

# JCPenney National Bank formally celebrates its 100th

## Bank donates \$5,000 to library fund

It was official ribbon cutting time as JCPenney National Bank president, David Jones (center), assists in the "snipping".

by Harry G. Farrow, Jr.

HARRINGTON — It started early on Thursday morning with an old-fashioned breakfast of scrambled eggs and ham at the Colony Inn in Harrington, which was attended by about 60 guests, some local and others from around the State, of the JCPenney National Bank, which was formerly the First National Bank of Harrington.

The Bank had arranged for horse drawn carriages and antique cars to transport the guests to the formal ceremonies in front of the National Bank on Commerce Street, where some speech making and ribbon cutting formalized the occasion.

The very highlight of the occasion...the high water mark of the affair was the announcement and presentation of a check from the JCPenney Bank in the amount of \$5,000 to be paid to the Harrington Public Library. This sum of money is to be used to further the interests of the

library. Mrs. Jenney Chasanov and Mrs. Harold McDonald accepted the check on behalf of the library.

Once the ceremonies were complete, everyone...and I mean everyone proceeded to enter the bank building for coffee, donuts, and to witness the display of old pictures and other memorabilia.

The affair continued into the night for another treat of different foods including steamed shrimp at the expense of the bank. The bank officers and employees were dressed in attire befitting in 1888 when the bank was founded.

It moved to its present location in 1927, vacating the building at 1 Commerce Street, once used as the printing and publishing offices of *The Harrington Journal*.

The Bank, in recent years created a drive-in teller window on the south side of the bank, a walk-up automatic teller.

## Harrington Baptists celebrate 100 years of founding of Women's Missionary Union

by Harry G. Farrow, Jr.

HARRINGTON — Southern Baptists throughout the world celebrated the 100 years of the founding of the Women's Missionary Union, which is an auxiliary to Southern Baptist Convention.

Many of the members of the Harrington Baptist Church attended a giant celebration honoring the 100 year anniversary of the founding of the Women's Missionary Union in Richmond, Virginia this past weekend.

The union was partially founded and organized by Fannie Exile Scudder Heck, born June 16, 1862. She was a native of Buffalo Lithia Springs, Virginia.

Miss Heck organized the Women's Methodist Union in Raleigh, North Carolina in 1880 for North Carolina. She was educated at Hollins Institute, Roanoke, Va. She was a three-term president of WMU, SBC (1892-1915, her death).

She had published many publications including being the editor of "Our Mission Fields".

During the morning worship, Mrs. Mildred Watson, wife of Pastor Watson, delivered a historical monologue, playing out the part of Miss Heck. The monologue was a historical

background on the life of Miss Heck.

The Harrington Baptist Church was founded in 1961 and the Harrington Church, at the time, was a mission. The first president of WMU was Wilma King, deceased. On April 16, 1961, the mission became a church.

Mrs. Pat Bailey, spokesperson for the celebration, recognized Mrs. Grace Howard, Mrs. Treva Yohe and Mrs. Mildred Watson for their untiring efforts to move the church and cause it to grow.

The goals for the church and the Women's Union will be "A Future to Fulfill, Launching Century 2", which is a continuing of the vision first saw in May 1888. Mrs. Watson was complimented for her extraordinary monologue delivery.

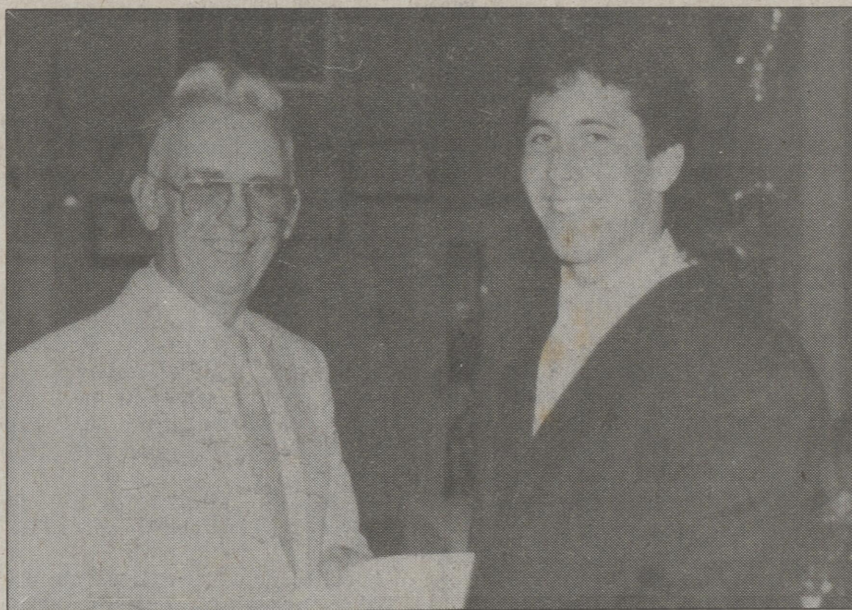

Ms. Rhonda Bailey Anderson was recognized for reaching Service Aide, the highest level of Stuidact in 1976. She was recognized for being the first Acteen in the Delaware Association to achieve this distinction. Stuidact is an individual achievement plan. Other ladies who are in the program are Jackie Kimmex, Karen Kimmex, Genece Powell, Linda Phelps, Tracy Phelps, Sherri Parson and the newest Acteen, Greta Browning.

## Greenwood Alumni Association awards two scholarships

by Harry G. Farrow, Jr.

GREENWOOD — It was the 50th Anniversary of the Greenwood Alumni Association, and it was held before the largest attending crowd in the history of the association on Saturday night at the former building owned by the Greenwood High School.

There were two \$500 scholarships awarded to two graduation seniors. Miss Rebecca Sue Butler was the winner of one. She is a senior at North Carolina High School in Denton, Maryland. She is the daughter of Jack and Carol ('64) Butler. She has been accepted to Bridgewater College, Va. where, she plans to major in journalism broadcasting.

Billy Probst, a senior at Woodbridge High School received the other scholarship. He is the son of Bill and Sylvia Gallo ('66). He will be entering Delaware State College in the fall, majoring in computer technology.

There was another tribute paid to Mr. William Horner, a long-time teacher at Greenwood School. Mr. Horner was not only recognized for his outstanding contribution to the field of teaching, but also for his contribution to the school through music. It was at Greenwood that the first high school band was organized and it was done

under Mr. Horner's direction.

The guest speaker was Dr. William B. Keene, Superintendent of Public Instruction for the State of Delaware. His remarks were tailored to quality education by reminding the guests that it is up to all of us to do our part to insure that pay for teachers is satisfactory so "...that we can attract quality people to our classrooms."

Dr. Keene said he is asked "...why should I continue to be responsible for kid's education when I don't have kids in school. The answer is simple...we need to continue to support education so that we are prepared for the future. Our kids are our future...and our future is our kids. Support the school system in Delaware and it will be rewarding for you in the long run."

New class officers were recognized, and they were: President, Delema Hammond Callaway ('51); 1st Vice-President, Everett Isaacs ('52); 2nd Vice-President, Gordon Clarkson ('51); Secretary, Deanne Hamstead McKinney ('51); Treasurer, Raymond Baker ('49); and Assistant Treasurer, Eleanor Melout Hochstedler ('47).

The one who traveled the longest distance was Bill Hayes ('58) from

## Lake Forest North Principal named No. 1 in Delaware

by Harry G. Farrow, Jr.

FELTON — Frank Young, the principal at Lake Forest North Elementary School in Felton has been selected the 1988 Principal of the Year in Middle School education.

Mr. Young has been the principal at North Elementary since 1966. He began his teaching career in New Jersey in 1958. The key to Mr. Young's success in education is being able to design and incorporate many self-esteem programs for the students.

He graduated from Farmington State College in 1958. He is the past president of the Delaware Association of School Administrator's Curriculum and Supervision Department, treasurer of the Delaware Elementary School Principals Association and DASA, and is a member of many state and national education organizations.

"Your years of dedicated service to our children, your leadership in education and your service to the community make you an exemplary recipient of this very special award," wrote Paul G. Carlson, chairman of the selection committee.

In his personal statement to the selection committee, Mr. Young wrote "...educational excellence can mean many different things to different people. To me it means (1) educating the total child, (2) the measuring of instruction, (3) using the evaluation results to guide reteaching and (4) to carry out these educational goals in an atmosphere of pupil control, while (5) encouraging a semi-democratic environment. This may sound complicated to some, but to me it simply means giving each child a well-rounded, challenging education in a setting that respects the views of both the staff and students."

Mr. Young called for a well organized physical plant as well as a basic well organized internal structure starting with the curriculum.

He made it part of his program to have continuity within the school so that administrators and teachers were working with the same model and basic approach. By having this, supervisors,

Frank Young

administrators and teachers alike can communicate better together.

It was his goal to provide "superior education for everyone," and with that in mind, he said "...I believe the special education program should have a high priority...stressing the basic skills, but be flexible and provide for mainstreaming whenever possible." He went further to stress "...these children should always be placed in the least restrictive environment and have the benefits of all the extra curricula activities provided by the school."

To reach and teach the total child "...there must be effective instruction. A good elementary counseling program, such as we have at North Elementary, is very important as a preventive type program," he stated.

An incentive program has also been instituted at North Elementary where classes and individuals are rewarded for their individual achievements. He stated in his personal statement "...school should be a place of learning but also a place that is attractive and one that is enjoyable because it strives to let children be heard and share in decision-making."

Mr. Young will now compete on a national level for the over-all award for the nation.

## Knapp Farm among those honored as Century Farms

by Harry G. Farrow, Jr.

PARADISE ALLEY - Yesterday, century family farms were honored in Dover and the "Knapp Farm", which is located on U.S. 13 and Paradise Alley Road, halfway between Harrington and Felton was one of the farms recognized.

The present occupants of the Knapp Farm are Warren and Ruth Knapp, with Warren being the grandson of John Wesley Knapp, who purchased the 128 farm on March 29, 1886.

John Wesley Knapp was born in 1844 and was educated at Dickinson College in Carlisle, Pa. He married Leah Mast of Lancaster County, Pa. and moved to Delaware and purchased the farm. The farm was noted for its peach orchards, but the peach industry in Delaware was all but wiped out in 1900 when the blight or "...the yellows" hit this area.

Many farmers, including my grandfather, George W. Hill, Sr., turned to other truck crops like cantaloupes, watermelons and sweet potatoes, more affectionately referred to as "...taters". The Knapp Farm has

grown sweet potatoes for 80 years. The present farm contains 40 acres. The farm to the east of the Knapp Farm was sold by John Wesley Knapp to H.A. Kent. According to Warren Knapp, it is believed that part of the farm was on the southside of the Paradise Alley Road as well. He purchased the farm from John Gilchrist.

John Wesley Knapp farmed, but he also taught school for 50 years. He taught at Rice's School (in the area now where the LF traffic light is located on U.S. 13), the school at Masten's Corner and the one near Prospect Church on the Vernon Road. Mr. Knapp had attended Dickinson College to become a Methodist minister.

Mr. Knapp's first wife "Leah" died and he married Margaret Evans of Frederica. He and his first wife had four children, H. Winslow, Mabel Knapp Kemp, Margaret Knapp Walker and Minnie, all of whom are deceased.

H. Winslow Knapp married Alice

## Dale Wolf brings long list of credentials to candidacy for Lt. Governor

by Harry G. Farrow, Jr.

HARRINGTON — To some he is "Dr. Wolf" while others refer to him as Mr. Wolf...but for the most part, he prefers just plain "Dale".

Dale Wolf, by virtue of the Republican Convention over this past weekend, is now the candidate for the office of Lt. Governor. He was through Harrington last week and paid his respects to *The Harrington Journal*, as well as made himself known to the general public.

Mr. Wolf is a former professor of agriculture at Rutgers University in New Jersey. The native of Nebraska grew up in a farming area and his first interests turned to agriculture for a career...and made teaching his prime interest.

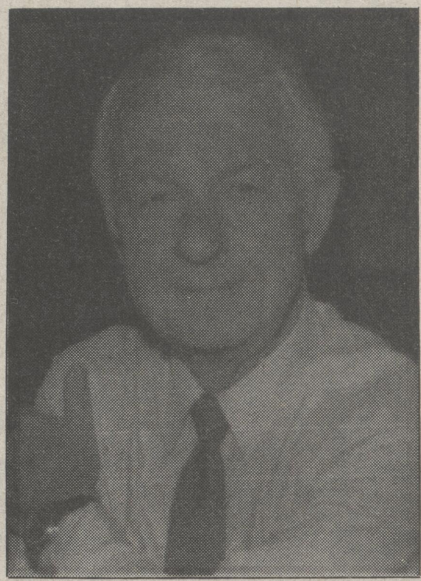

"I was teaching agronomy at Rutgers when I was lured away by the DuPont Company," he said. The DuPont agribusiness today is estimated to be valued at \$1 billion. "When I went there it was a day to day thing. It was on trial as to whether they wanted to venture into this field...which for them, at the time, was not doing well. They wanted to get out, but I think I showed them how it could be profitable and they stayed in," he said.

For the past year Mr. Wolf has been the Director of the Delaware Development Office in Dover. "There are about 60 employed in the Development Office and another 60 over in Housing & Tourism," he added.

While being vice president of Agriculture Development and Procurement for the DuPont Company, he was over 6,000 employees throughout the world. "It seems that all my life I have been asked to put things together and make it work. High-tech development, but it has also meant being able to bring people together...which is a must in a company like DuPont."

"It is important when working with a company like DuPont, which is so high on their employees, to bear this in mind, because it will always bring out the best in them and their work," he said. "DuPont has a high regard for their people and communities. This is a carry over with me too," he added.

He said he saw, with the Lt. Governor's job, his experience paying off in dealing with people. "It can be a

Dale Wolf

carry over in what has been happening in the Development Office as well as my background with industry," he said.

"There really are a number of things the Lt. Governor can do to not only aid the governor, but also to help move the state government forward," he added.

When responding to growth and planned growth, he added "...that growth just for growth sake is not what anyone wants. It is best to have managed growth...which is very possible." He suggested that there are statewide plans for development "into the 90's for both Kent and Sussex Counties."

One of Dale Wolf's chief assets is getting along with people. "I like people. I guess you would have to, in the line of work I have been in all my life...or otherwise it would have been all wrong, which it has not. I enjoy everything I have done...and am doing." He also has a long list of community functions in which he has participated from United Way to the Scouts.

In concluding, Mr. Wolf expressed how impressed he has been with the quality of people at the state level of government. "And still...there is so much that can be done in state government in solving the needs of the people in the state," he concluded.

## Homecoming at Greenwood United Methodist Church

by Harry G. Farrow, Jr.

GREENWOOD — Sunday was Homecoming Day at 108 year old Greenwood United Methodist Church.

The special service began at 2:30 p.m. with a former member of the church delivering the special message.

Pastor W.A. "Dickie" Davis of Cleveland, Tennessee, a graduate of Greenwood High School, who is General Director of Youth and Christian Education for the Church of God, internationally delivered the special message.

Pastor Davis became a minister in 1959. He has headed the youth movement for the Church of God for the past four years. He will be receiving a new assignment soon. "The term of this position is at its limit. The assembly was meeting today as we held

this special service, which will decide my new assignment," Pastor Davis said.

According to Rev. Dr. Michael Russell, "...homecoming is something we try to do once a year. But we haven't had one in some time. This was the purpose of the occasion."

Most of those present were active members. There were some who were returning for the first time in a span of years. Those who attended Sunday's service were able to view the new church steeple which was erected last year.

The steeple was toppled and burned in 1917 when lightning hit it. The original steeple was wooden. The present one is aluminum.

A Homecoming meal followed in the Fellowship Hall. The Greenwood United Methodist Women served a ham and turkey dinner.

## Harrington Fire Company competes in Hershey Parade

On Saturday, May 14, the Harrington Fire Company traveled to Pennsylvania to compete in the 9th Annual Hershey Firemen's Parade.

The Harrington Fire Company competed with approximately 200 other fire companies. They won "Best Appearing Out-of-State Company" and "Best Appearing Fire Company and Marching Unit Overall."

3 pieces of equipment and 21 men traveled to Pennsylvania for the competition. They returned with \$800 in prize money.

The Harrington Fire Company is only the second company to achieve the honor of "Best Appearing Fire Company and Marching Unit Overall" in the Hershey Firemen's Parade.

## Crime Stoppers

Delaware Crime Stoppers is looking for someone who can identify a thief with a blue pickup and an unusual taste in stolen loot. Shortly before ten o'clock Monday morning, February 1st, a bridge was stolen from across route 72, one mile south of Old Baltimore Pike and behind the Delmarva Power & Light Plant. A white male in his 20's used an oxygen/acetylene torch to cut up and remove a one foot wide and 30 foot long cat walk and railing. He is

further described as 5'11" tall with dirty blonde hair and a stubby beard. He used a blue pickup truck with at least two large acetylene tanks in the rear.

If you have any information on this or any other crime please call 1-800-TIP-3333, Monday through Friday between the hours of 9:00 a.m. and 5:00 p.m. Up to \$1,000 reward for publicized or unpublicized felonies. You do not have to reveal your name.

## Conaway and Parker win in Woodbridge election

by Harry G. Farrow, Jr.

BRIDGEVILLE — The Woodbridge voters turned out in large numbers (2691) on Saturday for the Woodbridge School Board election.

In the one year term, which is filling out an unexpired term, Joseph L. Conaway, a former Woodbridge School principal and Sussex County Administrator, now Deputy Insurance Commissioner, defeated Elwood Webb, a retired Postmaster, 1006 to 324.

In the other race for the five year term, Eddy Parker defeated incumbent Mrs. Janet Durig 816 to 545. Mrs. Durig was recently elected to the National School Board association.

Mr. Conaway said he felt the results of the election indicated the people of the Woodbridge district want what is best for the kids. "But I am also pleased to be able to serve with Billy Mervine, Andy Cannon and Ronnie Webb. I want to work with them, for they have the best interests of the District at heart."

Mr. Conaway, very outspoken on how to get a referendum passed, indicated "...that we have passed referendums for teachers in the past and we will pass referendums in the future for the best interests of the district."

Mr. Conaway said he will take time off to meet with all groups in the district to get their ideas on how to best approach the referendum and by getting the feeling of the people "...we will know what direction to take."

Mr. Parker, who was elected to a five year term said, "...the main issue I felt in the election was the direction the school system was heading." With failed referendums in the past and the financial picture rather bleak "...the people want the improvements completed but wanted to know how to get the job done. I think we have to have two plans...a short term one and a long term one."

Mr. Parker indicated that the voters he talked to wanted a more open door policy at the meetings. "The parents wanted to be a part of the business at hand and be involved. They felt there were too many closed door meetings."

Mr. Parker also said, "...the ones I talked to felt the school board members should be dealing with local issues and concerns...because this is where the problems are." Mr. Parker is a senior inspector of the County Planning and Zoning Commission.

What do these people all have in common? They're people who have a lot to do with you.

They're part of a team dedicated to improving the quality of life in neighborhoods throughout the state. In fact, this is the Diamond State Telephone community relations team in your very own neighborhood.

These teams are made up of people like yourself. People who volunteer their time and their skills to a variety of educational, cultural and charitable activities.

They support senior citizen groups; help the handicapped; contribute to the United Way and help organize other charitable fund raising events; serve on school boards; persuade kids to stay in school; work on community economic development programs and the list goes on and on.

People who put their name on the line in order to better your community — that's what our Signature Service is all about.

## LF boasts perfect attendance

"This is simply an amazing statistic!" The words of Lake Forest School District Superintendent, Dr. James H. VanSclver, after learning that 99 of the district staff had not missed one day of work during the third marking period. "We're talking about teachers, custodians, aides, secretaries, food service workers, and administrators, everyone," he continued. "I find it astounding that we have this many people who have accomplished that fact."

District officials report that attendance patterns such as this contribute to cost savings, since the system does not have to hire substitutes and also contributes to increased productivity. "We should all be very proud of this," pointed out VanSclver. "Not only does it save us money but we don't have to train substitutes to fill empty slots. While that is important in all areas of our district, it is a critical situation when the teacher is not in the classroom. "My hat goes off to all these people."

## FIND TREASURE AT JCPENNEY NATIONAL BANK

WIN CASH OR PRIZES AS WE CELEBRATE OUR 100TH ANNIVERSARY.

A 100th year celebration doesn't come along very often. So we've put together a centennial event that lets you share in our success. After all, if it weren't for the good people of Harrington, Canterbury and surrounding areas, we wouldn't have anything to celebrate.

### YOUR KEY TO CASH AND PRIZE TREASURES.

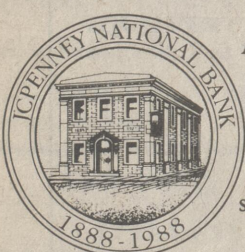

Both the Harrington and Canterbury locations will have a Treasure Chest with cash prizes. To win, visit either location, pick up a lucky key and try to open the Treasure Chest. We'll have it stocked with cash awards from \$1.00 to \$100.00.

We'll also draw weekly for a microwave oven.

Entry forms are available at each location. Dozens of prizes will be awarded, so make sure you stop in between May 12 and June 3.

### HISTORIC TREASURES.

During our 100th Anniversary celebration, we'll decorate both offices with displays of historic events. Please come and see photos, costumes and

JCPenney National Bank  
 Harrington and Canterbury Member FDIC

memorabilia from the past 100 years, and take home a complimentary copy of a special commemorative booklet about the history of our bank.

### OUR GREATEST TREASURE - YOU.

Our centennial celebration wouldn't be possible without your business and support. As a bank dedicated to the consumer, we rely on customer service and satisfaction for continued growth. We thank you for your support during the past 100 years and hope to have your continued friendship in the coming 100 years.

## Engagement

Samuel B. Layton, Jr. and Michelle Lynn Dimmitt

## Dimitt - Layton engaged

Mr. and Mrs. Lloyd A. Dimmitt of Milford are proud to announce the engagement of their daughter, Michelle Lynn to Samuel B. Layton, Jr., son of Mr. and Mrs. Samuel B. Layton, Sr. of Harrington.

Michelle is a 1984 graduate of Milford High School. She is currently employed by the State of Delaware.

Her fiance is a 1982 graduate of Lake Forest High School. He is currently employed by Freeland Farms.  
A March 1989 wedding is planned.

## Harrington Rotary Club

Last Thursday evening, in a crowded banquet hall at the Harrington Colony Inn Restaurant, a dream came true for local Rotarian Bill Smith, when his daughter Elvia Rae Smith Phillips, together with three other singers, known as the Music Makers Quartet, Sandra McCain, Kathe deRose and Jan Para, presented a one-hour program of barbershop selections.

The well-knit ensemble was outstanding in the phrasing, clear diction, and blending of voices that pleased the over 60 listeners in the audience. The New Jersey group were medal winners at the last four Region 15 Greater New York Sweet Adeline

competitions and displayed their skills in a very top-class fashion. During the course of her remarks, Elvia Rae paid tribute to her upbringing in Harrington and especially to the background provided by her years of study in the Harrington School District.

This program, following a delicious buffet that is a trademark of the Colony Inn Restaurant, can well be remembered as one of Harrington Rotary's more memorable events provided its members, friends and members of the community who were able to attend.

WMU History 1961-1988 "Laborers together with God".... I Cor. 2:9 The WMU history of this church began on January 9, 1961; at the time we were a mission. The first WMU President (Director) was Wilma King, deceased.

during this past year. Are we ready to continue this awesome responsibility? With the Father's help, His Holy Spirit and the Great Commission, we shall continue. WMU is not only an organization but should be a part of every Christian woman's being who is a Southern Baptist. WMU is Missions!!

Milford/Harrington Pastor honored for service to Diocese

The Rev. Msgr. Thomas J. Reese, pastor of St. John's, Milford and St. Bernadette's, Harrington, joined other priests in the Diocese of Wilmington on May 17 as he celebrated 40 years in the priesthood.

Rev. Msgr. Thomas J. Reese

Msgr. Reese grew up in Wilmington. He attended St. Ann School and graduated from Salesianum School. He attended St. Charles College, Catonsville, MD, and did graduate work for a theology degree and master's degree in social work at Catholic University, Washington, DC.

From 1956-77, Msgr. Reese was director of Catholic Social Services. Under his direction, CSS expanded from an agency that handled foster care, adoptions and some financial assistance to include family, individual, marital and pregnancy counseling, large-scale emergency financial assistance, aid to refugees, group home care and adoption services.

Except the Lord build the house, they labor in vain that build it; Psalm 127:1. In the absence of Rev. Holliday, Russell Legates delivered the message entitled "God's House." Upon Mt. Moriah Solomon built a magnificent temple to God. This was the first of three temples to be built on Mt. Moriah. When Solomon's temple was burned by the Babylonians, the temple of Zerubbabel was built which was 1/3 larger than Solomon's temple but in no way as fine. This later was rebuilt and enlarged by Herod the Great.

he became famous, the artist would then put the other one through school. After many years of work, it was now Franz turn to go to school, but his hands were twisted and rough and he could no longer hold the brushes. His friend, Albert, appreciated all Franz had done for him and he made the praying hands to show his love and appreciation.

Russell told us many names have been given to God's House - tent, temple, synagogue, church - but, only God's presence makes it His house. We must make sure God is always present. Through the Holy Spirit God dwells in the heart of every Christian and all that Christian has or hopes to be owes to God. When the soul and resurrected body are united we will be an eternal living temple for God.

The service was led by Herman Zeiler. Ushers were Earl and Jane Everline.

We were very pleased to have Marie Bradley from Phoenix, Arizona with us on Sunday. Marie is here visiting her mother, Gertrude Hopkins.

Vivian Dill gave the children's message. She used the praying hands as her visual and told how they came to be. Two young men aspiring to be artists but with no money to go to art school, decided together that one would work and put the other through school. Once

## Terraine Giddens runs 49.94 in 400 meters

by Keith S. Burgess

Terraine Giddens, a Lake Forest sprint star, became the swiftest one-lap runner in the 32-year history of track in this area, when he was clocked in 49.94 for 400 meters, last week.

The historical moment occurred under less-than-ideal conditions. Woodbridge came to Lake Forest with only a dozen athletes and had no one in the 400. Giddens had not been running the event this year, but Jason Tiggs had been undefeated in the event and had done 50.8 last year.

It was thought that both lads could probably run under the Spartan mark of 50 flat, set by Nelson Mosley in 1983. Giddens got the early lead and was not challenged by either of his two teammates or he might have managed to set the mark even lower.

It is difficult to write about the meet with Woodbridge since the Blue Raiders earlier had enough personnel to score 50 or more points against some of the top Henlopen teams. But it seems that people quit to take jobs or a variety of other factors cause wholesale defections, thus Woodbridge a school that has had state champions in cross country and track now faces a bleak future. The athletes that are left could score only six points.

Lake Forest won every event as Woodbridge had a second from Horne

in the long jump, a third from Horne in the triple and thirds from Billy Propes in the mile and Erik Furr in the pole vault.

Bob Reed and Darren Lawson went 1-2 in the pole vault. Petie Davis (20 feet) and sophomore Mike Watson were 1-3 in the long jump.

Jason Tiggs had a fine 42-3 and Mac Holmes did 41-1 in the triple jump.

Mark Tozer ran a 4:41.3 1600 meters, as Steve Clute and Propes had 5:01 plus in the only real competition on the track all day.

The following 1-2-3 sweeps were recorded: 110 hurdles Alex Winchester 16.15, Young, Hill; 100 Terraine Giddens 11.1, Davis 11.7, Parker 11.7; 3200 Relay, Clute, Dave Elder, Shawn Wix, Tozer; 800 Relay Davis, Giddens, Tiggs, Herman Mosley; 400 Relay Rodney Parker, Mosley, Watson, Davis; 300 Hurdles Ron Hill 46.75, Winchester, Pierce; 800 Tozer 2:10, Young, Elder; H.J. Ray Smith 5.8, M. Smith, Luckenbach; 200 Tiggs, Parker, Giddens; 3200 Tozer, Sanders, Elder; Shot Marvin Hicks, Wright, Adkins; Discus Paul Adkins 134-10%, Hicks, Luckenbach; 1600 Relay Ray Smith, Carl Young, Clute, Wix.

Paul Adkins' discus toss we believe puts him into the No. 4 spot on the lifetime list of Lake Forest platter spinners.

## Lake Forest Spartan girls are a surprise second in Conference meet

by Keith S. Burgess

Cape Henlopen and Caesar Rodney were favored to finish 1-2 in the Henlopen Conference meet at Lake Forest on Saturday.

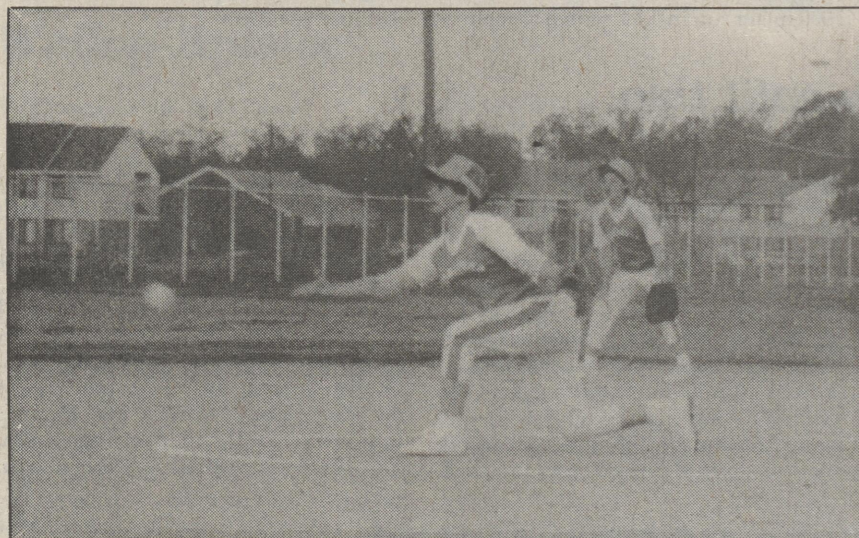

But Lake Forest's Spartan ladies hung tough all day and when the smoke had cleared, had clinched the second-place trophy, by a margin of nine points over C.R.

Tara Dixon led the Spartan assault by annexing titles in the 100 hurdles (15.4) and the 300 hurdles (47.1). Dixon also anchored the 800 relay to second place (1:50.3) and the 1600 meter relay to third place (4:24.9). We believe these latter two efforts are the fastest of this season here.

Tonya Norris, Renee Coverdale and Shani Palmer handled the other parts of the 800 relay, with Palmer bringing Lake Forest from fifth to second, with a great third leg.

In the 1600 meter relay, Lake Forest had to do well to settle Caesar Rodney's hash. This event has not been a strong point here, but Coach Blades had juggled his lineup and managed to save four of his best athletes. Dixon, Palmer, Lorraine Lake and Melanie Pelton all ran very well, put C.R. away early and even managed to get within four seconds of the super Cape quartet.

Classy Nancy with Darlene Heber driving, wins for the 8th time in 9 career starts taking the \$10,000 Princess Series Final at Brandywine on May 10. The 4 year old General Star mare - leased by James "Pete" Wathen of Mount Airy, MD - raced the entire mile on the outside before pulling away for a length and a half 1:59.1. H.H. ## Classy Nancy strikes twice, Harrington horsemen hot

by Marv Bachrad

While several nominees for the 29th renewal of The Battle of the Brandywine turned up in Sunday night 3-year-old Open Paces, when the dust cleared, favorites Even Odds and Pied Piper went down to defeat in split divisions.

The most interesting developments of the week revolve around a 4-year-old mare that hadn't even raced until March. Classy Nancy had a week to remember. On Tuesday, the daughter of General Star mare, leased by Pete Wathen of Mount Airy, MD raced outside - sans cover - and then poured it on in the stretch to catch and pass leader

H.H. Janie (Jody Stafford) for a two length 1:59.1 victory in the \$10,000 final of The Princess Series. She was individually clocked in 28.3 over the last quarter.

With only a second in a preliminary leg of the series to mar her perfect career record, Classy Nancy took on the top female pacers on the grounds on Saturday. This time her regular driver, Darlene Heber never looked back on the way to a 1:59.4 victory in the \$5,000 Filly and Mares Open. Again, she came home in torrid 28.3 fashion, two lengths in

## W.T. Chipman girls split two meets

by Keith S. Burgess

Chipman's girls' track team is having a good year despite dropping a 66-34 verdict to Caesar Rodney before rebounding to trounce Milford 77-18.

Denise Roberts, Romonda Ross, Lowanna Tilghman and Stacy Smith recorded the second fastest 400 meter relay at Chipman, in winning the event in 54.6. With Arkeya Snell replacing Smith, the quartet annexed the 800 relay (1:58.1) again the 2nd fastest in Chipman history.

Stacy Smith ran 13.63 to win the 100. Smith and Vanessa Broughton went 2-3 in the 200.

Alysia Hughes (10.46) and Vanessa

Broughton were second and third, in the 55 meter hurdles. Broughton and Snell each recorded 71 plus to finish a close second and third, at 400 meters.

Some of these Chipman athletes, both boys and girls, are good enough right now to letter as freshmen, as soon as they reach the high school. For example, Denise Roberts leaped 14-10 1/4 to take the long jump. Arkeya Snell was third with 13-9 1/4.

Now hear this! Roberts' effort would have gotten her second place in Saturday's Henlopen conference championship meet. Snell would have

## LF Spartan varsity baseball team wins Southern Conference title

by Harry G. Farrow, Jr.

LAKE FOREST HIGH SCHOOL — With what would be the winning pitcher at the plate (Greg Reed) trying to push a run across a la Bill Falasco's way of doing it...with the bunt, Reed missed the pitch, but so did the CR catcher, which allowed the run.

The run in the bottom of the 7th was what the Spartans needed to, not only win the game, but the Southern Conference title for the second year in a row.

The defending southern conference champions had a rough start this year with poor weather, which kept the Spartans just a little off their edge and slightly out of step. "But once we got the proper amount of playing time in, I knew that it was just a question of time. We just have too much talent on the team," said Coach Bill Falasco.

Greg Reed started the game and went five innings, striking out four and retiring 10 in a row at one point.

Still, the Spartans were behind the Riders when the Spartans came to bat in the home half of the 7th. The score was 3-2 with the Riders having the edge. John Hensley led off the 7th with a ground ball to third, and the third baseman's throw to first was wide and pulled the first baseman off the bag. Steve Thompson squeezed Hensley to second, but the pitcher threw the ball into center field when he tried to force Hensley.

All hands were safe. Chris Garton, next to the plate, struck out and Tony Noble drew a walk, loading the bases for Danny DeMora, who lefled a routine

fly ball to center, which was also dropped. This allowed Hensley to score the tying run.

This set up the play with Greg Reed at the plate...the rest is history.

The Spartans are now 6-3 with two games remaining this week against Woodbridge on Tuesday and Milford on Thursday. The state tournament begins on May 30 at the Lake Forest field.

"A FAMILIAR NAME TOPS DASHWINNERS LIST"

Herve Filion, the first harness driver to reach the 600-win plateau in a single season, is back atop the North American drivers standings and in a position to recapture the world record

for most wins in a year.

The colorful Filion has recorded 512 wins as of this writing, including a recent five-bagger at Freehold Raceway. With nearly eight months remaining in the season, the all-time record of 770 may be within Filion's reach.

## Classy Nancy strikes twice

(Continued from page 7)

front of Merc, driven by one-time Harrington resident, Jack Parker, Jr. Jameela (Jody Stafford) finished third. Classy Nancy, who was purchased for a modest price last fall took five months to get to the track, but she has been hard to beat, sporting a nine win in ten races history.

On Sunday, Eddie Davis and Rocklin Stables' Eddie The Quick made best use of the rail rushing into the early lead and the Tyler B sophomore never looked back enroute to a 1:57.4 victory. Big Eyes finished an impressive second, racing uncovered for the last half and came within a half-length of the winner for driver John Hogan. Even Odds, the public choice, got away last in the field of six colts and made up much ground for Ben Webster but was beaten by almost five lengths in the \$5,000 event. Lightly raced Canadian colt Townaton, stamped himself as one Big Tower colt to watch when Denis Filion waited until the three-quarters to move to the outside and flew past four rivals to score a 1:58.1 victory. Favorite Pied Piper took the early lead and driver Ross Hayter kept the Bret Hanover colt in front until the top of the stretch before yielding to Flexible Computer (Ron Waples). Townaton overtook him twenty yards from the finish and drew away by two lengths. Flexible Computer, who raced much of the way on the outside, went off stride at the wire, but held on for second with Please Please (Barbara Delaney) third.

Savage Breeze became the fastest horse of the meet when Ben Webster guided the 4-year-old Warm Breeze horse to a powerful 1:56.2 victory in a \$7,000 Invitational-Handicap. Driver Ben Webster gunned the winner away quickly but didn't get to the lead from Chief Temujin (Tony Domino) until passing the quarter in 29.4. From there on it was anti-climactic. Ironstone Hello (Jim Groff) finished second with Chief Temujin third.

Cass Ole pulled a surprise in a \$5,200 Open Handicap Pace. Owner-trainer-driver, John Hurd of Smyrna steered the 4-year-old Oh Say Fella gelding to a 1:58.2 upset over Henry Escort (Bob Sampson), and Mister Sea (Ross Hayter). Suitcase, the pride of trainer Jeanne and driver-husband Bob Shahan, won a \$4,200 Open turning back eight rivals with a wire-to-wire 1:58.4 conquest. The Meadow Skipper gelding was last season's claimer of the year at Brandywine, but stepped up in company to score decisively by almost three lengths. Skipper's Vestige (Steve Farrell) finished second in front of unlucky Reata Buckwheat.

Another Sunday feature was The Meadowlands vs. Brandywine Drivers Challenge races. The local team composed of the top four in the Brandywine drivers standings: Bob Shahan, Presley Moore, Jr., Whitey Moore and Joe Dugan, Jr. won the competition on a point calculation of 120-101. Ron Waples, who won one of the head-to-head races with Prize Apple, owned by James Huey, Sr. of Milford, registered his second win of the night directing Charred to a 2:00.1 win in a conditioned event behind the pacer Charred.

Other Saturday features included a \$4,500 division of the Filly and Mare Open Pace won by Dream Magic, owned by Jeanne McInnis of Greenwood. She recovered from a break at the start to maul seven foes with a 1:59.2 performance for Morgan McInnis. Ultimate Power (Joe McDonald) was second and Nellie Rocklin (Eddie Dunnigan) finished third. Dunnigan won earlier in come-from-behind fashion with Country Hanover N. She had a half length lead at the wire in 2:00.1 with Comely Sis (Chuck Perry) and High Hope Tallu (Ty Case, III) right behind.

Longshot B.J. Jessie circled the field for a 1:59.2 victory to win the fastest of five divisions of The Stepping Stone Series for driver Alex Kaveleff.

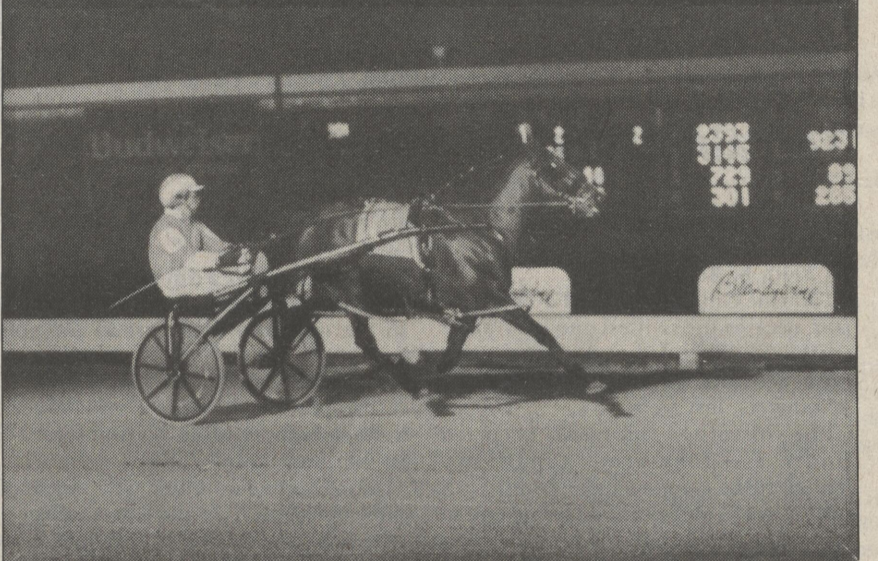

Bridgeville owned pacer Thursty Guy (Bobby Myers) won another 4th leg division with a 2:00.4 effort. Casheskipper (Mark Beckwith) recorded a 2:01.3 win. Bernie's Ace (Steve Henderson) scored in 2:02 and Buckslide completed a big day for Philadelphia area sportsman Bob Levy, who heads Atlantic City Race Course. His thoroughbred Bet Twice won the \$500,000 Pimlico Special in the afternoon and his altered 3-year-old Landslide pacer Buckslide, whom he co-owns with Quaker City stockbroker, Henry Faragelli, broke his maiden winning a Stepping Stone division in 2:01.1.

Warm Toast took advantage of hot early fractions established by Donovan Hanover winning the \$5,000 Open Trot, Friday feature. Jim Porter sent Donovan Hanover down the road stopping the timer with 27.4, 56.4, and 1:22 for three-quarters before exhaustion. Jimmy Takter made his move in the backstretch and flew into the lead around the last turn and pulled away for the first 2:00 trot of the meet. Freely Wynwood finished second with Nemo Hanover third. Donavan

Hanover managed fourth. A 16-year-old junior at Woodbridge High School, Alex Baker, Jr. found time between studying to win his first-ever drive at Brandywine on Tuesday. The Greenwood youngster gave Tigonza a perfect trip, pulling out of fifth at the half, going three wide approaching the far turn and then they pulled off to win by a length timed in 2:03.1. Before the week was out, Baker—who is from a well-known Delaware harness racing family which includes Jim King, Sr. and Jr. and Wayne King, his grandfather and uncles respectively—had one win, a second and third in his first three career pari-mutuel drives.

Harrington area horsemen continue to dominate the statistics at Brandywine. Bob Shahan is well in front of the leading driver category. Area horsemen such as Presley Moore, Jr., Whitey Moore, Joe Dugan, Jr. and John Marsh and Larry Manges compose the top six winning drivers.

Karen Jarread still is leading trainer. Presley Moore, Jr., George Jefferson, Whitey Moore, Bob Kinsey and Don Bowdoin are among the top 10 conditioners at the track.

## W.T. Chipman boys edged by C.R., Rout Milford

by Keith S. Burgess

Baxter Smith's Chipman boys' track team is having a fine year. Against Caesar Rodney the locals had to contend with a large squad of athletes, which can happen at a school like C.R. The Sussex Central coach remarked that when the Knights ran at Camden-Wyoming, the door opened and so many kids came out that he thought it was a gym class.

Nevertheless, quality almost won out over quantity, as a disqualification in the 800 meter relay cost Chipman their opportunity to win the meet. Earlier, Chipman had trounced the Riders in the 400 relay, in 48.2, with Mark Bordley, Tony Hooks, Terrence Benson and Kenny Bailey doing yeoman work. The Chipman school mark is 47.9, done against Dover.

Terrence Benson ran 25.2 to win the 200 meters, while Bailey took the 110 meter hurdles in 15.56 with Lamar Benson third in 15.88. T. Benson was second in the 100 meters.

Robert Godwin (60.72) and Jermaine Harmon went 2-3 at 400 meters. Tony Hooks, a fine long jumper, soared 18 feet, 3 inches to win, with Mark Bordley next with 17-6.

Jermaine Harmon (5-1) and Kenny Bailey (5-0) were 1-2 in the high jump. Mark Harmon (110-3) was second in the discus with Willis Warren getting third in the shot.

Danny Twardus was second in the 1600 meter run in 5:33, which we believe

is the 13-year-old's best clocking yet. If Twardus runs high school cross-country this fall, we feel he can reduce that already good 1600 meter time, by a significant margin in 1989.

C.R. won this meet 54-46, but the disqualification in the relay was the deciding factor.

Milford won only one event and bent the knee by a margin of 79-21.

Kenny Bailey (15.98) and Lamar Benson were 1-2 in the 110 hurdles. Tony Hooks (12.4) and Terrence Benson (12.5) did the same at 100 meters.

Tony Hooks (17-8), Mark Bordley (17.2) and Robert Godwin (16.9) swept the long jump. Bailey, Bordley, Hooks and Lamar Benson were unopposed in the 400 relay and cruised (51.88). In the 800, Bordley, Lamar Benson, Robert Godwin and Jermaine Harmon did the same in 1:52.75.

Robert Godwin (61.1) and Tater Harris got the first two places, in the 400. Jermaine Harmon was the 200 winner in 26.32.

Willis Warren (34-5½) and Mark Harmon (33.7) went 1-2 in the shot, with Mark Harmon (112-11) the discus winner. Jermaine Harmon (5-0) and Kenny Bailey (5-0) scored 8 of the 9 high jump points. Danny Twardus (5.35) and Howard Young (5.47) went 2-3 at 1600 meters. Twardus had a good 2.34 in winning the 800 with Young third in 2:45. Young appears to be a good distance prospect.

## W.T. Chipman girls split two

(Continued from page 7)

been fourth. Cheryl Mundras, only a seventh grader, was a strong third in the 800 meter run with a sparkling 2:56. She is a "Grade A" prospect who could easily be a standout at the varsity level by 1990.

Against Milford, Mundras had only teammates to contend with, as another 7th grader Orgela Briggs suddenly seems to have found her niche. Briggs, running an event longer than 200 meters, for the first time, clocked a very

good 3:04 behind Mundras' winning 3:00.13. Ginger Jensen was third in 3:13, then won the 1600 in 7:06.

Vanessa Broughton (29.4) and Mia Benson (29.7) were first and second at 200 meters. Stacy Smith & Benson got the same two spots at 100 meters, with 13.78 and 13.82, respectively. Benson showed significant improvement in both events. Mia teamed with Romonda Ross, Lowanna Tilghman and Arkeya Snell to capture the 800 relay in 2:01.7.

Ross, Tilghman, Denise Roberts and Stacy Smith relayed 400 meters in 56.9. Alysia Hughes (10.25) and Vanessa Broughton (10.76) went 1-3 in the 55 meter hurdles.

Broughton and Snell had no Milford opposition at 400 meters. Delema Dixon doubled in the shot and discus.

Roberts, Snell and Tilghman swept the long jump; Mundras and Hughes were second and third in the high jump, the only event Milford was able to win.

## Lake Forest girls are a surprise second

(Continued from page 7)

which had Jennie Pitts and Sonia Friend, who won two individual events each.

Palmer, Coverdale, Norris and Africia Bell were fourth in the 400 relay (52.9). Pelton, Lake, Julie Betts and freshman Jill Blades, got third in the 3200 relay (11.10) averaging 2.47+ per leg, which represents a pretty good effort.

Lake Forest were Southern Division dual meet champs and like the boys, have had a fine spring. Melanie Pelton had fifths in the 800 and 1600 meters, with the 800 (2:40) representing a fine effort.

Junior Julie Betts ran 3200 meters for third place (13.01). Promising freshman Elaine Zeitler, scored with a sixth place finish.

Senior Mary McGuire continues to pile up the points, as she scored in four

events. Her highest finish was in the discus. She spun the platter 101 feet and 7 inches to finish second. Mary doesn't have the height to be a hurdler or high jumper and she doesn't have the weight to be good in the shot and discus, but the determined Canterbury blonde gets the job done anyway. Mary was sixth in the shot with Christine Swafford third.

was third in the high jump (4-10) and third in the low hurdles. Voanita Cherry got 4th in the discus.

Africia Bell (5-2) was runnerup in the high jump. Renee Scott was fifth in the triple. Bell's effort again tied the school mark she shares with Hillary Haines (1978). We'd like to see Bell do 5-4 in the state meet.

## Enter Battle of the Brandywine 5K to benefit heart association

Battle it out at Brandywine Raceway's 2nd Annual Battle of the Brandywine 5K Sunday, June 5.

## Letters to the Editor

Dear Editor:  
It is gratifying to know that we had almost two thousand interested voters who took time out from their busy day to make a commitment to the Lake Forest School District.  
I regret that election signs were

removed by misguided enthusiasts because some of my signs disappeared too. I hope the community can pull together now for the welfare of our children.

Sincerely,  
Roberta W. O'Neal

Dear Editor:  
The JCPenney National Bank of Harrington is in the midst of a month-long celebration of its 100th Anniversary. This is a most memorable event, not only for the bank itself, but for the community. Someone remarked, on entering the building, that with its employees in 1880 dress and the pictures and other memorabilia of the bank's past, that it was like a step into the past, like a museum, and well that it should be, for the remembrance of those who founded this banking institution seem once again to be walking its floors in silent approval.  
Special mention must be given to the

directory that is available to all who care to receive one. This booklet shows illustrations of the builders and building as all were being initiated, as though it was just yesterday that these happenings were going on. The research, the writing of it, and the overall format is outstanding, and should be worthy as a collector's item of local history.

All this is a part of Harrington history that is being, and should be, commemorated, and reflects the work and interest to the progress of this local bank by its present leadership.

Dear Editor:  
**LEGISLATIVE ALERT!**  
DELAWAREANS..ITS NOW OR NEVER!!

There will never be another chance to influence the decision of your Senators on how they should vote on the seat belt issue.

Senate Bill 365 (SB 365) mandatory Occupant Protection System Usage (Seat Belts) will be introduced in the Senate on either TUESDAY the 17th or THURSDAY THE 19th OF MAY 1988. Our best guess at the moment is Tuesday the 17th.

NOW is the time to write those letters, make those phone calls, and/or visit your representative to express your strong support for a seat belt law and urge them to vote for SB 365. Best intentions won't cut it...your

representatives don't know what you want unless you tell them...frequently. If we continue to permit the radical vocal minority (you heard them at the Public Hearing on the 27th of April) to rule by default, we'll get what we deserve.

If we really want a seat belt law in Delaware...it's NOW OR NEVER... write and call the naysayers in the Senate (the voting record of your reps on seat belts was in the latest issue of the Beltway) and let's give them the support they need to vote for the life-saving bill - SB 365.

Also, a letter or call to those who voted for seat belt laws in the past would be most appreciated.

IT WON'T HAPPEN WITH OUT YOU!!!

## Trade mission to Far East nets valuable contacts

by Governor Michael N. Castle  
Delaware's reputation as a leader in the corporate community is well-known throughout the United States. Each year we attract new businesses -- and new jobs -- as a result of our innovative and progressive economic development initiatives.

But this month, while on a trade mission to the Far East, I found out that our reputation is worldwide.

During meetings with leaders of Korea's top industries and government officials in China, all expressed interest in exploring trade contacts with Delaware. While those people we met were familiar with Delaware's favorable business climate and innovative banking laws, it was clear the one-on-one contact made a real difference in encouraging increased trade between Delaware and the Far East.

The trip brought valuable contacts and a new understanding of how both countries do business -- a critical element of doing business in the Far East. I have directed the Delaware Development Office to follow up on every contact we made during our ten day trip to further discuss the opportunities in Delaware and answer additional questions.

Both Korea and China are seeking new international trade opportunities throughout the world, and we need to promote Delaware businesses as well as emphasize the positive business environment that exists in Delaware. With that goal in mind, I recommended that the State budget \$200,000 to establish trade representation in Europe and the Far East as the first step in developing a strong, permanent presence in those markets.

### House set to approve extension of Wallop-Breaux

by Congressman Tom Carper  
In 1984, Congress created something called the Aquatic Resources Trust Fund. That fund, more commonly known as Wallop-Breaux was designed to provide states and the U.S. Coast Guard with resources for programs to improve boating safety and sport fishing activities. Last week, two subcommittees of the House Merchant Marine and Fisheries Committee on which I serve voted unanimously to approve a bill I cosponsored to reauthorize the trust fund.

Wallop-Breaux is a true user-funded program which takes no funds from the federal general revenue coffers. The fund is split into two accounts: the Boat Safety Account and the Sport Fish Restoration Account.

The money for the Boat Safety Account comes from a portion of the gasoline excise tax attributable to use in motorboats. The Sports Fish Restoration Account is financed through an excise tax on fishing rods and reels, tackle, electric trolling motors, and the remainder of the gasoline excise tax. Together, these two funds provided over \$140 million to the states and the Coast Guard in 1987.

Because the Wallop-Breaux fund has been building up a reserve over the last few years, the legislation approved by the subcommittees will increase the funds available to the Coast Guard for boating safety programs from \$15 million to \$30 million next year. An equal amount will be provided for state grants.

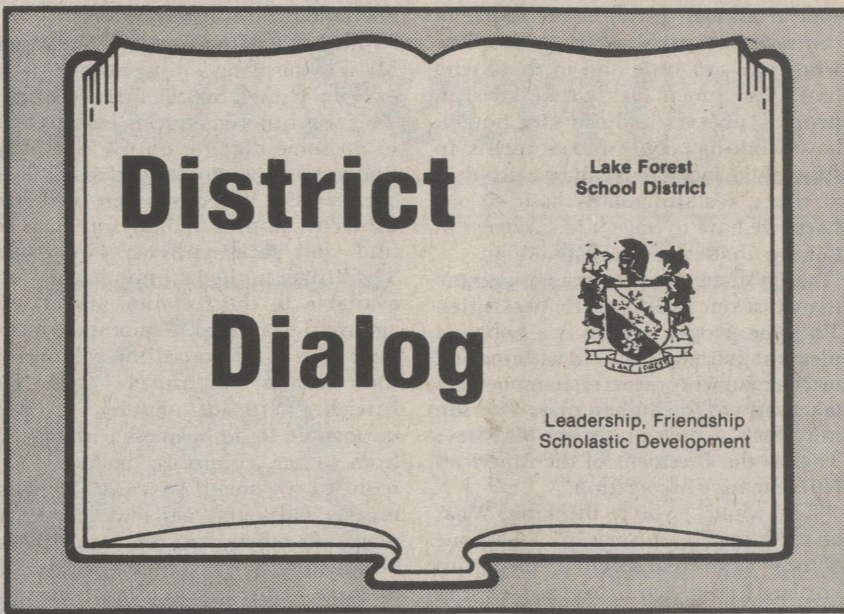

Last year, Delaware's Department of

Natural Resources and Environmental Control received about \$1.5 million from the fish restoration fund. Fifty percent of that went to building new boat ramps and other projects to develop better boat access. Thirty percent went to research, and the rest went to land acquisition and maintenance.

Money from the fish restoration fund was used to build a stabilizing bank along Cedar Creek to control erosion. The breakwater and fishing pier at Augustine Beach which is heavily used by Delaware anglers was built with money from the fund. Two ramp projects are now under way along the Christina River -- one behind the Wilmington airport and one at the East 7th Street Park -- to make that river more accessible to boating and fishing.

Delaware has also received about \$200,000 from the boat safety fund. Those funds were used for a number of different purposes including the purchase of boats for marine enforcement, enforcement training, and a number of public education efforts including the publication and distribution of books and brochures to promote safe boating practices.

Our Merchant Marine and Fisheries Committee has worked diligently over the last six months, consulting with leaders of the country's leading fishing and boating organizations to put together the best legislation possible. The result is a bill which I think will help ensure the continued improvement of our sport fisheries and make angling and boating safer.

## "Free and Reduced-Price Meal Programs"

by Janice Hinzman  
Supervisor of Food Service  
Lake Forest School District

Lake Forest school meals provide food for better health and nutrition of students. Nearly eighty-one per cent of the 3100 Lake Forest students participate in the federally-funded Child Nutrition programs in the school system.

Students, regardless of their ability to pay for the meals, are encouraged to participate daily. This is made possible by an Act of Congress passed June 4, 1946, authorizing federal cash and food assistance to "safeguard the health and well-being of the nation's children and to encourage the domestic consumption of nutritious agricultural commodities and other food."

The Child Nutrition Programs are administered by federal, State, and local authorities. The "local" administration is located in the Lake Forest School District office under the direction of the School Food Service Supervisor. Four individual school managers supervise and instruct food service personnel and are responsible for providing free or reduced-priced meals for students found eligible to receive the benefits.

The U.S. Department of Agriculture (USDA) has established regulations to carry out the intent of Congress that nutritious meals be available to every school student. The guidance sets forth guidelines for school officials responsible for determining eligibility for free or reduced-priced meals in schools that participate in the National School Lunch or School Breakfast programs.

Because Lake Forest Schools receive federal funding for the operation of the meal programs, the following regulations are basic and are enforced throughout the district. School breakfast and lunch must be made available and at reduced-prices to eligible children. The Lake Forest School district must and does have on file a free and reduced-priced policy which consists of a policy statement, a public release, a parent letter and application, a collection procedure, and the Income Eligibility Guidelines as issued by USDA. The above is signed as a "contract" between the school district and the state agency responsible to the federal government for the administration of the program, the Department of Public Instruction.

Yearly, prior to the beginning of the school year, a press release notifying the public of the availability of the school nutrition programs and eligibility criteria for free or reduced-priced meals is provided to *The Harrington Journal* and the unemployment office in Dover. An application blank and a parent letter is sent home with each child at the opening of school. The same letter and application is provided for any new student accepted into a school anytime during the school year.

The household information required on the application must be completed by the parent or guardian and returned to school food service officials for determination as to whether the family is eligible for free or reduced-priced meals or is ineligible because income is too high. Once the determination is made, parents and students are notified of the decision made based *only upon* the information provided on the returned application blank. They are then instructed on how to receive the benefits allowed.

Households that receive Aid to Dependent Children (AFDC) and/or Food Stamps are, by law, automatically determined to be eligible to get free breakfasts and free lunches at school. Nothing, however, eliminates the requirement for filing a complete and accurate application. The application must give a valid food stamp or AFDC case number.

Local district authorities are required to verify information provided on a minimum of three per cent of the applications received. Authorities may confirm any or all information provided on the randomly selected applications. Households affected by this process are notified regarding each step. If a reduction or termination of benefits is determined through the verification process, the household is notified by certified mail.

Questions regarding the regulations covering the Free and Reduced Program for school children may be answered by calling your child's school or the School Food Service Supervisor (398-3484).

### Stuttering: a misunderstood disability

By U.S. Senator Bill Roth

Imagine the frustration of trying to communicate with a speech disability. Imagine feeling so ashamed of your disability and misunderstood that you would hide it -- shopping without asking questions, avoiding the phone altogether, fearing conversations with strangers.

This country has 3 million adults and children who have the speech disability of stuttering. Because of the misconceptions some people have about stuttering, many of those who suffer with the disability additionally experience fear, frustration and anxiety.

Stuttering is a learning disorder much like dyslexia. It is a condition that appears in both children and adults alike, although males are four times more likely to stutter than females. The cause is unknown, but there is a strong possibility that it has something to do with an individual's genetic makeup. Often, stuttering can be traced back through a family's history.

Paul Castellano and Barbara Hubbard, Delawareans and stutters,

contacted my office last year and asked me to sponsor legislation to set aside a week as National Stuttering Awareness Week. Paul the founder of the Coalition for Awareness and Understanding of Stutterers Everywhere, Inc. initiated this legislation to promote a greater awareness of the stuttering disability.

After learning more about the problems faced by stutters, I introduced the Senate bill and Rep. Carper introduced the House version. President Reagan signed the legislation into law and designated the week of May 9 as National Stuttering Awareness week.

I hope this week helped promote a greater awareness and understanding of this problem. While there is no known cure for stuttering, there is certainly hope. There are professionals who can help. Speech pathologists and therapists can increase speech fluency and self confidence, which can ultimately ease the disability. I hope this week also served in helping those stutter by increasing the awareness of the help that is available to them.

## Senatorial Report

by Senator Ruth Ann Minner  
18th Senatorial District

With the summer tourist season fast approaching, dredging and beach nourishment projects take on added significance in the 18th Senatorial District and, believe me, I received my share of complaints about delays in the completion of such projects.

As a result, I met last week with Sen. Joseph R. Biden's office, the director of the State Soil and Water Conservation Service, and representatives of the Army Corps of Engineers to discuss some of the problems and explore ways to iron them out. I think we made significant progress.

First off, problems with the contractor on the dredging project at the mouth of the Mispillion River near the jetty have been monumental, and I certainly understand the reasons for citizens' concerns.

As a result of our meeting with the Corps of Engineers, it is my understanding that Corps representatives met with the contractor and reached agreement that the project would again get underway by last weekend and pushed to its completion.

Another problem many of you may be familiar with is the silting up of Cedar Creek, which has had a disastrous effect on boating along the creek. The Corps representatives took a long, hard look at

the erosion problem along the creek and in the Mispillion River Breach, which are major contribution factors in the silting.

The Corps promises to seek environmental permits as soon as possible to allow dredging of a portion of Cedar Creek.

Meanwhile, the state dredge has completed a beach nourishment project at Bowers Beach, pumping hundreds of cubic yards of sand onto the eroded beach there. The dredge will be moving on to Kitts Hummock for another beach project, with Broadkill Beach and Lewes next on the schedule.

The state and local economies realize significant benefits from tourism, with its accompanying recreational boating and fishing and swimming.

Time is of an essence in preparing our creeks, beaches and navigable waters for tourists and the year-around local populace.

The Corps of Engineers' recent emphasis on getting involved only in projects which benefit commercial interests makes it harder to get some of these local projects the attention they deserve. However, after Corps representatives made their on-site inspections of the Mispillion jetty and Cedar Creek last week, they now at least recognize the problems.

## A laff a day...

Paying income tax is a no-win situation. You make it out right and you go to the poorhouse. You make it out wrong and you go to jail.

"What's your son doing now?"  
"He's still going to school. He's got a B.A., an M.A. and a Ph.D."  
"What degree does he get next?"

"I was defeated for re-election because of my youth," said the 75-year-old politician.

"Your youth?" said his friend. "You're seventy-five years old. Your youth is spent."  
"That's the trouble. They found out how I spent it."

by Harry G. Farrow, Jr.

According to some recent newspaper accounts, I am to blame for W.M. Barr and Co. deciding to pass up Harrington as a site for the distribution of their chemical operation. Harrington presumably had been selected as the site for their plant, which was to serve the northeast.

This is not the complete story. There were other reasons which I feel we will never know which prompted them into doing what they have done thus far and still others which we can only speculate on and conjecture.

The fact that one public hearing was held in City Hall for the purposes of discussing the nature and make up of the company, I feel should not have been the sole concluding reason for the company's decision to decide to look elsewhere for a possible site.

The purpose of the public meeting was to serve the inquiries of the many citizens of Harrington and the surrounding area concerning the chemical plant. It also was to serve and show the best side of the city government in Harrington. At the time of the public hearing, no one on the council knew enough details about the company to put the facts in one short paragraph. When citizens began to ask members of the council questions about the nature of the chemical company, and the council members were not able to respond, it resulted in the need for a public hearing.

As I understand it, the original discussion with the company some 24 months before the hearing, dealt with building a 200,000 square foot building employing 200 to 250 people. As time went by, the size of the building dropped to 150,000 square feet and they were to employ up to 100 people over a 5-year period.

As I understand it, the company desired to build the building with its cash reserves. If the building was to cost \$5 million, this would constitute a large sum of money being drawn out of the Tennessee bank at one time. Tennessee, like many other parts of the country, are in a recession, and to withdraw that much money out of the Tennessee bank, would create some economic setbacks. If this is true, it is understandably conclusive why other directions were sought. Another option might be to add onto their plant in Tennessee and California which would afford economic relief to those areas.

Since a lot of the discussion about the Barr Company went on prior to me being elected to the office of Mayor, of which I was not privy to and certainly not privy to much of anything during the first year of my elected office, I was not in a position to tighten things up when the public discussions began. However, I believe the city government still has many options, either with this company or other companies, who wish to locate here...and certainly with the proposed site. I think the council would have been satisfied and thereby being able to satisfy the citizens of this area if letters had been obtained from all authorities indicating the nature of the business and the safety built-ins. The council never received these items, which would have been comforting to our citizens.

The other option would be for the State to go forward and purchase the proposed site for development in the near future. This would thereby allow the City to develop the water loop, which would include providing water to the Delaware State Fairgrounds, which would be an asset both for the community and the Fairgrounds. It would also insure further development for Harrington which is very vital to our economic needs.

### Public Notice

**NOTICE OF PUBLIC HEARING**  
 Pursuant to 7 Delaware Code, Sections 6401(b) (1) (2) (6) (8) (9), 6401(c) (1) (2) (5), 6403(i) (j) (k) (l), 6404 (2) (6), 6406(a) (7) (11) (13), 6407(a) (3), 6421, 6422, 6427 and other pertinent provisions of 7 Delaware Code, Chapter 64, the Delaware Solid Waste Authority will conduct a Public Hearing to consider (1) Amendments to the Delaware Statewide Solid Waste Management Plan and (2) Solid Waste Licensing and Disposal Regulations. The Public Hearing is being conducted to enable public participation and input regarding the proposed Amendments to the Plan and the Regulations.

(1) The Amendments to the Statewide Solid Waste Management Plan reflect current conditions and incorporate the proposed Amendments to the Delaware Solid Waste Licensing and Disposal Regulations into the Plan.

(2) The proposed Amendments to the Delaware Solid Waste Licensing and Disposal Regulations are meant to clarify and improve the Authority Regulations. They deal primarily with licensing and bonding requirements, changes in form of ownership, inspection of vehicles, using Authority facilities, and credit practices.

The Public Hearing will be held on Thursday, May 26, 1988, starting at 5:00 p.m. in the Auditorium of the Department of Natural Resources and Environmental Control, 89 Kings Highway, Dover, Delaware.

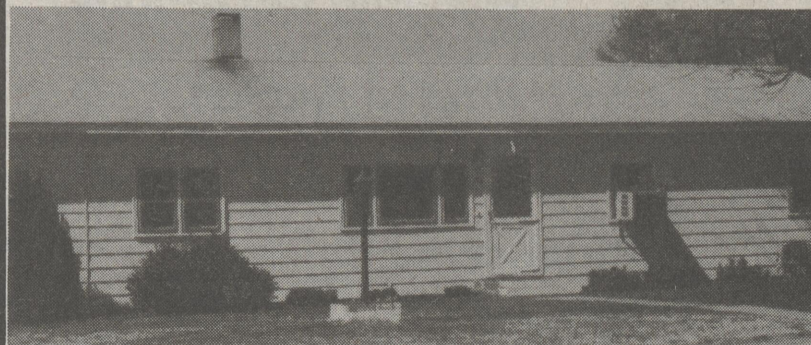

Copies of the proposed Regulations and Plan Amendments will be available upon request on May 9, 1988 at the office of the Delaware Solid Waste Authority, 1128 South Bradford Street, Dover, Delaware, or by writing to the Delaware Solid Waste Authority, Post Office Box 455, Dover, Delaware 19903-0455. Persons wishing to present testimony at the hearing are requested to notify the Delaware Solid Waste Authority for scheduling prior to the hearing date. Please contact June Peacock at the above address or call (302) 736-5361.
