

Entered as second class matter on May 9, 1914, at the postoffice at Harrington, Delaware, under the Act of March 3, 1879.

Correspondents are requested to write on only one side of the paper, and be sure and WRITE PLAINLY, ESPECIALLY NAMES.

Articles for publication must be accompanied by the name of the WRITER to insure their insertion, but not necessarily for publication.

To insure publication in the current week, all communications should be in this office as soon as possible, certainly not later than 4 o'clock Wednesday.

MEMORIALS AND OBITUARIES will be carried at 10 cents per line.

Scientists claim that the City of Philadelphia is sinking at the rate of four inches every one hundred years. But who isn't?

A prominent politician of West Chester, Pa., was thrown and seriously injured by a bull this week. A bull is not so dumb. Perform a certain deed before him day after day and he soon learns how to do it himself.

In an effort to relieve the unemployment situation here, all unemployed persons, both male and female, are requested to register at the City Council Room, Firemen's Hall, on Monday, January 16, between the hours of 8 and 12 and 1 and 5.

The new State House is a handsome building, but to the casual observer, it has two imperfections. The layout of the balconies leads one to believe that the building commission is confident that television is to be perfected soon. And we hear some criticism as to acoustics. But is that a disadvantage?

The first of a series of ten or more addresses by Mr. Glycer, under the auspices of the Harrington Chamber of Commerce, drew about sixty of our business people to the school auditorium Tuesday evening. Mr. Glycer's address was very instructive, and yet given in such an entertaining manner that few realized they were listening to a lecture. These addresses will be given every Tuesday evening. All business people and clerks should attend.

We seem to notice a slight improvement in the tone of the moving pictures in recent weeks. There is still much more room for improvement, but it seems that the lascivious and suggestive features are less pronounced now. The screen is indispensable as a purveyor of entertainment, but it has even greater potentialities—it can become one of our greatest educators. If the people, instead of decrying the condition, will co-operate in bringing about improvements, the reward will be a more enlightened, more decent generation of younger people.

The Legislature should provide funds to supply relief for the situation at Hope Farm in order to care for our sufferers from tuberculosis. According to its population, Delaware has more tuberculosis than any other State in the Union. Statistics show that Sussex county, in proportion to its population, has more of this disease than the other two counties. Hope Farm has a long waiting list, sufferers who cannot be admitted because no provision has been made to care for them. We favor good roads, but if it is a question of good roads or good health, let's spend some of the money for health instead of roads or more of the roads will lead to the cemetery.

The greatest interpreter of Chopin died recently in Rome. He was supreme when playing before a few critics, but before a large audience, his performance was mediocre. His explanation: "There are too many fools in any thousand." At times all of us feel that way. The lovable and able Irving Bachelore once said: "I regard ninety percent of all the people as contemptible." Of course, this was in one of his darker moods. At times the world seems rosy, at other times, gloomy; one day we rejoice in our friendships, and on another day, we believe we have no friends. Human nature, like everything else, strikes a balance. We have the good, and we have the bad. Our guess is that it is about a fifty-fifty proposition.

session is over, we must wait two years for relief, and that is a long time. Money cannot be spent by a political body without eventually being collected from somebody. And is the taxpayer interested? To reduce taxes, expenditures must be reduced. What the legislature has done in previous sessions can be judged from the following illustrations which have appeared in this column before:

The State Insurance Commissioner in 1915 received a salary of \$2000. The cost of the office has been raised steadily ever since, until the commissioner and two clerks now receive \$7,800 a year.

The Adjutant General's salary was increased from \$3,600 to \$6000, a raise of 66 2-3 per cent. The Chief Deputy was raised from \$2000 to \$3000, that is 50 per cent. The deputy for each county was also raised \$1000. The total salary list if the Attorney General's department is about four times as much as it was in 1915.

At the last session of the legislature the salary of the State Librarian was increased 50 per cent. This was during the present panic, while the cost of living has been tumbling.

The Deputy Treasurer also had his salary increased 33 1-3 per cent at the last session. If the salary was enough during the bull market ending 1929, it was more than enough after the cost of living dropped in 1931.

The State Auditor's salary in 1915 was \$2000. In 1921 it was raised to \$3,600, and at the 1931 session, his salary was increased to \$4000.

The office of State Detective should be abolished altogether. Some of the State highway police should be available to the Attorney-General when he needs detectives. The way to reduce taxes is to reduce expenses. One way to reduce expenses is to prune the list of all State salaries drastically.

FELTON
The Felton Avon Club held its first meeting of the new year with Mrs. D. A. Petry presiding. A song, "America The Beautiful," was sung by the members, followed by the salute to the flag and the collect, read by Mrs. W. A. Hargadine. The minutes of the previous meeting were read and approved. Mrs. Ashton Jester, the secretary, read a number of communications and Mrs. Petry called the attention of the members to the fact that an adult class of the Felton Public Schools was being organized to begin some time in January. The meeting was then given in charge of Mrs. Cooper Gruwell, assisted by Mrs. Lee Sipple. Mrs. Gruwell, Bible Day chairman, introduced Rev. James Bishop, of Dover, the speaker of the afternoon. Mr. Bishop's talk on the Bible was very interesting and instructive.

Lee Turner and Alton Hurd spent the holidays with friends here. Mr. and Mrs. Smith and son, who have been guests of Mr. and Mrs. Cooper Gruwell, have returned to their home in New York. Mr. and Mrs. Thelander and daughter, Mrs. Avery, and Mrs. Wallace were recent guests of Dr. and Mrs. Bringham.

Mr. and Mrs. David Hugg entertained Mr. and Mrs. Shaub on Monday. Miss Grace Hughes has returned to Philadelphia. Mrs. Velma Johnston, of Cynwys, Pa., is visiting friends in town. Mr. and Mrs. Joseph Bringham have returned to Chestertown, Md.

Mr. and Mrs. B. T. East and Miss Dorothy East were guests of Mr. and Mrs. George Rew, in Melfa, Va., recently.

Mrs. Mary Abercrombie has moved her goods to the home she recently purchased on Church street. Merritt Lynch is ill of pneumonia at the home of his daughter, Mrs. Kenneth Grant.

There is not much change in the condition of Dr. J. M. Luff, who has been quite ill for some time. John Moore and family now occupy the house on Church street recently vacated by Miss Lillie Harrington.
