

School Board approves vehicle use and personnel handbook

by Harry G. Farrow, Jr.

Last Thursday night, the Lake Forest School Board adopted a long-awaited policy on the use of district owned vehicles.

The approved use of such vehicles is for school and student related activities. Prior to this new policy there had not

been a complete understanding on the use of the vehicle. Now under the new policy, the superintendent can use the

vehicle after hours. It cannot be kept for a 24 hour period, but if the superintendent uses it to attend meetings such as school board meetings, which last after

9 p.m., the vehicle must be returned the following morning by 9 a.m.

A personnel handbook, which was introduced the previous week was approved on Thursday night as well. The handbook had been prepared over a two year period. The handbook

particularly outlines district policy and updates job descriptions.

Richard Moretti, district assistant for administrative services in the District office, said the district vehicle will be left at the District office, "...and we will store it in the elementary gym to insure

against vandalism.

According to the district office, applications are being presented for the

superintendent's vacancy. Dr. Lysik will be leaving as of June 30th to take a similar post in Wanaque, NJ. At this writing, 22 people have "...shown an

interest in the job. Whether they all apply for it or not is another question," said Moretti. The deadline for filing is June 30th, but this must be confirmed

by the district office (398-3244). The Board may also select an "acting superintendent."

State audit criticizes Lake Forest procedures

by Harry G. Farrow Jr.

The State Auditor's office on April 17th, released an internal audit report for the Lake Forest School District. The District had 30 days to respond to the audit.

One major citation was an accumulation of over \$300,000 in its debt service account. This is money

which is usually used for construction costs. The audit suggested that the district either reduce the tax rate or hold a referendum to determine how the debt service money will be spent.

Other areas of criticism were with a lack of centralized bookkeeping system and inadequate bid procedures.

In another matter, it was disclosed that

the school district erred when they purchased a 1984 Dodge pickup truck. "It (the District) did not follow state law when it failed to obtain permission to

buy the truck through the Division of Purchasing and Office of Fleet Management." The truck that the District purchased cost \$7,000.

Through the state bidding process, they would have paid \$6,400. Richard Moretti, district assistant for administrative services, said that despite the discrepancies he felt the

audit showed a clean bill of health. The pickup he said was used by the custodial staff, and the errors in purchasing was

an administrative oversight.

Moretti added that corrections to those areas cited are underway. The Board has

adopted a new procedural manual and a personnel manual which was adopted at the recent Board Meeting. The tax rate will remain the same...\$1.40 per \$100 of assessed value, but there was

some shifting of monies to the minor capital improvement and other accounts.

In the recent referendum, which the citizens defeated, one part asked for

centralizing of administrative offices which the administration felt would centralize the bookkeeping system.

Family Dollar opens 4th Delaware store in Harrington

by Harry G. Farrow Jr.

HARRINGTON — Family Dollar Stores, Inc. whose home base is Charlotte, North Carolina opened its 4th Delaware operated merchandising store in Harrington last Thursday. They are located in the new Liberty Plaza, directly behind the Colony Inn on US 13.

With over 1100 stores nationally, Family Dollar boasts a store of general merchandise. Over 500 of its stores are located in the Carolinas, Virginia and Tennessee.

Family Dollar stores are found in the rural area of America. "Family Dollar functions as a general merchandise store. It fills the void left by mass merchandisers as well as providing the services of a convenience store," said Norm Wizer, V.P. at Family Dollar. All of their stores are open 9 to 9 six days a week...Monday through Saturday and 1 to 6 on Sundays.

Family Dollar programs long operating hours and convenient locations in neighborhood shopping centers, where supermarket and drug stores are also situated, which enables shoppers to visit Family Dollar's store more conveniently and regularly," added Wizer.

The type of merchandise handled by Family Dollar are beauty supplies and aides, irregular and regular clothing for the whole family, and a large line of shoes which include joggers, ladies dress and children's dress shoes.

Most items sell for under \$12. There are a few which sell in the \$20 range.

Family Dollar celebrated their "Grand Opening" at Harrington's newest shopping center — Liberty Plaza. Heritage Day slogan chosen for Harrington

At the last meeting of the Heritage Day Committee, choosing the slogan was the big decision. Lists of slogans submitted were passed to each member there. Voting was by process of elimination. When it was finally narrowed down to two submissions, a final decision was made. The names of the authors were unknown, so there would be no partiality shown. There were so many good ones that judging was hard to do. The winning slogan is: "Enriching The Present By Remembering The Past."

The winner is Mrs. Joan Rae Mills of Greenwood, DE. She is married and is the mother of two youngsters: a little girl, Kelley, who is 3 years old and Andrew, who is 3 weeks old. Andrew is still in Christian Hospital due to being in a hurry to become a member of the Mills family. If all goes well, he should soon be home.

Mrs. Mills is a very active person and loves writing, which is one of her hobbies. She has had articles printed in *Virtue, Decisions, Farm Woman News, Moody Monthly Magazine*, as well as other publications. She also was a teacher at the Greenwood Mennonite

Joan Rae Mills

School, for four years. Last year, she was on the staff of the English Department at Wesley College in Dover, DE.

Mrs. Mills will receive her cash award on Heritage Day...until then, Congratulations Mrs. Mills.

Grand Opening of new Meatland

Another new Meatland Supermarket will open in Liberty Plaza Shopping Center, located at the corner of Liberty Street and Route 13 South, in Harrington, Delaware.

The 16th link in the Meatland Chain, the Harrington store is also its largest, all-new location, with more than 18,000 square feet of floor space. It features the latest concepts in supermarket design, with greatly expanded product lines, a full-service Bakery/Deli section and convenient, large area for parking. Manager is local, native Roger Bradley; Meat Manager is Joe Wotten.

In the first phase of development, Meatland, Family Dollar and Edgell Pharmacy join to better serve the needs in the Harrington area.

With 40 to 50 positions created by the new Meatland, Eastern Shore Markets, Inc., now employs nearly 500 people in stores located in Cape Charles, Exmore,

Onancock, Parksley and Chincoteague, Virginia; Pocomoke, Ocean Pines, Crisfield, Salisbury and Cambridge, Maryland, and Seaford, Delaware.

A locally owned and operated company based in Exmore, Virginia, Eastern Shore Markets began in 1973 with a single store in Crisfield, Maryland. Company president is Nick Styke, of Belle Haven, Va.; Vice President is Martin Atkins of Crisfield, Md.; Hall D. Reed, Jr., of Milton, De., is Director of Retail Operations and Lee Trapp of Belle Haven is Corporate Comptroller.

Plans for future store locations are being considered for increased market share each year, in Virginia, Maryland and Delaware on the Shore. Meatland is owned and is operated by Eastern Shore people and is the fastest growing supermarket company on the Shore.

Chief blasts Harrington Council Felton talks Chief McIlroy walks

by Harry G. Farrow Jr.

FELTON — At a hurried up, unscheduled town council meeting on Thursday night, the Chief of Police for Harrington, Carl F. McIlroy was hired by the Town of Felton to be their new Police Chief.

The Chief said following his hiring by the Felton council that the continuous badgering and lack of backing from the Harrington Council constituted the real reasons behind his leaving Harrington's post.

At a special meeting and "discussion" on Monday night in Harrington, Chief McIlroy echoed the same remarks in his resignation letter. He added "...underlining my position as Chief by certain members of the Council, and no thanks from the council for the job his department has done just criticism." McIlroy cited the total number of arrests and revenue of over \$331,000, over the period he has been Chief of Police in Harrington. "I have done this without any increase in manpower...and no thanks...just criticism," said McIlroy. At the special meeting on Monday

night, Councilman Jarrell, in responding to McIlroy's resignation as of July 5th, indicated that he would take the resignation as of June 23rd. Jarrell has been one of McIlroy's sharpest critics.

Speculation in Felton at the time was that "...we basically feel we do not need a full time police chief," said Joyce Jefferson, a resident on Church Street. She also asked if the Town (Felton) had the money to pay the salary of a full time policeman. Jefferson said "the time we need a police officer is not during the day...but from nighttime on. That's when they are racing their motorcycles and speeding up and down the streets," she said.

Felton will pay Chief McIlroy \$7 per hour on a 40 hour week. The Council will set his hours.

Felton has been without a full time chief of police since James McGuigan resigned, citing the same reasons essentially about the Felton Council that McIlroy cited as his reasons for leaving Harrington.

Asphalt plant draws ire of residents

by Jim Mancini

Area residents are upset and some are sick from the fumes of the Asphalt Plant south of Harrington. "The smell is terrible, it's like driving beside a Greyhound bus," commented Jim Cain, who lives across the road from the plant. Betty Cain, his wife, filed two complaints with Magistrate Court 6, against the plant. She alleges the plant was polluting the air. "The noise at the startup wakes you up in the morning and the smell is unbearable," stated Betty. She alleges that the smell from the plant causes sinus congestion, headaches and difficulty breathing. Other area residents report similar reactions to the smoke from the plant.

The complaints filed by Betty Cain were to be heard on June 18th.

However, on June 17th, a representative of James Julian, Inc., owners of the plant, pleaded no contest and paid a \$50.00 fine.

The following is taken from a letter to the Board of Adjustment from the Delaware Department of Natural Resources and Environmental Control, dated September 12, 1985, "Given the proximity of the proposed site to Harrington and the prevailing wind direction during the warm months, air pollution emissions would be carried over residential sections of Harrington. That is, this site poses a potential for air pollution problems affecting residents whenever pollutant control equipment does not operate properly and weather conditions cause air pollutants to be carried over Harrington."

"American Pie" celebration at Fair

Harrington, Del...In celebration of Crisco Shortening's 75th Anniversary, The Delaware State Fair, Proctor and Gamble and Family Circle Magazine are sponsoring a Pie Contest to select the best home-baked pie in Delaware and America. The State Winner will compete in the National Contest in Nashville to select "The American

Pie!" Food editors at newspapers across Delaware have selected Peach as the category for the State Contest to be held Wednesday, July 23rd, at 2:00 p.m., at The Delaware State Fair.

Deadline for entries is July 1, 1986. For entry form, contact the State Fair at 302-398-3269.

Contests for everyone at State Fair

Harrington, Del...There is something for everyone at the 1986 Delaware State Fair. An integral part of every Fair are the judged exhibits. At State Fair '86 they run the gamut from arts and crafts to farm machinery. In fact, over 10,000 exhibits are available for review during the nine days of the Fair.

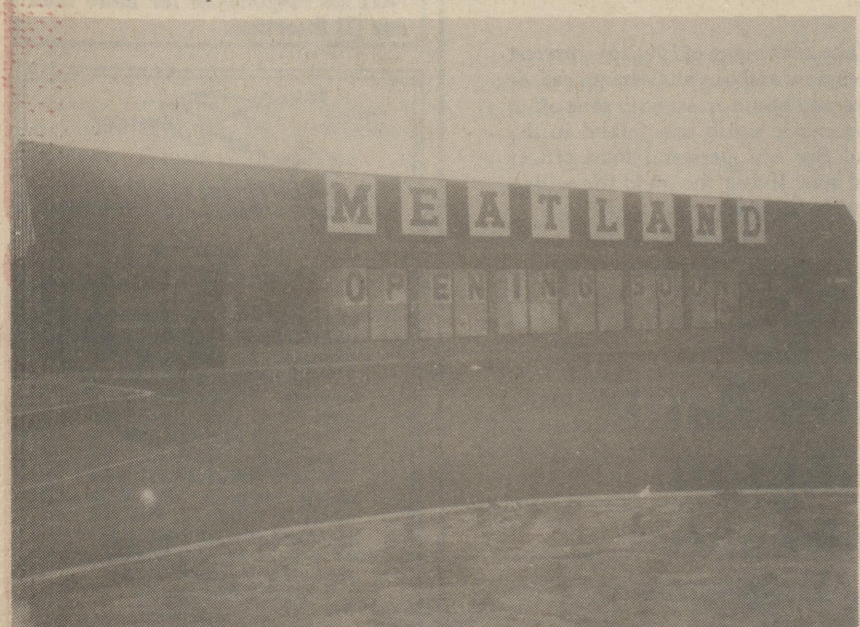

Even if you don't show horses, own livestock or have an artistic flair, you can get involved in the annual July event in Harrington. All "Backyard Chefs" will want to try their hand at "The Great Delmarva Outdoor Cooking Contest," sponsored by the Delmarva Poultry Industry and Townsend's Poultry, Inc. The contest is slated for Sunday, July 20th, and is open to amateur chefs over 14 years of age. Entry's close July 1, 1986. For more information, contact the Fair.

Everybody loves ice cream! Just ask Benjamin Hughes, President of HI-

Grade Dairies in Harrington. Hughes will supervise the "Homemade Ice Cream Making Contest" again this year. Entry's close July 1, for the July 24th event. For more information contact the Fair.

Pitch your luck at the "Horseshoe Pitching Challenge", sponsored by the Harrington Fire Company. Weeknight tournaments will begin at 6:30 p.m.; Saturday afternoon's championships will begin at 1:00 p.m. Trophies will be awarded to all winners. For more information and entry forms, contact the Fair.

The Taste Freeze of Delmarva Food Systems Dog Show, will be featured Monday, July 21st, at 3:00 p.m. Trophies will be awarded to all first place winners and ribbons will be awarded to 2nd thru 5th places on each entered class. Contact the Fair for a list of rules and classes.

Georgetown roofer named in cease and desist order

The Delaware Division of Consumer Affairs has issued a Cease and Desists Order against Earl Parlier, a Georgetown roofer doing business as American Enterprises, 413 East Market Street, Georgetown. Parlier has been accused of misrepresentation and deceptive trade practices for his failure to honor roof repair guarantees and his refusal to correct workmanship defects on jobs performed for 3 Sussex County homeowners.

The State's investigation was prompted by complaints from consumers in Milford, Selbyville, and Rehoboth who entered into roofing contracts with American Enterprises during late 1985 and early 1986. One consumer paid \$875 for the application of liquid sealant to the roof of her mobile home. Almost immediately after the job was completed, the homeowner complained to Parlier that the roof continued to leak. Despite her complaints and the written promise of a 5 year guarantee, Parlier and his company failed to return and inspect the job.

Two other consumers paid Parlier in full for roof repairs which did not seal leaks. Although both received written 10 year guarantees against leakage, Parlier ignored pleas to return and refused to finish the job correctly.

According to Consumer Affairs Director Donald E. Williams, American Enterprises also violated the Delaware Home Solicitation Sales Act when Parlier failed to give "three-day

cancellation notices" to his customers. Williams said "The law requires all sellers, contractors included, to disclose in writing the buyer's right to cancel without penalty any sales contract which exceeds \$25, whenever that contract is entered into at the buyer's residence or at any temporary business location such as hotels, motels, or any temporary quarters.

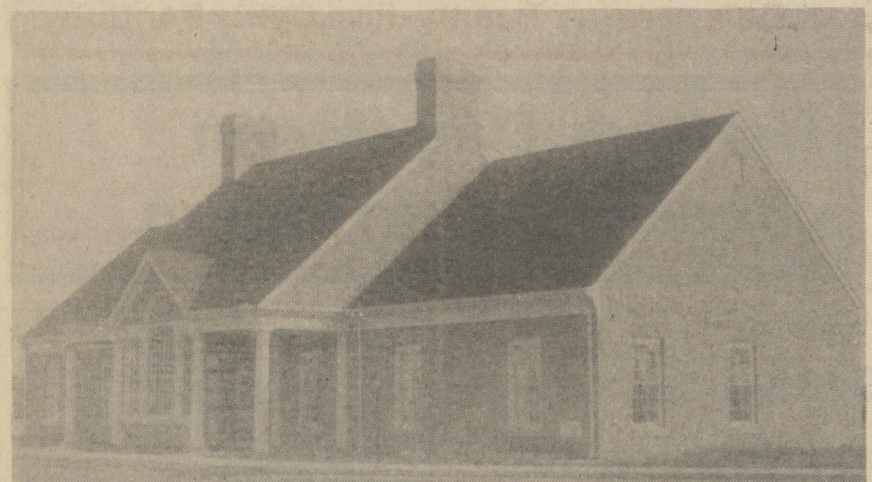

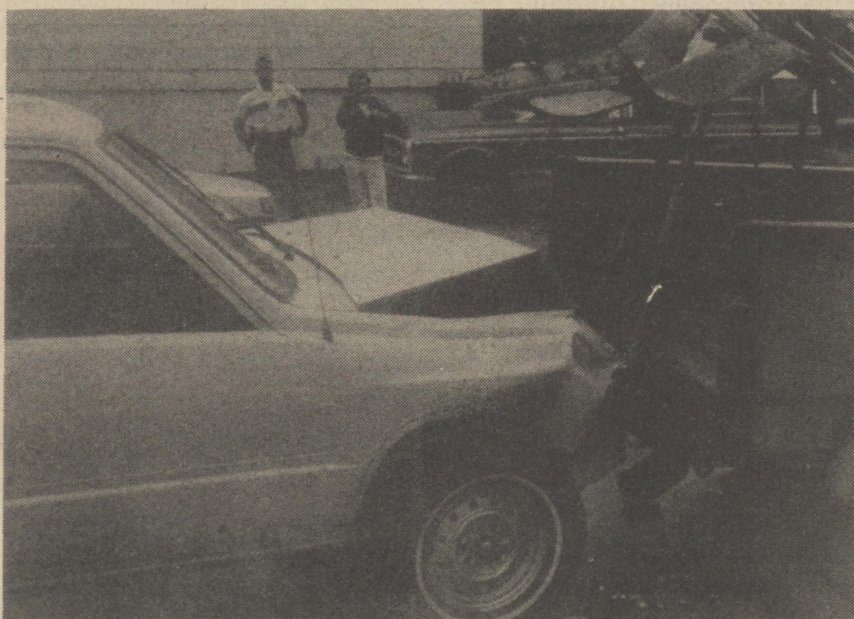

The consumer has three business days to cancel by sending written notice to the seller. Most consumers are unaware of this 3-day cooling off period, because far too many businesses disregard their legal duty to disclose this privilege in their sales contracts."

American Enterprises recently filed for bankruptcy. Although all monetary claims against the company must be submitted to Delaware Bankruptcy Court, the Division of Consumer Affairs will continue to monitor and investigate consumer complaints against Parlier and American Enterprises. Those wishing information about how to resolve complaints may call the Division at 736-4000 in Kent County and at 1-800-443-2179 in Sussex.

The Cease and Desist Order was issued by Williams and approved by Frances M. West, Secretary of the Department of Community Affairs. Parlier is entitled to appeal the consumer fraud allegations in the Cease and Desist Order by requesting a hearing before the State Consumer Affairs Board.

Board of trustees tap Seaford native to receive honors

The University of Delaware Medal of Distinction, the University's highest award, which recognizes significant professional achievements or public service contributions, was presented to Herbert H. Lank of Montreal, a Seaford native, 1925 University alumnus and

1959 recipient of an honorary Doctor of Humane Letters degree from the University, who was president and chairman of the board of Du Pont of Canada. Lank was one of two recognized.

Delaware stamp to be issued

Delaware will have a 22 cent stamp in December of 1987 to commemorate the 200th anniversary of the ratification of the United States Constitution. The official announcement of this stamp, which has long been rumored, was recently made by Assistant Postmaster General Gordon Morrison. Pennsylvania and New Jersey will also have stamps in honor of their ratifications which took place in 1787, and there will be both a stamp and postal card commemorating the opening of the

Constitutional Convention. The Delaware Heritage Commission has been working with the Citizens' Stamp Advisory Committee of the United States Postal Service on plans for this stamp. Senator William V. Roth was instrumental in securing the stamp according to Jerome O. Herlihy, chairman of the Commission's Stamp Committee. Senator Roth, when reached for comment, said, "I am pleased that I could play a part in the bicentennial of the Constitution and Delaware's signing by asking that a commemorative stamp be commissioned as a tribute. National recognition is only appropriate for the state that started a nation."

A variation of the Heritage Commission's logo which includes a feathered quill and an inkpot and the words "We the People... Freedom's First," will be submitted as the design for the stamp. Additional constitutional commemorative stamps, which will total 28, will be issued in the coming years.

Brenda Postley named McKnight Black Doctoral Fellow

Brenda Postley

McKnight Programs in Higher Education recently announced that Ms. Brenda Jarmon Postley has been named a McKnight Black Doctoral Fellow for 1986-87 at Delaware State College. Ms. Postley, a native of Selbyville, is the first Master of Social Work in the history of McKnight Programs in Higher Education to receive a McKnight Doctoral Fellowship.

The McKnight Black Doctoral Fellowship is non-taxable, carrying a stipend of \$10,000, plus tax-free tuition of up to \$5,000 with the sponsoring institution providing tuition costs beyond \$5,000.

Ms. Postley served in Job Corps training in 1970. She earned an Associates degree in Business Administration from Wesley College in 1981, and a Bachelor of Science Degree in Business Administration from Delaware State College in 1983.

During her training in the Graduate Program in Social Work, Ms. Postley served as Director of Delaware Adolescent Program (DAPI), Kent County, a position she currently holds.

Ms. Postley's awards and honors include: U.S. Department of Labor Job Corps Hall of Fame; Who's Who Among Colleges and Universities; and Academic All American, 1986. She was featured in the January 1986 edition of

Delaware Today, "People to Watch." Ms. Postley has been accepted into the Doctoral Program at Florida State University, Tallahassee, Florida, where she will matriculate beginning August 25, 1986. She is the daughter of Carlton and Lillian Jarmon of Selbyville, Delaware, and the mother of two children, Terrence and Lynette Postley.

Phyllis Benner receives scholarship

A Greenwood student has been awarded an Earl Maust Memorial Scholarship worth \$650 for the 1986-87 school year at Eastern Mennonite College in Harrisonburg, Va.

She is Phyllis Benner, daughter of Millard and Lisa Benner. Benner is a rising junior majoring in music.

The scholarship is awarded each year

to a junior or senior music major based on academic performance, financial need, demonstrated ability for outstanding musical achievement and commitment to Christian service.

Sussex Trust names new officers

Robert M. Hoyt, Chairman of the Board and Chief Executive Officer, announced the addition of three new members to the board of directors of Sussex Trust Company. The appointments of Crawford J. Carroll, John W. Whitby and John E. Willey, Jr. were confirmed at the full meeting of the board held at the bank's administrative offices in Georgetown.

Carroll and Whitby will serve as directors for Sussex Trust's new Dover office, and Willey will serve as a director for the Seaford branch.

Carroll is in his ninth term as Mayor of Dover. He is involved in many professional and community groups including the Capital City Rotary

Club, Delaware Emergency Planning and Operations Council, Central Delaware Chamber of Commerce, Delaware Association of Chiefs of Police and the Delmarva Advisory Council.

Whitby, a Dover resident, is the owner of Kent County Motor Sales. His community activities include the Delaware State Chamber of Commerce, Delaware Roundtable and Delaware State Fair.

Willey is a Seaford resident and is Vice President and General Manager of Peninsula Oil Company. HE is a member of the Seaford Lions Club and a director and past president of the Delmarva Oil Heat Association.

The church family picnic proved to be a great success with Mr. and Mrs. James Collins and Mr. and Mrs. Bob Walls serving as the planning committee. Everyone seemed to enjoy the beautiful surroundings of Killen's Pond State Park. Highlight of the picnic was the watermelon eating contest. What a sight! Watch for pictures on the bulletin board in the annex.

A full schedule of services is planned for this week with a mid-week service on Wednesday evening at 7:00. The Christian Education Committee will meet on Wednesday at 8:05. The Sunday School opens at 9:30 each Sunday morning with Homer Sherwood serving as Superintendent.

The morning worship hour starts at 10:40. The Senior Choir, under the

leadership of Dawn Dieter, will sing. Special song by a mixed Quartet will be presented. Pastor Miller will be preaching.

A special Youth Service is scheduled for Sunday evening starting at 6:00. Carl Chapman, Director of Christian Education, will be leading the service.

Work progresses on the new sanctuary with Emil Gallo contractors laying the brickwork and Comfort, Inc. of Bridgeville installing the heating and air conditioning. Mr. Charles Bradley is serving as general contractor. A target date of September is being set for the completion of the building.

Birthday greetings this week go to Summer Bennett, Mike Dula, Donnie McCloskey, Bernie Coffman, and Todd Maloney.

The Gospel Heralds

Asbury United Methodist Church

Our Vacation Bible School was a great success. The Village was outstanding and a total of 82 children made it all worth while. It was a great week and a thank you to all who helped make it so, young and not so young. Our Church is truly blessed with wonderful caring people.

JUNE 29 — Worship Service 11:00 A.M. This is the last Sunday that Rev. Kyle Smith will be bringing us the morning message. We will truly miss Margaret and Kyle, but we wish them a safe and happy retirement ahead. Last Sunday in Collins Hall a Farewell Dinner was held in honor of Margaret and Kyle, they were presented with a photo album, which is to be filled with snapshots of events that happened while they were with us; and also a love offering to show them how we feel. A good time was had by all, with delicious food, great entertainment and a very special fellowship. May you both have many blessings as you go into this new lifestyle and we hope you take fond memories of Asbury with you.

A special thank you to Betty and Elwood Brown, Chairpersons for the dinner and a thank you to all your helpers for a job well done.

Independent Bible Fellowship

A vocal ensemble concert will be held Friday evening at 7:00 at the Independent Bible Fellowship Church. The Gospel Heralds from Appalachian Bible Institute is a seven-member vocal ensemble which utilizes the English Handbells and other instruments in the program.

The group will be on tour for twelve weeks this summer. They have already traveled for five weeks in Europe, presenting concerts in Luxemburg, Germany, Italy, Spain and Holland. The remainder of their summer tour will be in the States in over 40 different churches.

Each of the Gospel Heralds members is a student at Appalachian Bible College, an independent Bible College located in Bradley, Va. The college offers bachelor degrees in Bible-Theology with course concentrations in eight program areas.

The public is invited to attend this concert at Independent Bible Fellowship Church, Friday, June 27 at 7:00 p.m. The church is located on Rt. 14 east of Harrington on the Harrington-Milford Road.

St. Stephen's Episcopal Church

St. Stephen's Church began its summer schedule on June 9th. The Sunday liturgy is offered during the summer months at 9:00 a.m. We cordially invite our sisters and brothers in the community to worship with us on Sundays and to join us on Wednesdays for Bible Study at 9:00 a.m. and Healing Service at 7:00 p.m.

Our special Diocesan Convention for the purpose of electing the Ninth Bishop of Delaware was held on June 14th at Grace Church, Wilmington. St. Stephen's delegates were Ellen Perry and Earl Roberts. The convention elected the Very Rev'd. Cabell Tennis on the seventh ballot. Tennis is currently Dean of St. Mark's Cathedral, Seattle, Washington. A native of Virginia, he is a graduate of Virginia Theological Seminary in Arlington.

The consecration of our new bishop is scheduled for November 8th in Wilmington.

We welcome into the household of faith Alexander Benjamin Vaughan, IV, son of Mr. and Mrs. Alexander Benjamin Vaughan, III. Alex was baptized on Sunday, June 15th. We were pleased that so many members of his family could be present for the baptismal rite.

We are very proud of our recent graduates, Sherry Roberts, daughter of Earl and Dianne Roberts and Scott Fleming, son of James Fleming, were graduated from Lake Forest High School. Rick Seely, son of Richard Seely, received a master's degree from

the University of Iowa. Robert Fleming, son of James Fleming, received a bachelor's degree from the University of Delaware. We pray the Lord's blessing on these recent graduates and give God thanks for their accomplishments.

We are also very proud of Jane Warren, daughter of Albert and Elva Warren, who received a special grant from Rotary Clubs International to study abroad. We wish Jane much success and we thank God for her accomplishments.

The public is invited to attend this concert at Independent Bible Fellowship Church, Friday, June 27 at 7:00 p.m. The church is located on Rt. 14 east of Harrington on the Harrington-Milford Road.

COULD ANYONE HELP SR. MARGIE on Tuesdays from 12:30 p.m. to 2 p.m. at St. John's or Tuesday and Thursdays from 7:30 p.m. to 9:00 p.m. at Milford Middle School. You only need to be a good listener and clear speaker. Please call Sister Margie (422-3701) in the evening.

SUMMER BIBLE SCHOOL AT ST. JOHN'S — August 11 to 15 from 6 p.m. to 8 p.m. at St. John's (small fee).

Anyone interested in teaching in the program at St. John's or St. Bernadette's is asked to contact Mary Louise at 422-5319 or 422-5827. Catechists (teachers) are needed for various grades. Training will be provided. A team situation can be used for any grade level. (This means that 2 people can alternate weeks teaching.)

Family Life Bureau Notes — The New Life Group for the separated and divorced meets the 3rd Tuesday of each month and provides programs for personal growth and enrichment and help with single parenting. *Post Cana of Lower Delaware* offers an outreach of Christian concern and support to the widowed. In addition to program meetings the 3rd Friday of each month, the group welcomes any widowed person to their monthly social

activities. *The Crusaders Adult Singles* group is pledged to spiritual, emotional, and personal development of single, Catholic persons. Meetings are held each month on the 3rd Sunday after the 12 Noon Mass in the Holy Cross cafeteria.

For more information, please call the Family Life Office in Dover at 678-2078.

WET AND WILD — Monday, June 30, 8:30 a.m. - 8:00 p.m. Cost includes admission and transportation to Largo, MD. Bring change of clothes, bathing suit, towel, spending money. Reservations due Sunday, June 22.

GOD TALKS TO US with a knowledge and a meaning deep within us. He calls some of us to the religious life. Please pray that we will say "Yes" to His call.

EUCCHARISTIC MINISTERS — Anyone scheduled to serve the choir May 29th to September 7th, please disregard the schedule until the next schedule is made.

MESSIAH SING-A-LONG — will be held on Dec. 14 1986 at 3 p.m. at the Milford High School. Local singers will provide the voices while the Barbecue Orchestra of the Delaware Symphony will provide the orchestral

concert. The Ministerium met for lunch on Tuesday, June 17, at the Colony Inn. Honored guests were the Rev'd. Kyle Smith and the Very Rev'd. Charles Brown. Mr. Smith will be leaving Harrington to spend his retirement in North Carolina. Father Brown will become rector of St. Francis de Sales

Lake Forest Ministerium

Lay and clergy members of the Lake Forest Ministerium met for lunch on Tuesday, June 17, at the Colony Inn. Honored guests were the Rev'd. Kyle Smith and the Very Rev'd. Charles Brown. Mr. Smith will be leaving Harrington to spend his retirement in North Carolina. Father Brown will become rector of St. Francis de Sales

Church in Salisbury. Both of these pastors will be missed because of their faithful service to our community.

George Thompson, treasurer of the CROP Walk, reports that over \$2,000 was earned by walkers from our community who came together on May 4th to walk for the hungry around the world and in our own area. The Ministerium extends its gratitude to all those who worked to make our first CROP Walk a success. If any walkers have not yet turned in the money raised from sponsorship, please turn those funds in to your CROP Walk representative as soon as possible.

The Ministerium's Food Pantry has distributed a great deal of food to the hungry in our community in the past

Over The Backyard Fence

Gab Fest by Pat Hatfield

How do you find the flea problem this summer? I comb and groom our little dog every day and we have had very few fleas. But I'm sure they will appear as time goes by. My friend, Alice, was telling me about a remedy she's found very effective. You cut up a lemon, rind and all, in small pieces. Add this to one pint of boiling water. Cover and let steep overnight. In the morning, strain off the liquid and use it to rub all over your dog's coat and skin. The lemon oil is good for the dog's skin, and the aroma is certainly nicer than the evil-smelling flea sprays. And, apparently, the fleas will not get on the dog.

Another way Alice fights the fleas is to add one or two moth balls in her vacuum cleaner bag. That takes care of the fleas that are swept up in the cleaner.

I remarked the other evening to Dad that I had not seen or heard a mosquito this summer. He replied, "Go down to the ditch at the back of the garden and you will see and hear them. This puzzles me, too, because I thought mosquitos bred in water, and until the rains came, that ditch was very dry. My grandmother used to say, "All signs fail in dry weather."

Up until last evening I had not seen a firefly either. But last night they came. The yard and the meadows were alive with them. It was so beautiful, like

fairlyland. I've always been so thankful that I have a wonderful digestive system. I can eat or drink anything day or night and my digestion is perfect. But it seems after a visit to my doctor, that all this good stuff does not keep me from being put on a diet. It really isn't a bad one, although it takes away three of my favorite vegetables...asparagus, peas and cauliflower. And no caffeine...which eliminates chocolate. I am very fond of it, but for the time being, I will obey orders...and I'd better get results!!!

Our wee baby rabbit takes his evening stroll in the front yard just at twilight. Ladybug spotted him and greets him with delighted little yelps and whines. We told her "Baby Rabbit" and she learned the words the very first time. Now when we say, "Where's the baby rabbit?" she runs to the window seat and looks for him.

The Early Girl tomatoes are about the size of walnuts and the lima beans are growing space. Some of the runners head for the strings and wind around according to plan. But Nature has its retarded children too, and some of them just crawl over the ground and have to be placed where they belong.

The potato beetles are fierce this year. We have had to spray the potatoes and tomatoes twice already.

Mrs. Mary Purnell, son and wife, Vernon and Ann Ropka visited with Mary's brother and family, Mr. and Mrs. Nelson Payne and daughter, Cindy on Tuesday in Captains Cove, Va. Mary will be vacationing with the Paynes this week.

Mrs. Naomi Drake of Harrison, NJ was a guest of her cousin, Mrs. Jeanette Betts Dodd last weekend.

Mr. and Mrs. Zora Tatman and daughter, Mrs. Barbara Ann Warren of Woodside have returned home from Cobelskill, NJ after their visit with Zora's nephew, Dr. Cornelius Robbins. Dr. Robbins is the President of

Cobelskill Community College and Agricultural College. He gave the Tauman's and Barbara Ann a complete tour of the College.

On Father's Day, the Robbins family gathered at their father's home for a cookout and visit with the relatives from Delaware. Zora, Virginia and Barbara Ann reported their first trip to this new College a very beautiful vacation, stating they were lost only one time.

Much to our surprise, the Murderkill Lions Club held the last dinner meeting until September on Thursday, the 19th of June, 1986.

David Jones, newly elected President, presided in absence of President, Ken Ryder. Congratulations Dave. Good Luck.

To all that are ill wherever they may be, our prayers and best wishes. May God Bless.

Harrington wins two

by Mike Dill

The Harrington Big League team, breaking out of a season long slump, won two games last week with some timely hitting and excellent pitching. Harrington defeated the Seaford Blues 6-1, behind the strong pitching of John Kirby last Wednesday night.

Kirby, finally back in the form that earned him first-team all-state honors last year, continually handcuffed the Blues with a fast ball and a wicked curve ball.

Kirby received offensive support from Lenny Catalano, who drove in two runs with a double; Steve Thompson, who also doubled; Keith Chandler, who had two hits; and Kirby helped his own cause by going two for three and belting a solo homerun off losing pitcher, Danny Wheatley.

Harrington continued to produce runs at a record pace going into Saturday night's game with winless Millsboro. Harrington had defeated Millsboro 22-

3 two weeks ago, and the result of their second game ended up with Harrington pounding out 25 runs to win 25-0.

Winning pitcher, Steve Thompson, who won his third straight game, went three for three and belted his second grand slam of the season to lead Harrington.

Thompson, Rob Bates, and Craig Hurd all stroked grand slams in the first inning as Harrington scored 23 times in the opening frame.

Thompson combined with Elvin Spence and Jim Kossman to shut Millsboro down with only one hit.

Sunday afternoon Harrington traveled to Delmar and the Harrington bats were silenced by Delmar pitcher, Mark Perry.

Perry went the distance, striking out 10, and only surrendering four hits as he shut out Harrington 5-0.

John Kirby and Elvin Spence took the loss for Harrington, who has now failed to 6-6.

Yanks sweep Hampden

by Mike Dill

The Milford Yanks semi-pro baseball team won their first games of the season on Saturday, defeating non-league opponent, Hampden, of Baltimore, Md., by the scores of 7-0 and 6-4.

In the opener, Mike Dill, pitched six shutout innings to pick up the win. Dill struck out four, walked two and surrendered five hits to pick up the win with Tim Stump coming on in the seventh for the save.

Theodis Bowe, Stump and Dill all had two hits and one RBI apiece.

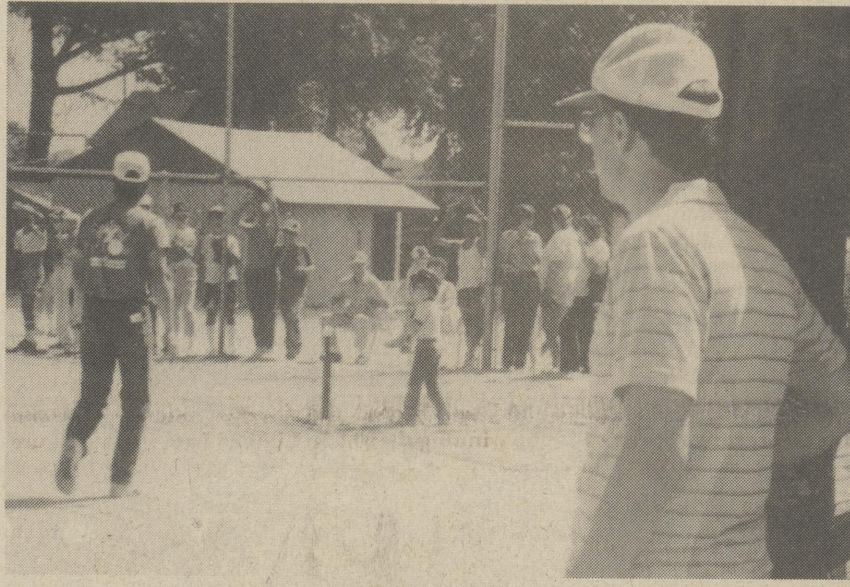

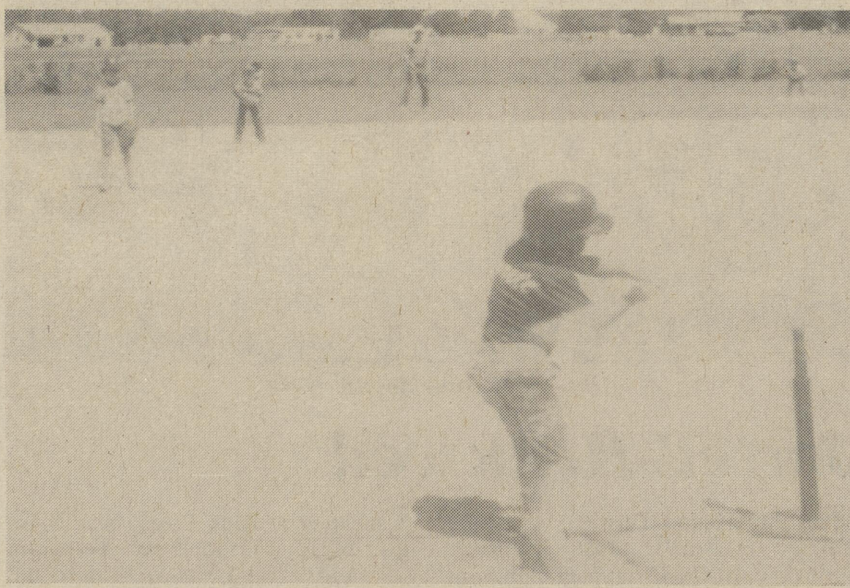

Jeff Thompson and Mike Webb both had two RBI's to help lead the Yanks.

In the nightcap, Randy Kenton, Jim Moss and Bowe combined to pitch the Yanks past Hampden, 6-4.

Player-Manager Theodis Bowe, Jr. knocked in two runs on two hits to lead the Yanks. Stump, Moss and Steve Gillespie all added RBI's also.

The Yanks jumped out to a 6-0 lead but had to withstand a late Hampden rally to hold on for their second win of the season.

K Acres Barabbas overpowers highlight series; Naples wins invitational

by Mary Bachrad

A Delaware homebred, K Acres Barabbas scored a powerful 1:55.1 victory to win the \$20,000 final of the Highlight Series the Saturday feature at Brandywine.

Co-owner, trainer and driver, Bob Shahan rushed son of little known Miracle Hanover sired colt from third approaching the far turn to speed past leader, Pilgrim's Storm at the three quarters then pulled away from his six rivals for a convincing four length victory. Three And Two finished second with Catfish Express third. Generally Dynamic, who set a blistering 56.3 pace to the half finished sixth in the field of seven.

The win was the fourth in a row for the 3 year old who now has won 8 of 19 races this season banking \$25,713 so far this campaign. In the winners circle Shahan said, "My colt has been improving every week. Early this season, he couldn't shake a throat infection, it kept coming back."

When Dignatarius was scratched early in the night, all semblance of a contest seemed to disappear. Naples set his own fractions enroute to a 1:57.3 triumph in the \$12,000 Invitational Pace, Pilgrim's Rainbow was next followed by Better Yet in the select field.

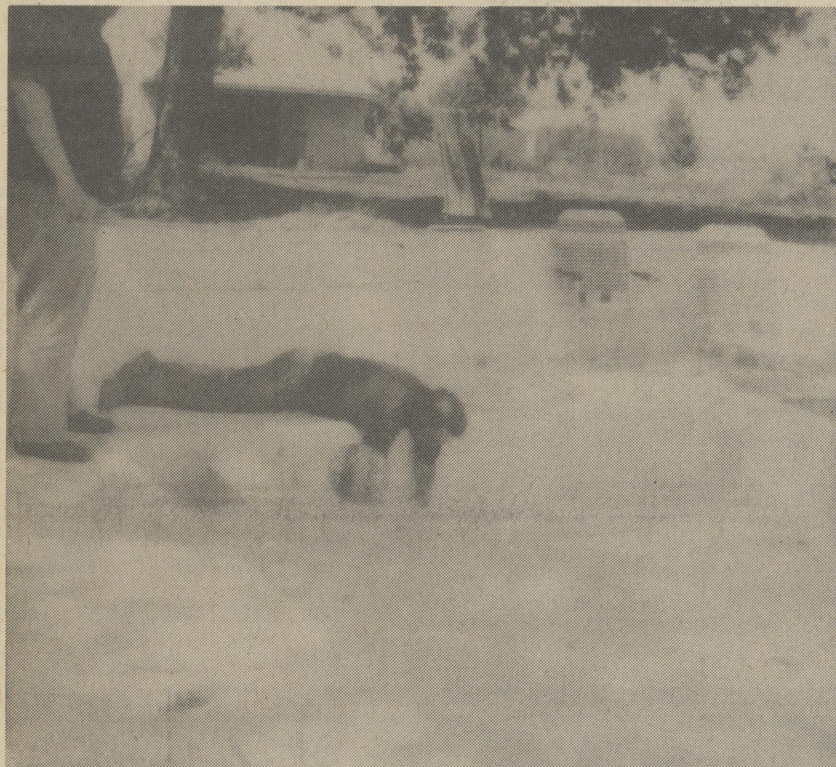

Stargell Lobell returned to the winner's circle for the first time since last spring overcoming the outside eight post to register a 1:58 wire-to-wire triumph for driver Larry Manges in one of the twin sub feature \$7,000 Open Paces, Duke of Talbot and Sir Alba Jenkins were right behind. Tarmac used a similar formula to turn back the other division as Eddie Davis used the occasion for a 1:57.3 never look back victory. Allwood's Star Bid looped the field in a \$4,000 event. Pete Petersheim opened up the 5 year old General Star horse blasting from last to first down the backstretch to get the lead and then drew off for a 1:57.4 score. Other quick Sunday wins were turned in by Keepin The Faith, a 1:58.1 winner for Eddie Davis; Rebel Royce with Dick

Macomber piloting a 1:58.4 victory and Steve Milam steering Stuz Bearcat home in 1:59.4.

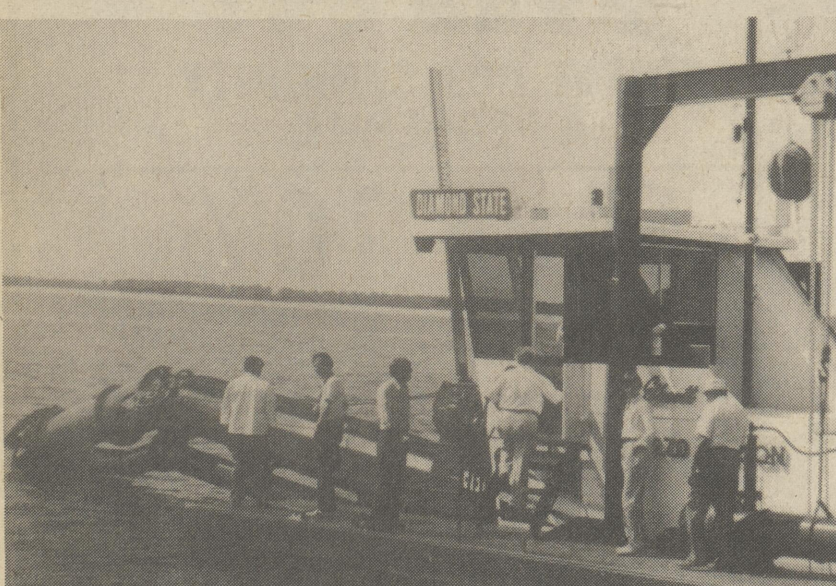

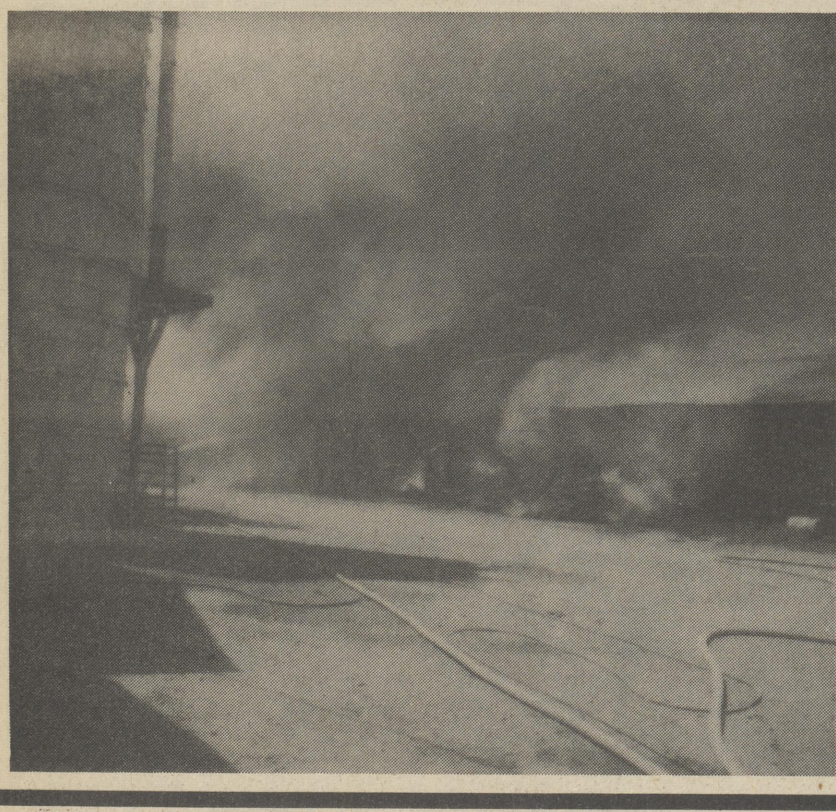

Saturday spotlighted the top female pacers on the grounds with two divisions of the \$6,000 Fillies and Mares Open Pace. Whisper Wave wasn't deterred by the outside nine post and recorded a 1:58 performance for Dave Howard to outdistance Demolition Queen (Tom Devitis) and H R's Soft Hello (Bill Herman) in one division while the meet's leading driver Davis found room along the rail to squeeze razor sharp Sales Girl through for a 1:58.4 win over Lightning Laura (Herman) and Irma Blue Chip (Presley Moore Jr.). Another fast win was turned in by Donald R D reined by Tim Warrington to a 1:57.2 new mark, the third win in four starts for the Escape Artist 5 year old.

Flowing Gait asserted herself as the top aged trotter at the track Friday breezing to a 2:00.3 win in the Canvasback Duck \$6,000 Open Trot. Ken McNutt again was at the controls for a four length decision over Supercede Hanover (Ross Hayter) and Moshannon Finesse (Ray Romanetti). The night's pacing feature went to the Ross Hayter driven Tapper's Girl recipient of a two hole trip to overtake 2 year old French Chef colt Bocuse with Stanley Dancer.

Lightly raced 3 year old Cool Abe won for the second time in two career starts for Red Ross waltzing to a 1:59.4 Wednesday win while Track Robbert became the first 2 year old 2:00 winner with Eddie Davis in the bike on Tuesday. Other freshmen to make the winner's circle during the week included the Most Happy Fella colt, Concealed Weapon scoring for Abe Stoltzfus in 2:01.1; Oxford Pilot, a Scarlet Skipper son guided by Red Ross in 2:01.3; Timber Swale, sired by General Star with Merle Parker at the reins, fashioned a 2:01 win; Crimson Sonsam colt with Jody Stafford driving in 2:02.4 and Colby Knox winning with Bill Herman, a 2:04.3 triumph.

Ernest Vogl suffered 1st and 2nd degree burns to the hands and arms last Thursday in a fire on his property near Mastens Corner. Here, he sticks his hands in the swimming pool to relieve the extreme pain. The fire was allegedly set by a 14-year-old youth who ignited a bale of straw while loading a wagon. The youth covered the bale with other bales thinking the fire was out. Instead, it turned into a raging fire (bottom photo) causing the loss of two farm buildings, tractors and other machinery. SLAUGHTER BEACH, DEL — Officials Christen the "Diamond State" — State and local officials took the "Diamond State," a new "14-inch" dredge, out for a test run on Friday, June 6. The state's newest dredge is designed for offshore and will be used in the Division of Soil and Water's beach nourishment project.

Soybean Board funds University of Delaware projects

The Delaware Soybean Board has approved nearly \$25,900 in support of eight University of Delaware research and extension projects for 1986. These projects are aimed at improving the profitability of soybean production in the state. One major project is the continuation of a task force study of the factors affecting soybean yields on Delaware farms.

Other projects funded for the current season are: an evaluation of soybean varieties for no-till double cropping; soybean variety performance tests; an evaluation of miticides for control of the two-spotted spider mite in soybeans;

use of ground-driven applicators for postemergence herbicides; effectiveness of combining over-the-top herbicides and manganese sulfate to alleviate manganese deficiency in soybeans; management of soybean cyst nematode populations; and control of problem weeds in soybeans.

Money for these projects comes from a 1-cent-per-bushel check-off on soybeans raised in the state. The scientists involved are researchers at the University of Delaware Agricultural Experiment Station and specialists with the Delaware Cooperative Extension System.

"Soybean Board Funds U of D Projects" — Delaware Soybean Board president Homer Torbert, right, from Frederica, presents a \$25,875 check to U of D Ag College Dean Donald F. Crossan and Delaware Extension Director Richard E. Fowler. Money will be used to support eight projects aimed at improving soybean production in the state.

Fields returns to Georgetown

by Don Allen
 GEORGETOWN, Bridgeville, De. favorite, Oscar Fields returned to stock car competition after a long absence Sunday night and did it in a big way as he won the 20 lap, Delaware National Bank sponsored, Limited Late Model feature at the Georgetown Speedway. Oscar debuted his Bodie's Dairy Markets #5 a Camaro and hot footed under Bill Lawson's checkered several car lengths ahead of the top five cars of Jeff Turpin, Bill Penuel, Gerald Jester and Butch Hilliard.

Fields, Turpin and Penuel kept the stands rocking throughout the event as they each made heated bids for the lead. Early race leader and first heat race winner, Bunky White, would have surely made it a foursome, but a steering rod broke free and punctured his Hawaiian Tropic IROC Camaro's oil pump, causing him to retire during the early laps.

When White retired, Turpin took the point with his Smith's Used Cars #USA-1. Fields challenged Turpin to a side-by-side duel for the next several circuits and finally came out on top just after the halfway mark. Turpin hung onto Field's bumper and it wasn't until the three-to-go signal that the #5 was able to open a comfortable lead.

FEATURE RESULTS: Fields, Turpin, Penuel, Jester, Hilliard, Morris Tucker, Buddy Messick, Doug Beach, Preston Beach, Jim Mitchell,

Eddie Williams, Bunky White, Jeff Patilla, Ronnie Lavere, Tim White, Chuck Prettyman, Leon Johnson, Phil Murray.

Street Modified ace Kenny Pettyjohn scored his fourth Georgetown season win with his #38 Special in that division's 10 lap main. Pettyjohn bested the top five mounts of Ron Robinson, Ryan Bloom, Terry Oliphant and Richard White, Jr. for the win.

FROM THE FIFTH TURN: LLM pilot, Phil Wells, turned his #41 W over to Jeff Patilla for the evening Sunday. Jeff's Coors Light #14 is sidelined temporarily and Phil gave Jeff his ride so he could maintain his LLM points lead.

Street Modified driver Eugene Spatz gets the "Hard Luck Award" for the night. He purchased Richard Cook's #6 Cutlass Saturday night. Eugene made a convincing showing in the inaugural season of SM competition 1985, but his first night out in his new ride was not the most satisfying. Just after the halfway mark as Eugene's racer powered into the third turn, he momentarily lost the handle & slid over the bank. That was bad enough, but the car got sideways and dug into the loose dirt producing a violent side-for-side flip. Eugene came out all right but the car was used-up considerably.

Sprint cars added to Nostalgia night June 28th

by Charlie Brown
 The U.S. 13 Speedway will showcase the old new in racing on Saturday night June 28th. The special program, sponsored by Taylor & Messick of Harrington, will feature exciting wheel to wheel competition in five different divisions along with taking us back to the early days of racing with the "Outlaw Old Timers."

Headlining the program will be an unscheduled appearance of the United Racing Club super sprints. URC officials were quick to request this additional date after the new track surface and banking brought raves from their drivers. It will be an all-out attempt by URC's finest to lower Kenny Adams' new track record of 18.42 seconds, 97.72 mph.

The "Outlaw Old Timers" will also be on hand to demonstrate how racing looked in the early days of the modified. The drivers in their original and

restored coupes and coaches will bring back many memories of racing's roots here on Delmarva.

Not to be overshadowed will be the always exciting competition in the modified, late model, limited late models and street modifieds divisions, featuring the "Stars and Cars of Delmarva" along with the top invaders from Pennsylvania, Maryland and New Jersey.

Prerace activities will be highlighted by a display of street rods, sports cars, antique and classic cars which will be participating in the two day "Speedorama" at the adjoining dragway. Many of the cars on display will join the "Funny Cars" and the "Wild Bunch" in special eliminations on Sunday afternoon and evening.

Gates open at the speedway on Saturday at 5:30 p.m. with racing at 8:00 p.m.

Two day "Speedorama" set for U.S. Dragway

The U.S. 13 Dragway in Delmar, Del., will feature two big days of cars, competition, contest, music and fun in "Speedorama" June 28th and 29th.

Activities will begin at 2 p.m. on Saturday with show judging in 13 different classes of street rods, street rod trucks, street machines, low riders, sports cars, antiques and classics. Tire smoking street rod and street machine pulls will start at 3 p.m. and live rock and roll music will begin at 4 p.m. Fun for the whole family will also be provided by go-cart rides and kids pedal power tractor pulls.

Sunday's action will switch to the quarter mile with time trials beginning at 1:30 p.m. The presentation of trophies from Saturday's judging will

take place at 5 p.m. with drag eliminations getting underway at 6 p.m.

Featured in the evening's drag racing will be the exotic creations of the "Wild Bunch" going against 200 mph "Funny Cars" along with the Rod Runs, Quick 32, Combo, Pro Bike, and Hot Rod

Trophy. Participants and spectators will be able to purchase a special two day pass which will also include Saturday night's action packed program of stock car racing on the adjoining half-mile clay oval. Saturday nights racing will include the URC sprints, Outlaw Old Timers, modifieds, late models, limited late models, and street modifieds.

Daytona qualifying King Elliott predicts 'Cracker Pole at 202

DAYTONA BEACH, FL — Bill Elliott has won three straight Busch Pole positions at Daytona International Speedway, including a track record 205.114 mph effort in February of 1985.

His high speed virtuosity makes him the most qualified to predict the pole speed for the July 4 Pepsi Firecracker 400 at Daytona and, not surprisingly, his call is smoking.

"I think it will probably take a 202.5 or a 203 to take the pole," said Elliott.

Elliott won the pole for the 1985 Firecracker at 201.523 mph. Only Elliott and Carl Yarborough have ever qualified at better than 200 mph for the 'Cracker', which traditionally sees lower speeds than in February.

However, 200-plus mph runs in tire testing in May by Dale Earnhardt and Terry Labonte lead observers to believe that as many as eight to 10 cars may

qualify at better than 200 this year. "You'd have to look at Bodine as a favorite," said the driver of the Coors/Melling Fore. "They've already won five pole positions so you know they'll be working for it."

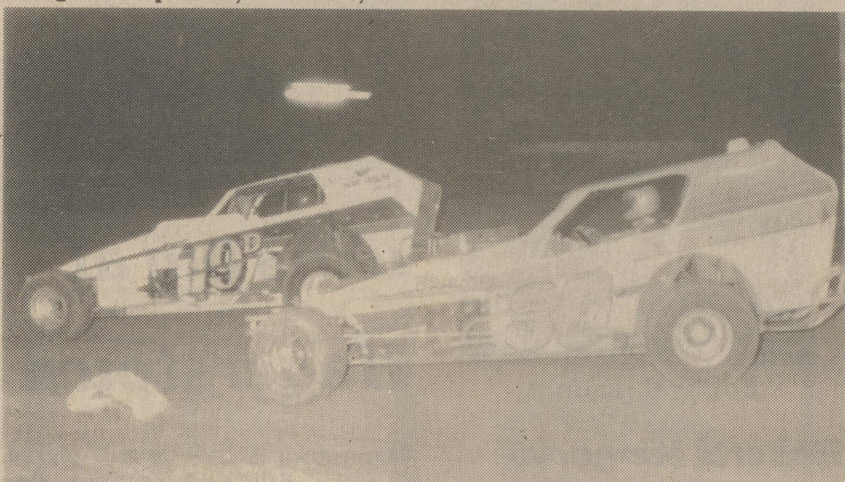

"Also, Bobby Allison ran good in qualifying at Talladega for the Winston 500 and then wne ton to win the race so I think he'll definitely be a factor."

"And Another one you always have to look out for at Daytona is Cale Yarborough. He and Waddell (Wilson) have had a lot of success here so they will definitely be in the running for the pole and probably the race, too."

There will be no live television broadcast of teh Pepsi Firecracker. Portions of the race will be shown on ABC's Wide World of Sports on a Saturday following the race.

Bunting captures Flem

by Don Allen
 GEORGETOWN, DE. Milford Delaware's Harold Bunting scored his first win of '86 at the Georgetown Speedway Sunday night in the 40 lap Flemington Qualifier for Modifieds. Bunting's victory in the D&D Dismantling #19D put an end to the three race win streak of Freddy Brightbill who finished second ahead of Bob Parks. David Trice and John Richards rounded out the top five.

The evening's events were sponsored by the Delaware National Bank and joining their representative, S. Frank Perdue, in the winner's circle were representatives of Porter's Sand and Gravel of Harrington, Delaware, and Copp's Seafood of Lewes, De. who presented Bunting with a total of \$250 in bonus money for his performance. This made the winner's purse a grand total of \$1,500. Bunting also aced himself a guaranteed starting berth on the Skool Bandit 200 to be held at the Flemington Speedway on Nov. 2nd.

Weekend attrition made for a lean field of racers but had no effect on the

quantity of thrills. The front five slots were hotly contested for the bulk of the event with wheel-to-wheel battles between the front runners. Most notable was the contest between Brightbill and the Blue Hen Racing #30 of Bob Wilkins. Unfortunately Wilkins fell out near the end, but while he was running the race action was memorable.

Bunting didn't put a lock on the race until lap 30. He had started near the front but had visited the pits during an early caution and was forced to march from the rear to gain the victory laurels.

A torrential downpour just three hours before race time Friday night, forced the speedway to hold its events on Sunday. Next Friday night the Modifieds will return for a 30 lap event and in just two weeks, on Friday July 4th, the MODCAR Organization will make their first of two '86 appearances in a 40 lap "Super Series" race. This race is part of the Keystone Pretzel's MODCAR1986 Tour that carries with it a series points fund purse of \$14,000.

Riley Williamson wins at U.S. 13

by Charlie Brown
 Riley Williamson of Delmar collected his first win in the Quick 32 Sunday night at the US 13 Dragway. Williamson's 10.55/123.45 was more than enough as Steve Hitch of Salisbury, Md., redlighted in the final round. Hitch was just eleven-hundredths of a second early, running a 9.13/144.23 m.p.h.

Brent Bounds lost to Williamson in the semi-final round as his '81 Camaro went 9.85/134.73. Carolyn Johnson also went down in defeat in the semi-final round losing to Hitch. Johnson ran a 11.45/116.27 in her Camaro.

Loosing in the quarter-final round were Allan Bradford of Salisbury, Mark Vitale of Dover, John Myers of Glen Burnie and Chris Wigfall of Salisbury.

Combo Eliminator was won by Karl Martel of Dover in a '68 Camaro. Karl had lost in the first round of Quick 32 and reentered in the Combo. The move paid off as he ran a 9.83/122.44 to defeat Wayne Wilson of Cambridge in the final round. Wilson's Vega ran a 11.89/114.35 in the final.

Ronnie Bishop of Salisbury ended his

night in the semi-final round running a 11.70/109.89 in his '56 Chevy. Quarter-final honors went to Bill Groton of Seaford in a '66 GTO, John Henderson of Frederica in a '69 Camaro, and Bruce Webb of Milford in a Chevy Wagon.

Kelvin Johnson of Nassasadox, Va., won his fourth of the season in Pro Bike riding a '81 Kawasaki. Johnson ran a 11.99/93.94 to defeat Wayne Collins of Horntown, Va., who ran a 12.30/98.46. Semi-finalist were Charles Satchell of Pungoteague, Va. and BVrian Archer of Easton.

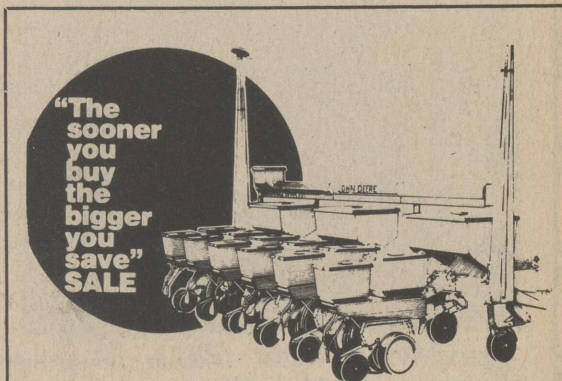

Alonzo Manokey once again captured the Hot Rod Trophy Eliminator in his Nova. Manokey ran a 12.59/96.05 to eliminate John Emory of Milton in the final round.

This Sunday will be a special featuring the return of the "Wild Bunch" going against 200 mph Funny Cars. Regular competition in Quick 32, Combo, Pro bike and Hot Rod Trophy will be included. Along with the program will be Rod runs for the street rods that will be taking part in the two day Speedorama weekend.

This is what is left of Eugene Spatz's newly purchased Street Modified #6 (from Richard Cook on Saturday) after he took a terrible flip in the Street Mod Feature. He was okay but the same cannot be said for the car. D & L Photos.

Earnhardt \$150 G's richer

DAYTONA BEACH, FL — Only Dale Earnhardt can enjoy the summer sun and the Florida beaches when he travels to Daytona Beach for the Pepsi Firecracker 400 at Daytona International Speedway on July 4. After all, he's \$150,000 richer.

But the heat will really be on the rest of the NASCAR Winston Cup drivers in their bid to earn part of the \$500,000 mid-season payoff.

The top ten drivers in the Winston Cup standings following the Firecracker 400 will divide the half-million dollars, and only Earnhardt is assured of remaining in the position he now occupies.

Earnhardt leads the point battle by a commanding 251 points over Darrell Waltrip, and as a result, he is ensured of being the point leader following the holiday race no matter where he

Dale Earnhardt

finishes in the \$501,195 event.

The most points that Waltrip can earn at Daytona is 185 points. And to accomplish that, he must win the 400 and lead the most laps.

Second place is worth \$100,000 with the driver occupying the No. 3 spot following Daytona picking up a \$75,000 bonus from Winston cigarettes.

The driver who stands fourth will receive \$40,000 with a \$5,000 drop per position with the driver in the No. 10 spot winning \$10,000.

Qualifying for the 400 will begin at 10 a.m. on Wednesday, July 2. Most drivers are predicting that Elliott's Firecracker 400 qualifying record of 201.523 mph will be broken "many times over."

The 400 will get the green flag at 10 a.m. on Friday, July 4, with ABC-TV taping the race for showing later on World of Sports.

NASCAR sanctions SK-Type Modifieds at Thompson

THOMPSON, CT. — July 6th is the date to remember at the ultra fast 5/8th mile oval. This marks the opening nite of the NASCAR WINSTON RACING SERIES, TWI-NITE RACING PROGRAM at Thompson. The Speedway will offer up a full card of NASCAR-WINSTON PRO STOCK RACING, NASCAR SK-TYPE MODIFIEDS and LATE MODEL STREET STOCK RACING.

Pro Stock drivers from within the NASCAR-WINSTON ranks can not wait to invade the oval on the July 6th opener. Over 2 months will have past since the track hosted its last PRO STOCK race event. Fast charging Jerry Marquis will again be out trying to edge out Wayne Bellefleur. These two drivers provided the full house of race fans at ICEBREAKER 86 with some heavy and tight action packed competitive racing action.

Roberts Memorial and fireworks at Hagerstown

Hagerstown, MD — The 21st Annual Johnny Roberts Memorial Classic, is set for the Hagerstown Speedway on Thursday, July 3rd.

The defending champion of the 50-lap event is Jeff Robinson. In the 1985 version of the race, Robinson steered the Fry's Stables/Penn Performance Special to victory.

Robinson has been on the disabled list for four weeks this season, but is expected to return to action in time to defend his title.

The sprint cars will be in action the next night, Friday, July 4th with two 20-lap features. Doug Wolfgang headlines a list of sprint car stars expected to be on hand for this special event.

For additional information phone the track office at 301-582-0640.

Wolfgang wins big at Hagerstown

Hagerstown, Md. — Doug Wolfgang of Sioux Falls, SD continued his winning ways at the Hagerstown Speedway by winning the 25 lap feature Friday night, June 20.

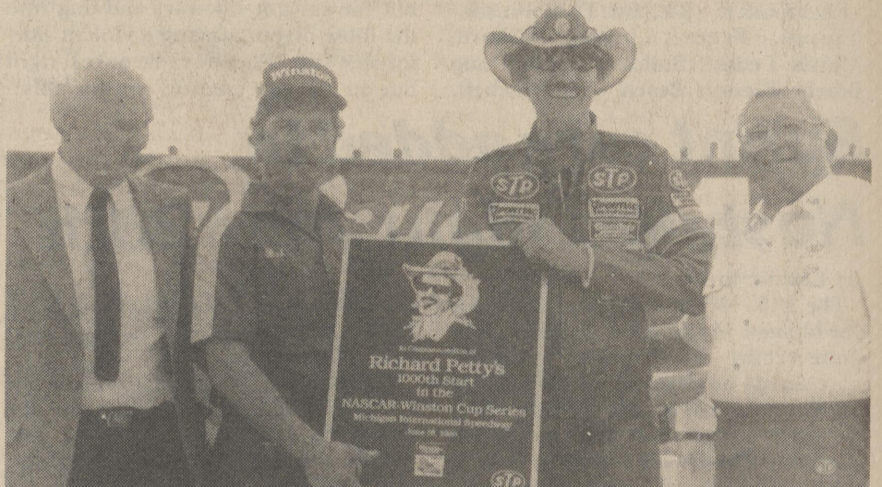

Starting in the 11th position, Wolfgang worked his way quickly to third spot by the second lap as Steve Pieper held onto the early lead. On the third lap, Dave Kelly grabbed the lead, but it was short lived as Wolfgang charged to the front on the next lap.

As Wolfgang began to pull away from the rest of the field, Kelly stayed within striking distance as Joey Allen, Pieper and Darren Eash battled it out for third.

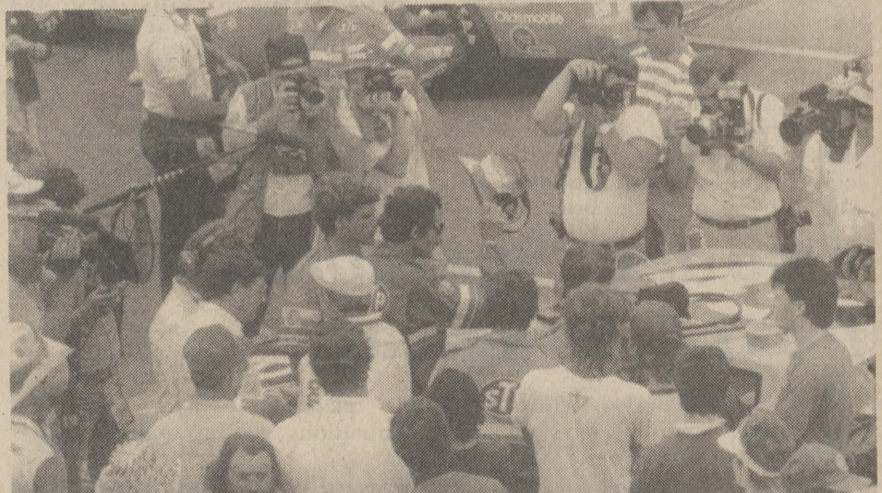

A caution on the 17th lap brought Wolfgang back to the rest of the field, but he pulled away from the field when the race was restarted to win by five seconds over Kelly. Rounding out the top five were Darren Eash, Joey Allen, and Paul Lotier.

Heats were won by Wolfgang and Van May.

Racing resumes at Hagerstown Friday night with the sprints and the roadrunners. Racing starts at 8:00 p.m.

Bohn gets first win of season at Wall

Wall Township — With a record 104 cars packed into the pits Saturday night at Wall Stadium, Eddie Bohn of Freehold reigned victorious in the thirty five lap modified feature.

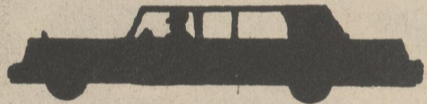

Bob McCurdy of Jackson lead the twenty two car starting field into action as Bohn ran in second and Tony Ciccone of Edison, third. With one lap complete, the first and only yellow flag was displayed for a four car tangle in turn one involving Jerry Cranmer of Chesterfield, Gil Hearne of Jacobstown, Joe Lukcus of Edison and

Joe Merlino. All four cars were able to return to the race.

On the restart, Bohn made the one move he needed to grab the lead as Tinto Falls Pete Brittain followed through for second and Doug Wolcott, third. The front three did not change positions throughout the remaining thirty four laps, but Bohn's victory was not as easy as it sounded. Lapped traffic played an important part in the win as Bohn made all of the right moves at the right time to notch his first of the season.

RJR makes promotions

WINSTON-SALEM, NC — Robert A. Kelly has joined R.J. Reynolds Tobacco Company's public relations department and will direct the company's NASCAR Winston Cup media relations' program.

Robert E. Moore, who has been responsible for Winston Cup public relations since 1978, has been reassigned to a new position, national media relations coordinator for Reynolds Tobacco's total special events activities.

"Reynolds Tobacco seeks to increase fan interest in the motorsports, golf and rodeo series that it sponsors, and we believe the addition of Bob Kelly to our staff and the new assignment for Bob Moore will help the company achieve that goal," said David Fishel, vice president of public relations.

In addition to the NASCAR Winston Cup series, Reynolds Tobacco sponsors the IMSA Camel GT series, the AMA

Camel Pro series, the NHRA and IHRA Winston Drag Racing series, the NASCAR Winston Racing and Winston West series, the Winston Rodeo series and the Vantage Cup Golf series.

Kelly, a graduate of State University College in Cortland, N.Y., joined Reynolds Tobacco after three years with Campbell and Company where he was responsible for public relations for Ford

motorsports programs. Earlier, he was public relations coordinator for Charlotte Motor Speedway and press director for the Watkins Glen Grand Prix Corporation.

Moore joined Reynolds Tobacco in 1978 after serving as a sports reporter for the Charlotte Observer, Tampa Tribune, Daytona Beach News-Journal and Bradenton (Fla.) Herald. He is a graduate of Kent State University.

Firecracker 400 win for Wallace a big boost

DAYTONA BEACH, FL — "This team has been a strong second half team and probably always will be," said Alugard Pontiac driver Rusty Wallace of his Blue Max Racing outfit. "A big second half of the season will make this one heckuva year."

Wallace will come into the July 4th race comfortably in the top five in points in his first season with Blue Max. He is finally showing the potential indicated when he won the Winston Cup division's Champion Spark Plug Rookie of the Year award in 1984.

"It just took a good team to make it all happen," said Wallace, who won his first career Winston Cup race earlier this season at Bristol, TN.

His consistency will enable him to pick up a sizeable chunk of the \$500,000 bonus Winston will spot for the top 10 drivers in points after the Firecracker.

Blue Max, owned by Texas drag racer Raymond Beadle, is keyed by an experienced nucleus including crew chief Barry Dodson, who learned his craft with Petty Enterprises and Ranier

Racing; engine man Harold Elliott, who won Winston Cup titles in 1978 and '81; and chassis specialist Jimmy Makar, a Junior Johnson Racing grad.

Wallace said the second half of the season would allow the team to bring the right race cars to the right tracks, and it took a half season to figure that out.

Opinion

Letters to the Editor

Dear Mr. Farrow:

The Lake Forest Recognition Banquet committee appreciates the pictures of, and coverage given to, our May 29 celebration. There were several errors in reporting, however, which we feel are significant and should be clarified. The headline reported that Lake Forest administration held the banquet. In fact, a volunteer committee of teachers, aides, food service workers, secretaries, and administrators planned, organized, and held the event. The School Board (not the administrators) paid for state service pins for retirees, and for Lake Forest pins for all employees with five or more years of district service. All 261 of the people attending paid for their own tickets to the banquet. Many organizations and individuals donated time and money to make the event a success. The banquet was a united effort to show appreciation and recognition for the work of all Lake Forest employees, including retirees, and it was held at Felton Fire Hall, not North Elementary.

The brass goose given to Dr. Lysik was a gift, not a "gift." Delaware is in the migration flyway of the Canadian geese; the gift was chosen to provide a few good memories of his family's time in Lake Forest.

Other errors do not relate to the banquet as a whole, but are important to the individuals involved.

...Dr. Lysik is L.F. School District Superintendent, not L.F. High School superintendent.

...Gloria Dill contributed 38 years to speech therapy, not 30.

...Anne Minner spells her first name with an e, not Ann Minner.

...Janice Hinzman's title is food service supervisor, not food service manager.

...Kathleen Browne retires with 31 years' service, not 30.

...Solomon Scott retires after 17 years' service, not 15.

...Ray Stoops' title is supervisor of transportation, not bus superintendent.

We have included two copies of the *Open Door*, newsletter of the Lake Forest community. The current issue of the *Open Door* contains further information on the Recognition Banquet.

We will be happy to provide accurate information about Lake Forest whenever requested. The banquet was a very happy event, and we thank you for covering it. Lake Forest needs positive, accurate news coverage.

Yours truly,
Carol Lamphier
and Janice Hinzman

Dear Editor:

A recent newspaper article says the DelDot is going to "study traffic congestion" via a consulting firm spending more tax dollars. All one has to do is attempt to go anywhere on weekends.

The greater D.C. built a mega highway circling the area to lessen congestion...The result? More congestion.

The only viable answer to the reduction of traffic is to remove the vehicles from the highways! Ferry boats to and from the north or passenger trains.

One eight car passenger train can relieve the highways of 600 cars. Ten such trains could take 6000 automobiles per day from our roads.

Why then, must we spend mega bucks on new roads and bridges when we already have a road of steel and that additional bridge, just waiting to be used?

Senator Minner's column

The State Senate defeated House Bill 447, the mandatory seat belt law, after a 5 hour emotional, and at times heated, debate.

My personal comments in opposition of this legislation centered around individual liberties and the freedom of choice we all possess under the law. It seems like more and more citizens of our state resent government, whether it be federal, state or local, telling or mandating personal behavior. It has been stated by authorities in the traffic safety field that wearing a seat belt minimizes the risk of death and serious injury. But many other individuals cite examples of how death a serious injury have been prevented by not wearing seat belts and a very large number of citizens expressed their support of the practice of wearing seat belts, but not the idea of government telling them to do so.

In addition to the philosophical differences, some technical problems in the provisions of the legislation caused some members, myself included, to oppose the bill for practical reasons.

For example, language in HB 447 stated that a motorist could be cited for violating the law if the belt was not "properly adjusted" when operating or riding in a vehicle. The problem is that the bill contained no legal definition for "properly adjusted". What would happen if a particularly short or stout individual was using a seat belt but made minor modifications for proper fit or comfort? Under the proposed law, the arresting officer could still cite the

individual for lack of a good definition. The problem with violators having to go to two courts (magistrate court for the primary offense, such as speeding, and Superior Court for the seat belt violation) to settle such violations would have not only meant extreme inconveniences for Delaware motorists, but would have also placed additional burdens on an already overloaded court.

The technicalities, in addition to many personal reasons for opposition, led to this bill's defeat. I sincerely hope that if additional mandatory seat belt bills are proposed in the years ahead, as most advocates have stated already, the legislation presented for consideration will be legally and technically proper.

The Senate considered and passed Senate Bill 425, legislation which prohibits vehicles with modified suspension systems and bumper heights from using our highways.

The intent of the legislation was to outlaw these "jacked up" trucks with oversized tires and bumper systems which cause extreme visibility problems at night (when their headlights shine directly in to rearview mirrors) and possible safety violations because the bumpers do not align with any other vehicle bumper heights.

I supported the concept of the legislation for safety reasons but due to concerns I had about some pick-up trucks and agricultural vehicles possible falling under the provisions of the law, I did not vote for the bill.

Supporting local firefighters

by U.S. Senator Bill Roth

I believe in a country built on volunteerism. National pride and a sense of community inspire many of us to give time and energy to make our cities, towns and our country better places to live. Some volunteers, though, take on vital and even life threatening duties to help their neighbors. Volunteer firefighters are just such people. They are at the heart of most every community in Delaware and they deserve our thanks.

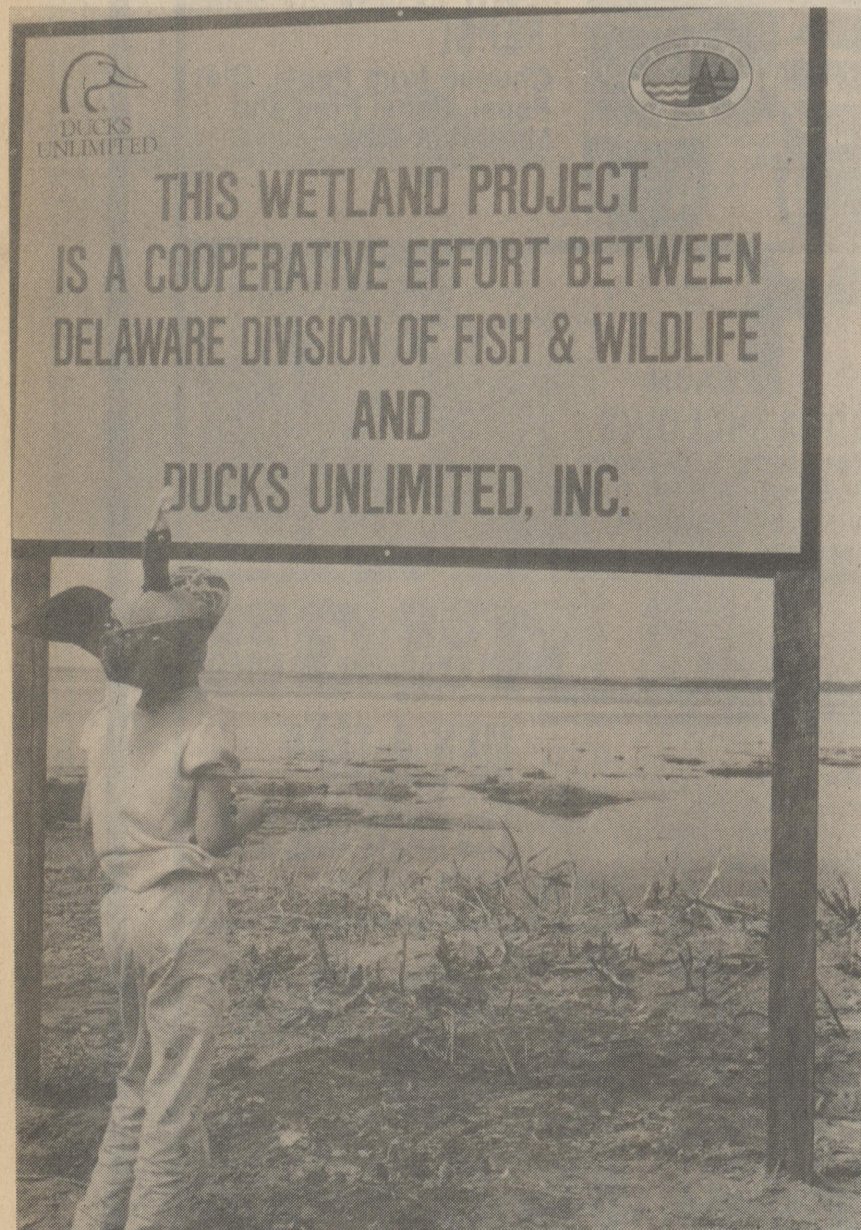

I also think they deserve support. I don't just mean going to chicken dinners or Wednesday night bingo games. I mean the support of the federal government, wherever possible. The United States Fire Academy is one important way the government has supported the efforts of firefighters nationwide. Yet there has been talk of eliminating or drastically cutting back on some aspects of the training program at the Academy, particularly the resident instruction program. Such a cut back would end the financial help given to volunteer and career firefighters to attend the training programs.

Because I am concerned and distressed about the prospect of firefighters losing

such a valuable service, I recently wrote to Julius W. Becton, Jr., the director of the Federal Emergency Management Agency. This agency has jurisdiction over the U.S. Fire Academy. I told Mr. Becton that I could not believe the administration would try to reduce the resident instruction program at the Academy, especially in light of the consistently strong support for fire prevention programs in Congress.

I am pleased to say Mr. Becton's response to me was positive. Mr. Becton said he had told Vice-President Bush that he was "dedicated to seeing that the National Fire Academy grows in academic structure and provides innovative and professional programs to meet the needs of the Nation's fire service, and the general public they serve."

The Fire Academy's resident instruction program is a vital forum for firefighters to learn the most advanced technologies and methods for fire prevention and fighting. Those who attend the programs take what they learn back to towns and neighborhoods in Delaware and across the country. I am glad Mr. Becton realizes the importance of the Academy and is committed to its future.

Milford — Milford Memorial Hospital has signed an agreement with PARTNERS National Health Plans to participate in the first nationwide preferred provider organization (PPO), which is by far the largest plan network in the United States.

The PARTNERS National Advantage PPO is designed for large employers with employees in one or more

locations around the country to provide uniform preferred provider benefits in their various locations.

"The initial plan is a hospital-only PPO. However, we believe it will steer patients to our physicians because entry into Milford Memorial is controlled largely through our active medical staff," says Glenn Davis, Administrator of Milford Memorial Hospital.

Reconsidering the Exclusionary Rule

by Bradford P. Wilson

Dr. Bradford P. Wilson is Associate Professor of Political Science at California State University, San Bernardino. He is the author of "Enforcing the Fourth Amendment" (Garland, 1986).

EDITOR'S NOTE: On June 19, 1961, the United States Supreme Court decided the case of *Mapp v. Ohio*. In that case, for the first time, the Court held that evidence which the police had acquired through unlawful means must be excluded from state criminal trials. There has probably never been a court decision that altered the conditions of law enforcement quite so substantially as *Mapp*. On the 25th anniversary of the *Mapp* decision, Dr. Wilson reconsiders the constitutional basis of the controversial "exclusionary rule."

June 19 marks the 25th anniversary of the landmark Supreme Court decision in *Mapp v. Ohio*. In that case, a bare majority of the Justices agreed that the Constitution forbade state criminal courts from considering evidence acquired by law enforcement officers in the course of an illegal search and seizure. Abe Fortas, who was appointed to the high bench a few years later, called it "the most radical decision in recent times."

Mapp was radical in theory and radical in practice. It was also wrong; Consider its argument: The Fourteenth Amendment prohibits state officers from depriving a person of "life, liberty, or property, without due process of law." All searches and seizures violating judicial interpretations of what makes them "arbitrary" or "unreasonable" are, in the Court's words, "unconscionable invasions of privacy," and for this reason violate "due process of law." Not only that; due process requires state courts to disregard any evidence that results from such searches, for "the exclusion doctrine (is) an essential part of the right to privacy."

In the word of constitutional interpretation, if a majority of the Supreme Court wants to reach a conclusion badly enough, it does so by asserting newly discovered "constitutional principles" or "constitutional rights" that compel the desired result. The Court's interpretation in *Mapp* of the Fourteenth Amendment's Due Process Clause, like its reading of that clause in the abortion decisions, is a good example of this pathology.

The Fourteenth Amendment mirrors the language of the Fifth Amendment, which applies only to the federal government. The Fifth Amendment was made of the Constitution at the same time as was the Fourth Amendment, which asserted the right of the people to be free from unreasonable searches and seizures by federal officers. Unless the Founding Fathers were in the habit of repeating themselves, a judge sworn to discharge his duties "agreeably to the Constitution" cannot in good conscience argue that the language of due process includes the right against arbitrary searches and seizures. If it did, the Fourth Amendment would be unnecessary, and we should probably repeal it so as to purify the Constitution of unseemly redundancy.

The *Mapp* Court's inclusion of the search process in the constitutional meaning of due process may be partially excused because it was merely following recently established precedent. What cannot be excused, however, is its imposition of the exclusionary rule upon state courts. For that, there was neither precedent nor constitutional foundation.

A little history is instructive on this

Carper applauds funding for Delaware erosion, navigation projects

WASHINGTON — Delaware's Congressman Tom Carper announced Monday that the House of Representatives has approved approximately \$33.5 million in federal funds to aid in erosion control and navigation projects in Delaware. The House Appropriations Committee late last week voted to provide substantial federal assistance for erosion control projects at the Indian River Inlet in Sussex County and for maintenance projects in several Delaware waterways in Kent and New Castle Counties.

Key provisions in the bill include \$575,000 for a sand bypass project at the Indian River Inlet, \$625,000 for protecting the south shore of the Inlet and \$685,000 for much needed erosion protection on the north shore, projects that Carper had vigorously championed with House colleagues. "As a coastal state, Delaware is critically dependent on federal assistance to protect our shores and waterways," Carper said. "I am particularly pleased that the House Appropriations Committee has been receptive to the critical needs of our state. I will work with my colleagues in the House and the Senate to ensure that the money contained in this bill is approved by Congress and the

point. The Fourth Amendment, like similar provisions in the state constitutions, does not address the question of the appropriate remedy for its violation. The exclusionary rule was unknown to the English law our ancestors brought with them to America and to the generation that ratified the Bill of Rights. Before 1914, when the Supreme Court began to reverse convictions in federal courts because of Fourth Amendment violations, the universal practice on both the state and federal levels was to rely upon common law remedies for arbitrary searches. These remedies, such as petitioning a court for a return of one's property or suing the offending officer for damages, were entirely independent of any criminal proceeding that might be initiated against a defendant. They had no bearing on the right of the criminal courts to admit illegally seized evidence. In fact, a person's property was not returned until after the courts had exhausted its value as evidence. The exclusionary rule never was given serious consideration.

As for the due process clauses of the Fifth and Fourteenth Amendments, not one advocate for either amendment, and not one judge until the Twentieth Century, was creative enough to discover the exclusionary rule therein. The reason is simple: due process requires that remedies be available to persons accused of crime when the integrity and therefore the reliability of the criminal process has been corrupted in their cases. Even if one were to grant that the search process is regulated by the due process language of the Fourteenth Amendment, the exclusionary rule is only one among many remedies that might be devised to repair the wrong committed through an arbitrary search. As one among many alternative remedies, the rule surely cannot be "an essential part" of any right protected by the Fourteenth Amendment.

Twenty-five years after *Mapp*, the Supreme Court continues to require both state and federal judges to suppress incriminating evidence if it is a product of an illegal search. This is justified, the Court now argues, not because a criminal defendant has a right "not to be convicted on unconstitutional evidence," as the *Mapp* decision had asserted, but because future unlawful police activity may thereby be deterred. We are asked to believe that the Constitution requires the Supreme Court to create and apply; the exclusionary rule because, in the Court's view, it is a sensible policy for disciplining the police.

To this sort of argument, James Madison, the Father of the Constitution and the Bill of Rights, replied: "A question, the moment it assumes the character of expediency or policy, (is) evidently beyond the reach of judicial cognizance." Policy deliberation is something assigned by the Constitution to the elected representatives of the people, not to an unelected judiciary. Many of our most distinguished judges seem to have forgotten, or perhaps never to have learned, this elementary lesson in democratic governance.

The natural consequence of the exclusionary rule is to shield the lawless from conviction and punishment for their crimes. It is obvious that innocent victims of crime suffer because of it, which no doubt accounts for the fact that we are the only country in the world to have such a rule. On this anniversary of *Mapp*, let us again ask our judges for an explanation, if only because they may otherwise begin to think they need not bother with one.

Carper also noted the critical need for erosion protection along the interior shores of the Inlet, where about 15 feet of shore is disappearing each year. "Unless action is taken, the Inlet's marianas, a mobile home part, and the sewage treatment facility at the Delaware Seashore Park would be wiped out," Carper said. "We could have a real mess on our hands."

The House Appropriations bill also includes \$31.58 million for operation and maintenance for several waterways in Delaware, including nearly \$10 million for the Wilmington harbor, approximately \$21 million for the Chesapeake and Delaware Canal, and \$660,000 for dredging of the Mispillion and Murderkill Rivers, as well as the Roosevelt Inlet.

Greenwood United Methodist Church

(Continued from page 6)
While the nation is busy celebrating its independence, the members and friends of the Greenwood United Methodist Church will be celebrating too. This year the Independence Day Service will be held on Sunday evening, July 6th, 1986 at 7:30 p.m. in the Greenwood United Methodist Church. The liturgy will be performed by the Rev. Dr. Michael S. Russell, and the guest speaker will be the State Senator from the 21st District, Sen. William A. Slatcher.
Sen. Slatcher attended Salisbury State College and Eastern Nazarene College, and he has served in the United States

Naval Air Corps. He is the former Mayor of Seaford where he resides with his wife, Dolores, and daughter, Jan Marie. He also has three grown children: Jenny, Craig and Maribeth. He brings to his senate seat a wide background of experience in civic and local government affairs. His expertise doesn't end there, however, because he is also an electrical contractor.
The public is invited to attend the Independent Service. The church is located on West Market and Church Streets in Greenwood, Delaware. There will be a time of fellowship and refreshments immediately after the service.

Dixon, Flemming and Warren on Gold roster

The 31st Annual Delaware All-Star Football Game will be played on Saturday, June 28, 1986, at 2:00 p.m., in the University of Delaware Football stadium.

Lake Forest will send three outstanding high school football players to the annual Blue-Gold All Star game this Saturday. Lionel Dixon a 1st team all conference and all state running back will be on the Gold Squad along with Lake Forest "Outstanding Athlete" Scott Flemming, who was chosen 1st team all conference linebacker, 1st team all state linebacker and offensive guard. Scott was selected in '84 on the first team all conference. Eric Warren, who was selected 1st team all conference

defensive tackle, 1st team all state defensive tackle and 2nd team offensive tackle will join his fellow teammates on the Gold Squad.

Flemming and Warren have accepted partial scholarships to West Chester State Teachers College and Temple University respectively for the coming scholastic year.

Festivities begin at 11:30 a.m. with family entertainment which includes: magicians, jugglers, a barbershop quartet and refreshments. At 1:30 p.m. pre-game activities begin inside the stadium with participants (players, queens and cheerleaders) meeting their "buddies", the retarded children and adults who are the ultimate beneficiaries of the proceeds raised by

the All-Star Game.

Kick-off is at 2:00 p.m. The All-Star children will be honored at Half Time, along with a Special Olympics demonstration. A newly-inaugurated 5-K run, which begins before the half time activities, is scheduled to be completed inside the stadium during half time. The All-Star Band will be performing and will salute the winner of the race, along with the runners-up.

Post game activities include a demonstration by the Conrad Alumni Band, and a wide assortment of carnival type food will be available.

Lake Forest Student Government raises money for Blue/Gold classic

The Student Government Association at Lake Forest helped raise \$2,000 to donate to the Blue-Gold cause. The money was raised through business donations, Mr. Body Beautiful and the Blue-Gold Queen candidate contest.

The SGA gave \$400 so that the total was an even \$2,000. Students and teachers enthusiastically helped raise the money, the most ever from Lake Forest for this cause.

Harrington Jaycees attend convention

On May 16-18, the Harrington Jaycees attended the Delaware Jaycee Convention held in Rehoboth Beach. Competitions were held throughout Saturday afternoon with some of the local Jaycees participating in the competition - 1st year Jaycee, Judi Walls, and Jaycee of the Year, Lynn Outten. Saturday evening found one of the competitors a winner when Lynn Outten was named Delaware Jaycees 1986 Jaycee of the Year. Husband, Bob was presented with the U.S. Jaycee Ambassador award for outstanding

service. Two other special awards to individuals were: Delaware Jaycee Governorship was awarded to Janet Rettig, which was given by her local chapter as a State honor for her years of dedicated service and membership. Janet is also the only woman in the State of Delaware to receive this honor. J.D. Dennis was presented his JCI Senatorship for outstanding leadership and service. This award was also presented by the local chapter through Jaycees Internationally. J.D. was also

named Outstanding Chapter President for the 4th quarter.

The Harrington Chapter was awarded No. 2 in the State Parade with more than 20 Chapters throughout Delaware competing. The Chapter was also recognized as the Most Improved Chapter in the State!

Tom Lyons was named Outstanding District Director in the State for 1986. This was just one of the many State and National recognition awards won by Tom this year. Lynn Outten also

received recognition as 1 of 5 Outstanding Local Officers for 1986.

The Harrington Jaycees were quite proud of their achievements throughout the 1985-86 year and were honored to be recognized for such by their peers.

Jaycees attending were: Terry and Lisa Helsel, Janet Rettig, Judi Walls, Lynn and Bobby Outten, Tom and Maria Lyons, Abby Betts, Rick Wheatley, Mark Langford, Doug Jarrell, J.D. and Sue Ellen Dennis.

Harrington Jaycees hold awards banquet

The Harrington Jaycees held their 1986 Awards and Installation Banquet on June 7th at the Colony Inn. Following the dinner, local members were recognized for outstanding service as a Jaycee to the community. The following were award winners: Outstanding Officer for the 4th quarter- Abby Betts; Outstanding Jaycee for the 4th quarter- Rick Wheatley; Harrington's Outstanding Young Farmer for 1986- John Curtis; Road Runner of the Year- Abby Betts; Project

Chairman of the Year- Lynn Outten for the Christmas Parade; Officer of the Year- Judi Walls; Jaycee of the Year- Lynn Outten.

Past State President, Ozzie DeBenedictis and wife, April, Past Regional Director, Lisa Pleasanton and fiance Ron Seymour, and State President Jim Russell and wife, Linda, attended to give special congratulations to all members of the Harrington Jaycees.

J.D. Dennis, President of the Harrington Jaycees, was "christened" with a whipped cream deep dish pie in the face, stemming from a challenge to the local executive committee, for Harrington to finish in the top 3 chapters in the State. Harrington finished 2ND! The Executive

Committee also presented J.D. with a blue satin Delaware Jaycee jacket for his dedication and "Putting up with them all year."

Small Towns — What attracts new industry

Small towns and rural communities usually have little control over matters such as the location of railroads, major highways and availability of other public services. Does this mean they're out of the running in the competition for new industry?

"Not necessarily," says Daniel S. Kuennen, University of Delaware extension specialist in community resource development. "Sometimes the factors we think are important to industry aren't what industry wants."

A recent University of Missouri study of 1,500 high-tech firms sheds light on some of the characteristics these companies look for when selecting new plant sites. "Delaware communities may find it useful to review some of these characteristics," Kuennen says.

Out of a list of 56 factors, the firms questioned identified the following as being most important when considering a move to a town or rural area:

- *Clean Physical environment (63%);
- *Available technical personnel (58%);
- *Absence of community drug or alcohol problems (54%);
- *Quality of public schools (53%);
- *Low traffic congestion (49%);
- *Positive economic attitude of local government (47%);
- *Medical facilities and services (46%);
- *One-day package delivery (46%);
- *Housing for management (43%);
- *Nearby airport (42%);
- *University consultation services (40%);
- *Reliable electric services (38%);
- *Sophisticated local telephone service (35%);

"Many of these high-ranking factors have not traditionally been considered essential for economic development," Kuennen says, "while many of the factors we usually consider necessary to attract industry ranked much lower on the list." For example, survey

respondents gave rather low marks to the following factors:

- *Industrial sites for lease (27%);
- *Average wage levels (26%);
- *Long distance trucking or rail service (25%);
- *Vocational training facilities (16%);
- *Waste disposal arrangements (15%);
- *Water system capacity (15%);
- *Public transportation (9%);
- *Private schools (9%);

"In light of these results small towns and rural communities may have to rethink their approach to industrial development," Kuennen says. In seeking to attract light industry, he suggests community leaders focus on the factors over which they have the most control — such as environmental quality, substance abuse prevention, public education, medical care and citizen involvement in community growth.

Do You Remember?

(Continued from page 13)

cleaning the oven without touching it - well you know for sure when it has reached its end by another buzz. Get the message?

Honestly, do you remember when you attended every tupperware party that was going around? Then, if you do, do you also remember a time when you cleaned your cabinets, pantries and closets and came across bags of things that you thought you just had to have. In fact, you thought you could not keep house without them. Take for instance, the many colored spice containers. The tops for the bowls that are no longer in existence or bowls with no lids to fit. When Cene got to the top of her cabinets, there were the four tilted containers that she just had to have. They were once filled with donuts - she had to have them! Even if she did gain weight eating the donuts she didn't want to waste! I helped her, believe me! Wish you could have been here while Gene filled four bags, two boxes and a box for me to take home from her cabinets. Odd pots and pans, gadgets, broken wooden spoon and forks. After every bag, Gene gave a speech on why she needed each and every thing. We laughed til we hurt.

How about the attic, garage or that spare room? Isn't it something how much we save? And another thing that's sorta funny to remember. The collectibles: bells, salt and pepper shakers, matches, fans, ash trays, plates, tree trimmings, pitchers, dolls, pennies, spoons, keys, badges, souvenirs from trips, plays and fairs, pennants, stones, rocks, arrowheads, things such as hats, noise makers, etc. from parties, steins, pillow tops (you know the kind I mean,

To My Sweetheart, Mother, Dad, Son, Daughter). I'll finish the goodies with cups (Mother, Dad, Friend, Son, Daughter, Sister, Brother, Lawyer, Garfield, Sweetheart, Valentine, Christmas, Half a Cup Baby). Lots more of course, but say, anything can get boring. Glasses are another thing. That is endless collecting. Do you remember the glasses put out by Parkay Oleo years ago? Snow White and the Seven Dwarfs. I had three sets for George, Gracie and Penny, packed in boxes with their names on them. My dad sold all three sets. Who ever has them now, forty-seven years later, are very fortunate.

How about the bowls, pitcher and mug of Shirley Temple. Have forgotten what company put them out. Going back some years, how about the chicken on a nest given out by a baking powder company? I believe the one Aunt Lillian had was from Rumford. Just guessing. Some company used to give salt holders, cut glass, and pressed glass ones. Some even had tiny glass spoons to go with them. They bring a fabulous price.

Everyone, or most everyone collects something at one time or another. My mother was not such a person. Anything she did not use, most every day was given to someone else to bother with. My daughter, Gracie is almost like her, but she does collect matches. Nobody sends anymore cards than Gracie and she gets a lot, but she reads them over 2 or 3 times, sets them up for a few days, then in the trash. I just can't do it, though I finally, after 30 years, threw away the cards I received when I was ill with cancer. I copied all the

names in a loose leaf notebook, also the sympathy cards from husband, George - Father Edw Harriett and Mother Grace H. Tinly.

Still have those from friends at Harrington Senior Center. Card club friends and broken leg.

What do you remember about the above things? The buzz-buzz, the collectibles. As I wrap this column up, I hear the hum of the air conditioner; the whirr-whirr of the fan, the hum of the refrigerator, and overhead, the sound of an airplane, the noise of two mallard ducks, a bird chirps, and lo and behold, one bark from one dog among many.

It's nice hearing from you and the visits and calls are all greatly appreciated. For after all is said and done, family and friends are absolutely the best thing to collect. I love you. Best wishes to January, February, March, April, May and June folks. Hope each and every one of you had a marvelous birthday. Easter, Mother's and Father's Day, many more to come.

Faith - Heh, just heard the squeal of some pigs. Goodness, they are having a time. Lots of columns coming up; an especially good one on the stores (Rabbit Food Mix), etc. that have been in Harrington. Thanks to the cooperation of many folks from our favorite town.

Get your feet to tapping, your smiles a bit deeper in Remembrance! Thanks also to the Harrington Journal. Just would not be Harrington without it. It was a terrible blow when Reese gave up the theatre.

Take care. You're so nice to have around.

Delaware Heritage contest deadline July 1, 1986

All writers of poetry and prose who reside in Delaware are invited to submit their work immediately for entry in the Delaware Heritage Anthology Contest. Writings may be about Delaware or Delawareans, past, present or future; people, places or things; facts, memories, events, legends or imaginings. Poetry (Category IV) can be any style, maximum length 40 lines. Prose entries (Category IVa) must be 1500 words or less. The entry fee is \$1 per poem or prose piece.

Youth entries will be divided into three groups: entrants aged up to 10 (Category I), aged 11 to 13 (Category II) and aged 14 to 17 (Category III). There is no entry fee for youth categories.

Cash prizes will be awarded. Entries must be titled, unpublished and the original work of the contestant. They must be typed on one side of 8 1/2" x 11" paper, and a copy included. In upper left corner of both pages, write category number. On copy only, in upper right corner, write name, full address and age group. Entry fee checks are payable to 'First State Writers'. Send entries to D.H.A. Contest, c/o Cauffman, 473, Howell School Road, Bear, DE 19701. Prizewinners and other works chosen from the entries will be published in the *Delaware Heritage Anthology*, which will be illustrated by Delaware artists and published this fall.

American Heart Association of Delaware warns against diet

Wilmington, DE...A diet titled "Heart Association 3-Day Diet" has been circulating in Delaware recently. The American Heart Association of Delaware wants the public to know that this diet was not produced or distributed by the Association. Furthermore, the Association does not recommend the diet.

According to Roba Ritt, R.D., Chairman of the Diet and Nutrition Committee of the American Heart Association of Delaware, this diet is very high in fat, cholesterol and sodium. These are three products that

the Association warns people against in the fight to prevent heart disease, high blood pressure and stroke. Additionally, the diet is nutritionally imbalanced, and does not provide the daily requirements of necessary nutrients and vitamins.

The American Heart Association does not advocate fad diets as a method of losing or controlling weight. The Association does provide an outlined plan for maintaining a healthy eating program, which is available by calling the Heart Office at 654-5269.

Cat Club promotes Cat Month

The Diamond State Cat Club (DSCC), Delaware's only active cat club, is promoting "National Adopt A Cat Month" in June and is offering advice on responsible care of cats. Cats are ideal companions; they are self cleaning; self-exercising and are easily trained to use a litter box. They are very intelligent, fun, affectionate and responsive.

DSCC promotes neutering of cats and can recommend sources of financial help. The cat club advocates keeping cats indoors and can offer alternatives to the cruel procedures of declawing.

For more information about cats, come to DSCC's annual cat show on July 5 & 6 at Brandywine Terrace in Claymont or call 323-0375.

Odd Fellows & Rebekahs observe International Week of Friendship

Realizing the importance of promoting "Friendship" throughout the world, the INDEPENDENT ORDER OF ODD FELLOWS in North America, South America, Europe, and Austral-Asia are observing the week of June 22 to 28, 1986 as "International Week of Friendship".

During the regular meeting of Sarah Rebekah Lodge No. 16, Independent Order of Odd Fellows on June 5, 1986 in Felton, Delaware, the proclamation by Sovereign Grand Master George E. Shaw of Marlboro, Massachusetts directed the observance of "International Week of Friendship" throughout the world of Odd Fellowship, and that all members of the Independent Order of Odd Fellows should join together in acts of Friendship to promote a better

understanding among the people of all nations.

"Odd Fellows and Rebekahs are proud to join with civic and government officials in observing this special week," stated Salena K. Sherwood, Vice-Grand of Sarah Lodge. She also asked that the members of Sarah Lodge show their support of this observance by displaying tokens of Friendship to the people of the community with whom they meet during the week of the observance.

Jean L. Roland, President of the Rebekah Assembly of Delaware, and a member of Sarah Lodge, supported the action of Sarah Lodge by stating that true Friendship and Love and Truth which represent the three links of Odd Fellowship can be the catalyst for world peace.

Delaware Theatre Company announced 1986-87 season

The Delaware Theatre Company, the state's only resident professional theatre, is proud to announce three of the five plays for the 1986-87 season.

The classic drama, *OUR TOWN*, will open the Theatre Company's eighth season on October 23 and will run until November 28.

Two one-act plays will fill the second production slot from December 4-20. *THE SECOND SHEPHERD'S PLAY*, a medieval Christmas tale retold for modern stage, and Romulus Linney's *WHY THE LORD CAME TO SAND MOUNTAIN*.

The third play to be announced is A.R. Gurney, Jr.'s outrageous comedy-of-

manners, *THE MIDDLE AGES*. Spanning a period from the mid 1940's to the late 1970's, *THE MIDDLE AGES* follows the wildly careening life of Barney, the prodigal son who searches for respect and acceptance from his blue-blooded family.

The additional two selection for the 1986-87 season will be announced during the first week in August.

For more information and/or brochure, call the Delaware Theatre Company box office at (302) 594-1100.

The Delaware Theatre's new home is located at Water Street and the Avenue of the Arts in The Christina Gateway area of downtown Wilmington.

Drum Corps International debut

Drum Corps International will make its debut on the Delmarva Peninsula with *The First State Drum Corp Classic* on Saturday, June 28th, 7:30 p.m. at the Caesar Rodney High School Athletic Stadium in Camden, Delaware.

THE FIVE CROSSMEN. The Crossmen, established in 1974, are from West Chester, Pennsylvania. They have been finalists at Drum Corp East and International Championships in recent years.

DRUM CORP CLINIC BY CROSSMEN. The Crossmen will be offering a clinic for high school and college band members on the 28th of June from 3:00 to 5:00 p.m. The clinic will be an educational experience dealing with the technical, disciplinary, and musical aspects of performing in a Drum Corp.

THE FLORIDA WAVE. The Florida Wave, one of the newest Corps, is out of the greater Miami area. The "Wave" reflects the southern Florida region in their musical presentations.

THE SPIRIT OF ATLANTA. The powerful horn line of The Spirit of Atlanta has helped them achieve many top honors.

THE SKY RYDERS. The Sky Ryders are from Kansas and have been in existence for 31 years. They have been the Kansas state champions since 1977. Their musical selections will be from the movie "The Wizard of Oz".

THE 20th MAINE REGIMENT. The 20th Maine Regiment has only been performing since 1984. Write to First State Drum Corp Classic, 208 Old Mill Road, Dover, DE 19901 or call 736-9477.

Creative movement classes offered

A series of creative movement classes for children ages 3 to 13 will be offered this summer at the Wilmington Music School, 4101 Washington Street, Wilmington.

The school is also sponsoring the third annual Suzuki Violin and Flute Camp this summer on the Sanford School campus.

The camp will offer two one-week sessions, July 14-18 and July 21-25. Both sessions will run Monday through Friday from 9 a.m. to 4 p.m. In addition, an afternoon workshop will be held on July 22 from 1 to 4 p.m.

For additional information or a registration form, contact the Wilmington Music School 762-1132.

Reward posted in eagle's death

A reward of up to \$4,100 has been posted for information leading to the arrest and conviction of those responsible for the June 10 shooting death of an immature bald eagle. The reward is being sponsored by the Delaware Division of Fish and Wildlife, the National Wildlife Federation, the National Audubon Society, and the U.S. Fish and Wildlife Service.

State game wardens were called after the bird was found in the Mispillion River. After conducting an autopsy at its Madison, Wisconsin facility, officials of the National Wildlife

Health Laboratory of the U.S. Fish and Wildlife Service said the eagle was shot, apparently with a high-powered rifle.

All birds of prey are protected by state and federal laws, and the penalties for killing an endangered bald eagle are fines of up to \$5,000 and up to a year in jail. Anyone having information on the June 10 shooting is urged to call the U.S. Fish and Wildlife Service in Cambridge, Maryland at 301-228-7991; or Delaware's Operation Game Theft at 1-800-292-3030. All tips on the shooting will be treated confidentially.

Quilt conference at Winterthur

"Patterns in Quilting", a one-day conference on American quilts, will take place at Winterthur Museum and Gardens near Wilmington June 28 from 8:30 a.m. to 4:00 p.m. Lectures which will be held in the museum's Copeland Lecture Hall will examine the history, regional craft traditions, connoisseurship, conservation and fabrication of quilts in America, both of the past and present day.

The conference is presented in conjunction with the exhibition presently on view in the Brick Hotel Gallery in historic Odessa, Delaware.

"Quilted for Friends: Delaware Valley Signature Quilts, 1840-1855" continues through July 20 during regular hours at Historic Houses of Odessa. The exhibit is funded in large part by the Delaware Valley Humanities Forum.

Community Singers to present
