victory in the other section passing J M Reenie in the stretch for a nose win in 1:59.2 in the fastest division. A Jurgy Hanover colt, Jurgy Time fashioned a 2:02.4 win for trotting enthusiast Mark Daniels on the card.

The Tuesday before, Will To Win (Eddie Davis, 1:57.3), Bret's Double (Bill Herman, 1:59.2), My Old Man, (Bob Kinsey - 1:59.4), Daredevil (Howard Taylor, 2:00.3) and Caesora (Presley Moore Jr., 2:01.1) recorded wins in the 3rd round of the Spring Board Series for 3-year-old pacers.  
The Memorial Holiday program featured three divisions of the 4th leg of the Spring Board.  
Bret's Double, a rapidly improving son of Bret Hanover came right back for a 1:59 start to finish victory in the fastest division for driver Herman. Solo Mio closed quickly for second in front of And Tyler Too. Rebel Royce got out front at the start and repelled seven rivals for a Dick JMacomber driven 2:00.1 win. Rocky Rocklin and Stuz Bearcat were closest pursuers. Add Happiness overcame the outside post nine to outlet Trun and Command K in the stretch for driver Steve Milam in a 2:00.2 performance in the other division. The holiday card's fastest race went to Allwood's Star Bid a 1:58.4 effort for reinsman Pete Petersheim, in a conditioned event.

Conquemosieur, a Silent Majority colt, became the first under the lights winner of the season. Dick Macomber guided the bay to a 2:02 triumph Monday overtaking Righteous Bucks at the top of the stretch and outdistanced fast finishing Wilder Lobell, a T Slapstick juvenile by a length. The Scarlet Skipper early leader was a nose back in third.

## Young skater sacrifices for art

by Carolyn Muentner and Dave Dill

For Kristin Struck, ice skating is not something to do on an occasional winter afternoon, it is a way of life. Kristin, 16-year-old daughter of Lake Forest High School Assistant Principal Richard Struck and his wife, Betsy, is a Philadelphia Area Champion; she has won the Wilmington skating championship four times; the Wilmington is the largest non-qualifying competition in the U.S.

Competitive skating demands dedication and sacrifice. Kristin's sacrifices began the first time she went skating. As an eight year old, she was impressed with the Olympic performance of Dorothy Hammel, her idol, and asked her father to take her ice skating. She fell that day and cracked her chin.

Dick Struck thought that was the end of her enthusiasm for skating. He was wrong; the next weekend she asked to go skating again, and her devotion to the art has continued, although she now suffers acute tendonitis in both feet. The ailment is not uncommon in ice skaters, and is shared by the men's national champion, who has found relief through acupuncture. Kristin has seen three specialists and found no relief.

"Her choices are to skate with pain or not skate; she skates," says her father. Kristin, who is known for her double axle and also does a triple, practices an average of four hours a day, usually from 5:30 - 8 a.m. and 3:30 p.m. Her teacher is the internationally known former Canadian champion Arthur Bourque, who was assistant to Ron Luddington, the internationally famous former trainer of Olympic champions. Her choreographer is Diane Angle, also a former Canadian champion who has worked with the ice follies and traveled worldwide as an ice choreographer.

The young skater has passed all tests to gold, which will permit her to compete nationally season. She had the highest finish in the South Atlantic Qualifying Championship, competing against skaters from Pennsylvania, New Jersey, New York, Maryland, Delaware and Virginia; she won the Wilmington Skating Championship four times competing against approximately 350 skaters each time.

While polishing her free style and compulsory figures, Kristin also studies ballet and jazz dancing for form and does aerobics for strength. She is a student at Concord High School in Wilmington, and despite the time devoted to competitive skating, is a normal teenager who finds time to go dancing and shop with her friends. Kristin is not the only one in her family committed to her training

**Kristin Struck**  
regime. Her father commutes to Harrington daily to work, so that the family can continue to live in Wilmington where she has access to her training facilities and instructors. Her costumes cost from \$200 to \$400 each, and the boots and blades cost over \$500 a pair; she must have boots and blades of different designs for free style and for figure skating. In addition to the minimum of \$5,000 per year her parents must commit for training and competitive equipment and instructions, there have been medical expenses because of her foot problems. And they live with the knowledge that she lives with pain in order to train and compete.

Her parents are clearly proud of Kristin, and the pride is justified. From that first day when she fell and cracked her chin, it has been clear that Kristin was born to skate and is not a quitter. She has the stuff that champions are made of, and in spite of the pain and sacrifice, may just go all the way.

## Ron Keys finally unlocks victory lane door

by Don Allen

"It sure is better than finishing second." Those were the words of 17-year-old (Yes, he won't turn 18 until June 13th) Ron Keys of Oxford, Pa. after winning the first Modified feature of his career. Ron's performance in the Floyd Megee Motors sponsored Modified feature at the Georgetown Speedway was absolutely flawless as he held his lead over Harold Bunting, Paul Weaver and Bob Wilkins for the entire 30 lap event. Wilkins finished second followed by Bunting, Clint Gemenden and Paul Weaver.

Ronnie, in his two full seasons of Modified competition, has become one of the most admired drivers on the Delmarva Modified circuit, but mechanical woes or just plain old bad luck have denied him a checkered flag. Sunday night he put all of that behind him when he piloted his Dean Price Engines powered, Bandit chassis #39 to a much deserved victory. He kicked off the night by winning his qualifying heat which allowed him to start third for the main event.

Ron quickly hauled down pole sitter Ed Brown Jr. to lead the first circuit. The #39 had its own way until lap 8 when the #19D of Harold Bunting motored into second with Bob Wilkins #30 right behind. A caution on that lap for the limping racer of Tom Capie, erased Ron's healthy lead. From then Ron had to use all of the skill and savvy at his command. The green stayed out for the next seven laps and the three front runners began to lap the back of the field. Ron threaded his racer around the back markers, but he couldn't shake Bunting. On lap 21 Bunting made a move to the inside of Keys as they entered the third turn and had inched ahead of him as they reached the front stretch, but at the opposite end of the track the Sussex Irrigation #71 of Charlie Phillips sat with mangled front suspension. Flagman Bill Lawson displayed the caution negating Bunting's lead.

"When that happened I knew I had to stand on it until she wouldn't run anymore!" Ron said, and that he did for the final nine laps. It was Keys, Bunting, Weaver, Wilkins in a tight group but Ron "kicked in the afterburner" and opened up a little breathing space. Bunting seemed to falter with just five to go allowing Weaver and Wilkins to drop him to the fourth slot.

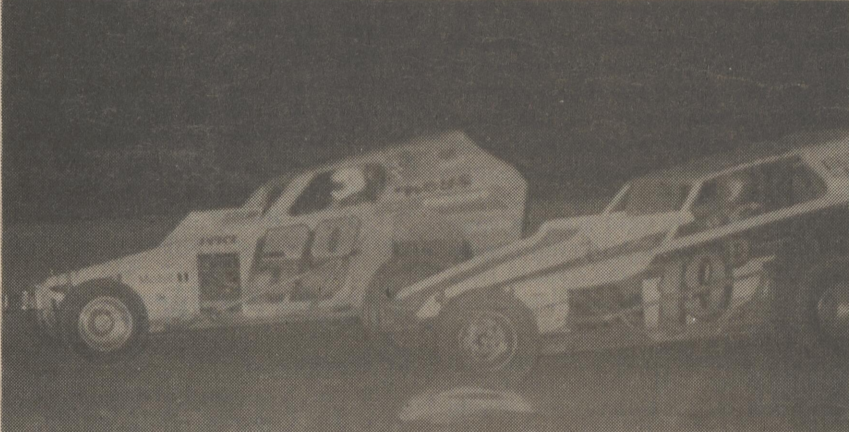

Everyone in the facility seemed to hold their breath for those last five because so many times they had seen Ron lead most of an event only to fall victim to equipment failure. While discussing the team's bad run of luck to date this season, only one to five in nine starts and more than their share of DNF's, father and crew chief Earl Keys said philosophically, "Well, maybe one of these nights will be our night." Well, Sunday was the night, for as each lap ticked off the #39 just seemed to get stronger and it held a quarter straightaway lead over the field at the checkered.

**RESULTS:** 1st Heat — Bob Wilkins, Richard Jarvis, Ed Brown, Norman Short, Bob Parks, 2nd Heat — Ron Keys, Gary Trice, Harold Bunting, Tom Capie, Wayne Weaver. Feature — Keys, Wilkins, Bunting, Clint Gemenden, Paul Weaver, John Richards, Nelson James, Ed Brown, Deron Rust, Norman Short, Wayne Brittingham, Pete Visconti, Bob Parks, Charlie Phillips, Tom Capie, Howard Huepfel, Hal Browning, Richard Jarvis, Ed Pettyjohn, Wayne Weaver, Glen Frye, John Malcolm, Gary Trice.

From the Fifth Turn — The evening got off to a frightening start when in the first Modified heat, regular competitor Ritchie Pratt endured a fiery first turn wreck along with division newcomer Ed Thomas. It looked as if Pratt lost a right rear wheel entering the turn causing the car to take a rending flip, rupturing the fuel cell and starting the fire. This all happened in front of the field and most of the racers were able to maneuver around, but Thomas was in a group of cars near the rear and had nowhere to

go. He slammed into the rear of Pratt's disabled mount, causing both cars to become engulfed in flames. Both drivers scrambled out of the cockpits as the field was red flagged. Pratt rolled off the track and D&L photographer, Jim Ritchie, rushed to his assistance. Jim was able to extinguish the flames on Ritchie's fire suit before he suffered any serious burns. The firemen of the Georgetown Volunteer Fire Department were on the scene immediately with water and foam. Ambulance crews administered to both drivers and thankfully the only seriously injury was to the racecraft.

Paul Weaver had scored a solid second in race action, but when he neglected to go immediately to scales after the finish, he was moved to the end of the lead lap in scoring. The rule that the front five finishers in each feature must go directly (exit the track off the fourth turn instead of the third) to be weighed, is explained in detail at each driver's meeting and has had to be enforced on at least two occasions so far this year,

one incident costing Limited Late Model star, Gerald Jester, a feature win. "Frustration" is becoming Gary Trice's middle name. The pilot of the Delmarva Electric Motors #69 has started on the front row of Georgetown's last two features only to have mechanical problems sideline him before a single lap could go in the record books. Car owner Carrol Gravenor hopes that with a fresh engine, that next week will be a different story; so do Gary's legions of fans.

Engine woes also kept two more of Georgetown's stars out for the night. Bob Toreky and John Pinter both lost motors in Saturday night action and couldn't recover. This was Pinter's third engine expiration in two weeks and Toreky's second of the season.

Hal Browning suffered some race action damage Saturday night, and he and the Grotto Pizza #100 crew worked until 5:00 Sunday afternoon to make the race.

## Penuel and Pettyjohn share Winner's Circle

by Don Allen

Limited Late Model driver Bill Penuel of Seaford, Delaware and Street Modified hotshoe Kenny Pettyjohn from Milton, DE scored victories at Georgetown Speedway Sunday night in their respective classes. They were shown the way by former Georgetown Speedway Track Champion, Ray Kable Sr. of the Antique Stock Car Oval Racing Club, when he brought his beautifully restored #90, 1936 Ford coupe to the front in that organization's feature 15 lap feature.

Kable rumbled from the rear of the pack to take the checkered ahead of Chuck Talbert, Rick Brinkman, Buck Guilfooy and Bobby Owens. Kable, Talbert and Guilfooy were all regulars at Georgetown in the 1950's when it was a NASCAR sanctioned dirt track.

Penuel captured his first G'town win of the season over a full field of LLMs. He outlasted a race long duel with Jim Mitchell, Phil Wells and Phil Murray, to bring his Total Mechanical Contractors #84 Camaro to victory. The duel sometimes was three wide through the turns. Mitchell was able to put his

Steve Kanuika Automotive on the point from lap seven till lap 14, when Penuel motored under him in the first turn. Mitchell hung on to second for one more lap, but Murray in his Murray Motors Pontiac, dropped him to third with just five to go. Murray finished in second followed by Mitchell, Jeff Patilla and Gerald Jester.

Kenny Pettyjohn continued his domination of the Street Modified ranks picking up his second feature win of the '86 season at Georgetown. Kenny brought his #38 Special to the point on the first lap and never looked back. He

had built a comfortable lead by the time the white flag was displayed ten laps later, but it looked like disaster was going to strike before the checkered.

As Kenny closed on three back markers on that last lap, one of them got crossed-up causing a chain reaction. The

drivers gathered their mounts in and Kenny avoided any misfortune. Richard White Jr. finished in the runner-up slot followed by Ronnie Robinson, Elwood Driscoll and Tony Steele to round out the top five.

## Bunting nips Brightbill on final lap at U.S. 13

by Charlie Brown

Harold Bunting came from the last starting spot to win the modified feature on the final lap Saturday night at the U.S. 13 Speedway Bunting had lost the lead with three laps left to go but made the winning pass in the second turn on the last lap to pick up his 81st U.S. 13 career win.

Norman Short led the twenty-car field to the starting line, but problems quickly developed in the first turn. A tangle among the lead cars sent Paul Weaver and Hal Browning to the pits and Ed Thomas and Bunting to the rear of the field. Short again grabbed the lead on the restart with Ed Brown Jr. and Bobby Wilkins close behind.

Wilkins moved into second on the next lap with Bob Toreky in third. The second caution flew when Toreky spun in turn two. Again Short kept the top spot with Wilkins second and Bunting already moving into third.

On lap six Bunting moved into the runner-up spot and one lap later took the lead. Harold held off the constant challenges of Freddy Brightbill for the next seven laps at which time Bunting made a slip in the second turn and Brightbill took the lead. Harold went to the outside and went wheel to wheel for two laps before edging back in front.

Freddy kept the pressure on and again took the top spot just as the yellow came out for Short spinning in turn two.

With two to go, Bunting pulled out all the stops. As the top two cars went into turn one for the final time, Bunting went high but dropped to the bottom of turn two to take the lead and hold on for the win. Brightbill finished in the second spot for the second week in a row with Tom Capie third, Wilkins fourth and Gary Trice fifth. Sixth through

tenth were Eddie Brown Jr., Bob Parks, Short, Ron Keys, and Deron Rust. Heat races were won by Hal Browning over Bobby Wilkins and Paul Weaver over Bunting. This week will be highlighted by triple 20-lap features for the modifieds sponsored by D&D Dismantling.

## Pettyjohn doubles in Twin 20's

by Charlie Brown

Eddie Pettyjohn collected the \$250 bonus by winning both 20 lap late model features to earn a total of \$1250 for his night's work. Pettyjohn's win streak at U.S. 13 is now at seven. Todd Richardson extended his win streak to four in the limited late models and Richard White Jr., won his first street modified feature of the season.

In the first 20 lap main Charlie Wilkerson grabbed the lead from Jay McLanigan on the green. Eddie Pettyjohn quickly moved into the top five and was third by lap three. On the next lap Eddie powered into the second spot and took the lead one lap later. Alex Beaumont moved into the runner-up spot but was unable to stay with the leader. Pettyjohn had built a half lap lead when the first and only yellow came out on lap twelve as Harold Barr stopped in turn one. Once again on the

restart Pettyjohn pulled away leaving the battle for second between Dave Hill and Beaumont. Hill was able to edge into second but could not close on Pettyjohn who picked up his sixth straight feature of the season. Ron Wilson finished in fourth followed by Wilkerson, Alan Sagi, Lou Johnson, Duane Rust, Joey Carey and Charlie Langenstein in the top ten.

In the second late model feature it looked like Pettyjohn would really have his work cut out for him starting in 16th starting spot. Charlie Langenstein grabbed the lead making his first appearance in the Lou Johnson backup car. Langenstein held off Johnson until lap four. Pettyjohn was fourth by lap five, second one lap later and moved by Johnson into the top spot on lap nine. From then on it was all Pettyjohn with the only problem coming on lap seventeen when Ron Wilson slowed

bringing out the only yellow.

At the checker it was again Pettyjohn the winner, Johnson second, David Hill third, Alan Sagi fourth and J.C. Webster fifth. Sixth through tenth were Langenstein, Alex Beaumont, Charlie Wilkerson, Jay McLanigan and Harold Barr.

Todd Richardson shot into the lead on the sixth lap to win his fourth limited late model feature in a row. Richardson held off the hard charging Phillip Murray who finished in second

followed by Jeff Patilla in third, John Kenny, Jr., fourth, and C.R. Robinson in fifth. Richard White Jr., moved by Jimmy West on lap seven to win the ten lap street modified main. It was White's first win of the season and he was followed by Jack Messick, West, Tommy Elliot and Jeff Bush in the top five.

## Coverdale at Middleford

by Don Allen

In the most exciting Micro Sprint feature to date at the super fast Middleford Speedway, Greg Coverdale of Milford, Delaware, scored his second win of the season on the high banked, 1/10 mile oval. Finishing a close second was Greg's uncle, Bud Coverdale. Third was Bob Sapp, followed by Tony Kibler and Mares Stellfox to round out the top five.

Coverdale and fellow Milford, DE native, Tony Kibler, brought the stands to their feet at the start of the 25-lap main event for the 250 cc, 2 cycle, micros. The pair locked into a wheel-to-wheel battle that lasted for three solid laps. On lap five Greg's #17X began to open a lead.

Greg's Uncle Bud had started near the rear of the field in his D&D Dismantling #19 and while Greg dealt with Kibler, he was marching to the front. On lap five he broke into the top five and on a lap 12 restart he moved around Kibler to claim the runner-up slot.

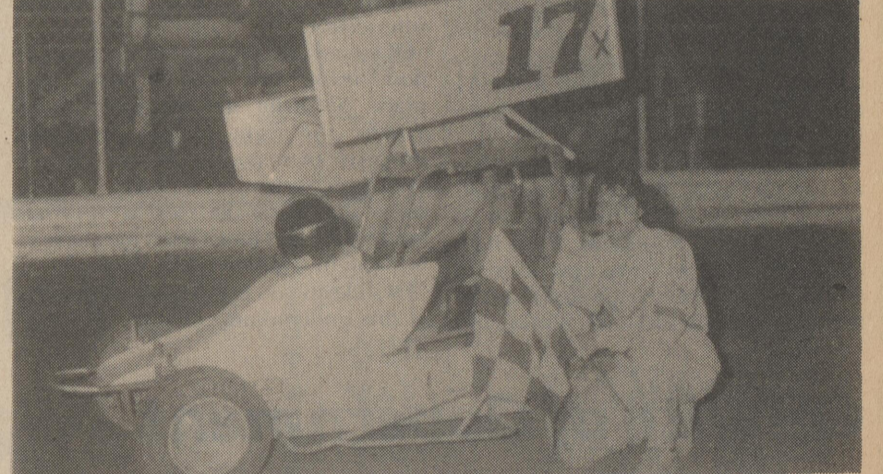

Kibler, who is still getting his car dialed back in from a flip that he took at the Airport Speedway a few weeks back, continued to fade on handling problems but was able to hold off the challenges of Stellfox, Rick Kreble and Bob Legates till the finish.

The two Coverdales set the track afire for the remaining laps, and Bud was right there as Greg led him off the final turn, but the #17X saw flagman Bruce Webb's checkered first. **HEAT WINNERS:** 1st — Bob Sapp, 2nd — Greg Coverdale, 3rd — Tony Kibler.

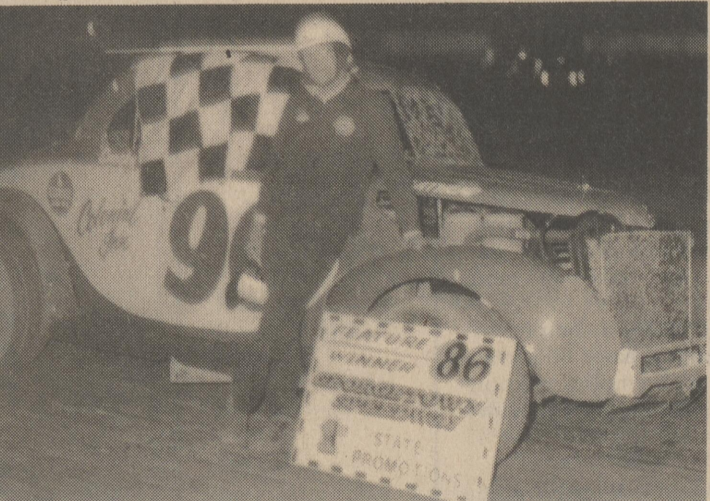

**FEATURE RESULTS:** Greg Coverdale, Bud Coverdale, Bob Sapp, Tony Kibler, Mares Stellfox, Rick Kreble, Bob Legates, Teddy Fitzsimmons, Wayne Hurd, Gene Smith, Wes Hastings, Todd Wise, Butch Harrington, Dale Puff, John Fitzgerald, Bob King.

## Letters to the Editor

**Editor,**  
 "Hats off to Ruth Ann Minner" in her *Legislative Notes*. I agree with her that the "Delaware Development Office" pays more attention in funding programs for northern Delaware and forgets the needs of southern Delaware. The southern portion of the state is getting "the shaft" by our Representatives in office. Southern Delaware has had a steady rate growth over the years. This growth will continue. "Woe" to the Legislators who refuse to help in the power shifts. How does one derive that power? By not

voting the straight party ticket, by becoming informed, by joining an organization like the Conservative Caucus who studies both sides of an issue and are thoroughly informed on how our Representatives vote. As a Conservative Republican, I have the highest respect for Democrat Ruth Ann Minner. She is doing an outstanding job in her fight for the people she represents. God Bless her. She's the greatest.

Dear Mr. Farrow,  
 Thank you for the front page article written about illegal dumping and littering in May 14 issue by Ms. Carolyn Muentner.

It was very good. That's Harrington for you. We stick together and Carolyn received wonderful cooperation from Delaware's fine State Employees.

The Harrington Journal is getting bigger and better all the time, and people love it.

The ladies from the Harrington New Century Club an affiliate of F.W. Club were pleased to be mentioned that they were taking this littering and illegal dumping problem as one of their club programs.

Delaware is a beautiful state — "We

challenge respect for the country roads and our Delaware."

Ms. Muentner enlightened the public to the fine fee for not abiding within the law. So, it's their prerogative. The public is serious, the offender must stop this catch me if you can attitude. No suspension of the fine is permitted by law.

It happens to be everyone's problem that loves their home and state. Witnesses to littering and dumping are advised to take the license number of the vehicle also the description. Call 1-800-662-8802 to report it.

**Respectfully Yours,  
 Mrs. Daniel McSweeney

Dear Editor,

I am writing in response to the letter from Ms. Sylvia Norwood. Ms. Norwood seems to be laboring under the mistaken impression that those of us complaining about the quality and quantity of education today are not interested in our children.

A great majority of us questioning the education standards of today are members of the best educated generation of this century. Those of us who graduated in the mid-sixties received not only the BEST education in Math, English, Science and Social Studies, but were also taught common sense and reasoning. The constant challenges offered by our teachers produced an education that made it possible for even those who did not complete school to be prepared to succeed in our world.

Today, those of us who are now the parents of school age children are greatly concerned when we are told that

our children MAY by the year 2000 be attaining the education of the early seventies and will never again attain the excellence of the mid-sixties.

As a parent and a taxpayer I strongly favor the recommendations of the Carnegie Report. This report states that stronger certification requirements are necessary to insure that we have the best quality teachers. It also states that higher salaries will be necessary for the better teacher. It also states that if teachers are to receive these higher salaries they must be prepared to take the blame when their students fail to learn.

If you expect our children and grandchildren to be prepared to meet the challenges in today's world then speak up. Demand the best for our children; question the decisions made in your schools; attend meetings; and if you want a strong community and nation get involved.

## Quill in Pen

by Rep. G. Robert Quillen

Area Residents know Route 14 between Harrington and the Maryland State line to be a narrow road of substantial length, and a road in need of improvement. I recently wrote to the State Transportation Secretary addressing my concerns with Route 14 and this week received a reply I am happy to share with you.

The Transportation Secretary has advised me that Route 14 has been placed on the Department's active project list, meaning we can now request funding to conduct preliminary design work. I have requested that the department consider the following

improvements for Route 14; widening the roadbed from the present 20 feet to 24 feet; the construction of paved shoulders and good drainage systems; and the installation of safety systems at intersection.

Of course several things remain to be done before any improvements take place. Securing the necessary funds, getting the right of way from the property owners, and evaluating the drainage systems. Secretary Justice states that since the road is approximately 12 miles long that it may have to be done in segments like Route 8.

I will keep you posted on the progress of this undertaking.

## Quality of Government

by Governor Michael N. Castle

Sometime in the next month, the General Assembly must make a basic decision about the quality of government in Delaware.

On the one hand, the legislature can decide to keep things the way they are, to preserve a system that has been distorted by politics, that is inflexible and costly to the state.

Or they can decide that they want a well-run state, that a billion-dollar-a-year business cannot be operated like a corner candy store.

Currently, our Magistrate Court system is backlogged, not because we don't have enough judges, but because we can't hire clerks to keep the system running. We don't pay enough to attract the skilled people the job demands.

We commit tens of millions of dollars to our highway system every year, but every year we have been hard-pressed to spend the money on much needed projects because we can't compete in the marketplace for capable engineers.

We spend hundreds of millions of dollars a year on social services, but we don't spend enough to hire the social workers and psychiatric social workers who represent our best chance to help people break the cycle of poverty and dependence on welfare.

These are just a few results of the inequities in the system which I outlined in last week's column.

Working together with the General Assembly, I believe we can solve these problems. But we cannot solve them by fixing them one at a time because that patchwork approach is responsible for the problems we are experiencing today.

I have proposed a plan based on recommendations made by the Compensation and Productivity Commission which would do away with the merit system as we know it and replace it with an effective and efficient personnel system — one that is fair for

everyone.

The plan would create a system that allows us to routinely evaluate jobs and decide what they're worth so we can hire good engineers to build our roadways and so the Department of Health and Social Services can hire the social workers it needs.

Second, the plan would set clear limits on what a job is worth, encouraging improved performance and a willingness to take on more responsibility. At the same time, a 66-percent limit on salary growth would be instituted for all positions, giving everyone the same earnings potential.

Third, we will, for the first time, place much needed emphasis on training state employees for management positions and on providing incentives for our most talented people to stay with the state and take on more challenging jobs.

Fourth, we will adopt a comprehensive personnel policy, based on merits, and make sure our employers know how they can advance in their jobs and earn more.

And, finally, we will remove the politics from the system, and leave personnel decisions to the professionals who were hired to do the job.

There are still some details to be worked out. For instance, we need to work closely with the General Assembly over the next year to develop criteria for pay raises, criteria that probably will take into account both experience and accomplishments.

We must also begin to reclassify the 5,000 or 6,000 employees whose job descriptions no longer accurately describe the work they do.

But we must take action now to adjust the salaries of the 2,000 state employees who are underpaid, to encourage our employees to accept greater responsibilities, and to insure that we can attract the good people necessary to serve the citizens of Delaware.

## Senator Minner's column

by Senator Ruth Ann Minner

In light of the recent illegal drug problems which have surfaced and have been the topic of conversation in Milford and surrounding communities, very important legislation passed last week in the Senate to address this ever-increasing problem.

A three bill package pertaining to "designer drugs" and "dealing" such drugs was sent to the House of Representatives after receiving overwhelming support in the Senate.

It seems that our current Delaware Code has some loopholes in the definitions pertaining to trafficking and look alike controlled substances, and this package updated the appropriate statutes to prevent drug dealers from "beating the system."

The first bill, Senate Bill 415, makes it illegal to sell or distribute LSD, a very dangerous hallucinogenic drug, and also prohibits the sale or distribution of designer drugs with the same effects.

These designer drugs are not the same chemical breakdown as illegal substances but have the same mind altering effects. This bill closes the loophole in the definition and prohibits the sale of these dangerous look alikes.

Another measure outlaws the inhalation of any substance, toxic or non-toxic, which have the effect of

altering the mind. Again, this seems as a very insignificant change, but under the current law, the definitions only prohibit the use of toxic substances while many non-toxic substances cause very serious health dangers.

This act will, hopefully, prevent an increase in this very dangerous practice among our youth.

The final bill of the three updates the applicable state laws pertaining to designer drugs to bring them in conformity with the more comprehensive Federal Laws. At this time, some drug activity is not covered under state provisions but are included under the Federal Code. Again, this bill simply attempts to tighten our existing state laws to help law enforcement agencies throughout the state in their continuing battle against illegal drug activity.

I supported all three pieces of legislation as I believe we should continue to do all we can in the Legislature, in our communities, in our schools and in our homes to fight this terrible activity which attacks our young people and continues to spoil the lives of many older citizens.

I am always open to suggestions from constituents for ideas and legislative proposals to crack down on the drug problem in our district and state.

## Oberle Bill obligates employers

State Rep. Bill Oberle, (R-Majority Leader, Scottfield) introduced legislation that would obligate public employers to enter into collective bargaining negotiations with essential employees in an effort to resolve contract disputes. The legislation is expressly designed to cover police and firemen.

Oberle's legislation would empower

the P.E.R.B. (Public Employee Relations Board) to assist in the resolution of contract disputes between police and firemen and their public

employers. The P.E.R.B. presently gets involved with contract disputes involving teachers and has gained the respect of both teachers and their employers.

## Quiet end for heroic dog

by Carolyn Muentner

Dogs rarely merit obituaries, but Jet was a hero and deserves a few words. While employed by a Wisconsin sheriff's department, Jet saved the life of a retarded child who had wandered away from an outing and become lost. Jet's special training was in drug

detection, but his sniffing talent served in searches as well. He retired from active duty in 1981, and died quietly in his sleep at our Houston home on May

25. The German Shepherd was known for his gentle nature and for his courage in the line of duty. Rest in peace, Jet.

## Roth sponsors senior interns

WASHINGTON — Senator William V. Roth, Jr., R-Del., welcomed Julia Astfalk of Milford and Joseph Moore of Dover to Washington last week to join in the Senior Intern Program. Roth and Representative Tony Coelho, D-Cal., created the program in 1973.

Roth said he started the program to give older Americans a chance to learn first hand about the legislative process and government agencies that affect the aging. During the program, the representatives of Congress, federal agencies and private groups discuss federal programs, legislation and community activities for older Americans.

Astfalk is a retired registered nurse who has worked part-time as a Foster Care Specialist for the Delaware Division of Aging. Her involvement with programs for older Delawareans includes being a member of the Kent

County Area Advisory Committee on Aging, the Milford Senior Center Board of Directors and the Modern Maturity Center MANNA Advisory Council. She belongs to the Milford Branch of the America Association of Retired Persons, the Retired Senior Volunteer Program and served as a delegate to the 1981 Governor's Conference on Aging.

Joseph Moore, who holds a doctorate degree in education, retired from his position as Delaware's State Supervisor of Education. He is active with the Kent County and Delaware Retired Teachers Associations, having served on the Education Consortium for Delaware Retired Teachers. He is a past-president of the Camden-Wyoming Rotary Club and is presently the club historian. Moore also does volunteer work for the United Way, the Salvation Army and is on the YMCA Century Club.

## Trade Policy

by Tom Carper

The past five years have seen the U.S. trade deficit grow from \$25 billion in 1981 to more than \$150 billion in 1985. We've lost an estimated two million American jobs due to imports alone. Even the traditionally strong export industries — agriculture, high technology, and service — and suffered substantial losses.

Agricultural exports have fallen from \$43.8 billion in 1981 to an estimated \$29 billion in 1985. We've seen our position eroded in everything from textiles to shoes and microchips to machine tools.

This past week, the U.S. House of Representatives said "Enough!" and enacted the most comprehensive trade reform bill in recent history. I supported it as a trade policy with some real teeth in it.

Well, what does the trade bill do? It generally requires the President to use enforcement mechanisms to battle specific cases of unfair trade which harm U.S. firms.

The bill calls for reducing our trade deficit by 10 percent a year over the next four years, and denies other countries

the ability to run up continued "excessive" surpluses when they are caused by unfair trade practices.

Our bill transfers new and better-defined authority to the office of the U.S. Trade Representative, a must in upcoming world trade negotiations which we call for.

The House bill promotes continued progress on stabilizing the world exchange rates and the previously overvalued U.S. dollar, so vital in making American products competitive on world markets.

Of special significance to Delawareans are the bill's provisions for increased agricultural export development and a measure to speed up the process for seeking international talks to reduce the imbalance in our textile trade.

Our trade bill, perhaps most importantly, looks to the future in terms of jobs and growth and competitiveness. It earmarks funds to retrain and employ workers affected by international competition. It wisely provides for education programs in science, math, foreign language skills and others.

**NOTICE OF PUBLIC HEARING**  
 The Harrington City Council will hold a Public Hearing at 8:00 P.M. Friday, May 30, 1986, at the Harrington City Hall for the purpose of receiving public comment on the proposed rezoning of the property known as the "Simpson Farm" from Residential Class I (R-1) to Industrial Manufacturing Park (IMP). This property consists of approximately 52 acres and is bounded on the south by the Conrail Railroad and on the west by Consolidated Thermoplastics, on the north by Harrington Waste Water Treatment Plant and to the east by farm land outside the City limits. The Planning and Zoning Commission favorably recommended rezoning from R-1 to IMP to the City Council. Plats, legal description and other pertinent data are available at the City Office and may be examined between the hours of 8:00 A.M. and 4:00 P.M., Monday through Friday. 1t 5-28

# Where can you count

Quality banking. It's more than the smile on a teller's face. Or the right kinds of loans and accounts. It's a hundred things—some measurable, some not—that can make a bank a pleasure to deal with.

**Quality is being every place you're needed.**

At Mellon, we've always made it a point to get close to our customers.

That's why we have more than 300 community offices of our Mellon Banks in Pennsylvania, Delaware and Maryland. Mellon customers can also take advantage of 1700 CashStream® machines, as well as 12,000 CIRBUS® machines across the United States and Canada.

**Quality is giving easy answers to hard questions.**

It's help from people who are smart, knowledgeable, and really want to help.

The kind of people you find at your neighborhood Mellon office. They understand today's complicated financial services so well they can provide you with the clear, constructive advice you need.

**Quality is keeping one jump ahead of the times.**

Did you know, back in the 50s, a Mellon Bank was one of America's first banks with its own computer?

Ever since, from teller machines to telephone banking, we've been a leader in using technology to serve you better. And soon, we'll have more innovative services in store for you.

**Quality is safety in numbers.**

Nowadays it's good to be sure that a bank is solid and

# Count on quality?

• All run enough to protect your hard-earned money.

With over \$30 billion in assets, Mellon is America's 12th largest banking company, the largest by far in the Central Atlantic region. Despite the fact that we have nearly a million customers, we make sure each one receives the highest standard of service.

• Quality is being a good neighbor.

For all of us, a bank represents far more than money. Loans create jobs, provide education, and improve our housing.

• Mellon's role as a responsible neighbor goes well beyond our daily business. Last year alone, Mellon and its employees contributed more than \$12 million to local causes ranging from child care to career training,

from neighborhood improvement to health services.

This all adds up to quality banking. You have a right to expect it anywhere. And you can count on it at Mellon Bank.
