# Lake Forest School Board prepares for Referendum

by Harry G. Farrow, Jr. LAKE FOREST HIGH SCHOOL. At

the regular monthly meeting on Monday night at the high school, plans were announced for a referendum to be held on March 10th.

dent Dr. James VanSciver, an organizational meeting for the referendum will be held on December 4th at 7:00 p.m. in the high school cafeteria.

The topics for the referendum will be building repair and reconsturction as well as upgrading the electrical and heating systems. "I would like to include painting of certain buildings in the District particularly those at

\$

another problem with a possible leaky underground storage tank", said Dr. VanSciver.

The other part of the referendum will be the issue of voting to participate in According to District Superinten- the State equalization funding program. Other districts surrounding Lake Forest have gone along with program, and it appears the plan will be acceptable this time around.

All of this ties in with a plan to reform the tax structure for the District. Mr. S. Michael Thompson, a member of the school board, who is also employed at the County level, feels the method of taxing now is outdated and outmoded. "What we want to do is to increase more

Mr. Thompson, who is slated to present wants a better balance in this area the program tonight (Wednesday) before the State Farm Bureau gathering.

What Mr. Thompson is proposing is a tax that is based on income level rather than property taxes alone. "When I first presented this at the last meeting of the State Board (of Education) the district boards turned it down with a deaf ear because they reasoned this to be solely an income tax, which it is not", said Mr. Thompson.

Right now mobile homes in the District are exempt from taxation. The lot on which the mobile home sits is the only thing taxed. According to Mr. Thompson the burden of taxation in

> Mr. Thompson said in addition to speaking to the Farm Bureau he plans to make a similar presentation to the State Grange seeking their support of this plan.

> In the Superintendent's report it was noted that there seemed to be a higher number of absentees on Mondays than other days of the week. The suspension report was noted to be highter among the 9th and 10th graders, but as one building principal was heard to say "this was true because certain students were still getting used to the rules of the

It was also noted that the matter of dumping used oil behind the Ag Building had ceased. This apparently is in violation of the State Department of Natural Resources and there is some contamination caused by the dumping. The administration was to meet on Tuesday with representative of BASCO, the architectural firm employed to write the repair and reconstruction program throughtout the District. The original contract was signed with BASCO in March of 1983. Question to be resolved was whether the contract had expired or was outdated and should it be brought up to par before beginning the project. The School Board has been

approached by the Milford/Harrington Chamber of Commerce and the Board approved becoming a member of that Chamber.

In other matters, the Board accepted an early retirement of Douglas Testerman, Math teacher at Chipman and retirement of Robert Hawkins, a special ed teacher at North.

Awards were given to Nanticoke Homes Inc., WSTW FM Radio Station, Lillian Lodge and Robert Faatz at the Annual Meeting of the National Multiple Sclerosis Society Delaware Chapter. At the meeting the new Board of Trustees was elected and Dr. Jeffrey Greenstein from Temple University was the featured speaker.

Nanticoke Homes Inc. received the 1986 Corporate Award for outstanding support of the Chapter in this year. Nanticoke Homes sponsors the Nanticoke/MS Celebrity Golf Tournament in May. They gave a cash donation and helped Certainteed Corp. bring in the famous pro-golfer Chi-Chi Rodriguez. The event raised \$45,000. WSTW FM Radio Station won the Communications Award for 1986. For the 4th year they sponsored the Miller/MS U.G.L.Y. Bartender Contest which raised a record \$37,000. John Wilson also donates his time as the long distance driver in a "Beat the Beast" contest in the Nanticoke/MS Celebrity Golf Tournament.

Lillian Lodge won the 1986 Service Award that goes to a person with MS who volunteers and helps other people continuing Board members were rewith MS. Lodge is the Volunteer elected.

Representative for the Society in Sussex County. She leads the Sussex County MS Group, gives Information Seminars on MS and the work of the Society, advocates for the disabled and helps with public relations and fundraising. Robert Faatz received the National MS Society's Hope Chest Award. This is the. Society's highest volunteer award given to an individual who has provided outstanding volunteer service over the years. Faatz has served on the Delaware Chapter's Board of Trustees for 9 years,

was Chairman of the Board for three years, was Vice-Chairman of the Board, was Chairman of the READaTHON Committee and serves on the Chapter Services Committee. Through his leadership, the Chapter gained considerable esteem within the community. Faatz's wife has MS and he has become an invaluable public speaker on the problems and solutions in living with the disease.

nutritious. "We are looking for well leave for Return Day in Georgetown the balanced meals with high proteins such as a vegetable, fruit, milk and bread as basics.

For Mrs. Hinzman, she knows good nutrition means healthy bodies and a definite growth pattern.

The District feeds approximately 2500 students plus 210 faculty, administrators, secretaries and custodians. The latter make up approximately 60% of the employees in the District.

'Another reason why so many students and other participants eat in the District aside from it being very tasty is the fact that they can save money. Believe me when I say students are aware of this", said Mrs. Hinzman.

The average meal at the high school costs 85¢, at Chipman is 70¢, and the elementary level is 65¢. Breakfast runs an average of 40¢.

Mrs. Winona Deputy, who is the cafeteria supervisor at Chipman, South A and B said on learning of the number one rating "...I think this is very good news, but we make a supreme effort to make our lunches acceptable to our children. Hamburgers, french fries, pizza and the salad bar put them in mind of places where they eat when they are not in school". "There is more freedom of choice and the cafeteria workers make a supreme effort to show the children that we are here to serve you." she concluded.

Mrs. Sharon DeLong, who is the supervisor at the high school said she feels the success of the program is team work by her staffers and a variety of selections for the children. "Our staffers take a real interest in the students and they appreciate it...because they give it the older students will come back and back in participation. To show you serve the cafeteria workers...just to show what I mean, when the band was to their appreciation, which is real.

other week, the band members elected to eat here in the cafeteria. They say the meals are better than what they would get on the road.

Mrs. Fay Freese, who is the supervisor at North said the same about the program. "We have also done away with the head count...just let the children come and make their selections." Mrs. Freese added that her breakfast program is now feeding approximately 200 students each day. She also said as was echoed by Mr. Frank Young, principal at North, that the students are treated as customers ...and that we are here to serve them. which gets the point over to them".

Mrs. Jean Wyatt at East said her participation program is now up to 87%. Enrollment at East is approximately 350. "We are serving about 55 for breakfast", she said. Mrs. Wyatt made another observation in that ...we in the lunch room are probably the first adults for the day who communicate with the kids. And a kind word here and there is what they are looking for too. They get a hot meal and a kind word and they are ready for class", she said.

Mrs. Wyatt also said "...these young kids really go for the salad bar. I fix it for them and really it is a chef's salad."

The lunch program at Lake Forest has really taken off. No longer is it the main meal with a head count and the option being peanut butter. Now our kids have a choice and they love it.

It is not just the food they love...the kids have told me they love their cafeteria workers too. Maybe some day

### Tax reform makes our wonder rate more wonderful.

After all the money you've invested in your home, Mellon Bank has come up with a great way for your home to pay you back at an astonishing rate.

It's the Mellon Home Equity Personal Credit Line at a mere 5.9 Annual Percentage Rate. This rate will be guaranteed for 90 days from the date your account is opened.

The equity in your home can still shelter you from some taxes.

The interest on home equity credit lines, or at least a portion of it, will be one of the few deductions remaining under the new tax law. Which makes our wonder rate even more wonderful.

With our 5.9% wonder-rate home equity personal credit line, you can write loans when you need them just by writing checks on your credit line account.

You can even use your low-rate credit line to consolidate all your other loans and then make one low payment instead of many. But whatever you use your credit line for, you only pay interest on the amount you borrow. But don't

The Harrington New Century Club held a tree planting on Tuesday, November 11th at The People's Bank of Harrington. Holly trees (our state tree) are being planted by various Delaware State Federation of Women Clubs in the State.

This is the Bicentennial Year for the DSFWC and holly trees are planted as part of the Community Improvement Projects for the Bicentennial kick-off. In spite of the cold and rainy weather Harrington had a large turn out for the tree palnting ceremony. Along with Mrs. Virginia Winkler, one of the Kent County Bicentennial Chairman, were State President Mrs. Joyce Shaffer, State Chairman of the Bicentennial Committee, Mrs. Dorothy Downes, President of the Harrington New Century Club Mrs. Grace Kersey, State Representative Robert Quillen, Mayor Alfred Mann and Mrs. Mann, Rev. Wm. Dore of The Asbury Methodist Church, President of The People's Bank of Harrington Mr. Charles Peck

and all Board Members. Representatives from the J.C. Penny National Bank Mr. David Jones and Mrs. Anna Mae Draper, Mr. Tom Barthelmel from the Department of Soil and Drainage Conservation, Mrs. Amelia McSweeny, Chairman of the Conservation Committee and Co-Chairman Mrs. Jenny Chasanov and several members of The Harrington New Century Club. After the tree planting ceremony warm and delicious refreshments were served at the Century Club by Mrs. Marian Moore, Hospitality Committee Chairman and co-worker.

A question and answer period on Littering was held by Rep. Robert Quillen and a talk also was given by Mr. Fom Barthelmel about Soil Conservation and Drainage in our area. We would like to thank all those who attended and supported our tree planting ceremony.

Don't forget members our Christmas Tea will be held on Tuesday, December 9th at 1 p.m.

Don't forget next Sunday is HARVEST SUNDAY. Let's fill our Alter to overflowing with all those necessary items needed in our Food Pantry. Non-perishable items only. Soups, canned meats, peanut butter and many other items are needed. May we share our abundance and in the process receive a blessing.

Our Cathedral Choir will be part of the Lake Forest Community Choir for the Thanksgiving Service which is to be held at Calvary Wesleyan Church on November 26, at 7:30 p.m. Choirs are under the direction of Dawn Dieter and Jim Olson. Pastor Dore will be bringing the message. See you all there.

The Sunday School Christmas Program is going to be very special this year. Mark your calendar for Sunday night, Dec. 14, 1986, at 7 p.m. All classes from Nursery to Senior High will be participating in a series of plays, skits and the usual "surprises", so don't miss this great spirit of the season.

The Seekers Sunday School Class is planning to sponsor a special "Caring and Sharing" project for this Christmas

congregation at Asbury Church. They will be erecting a "Caring" tree, which will have envelopes on, containing information on a family or an individual and the specific needs that are known, but names and addresses will not be furnished. Individuals and Church Groups from the Church and Sunday School will be invited to take an envelope and supply the needs as listed inside. At a specified date near Christmas, all participating persons will be invited to bring their packages to the Church and place them in boxes designed for their family or individual. Other volunteers will then deliver the packages to the recipients. If you should know of a needy or deserving family or individual, please contact Rev. Dore or Jim Olson.

by Keith S. Burgess Almost 100 cross-country runners, male and female, toed the starting line, at the Kent County Parks and Recreation 5,000 meter (3.1 miles) race, held at Killen's Pond State Park, Saturday.

Lake Forest High School runners had a remarkable showing, leaving with six trophies.

Mark Tozer, an All-State runner, as a Lake Forest High School junior, this fall, had a large blister, on his large toe, but managed a fine 17.15, good for first place in the 15-19 division and third overall, behind two veterans, in the 20-29 division. Pete Rowe, race winner clocked 16.36. A healthy Tozer ran 16.41 here last month. Tozer beat Craig Dayton, for the first time. Dayton holds

the record for 10K, at Killen's Pond. Scott Pierce, a 14 year-old Spartan state meet. Photo by HGF freshman, had a very promising first varsity cross-country season, this fall. Saturday. Scott captured the first place trophy in the 14 and under group, with a 20.24 clocking. Since the high school season had ended, seven days earlier, his this school district, where a losing great effort must have come as a pleasant surprise, since he ran 31 seconds faster, than ever before here. Scott however is a known quantity, since he ran very well for Baxter Smith, as an eighth grader, at W.T. Chipman School, in 1985.

An unknown quantity however, is one Tim Fisher. Fisher is a Harrington lad. who spent a few days practicing with many races they had. He didn't have the

the Spartan squad, in late summer, but elected to leave the sport, long before he really knew what cross-country is all about. Especially what it's all about in season is still unknown, after 29 years of harrier competition here.

Tim ran the three miles plus in 21 minutes and 12 seconds. Now listen sports fans! This is a superlative effort, because this lad did not have the many miles under his belt, that the high school runners did. He didn't have the

excellent coaching of Spartan Coach, Jim Blades, a former college harrier, who is one of Delaware's most respected leaders, with seven state champion cross-country teams, who has also coached state champion squads, in both boys and girls track.

Fisher's time is faster than several Spartan runners, considered as good prospects could record, over a whole eason, at Killen's Pond. Fisher has notified Coach Blades, that he will be on hand for corss-country in 1987. Ironically, both Pierce and Fisher have sisters, who are accomplished harriers.

### Thanks for the good that is, and always has been ours....

Our Thanksgiving stems from a harvest festival held by the Pilgrims to give thanks for God's bounty. They invited their Indian friends who arrived, 90 strong, carrying five deer. The food was welcome, the feast lasted for three days. That sense of sharing and of giving, continues to this day. It is called Thanksgiving.

We remember the courage, bravery and determination of our forefathers who settled on the rockbound coast of the Atlantic and pushed across the new country, regardless of dangers. We honor their memory at Thanksgiving time.

We have been blessed far beyond any dreams our forebearers may have had. For us, Thanksgiving Day is an expression of an ultimate attainment — the giving of thanks for the good that is and always has been ours.

Stephanie Allen, a 14 year-old pixie, ran No. 3 on the Lake Forest varsity this fall, as a novice harrier. She has a great year. Saturday, her adrenalin must have been at a high level, for she left the starting line much too fast and led most of the field for some 300 yards. Despite the rash beginning, the Spartan freshman, hung on gamely and won the award for best finisher, in the female 14 and under group.

Her 24.23 clocking was a good one, as she finished in 48th place overall. Next year she will be a second year harrier and will be a smarter starter.

### **David Hill wins Delaware** State Late Model championship at the **US 13 Speedway**

#### by Charlie Brown

DELMAR, DE-David Hill set a record breaking pace to win the 50 lap Delaware State Late Model Championship at the U.S. 13 Speedway. Hill lowered the late model one lap record to a 19.66 and collected \$1500 for his win plus another \$515 in lap money. 1986 Street Modified Point Champion, Tommy Elliot won the 25 lap event for the street modifieds for the second year in a row.

1986 Point King, Eddie Pettyjohn led the 24 car late model field to the green but lost control and spun in front of the pack, bringing out the yellow. This put Charlie Schaefer out front for the restart but, it was David Hill grabbing the lead on green.

Sammy Lowe and Barry Lear tangled to bring out the yellow on lap two. Hill stayed on top on the green with Schaefer in second, Ray Kable Jr. third, Rick Workman fourth and Lou Johnson fifth. By lap five, Kable was running second and Pettyjohn had worked his way back into the top ten.

By lap fifteen, Hill was starting to open some ground over Kable as Pettyjohn worked his way by Schaefer for fourth. Schaefer spun three laps later and was tagged by Ron Wilson and Bud Hickman. Pettyjohn made a quick trip back into the pits, once again putting him to the rear of the field.

Johnson worked his way into second but two laps later came to a stop to final event for 1986 season at the bring on the yellow. It was still Hill on speedway.

top, with Alex Beaumont moving into second. Beaumont's drive ended with a flat on lap 31 moving Kable back into second.

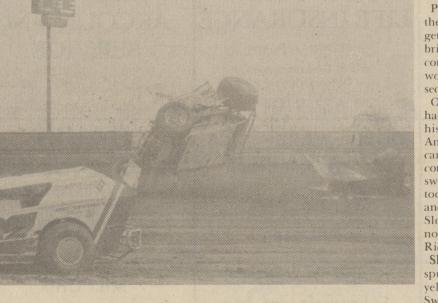

Two yellows in the final ten laps tightened the field but Hill had no problem holding off the pack and gaining victory, Kable finished a strong second over Pettyjohn in third, Workman in fourth and Barry Williams fifth. Sixth through tenth were Bobby Linton, Morris Tucker, Jerry Black, Tom Lewis and Hickman.

Tony Steele set the pace for the first twelve laps of the street modified main before the first yellow flew. Elwood Driscoll was running in the second spot with Tommy Elliott third, Bounds fourth and Richard White Ir. fifth.

On lap eighteen, Driscoll slowed to enter the pits and was struck hard by Kenny Pettyjohn. Driscoll rolled off the third turn but was uninjured. The final five laps was a five car battle between Steele, Elliott, White, Jeff Bush and Pettyjohn. Steele dropped from the battle with two to go due to a flat tire. On the final lap, Pettyjohn and Bush tangled coming to the wire with Elliot claiming the checker. White's last turn challenge fell short at the wire with Darren Wroten finishing third. Pettyjohn finished in the fourth spot followed by Charles Dear, Steele, Bush, Duck Robinson, Dixie VanMeter and Gary Guise in the top ten. This was the

### Leach wins Small Block Modified championship, J. Kenney, Jr. wins Limited Lates at US 13 Speedway

#### by Charlie Brown

DELMAR, DE - It was only the third race for John Leach's new small block modified but, it was a big one as he collected his first win of the season in the Delaware Small Block Modified Championship 50 lapper, at the U.S. 13 Speedway. JohnKenney Jr. added a nice ending to his rookie season in the limited late models winning the 25 lap championship event.

Chip Slocum led the small block modified field to the green and started to set the pace. John Leach quickly grabbed the second spot with Ronnie Tobias in third and Kenny Bell fourth. Paul Richards blew a tire coming off the fourth turn with Jess Buffalino getting up and over Richard's hood, bringing out the first yellow. Slocum controlled the restart with Leach working his way around Tobias into second.

On lap twelve, Bones Anderson went hard off of the third turn, ending up on his roof and bringing out the red. Anderson emerged uninjured but the car was done for the day. Slocum continued to lead as Leach and Tobias swapped the runner-up spot. Leach took control of second on lap nineteen and one lap later dived low under Slocum for the lead. Ray Swinehart was now running in the fourth spot with Rich Schaffer and Bell battling for fifth. Slocum made contact in turn three and spun off the track, bringing out the vellow once again. On the restart, Swinehart fell victim to mechanical problems on lap thirty-three slowing the field again. Schaffer momentarily

took over second before Tobias and a posessed Slocum blasted in behind Leach.

Schaffer kept in the fight and took back the third spot with just three laps left to go. Tobias tried his best but could not close on Leach as time ran out. Schaffer finished in third with Slocum fourth and Bell rounding out the top five. Sixth through tenth were Dave Adams, John Beaumont, Mike McClure, Dan Antheil and Jess Buffalino.

Phil Murray led lap one of the limited late model championship before the yellow flew for the tangled cars of Oscar Fields and Doug Beach. On the restart, Todd Richardson, who had started in fourth, jumped on top with John Kenney Jr., third and Jeff Turpin fourth. Kenney moved into the second spot but pitted on a sixth lap yellow. Richardson held the lead on the restart with Turpin riding second. Kenney charged back through the field and was riding fifth when the yellow flew on lap eleven. On the restart, Kenney shot into the lead and was never seriously challenged from that point

Richardson dropped from the field on lap sixteen, moving Murray into second. Murray was unable to close on Kenney as John picked up his second checker of his rookie year. Finishing in third was Cordia Warrington, with John Hudson fourth and Butch Hillard fifth. Sixth through tenth were J. Elben, P. Beach, T. White, E. Baker and P. Fritz.

### **Bob Toreky wins Delaware State Modified championship as rains come Sunday**

#### by Charlie Brown

DELMAR, DE-Bob Toreky grabbed the lead just two laps before pouring rains came making him the winner of the Delaware State Championship for modifieds.

Trouble started at the drop of the green in the 50 lap Delaware State Modified Championship when Tom Mayberry had his engine let go down the front

straight. Bob Toreky controlled the Bunting moved into fourth. The yellow restart with Bobby Wilkins in second, Kenny Brightbill third, John Pinter fourth and Harold Bunting fifth. The second yellow was out by lap four

as Freddy Brightbill, Gary Trice and

flew on lap eleven as Dave Adams stopped on the top of turn three. Bunting worked into the third spot on the restart.

Wilkins day ended on lap 15 with a flat Jeff Patilla tangled in the second turn. right rear tire. Bunting kept on the Brightbill was the only one of the three move, taking second on the restart as to return to the field. On the restart, Chip Slocum and Jim Baker moved Kenny Brightbill jumped into second as into the top five. Bunting battled wheel

to wheel with Harold taking the point on lap 22. Both Freddy Brightbill and Snookie Vent Jr., stopped on the next lap to bring out the yellow. Kenny Brightbill and Toreky locked into a torrid battle for the second spot behind Bunting. Pete Visconti spun just as he was being lapped by Bunting and was clipped by Harold. The contact damaged the rear of the D&D

Dismantling machine and ended Bunting's day

Brightbill took the lead on the restart and John Kozak moved in to make it a three car battle. Kenny survived two more yellows as it started to sprinkle rain on the speedway. Brightbill and Toreky went side-by-side until lap 36 when Toreky edged back into the top spot. Two laps later the sky opened,

bringing out the red. Being the event was past half-way it was called a complete event with Bob Toreky the winner, Kenny Brightbill second, Paul

Lotier in a small block third, John Kozak fourth and Chip Slocum fifth. Sixth through tenth were Garry Gollub, Jim Baker, Ron Keys, Guy Howie and Wayne Weaver.

#### THE ADVENT WREATH

One of the customs often followed during Advent is the lighting of the candles on the Advent Wreath. This is a very simple tradition that helps place the focus of the Advent period before Christmas on the coming of Jesus. The tradition is German in origin.

Advent dates back to the fourth century in Church history. In the very early years of the Church the only universally celebrated feast was Easter, and at that time there was no common fullness.

agreement on the birthday of Christ. However, by 336 Christ's birth was generally celebrated on December 25th and by the seventh century a four week period of preparation before Christmas was established as Advent.

Today we still use this four week period of preparation in which to reflect on and deepen our understanding of the promise of God to us -- Jesus. The Advent Wreath can be used as one sign of our people to focus attention during a particular season. The ancient Scandanavians, during the shortest days fo the year, lighted candles wish to donate flowers for on a wheel and prayed to the god of light that he would turn the wheel of Stack at Stephen's Florist (422-9445) to the earth's orbit to the sun again and lengthen the days. The Advent Wreath is also in a circle to signify unending life and the love of God for us. The evergreen of the Advent Wreath also symbolizes the continuation of life in

> Four candles, one for each week of Advent, represent the many hundreds of years during which mankind awaited the Redeemer. Violet candles and ribbon remind us on longing expectation. The Rose candle symbloizes joy and hope in awaiting Jesus' birth. Your Advent Wreath can be made from just about anything. Evergreen boughs or other such greenery should be formed into a wreath with places for candles around the circumference. Perhaps your family could gather the greens and make the Advent Wreath together. There are four candles on the wreath. Three of these candles are purple in color to correspond to the ligurgical mood of the season. These purple candles are lighted on the 1st, 2nd and 4th Sunday of Advent. One candle is lighted on the first Sunday with another added each Sunday. A Rose candle is lighted on the 3rd Sunday. The color signifies the joy we feel knowing that in receiving the gift, Jesus, our humanity is brought to

Lake Forest School District District Dialog Leadership, Friendship Scholastic Developmen by Dr. James H. VanSciver Superintendent

## "What to Teach"

Vicki Frost walked out of court on Friday, October 24, 1986 embracing her values and happy that she was closer still to getting exactly what she wanted for her children who attend Hawkins County Schools in Tennessee.

Hopefully, for Frost and her fundamentalist Christian children, gone from the lists of texts used in the schools will be the likes of the Wizard of Oz, the Diary of Anne Frank and numerous Holt, Rhineholt and Winston reading books which depict values foreign to those close to Frost's heart.

Newspaper headlines proclaimed U.S. District Court Judge Thomas G. Hall's 27-page opinion on front pages across the country. This case has farreaching implications. The decision was appealed within hours by attorneys for the defendants.

Vicki Frost had gotten much closer to getting exactly what she wanted.

The trouble is . . . what Vicki Frost wants is exactly what many other wellintended, school supporting, enthusiastic parents do not want.

Sitting squarely in the middle is what may be the final bastion of society, the public school.

Often charged with promulgating the essence of our society as the family, the church and other institutions begin to experience difficulty with that process, educators continue to get garbled messages from society with regard to just what that essence might be.

Those who labor in our schools are asked to testify in court, with one hand on the Bible, that the separation of church and state mandates are not being violated. They are paid with money on which "In God We Trust" is stamped. They are asked to guide children through a literal maze of values questions regarding alcohol knowing that a high percentage of those children go home to find a ready supply of that substance in the home; and knowing that professional athletes peddle it regularly on television.

Educators are asked to inform our youth about proper care of their bodies while a multi-billion dollar tobacco industry used subtle advertising to portray the smoker as sexy, successful and popular.

And, there are those who insist that instruction in values should be avoided . . . at all costs! Are schools to have this responsibility? If they do not assume this task, what institution will?

If the schools are to assume the role for the perpetuation of society, whose society is it to be? Vicki Frost's? The evolutionists? The creationists? The

### Senator Minner's column

Time is drawing to an end for local communities in our district and county needing improvement funds to apply with the state Bicentennial Improvement Committee,

This committee, which is comprised of various legislators and representatives in government and is administered by the Department of State, awards state grant money to towns, municipalities and local historical societies interested in improving facilities for our state bicentennial celebration.

There are many projects in our area which have already benefitted from this program. The new Lewes Library, and the City of Harrington's new municipal building are but a few examples of projects where we are currently witnessing grant monies being put to good use for improvement efforts.

There are also smaller projects in the towns of Milford, Milton and Harrington currently underway as a result of state grant money.

I would like to remind the many town officials in my district to make arrangments to apply for this program as soon as possible if there are any other improvement needs in our communities. The final deadline for applications is quickly approaching and some applications could get left out of the consideration process if they get caught in the end of the year "crunch".

#### Dear Harry:

I am pleased to advise you that the Senate- Appropriations bill for the Department of Housing and Urban Development included a provision directing the Department to reopen any HUD field office which had been closed in the prior twelve months. This language was accepted by the House and as a result was enacted into law as part of the Continuing Appropriations

As Chairperson of the Senate Committée on Rules and Ethics, I held a press conference last week to present the committee's final recommendations for Senate rules revisions and legislation to formalize the ethics standards, definitions and procedures. When the 133rd General Assembly adjourned in June, Senator Richard Cordery, the President Pro Tem, assigned our committee the task of analyzing the draft proposals presented to us by the Delaware Bar Association and develop legislation for the upcoming 134th General Assembly. After 3 months of extensive study and discussion, the committee (comprised of 2 Democrats and 1 Republican) has submitted final proposals which I feel are substantial improvements over current legal and procedural standards

The recommendations will be presented to both caucuses, and if approved, will be finalized into legislation and considered as the number one priority of the new General Assembly

under which we currently operate.

Since the Senate will return sometime in December to act on gubernatorial nominations, I fully expect this package of legislation to be considered and acted upon at that time.

.sometimes it is a case of what is right or wrong...and in others it is a question of WHY.

PUBLIC

In recent days decisions have been made which call this principle into play. Fortunately for me...I was not in the position of having to make such decisions. There but for the grace of God goes I.

The most publicized case was the one involving a signed executive order by President Reagan allowing arms to be shipped to Iran...a terrorist nation. In light of the fact that he had so

devotedly stuck to his guns so it seemed when he embraced our allies, saying to them do not deal with the terrorist. Do as I say not as I do.

The question of WHY comes to light. The consequences of credibility are so pronounced that the results of such a decision are not in any way commensurate with the results particularly if you are looking for good of it all. Was this a sole act of the president or was it brought on by chief advisers.

On Dec. 3rd, 1975, then President Gerald Ford cleaned house letting top people at CIA, Defense, and others go in an attempt to put his house back in order.

There is another side of the plate regarding the whole house being in agreement. It is my belief that the president and the cabinet members should always have the same philosophy but they should not always agree the same way on each and every aspect of running the government.

If the contrary were true, there would be no need to come to meetings. Same applies to our City Council and our School Board. There is a right to rational dissent.

But there is a time for being up front and calling a spade a spade. White lies might be acceptable between spouses and children but there is a time to be factual, truthful and on target.

Because Mussolini made the trains run on time was not good enough reason to accept all that he did. Thank God in this country we can be agressive in our thinking without fear of consequences. Following last week's edition of The Harrington Journal I had an occasion to meet with Mr. Wyatt concerning the directors and school boards. article which I wrote concerning the reporting of what went on at the which effect the lives of others it is council table regarding the resurfacing important to measure and equitably of Peck Avenue without contractor's decide the right the wrong for the WHY

member on Harrington's council. He has served it fait' fully and I am sure he has a fondness for his home town. I am sure he meant no harm from the suggestion that Peck Avenue be resurfaced without bids contrary to the **City** charter

To be sure in the case of Peck Avenue time was not on the side of the City. If the street was to be resurfaced before winter set in before the black top plants closed it could not be put out on bids according to his reasoning. He was probably correct.

Not that Mr. Wyatt is at fault if the job is not completed before winter sets, nor is the lowest bidder always the one you want to be sure. The true rationale should have been better planning back in the early part of this year by the entire council instead of waiting until November to begin the "plan"

I am sure Mr. Wyatt had all citizens of Harrington at heart when he offered this plan. Above all he wanted to save the threat of a larger expense down the road with resurfacing Peck Avenue now before this winter hits. To that extent he was correct.

Still procedures must be followed despite the costs in the long run. Again all council members are entitled to their beliefs otherwise it would be pointless to have the meetings.

The other matter, which gives me some concern than the others cited, is what happened at the State Cross Country meet at Killen's Pond State Park recently where it was determined that one team had too many runners on the course which was to the detriment of all that participated.

This was a clear and patent violation. Why would a coach risk the consequences of a decision such as this. The importance surrounding the winning of sporting events in this country has gone beyond the reasoning applied to winning one for "The Gipper'

No other team in the State meet had a fair chance of competing in the event. The consequences of the act is measured in the eyes of the other coaches, all team participants, school reputation, credibility, added pressure on athletic

tobacco industry's? The alcohol industry's? The church's?

There are many who are giving confusing signals to our schools, not the least of whom are the courts. Can schools truly be all things for all people?

Is there such a concept, alive and well in any country, which may be described as completely free education? This freedom with respect to what is taught, not how much it costs to teach it.

For, if, as Judge Hall suggests, reading may be taught in the home, where goes the cry for rising educational standards? Would the schools still be held accountable for those students who cannot read? And, since the ability to read is the foundation of education, when the inability to do so negatively impacts students' ability to grow in terms of other curricula, what advice does Judge Hawkins next have for us?

And, when an individual parent challenges the curricula in science, social studies or any other subject on any grounds, are educators obligated to relinguish that subject to home schooling as well?

It is at best difficult to be held responsible for the perpetuation of a society when that society is not known. Sort of like testing students on material they haven't been taught.

What next is our signal to the schools?

### The President: Between a rock and a hard place on Iran

#### by David F. Coady

It's "damned if you do, and damned if you don't" for President Reagan on Iran

For six years, his Liberal critics have been constantly attacking the President for not negotiating to free the American hostages in Lebanon. These are the same cirtics who stated President Reagan was fostering a nuclear weapons race, but when he came within a "whisker" of signing a treaty banning all nuclear weapons, they cried from the other sides of their mouths, "but we cannot afford to ban all nuclear weapons.'

Suddenly the "ban the bomb" SANE crowds were claiming that we need some nuclear weapons; we cannot afford to conduct a conventional arms race with the Soviets, nuclear weapons are cheaper. Even the leading "ban the bomb" Senator, California's Alan Cranston, was heard muttering such hand-wringing tripe.

Last Thursday, President Reagan spoke candidly, for twelve minutes about Iran. The nation's Video Media was openly gleeful about the President's dilemma. The most blatant of these was ABC's White House Correspondent, Sam Donaldson. ABC could not have a more antogonistic correspondent to cover the White House if they had asked the Democratic National Committee to select one.

Has the nation's media overstepped Delaware.

### **Conservative Caucus of Lower** Delaware endorses professional state-wide paramedic service

Jody L. Ramsey of Lewes proposed that Delaware establish a state-wide professional paramedic service. Miss Ramsey states that when you phone for an ambulance, "you don't want a taxi service to show up; you want knowledgeable professionals".

David F. Coady of Greenwood proposed that the state's Veterans Commission could ascertain what militarily trained veterans would be available to form a nucleous for such a paramedic unit.

Discussion continued about whether such a paramedic unit should be the

the bounds of responsible journalism in its coverage of the Reagan initiatives extended to moderates in the Iranian Government? Is there a line to be drawn between the interest of National Defense and the lives of American hostages? Does Freedom of the Press guarantee the license of irresponsibility? These questions must be answered. The conduct of Foreign Policy is the responsibility of the President and lies within his realm of his duties and not within the realm of the Congress. Any "investigation" by Congress will be a witch-hunt conducted by Democrates looking to 1988, not a constructive investigation. Congress would release "findings" bit-by-bit, and the Nation's anti-Reagan media will pounce upon it like hungry vultures.

Our Founding Fathers were intelligent enough to know that you do not conduct Foreign Policy through public meetings of Congress nor through the press. That is one of the reasons that our Constitution gives this authority exclusively to the Executive Branch of Government-the Presidency. Personally, I sleep better with Ronald Reagan in the White House, and Sam Donaldson relegated to shouting idiotic questions from over some bush in the Rose Garden.

### Full plate for the 100th Congress

by Congressman Tom Carper reducing it, and to educate a new For the last few months, the airwaves have been full of partisan messages as the Democrats and Republicans vied for the attention of the voters. On election day, the voters spoke and now it is time for us to look ahead -- not as Democrats and Republicans, but as Delawareans and Americans. With the 1986 election behind us, I want to share with you some of the concerns I heard raised by Delawareans during the last few months and some of my plans for addressing them in the 100th Congress. I've heard that Delawareans are concerned about toxic wastes on land, in our water, our air and in the ocean. Despite the enactment of a strong Superfund bill which I and many of my colleagues worked hard to pass, much environmental work remains to be done. President Reagan vetoed critical legislation to renew the Clean Water Act -- we must act early this year to get a new bill moving through the Congress. I will continue my efforts to develop a responsible hazardous waste policy that focuses first on waste reduction at the source, and I will renew my work within the Merchant Marine and Fisheries Committee to ensure passage of legislation to halt harmful sewage sludge dumping in the ocean and to shore up oil spill liability and compensation laws.

I have also heard calls for compassion for the country's underpriviledged -- its poor, its hungry and its homeless. I am going to seek -- once again -- a seat on the House Subcommittee on Housing and Community Development with an eye toward constructive action on behalf of the growing numbers of homeless men, women and children. It is also time to reform a welfare system that fosters dependency instead of productive 100th Congress.

generation of Americans. We must retrain -- not forget -- those workers who are displaced as industries modernize, fade or evolve. And we must protect the rest of our jobs by fighting a burgeoning trade deficit and by standing up to those countries who choose to compete unfairly.

As a member of the House Banking Committee, I have seen the anguish created as financial institutions fail. either through mismanagement or as the result of suffering farm and energy economies. I plan to reintroduce my legislation which would ensure that these banks, credit unions and other institutions are properly examined to ensure fair warning and remedial action before family savings are jeopardized. I will also renew my attack on the check-holding practices of some banks which deny depositors access to their hard-earned money in a timely fashion.

And finally, I will once again devote myself to getting the federal government's financial house in order. Escalating budget deficits are disastorous to our economy and threaten our children's future. I will reintroduce my balanced budget constitutional amendment which attracted over 100 cosponsors in the last Congress. I will also work toward fundamental fiscal reform that will only move us toward a rational, deficitfree budget, but will also force us to do so in a timely and orderly fashion. Though this is a full plate, it hardly reflects all that will confront the Congress in its upcoming session. Clearly, the challenge is there, and I am looking forward to a busy and
