Harrington Perspective

Bob Outten
What do I like about Harrington?

"I like everything about Harrington but especially the people and their friendliness. I also like the organizations in town."

Women in History

This month, Harrington Business and Professional Women join its sister chapters throughout the state and across the nation in the tenth anniversary celebration of National Women's History Month. The month has been set aside by the National Federation of Business and Professional Women's Clubs (BPW/USA) to "...honor what women have done in their homes and communities and in the world...despite historical restrictions imposed through laws, institutions and cultural expectations."

The background of the observance dates to 1977 when Women in History Week began as a local celebration in the schools of Sonoma, California. Since that time, there have been the following developments:

•By 1980, the National Women in History Project was created and a Women's History Week was declared

by President Carter.

•In 1981, the first National Women's History Week resolution was passed by Congress.

•In 1987, March was proclaimed Women's History Month, and a law was eventually passed designating every March thereafter National Women's History Month.

The Harrington Journal, along with Harrington BPW, which is a part of the oldest and largest organization of working women in the world, will mark the 1997 observance of Women in History Month by honoring a number of Harrington area women who have made a difference in the life of this community. This week's honoree is Hazel Smith, a retired school teacher.

Hazel Smith

tended Goldey Beacom Business College. After that, she got a job in a trade school in Baltimore, Md. The school sent her to Philadelphia to open another school. She spent the summer there, hiring secretaries for the new school and then came back to Baltimore. "That was quite a big thing for a young girl who hadn't been very far from home to do back then," she smiled.

She met Bill Smith at Washington College. They married in 1941, and the war broke out shortly after with him enlisting in the Navy.

The Smiths have four children, Bruce, Pat, Linda and Diane. Mrs. Smith stayed home with the children and was a homemaker until the youngest child started to school.

They moved to Harrington in 1955 where her husband started teaching in the Harrington Special School District. A couple of years

later, she began substituting for Mrs. Pollitt, an English teacher at the school. When another English teacher, Mr. Fox, left the school, they asked Mrs. Smith to take his place permanently.

She said that she and her husband were always kind of an "odd couple" in school because he was 6'3" while she barely reached 5'. "If I combed my hair real high on the top, I could hit 5'," she laughed. "I always said I married Bill so that I could get to see a parade now and then," she reminisced. Her husband passed away in 1978.

While at Harrington High School, Mrs. Smith ran the American Field Service Program or the Foreign Exchange Student Program. "Our first student was from Norway and stayed with the Ray-

Hazel Marie Lynch Smith, 79, of Harrington, was born in Ridgely, Md. Her father owned a farm supply business and her mother was a homemaker. She has a younger sister and a brother who is deceased.

Mrs. Smith doesn't remember having many chores to do growing up. "I was kind of spoiled I think," she said. "We didn't live on a farm so we didn't have as much work to do," she said.

Mrs. Smith said that most of her mother's relatives were all farmers, and she would visit a week at a time in the summer. "It's fun if it's only a week, but after that it becomes work," she laughed.

Education was very important to Mrs. Smith's parents. When she went to school there were only 11 grades, and her parents thought she should go to school for 12 years. So they sent her to a nearby boarding school, St. Gertrude's Academy (now the Benedictine School).

Although it was just a few miles from her home, she stayed during the week and came home on the weekends. She would bring home different girls for the weekend. "I remember one girl from Panama who spent the weekend with me," said Mrs. Smith.

The enrollment at the school was small. She said it was almost like private tutoring. "I was in a graduating class of two," laughed Mrs. Smith.

To pass time while in school, Mrs. Smith read every book she could get at the library. "Let's face it. There was nothing to do and no place to go, so what else can you do but study and read?" she said.

After graduating from high school, she attended Washington College. She said the dean of the school wrote to St. Gertrude's Academy and told them they had never had a student so well-prepared as she was. "I never regretted that my parents sent me to boarding school," she said.

She graduated from Washington College in 1938 where she majored in English and minored in French and German and received a Bachelor of Arts Degree. She then at-

Does a spoonful of sugar make the medicine go down?

By Carol Ann Porter

In movieland, Mary Poppins convinced her young charges to cheerfully take their medicine with a spoonful of sugar and a catchy little tune.

But local pharmacist, Carl June, says that many parents go through the hassle and struggle of getting their children to take their medicine on a daily basis, even to the extent of crying and screaming.

"But thanks to an independent pharmacy in Washington, D.C., pharmacists like myself have found a way to turn this situation into smiles," said Mr. June.

A medicine flavoring system that would make even Ms. Poppins proud is the solution to the crying and screaming.

According to Mr. June, about 200 pharmacies, including his business, The Harrington Pharmacy, uses the FLAVORx system, which is a franchise sold by annual contract.

More than 40 flavors from the usual fruity tastes like cherry, lemon and lime, to flavors for more discerning tastebuds like blueberry, watermelon and coconut, are all available.

"Not only does this make everyone happy, it greatly increases children's compliance on taking their medication," said Mr. June.

Parents have long tried different ways of getting kids to take their medicine including disguising it in chocolate syrup and stirring in

Friendship...

...friendship, it's the perfect blendship.
When other friendships have been forgot... ours will still be hot!

They said they still giggle like a couple of teen-agers when they get together. And sometimes it's over nothing. They just laugh until they cry.

Dorothy K. Larimore, 78, and Jewel A. Hoffman, 77, both of Harrington, have been friends since 1958 when the Hoffmans moved from Pennsylvania to Harrington.

Mrs. Larimore, a lifetime resident of Harrington, was a member of Asbury United Methodist Church in Harrington and was told that a new family had moved to town. "...a family of singers.

"Rev. Gibson's wife asked me to recruit the family to sing in the choir at church so that was my first contact with Jewel," said Mrs. Larimore.

Mrs. Hoffman said it didn't take them long to get acquainted. "We hit it off right away," said Mrs. Hoffman. "Dorothy was a little quiet and shy, but everyone said that I brought her out of her shell," laughed Mrs. Hoffman.

Mrs. Larimore was married to Jeff, now deceased, and they had three children, Lois, Beverly, now deceased, and Richard. She has three grandchildren, three step-grandchildren and one great-grandson.

Mrs. Hoffman is married to Arthur, and they have five children, Marlene, Kenneth, Ann Louise, Charlyne and Richard. They have 14 grandchildren and seven great-grandchildren.

They have both remained in the Asbury U.M. Church since their friendship began. Much of their life evolved around the church and its functions which included the children when they were growing up.

Both women love to go down and stay at the Railroad House in Rehoboth right on the boardwalk and have enjoyed many summers together at the beach.

When they first started going to the clubhouse, they liked to get their tan started ahead of time. So they would put on their bathing suits and get together at Mrs. Larimore's farm to kill chickens. "We'd kill chickens and take off the feath-

ers with our bathing suits on, sitting in the sun," laughed Mrs. Hoffman. "We wanted to get a real good tan before we hit the beach. Can you imagine?"

They remember one occasion they were staying at the clubhouse. They took their beach chairs, umbrella and blankets down to the beach and got all set up for the day. Then a sudden downpour sent them running for cover. "We grabbed everything and headed over the boardwalk," said Mrs. Larimore. "Then we both looked at each other suddenly, and we were covered in black dirt that came down through the cracks of the boardwalk," she said. "We laughed so hard we cried."

"We'd kill chickens in our bathing suits so we could get a good tan before we went to the beach."

Dorothy and Jewel

They said they have many good memories of the beach and the Railroad House clubhouse.

Mrs. Larimore said there's another thing they have in common. "Many times we say the same thing at exactly the same time," she said. "I know what she's going to say, and she knows what I'm going to say."

Mrs. Hoffman said it's as though they could read each other's mind. "We go to the store and always pick out the same thing," she said. "It's just according to who gives in, who gets it," she added.

Mrs. Larimore said that sometimes they get the same thing but in a different color.

"I never had a sister," said Mrs. Hoffman. "And Dorothy is just like a sister to me. She said she was so homesick when she first moved to Harrington, and Mrs. Larimore helped her get through that hard time.

She added that things were tough financially too. "But Dorothy and Jeff would kill chickens and

bring us a bunch, and it really helped out in the hard times," said Mrs. Hoffman.

She added that her family has adopted Mrs. Larimore. "When we get ready to go somewhere or have a family get-together, they all want to know if Dorothy is coming over," she said.

They are both members of the Harrington Senior Center and enjoy many trips together. But the trips they took earlier in their life when Mr. Larimore was alive, are the trips they most cherish.

They would all four go on a trip and divide up the cost. They would share a room, but everyone took turns dressing, and they all had their own privacy. "We would go half on the food, the gas and the room," said Mrs. Hoffman. "We had so much fun." They traveled to Nova Scotia, Canada, California, Colorado, Florida and Michigan, just to name a few trips.

Mr. and Mrs. Hoffman and Mrs. Larimore were traveling together when Mrs. Hoffman had her heart attack in 1995. "It was Dorothy I told that I thought there was something wrong with me and I didn't feel right," said Mrs. Hoffman. "She's the one who told me I'd better get to the hospital."

Mrs. Hoffman suffered a heart attack and was in the hospital two weeks. Someone had to take Mrs. Larimore back to Harrington, and eventually Mrs. Hoffman underwent by-pass surgery. "I was so worried about her when I got back home," said Mrs. Larimore.

The two friends are so busy. If they don't see each other every day, they talk on the telephone. They both love the soap operas, and if they don't watch them together, they get on the phone after each episode and discuss them in detail.

They've been through good times and bad times. They used to bowl on a league together for many years and with the Harrington Senior Center, they have traveled to Rhode Island, Alaska, Hawaii, the Bahamas and are planning on a trip to Nova Scotia in October.

But there have been bad times.

'It was for the children, too'

I've been reading a lot of Sound Offs recently about the Lake Forest School District referendum. I'm appalled by a lot of the things people have been saying, especially when it comes to children and teachers. Everybody keeps saying that teachers don't deserve a raise, etc. Well, that referendum wasn't just for teachers - it was for the children, too. And now we have a school that holds 200 people more than its capacity, and we have no money to build new schools. If they pass something that says we can't have any more trailers, what are we going to do with these kids? We have an elementary school attached to

a middle school and one cafeteria. These kids are barely making it through lunch now. These parents have to realize that we have to do this for the kids. The district has too many kids not to have another elementary school. There are just too many kids! Teachers do deserve a raise as well. They work until 4 or 5 p.m. every evening, and they're there at 7 a.m. every morning. Nobody gives them any credit at all. I know - and I'm one parent who's tired of it.

'Just because you don't like the outcome'

What's with the Lake Forest School Board? What part of "no, we don't want this tax increase," don't you understand? Are you morons or something? Having another referendum just because you don't like the outcome of the first one doesn't seem like a democracy to me. What will you do if you're defeated in May? This nonsense has to stop!

'It all comes from us'

I'm calling in reference to a recent Sound Off titled "Voter's don't realize." The person was talking about the Lake Forest referendum, and they said "the state is offering to pay 80 percent for the new school," and that "it would only cost property owners 20 percent." Why don't they wake up? Where do people think the 80 percent comes from when referring to "the state"? It all comes from us, the people who pay taxes!

mond Brown family. "I had a lot of fun with this program," she said.

She remembered a student from Costa Rica who stayed with Emma Carroll and her family. "Her name was Luisa, and she had so much trouble with the English language," smiled Mrs. Smith. "She would confuse words like uncle and ankle. One day she came to school and told us she had just sprained her ankle. A month later, she came in excited, telling us that her ankle from Costa Rica was coming to visit," laughed Mrs. Smith.

She recalls the day Principal Archie Feagan came to her and told her she was in charge of the drama club and production of the high school plays. "I had never done anything like that in my life, but I did it, and we had some good plays," she said, adding that she undertook the job with great trepidation.

She recalls that the plays were very hard to present since they had to be put on in the W.T. Chipman cafeteria where the stage had no exit or entrance. "There were just steps, no wings to conceal going up and down the steps, and not much

of a stage," said Mrs. Smith. "I recall one night, Randy Knox knocked over something, it struck Dawn Hopkins in the head and knocked her out," she said. "We thought we had killed her."

They eventually moved down to the little school, and the stage was somewhat larger and had wings where you could dress and exit and enter and so forth. "But the roof leaked, and when it was time to put on a production, we had big cans sitting around to catch the water and then had to mop it up before the big performance," she laughed. She recalls teaching in a classroom with boots on because the roof leaked so badly.

Mrs. Smith taught school until the 1969. "It was getting to the point where you had no recourse with the students, and they had no respect for the teachers. One of the students called me a bad name, and I figured it was time to leave. . . . so I did," she said. "When I left, I told them not to call me. . . . I would call them," she laughed.

Then she said seriously, "I al-

ways enjoyed getting up and going to work each day. I looked forward to it. But when it wasn't fun anymore, I left."

But the good times stand out in her mind more than the bad times. She recalls that the students would help raise money for the Foreign Exchange Student Program by holding walk-a-thons. "We'd walk all the way to Bowers Beach and then have a bonfire and cook hot dogs," she said. "We've walked to Masten's Corner and back too," she added. "We used to raise pretty good money with the students getting sponsors."

She recalls many funny stories from her days as a teacher. She said that one day the class was reading a book about Tibet, and it was about a lama, which was a monk. "I asked what a lama was, and a young man raised his hand and told me it was a bean," she laughed. "A lama bean."

She said that one of her humorous stories is still talked about at Lake Forest High School to this day. She would have students read parts in MacBeth. But she had one student who couldn't read very well so she only gave him one line. She

said the king had been killed, and his two sons were to come rushing in with one of the sons saying, "What's amiss?" But the young man reading the line said, "What a mess."

She said that she is very accident-prone and everyone at the high school knew it. "One day I stapled my finger," she laughed. "Another day, the loud speaker came on, and it scared me so bad I fell back into the blackboard."

She said that today when someone screws something up in school, they say, "I did a Hazel today."

Mrs. Smith is retired, but she is far from not being busy on a daily basis. She is a member of the Friends of the Harrington Public Library, the Harrington Senior Center and St. Bernadette's Church. She volunteers at many places including the Milford Memorial Hospital. Right now she's in a literacy program, tutoring reading. She is teaching a 55-year-old man to read and says she really enjoys it. "It's really rewarding," she said. "To find someone who couldn't read and to see everything open up for them like reading a newspaper or a phone book or a menu, it's great," she said.

She also loves to work in the yard. She says she can't wait until it's warm enough to get out there and dig in the dirt. She also reads a lot and in her words, "runs her grandchildren all over the place."

She enjoys taking her friend and former teacher, Carol Shreiner, shopping once a month. She and her friend also enjoy going over and watching the Second Street Players perform. "I still enjoy the drama aspect of my teaching career," said Mrs. Smith.

What's her advice to young people and students today? "Don't call your teacher names. . . . please!" she said.

Friends - (Continued from Page 1)

Mrs. Larimore said that her best friend was right there by her side when she went through the tragedy of losing her husband and her daughter. "That was really bad times," said Mrs. Hoffman. "I couldn't help her much, but she knew I was there."

They are both members of the Merry-makers Home Demonstration Club and several other organizations in the church. They also are members of a card club that meets once a month, and they love to go out and eat together. They even go grocery shopping together.

"They've never had a fight. "We might disagree on a subject," said Mrs. Hoffman. "But we straighten it out, and we never have gone away from each other mad. We speak our peace," she said.

"I know when she is perturbed, and she knows when I'm perturbed," said Mrs. Larimore. "But it's nothing."

And it doesn't take much to entertain them when they are together. They recall years ago when Mr. Larimore was still alive that they all went camping in a tent in Sussex County. Mr. Hoffman went to play golf on a very hot day and left the Larimores and his wife to stay in the tent. "There was nothing to do, no place to go," said Mrs. Hoffman. "So we got an old tin can, and we all took turns kicking it. . . . seeing who could kick it the farthest," laughed Mrs. Hoffman. "When we finally got to the beach that day, we all ran and jumped in the water. It

was so hot." Mrs. Larimore describes a friend as somebody you can tell anything to, and it won't be repeated. "That's Jewel," she said.

And Jewel describes a friend as someone who is honest and caring. "And that's my best friend, Dorothy."

Medicine -

(Continued from Page 1)
Kool-Aid powder, but according to Mr. June, sometimes this could adversely affect the active ingredient in the prescription.

The new system allows a pharmacist to use the exact formulation to get the flavor desired. Parents love it, and many let kids pick out their own flavor, which gives the child more of a sense of control and choice over medicine-taking.

The flavorings add \$3 to the cost of the prescription, but the idea of making medicine taste better is worth the added cost.

The flavors are all FDA-approved, don't decrease the effectiveness of the medication and are mostly synthetic, so they're not apt to cause allergic reactions.

Mr. June says there's no danger of the medicine tasting too good or children getting the idea that it's like candy or soda pop. "This doesn't make it taste like candy. . . . it just makes it palatable," said Mr. June.

The Story Of Robert & Chuck

Robert is Chuck's best friend. He's a stockbroker with a large investment firm, but dreams of working as a lifeguard on the beach.

Robert loves fast cars, the "X-Files," eating seafood and drinking tea on the veranda. Chuck thinks Robert is a great guy, but needs to loosen-up a little.

Chuck is Robert's cousin and best friend. Chuck runs a fishing boat in the bay, but says he'd like to get an agent and start an acting career in Hollywood.

Chuck likes classic rock 'n roll from the 60's. His favorite meal is a steak, rare, a large baked potato and a cold beer - from the bottle. Chuck loves to fish and can find the best spot by the ripples on the surface of the water.

Despite their subtle differences, there's one thing Robert and Chuck agree on...

NOTES & NEWS from the Harrington Business Community

by Linda Chick

The Harrington Business Association honored Winston A. Linton with a "roast" Saturday evening to commemorate his many years of service to the city. Held at the Colony Inn Restaurant, the retirement dinner brought together 50 of Winston's colleagues and friends for good food and great fun.

The evening began with an endless stream of puns from the imagination of State Senator Robert Voshell. Bobby Taylor followed with stories gathered from years of adventure with Winston, the Lion.

A taped message from Chief Frank Melvin told some inside stories on the former mayor and councilman. (Frank opted for back surgery rather than deliver his message face to face.)

Also via tape was a musical salute to former Mayor Linton from "distinguished" members of the Harrington Police Department.

The roast wound down with a mental journey to the roots of Winston Linton, all facts supplied by a little bird whose name cannot be revealed.

Winston A. Linton was born on the Eastern Shore of Virginia, sometimes described as "the end of the world". His father was a waterman and his family was large. Winston, too, began his life on the water, then left to join the Army Corps of Engineers.

After leaving the service, he landed in Seaford, working first as an operator at the Dupont Nylon Plant, then later as a security guard.

It was here that he met George Exley and his wife Doris. George worked in the plant and Doris was the company's nurse. The three became fast friends. Later when Doris was widowed, Winston was there to share her grief.

As their friendship turned to love, the couple began a quiet courtship. They took long rides to the beach enjoying their time together. They were married in 1982.

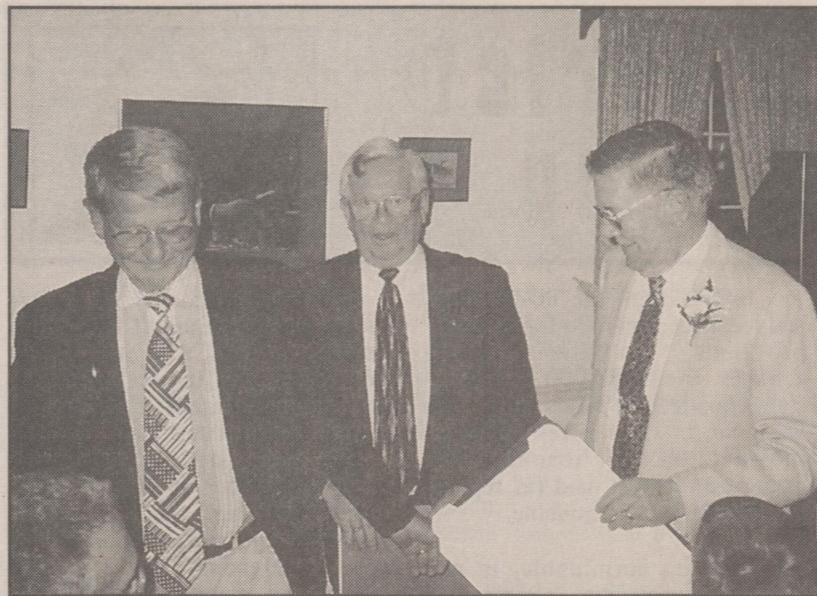

A few years later, Winston entered political life as a Harrington Councilman, serving four years in that position. He was elected Mayor in 1991.

This trip down memory lane was not all sweetness and nostalgia. Carl and Lorraine June and Linda Chick delivered their roasting with poetry and props: A compass to find Winston's birthplace on the "edge of nowhere"...a huge fork to be sure the young Winston could compete with the rest of his clan at dinnertime...a corn cob, just in case modern sanitation hadn't reached his old homestead...a fishing pole complete with catch...a fly swatter to keep the girls away from a dashing young Winston...goggles for his Army stint with the Corps of Engineers...nylon hose and a watchman's gun and badge for the Seaford phase...a hot water bottle for Nurse Doris and a sporty car for cruisin' the highway to the beach...a matchbook signified his time in office when lighting fires (under politicians) is sometimes necessary behavior.

The retirement phase brought Winston's life full circle. He was presented with lifesavers to remind the couple of the years ahead to be savored...a giant mug for those long sessions over coffee and doughnuts with "the boys"...a book because he loves to read, and needle and thread to help Doris with her quilting (when all else fails and she just cannot match a color or fabric Winston comes to the rescue with "an excellent eye for color coordination").

The couple was sent on their way with a bag of Hershey Kisses and a candle, that love may light their path.

Winston Linton was presented with a joint proclamation from Senator Voshell and Representative Bobby Quillen commemorating his 10 years of distinguished service to the City of Harrington. He was also honored with a plaque from the Harrington Business Association that read "Winston A. Linton, Mayor of Harrington, 1991-1996 with gratitude for your years of dedication to the people of Harrington and its business community." A certificate was also presented conveying honorary lifetime membership in the HBA.

Winston Linton was presented with a joint proclamation from Senator Voshell and Representative Bobby Quillen commemorating his 10 years of distinguished service to the City of Harrington.

Enjoying the "roast" were, from left, Bill and Joyce Dyer, Gary Wyatt, Dr. Vincent Lobo and wife Herla, and Joan and Francis Quillen.

Retired Mayor Winston A. Linton took some good natured ribbing on Saturday evening at a "roast" in his honor.

Holiday brings out the "Irish" in Keith Burgess

Keith S. Burgess, sometimes billed as the "singing mailman" claims to be part Irish and had five occasions to warble some Irish music in an 11-day period before and after St. Patrick's Day.

March 9th kicked off the proceedings with an appearance at Chick's in Harrington, backed up by a versatile native of France, Rolande Eliason, on the accordion, also on the bill was Tom Taylor of Wilmington, playing the bagpipe.

On the 11th, the Harrington Senior Center journeyed to Tully's Ale House in Smyrna, where the featured performers were Fritz and Peggy Horisk of Wilmington. They are from Wilmington and are known as F.P. Cheer. Both have Irish blood flowing through their veins. KSB has known this pair for a few years and occasionally sends them music from his extensive collection (currently estimated at 6,000). The Harrington group sang along with Fritz's guitar, as many of F.P. Cheer's numbers were done earlier at Chick's.

On St. Patrick's Day, Keith sang several solos at Dover's Modern Maturity Center at 10:30, then put on a concert of 15 or more num-

bers before a packed enthusiastic audience at Milford's Senior Center.

Finally, Bips Egnor, a tremendous talented Wilmington pro, billed as a "One Man Band" offered the microphone to Harrington's traveling troubadour, who happily rendered the Irish classic, "Danny Boy", before a crowd of 500. The upstater might have been surprised at the downstate senior citizen talent, as two more Modern Maturity members, Al Morra and Cliff Hubbard, were also enthusiastically applauded for their vocal efforts.

Burgess has made 15 or more appearances so far in 1997 and has a few more tentative shows on the back burner this spring.

Area Police Report

On March 20, the Harrington Police Dept. arrested Richard and Loretta Kratsas for offensive touching after police were called to their residence for a domestic disturbance. Both subjects were processed at the Harrington Police Department and transported to Milford Police Department where they were arraigned and released on an O.R. bond pending family court at a later date.

On Saturday, March 22, the Harrington Police arrested Donnell

Collins, 21, of Wilmington and Doman Townsend, 18, of New Castle. Police stopped Collins for a traffic violation and discovered he was wanted by the Municipal Court in Wilmington. Townsend who was a passenger in the vehicle was found to be in possession of a large knife and was charged with carrying a concealed deadly weapon. Collins was turned over to the Wilmington Police and Townsend was released on \$500 unsecured bond pending a future hearing.

TRIGGER FINGER

Trigger finger, one type of tendinitis, can occur in any finger or thumb and is often caused by repeated grasping of an object. It is becoming increasingly more common in the work force in occupational medicine and especially with the increased use of computers. When a tendon is swollen and can't slide back and forth in a normal gliding fashion, the tendon then "locks" and the patient feels a popping or catching sensation. Early on, the symptoms are one of clicking and discomfort in the palm of the hand. As the condition becomes more chronic and more inflamed, the finger actually locks so that the finger will not straighten out and, in fact, needs to be straightened out by pulling with the other hand. Needless to say this becomes more uncomfortable when it reaches this state.

When treatment is instituted early the inflammation can be treated with oral anti-inflammatory medication and rest. In the advanced stages, the condition can generally be completely corrected with a minor surgical procedure. This procedure is under a local anesthesia as an out-patient and takes approximately ten to fifteen minutes to correct. Post-operatively there is no casting needed and motion is encouraged almost immediately. The relief obtained generally is immediate.

Dr. DuShuttle completed a one-year post-orthopedic hand fellowship at the University of Pennsylvania. His practice is located in Dover, Smyrna, Seaford and Milford. LAKE FOREST SCHOOL DISTRICT REFERENDUM VOTE

April 6 • 12 Noon to 9 p.m.

By Dr. James H. VanSciver
Superintendent

Ominous clouds are gathering on the horizon for compressive public school systems in Delaware. It's referendum time again. And that means pitting local school officials against a portion of their constituencies in an effort to raise taxes to adequately fund schools.

Lake Forest held a two-question referendum on March 11. One question was very narrowly defeated despite a record voter turnout. The second question was also turned down and by a larger margin. During the Lake Forest Board of Education's March 13 work session meeting, dozens of speakers passionately urged the board members to try again . . . as soon as they could. The board members unanimously voted to go to the public again, this time on May 6... and with the same two questions.

While critics may call me biased (after all, I am the superintendent), I strongly feel the needs, as expressed through countless avenues to our public prior to the March 11 referendum, are still there. The advantages of passing

District Dialog

this referendum, the 80-20 state and local funding ratio for building programs, our overcrowded schools, the \$308,000 worth of state equalization funds sitting on the table for Lake Forest's taking, the fact that our teachers are Delaware's lowest paid (as reported by D.P.I.) are formidable.

Equally as formidable, in my eyes, are our public's claims that enough is enough! They simply cannot handle another tax increase. Unfortunately, this is the only tax on which they may cast their vote. A proportion of our constituency is living on fixed incomes. Any increase in their tax rates is difficult to accept. Some do not see the connection (a difficult one to make) between better schools and benefits to their station in life. That is understandable.

Still others claim that the property tax places an unfair burden on property owners, who must shoulder the bulk of the responsibility for funding schools in Delaware. Another legitimate claim.

Two contrasting philosophies brought together through an emotional experience which is becoming more and more explosive, the school referendum.

Cries of fraud, unfair voting practices, heavy handed tactics, run-a-way school finances, forcing students to vote, "a slap in the face of the land owners", are now echoing through Lake Forest School District. That is very unfortunate. We do not need a community divided on the matter of education.

The March 11 referendum was conducted in the most professional and efficient manner possible. Still, perceptions exist.

The needs of the school system are there. The needs of the school system's voters are there. They are both very important. Yet, they are not the same. One needs the school system's property taxes increased; the other needs those taxes to remain unchanged.

Why does Delaware's system of funding schools force educators to go head-to-head with the very people whose support they need, their community members, in order to provide the necessities for an effective school system? Ironically, this turmoil comes at exactly the same time when cries for more parental and community participation in our schools are being made nationwide. Is it possible that this referendum experience will result in greater and more broad-based support for our schools? I think not.

Why do only local comprehensive school systems have to go through this process?

As a superintendent, a parent, and a taxpayer, this is my anguish. This process, win or lose, is not working.

For, what does a school system gain when it wins the referendum, yet loses its community support?

Robert E. Dean Jr.

Referendum vote might mean close shave for LFE principal

When voters go to the polls on May 6 to determine Lake Forest School District's second try on a two-part referendum, they may have some additional incentive.

Lake Forest East Elementary School Principal Robert E. Dean Jr. has promised to shave his head if the current expense question is passed. That proposal was defeated by 284 votes on March 11 as over 2500 ballots were cast.

"Maybe this will help," Dean deadpanned. "I'll do anything to get this passed."

The Harrington Little League will hold their monthly meeting at the Colony Inn on April 8. Dinner begins at 6 p.m. with the meeting following at 7 p.m.

Kanoey/Willey named to Fall Dean's List

The Philadelphia College of Pharmacy and Science (PCPS) has announced the Dean's List for the Fall 1996 semester. To qualify, a student must achieve a semester grade point average of 3.4 or above with no grade below a "C".

Local students who made the Dean's List are:

Kelly Kanoey, Felton, a fifth year Physical Therapy major;
Michelle Willey, Greenwood, a second year Pharmacy major.

Krissy Jost is a National track champ

Krissy Jost of Stevensville, MD, who is well known around this area, won the NCAA 3,000 meter run, in the Indoor Track and Field Championships held recently in Indianapolis.

Jost, a friend of Harrington's Keith S. Burgess, ran at Lake For-

est four times and set four records. As a sophomore at Queen Anne's High, she set a course cross-country record at Killen's Pond. When Lake Forest's state champ, Dana Young, broke that mark, Krissy came back as a senior at Baltimore's Perry Hall and set a new standard.

In the KSB Track Invitational, Jost set new marks in the 800 and 1600 meter runs.

Now at Villanova, she is already a four-time all-American. In Indiana she recorded 9.14 for 3000 meters, which is the fastest collegiate clocking this year.

The Jost family is watching the burgeoning track career of Nicole Faries of Lake Forest, who might attract Villanova interest if she continues her present progress. Jost is only a teenager. Some of Faries' earlier efforts compare well with Jost's freshman stats.

SPORTS SHORTS

Lake Forest High School product Nate Rust had a productive week at the plate last week for the Lackawanna Junior College baseball team during a nine-game sojourn in Florida.

Rust, who was utilized as a first baseman and designated hitter, compiled a .379 batting average. He collected 11 hits in 29 times at bat and scored six runs while driving in nine to help Coach Mike Bartolotti's Falcons post a 7-2 record, the best ever by the school for a Florida trip.

Harrington and Felton Little League seasons will begin in April. Watch upcoming issues for more information.

Harrington Baptist Church News

"Martha therefore said to Jesus, Lord if you had been here, my brother would not have died. Even now I know that whatever you ask of God, God will give you."

"Jesus said to her, Your brother shall rise again. Martha said to Him, I know that he will rise again in the resurrection on the last day. Jesus said to her, I am the resurrection and the life; he who believes in Me shall live even if he dies, and everyone who lives and believes in Me shall never die. Do you believe this? She said to Him, Yes Lord, I have believed that you are the Christ, the Son of God, even He who comes into the world." (John 11:21-27)

Without the resurrection, there would be no eternal life, with Jesus Christ, for us. This is the real meaning of Easter. Jesus said "You must be born again." So this promise can never be yours if you do not know Jesus Christ as your own personal Lord and Saviour. Because He lives, we have the assurance that there is life after death for us.

Pilgrim Chapel News

"For God so loved the world that He gave His one and only Son, that whoever believes in Him shall not perish but have eternal life. For God did not send His Son into the world to condemn the world, but to save the world through Him."

This was the key verse in our Sunday School lesson. Three things were discovered in the lesson. First, to those who believe in Jesus are assured eternal life. Second, God sent His Son into the world not to condemn but to save. And the third part is that Jesus claimed a oneness with God. He spoke "For He whom God has sent speaks the words of God for He gives the Spirit without measure".

After the call to worship, the choir sang "I Don't Need to Understand". We all sang "Blessed Assurance" and the chorus of the month, "He is Lord". The announcements were acknowledged and then a poem was read entitled, "He Was One of Us", and then a hymn, "Come and Dine".

The sermon was directed toward the miracle of our body. Rev. Scott preached that God gathered the dust of the earth and formed it into His likeness and breathed into it and it became body, soul and spirit. How the body will deteriorate and return to dust. How the spirit of the believers -- when absent from the

body will be present with God. There will be a new body with the spirit united for eternity. There will be no pain, no sorrow no confusion for the believers. Rev. Scott illustrated that a seed (dead) given nourishment will sprout new life -- in the end the plant itself will die -- but a seed can live on. The service closed with the hymn "Where He Leads Me".

The evening service was filled with song. We felt the love, saw the turning points, and heard the thankfulness of our Church Brothers and Sisters as they gave their testimonies. Rev. Scott spoke of how we must flee from temptation and the tempter. Satan is lurking everywhere. We must resist him and command that he get out of our way. We must pray, reinforce, fortify, and submit ourselves to become victorious. Sometimes we fail but God forgives. READ THE WORD.

Thought for this week: "A buried seed brings fruit; a selfless life reaps an eternal harvest."

Sunday worship service at Houston United Methodist Church is 9:30 a.m. Sunday School for all ages immediately follows the service at 10:30 a.m. Rev. Dr. James Van Der Wall is the Minister. All are welcome.

Last Sunday Rev. Van Der Wall delivered the message. "When Jesus entered Jerusalem, riding on a donkey on Palm Sunday, the people were happy, for they thought that He had come to solve all their problems. When this did not happen, they became angry and wanted to crucify Him. Holy Week was the week that changed all things."

Mrs. Van Der Wall spoke to the children. She explained Palm Sunday and how the palms are a symbol of Jesus.

Mr. and Mrs. Josiah Parvis were greeters. Mrs. Marian Keily and Lee Moore were ushers. Robin Bowman was Acolyte.

Congratulations to Sarah Hunter and Wayne Eisenbrey who celebrated their birthdays last week.

The public is cordially invited to attend the Easter Sunrise Service at Blair's Pond on Easter Sunday morning at 7 a.m. Rev. Van Der Wall will deliver the message. William Fisher will sing a special number. Hot chocolate, coffee and donuts will be served following the service by the United Methodist Women. Bring a chair. Sunday Sermon

The Easter Story

By Rev. Wm. W. Hamilton

John 20:1-10

We cannot make too much of the death of Christ, but we can make too little of His Resurrection.

Our hearts and minds cannot meditate too frequently upon the cross, but in pondering the sufferings of the Saviour, let us not forget the glory of the resurrection.

Calvary does not exhaust the Gospel MESSAGE.

The Christian Evangel is not only Christ died, but rose again according to the scriptures, 1 Cor. 15:1-4.

Read again John's account of the resurrection in chapter 20, verses one to 10, and you will notice an amazing revelation, the apparent unbelief of the disciples and followers of Christ concerning His resurrection.

He had said in their presence, "destroy this body and in three days I will raise it up".

Mary's tears should have turned to joy when she saw the stone rolled away and His body was missing.

Peter went into the sepulcher and saw the grave clothes that were wrapped around His body in one place, and those from around His head in another place, but they

were not unwrapped. He came out of them as a butterfly out of the cocoon.

John saw the same thing and believed.

The natural eyes of man do not see the things of God. But when the scriptures are put together by the Holy Spirit and faith does its part, the Resurrection of Jesus Christ becomes the Foundation of the Church.

There are seven things the Holy Spirit opens to the eyes of the believer.

(1) Christ is no longer seen as a Teacher or Preacher in the flesh, but as our Redeemer that saves us from the penalty of sin and gives us eternal life. He becomes the Lord of our lives, as He controls our lives.

Acts 2:36, "Therefore, let all the house of Israel know assuredly that God hath made that same Jesus, both Lord and Christ. If He is not Lord of all, He is not Lord at all."

He is our Advocate. John writes in one of his epistles, "Little children, I write unto you that you sin not, but if you do sin, you have an advocate, Jesus Christ the righteous, who sits at God's right hand to make intercession for us, and if we confess our sins, He is faithful and just to forgive us and cleanse

us from all unrighteousness."

(2) We are adopted into the family of God.

Romans 8:15, "For ye have not received the spirit of bondage again to fear, but the spirit of adoption whereby we cry Abba Father."

Ephesians 1:5, "Having predestinated us unto the Adoption of sons by Jesus Christ Himself, according to the good pleasure of His will."

(3) We have a new Position, our Standing and State.

Our standing in God's sight is perfection, because He sees us through the perfect sacrifice of Christ on the cross. There are three stages of perfection revealed in the Word of God.

(A) Positional perfection, already possessed by every believer in Christ.

(B) Relative perfection, i.e., spiritual maturity, especially in such aspects as the will of God, in love, holiness, patience, and good works.

(C) For the believer, nothing short of the moral perfection of God is always the standard.

Our State is determined by the actions of the flesh, as we have the Old Nature with us as long as we live.

The flesh is not subject to the will of God, neither indeed can be,

it is an enemy of God.

We carry into our Christian lives every desire of the flesh, that is the reason the scriptures exhort us to reckon the flesh dead and we ourselves alive unto God.

(4) We are seated in Heavenly Places, the sphere of a Christian experience, identified with Christ, in His nature, suffering, inheritance and future Glory.

(5) A new joy.

The Psalmist writes, "Thou will show me the path of light and in Thy presence there is fullness of joy."

The song writer says, "there is joy in serving Jesus, a joy that never shall depart".

(6) A New Creation, 2 Cor. 5:17, "Therefore if any man be in Christ, he is a new creation, old things are passed away, and behold all things become new." A new life, friends, desires and a new hope.

(7) A New Indwelling.

Christ told His disciples in the Upper Room, "it is necessary for Me to go away, for if I go not away, the Holy Spirit will not come, when He is come He shall be in you, and shall take the things I have said unto you and make them plain."

Felton U.M. Church

On Wednesday, April 2, The Reverend Allen B. Clark will be at the Felton United Methodist Church to present a program, "Our Amish Neighbors". Why the Amish came to Delaware, how this became a successful community, and common misconceptions about the Amish way of life will be explored using slides, discussion and a question and answer period.

Reverend Clark is a retired professor of history from Wesley College, former curator of Barratt's Chapel Museum and the author of several books, including *This is Good Country, A History of the Amish of Delaware 1915-1988*.

The program begins at 7 p.m. A covered dish dinner will be held at 6 p.m. This event is open to the whole community. Plan to come and bring a friend. The program will take place in the Church Fellowship Hall. The church is located on the corner of Main and Church Streets, Felton.

We invite you to worship with us. A special Sunrise Service and breakfast will be held Easter Sunday at 7 a.m. Our minister is Rev. Philip Lawton, who can be reached at 284-4186. Sunday School classes for all ages, including adults, are held from 9:45 to 10:45 a.m. The Worship Service begins at 11 a.m. A nursery and Junior Church is

provided. Ongoing activities include: Choirs for all age groups, Youth Fellowship, Disciple Bible Study, Adult Retreats, Church League softball, Women's Society, picnics and special trips to different events, such as Three Little Bakers and the Blue Rocks.

We welcome you to join our Church Family!!

Independent Bible Fellowship

On Sunday, March 16, we welcomed to our pulpit one of our very own church supported missionaries, Don Reynolds and his wife Dorothy. Don Reynolds' ministry is with Prison Ministries in Malaga, NJ. He not only preaches on Sundays within the prisons, but he sits one on one with these men who have committed unthinkable crimes, ministering to them and sharing the gospel with them.

Don also shared the gospel with us this morning. He took us to Colossians 3:19-23. Verses 19, 20 and 22 say, "For it pleased the Father that in him should all fullness dwell...And, having made peace through the blood of his cross, by him to reconcile all things unto himself; by him, I say, whether they be things in earth, or things in heaven...In the body of his flesh through death, to present

you holy and unblameable and unreprouvable in his sight."

Within the text of Colossians 2, Paul is warning the church of Colossians of the love of philosophy (the love of knowledge). Something we see in these days and times we live in. We see such a push on education, and while education is good and we need it, there is a greater need -- the need for the plain, simple Truth. The truth about the Lord Jesus Christ. He is our key to everlasting life -- not any amount of knowledge or education.

God sent His Son the Lord Jesus Christ to sacrifice His very life for all people -- no matter what sins stain each person. We all were born with a sinful nature and there is none righteous no not one, there is none good, no not one (Romans 3:10-12).

When each of you leave this world behind by death, we will each stand before God. When God asks us, "Why should I let you into heaven?", what will be our response?

The scriptures very clearly tell us that it is only through the shed blood of the Lord Jesus Christ that we can enter the gates to heaven, as Romans 5:8-11 tell us.

Mr. Mallory reminded us that no matter who we are, no matter what we have done--whether we are a prisoner who has committed the most unthinkable, sickest crimes, or we have told one little white lie, those sins will not cause us to spend an eternity in hell. It is the son of rejecting the Lord Jesus Christ that will send us to hell. The scriptures -- God inspired -- God breathed -- tell us the only way to

heaven is by believing on the Lord Jesus Christ and His finished work. We must go before Him in prayer and repent of our sins, and simply believe in Him. He is the only Way, the Truth, and the Life, no man cometh to the Father but by Him (John 14:6).

We invite you to come and worship the Lord Jesus Christ with us. On Good Friday, March 28, at 7 p.m., we will have a special service, concluding with the Lord's Supper. We are located on Rt. 14, Milford-Harrington Hwy., east of Harrington.

Sunday Services: Sunday School for all ages 10 a.m.; Sunday Worship service 11 a.m.; Evening Service 7 p.m.

Wednesday Services: Awana Clubs 6:30 p.m.; Bible Study and Youth Group 7 p.m. (Nursery provided for all ages.)

Scenes from the Harrington Parks & Recreation's Easter Egg Hunt Festival

Harrington's new rescue vehicle, complete with State Fair mural, was on display and Houston Fire Company's "Freddie" (and his handlers, right) and Delaware State Policeman "Trooper Mark" with McGruff the Crime Dog were on hand Saturday to speak with the children.

Over 800 children searched for 4,000 hidden eggs, ate donuts, played on the sliding boards and monkey bars and talked with police and fire safety "mascots" during last Saturday's Easter Egg Hunt Festival sponsored by the Harrington Parks & Recreation Department.
