George Thompson first Paul Harris Fellow in Harrington Rotary

by Harry G. Farrow, Jr.
One of the most coveted citations in Rotary Clubs throughout the world today is to become a Paul Harris Fellow.

Reflecting this week on his long membership in Rotary which dates back to the Centreville Club in 1950, Mr. Thompson said he continues to be impressed with what Rotary carries on at the international level.

Point of View

Should women be admitted as members to mens clubs?

Wanda Millman, Harrington
"I think they should because I don't see much difference between men and women. Women have good insight and they are just as good as community leaders as men are."

Peggy Ensley, Greensboro
"I think it should be up to the women. I'm no liberal but I am for it."

Chris Harvey, Harrington
"I don't see any reasons why they shouldn't be allowed."

Shirley Harding, Harrington
"I don't see why they shouldn't be allowed. I think it's all right."

July session of Heartbeats to be held on the 21st

This month's Heartbeats Program will be held on Tuesday, July 21 at 7:30 p.m. in Room 125 on the first floor of Milford Memorial Hospital. This is a correction of previous information wrongly listed the date as July 15.
Patricia Frey, Director of Dietetics at Milford Memorial, will lead a discussion focusing on "The Heart Healthy Diet and Sodium". This lecture is presented as a follow-up to the highly rated and interesting June Heartbeats topic, "Fat Reduction, Cholesterol, and Calories" also led by Mrs. Frey.
This month, Mrs. Frey will provide tips on how to prepare healthier meals and snacks by reducing the sodium content of your diet. Following discussion, free blood pressure checks, literature from

the American Heart Association, and special recipes will be available. "Heart healthy" refreshments will be served.
Heartbeats is a free educational program presented monthly by Milford Memorial Hospital's Cardiovascular Rehabilitation Department and the American Heart Association of Delaware. The program is open to all members of the community who are interested in "Heart Healthy Living" as well as to persons with heart and blood vessel disease and their families.

For further information concerning this program, call the Hospital's Cardiovascular Rehabilitation Department at 422-3311, extension 563, or the American Heart Association of Delaware, at 856-7386.

Makovec retires from Kent Conservation District

The Kent Conservation District announced that Joseph Makovec retired from the District as of February 20, 1987. Makovec had served many landowners in his fifteen-year career as a technician. Makovec has a special quality that farmers, contractors and fellow workers will miss, according to members of the Kent Conservation

District. The District Board of Supervisors recognized him for his outstanding performance by presenting him with a certificate of appreciation. Makovec will continue to serve as Chairman of the Prospect Tax Ditch, as well as maintain his farm located west of Harrington.

LF meetings scheduled

(Continued from page 1)
In other business, the board elected their officers for the 1987-88 fiscal year. H. Earl Roberts was re-elected board president, and David I. Welch will serve as the board's vice president.
Other appointments by president Roberts included Edward L. Welch, representative to the State Board Advisory Council and parliamentarian for the Lake Forest Board; H. Earl

Roberts, as representative to Legislative Committee of the Delaware School Boards Association; Roberta W. O'Neal, as representative to Delaware Schools Boards Association Board of Directors.
Superintendent Dr. James H. VanSciver reported to the board all but five positions in the district had been filled for the upcoming school year.

Felton Council

(Continued from page 1)
Mr. George Egler read a letter from the Division of Public Health stating recommendations regarding the town's water wells. In the letter, it stated that the town's water is slightly corrosive.
A suggestion was made pertaining to the safety of police officers in their cars. The council is considering a suggestion made for installing permanent cages in the police cars for the officers protection.
The painting of curbs and fire hydrants was discussed by the town council. According to the council, the curbs and fire hydrants in town would be painted by the maintenance department. Other help would be available from the Delaware Correctional Center. Councilman Sluter requested painting of the curbs at the Golden Years Nursing Home for the services needed for the ambulances receiving and leaving.
Also, Lovers Lane has been completed with tar and chip, according to George Egler.

The council also approved a 5 percent discount on real estate taxes to owner occupants who are 65 years and older. This will apply for the fiscal 1988-89 year. This doesn't, however, apply to delinquent taxes.
In other business, three applications were submitted to the council for the planning and zoning. Two of the applications were submitted by William Myers, Jr., for 111 West High Street and the other for lot 35, Kerry Circle. The third application was submitted by Howard Gregory for a swimming pool.

Ellendale man shot after attacking police

ELLENDALE — An Ellendale man is listed in critical condition at Christiana Hospital after being shot three times by members of the Delaware State Police Special Operations Response Team when he allegedly attacked several officers with a large knife.
According to state police, they responded to the residence of Gregory M. Hurst, 27, of R.D. 1 Box 86, Ellendale after he apparently broke the windshield of his sister's car and became uncontrollable.
When police responded, Hurst took refuge in his home where he kept police at bay for several hours. When officers tried to coax Hurst from his home, he lunged at them with a large knife and threw a vase striking one of the officers in the face.

Warrants were then issued and charged Hurst with reckless endangerment.
The police then called in the Special Operations Response Team who fired tear gas into Hurst's home forcing him out. When Hurst left his home, police used a canine unit to subdue him, but Hurst stabbed the canine and went running.
When police went after Hurst, he turned and raised the knife at them. The Special Operations Response Team fired four shots, with three hitting Hurst, two in the torso and one in his right arm.
Hurst was then transported to Milford Memorial Hospital and was later taken by state police helicopter to Christiana Hospital, police said.

Camden man, 19, killed in one car accident

CAMDEN — A 19-year-old Camden man was killed and a passenger was injured in a one-car accident that occurred early Friday on Kent County Route 185.
State police said Richard A. Steele, 19, of R.D. 1 Box 66-14, Camden, was killed when he apparently lost control of the truck he was driving. The truck ran off the road, struck a culvert and a tree, causing the truck to overturn and ejecting Steele and his passenger,

LeRoy T. Sells, 26, of R.D. 1 Box 281, Marydel.
Neither the driver nor the passenger in the truck were wearing their seat belts, police said.
Sells was taken to Kent General Hospital where he was treated for minor injuries and released, police said.
According to police, Steele's death brings the number of drivers killed on Delaware roadways to 67.

Crime Stoppers

Two recent and possibly related robberies occurred at the Kentwood 7-11 store, Rt. 13, Dover. The first was on Friday, April 17, about midnight. A 68-year-old man was robbed while

pumping gas. He was grabbed around the throat while threatened that he would be shot. On Monday, April 20, the clerk was robbed by a person claiming to have a weapon. In both robberies, the suspect is described as a black male, mid-20's, 5'8", with a heavy build. He wore dark clothing and fled toward Kentwood Trailer Park.
If you have any information on this or any other crime please call 1-800-TIP-3333, Monday through Friday between the hours of 9:00 a.m. and 5:00 p.m. Up to \$1,000 reward for publicized or unpublicized felonies. You do not have to reveal your name.

R.J. Reynolds Tobacco's "Pride in Tobacco" show

HARRINGTON — Free country music and an important segment of America's agricultural heritage will be featured here July 16-25 when R.J. Reynolds Tobacco USA's "Pride in Tobacco" Caravan joins the hundreds of other attractions at the Delaware State Fair.

The Caravan is one of two Reynolds Tobacco road shows that have traveled coast-to-coast to more than 200 major fairs attended by more than 80 million people. Caravans consist of walk-through displays and outside bandstands featuring live entertainment.

Recording artist "Hermalee" and her band perform at least three free shows daily from the Caravan stage. As the niece of both Loretta Lynn and Crystal Gayle, she has had to prove time and time again that talent is the only true test of lasting stardom.

"Music City News" has nominated "Hermalee" twice as "Most Promising Female Vocalist," and she had performed with David Frizzell and Shelly West, George Strait, Mickey Gilley, Conway Twitty, Alabama and many other country greats. Her blossoming popularity and hectic recording schedule allow her to make

only a few Caravan appearances this year.

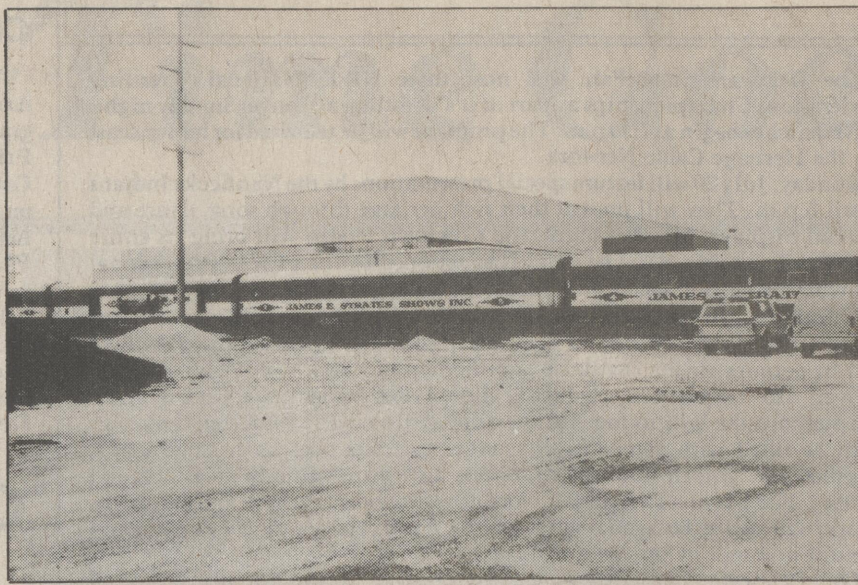

Tobacco auctioneers, the colorful, 500-word-per-minute characters who sell billions of dollars worth of tobacco annually with their rapid-fire chants, are featured in the displays and videos. The exhibit also focuses on tobacco's impact on American's founding, growth and present-day economy.

The original Caravan, Caravan I, hit the pavement in 1982, with a maiden voyage to Peoria's Heart of Illinois Fair. It proved the old vaudeville axiom about "playing in Peoria" with a warm and interested reception by 300,000 fairgoers, and going on to appear before 7 million people during an eight-month tour.

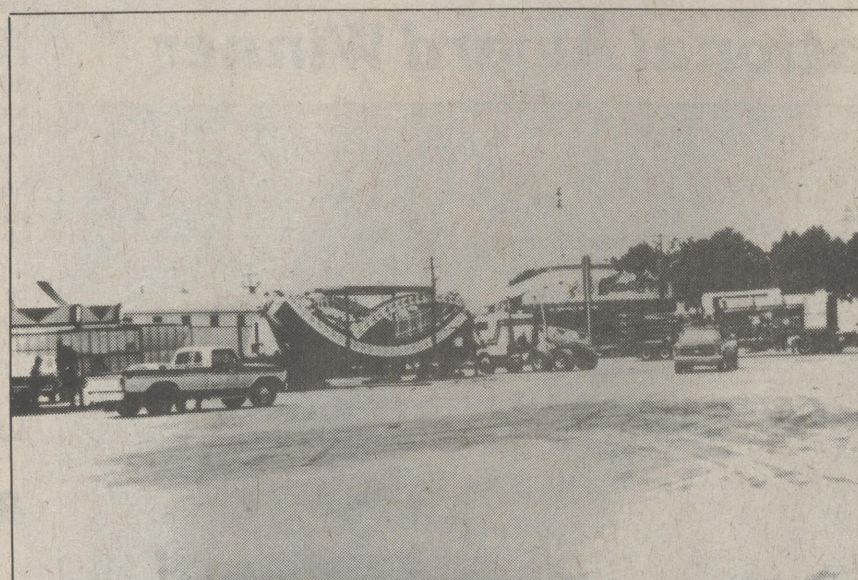

Caravan I's exhibit is housed in a 60-by-90 foot tent located alongside its tractor/trailer bandstand.

A smaller Caravan, Caravan II, was built to meet the overwhelming demand created by the original. Its display is housed within its 45-foot trailer.

The Caravans were the first shows of their kind, and have become the most popular free country music shows and displays in the country.

Lynda Lou makes first appearance

by William Robertson

HARRINGTON — With a face only a mother could love, Lynda Lou, a two-year-old orangutan, is a new addition to the Delaware State Fair this year. Bette and Joe Noud, Lynda Lou's owners from Gainesville, Florida, have had their new bundle of joy for just eight days.

Lynda Lou, who currently weighs 30 pounds, will weigh around 150 pounds when she is fully grown. Lynda Lou isn't alone however, the Nouds also have another orangutan known as Radcliffe, who is five-years-old and three chimpanzees.

Lynda Lou, along with the other members of her new family, will be located this year underneath the

grandstand at the fair. Lynda Lou is still a baby and must be taken care of like one. Her meals must be hand fed to her and consist of baby food, formula, fruits, and other chosen morsels. Just like a baby, Lynda Lou seeks the constant comfort of her newly found mother, Bette Noud.

Being an orangutan doesn't mean she lives in a cage. Lynda Lou enjoys all the comforts of home while living in the Noud's mobile home. She even enjoys the luxury of taking a bath in the Noud's shower.

Even though she's a little shy around strangers, she is sure to win the hearts of those who have the chance to see her and Radcliffe this year at the fair.

WSDS sponsors lip-sync contest at Fair

Dover's country music radio station, WSDS, will be "Puttin' on the Hits", country style at this year's Delaware State Fair. The station is conducting what is believed to be the first ever lip-sync contest for country music. Most of these types of contests are staged for rock music fans and there is a nationally syndicated television show with a lip-sync format.

Each of WSDS's contestants will select a record by their favorite country artist and as the record is played, they will lip-

sync to it on stage. Judging will be on originality of performance, audience appeal and how perfectly they have lip-synced to the record.

Grand Prize for the contest is a weekend for two at the "Flagship", Atlantic City's newest resort.

The "WSDS Country Lip-Sync Contest" will be conducted on the R.J. Reynolds outdoor stage pavillion at the Delaware State Fair on Saturday, July 25, at 1:00 p.m.

July 21 deadline for ATV registration

Delaware youth 19 years of age and under have until July 21 to register for a special ATV Rider Course to be held later this month at the Delaware State Fair in Harrington. The course, which is being sponsored by the Delaware Cooperative Extension System, First State ATV Association and area dealers, will take place from 8:30 a.m. to 11:00 a.m. Wednesday, July 22. Advance registration is required.

Participants will have an opportunity to demonstrate their skills and test their knowledge of their all-terrain vehicles. Each rider will use his or her own vehicle and must pass an equipment safety inspection before driving the

course.

According to University of Delaware Extension safety specialist Ron Jester, the event is intended to provide training for novice riders as well as to reinforce the riding skills and safety practices of more experienced riders. Parents will also be able to pick up tips on how to teach and supervise their children's ATV riding. Because all-terrain vehicles handle differently than other vehicles, special riding techniques are required to avoid accidents.

To register, call the county Extension office in Newark (451-2506), Dover (736-1448) or Georgetown (856-7303).

Something for everyone in U of D Fair tent

Visitors to the Delaware State Fair in Harrington should find lots to interest them in the University of Delaware tent and adjoining greenhouse. From the time the tent opens at 5 p.m. Friday, July 17, until it closes eight days later, planners say it will be filled with educational displays and exhibits designed for consumers and farmers alike. Members of the Delaware Cooperative Extension System and scientists with the university's College of Agricultural Sciences will be on hand daily from noon to 8 p.m. to meet the public and explain their presentations.

In one corner of the 40-by-60-foot tent, extension experts equipped with computers and worksheets will be on hand to provide information that can help visitors make critical family and farm financial management decisions. The experts will address questions on home equity loans, the benefits of an IRA, ways to finance a car and how much credit to assume. Farmers who stop by this booth can obtain information to help them decide whether it will pay them to grow alternative crops, rent land on a share or cash basis, invest in a broiler house, forward contract grain, or find an off-farm job.

Elsewhere in the tent, extension experts will present information on

protecting and improving water quality in the home and on the farm. At one booth, changing displays will feature research and teaching programs in each of the agricultural college's five departments. At another, visitors can learn about career opportunities in agriculture and business. Extension master gardeners will be conducting a plant clinic and install a small display garden featuring container-grown plants and herbs.

Also, during the week extension specialists will be quizzing people about their preferences in watermelon as part of a survey designed to help local producers decide which types of melon to grow. On Monday, Wednesday and Friday, Delaware 4-H club members will give competing project demonstrations on a stage at the back of the tent. The rest of the week, the stage will be occupied by young people making bread, tinkering with small engines, grooming sheep, and working on other 4-H projects.

A greenhouse next to the tent will house exhibits related to plant research, nursery crop production and home gardening.

The tent will be located in the same place as last year--southwest of the fair office, next to the carnival and picnic area.

Greenhouse at State Fair

People who grow plants for pleasure and profit will have lots to look at when they visit the University of Delaware exhibit area at this year's Delaware State Fair in Harrington. Extension plant specialist and researchers in the department of plant science will erect a 20-foot by 30-foot, hoop-type, plastic-covered greenhouse next to the university tent.

According to extension agent Jay Windsor, who is supervising the greenhouse installation, the displays should appeal to both commercial greenhouse operators and home gardeners. One section will feature plants being propagated conventionally under mist from seeds and cuttings. Plants propagated in test tubes using tissue culture techniques will also be showcased. Another display will explain fluid drilling—a procedure which uses pre-germinated seeds to establish field or greenhouse crops.

Other exhibits inside the greenhouse will cover root zone heat, crop spacing, growth media, and insect and disease

control. In addition, there will be a display of new commercial flowering crops suitable for home garden use under Delaware growing conditions, including Lisianthus (a hybrid Texas bluebell), Melampodium (a small-flowered, drought-tolerant member of the sunflower family native to the Central and Southwestern United States) and the Nippon daisy (a type of chrysanthemum).

Inside the university's adjoining tent, extension master gardeners under the direction of Delaware State College extension agent Glenn Layton will install a 16-foot by 20-foot demonstration garden featuring herbs and space-saving, container-grown vegetables and flowers. During fair week the master gardeners will also conduct a garden clinic where the public can bring plant problems for diagnosis.

The University of Delaware fair tent will open Friday, July 17, at 5 p.m. From July 18 through July 25, it will be open daily from noon to 8 p.m.

WSDS to stage skyjump to greet Willie Nelson

WSDS Radio, Dover, the "Official Willie Nelson Concert Station", will be welcoming Willie to the Delaware State Fair at Harrington in a very special manner.

The country music station is sponsoring a skydiving team which will land adjacent to the Delaware State Fair stage at 7:45 p.m., Saturday, July 25, just minutes before the Willie Nelson and Family Show begins. One of the skydivers will carry with him a letter from Delaware Governor Michael Castle and a Delaware Small Wonder T-shirt. These items will be presented to Willie as a remembrance of his visit to Delaware.

Selected by WSDS to make the jump is skydiving team, "Bermuda Triangle".

This team is based out of Frederica, Delaware, and has a combined jump experience of 55 years. They have been together about a year.

Carper pushes relief 13 route designation

At the request of Delaware Congressman Tom Carper, eleven Members of Congress have joined me in writing to U.S. Department of Transportation Secretary Elizabeth Hanford Dole, urging her to approve DelDOT's request to have the Route 13 Relief Route chosen as a toll road project. Carper has been working to have the Delaware project chosen for the special designation since two pilot projects were authorized under the Surface Transportation Act earlier this year.

The 11 Congressmen, representing broad bipartisan support for the project by the four-state area which includes Delaware, Pennsylvania, New Jersey and Maryland, urge the U.S. DOT to allow the state of Delaware to use some federal funds to build the Relief Route, which has been proposed as a toll road. Existing law prohibits the use of federal funds for the construction of toll roads.

Congressman Carper has been organizing political support for the project in the House of Representatives with the help of the PenJerDel Council. PenJerDel is an interstate organization which promotes economic development and cooperation in the tri-state region.

Completion for the two projects to be selected for the special designation by U.S. DOT has become very intense, with numerous construction projects from all over the country vying for the slots. If selected, the designation will allow DelDOT to use up to 35% of their annual federal highway funds for construction of the new highway.

"Route 13 is a vital economic link for the entire Mid-Atlantic region. I am gratified that this effort has received such broad, bipartisan support from the congressional delegations of our neighboring states," Carper said. "If Delaware is to win this designation, we'll need all the political support we can get."

The text of the letter is attached. (Reps. Christopher Smith and Bill Hughes, both of New Jersey, have agreed to write to Secretary Dole since this letter was sent).

The Honorable Elizabeth Hanford Dole
Secretary
United States Department of Transportation
400 Seventh Street, S.W.
Washington, D.C. 20590

Dear Secretary Dole:

An introduction to Dr. James J. Dobson of Nanticoke Memorial Hospital

Buffeted by turbulent winds and threatened by a winter snowstorm, the tiny three-passenger helicopter bounced aloft, transporting the critically ill patient from Wilmington to a Philadelphia hospital. The helicopter was so tiny that the pilot seat had to be removed to allow room for the patient's stretcher. Only the pilot and intern were aboard to transport and minister to the critically ill patient. Dr. Dobson was the intern charged with the responsibility of maintaining the vital intravenous flow and other life support mechanisms. The trip was rocky and the landing on the fifteenth-story roof of Jefferson Hospital in a snowstorm was tricky and hazardous, but the helicopter pilot and intern carried their critical patient safely to the hospital. On return, the take-off from the fifteenth-story roof was even more exciting and hazardous, but went well. Combatting illness and death are commonplace, day-by-day occurrences for the young men and women seeking to become an internist, a specialist in internal medicine. Critical medical emergencies are frequent in internal medicine; they influenced Dr. James J. Dobson into his combined specialty of

We are writing to express our support for the State of Delaware's petition to have the U.S. Route 13 Relief Route chosen as one of the two toll road pilot projects provided for in the Surface Transportation Act and Uniform Assistance Act of 1987.

As you may be aware, the economics of the Middle Atlantic States and the DelMarVa peninsula are closely intertwined. U.S. Route 13 serves as a critical transportation link within this region, as well as serving as a connection between the Peninsula and the greater Northeast. Many businesses in our States depend heavily on their ability to ship goods and materials to and from the Peninsula via truck traffic on Route 13, and would suffer if commercial transportation along this route was hindered.

At this time, U.S. is overburdened, and is unable to handle traffic loads at peak periods. Soon, the highway will be unable to handle the demands of routine traffic. Improving the capacity of Route 13, through designating it as a pilot toll road, is essential if we are to maintain commercial exchange between the Middle Atlantic States and the DelMarVa Peninsula.

Unfortunately, the estimated cost of refurbishing and upgrading the highway, \$500 million in last year's dollars, is such that it would contribute a serious strain on the transportation budget of a small state like Delaware. With the combination of toll financing and conventional federal funding which designation would make available, Delaware would have the flexibility and resources to fund this much needed project.

We urge you to give every consideration to this request. When you do, we are sure you will agree that the Delaware project merits designation as a pilot toll project under the provisions of the surface transportation act.

New look at State Fair '87

The Delaware State Fair will host three NWF (National Wrestling Federation) Championships as part of its wrestling action on Sunday night. The matches begin at 7:30 p.m. The program will be televised for rebroadcast by the Heritage Cable Network.

Monday, July 20 will feature special presentations by the Nanticoke Indians until 6 p.m. They will present their rich heritage through song, dance and special displays. Monday night, the Cowtown Rodeo will bring its entire show to State Fair '87. The event is sanctioned by the PCRA (Professional Cowboys Rodeo Association). The show starts at 7:30 p.m.

Throughout the week, various contests and musical entertainment will be featured on the R. J. Reynolds Stage Pavillion. The musical portion will be led by country singer Hermalee and the popular rock band, The Cutters.

Over 225 commercial and educational exhibitors have leased space throughout the fairgrounds for the annual July event. Nineteen buildings will be filled with competitively judged exhibits such as arts and crafts, needlework, garden and farm produce and prize-winning livestock and horses. The 4-H and FFA project work, flowers, culinary items and children's work will again be available for review again this year. A free barnyard petting zoo will be operated by the FFA.

The Delaware State Fair is located on U.S. Route 13, just south of Harrington.

Academic All-American National Award Winner

Melissa K. Galyean

The National Secondary Education Council announced recently that Melissa K. Galyean has been named an Academic All-American.

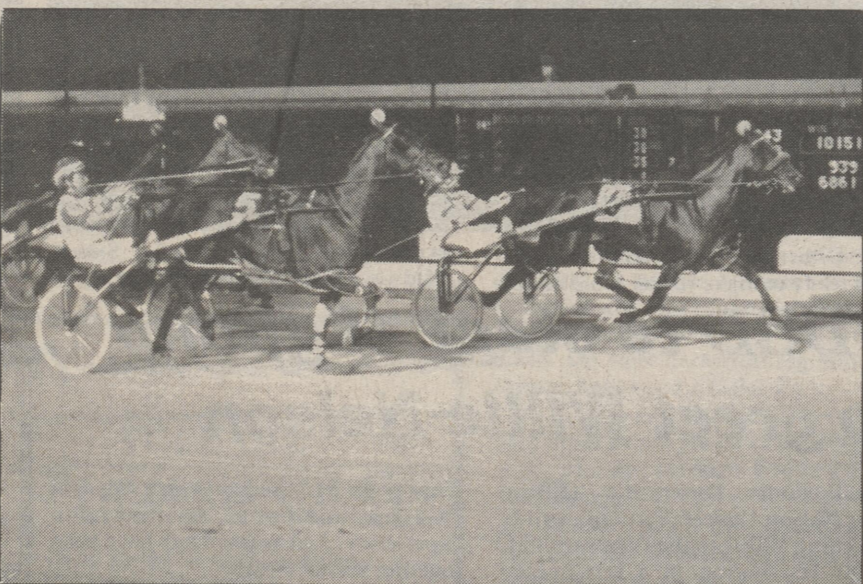

The NSEC has established the Academic All-American Scholar Award Program in order to offer deserved recognition to superior students who excel in the Academic disciplines. The Academic All-American Scholars must earn a 3.3 or better grade point average. Only Scholars selected by a secondary school instructor, counselor, or other qualified sponsor are accepted. These scholars are also eligible for other awards given by the NSEC. These are awards few students can ever hope to attain.

Melissa K. Galyean, who attends Lake Forest High School, was nominated for this National Award by Ms. Amy Reed-Moore, Senior Class Advisor. Melissa will appear in the Academic All-American Scholar Directory, which is

published nationally. "Recognizing and supporting our youth is more important than ever before in American history. Certainly, winners of the Academic All-American Awards should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the National Secondary Education Council.

The Council selects Academic All-American Scholars upon the exclusive recommendations of teachers, coaches and counselors, and other qualified sponsors. Once awarded, the students may be recognized by the NSEC for other honors.

Melissa is the daughter of Dan and Barbara Galyean. The grandparents are the late Hugh and Edna Galyean of Columbus, Georgia, and Karl and Musetta Hausler of Felton and the late Charles Raymond Cox.

Delaware National Guard graduates 27 in non-commissioned officers course

WILMINGTON — The Delaware Army National Guard Academy graduated 27 men and women from the Primary Leadership Development Course #2 (PLDC) during a ceremony on Friday evening at 7 p.m. on July 3 at Bethany Beach, DE. The graduates of PLDC will be qualified for promotion in their respective military assignment fields when they return to their home units.

Among the graduates was Sylvia A. Lewis of Harrington along with Paul J. Freeman, James L. Gibbs and Ronald T. Tatman, all of Millford.

The Academy classes in map reading, management, basic combat skills that include hasty defense, reconnaissance, patrol, ambush, and a perimeter defense techniques include a three-day field training exercise designed to challenge the students. Sergeant First Class Joseph R. Stanley, Jr., training technician with the Academy, said that these classes prepare the students of the intensive two-week course to assume more responsibility and leadership upon their graduation. "Some of our best soldiers are made, not born, and we are here to help them," said SFC Stanley.

Greenwood Library

From July 6-31 the library will sponsor a reading program. There will be two groups: One, for children who are in kindergarten or under; and two for those in first grade and up. Encourage your child to participate in this program. Call or visit the library for details. If the child reads ten books, there will be surprises for him.

Two special programs in July for library's younger patrons. Check schedule above and plan to attend.

Please note-Due to circumstances at the State Division of Libraries there will be no more film programs until further notice. We hope to be able to resume our films later.

The drop in crafts listed above will

take only a few minutes of your child's time. Encourage your child to stop by the library for a few minutes.

The library now has a few children's VCR tapes which may be borrowed by patrons over 18 for a time period of 2 days. These were gifts to the library. Also at the library are a couple of checker sets. Stop by and play a game. Quietly of course!

New books at the library include: *Haunted Mesa* by Louis L'Amour, *Who Are The Amish* by Merle Good, *Misery* by Stephen King, *The Eyes of the Dragon* by Stephen King, *Destiny* by Sally Beauman, *Hold on, Mr. President* by Sam Donaldson, *Grace* by James Spada.

In the Pocket

by Harry G. Farrow, Jr.

There were three divisions of the Meadowlands Pace on Friday night. Each division was worth \$50,000. The first division was won by the Canadian colt Frugal Gourmet by French Chef over Jate Lobell in 1:51.3. This was the second loss in Jate's illustrious career. Jate had beaten him by a nose at Greenwood on June 20th in 1:52.3. That race was worth \$1 million. Jate now has earnings of \$1,076 million.

The other two divisions were won by Run The Table (John Campbell) in 1:51.4 and Laag (B. O'Donnell) in 1:52.1. Laag's dam died over the weekend...Tinsell, who was 16 years old and appeared to be in good health. Just died! She died at Almahurst Farm. She had the distinction to be the only brood mare in history who had foaled 2 sub-1:55 milers. The other was Trim The Tree in 1982 in 1:53.3, she was owned by Albert Adams an executive at Almahurst Farm.

The final of the Meadowlands pace will be this Friday worth \$902,000.

Monday night at Yonkers there were 2 divisions of the New York Sires Stake worth \$302,000. The 1st division was won by Sir Taurus (Jimmy Taker) which was a World Record in 1:57.2 the fastest for 3-year-old trotters on a half mile track. The 2nd division was won by Crown's Best (Per Erikseen) in 1:59. Saturday at Vernon Downs a 5-year-old...Dragon's Lair (John Campbell) paced the mile in 1:51.3 the fastest mile in Vernon's history. It was 2 full seconds lower than the track record

held by Niatross who suffered his only loss as a 3-year-old to Dragon's Lair. Adios Harry also held the track record at Vernon 30 some odd years ago. Dragon's Lair was retired to stud at age 4 and brought back to racing this year. The Sheppers Pace on Friday for 2-year-old colt pacers at Yonkers was won by Utham Light (Mickey McNichol) in 1:58.2. He is undefeated in 6 starts, and ranks 4th in money winnings.

Leading dash winners: Mike LaChance(389), 2. John Campbell (325), 3. Herve Filion (283), 4. Bill O'Donnell (258), 5. Steve Condrin (215). Steve races in Canada. Howard Edward "Eddie" Davis is 35th with 129 wins.

What sounds like the names of the girls in a *Motown* group is actually a quartet of fillies who have been making some beautiful music on the track.

Armbo Flori and Armbo Fling, both trained and driven by George Sholy, have twice turned the trick of winning divisions of the same stake on the same night, winning both ends of the \$126,000 Coaching Club at The Meadowlands, following that with a sweep of the \$289,711 New York Sire Stake at Yonkers.

Armbo Feather ranks ninth (at \$206,583) on the seasonal earnings list, despite being placed second for interference in the final heat of the Fan Hanover at Greenwood earlier this month.

Chit-Chat with Bonnie

by Bonnie Algier-Mitchell
As you folks return from your fabulous vacations or enjoy the Delaware State Fair and all it has to offer, take a moment to call and give me the details. I'd enjoy a 'chit-chat' with you.

Jimmy Mancini has returned home after spending a week with his grandmother in Greenbelt, MD.

Fawna Childress and Jamie Dennis returned on Friday from a week camping trip with others of the CYC group of Calvary Wesleyan Church.

On Saturday Clarence Welch and daughters Dawn and Karen motored to Smyrna to enjoy a lovely fried chicken picnic lunch with Mr. Welch's mother, Agnes C. Welch. Mrs. Welch is 93 years young.

Gary Smith and daughter Jenny spent the night at the Smith's cottage in

Lewes last week in celebration of her birthday.

Jenny is also the daughter of Donna A. Smith and the granddaughter of Mr. and Mrs. Gayle Smith of Harrington and Mrs. Ruth LeBlanc, Felton.

Susan Nicole Larimore, Andrewville, spent several days last week with her sister, Bobbette Jo Mitchell. On Friday the girl's and parents, Don and Bonnie Mitchell, visited Marie, Shelly and Michael Winkler, near Felton. They all spent a nice afternoon swimming and cooling off by the pool.

Bonnie Mitchell has been entertaining her brother, Robert D. Algier of Gravel Hill this week.

Sure would like to 'chit-chat' with you. Please give me a call at 398-8551 Wednesday thru Saturday 8 a.m. to 1 p.m.

Webb - Blanchette wed

Sandra Jo-Holloway Webb and Raymond A. Blanchette were united in marriage Saturday, June 13, 1987 in Asbury United Methodist Church, Harrington, Delaware. The reverend William Dore officiated the ceremony.

The Bride is the daughter of Mr. and Mrs. Robert A. Holloway of Harrington. The Groom is the son of Mr. and Mrs. Raymond I. Blanchette of Ormond Beach, Florida, formerly of Harrington.

The Bride was escorted down the aisle by her son, Master Justin Leigh Webb and given in marriage by her parents.

The Bride's gown was the groom's mothers wedding gown, an original by Mindelle of New York and was originally made 35 years ago. The ivory colored gown featured a bodice of chantilly lace that draped to the back and fell to the dropped waistline. A row of covered buttons went from the neckline to the waist, where the gown fell into a full length train. The picture hat featured a veil that was pulled over the hat to the back. The Bride carried a bouquet of ivy alstromeria lilies and gardenias with runners of ivy and miniature alstromeria.

Matron of Honor was Cindy Brode, a friend of the Bride. Bridesmaids were Lisa Hesel, friend of the bride and Anita Ossman, sister of the Groom. Soybean Board announced election results

Three Delaware soybean producers were elected to serve on the Delaware Soybean Board during statewide elections held recently.

In New Castle County, Robert Emerson of Middletown was selected by his fellow soybean producers to a three-year term on the Board.

In Sussex County, Gary Ockels of Milton was chosen to represent soybean producers on the Board. Richard Glendaniel of Lincoln was re-elected to another three year term.

The three elected during June voting join six other soybean producers to make up the Delaware Soybean Board. The Board oversees the collection of the one cent per bushel soybean checkoff program in Delaware.

Asbury United Methodist Church

Pastor William Dore. Church School is at 9:45 a.m. with Morning Worship following at 11:00 a.m.

"Stand up and praise the Lord your God, for He lives from everlasting to everlasting. Praise His glorious name!" Nehemiah 9:5.

Birthdays, we have birthdays! Those born in the Hot month of July include: Pastor Dore, Edward Taylor, Teresa Taylor, Derek Brode, Sue Ellen Dennis and Charlyn Hughes. God bless them one and all.

The third and fourth grade Sunday School class led by Gale Vogelien has had a unique project going on. They made a donation to the Christian Children's Fund and did it in an extraordinary way. The children saved their pennies until they extended from the back of the church to the altar (and beyond) when laid one after another! What a fun way to raise money to help needy children around the world.

Twelve of our youth enjoyed the Saturday Afternoon Movie at church on Saturday as well as the popcorn served with it. If you couldn't attend, make it a point to join your friends this coming Saturday at 2 p.m.

"For I was hungry and you gave me food." Thanks to your generosity, the Food Pantry is well stocked once again. Remember, gifts of food can be brought in anytime.

On Sunday, July 5th, Ruth Layne and Marlene Jarrell played a piano duet of "The Old Rugged Cross" which was arranged by Ruth. Little Zachary Hand was baptized into the family of God.

Wednesday evening, starting at 7:00. A time to share in Bible Study (Gospel of John) and a time for testimony and prayer.

A full schedule of services is planned for Sunday, July 19 with Sunday School opening at 9:30 a.m. Morning Worship Service at 10:40 and the Evening Gospel Hour at 6:00 p.m. Special songs this week by Kathy Wetherold, Carlton Goodhand, James Mervine. Pastor Miller will be preaching in both services. A friendly welcome awaits one and all.

Happy Birthday greetings this week to: Mrs. Mary Dobraski, Tara Sapp, Roland Melvin, Jr., Amy Blake and Michelle Walls.

her growth by putting marks on the wall, but he did it by making the marks look like part of the wallpaper pattern so "Mom-Mom" wouldn't know they were writing on the wallpaper!

On Sunday, July 12th, Dale Jarrell and Faith Layton blessed us with three lovely musical numbers. Providing the music ministry next Sunday will be Kathy Dore Jones, daughter of Pastor and Mrs. Dore. As always, we welcome the visitors who were able to join us for worship at Asbury.

Sunday's message concerned the importance of a strong prayer life and, more than that, the necessity of a Christian's earnest and heartfelt prayers for those within the Church and without, for those in positions of power and responsibility, and for the Church itself. The Church is not the pastor but each of the Spirit-filled Christians who go forward in stewardship to bring others to Christ. There are quite a few brothers and sisters in our congregation and elsewhere in need of our prayers because of physical illness. Don't forget to uplift these people in prayer that they may feel the comfort and healing of the Holy Spirit and know that we care for them.

Don't forget about Bible Study on Wednesdays at 8:30 p.m. We've missed some of our members lately and hope they will be able to join us again soon.

Next Sunday new members will be received into the church and altar cloths will be dedicated.

Serving next Sunday—Acolyte: Brian Dellinger, Bell Ringer: Daryl Minner, Nursery: Sue Ellen Dennis, Donna Miller and Rob Taylor.

DID YOU KNOW? The property for the Methodist Episcopal Church (now Asbury) was purchased in 1858 by three lumbermen from Nimrod and Ann Elizabeth Harrington. Mrs. Harrington

COME JOURNEY WITH US You are invited to participate in St. John's/St. Bernadette's faith journey through the RCIA process.

The Rite of Christian Initiation for Adults is a process of spiritual formation through which adults may come into full communion with the Roman Catholic community. If you are an adult wishing to seek God's will for your life through the Catholic faith, or if you are a baptized Catholic who wishes to continue your spiritual journey through the RCIA process, you are most welcome to join us.

The process is divided into four parts: the inquiry, the catechumenate, enlightenment and the mystagoga. The periods of inquiry and catechumenate are designed to be periods of questioning and discernment. There is no commitment to be made during this part of the process & each person who begins the process is encouraged to probe both his own heart & the teachings of the Church so that God's will may indeed "be done on earth as it is in heaven." Please consider God's call to you and the

Hurricanes run win streak to five

The way the Harrington Hurricanes had been playing lately, it did not seem likely that the team would have much trouble with 6-10 Ocean City.

But with one out in the second inning the 'Canes found themselves trailing Ocean City 6-0, and the winning streak that put them in contention of the league lead was in jeopardy.

But with Ocean City leading 7-0 in the top of the fifth, the red-hot Hurricane bats exploded for 10 runs in the frame to post a 10-7 victory.

Todd Gruwell and Tim Stump, who both scored twice in the inning, drew walks to start off. Tom Penuel then laced a single to score Gruwell for the first run.

Jim Moss ripped an RBI single and kept the inning alive when he kicked the ball out of Ocean City second baseman Scott Reeling's glove on a double play attempt to score Penuel.

After Don Probst struck out, Jeff Thompson walked to load the bases for hot hitting catcher Erin Ergenzinger.

Ergenzinger, with a .364 average and 15 RBIs on the season, had struck out twice looking from Ocean City starter Joe Phillips.

Ergenzinger waited for a fastball from Phillips and drove a 2-1 pitch into right center for a three run triple.

Gruwell and Stump walked once again, and Penuel delivered a two run double to right field to clear to score Penuel and end the scoring.

Ocean City took their huge lead in the first two innings via four hits and seven walks by Hurricane starter John Kirby.

Kirby then gave way to reliever Mike Dill, who worked the final 5 2/3 innings for the win. Dill gave up just one run on four hits, two walks, and fanned five to raise his record to 1-2.

Earlier in the week the Hurricane bats were not quite as hot, but the pitching of ace Jim Moss was as Moss downed second place Peaky's 6-3.

Moss went the entire distance for the win scattering four hits, walking six, and fanning two in the key victory.

The 'Canes jumped out early with Ron Probst reaching on an error, and brother Don Probst delivering an RBI double.

Peaky's answered with a run in the fourth, but Harrington came back with two more on Benny Elliott's two run single.

Moss ran into his only trouble of the game in the fifth when he surrendered a two run homer to Peaky's first baseman Dan Miller.

But Moss settled in the seventh and helped turn a nifty 1-6-3 double play to end the game and put the Hurricanes record at 11-8.

California Cuties game benefits little league

GREENWOOD — The California Cuties and the WBOC All-Stars squared off for a night of softball and fun at the Greenwood Little League Field last Wednesday to raise money for the Woodbridge Little League.

The Cuties turned out for a real hard game of men's softball with their dresses, wigs and make-up on. Despite the team's appearance, they overpowered the WBOC All-Stars 11-2. Cuties coach, Madam Hilda, along with her four member team, which includes a catcher, pitcher, shortstop and first baseman outplayed the All-Stars with their high-speed pitching.

On the mound for the Cuties was Fifi the Flirt, who was firing the balls across homeplate. Along with her impressive pitching, Fifi also added three more homers to her credit. This brought Fifi's record up to 38 homeruns out of approximately 80 games.

After the Cuties victory over the All-Stars, which brought the Cuties record up to 103 wins and 8 losses, both teams performed a few innings of exhibition softball with some slapstick comedy added in.

During the exhibition, Madam Hilda took the mound and did a little switching around with the softballs. As she delivered her pitch, the batter swung hard and the entire ball exploded into white dust.

Other escapades included a few members of the Cuties' team having a little trouble making it to the bases. One player was half-way to first when her girdle dropped to her knees while another player lost her entire dress in an argument with the umpire.

The game was also highlighted with door prizes being given away, which were donated by local Greenwood businesses.

The Cuties moved on up the road looking for another victory over at Cambridge last Thursday night.

Senior Citizen's Pace highlights week at Brandywine

by Tammy Poore
Brandywine Raceway's racing secretary Rick Kane compiled a field of aged pacers for Thursday evening's featured event - The Senior Citizen Pace. Eight veteran pacers hit the track with earnings totalling over \$1.3 million dollars. All pacers had to be at least ten years of age with career earnings of \$100,000 lifetime to be eligible for the \$3065 purse.

Doxa Joe was victorious with an impressive win clocked in at 2:00.3. The twelve year old foreign bred gelding got away fifth from the start as factions were being brought in at 29.3, 1:00, and 1:29.3 before Doxa Joe began gaining on the leaders. Gary Finnigan, trainer and driver of the class pacer, guided Doxa Joe through a wall of horses to take the mile by almost a length over Rambling Kidd (Jim Scaramuzzo) and Flash Jack N (Jody Stafford). Only four and one half lengths separated the winner from the last place pacer in this evenly matched feature.

Doxa Joe, a former world champion for the 1/4 mile pace set at Liberty Bell in

1982, had the fastest lifetime mark of 1:53.4 and the most lifetime earnings of \$323,331 for the event.

In other harness racing action, Crave (Joe Hundertpfund, Jr.) scooted over a sloppy track to take the \$6500 Open on Sunday evening, July 12. The five-year-old Smog stallion took command of the race from the start, cutting fractions of 29.4, 59.2, and 1:29.4 before turning for home with a 28.2 last quarter to capture the feature in 1:58.4. Peter Polka A (Kevin Hankins) held on for second while Pappion (Bill Buckley) grabbed a third place finish.

In the \$2300 Non-Winners of \$2750 conditioned class, Screen Director K & Eddie Davis outstepped Harrington's Rattlenwind and Eddie Dennis in the last few feet to capture the first race on Sunday in 2:00.4. Screen Director K sat behind Turner's Commander (Ron Chorman) as he cut fractions of 28.4, 1:01.1 and 1:30.4 before being challenged at the top of the stretch.

A THOUGHT

Who Wrote the Four Gospels?

The obvious answer to this question seems to be: Matthew, Mark, Luke and John. In fact, we are not certain who wrote the Gospels. We do know that they originated in four separate Church communities between 65-90 A.D., and that they were very early associated with those four familiar names. Who the authors actually were is a matter of conjecture.

The Gospel of Luke was written by a Greek Christian who was associated with the Pauline tradition in some way. Mark was written by an unknown author who is not to be identified with the Mark mentioned elsewhere in the New Testament. Matthew was probably a Jewish Christian writing for a mixed community of Jews and Gentiles. The tradition underpinning the Gospel of John was the preaching of "the beloved disciple." He was not one of the Twelve chosen by Jesus, but probably an eyewitness of His Jerusalem ministry.

The meaning of the Four Gospels is more important than their authorship. Each of them is an expression of faith in

DE, Choptank River Yacht Club, Denton and the Poor Boys Yacht Club, Hurlock.

He is survived by his wife, Betty; three sons, Roy, Donald and Gary, all of Greensboro; two brothers, Clifford and Sheldon, both of Greensboro; four sisters, Ola Voshell and Myrtle Minner, both of Felton, DE and Hazel Kruger and Iva Strasser, both of Dover, DE; and two grandchildren.

Services were 2 p.m. Saturday in Boulais Funeral Home, Greensboro, where friends called Friday from 7 to 9 p.m. Burial was in Greensboro Cemetery.

LYDIA P. WEBB

LINCOLN — Lydia Passwaters Webb, 82, of R.D. 1, died Tuesday, July 7, 1987 of cancer in Milford Memorial Hospital.

Mrs. Webb was a homemaker.

Her husband, George, died in the 1970's. She is survived by a daughter, Marguerite Thorpe of Henderson, MD; two stepdaughters, Minnie Christopher of Federalburg, MD; and Ethel Frank of Chester, PA; three sisters, Mabel Hurd of Harrington, Emma Wiley and Madeline Brooks, both of Milford; nine grandchildren, several great-grandchildren and several great-great-grandchildren, and several stepgrandchildren and stepgreat-grandchildren.

Services were 1 p.m. Friday in Berry Funeral Home, Northwest Front Street, Milford, where friends called Thursday night from 7 to 9. Burial was in Lincoln Cemetery.

the risen Christ; each of them is from a community of early believers who carefully preserved the Jesus tradition and who faced special problems that gave a distinctive shape to their "Gospel."

Mark's community, probably in Rome, felt its faith wavering under persecution. The Gospel responds by portraying Jesus as the suffering Son of Man, whose fidelity led him to the cross. It shows his disciples wavering yet ultimately remaining faithful.

Luke was written for a predominantly Gentile community that was settling into history as it adjusted to the delay in the second coming of Christ. Sensing that the Church would be around for a long time, they shaped a tradition that would give believers, gentiles especially, a sense of security.

Matthew was written for a mixed community that was struggling to hold on to the best of the Jewish tradition, even as it adapted to the needs of a predominantly Gentile Church. The Jesus of Matthew's Gospel was the great teacher, who continued to teach, especially through Church leaders.

John was written for a charismatic and freedom-loving community for who love of the brethren and a profound personal faith-commitment to Jesus were paramount. Without these, Church authority, sacraments and teaching meant little.

Each Gospel has its own unique portrait of Jesus and its own answers to questions posed by a developing Church. Each Gospel carries within it signs of its community and the problems it faced. Together the Four Gospels point to the unity and diversity of the early Church, something worth recalling today as we too search for unity in diversity.

Winner's Circle

Toreky wins modifieds, Kelly sprints at Delaware International

by Charlie Brown

DELMAR, DE—Bob Toreky grabbed the lead on the final lap to win the 25 lap modified feature Saturday night at the Delaware International Speedway. Dave Kelly won a hard fought battle to win the 20 lap URC sprint main.

Ricky Elliott started on the pole and grabbed command of the modified main at the drop of the green. Tom Capie quickly moved into the second spot with H.J. Bunting in third. Bunting had just moved into the second spot on lap three when he took a slow roll in turn three to bring out the yellow.

Elliott kept command on the restart as Kenny Brightbill moved into the runner-up spot, dropping Capie to third. Bobby Wilkins lost power and stopped to bring out the yellow on lap nine.

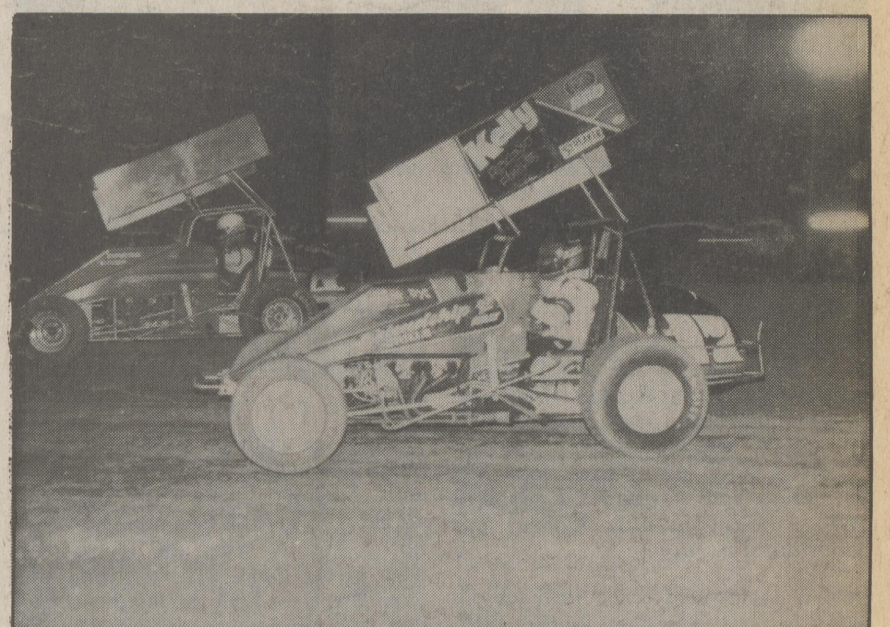

On the green, Elliott stayed on top and Capie and Brightbill swapped position in a good battle for second. At the halfway point it was Elliott, Brightbill, Capie, Ron Keys and Bob Toreky in the

top five.

Capie again battled his way back into second and Toreky took third as Brightbill started to fade. Toreky took the second spot with the yellow coming out as Keys lost an engine and came to a stop. The leader, Elliott stumbled on stop. The leader, Elliott stumbled on the restart resulting in a three car tangle Toreky, Pinter and Patilla.

Tommy Long took the lead on the green ahead of Capie but the caution would fly one more time as Howard Huepful spun with one lap to go. This proved to be a real break for Toreky as he hit the restart perfect and took the lead. At the checker it was Toreky for win number six this year. Long finished in second with Capie, Pinter and Patilla in the top five.

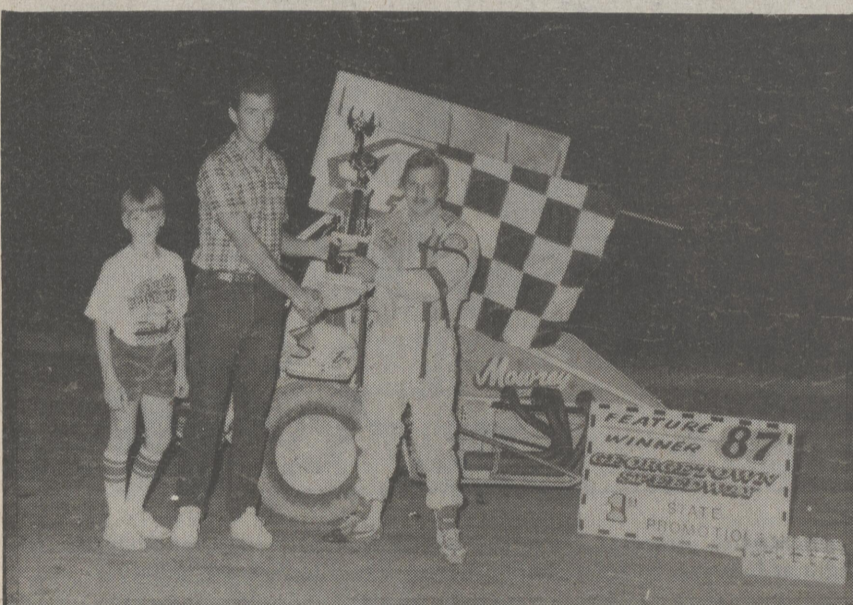

Don Wolfe took the early lead in the 20 lap URC sprint main. Ed Wylie powered into second with Midge Miller grabbing third. By lap five, Dave Kelly had moved from his eleventh starting

Mowrey, Capie, Fields, and White score at Georgetown's Thoro-Good's night

GEORGETOWN—It was a solid night of racing at the Georgetown Speedway, Friday night, July 10th. The night featured the 1987 return of the finest in Midget auto racing thanks to the Eastern States Midget Racing Association and the American Racing Drivers Club.

In the twenty lap Midget feature, Brett Mowrey took his Volkswagen powered speedster to the winner's circle. This was only Brett's second career win in a Midget and he carried it off in style, holding off hard charging John Heydenreich, winner of the last Midget feature of 1986 at Georgetown, to the finish.

The race was marred by two red flag periods, one for Gary Halteman, who hooked an infield marker on three and took a bone jarring flip and the other for Bob Cicconi, whose racer rolled onto its side after breaking a rear suspension member. Neither driver was injured.

Action in the evening's thirty lap modified feature was fast and furious with the lead being shared by four different drivers before the checkered fell over Tom Capie for the third time this season.

Tom Daggett Jr. jumped into the lead from the pole and sat a lightning pace for the first three circuits until a right rear wheel on the #98, sending it into the fourth turn banking. Tom came back out one lap down and still had no problem keeping up with the leaders until a tangle with Charlie Phillips in the three-four turn put him out for the night.

On the restart after Daggett's first incident, Georgetown's own Norman Short Jr. laid claim to the point and led the top five of Wilkins, Capie, Toreky and Hal Browning a merry chase. On lap eight Wilkins found his chance entering turn three and took his mount to the front.

Coverdale goes for win at Middleford

Greg Coverdale #17 takes his victory lap after winning the Micro Feature at Middleford Speedway Friday night 7/10/87. Photo by Don Mitchell

by Bonnie Algier-Mitchell

The Micro feature at Middleford Friday night was a battle to the end.

Thirteen cars came to take the green from flagman Jim Reedy as the race began.

Just two laps into the race the caution came out as #30 Mark Maloney and #60 Bob King. On the restart the battle was on between #88 of Alan Garey, #17 of Greg Coverdale and X Todd Wise.

Wise was hot after winning the Micro heat and was looking for win number five. By lap six the field was Coverdale, Wise, and Garey with Coverdale holding a good lead. Then, as 'lady luck' would have it, Wise went high, hitting the retaining wall and took his mount to the pits with a broken axle.

On the restart Coverdale brought the his #17 mount back up front to take the checkered, with #30 finishing second.

In Lwt. Kart action, local Shane Larimore, Andrewville, was on top in

the heat race but 'the lady' took her toll on this young driver, too.

As the green fell to start the feature, Larimore blew a rear tire, but drove five laps before retiring. The win went to #3 Buddy Bloom with Jean Metzner in for second.

Roy Collings was number one in the Open Pro Cycles with Guy Stuart second. And 500 Cycle action saw Collings and his #27 Harley-Davidson in victory lane again with Mark Miller, Milford on his #2 Yamaha in second.

Dover's Rennie Dail brought his #2 R&M Racing/Durham Racing Yamaha in first to take the Senior Cycle feature.

Racing action returns Friday night. Gates open at 6:30, racing begins at 8 p.m. Saturday afternoon will see another running of moto-cross beginning at 1 p.m. and the fifth round of the dirt drags on Sunday. Gates open at 1 p.m.

New Friday night format successful at Bridgeport

BRIDGEPORT, NJ—The newly introduced, weekly Friday night format at the Bridgeport Speedway has proven to be successful and Promoter George Wingate announced, "it will continue". The turn around is finally beginning to occur since Bridgeport changed to race weekly on Friday nights. In the last two racing events, crowds have increased, track conditions have improved and the racing program was completed in record time, on both occasions in less than three hours.

The new format includes the modifieds and sportsman competing in a COMBO 25 lap feature event after a series of qualifying events, a consolation, a Non-winners Race and the very popular 3 Lap Dash for Cash.

An attractive payoff plus bonus money to the top five finishing sportsman competitors makes Bridgeport the race driver's Friday night stop.

The modern stocks are also on the weekly Friday night schedule at Bridgeport, racing in a ten lap, action packed feature event. The modern stocks are featured in numerous special events throughout the season.

Racing action at the Bridgeport Speedway will continue on a weekly Friday night basis with warm-ups set for 7:15 p.m. followed immediately by the Non-Winners Dash at 7:30 p.m.

The Bridgeport Speedway is located off 14 of Rt. 295 in Bridgeport, NJ. For weather or race information, call the Bridgeport Speedway, 609-467-4407.

Racing briefs...

Started six years ago, the Conococheague 100 has become one of the most prestigious race in the country with the top late model professional drivers competing in the two day event.

On Friday and Saturday night, July 17 and 18, Promoter Frank Plessinger and the Hagerstown Speedway will present the 6th edition of the Coca-Cola/Howard Johnson's Conococheague 100.

Racing begins on Friday night with the late models running time trials and qualifying heats. The limited late models, roadrunners and daredevils will also run a series of qualifying events.

Saturday night's slate features a 25 lap "B" main, followed by Championship races for the limiteds, roadrunners, and

daredevils. The grand finale, the 6th running of the Coca Cola Conococheague 100, caps off this spectacular two day affair.

Racing action begins both nights at 8 p.m. Sunday night July 19th, will be held as the raindate. There is plenty of free overnight camper parking.

The AMA is hoping to increase television coverage of national races during the months of July and August thanks to the support of Harley-Davidson, Honda, Kawasaki, Suzuki and Yamaha, which helped the AMA finance a video news feed program that is sending taped highlights to ESPN Speedweek, TNN MotoWorld and This Week in Motorsports. Coverage includes road racing, dirt tracks, motocross and supercross.

Yarborough fans... Cale is back

DOVER—Cale Yarborough will return to Dover Downs International Speedway with the Hardee's Oldsmobile for the 17th annual Delaware 500 on September 20. It will mark the three-time Winston Cup champion's first start at Dover since 1983, and his first appearance ever at the high-banked, one-mile superspeedway as the owner of his own team.

"We're looking forward to getting back to Dover," Cale says. "It's been a

while since we've run there, but my crew chief, Cliff Champion, has been going there all along, so we won't have any trouble getting used to it again."

With the Junior Johnson team from 1973 to 1980, Yarborough compiled an enviable Dover record with three pole positions and three Winston Cup race wins. His finest moment came in the 1976 Delaware 500, where he swept both the pole and the race. Other wins came in the 1974 and 1977 mason-Dixon 500's, with pole positions at both Dover events in 1980.

Overall, Cale's Dover record shows 11 top five finishes from 19 starts, a percentage unmatched by any other active driver, and \$149,665 in career earnings.

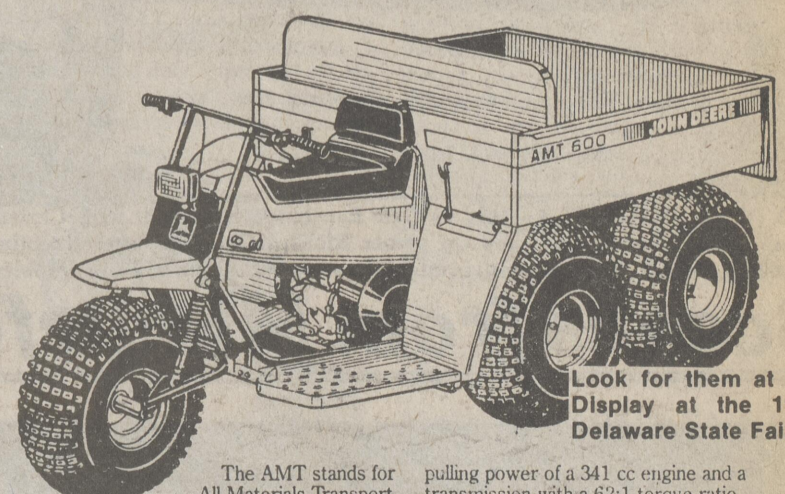

Cale and the rest of the Winston Cup stars will practice on Friday, September 18, followed by pole qualifying for the Busch Grand National series cars and the inaugural Friday Night Live program presented by Kodak Film in the air-conditioned grandstand. Busch Pole Qualifying for the Delaware 500 is Saturday morning, with the Grand National 200 at 1:30 p.m. and the Bud Bash racing party at 5:30 p.m. The 40-car Delaware 500 field will take the green flag at 12:30 p.m. on Sunday, September 20.

New John Deere AMT 600. It's almost a truck.

The AMT stands for All Materials Transport, and the 600 for the maximum load capacity. Because the unique AMT 600 gives you true hauling capacity over rough ground. Rather than just personal transport.

You can carry bulky items and loads up to 600 pounds on flat land, up to 400 in hilly terrain. And you can raise the bed to dump the load!

That's truck work. You travel with 5-wheel stability. And 4-wheel differential lock traction. Using the

pulling power of a 341 cc engine and a transmission with a 62:1 torque ratio. With no gears to shift.

The ride's easy, too, from the cushioning effect of a spring-loaded front fork, deep seat with backrest and high flotation tires.

Even fully loaded, the AMT puts down only an average of 17 psi ground pressure. That anti-skid design minimizes ruts and scuffing.

There's nothing else like it! You'll have to stop in soon and test-drive our new 'Almost a Truck'!

On lap fourteen the healthy lead that Wilkins had built was erased when the caution came out for the Phillips/Daggett wreck. On the restart Capie sat his sights on the front and sped by Wilkins to lead lap fifteen.

Fifteen laps later Capie took the checkered from starter Bill Lawson as Wilkins, still running second, was entering turn three.

Oscar Fields scored his fifth season win in the Limited Late Model Division's twenty lap feature. Fields

Camaro crossed the stripe with two time LLM Champ Jeff Turpin, and 1987 LLM newcomer Ryan Bloom hot on his heels.

Fields was tenth on the starting grid but problems experienced by Lee Joines and Turpin during two different attempts to get the first lap in, moved him to eighth. When the field finally went green, Fields blasted around the outside and through the middle to lead the first complete circuit. First Bunky White, in the #41, tried to haul him in

The first yellow flew on lap seven when Mark Plummer blew and was tagged by Bruce Thompson. Wylie put the pressure on Wolfe on the restart and took the lead going into turn two. Kelly worked his way behind Wolfe by the mid point and took second on lap eleven. Two laps later, Dave moved by Wylie for the lead.

Rod Hanna spun to bring out the yellow with four to go, tightening up the field. Glenn Fitzcharles had worked his way into third and took the runner-up spot on the green. Kelly was able to power away in the final laps to collect his 76th career victory. Fitzcharles

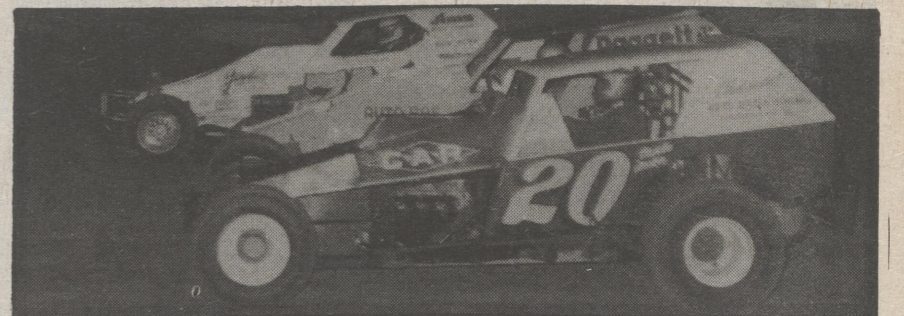

finished second to keep his lead in the Taylor & Messick Delaware State Sprint points. Third went to late charger, Garry Gollub with Wylie and Wolfe rounding out the field.

Modified heats were won by Ricky Elliott and Freddy Brightbill with Jeff Patilla taking the consi. Sprint heat winners were Garry Gollub and Glenn Fitzcharles with Jack George taking the consi.

This Saturday night will feature "twin 20's" for the modifieds sponsored by WICO, Country 94. It will also be ladies night with all females being admitted for half price.

DELMAR, DE—Alex Beaumont drove a beautiful race to record his second victory in the late model feature Saturday night at the Delaware International Speedway. Oscar Fields captured his eighth limited late model win with Jack Messick recording his second win in the street modifieds. The entire program was sponsored by Salisbury Dairy Queen.

Joey Carey powered his late model into the early lead. Steve Hill moved into second and quickly worked into the lead. Mike Tauber was back in form and dropped Carey to third on lap five with Alex Beaumont moving into third.

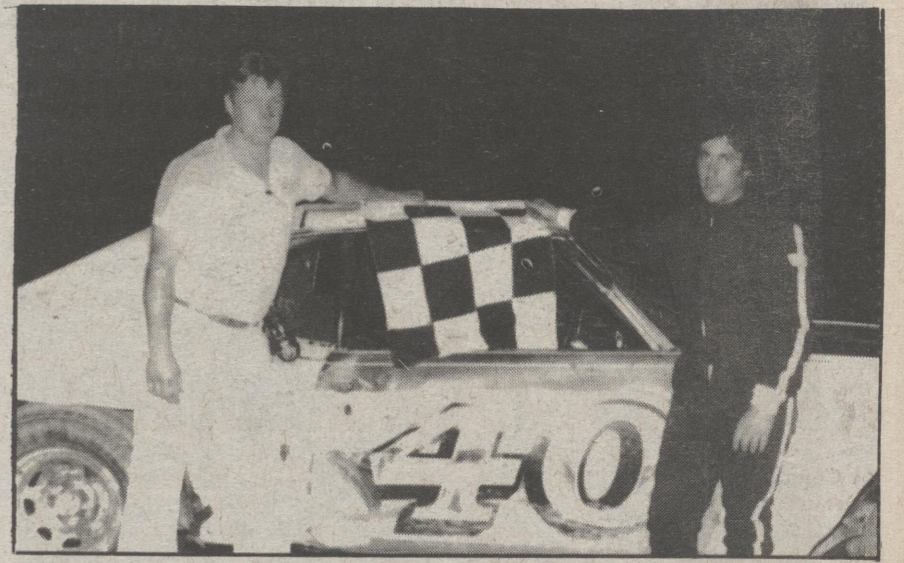

The only yellow came on lap seven when Morris Tucker spun to a stop at the top of the second turn. Beaumont passed Tauber for second on the restart and set his sights on Hill. As the half-way sign was given, Beaumont took the

lead and went on to record his second win of '87.

Hill held on for second with Tauber, Lou Johnson and Carey round out the top five.

Oscar Fields threaded his way through traffic to grab the early lead in the limited late model main. Dale Bounds, making his first appearance in the limiteds followed Fields to the checker. Buddy Messick finished third with Doug Beach, Sammy Lowe in the remainder of the field.

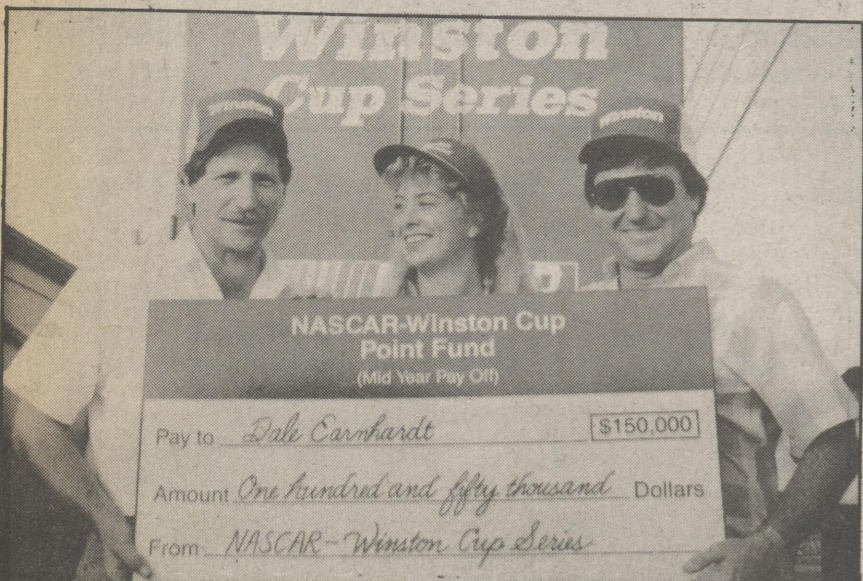

Jimmy West was the early leader in the street modifieds with Jack Messick and Bob Pritchett close behind. West was involved in a tangle on lap four bringing out the yellow. Messick took the lead on the restart and held off Mark Byrum to win his second street modified feature of the season. Bob Pritchett finished in third followed by Jeff Parker and Billy Brittingham.

Protecting our coastal zone

by Senator Bill Roth
When it comes to the development of the Delaware coastline, it seems logical to me that the people of Delaware are the best equipped to make such important decisions. We know better than anyone else the aesthetic and recreational pleasures of our coast and the value of its natural resources. The Coastal Zone Management Act of 1972 gave states the right to manage their coastal resources as they best saw fit. I have always been a strong proponent of this law and have opposed efforts to infringe on the states' rights guaranteed by it. Over the past years there have been several attempts by the federal government to question the authority vested to the states for the management of their coastal zones. In an effort to strengthen the states position in this area and help ensure that such a position is not challenged, I recently cosponsored an amendment to the Coastal Zone Management Act. Currently, the Coastal Zone Management Act calls for states to develop their own programs, and when complete, requires federal approval. To accomplish this, states have to work closely with the appropriate federal agencies. In exchange for this, in the federal consistency provisions of the Coastal Zone Management Act, it is guaranteed that federal actions affecting a state's coastal zone would not violate the program of that state. However, as history indicates, some have chosen to interpret this section of

the law differently. The amendment I have cosponsored will eliminate any uncertainties about the intentions of the federal consistency section and reinforce the states' position. I became actively involved in this issue back in 1983 when the federal government and the region's coal industry attempted to overturn Delaware's coastal zone management act. They wanted to establish a coal transfer station in the middle of the Delaware Bay. At that time, I brought the issue to the forefront by writing the U.S. Coast Guard questioning whether there was adequate knowledge about the effects of coal dust on our marine environment. Fortunately, the Delaware Supreme Court upheld a ruling by Delaware's Coastal Zone Industrial Control Board that prohibited this type of coal transfer operation. However, while appeals were pending in the state court, the companies involved proceeded to file suit in the federal district court. Last year, the federal district court ruled in favor of Delaware and just recently the fifth circuit court of appeals upheld that decision. Each state, including Delaware has made a commitment to managing its coastal zone in the best interest of the state itself and the nation as a whole. I am pleased that in the case of Delaware the courts have seen fit to recognize this and I hope that the legislation I am pushing will serve as a dam to any future challenges.

Fighting to fund the Route 13 Relief Route

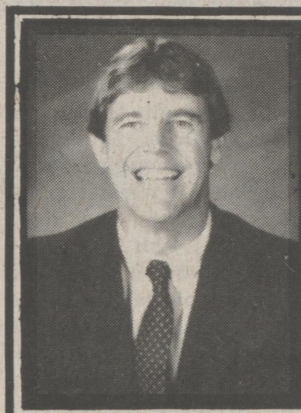

by Congressman Tom Carper
Delawareans know all too well how important Route 13 is to our state. As the only major north-south highway artery which links all three Delaware counties, Route 13 is critical to our state's social and economic well-being, and that of our neighboring states as well. Delawareans also know that travel on Route 13, particularly in the summer months, is becoming increasingly difficult as traffic volumes steadily increase. Traffic congestion has become especially acute in the Dover area, causing a bottleneck for travel and commerce. State officials have proposed construction of a by-pass around Dover to alleviate that congestion. The cost of the Dover by-pass has been estimated at \$500 million. Not surprisingly, the Castle Administration is looking for ways to fund the project. One way is to use some of the federal highway funds which the state receives on an annual basis. The only problem is that the Route 13 Relief Route has been proposed as a toll road and present law prohibits the use of federal highway funds for the construction of toll roads. Last week, I organized eleven Members of Congress from the four-state area including Delaware, Maryland, New Jersey, and Pennsylvania, to get the Relief Route project a special designation from the U.S. Department of Transportation to allow the state to use federal funds to build the new highway. Competition for that designation, which Congress authorized earlier this

year as part of the 1987 federal highway bill, is intense. Nineteen other projects from ten states are competing with Delaware. In our letter to Transportation Secretary Dole, the interstate congressional delegation I've organized emphasizes that the economies of the Mid-Atlantic states and the DelMarVa peninsula are closely intertwined. Many businesses in the four-state region depend heavily on Route 13, and would suffer considerably if commercial transportation along this route is hindered. Improving the capacity of Route 13, by designating the Relief Route as a toll road pilot project, is essential if we are to maintain the commercial exchange between the mid-Atlantic states, and if we are going to ease the traffic burden imposed on motorists traveling on the peninsula. If we get the pilot project designation, the Delaware Department of Transportation will be allowed to use up to 35% of its annual allotment of federal highway funds to construct the by-pass. That will greatly alleviate the serious strain on our state's transportation budget which would result from absorbing the entire \$500 million cost of the project. I am gratified that my efforts to make federal funds available for the Route 13 Relief Route has received such broad, bipartisan support from our neighboring states. If Delaware is to win this special designation, we're going to need all the help we can get.

A victory for fairness in social security hearings

by Senator Joe Biden
We have won another victory for disabled and elderly citizens in lower Delaware and their rights to appeal when their Social Security disability benefits have been denied. Social Security's Office of Hearings and Appeals recently assured me that administrative law judges will resume holding office in Dover at the Federal Building to hear these cases. One might legitimately ask why they ever stopped hearing cases in Dover. After all, if a Delawarean from the Dover area is infirm, elderly or disadvantaged and really needs Social Security benefits, wouldn't it be difficult for some of them to travel to Wilmington? Wouldn't the costs of travel and time for lawyers and doctors required for the case sometimes be prohibitive for those appealing? Wouldn't some possibly just give up their rights to needed assistance? My staff and I have been making these points for literally years now. Back in 1982, for example, the Social Security Administration announced that administrative law judges from the Philadelphia office, which serves Delaware, would no longer be coming to our state at all to hear disability appeals. We convinced Social Security to reverse that decision. Then, in February 1987, administrative law judges ceased holding hearings in Dover, forcing all claimants to travel to Wilmington. Their reasons, many of them valid, involved the small number of Kent County appeals, as well as cutbacks, resignations and illness

among personnel in the Philadelphia hearing office. We all want to utilize our federal dollars and services wisely. But we shouldn't allow the administration to deliberately restrict our rights to appeal decisions simply by cutting funds, staff and travel. How much more, I asked the Social Security hearing office, does it cost one administrative law judge and support staff to service Dover several times a year than it costs Kent Counties, their lawyers and doctors to travel to Wilmington? In an effort of real teamwork, Senator Roth, Congressman Carper, Kent County Levy Court, the City of Dover, Kent County Bar Association, Advisory Council on Aging, Central Delaware Chamber of Commerce and private individuals all joined me in stating our concerns. It paid off. In a recent letter to me from Social Security Associate Commissioner Eileen Bradley, she stated: "The Office of Hearings and Appeals is committed to serving the Social Security claimants in the Dover area, including the continuation of hearings in that city...claimants interested in a more expeditious processing of their claims may, however, indicate a willingness to travel to Wilmington." As to the staffing situation, case backlog, and service to Delaware, Commissioner Bradley assured, "We are in the process of resolving this resource deficiency." These are the kinds of commendable decisions that I'll continue to promote.

"Funding"

Members of the Lake Forest Board of Education, during their June 15 meeting, voted to approve a tax rate of 40.6¢ per \$100 assessed valuation. That was a dramatic drop of \$100 from the previous rate of \$1.40.

The capitation rate remains at \$15.00.

Does that mean that residents will pay more or less taxes?

It depends.

It depends on the relative value of each resident's property as a result of Kent County's reassessment. Some people, because of the value of their property, as compared to the value of the rest of the property in Kent County, will pay less taxes. Some people, because of the value of their property, as compared to the value of the rest of the property in Kent County, will pay more taxes.

At issue is the fact that a portion (in Lake Forest it is felt that portion to be too great) of schools' budgets is generated as a result of two factors, tax base and tax rate. It is a simple matter of economics; the higher your tax base, the lower your tax rate need be to generate sufficient funds. Conversely, the lower your tax base, the higher your tax rate need be in order to generate sufficient funds. For the most part, that elevated tax rate need be approved by voters through a referendum.

For those of us close to this situation in Lake Forest, we tire of hearing the regular, "All you have to do is pass a referendum. Then you'll be all right."

Our salaries are the lowest in the state. Our buildings are in desperate need of repair. Yes, we need a referendum passed as soon as possible.

That isn't enough.

We need people to start thinking about the whole idea of how schools are funded.

If school taxes are the most important tax; if the education of our youth is of the utmost importance, then why are school taxes the only taxes which must be passed through referendum? Do voters cast their ballots negatively, not to show their displeasure with the schools, but rather because school taxes are the only taxes they can vote for or against?

The idea of funding schools through the property tax will not ever work for Lake Forest. More and more farmers will take advantage of the Farmland Assessment program thus shrinking the tax base of the District. The Kent County Comprehensive Development plan earmarks much of the land in Lake Forest to be either farmland or conservation land. Both of these developments cost the District, not just in immediate tax dollars, but also erode potential for growth and, consequently, increased value of our tax base.

There are other examples of developments which have led to more and more land being taken off the tax rolls. The answer, "All you have to do is pass a referendum" simply isn't the answer for Lake Forest. Without miles of oceanfront coastline, dense pockets of population or major industrial areas, our tax base is only a fraction of that which exists in many other districts in Delaware.

Solutions are being discussed. Lake Forest Board members look to increased dialog on a number of possibilities.

What about a statewide teacher salary scale? This would seem a likely answer in some circles and was one of three options submitted in a proposed budget plan for education this spring. It didn't get much time; much less support. Why? Economics and politics. The state is top-heavy with political clout and New Castle County generates the bulk of the revenue for the state. "Why should they want to send their money to Kent and Sussex Counties?" is the way one politician put it. While it is understandable that some may enjoy both their wealth and their bargaining position, it would seem that such a provincial attitude is something more than archaic. Legislators in Dover need to have the best interests of all students at heart; not just those who reside in wealthier districts or in areas with more political clout.

The possibility of a wage tax on individuals who live in our District is also under discussion. Through this, individuals would be taxed where they work; not where they live. Again this concept is not being received well by the powers that be.

Educators in Lake Forest School District are not promoting uncontrolled development. That is not healthy. Neither are we interested in establishing tax rates that drive our residents into bankruptcy.

We are interested in an adequate level of funding for our schools, for our students, for our communities.

The first step is that process is to pass a referendum package that will provide for a competitive salary schedule for District employees as well as a major capital improvement program for the buildings.

Beyond that, each and every one of us how live here need to press these issues over and over again, to our elected officials, to our appointed officials, to the decision-makers.

Our schools, our students, our communities deserve a fair shake. They aren't getting it through the present antiquated process for school funding.

Senator Minner's column

by Sen. Ruth Ann Minner
18th District
Delaware now has in place a Transportation Trust Fund which will finance \$1.15 billion worth of road work over the next 10 years. That's right, the figure is in the Billions! Although I did not support the legislation setting up the Fund because it carried a 3-cent hike in the gasoline tax, the legislation will provide a predictable source of funding a highway program to account for future orderly growth of our State and maintenance of our existing roads on a better basis than we have been doing. I have several other reservations about the Fund, however. I'm concerned that the Fund commits so much state revenue in advance that we could be facing trouble in the future in financing other state needs. For instance, the additional 3-cent gas tax is committed to the Fund and bonds will be sold on the basis of that revenue. That means the tax can't be removed until the bonds are paid off, probably for at least 20 years. The legislation creating the Fund also earmarks 3-cents of the already-existing 9-cent tax on a gallon of gasoline to the

Fund this year, and the other 6 cents in Fiscal 1990. That's a total of \$46.8 million in revenue diverted to the Fund each year--revenue which won't be available for other state needs. In addition, the Fund will get \$3 of the \$10 motor carrier registration fee, \$26 million in seed money from the general fund, and all tolls from the North-South relief route. What really concerns me is what the Castle Administration calls "additional revenue needs" beginning with \$7.6 million in Fiscal 1990 and growing to \$45 million a year in Fiscal 1996 and 1997. The Administration has listed as "potential revenue sources" such things as additional gas tax, motor vehicle document fees, motor vehicle registration fees, development impact fees, and excess revenues from the Delaware River and Bay Authority. If and when all this revenue is diverted from the general fund, it isn't difficult to foresee trouble down the road for other state needs if the economy should slump. When you add the revenue losses from tax cuts in four successive years, it's downright scary.

Quill in Pen

by G. Robert Quillen
State Representative 30th District
It would take two full pages to cover all the bills debated by the General Assembly this year - many of which would not interest you anyway. So let me touch on the legislation of direct interest to the people of my District. Let me start with the controversial bills: The Seat Belt Legislation, the Open Container Bill (outlawing an open beer in an automobile) and the Smoking Bill, which would have limited smoking in public places. All three have one thing in common - they were poorly written and they are dead issues this year. I voted against all three based on the sentiments of my constituents. Turning to more popular legislation, the General Assembly cut taxes again for the fourth year in a row. For the single wage earner making \$20,000 a year, the tax cut will save you \$74.00. The family of four that itemizes deductions will save \$92.00 in taxes. We also simplified the tax structure.

Instead of fourteen brackets, there are now only seven. Other bills of interest include: H.B. 39 which allows child care providers to administer prescription drugs to children upon written permission from their parents. H.B. 41 (The Farm Lemon Law) protects dealers engaged in farm equipment retailing. H.B. 39 has been signed into law. H.B. 41 is awaiting the Governor's signature. Fair goers will be happy to know that the General Assembly looked favorably on my request for \$30,000. This money enables fair officials to make prizes available in the various fruits, vegetables and animal categories. Last, but not least, is Road 316. Unfortunately, repair work has been delayed there due to a misunderstanding between Conrail and the Department of Transportation. It looks like the two organizations are communicating again. Construction work should begin this August. If I don't see you at the Fair, have a great summer!

I was cheated by a phony coin dealer How can I get my money back?

ASK MR. BERKO

Dear Mr. Berko: In 1985, I was called by an outfit in Fort Lauderdale. The caller told me about profits I could make by investing in rare coins. They even guaranteed a 15% profit each year. I sent them a certified check for \$1,100 and then \$6,900 during the next year. This money was for my grandson's college. I called the company to sell the coins and found their telephone was disconnected. I went to a local coin dealer who offered me a fraction of what I paid. He said I had been cheated. Another dealer told

Florida and Massachusetts. They got suckers using telephone solicitation, print advertising and a network of comment who roamed the country as "financial planners" to follow leads generated by this advertising. Late last year, in response to an FTC complaint of fraud, a Federal court stopped the company and its principals from doing business and "froze" the companies' assets. The owners took some of this money and to avoid long jail terms agreed to surrender their personal assets to the bankruptcy court. The court is holding almost \$1 million for creditors. But don't get your hopes up. The companies owe much more than that to creditors. I am sending you forms to be filed with the Federal bankruptcy court. You've probably paid for a very expensive lesson in fraud avoidance. Avoid any anonymous phone solicitor who promises profits for any investment.

According to information from local law enforcement and the FTC, the company sold coins at "wildly inflated" prices to gullible (yes you were) buyers all over the country under a "diligent" least three corporate name from

How do I prove to the VA that my missing husband is dead?

Dear Mr. Berko: My husband disappeared almost 10 years ago. I've tried to trace him, but with no success. The local courts have issued a ruling of "presumption of death" and given me status as his widow. Can I use this document to apply to the VA for benefits as his widow?

—Emma T., Milwaukee, WI
Dear Emma: The proof you submitted to the state courts will have to be evaluated by the VA. The VA requires a "continued and unexplained absence" from home and family for seven years and proof of a "diligent" search for the missing veteran.

Person-to-Person

Band-aids in a small corner of the world

by Rebecca Moore

There's nothing in the world quite as terrifying to me as fire. Although fire has its positive side—heat, light, etc.—it also has its negative side. There are not many other things as destructive as fire. We've made every attempt to make our home as fireproof as possible, and our children have been trained in what to do should a fire ever break out in our home. Thankfully, we've never had a fire in our home; but if this should ever be the case, the Felton Fire Department is close by on the other end of 911.

It was my pleasure, just recently, to meet a rather unique member of the Felton Fire Department. What's so unique about this individual is the fact that in a position traditionally exclusively for males, she is the only female. Come with me, and meet Shelly Chandler, the only female member of the Felton Fire Department.

Shelly is a dyed-in-the-wool Feltonite, having grown up in this quiet community. Her involvement with the Fire Department is pretty much an understood thing, for to do otherwise would make her the exception in her family. Shelly is a third-generation fire fighter, having been preceded by her father, the Department treasurer, and

her grandfather. Mom, a secretary of Kent Vo-Tech, and sister, Robin, are members of the Department Auxiliary, and brother, Keith, is also a firefighter. So, you could say that the Felton Fire Department is in Shelly's blood.

Shelly has not always been a firefighter. After spending several years in the Auxiliary (perhaps you've seen her sprinting around the Department's dining room, bearing plates of hot, fried oysters. Shelly completed a fifteen-week course which enabled her to ride in the Fire Department's ambulances. Her adrenalin began to flow and her interest in fire fighting increased. In October of 1986, Shelly attended Fire I, Delaware's basic firefighting course. This was no easy course, and some of its requirements could give an acrophobic like myself nightmares. Take, for instance, a thirty-foot ladder held perpendicular to the ground by only four people holding guy ropes. Trainees are required to climb up one side of this thing, then climb down on the other side. Horrors! But Shelly succeeded, and is now an apprentice firefighter, and will continue in this position for two years.

Obviously, fighting fires and riding in ambulance is not a full-time

occupation, so what keeps Shelly busy most of the time? Well, after graduating from Lake Forest High School, Shelly entered the University of Delaware, majoring in nursing. During the day, you can find Shelly in the operating room at Milford Memorial Hospital, in the role of a circulating nurse. Needless to say, with her nursing capabilities, she is a tremendous asset to the ambulance crews at Felton.

Each of the thirty to forty active fire department members owns a plectron. This futuristic-sounding device is actually an electronic alert machine. The plectron enables each firefighter to be alerted each time there's a fire or an ambulance emergency. The firefighters then head for the department, and after climbing into their gear, get the engines rolling.

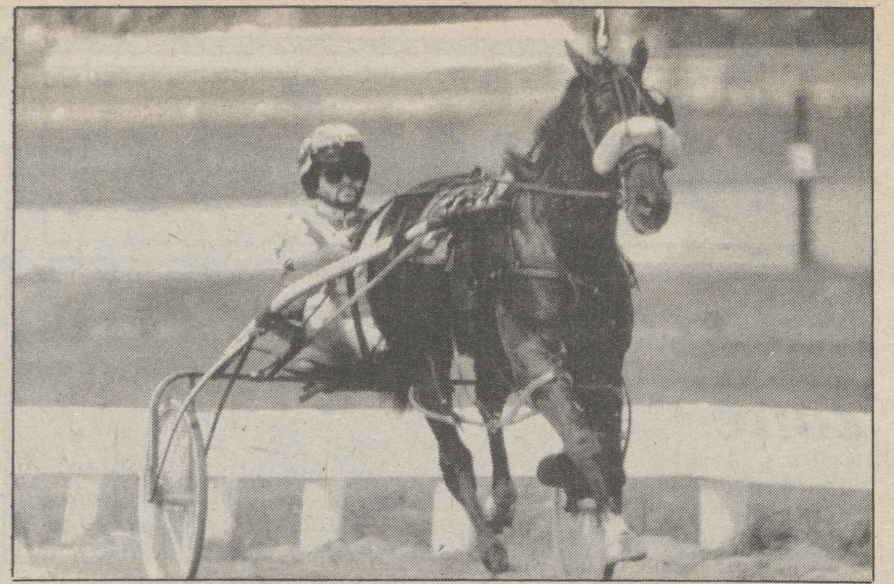

Because of his position in the fire department, Mr. Chandler has not only a plectron, but also a radio which tells him the exact location of the emergency. Because of this, the three firefighting Chandlers keep their gear in the trunk of Mr. Chandler's car, and by-pass the fire house, going directly to the emergency location. This, however, posed a slight problem. With three different sets of gear in three different sizes, there was always a bit of confusion. Mr. Chandler doesn't fit into Shelly's or Keith's gear, and so on. The solution to the problem was quite simple and it became a bit of a departmental joke. In Mr. Chandler's trunk are three laundry baskets—one for

each firefighter's gear. Seems that laundry baskets had never before been considered necessary firefighting equipment!

Shelly is unique at the Felton Fire Department. She's the only female in a traditionally male role. Is that a problem? Not for the firefighters, and certainly not for Shelly! When it comes to fighting fires, Shelly has the "right stuff", and performs with the best of them. She is treated as an equal and there is no prejudice towards her. By the way, if your mind's eye pictures a female firefighter looking like Hulk Hogan, picture her again. Her muscles do not strain the fabric of her shirt sleeves, but she is quite slim and extremely attractive. She'd probably feel just as much at home in a sequined evening gown as she does in her bunker pants or nurse's uniform.

Racing to the scene of an emergency, adrenalin courses through Shelly's veins. Still, in all the excitement, Shelly offers up silent prayers. She prays for those she's speeding to help and that she and her fellow firefighters will arrive before tragedy or heavy loss occur. Shelly realizes she can't save the world, but she's sure trying to apply some much-needed band-aids in her small corner of the world!

I'm still terrified of fire. But if the other members of the Felton Fire Department are half as dedicated as Shelly, we'll be in the best of hands, should we ever need them!

Jate Lobell heads \$1 million pace elimination

Some have taken the high road, and some have taken the low road, but Friday night at the Meadowlands 26 of the best three-year-old pacers in the country will vie for a place in the \$1 million Meadowlands pace on July 17 by competing in three eliminations, headed by Jate Lobell, Run the Table and Laag.

Jate Lobell, looking for his second million dollar victory in the final, is coming off of three straight victories in Canada and Chicago since his win in the New Jersey Classic at the Meadowlands on June 6. The Mark O'Mara-trained colt paced in 1:53 at Sportsman's Park last Saturday, which was the fastest time ever on a Chicago track for any age group. Prior to that, the No Nukes colt won the North America Cup at Greenwood making the winner's share of nearly \$500,000.

"It's not his heavy schedule of almost a race a week that would worry me, but shipping from Canada to Chicago and back here again," said O'Mara. "Sometimes shipping will take more out of a horse than a race, but he's doing fine. I've always felt that it's better to keep a horse fit by racing him than by training him, and with seven days in between his Chicago race and the eliminations, I'm confident that Jate will come through it all and keep his form."

Jate will start from the fourth post position in the first elimination, carded as the fifth race, and will be challenged most seriously by Frugal Gourmet, who finished just a nose behind Jate at Greenwood in the North America Cup on June 20th.

Frugal Gourmet and driver Trevor Ritchie have been assigned the sixth post.

"I think that Frugal Gourmet shows the most promise of any of the three-year-old that we'll go against," said O'Mara. "He's lightly raced and just coming into himself, and he's the one that I worry about."

(Continued from page 4)

Armbro Fern, winless in three starts this year, became the sport's fastest freshman trotting filly in a race ever last year, with a 1:56.4/5 victory in a heat of the \$99,730 Bluegrass Stake at Lexington.

These "4-Fs" are owned and bred by The Armstrong Brothers Stable, of Inglewood, Ontario, who use the same letter of the alphabet to name each foal. Each year, a different letter is used. The foals of 1984 were "F words."

Twin foals are a very rare occurrence. Perhaps one in 10,000 foalings result in twins. In nature, one or both fetuses might even be aborted because both cannot be nurtured properly. When born alive, twins seem to be at a disadvantage in development, and almost never reach the races. Having them end up in the same race was unheard of - until a pair named Mr Heckle and Mrs Heckle were entered against each other in a recent race at Fairplex Park in Pomona, California.

If things had gone like a Hollywood script, the pair would have finished first in a dead heat. It was not to be, as the brother and sister finished fourth and sixth, respectively.

Each has made a subsequent start, though not against each other, and neither has hit the winner's circle.

Even winless, they've already bucked the odds.

The Fourth of July is always a big weekend at harness tracks around North America, and at two tracks in particular, on opposite sides of the coast, the weekend went on with a bang.

At Cal-Expo, in Sacramento, California, 26,159 fans - some 10,000 above the corresponding holiday last year - jammed the gates for a big card of California Breeders Stakes, and fireworks.

Back each, DelMarVa Downs (nee Ocean Downs) in Berlin, MD, is enjoying a renaissance in business and in speed. The holiday card saw Donovan and driver John Lare tour the seaside strip in 1:55.1/5 - taking 1-1/5 off the previous track record, held by Hallview Power and Hal Belore.

Righteous. Webster's Dictionary defines this as "acting in accord with moral law."

In racing, the moral law is to win, and a three-year-old Scarlet Skipper gelding upholds the definition of Righteous with his 1987 racing campaign.

The aptly-named Righteous Bucks has been quietly making a name for himself and some money for his owners,

Frugal Gourmet qualified at the Meadowlands on Saturday in 1:54.1 after winning a leg of the Jersey Cup on June 27. Trained by Blair Burgess, the French Chef colt has not been worse than 3rd in any of his 5 outings this season, accumulating over \$315,000 in Canada and New Jersey this year alone.

Dalona Stable's Run the Table, who handed Jate Lobell his only defeat in 24 lifetime starts, tops the second elimination. The Landslide colt, trained by Jim Campbell and driven by his brother, leading driver John Campbell, has had time off since his second place finish in the New Jersey Classic, and qualified on Saturday in 1:53.2.

"We've been pointing my colt for this race since we bought him in February," said Jim Campbell. "I chose to give him time off instead of racing him up to the eliminations because he won six races in a row after a long campaign early in the season."

"Though by the look of it, shipping all over the country hasn't hurt Jate Lobell, well, my horse and he are two different horses and Run the Table had more mileage put on him this winter." Run the Table has drawn post position three and will face Righteous Bucks and driver Jack Moiseyev in post position six.

Laag, the fastest grey standardbred of all time, heads the third elimination. With William O'Donnell named as driver, the Abercrombie colt has drawn the third post. A winner in 1:51.3 in his last start at the Meadowlands in the Jersey Cup, Laag met Jate Lobell in Greenwood's North America Cup on June 20 and finished fourth. Trained by Richard Farrington, Laag is based at Brandywine and comes into the eliminations with six starts this season and three wins.

The top four finishers in each leg of the eliminations will earn a start in the \$1 million Meadowlands Pace Final.

the Righteous Five Stables of Melrose Park, Pennsylvania, since the early part of the year when he captured the \$125,000 final of the Floridian Series for regular driver Jack Moiseyev.

Since then, he has done nothing but improve, finishing on the board in all but one of his 10 starts in 1987.

On the fourth of July as a tune-up for the Meadowlands Pace eliminations, Righteous Bucks split rivals Indian Alert and Banker Blue Chip, both 1:51.4/5 performers, at the wire and established a new Meadowlands standard for three-year-old pacing geldings with the 1:52.2/5 effort, eclipsing Total Departure's 1986 standard by two-fifths of a second.

"He is a small, but tough horse who loves to race and especially win," commented Jack Moiseyev. "He's the type of horse that you can use more than once in the race and he still has a lot left in the end."

"I think he has a good shot in the Meadowlands pace, but Jate Lobell and Run the Table are the horses to beat," Moiseyev diplomatically confides. "But still, Righteous Bucks finished close to the winner in the Windy City Pace and in the Battle of Brandywine. He has talent and he is willing to show it."

Purchased for \$10,000 as a yearling at the Kentucky Standardbred Sale in 1985, the Richard Marine-trained Righteous Bucks has been well worth his price as he banked \$217,771 in his racing career and is looking to earn more in the July 17 Meadowlands Pace.

For the team of Righteous Five Stables, trainer Richard Marine and driver Jack Moiseyev, Righteous Bucks will be in accord with the moral law of racing, always trying to win.

Horses of a different color will be featured in Brandywine's first annual grey pace. The Grey Pace will be conditioned for all grey or roan horses by invitation only from the racing secretary, Rick Kane.

The \$3500 Grey Pace will feature some of the top grey pacers in the area, including Bold Talent, Sammy Pop, The Porter Grey, H H Forecast, Silver Bret and Baron Van Dyke. Although this is not the first Grey Invitational to be held, it is the first eye-catching classic to be sponsored in the Delaware Valley.

Eight pacers are expected to participate in the Grey Pace set for Friday evening, July 17, with post time beginning at 7:30 p.m. All major tracks in the area will be represented including Freestate, Pocono Downs, Freehold, and the New Jersey Sires Stakes program.

Senior Citizen's Pace

(Continued from page 7)

Rattlenwind, setting sixth at the top of the stretch, closed in quickly for owner Clinton Leon Brown of Harrington, but could not beat Screen Director K to the wire.

Suitcase turned in his second win in a row Sunday in the \$1500-\$20000 Claiming Handicap for owners Bob & Yvonne Shahan of Harrington. Bob Shahan, currently Brandywine's leading driver, tucked Suitcase back to the rail in fourth as Ty Cobb and Bill Buckley led the field through muddy fractions of 30, 1:00.1 and 1:29.3 before losing the lead to Suitcase at the head of the stretch. The five year old Meadow Skipper stallion now stands at seven wins in twelve starts for the season.

As the track shaped up later in the evening on Sunday, so did the performances as Tiger B and Pres Moore, Jr. turned in the fastest mile for the week in the \$5500 Open. Tiger B led the field from the start, turning in fractions of 28.1, 58.4 and 1:28.2 before crossing under the wire in 1:57.1. Chief Temujin (Tony Domino, Jr.) was second with Shawn (Gerry Baldachino, Jr.) holding on for third.

On Saturday, Rita Rocklin and Carl Fockler returned to old form to capture the \$6,000 Fillies and Mares Open. The four year old Escort mare sat behind front running Scarlet O'Hawk and Ken

McNutt through the quarter in 30.1 and the half in 1:02.1 over a sloppy track. Fockler moved the mare to the outside, passing by the three-quarters in 1:32 before taking command of the race and drawing away from the field to pass under the wire in 2:01.2. Marobika Young (Eddie Dennis) closed in for second for owners Arleen and Karen Jeread of Harrington, holding off Scarlet O'Hawk to third.

Friday's feature brought seven class trotters to the track for the \$5,000 Winner's Over event. Avon Dazzler (Steve Harner) began the race with the front spot through the quarter in 29.2 before Summer Home and Jimmy Takter took their turn on the front. The trotters followed Summer Home past the half in 59.3 and the three-quarters in 1:29.2. Attempts were made to catch the leader but the trotters ran out of time as Summer Home nosed out Keen Interest (Al Rayne) for the winning mark of 1:59.4.

Earlier week action caught two year olds in the New Star Series where Jim Crane's two year old Sonsam colt, Zoar, was victorious in 2:02 over Double Strike and Larry MacDonald. In the other division, Paige West's trained two year old Nero colt, Chosen, was victorious for driver Ken McNutt in a time of 2:04.1 over Investment Credit and Ron Waples.
