

## Dean Geyer tapped for Rotary Trip abroad

by Harry G. Farrow, Jr.  
MILFORD, DE—Dean Geyer, a native of Milford and a graduate of Milford High School class of 1974, has been selected as one of five young people to spend six weeks in southern England under the Rotary International Exchange program.

Mr. Geyer who works in his family's business, Geyer's Restaurant, in Milford will be departing the United States this Saturday bound for southern England. The expenses of the trip are paid for by the national civic organization of Rotary International.

The young Milfordonian, who attended the University of Delaware and Delaware State College where he majored in English and Civil Engineering respectively said recently "...the two fields have helped me analyze problems, but I think this trip provided by Rotary will really open my

eyes. I believe it will afford me a real maturing aspect because I will be learning a lot about a foreign nation and their way of life."

Mr. Geyer will be staying in the various English homes as he travels along the way. "The interesting part about this trip is that it will be vocational related. In other words, I will be staying with people who are involved in the restaurant business. I can see first hand how they do things and as I told my father, I would be able to bring back some ideas from England regarding the restaurant business", added Mr. Geyer.

Mr. Geyer came into the restaurant business in 1979, and became very active in the Delaware Restaurant Association in 1980. He became its president from 1984 through 1986.

## Local man to be part of Rotary Exchange Team to England

MILFORD, DE—Dean Parker Geyer, 30, the restaurant manager and caterer for his family's run business in Milford, De. will join four other young business and professional men from Delaware and Maryland's Eastern Shore in a Rotary Group Exchange program beginning on September 6th.

The group will fly to southern England where they will spend the next six weeks touring England and its 60 Rotary clubs. The team is slated to visit most of the 60 clubs. The English District area includes coastal resorts, the Channel Islands and the ruins of Stonehenge. The area's history dates back over 3,000 years. The team members will explore their own vocations and interests as well as get acquainted with their English friends.

Last spring a team from the English District visited Delaware and the Eastern Shore.

Other members of the team are Wade Paul Catts, 27, an archeologist from the University of Delaware who is a full time associate and project manager with the center for Archeological Research; Jefferson Douglas Dryden, 35, an artist and designer in advertising for a firm in Pocomoke City, Md.; Richard Forrest Scott, 35, a branch manager of a bank in Princess Anne, Md.; and Charles Keith Whitelock, 33, a full time artist specializing in Chesapeake Bay and wildlife subjects. He is from Salisbury.

The leader of the team is Robert W.

## Corn meal and apple cider

by Grace Welch  
Two of our participants in Heritage Day activities do very interesting hobbies. The first is John Porter. He makes and demonstrates his flour making equipment. John is a retired railroad employee. He did not let himself become stagnant just because he retired. Instead he put together a flour mill and demonstrates it for Heritage Day each year. He has a hard time finding white corn, but you can always see John making flour on

Heritage Day.

The other man is an active Air Force employee, who settled into our community with his wife and two sons and became a part of Harrington. His wife has a craft shop at the Northern edge of town and the whole family is busy. Roger Page is an asset to this community, and his family. He built and will demonstrate the way to make apple cider on Heritage Day.

Look for these two men; their location will be on your program.

## Delaware State College reorganizes Office of Academic Affairs

Dr. Irving P. McPhail, vice president and dean of academic affairs at Delaware State College, announced the reorganization of this office recently for the 1986-87 academic year. The changes in organizational structure are designed to facilitate the achievement of major thrusts and new directions in excellence in college teaching, enhancement of graduate programs and research, development of baccalaureate degree options in Sussex County, growth and development of management

information systems, and continued refinement of the College's strategic planning and institutional research activities.

The personnel and administrative positions for the Office of Academic Affairs are as follows:

Dr. Irving P. McPhail, vice president and dean of academic affairs, received his B.S. from Cornell University; M.A.T., Harvard University; and

## Carlton Pippin makes first try at Office

by Harry G. Farrow, Jr.  
DOVER—Carlton Pippin has been a life long Democrat. "I first got what you might say, acquainted with politics when at the age of 18 I was asked to help carry voters to the polls."

Mr. Pippin grew up near Sudlersville, Md. on a grain farm. "I worked for Mr. Hiseog N. George...who operated a large elevator...grain business in Sudlersville (Md.). He was a great Democrat, a very smart politician", said Mr. Pippin recently.

Mr. Pippin graduated from Sudlersville High School and went off to Philadelphia to study mortuary science. "I graduated from the H.E. Dolan School of Mortuary Science in 1950. I turned to other endeavors when I could not get an apprenticeship."

For the past 23 years Mr Pippin has been associated with the Delaware Division of Motor Vehicles. "For the past 18 years I have been in the Dover inspection lanes, where he serves as a supervisor and motor vehicle officer. "I work very closely with auto theft. We check all the mobile home registrations as well as registrations on motor vehicles."

Mr. Pippin has reached the retirement age, and adds that he can retire from the State job at any time. "If I win the primary, I will step down in October", said Mr. Pippin.

When asked about how he felt about primaries he said "It is something I don't like. It costs everyone money and causes hard feelings within the party. I have always worked hard for the party and supported those that are in office today. I helped them", he added.

Mr. Pippin said he had for some time thought about running for the office of Kent County Sheriff. "I had to force a

primary because there wasn't anything to run for. I don't think people should get in an office and stay there forever", he said. He also added that if the political parties want young people on the ticket, they have to make room for them. If a candidate has any potential at all the smaller offices should be stepping stones to bigger offices", he was quick to add.

Mr. Pippin says he can add harmony to any office. "Any place you work today you have to have the knowledge and know how on how to get along with the employees and the public. I believe in harmony."

"The long lines at the inspection lanes were cut out a long time ago, thanks to my efforts. I got the State to activate the little building just outside the inspection lane where we can check certain vehicles, like busses, so that we can get them in and out", he added.

Mr. Pippin is the nephew of Bob Pippin, who was Sheriff in Kent County for several years. He later served as the Chief Jailer at the former Kent County Correctional Institute at the corner of Water Street and New Burton Road. "Uncle Bob has given me his blessing for the office I seek. He feels that I can do the job", Mr. Pippin added.

Although Mr. Pippin says he has hobbies but just doesn't have time for them, he still favors and has time for pitching horse shoes. On law enforcement, he says that the only way we are going to stop illegal drug abuse in this country "...is cracking down on the pushers. We need legislation that has teeth in it so that when these people are convicted they are put away for a long time, without parole." added Mr. Pippin.

## Boogie By The Beach

### Follow-Up

by Harry G. Farrow, Jr.  
I have received numerous phone calls and letters concerning the lack of more pictures of contestants from our areas of coverage who participated in the recent dance contest "Boogie By The Beach". "The Harrington Journal" is printed early Tuesday evening, but it is treated as a Wednesday newspaper. The results of the dance contest were not released until late Tuesday evening. We had reserved space for possibly two photos, because we did not know at the time we were laying out the newspaper whether we would have finalists from our area. If the finalists were not from our area, then we had to make a decision on using

other news of area importance. The net result was that we could do a follow-up story the following week (this week).

It is reported that of the 27 contestants there were four graduates from Lake Forest High School, some of whom finished as follows: Paul Giles, Jr., Felton, 7th; Toni McCready Hobbs, Viola, 6th; Bob Butler, Houston, 5th; Amy Welsh, Harrington, 4th; and Donna Kemp Calhoun.

The timing for weekly newspapers was not good at all. On the other hand I want to encourage more citizens to get involved in your newspaper. The newspaper is for your benefit.

## Dean Geyer tapped for Rotary trip abroad

(Continued from page 1)

Mr. Geyer was sponsored for the intensive six week program abroad by the Milford Rotary Club. "The five of us who have been selected have met now about 8 times. We are all excited about the trip and as one said recently, I think we have almost peaked in enthusiasm about taking the trip. We all are ready now to get going," said Mr. Geyer.

The trip begins this Saturday. "Our group will be making slide presentations of scenes from Delmarva,

and we will be meeting with those who came here last year from England," added Mr. Geyer. "We will also be taking pictures for slide presentations to various Rotary Clubs when we return."

Mr. Geyer assures the readers of The Harrington Journal that he will be making a presentation to the Harrington Rotary Club when he returns to this country. "...and of course the Milford Club as well."

## BREATHE NEW LIFE INTO "CONTRACTING OUT"

By Edwin Feulner

While some critics would have us believe that the theory of privatization is radically new, the idea of turning over some government functions to the private sector has been around for a very long time. It was thirty years ago, in fact, that President Dwight D. Eisenhower put the White House four-square behind a policy known as "contracting out"—a fairly straightforward privatization option which requires government agencies to hire private firms to perform certain jobs.

The Eisenhower administration policy—which continues to be observed mostly in the breach—specifies that "the federal government will not start or carry on any commercial activity to provide a service or product for its own use if such a product or service can be procured from private enterprise." Over the years, the government directive on contracting out has been battered, weakened, and when all else has failed, ignored.

The current policy merely requires federal agencies to conduct detailed cost comparisons between "in-house government suppliers" and private contractors. The squishy rules governing the cost comparisons, of course, are heavily tilted against private contractors. The process has been further complicated by Congress, which in response to pressure from federal employee unions has passed more than twenty individual measures restricting the practice.

In other words, contracting out exists today mostly in name only. While the policy is still on the books, it has been wrapped and bound in endless red tape, and locked away in the government's attic.

That, of course, is where the Grace Commission found it—barely alive, but still hanging on.

Federal budget-watchers believe that following the thirty-year-old policy, as originally intended, could cut government costs by an estimated one to three-billion dollars a year.

According to a study by Steven Moore, the greatest potential cost-savings could be found if the government turned to private firms to provide such routine services as data processing, janitorial services, and maintenance work. Such are generally known as "commercial services," because they are routinely available from the private sector.

Interestingly, Moore's research shows that the federal government currently employs nearly one-million workers who perform 11,000 separate commercial activities—services which could be carried out by private firms at substantially lower costs.

Even though the Reagan administration's FY 1987 budget calls for more contracting out, agency opposition and foot-dragging, coupled with the barriers created by Congress, has brought the process to a near standstill.

It is now up to Congress and the White House to show whether they are really serious about saving money. Congress needs to remove its restrictions. Not only does contracting out cut spending while preserving the level of services government provides, in many cases the services are improved.

The White House, for its part, needs to show the bureaucrats it is serious about the matter. It should do so by letting its political appointees know that it won't tolerate any more foot-dragging. Those who do so should be told to find employment elsewhere.

(Feulner is president of The Heritage Foundation, a Washington-based public policy research institute.)

State Senator Ruth Ann Minner was on hand last week as Chevron Oil Company's Jack Galloway, left, delivered a \$1,500 donation to Abbotts Mill Director Rob McKim, right. McKim directs the Delaware Nature Education Society Nature Center at Abbotts Mill, which is leased from the

state. Senator Minner has been a consistent sponsor of capital funding for the center and has been seeking private funding as well. Chevron has become a major force in Eastern markets this year as a result of the acquisition of Gulf Oil.

## "Congressman Carper's Hazardous Waste Management Forum"

I have called a summit of sorts. It is entitled "Congressman Carper's Hazardous Waste Management Forum". It takes place on Thursday, September 4 in the nation's Capitol. And it brings together some of Delaware's top environmental, industry and public officials with their counterparts at the national level.

The forum is designed to promote a dialogue that will focus on the current state of hazardous waste production, management and disposal in this country and prospects for the future. It is a sobering state that presents us with cold facts. Americans produce more than one ton of hazardous wastes per year for every man, woman and child. Our past and current policies allow placing the wastes in landfills, deepwells, holding ponds and lagoons, practices that are poisoning our groundwater and threatening our health in too many places. We have no alternatives that are entirely risk-free.

I don't pretend that we will come away from this forum with perfect solutions. I do believe, however, that Delaware's position as a national leader in environmental protection and as a home of numerous hazardous waste producers places our state at a crucial crossroads in the debate on where we go from here.

It is my hope that this forum opens the way to working together on a responsible and realistic policy for meeting one of our state's, indeed, the world's, most pressing environmental needs.

Why us? Why now? The idea for the forum originated during the emotional debate earlier this year that swirled around proposed incineration of hazardous liquid wastes at sea. The Environmental Protection Agency's (EPA) denial, in May, of a permit for the ocean incineration test was a fitting reflection of our strong concerns about that waste management technology.

That decision, however, leaves us with many outstanding questions about hazardous waste management, and challenges us to move forward in search of safe and practicable alternatives.

In this forum, we will hear, for example, DuPont and Monsanto officials discuss their progress and frustrations in dealing with hazardous wastes. A director of the Citizens Clearinghouse on Hazardous Wastes will discuss the adequacy of current waste management techniques and the direction that the public would like to see taken.

We will receive an expert view on the

## SHORT ATTENTION SPAN

By Edwin Feulner

One of the unfortunate byproducts of our instant-information culture is that yesterday's crisis is as easily forgotten as last night's ball scores.

When one considers its impact on U.S. policy, for example, the Soviet nuclear disaster at Chernobyl might just as well not have happened. The Washington establishment today is preoccupied with putting a happy face on U.S.-Soviet relations, a necessary palliative in the process that inevitably will bring us a Reagan-Gorbachev Encore Summit this fall. So what if the Kremlin tried to lie its way through the Chernobyl incident; that was yesterday.

The same scenario plays out on terrorism. Just a few months ago, in the days leading up to and immediately following the U.S. air strikes against Libya, terrorism was on every wagging tongue in the Nation's Capital. But our attention span is short. The dirtballs haven't blown up any little kids lately, or murdered any old men in wheelchairs.

So as if in some sonambullistic trance, Washington, forgets about terrorism. Today we have other concerns: the oppressive heat and humidity at the top of the list, followed by the equally repressive bad guys we can never forget: the South Africans.

Even the Israelis—who should know better—feed our complacency, making it sound, in some recent public statements, that the Bombs Over Tripoli have stricken terror into the terrorist.

President Jerry Ford, of course, tried the same approach with a nagging domestic problem, trying to defeat inflation with "WIN" (Whip Inflation Now) buttons.

But problems don't go away, just because our attention has been diverted elsewhere. The Soviet Union is still an evil empire.

And terrorism is still a problem, though the lack of fresh blood has our eyes turned momentarily.

Perhaps in our "Entertainment Tonight" version of world events, this is where the tough guy needs to step into the picture, and slap some sense into us.

The war against terrorism can be won, but only if the United States and its allies are prepared to use all of the means at their disposal—military, political, and diplomatic—to defeat this enemy.

Congress needs to untie the president's hands, and give him the authority to do what he feels is necessary the next time U.S. lives or property are held hostage. This could be done by amending the so-called War Powers Act, which limits presidential authority to employ military force.

It could also be done by declaring a moratorium on second-guessing the president in such emergencies.

Washington is the second-guess capital of the world. It is a game that is played with brilliance. But what we view as healthy debate is often viewed abroad as a country divided. We weaken our hand considerably in dealing with terrorists to let them think—for even one flinching moment—that on a subject of this gravity there is any difference between Democrats and Republicans.

Do we really need fresh blood to remind us that terrorism hasn't disappeared?

(Feulner is president of The Heritage Foundation, a Washington-based public policy research institute.)

## GOVERNMENT TRYING TO DICTATE EMPLOYEE BENEFITS

by John Sloan

A working parent wants to spend time at home after the birth of a child. Should the government require that the employee's job be waiting when he or she returns, perhaps as long as 18 weeks later?

An employee who repeatedly reports late for work is fired and loses health benefits. Should the government require the dissatisfied employer to continue to include the discharged employee in the company health plan? And should the employer pay for the coverage or should the employer?

Such mandated employee benefits could soon be the law of the land, but will they accomplish what proponents say they will, or will they cause smaller employers to reduce the number of workers or, in some cases, go out of business?

The letters I've been receiving lately suggest that mandated benefits will hurt, not help, employees of most American businesses.

Most of the small-business owners I heard from stressed that employee benefit programs must be freely agreed upon between employee and employer—that government should have no role in this marketplace. A lady in Burlington, Wash., wrote, "I have in the past taken parental leave for the births of my children, but it was my choice to work in a small business and I knew that my job would be at jeopardy during my leaves. At no time did I feel that my employer owed me a job or that he could afford to keep my job available for me."

Yet liberal politicians in Washington and some state capitals insist on pushing legislation to force employers to offer 18 to 26 weeks of medical and parental leave—with some even favoring paid leave for the entire period. They push legislation requiring the continuation of medical benefits for employees who have been dismissed, to be administered by the former employer and in some cases paid by that employer.

Academics, labor leaders and liberal politicians complain that ours is the only industrialized nation in the world without many of these mandated benefits. But most of those countries which mandate benefits are lagging far behind the United States in economic growth. Sweden, for example, continues to experience rising unemployment while the U.S. economy, spurred by small, independent businesses produces record numbers of new jobs.

Executives for some larger U.S. companies have been quoted as saying that the parental leave plan now under consideration is a "modest proposal" and that such a program is "inevitable." The truth is, these larger firms are buying some good public relations at the expense of the consumer. The big corporations can hide the added costs in higher prices. Smaller firms cannot.

According to a survey by the National Federation of Independent Business, about one-third of small firms do not offer any health insurance to their employees. Why? Because they cannot afford it. Requiring businesses to provide a new tier of benefits will make it even more difficult for these firms to stay in business and for other entrepreneurs to start businesses.

If we as a nation decide that government must dictate the terms of the employee-employer relationship down to the specifics of the benefits package, we also should invite government to mandate that all businesses hire a certain number of individuals, that all businesses show a "fair" profit and that none fail! In so doing, we would simply be repealing what is left of the code that produced the economic marvel that is America: the free market and the laws of supply and demand.

## Possum Point Players to meet

The Possum Point Players will meet at 8 p.m. on Friday, September 5th at Possum Hall in Georgetown. Anyone interested in theater is invited. The hall is located on old Laurel Highway between Route 113 and the senior high tennis courts.

The agenda includes discussion of the 1987 PPP season, the fall fundraiser, the fall drama, building renovation and the acting/directing workshop.

For more information about the Players, about membership or participation, please call Mimi Dupont in the PPP office at 856-3460.

## Farmington Fire Co. expands

Construction has begun for the expansion and renovation of Station 47, the Farmington Volunteer Fire Company in Farmington, Delaware. A pre-engineered Star Steel Building with over 3,500 square feet of area is being added adjacent to the existing Fire Company building located along U.S. 13 in Farmington.

The addition and renovations to the existing facilities will serve to combine efforts of equipment storage with fund raising events sponsored by the Fire Company. Currently the fire fighting equipment is removed from the building for all social events; this new addition will allow these activities under one roof to improve the efficiency and safety in the event of a fire call.

O.A. Newton & Son Company of Bridgeville is the general contractor of the project. The new building addition is scheduled for completion in early October.

## Delaware in historic re-enactment

WILMINGTON, DE...On September 10th, representatives of the State of Delaware will embark on a five-day Bicentennial re-enactment of an important event in the history of the US Constitution. With the assistance of the Delmarva Morgan Horse Club, of New Castle, riders representing 1786 Delaware delegates John Dickinson, George Read, and Richard Bassett will depart from New Castle and follow much of the route taken by the three original delegates to the Annapolis Convention of 1786. They will arrive two days later, on September 12, in the Maryland capital after stops at key Delaware locations enroute, including Odessa, Smyrna, and Dover. The event is sponsored by the Delaware Heritage Commission.

The Annapolis Convention was the direct prelude to the Philadelphia Constitutional Convention of 1787; at which the historic document was written. Delaware played an important role in both conventions; it was John Dickinson who chaired the Annapolis meeting and he later played a major role in the Philadelphia negotiations.

On Thursday, September 11, the landau will depart from the Green in Dover at 9:45 a.m. The First Delaware Regiment in their 18th-century uniforms and the New Ark Fire and Drum Corps will be present at both the New Castle and Dover events. On September 12, the landau and the delegates will arrive in Annapolis at the State House at 10 a.m., to be greeted by former Chief Justice Warren E. Berger and US Senator Strom Thurmond. Delaware is the only state participating in this fashion in the re-enactment.

## Gab Fest by Pat Hatfield

This is a Red-Letter Day at Trail's End. Because it dawns with another major project taken care of. Yesterday we tackled the grapes. Dad has been worrying about them for several days, and I too, hate to see anything go to waste. Truly in the matter of garden produce the Creator has poured us out such a blessing that we are scarce able to receive it.

Yesterday morning as soon as Ellen had the restaurant running smoothly she came out to get at it. Granddaughter Hilary was here also, and it took all three of us all day. Five baskets! I sat in the old rocking chair by the window and I watched for customers so that Hilary could wait on them. I picked the grapes off the stems. They made twenty pints of jam, using Evelyn Doughten's recipe, and nine quarts of grape juice. Grape juice blobs were everywhere from floor to ceiling, but that goes with the territory. Dad cut the grapes and brought them into the kitchen. For some reason, spiders seem to congregate on grapes; and, since Ellen, Hilary and Yours Truly are hysterically afraid of spiders, big or little, you can imagine there were a number of frantic screams whenever one appeared.

On one of Dad's trips to the kitchen, he yelled, "Look what's crawling under the kitchen door." And it was a wiggly little snake! But none of us are afraid of snakes, so we just laughed as Dad rerouted him back to the wild.

We were tired, but we enjoyed several hours of fun, laughter and fellowship. The weather was delightfully cool and favored our activity. It will be a pleasant memory as we enjoy the food next winter.

Dad continues to bring us in beautiful roses in all colors of the rainbow. He chided me this morning about my Mother's Day flowers he planted around the rose bed. He thought I had not been out to see them, but I assured him I had. I am especially enjoying the Scarlet Sage. I have never had it out there. I react very much to color in everything, and Red really turns me on.

This is the season when everything demands attention at once. I worry because the corn is wasting in the garden. And peaches have to be done when they are ripe because they will not wait. Applesauce can be made much later, and the Citron and pineapple preserves can be done after the weather turns cold, providing we have the citron safely here in the house. Dad and Garith especially love the citron and pineapple preserves.

A warm welcome to our new neighbors next door, Mr. and Mrs. Clyde Gornberger and young son, Tommy.

We were privileged to have with us at church last Sunday, our dear Senior Citizen, Mrs. Eva O'Day, who was celebrating her 99th birthday. We sang Happy Birthday to her.

The world's most spectacular display of illuminated fountains held the last long of the season Saturday night at Longwood Gardens, Kennett Square, PA. Reaching a maximum height of

130' the jets are tinted every color of the rainbow by over 700 lights. Watch for notices next year. Longwood Gardens continues on a regular fall schedule.

*Where Does The Time Go?*  
The years go by on jet-lined wings  
And take away our "treasured things"  
And leave us only "empty hands"  
And feet that stand on "sinking sands."  
But life's an ever changing force  
We cannot alter Nature's course.  
For tides cannot be kept from flowing  
Or restless winds be stilled when blowing,  
And no one can hold back the dawn  
Or wipe the dew-drops from the lawn,  
For life's an always-changing thing  
And each new day is sure to bring  
New problems we must learn to face  
With quiet dignity and grace.

## 9th Annual Nanticoke Pow Wow set for this weekend

## Harrington Rotary Club

The governor of Rotary District #763 will be visiting the local club this Monday evening, September 8, during its weekly meeting and President Roger Trice is urging all members to be present to assure him of a 100% attendance, to hear District Governor Kirk Mearns on this annual visitation.

The annual summer outing took place last Tuesday when a very interesting visit was made to Delaware's State Museum in Dover. This was followed by a social hour at the home of Dr. and Mrs. Arthur Gilbert with a dinner at the Village Inn, Little Creek, afterwards. Me. Wyatt was in charge of arrangements.

Harrington Rotary members will

again be in charge of the information booth during the Harrington Heritage Day activities on Saturday, September 20.

Mel Brobst and his committee are busy preparing publication of a booklet that will present the past, present, and future of Harrington Rotary to be made available to the membership as well as prospective members.

At a meeting to be held at the Colony Inn, Harrington, on November 3, Dr. Gilbert will be presenting Mrs. Marne McAllister as a guest speaker. Mrs. McAllister is the daughter of the late Jack Davis of Bermuda, former president of Rotary International. The ladies' affair is scheduled to begin at 6:30 p.m.

The Harrington Rotary Club meets weekly throughout the year on Monday evenings at 6:15 p.m. at the Harrington Restaurant and Newsstand, 100 Delaware Avenue.

**BREAK THE VICIOUS CYCLE THAT KEEPS YOU FAT**

You diet and lose weight. Stop dieting and you gain it all back again. Dieting has been an American craze for the last two decades, but the average weight for each American according to height has increased by more than 5 pounds! Actually, most habitual dieters have gained more than 20 or 30 pounds as a result of their diet practices.

What's wrong with dieting? Nothing, if a sensible program is adhered to. Unfortunately, many people fall prey to the "fad diet experts" who promise quick and easy methods of success. With this program we don't promise quick results. We do predict long term permanent success for those who are willing to make the commitment to follow sound eating and lifestyle habits.

The Professional Fitness Systems NUTRITIONAL REPROGRAMMING Plan for Lifetime Weight Control was designed and is administered by a registered dietitian and certified exercise specialist. An initial no obligation consultation, which includes a computerized body composition analysis, is only \$15. Locations include, Dover, Milford, and Salisbury.

# Area Church News

## Calvary Wesleyan Church News

PROMOTION SUNDAY will be observed this week in the Sunday School. New literature, new teachers and new classrooms await you. Sunday School opens at 9:30 a.m. Homer Sherwood serves as Superintendent with David Turbuton as Assistant.

All new scholars who have become a part of our growing Sunday School will be honored Sunday evening immediately following the service. Cookies and punch will be served in the Fellowship Hall.

## Calvary Baptist Church

Calvary Baptist Church will conduct Revival Wednesday, September 3, through Sunday evening, September 7. Evangelist Dean Bartels from Chadron, Nebraska will be leading these special services.

The Singing Bartels have been traveling all across America singing and preaching the Gospel of Jesus Christ for over 13 years! Their faith and sincerity stand out as you hear them sing and preach. Very few people have the dedication to the ministry that they do. They have sung and preached in churches averaging from the 20's to those running over 3,000 in Sunday School each Sunday. Their ministry has

been blessed by God in seeing thousands of souls saved and rededicated to Jesus Christ.

You will enjoy the down to earth preaching, good old fashioned humor, and heart touching songs as these people minister to your hearts. To be able to see and hear people that practice what they preach is a rare opportunity today. We encourage you to come and enjoy the services with us. Evening services begin at 7:00 p.m.

Sunday is "Family and Friends Day" and the Morning service begins at 11:00 a.m. If you need more information, please call 479-3682. The public is cordially invited to all services.

## Family Portrait Fundraiser

The Women for Christ Department will be sponsoring a family portrait fundraiser on September 13, 1986 at the Greater Harvest Church. The photos are 10 x 13, mounted on canvas, and will be taken by Majesty's Family Portraits

trained photographers. This offer is for one day only and must be pre-paid. For more information or to schedule an appointment, please contact Pastor Jones at 284-3853.

## St. Bernadette's Catholic Church

ST. BERNADETTE'S HALL RENTAL: Please call Lee Kukulka at 398-3270.

REMINDER THAT THE NURSERY at St. John's is open during the 11 a.m. Mass on Sundays. Parents are encouraged to take advantage of this opportunity.

Anyone interested in volunteering their time and services to periodically help (about once a month) in the nursery is encouraged to call Claudia June, 398-5123.

BAPTISM: We celebrate the Sacrament of Baptism during the months of January, April, July and October. Parents and Godparents, if possible, are to attend a two-session preparation program prior to the celebration of the sacrament, if they have not already done so. Arrangements for attending the sessions or to schedule a baptism may be made by calling the Rectory, 422-5123.

YOUR HELP IS NEEDED! Could you spend some time visiting a sick person? If you can help, please call Steve Stack, Social Concerns, Chairperson, 422-9445.

\*Anyone interested in teaching the program at St. John's or St. Bernadette's is asked to contact Mary Louise, 422-5319 or 422-5827. Catechists (teachers) are needed for various grades. Training will be provided. A team situation can be used for any grade level. (This means that 2 people can alternate weeks teaching.)

At St. Bernadette's we need someone to alternate teaching grade 2 for this coming year.

At St. John's we need someone for Grade 1 and 4. This would be a team situation.

PLEASE NOTE: If you wish to borrow any tables and/or chairs from St. John's

Church, please contact Al DeNardo (422-5123) before taking please. All tables and chairs should be returned in good condition and placed in the same place you borrowed them from. Thank you.

CHRISTIAN FORMATION COMMITTEE: A very important meeting will be held at St. John's parish hall at 7:30 p.m. Wednesday, August 27 for all members of the Christian Formation Committee.

The purpose of this meeting will be to set strategy and direction for the committee activity for both the ensuing year and for future years.

This meeting is open to all parish members and you are invited to witness the operation of the Christian Formation Committee and consider if this ministry will give you the opportunity to serve your parish community.

Pre-K will meet during the 11 a.m. liturgy each Sunday. Classes for this group will begin on Sunday, September 28.

## Deer hunting regulations announced

Deer hunting regulations for the 1986-87 hunting season for the Prime Hook National Wildlife Refuge were announced by Paul D. Daly, Refuge Manager for the Prime Hook and Bombay Hook National Wildlife Refuges recently. Applications for muzzleloader and shotgun hunting and permits for archery hunting are now available. Three important changes in the hunting program at Prime Hook and deadlines for submitting applications were also announced by Daly. Important changes for this year include:

Permits for shotgun and muzzleloader deer hunting will be issued daily at the Waterfowl Check Station north of Route 16.

Hunting in Area B (muzzleloader and shotgun only) will be restricted to 20 elevated stands during specified hours. Separate permit applications will be required for the early and late muzzleloader deer hunting seasons. Applications for the late muzzleloader season will not be accepted until after October 12.

In previous years, permits for deer hunting by firearms have been issued through the mail permitting the hunter to go directly afield without having to check in daily. A large increase in the number of hunter applications has increased staff administrative time. Therefore, the permits for shotgun and muzzleloader deer hunting will now be issued daily.

Elevated stands in Area B were added to improve hunter safety. The stands were built and donated by the Delaware Division of Fish and Wildlife. Hunters

selecting to hunt in Area B must remain on their stand from legal shooting time to 8:00 a.m. and from 3:30 p.m. to closing time. Between 8:00 a.m. and 3:30 p.m. hunters may drive and/or hunt off of their stand.

Archery permits will be issued by mail on request. Archery hunting is permitted only on the North Hunting area.

Deadlines for hunter permits are as follows:

Early Muzzleloader - September 15  
Shotgun - Area A - October 7

- Remaining Area - October 7

Late Muzzleloader - December 15

Three deer hunting areas are available on the Prime Hook National Wildlife Refuge:

North Hunting Area - 2,200 acres-shotgun, muzzleloader, archery.

Hunting Area B - 525 acres-shotgun, muzzleloader only.

Hunting Area A (Office) - 625 acres-shotgun, muzzleloader only.

Area A which features 25 elevated stands will be open on Tuesday, November 11 and Thursday, November 13. Muzzleloaders will hunt on Area A on Friday, January 9. Hunters will be selected by lottery drawing.

The 8,817 acre refuge which lies east of Milton also offers hunting opportunities for waterfowl, dove, small game and upland game birds. Information on these programs is available at the refuge office.

Maps, regulations and application forms are available from the Prime Hook Refuge Office - RD 1, Box 195, Milton, De 19968, or by phone (302) 684-8419.

## Blackwater National Wildlife Refuge to hold deer hunt

CAMBRIDGE, MD—The U.S. Fish and Wildlife Service will open a portion (about 1400 acres) of the Blackwater National Wildlife Refuge to deer hunting for two days, November 29 and December 1, during the Maryland firearms deer season this fall. The hunt will be by permit only.

Those interested in applying for a permit should mail or bring an application to Blackwater National Wildlife Refuge, Route 1, Box 121, Cambridge, Md. 21513. Submit your application on a regular 3 1/2" x 5 1/2" post

card that must be received by the close of business Wednesday, October 1, or be postmarked no later than that date. Applications must include legible FULL NAMES and ADDRESSES.

Applicants must indicate their first and second choice of hunt dates by placing the dates in the upper left corner of their application. Applications containing more than one name will not be accepted; more than one application per person or applications containing false information are prohibited.

## Frank Masley to speak in Dover

Frank Masley, the first native-born Delawarean to compete in the Winter Olympic Games, will be the special guest and speaker at the Southern Delaware Olympic Committee's third annual Dinner Dance and Fashion Show, Saturday, September 20, at the Sheraton Inn in Dover.

Also featuring a silent auction conducted by Dover Mayor Crawford Carroll, the black tie affair acts as one of Delaware's most important fundraisers for the Olympic Committee, benefiting all aspiring amateur athletes. Joining Masley as guests will be

Dover-born 1984 Olympian in bobsled, Tom Barnes and four champion figure skating athletes who train under Ron Ludington at the Skating Club of Wilmington: ice dancers Suzy Semanick and Scott Gregory and pair skaters Natalie and Wayne Seybold.

The gala evening begins at 6:30 p.m., with dancing to the music of Boulevard from 9 to 1.

For ticket information write or call ticket chairman Lynn Edgell, 10 Forest Hills Court, Dover, De 19901, (302)734-4020 or (302) 645-6725.

## Cross-Country Community Fun Run picnic set for September 13th

by Keith S. Burgess

Lake Forest High School Cross-Country coach, Jim Blades has announced that the annual Varsity-Alumni-Community Fun Run-Picnic will take place at Killen's Pond State Park, Saturday, September 13 at 11 a.m. Anyone living or working in the Lake Forest School District is eligible to take part. In fact, we don't think anyone will protest of sportsmen or sportswomen, from other areas would like to have an interesting workout.

The 5,000 meter (3.1 miles) distance will cover Killen's Pond State Park's brand-new course. Coach Blades and the State Park's representatives have mapped out the course and installed permanent marker posts and start and finish signs, enabling joggers, and runners to easily negotiate the layout, without assistance. This brings the local park up even with Brandywine Creek State Park, Carpenter State Park and Belvedere State Park, all located in New Castle County. These upstate parks have been mapped out and marked for some time. Like the Killen's Pond Park, the other three layouts are often used for the annual high school state championship meet.

The main difference has been that while the upstate courses were

permanent ones, the local course was changed everytime the state meet came here. Now we are permanent too. Thus, when the state meet is held here again, this November, most of the top Delaware scholastic runners will already have competed in at least one meet at Killen's Pond and will have the option to run the same layout, as many times, as they wish, prior to the big test.

The Delaware State Cross-Country Championship meet has never been held south of Newark, except for the several times it has been held here. The fact that Lake Forest has been the only downstate host, ever, speaks very well for the local program, indicating the degree of respect that exists for Jim Blades, the Lake Forest cross-country program and for the various local layouts that were used.

The writer has been over the New course. We feel that it is an excellent test and that spectators will be able to see more of the race than they would on most courses. We feel that several hills, especially in the last mile, will surprise some runners, especially those who think all southern Delaware courses are flat.

Come out Saturday morning, 11 a.m., September 13th and see for yourself!

# Lake Forest Fall Sports

## Spartans face rebuilding year

by Mike Dill

"I'm trying to give the game back to the kids and let them have fun", said new Lake Forest football coach Al Wood.

Wood is very optimistic about the upcoming season despite the fact he has only four starters returning from last year's 7-2-1 team that qualified for the state tournament.

The most visible difference about this year's team will be the type of offense being run by the Spartans.

Wood has scrapped former Lake Forest coach Jim Fleming's veer offense for the wing-T.

"With the veer, you have two straight plays that go nowhere, then you break an 80 yard run. With the offense we are going to run, if we get four yards, we'll be tickled to death."

"We're going to have a totally different concept this year, we're going to concentrate on ball control."

"The formation we will operate out of is the wing-T, but it is not the same type of wing-T that is run by Tubby Raymond at the University of Delaware or other high schools in the state."

"The wing-T we will use is the Dave Nelson wing-T. In Nelson's wing-T, you don't need the quality of people to run it," said Wood.

"This is a very flexible offense that you don't have to depend on one player or one position to make a play work."

The Spartans return many players on offense at key positions.

Senior Ricky Brown returns to lead the Spartan offense at quarterback. Joining Brown in the backfield are senior halfbacks, Wendell Watson and Mike Scott.

Both Watson and Scott have seen extensive action the past two seasons and will be joined in the backfield by senior Carl Young and freshman Robbie Warren.

The Spartans also figure to have strong receiving corps led by Steve Sipple and Chuck Bell. Both are returnees from last year's team.

The offensive line, the strongest part of the team last year, has only three experienced linemen who have seen varsity action.

Heavyweight wrestler Marvin Hicks will man a tackle position along with guard Jay Knowles and center Tony Brown.

Even though he has very few returning players who started last year, he remains optimistic about this year's team.

## Follow the ACTION!

"Laurel, Delmar and Indian River should be the teams to beat in the division. We can't be picked at the top, but we're going to scratch and dig for everything we can get."

One added dimension to the team this year will be the added input by the players to the play calling.

"I'd like to get ahead and tell my quarterback to call his own plays. If we can do that, the players can have more input on the plays being called."

"We can run anything out of our system so it is more fun for the kids, its their game so they should have fun with it."

Assisting Wood this year are Fred Duffy, Chester Scott and Pat Coates.

## Soccer shoots for tourney berth

by Mike Dill

The Lake Forest field hockey team, fielding only two seniors with varsity experience will depend on several underclassmen this year, as the team tries to improve on last year's 6-5-1 record.

Seniors returning with varsity experience are forward Jody Jensen and link Laura Bennett.

These seniors should provide leadership to a team that has 10 juniors with varsity experience and make up the nucleus of what should be a great team next year.

## Hockey looks for winning season

by Mike Dill

"We have a lot of young talent in key positions," stated Lake Forest soccer coach Dave Buck, who is starting his 14th season of coaching.

Buck is optimistic because he has three senior forwards with varsity experience returning to lead the team.

Back are Bobby Bassett, Jay Green and Kyle Kelly. Also Derek Dill has been moved to the forward slot to help out.

This year Buck has tried to concentrate more on the offensive part of the game than he has in other years.

"We would like to get more scoring punch this year."

"We are going to run different set plays and we are going to be lining up differently than in the past. You are

going to see a lot more movement by our forwards."

On the transition part of the game, Buck has seniors Scott White, Scott Talley and John Pavaloski and junior Greg Reed returning from last year's team.

Seniors Walt Lekites, Jerry Howerin and Tate Garey are back to man the fullback positions and give support to returning goalie Andy Gay.

"We should be in the top half of the conference. CR and Milford look very tough on paper and Cape has a strong defense and Dover has a great tradition."

"We can definitely play with all of these teams."

## Cross Country goes with youth

by Mike Dill

The Lake Forest boys and girls cross country teams will be going with several underclassmen on both squads as they gear-up for the upcoming season.

As for the boys team, last season Lake Forest coach Jim Blades had 16 young men running for him and lost nine through graduation and people moving out of the school district.

"We're pretty thin this year. The group we have left are mostly younger people," said Blades.

The only senior returning with experience is Eric Payne. He will be joined by standout junior runner Mark

going to see a lot more movement by our forwards."

"CR is definitely the team to beat this year. They look very tough on paper."

"We're going to have to get some more people out if we are to be stronger."

"We're not going to be the best team in the conference, but I would like to build as much as I can."

Blades is faced with the same dilemma with the girls team as he is with the boys.

"We're very young, but we have a very good nucleus in Melanie Pelton, Lorraine Lake and Julie Betts."

"These are all pretty good runners, and they should do very well this season."

## Checkered Flag Club to visit Georgetown Speedway

by Don Allen

GEORGETOWN, DE.—Friday, September 5th at the Georgetown Speedway will be dedicated to the benefit of the Checkered Flag Fan Club. The club is a non-profit organization, dedicated to "better and safer auto racing" and the financial security of its participants in the event that they should suffer injury during competition.

The CFFC was founded in April, 1951 by eleven dedicated motorsports fans. Over the years their ranks have grown as have their good works. Their vigorous fund raising efforts have enabled the club to honor annually, drivers and teams throughout the Northeast for their

contributions to the sport. In 1978, the CFFC established the Injured Driver's Fund.

On September 5th, CFFC President Ann Pouleson and club members will be on hand to greet the Georgetown fans and acquaint them with their activities and offer the opportunity for anyone who wishes, to join. The drivers who will be at the speedway to do battle in the evening's Modified, Limited Late Model and Street Modified races will also do their part of the CFFC when they "pass the helmet".

Gates open for the CFFC Night at 6:00 p.m. with racing getting under way at 8:30 p.m.

## Wall promoters celebrate 50 years of marriage

WALL TOWNSHIP — Mr. & Mrs. Thomas Nicol celebrated their fiftieth year of marriage on Monday night, August 25th. Mrs. Jennie J. Nicol is the promoter of Wall Stadium, and has held that position since the stadium's birth some thirty seven years ago.

The couple eloped and were married by a justice of the peace in Farmingdale. Their love of auto racing lead to Wall Stadium which was a gift from Mr. Nicol to his wife. Mr. Thomas Nicole engineered the design of the speedway which is still today one of the fastest

third of a mile speedways in the country.

The affair was held in the completely remodeled Berkeley Carter in Asbury Park and was attended by over seventy five people. The anniversary party was given by Alex & Carol Wojciechowicz and Tucker & Sandy Nicol.

Mr. & Mrs. Nicol are as much a part of the speedway today as they were some thirty seven years ago when it was built. All of the staff, competitors, and fans alike salute the couple which has given so much to the sport they love.

## Meatland to have NASCAR car on display

HARRINGTON—The NASCAR/Winston Cup car of Buddy Baker will be on display at the Harrington Meatland store on September 12th from 1 to 5 p.m. The "Crisco Car" is sponsored by Crisco, a product of the Proctor & Gamble Company.

Baker has had good runs in this first year under the familiar colors of Crisco, but for one reason or another has had bad racing luck. The Crisco Car has always run strong when it was running on the racetrack.

## Hagerstown to host sprint cars

HAGERSTOWN, MD.—The Super Sprints return to the smooth half-mile of the Hagerstown Speedway on Sunday, September 7th at 6 p.m. The sprints have five dates remaining on the fall schedule and the race for the track championship has grown into a close battle.

With a second place finish in the Maryland State Sprint Car Championship during Speedweek, Doug Wolfgang of Sioux Falls, S.D., has moved into a close battle with Joey Allen for the track championship. Darren Eash of Woodbine, Md., has found the Hub-City oval very much to his liking and is right with the leaders in the battle for the sprint car crown.

The 25-lap feature will pay \$2,400 to win with \$100 for each heat. Besides the \$2400 first place money, the winner of

Sunday's feature will receive a gift certificate from Competition Tire East of Reading, Pa.

A full field of cars are expected to return to Hagerstown with the roadrunners and the new Daredevil division joining the action packed program.

The late models have the weekend off for the World 100 at Eldoro Speedway and will be back in action with a 25-lap feature on September 14th.

Now that school is back in session, fans are reminded that race time has been moved ahead one hour to 6 p.m. for the month of September.

Hagerstown Speedway is located 6 miles west of Hagerstown, Md., on U.S. Rte. 40. Additional information can be obtained by calling the Speedway office at (301) 582-0640.

## Franklin, Purvis feature winners at Hagerstown

HAGERSTOWN, MD.—Rodney Franklin of Winchester, Va., started on the pole and held off Jeff Purvis throughout the 40-lap feature to win his second straight feature in the second of three features of Speedweek 86 at the Hagerstown Speedway. In the third 40-lap feature, Jeff Purvis took the lead on the 15th lap with Franklin settling for second.

In the second feature, Franklin started on the pole and grabbed the lead as Purvis settled right in behind. Tom Peck and Roy Miller took over the third and fourth spots.

By the 8th lap, the lead cars were into slower traffic, but Franklin was able to move through the lapped cars without losing any ground. On the fifteenth lap, a caution came out that wiped out the lead that Franklin was beginning to build each lap over the rest of the field.

After the restart, Franklin was able to pull away from the field again as Purvis was no match as Franklin won by several car lengths.

Following Franklin across the finish line were Purvis, Tom Peck, Ronnie McBee and Roy Miller.

The third 40-lap feature of SPEEDWEEK had the field inverted from the finish of the second feature.

Steve Peles took the lead at the start of the race as Denny Bonebrake and Ronnie McBee battled for second. On

the fifth lap, Gary Stuhler joined in the fight for second as Peles held onto the lead. On the sixth lap, McBee took over second and was about to take over first on the next lap when he rolled to a stop with mechanical problems.

Peles stayed in front on the restart as Purvis began to work his way into the top five. On lap 12, it was Purvis and Bonebrake dueling for 2nd as Stuhler and Buddy Arnel were right behind. Three laps later, Purvis took the lead from Peles and began to open a large margin over the rest of the field.

Franklin, working hard to move to the front, managed to pass Peles with five laps remaining, but was unable to catch Purvis as Purvis won by ten car lengths.

Rounding out the top five were Purvis, Franklin, Bonebrake, Peles and Arnel. In the limited late model championship, Mark Plessinger of McConnellsburg, Pa., won the first race of his short career leading the 30-lap feature from start to finish. Following Plessinger across the finish line were Mike Kendall, Roger Watkins, Les Hare and Brent Smith.

In the roadrunners, Jeff Friese of Greencastle, Pa., was the first driver to take the green and the checker to win the 15-lap feature. Following Friese across the finish line were Alkie Cunningham, Dave Neff, Steve Payne and Craig Kline.

## Jarvis and Von Dohren split holiday 25's at Georgetown

by Don Allen

Contrary to the reservation held by a member of the motorsports press, the Milford Fertilizer sponsored holiday events at the Georgetown Speedway Sunday, August 31st, had the sweet smell of success for modified chauffeurs Richard Jarvis and Craig Von Dohren, as well as Limited Late Model pilot Phil Murray and master of the Street Mods, Kenny Pettyjohn.

The \$1,000 winner's purse for each of the 25 lap Modified events encouraged 28 teams to brave the Labor Day weekend traffic in order to compete on the tacky half-mile. The first half of the Modified show belonged to Richard Jarvis. He started third in his Purnell-Jarvis. Olsen Eagle, snared the lead from pole sitter John Richards and led the event from flag to flag. Several caution periods prevented Jarvis from opening a comfortable lead, but a heated, race-long battle for second between Bob Toreky's C.P. Townsend Farms sponsored #14, the 19D of Harold Bunting, Billy Towers in the #21 and the revamped Sierra Wood Stoves Bandit with Bob Wilkins at the wheel, gave him the breathing space he needed to ace the win. Craig Von Dohren put his Keystone Pretzels #126 in the thick of it in the early going, but a broken axle sidelined him on lap eleven.

The closing laps saw Wilkins, then Bunting make their bids for the lead, but Jarvis had all bets covered to pick up his second Georgetown checkered of '86.

Von Dohren came back strong in the second 25 as Jarvis went to the pits. With the race less than one lap old and Bunting setting the pace, Jarvis broke a front wheel spindle and darted to the infield.

Bunting relinquished the point to the Covey's Car Care #21, Billy Towers on lap four. The #3 of Wilkins marched into the lead on lap eight with Von Dohren hot on his heels.

The "Pretzelman" waited his chance till just before the halfway mark. A caution for the #24 of Dave Schamp closed up the field and on the restart Craig soared into the lead outside of the Banks Co. #3 coming off of four.

Wilkins wouldn't let the #126 out of his sight. For the final thirteen laps the pair rode the cushion through the turns with Bunting riding a close third followed by Towers and the B&F #28 of John Pinter. Bunting's threat began to evaporate on lap 22 when part of his front suspension came unglued, causing him to graze the front stretch wall on two successive laps. The second contact sent the car limping to the pits.

Von Dohren took the checkered just a few car-lengths ahead of Wilkins to score his fourth season win at Georgetown.

Modified Results: 1st Heat--Bob Toreky, John Richards, Harold Bunting, Nelson James, Charlie Phillips. 2nd Heat--Richard Jarvis, Bob Wilkins, Craig Von Dohren, Hal Browning, John Pinter. FIRST 25--Jarvis, Bunting, Wilkins, Towers, James, Visconti, R. Elliott, Schamp, Huepfel, Crouse, Browning, Richards, Deron Rust, Toreky, C. Slaughter, Brittingham, Von Dohren, J.V. Wells, Pinter, Roberts, Phillips, Parks, Mark Passen. SECOND 25--Von Dohren, Wilkins, Towers, Pinter, Browning, Elliott, Parks, Rust, Bunting, Crouse, Toreky, James, Richards, Brittingham, Wells, Passen, Schamp, Jarvis.

Phil Murray visited victory lane to put the cap on what had started out to be a dismal weekend for his Murray Motors, C.P. Townsend Farms Team. A blown motor on Saturday night had left them out of the money. The crew put in some long hours to be ready for G-town. Phil won his heat race hands down. By lap three of the 20 lap Limited Late Model feature he had broken into the lead. Then things started to go downhill again.

On lap seven, as he was holding off the challenges of Jeff Patilla, Eddie Williams and Bill Penuel, a tire gave out causing him to spin and bring out the caution. Quick work put Phil at the tail of the pack for the restart. Then, a tangle between Chuck Prettyman and

Ed Baker in turn four, in front of Murray, brought out the caution again. Phil narrowly avoided the wreck and resumed the hunt.

Tim White led the next circuit till his power steering went out. Bill Penuel's Total Mechanical Contractors #84 took up the standard. Penuel led as Murray steadily picked his way to the front. By the white flag lap the #20M sat on Penuel's rear bumper. The pair thundered off of turn two and Murray pulled alongside. Penuel stayed in the throttle just a little longer, entering three and inched ahead of Murray but Phil held the low groove and was wheel-to-wheel with the #84 as they came out on the front stretch. A little sheet metal was traded as the Pontiac and the Camaro sped to the checkered. Murray won the contest by a heartbeat over Penuel.

Limited Late Results: 1st Heat--Murray, Fields, Turpin, Williams, Kenney, Jr. 2nd Heat--Patilla, Penuel, B. White, T. White, A. Reed. FEATURE RESULTS--Murray, Penuel, T. White, Robinson, Hilliard, Beach, Patilla, Warrington, Joines, Shepherd, Kenny, Williams, Turpin, B. White, Kevin White, Baker, Prettyman, Jones, Jr., Fields, Leon Johnson, Reed, S. Cooper.

It was the last lap of the 10 lap Street Modified main before K. Pettyjohn put a lock on the winner's circle. The event got off to a frightening start when Ira Hitchen's took a bone jarring side-for-side flip down the front straight on the charge lap. Ira came away merely shaken but his Grotto Pizza, Southern States Chevelle was quite used up.

When the event resumed, Elwood Driscoll took the point with his big Monte Carlo. Elwood held the line against Gary Ingram's Milford Fertilizer #42, the car of Tommy Elliott and finally Pettyjohn. Pettyjohn moved into second on lap six and until lap nine, Elwood had the best of him. As they entered turn two for the last time, sparks erupted from the transmission area on Driscoll's car and he coasted to a stop on the back stretch as Pettyjohn crossed the stripe for the win.

FEATURE RESULTS: Pettyjohn, Elliott, Bounds, Ingram, R. Robinson, Sharp, Dear, Oliphant, E. Driscoll, Wilson, Wroten, R. White, R. Bloom, Spatz, B. Phillips, Hitchens, Byram, Manship.

FROM THE FIFTH TURN: The Bob Wilkins/Andy Anderson combo have once again worked their magic with the Bandit chassis. They and their supporters, who have dubbed themselves the "Walk-in Mechanics", have joined forces with the Banks Co., Mason-Dixon Team to produce what will soon be a winning mount. Bob's third and second finish put him on cloud nine after the show and erased the crew's fatigue. Everyone was weary from spending Saturday night and Sunday morning repairing a broken engine rocker arm that happened in heat action Saturday night.

Bob Parks was elated after his seventh place finish in the final 25 lapper. It was the Pitman Auto Supply #60's first feature finish since Memorial Day. Maybe that's the end of this personable driver's jinx for '86.

John Pinter recouped from a dismal finish in the first 25, due to a broken axle, and manhandled his #28, broken steering box and all, from the back of the field to finish a strong fourth in the second contest.

Next week the speedway will host the Checkered Flag Fan Club. The Friday night show will feature regular contests for all classes and during the night's intermission the drivers will be asking the fans to help them support the non-profit organization's Injured Drivers Fund, by passing the helmet through the stands.

Sports anchorman Paul Runnel, Newswatch 47 will be the speedway's guest starter for the thrilling MODCAR show on September 12th. Paul will throw the green for the feature and find out what it is like to control nearly 15,000 horsepower by just waving a piece of cloth in front of them.

**TURNING BACK THE CLOCK...** Returning to the days of bon vivant racers and the timeless racing machines of BMW, Bugatti, and Jaguar, Lime Rock Park, CT, will host the annual BMW Vintage Fall Festival, September 12-14. Hundreds of antique, classic and vintage automobiles will be on display and will race around the track, evoking memories of the early days of motorsports.

**Trailway adds micros to event**

HANOVER, PA. - Trail-Way Speedway along with the regular 2-3-4 wheel ATV's and cycles has added the high flying Micro Sprint Cars to the regular Motorcycle Short Track races for the remainder of the 1986 season. A special (3) Saturday Night Championship Series is planned for September 6-13 & 20th. A purse of \$250. to win each Saturday with a bonus of \$1,000. going to any driver winning all (3) features. More information can be obtained at Trail-Way Speedway office (717) 359-4310.

**Miller and Stavola Bros stay with Allison/Hillin**

MILWAUKEE (August 27, 1986)-- Miller High Life beer will sponsor Bobby Allison, Bobby Hillin Jr. and the Stavola Brothers Racing Team on the NASCAR Winston Cup circuit in 1987. Allison won the Winston 500 at Talladega in May, the first victory for the three-year-old Stavola Brothers team. Hillin became NASCAR's youngest winner when he posted a dramatic victory at the Talladega 500 in July.

**MYTH:** Beef is frequently processed under unsanitary conditions.

**FACT:** The meat industry is the most regulated of all food industries. It has been described as the most regulated industry in the nation, with the exception of the nuclear energy industry. Physical inspections of meat are made in packing plants by certified inspectors from the state or the U.S. Department of Agriculture. When a violation is uncovered, it results in substantial news coverage because it is a rare and truly unusual event.

**MEAT NUTRI-FACTS**

MEAT NUTRI-FACTS IS A PROGRAM TO PROVIDE THE CUSTOMER WITH INFORMATION ABOUT RED MEAT AND NUTRITION.
