Citizens attend Council meeting to complain about housing nuisance

by Harry G. Farrow Jr.
Harrington. A council room packed with citizens from the Dorman and Liberty Street area of Harrington attended the council meeting on Monday night to protest the condition developing in the house at the southeast corner of Dorman and Liberty streets. The citizens appealed to the council to abate the situation existing in the house where numerous people are residing in what one person claimed to be filthy conditions which could be hazardous to one's health. Rev. Clifford Lones said that he and others had appealed to the Harrington Police Department for help, but the Department had informed them that there was nothing that they could do. "Our hands are tied...and there is nothing we can do as far as the Police Department is concerned," reported Lones. Pauline Holloway, another resident in the area said "...I counted 18 children living in the house, and the noise is so loud that I can't even hear my TV unless I turn it up as loud as it will go." Marie Murray complained about the use of foul language as well as the

objection of using the outside of the premises for toilet purposes. Mrs. Murray, who resides across the street from the house said, "...everyone has a right to live...but what I want is consideration for the rest of us." Councilman Temple said "...no one condemns their neighbors unless there is a real problem...and there is a real problem here." A person who was called to the premises a year ago to repair a leaking toilet said "...the toilet was corroded with maggots...and we were not able to work on it. There was also 3 inches of dog feces in the kitchen. It was impossible for us to work there. We left." The council asked the city manager to resolve the matter through possible avenues with the State Board of Health. The council voted to re-zone the property recently purchased by the Hi-Grade from R-1 to C-3. The William Simpson farm was also rezoned from R-1 to IMP. A special meeting will be held on June 12th at 7:30 and the 23rd of June, where in the latter case the matter of trash bins will be opened and selected.

Blue Cross joins State Fair

Harrington — Blue Cross/Blue Shield of Delaware will join this year's Delaware State Fair, as an official corporate sponsor. Blue Cross/Blue Shield will sponsor Governor's Day/Senior Citizen's Day, on July 24, 1986. This is the first year they have joined the Fair as an official corporate sponsor. "We are pleased to be involved in this capacity with the Delaware State Fair," said Linda Drake, Director of Communications, for Blue Cross/Blue

Shield of Delaware. Some of the highlights of that day will include: a salute to harness racing in the afternoon; the group Recreation will take center stage that night. Recreation is styled after the famed "Up With People." Their show includes tributes to Disney and America. Governor Mike Castle will preside over the annual parade of livestock, farm machinery and Senior Citizen's awards. The parade steps off at 7:15 p.m.

Arraignment on asphalt plant

An arraignment is scheduled for June 18 at 2:00 p.m. at Court #6 in Harrington on the James Julian Asphalt Plant on the charge of "emission of an odorless contaminant so as to cause a condition of air pollution."

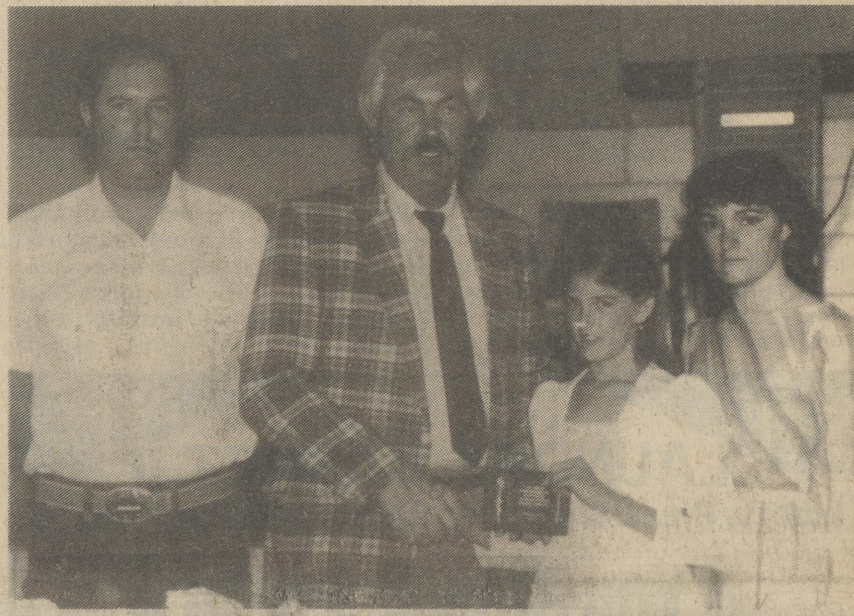

Burrows selected as high school principal

On Monday night the Lake Forest School Board held another executive session and selected Ronald L. Burrows, the assistant principal at the High School to replace retiring Dr. Margaret Phelps as the High School Principal.

W.T. Chipman holds Graduation Exercises

HARRINGTON — Rev. Susan Mills of St. Stephen's Episcopal Church in Harrington addressed the students at the W.T. Chipman graduation exercise in Harrington. The theme of her address was "Don't give up on God, people, or yourself." Lake Forest School Board President Roberta O'Neal gave out the diplomas and Chipman Principal Griffin spoke to the graduates. About 75 students were graduated into the 7th grade. The following awards were given out: Citizenship Awards: Mrs. Green's class, Earl Nichols and Darlene Steerman; Mrs. Shaw's class - Natasha Mauld and

Mark Breeding; Mr. Drummond's class - Virginia Collison and Tommy Brown. Four awards in the arts were: Art - Chastity Emory, Library - Darlene Steerman, Physical Education - Earl Nichols and Music - Andrea Knotts. Perfect attendance awards went to Earl Nichols, Howard Young, Stephanie Brown, Chastity Emory, Tara Jerread, Tammy Motter, Stacy Smith, Jennifer Stubbs, Billy Lyons and Joe Smith. Reading and Math awards went to Brandi Winkler and Dawn Minner respectively. Outstanding student awards went to Brandi Winkler and Stephanie Brown.

CHICKEN-LOVER. His watch indicates mid-afternoon; but Del Swartzentruber of Greenwood, Del. agrees that barbecued "delmarvelous" chicken breast is good to eat anytime. Del was pictured during the 38th annual Delmarva Chicken Festival, held Friday and Saturday (June 6 & 7) on the south campus of Delaware Technical and Community College at Georgetown, Del.

Chicken Festival comes home and went to school

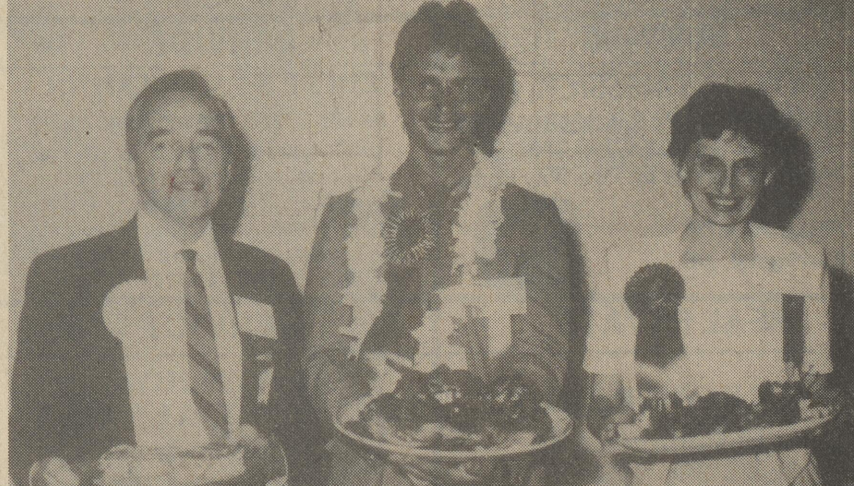

Thousands of people went back to school in Georgetown, Delaware, for a weekend of fun, good eating, and fellowship at the 38th annual Delmarva Chicken Festival on the grounds of the Southern Campus of the Delaware Technical and Community College. The weather was hot, as is normal on Delmarva for June, the chicken was plentiful, both fried and barbecued, and the large crowd had a good time as they usually do at a chicken festival. The festival's general chairman, Jack F. Owens, Campus Director at Del-Tech, and a volunteer crew of hundreds, put on a three-day festival which ran without a hitch. As the highlight of the festival, a new chicken cooking champion recipe was selected to tempt folks across the nation into yet another round of chicken cooking. Winner of the cooking contest was Stephen F. Abel of nearby Rehoboth Beach, Delaware, who is a chef at a Lewes Beach, Delaware restaurant (Kupchick's) who tickled the palates of a panel of food experts with his "Roast Chicken and Kiwi With Raspberry Glaze." His collection of prizes includes an all-expense paid vacation in Hawaii for 10 days with \$1,000 in cash to spend, a Frigidaire microwave oven, cookware and spices. Abel, 27, is a graduate of the Culinary

Institute of America and the New York Institute of Dietics. Second place cooking honors were taken by Gloria A. Piantek of Skillman, New Jersey for her "Fresh Gazpacho Chicken" and the third place recipe was that of Frank Mullin of Washington, D.C. for his "Chicken With Cucumbers And Dill." The contestants came from 13 Northeastern states and were treated to a full weekend of Delmarva hospitality by the festival's organizers and sponsoring organization, Delmarva Poultry Industry, Inc. 1986 marked the fourth year the community of Georgetown has played host to the festival including the first one held in 1948. In the 1970's, an active addition was incorporated into Delmarva Chicken Festivals: "Chicken Capers" — a series of contests to test the skill and daring of poultry industry people, family and friends. For the next year, the title of 'fastest chicken plucker' will be held by Perdue, Inc. President, Thomas R. Shelton, who bested a large field of business rivals and competitors. Delaware Secretary of Agriculture, William R. Chandler of Dagsboro, Delaware, won the plucking honors in

Delaware chef wins chicken cooking honors

Stephen Abel, of Rehoboth Beach, Delaware found favor with a skilled judging panel which had some 26 varied entries to savor and evaluate. Abel took first place honors in the 1986 Delmarva Chicken Cooking Contest held at Georgetown, Delaware, a scant 20 minutes up the road from his house. A 1983 graduate of the Culinary Institute of America, Abel is 27 and presently a chef at Kupchick's Restaurant in Lewes Beach, Delaware. Prior to his studies at CIA, Abel studied at the New York Institute of Dietics in New York. His winning dish, "Roast Chicken and Kiwi with Raspberry Glaze," is of his own invention and employs two chicken halves, salt, pepper, melted butter, kiwi fruit and a glaze using a liberal amount of raspberry preserves with a bit of port wine and grated lemon. Second place honors went to Gloria Piantek of Skillman, N.J. who wrenched her back only hours before the contest and cooked seated in a wheel chair. Her dish was titled "Fresh Gazpacho Chicken." A special education teacher with the Princeton Regional School District, she is a graduate of the University of Illinois and DePaul University. Her prizes include \$1,500 in cash, a Sunbeam food processor. Weavever cookware and spices. Capturing third place in the contest was Frank Mullin of Washington, D.C. whose main dish was "Chicken With Cucumbers and Dill." He is a self-employed designer, consultant and artist. Mullin's prizes include \$1,000 in

cash, a Sunbeam electric fry pan, cookware and spices. Cited for honorable mention awards were Alice Cory of King of Prussia, Pa., for her "Curried Chicken Calcutta," and Ann K. Kahan of Stuart, Va. for her "Steamed Chicken Thai Stir-Fry." The winning recipe is printed below. For the complete 1986 collection of recipes, including all 26 entered in the contest, send \$1.50 to DPI, R.D. 2, Box 47, Georgetown, DE 19947. ROAST CHICKEN AND KIWI WITH RASPBERRY GLAZE 2 broiler-fryer chickens, halved 1 teaspoon salt 1/4 teaspoon pepper 1/2 cup melted butter 4 kiwi fruit, peeled and sliced Raspberry Glaze: recipe follows Sprinkle chicken with salt and pepper. Place chicken, skin side up, in single layer in large shallow baking pan. Brush butter over chicken. Bake in 400° oven, basting frequently with butter, about 40 minutes or until chicken is fork tender. Spoon glaze over chicken. Top with kiwi slices, using 1 kiwi per half chicken. Return to oven and bake about 3 minutes or until fruit and chicken are well glazed. Makes 4 servings. Per serving: about 1,126 cal, 64 g fat, 83 g protein, 52 g carbohydrate, 1,042 mg sodium, 326 mg cholesterol. Raspberry Glaze: In saucepan, make glaze by mixing together 1 jar (8 ounces) raspberry preserves, 1/2 cup white port wine and grated peel of 1 lemon. Simmer about 3 minutes or until slightly thick. Makes about 1 1/2 cups.

Stephen F. Abel of Rehoboth Beach, center, was chosen the best chicken recipe in the 1986 Delmarva Chicken Cooking Contest. Sharing honors with Mr. Abel were Mrs. Gloria Piantek of Skillman, NJ, right, who placed second; and Mr. Frank Mullin of Washington, D.C., left, third place winner.

the division for governmental officials. "Loser's Prize" for the worst job of plucking went to Delaware Treasurer Janet Rzewnicki of Hockessin.

A team from Perdue Farms, Inc., composed of Craig Dobson of Salisbury and Bill Brown of Delmar, Delaware, won the egg toss contest.

Pointing out the fact that people have fun at chicken festivals was Staff Sergeant Melvin Seldon of Weetpquin, Maryland, who was on leave from Germany to attend his son's high school graduation. Sgt. Seldon won the spoon race event.

A 13-year-old girl from the New York City area, Effie Toshav, who accompanied her father to the festival, won the spoon race section for kids.

From a spectating point of view the "chicken scratch" event that sends kids rooting for money through a pile of corn meal is always a popular one. Winners this year by age grouping were: Cory Shelton, 5, of Milton, Delaware; Jason Oppel, 8, of Princess Anne, Maryland; and Sallie Beth Johnson, 10, of Georgetown.

As clean-up crews on Sunday began packing away the world's Largest Fry Pan, tables, chairs, signs and poultry industry displays, folks were already planning the 1987 contest which will be held in Milford, Delaware, and hundreds of festival visitors were talking about the fun they had at this year's event.

Mellon recruiting "All-Star" team

Wilmington, June 3, 1986 — Help your favorite Mellon Banker hit a home run and get drafted to the Bank's "All-Star" team.

The tellers, customer service representatives and managers of Mellon Bank Delaware's 29 community offices are being voted on by their customers from now until June 13. The Bank is asking its patrons to decide which employees are the most courteous, reliable, knowledgeable, helpful, accurate, responsive, prompt and thorough. One associate from each branch will be chosen as a member of

the Bank's "All-Star" customer advisory board.

The team will be responsible for forming the foundation for providing valuable input and continual improvements in the quality of customer service at Mellon. Bank patrons are urged to complete the comments section of the drop-box voting form that is available in the offices. The feedback generated from the customer's responses will be used as input for the improvements being made in 1986 and 1987.

Milford names new Administrator

Milford, DE — The Board of Directors of the Milford Memorial Hospital, at its May meeting, accepted the resignation of Jeffrey M. Judd as the Hospital's Administrator and Chief Executive Officer and appointed L. Glenn Davis as the Hospital's new Administrator. Davis assumed his new duties effective May 21, 1986.

Davis, a 38-year-old native of Atlanta, GA comes to Milford Memorial Hospital from Elberton, Georgia where, for the past three years, he has served as Administrator of Elbert Memorial Hospital. He received a Bachelor of Science degree in 1969 from North Georgia College, Dahlonega, Georgia with a major in mathematics. From 1969-1971, he was an officer in the

U.S. Army. Davis' health care background includes jobs at Emory University Hospital in Georgia, where he also earned his Master's degree in Hospital Administration at Georgia State University.

He has a degree in law and is a member of the American College of Hospital Executives. He and his wife, Lynn, will be residing in Milford. Davis has two sons, Greg, 13, and Neal, 10, who live in Americus, Georgia. Judd, who has been the Administrator and CEO of Milford Memorial Hospital for the past year, has accepted a position as the Administrator for Lakeshore Hospital in Lake City, Florida.

Storage shed contractor cited

The State Division of Consumer Affairs has issued a Cease and Desist Order against Charles W. Patterson and his company, Patterson Builders. Patterson, formerly of Paris Villa, Magnolia and now of R.D. 3, Box 826C, Felton, Delaware 19943, is charged with misrepresentation and deceptive trade practices in connection with the manufacture and delivery of utility sheds.

The Order was signed by Division Director, Donald E. Williams, who warns state consumers that they should insist on a written contract with a completion day for work ordered, and that they should check each contract for the required notice of cancellation if it is negotiated away from the contractor's usual place of business. The Order was also signed by Frances M. West, Secretary of the Department of Community Affairs.

Mr. Patterson is also cited for neglecting to inform one of his customers of the right to cancel his shed order within three business days. Delaware law stipulates that this information, in writing, must accompany any transaction over \$25.00 conducted away from the seller's place of business.

Annual safe driving competition to be held

The Delaware Motor Transport Association, which includes most of the major trucking firms in the State, will be hosting its annual safe driving competition June 14th at the Department of Transportation on U.S. 113, just south of Dover. The event, which begins at 10:00 a.m. and lasts throughout the day, is open to the public.

More than 50 contestants from Delmarva's principal trucking companies will be competing in the test of both knowledge and skill. Contestants must take a written exam, show their familiarity with the mechanical aspects of their vehicle and then take it through a challenging course in which they must back, park

and do all of the other maneuvering that might be required in the daily pursuit of their chosen career.

The day will culminate in a banquet where Colonel Daniel Simpson, retiring superintendent of the Delaware State Police; Motor Vehicle Commissioner Robert Voshell and other state and federal officials will present trophies to the winners and runners-up of the various categories.

The competition is sponsored by the American Trucking Associations, Inc. and state trucking associations throughout the nation to promote the concepts of safety and courtesy among those who are responsible for delivering a vast majority of the commodities that we Americans take for granted.

Local students among Honors Day program

The University Parallel Program at Delaware Technical and Community college in Georgetown held an Honors Day Program on May 13, 1986. Faculty and staff members honored 30 students, many of whom were on the Dean's List for the fall semester. Three special awards were: a Special Achievement Award presented to Mrs. Irene Hazard of Lewes; a Faculty Award presented to David Hearn of Georgetown as the Outstanding Student in Arts and Sciences; an Outstanding Student Award presented to Dawn M. O'Day of Seaford as the student with the highest cumulative grade point average. A highlight of the program was the first awarding of the Frederick and Ethelyn Vogel Scholarship. This scholarship was established in 1985 by a generous donation from Ethelyn Vogel in memory of her husband, Frederick

Vogel, an accomplished artist from Dewey Beach. The scholarship will be awarded yearly to outstanding students with interests in art or creative writing. The students must be residents or high school graduates of Sussex County, and they must be attending the University Parallel Program. There were six applicants this year, and the scholarship committee awarded one full-year scholarship and two half-year scholarships. At the Honors Day Program, Dean Harold Jopp, Jr., announced the recipients: **Nora Riehl** of Greenwood, a full-year scholarship; **Charles Clark IV** of Millsboro and **Kelly Rouke** of Georgetown, half-year scholarships. Mrs. Vogel presented the three winners with certificates; Mrs. Barbara Ridgely presented the students with checks for tuition, fees and a stipend for books.

Summer camp for gifted youth

One hundred twenty gifted and talented students in grades four through eleven will experience a three-week residential, co-educational camp including academics, cultural programs, and recreational activities at George School, Newtown, Pennsylvania, July 6-26. The Summer Institute For The Gifted, operated by College Gifted Programs, Inc. of Verona, New Jersey, brings together bright, intelligent and enthusiastic youngsters in a private school environment for the purposes of learning and socializing with their peers. Although the daily program is structured from 7:30 a.m. breakfast through 10:30 p.m. lights-out, it still provides ample flexibility for students to choose among a wide array of

academic courses, cultural experiences, and instructional-recreational activities. The program, faculty, counselors, and staff are in place. The students have been scheduled. All systems are go for the first Summer Institute For The Gifted to be offered at George school and in the State of Pennsylvania by College Gifted Programs. "It is expected to be every bit as successful as College Gifted's Blair Academy program in New Jersey, which is going into its third year in August and is already filled to capacity with 250 students," says Dr. Gotschall. Further information can be obtained by contracting College Gifted Programs, 514 Bloomfield Avenue, Verona, New Jersey, telephone 201-857-2521.

Over The Backyard Fence

Gab Fest by Pat Hatfield

Four days ago I was very much afraid I would not be able to do my column this week. Some kind of terrible virus moved in and took over my whole existence. For four and a half days and nights I was very nauseated. It was the kind that made me feel I would just faint dead away. But time goes on, and with medicines, tender loving care and the prayers of my many friends, I am now on the road back, but it is a rough pathway. When I could not read or even eat ice cream, you know just how sick I was.

Now, I've just come back from the family restaurant. I managed a fairly good meal, good visit with my son-in-law, with his weird sense of humor had me laughing all the time. He asked after my health and progress. After hearing I was better, he said, "Doggone it, Mom I knew that's the way it would be; you're going to make it after all, and here we were sitting around waiting for you to kick off so we could get the inheritance!" I came back with, "Yes, fooled you, didn't I?"

He keeps me laughing all the time. One day as I was leaving the restaurant, I stopped by the door and was looking at the Teddy Bears for sale. "Don't touch the Teddy Bears Lady!" he yells

and everybody looked up to see what was going on. Another time he met me in the aisle of the restaurant and yells, "You lazy woman, you know I was chopping wood in all that cold weather, and you never once came out and helped me." I'm sure the customers did not know what to think unless some of them know him well. So I just replied, "Well, the truth is that I would have done a so much better job, you would have looked bad."

In our small yard areas we have heartbreaking things happen every day. Tess found a dead baby Robin, and then the next day she found the cats had come in the night and killed her little baby bunny that she has enjoyed watching every day. The stray cats have come in here at night and killed one of our wee ones also.

One day this week, Dad and Granddaughter came in bringing a small Screech Owl with its little neck broken. Dad thought it must have flown into the fence and become entangled. Oh yes, we can say... "Nature's Balance" and "Survival of the Fittest" and all that, but it is still heartbreaking when you love the little wild things.

Mr. and Mrs. Wyatt Francis Hammond

Roland - Hammond wed

Deborah Elizabeth Roland, daughter of Charles and Jean Roland of Viola was married to Wyatt Francis Hammond, son of Francis and Phyllis Hammond of Canterbury in Barratt's Chapel, Frederica on March 22, 1986 at 4:00 p.m. The Rev. Robert Burdette officiated the ceremony.

The bride wore a white, satin Victorian style gown with appliqued train with seed pearls with matching veil. Her flowers were peach and white roses with baby's breath and yellow statice.

The Maid of honor was Marlene Malone, friend of the bride, who wore a floor length, peach taffeta gown. Her bridesmaid was Nancy Saylor of Dover. Flower girl was Amanda Coverdale, from Frederica, cousin of the groom.

Ringbearer was Mark Glanden, cousin of the groom from Frederica. The best man was Mitchell Kreer from Virginia Beach, Va., friend of the groom. Ushers were David Saylor, Bobby Roland and Wayne Hammond. The bride was given in marriage by her father Charles Roland of Viola.

The bride is a 1983 graduate of Lake Forest High School and a 1985 graduate of Del. Tech, Georgetown. She is employed by the Dover Post in Dover, Delaware as a compositor. The Bridegroom is a 1980 graduate of Lake Forest and is employed by Trans Products in Dover as general manager. After a one week honeymoon in Hilton Head Island, South Carolina, the couple is residing in Dover, Delaware.

FELTON LITTLE LEAGUE ACTION

Thompson slugs Harrington to win

by Mike Dill

Hot hitting Steve Thompson slugged a grand slam in the top of the third inning to lead Harrington to an 8-4 victory over Laurel in Big League action last week.

Thompson, who went 2 for 5 in the game, drove a Brendan Puckham fastball over the right-centerfield fence for the winning margin in the game.

John Kirby and Elvin Spence combined for the win by striking out 10 Laurel batters and surrendering five hits.

Thompson, who has responded beautifully to his chance to play is somewhat surprised by his homerun output this season.

"I'm a little surprised by my power output, but I'm not surprised that I'm hitting the ball."

"If he (Coach Outten) keeps playing me, I'll respond and do the job."

"If we want to catch Seaford and Georgetown, we have to play to our potential and play almost perfect ball."

"The only thing wrong with us is that we are not hitting, we are going to have to hit to win."

The previous statement summed up last Wednesday night's 2-1 loss to Delmar.

Delmar's Drew Ellis defeated Harrington's Rick Brown in a battle of two of downstate Delaware's best pitchers.

Brown struck out 15 batters, walked

two, and surrendered three hits in a losing cause.

Winning pitcher Ellis struck out seven, walked four, and scattered three hits in upstaging Brown for the win.

Delmar scored one run in the first on Brad Lemon's homer off Brown. Lemon was also responsible for the winning run when he singled, stole second, and scored on Ellis' single in the top of the fourth.

Harrington returned the favor by scoring a run in the sixth and could have won the game in the seventh if Steve Thompson had not been thrown out trying to score from second with no outs.

George Dennis' base hit to shallow right field was not hit far enough to score Thompson, but Harrington coach Richard Brown sent Thompson against better judgement where he was pegged by Delmar right fielder Ray Powell.

Wilco's Data takes \$100,000 battle with 1:54.2 victory for Ted Wing

by Marv Bachrad

For the third straight week, Wilco's Data proved to be much the best of the 3-year-olds at the track. This time it was the most important, the \$100,000 Battle of the Brandywine. Ted Wing used the number one post to best advantage allowing the rest of the top colts in the top pacing event of the summer in the Delaware Valley get set after the start and they moved from fourth approaching the quarter to quickly take the lead as the field raced in front of the grandstand and then controlled the rest of the race enroute to a 1:54.2 victory in the 27th renewal of the Battle of the Brandywine. The winning time equaled that of Guts, in 1984 and was three-fifths of a second off the track record established last season by Pershing Square.

Walter Case Jr. rushed out of the starting gate to grab the early lead with Battle Prevue division winner Mr. Rodeo Drive. Mister Hanover with Mickey McNichol got away second and Nobleland Sam zipped out of seventh to find a spot in front of Wilco's Data on the first turn.

After Wing hustled the Storm Damage — Nerotic by Nero bay colt to the front following the 28.4 opening quarter, the field strolled to the half in a relatively slow 57.4 clocking. Smartest Remark was the first major challenger starting to move up around the clubhouse turn and the Don Irvine Jr. driven Niatross colt got within a length on the backstretch with Nobleland Sam and Chip Noble right behind on the outside. Wing let out another notch and proceeded to maintain a length and a half advantage for the rest of the route. Mr. Rodeo Drive held his position right behind the winner to finish second with Mister Hanover hanging on for second, only a neck behind and a nose better than Nobleland Sam who was fourth. Pre-Battle favorite Robust Hanover was a disappointing fifth among the eight starters.

In the winner's circle owner John Magan, a transplanted Texas via Brooklyn, said that he has just about completed syndication of the 1986 Battle of the Brandywine winner to a group of friends from the Lonestar State. The San Antonio real estate executive doesn't plan to race Wilco's Data after this year New York or Texas, a state which he is confident will have harness racing in the near future.

Tyler's Mark was much the best for John Campbell in the Battle consolation event, the \$25,000 Skirmish. The Shady Colt Stable sophomore set his own pace in a 1:55.3 triumph rolling the last half in 57 seconds and a 28.2 final panel. The Big Wiz, driven by Joe Parvis Jr., received a two hole trip to finish second with To The Max third for Don Irvine Jr.

Campbell's other winner came in the \$12,000 Invitational Pace behind another David Rvine stable starter Butler B.G. The recent high price purchase slated for stallion duty in New Zealand took command early and withstood his only test when impressively credentialed Naples charged moved into contention near the far turn only to go off stride and become a non factor. Lauxmont Checkers with the Butler's former trainer-driver Ted Wing raced evenly to be second and Pilgrim's Rainbow with Big B regular Abe Stoltz third.

For the second consecutive Sunday, Eddie Davis won both ends of the daily double. Nation's Dream closed like a bullet to upset a select group in a \$6,000 Open in 1:57 in the 1st and then piloted the fast 3 year old filly Sales Girl home in 1:58 in the 2nd.

All eleven races on the program were sub two minute miles. At the halfway mark of the current meet the magic miles total stands at 170.

A trio of series came to an end during the early part of the week. And Tyler Too pulled a surprise on Tuesday coming from eighth at the three quarter tipping four wide around the far turn to outstep Bret's Double (Bill Herman) in the stretch for a 1:58.1 victory in the \$12,500 final. Will To Win enjoyed a perfect trip sitting behind My Old Man who cut out the early fractions of 28.1, 57.4 and 1:27.2 for the opening three panels. Eddie Davis pulled the public choice out of second and appeared to be on the way to victory when he was overtaken in the last few strides to finish third. It was the fifth triumph of the season for the late blossoming 3 year old son of Tyler B who has been in the money 10 of 13 starts this campaign for owner Milton Wahl of Wilmington, Delaware.

The Commencement Series for fillies and mares provided an unexpected climax as well. R D's Kitty drew the rail but was still overlooked by the public even following a 29-1 upset the week before in the last of the preliminary rounds. Lucille's Image took the field of nine to the half in 58 seconds before driver Walter Callahan zoomed R D's Kitty quickly to the front and opened up on her rivals to win by a length in 1:59.2. The Kawartha Eagle 4 year old homebred owned by Richard and Ronald Dixon was followed by Lucille's Image (Joe Greene) and HR's Soft Hello (Bill Herman).

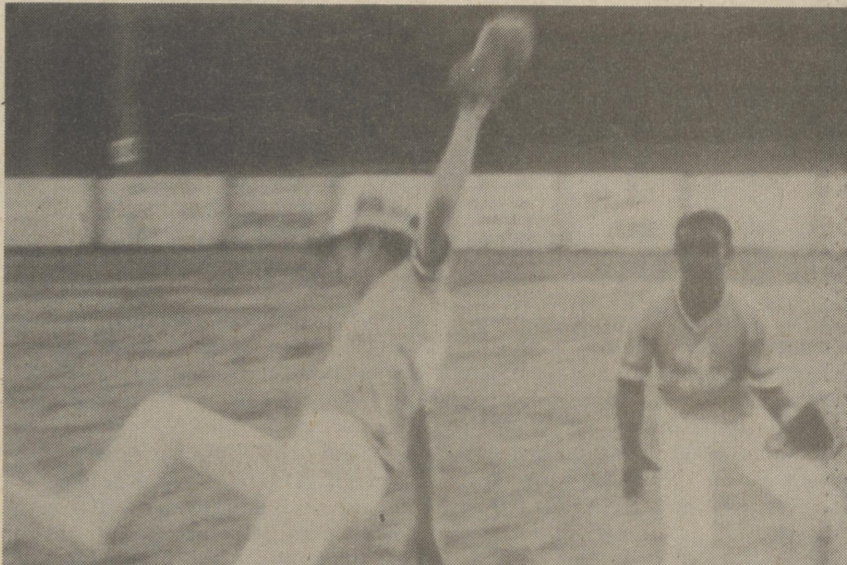

Lavish Laura was also overlooked in the \$20,000 Blue Ribbon Series finale. The Bruce Gimble daughter owned by Satorial Splendor Stable was victim of poor racing luck the week before when interfered while enroute to an apparent win. This time driver Earl Cruise used similar strategy sweeping from far back after the half to get the lead at the top of the stretch and held off Vain Jane (Per Henriksen) for a 1:58.1 score. Glow Softly (Ken McNutt) was third. Race favorite Rolls Lauxmont (Jim Campbell) led until the top of the stretch and faded out of the money.

The week of upsets showed up in the \$6,000 Open Trot Friday. Flowing Gait, with Ken McNutt catch-driving for co-owner Wayne Givens, was in the right spot at the right time following Pizzelle, who established a track record for an aged mare the week before. After an early race battle for the lead, Mark Daniels hustled Pizzelle three-wide around the leaders on the far turn with the 8-year-old Mr. Regal mare right behind. In the stretch, Flowing Gait stalked Pizzelle down the lane and went by in the closing steps for a 2:00.4 win.

On Saturday, Lightning Laura used a powerful stretch brush to overtake public choice Beaten Lengths at the wire for a 2:00.2 victory in the \$6,000 Fillies and Mares Open Pace. Governor's Fair, as usual, led all the way to the middle of the backstretch for driver Joe Orlando until challenged by Demolition Queen (Tom DeVitis). They raced as a team round the far turn with the rest of the female pacers fanning out for the calvary charge down the lane.

The 2 year olds were prominent on the overnight cards during the week Promising Speed Bowl trotter Gimto Bay mowed down a group of eight 3 year old rivals to score a 2:04.4 victory for trainer-driver Aaron Martin. Among the freshmen pacers, Track Robbery scored an impressive never look back 2:02.1 victory with Eddie Davis guiding the Big Towner colt; a 3-quarter brother to French Chef, Bocuse turned in the fastest time of the young season recording a 2:00.2 win for Hall of Famer Stanley Dancer. Keystone Heroine, an Albatross filly trained and reined by Dick Macomber, notched a 2:02.3 record which Eric's Lemed sired by Icarus Lobel scored in his under the lights debut for Wayne Nickells in 2:03.

HARRINGTON LITTLE LEAGUE ACTION

Yanks drop three

by Mike Dill

The Millford Yanks, suffering through a terrible hitting slump, dropped three games to fall to 0-7 on the season and fall into the cellar of the Easton Shore Baseball League.

Last Wednesday night the Yanks fell victim to a hard-hitting Dover Comet team 10-4 in a darken shortened contest.

Dave Langton went the distance for Dover, giving up all four runs and earning the victory.

Brian Attix and Tim Stump took the loss for Millford giving up 10 runs on 11 hits and 5 walks.

Bob Paddy, Jeff Greenly and Kevin Barkley all had two hits apiece and each one chipped in an RBI.

The Yanks continued their slide on Sunday, dropping a doubleheader to perennial league powerhouse Peaky's of Princess Anne, Maryland by the scores of 5-0 and 12-2.

In the first game Peaky's took advantage of three errors in the first

inning enroute to scoring four unearned runs off losing pitcher Preston Rue.

Peaky's winning pitcher Lou Schockley went the distance, striking out 12 and walking six for the victory. Schockley was also responsible for Peaky's only earned run by slugging a solo homerun.

Rue pitched well enough to win but lack of hitting and three fly balls that were dropped in the sun led to the loss.

In the nightcap, Peaky's blasted four homeruns and three doubles off losing Millford pitchers John Wyatt, Jim Moss and Brian Attix to sweep the twinbill. Peaky's went up 2-0 in the first inning, but Millford fought back to tie the game before Peaky's pulled ahead with five runs in the fourth inning and five more in the fifth.

Theodis Bowe and Mike Dill had the only two hits for the Yanks with both doubling.

At Freestate Raceway on Saturday night there were upsets in each of the three divisions of the Terrapin Stake worth \$307,000 added for 3 year old pacing colts. In the first Division, Telemon Hanover upset Cash Asset who finished 4th and was undefeated previously. Time was 1:55.2. In the 2nd Division Amity Chef set a track record for 3 year old pacing colts in 1:53.1. In doing so he beat out the favorite, Laughs who was 3rd, for the first time in his young career. Previously the worse Laughs had finished was 2nd. The 3rd Division was won by Tassel Lobel in 1:54.4 which is a World Record for 3 year old geldings on a 5/8's mile oval. Barbary Spur finished a disappointing 4th.

The "T & J Tornado" continues

Georgetown domination

by Don Allen

"Fast" Freddy Brightbill added the fourth Georgetown Speedway season win to the record books Friday night. 1986 is turning into a real "Cinderella" season for the T&J Racing Team sponsored locally on Delmarva by Edgewater Mobile Home Parks, Rusty Rudder Restaurant and Ritter Farms. Challenging in second spot at the end of the 30 lap feature was the Brown's Garage #48 of Ed Brown Jr. followed by Bob Wilkins, Richard Jarvis and Ed Pettyjohn to round out the top five.

Though he led the last 16 laps of the event, Brightbill's romp on the Georgetown clay was not a "milk run." Ed Brown Jr. held the lead from the pole for the first 3 circuits as the Harris Newsstand, Olsen chassed #901 of Wayne Weaver nipped at his heels. Weaver succeeded to the point on lap four and started a masterful performance that would unfortunately end in disappointment. Wayne had wowed the Georgetown fans on many occasions so far this year and Friday night was the best yet. His mount held to be a solid line through the turns in a racing groove that only Brightbill and a few others cared to try. As he enhanced his lead to a 15 car-length lead, Brightbill was working his way up from 11th starting slot. Freddy broke into the top five on lap four when Weaver took the lead, but Ocean City Md. Modified star, Richard Jarvis gave him a real tussle for third spot until lap 7. As Brightbill captured 3rd, the front

runners began to encounter lap traffic, and he immediately clipped second from Brown on lap nine.

A lap 11 caution tightened up the field and two laps later the caution flew again when Hal Browning blew a left rear tire entering the third turn. The mishap caused Charlie Decker and Billy Brennen to take evasive action by coming to a stop in a tangle in the middle of the fourth turn. As the Megee Motors, Chrysler pace car led the modifieds around the track, leader Weaver retired to the infield with a loss of oil pressure.

The restart saw Brightbill calling the shots with the D&D Dismantling #19D of Harold Bunting leading Brown, Jarvis, Wilkins and Pettyjohn in the hunt for the lead. Bunting held to the low side, but Brightbill's domination of the high groove kept the #19D at bay.

On lap 22, mechanical woes claimed Bunting, allowing Brown to regain the runner-up slot. Wilkins powered his Blue Hen Racing #30 around Jarvis for third two laps later, but he and brown were unable to close on the "T&J Tornado." Bill Lawson's checkered greeted Brightbill a full twenty car-lengths ahead of the second place Brown, posing the question, "Can anyone stem the gale force onslaught of the T&J Racing operation?"

Next week the Georgetown Speedway will feature a Double Points contest for all divisions along with the "Miss Georgetown Speedway 1986" pageant.

Murray repeats in Georgetown Limited Late Models

by Don Allen

Dagsboro, DE's Phil Murray became the first two-time winner of the Georgetown Speedway 1986 Limited Late Model season Friday night. Murray won his qualifying heat and started the 20-lap feature in 9th. When mechanical failure claimed both early race leaders, Murray took over the point and overpowered the remainder of the competition. Following Murray cross the line was Jimmy Mitchell, Jeff Turpin, Tim White and Donald Robinson to round out the top five.

Bunky White commandeered the early laps in his Paul Gray prepared Hawaii Tropic #28. White and the Gray Brothers Racing team have had their share of glitches in the '86 IROC bodied Camaro and it looked like Friday was going to be their night. Bunky outdistanced the field for the first six circuits, but the temperature in the engine room rose dangerously high forcing him to retire to the pits. Bill Penuel then inherited the lead in

his Eastern Express, Inc. #84. Penuel, who won last week's event, would lead only two laps before what sounded to be ignition problems, began to drop him back in the field.

Now the super-strong #20 Murray Motors Pontiac began to show its stuff. Phil had moved into second when White dropped out and once he achieved the lead he was unstoppable.

The Street Modified feature saw Kenny Pettyjohn renew the winning ways of his #38 Special Chevelle. After giving the fans a cliff hanger performance last week; losing an axle in the lead, on the last lap, Kenny came back to lead all but the first circuit of the non-stop 10-lap event. That first lap belonged to Terry Oliphant's #680, who finished third behind Richard White Jr. and followed by Elwood Driscoll, in fourth, and the fifth place mount of Buddy Messick.

The Limited Lates and Street Mods will compete for double points in their features in next Friday night's events.

Hewitt takes USAC silver crown race

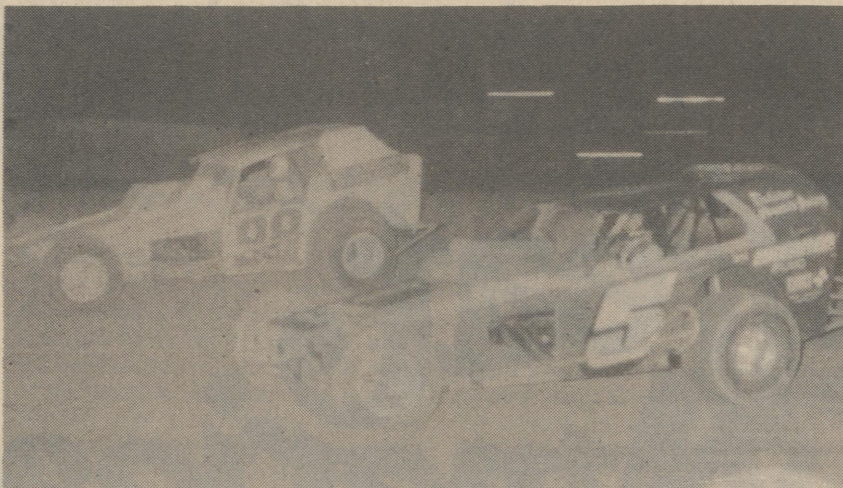

Jack Hewitt took the lead on the second lap from Rich Vogler and led the remaining 98 laps to win the United States Auto Club Silver Crown Race at Hagerstown Speedway Sunday night.

It was Hewitt's second win in two races on the Silver Crown Champ car trail. Hewitt lapped every car twice except for Jac Haudenschild, which he had lapped once. Hewitt lapped the entire field by the 80th lap and thrilled the fans with his daring style, dashing through the middle of cars two and three abreast.

There were only two cautions during the 100-lap event with only 13 laps run under the yellow.

As Hewitt took the lead on the second lap, he was followed by Barry Camp with Jac Haudenschild and Rick Vogler running side by side in third. By the 12th lap, Dave Blaney shot past Vogler and Haudenschild to take over third spot. For the rest of the race, Hewitt increased his lead on every lap. When the race was over Hewitt was a full lap in front of the rest of the field. Hewitt earned \$4,500 for his win with a \$1,300 bonus from J.W. Hunt Produce.

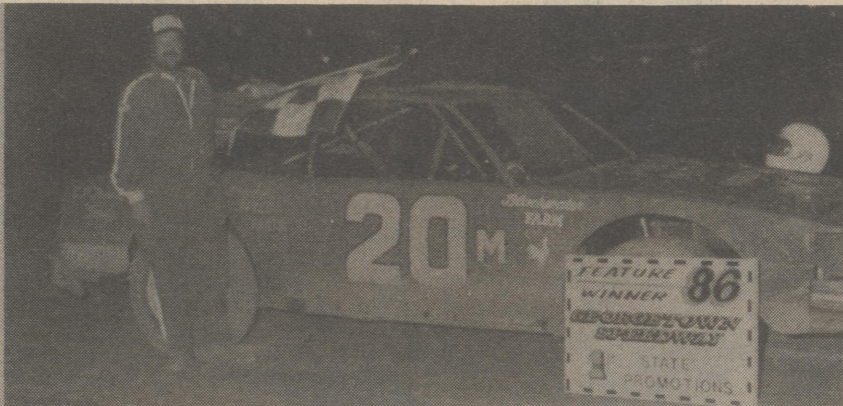

Rounding out the ten were Hewitt, Jack Haudenschild, Dave Blaney, Steve Butler, Duke Cook, Keith Kauffman, Rich Vogler, Tom Bigelow, Rick Hood and Barry Camp.

Billy Brennan made his first appearance of 1986 at Georgetown Speedway on June 6. Here he duels with Tom Doggett #98 during the Modified Feature. Don Allen D&L Photos

Bonebrake-Struhler take Twin 50's at Hagerstown

The Fourth National Free State Nationals was divided into Twin-50 lap features this year and Denny Bonebrake and Gary Stuhler each picked up a feature win at Hagerstown Speedway Saturday night. Each driver pocketed \$2,500 in of the more than \$25,000 in purse money.

In the first feature, Rodney Combs led the early stages of the race before Gary Stuhler took the lead on lap 32. Bonebrake fell back as far as fifth in the first half of the race before moving into second with 15 laps remaining.

On the 37th lap, Bonebrake passed Stuhler coming out of the fourth turn to take the lead and went on to win the first half of the Twin Fifties. Rounding out the top five were Bonebrake, Jeff Purvis, Rodney Combs, Tom Peck and Kenny Brightbill.

In the second 50-lap feature, Larry Wright led the first 12 laps as Stuhler wroked his way to the front from his 12th starting position. On the 13th lap, Stuhler took the lead and dominated the rest of the race. Bonebrake was in

second with ten laps remaining as he tried his best to win two features and the \$1,000 bonus, but was never close to Stuhler before dropping back to fourth.

Rounding out the top five were Stuhler, Purvis, Combs, Bonebrake, and Peck. Heat winners were Combs Wright and Tom Clise.

In the limited late model 30 lap championship, it was Nathan Durboraw taking the lead on the 8th lap

to pick up the win. The top five finishers were Durboraw, Doug Burkholder, Robby Garlock, Wayne Walls Jr. and Ernie Davis.

Racing resumes on Friday, June 13, at 8:00 p.m. with the United Racing Club Sprints and the super sprints for two big features of open wheel action.

On Sunday, it is Big A Auto Parts night with loads of prizes being given away throughout the evening for the fans and drivers. The late models, limited late models and the roadrunners will be action with the first race beginning at 7:00 p.m.

Wylie & Wilkins new winners

Saturday night at U.S. 13 Speedway

by Charlie Brown

Bobby "Blue Hen" Wilkins edged Harold Bunting by less than a yard to win his first modified feature of 1986. Ed Wylie led wire to wire to win his second URC sprint feature of the season and his first in the Taylor & Messick Delaware Sprint Car Series Saturday night at the U.S. 13 Speedway.

Bruce Thompson led the 24 car URC sprint car field to the green but it was Ed Wylie jumping into the lead. With one complete the yellow came out as Glenn Fitzcharles had the front end collapse going down the back straight.

On the restart, wylie put the throttle to the floor and never looked back. Wylie started to stretch his lead with Thompson second, Brad Ail third, Paul Molz fourth and Frankie Kerr fifth.

By the half-way point, Wylie was still comfortably out front. Kerr had moved into the fourth spot and Kramer Williamson had moved into fifth from his 16th starting spot.

By the five to go sign, Kerr was running third with Williamson, fourth and Dave Kelly moving into the top five. The super run for Thompson ended as he pulled into the infield. The battle was for the second spot with Kelly coming out on top. At the checker, it was Ed Wylie winning his second URC feature of 1986, Kelly finished a distant second with Kerr third, Williamson fourth and Kenny Adams rounding out the top five. Six through tenth were Ail,

John Matrafilo, Molz, Midge Miller, and Fred Berger Jr.

It was a pair of drivers from Pennsylvania heading the start of the modified feature. Tommy Long led the first six laps before his fellow Keystone rival, Barry Burkhart took over. A super five car battle for the lead developed as Bobby Wilkins, Harold Bunting, and Ed Brown Jr. swapped positions in the top five.

The whole complexion of the race changed with just two laps to go. As the top five entered the third turn in blanket fashion, Burkhart slowed to a stop and Jarvis headed to the pits with a flat tire.

On the restart, Wilkins edged into the lead with Bunting pulling alongside. The two Milford pilots ran the final two laps wheel to wheel but it was Wilkins getting the bite off of the fourth turn and winning his first of the season by two feet. Bunting finished a hard fought second with Brown third, Jim Baker fourth and Long fifth. Emory West finished in the sixth spot with Jarvis, Burkhart, Brian Brittingham and John Melson rounding out the top ten.

This Saturday night will be High School Graduation Night with all seniors getting in for half price. Saturday night will also feature a \$400 bounty on Eddie Pettyjohn and double points in all divisions.

Steady Eddie Pettyjohn is now 9 for 9 in the U.S. 13 Late Models

by Charlie Brown

Eddie Pettyjohn is battling a thousand as he won his ninth straight late model feature Saturday night at the U.S. 13 Speedway. John Kenney Jr. squeezed by Bill Penuel to win the first of his young career in the limited late models and Richard White Jr. captured the street modifieds.

Charlie Langenstein took command on lap one of the late model feature and led until the sixth go-round when Ronnie Wilson blasted into the lead. Pettyjohn moved into the second spot on the next lap and began to challenge Wilson for the top spot. Wilson held off Pettyjohn's challenge until the 12th lap.

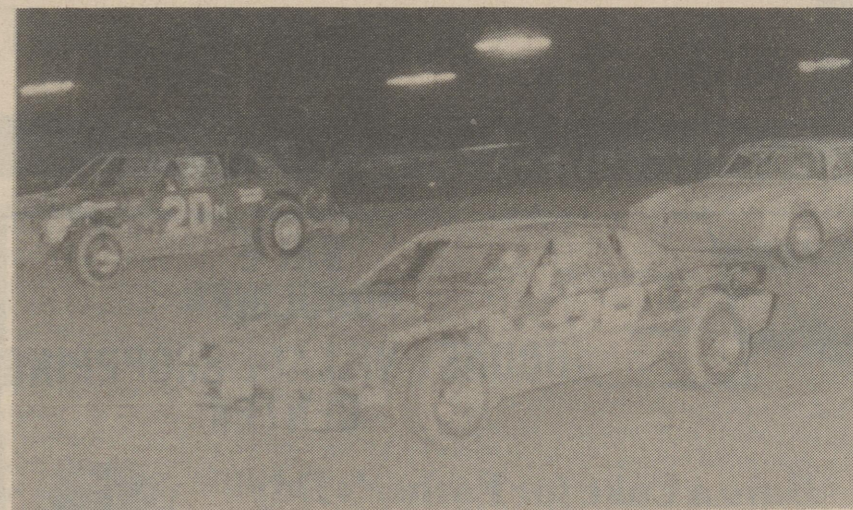

The only caution of the event flew on lap fifteen when Langenstein slowed in turn four. On the restart, David Hill moved into the second spot but could not close on the leader. It was Eddie Pettyjohn winning his ninth in a row, Hill finishing in second, Wilson third, Hal Browning fourth and Charlie Wilkerson fifth. Sixth through tenth

were Lou Johnson, Alex Beaumont, Joey Carey, Mike Tauber and Sammy Lowe.

The limited late model feature turned into a four car heated battle right from the start. John Kenney Jr. led the first lap before Bill Penuel took over on lap two. On lap five, Kenney fought back on top for a single lap before Penuel went back on top. Phillip Murray and Todd Richardson kept in the hunt with

Richardson pulling into the infield with two to go. This ended his win streak at five. On the final lap, Kenney went to the high side and edged Penuel by a fender at the finish. Murray finished in third with Ernie Lowe fourth and C.R. Robinson fifth.

Jeff Bush slipped high in the second turn with three to go allowing Richard White Jr. to take the lead and the win in the street modifieds. Kenny Pettyjohn finished a close second with Bush third, Elwood Driscoll fourth and Tommy Elliott fifth.

Richmond wins Miller flag

Tim Richmond had gone 64 NASCAR Winston Cup races — a span of more than two years — without a victory.

On Sunday at Pocono International Raceway in the Miller 500, Richmond finally did break that drought by winning.

"It's been a long time since I've won one, so this is a big, big relief," said Richmond.

Driving a Chevrolet owned by Rick Hendrick and prepared by Harry Hyde, Richmond led five times for 97 of the 200 laps in a race slowed by nine caution periods.

The victory, his second at Pocono and the fifth in a career that began in 1980, was worth \$46,705 to Richmond.

Coming in second was Winston Cup points-leader Dale Earnhardt and third was Cale Yarborough with Ricky Rudd taking fourth and Bill Elliott coming home fifth.

The brutal four-car wreck on lap 196 was one of two near-brushes with disaster for Richmond.

Running two laps behind, Arrington spun entering turn one and slid harmlessly on to the infield grass.

In attempting to get back on the track, Arrington drove his Ford up the banking and stalled, with Richmond narrowly missing him.

Shepherd, who was running third, then clipped the left side of Arrington's

car and Bodine, who was in fourth, also grazed the Ford.

Gant, who was 11 laps down after his Chevrolet suffered engine trouble, then slammed head on at full speed into the left side of Arrington's stalled car, sending both sliding back into the infield grass.

Arrington, whose car was destroyed, was hospitalized for observation, but did not suffer any fractures or internal injuries.

Gant suffered possible fractures of the ribs and the sternum and cut on the chin, while Shepherd had multiple bruises. Both were treated at the track hospital and then released.

Rain delayed much of the race, but Richmond managed to go out in front after a restart on lap 136. After the leaders pitted on lap 163 to lap 169, Richmond still had a seven-second advantage over Earnhardt and Bodine.

With 20 laps to go, Earnhardt cut Richmond's lead to five seconds, and with 10 laps left, the lead was less than three seconds.

"With between 12 and 15 laps to go, I started slowing down to save fuel," said Richmond. "I knew we were going to be cutting it close, so I tried to save as much as I could. Going so long without a win, I didn't want to run out of gas with a lap to go and me in front."

Richard to make history

BROOKLYN, MICH — For Richard Petty, it just means he has been racing for a long time — 28 years. But for the auto racing fraternity and his multitude of fans, it is another remarkable achievement by The King.

On June 15 at Michigan International Speedway, Petty will make the 1,000th start of his illustrious NASCAR Winston Cup career in the Miller 400.

Bobby Allison stands second on the all-time list with 659 starts (following the Miller 500 at Pocono, Pa. on June 8).

"It just shows that I have been doing my thing for a long, long time," says Petty as he flashes his famous smile. "Sure, it will be a race I will remember for a long, long time. But what would make it more memorable would be if I won the thing."

Petty has won four of his record 200 wins at the two-mile track, the last one coming in the 1981 Champion Spark Plug 400.

Petty made his Grand National debut on July 18, 1958, at Toronto, Ontario, Canada. Petty, who had turned 21 on July 2, started 7th in his Oldsmobile, but finished 17th as he earned a whopping \$115.

Six days earlier, he had competed in his first race of any kind at Columbia, S.C. Whipe poppa Lee was racing in the Grand National Division at Asheville, N.C. Richard made his auto racing debut in NASCAR's convertible division. He finished sixth, five laps back of winner Bob Welborn.

Petty, who will turn 49 in less than a month, laughs when asked how many

more Winston Cup starts he will make. Petty has won an unprecedented seven Winston Cup titles, and he is determined to win one more before he retires.

He won his first national driving championship in 1964 with his last one coming in 1979.

His initial victory came on Feb. 28, 1960, in a 100-mile race on a half-mile dirt track in Charlotte, N.C. For the 22-year-old driver, it was the 36th start of his legendary career.

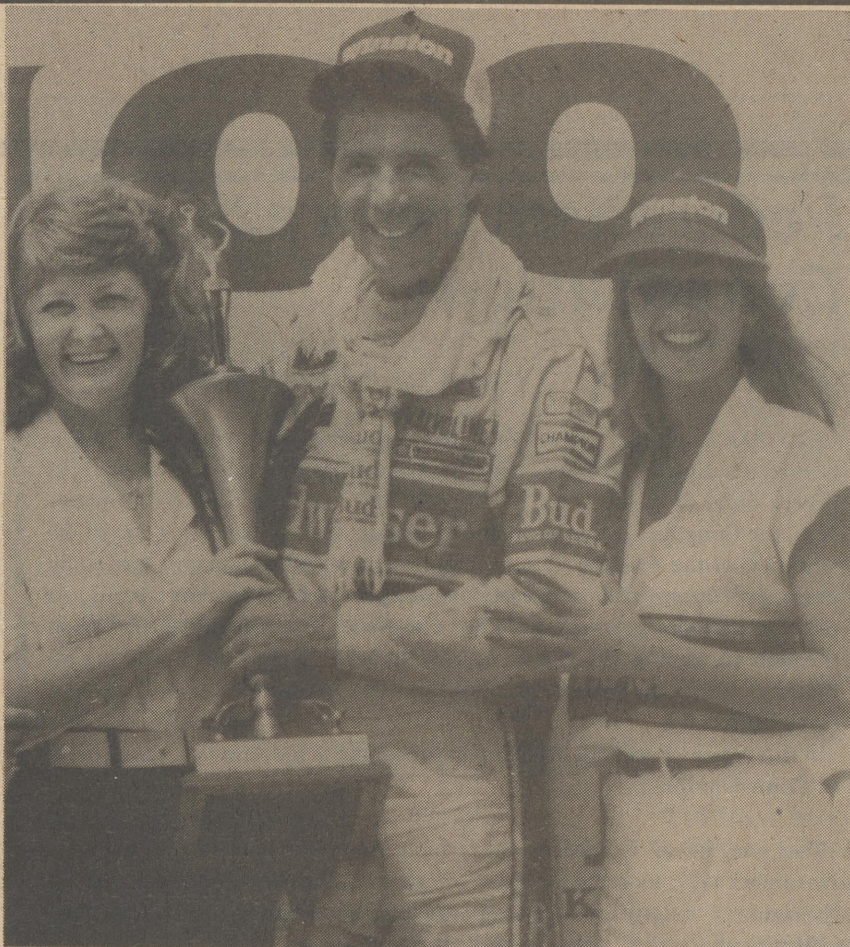

It has been 58 races since he scored his 200th triumph, and he hopes to add to that total before the year is over.

"We normally run pretty well at Michigan, so I'm going there with the belief that we can win the race," says Petty. "To win my 1,000th Winston Cup start would make it a lot more special."

The Miller 400 will also be Petty's 437th consecutive start — the longest consecutive race streak in auto racing history.

"You don't really think about 1,000 races or 430-some straight races," notes Petty. "I'm a race driver, and a race driver gets behind the wheel and goes racing. The idea is to win as many races as you can. That is still my goal every time I climb into that STP Pontiac. And that will be my goal at Michigan. The fact that it is my 1,000th start will be forgotten as soon as the green flag falls."

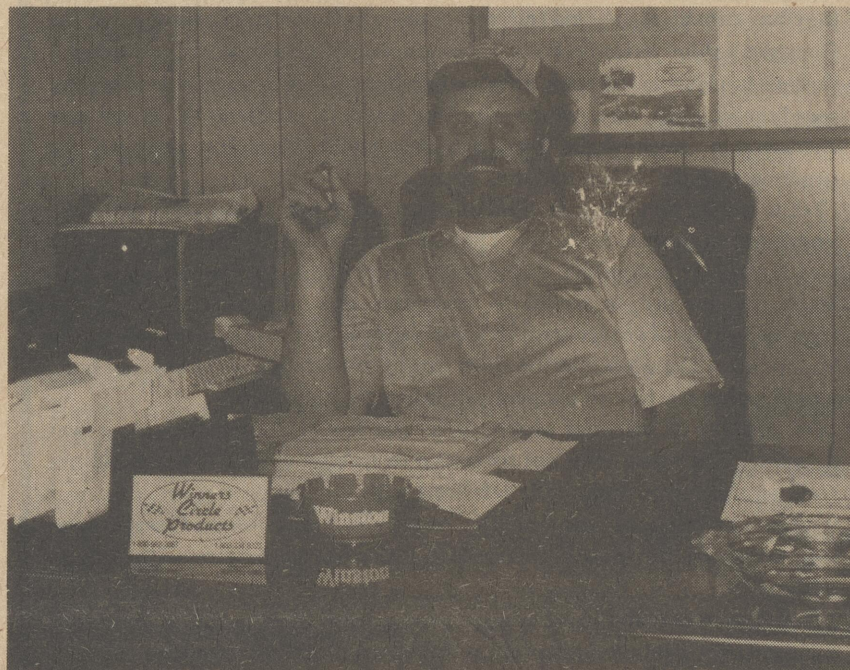

The green flag for the 400 will drop at 1 p.m. on June 15 with CBS televising the history-making race live.

Miller High Life 500 results

As the Winston Cup teams prepare for the fifth round to be conducted during this Sunday's June 15th Miller American 400 at Michigan International Speedway, Geoff Bodine's crew leads Rusty Wallace's crew 106 to 105. Morgan Shepherd's crew remains with striking distance in third place with 95 points.

Sponsored by the Power Tool Division of Ingersoll-

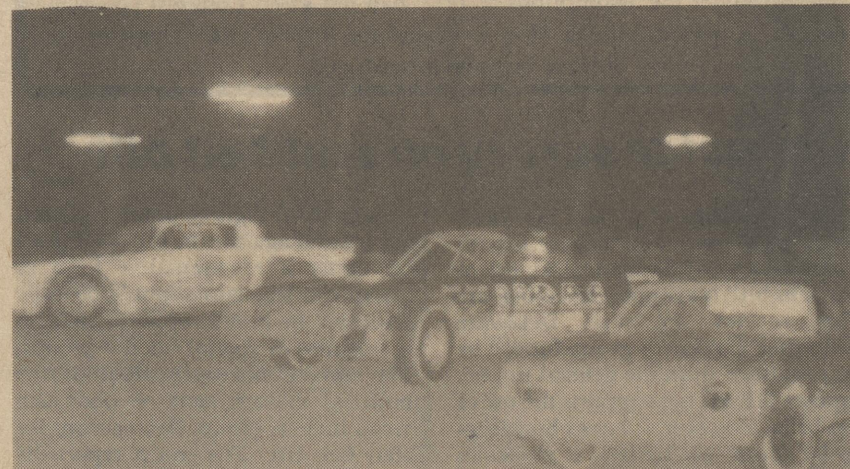

Rand, the \$90,000 championship is open to crews whose cars earn a top-10 starting position for each of 10 major NASCAR super-speedway races. At each of these events, points are awarded to the competing teams based on the total length of time their finishing cars spend in the pits.

Every stop is clocked from pit entrance to pit exit by a special NASCAR timing team located on the grandstand roof overlooking pit road.

The crew using the least total time to service its car earns \$3,000 and 50 points. Positions two through 10 earn 40-35-30-25-20-15-10-5 and two points with one point going to any eligible crew whose car fails to finish.

At the end of the season, the top three teams will share Ingersoll-Rand's \$60,000 point fund which pays \$40,000 to the champions.

Since the contest began in 1979, the closest year-end spread occurred in 1984 when Benny Parsons' crew nipped Harry Gant's crew to win the title by just two points — 272 to 270.

\$ 1 million payoff at half way mark

Richard Petty, "The King" of stock car racing, didn't think long before answering.

"I've told you before, with the way Winston is supporting this sport," said Petty, "I wish I got started about 15 years later than I did."

Petty has won 200 Winston Cup races and more than \$6 million in prize money.

Number 201 could make Petty about \$70,000 richer after this year's Pepsi Firecracker 400 NASCAR Winston Cup stock car race July 4 at Daytona International Speedway.

Thanks to a half-million dollar bonus offered to the top 10 drivers in the

Winston Cup point standings after the Firecracker, more than \$1 million will be dispersed after the race, which is the mid-point of the 29-race Winston Cup Series.

Two years ago, the Winston Cup champion took home a \$150,000 share of a \$500,000 point fund at season's end. This year, \$500,000 will go to the top point men after the 'Cracker.

The point leader will skim off \$150,000 while the second place man will win \$100,000. The remainder of the money will be distributed as follows: \$75,000 to third, \$40,000 to fourth and decreasing by \$5,000 per position back to \$10,000 for 10th.

Dear Editor:

On behalf of the Lake Forest Recognition Banquet Committee, I would like to publicly thank all secretaries, aides, PTA's, and other

individuals who contributed money, time, and effort to make our first annual Banquet on May 29, 1986 a great success.

Dear Editor:

There once was a time when Delaware had rail passenger service but that was long ago. More recently, however, Newark and Wilmington were both served by several daily commuter trains to and from Philadelphia with trains owned and operated by the South Eastern Pennsylvania Transportation Authority. In the early '80's funding was withdrawn by Delaware and the service was cut back to Marcus Hook, PA.

Since then efforts have been made by commuters and the Delaware Rail Task Force to have the service reinstated but to no avail...REASON: Delaware's Department of Transportation (DelDot) cites "insurance problems" (ie high costs of liability). To prove their point DelDot points out that both Virginia and Florida have lost commuter trains due to "insurance problems." On the one hand, Florida never had commuter service! The train mentioned, ran between Tampa and Miami (hardly a commute) and funding

(under paragraph 403(b) of the Amtrak law was optionally withdrawn by Florida. On the other hand, Virginia never had commuter service but is in the process of getting same started and, in fact, is having difficulty with liability coverage BUT the equipment shall be owned by the State of Virginia! NOT Amtrak who shall operate the service! One must question the "insurance problems" that DelDot cites for the preclusion of commuter rail service when bus service is to commence forthwith from the greater Wilmington area in a beachy direction. One must also question how one bus, once a day, once a week, allowing for a 6 hour stay in the resort area, can relieve highway congestion much less be attractive to patrons!

Senator Minner's column

by Sen. Ruth Ann Minner

I can't go along with Governor Castle's proposal that the state gasoline tax be raised 2 cents to pay for Delaware's badly needed road improvements.

We're in agreement that the Road Improvement Fund should be beefed up, but we don't have to raise taxes to do it, especially when the state has surplus dollars available.

I've proposed legislation (SB 523), co-sponsored by every member of the Senate majority, to earmark 4 cents of the current 11-cent tax on a gallon of gasoline to the road improvement fund, instead of the present 2 cents set aside for roads.

Originally, the Governor proposed spending \$13 million of the state's surplus for one-time road improvements. Then he changed his mind, in effect took back the \$13 million and earmarked it for a larger personal income tax cut, and then proposed a gas tax increase to make up the difference. My proposal makes much more sense

without charging motorists extra cents at the pump. Earmarking an extra 2 cents for the road improvement fund would make an additional \$8 million a year available. But that \$8 million can be used as the basis of paying off 20-year bonds, making \$160 million available for roads on a regular basis instead of one-shot deals when the state has a little extra revenue.

The average taxpayer making a taxable income of \$16,000 a year would get a reduction of about \$50 under the Governor's proposal to cut personal income taxes by 10 percent. The average motorist would pay about the same amount under the Governor's plan to hike the gas tax by 2 cents. I don't call that a tax cut.

Instead of the 10 percent personal income tax cut, I tend to favor improving our roads and cutting the gross receipts tax and other burdens on small businessmen. The gross receipts tax is, in my opinion, the only tax that's named correctly—it is indeed "gross."

Census Bureau workers begin visiting area homes to complete national survey on 1990 census questions

Census Bureau workers will fan out across America this summer to complete the 1986 National Content Survey, an essential part of planning by the Commerce Department's Census Bureau to determine what questions to ask in the 1990 nationwide census.

Eight different questionnaires were used in a March mailing to about 48,000 households -- including some in this area -- scientifically selected to represent the U.S. population. Responses to various ways of asking questions and in what order, will play a major role in determining what subjects will be recommended to Congress in April 1987 for use in the 1990 census.

Many completed questionnaires have been mailed back to the Census Bureau's processing center in Jeffersonville, Ind. A second questionnaire was mailed in April to those not responding.

Census Bureau workers will visit a sample of the households that did not respond to the mail questionnaire. They also will visit some households that did respond, to measure the quality of the responses. Title 13 of the U.S. Code (the federal census law) requires those receiving the content survey questionnaire to answer the questions. The same law guarantees the confidentiality of individual's answers to census questions. Only statistical totals, combined from answers of all respondents, are published.

Most questions on the 1986 survey are

similar to the ones asked in previous censuses: age, race, sex, marital status, income, education, type of housing unit, and so on. These basic questions also will be asked in 1990.

However, if survey results warrant, some new questions--including the following-- could be submitted to Congress for inclusion on the 1990 questionnaire.

- More detailed questions for people who are disabled or have health problems that limit their ability to work and perform other activities.
- The addition of "solar" to the possible answers to a question about types of fuel used to heat a home.
- A question on the number of smoke detectors in a home.
- More detailed questions about education, such as highest degree received and in what field.
- The number and type of motor vehicles used by members of a household and the total annual mileage driven.
- Many of the new questions were suggested to the Census Bureau during 65 local public meetings conducted across the nation and attended by more than 5,000 persons.
- The 1990 census is expected to show a population of 250 million compared with 240.7 million now. It will mark the 200th year since the first decennial census in 1790, when George Washington was president.

Federalism before the Constitution

by Jack N. Rakove

(Dr. Jack N. Rakove is a professor of American History at Stanford University.)

EDITOR'S NOTE: After the Revolutionary War, most thoughtful politicians saw the need to amend the Articles of Confederation as the most urgent order of business for the United States. During the Revolutionary War, the Congress had been unable to conduct the war efficiently due to the weakness of the Articles. The Articles were attacked as a charter framed by men more concerned about preserving the rights of the states than creating an effective national government. Thus a movement to strengthen the Union through increasing the power of the National Government was put in motion. This movement resulted in the adoption of our present Constitution.

In this article, Professor Rakove explains some of the defects of the Articles of Confederation.

...

The Articles of Confederation, which Congress sent to the states in November 1777, took the form of a compact among the thirteen members of the union. In a significant amendment approved in April 1777, Congress had affirmed that each state "retain(ed) its sovereignty...and every power, jurisdiction and right" not "expressly delegated to Congress."

The Confederation gave the union no power to pass laws, levy taxes, or compel the states to obey federal measures. It simply declared that the states should "abide by the determinations" of Congress, and that the Articles of Confederation should be "inviolably observed." These were statements of faith at best.

With provisions as weak as these, it is no wonder that the Articles have been portrayed as a charter of union formed by men more concerned about preserving the rights of the states than creating an effective national government.

The Framers of the Articles, however, did not see their work that way. True, they had considered -- and rejected -- proposals that might have made the Congress a more powerful body. For example, had Congress had control over western lands from the beginning, rather than having to wait until states had ceded their claims, many of the crippling financial problems the union later encountered might have been avoided. Other ideas for asserting the supremacy of the union had also been set aside.

Yet it would be wrong to conclude that the Framers meant to make the union subordinate to the states. Their approach to the problem of federalism was essentially pragmatic. Rather than worry about whether Congress, the States, or the people would be sovereign, they preferred to divide the responsibilities of government in a fairly simple way, trusting that where the functions of Congress and the states might overlap, the good sense of both would point the way to cooperation rather than conflict.

On matters of war and peace, there was no doubt that Congress was supreme. The states were not sovereign in foreign affairs. They could not conduct their own diplomatic relations with foreign powers, or make war without congressional consent. The one major limitation on Congress was that it lacked the power to regulate American commerce with foreign nations.

The states retained control over everything which affected the daily lives of their citizens: property, taxation, religion, and local government.

The great test of this division came in those areas where the states would be expected to carry out vital national policies, particularly in raising men, money, and supplies for the Revolutionary War. In theory, Congress could have been given the power to manage all these tasks. But in practice it was inconceivable that Congress could have done so in an efficient and informed fashion. Circumstances varied so much from state to state and year to year that it made far more sense to allow the individual legislatures to decide how best to comply with national measures.

The assumption underlying this first scheme of American federalism was that the states would indeed comply. Their job was to decide how these measures could best be carried out, not to choose whether or not they ought to be carried out. In a sense, the states were meant to serve as the administrative arms of Congress.

By the early 1780's, a number of American leaders realized that this had been a naive assumption. Untried state governments were proving just as overburdened as Congress, leaving a poorly-clothed and ill-fed army to suffer the consequences of their inexperience.

Yet even then, as when the Articles were being framed a few years earlier, thoughtful politicians realized that the issue was not really one of sovereignty. The Framers of the Confederation had good reason to believe that the states could be counted on to carry out national measures: during the first years of the Revolution, they had done just that. Even in 1781, when state and national leaders were complaining about each other, many Americans realized that the real problem was not that the states had retained too much power. It was rather that no government, state or national, could cope with all the intractable burdens the war had imposed.

Even so, the years that had separated the drafting of the Articles from their ratification had seemed to demonstrate one thing. The Confederation, as drafted under the assumptions of 1777, had not given Congress power to match its responsibilities. How to amend the Articles and strengthen the union was the first order of business at war's end.

Statewide survey on seat belt bill

The proponents of a "seat belt law" would have the public believe that to oppose HB 447 (the mandatory use of seat belts bill) is to oppose buckling-up. This is not the case. Delaware Concerned Citizens, a group funded by contributions from the general public, opposes HB 447 yet supports the use of seat belts. However, it favors buckling-up by choice not by law. It advocates "educating" not "mandating" and endorses incentive programs instead of punitive laws to get people to do what is in their best interest. (Some insurance carriers are now providing thousands of dollars in additional bodily injury coverage over and beyond the insured's limits if buckled-up during an accident.)

Delaware Concerned Citizens finds HB 447 to be an extremely flawed bill that contributes to the erosion of the individual's rights. As a result, DCC co-sponsored a petition drive this spring conducted by ABATE Inc. It was reported that some 65,000 signatures were gathered. However, the petition cannot be located in the Legislature. Delaware Concerned Citizens reacted. The portion of the petition gathered by DCC was xeroxed again and provided to each state senator. This portion of the petition contained 6,000 signatures. DCC then launched a statewide survey which is now in full swing. The survey

is designed to register public opinion both for and against the bill. DCC feels that under a representative form of government legislators should be more responsive to public opinion than to big business or special interest groups.

The survey has even received the unofficial endorsement of one such special interest group, Delawareans for Safety Belt Use. The group, reportedly funded by contributions from the auto industry, supports a mandatory use law for seat belts. In a costly Western Union Mailgram sent out to the public the group urged participation in the survey. DCC welcomes their support of the survey but takes exception to the group's claim that 70% of Delawareans support a mandatory use law for seat belts. Their claim is based on a 1985 poll of 500 Delaware adults. However, the experience of the DCC during its petition drive was just the opposite. Of the thousands of Delawareans approached, 70% were OPPOSED to the mandatory use of seat belts.

Delaware Concerned Citizens feels that if the overwhelming majority opposes the bill then legislators should defeat it or put it to a referendum in the November general election. Delaware Concerned Citizens, P.O. Box 321, Dover, DE 19903 674-3591

Too many public bodies ignore the Sunshine Law

by Ralph Durstein

Secrecy is the most convenient way of conducting public business without public participation, and of keeping power out of the hands of people. If citizens are to understand and have confidence in their system of governance, they need to be able to observe the processes by which those decisions are made.

Open meetings and access to government records are now the law in Delaware. While many elected and appointed officials scrupulously observe the law, violations by public bodies and agencies abound, to the detriment of the citizen. While some violations are clearly the result of a lack of familiarity with the law's provisions, the more serious cases involve repeated, arrogant refusal to abide by the law, despite public outcry.

Whether these violations, by school boards and town councils, are intentional or are out of ignorance, the result is the same. Citizens are kept in the dark, leading to attitudes of cynicism, suspicion, distrust toward government, and lack of respect for public officials.

The right of access to meetings of public bodies, which the Freedom of Information Act protects, is meaningless if the average citizen lacks the procedural tools to challenge serious violations. While many inadvertent and technical violations can be remedied informally by agreement, serious repeated violations require formal action. Experience has shown that individual citizens are ill-equipped to pursue such action, and the State Attorney General has been reluctant to pursue such litigation to enforce the Act. In order for public officials to be held accountable, citizens require the leverage of an AG's opinion on the violation, as well as access to the court as a last resort.

H.B. 451 Amendment to Freedom of Information Act would empower the Attorney General to file suit on behalf of a citizen to enforce law, or would allow a citizen who successfully pursued a lawsuit challenging a violation to apply to the court for payment of their legal expenses by the defendant.

As the law stands now abuses, such as the one most recently by the Dover City

Council, will continue. Dover City Council, in complete arrogance, went into executive session despite being told that their posted reason for doing so was not allowed under the law.

According to Loretta Walsh, member of Wilmington City Council, that body has repeatedly failed to give proper notice to the public of the reason for calling an executive session (from which the public is banned). While the FOIA allows executive sessions in certain cases, it also requires public notice of the specific purpose for closing the meeting, and a public vote on the need for an executive session.

Karen Peterson, New Castle County President, cites abuses dating back to 1981 when the reapportionment commission met illegally. There had been a failure to post an agenda for the required seven days and thus no announcement to the public of their intent to go into executive session.

School board abuses are frequent. In March 1985, the Red Clay School Board walked into closed executive session to discuss attendance zone changes. Only after a legal challenge by the attorney general were the sessions opened to the public.

In the Lake Forest School District, there have been repeated violations of the Freedom of Information Act. The school board refused to release minutes of an executive session, charged 45 cents per page for copies of public records, and failed to release a report submitted to it by parent advisory committees on curriculum and on renovation plans.

Attorney General Charles Oberly III, who regards the Red Clay case as exceptional due to the history of court-ordered desegregation, complains that his office "has not been vested with the general statutory authority of enforcement." The proposed legislation would clarify the role of the AG to file suit on behalf of a citizen in the event a violation is found (and cannot be remedied informally). An aggrieved citizen would also have the option of filing suit on his/her own behalf, with the prospect of applying to the court for payment of expenses by the defendant if the suit proves successful.

Insurance Department's monthly newsletter

by David N. Levinson, Insurance Commissioner

Everybody is talking about the liability insurance crisis. Businesses are experiencing problems with liability insurance availability, affordability, and adequacy. *Time Magazine* recently ran a cover story captioned "American, Your Insurance Has Been Cancelled." Insurance companies are pointing their collective finger at lawyers, blaming them for outrageous civil jury awards leading to substantial insurance premium increases and outright cancellations. Lawyers are blaming insurance companies for the crisis, accusing the companies of gouging the public in an attempt to make large profits.

The average Delawarean is caught in the middle. He does not know who is right and who is wrong. He knows that he is directly or indirectly suffering as a result of the crisis.

Too much emphasis has been placed on hysterical accusations that add heat and not light to the problem.

Space limitations do not allow me to fully describe the factual genesis and development of the current crisis in this column. I will discuss the overall cause of the current crisis in future columns, but today I would like to address just one of the proposed solutions to the crisis, that is, revision of Delaware's Civil Justice System or so-called "Tort Reform."

Nationally, the Civil Justice System has been awarding large sums of money to injured claimants. Above and beyond financially reimbursing claimants for their loss, huge punitive damages are awarded for "pain and suffering."

Roth releases revenue sources for retaining IRA

WASHINGTON -- Senator William V. Roth Jr., R-Del. on Friday released his list of revenue sources for the retention of Individual Retirement Accounts (IRAs). The Finance Committee bill would end the deductibility of IRA contributions for anyone who is covered by another pension plan.

"The loss of the IRA deduction is the one major stumbling block in what otherwise is a very good bill for the average American taxpayer," Roth's revenue list includes:

1. Deletion of the completed-contract method of accounting -- used especially by major defense contractors. All construction completed within two years would be exempt from the new rules.

2. Deletion of the transition rule for steel companies which would give them a partial refund on their unused

One view is that by legally mandating a financial cap on pain and suffering awards insurance companies would have less to lose and premiums would go down.

But if the Delaware General Assembly were to legally establish a pain and suffering cap, that legislative action by itself would have little or no effect on premiums charged in Delaware.

Because Delaware is a small state, insurance companies will not set liability insurance rates based on Delaware's own experience. Furthermore, Delaware juries have not awarded large verdicts comparable to other states.

The bottom line is that most other states in the region have much poorer loss experience than Delaware. But the insurance industry does not give Delaware credit for Delaware's lower losses. In short, we in Delaware with our good history are subsidizing individuals and businesses in surrounding states.

Therefore, the solution to the liability insurance crisis must be one designed to separate Delaware from larger, more urban states. Recently House Bill 497 was enacted into law, providing the funds to begin studying a uniquely Delaware solution which our Insurance Department has proposed. This unique solution, which we call a "liability lake," would provide an insurance vehicle to "pool" governmental and commercial insureds in Delaware alone, thus guaranteeing both availability and lower premiums for Delaware.

In future columns, I will keep you informed of our progress.

Investment Tax Credits.
3. Closing the consumer interest loophole by disallowing the deductibility of home equity backed consumer loans. A special provision would allow interest to be deductible on home equity backed loans involving hardships such as medical costs and student loans.

4. Retention of current law treatment of tax exempt bonds, rather than expanding them as the Finance Committee bill does.

5. An increase in the floor on unreimbursed employee business expenses, above the one percent floor already in the Senate bill.

Under the amendment, all taxpayers would be allowed the full \$2000 deduction at the 15 percent rate. This amounts to a 15 percent credit for IRA contributions.

member of Christ's one, holy, catholic and apostolic church on Sunday, June 15. Alex's godparents are John and Juanita Melling, Samuel Vaughn and Paige Caracuzo. A reception for the congregation will be offered after the Sunday liturgy.

Sunday, June 15, marks the beginning of St. Stephen's summer service schedule. The liturgy will be offered at 9:00 a.m. during the summer months. There will be no Church School during the summer.

Monday, June 16, will mark the tenth anniversary of the Soweto Uprising, a significant occasion in the campaign against apartheid in South Africa.

The Episcopal Church has joined with other denominations to provide special observances for this anniversary. We are using this time to remember those within South Africa who are making their voices heard; and, in the United States, we will mark the time by speaking with one voice against apartheid. Our presiding Bishop, Edmond Browning, has asked us to participate in four ways: June 14 - visit or write your congressional representative; June 15 - participate in special church services; June 16 - pray for or attend ecumenical service in Washington; June 17 - pray for participants or attend a Day of Witness

program for the first time this year for Pre K to grade 4. Students in grades 5 to 8 are welcomed as aides and helpers. Registrations are being taken now and can be obtained on the table outside the office downstairs. Please fill out the form and leave it on the table. Feel free to take some extras for your friends. You may return them later. August 11 to 15, 6 p.m. to 8 p.m., St. John's Church (small fee). Anyone interested in teaching in the program at St. John's or St. Bernadette's is asked to contact Mary Louise at 422-5319 or 422-5827. Catechists (teachers) are needed for various grades. Training will be provided. A team situation can be used for any grade level. (This means that 2 people can alternate weeks teaching.)

HAPPY WEDDING ANNIVERSARY! Grosvenor and Delight Russell, Tom and Dorothy Whalen, Len and Charlotte Donohoe, Vern and Diana Walch, Earl and Kay Francis, Joe and Doris Brinster, Steven and Teresa Fitzgerald, Richard and Carol Seely, Chris and Peg DeMartin and Richard and Betty Jackson.

Felton

Wilkison, Shirley & Elwood Killen. Mr. Al Wheeler, Felton, a message of cheer and hopes that recovery is near.

Mrs. Rose Bowler, formerly of Viola, now residing in Dover is celebrating a family birthday dinner for her mother, Margaret Chambers, and her own birthday. You both are especially thought of on this day.

Mrs. Lola O'Day is having the Knit Wit Craft Club, Thursday, June 12th, at 7:30 p.m. with Sylvia Pinnow, a program on Tri-Chem paint craft. What a pleasure it will be.

Mrs. Margaret Chambers, formerly of Viola, celebrated her birthday at the Golden Corral, Dover, on June 7th, with friends, Virginia Witomski, Grace Kersey and Lola O'Day.

KNIT WIT CRAFT CLUB — Rose Jenner, Brenda Biggs, Mary Ann Stumpf, Grace Kersey, Virginia Witomski, Thelma Kemp, Margaret

Chambers and Lola O'Day celebrated the 9th Anniversary of the club at the Village Inn, Little Creek, noted for their fine seafood.

Mrs. Marlene Thomas, formerly of Viola, DE, wife of the Rev. David Thomas, Boco Rotan, Florida, is visiting with relatives and friends in this area. Everyone knowing Marlene can see the happiness and contentment she is sharing with us.

Michael Faulkner celebrated his fourth birthday at his parent's home, Mr. and Mrs. Brent Faulkner of Felton at their home from 7 to 9 p.m.

On Saturday, the 7th, Somerville, New Jersey held their annual live steamers show. Mr. and Mrs. James Haveflow of Felton attended. It rained and was very miserable while the show was going on. Jim and Grace visited the Stumpf family of Glen Bernie on their return.

world. But finally...right here in good ole Harrington, have you noticed how nicely the building is taking shape. That July 29th deadline isn't that far away! We are still in need of donations to fully complete the project so please keep us in mind. Not only are we a second home to many seniors, did you know we also are "home" to the

Historical Society, twice a month, the Heritage Day Committee and other community groups. So please help us to help our very important families. Your donation would be gratefully acknowledged and appreciated. A new era for the Center is beginning. BE A PART OF IT! See you next week with more Senior Center News.....

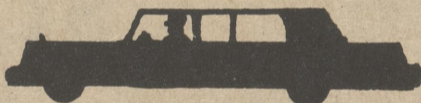

A Daughter's I.O.U.

BY CAROL ANN PORTER

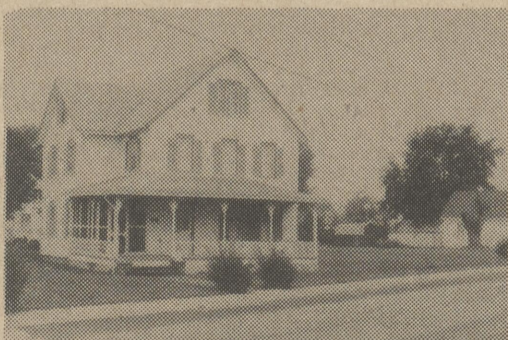

Sometimes I sit and worry about the debts I've made. I look forward to the day when they'll all be repaid. Sometimes I overlook one debt, the biggest one of all, The one I owe my father, which I'll never pay in full. Well, Dad, I hope that you will please accept this I.O.U. For services you've rendered, my payment's way past due. For all those bikes and trikes that you repainted and re-wheeled, For all those prayers you taught me while by my bed we kneeled, For telling me those stories that I enjoyed the most, Except the one where a buzzard hatched me on a post. For teaching me that "hard work" is something you can't borrow, And that cheating and dishonesty would always bring me sorrow. For raising me in a home that taught me right from wrong, A home I was so proud of, filled with laughter and with song. Although your hair is silver, as your daughter I'm still proud. Besides, that white hair makes it easy to spot you in a crowd. For listening to my problems, however small they be, And picking up the pieces when my world caves in on me. For saving me a service call when my dryer's on the blink. And pretending you're a plumber when there's garbage in my sink. For being marriage counselor, mechanic and musician, Baby sitter, painter, carpenter, electrician. I hope you never send a bill that says "Remittance Due," 'Cause I'd just have to pay it with a great big "I.O.U." I'd like to make a small down payment, beginning with today, By saying that this daughter loves you, more than words can say!
